THE ONE HUNDRED AND SECOND DAY

CARSON CITY (Thursday), May 13, 1999

Assembly called to order at 11:16 a.m.

Mr. Speaker presiding.

Roll called.

All present except Assemblymen Arberry, Brower, Evans and Nolan who were excused.

Prayer by the Chaplain, Reverend Bruce Henderson.

Lord, I was intrigued yesterday to find that both of the Bibles in this chamber are opened to the book of the prophet Ezekiel—Ezekiel, the one You called Your watchman. In a very real sense perhaps that's what we are too—watchmen. May we truly be watchful for the needs of the people we serve, and, as the name Ezekiel means, "strengthened by God," we humbly ask for Your strength to finish the task You have given us. For in the words of Robert Frost, "and miles to go before [we] sleep and miles to go before [we] sleep. O, Lord, hear our prayer. AMEN.

Pledge of allegiance to the Flag.

Assemblyman Perkins moved that further reading of the Journal be dispensed with, and the Speaker and Chief Clerk be authorized to make the necessary corrections and additions.

Motion carried.

Assembly Resolution No. 7—Commending the staff of the Legislative Counsel Bureau.

WHEREAS, This legislative session is the first session limited to 120 days; and

WHEREAS, The ability to meet this time limitation was dependent upon the development of a comprehensive schedule, the coordination of staff assignments and, ultimately, the participation of each staff member to accomplish in 120 days what had been completed in the longer sessions of the past; and

WHEREAS, After months of gathering ideas, reviewing needs and concerns, and identifying and discussing potential problems, a plan was produced, approved and implemented; and

WHEREAS, The staff of each division and unit of the Legislative Counsel Bureau became involved with the success of this historic session and has met this challenge with unparalleled skill, resourcefulness, energy and, when necessary, humor; and

WHEREAS, In the Administrative Division of the Legislative Counsel Bureau, the staff of the Information Systems Unit and the Media Services Unit successfully brought new technology to the legislative process, the staff of the Buildings Unit, the Grounds Unit and the Janitorial Unit kept the building and its grounds safe and looking their best, and the staff of the Accounting Unit, the General Services Unit, the Legislative Police, the Las Vegas office and the Director's office, and the session staff in the message center, the public bill room, the bill mail room, lobbyist registration and the lobbyist center kept the Legislature functioning smoothly; and

WHEREAS, The staff of the Audit Division continued to provide the Legislature with independent and reliable information about the operations of state agencies, programs, activities and functions by presenting audit reports and by testifying on legislation to promote accountability in state government, and continued to produce their high-quality audits while reviewing all legislation within the new time limitations in a quick and efficient manner; and

WHEREAS, The staff of the Fiscal Analysis Division reviewed the ever-increasing budget, bills related to the budget, and budget amendments within a greatly condensed period, maintaining their usual accuracy and efficiency, reviewed fiscal notes in half the time available in previous sessions, provided staff support for the Taxation Committee and responded to Legislators' requests for information concerning budgets and taxation promptly and efficiently; and

WHEREAS, The staff of the Legal Division exceeded their high standards by meeting all deadlines for the drafting of bills and amendments, doing more work in less time without sacrificing quality or their meticulous attention to detail, while providing legal advice on the usual wide range of issues to the Legislature and its staff, fully aware that their dedication and long hours were essential to the success of the plan for the 120-day session; and

WHEREAS, The staff of the Research Division, assisted by its Research Library, provided research and analysis of current and proposed public programs and policies, furnished thorough and prompt background information for use in committees and on the floor of the Nevada Assembly, aided committee chairmen by providing administrative and technical assistance in the processing of bills to meet the rigorous scheduling demands established as a result of the condensed session, and responded to an increased number of Legislator and constituent requests in a timely, efficient, and thorough manner despite strict time constraints; now, therefore, be it

RESOLVED BY THE ASSEMBLY OF THE STATE OF NEVADA, That the members of the Assembly of the 70th session of the Nevada Legislature do hereby express their sincere appreciation and commend the outstanding staff of the Legislative Counsel Bureau; and be it further

RESOLVED, That May 13, 1999, is hereby designated as Legislative Counsel Bureau Staff Appreciation Day in recognition of the exemplary service provided to the members of the Assembly and to the residents of the State of Nevada; and be it further

RESOLVED, That the Chief Clerk of the Assembly prepare and transmit a copy of this resolution to Lorne Malkiewich, Director of the Legislative Counsel Bureau.

Assemblyman Perkins moved the adoption of the resolution.

Remarks by Assemblymen Perkins, Hettrick, Anderson, Bache, Dini, Freeman, Goldwater, Angle, Price, Gustavson, Ohrenschall, Marvel, Chowning and Collins.

Assemblyman Price requested that the following remarks be entered in the Journal.

ASSEMBLYMAN PERKINS:

I know that I am preaching to the choir when we talk amongst ourselves about the staff and the wonderful job they do in a number of capacities. I know we all had great trepidation coming into this legislative session, trying to figure out how we were going to accomplish our work in 120 days, the last session having gone 169 days. Quite frankly, we couldn't have. We wouldn't be able to finish this session without the hard work of the staff and their creativity and their "rolling up of their sleeves," going to work on our behalf and the citizens of our state.

The resolution talked to a number of things regarding the number of different divisions we have within the Legislative Counsel Bureau. I have the director with me. He ramrods the whole thing. Those of us that work with the different divisions—some have more exposure than others—such as the Fiscal Analysis Division, know they have spent so much time on our budgets and getting us to a point where we can make the policy decisions for our state. The Research Division, our Front Desk, our personal secretaries, the Legal Division— I could go on and on.

I think the only failure in our resolution is that we're only proclaiming one day as Staff Appreciation Day, when, in fact, we should proclaim the entire 120 days we are up here as Staff Appreciation Day. They all make us look good. We accomplish what we need to do for the citizens of our state because of their hard work. We are the ones who take all the credit in the long run. There are always hurdles and challenges and both things come to the attention of the folks that head the different divisions and the director. Problems are always taken on very quickly and dealt with so we can continue to go on and do the work we need to do. For those reasons, Mr. Speaker, I stand in support of AR 7.

Assemblyman Hettrick requested the privilege of the Chair for the purpose of making the following remarks:

I, too, rise in support of AR 7. It was interesting to me, as I sat here, and listened to the Majority Floor Leader, that for all the staff he was referring to—and we have to realize there is a large staff that supports us— essentially, they are invisible. That's what they are so much of the session—invisible. No one knows they're back there, doing all the work, churning away, working late hours. Nobody appreciates that when we drive out of the parking garage, the staff's cars are still sitting there. They are still working. I don't think anyone appreciates them. The public has no idea when they see these bill books on our desk that, overnight, every night, the bills are printed and put into these books, in order, with the reprints and with the amendments. It's incredible. They are totally invisible to the average person involved in this process. And yet, this process would absolutely stop without each and every one of them being involved. It's truly an honor for me to rise and honor the people that do not get enough kudos and don't get enough thanks and enough respect for the kind of job they do. As the Majority Floor Leader said, they make us look great. They do it day in, and day out with very little thanks. We want them to know—every one of them—how much they mean to us and to this process. Thank you, Mr. Speaker.

ASSEMBLYMAN ANDERSON:

Thank you, Mr. Hettrick. I think both the Majority and Minority Floor Leader have said the obvious. The point I was going to make was that we only see a few of them sitting back here. We know, however, they are listening very, very carefully to every word which is said. Questions which are raised are often answered before we can get off the floor. The point is, for as much work as we know and see that goes on here, there is indeed additional work that precedes the session. Work that the staff puts together so that long before our arrival here, they have already put in long hours, all in preparation to make sure all the systems work, and have been tested, retested and tested again. They take the strain of the things that we do, also. It isn't that we can't do anything without them, but we all know that without them this place would just not function in 220 days, never mind 120. The diligence of their work and the quality of their work speaks for their professionalism and we thank them for what they do.

ASSEMBLYMAN BACHE:

Thank you, Mr. Hettrick. I, too, rise in support of AR 7 from the perspective of a committee chair. This session, with the 120 days we are asking this staff—our legal, fiscal, and research staff—to do an absolutely impossible job with impossible time constraints, with incredibly long hours—they work 12, 14 or 16 hours a day. They are doing it. They are getting the work done and they are making us, as others have said, look good in the process. We are going to complete everything that we need to do, on time. It is because of the wonderful staff we have. Thank you.

ASSEMBLYMAN DINI:

Thank you, Mr. Hettrick. I couldn't go without speaking today in thanks to our great staff we have at the Legislative Counsel Bureau. This process started, not on the first day that we opened here, but six, eight, or ten months before we ever arrived, in a series of meetings with leadership and people that were involved in trying to make the decisions on how to make this session work. But it worked. All that hard work paid off.

We have to really congratulate our director. Lorne Malkiewich is one of the finest people I have ever worked with. I remember I supported him to be the director of this agency. He has proven to be one outstanding person and I'm just really proud to have been associated with him and all his staff. I hope they are all tuned in on their monitors. I want to congratulate each and every one of our staff and thank them for the outstanding job they've done to make this session so successful.

ASSEMBLYWOMAN FREEMAN:

Thank you, Mr. Hettrick. I would like to speak to this as well. I know this resolution speaks directly to the 120-day session but we mustn't forget that in the interim there are a large number of interim study committees that we work on with these folks as well. Through the years, I've found that their work, their honesty, and their loyalty has been absolutely superb. I wanted to congratulate them as well.

ASSEMBLYMAN GOLDWATER:

Thank you, Mr. Hettrick. It is appropriate to add that when you work on staff you don't do it because you enjoy the tasks that you do in the legislature. You do it because you think you are having an impact, in some way, on good public policy. An elected official is a cog in the machine that produces public policy. The rest of that machine is made up of people like Lorne and the other great people in the Legislative Counsel Bureau. It is worthwhile to know that a large egoed elected official likes to take claim for everything which is good, however, it is the staff which should be proud of the good public policy that is produced here. It is actually the staff which should blame somebody else for the bad public policy.

This process has come such a long way. There are things that we do now we could never have done before and that is due to this staff. I also commend the Legislative Commission, which does a heck of a lot of work under the chairmanship of our Majority Floor Leader. Now, that chair will be turned over soon, but they do a lot of work on behalf of all the legislators here to create that management/labor relationship. Most of us can sleep easy knowing they are doing a great job.

ASSEMBLYMAN ANGLE:

Thank you, Mr. Hettrick. Amazingly, I only want to say one thing. As a freshman, I don't have anything to compare you to. I just want to say your support, encouragement, and help has just been awesome. Thanks.

ASSEMBLYMAN PRICE:

Thank you, Mr. Hettrick. Obviously, over the many years that I have been here, we could not say enough wonderful things about those folks who work with us from LCB and all the other categories that help us here. What we really become is one big family. I would say a loving family in most cases because they try to care for us and make sure we don't look bad and we try to help them—when we think about them. I have to tell you, we don't always do that.

As many of you know, I have an interest in procedure and how the legislatures work. Over the years, I've visited many states and as many legislatures as possible. Our operation here is really at a premium. A number of the states will have a Democratic staff for all the Democratic legislators and a Republican staff for all the Republicans. I suppose they have independent staff as well. Naturally, such things build in little barriers. Here, we have truly been a family and treated as a family when we come in. I just don't think we could say enough wonderful things about our family. We shouldn't forget the small family down in Las Vegas that is supporting us also: working, helping, and taking care of all our needs. I am so pleased and appreciate being able to speak on this resolution acknowledging that fact.

ASSEMBLYMAN GUSTAVSON:

Thank you, Mr. Hettrick. I stand in opposition to absolutely nothing here. I have to agree in very strong support of AR 7. Much has been said about the staff and I agree with every bit of it. The one thing I haven't heard yet and that I really notice all the time, I think all of us do, is that this staff, when asked to do something, always has done it willingly, openly, and with a big smile. Never, never a complaint about anything. So, I would just like to thank them again for that. Thank you.

ASSEMBLYWOMAN OHRENSCHALL:

Thank you, Mr. Hettrick. I think that we can truly boast that among all the state legislatures in the country, we have the finest back-up staff, particularly Legal and Research. They are always there. They are always willing to help and have a very fine understanding of the public policy needs of our state, the demographics, and of the Nevada Revised Statutes. We are really privileged to have them.

ASSEMBLYMAN MARVEL:

Thank you, Mr. Hettrick. I think we all support AR 7. In the number of years the Speaker, Mr. Price, and I have been here, we've watched and gone through several directors and worked through many of our staff people. I can truly say we really have a very professional group of people here. I don't think the general public really realizes the professionalism that we have with this back-up staff. I think Mrs. Freeman said it right: It's not only during the session that these people are of such service to each and every one of us. Anytime you call, no matter what division it is, they are so accommodating and they are courteous. It has been really a pleasure over my 20 or so years to have been associated with so many fine people. I think they should all be commended very highly. Thank you.

ASSEMBLYWOMAN CHOWNING:

Thank you, Mr. Hettrick. I stand in support of AR 7 and I would like to add my thanks, as well, for all the professionalism: the professional treatment and the bi-partisan research that sometimes puts our staff in awkward positions. They handle it with grace and with expertise. When we had the national NCSL Conference in Nevada last year, they were absolutely superb. When we lose someone of our family, they are right there, providing all the support. When someone is ill, they are there providing the support. I just don't know how many ways we can say thank you.

ASSEMBLYMAN COLLINS:

Thank you, Mr. Hettrick. I rise in support of AR 7. This is my third session and I'm still amazed at all that is available for us, to help our constituents, offered by this staff and the

amazing things they do; every part, from legal and research, to the kitchen and for all the hours that we want. They come at any time. When everyone wants to amend a bill, they stay and work it out. I am just amazed at all of the things they do. They fix the air conditioning, whatever you want. This is a great environment. I don't know of any legislators who are treated as well. When we travel to other meetings, our staff is there and supportive. I am really amazed at the organization and how fine a job they are doing. I commend them.

Resolution adopted unanimously.

Assemblyman Hettrick announced that if there were no objections, the Assembly would recess subject to the call of the Chair.

Come, Spirit, Comforter and Consoler.
Heal the wounded. Soothe the anxious.
Be a consolation for all who grieve and ache.
Come, Spirit of wisdom and insight.
Draw us toward your goodness and light.
Direct our growth and guide our ways.
Come, Spirit, source of our Peace.
Deepen in us the action of peacemakers.
Heal the divisions that ravage the earth.

Thank you, Mr. Speaker. This is a relatively long statement for a very important bill. Senate Bill 32 makes various changes to provisions governing recovery of losses resulting from certain construction defects to residential real property. The bill provides that in a complex case, a claimant may commence an action in district court at the same time and in the same manner the service of the summons complaint is made. A claimant must serve the contractor with a written notice, specifying in reasonable detail, for each resident or aperture or unit in a multi-unit residency, the defect and damages that form the basis of the lawsuit. The bill also requires notice to be accompanied by a written opinion of the expert, documenting the existence and extent of each defect. The opinion may be based upon valid and reliable representation, sampling of residences and apertures, or multi-unit complexes, as applicable. The measure also requires the contractors to file an answer to the complaint and within 30 days of serving the answer, the contractor, the claimant or their representatives must meet and confer to establish three basic ideas: First, a schedule for the exchange of reports and other information; second, a schedule for the contractor and other parties to independently inspect the subject property; and third, a schedule for the test necessary to determine the nature, cause and effect of any defect or repair needed to remedy them.

Further, a schedule is required for adding additional parties and whether to schedule mediation for that and whether or not to seek the appointment of a special master. Additionally, SB 32 requires a second conference within 60 days after the deadline for filing all third party civil actions. This second conference is to allow all parties to meet and confer on the topic discussed in the first conference. Further, the bill requires a claimant to delineate and pursue the claim under the homeowner's warranty if it covers the affected residence or apertures. The bill also requires the parties to exchange the claims within specific time frames.

SB 32 requires certain limits to discovery in civil action or moreover, any applicable statutes of limitations in a non-complex case is under the 30 days after mediation is completed or waived. The measure also provides that a contractor who receives notice of a defect on an individual residence in a non-complex manner within one year of close of escrow, shall make the repairs within 45 days, if reasonably possible. However, the parties may agree to extend that time. Moreover, the bill prohibits filing a civil action against the developer or planned community for defects in an aperture to the extent the contract was performed by a licensed general contractor, unless the claimant has not made full recovery under the contractor, or the developer fails to provide the claimant with the name, address, telephone number of each contractor hired.

Mr. Speaker, if you like, I would be happy to provide each member with a copy of this extensive floor statement. I think it would be appropriate, given the seriousness of this piece of legislation.

RESOLVED BY THE ASSEMBLY AND SENATE OF THE STATE OF NEVADA, JOINTLY, That section 3 of article 9 of the Constitution of the State of Nevada be amended to read as follows:

Sec. 3. *1.* The state may contract public debts; but such debts shall never, in the aggregate, exclusive of interest, exceed the sum of two per cent of the assessed valuation of the state, as shown by the reports of the county assessors to the state controller, except for the purpose of defraying extraordinary expenses, as hereinafter mentioned. Every contract of indebtedness entered into or assumed by or on behalf of the state, when all its debts and liabilities amount to said sum before mentioned, shall be void and of no effect, except in

cases of money borrowed to repel invasion, suppress insurrection, defend the state in time of war, or, if hostilities be threatened, provide for the public defense.

Assembly Bill No. 663.

The following amendment was proposed by the Committee on Ways and Means:

Amendment No. 848.

Amend the bill as a whole by renumbering sections 1 and 2 as sections 2 and 3 and adding a new section designated section 1, following the enacting clause, to read as follows:

"Section 1. 1. Except as otherwise provided in subsection 3, the State Board of Finance shall issue general obligation bonds of the State of Nevada in the face amount of not more than $5,000,000. The proceeds of the bonds must be allocated for the establishment of a railroad line similar to the former Virginia & Truckee Railroad from Virginia City through the Gold Hill area to Carson City, including, without limitation:

(a) Acquisition of the right of way necessary for the railway and any appurtenances thereto;

(b) Construction of the track, including any necessary preparation of the underlying surface; and

(c) Purchase or other acquisition of any associated equipment.

2. The expenses related to the issuance of bonds pursuant to this section must be paid from the proceeds of the bonds, and must not exceed 2 percent of the face amount of the bonds sold.

3. The State Board of Finance shall not issue the general obligation bonds pursuant to subsection 1 unless on or before July 1, 2003:

(a) The Tricounty Railway Commission has received commitments for at least $15,000,000 from other public or private sources, or both, for the establishment of the railroad line.

(b) The Tricounty Railway Commission has entered into a written agreement with the State Board of Examiners to repay the amount of these bonds by transferring to the State Treasurer at least 6 percent of the price charged or $1 per ticket sold, whichever is greater, per person to ride upon the railroad line once it is completed until $5,000,000 has been repaid to the State Treasurer. The agreement must set forth the terms of repayment.

(c) The State Board of Examiners has received a first security interest in favor of the State of Nevada upon the railroad track, the right of way acquired and all equipment and other assets of the Tricounty Railway Commission to the extent necessary, as determined by the State Board of Examiners, to secure the repayment of the $5,000,000.

4. The provisions of the State Securities Law, contained in chapter 349 of NRS, apply to the issuance of bonds pursuant to this section.".

Amend the bill as a whole by adding a preamble, immediately preceding the enacting clause, to read as follows:

"WHEREAS, In reliance on Assembly Bill No. 113 of the 1995 legislative session, the Tricounty Railway Commission of Carson City and Lyon and Storey counties has been working diligently to obtain the required $15 million from public and private sources to support the establishment of a railroad line similar to the former Virginia & Truckee Railroad from Virginia City through the Gold Hill area to Carson City; and

WHEREAS, This historic reconstruction has wide public support and will benefit the entire Western Nevada region; and

WHEREAS, It is important that the State of Nevada honor its 1995 commitment to contribute one-fourth of the costs of this project contingent upon the success of the local effort to raise the remainder; and

WHEREAS, If current financial conditions require the withdrawal of the 1995 appropriation, then the State of Nevada must find an alternative method to keep its commitment to this economic development project; now, therefore,".

Amend the title of the bill, by deleting the first through third lines and inserting:

"AN ACT relating to state financial administration; authorizing the issuance of general obligation bonds to pay a portion of the costs of establishing a certain tricounty railway; revising the provision governing the reversion of the appropriation made during the 68th session of the Nevada Legislature to the Tricounty Railway Commission of Carson City, Lyon and Storey counties; and providing".

2. If a person is convicted of a first violation of NRS 484.379 and he is under 21 years of age at the time of the violation, the court shall, before sentencing the offender, require an evaluation of the offender pursuant to

6. An offender who is evaluated pursuant to this section shall pay the cost of the evaluation. An evaluation center or a person who conducts an evaluation in this state outside an evaluation center shall not charge an offender more than $100 for the evaluation.

Sec. 9. NRS 484.3795 is hereby amended to read as follows:

484.3795 1. A person who:

A sentence imposed pursuant to subsection 1 may not be suspended nor may probation be granted.

3. If consumption is proven by a preponderance of the evidence, it is an affirmative defense under paragraph (c) of subsection 1 that the defendant consumed a sufficient quantity of alcohol after driving or being in actual physical control of the vehicle, and before his blood *or breath* was tested, to cause ~~[the]~~ *him to have a concentration of* alcohol *of 0.10 or more* in his blood ~~[to equal or exceed 0.10 percent.]~~ *or breath.* A defendant who intends to offer this defense at a trial or preliminary hearing must, not less than 14 days before the trial or hearing or at such other time as the court may direct, file and serve on the prosecuting attorney a written notice of that intent.

Sec. 10. NRS 484.382 is hereby amended to read as follows:

484.382 1. Any person who drives or is in actual physical control of a vehicle on a highway or on premises to which the public has access shall be deemed to have given his consent to a preliminary test of his breath for the purpose of determining the ~~[alcoholic content of]~~ *concentration of alcohol in* his breath when the test is administered at the direction of a police officer at the scene of a vehicle accident or collision or where he stops a vehicle, if the officer has reasonable grounds to believe that the person to be tested was driving or in actual physical control of a vehicle while under the influence of intoxicating liquor or a controlled substance.

2. If the person fails to submit to the test, the officer shall seize his license or permit to drive as provided in NRS 484.385 and arrest him and take him to a convenient place for the administration of a reasonably available evidentiary test under NRS 484.383.

3. The result of the preliminary test must not be used in any criminal action, except to show there were reasonable grounds to make an arrest.

Sec. 11. NRS 484.383 is hereby amended to read as follows:

484.383 1. Except as otherwise provided in subsections 3 and 4, any person who drives or is in actual physical control of a vehicle on a highway or on premises to which the public has access shall be deemed to have given his consent to an evidentiary test of his blood, urine, breath or other bodily substance for the purpose of determining the ~~[alcoholic content of]~~ *concentration of alcohol in* his blood or breath or the presence of a controlled substance when such a test is administered at the direction of a police officer having reasonable grounds to believe that the person to be tested was driving or in actual physical control of a vehicle while under the influence of intoxicating liquor or a controlled substance.

2. If the person to be tested pursuant to subsection 1 is dead or unconscious, the officer shall direct that samples of blood from the person be tested.

3. Any person who is afflicted with hemophilia or with a heart condition requiring the use of an anticoagulant as determined by a physician is exempt from any blood test which may be required pursuant to this section but must, when appropriate pursuant to the provisions of this section, be required to submit to a breath or urine test.

4. If the ~~[alcoholic content of]~~ *concentration of alcohol in* the blood or breath of the person to be tested is in issue:

(b) The person may request a blood test, but if means are reasonably available to perform a breath test when the blood test is requested, and the person is subsequently convicted, he must pay for the cost of the blood test, including the fees and expenses of witnesses in court.

(c) A police officer may direct the person to submit to a blood test as set forth in subsection 7 if the officer has reasonable grounds to believe that the person:

(1) Caused death or substantial bodily harm to another person as a result of driving or being in actual physical control of a vehicle while under the influence of intoxicating liquor or a controlled substance; or

(2) Has been convicted within the previous 7 years of:

(I) A violation of NRS 484.379, 484.3795, subsection 2 of NRS 488.400, NRS 488.410 or 488.420 or a law of another jurisdiction that prohibits the same or similar conduct; or

(II) Any other offense in this state or another jurisdiction in which death or substantial bodily harm to another person resulted from driving, operating or being in actual physical control of a vehicle or a vessel under power or sail while under the influence of intoxicating liquor or a controlled substance.

5. If the presence of a controlled substance in the blood of the person is in issue, the officer may direct him to submit to a blood or urine test, or both, in addition to the breath test.

6. Except as otherwise provided in subsections 3 and 5, a police officer shall not direct a person to submit to a urine test.

7. If a person to be tested fails to submit to a required test as directed by a police officer pursuant to this section and the officer has reasonable grounds to believe that the person to be tested was driving or in actual physical control of a motor vehicle while under the influence of intoxicating liquor or a controlled substance, the officer may direct that reasonable force be used to the extent necessary to obtain samples of blood from the person to be tested. Not more than three such samples may be taken during the 5-hour period immediately following the time of the initial arrest. In such a circumstance, the officer is not required to provide the person with a choice of tests for determining the ~~[alcoholic content]~~ *concentration of alcohol* or presence of a controlled substance in his blood.

8. If a person who is less than 18 years of age is directed to submit to an evidentiary test pursuant to this section, the officer shall, before testing the person, make a reasonable attempt to notify the parent, guardian or custodian of the person, if known.

Sec. 12. NRS 484.384 is hereby amended to read as follows:

484.384 1. If the result of a test given under NRS 484.382 or 484.383 shows that a person had *a concentration of alcohol of* 0.10 ~~[percent]~~ or more ~~[by weight of alcohol]~~ in his blood *or breath* at the time of the test, his license, permit or privilege to drive must be revoked as provided in NRS 484.385 and he is not eligible for a license, permit or privilege for a period of 90 days.

2. If a revocation of a person's license, permit or privilege to drive under NRS 62.227 or 483.460 follows a revocation under subsection 1 which was based on his having *a concentration of alcohol of* 0.10 ~~[percent]~~ or more ~~[by weight of alcohol]~~ in his blood ~~[,]~~ *or breath,* the department shall cancel the revocation under that subsection and give the person credit for any period during which he was not eligible for a license, permit or privilege.

3. Periods of ineligibility for a license, permit or privilege to drive which are imposed pursuant to this section must run consecutively.

Sec. 13. NRS 484.385 is hereby amended to read as follows:

484.385 1. As agent for the department, the officer who obtained the result of a test given pursuant to NRS 484.382 or 484.383 shall immediately serve an order of revocation of the license, permit or privilege to drive on a person who has *a concentration of alcohol of* 0.10 ~~[percent]~~ or more ~~[by weight of alcohol]~~ in his blood *or breath* or has a detectable amount of a controlled substance in his system, if that person is present, and shall seize his license or permit to drive. The officer shall then advise him of his right to administrative and judicial review of the revocation and to have a temporary license, and shall issue him a temporary license on a form approved by the

department if he requests one, which is effective for only 7 days including the date of issuance. The officer shall immediately transmit the person's license or permit to the department along with the written certificate required by subsection 2.

2. When a police officer has served an order of revocation of a driver's license, permit or privilege on a person pursuant to subsection 1, or later receives the result of an evidentiary test which indicates that a person, not then present, had *a concentration of alcohol of* 0.10 ~~[percent]~~ or more ~~[by weight of alcohol]~~ in his blood *or breath* or had a detectable amount of a controlled substance in his system, the officer shall immediately prepare and transmit to the department, together with the seized license or permit and a copy of the result of the test, a written certificate that he had reasonable grounds to believe that the person had been driving or in actual physical control of a vehicle with *a concentration of alcohol of* 0.10 ~~[percent]~~ or more ~~[by weight of alcohol]~~ in his blood *or breath* or with a detectable amount of a controlled substance in his system, as determined by a chemical test. The certificate must also indicate whether the officer served an order of revocation on the person and whether he issued the person a temporary license.

3. The department, upon receipt of such a certificate for which an order of revocation has not been served, after examining the certificate and copy of the result of the chemical test, if any, and finding that revocation is proper, shall issue an order revoking the person's license, permit or privilege to drive by mailing the order to the person at his last known address. The order must indicate the grounds for the revocation and the period during which the person is not eligible for a license, permit or privilege to drive and state that the person has a right to administrative and judicial review of the revocation and to have a temporary license. The order of revocation becomes effective 5 days after mailing.

4. Notice of an order of revocation and notice of the affirmation of a prior order of revocation or the cancellation of a temporary license provided in NRS 484.387 is sufficient if it is mailed to the person's last known address as shown by any application for a license. The date of mailing may be proved by the certificate of any officer or employee of the department, specifying the time of mailing the notice. The notice is presumed to have been received upon the expiration of 5 days after it is deposited, postage prepaid, in the United States mail.

5. As used in this section, "controlled substance" means any of the following substances for which a valid prescription has not been issued to the consumer:

(a) Amphetamine;
(b) Benzoylecgonine;
(c) Cocaine;
(d) Heroin;
(e) Lysergic acid diethylamide;

(f) Mecloqualone;
(g) Mescaline;
(h) Methamphetamine;
(i) Methaqualone;
(j) Monoacetylmorphine;
(k) Phencyclidine;
(l) N-ethylamphetamine;
(m) N, N-dimethylamphetamine;
(n) 2, 5-dimethoxyamphetamine;
(o) 3, 4-methylenedioxyamphetamine;
(p) 3, 4, 5-trimethoxyamphetamine;
(q) 4-bromo-2, 5-dimethoxyamphetamine;
(r) 4-methoxyamphetamine;
(s) 4-methyl-2, 5-dimethoxyamphetamine;
(t) 5-dimethoxy-alpha-methylphenethylamine; or
(u) 5-methoxy-3, 4-methylenedioxyamphetamine,

if the substance is classified in schedule I or II pursuant to NRS 453.166 or 453.176 at the time the substance is consumed.

Sec. 14. NRS 484.386 is hereby amended to read as follows:

484.386 1. Except as otherwise provided in subsection 2, an evidentiary test of breath to determine the ~~[percentage]~~ *concentration* of alcohol in a person's breath may be used to establish that ~~[percentage]~~ *concentration* only if two consecutive samples of the person's breath are taken and:

(a) The difference between the ~~[percentage]~~ *concentration* of alcohol in the person's breath indicated by the two samples is less than or equal to 0.02;

(b) If the provisions of paragraph (a) do not apply, a third evidentiary test of breath is administered and the difference between the ~~[percentage]~~ *concentration* of alcohol in the person's breath indicated by the third sample and one of the first two samples is less than or equal to 0.02; or

(c) If the provisions of paragraphs (a) and (b) do not apply, a fourth evidentiary test is administered. Except as otherwise provided in NRS 484.383, the fourth evidentiary test must be a blood test.

2. If the person fails to provide the second or third consecutive sample, or to submit to the fourth evidentiary test, the results of the first test may be used alone as evidence of the ~~[percentage]~~ *concentration* of alcohol in the person's breath. If for some other reason a second, third or fourth sample is not obtained, the results of the first test may be used with all other evidence presented to establish the ~~1603~~1603*concentration*.

3. If a person refuses or otherwise fails to provide a second or third consecutive sample or submit to a fourth evidentiary test, a police officer may direct that reasonable force be used to obtain a sample or conduct a test pursuant to NRS 484.383.

Sec. 15. NRS 484.387 is hereby amended to read as follows:

484.387 1. At any time while a person is not eligible for a license, permit or privilege to drive following an order of revocation issued pursuant to NRS 484.385, he may request in writing a hearing by the department to review the order of revocation, but he is only entitled to one hearing. The hearing must be conducted within 15 days after receipt of the request, or as soon thereafter as is practicable, in the county where the requester resides unless the parties agree otherwise. The director or his agent may issue subpoenas for the attendance of witnesses and the production of relevant books and papers and may require a reexamination of the requester. The department shall issue an additional temporary license for a period which is sufficient to complete the administrative review.

2. The scope of the hearing must be limited to the issue of whether the person, at the time of the test, had *a concentration of alcohol of* 0.10 ~~[percent]~~ or more ~~[by weight of alcohol]~~ in his blood *or breath* or a detectable amount of a controlled substance in his system. Upon an affirmative finding on this issue, the department shall affirm the order of revocation. Otherwise, the order of revocation must be rescinded.

3. If, after the hearing, the order of revocation is affirmed, the person whose license, privilege or permit has been revoked is entitled to a review of the same issues in district court in the same manner as provided by chapter 233B of NRS. The court shall notify the department upon the issuance of a stay and the department shall issue an additional temporary license for a period which is sufficient to complete the review.

4. If a hearing officer grants a continuance of a hearing at the request of the person whose license was revoked, or a court does so after issuing a stay of the revocation, the officer or court shall notify the department, and the department shall cancel the temporary license and notify the holder by mailing the order of cancellation to his last known address.

Sec. 16. NRS 484.3882 is hereby amended to read as follows:

484.3882 1. The committee on testing for intoxication shall:

(a) In the manner set forth in subsection 2, certify a device that the committee determines is designed and manufactured to be accurate and reliable for the purpose of testing a person's breath to determine the ~~[percent by weight]~~ *concentration* of alcohol in the person's breath; and

(b) Create, maintain and make available to the public, free of charge, a list of those devices certified by the committee, described by manufacturer and type.

2. To determine whether a device is designed and manufactured to be accurate and reliable for the purpose of testing a person's breath to determine the ~~[percent by weight]~~ *concentration* of alcohol in the person's breath, the committee may:

(a) Use the list of qualified products meeting the requirements for evidential breath-testing devices of the National Highway Traffic Safety Administration; or

(b) Establish its own standards and procedures for evaluating those devices and obtain evaluations of the devices from the director or his agent.

3. If such a device has been certified by the committee to be accurate and reliable pursuant to this section, it is presumed that, as designed and manufactured, the device is accurate and reliable for the purpose of testing a person's breath to determine the ~~[percent by weight]~~ *concentration* of alcohol in the person's breath.

4. This section does not preclude the admission of evidence of the ~~[amount]~~ *concentration* of alcohol in a person's breath where the information is obtained through the use of a device other than one of a type certified by the committee.

Sec. 17. NRS 484.3884 is hereby amended to read as follows:

484.3884 1. The committee on testing for intoxication shall adopt regulations which:

(a) Prescribe standards and procedures for calibrating devices used for testing a person's breath to determine the ~~[percent by weight]~~ *concentration* of alcohol in the person's breath. The regulations must specify the period within which a law enforcement agency that uses such a device must calibrate it or have it calibrated by the director or his agent.

(b) Establish methods for ascertaining the competence of persons to calibrate such devices and provide for the examination and certification of those persons by the department. A certificate issued by the department may not be made effective for longer than 3 years.

(c) Prescribe the form and contents of records respecting the calibration of such devices which must be kept by a law enforcement agency and any other records respecting the maintenance or operation of those devices which it finds should be kept by such an agency.

2. The director shall issue a certificate to any person who is found competent to calibrate such a device or examine others on their competence in that calibration.

Sec. 18. NRS 484.3886 is hereby amended to read as follows:

484.3886 1. The committee on testing for intoxication shall adopt regulations which:

(a) Establish methods for ascertaining the competence of persons to:

(1) Operate devices for testing a person's breath to determine the ~~[percent by weight]~~ *concentration* of alcohol in the person's breath.

(2) Examine prospective operators and determine their competence.

(b) Provide for certification of operators and examiners by the department. A certificate issued by the department may not be made effective for longer than 3 years.

A person who is certified as an examiner is presumed to be certified as an operator.

2. The director shall issue a certificate to any person who is found competent to operate such a device or examine others on their competence in that operation.

3. A court shall take judicial notice of the certification of a person to operate devices of one of the certified types. If a test to determine the ~~[amount]~~ *concentration* of alcohol in a person's breath has been performed with a certified type of device by a person who is certified pursuant to this section, it is presumed that the person operated the device properly.

4. This section does not preclude the admission of evidence of a test of a person's breath where the test has been performed by a person other than one who is certified pursuant to this section.

Sec. 19. NRS 484.3888 is hereby amended to read as follows:

484.3888 1. The committee on testing for intoxication may adopt regulations that require:

(a) The calibration of devices which are used to test a person's blood or urine to determine the ~~[amount]~~ *concentration* of alcohol or the presence of a controlled substance in the person's blood or urine;

(b) The certification of persons who make those calibrations;

(c) The certification of persons who operate devices for testing a person's blood or urine to determine the ~~[amount]~~ *concentration* of alcohol or presence of a controlled substance in the person's blood or urine; and

(d) The certification of persons who examine those operators.

2. The committee may adopt regulations that prescribe the essential procedures for the proper operation of the various types of devices used to test a person's blood or urine to determine the ~~[amount]~~ *concentration* of alcohol or the presence of a controlled substance in the person's blood or urine.

Sec. 20. NRS 484.391 is hereby amended to read as follows:

484.391 1. A person arrested for driving a vehicle while under the influence of intoxicating liquor or a controlled substance shall be permitted, upon his request and at his expense, reasonable opportunity to have a qualified person of his own choosing administer a chemical test or tests for the purpose of determining the ~~[alcoholic content]~~ *concentration* of *alcohol in* his blood *or breath* or the presence of a controlled substance in his blood.

2. The failure or inability to obtain such a test or tests by such person shall not preclude the admission of evidence relating to the refusal to submit to a test or relating to a test taken upon the request of a police officer.

3. A test obtained under the provisions of this section may not be substituted for or stand in lieu of the test required by NRS 484.383.

Sec. 21. NRS 484.3935 is hereby amended to read as follows:

484.3935 If:

1. A manufacturer or technician in a laboratory prepares a chemical solution or gas to be used in calibrating a device for testing a person's breath to determine the ~~[percent by weight]~~ *concentration* of alcohol in his breath; and

2. The technician makes an affidavit *or declaration* that the solution or gas has the chemical composition that is necessary for calibrating the device,

it is presumed that the solution or gas has been properly prepared and is suitable for calibrating the device.

Sec. 22. NRS 484.394 is hereby amended to read as follows:

484.394 1. Any coroner, or other public official performing like duties, shall in all cases in which a death has occurred as a result of an accident involving a motor vehicle, whether the person killed is a driver, passenger or pedestrian, cause to be drawn from each decedent, within 8 hours of the accident, a blood sample to be analyzed for the presence and ~~[amount]~~ *concentration* of alcohol.

2. The findings of the examinations are a matter of public record and must be reported to the department by the coroner or other public official within 30 days ~~[of]~~ *after* the death.

3. Blood-alcohol analyses are acceptable only if made by laboratories licensed to perform this function.

Sec. 23. NRS 484.3941 is hereby amended to read as follows:

484.3941 As used in NRS 484.3941 to 484.3947, inclusive, unless the context otherwise requires, "device" means a mechanism that:

1. Tests a person's breath to determine the concentration of alcohol in his breath; and

2. If the results of the test indicate that the person has a concentration of alcohol *of 0.02 or more* in his ~~[breath that is equal to or greater than 0.02 grams of alcohol per 210 liters of]~~ breath, prevents the motor vehicle in which it is installed from starting.

Sec. 24. NRS 484.3947 is hereby amended to read as follows:

484.3947 1. The committee on testing for intoxication shall on or before January 1, 1990, adopt regulations which:

(a) Provide for the certification of each model of those devices, described by manufacturer and model, which it approves as designed and manufactured to be accurate and reliable to test a person's breath to determine the concentration of alcohol in the person's breath and, if the results of the test indicate that the person has a concentration of alcohol *of 0.02 or more* in his ~~[breath that is equal to or greater than 0.02 grams of alcohol per 210 liters of]~~ breath, prevent the motor vehicle in which it is installed from starting.

(b) Prescribe the form and content of records respecting the calibration of devices, which must be kept by the director or his agent, and other records respecting the maintenance and operation of the devices which it finds should be kept by the director or his agent.

2. The committee shall establish its own standards and procedures for evaluating the models of the devices and obtain evaluations of those models from the director or his agent.

3. If a model of a device has been certified by the committee to be accurate and reliable pursuant to subsection 1, it is presumed that, as designed and manufactured, each device of that model is accurate and reliable to test a person's breath to determine the concentration of alcohol in the person's breath and, if the results of the test indicate that the person has a

concentration of alcohol *of 0.02 or more* in his ~~[breath that is equal to or greater than 0.02 grams of alcohol per 210 liters of]~~ breath, will prevent the motor vehicle in which it is installed from starting.

Sec. 25. NRS 484.791 is hereby amended to read as follows:

484.791 1. Any peace officer may, without a warrant, arrest a person if the officer has reasonable cause for believing that the person has committed any of the following offenses:

(a) Homicide by vehicle;

(b) Driving or being in actual physical control of a vehicle while under the influence of intoxicating liquor or with *a concentration of alcohol of* 0.10 ~~[percent]~~ or more ~~[by weight of alcohol]~~ in his blood ~~[;]~~ *or breath;*

(c) Driving or being in actual physical control of a vehicle while under the influence of any controlled substance, under the combined influence of intoxicating liquor and a controlled substance, or after ingesting, applying or otherwise using any chemical, poison or organic solvent, or any compound or combination of any of these, to a degree which renders the person incapable of safely driving or exercising actual physical control of a vehicle;

(d) Failure to stop, give information or render reasonable assistance in the event of an accident resulting in death or personal injuries, as prescribed in NRS 484.219 and 484.223;

(e) Failure to stop or give information in the event of an accident resulting in damage to a vehicle or to other property legally upon or adjacent to a highway, as prescribed in NRS 484.221 and 484.225;

(f) Reckless driving;

(g) Driving a motor vehicle on a highway or on premises to which the public has access at a time when his driver's license has been canceled, revoked or suspended; or

(h) Driving a motor vehicle in any manner in violation of the restrictions imposed in a restricted license issued to him pursuant to NRS 483.490.

2. Whenever any person is arrested as authorized in this section he must be taken without unnecessary delay before the proper magistrate as specified in NRS 484.803, except that in the case of either of the offenses designated in paragraphs (e) and (f) *of subsection 1* a peace officer has the same discretion as is provided in other cases in NRS 484.795.

Sec. 26. NRS 488.405 is hereby amended to read as follows:

488.405 As used in NRS 488.410 and 488.420, the phrase ~~[".10 percent]~~ *"concentration of alcohol of 0.10* or more ~~[by weight of alcohol]~~ in his blood ~~[" includes a concentration of alcohol in the blood or breath of a person]~~ *or breath" means* 0.10 gram or more ~~[by weight of alcohol:~~

~~1. Per]~~ *per* 100 milliliters of ~~[his blood; or~~

~~2. Per]~~ *the blood of a person or per* 210 liters of his breath.

Sec. 27. NRS 488.407 is hereby amended to read as follows:

488.407 1. Except as otherwise provided in subsections 5 and 6, a person who operates or is in actual physical control of a vessel under power or sail on the waters of this state shall be deemed to have given his consent to

an evidentiary test of his blood, urine, breath or other bodily substance for the purpose of determining the ~~[alcoholic content]~~ *concentration* of *alcohol in* his blood or breath or the presence of a controlled substance when such a test is administered at the direction of a peace officer having reasonable grounds to believe that the person to be tested was operating or exercising actual physical control of a vessel under power or sail while under the influence of intoxicating liquor or a controlled substance.

2. If a person refuses to submit to such a test as directed by a peace officer, evidence of that refusal is admissible in any criminal action to determine whether the person was operating or exercising actual physical control of a vessel under power or sail while under the influence of intoxicating liquor or a controlled substance.

3. The person to be tested must be informed that his refusal to submit to the test is admissible pursuant to subsection 2.

4. Any person who is dead, unconscious or otherwise in a condition rendering him incapable of refusal shall be deemed not to have withdrawn his consent, and any such test may be administered whether or not the person is informed that evidence of his refusal to submit to the test is admissible.

5. Any person who is afflicted with hemophilia or with a heart condition requiring the use of an anticoagulant as determined by a physician is exempt from any blood test which may be required pursuant to this section, but may be required to submit to a test of his breath or urine.

6. Except as otherwise provided in subsection 9, if the ~~[alcoholic content]~~ *concentration* of *alcohol in* the blood *or breath* of the person to be tested is in issue, he may refuse to submit to a blood test if means are reasonably available to perform a breath test. If the person requests a blood test and the means are reasonably available to perform a breath test, and he is subsequently convicted, he must pay for the cost of the substituted test, including the fees and expenses of witnesses in court.

7. If the presence of a controlled substance in the blood of the person is in issue, the officer may direct him to submit to a blood or urine test, or both, in addition to the breath test.

8. Except as otherwise provided in subsections 5 and 7, a peace officer shall not direct a person to submit to a urine test.

9. Except as otherwise provided in this subsection, a person who refuses to submit to a test required by this section must not be tested. If an officer has reasonable cause to believe that:

(a) The person to be tested was operating or in actual physical control of a vessel while under the influence of intoxicating liquor or a controlled substance; and

(b) The person thereby caused the death or substantial bodily harm of another,

the officer may direct that reasonable force be used to the extent necessary to obtain samples of blood from the person to be tested. Not more than three such samples may be taken during the 5-hour period immediately following

the time of the initial arrest. In such a circumstance, the officer is not required to provide the person with a choice of tests for determining the ~~[alcoholic content]~~ *concentration of alcohol in his blood or breath* or presence of a controlled substance in his blood.

Sec. 28. NRS 488.410 is hereby amended to read as follows:

488.410 1. It is unlawful for any person who:

(a) Is under the influence of intoxicating liquor;

(b) Has *a concentration of alcohol of* 0.10 ~~[percent]~~ or more ~~[by weight of alcohol]~~ in his blood ~~[;]~~ *or breath;* or

(c) Is found by measurement within 2 hours after operating or being in actual physical control of a vessel to have *a concentration of alcohol of* 0.10 ~~[percent]~~ or more ~~[by weight of alcohol]~~ in his blood ~~[;]~~ *or breath,*

to operate or be in actual physical control of a vessel under power or sail on the waters of this state.

2. It is unlawful for any person who:

(a) Is under the influence of any controlled substance;

(b) Is under the combined influence of intoxicating liquor and a controlled substance; or

(c) Inhales, ingests, applies or otherwise uses any chemical, poison or organic solvent, or any compound or combination of any of these, to a degree which renders him incapable of safely operating or exercising actual physical control of a vessel under power or sail,

to operate or exercise actual physical control of a vessel under power or sail on the waters of this state.

3. If consumption is proven by a preponderance of the evidence, it is an affirmative defense under paragraph (c) of subsection 1 that the defendant consumed a sufficient quantity of alcohol after operating or being in actual physical control of the vessel, and before his blood was tested, to cause ~~[the]~~ *him to have a concentration of 0.10 or more of* alcohol in his blood ~~[to equal or exceed 0.10 percent.]~~ *or breath.* A defendant who intends to offer this defense at a trial or preliminary hearing must, not less than 14 days before the trial or hearing or at such other time as the court may direct, file and serve on the prosecuting attorney a written notice of that intent.

Sec. 29. NRS 488.420 is hereby amended to read as follows:

488.420 1. A person who:

(a) Is under the influence of intoxicating liquor;

(b) Has *a concentration of alcohol of* 0.10 ~~[percent]~~ or more ~~[by weight of alcohol]~~ in his blood ~~[;]~~ *or breath;*

(c) Is found by measurement within 2 hours after operating or being in actual physical control of a vessel under power or sail to have *a concentration of alcohol of* 0.10 ~~[percent]~~ or more ~~[by weight of alcohol]~~ in his blood ~~[;]~~ *or breath;*

(d) Is under the influence of a controlled substance, or under the combined influence of intoxicating liquor and a controlled substance; or

(e) Inhales, ingests, applies or otherwise uses any chemical, poison or organic solvent, or any compound or combination of any of these, to a degree which renders him incapable of safely operating or being in actual physical control of a vessel under power or sail,

and does any act or neglects any duty imposed by law while operating or being in actual physical control of any vessel under power or sail, if the act or neglect of duty proximately causes the death of, or substantial bodily harm to, a person other than himself, is guilty of a category B felony and shall be punished by imprisonment in the state prison for a minimum term of not less than 2 years and a maximum term of not more than 20 years and shall be further punished by a fine of not less than $2,000 nor more than $5,000. A person so imprisoned must, insofar as practicable, be segregated from offenders whose crimes were violent and, insofar as practicable, be assigned to an institution or facility of minimum security.

2. A prosecuting attorney shall not dismiss a charge of violating the provisions of subsection 1 in exchange for a plea of guilty, guilty but mentally ill or nolo contendere to a lesser charge or for any other reason unless he knows or it is obvious that the charge is not supported by probable cause or cannot be proved at the time of trial. A sentence imposed pursuant to subsection 1 must not be suspended, and probation must not be granted.

3. If consumption is proven by a preponderance of the evidence, it is an affirmative defense under paragraph (c) of subsection 1 that the defendant consumed a sufficient quantity of alcohol after operating or being in actual physical control of the vessel under power or sail, and before his blood was tested, to cause ~~[the]~~ *him to have a concentration of* alcohol *of 0.10 or more* in his blood ~~[to equal or exceed 0.10 percent.]~~ *or breath.* A defendant who intends to offer this defense at a trial or preliminary hearing must, not less than 14 days before the trial or hearing or at such other time as the court may direct, file and serve on the prosecuting attorney a written notice of that intent.

4. If a person less than 15 years of age was in the vessel at the time of the defendant's violation, the court shall consider that fact as an aggravating factor in determining the sentence of the defendant.

Sec. 30. NRS 488.450 is hereby amended to read as follows:

488.450 1. Any person who operates or is in actual physical control of a vessel under power or sail on the waters of this state shall be deemed to have given his consent to a preliminary test of his breath to determine the ~~[alcoholic content]~~ *concentration* of *alcohol in* his breath when the test is administered at the direction of a peace officer after a vessel accident or collision or where an officer stops a vessel, if the officer has reasonable grounds to believe that the person to be tested was operating or in actual physical control of a vessel under power or sail while under the influence of intoxicating liquor or a controlled substance.

2. If the person fails to submit to the test, the officer shall arrest him and take him to a convenient place for the administration of a reasonably available evidentiary test under NRS 488.460.

3. The result of the preliminary test must not be used in any criminal action, except to show there were reasonable grounds to make an arrest.

Sec. 31. NRS 488.460 is hereby amended to read as follows:

488.460 1. Except as otherwise provided in subsections 3 and 4, a person who operates or is in actual physical control of a vessel under power or sail on the waters of this state shall be deemed to have given his consent to an evidentiary test of his blood, urine, breath or other bodily substance for the purpose of determining the ~~[alcoholic content]~~ *concentration* of *alcohol in* his blood or breath or the presence of a controlled substance when such a test is administered at the direction of a peace officer having reasonable grounds to believe that the person to be tested was operating or in actual physical control of a vessel under power or sail while under the influence of intoxicating liquor or a controlled substance.

2. If the person to be tested pursuant to subsection 1 is dead or unconscious, the officer shall direct that samples of blood from the person be tested.

3. Any person who is afflicted with hemophilia or with a heart condition requiring the use of an anticoagulant as determined by a physician is exempt from any blood test which may be required pursuant to this section, but must, when appropriate pursuant to the provisions of this section, be required to submit to a breath or urine test.

4. If the ~~[alcoholic content]~~ *concentration of alcohol* of the blood or breath of the person to be tested is in issue:

(a) Except as otherwise provided in this section, the person may refuse to submit to a blood test if means are reasonably available to perform a breath test.

(b) The person may request a blood test, but if means are reasonably available to perform a breath test when the blood test is requested, and the person is subsequently convicted, he must pay for the cost of the blood test, including the fees and expenses of witnesses in court.

(c) A peace officer may direct the person to submit to a blood test as set forth in subsection 7 if the officer has reasonable grounds to believe that the person:

(1) Caused death or substantial bodily harm to another person as a result of operating or being in actual physical control of a vessel under power or sail while under the influence of intoxicating liquor or a controlled substance; or

(2) Has been convicted within the previous 7 years of:

(I) A violation of NRS 484.379, 484.3795, subsection 2 of NRS 488.400, NRS 488.410 or 488.420 or a law of another jurisdiction that prohibits the same or similar conduct; or

(II) Any other offense in this state or another jurisdiction in which death or substantial bodily harm to another person resulted from driving, operating or being in actual physical control of a vehicle or a vessel under power or sail while under the influence of intoxicating liquor or a controlled substance.

5. If the presence of a controlled substance in the blood of the person is in issue, the officer may direct him to submit to a blood or urine test, or both, in addition to the breath test.

6. Except as otherwise provided in subsections 3 and 5, a peace officer shall not direct a person to submit to a urine test.

7. If a person to be tested fails to submit to a required test as directed by a peace officer pursuant to this section and the officer has reasonable grounds to believe that the person to be tested was operating or in actual physical control of a vessel under power or sail while under the influence of intoxicating liquor or a controlled substance, the officer may direct that reasonable force be used to the extent necessary to obtain samples of blood from the person to be tested. Not more than three such samples may be taken during the 5-hour period immediately following the time of the initial arrest. In such a circumstance, the officer is not required to provide the person with a choice of tests for determining the alcoholic content or presence of a controlled substance in his blood.

Sec. 32. NRS 488.470 is hereby amended to read as follows:

488.470 1. Except as otherwise provided in subsection 2, an evidentiary test of breath to determine the ~~[percentage]~~ *concentration* of alcohol in a person's breath may be used to establish that ~~[percentage]~~ *concentration* only if two consecutive samples of the person's breath are taken and:

(a) The difference between the ~~[percentage]~~ *concentration* of alcohol in the person's breath indicated by the two samples is less than or equal to 0.02;

(b) If the provisions of paragraph (a) do not apply, a third evidentiary test of breath is administered and the difference between the ~~[percentage]~~ *concentration* of alcohol in the person's breath indicated by the third sample and one of the first two samples is less than or equal to 0.02; or

(c) If the provisions of paragraphs (a) and (b) do not apply, a fourth evidentiary test is administered. Except as otherwise provided in NRS 488.460, the fourth evidentiary test must be a blood test.

2. If the person fails to provide the second or third consecutive sample, or to submit to the fourth evidentiary test, the results of the first test may be used alone as evidence of the ~~[percentage]~~ *concentration* of alcohol in the person's breath. If for some other reason a second, third or fourth sample is not obtained, the results of the first test may be used with all other evidence presented to establish the ~~[percentage.]~~ *concentration.*

3. If a person refuses or otherwise fails to provide a second or third consecutive sample or submit to a fourth evidentiary test, a peace officer may

direct that reasonable force be used to obtain a sample or conduct a test pursuant to NRS 488.460.

Sec. 33. NRS 488.480 is hereby amended to read as follows:

488.480 **1.** If a person refuses to submit to a required chemical test provided for in NRS 488.460, evidence of that refusal is admissible in any criminal action arising out of acts alleged to have been committed while the person was operating or in actual physical control of a vessel under power or sail while under the influence of intoxicating liquor or a controlled substance.

2. A court may not exclude evidence of a required test or failure to submit to such a test if the peace officer or other person substantially complied with the provisions of NRS 488.460.

3. If a person submits to a chemical test provided for in NRS 488.460, full information concerning that test must be made available, upon his request, to him or his attorney.

4. Evidence of a required test is not admissible in a criminal proceeding unless it is shown by documentary or other evidence that the device for testing breath was certified pursuant to NRS 484.3882 and was calibrated, maintained and operated as provided by the regulations of the committee on testing for intoxication adopted pursuant to NRS 484.3884, 484.3886 or 484.3888.

5. If the device for testing breath has been certified by the committee on testing for intoxication to be accurate and reliable pursuant to NRS 484.3882, it is presumed that, as designed and manufactured, the device is accurate and reliable for the purpose of testing a person's breath to determine the ~~[percent by weight]~~ *concentration* of alcohol in the person's breath.

6. A court shall take judicial notice of the certification by the director of a person to operate testing devices of one of the certified types. If a test to determine the amount of alcohol in a person's breath has been performed with a certified type of device by a person who is certified pursuant to NRS 484.3886 or 484.3888, it is presumed that the person operated the device properly.

7. This section does not preclude the admission of evidence of a test of a person's breath where the:

(a) Information is obtained through the use of a device other than one of a type certified by the committee on testing for intoxication.

(b) Test has been performed by a person other than one who is certified by the director.

Sec. 34. NRS 488.490 is hereby amended to read as follows:

488.490 1. A person arrested for operating or exercising actual physical control of a vessel under power or sail while under the influence of intoxicating liquor or a controlled substance must be permitted, upon his request and at his expense, reasonable opportunity to have a qualified person of his own choosing administer a chemical test for the purpose of determining the ~~[alcoholic content]~~ *concentration* of *alcohol in* his blood *or breath* or the presence of a controlled substance in his blood.

2. The failure or inability to obtain such a test does not preclude the admission of evidence relating to the refusal to submit to a test or relating to a test taken upon the request of a peace officer.

3. A test obtained under the provisions of this section may not be substituted for or stand in lieu of the test required by NRS 488.460.

Sec. 35. NRS 488.510 is hereby amended to read as follows:

488.510 If:

1. A manufacturer or technician in a laboratory prepares a chemical solution or gas to be used in calibrating a device for testing a person's breath to determine the ~~[percent by weight]~~ *concentration* of alcohol in his breath; and

2. The technician makes an affidavit *or declaration* that the solution or gas has the chemical composition that is necessary for calibrating the device, it is presumed that the solution or gas has been properly prepared and is suitable for calibrating the device.

Sec. 36. NRS 488.520 is hereby amended to read as follows:

488.520 1. Any coroner, or other public officer performing like duties, shall in all cases in which a death has occurred as a result of an accident involving a vessel under power or sail on the waters of this state, whether the person killed is the operator of the vessel or a passenger or other person, cause to be drawn from each decedent, within 8 hours after the accident, a blood sample to be analyzed for the presence and ~~[amount]~~ *concentration* of alcohol.

"391.160 1. The salaries of teachers and other employees must be determined by the character of the service required. A school district shall not discriminate between male and female employees in the matter of salary.

2. Each year when determining the salary of a teacher who holds certification issued by the National Board for Professional Teaching Standards, a school district shall add 5 percent to the salary that the teacher would otherwise receive in 1 year for his classification on the schedule of salaries for the school district if:

(a) On or before September 15 of the school year, the teacher has submitted evidence satisfactory to the school district of his current certification; and

(b) The teacher is assigned by the school district to provide classroom instruction during that school year.

No increase in salary may be given during a particular school year to a teacher who submits evidence of certification after September 15 of that school year. Once a teacher has submitted evidence of such certification to the school district, the school district shall retain the evidence in its records, as applicable, for future school years. An increase in salary given in accordance with this subsection is in addition to any other increase to which the teacher may otherwise be entitled.

3. In determining the salary of a *licensed* teacher who is employed by a school district after ~~[having]~~ *the teacher has* been employed by another school district in this state, the present employer shall, except as otherwise provided in subsection ~~[4.]~~ *5:*

(a) Give the teacher the same credit for previous teaching service as he was receiving from his former employer at the end of his former employment; and

(b) Give ~~[him]~~ *the teacher* credit for his final year of service with his former employer, if credit for that service is not included in credit given pursuant to paragraph (a).

4. *A school district may give the credit required by subsection 3 for previous teaching service earned in another state if the commission has approved the standards for licensing teachers of that state. The commission shall adopt regulations that establish the criteria by which the commission will consider the standards for licensing teachers of other states for the purposes of this subsection. The criteria may include, without limitation, whether the commission has authorized reciprocal licensure of educational personnel from the state under consideration.*

5. This section does not:

(a) Require a school district to allow a teacher more credit for previous teaching service than the maximum credit for teaching experience provided for in the schedule of salaries established by it for its licensed personnel.

(b) Permit a school district to deny a teacher credit for his previous teaching service on the ground that the service differs in kind from the teaching experience for which credit is otherwise given by the school district.

~~[5.]~~ *6.* As used in this section, "previous teaching service" means the total of:

(a) Any period of teaching service for which a teacher received credit from his former employer at the beginning of his former employment; and

(b) His period of teaching service in his former employment.".

Amendment No. 1084.

Amend the bill as a whole by deleting sections 1 through 4, renumbering sections 5 and 6 as sections 2 and 3 and adding a new section designated section 1, following the enacting clause, to read as follows:

"Section 1. Chapter 116 of NRS is hereby amended by adding thereto a new section to read as follows:

1. An association of a planned community may not restrict, prohibit or otherwise impede the lawful residential use of any property that is within or encompassed by the boundaries of the planned community and that is not designated as part of the planned community.

2. Except as otherwise provided in this subsection, an association may not restrict the access of a person to any of his property. An association may restrict access to and from a unit within a planned community if the right to restrict such access was included in the declaration or in a separate recorded instrument at the time that the owner of the unit acquired title to the unit. The provisions of this subsection do not prohibit an association from charging the owner of the property a reasonable and nondiscriminatory fee to operate or maintain a gate or other similar device designed to control access to the planned community that would otherwise impede ingress or egress to the property.

3. An association may not expand, construct or situate a building or structure that is not part of any plat or plan of the planned community if the expansion, construction or situation of the building or structure was not previously disclosed to the units' owners of the planned community unless the association obtains the written consent of a majority of the units' owners and residents of the planned community who own property or reside within 500 feet of the proposed location of the building or structure.

4. The provisions of this section do not abrogate any easement, restrictive covenant, decision of a court, agreement of a party or any contract, governing document or declaration of covenants, conditions and restrictions, or any other decision, rule or regulation that a local governing body or other entity that makes decisions concerning land use or planning is authorized to make or enact that exists before October 1, 1999, including, without limitation, a zoning ordinance, permit or approval process or any other requirement of a local government or other entity that makes decisions concerning land use or planning.".

Amend sec. 6, pages 2 and 3, by deleting lines 42 and 43 on page 2 and lines 1 through 7 on page 3, and inserting:

"*3. Unless the terms of an easement in favor of an association prohibit a residential use of a servient estate, if the owner of the servient estate has obtained all necessary approvals required by law or any covenant, condition or restriction on the property, the owner may use such property in any manner authorized by law without obtaining any additional approval from the association. Nothing in this subsection authorizes an owner of a servient estate to impede the lawful and contractual use of the easement.*

4. The provisions of subsection 3 do not abrogate any easement, restrictive covenant, decision of a court, agreement of a party or any ontract, governing document or declaration of covenants, conditions and restrictions, or any other decision, rule or regulation that a local governing body or other entity that makes decisions concerning land use or planning is authorized to make or enact that exists before October 1, 1999, including, without limitation, a zoning ordinance, permit or approval process or any other requirement of a local government or other entity that makes decisions concerning land use or planning.".

(d) Other expenditures directly associated with legislative action, not including personal expenditures for food, lodging and travel expenses or membership dues.

3. The legislative commission may authorize an audit or investigation by the legislative auditor that is proper and necessary to verify compliance with

TEXT OF REPEALED SECTIONS

281.477 Public hearing on request for opinion as to whether person committed act to impede success of political campaign: Request; notice; response; continuance; actions of commission; judicial review of final opinion.

1. If a request for an opinion is filed with the commission pursuant to NRS 294A.345 or 294A.346, the commission shall conduct a public hearing on the request. Except as otherwise provided in subsection 6, the hearing must be held as expeditiously as possible, but not later than 15 days after the receipt of the request for the opinion.

2. Such a request must be accompanied by all evidence and arguments to be offered by the requester concerning the issues related to the request. Except as otherwise provided in this subsection, if such evidence and arguments are not submitted with the request, the commission may:

(a) Draw any conclusions it deems appropriate from the failure of the person or group of persons requesting the opinion to submit the evidence and arguments, other than a conclusion that a person alleged to have violated NRS 294A.345 acted with actual malice; and

(b) Decline to render an opinion.

The provisions of this subsection do not prohibit the commission from considering evidence or arguments presented by the requester after submission of the request for an opinion if the commission determines that consideration of such evidence or arguments is in the interest of justice.

3. The commission shall immediately notify any person alleged to have violated NRS 294A.345 or 294A.346 that such an opinion has been requested by the most expedient means possible. If notice is given orally by telephone or in any other manner, a second notice must be given in writing no later than the next calendar day by facsimile machine or overnight mail. The notice must include the time and place of the commission's hearing on the matter.

4. A person notified pursuant to subsection 3 shall submit a response to the commission no later than at the close of business on the second business day following the receipt of the notice. The response must be accompanied by any evidence concerning the issues related to the request that the person has in his possession or may obtain without undue financial hardship. Except as otherwise provided in this subsection, if such evidence is not submitted within that time, the commission may:

(a) Draw any conclusions it deems appropriate from the failure of that person to submit the evidence and argument; and

(b) Prohibit that person from responding and presenting evidence at the hearing.

The provisions of this subsection do not prohibit the commission from allowing that person to respond and present evidence or arguments, or both, after the close of business on the second business day if the commission determines that consideration of such evidence or arguments is in the interest of justice.

5. Except as otherwise provided in subsection 4, the commission shall allow any person alleged to have violated NRS 294A.345 or 294A.346 to:

(a) Be represented by counsel; and

(b) Hear the evidence presented to the commission and respond and present evidence on his own behalf.

6. At the request of:

(a) The person or group of persons that filed the request for the opinion pursuant to NRS 294A.345 or 294A.346; or

(b) The person alleged to have violated the provisions of NRS 294A.345 or 294A.346,

the commission may grant a continuance of a hearing held pursuant to the provisions of this section upon a showing of the existence of extraordinary circumstances that would prohibit the commission from rendering a fair and impartial opinion. A continuance may be granted for not more than 15 days. Not more than one continuance may be granted by the commission pursuant to this subsection.

7. The person or group of persons that filed the request for the opinion pursuant to NRS 294A.345 or 294A.346 has the burden of proving the elements of the offense, including that a person alleged to have violated NRS 294A.345 acted with actual malice. The existence of actual malice may not be presumed. A final opinion of the commission rendered pursuant to this section must be supported by clear and convincing evidence.

8. The commission shall render its opinion, or decline to render an opinion, as expeditiously as possible, but not later than 3 days after the date of the hearing. If additional time is required to determine the state of mind or the intent of the person alleged to have violated the provisions of NRS 294A.345 or 294A.346 or to determine the amount of any civil penalty that may be imposed pursuant to NRS 281.551, the commission may continue its jurisdiction to investigate those issues but shall render its opinion as to the truth or falsity of the statement made concerning the candidate or the ballot question or its opinion as to whether the person impeded the success of the campaign or induced another person to impede the success of the campaign. If the commission continues its jurisdiction pursuant to this subsection, it may render a final opinion after the time set forth in this subsection.

9. A final opinion of the commission rendered pursuant to this section is subject to judicial review pursuant to NRS 233B.130. The district court shall give a petition for judicial review of a final opinion of the commission priority over other civil matters that are not expressly given priority by law. Notwithstanding the provisions of NRS 233B.130, the court may provide for such expedited review of the final opinion, including shortened periods for filing documents, as it deems appropriate for the circumstances.

10. Each request for an opinion filed pursuant to NRS 294A.345 or 294A.346, each opinion rendered by the commission pursuant thereto and any motion, evidence or record of a hearing relating to the request are public and must be open to inspection pursuant to NRS 239.010.

11. For the purposes of NRS 41.032, the members of the commission and its employees shall be deemed to be exercising or performing a discretionary function or duty when taking any action related to the rendering of an opinion pursuant to this section.

12. Except as otherwise provided in this section, a meeting or hearing held by the commission to carry out the provisions of this section and the commission's deliberations on the information or evidence are not subject to any provision of chapter 241 of NRS.

294A.345 Causing publication of certain false statements of fact concerning candidate or ballot question during campaign prohibited; civil penalty imposed by commission on ethics.

1. A person shall not, with actual malice and the intent to impede the success of the campaign of a candidate, cause to be published a false statement of fact concerning the candidate, including, without limitation, statements concerning:

The commission shall give priority to such a request over all other matters pending with the commission.

4. A person who violates the provisions of this section is subject to a civil penalty that may be imposed by the commission on ethics pursuant to NRS 281.551.

5. As used in this section:

(a) "Actual malice" means knowledge of the falsity of a statement or reckless disregard for whether a statement is true or false.

(b) "Publish" means the act of printing, posting, broadcasting, mailing, speaking or otherwise disseminating.

294A.346 Impeding success or inducing another to impede success of campaign of candidate or for ballot question prohibited; civil penalty imposed by commission on ethics.

1. An employee, agent or volunteer of the campaign of a candidate shall not willfully perform any act in the course of his employment, agency or volunteering that impedes the success of that campaign.

2. A person shall not willfully, to impede the success of the campaign of a candidate, offer or give an item of value to:

(a) A person to induce him to obtain a position as an employee, agent or volunteer for that campaign and perform any act in the course of his employment, agency or volunteering to impede the success of that campaign; or

Motion carried.

SECOND READING AND AMENDMENT

Senate Bill No. 476.

Bill read second time.

The following amendment was proposed by the Committee on Taxation:

Amendment No. 981.

Amend section 1, page 1, line 2, by deleting "~~[,]~~" and inserting: ", section 1 of *Assembly Bill No. 275 of* this ~~[act,]~~ *session*".

Amend section 1, pages 1 and 2, by deleting lines 8 through 15 on page 1 and lines 1 through 15 on page 2, and inserting:

"*2. Any levy imposed by the legislature for the repayment of bonded indebtedness or the operating expenses of the State of Nevada and any levy imposed by the board of county commissioners pursuant to NRS 387.195 that is in excess of 50 cents on each $100 of assessed valuation of taxable property within the county must not be included in calculating the limitation set forth in subsection 1 on the total ad valorem tax levied within the boundaries of the county, city or unincorporated town, if, in a county whose*

population is 25,000 or less, or in a city or unincorporated town located within that county:

(a) The combined tax rate certified by the Nevada tax commission was at least $3.50 on each $100 of assessed valuation on June 25, 1998;

(b) The governing body of that county, city or unincorporated town proposes to its registered voters an additional levy ad valorem above the total ad valorem tax levy for all public purposes set forth in subsection 1;

(c) The proposal specifies the amount of money to be derived, the purpose for which it is to be expended and the duration of the levy; and

(d) The proposal is approved by a majority of the voters voting on the question at a general election or a special election called for that purpose.

3. The duration of the additional levy ad valorem levied pursuant to subsection 2 must not exceed 5 years. The governing body of the county, city or unincorporated town may discontinue the levy before it expires and may not thereafter reimpose it in whole or in part without following the procedure required for its original imposition set forth in subsection 2.

4. A special election may be held pursuant to subsection 2 only if the governing body of the county, city or unincorporated town determines, by a unanimous vote, that an emergency exists. The determination made by the governing body is conclusive unless it is shown that the governing body acted with fraud or a gross abuse of discretion. An action to challenge the determination made by the governing body must be commenced within 15 days after the governing body's determination is final. As used in this subsection, "emergency" means any unexpected occurrence or combination of occurrences which requires immediate action by the governing body of the county, city or unincorporated town to prevent or mitigate a substantial financial loss to the county, city or unincorporated town or to enable the governing body to provide an essential service to the residents of the county, city or unincorporated town.".

Amend the title of the bill to read as follows:

Assemblyman Bache requested that the following letter of intent remarks be entered into the Journal.

April 27, 1999
To: Chairman Bache
Assembly Government Affairs
From: Renny Ashleman and Richard Piel

The enclosed is a consensus on the intent of SB 144 as amended and understood by the proponents and opponents of the bill. Please enter this note into the record of the committee and, if you choose, on the Assembly floor session if your committee agrees with this bill or a version thereof. There will be parties presenting amendments today. With one exception, they are intended to clarify LCB language. The exception would make it clear that this bill does not apply to contracts entered into before the effective date of the act: October 1, 1999.

To: Senator O'Connell
Chairman, Senate Government Affairs
From: Renny Ashleman
April 15, 1999

A copy of these remarks should be entered into the record to create legislative history. This is important to both sides.

This bill as a whole is designed to insure prompt pay for contractors and subcontractors on public projects. A majority of the states currently have such legislation. Proponents claim that the bill is needed and will reduce overall government contract costs.

Opponents question the need but believe that they can make this into a workable situation.

It amends Chapter 338 which governs public works projects.

Sections 1-12 are self-explanatory definitions for the purpose of the act.

Section 12.3 allows submission of a progress bill monthly or more frequently if the contract so provides. It is intended that the public body may require submission by a certain date so that it can have time to meet and authorize payment, i.e. it can require submission 25 days in advance of a commission meeting, etc.

Section 12.5 removed NDOT from this bill. It has its own regulation under NRS 408.

Section 13 requires the payment of interest on retention.

Section 14 describes the circumstances which trigger the payment of retention, that is, occupying all or part of a public work of filing a notice of completion. If part is occupied, retention is paid pro rata on the occupied part.

Section 15 is the heart of the bill. It provides:

1. That a public body may withhold money to pay expenses it reasonably expects to incur as a result of the failure of the contractor to comply with the contract or applicable building code, law or regulation.

The contract includes all accompanying documents.

2. The public body must within 20 days after receiving a progress bill or retainage bill give a detailed notice of any portion it will not pay, including a specific explanation of which provision or section of the contract or any documents related thereto or the applicable building code, law or regulation with which thecontractor has failed to comply.

It is not the duty of the public body to tell the contractor how to fix the problem. It is their duty to tell them what is not in compliance. (Note: the contractor has the obligation to figure out how to fix the problem. If the governmental body had that obligation, they would be taking on a contractual burden that belongs to the contractor and would be liable for not telling the contractor how to fix something he should have done right in the first place.)

3. Once the public body receives a notice that the item is fixed it must pay within 30 days of the next progress or retainage bill.

The public body, of course, is free to object to the correction and require further correction and withhold a reasonable amount of that correction.

Section 16 and 17 are omitted.

Section 18: If the public body does not timely pay or object, it is to pay the entire amount, plus interest, from the 30th day. The interest is set by NRS 338.160.

Section 19 will assist subcontractors and suppliers with the situation where the public body has paid the contractor, but the contractor is claiming that he has not been paid. Within five working days, a public body is to tell subcontractors and suppliers whether it has paid, what it has paid, and if it has not paid the amount withheld.

Section 20 applies the same rules of payment to the contractor-subcontractor relationship that govern public body payments in section 15, except time is shortened to 10 days since the contractor does not have to inspect the work and file objections, etc.

Section 21 mirrors section 18, but applies to the contractor and the sub.

Section 22 mirrors section 19 as far as supplying information goes.

Section 23-27 carry out the same mirroring or step down provisions for the sub-sub and his suppliers.

Section 27.3 limits releases and waivers to those where actual payment is made and limits them to the invoiced matter in the progress payment or retainage of the current contract. This prevents this payment from being leveraged in a different dispute.

Section 27.5 is another critical section. The public bodies desired to preserve their arbitration right and their right as owners and as a governmental body to be free from second guessing by the courts on correction notices on a job in progress. It allows a writ of mandamus only if the governmental body has failed to pay an undisputed amount or has failed to explain its non payment or give requested information in a timely manner.

If one of the above has happened, the court may award the appropriate amount, costs, and attorney fees.

So long as the dispute is confined to the sections 14-19, the court may issue an alternate writ of mandate on non discretionary acts. In such a case, the court need not defer to arbitration. This exception is intended to force the public body to take the actions mandated by this law as far as timely payment, notice of objection or response to written requests for information are concerned. All other matters are to be litigated or arbitrated in the usual manner.

The public body may, by contract, provide for the payment of attorney's fees.

Section 28 allows the subcontractor or supplier to ask for an order to show cause why they should not be paid the amount they believe to be appropriate. This order to show cause has short deadlines and is intended to force prompt payment between the contractor and the subcontractors and suppliers. It is broader and more preemptory than the contractor-public body sections because the issue of the correctness of the work would ordinarily be settled between the public body and the contractor. The contractor is, of course, protected if the public body has not paid him.

Any other civil action must be consolidated. Other rights and remedies provided by law or contract are preserved.

Section 30 states how notices are to be served and prohibits waiver of the provisions of this law. The testimony was that the sub, suppliers, and, occasionally, contractors, do not have sufficient bargaining power to protect their rights.

Section 31 was deleted.

Section 32 and 33 allow a court or arbitrator, as the case may be, to hear cases in the regular manner and to award costs and attorney's fees. It contains additional language to protect the right to enter into a contractual arbitration agreement.

Section 34 is a technical amendment.

Section 35 requires payment within 30 days or sooner if so agreed and further requires that supplies, materials, and equipment that have been identified in the contract and delivered as specified in the contract that were specifically made or in short supply shall be paid for in 30 days.

This provision alleviates a common situation where a supplier, etc., has to wait for completion of a public work although their part is satisfactorily done. It does not prevent the public body from safeguarding itself from improperly delivered or supplied items.

Section 36 is Section 35 as applied to suppliers and subs.

Section 37 governs retainage between the contractor and sub.

Section 38 makes it clear that subcontractors and suppliers do not obtain any relationship with the public body as a result of this act and that no third party liability is created on their behalf.

Subsection 2 preserves the right of arbitration, except for the narrow right of mandate as discussed earlier and the right to sue for prompt payment between the contract and subcontractors or suppliers.

Sec. 19. *1. Sec. 21. *1. For the purposes of this chapter, an interested person may bring a civil action alleging that a person was a culpable actor in the felonious and intentional killing of a decedent. An interested person may bring such a civil action whether or not any person who is alleged to be a killer in the civil action or any other person is or has been, in a separate criminal action, charged with or convicted or acquitted of being:*

(a) A culpable actor in the felonious and intentional killing of the decedent; or

(b) A culpable actor in any other offense arising out of the facts surrounding the killing of the decedent.

2. If an interested person brings a civil action pursuant to this section, the court shall determine, by a preponderance of the evidence, whether a person who is alleged to be a killer of the decedent was a culpable actor in the felonious and intentional killing of the decedent. If the court finds by a preponderance of the evidence that a person who is alleged to be a killer of the decedent was a culpable actor in the felonious and intentional killing of the decedent:

(a) The finding of the court conclusively establishes for the purposes of this chapter that the person feloniously and intentionally killed the decedent; and

(b) The person shall be deemed to be a killer of the decedent.

3. If, in a separate criminal action, a person is charged with being a culpable actor in the felonious and intentional killing of a decedent or with any other offense arising out of the facts surrounding the killing of the decedent and:

(a) The person is acquitted of the charge;

(b) The charge is dismissed; or

(c) A verdict or judgment is not reached or entered on the charge for any reason,

evidence concerning any such matter is not admissible in a civil action brought pursuant to this section.

4. Upon its own motion or the motion of an interested person, the court may, in whole or in part, stay the proceedings in a civil action brought pursuant to this section during the pendency of any separate criminal action that has been brought against a person who is alleged to be a killer in the civil action. The provisions of this subsection do not limit the power of the court to stay the proceedings in the civil action for any other reason.

5. A civil action described in this section may not be commenced by an interested person more than 5 years after the interested person discovers or through the use of reasonable diligence should have discovered the material facts that constitute the cause of action.

Sec. 22. *1. A killer of a decedent forfeits any appointment, nomination, power, right, property, interest or benefit that, pursuant to the provisions of Title 12 of NRS or the common law, accrues or devolves to the killer from or through the estate of the decedent, including, without limitation:*

(a) An intestate share.

(b) An elective share.

(c) The share of an omitted spouse or child.

(d) A family allowance.

(e) A homestead allowance.

(f) Any exempt property.

2. The intestate estate of the decedent passes as if the killer had predeceased the decedent, and any other appointment, nomination, power, right, property, interest or benefit described in subsection 1 must be treated as if the killer had predeceased the decedent.

Sec. 23. *1. Except as otherwise provided in section 24 of this act, a killer of a decedent forfeits any appointment, nomination, power, right, property, interest or benefit that, pursuant to the provisions of a governing instrument executed by the decedent or any other person, accrues or devolves to the killer based upon the death of the decedent.*

2. In addition to any forfeiture required by subsection 1, if a governing instrument provides for the payment of certain benefits only upon the death of a decedent, a killer of the decedent forfeits any right or interest that the killer is entitled to assert against those benefits on the basis that community property was used, in whole or in part, to purchase the governing instrument or to pay one or more contributions or premiums that were related to the governing instrument.

3. If a killer of a decedent forfeits any appointment, nomination, power, right, property, interest or benefit pursuant to this section, the provisions of each governing instrument affected by the forfeiture must be treated as if the killer had predeceased the decedent.

Sec. 24. *1. A killer of a decedent forfeits any right of survivorship in property that, at the time of the killing, was held by the decedent and the killer as community property with right of survivorship or as joint tenants with right of survivorship.*

2. If a killer forfeits any right of survivorship pursuant to subsection 1:

(a) The respective interests in the property held by the decedent and the killer:

(1) Shall be deemed to be severed and transformed into tenancies in common; and

(2) Are presumed to be undivided equal interests in the property, unless a personal representative of the decedent establishes that the contributions made by the decedent concerning the property exceeded the contributions made by the killer; and

(b) The interest of the decedent passes as the separate property of the decedent and as if the killer had predeceased the decedent.

Sec. 25. *1. A killer of a decedent may not:*

(a) Bring an action for wrongful death of the decedent pursuant to NRS 41.085; or

(b) Benefit in any way from such an action brought by a personal representative of the decedent.

2. Each person who may bring or benefit from an action for wrongful death of the decedent pursuant to NRS 41.085 must be determined as if the killer had predeceased the decedent.

Sec. 26. *Except as otherwise provided by specific statute, if a payor or other third person, in good faith, pays or transfers any property, interest or*

benefit to a beneficiary in accordance with the provisions of a governing instrument, the payor or other third person is not liable to another person who alleges that the payment or transfer to the beneficiary violated the provisions of this chapter unless, before the payment or transfer, the payor or other third person had actual knowledge that the beneficiary was prohibited from acquiring or receiving the property, interest or benefit pursuant to the provisions of this chapter.

Sec. 27. *1. Except as otherwise provided in subsection 2, if a person, without legal right or authorization, acquires or receives any property, interest or benefit forfeited by a killer pursuant to the provisions of this chapter, the person is required to transfer the property, interest or benefit to the beneficiary who is entitled to it pursuant to the provisions of this chapter, or the person is liable to such beneficiary for the value of the property, interest or benefit.*

2. The provisions of subsection 1 do not apply to a person who:

(a) Acquired the property, interest or benefit for value and without notice; or

(b) Received the property, interest or benefit in full or partial satisfaction of a legally enforceable obligation and without notice.

Sec. 28. *1. If a killer, for value or otherwise, transfers to a third person any property, interest or benefit forfeited by the killer pursuant to the provisions of this chapter, the killer is required to recover and transfer the property, interest or benefit to the beneficiary who is entitled to it pursuant to the provisions of this chapter, or the killer is liable to such beneficiary for the value of the property, interest or benefit.*

2. If any federal law preempts any provision of this chapter requiring a killer to forfeit any property, interest or benefit and the property, interest or benefit accrues or devolves to the killer because of the preemption, the killer is required to transfer the property, interest or benefit to the beneficiary who, in the absence of the preemption, would have been entitled to it pursuant to the provisions of this chapter, or the killer is liable to such beneficiary for the value of the property, interest or benefit.

Sec. 29. NRS 41.085 is hereby amended to read as follows:

41.085 1. If any other person is responsible

for the wrongful act or neglect, or if the wrongdoer is employed by another person who is responsible for his conduct, the action may be maintained against that other person, or if he is dead against his personal representatives.

3. An action brought by the heirs of a decedent pursuant to subsection 2 and the cause of action of that decedent brought or maintained by his personal representatives which arose out of the same wrongful act or neglect may be joined.

The proceeds of any judgment for damages awarded under this subsection are not liable for any debt of the decedent.

5. The damages recoverable by the personal representatives of a decedent on behalf of his estate include:

(a) Any special damages, such as medical expenses, which the decedent incurred or sustained before his death, and funeral expenses; and

(b) Any penalties, including, but not limited to, exemplary or punitive damages, that the decedent would have recovered if he had lived,

but do not include damages for pain, suffering or disfigurement of the decedent. The proceeds of any judgment for damages awarded under this subsection are liable for the debts of the decedent unless exempted by law.

62.216 1. A child adjudicated pursuant to this chapter is not a criminal and any adjudication is not a conviction, and a child may be charged with a crime or convicted in any other court only as provided in NRS 62.080 and 62.081.

In a county whose population is 100,000 or more, the governing body of the county and each city in the county shall designate as a smart growth zone each area within its jurisdiction that is likely to benefit from infill development. The governing body shall review such zones periodically and adjust the zones as it deems necessary.*

2. In a county whose population is less than 100,000, the governing body of the county and each city in the county may designate as a smart growth zone each area within its jurisdiction that is likely to benefit from infill development. The governing body may review and adjust such zones periodically as it deems necessary.".

Amend sec. 13, page 4, line 28, by deleting "*12,*" and inserting "*12.5,*".

Amend the bill as a whole by adding new sections designated sections 13.3 and 13.7, following sec. 13, to read as follows:

"Sec. 13.3. NRS 278.021 is hereby amended to read as follows:

278.021 1. ~~[The purpose of this section is to remove obstacles imposed by zoning ordinances, declarations of restrictions, deed restrictions, restrictive covenants and equitable servitudes which prevent persons who are mentally retarded from living in normal residences.~~

~~2.~~] In any ordinance adopted by a city or county, the definition of "single-family residence" must include a ~~[home in which six or fewer unrelated persons who are mentally retarded reside with one or two additional persons to act as house parents or guardians who need not be related to each other or any of the mentally retarded persons who reside in the house.~~

~~3. This section does~~] :

(a) Residential facility for groups in which 10 or fewer unrelated persons with disabilities reside with a minimum of:

(1) One or two additional persons who act as house parents or guardians and who need not be related to any of the residents with disabilities; and

(2) If applicable, one or two additional persons who are related to the house parents or guardians within the second degree of consanguinity or affinity.

(b) Home for individual residential care in which two or fewer unrelated persons with disabilities reside with:

(1) One or two additional persons who act as house parents or guardians and who need not be related to any of the residents with disabilities; and

(2) If applicable, one or two additional persons who are related to the house parents or guardians within the second degree of consanguinity or affinity.

2. The provisions of subsection 1 do not prohibit a definition *of "single-family residence"* which permits more persons to reside in the house, nor does it prohibit regulation of homes which are operated on a commercial basis.

~~[4. For the purposes of subsection 1, a residence for mentally retarded persons is not a commercial activity.~~] *For the purposes of this subsection, a residential facility for groups or a home for individual residential care shall not be deemed to be a home that is operated on a commercial basis for any purposes relating to building codes or zoning.*

3. The health division of the department of human resources shall compile and maintain a registry of information relating to each residential facility for groups that exists in this state and shall make available for access on the Internet or its successor, if any, the information contained in the registry. The registry must include with respect to each residential facility for groups:

(a) The name of the owner of the facility;

(b) The name of the administrator of the facility;

(c) The address of the facility; and

(d) The number of clients for which the facility is licensed.

Any department or agency of a county or city that becomes aware of the existence of a residential facility for groups that is not included in the registry shall transmit such information to the health division, as is necessary, for inclusion in the registry within 30 days after obtaining the information.

4. The governing body of a county whose population is 100,000 or more or the governing body of a city in such a county or any department or agency of the city or county shall approve the first application submitted on or after October 1, 1999, to operate a residential facility for groups within a

particular neighborhood in the jurisdiction of the governing body, including, without limitation, an application submitted as a result of the change in ownership of a residential facility for groups. If, on or after October 1, 1999, an application is submitted to operate a residential facility for groups that is in addition to the residential facility for groups that has been approved pursuant to paragraph (a) or (b) of subsection 1 within 660 feet from an existing residential facility for groups, the governing body shall review the application based on applicable zoning ordinances. Except as a result of a change in ownership of a residential facility for groups on or after October 1, 1999, the requirements of this subsection do not require the relocation or displacement of any residential facility for groups which existed before October 1, 1999, from its location on that date. The provisions of this subsection do not create or impose a presumption that the location of more than one residential facility for groups within 660 feet of each other is inappropriate under all circumstances with respect to the enforcement of zoning ordinances and regulations.

5. The governing body of a county or city shall not:

(a) Require a special use permit for a residential facility for groups; or

(b) Authorize the operators of a residential facility for groups to allow persons other than those specified in subsection 1 to reside at the facility.

6. The provisions of this section must not be applied in any manner which would result in a loss of money from the Federal Government for programs relating to housing.

7. As used in this section:

(a) "Change in ownership" means any transfer of ownership except a transfer of ownership between any persons related within the third degree of consanguinity or affinity.

(b) "Home for individual residential care" has the meaning ascribed to it in NRS 449.0105.

(c) "Person with a disability" means a person:

(1) With a physical or mental impairment that substantially limits one or more of the major life activities of the person;

(2) With a record of such an impairment; or

(3) Who is regarded as having such an impairment.

(d) "Residential facility for groups" has the meaning ascribed to it in NRS 449.017.

Sec. 13.7. NRS 278.150 is hereby amended to read as follows:

278.150 1. The planning commission shall prepare and adopt a comprehensive, long-term general plan for the physical development of the city, county or region which in the commission's judgment bears relation to the planning thereof.

2. The plan must be known as the master plan, and must be so prepared that all or portions thereof, except as *otherwise* provided in subsection 3, may be adopted by the governing body, as provided in NRS 278.010 to 278.630, inclusive, as a basis for the development of the city, county or region for such

reasonable period of time next ensuing after the adoption thereof as may practically be covered thereby.

3. In counties whose population is 100,000 or more, if the governing body of the city or county adopts only a portion of the master plan, it shall include in that portion a conservation plan, a housing plan , *a land use plan* and a population plan as provided in NRS 278.160.".

Master regional plans must be coordinated with similar plans of adjoining regions, and master county and city plans within each region must be coordinated so as to fit properly into the master plan for the region.

2. In counties whose population is 100,000 or more, if the commission prepares and adopts less than all subjects of the master plan, as outlined in NRS 278.160, it shall include, in its preparation and adoption, the conservation, housing , *land use* and population plans described in that section.

Sec. 14.7. NRS 278.210 is hereby amended to read as follows:

278.210 1. 2. The adoption of the master plan, or of any amendment, extension or addition thereof, ~~[shall]~~ *must* be by resolution of the commission carried by the affirmative votes of not less than two-thirds of the total membership of the commission. The resolution ~~[shall]~~ *must* refer expressly to the maps, descriptive matter and other matter intended by the commission to constitute the plan or any amendment, addition or extension thereof, and the action taken ~~[shall]~~ *must* be recorded on the map and plan and descriptive matter by the identifying signatures of the secretary and chairman of the commission.

3. No plan or map, hereafter, ~~[shall]~~ *must* have indicated thereon that it is a part of the master plan until it ~~[shall have]~~ *has* been adopted as part of the master plan by the commission as herein provided for the adoption thereof, whenever changed conditions or further studies by the commission require such amendments, extension, or addition.

4. *Except as otherwise provided in this subsection, the commission shall not amend the land use plan of the master plan set forth in paragraph (f) of subsection 1 of NRS 278.160 more than four times in a calendar year. The provisions of this subsection do not apply to a change in the land use*

designated for a particular area if the change does not affect more than 25 percent of the area.

5. An attested copy of any part, amendment, extension of or addition to the master plan adopted by the planning commission of any city, county or region ~~[shall]~~ *must* be certified to the governing body of ~~[such]~~ *the* city, county or region.

~~[5.]~~ *6.* An attested copy of any part, amendment, extension of or addition to the master plan adopted by any regional planning commission ~~[shall]~~ *must* be certified to the county planning commission and to the board of county commissioners of each county within the regional district.".

Assembly Concurrent Resolution No. 70—Commending Henry C. Hodges Sr. for his valuable contributions toward research and development in the field of vehicular transportation.

WHEREAS, Born in 1923, Henry C. Hodges Sr. was raised in a family whose father demanded an interest in science and whose mother demanded a love of animals and the West; and

WHEREAS, In 1929, the Hodges' family pioneered the Jumping Horse Ranch in Montana and, at the age of 8 years, Henry Hodges began his career in vehicular mobility when he started his first trucking company on the ranch with three wheelbarrows, one of which was equipped with a pneumatic low pressure tire to make spring cleaning of the corrals easier; and

WHEREAS, World War II interrupted the collegiate career of Henry Hodges, but the invaluable experience he gained as a member of the 10th Mountain Division of the United States Army stimulated his interest in developing off-highway wheel and tracked vehicles to move infantrymen into combat; and

WHEREAS, From 1953 to 1957, Henry Hodges managed the Detroit Arsenal Test Operation of the United States Army at Camp Bullis, Texas, where he directed the testing and development of combat vehicles from jeeps to main battle tanks which required the establishment of controlled and repeatable test courses on beach heads, desert dunes, mountain trails and mud pits; and

WHEREAS, In 1957, the Detroit Arsenal Test Operation was closed, and the Texas test programs were transferred to Nevada where the Nevada Automotive Test Center was founded and where Henry Hodges and a four-man crew continued the essential U.S. Army wheel and track development tests which grew to include more than 60 employees by 1968; and

WHEREAS, Henry Hodges worked extensively with the military and the United States Forest Service on the use of Central Tire Inflation Systems, whereby tire pressures are reduced or increased from inside the vehicle based on the condition of the road being traversed to enhance tire traction, reduce road deterioration and diminish vehicle maintenance costs; and

WHEREAS, During the 1960s, Henry Hodges developed and implemented the methodology for testing the traction of tires on hard surfaces, soft soil and winter environments, and by using state-of-the-art recording instrumentation, he was able to measure and record for the first time a complete biaxial traction curve in these materials; and

WHEREAS, In the early 1970s, Henry Hodges developed Vehicle Dynamics Seminars, which teach students how a vehicle reacts during a tire blowout and how a person can control the situation, and these training classes, which are now promoted by the American Trucking Association, have included participants from law enforcement agencies, attorneys, and truck and school bus drivers from around the country; and

WHEREAS, By 1972, the ever-expanding Test Center had moved all of its testing to the state-of-the-art proving ground facility developed on the historic Break-A-Heart Ranch near Fort Churchill, Nevada, which currently employs more than 200 people; and

WHEREAS, In 1976, Henry Hodges built a Dynamic Force Measurement Vehicle that measures the forces acting on the vehicle and tire, and this vehicle proved to be the basis for a series of traction vehicles built to measure both road surfaces, and tire braking and traction in a variety of environments, including mud, snow, ice, and wet and dry pavement; and

WHEREAS, At the Nevada Automotive Test Center, Henry Hodges directed most of the original test and development efforts of the High Mobility Multipurpose Wheeled Vehicle which was built for the United States Army, and subsequent demonstrations of this vehicle, nicknamed the "Hummer" and other military and commercial vehicles brought many visitors to Nevada from other states and foreign countries; and

WHEREAS, In the 1990s, during Operations Desert Shield and Desert Storm, Henry Hodges worked extensively with the United States Army providing on-site advice and procedures to enhance the mobility and reliability of vehicles and tires for the troops in the field; and

WHEREAS, Henry Hodges was presented with the Commander's Award for Public Service and a Certificate of Appreciation for Patriotic Civilian Service by the Department of the Army to commemorate the work he did for the United States Army; and

WHEREAS, Based on Henry Hodges' technical expertise, the Nevada Automotive Test Center was able to develop the WesTrack project, an experimental road test facility, for the Federal Highway Administration at the proving ground in Nevada, including the longest research project on asphalt mixes in the world which has prompted visits to Nevada from thousands of pavement engineers from around the world; and

WHEREAS, The WesTrack project also led to the development of the driverless vehicle technology that has achieved more than 800,000 miles of heavy truck operation, all done by computer, which is the highest number of driverless vehicle operating miles ever achieved in the world; and

WHEREAS, Henry Hodges is one of the world's leading experts in transportation research and development, including tire and vehicle testing for both governmental and private sector clients; and

WHEREAS, His Nevada Automotive Test Center is recognized for its commitment to providing unique, timely, creative, useful and cost-effective solutions with knowledge, excellence and integrity for transportation partners worldwide; now, therefore, be it

RESOLVED BY THE ASSEMBLY OF THE STATE OF NEVADA, THE SENATE CONCURRING, That the members of the 70th session of the Nevada Legislature do hereby commend Henry C. Hodges Sr. for his achievements related to product integrity, performance and safety, his contributions to the field of transportation research and development, and his dedication and allegiance to his state and country; and be it further

Assemblywoman Cegavske moved the adoption of the resolution.

Remarks by Assemblymen Cegavske and Mr. Speaker.

Assemblyman Perkins requested that the following remarks be entered in the Journal.

ASSEMBLYWOMAN CEGAVSKE:

Thank you, Mr. Speaker. It is my pleasure to add a few more comments to what the Chief Clerk has already stated about Henry Hodges. He is a giant in the field of transportation research and development. His presence in Nevada was first felt when he operated Hodges Transportation, Inc. and Nevada Automotive Test Center in the early 60's from some small offices on North Plaza Street—across from the old V&T maintenance shop in Carson City. In fact, the old shop was temporarily used as a storage and maintenance facility for the Hodges' fleet of test vehicles.

Mr. Hodges has developed a testing facility in Nevada that is known world wide. Starting from tire testing it grew into a professional engineering facility where there has yet to be any limitations on vehicle testing. All of this work now is done at proving grounds located at the Break-A-Heart Ranch on Old Fort Churchill Road.

From ordinary passenger cars to giant trucks, private and military, the hand of Henry Hodges has touched virtually all of them.

Making our world a better place through real time, scientific accurate testing is what Mr. Hodges is all about. He is a leader in his field and Nevada owes him a huge debt of gratitude for his genius, creativity, innovation, hard work and dedication to a very demanding profession. The tribute paid to Henry Hodges today reflects the giant admiration and respect Nevada has for this outstanding citizen. Thank you, Mr. Speaker.

Mr. Speaker requested the privilege of the Chair for the purpose of making the following remarks:

Ms. Cegavske stole my constituents. We are very proud of the company. It has been operating in Lyon County for all these years. It's a major employer in the county. The service they have done our nation in testing for the military and for our domestic car dealers and car companies has been tremendous. It is a little company you don't hear about but the effects are significant and are felt world wide. They are just a wonderful family of God fearing Americans who believe in our country and the free enterprise system. I've always been privileged to know them and to have been able to represent them here at the legislature. We welcome you here and hope we have given you just a little bit of praise for a great job you have done for our nation.

Thank you, Mr. Speaker. When we discussed the amendment to this bill earlier, I spoke afterwards with a representative from Clark County. I'd like this on the record please. Apparently, on page 6, line 34, where it addresses the question of the costs that may be related as a result of unexpected conditions, certain provisions are not in one local government chapter but are in the one regarding DOT. That was not my intent. I will ask in Conference Committee that this be corrected because it was not my intent to change things for Clark County. I want to make that very clear.

(a) A signed statement;

(b) An oral statement made in the presence of two persons;

(c) Any form of communication during a terminal illness or injury addressed to a physician; or

(c) Any other writing used to identify him as refusing to make an anatomical gift.

During a terminal illness or injury, the refusal may be an oral statement or other form of communication.

14. In the absence of contrary indications by the donor, a revocation or amendment of an anatomical gift is not a refusal to make another anatomical gift. If the donor intends a revocation to be a refusal to make an anatomical gift, he shall make the refusal pursuant to subsection 12.

Sec. 16. NRS 451.560 is hereby amended to read as follows:

451.560 1. The following persons may become donees of anatomical gifts for the purposes stated:

(c) A designated person, for transplantation or therapy needed by that person.

2. An anatomical gift may be made to a designated donee or without designating a donee. If a donee is not designated or if the donee is not available or rejects the anatomical gift, the anatomical gift may be accepted by any hospital or procurement organization.

3. *In the absence of evidence that an anatomical gift has been revoked by the donor, a document of gift must be presumed to be valid.* If the donee knows of the decedent's refusal or contrary indications to make an anatomical gift or that an anatomical gift by a member of a class having priority to act is opposed by a member of the same class or a prior class

2. If an offer made by a party pursuant to this section is accepted by the opposing party and approved by the court, the court shall, upon entry of the decree of divorce, enter judgment in accordance with the terms and conditions of the offer.

3. If an offer made by a party pursuant to this section is not accepted by the opposing party before trial or within 10 days after it is made, whichever occurs first, the offer shall be deemed rejected and cannot be given in evidence upon the trial. The rejection of an offer does not preclude either party from making another offer pursuant to this section.

4. If an offer is deemed rejected pursuant to subsection 3 and the party who rejected the offer fails to obtain a more favorable judgment concerning the property rights that would have been resolved by the offer if it had been accepted, the court may do any or all of the following:

(a) Order the party who rejected the offer to pay the taxable costs of the opposing party that relate to the adjudication of those property rights.

(b) Order the party who rejected the offer to pay the reasonable attorney's fees incurred by the opposing party after the date of the offer that relate to the adjudication of those property rights.

(c) Prohibit the party who rejected the offer from recovering any costs or attorney's fees that relate to the adjudication of those property rights, except that the court may not, pursuant to the provisions of this paragraph, prohibit the party from recovering any preliminary attorney's fees that were awarded to the party during the pendency of the divorce action.

5. In determining whether to take any action described in subsection 4, the court shall consider:

(a) Whether each party was represented by counsel when the offer was made;

(b) Whether the issues related to the property rights of the parties were conducive to an offer made pursuant to this section;

(c) Whether the offer was made in good faith and was reasonable with respect to its timing and its amount;

(d) Whether rejection of the offer was done in bad faith or was grossly unreasonable;

(e) Whether, during the pendency of the divorce action, the conduct of the party who rejected the offer or his counsel furthered or frustrated the policy of the law to promote settlement of litigation and to reduce the costs of litigation by encouraging cooperation between the parties and their counsel;

(f) Whether the judgment differs from the terms and conditions of the offer in such a manner, with respect to the property rights that would have been resolved by the offer if it had been accepted, that the court cannot make a clear determination whether the party failed to obtain a more favorable judgment concerning those property rights; and

(g) Whether the divorce action involved so many changes in the issues that the court cannot make a clear determination whether the party failed to obtain a more favorable judgment concerning the property rights that would have been resolved by the offer if it had been accepted.

6. The provisions of this section do not apply to any issues related to the custody of a child, the support of a child or the support of a spouse. If any offer that is made by a party pursuant to this section includes any such issue, the offer shall be deemed to be void in its entirety and all terms and conditions of the offer, including, without limitation, all terms and conditions related to the property rights of the parties, shall be deemed to have no force or effect pursuant to this section.".

Amend the bill as a whole by adding new sections designated sections 8 through 11, following sec. 11, to read as follows:

"Sec. 8. NRS 125.150 is hereby amended to read as follows:

125.150 Except as otherwise provided in NRS 125.155 and unless the action is contrary to a premarital agreement between the parties which is enforceable pursuant to chapter 123A of NRS:

1. In granting a divorce, the court:

(a) May award such alimony to the wife or to the husband, in a specified principal sum or as specified periodic payments, as appears just and equitable; and

(b) Shall, to the extent practicable, make an equal disposition of the community property of the parties, except that the court may make an unequal disposition of the community property in such proportions as it deems just if the court finds a compelling reason to do so and sets forth in writing the reasons for making the unequal disposition.

2. Except as otherwise provided in this subsection, in granting a divorce, the court shall dispose of any property held in joint tenancy in the manner set forth in subsection 1 for the disposition of community property. If a party has made a contribution of separate property to the acquisition or improvement of property held in joint tenancy, the court may provide for the reimbursement of that party for his contribution. The amount of reimbursement must not exceed the amount of the contribution of separate property that can be traced to the acquisition or improvement of property held in joint tenancy, without interest or any adjustment because of an increase in the value of the property held in joint tenancy. The amount of reimbursement must not exceed the value, at the time of the disposition, of the property held in joint tenancy for which the contribution of separate property was made. In determining whether to provide for the reimbursement, in whole or in part, of a party who has contributed separate property, the court shall consider:

(a) The intention of the parties in placing the property in joint tenancy;

(b) The length of the marriage; and

(c) Any other factor which the court deems relevant in making a just and equitable disposition of that property.

As used in this subsection, "contribution" includes a down payment, a payment for the acquisition or improvement of property, and a payment reducing the principal of a loan used to finance the purchase or improvement of property. The term does not include a payment of interest on a loan used to finance the purchase or improvement of property, or a payment made for maintenance, insurance or taxes on property.

3. ~~[Whether]~~ *Except as otherwise provided in section 7 of this act, whether* or not application for suit money has been made under the provisions of NRS 125.040, the court may award a reasonable attorney's fee to either party to an action for divorce if those fees are in issue under the pleadings.

4. In granting a divorce, the court may also set apart such portion of the husband's separate property for the wife's support, the wife's separate property for the husband's support or the separate property of either spouse for the support of their children as is deemed just and equitable.

5. In the event of the death of either party or the subsequent remarriage of the spouse to whom specified periodic payments were to be made, all the payments required by the decree must cease, unless it was otherwise ordered by the court.

6. If the court adjudicates the property rights of the parties, or an agreement by the parties settling their property rights has been approved by

the court, whether or not the court has retained jurisdiction to modify them, the adjudication of property rights, and the agreements settling property rights, may nevertheless at any time thereafter be modified by the court upon written stipulation signed and acknowledged by the parties to the action, and in accordance with the terms thereof.

7. If a decree of divorce, or an agreement between the parties which was ratified, adopted or approved in a decree of divorce, provides for specified periodic payments of alimony, the decree or agreement is not subject to modification by the court as to accrued payments. Payments pursuant to a decree entered on or after July 1, 1975, which have not accrued at the time a motion for modification is filed may be modified upon a showing of changed circumstances, whether or not the court has expressly retained jurisdiction for the modification. In addition to any other factors the court considers relevant in determining whether to modify the order, the court shall consider whether the income of the spouse who is ordered to pay alimony, as indicated on the spouse's federal income tax return for the preceding calendar year, has been reduced to such a level that the spouse is financially unable to pay the amount of alimony he has been ordered to pay.

8. In granting a divorce the court shall consider the need to grant alimony to a spouse for the purpose of obtaining training or education relating to a job, career or profession. In addition to any other factors the court considers relevant in determining whether such alimony should be granted, the court shall consider:

(a) Whether the spouse who would pay such alimony has obtained greater job skills or education during the marriage; and

(b) Whether the spouse who would receive such alimony provided financial support while the other spouse obtained job skills or education.

9. If the court determines that alimony should be awarded pursuant to the provisions of subsection 8:

(a) The court, in its order, shall provide for the time within which the spouse who is the recipient of the alimony must commence the training or education relating to a job, career or profession.

(b) The spouse who is ordered to pay the alimony may, upon changed circumstances, file a motion to modify the order.

(c) The spouse who is the recipient of the alimony may be granted, in addition to any other alimony granted by the court, money to provide for:

(1) Testing of the recipient's skills relating to a job, career or profession;

(2) Evaluation of the recipient's abilities and goals relating to a job, career or profession;

(3) Guidance for the recipient in establishing a specific plan for training or education relating to a job, career or profession;

(4) Subsidization of an employer's costs incurred in training the recipient;

(5) Assisting the recipient to search for a job; or

(6) Payment of the costs of tuition, books and fees for:

(I) The equivalent of a high school diploma;

(II) College courses which are directly applicable to the recipient's goals for his career; or

(III) Courses of training in skills desirable for employment.

3. A contractor who has previously provided the public body awarding a contract with the proof of payment required pursuant to subsection 2 may update that proof on or before April 1, July 1, September 1 and December 1 rather than with each bid.

4. If any federal statute or regulation precludes the granting of federal assistance or reduces the amount of that assistance for a particular public work because of the provisions of subsection 2, those provisions do not apply if the application of those provisions would preclude or reduce federal assistance for that work. The provisions of subsection 2 do not apply to any contract for a public work which is expected to cost less than $250,000.

5. Except as otherwise provided in subsection 6, if a bid is submitted by two or more contractors as a joint venture or by one of them as a joint venturer, the provisions of subsection 2 apply only if both or all of the joint venturers separately meet the requirements of that subsection.

(c) The public interest would be served by such a rejection.

5. 5. Before [an agency or political subdivision of the state] *a local government* may commence a project subject to the provisions of this section, based upon a determination that the public interest would be served by rejecting any bids received in response to an advertisement for bids, it shall prepare and make available for public inspection a written statement containing:

(b) Any work of construction, reconstruction, improvement and maintenance of highways subject to NRS 408.323 or 408.327;

(c) Normal maintenance of the property of a school district; or

(d) The Las Vegas Valley water district created pursuant to chapter 167, Statutes of Nevada 1947.

Sec. 16. NRS 338.145 is hereby amended to read as follows:

338.145 1. A ~~[public body]~~ *local government* awarding a contract for a public work shall not award the contract to a person who, at the time of the bid, is not properly licensed under the provisions of chapter 624 of NRS or if the contract would exceed the limit of his license. A subcontractor named by the contractor who is not properly licensed for that portion of the work shall be deemed unacceptable. If the subcontractor is deemed unacceptable, the contractor shall provide an acceptable subcontractor before the award of the contract.

2. If, after awarding the contract, the ~~[public body]~~ *local government* discovers that the person to whom the contract was awarded is not licensed, or that the contract would exceed his license, the ~~[public body]~~ *local government* shall reject the bid and may accept the next lowest bid for that public work from a responsive and responsible bidder without requiring that new bids be submitted.

Sec. 17. NRS 338.147 is hereby amended to read as follows:

338.147 1. A ~~[public body]~~ *local government* shall award a contract for a public work to the contractor who submits the best bid.

2. Except as otherwise provided in subsection 4 or limited by subsection 5, for the purposes of this section, a contractor who:

(a) Has been found to be a responsible contractor by the ~~[public body;]~~ *local government;* and

(b) At the time he submits his bid, provides to the ~~[public body]~~ *local government* proof of the payment of:

(1) The sales and use taxes imposed pursuant to chapters 372, 374 and 377 of NRS on materials used for construction of not less than $5,000 for each consecutive 12-month period for 60 months immediately preceding the submission of his bid;

(2) The motor vehicle privilege tax imposed pursuant to chapter 371 of NRS on the vehicles used in the operation of his business of not less than $5,000 for each consecutive 12-month period for 60 months immediately preceding the submission of his bid; or

(3) Any combination of such sales and use taxes and motor vehicle privilege tax,

shall be deemed to have submitted a better bid than a competing contractor who has not provided proof of the payment of those taxes if the amount of his bid is not more than 5 percent higher than the amount bid by the competing contractor.

3. A contractor who has previously provided the ~~[public body]~~ *local government* awarding a contract with the proof of payment required pursuant to subsection 2 may update such proof on or before April 1, July 1, September 1 and December 1 rather than with each bid.

4. If any federal statute or regulation precludes the granting of federal assistance or reduces the amount of that assistance for a particular public work because of the provisions of subsection 2, those provisions do not apply insofar as their application would preclude or reduce federal assistance for that work. The provisions of subsection 2 do not apply to any contract for a public work which is expected to cost less than $250,000.

5. Except as otherwise provided in subsection 6, if a bid is submitted by two or more contractors as a joint venture or by one of them as a joint venturer, the provisions of subsection 2 apply only if both or all of the joint venturers separately meet the requirements of that subsection.

6. Except as otherwise provided in subsection 8, if a bid is submitted by a joint venture and one or more of the joint venturers has responsibility for the performance of the contract as described in subsection 7, the provisions of subsection 2 apply only to those joint venturers who have such responsibility.

7. For the purposes of subsection 6, a joint venturer has responsibility for the performance of a contract if he has at least one of the following duties or obligations delegated to him in writing in the contract creating the joint venture:

(a) Supplying the labor necessary to perform the contract and paying the labor and any related taxes and benefits;

(b) Supplying the equipment necessary to perform the contract and paying any charges related to the equipment;

(c) Contracting with and making payments to any subcontractors; or

(d) Performing the recordkeeping for the joint venture and making any payments to persons who provide goods or services related to the performance of the contract.

8. The provisions of subsection 6 do not apply to a joint venture which is formed for the sole purpose of circumventing any of the requirements of this section.

Sec. 18. NRS 338.1906 is hereby amended to read as follows:

338.1906 1. Upon request by or consultation with an officer or employee of the state who is responsible for the budget of a department, board, commission, agency or other entity of the state, the appropriate energy retrofit coordinator may request the approval of the state board of examiners to advertise a request for proposals to retrofit a building, or any portion

thereof, that is occupied by the department, board, commission, agency or other entity, to make the use of energy in the building, or portion thereof, more efficient.

2. Upon approval of the state board of examiners, the coordinator shall prepare a request for proposals for the retrofitting of one or more buildings, or any portion thereof, which includes:

(a) The name and location of the coordinator;

(b) A brief description of the requirements for the initial audit of the use of energy and the retrofitting;

(c) Where and how specifications of the requirements for the initial audit of the use of energy and the retrofitting may be obtained;

(d) The date and time not later than which proposals must be received by the coordinator; and

(e) The date and time when responses will be opened.

3. The request for proposals must be published in at least one newspaper of general circulation in the state.

4. After receiving the proposals but before making a decision on the proposals, the coordinator shall consider:

(a) The best interests of the state;

(b) The experience and financial stability of the persons submitting the proposals;

(c) Whether the proposals conform with the terms of the request for proposals;

(d) The prices of the proposals; and

(e) Any other factor disclosed in the request for proposals.

5. The coordinator shall determine the relative weight of each factor before a request for proposals is advertised. The weight of each factor must not be disclosed before the date proposals are required to be submitted to the coordinator.

6. After reviewing the proposals, if the coordinator determines that sufficient energy could be saved to justify retrofitting the building or buildings, or portion thereof, the coordinator shall select the best proposal and request the approval of the board of examiners to award the contract. The request for approval must include the proposed method of financing the audit and retrofit , which may include an installment contract, a shared savings contract or any other contract for a reasonable financing arrangement. Such a contract may commit the state to make payments beyond the biennium in which the contract is executed , but the interest due on any debt created pursuant to this section must be paid at least semiannually, payments must be made on the principal at least annually and the debt must be fully repaid on or before May 1, 2013.

7. Before approving a retrofit pursuant to this section, the state board of examiners shall evaluate any projects that would utilize shared savings as a method of payment or any method of financing that would commit the state

to make payments beyond the biennium in which the contract is executed to ensure that:

(a) The amount of energy to be saved will likely justify the cost of the retrofit;

(b) The state is likely to continue to occupy the building for the entire period required to recoup the cost of the retrofit in energy savings; and

(c) The limitation set forth in subsection 9 will not be exceeded.

8. Upon approval of the state board of examiners, the coordinator shall execute the contract and notify:

(a) The state board of examiners of the total amount of money committed by the contract per year; and

(b) Each officer or employee who is responsible for the budget of a department, board, commission, agency or other entity which occupies a portion of a building that will be retrofitted of the amount of money it will be required to pay annually for its portion of the retrofit.

9. The total amount of money committed beyond the biennium for all contracts executed pursuant to this section must not exceed $5,000,000 at any one time.

10. The legislature hereby pledges that a tax will be levied to pay the principal and interest on any indebtedness resulting from a contract executed pursuant to this section as they become due if the required payments will not be made by the entity that executed the contract from its budgeted accounts and the proceeds from any such taxes are hereby specially appropriated for this purpose.

11. ~~[NRS 338.143]~~ *Section 8 of this act* does not apply to a project for which a request for proposals is advertised and the contract is awarded pursuant to the provisions of this section.

Sec. 19. NRS 338.1907 is hereby amended to read as follows:

338.1907 1. The governing body of a local government may designate one or more energy retrofit coordinators for the buildings occupied by the local government.

2. If such a coordinator is designated, upon request by or consultation with an officer or employee of the local government who is responsible for the budget of a department, board, commission or other entity of the local government, the coordinator may request the approval of the governing body to advertise a request for proposals to retrofit a building, or any portion thereof, that is occupied by the department, board, commission or other entity, to make the use of energy in the building, or portion thereof, more efficient.

3. Upon approval of the governing body, the coordinator shall prepare a request for proposals for the retrofitting of one or more buildings, or any portion thereof, which includes:

(a) The name and location of the coordinator;

(b) A brief description of the requirements for the initial audit of the use of energy and the retrofitting;

(c) Where and how specifications of the requirements for the initial audit of the use of energy and the retrofitting may be obtained;

(d) The date and time not later than which proposals must be received by the coordinator; and

(e) The date and time when responses will be opened.

4. The request for proposals must be published in at least one newspaper of general circulation in the county in which the local government is located.

5. After receiving the proposals but before making a decision on the proposals, the coordinator shall consider:

(a) The best interests of the local government;

(b) The experience and financial stability of the persons submitting the proposals;

(c) Whether the proposals conform with the terms of the request for proposals;

(d) The prices of the proposals; and

(e) Any other factor disclosed in the request for proposals.

6. The coordinator shall determine the relative weight of each factor before a request for proposals is advertised. The weight of each factor must not be disclosed before the date proposals are required to be submitted to the coordinator.

7. After reviewing the proposals, if the coordinator determines that sufficient energy could be saved to justify retrofitting the building or buildings, or portion thereof, the coordinator shall select the best proposal and request the approval of the governing body to award the contract. The request for approval must include the proposed method of financing the audit and retrofit , which may include an installment contract, a shared savings contract or any other contract for a reasonable financing arrangement. Such a contract may commit the local government to make payments beyond the fiscal year in which the contract is executed or beyond the terms of office of the governing body, or both.

8. Before approving a retrofit pursuant to this section, the governing body shall evaluate any projects that would utilize shared savings as a method of payment or any method of financing that would commit the local government to make payments beyond the fiscal year in which the contract is executed or beyond the terms of office of the governing body to ensure that:

(a) The amount of energy to be saved will likely justify the cost of the retrofit; and

(b) The local government is likely to continue to occupy the building for the entire period required to recoup the cost of the retrofit in energy savings.

9. Upon approval of the governing body, the coordinator shall execute the contract and notify each officer or employee who is responsible for the budget of a department, board, commission or other entity which occupies a portion of a building that will be retrofitted of the amount of money it will be required to pay annually for its portion of the retrofit.

10. NRS 338.143 ~~[does]~~ *and section 8 of this act do* not apply to a project for which a request for proposals is advertised and the contract is awarded pursuant to the provisions of this section.".

Amend the bill as a whole by deleting sec. 12 and adding a new section designated sec. 21, following sec. 11, to read as follows:

"Sec. 21. 1. This section and sections 2 to 8, inclusive, 10 to 14, inclusive, and 16 to 20, inclusive, of this act become effective on October 1, 1999.

703.130 1. The commission shall appoint a deputy commissioner who shall serve in the unclassified service of the state.

2. The commission shall appoint a secretary who shall perform such administrative and other duties as are prescribed by the commission. The commission shall also appoint an assistant secretary.

The commission shall prescribe by regulation the procedure for appealing a decision of a hearing officer to the commission.".

Amend sec. 11, page 5, line 13, by deleting:

"12, 13 and 14" and inserting:

"3 to 6, inclusive,".

Amend sec. 12, page 5, by deleting lines 14 through 38 and inserting:

"Sec. 3. *1. A vertically integrated electric utility that is in existence on January 1, 1999, or its successor electric distribution utility or any assignee of the utility shall comply with the terms of any existing obligations for the purchase of power as those terms have been interpreted by the parties to the obligations.*

2. To recover any costs associated with an obligation for the purchase of power, a vertically integrated electric utility in existence on January 1, 1999, or its successor electric distribution utility or any assignee of the utility must demonstrate to the commission that it has made reasonable efforts to reduce the cost or increase the value of the obligation, including, without limitation, by:

(a) Evaluating the costs and benefits of the obligation and analyzing whether there are any reasonable options under the existing provisions of the obligation that may reduce the costs or increase the benefits of the obligation;

(b) Reporting on the good faith attempts by the utility or its assignee to seek an increase in value or reduction in cost from the provider of the purchased power under the existing provisions of the obligation;

(c) Showing that the utility or its assignee has exercised to the extent practicable the terms of the existing obligation to mitigate the cost of the obligation or has assessed the value of retaining the obligation;

(d) Providing a citation to an order of the commission approving the obligation, or if such an order does not exist or is not available, providing all information, including, without limitation, any actions or statements by the commission or any state or federal agency, that demonstrates the commitment of the utility or its assignee to the obligation; and

(e) Providing all information indicating the extent to which the rates previously established by the commission have compensated shareholders for the risk of not recovering the costs of the obligation.

3. After a utility has made a showing pursuant to subsection 2, the commission shall determine the recoverable costs associated with such an obligation for the purchase of power and shall allow the utility or assignee to recover those costs from all classes of customers through a charge imposed for noncompetitive services.

4. The provisions of this section must not be construed to allow the reinterpretation, modification or termination of any obligation for the purchase of power in effect on July 1, 1999, without the agreement of the parties to the obligation.".

Amend the bill as a whole by deleting sec. 13, renumbering sections 14 through 15.5 as sections 6 through 8 and adding new sections designated sections 4 and 5, following sec. 12, to read as follows:

Upon approval by the commission, the provider designated pursuant to subsection 1 of NRS 704.982 may reduce the total rate for any class of customers. (a) The revenues generated by the total rates charged to all classes of customers pursuant to section 4 of this act; and

(b) The total cost incurred by the provider to provide that service to all classes of customers. 2. Upon approval of the amount of the net shortfall, if any, the commission shall authorize the designated provider to

recover that amount from the gain if any, on the sale of its generation assets, after the deduction of any taxes.

3. As used in this section, "total cost incurred by the provider" means the total revenues generated by all classes by the rates in effect on July 1, 1999, as adjusted to account for the effects of any decision of the commission relating to any cases filed with the commission before October 1, 1999, which involve the use of deferred accounting.".

Amend sec. 14, page 6, by deleting lines 31 through 35 and inserting:

"*seller may submit to the commission an offer to provide electric service that is being provided by the provider designated pursuant to subsection 1 of NRS 704.982. The offer must:*

3. *The component rates for noncompetitive services established by the commission pursuant to NRS 704.986 must be used by customers who elect to receive competitive or potentially competitive services from alternative sellers or from the Colorado River Commission pursuant to NRS 704.987.*

4. The commission shall adopt regulations for noncompetitive services that allow innovative pricing methods for noncompetitive services upon a finding that the innovative pricing, when compared to pricing of services provided pursuant to subsections 1 and 2, improves the performance of the service or lowers the cost of the service to the customer, or both. The regulations for innovative pricing must specify:

(a) The provisions that must be included in a plan of innovative pricing;

(b) The procedures for submitting an innovative plan for pricing to the commission for approval and implementation; and

(c) Which provisions of this chapter do not apply to pricing changes that are made during the period in which the innovative pricing plan is in effect.

~~[4.]~~ *5.* The commission shall adopt regulations which ensure that a person who owns a transmission or distribution facility, or both, or a facility that provides access to a competitive service shall make the facilities available on equal and nondiscriminatory terms and conditions to all alternative sellers or to the customers of the alternative sellers, or both, as the commission may determine.

Sec. 16. NRS 704.982 is hereby amended to read as follows:

704.982 1. The commission shall designate a vertically integrated electric utility *or its successor electric distribution utility* to provide electric service to customers who are unable to obtain electric service from an alternative seller or who fail to select an alternative seller. The provider so designated by the commission is obligated to provide electric service to the

customers. Electric service provided by the utility pursuant to this section shall be deemed to be a noncompetitive service for which the utility may recover its costs pursuant to NRS 704.001 to 704.655, inclusive, 704.701 to 704.751, inclusive, and 704.800 to 704.900, inclusive.

2. *The rate that the designated provider of electric service must charge a customer for the provision of electric service pursuant to subsection 1 is the total rate established for that class of customer by the commission pursuant to section 4 of this act.*

3. Upon a finding by the commission that the public interest will be promoted, the commission may prescribe alternate methods for providing electric service to those customers described in subsection 1. The alternate methods may include, but are not limited to, the direct assignment of customers to alternative sellers or electric distribution utilities or a process of competitive bidding for the right to provide electric service to the designated customers ~~[.~~

~~3.]~~ *, including, without limitation, an auction conducted pursuant to section 6 of this act. Any alternate methods prescribed by the commission pursuant to this subsection may not go into effect before July 1, 2001.*

4. The commission shall establish minimum terms and conditions under which electric service must be provided pursuant to this section, including a minimum period during which a customer must be obligated to pay for the electric service from the assigned provider. The price charged for electric service for a particular group of customers must reflect the incremental cost of serving the group.

~~[4.]~~ *A customer who has obtained generation, aggregation or any other potentially competitive service from an alternative seller after March 1, 2000, for at least 30 continuous days may reacquire service from the designated provider pursuant to tariffs approved by the commission.*

5. If the designated provider of the electric service *pursuant to subsection 1* is a vertically integrated electric utility, the utility shall provide the electric service *on or after July 1, 2001, only* through an affiliate whose sole business activity is the provision of electric service.

~~[5. Except as otherwise provided in this subsection and subsection 6, the rate charged for residential service provided pursuant to subsection 1 must not exceed the rate charged for that service on July 1, 1997. The limitation set forth in this subsection is effective until 2 years after the date upon which, in accordance with NRS 704.976, the commission repeals the regulations which established the pricing method for that service and the terms and conditions for providing that service.~~

~~6. The commission may, in accordance with NRS 704.110, 704.120 and 704.130, approve an increase in the rate charged for residential service provided pursuant to subsection 1 in an amount that does not exceed the increase necessitated, if any, to ensure the recovery by the vertically integrated electric utility of its just and reasonable costs. The provisions of~~

~~this section do not limit or prohibit in any manner the operation of any order issued by the commission before July 1, 1997.]~~

6. Except upon the application of the designated provider to reduce the total rate for any class of customers pursuant to section 4 of this act, the commission shall not initiate or conduct any proceedings to adjust the rates, earnings, rate base or rate of return of the designated provider of electric service during the period in which the provider is providing that service to customers pursuant to this section.

704.982 1. The commission shall designate ~~[a vertically integrated electric utility or its successor]~~ *an* electric distribution utility to provide electric service to customers who are unable to obtain electric service from an alternative seller or who fail to select an alternative seller. Sec. 5.8. NRS 682A.190 is hereby amended to read as follows:

682A.190 An insurer may invest in share or savings accounts of savings and loan associations, or in savings accounts of banks, and in any one such institution only to the extent that the investment is insured . ~~[by the Federal Deposit Insurance Corporation.]~~".

"and section 1 of *Senate Bill No. 145 of* this ~~[act]~~ *session,*".

Amend the bill as a whole by adding a new section designated sec. 26.5, following sec. 26, to read as follows:

"Sec. 26.5. NRS 685A.070 is hereby amended to read as follows:

685A.070 1. A broker shall not knowingly place surplus lines insurance with an insurer which is unsound financially or ineligible pursuant to this section.

2. ~~[No]~~ *Except as otherwise provided in this section, no* insurer is eligible for the acceptance of surplus lines risks pursuant to this chapter unless it has surplus as to policyholders in an amount of not less than $5,000,000 and, if an alien insurer, unless it has and maintains in a bank or trust company which is a member of the United States Federal Reserve System a trust fund established pursuant to terms reasonably adequate for the protection of all of its policyholders in the United States in an amount of not less than $1,500,000. Such a trust fund must not have an expiration date which is at any time less than 5 years in the future, on a continuing basis. In the case of:

(a) A group of insurers which includes individual unincorporated insurers, such a trust fund must not be less than $100,000,000.

(b) A group of incorporated insurers under common administration, such a trust fund must not be less than $100,000,000. The group of incorporated insurers must:

(1) Operate under the supervision of the Department of Trade and Industry of the United Kingdom;

(2) Possess aggregate policyholders surplus of $10,000,000,000, which must consist of money in trust in an amount not less than the assuming insurers' liabilities attributable to insurance written in the United States; and

(3) Maintain a joint trusteed surplus of which $100,000,000 must be held jointly for the benefit of United States ceding insurers of any member of the group.

(c) An insurance exchange created by the laws of a state, ~~[such]~~ *the insurance exchange shall have and maintain* a trust fund ~~[must not be]~~ *in an amount of not* less than $50,000,000 ~~[.]~~ *or have a surplus as to policyholders in an amount of not less than $50,000,000.* If an insurance exchange maintains money for the protection of all policyholders, each syndicate shall

maintain minimum capital and surplus of not less than $5,000,000 and must qualify separately to be eligible for the acceptance of surplus lines risks pursuant to this chapter.

The commissioner may require larger trust funds *or surplus as to policyholders* than those set forth in this section if, in his judgment, the volume of business being transacted or proposed to be transacted warrants larger amounts.

3. No insurer is eligible to write surplus lines of insurance unless it has established a reputation for financial integrity and satisfactory practices in underwriting and handling claims. In addition, a foreign insurer must be authorized in the state of its domicile to write the kinds of insurance which it intends to write in Nevada.

4. The commissioner may from time to time compile or approve a list of all surplus lines insurers deemed by him to be eligible currently, and may mail a copy of the list to each broker at his office last of record with the commissioner. To be placed on the list, a surplus lines insurer must file an application with the commissioner. The application must be accompanied by a nonrefundable fee of $2,450. This subsection does not require the commissioner to determine the actual financial condition or claims practices of any unauthorized insurer. The status of eligibility, if granted by the commissioner, indicates only that the insurer appears to be sound financially and to have satisfactory claims practices, and that the commissioner has no credible evidence to the contrary. While any such list is in effect, the broker shall restrict to the insurers so listed all surplus lines business placed by him.".

Amend the bill as a whole by deleting sec. 54 and adding:

"Sec. 54. (Deleted by amendment.)".

No person may be a member of such a partnership unless he is licensed pursuant to this chapter in the same capacity as all other members of the partnership. A limited partnership or a natural person may not have any proprietary interest, directly or indirectly, in a partnership or the conduct of business thereunder except licensed bail agents as provided in this chapter.".

Bill read third time.

Remarks by Assemblyman Hettrick.

Roll call on Assembly Bill No. 690:

EXCUSED—Evans, Thomas—2.

Assembly Bill No. 690 having received a constitutional majority, Mr. Speaker declared it passed.

Bill ordered transmitted to the Senate.

Assembly Bill No. 695.

Bill read third time.

Remarks by Assemblymen Chowning, Perkins, Hettrick, Anderson, Giunchigliani, Manendo, Price, Marvel, Buckley, Carpenter, Goldwater, Ohrenschall, Bache, Segerblom, Neighbors, Collins, Gibbons and Mr. Speaker.

Assemblyman Price requested that the following remarks be entered in the Journal.

ASSEMBLYWOMAN CHOWNING:

Thank you, Mr. Speaker. Assembly Bill 695 grants to Joseph E. Dini, Jr. use of a special license plate designated "State Assemblyman 1" as a lifetime endowment, regardless of whether he continues to serve in the Nevada Assembly.

I know, Mr. Speaker, that you are not very comfortable with this speech but we're going to talk about you anyway. This measure is being proposed in honor of the many years of outstanding service that Assemblyman Joe Dini, more commonly known as "Mr. Speaker," has given to this Nevada Legislature and to the people of our state. Speaker Dini, who is now in his 33rd year of legislative service, is the longest serving member of the Nevada State Assembly in Nevada history. He was first elected to office in November of 1966. Since then, he has held numerous leadership posts, from Speaker pro Tempore in 1973 to Majority Floor Leader in 1975 and then Speaker, for eight regular sessions. In short, Speaker Dini has served as an inspiration

to members of the Nevada Legislature and to the citizens of this state for over three decades. For the unprecedented length and quality of his service, he is being given—if we pass this bill—a lifetime endowment to use his special license plate showing on its face "State Assemblyman 1." We would like to retire this in honor of Speaker Dini. It has nothing to do with him being Speaker for eight terms. I would like to remind everyone, however, that because of term limits, no one will ever be able to serve eight sessions as Speaker, ever again in our state, unless the members of our state decide to change the Constitution. I strongly urge your support in showing this endowment and this honor to our own Mr. Speaker, Mr. Dini.

ASSEMBLYMAN PERKINS:

Thank you, Mr. Speaker. I rise in opposition . . . just kidding. The concept for AB 695 came to me a few weeks ago. You try to think about all the accomplishments of our own Speaker Dini. I said it earlier in the session when we nominated him and he was chosen as Speaker for the 1999 legislative session: we truly are living history when we serve with Mr. Speaker. If I don't take anything else away from my service in the Nevada Legislature, I have the honor that I've had in serving with you, Mr. Speaker. I think we looked for other ways to try and bestow an honor upon you for your longevity and public service and for the many wonderful things you've done for our state. It's for those reasons that this bill comes before the body today. I don't know if you have a conflict but I think you are going to have to go down and lobby the Senate side by yourself.

ASSEMBLYMAN HETTRICK:

Thank you, Mr. Speaker. I'd be remiss if I didn't rise and echo much of what has been said. Obviously, that gavel hanging over your head right now, that we're all looking at, that you can't see, signifies what it really means to be the Speaker and the legacy you've left this House. I've said once before that I had an opportunity to visit California's legislature, while their Assembly was in session. I was appalled. I have to tell you I was just appalled. It was a zoo. I think much of the decorum and the way we conduct business in this House is due to the way you conduct business in the Assembly and the way you've conducted business in this House. I am proud of what's done here. I think you should be proud of it. We are all pleased to support this bill. Thank you, Mr. Speaker.

ASSEMBLYMAN ANDERSON:

Thank you, Mr. Speaker. I think I've spoken on my feelings about the leadership that Joseph E. Dini, Jr. provides on a regular basis to the members. I think, as a chairman of a committee, I know what is expected of me, in terms of decorum. It is the model you have always set—that the people of the State of Nevada come first. There are those who honor you with this because of the eight sessions you have served as Speaker. I rather believe it is because of the undying time and commitment to our people, to the people of this state, that you would deserve this honor. Therefore, I support this measure.

ASSEMBLYMAN GIUNCHIGLIANI:

Thank you, Mr. Speaker. I, too, rise in support of this piece of legislation. I think you paved the way for many Italian Americans and other ethnic groups who really did not think that we could be in politics in the same manner we have, and endure it with such dignity. And I mean that sincerely because I think, in the old days, people made light of and made fun of Italians. You've lent a great deal of class, you run a good house and I've always enjoyed working with you, even when we agree to disagree, and try to do our Italian speaking to each other, which no one else understands. Another good reason to support this legislation is so we didn't have to wrestle this plate away from you like they had to do with the former Lieutenant Governor.

Mr. Speaker requested the privilege of the Chair for the purpose of making the following remarks:

I had a lot of trouble getting an Assembly license plate. Don Mello was number one before I got it. He retired from the Assembly and went to the Senate. He wouldn't give it to me. He drove around with it for three months before I could finally get it back. He made a presentation

in the Assembly when he gave it back to me. It was about March in the session before he would surrender it to me.

ASSEMBLYMAN MANENDO:

Thank you, Mr. Speaker. I believe my colleague from District 28 said something about 1966. That was the year I was born. As a member of the Italian caucus, I'm really proud to have served with you and you are a true leader and I'm honored we have the opportunity to recognize and honor you this way, Mr. Speaker. Thank you.

ASSEMBLYMAN PRICE:

Thank you, Mr. Speaker. I, too, rise in honorable and enthusiastic support of this bill. I guess, among us here, at least in the House, I have served with you the longest. It's been a wonderful, wonderful education and working relationship. Like everyone else, we did not agree on all issues, but because of your dignity and hard work and also being able to educate me on some things, it's been a fine working relationship. I have a little bit of sad feelings, however, about the license plate. It isn't on my own part. When we had this bill introduced I had occasion to be talking about it and how happy I was while I was riding in my classic car, which is "Assemblyman 2," which had always expected to become "Assemblyman 1," someday. I was talking about this bill last night on the way home. As I was driving to work this morning, I guess my classic must have been thinking about it and was very sad because it in fact "Sine died" on me. I didn't make it all the way to work. It's out there, in Nevada, and we're going to have to figure out how to get it going again even though it has lost that hope of being "Assemblyman 1."

ASSEMBLYMAN MARVEL:

Thank you, Mr. Speaker. It's a pleasure to support AB 695. I've had the pleasure of serving with you for 20 years, second only to my colleague behind me. I appreciate the fact you were able, because of your Italian background, to run. Maybe, because of you, I was able, as a Welshman, to run. May I say this, Mr. Speaker, it has really been a pleasure because there has been such a balance between rural and urban Nevada. I think, truly, people here can always remember you as being a true, dedicated Nevada servant. Thank you for your dedicated service, Joe.

ASSEMBLYWOMAN BUCKLEY:

Thank you, Mr. Speaker. I, too, rise in support of Assembly Bill 695. I think one of the best attributes that you have brought is your ability to mentor young legislators. When I joined this body in 1995, you gave me opportunities from the very beginning, before we even met, as we looked at the legal challenges behind the 21/21 split. There are not a lot of folks who extend a hand and give a chance to someone to shine and are willing to let young folks in to do their best for the state. So, in addition to all your years of public service and knowledge of the issues and leadership on the issues, you'll leave a legacy in those like myself, who you allowed an opportunity to succeed and learn from you. For that reason, I support Assembly Bill 695.

ASSEMBLYMAN CARPENTER:

Thank you, Mr. Speaker. I don't think there is any question that you deserve to be number one for all time. Thank you.

ASSEMBLYMAN GOLDWATER:

Thank you, Mr. Speaker. I, too, rise in support of AB 695. I'd also like to echo the comments of the chair of Commerce and Labor. In fact, I was always going to take another page out of her book and see if I couldn't attach some of my bills to this particular measure, as an amendment, but Legal told me it wasn't germane—but, I beg to differ. When you come to the Nevada Legislature after you get elected, everyone has a piece of advice for you as every member of this body knows. Almost every piece of that advice starts with, "Mr. Speaker, this. Go see Mr. Speaker that. Talk to Mr. Speaker about that." So I came here, wondering what was Mr. Speaker going to be like. After I met you, and worked with you, I thought to myself, "Why do they call him Mr. Speaker. He barely talks." I have found out since that time, as the chair of Commerce and Labor has, that it is that quiet dignity and leadership that is strong. It is your

offering that opportunity to every one, regardless of the color of their skin, regardless of their gender, of their age, but what you feel is best for the state. It has been an honor to work with you and it is fitting that you should receive this particular license plate designation. It is the very least we can do. I'll tell you, there is one horse from here to Yerington that has the brand "State Assemblyman 1," you can't get out of it anymore, Mr. Speaker.

ASSEMBLYWOMAN OHRENSCHALL:

Thank you, Mr. Speaker. I, too, rise in support of this bill. I think I can sum it up by saying the reason we all support it is because everyone in this body is very, very proud to have you as our leader.

ASSEMBLYMAN BACHE:

Thank you, Mr. Speaker. Even I, the nemesis of special license plates, rise in support of this bill. Echoing similar comments of my colleague, the assistant minority leader, in 1995 you gave me an opportunity to co-chair Government Affairs with Mrs. Lambert. I appreciate that opportunity. Hopefully, through that session, and the two that have followed, I have followed in your tradition. As five-time chair of Government Affairs, I look up to you as far as leadership in performing that function and hopefully, I've done that. Thank you, Mr. Speaker.

ASSEMBLYWOMAN SEGERBLOM:

Thank you, Mr. Speaker. I, too, rise in support of AB 695. I'm just not sure what we're doing because if I can expect to come back, we expect you to come back. Thank you, Mr. Speaker.

ASSEMBLYMAN NEIGHBORS:

Thank you, Mr. Speaker. I, too, rise in support. Even though I have only been here four sessions—previously I was a lobbyist here for many years—your door has always been open. Your help to the rural areas has been outstanding. At the same time, I think you have certainly, in your position, represented the whole state of Nevada. You have done a great job. Thank you.

ASSEMBLYMAN COLLINS:

Thank you, Mr. Speaker. I support this resolution because I highly admire you as a good man and gentle man. I believe you probably know the pulse of Nevada better than anyone else in our state and I commend you for that hard work that you give to help us all do that.

Mr. Speaker requested the privilege of the Chair for the purpose of making the following remarks:

I would like to tell a little story about Mr. Price and me. Our rivalry started in his first session in 1973. I introduced a bill to outlaw aluminum wire in mobile homes. He, being the electrician he is, opposed it. They wrote a big editorial that I was trying to protect the copper industry because the Anaconda Mining Company was in Yerington, the largest copper mine at the time in the state, so they thought it was a conflict of interest and a special interest bill that I introduced for the Anaconda Mining Company. Well, I was a volunteer fireman at the time, and in reading the books, the problems with aluminum wire was, it didn't have the flexibility of copper. Since then, the Universal Code has changed to all the mobile homes having copper wire. But, I was right and he was wrong, but he thought he beat my bill that time.

ASSEMBLYWOMAN GIBBONS:

Thank you, Mr. Speaker. I rise in support of AB 695. I personally feel very proud of you. Also, Dr. Buxton, and the many people at the University, who have sent their e-mail with special congratulations to you and are listening right now are very proud of you as well.

616C.440 1. Except as otherwise provided in this section and NRS 616C.175, every employee in the employ of an employer, within the provisions of chapters 616A to 616D, inclusive, of NRS, who is injured by accident arising out of and in the course of employment, or his dependents as defined in chapters 616A to 616D, inclusive, of NRS, is entitled to receive the following compensation for permanent total disability:

(a) In cases of total disability adjudged to be permanent, compensation per month of 66 2/3 percent of the average monthly wage.

(b) If there is a previous disability, as the loss of one eye, one hand, one foot or any other previous permanent disability, the percentage of disability for a subsequent injury must be determined by computing the percentage of the entire disability and deducting therefrom the percentage of the previous disability as it existed at the time of the subsequent injury, but such a deduction for a previous award for permanent partial disability must be made in a reasonable manner and must not be more than the total amount which was paid for the previous award for permanent partial disability.

(c) If the character of the injury is such as to render the employee so physically helpless as to require the service of a constant attendant, an additional allowance may be made so long as such requirements continue, but the allowance may not be made while the employee is receiving benefits for care in a hospital or facility for intermediate care pursuant to the provisions of NRS ~~[616C.255 and]~~ 616C.265.

2. Except as otherwise provided in NRS 616B.185 and 616B.186, an injured employee or his dependents are not entitled to accrue or be paid any benefits for a permanent total disability during the time the injured employee is incarcerated. The injured employee or his dependents are entitled to receive such benefits when the injured employee is released from incarceration if he is certified as permanently totally disabled by a physician or chiropractor.

3. An employee is entitled to receive compensation for a permanent total disability only so long as the permanent total disability continues to exist. The insurer has the burden of proving that the permanent total disability no longer exists.

4. If an employee who has received compensation in a lump sum for a permanent partial disability pursuant to NRS 616C.495 is subsequently determined to be permanently and totally disabled, the compensation for the permanent total disability must be reduced as follows:

(a) If the employee has not received a minimum lump sum, the ~~[employee's]~~ insurer *of the employee's employer* shall deduct from the compensation for the permanent total disability an amount equal to the monthly installment rate for awards for permanent partial disability until the ~~[employee reaches the age upon which his disability was calculated;]~~ *insurer has deducted an amount that equals the amount it has already paid out as a lump sum;* or

(b) If the employee received a minimum lump sum, the ~~[employee's]~~ insurer *of the employee's employer* shall deduct from the compensation for the permanent total disability an amount of not more than 10 percent of the rate of compensation for a permanent total disability until the lump sum is recovered.

The provisions of this subsection are retroactive for all claims for compensation for a permanent total disability remaining open on ~~[July 1, 1995.]~~ *January 1, 2000.*

Sec. 62.5. NRS 616C.475 is hereby amended to read as follows:

616C.475 1. Except as otherwise provided in this section, NRS 616C.175 and 616C.390, every employee in the employ of an employer, within the provisions of chapters 616A to 616D, inclusive, of NRS, who is injured by accident arising out of and in the course of employment, or his dependents, is entitled to receive for the period of temporary total disability, 66 2/3 percent of the average monthly wage.

2. Except as otherwise provided in NRS 616B.185 and 616B.186, an injured employee or his dependents are not entitled to accrue or be paid any

benefits for a temporary total disability during the time the injured employee is incarcerated. The injured employee or his dependents are entitled to receive such benefits when the injured employee is released from incarceration if he is certified as temporarily totally disabled by a physician or chiropractor.

3. If a claim for the period of temporary total disability is allowed, the first payment pursuant to this section must be issued by the insurer within 14 working days after receipt of the initial certification of disability and regularly thereafter.

4. Any increase in compensation and benefits effected by the amendment of subsection 1 is not retroactive.

5. Payments for a temporary total disability must cease when:

(a) A physician or chiropractor determines that the employee is physically capable of any gainful employment for which the employee is suited, after giving consideration to the employee's education, training and experience;

(b) The employer offers the employee light-duty employment or employment that is modified according to the limitations or restrictions imposed by a physician or chiropractor pursuant to subsection 7; or

(c) Except as otherwise provided in NRS 616B.185 and 616B.186, the employee is incarcerated.

6. Each insurer may, with each check that it issues to an injured employee for a temporary total disability, include a form approved by the division for the injured employee to request continued compensation for the temporary total disability.

7. A certification of disability issued by a physician or chiropractor must:

(a) Include the period of disability and a description of any physical limitations or restrictions imposed upon the work of the employee;

(b) Specify whether the limitations or restrictions are permanent or temporary; and

(c) Be signed by the treating physician or chiropractor authorized pursuant to NRS 616B.515 or 616B.527.

8. If certification of disability specifies that the physical limitations or restrictions are temporary, the employer of the employee at the time of his accident is not required to comply with NRS 616C.545 to 616C.575, inclusive, and 616C.590 or the regulations adopted by the division governing vocational rehabilitation services if the employer offers the employee a position that ~~[is]~~ *:*

(a) Is substantially similar to the employee's position at the time of his injury in relation to the location of the employment ~~[,]~~ *and* the hours he is required to work *;* and ~~[the salary he will be paid.]~~

(b) Provides a gross wage that is:

(1) If the position is in the same classification of employment, equal to the gross wage the employee was earning at the time of his injury; or

(2) If the position is not in the same classification of employment, substantially similar to the gross wage the employee was earning at the time of his injury.".

Amend sec. 63, page 37, by deleting lines 32 through 34 and inserting:

(2) If the position is not in the same classification of employment, substantially similar to the gross wage the employee was earning at the time of his injury.".

Amend the bill as a whole by deleting sections 64 through 68 and adding:

"Secs. 64-68. (Deleted by amendment.)".

Amend the bill as a whole by adding new sections designated sections 68.2 through 68.8, following sec. 68, to read as follows:

"Sec. 68.2. NRS 616C.490 is hereby amended to read as follows:

616C.490 1. Except as otherwise provided in NRS 616C.175, every employee, in the employ of an employer within the provisions of chapters 616A to 616D, inclusive, of NRS, who is injured by an accident arising out of and in the course of employment is entitled to receive the compensation provided for permanent partial disability. As used in this section, "disability" and "impairment of the whole man" are equivalent terms.

2. Within 30 days after receiving from a physician or chiropractor a report indicating that the injured employee may have suffered a permanent disability and is stable and ratable, the insurer shall schedule an appointment with ~~[a]~~ *the* rating physician or chiropractor *selected pursuant to this subsection* to determine the extent of the employee's disability. *Unless the insurer and the injured employee otherwise agree to a rating physician or chiropractor:*

(a) The insurer shall select ~~[a]~~ *the rating* physician or chiropractor from ~~[a group]~~ *the list* of *qualified* rating physicians and chiropractors designated by the administrator, to determine the percentage of disability in accordance with the American Medical Association's Guides to the Evaluation of Permanent Impairment as adopted and supplemented by the division pursuant to NRS 616C.110.

(b) Rating physicians and chiropractors must be selected in rotation from the list of qualified physicians and chiropractors designated by the administrator, according to their area of specialization and the order in which their names appear on the list.

3. At the request of the insurer, the injured employee shall, before an evaluation by a rating physician or chiropractor is performed, notify the insurer of:

(a) Any previous evaluations performed to determine the extent of any of the employee's disabilities; and

(b) Any previous injury, disease or condition sustained by the employee which is relevant to the evaluation performed pursuant to this section.

The notice must be on a form approved by the administrator and provided to the injured employee by the insurer at the time of the insurer's request.

4. Unless the regulations adopted pursuant to NRS 616C.110 provide otherwise, a rating evaluation must include an evaluation of the loss of motion, sensation and strength of an injured employee if the injury is of a type that might have caused such a loss. No factors other than the degree of physical impairment of the whole man may be considered in calculating the entitlement to compensation for a permanent partial disability.

5. The rating physician or chiropractor shall provide the insurer with his evaluation of the injured employee. After receiving the evaluation, the insurer shall, within 14 days, provide the employee with a copy of the evaluation and notify the employee:

(a) Of the compensation to which he is entitled pursuant to this section; or

(b) That he is not entitled to benefits for permanent partial disability.

6. Each 1 percent of impairment of the whole man must be compensated by a monthly payment:

(a) Of 0.5 percent of the claimant's average monthly wage for injuries sustained before July 1, 1981;

(b) Of 0.6 percent of the claimant's average monthly wage for injuries sustained on or after July 1, 1981, and before June 18, 1993; ~~[and]~~

(c) Of 0.54 percent of the claimant's average monthly wage for injuries sustained on or after June 18, 1993 ~~[.]~~ *, and before January 1, 2000; and*

(d) Of 0.6 percent of the claimant's average monthly wage for injuries sustained on or after January 1, 2000.

Compensation must commence on the date of the injury or the day following the termination of temporary disability compensation, if any, whichever is later, and must continue on a monthly basis for 5 years or until the claimant is 70 years of age, whichever is later.

7. Compensation benefits may be paid annually to claimants who will be receiving less than $100 a month.

8. Where there is a previous disability, as the loss of one eye, one hand, one foot, or any other previous permanent disability, the percentage of disability for a subsequent injury must be determined by computing the percentage of the entire disability and deducting therefrom the percentage of the previous disability as it existed at the time of the subsequent injury.

9. The division may adopt schedules for rating permanent disabilities resulting from injuries sustained before July 1, 1973, and reasonable regulations to carry out the provisions of this section.

10. The increase in compensation and benefits effected by the amendment of this section is not retroactive for accidents which occurred before July 1, 1973.

11. This section does not entitle any person to double payments for the death of an employee and a continuation of payments for a permanent partial disability, or to a greater sum in the aggregate than if the injury had been fatal.

Sec. 68.4. NRS 616C.555 is hereby amended to read as follows:

616C.555 1. A vocational rehabilitation counselor shall develop a plan for a program of vocational rehabilitation for each injured employee who is eligible for vocational rehabilitation services pursuant to NRS 616C.590. The counselor shall work with the insurer and the injured employee to develop a program that is compatible with the injured employee's age, sex and physical condition.

2. If the counselor determined in the written assessment developed pursuant to NRS 616C.550 that the injured employee has existing marketable skills, the plan must consist of job placement assistance only. When practicable, the goal of job placement assistance must be to aid the employee in finding a position which pays a gross wage that is equal to or greater than 80 percent of the gross wage that he was earning at the time of his injury. An injured employee must not receive job placement assistance for more than ~~[90 days]~~ *6 months* after the date on which he was notified that he is eligible only for job placement assistance because:

(a) He was physically capable of returning to work; or

(b) It was determined that he had existing marketable skills.

3. If the counselor determined in the written assessment developed pursuant to NRS 616C.550 that the injured employee does not have existing marketable skills, the plan must consist of a program which trains or educates the injured employee and provides job placement assistance. Except as otherwise provided in NRS 616C.560, such a program must not exceed :

(a) If the injured employee has incurred a permanent physical impairment of less than 6 percent, ~~[6]~~ *9* months.

(b) If the injured employee has incurred a permanent physical impairment of 6 percent or more, but less than 11 percent, ~~[9 months.]~~ *1 year.*

(c) If the injured employee has incurred a permanent physical impairment of 11 percent or more, ~~[1 year.]~~ *18 months.*

The percentage of the injured employee's permanent physical impairment must be determined pursuant to NRS 616C.490.

4. A plan for a program of vocational rehabilitation must comply with the requirements set forth in NRS 616C.585.

5. A program of vocational rehabilitation must not commence before the treating physician or chiropractor, or an examining physician or chiropractor determines that the injured employee is capable of safely participating in the program.

6. If, based upon the opinion of a treating or an examining physician or chiropractor, the counselor determines that an injured employee is not eligible for vocational rehabilitation services, the counselor shall provide a

copy of the opinion to the injured employee, the injured employee's employer and the insurer.

7. A plan for a program of vocational rehabilitation must be signed by a certified vocational rehabilitation counselor.

8. If an initial program of vocational rehabilitation pursuant to this section is unsuccessful, an injured employee may submit a written request for the development of a second program of vocational rehabilitation which relates to the same injury. An insurer shall authorize a second program for an injured employee upon good cause shown.

9. If a second program of vocational rehabilitation pursuant to subsection 8 is unsuccessful, an injured employee may submit a written request for the development of a third program of vocational rehabilitation which relates to the same injury. The insurer, with the approval of the employer who was the injured employee's employer at the time of his injury, may authorize a third program for the injured employee. If such an employer has terminated operations, his approval is not required for authorization of a third program. An insurer's determination to authorize or deny a third program of vocational rehabilitation may not be appealed.

10. The division shall adopt regulations to carry out the provisions of this section. The regulations must specify the contents of a plan for a program of vocational rehabilitation.

Sec. 68.5. NRS 616C.560 is hereby amended to read as follows:

616C.560 1. A program for vocational rehabilitation developed pursuant to subsection 3 of NRS 616C.555 may be extended:

(a) Without condition or limitation, by the insurer at his sole discretion; or

(b) In accordance with this section if:

(1) The injured employee makes a written request to extend the program within 30 days after he receives written notification that he is eligible for vocational rehabilitation services; and

(2) There are exceptional circumstances which make it unlikely that the injured employee will obtain suitable gainful employment as a result of vocational rehabilitation which is limited to the period for which he is eligible.

An insurer's determination to grant or deny an extension pursuant to paragraph (a) may not be appealed.

2. If an injured employee has incurred a permanent physical impairment of less than 11 percent:

(a) The total length of the program, including any extension, must not exceed ~~[1 year.]~~ *2 years.*

(b) "Exceptional circumstances" shall be deemed to exist for the purposes of paragraph (b) of subsection 1, if:

(1) The injured employee lacks work experience, training, education or other transferable skills for an occupation which he is physically capable of performing; or

(2) Severe physical restrictions as a result of the industrial injury have been imposed by a physician which significantly limit the employee's occupational opportunities.

3. If an injured employee has incurred a permanent physical impairment of 11 percent or more:

(a) The total length of the program, including any extension, must not exceed ~~[2]~~ *2 1/2* years.

(b) "Exceptional circumstances" shall be deemed to exist for the purposes of paragraph (b) of subsection 1, if the injured employee has suffered:

(1) The total and permanent loss of sight of both eyes;

(2) The loss by separation of a leg at or above the knee;

(3) The loss by separation of a hand at or above the wrist;

(4) An injury to the head or spine which results in permanent and complete paralysis of both legs, both arms or a leg and an arm;

(5) An injury to the head which results in a severe cognitive functional impairment which may be established by a nationally recognized form of objective psychological testing;

(6) The loss by separation of an arm at or above the elbow and the loss by separation of a leg at or above the knee;

(7) An injury consisting of second or third degree burns on 50 percent or more of the body, both hands or the face;

(8) A total bilateral loss of hearing;

(9) The total loss or significant and permanent impairment of speech; or

(10) A permanent physical impairment of 50 percent or more determined pursuant to NRS 616C.490, if the severity of the impairment limits the injured employee's gainful employment to vocations that are primarily intellectual and require a longer program of education.

4. The insurer shall deliver a copy of its decision granting or denying an extension to the injured employee and the employer. Except as otherwise provided in this section, the decision shall be deemed to be a final determination of the insurer for the purposes of NRS 616C.315.

Sec. 68.7. NRS 616C.580 is hereby amended to read as follows:

616C.580 1. ~~[Vocational]~~ *Except as otherwise provided in this section, vocational* rehabilitation services must not be provided outside of this state. *An injured employee who:*

may receive vocational rehabilitation services at a location within 50 miles from his residence if such services are available at such location.

2. An injured employee, who:

3. An injured employee who resides outside of this state *but does not qualify to receive vocational rehabilitation services outside of this state pursuant to subsection 1* may receive the vocational rehabilitation services to which he is entitled pursuant to NRS 616C.545 to 616C.575, inclusive, and 616C.590 if he relocates to ~~[this]~~ *:*

Sec. 68.8. NRS 616D.120 is hereby amended to read as follows:

616D.120 1. Except as otherwise provided in this section, if the administrator determines that an insurer, organization for managed care, health care provider, third-party administrator or employer has:

(a) Through fraud, coercion, duress or undue influence:

(1) Induced a claimant to fail to report an accidental injury or occupational disease;

(2) Persuaded a claimant to settle for an amount which is less than reasonable;

(3) Persuaded a claimant to settle for an amount which is less than reasonable while a hearing or an appeal is pending; or

(4) Persuaded a claimant to accept less than the compensation found to be due him by a hearing officer, appeals officer, court of competent jurisdiction, written settlement agreement, written stipulation or the division when carrying out its duties pursuant to chapters 616A to 617, inclusive, of NRS;

(g) Intentionally failed to comply with any provision of, or regulation adopted pursuant to, this chapter or chapter 616A, 616B, 616C or 617 of NRS,

the administrator shall impose an administrative fine of $1,000 for each initial violation, or a fine of $10,000 for a second or subsequent violation.

2. Except as otherwise provided in chapters 616A to 616D, inclusive, or chapter 617 of NRS, if the administrator determines that an insurer, organization for managed care, health care provider, third-party administrator or employer has failed to comply with any provision of this chapter or chapter 616A, 616B, 616C or 617 of NRS, or any regulation adopted pursuant thereto, the administrator may take any of the following actions:

3. In no event may a benefit penalty be less than $500. The]~~ *that is not less than $5,000 and not greater than $25,000. To determine the amount of the benefit penalty, the administrator shall consider the degree of physical harm suffered by the injured employee or his dependents as a result of the violation of paragraph (a), (b), (c) or (d) of subsection 1, the amount of compensation found to be due the claimant and the number of fines and benefit penalties previously imposed against the insurer, organization for managed care, health care provider, third-party administrator or employer pursuant to this section. If this is the third violation within 5 years for which a fine or benefit penalty has been imposed against the insurer, organization for managed care, health care provider, third-party administrator or employer, the administrator shall also consider the degree of economic and physical harm suffered by the insured employee or his dependents as a result of the violation of paragraph (a), (b), (c) or (d) of subsection 1. Except as otherwise provided in this section, the* benefit penalty is for the benefit of the claimant and must be paid directly to him within 10 days after the date of the administrator's determination. *If the claimant is the injured employee and he dies before the benefit penalty is paid to him, the benefit penalty must be paid to his estate.* Proof of the payment of the benefit penalty must be submitted to the administrator within 10 days after the date of his determination unless an appeal is filed pursuant to NRS 616D.140. Any compensation to which the claimant may otherwise be entitled pursuant to chapters 616A to 616D, inclusive, or chapter 617 of NRS must not be reduced by the amount of any benefit penalty received pursuant to this subsection.

4. In addition to any fine or benefit penalty imposed pursuant to this section, the administrator may assess against an insurer who violates any regulation concerning the reporting of claims expenditures used to calculate an assessment an administrative penalty of up to twice the amount of any underpaid assessment.

5. If:

(a) The administrator determines that a person has violated any of the provisions of NRS 616D.200, 616D.220, 616D.240, 616D.300, 616D.310 or 616D.350 to 616D.440, inclusive; and

Assembly Bill No. 293.

The following Senate amendment was read:

Amendment No. 999

Amend the bill as a whole by renumbering section 1 as sec. 3 and adding new sections designated sections 1 and 2, following the enacting clause, to read as follows:

"Section 1. Chapter 689A of NRS is hereby amended by adding thereto a new section to read as follows:

1. Notwithstanding any provision of this Title to the contrary, a policy of health insurance issued or delivered for issuance in this state pursuant to this chapter must provide coverage for the treatment of conditions relating to mental health and must not establish any rate, term or condition that places a greater financial burden on the insured person for access to treatment for conditions relating to mental health than for access to treatment for conditions relating to physical health. Any limits required under the policy of health insurance for deductibles and out-of-pocket expenses must be comprehensive for coverage of both conditions relating to mental health and conditions relating to physical health.

2. A policy of health insurance that does not otherwise provide for managed care, or that does not provide for the same degree of managed care for all health conditions, may provide coverage for the treatment of conditions relating to mental health through a managed care organization if the managed care organization is in compliance with regulations adopted by the commissioner which ensure that the system for delivery of the treatment for conditions relating to mental health does not diminish or negate the purpose of this section. The regulations adopted by the commissioner must ensure that:

(a) Timely and appropriate access to care is available;

(b) The distribution of providers of health care who provide services relating to mental health is adequate to serve the needs of persons in this state, considering the quality, location and area of specialization of such providers; and

(c) Administrative or clinical protocols do not reduce access to medically necessary treatment for the insured person.

3. A policy of health insurance shall be deemed to be in compliance with this section if the policy provides to the insured person at least one option for treatment of conditions relating to mental health which has rates, terms and conditions that impose no greater financial burden on the insured person than that imposed for treatment of conditions relating to the physical health of the insured person. The commissioner may disapprove any policy of health insurance if he determines that the policy is inconsistent with this section.

4. Benefits provided pursuant to this section by a policy of health insurance for conditions relating to mental health must be paid in the same manner as benefits for any other illness covered by the policy.

5. Benefits for conditions relating to mental health are not required by this section if the treatment for the condition relating to mental health is not provided:

(a) By a person who is licensed or certified to provide treatment for conditions relating to mental health; or

(b) In a mental health facility or institution designated as a division facility pursuant to NRS 433.233, or in a medical or other facility licensed by the state board of health pursuant to chapter 449 of NRS that provides programs for the treatment of conditions relating to mental health, and pursuant to an individualized written plan developed for the insured person.

6. The provisions of this section must not be construed to:

(a) Limit the provision of specialized services covered by Medicaid for persons with conditions relating to mental health or substance abuse.

(b) Supersede any provision of federal law, any federal or state policy relating to Medicaid, or the terms and conditions imposed on any Medicaid waiver granted to this state with respect to the provision of services to persons with conditions relating to mental health or substance abuse.

(c) Affect any existing policy of health insurance until its date of renewal or, if the policy of health insurance is governed by a collective bargaining agreement or employment contract, until the expiration of that agreement or contract.

7. As used in this section:

(a) "Condition relating to mental health" means a condition or disorder involving mental illness that falls within any of the diagnostic categories listed in the section on mental disorders in the "International Classification of Diseases," published by the United States Department of Health and Human Services.

(b) "Managed care" has the meaning ascribed to it in NRS 695G.040.

(c) "Managed care organization" has the meaning ascribed to it in NRS 695G.050.

(d) "Rate, term or condition" means any lifetime or annual limit on payments, any requirement concerning deductibles, copayments, coinsurance or other forms of cost sharing, any limit on out-of-pocket costs or on visits to a provider of treatment, and any other financial component of health insurance coverage that affects the insured person.

Sec. 2. NRS 689A.040 is hereby amended to read as follows:

689A.040 1. Except as *otherwise* provided in subsections 2 and 3, each such policy delivered or issued for delivery to any person in this state must contain the provisions specified in NRS 689A.050 to 689A.170, inclusive, *and section 1 of this act,* in the words in which the provisions appear, except that the insurer may, at its option, substitute for one or more of the provisions corresponding provisions of different wording approved by the commissioner which are in each instance not less favorable in any respect to the insured or the beneficiary. Each such provision must be preceded individually by the applicable caption shown, or, at the option of the insurer, by such appropriate individual or group captions or subcaptions as the commissioner may approve.

2. Each policy delivered or issued for delivery in this state after November 1, 1973, must contain a provision, if applicable, setting forth the provisions of NRS 689A.045.

3. If any such provision is in whole or in part inapplicable to or inconsistent with the coverage provided by a particular form of policy, the insurer, with the approval of the commissioner, may omit from the policy any inapplicable provision or part of a provision, and shall modify any inconsistent provision or part of a provision in such a manner as to make the provision as contained in the policy consistent with the coverage provided by the policy.".

Amend the bill as a whole by renumbering sec. 2 as sec. 5 and adding a new section designated sec. 4, following section 1, to read as follows:

RESOLVED, That the Chief Clerk of the Assembly prepare and transmit a copy of this resolution to Paul C. Fisher.

Assemblywoman Segerblom moved the adoption of the resolution.

Remarks by Assemblymen Segerblom, Chowning and Price.

Assemblyman Carpenter requested that the following remarks be entered in the Journal.

ASSEMBLYWOMAN SEGERBLOM:

Thank you, Mr. Speaker. I know you heard of his wonderful accomplishments, but he's had some new ones recently. His major interest is learning how to apply the "Scientific Technique" to economic problems. His proposal, called "How can scientific technology help us give economic security to the people in the Third World Countries?" was recently received favorably by the Economic Group of the United Nations in New York. He also has been invited to a United Nations meeting in Austria, in August.

Paul has done much for Boulder City. We owe him a great debt. He has helped with all kinds of fund-raisers. If you need help, like for the Boulder Dam Museum, you will get it from Paul Fisher. He is taking part in the Boys and Girls Club, helping them learn about space. We hope to have a little space museum in Boulder City, which he is helping with. He is recognized in Boulder City as the largest employer of people. He employs 80 Boulder City residents. In the little town of Boulder City, which you all laugh about because it's so small, he is a big person.

He has been awarded Ph.D.'s in Humanities, Political Science, Economics, and Financial Planning. In 1999 he was appointed to the Economic Academic Board of Oxford International University. He built his first Space Pen in 1948 and it has been used on all manned space flights since Apollo VII. Thank you, Mr. Speaker.

ASSEMBLYWOMAN CHOWNING:

Thank you, Mr. Speaker. I stand in support of ACR 74. My colleague from District 22 sort of beat me to it, but can you imagine the pride that we in Nevada have? That one of our inventors from Nevada had a product that went all the way to the moon and back? Not only on the spaceships once, but several times. I really want to tell him how proud we are of him. For all of our students in Nevada, who want to study science, they can look to you as a role model. Thank you.

ASSEMBLYMAN PRICE:

Thank you, Mr. Speaker. It's with great pride and honor that I rise today in support of ACR 74, on behalf of Paul, who is not only one of the most inventive and wonderful minds, but a fine, fine person; one that I've had the pleasure of working with over the years on different projects. As I was reading the resolution, it answered a question I had wondered about for many years. For a long time, I had in the back of my mind why it seemed like Paul and I had met before. I've never really said anything to him, but I've thought about that, and now, as I read the resolution, I see in 1938 that he was at the Cedar Rapids Bakery and that's where I remember him. We were living just out of town. I was 2 years old and we used to come over to the bakery. In all seriousness, thank you so much for your years of service to our state and community.

Resolution adopted unanimously.

Assemblywoman Segerblom moved that all rules be suspended and that Assembly Concurrent Resolution No. 74 be immediately transmitted to the Senate.

Motion carried unanimously.

Assemblywoman Giunchigliani moved that Assembly Concurrent Resolution No. 67 be taken from the Resolution File and place on the Chief Clerk's desk.

Remarks by Assemblywoman Giunchigliani.

Assembly Concurrent Resolution No. 75—Commending William H. "Bob" Bailey and Anna Bailey for their years of public activism and service and contributions toward social and economic change in this state.

WHEREAS, William H. "Bob" Bailey was born in Detroit, Michigan, on February 14, 1927, into a family with a strong musical tradition, and he grew up in Cleveland, Ohio, where he learned to sing in church choirs; and

WHEREAS, When young William Bailey embarked on his own vocal career as part of a quartet called the Four Notes, he adopted the nickname "Bob" to avoid confusion with his cousin, Bill Bailey, who was also a professional entertainer; and

WHEREAS, Bob Bailey pursued his ambition to be an international lawyer by attending and graduating from the highly-respected Morehouse College in Atlanta, Georgia; and

WHEREAS, Despite his scholastic achievements, Bob Bailey's love of music took center stage when he was hired by Count Basie to become one of the two featured singers with the Count Basie Orchestra, affording him the opportunity to have three hit records; and

WHEREAS, It was during this time with Count Basie that he met and married the lovely and talented Anna Louis Porter who became his partner and loyal supporter in all his future endeavors; and

WHEREAS, Anna Porter was born in Savannah, Georgia, grew up in New York City and, inspired by her mother's creative survival skills and utilizing her own sparkling personality,

became a performer at the legendary Apollo Theatre and eventually moved on to Broadway where she performed with legends such as Louis Armstrong, Pearl Bailey, Duke Ellington and Count Basie; and

WHEREAS, Anna Porter's talent, captivating beauty and gracious personality earned her nationwide fame and led her to London, England, to perform at the London Palladium for 6 months, and from there to Las Vegas as a member of the chorus line at the Moulin Rouge, a casino that featured a show with all African-American entertainers; and

WHEREAS, The breakup of Count Basie's big band in 1950 gave Bob Bailey the opening to move on to the new medium of television, and in preparation, he attended the School of Radio and Television in New York City; and

WHEREAS, Bob Bailey's break into television did not occur until after he worked in Las Vegas as a co-producer and master of ceremonies at the Moulin Rouge, the only casino at that time which was open to everyone in what was a very segregated city; and

WHEREAS, The television show sponsored by the Moulin Rouge with Bob Bailey as its host was canceled when the Moulin Rouge closed after only 6 months, but Hank Greenspun, who owned KLAS-Channel 8, continued the program that was the first to be produced, acted in and directed by African-American talent and the first to be sponsored by businesses owned by African Americans; and

WHEREAS, While he was pioneering the way for African Americans in the television industry as a current events talk show host with KLAS and a newscaster and variety show host with KTNV-Channel 13, Bob Bailey also wrote editorials for the *Las Vegas Voice*, the local African-American newspaper, and authored a column for the *Las Vegas Sun*; and

WHEREAS, Bob Bailey's high profile after only 2 years in Las Vegas led to his appointment as the local chairman of the Urban Renewal Advisory Commission in 1956, which was followed by numerous other appointments, including an appointment by Governor Grant Sawyer in 1961 to the commission established by the Legislature to study the extent of discrimination against minorities in Nevada; and

WHEREAS, Bob Bailey's work investigating job opportunities for the Commission made him a natural choice to direct a federally encouraged Manpower Services program that trained minorities in jobs traditionally reserved for whites and, as a result of Bob's determination and persistent recruitment of assistance from casino executives and managers, opened up more than 1,000 jobs to minorities in less than 2 years; and

WHEREAS, To augment the meager income from his television career, Bob Bailey became a real estate broker and developer, and in 1964 he and his wife, Anna, opened a club in West Las Vegas named the Sugar Hill, which became an after-hours hangout for the next 25 years for such big name entertainers as Sammy Davis, Jr., Johnny Carson and Duke Ellington, and, during that period, employed over 500 African Americans; and

WHEREAS, In the mid-1960s, Bob and Anna Bailey also bought the riot-damaged West Owens Shopping Center and converted much of it into the Pan-Afro Auditorium, a move that continued to build the economic growth and employment of the African-American community in Las Vegas; and

WHEREAS, Bob Bailey later established the Nevada Economic Development Company, which helped minority businesses obtain $300 million in loans and lines of credit over 19 years; and

WHEREAS, Bob Bailey's success in this venture led to a job in Washington, D.C., as an associate director and, later, deputy director of the Minority Business Development Agency, which included the responsibility of overseeing a $66 million national budget and helping to report to the United States Congress on its work; and

WHEREAS, Anna Bailey encouraged her husband to accept the appointment at the United States Department of Commerce and for the 4 years during his absence managed the family business, including the development and operation of the Baby Grand Night Club, which they had acquired just prior to Bob's appointment, and continued her role as the mother of their two children, Kimberly and John; and

WHEREAS, Being homesick for Nevada, Bob Bailey declined the offer to stay in Washington after President George Bush left office and is currently concentrating on his New

Ventures Inc., which has been awarded a contract to certify local businesses as qualified to participate in a new Small Business Administration program; and

WHEREAS, Anna Bailey's boundless energy has made her a vital part of various community organizations and kept her beside her husband through all their commitments and successes for the past 48 years; and

WHEREAS, Together Bob and Anna Bailey raised two college graduates, now successful in their own right, John Robert Bailey, an attorney with Lionel, Sawyer & Collins, and Kimberly Ann Bailey-Tureaud, a minority business developer; now, therefore, be it

RESOLVED BY THE ASSEMBLY OF THE STATE OF NEVADA, THE SENATE CONCURRING, That the members of the 70th session of the Nevada Legislature do hereby commend and express their heartfelt gratitude to William H. "Bob" Bailey and Anna Bailey for all their efforts to help make Nevada a place where persons of all races and diverse backgrounds can live together and prosper together; and be it further

RESOLVED, That the Chief Clerk of the Assembly prepare and transmit a copy of this resolution to Bob and Anna Bailey.

Assemblyman Williams moved the adoption of the resolution.

Remarks by Assemblymen Williams, Collins, Hettrick, Chowning, Nolan, Ohrenschall, Marvel, Beers, Price, and Tiffany.

Assemblyman Carpenter requested that the following remarks be entered in the Journal.

ASSEMBLYMAN WILLIAMS:

Thank you, Mr. Speaker. I rise today in support of this resolution even though I really feel in my heart that I'm not really capable to do so or have the right to do so. The Baileys, Bob Bailey and Anna Bailey and their family, encompass what historic Nevada is all about. I think their families and their lives truly indicate the best of Nevada. Their lives also serve as a blueprint to us and to the children and generations to come. Their lives are a blueprint of what good things can happen in Nevada, and what the best things in Nevada are and what Nevada represents as a true, great state.

The Bailey's have been the ones who have led the way, not only in the areas of social change, but in economic change and personal change as well, affecting many people's lives throughout our state. Having been in Las Vegas for approximately 22 years, it's very easy for me and others who have known them over that period of time—even beyond the time I have known them—to see that they're the type of people that we, as Nevadans, should emulate and copy. We should try to live our lives by the same type of patterns and same type of drive and dignity they encompass and show in everything we do.

I think everybody should take some time, if its not today or after we adjourn or *sine die* here, to look at the trail both of them has led across this country and throughout the world. It was mentioned that Mrs. Bailey served as one of the very first dancers at the Moulin Rouge Casino, which opened in 1955. It was, by the way, the first integrated casino in the world. As gaming proliferates throughout the nation and throughout the world, there is one thing that Nevada can always point to: the fact that we opened and still have the first integrated casino in the world, plus the fact that we still have a living legend in Nevada, which is something we can all be proud of.

Speaking of Bob Bailey, his work as an artist, entertainer, activist, visionary—and even his work on Capitol Hill and the White House—serves to show how the many great things and aspects of his character, commitment, and life we can all implement.

We struggle and debate issues that affect folks lives every day in this body, and change laws and do things for people every day, making their lives better. One thing we do when we recognize people like the Bailey's is show that we have people in our state that we not only pass laws for, but can look to and say, "Here's what's great about Nevada, here's why Nevada will be great in the future." Sometimes, even when we look at the things that are not so right in Nevada, these people work to make those things better and now they are better. I think we can all stand proud and hold our heads high when we look at the Bailey family, a family we can emulate in our own lives. So, Mr. Speaker, I would urge my colleagues to all adopt this resolution.

It's mentioned in the resolution that Mrs. Bailey was known throughout the world as the "Georgia Peach." She is still beautiful today. Every time I look at her, I always say she has the looks of a woman who is 19, the drive of a woman who is 29, the determination of a woman who is 39, the grace of a woman who is 49, obviously the wisdom of a woman who is 59, the class of a woman who is 69 and, finally, the wealth of a woman who is 79.

If we only had as much vision as Bob Bailey. If we only had as much determination as Mr. Bailey. If I was only as articulate as Mr. Bailey and had as much courage as he's shown this nation and if I only could dress as nice and sharp as Mr. Bailey. If we all care about people, and others, as much as Mr. Bailey, Nevada will continue to be the great state that it is. I would urge my colleagues to accept this resolution and adopt it.

ASSEMBLYMAN COLLINS:

Thank you, Mr. Speaker. I, too, rise in support of ACR 75. Of course, my chairman of Education—he sure knows how to pack a speech. He puts words in there that really go well. I commend him for that. I rise, because, I grew up in southern Nevada and lived not too far away from the many things that the Baileys have done to achieve progress in West Las Vegas and in southern Nevada. First, I remember him, when I was a lot younger, having a television show on in the afternoons when I got home from school. He did a lot of things that diversified our community and brought progress to our community. Living near Rancho and Owens, I knew when he stepped in with some folks and revitalized an area that was not in good condition. He's done a lot of things for our community and I just want to join in support of this resolution and recognize the Bailey family for all that they've done for southern Nevada, and for the thousands of people who have come to Nevada. So, I hope you all will support this resolution.

ASSEMBLYMAN HETTRICK:

Thank you, Mr. Speaker. I, too, rise in support of ACR 75. I do have to agree with my colleague. I don't think we can top the speech given by the chairman of Education. He did a great job. I have to say that it was interesting to me. I had the privilege of attending the Republican National Convention in 1996 with Bob Bailey and Anna. Quite frankly, I did not know any of this about Bob Bailey. I hate to admit it. I'm from the north. Obviously, Mr. Bailey and Anna are from the south. I didn't know any of this past history. The reason, when I saw this on the desk and read it, I decided to rise, was I wanted to say, despite all his accomplishments, or in addition to, what impresses me more than anything, is they are both just really nice people. What a pleasure to be around and to deal with and to just have the chance to associate with—first-class people. These kinds of accomplishments just make me even more proud of them and understand fully why they are such great folks. We are proud to honor you. You obviously both deserve it. It's my pleasure to rise in support of this resolution, Mr. Speaker.

ASSEMBLYWOMAN CHOWNING:

Thank you, Mr. Speaker. I, too, rise in support, proud support, of ACR 75. When I was a young girl growing up, I lived in Victory Village—Carver Park was the other housing development. They were segregated. When I was growing up, I really didn't even understand what all that meant. I did when I was older and it's a sad part of our state's history. I am so proud that we live in a diverse, integrated society now. And it's because of people like this, who serve as role models, that so many people have housing that they can be proud to live in. My father worked at the Moulin Rouge in the 1950's for six months. So, I am proud of that, too. I grew up watching him on television, too. Thank you for all you've done for us.

ASSEMBLYMAN NOLAN:

Thank you, Mr. Speaker. I, too, rise in support of ACR 75. My father was in the real estate industry in southern Nevada and in northern Nevada here for a number of years and has worked with Mr. Bailey and always has good things to say about him. As I got a little bit older, and began working in the Chamber of Commerce, some of the first committees I worked on, I served with Mr. Bailey. It's so nice to know that someone who has been so successful in their own personal life and is so preoccupied in their professional business, can still take time to become

involved in community affairs, and in making their community and our community in southern Nevada such a great place to live. And so, for that, we thank both of you.

ASSEMBLYWOMAN OHRENSCHALL:

Thank you, Mr. Speaker. I, too, rise in support of this resolution. I am very proud to have worked with Bob Bailey on many community activities through the years. But, I think, what sums it up is that Bob and Anna Bailey are the epitome of community activists who have touched thousands of people's lives and left them the richer and better for it. Thank you.

ASSEMBLYMAN MARVEL:

Thank you, Mr. Speaker. I, too, support ACR 75. I think those of us who have been around the legislature for a while have gotten to know Bob fairly well from the work he has done for economic development. He has never lost his interest in what could be done for rural Nevada. I think we also owe him a real deep thanks for helping us break down the racial barriers we have in the State of Nevada because he has done a tremendous job, he and Anna, and their son John, who is also a graduate of McGeorge Law School, where my son is a graduate. More than that, I go back to the old Count Basie days, the "Satchmo" Armstrong's—I probably saw you at the Moulin Rouge, maybe you and Anna both. At that time, I didn't know who you were. May I say this again: thank you, Bailey Family, for what you've contributed to the State of Nevada. It's been a real honor knowing you. Just recently we were able to work together on the Governor's transition team and Bob certainly has been an asset to the transition for Governor Guinn. Thanks a lot, Bob and Anna.

ASSEMBLYMAN BEERS:

Thank you, Mr. Speaker. I rise in support ACR 75. I think, perhaps, one of the most lasting measures of a man and a woman are their children. I got to know Mr. and Mrs. Bailey through their children before I got to know Mr. and Mrs. Bailey. I worked on a civic organization with John and found him to be very hard working, talented and capable. I went through Leadership Las Vegas with Kim, and she's just a Tasmanian devil of advocacy, in the best sense. John and Kim are two lasting testaments to your lives together and they're very welcome additions to the state. Thank you.

ASSEMBLYMAN PRICE:

Thank you, Mr. Speaker. It's also with pride that I rise to support this resolution to two wonderful people. Like most southern Nevadans over the years, we've had an opportunity to work together and to be associated in many areas. I got to thinking about it as we were reading the resolution and I am not sure that Bob knows this, but when I was an apprentice electrician and just getting started back in 1955, the Moulin Rouge was, in fact, the second apprenticeship job I ever had. I worked over there helping with Vegas Valley, who was the contractor. They had a different name then. I worked on the Moulin Rouge when it was getting started there. Then, of course, I was back for shows and everything else at a later time. When you think about how Las Vegas was before it got started and the great progress that has been made today, it is in large part thanks to the work of Bob and Anna. Nevada, southern Nevada, and all of your friends and constituents throughout the state greatly love and appreciate it.

ASSEMBLYWOMAN TIFFANY:

Thank you, Mr. Speaker. I rise in support of this resolution. I was not going to say anything because there has been so many wonderful things said about Mr. Bailey. There is one particular event that I was involved in with Mr. Bailey. He has brought his national contacts to Las Vegas and a very special, select group of people that I think is worth mentioning. He put together an event called "Vocal Extravaganza in Black." He brought all of the Black college choirs to Las Vegas to compete. Las Vegas Events kicked in to this, and the Commission Authority was behind it. At the time he could retire, with everything he has done, I just want you to know how actively he is involved in our community and with the Black community. These kids are role models for our Black kids in Las Vegas and I think that is a very special contribution that's worth mentioning. I stand in support. Anna, it is nice to see you. Thank you, Mr. Speaker.

Upon such a request, the principal of the school shall meet with each teacher who made the request to review the pupil's record of discipline. If, after the review, the principal of the school determines that the provisions of subsection 1 do not apply to the pupil, a teacher who submitted a request pursuant to this subsection may appeal that determination to the board of trustees of the school district. (e) If applicable, a summary of the provisions of subsection 4.

A school shall provide the notice required by this subsection for each suspension on the record of a pupil during a school year. A school may include the notice required by this subsection with notice that is otherwise

6. The form designed and provided by the secretary of state for the reporting of expenditures pursuant to this section must be designed to be used by a committee to record in the form of a list each expenditure as it is made.

Sec. 11. NRS 294A.345 is hereby amended to read as follows:

The commission shall give priority to such a request over all other matters pending with the commission.

~~[4.]~~ *3.* A person who violates the provisions of this section is subject to a civil penalty that may be imposed by the commission on ethics pursuant to NRS 281.551.

~~[5.]~~ *4.* As used in this section:

(a) "Actual malice" means knowledge of the falsity of a statement or reckless disregard for whether a statement is true or false.

(b) "Publish" means the act of printing, posting, broadcasting, mailing, speaking or otherwise disseminating.

Sec. 12. NRS 294A.360 is hereby amended to read as follows:

294A.360 1. Every candidate for city office where the general city election is preceded by a primary city election shall file the reports in the manner required by NRS 294A.120, 294A.200 and 294A.350 for other offices not later than:

(a) Seven days before the primary city election, for the period from 30 days after the last election for that office up to 12 days before the primary city election;

(b) Seven days before the general city election, whether or not the candidate won the primary city election, for the period from 12 days before the primary city election up to 12 days before the general city election; and

(c) The 15th day of the second month after the general city election, for the remaining period up to 30 days after the general city election.

2. Every candidate for city office where there is no primary city election shall so file those reports:

(a) Seven days before the general city election, for the period from 30 days after the last election for that office up to 12 days before the general city election; and

(b) The 15th day of the second month after the general city election, for the remaining period up to 30 days after the general city election.

3. The city clerk shall design the form for each report a candidate for city office is required to file pursuant to NRS 294A.120 and 294A.200. *The form designed and provided by the city clerk for the reporting of campaign contributions and campaign expenses pursuant to this section must be designed to be used to record in the form of a list each campaign contribution as it is made and each campaign expense as it is incurred.*

The city clerk shall submit the form to the secretary of state for approval. The city clerk shall not use such a form until it is approved.

Sec. 13. NRS 294A.380 is hereby amended to read as follows:

294A.380 The secretary of state may adopt and promulgate regulations, prescribe forms *in accordance with the provisions of this chapter* and take such other actions as are necessary for the implementation and effective administration of the provisions of this chapter.

Sec. 14. NRS 281.477 is hereby amended to read as follows:

281.477 1. If a request for an opinion is filed with the commission pursuant to NRS 294A.345 or 294A.346, the commission shall conduct a public hearing on the request. Except as otherwise provided in subsection 6, the hearing must be held as expeditiously as possible, but not later than 15 days after the receipt of the request for the opinion.

2. Such a request must be accompanied by all evidence and arguments to be offered by the requester concerning the issues related to the request. Except as otherwise provided in this subsection, if such evidence and arguments are not submitted with the request, the commission may:

(a) Draw any conclusions it deems appropriate from the failure of the person or group of persons requesting the opinion to submit the evidence and arguments, other than a conclusion that a person alleged to have violated NRS 294A.345 acted with actual malice; and

(b) Decline to render an opinion.

The provisions of this subsection do not prohibit the commission from considering evidence or arguments presented by the requester after submission of the request for an opinion if the commission determines that consideration of such evidence or arguments is in the interest of justice.

3. The commission shall immediately notify any person alleged to have violated NRS 294A.345 or 294A.346 that such an opinion has been requested by the most expedient means possible. If notice is given orally by telephone or in any other manner, a second notice must be given in writing ~~[no]~~ *not* later than the next calendar day by facsimile machine or overnight mail. The notice must include the time and place of the commission's hearing on the matter.

4. A person notified pursuant to subsection 3 shall submit a response to the commission ~~[no]~~ *not* later than ~~[at]~~ the close of business on the second business day following the receipt of the notice. The response must be accompanied by any evidence concerning the issues related to the request that the person has in his possession or may obtain without undue financial hardship. Except as otherwise provided in this subsection, if such evidence is not submitted within that time, the commission may:

(a) Draw any conclusions it deems appropriate from the failure of that person to submit the evidence and argument; and

(b) Prohibit that person from responding and presenting evidence at the hearing.

The provisions of this subsection do not prohibit the commission from allowing that person to respond and present evidence or arguments, or both, after the close of business on the second business day if the commission determines that consideration of such evidence or arguments is in the interest of justice.

5. Except as otherwise provided in subsection 4, the commission shall allow any person alleged to have violated NRS 294A.345 or 294A.346 to:

(a) Be represented by counsel; and

(b) Hear the evidence presented to the commission and respond and present evidence on his own behalf.

6. At the request of:

(a) The person or group of persons that filed the request for the opinion pursuant to NRS 294A.345 or 294A.346; or

(b) The person alleged to have violated the provisions of NRS 294A.345 or 294A.346,

the commission may grant a continuance of a hearing held pursuant to the provisions of this section upon a showing of the existence of extraordinary circumstances that would prohibit the commission from rendering a fair and impartial opinion. A continuance may be granted for not more than 15 days. Not more than one continuance may be granted by the commission pursuant to this subsection.

7. The person or group of persons that filed the request for the opinion pursuant to NRS 294A.345 or 294A.346 has the burden of proving the elements of the offense, including that a person alleged to have violated NRS 294A.345 acted with actual malice. The existence of actual malice may not be presumed. A final opinion of the commission rendered pursuant to this section must be supported by clear and convincing evidence. *In addition to*

the other requirements for issuing an opinion pursuant to this subsection, the commission shall not render a final opinion determining that a person has violated NRS 294A.345 unless the commission makes specific findings that:

(a) The person caused to be published a false statement of fact concerning a candidate;

(b) The person acted with actual malice in causing the false statement to be published;

(c) The person acted with the intent to impede the success of the campaign of the candidate in causing the false statement to be published; and

(d) The publication of the false statement did in fact impede the success of the campaign of the candidate.

8. The commission shall render its opinion, or decline to render an opinion, as expeditiously as possible, but not later than 3 days after the date of the hearing. If additional time is required to determine the state of mind or the intent of the person alleged to have violated the provisions of NRS 294A.345 or 294A.346 or to determine the amount of any civil penalty that may be imposed pursuant to NRS 281.551, the commission may continue its jurisdiction to investigate those issues but shall render its opinion as to the truth or falsity of the statement made concerning the candidate or the ballot question or its opinion as to whether the person impeded the success of the campaign or induced another person to impede the success of the campaign. If the commission continues its jurisdiction pursuant to this subsection, it may render a final opinion after the time set forth in this subsection.

9. A final opinion of the commission rendered pursuant to this section is subject to judicial review pursuant to NRS 233B.130. The district court shall give a petition for judicial review of a final opinion of the commission priority over other civil matters that are not expressly given priority by law. Notwithstanding the provisions of NRS 233B.130, the court may provide for such expedited review of the final opinion, including shortened periods for filing documents, as it deems appropriate for the circumstances.

10. Each request for an opinion filed pursuant to NRS 294A.345 or 294A.346, each opinion rendered by the commission pursuant thereto and any motion, evidence or record of a hearing relating to the request are public and must be open to inspection pursuant to NRS 239.010.

11. For the purposes of NRS 41.032, the members of the commission and its employees shall be deemed to be exercising or performing a discretionary function or duty when taking any action related to the rendering of an opinion pursuant to this section.

12. Except as otherwise provided in this section, a meeting or hearing held by the commission to carry out the provisions of this section and the commission's deliberations on the information or evidence are not subject to any provision of chapter 241 of NRS.

13. As used in this section:

(a) "Actual malice" has the meaning ascribed to it in NRS 294A.345.

(b) "Publish" has the meaning ascribed to it in NRS 294A.345.

Sec. 15. NRS 281.551 is hereby amended to read as follows:

281.551 1. In addition to any other penalty provided by law, the commission may impose on a public officer or employee or former public officer or employee civil penalties not to exceed $5,000 for a willful violation of this chapter.

2. In addition to other penalties provided by law, the commission may impose a civil penalty not to exceed $5,000 and assess an amount equal to the amount of attorney's fees and costs actually and reasonably incurred by the person about whom an opinion was requested pursuant to NRS 281.511, against a person who:

(a) Submits to the commission, in bad faith or with a vexatious purpose, an accusation or information that is false;

(b) Submits to the commission, in connection with a request for an opinion that the commission determines to be without merit, an accusation or information that is false; or

(c) Prevents, interferes with or attempts to prevent or interfere with the discovery or investigation of a violation of this chapter.

3. If the commission finds that a violation of a provision of this chapter by a public officer or employee or former public officer or employee has resulted in the realization by another person of a financial benefit, the commission may, in addition to other penalties provided by law, require the current or former public officer or employee to pay a civil penalty of not more than twice the amount so realized.

4. Except as otherwise provided in this subsection, and in addition to any other penalty provided by law, the commission may impose on any person who violates any provision of NRS 294A.345 or 294A.346 a civil penalty not to exceed $10,000. ~~[If]~~ *Except as otherwise provided in this subsection, if* the commission finds that a violation of NRS 294A.345 or 294A.346 occurred within 10 days before an election, including any recall or special election, the commission may impose on the person who committed such a violation a civil penalty not to exceed $30,000. *The commission shall not impose a civil penalty for a violation of NRS 294A.345 unless the commission has made the specific findings required pursuant to subsection 7 of NRS 281.477.*

5. If the commission finds that a violation of this chapter has been committed by a public officer removable from office by impeachment only, it shall file a report with the appropriate person responsible for commencing impeachment proceedings as to its finding. The report must contain a statement of the facts alleged to constitute the violation.

6. An action taken by a public officer or employee or former public officer or employee relating to NRS 281.481, 281.491, 281.501 or 281.505 is not a willful violation of a provision of those sections if the public officer or employee:

(a) Relied in good faith upon the advice of the legal counsel retained by the public body which the public officer represents or by the employer of the public employee;

(b) Was unable, through no fault of his own, to obtain an opinion from the commission before the action was taken; and

(c) Took action that was not contrary to a prior opinion issued by the commission to the public officer or employee.

7. In addition to other penalties provided by law, a public employee who willfully violates a provision of NRS 281.481, 281.491, 281.501 or 281.505 is subject to disciplinary proceedings by his employer and must be referred for action in accordance to the applicable provisions governing his employment.

8. NRS 281.481 to 281.541, inclusive, do not abrogate or decrease the effect of the provisions of the Nevada Revised Statutes which define crimes or prescribe punishments with respect to the conduct of public officers or employees.

9. The imposition of a civil penalty pursuant to subsections 1 to 4, inclusive, is a final decision for the purposes of judicial review.

10. In determining for the purposes of this section whether a person submitted an accusation or information in bad faith or with a vexatious purpose, the commission may consider various factors, including, without limitation:

(a) When the accusation or information was filed with or provided to the commission;

(b) Whether and, if applicable, in what manner the person who submitted the accusation or information publicly disseminated the accusation or information before the commission determined whether there was just and sufficient cause to render an opinion in the matter;

(c) Whether the accusation or information sets forth alleged facts or details that are misleading or deceptive; and

(d) Whether the accusation or information or the conduct of the person who submitted the accusation or information:

(1) Would be perceived as annoying or harassing by a reasonable person; or

(2) Demonstrates conscious disregard for the process and procedures established by the commission.

GENERAL FILE AND THIRD READING

Assembly Bill No. 368.

Bill read third time.

The following amendment was proposed by the Committee on Ways and Means:

Amendment No. 1194.

Amend the bill as a whole by deleting sec. 2, renumbering sec. 3 as sec. 4 and adding new sections designated sections 2 and 3, following section 1, to read as follows:

"Sec. 2. Chapter 393 of NRS is hereby amended by adding thereto a new section to read as follows:

A school district that has more than 150,000 pupils enrolled shall develop and adopt a policy concerning the renovation or reconstruction of older buildings for schools or related facilities. As part of the policy, consideration must be given to the relative advantages and disadvantages of the renovation or reconstruction of older buildings for schools or related facilities as compared to the design, construction or purchase of new buildings for schools or related facilities. The policy must include, without limitation, guidelines for use by the board of trustees in determining whether older buildings should be renovated or reconstructed or whether new buildings to replace those older buildings should be constructed or purchased.

Sec. 3. 1. The legislature hereby finds and declares that:

(a) The deterioration of school facilities has become a grave concern in this state;

(b) The local governments in the various portions of the state are currently faced with unique financial problems resulting from a variety of situations because in some local governments the population is rapidly increasing whereas in others the population is generally declining;

(c) Some local governments are still attempting to rehabilitate schools that were built around the turn of the last century and others cannot build new schools quickly enough to meet the needs of the children in the district; and

(d) Because of the unique variety of problems facing the local governments of this state a general law cannot be made applicable to ensure that children in more densely populated urban areas are provided with a safe environment which encourages learning.

2. The board of trustees of the Clark County School District shall establish a pilot program to replace schools. The school district may use an amount not to exceed $15 million from the proceeds of the bonds issued pursuant to subsection 3 or 4 of NRS 350.020 to:

(a) Evaluate older schools within the district to determine the need for renovation or reconstruction of those schools in furtherance of section 2 of this act; and

(b) Reconstruct one existing elementary school designated by the board of trustees from among the three schools analyzed in 1998 by the board of trustees in the study entitled "Rehab vs. Replacement Study/Phase Analysis." The board of trustees, upon designating the school to be reconstructed, shall with all deliberate speed commence the reconstruction of the designated school with a planned completion date of July 1, 2001.

3. The purpose of this section is to provide authority to expend the proceeds of the bonds issued pursuant to subsection 3 or 4 of NRS 350.020

for reconstruction that is additional to and does not replace, repeal or limit any existing authority to so expend such proceeds.

4. On or before February 1, 2001, the Clark County School District shall submit to the director of the legislative counsel bureau for transmission to the 71st session of the Nevada legislature an interim report regarding the pilot program to replace schools. The report must include, without limitation, the progress of the effort to evaluate the older schools conducted pursuant to paragraph (a) of subsection 2 of this section and the progress of the reconstruction of the designated elementary school.".

Amend the title of the bill to read as follows:

"AN ACT relating to education; requiring that the annual audit of certain school districts include an audit of expenditures relating to the design, construction, acquisition and renovation of school facilities and grounds; requiring certain school districts to develop and adopt a policy to renovate or reconstruct certain school facilities; requiring a certain school district to establish a pilot program for replacing schools; authorizing the use of certain proceeds of bonds for the pilot program; requiring the submission of an interim report concerning the progress of the pilot program; and providing other matters properly relating thereto.".

Amend the summary of the bill to read as follows:

"SUMMARY—Requires annual audit of certain expenditures by certain school districts and development of policy to renovate or reconstruct certain school facilities by certain school districts. (BDR 31-179)".

Thank you, Mr. Speaker. I wanted to note that there will be a letter of intent clarifying that the meetings would be an open, public meeting rather than just the "may" which is in there. It was urged they include faculty and students in the study as well. I just wanted to note that for the record.

Sec. 18. NRS 624.283 is hereby amended to read as follows:

624.283 1. Each license issued under the provisions of this chapter expires 1 year after the date on which it is issued, except that the board may by regulation prescribe shorter or longer periods and prorated fees to establish a system of staggered renewals. Any license which is not renewed on or before the date for renewal is automatically suspended.

2. A license may be renewed by submitting to the board:

(a) An application for renewal;

(b) The statement required pursuant to NRS 624.268 if the holder of the license is a natural person; ~~[and]~~

(c) The fee for renewal fixed by the board ~~[.]~~ *; and*

(d) Any assessment required pursuant to section 9 of this act if the holder of the license is a residential contractor as defined in section 7 of this act.

3. The board may require a licensee to demonstrate his financial responsibility at any time through the submission of:

(a) A financial statement that is prepared by an independent certified public accountant; and

(b) If the licensee performs residential construction, such additional documentation as the board deems appropriate.

4. If a license is automatically suspended pursuant to subsection 1, the licensee may have his license reinstated upon filing an application for renewal within 6 months after the date of suspension and paying, in addition to the fee for renewal, a fee for reinstatement fixed by the board, if he is otherwise in good standing and there are no complaints pending against him. If he is otherwise not in good standing or there is a complaint pending, the board shall require him to provide a current financial statement prepared by an independent certified public accountant or establish other conditions for reinstatement. If the licensee is a natural person, his application for renewal must be accompanied by the statement required pursuant to NRS 624.268. A license which is not reinstated within 6 months after it is automatically suspended may be canceled by the board, and a new license may be issued only upon application for an original contractor's license.

Sec. 19. NRS 624.300 is hereby amended to read as follows:

624.300 1. Except as otherwise provided in subsection 3, the board may:

(a) Suspend or revoke licenses already issued;

(b) Refuse renewals of licenses;

(c) Impose limits on the field, scope and monetary limit of the license;

(e) *Order a licensee to repay to the account established pursuant to section 9 of this act, any amount paid out of the account pursuant to section 13 of this act as a result of an act or omission of that licensee;*

(f) Order the licensee to take action to correct a condition resulting from an act which constitutes a cause for disciplinary action, at the licensee's cost, that may consist of requiring the licensee to:

(1) Perform the corrective work himself;

(2) Hire and pay another licensee to perform the corrective work; or

(3) Pay to the owner of the construction project a specified sum to correct the condition; or

~~[(f)]~~ *(g)* Reprimand or take other less severe disciplinary action, including, without limitation, increasing the amount of the surety bond or cash deposit of the licensee,

if the licensee commits any act which constitutes a cause for disciplinary action.

2. If the board suspends or revokes the license of a contractor for failure to establish financial responsibility, the board may, in addition to any other conditions for reinstating or renewing the license, require that each contract undertaken by the licensee for a period to be designated by the board, not to exceed 12 months, be separately covered by a bond or bonds approved by the board and conditioned upon the performance of and the payment of labor and materials required by the contract.

3. If a licensee violates the provisions of NRS 624.3014 or subsection 3 of NRS 624.3015, the board may impose an administrative fine of not more than $20,000.

4. If a licensee commits a fraudulent act which is a cause for disciplinary action under NRS 624.3016, the correction of any condition resulting from the act does not preclude the board from taking disciplinary action.

5. If the board finds that a licensee has engaged in repeated acts that would be cause for disciplinary action, the correction of any resulting conditions does not preclude the board from taking disciplinary action pursuant to this section.

6. The expiration of a license by operation of law or by order or decision of the board or a court, or the voluntary surrender of a license by a licensee, does not deprive the board of jurisdiction to proceed with any investigation of, or action or disciplinary proceeding against, the licensee or to render a decision suspending or revoking the license.

7. If discipline is imposed pursuant to this section, including any discipline imposed pursuant to a stipulated settlement, the costs of the

proceeding, including investigative costs and attorney's fees, may be recovered by the board.

Sec. 20. NRS 624.3016 is hereby amended to read as follows:

5. Failure to comply with NRS 597.713, 597.716 or 597.719 or any regulations of the board governing contracts for the construction of residential pools and spas.

6. Failure to comply with NRS 624.321.

7. Misrepresentation or the omission of a material fact, or the commission of any other fraudulent or deceitful act, to obtain a license.

8. Failure to pay an assessment required pursuant to section 9 of this act.".

Amend the bill as a whole by adding a new section designated sec. 41, following sec. 39, to read as follows:

(a) For the first offense within 7 years, is guilty of a misdemeanor. Unless he is allowed to undergo treatment as provided in NRS 484.37937, the court shall:

(1) Except as otherwise provided in subsection 6, order him to pay tuition for an educational course on the abuse of alcohol and controlled

substances approved by the department and complete the course within the time specified in the order, and the court shall notify the department if he fails to complete the course within the specified time;

(2) Unless the sentence is reduced pursuant to NRS 484.37937, sentence him to imprisonment for not less than 2 days nor more than 6 months in jail, or to perform not less than 48 hours, but not more than 96 hours, of work for the community while dressed in distinctive garb that identifies him as having violated the provisions of NRS 484.379; and

An offender so imprisoned must, insofar as practicable, be segregated from offenders whose crimes were violent and, insofar as practicable, be assigned to an institution or facility of minimum security.

2. An offense that occurred within 7 years immediately preceding the date of the principal offense or after the principal offense constitutes a prior offense for the purposes of this section when evidenced by a conviction, without regard to the sequence of the offenses and convictions. 4. A term of confinement imposed pursuant to the provisions of this section may be served intermittently at the discretion of the judge or justice of the peace, except that a person who is convicted of a second or subsequent offense within 7 years must be confined for at least one segment of not less than 48 consecutive hours. This discretion must be exercised after considering all the circumstances surrounding the offense, and the family and employment of the offender, but any sentence of 30 days or less must be served within 6 months after the date of conviction or, if the offender was sentenced pursuant to NRS 484.37937 or 484.3794 and the suspension of his sentence was revoked, within 6 months after the date of revocation. 5. Jail sentences simultaneously imposed pursuant to this section and NRS 483.560 or 485.330 *or section 3 of this act* must run consecutively.

6. If the person who violated the provisions of NRS 484.379 possesses a driver's license issued by a state other than the State of Nevada and does not reside in the State of Nevada, in carrying out the provisions of subparagraph (1) of paragraph (a) or (b) of subsection 1, the court shall:

and the court shall notify the department if the person fails to complete the assigned course within the specified time.

7. If the defendant was transporting a person who is less than 15 years of age in the motor vehicle at the time of the violation, the court shall consider that fact as an aggravating factor in determining the sentence of the defendant.

8. As used in this section, unless the context otherwise requires, "offense" means a violation of NRS 484.379 or 484.3795 or a homicide resulting from the driving of a vehicle while under the influence of intoxicating liquor or a controlled substance, or the violation of a law of any other jurisdiction that prohibits the same or similar conduct.".

Sec. 2. NRS 350.020 is hereby amended to read as follows:

350.020 1. Except as otherwise provided by subsections 3 and 4, if a municipality proposes to issue or incur general obligations, the proposal must be submitted to the electors of the municipality at a special election called for that purpose or the next general municipal election or general state election.

2. Such a special election may be held:

(a) At any time, *including, without limitation, on the date of a primary municipal election or a primary state election,* if the governing body of the municipality determines, by a unanimous vote, that an emergency exists; or

(b) On the first Tuesday after the first Monday in June of an odd-numbered year.

The determination made by the governing body is conclusive unless it is shown that the governing body acted with fraud or a gross abuse of discretion. An action to challenge the determination made by the governing body must be commenced within 15 days after the governing body's determination is final. As used in this subsection, "emergency" means any occurrence or combination of occurrences which requires immediate action

by the governing body of the municipality to prevent or mitigate a substantial financial loss to the municipality or to enable the governing body to provide an essential service to the residents of the municipality.

3. If payment of a general obligation of the municipality is additionally secured by a pledge of gross or net revenue of a project to be financed by its issue, and the governing body determines, by an affirmative vote of two-thirds of the members elected to the governing body, that the pledged revenue will at least equal the amount required in each year for the payment of interest and principal, without regard to any option reserved by the municipality for early redemption, the municipality may, after a public hearing, incur this general obligation without an election unless, within 60 days after publication of a resolution of intent to issue the bonds, a petition is presented to the governing body signed by not less than 5 percent of the registered voters of the municipality who together with any corporate petitioners own not less than 2 percent in assessed value of the taxable property of the municipality. Any member elected to the governing body whose authority to vote is limited by charter, statute or otherwise may vote on the determination required to be made by the governing body pursuant to this subsection. The determination by the governing body becomes conclusive on the last day for filing the petition. For the purpose of this subsection, the number of registered voters must be determined as of the close of registration for the last preceding general election and assessed values must be determined from the next preceding final assessment roll. An authorized corporate officer may sign such a petition whether or not he is a registered voter. The resolution of intent need not be published in full, but the publication must include the amount of the obligation and the purpose for which it is to be incurred. Notice of the public hearing must be published at least 10 days before the day of the hearing. The publications must be made once in a newspaper of general circulation in the municipality. When published, the notice of the public hearing must be at least as large as 5 inches high by 4 inches wide.

4. The board of trustees of a school district may issue general obligation bonds which are not expected to result in an increase in the existing property tax levy for the payment of bonds of the school district without holding an election for each issuance of the bonds if the qualified electors approve a question submitted by the board of trustees that authorizes issuance of bonds for a period of 10 years after the date of approval by the voters. If the question is approved, the board of trustees of the school district may issue the bonds for a period of 10 years after the date of approval by the voters, after obtaining the approval of the debt management commission in the county in which the school district is located and, in a county whose population is 100,000 or more, the approval of the oversight panel for school facilities established pursuant to NRS 393.092 in that county, if the board of trustees of the school district finds that the existing tax for debt service will at least equal the amount required to pay the principal and interest on the outstanding

general obligations of the school district and the general obligations proposed to be issued. The finding made by the board of trustees is conclusive in the absence of fraud or gross abuse of discretion. As used in this subsection, "general obligations" does not include medium-term obligations issued pursuant to NRS 350.085 to 350.095, inclusive.

5. At the time of issuance of bonds authorized pursuant to subsection 4, the board of trustees shall establish a reserve account in its debt service fund for payment of the outstanding bonds of the school district. The reserve account must be established and maintained in an amount at least equal to the lesser of the amount of principal and interest payments due on all of the outstanding bonds of the school district in the next fiscal year or 10 percent of the outstanding principal amount of the outstanding bonds of the school district. If the amount in the reserve account falls below the amount required by this subsection:

(a) The board of trustees shall not issue additional bonds pursuant to subsection 4 until the reserve account is restored to the level required by this subsection; and

(b) The board of trustees shall apply all of the taxes levied by the school district for payment of bonds of the school district that are not needed for payment of the principal and interest on bonds of the school district in the current fiscal year to restore the reserve account to the level required pursuant to this subsection.

6. A municipality may issue special or medium-term obligations without an election.

Sec. 10. Section 26 of chapter 516, Statutes of Nevada 1997, at page 2469, and sections 3 and 15 of Senate Bill No. 501 of this session are hereby repealed.

Sec. 11. At the request of the director of the department of administration, the state board of finance shall issue general obligation bonds of the State of Nevada in a face amount not exceeding $16,000,000 pursuant to the State Securities Law. The proceeds of the bonds remaining after the payment of the costs of issuance of the bonds must be deposited in the fund to assist school districts in financing capital improvements, created pursuant to section 2 of this act, and used by the director of the department of administration pursuant to section 3 of this act to make grants to school districts for capital improvements.

Sec. 12. 1. The state controller may advance temporarily from the state general fund, upon the approval of the chief of the budget division of the department of administration, to the fund to assist school districts in financing capital improvements created pursuant to section 2 of this act, until the date on which bonds authorized by section 11 of this act are sold, amounts necessary to facilitate the making of grants to school districts pursuant to section 3 of this act. The state controller shall not advance more than the face amount of the bonds authorized to be issued. The advanced

amounts must be repaid immediately to the state general fund upon the sale of the bonds.

2. The chief of the budget division of the department of administration shall notify the state controller and the fiscal analysis division of the legislative counsel bureau of the approval of an advance from the state general fund to the fund to assist school districts in financing capital improvements pursuant to subsection 1.".

4. Any information relating to the study conducted pursuant to subsection 3 must be maintained by the city clerk and made available for public inspection during the business hours of the office of the city clerk.

Assemblyman Goldwater moved that the Assembly adopt the report of the first Conference Committee concerning Assembly Bill No. 669.
Remarks by Assemblyman Goldwater.
Motion carried.

REMARKS FROM THE FLOOR

Assemblyman Goldwater requested that his remarks be entered in the Journal:

It is the agreement of the State Gaming Control Board and the intent of the conference committees that there will be no attempt to assess the casino entertainment tax on credit card service charges that were collected and maintained by persons other than the licensee.

This does not preclude the board from making a deficiency tax determination on credit card service charges collected or retained by the licensee. In the case of such deficiency tax

determination, the licensee may seek a redetermination before the Nevada Gaming Commission that the service charges, as a matter of fact and law, were collected and retained by a third person. Assembly Bill No. 669 would have no bearing on the outcome of this redetermination.

The legislative intent of A.B. No. 669 is as follows:

(1) The casino entertainment tax does not apply to service charges, including those imposed in connection with use of credit cards or debit cards, that are collected and retained by persons other than the licensee.

(2) A.B. No. 669 shall not be used to justify any refund of casino entertainment taxes that have been paid. If the tax has been paid, that is the end of the matter.

(3) A.B. No. 669 shall not be used to justify any deficiency tax assessment by the State Gaming Control Board for periods preceding the effective date of the bill. In other words, the mere fact that a service charge is a credit card service does not support a deficiency tax assessment.

2. Except as otherwise provided in chapters 616A to 616D, inclusive, or chapter 617 of NRS, if the administrator determines that an insurer, organization for managed care, health care provider, third-party administrator or employer has failed to comply with any provision of this chapter or chapter 616A, 616B, 616C or 617 of NRS, or any regulation adopted pursuant thereto, the administrator may take any of the following actions:

Sec. 5. *1. A governing body that forms an improvement district for a commercial area vitalization project may contract with a nonprofit association to provide the improvements that are specified in the plans for the commercial area vitalization project. If creation of the commercial improvement district was initiated by petition, the governing body shall contract for that purpose with the association named in the plan for management of the improvement district.*

2. An association with which a governing body contracts pursuant to subsection 1 must be a private nonprofit corporation and must be identified in the plan for management of the improvement district. The association shall maintain liability insurance covering its activities.

3. The contract between the governing body and the association is a contract for professional services and is not subject to the limitations of subsection 1 of NRS 354.626. The terms of the contract may extend:

(a) Beyond the terms of office of members of the governing body; and

If the proposed modification of a plat expands the territory for assessment, a person who owns or resides within a tract which is located within the territory proposed to be added to the improvement district and which is used exclusively for residential purposes may file a protest pursuant to section 9 of this act at any time before the governing body modifies the plat by ordinance. A petition is not required for a modification made pursuant to this section.*

2. Upon receipt of a protest pursuant to subsection 1, the clerk shall provide a copy of the protest and legal description of the property to the governing body.

3. Before adopting a resolution or ordinance pursuant to NRS 271.325 and before adopting an ordinance that modifies an assessment plat for a commercial area vitalization project to include additional tracts of land, the governing body shall modify the assessment plat for a commercial area vitalization project to exclude any tract for which it received a protest pursuant to this section and which it determines will not benefit from the activities or improvements that are proposed to be provided by the commercial area vitalization project.

Sec. 10. *1. On or before June 30 of each year after the governing body acquires or improves a commercial area vitalization project, the governing body shall prepare or cause to be prepared an estimate of the expenditures required in the ensuing fiscal year and a proposed assessment roll assessing an amount not greater than the estimated cost against the benefited property. The governing body may, by resolution, dissolve an improvement district that is created for the purposes of a commercial area vitalization project if property owners whose property is assessed for a combined total of more than 50 percent of the total amount of the assessments of all the property in the improvement district submit a written petition to the governing body that requests the dissolution of the district within the period prescribed in subsection 2.*

2. The dissolution of an improvement district pursuant to this section may be requested within 30 days after:

(a) The first anniversary of the date the improvement district was created; and

(b) Each subsequent anniversary thereafter.

3. As soon as practicable after the receipt of the written petition of the property owners submitted pursuant to subsection 1, the governing body shall pass a resolution of intention to dissolve the improvement district. The governing body shall give notice of a hearing on the dissolution. The notice must be provided and the hearing must be held pursuant to the requirements set forth in section 10 of this act. Except as otherwise provided in subsection 2, whenever the owner or owners of lands to be assessed for not less than 90 percent of the entire cost of any project, including all incidental expenses, constituting at least 66 2/3 percent in frontage, in area or other property basis used for the computation of assessments as therein provided, as the case may be, by written petition, initiates the acquisition of any project which the governing body is authorized to initiate, subject to the following limitations:

~~[1. The]~~ *(a) Except as otherwise provided in subsection 7 of NRS 271.325, the* governing body may incorporate such project in any improvement district or districts.

~~[2.]~~ *(b)* The governing body need not proceed with the acquisition of any such project or any part thereof after holding a hearing thereon, pursuant to NRS 271.310, and all provisions thereof thereunto enabling, if the governing body shall determine that it is not for the public interest that the proposed project, or a part thereof, be then ordered to be made.

~~[3.]~~ *(c)* Any particular kind of project, or any material therefor, or any part thereof, need not be acquired or located, as provided in the petition, if the governing body shall determine that such is not for the public interest.

~~[4.]~~ *(d)* The governing body need not take any proceedings or action upon receiving any such petition, if the governing body shall thereupon determine by resolution that the acquisition of the designated project probably is not feasible for a reason or reasons stated in such resolution, and if the resolution requires a cash deposit or a pledge of property in at least an amount or value therein designated and found therein by the governing body probably to be sufficient to defray the expenses and costs incurred by the municipality taken preliminary to and in the attempted acquisition of the project designated in the petition, and if such deposit or pledge is not made with the treasurer within 20 days after one publication in a newspaper of general circulation in the municipality of a notice of the resolution's adoption and of its content in summary form. An additional deposit or pledge may from time to time be similarly so required as a condition precedent to the continuation of action by the municipality. Whenever such deposit or pledge is so made and thereafter the governing body shall determine that such acquisition is not feasible within a reasonable period of time, the governing body may require that all or any portion of the costs theretofore incurred in connection therewith by the municipality after its receipt of the petition shall be defrayed from such deposit or the proceeds of such pledged property in the absence of such defrayment of costs by petitioners or other interested persons within 20 days after the determination by resolution of the amount so to be defrayed and after such published notice thereof.

2. A petition signed by owners of tracts constituting at least one-half of the basis used for computation of assessments is sufficient to initiate procedures for acquiring or improving a commercial area vitalization project. A petition for acquiring or improving a commercial area vitalization

project must be accompanied by a plan describing proposed improvements and a proposed assessment plat when submitted to the governing body.

Sec. 17. NRS 271.290 is hereby amended to read as follows:

271.290 ~~[Upon]~~

1. Except as otherwise expressly provided or necessarily implied in this section or in NRS 271.285, upon the filing of such a petition, the governing body shall proceed in the same manner as is provided for hereby where proceedings are initiated by the governing body . ~~[, except as otherwise expressly provided or necessarily implied in NRS 271.285.]~~

2. Upon the filing of a petition for the acquisition or improvement of a commercial area vitalization project, the governing body shall hold a public hearing on the petition. At least 20 days before the public hearing, the governing body shall:

(a) Mail notice of the hearing to each owner of real property within the proposed improvement district and to each tenant who resides or owns a business located within the proposed improvement district; and

(b) Publish notice of the hearing in a newspaper of general circulation in the municipality,

describing the purpose and general location of the proposed improvement district, and the date, time and place of the proposed public hearing.

3. At the public hearing, any owner of real property or tenant who resides or owns a business located within the proposed district for a commercial area vitalization project may present, orally or in writing, the reasons why he believes that:

(a) The petition does not contain a sufficient number of qualified signatures; or

(b) The finding required by subsection 4 cannot reasonably be made with respect to any part of the proposed improvement district.

4. After consideration of any objections made at the hearing, and of any other information reasonably known to it, the governing body must, as a condition precedent to the initiation of the procedure for acquiring or improving a commercial area vitalization project, find that the public interest will benefit by the provision of the proposed improvements within that part of the municipality. In making this determination, the governing body shall consider the differences it finds between the municipality as a whole and the territory within and adjacent to the proposed improvement district.

Sec. 18. NRS 271.305 is hereby amended to read as follows:

271.305 1. In the provisional order the governing body shall set a time, at least 20 days thereafter, and a place at which the owners of the tracts to be assessed, or any other interested persons, may appear before the governing body and be heard as to the propriety and advisability of acquiring or improving, or acquiring and improving, the project or projects provisionally ordered. If a mobile home park is located on one or more of the tracts to be assessed, the notice must be given to the owner of the tract and each tenant of that mobile home park.

2. Notice must be given:

(a) By publication.

(b) By mail.

(c) By posting.

3. Proof of publication must be by affidavit of the publisher.

4. Proof of mailing and proof of posting must be by affidavit of the engineer, clerk, or any deputy mailing the notice and posting the notice, respectively.

5. Proof of publication, proof of mailing and proof of posting must be maintained in the records of the municipality until all the assessments appertaining to the project have been paid in full, including principal, interest, any penalties, and any collection costs.

6. The notice may be prepared by the engineer and ratified by the governing body, and, except as otherwise provided in subsection 7, must state:

(a) The kind of project proposed.

(b) The estimated cost of the project, and the portion, if any, to be paid from sources other than assessments.

(c) The basis for apportioning the assessments, which assessments must be in proportion to the special benefits derived to each of the several tracts comprising the assessable property and on a front foot, area, zone or other equitable basis.

(d) The number of installments and time in which the assessments will be payable.

(e) The maximum rate of interest on unpaid installments of assessments.

(f) The extent of the improvement district to be assessed, by boundaries or other brief description.

(g) The time and place of the hearing where the governing body will consider all objections to the project.

(h) That all written objections to the project must be filed with the clerk of the municipality at least 3 days before the time set for the hearing.

(i) ~~[That]~~ *If the project is not a commercial area vitalization project, that* pursuant to NRS 271.306, if a majority of the property owners to be assessed for a project proposed by a governing body object in writing within the time stated in paragraph (h), the project must not be acquired or improved unless:

(1) The municipality pays one-half or more of the total cost of the project, other than a park project, with money derived from other than the levy or assessments; or

(2) The project constitutes not more than 2,640 feet, including intersections, remaining unimproved in any street, including an alley, between improvements already made to either side of the same street or between improvements already made to intersecting streets.

(j) That the description of the tracts to be assessed, the maximum amount of benefits estimated to be conferred on each such tract and all proceedings in the premises are on file and can be examined at the office of the clerk.

(k) Unless there will be no substantial change, that a substantial change in certain existing street elevations or grades will result from the project, without necessarily including any statement in detail of the extent or location of any such change.

(l) That a person should object to the formation of the district using the procedure outlined in the notice if his support for the district is based upon a statement or representation concerning the project that is not contained in the language of the notice.

(m) That if a person objects to the amount of maximum benefits estimated to be assessed or to the legality of the proposed assessments in any respect:

(1) He is entitled to be represented by counsel at the hearing;

(2) Any evidence he desires to present on these issues must be presented at the hearing; and

(3) Evidence on these issues that is not presented at the hearing may not thereafter be presented in an action brought pursuant to NRS 271.315.

(n) If the project is a commercial area vitalization project, that:

(1) A person who owns or resides within a tract in the proposed improvement district and which is used exclusively for residential purposes may file a protest to inclusion in the assessment plat pursuant to section 9 of this act; and

(2) Pursuant to NRS 271.306, if written remonstrances by the owners of tracts constituting one-third or more of the basis for the computation of assessments for the commercial area vitalization project are presented to the governing body, the governing body shall not proceed with the commercial area vitalization project.

7. The notice need not state either or both of the exceptions stated in subsection 2 of NRS 271.306 unless either or both of the exceptions are determined by the governing body or the engineer to be relevant to the proposed improvement district to which the notice appertains.

8. All proceedings may be modified or rescinded wholly or in part by resolution adopted by the governing body, or by a document prepared by the engineer and ratified by the governing body, at any time before the passage of the ordinance adopted pursuant to NRS 271.325, creating the improvement district, and authorizing the project.

9. No substantial change in the improvement district, details, preliminary plans or specifications or estimates may be made after the first publication, posting or mailing of notice to property owners, whichever occurs first, except for the deletion of a portion of a project and property from the proposed program and improvement district or any assessment unit.

10. The engineer may make minor changes in time, plans and materials entering into the work at any time before its completion.

11. If the ordinance is for a commercial area vitalization project, notice sent pursuant to this section must be sent by mail to each person who owns real property which is located within the proposed improvement district and

to each tenant who resides or owns a business located within the proposed improvement district.

Sec. 19. NRS 271.306 is hereby amended to read as follows:

271.306 1. Regardless of the basis used for apportioning assessments, the amount apportioned to a wedge or V or any other irregularly shaped tract must be in proportion to the special benefits thereby derived.

2. Except as otherwise provided in ~~[subsection 3,]~~ *subsections 3 and 4,* if, within the time specified in the notice, complaints, protests and objections in writing, that is, all written remonstrances, against acquiring or improving the project proposed by initiation of the governing body are filed with the clerk, signed by the owners of tracts constituting a majority of the frontage, of the area, of the zone, or of the other basis for the computation of assessments, as the case may be, of the tracts to be assessed in the improvement district or in the assessment unit if the improvement district is divided into assessment units, the project therein must not be acquired or improved unless:

(a) The municipality pays one-half or more of the total cost of the project, other than a park project, with money derived from other than the levy of assessments; or

(b) The project constitutes not more than 2,640 feet, including intersections, remaining unimproved in any street, including an alley, between improvements already made to either side of the same street or between improvements already made to intersecting streets. In this case the governing body may on its own motion cause the intervening and unimproved part of the street to be improved. Such improvements will not be stayed or defeated or prevented by written complaints, protests and objections thereto, unless the governing body in its sole discretion, deems such written complaints, protests and objections proper to cause the improvement to be stayed or prevented.

3. Written remonstrances by the owners of tracts constituting 50 percent of the basis for the computation of assessments suffice to preclude the acquisition or improvement of a street beautification project.

4. Written remonstrances by the owners of tracts constituting at least one-third of the basis for the computation of assessments suffice to preclude the acquisition or improvement of a commercial area vitalization project. For the purposes of this subsection, the property of a single owner may not be counted as constituting more than 10 percent of the basis.

Sec. 20. NRS 271.320 is hereby amended to read as follows:

271.320 1. After the hearing ~~[,]~~ *and* after the governing body has ~~[disposed]~~ *:*

(a) Disposed of all complaints, protests and objections, oral and in writing ~~[, and after the governing body has determined that either]~~ *;*

(b) Determined that it is not prevented from proceeding pursuant to subsection 3 or 4 of NRS 271.306; and

(c) Determined that:

(1) Either or both exceptions stated in subsection 2 of NRS 271.306 apply ~~[, or that there]~~ *; or*

(2) There were not filed with the clerk complaints, protests and objections in writing and signed by the owners of tracts constituting a majority of the frontage, of the area, of the zone, or of the other basis for the computation of assessments stated in the notice, of the tracts to be assessed in the improvement district or in the assessment unit, if any,

and the governing body has jurisdiction to proceed, the governing body shall determine whether to proceed with the improvement district, and with each assessment unit, if any, except as otherwise provided in this chapter.

2. If the governing body desires to proceed and desires any modification, by motion or resolution it shall direct the engineer to prepare and present to the governing body:

(a) A revised and detailed estimate of the total cost, including, without limiting the generality of the foregoing, the cost of acquiring or improving each proposed project and of each of the incidental costs. The revised estimate does not constitute a limitation for any purpose.

(b) Full and detailed plans and specifications for each proposed project designed to permit and encourage competition among the bidders, if any project is to be acquired by construction contract.

(c) A revised map and assessment plat showing respectively the location of each project and the tracts to be assessed therefor, not including any area or project not before the governing body at a provisional order hearing.

3. That resolution, a separate resolution, or the ordinance creating the improvement district may combine or divide the proposed project or projects into suitable construction units for the purpose of letting separate and independent contracts, regardless of the extent of any project constituting an assessment unit and regardless of whether a portion or none of the cost of any project is to be defrayed other than by the levy of special assessments. Costs of unrelated projects must be segregated for assessment purposes as provided in this chapter.

Sec. 21. NRS 271.325 is hereby amended to read as follows:

271.325 1. When an accurate estimate of cost, full and detailed plans and specifications and map are prepared, are presented and are satisfactory to the governing body, it shall, by resolution, make a determination that:

(a) Public convenience and necessity require the creation of the district; and

(b) The creation of the district is economically sound and feasible.

This determination may be made part of the ordinance creating the district adopted pursuant to subsection 2 and is conclusive in the absence of fraud or gross abuse of discretion.

2. The governing body may, by ordinance, create the district and order the proposed project to be acquired or improved. This ordinance may be adopted and amended as if an emergency existed.

3. The ordinance must prescribe:

(a) The extent of the improvement district to be assessed, by boundaries or other brief description, and similarly of each assessment unit therein, if any.

(b) The kind and location of each project proposed, without mentioning minor details.

(c) The amount or proportion of the total cost to be defrayed by assessments, the method of levying assessments, the number of installments and the times in which the costs assessed will be payable.

(d) The character and extent of any construction units.

4. The engineer may further revise the cost, plans and specifications and map from time to time for all or any part of any project, and the ordinance may be appropriately amended before letting any construction contract therefor and before any work being done other than by independent contract let by the municipality.

5. The ordinance, as amended if amended, must order the work to be done as provided in this chapter.

6. Upon adoption or amendment of the ordinance, the governing body shall cause to be filed in the office of the county recorder a certified copy of a list of the tracts to be assessed and the amount of maximum benefits estimated to be assessed against each tract in the assessment area, as shown on the assessment plat as revised and approved by the governing body pursuant to NRS 271.320. Neither the failure to record the list as provided in this subsection nor any defect or omission in the list regarding any parcel or parcels to be included within the district affects the validity of any assessment, the lien for the payment thereof or the priority of that lien.

7. The governing body may not adopt an ordinance creating or modifying the boundaries of an improvement district for a commercial area vitalization project if the boundaries of the improvement district overlap an existing improvement district created for a commercial area vitalization project.

Sec. 22. NRS 271.335 is hereby amended to read as follows:

271.335 1. No contract for doing construction work for acquiring or improving the project contemplated may be made or awarded, nor may the governing body incur any expense or liability in relation thereto, except for maps, plats, diagrams, estimates, plans, specifications and notices, until after the hearing upon the provisional order and notice thereof provided for in NRS 271.305 have been given and had.

2. This section does not prevent the governing body from advertising by publication for proposals for doing the work whenever the governing body sees fit, but the contract may not be made or awarded before the time stated in subsection 1.

3. Except as otherwise provided *in subsection 12 and* in NRS 271.800, in the case of construction work done by independent contract for any project, or portion thereof, in any improvement district, the municipality shall request competitive bids, and proceed thereon, pursuant to the provisions of chapter 338 of NRS.

4. The municipality may waive any irregularity in the form of any bid.

5. Any contract may be let on a lump sum or on a unit basis.

6. No contract may be entered into for such work unless the contractor gives an undertaking with a sufficient surety or sureties approved by the governing body and in an amount fixed by it for the faithful performance of the contract and for payment of the contract.

7. Upon default in the performance of any contract, any designated official, as directed by motion of the governing body, may advertise and relet the remainder of the work without further ordinance or resolution and deduct the cost from the original contract price and recover any excess cost by suit on the original bond, or otherwise.

8. All contracts must provide among other things that the person entering into the contract with the municipality will pay for all materials furnished and labor and services rendered for the performance of the contract, and that any person furnishing the materials or rendering the services may maintain an action to recover for them against the obligor in the undertaking as though the person was named therein.

9. A contract or agreement made in violation of the provisions of this section is voidable, and no action may be maintained thereon by any party thereto against the municipality.

10. To the extent the municipality makes any payment thereunder, such a contract or agreement is valid, and any such payment may be included in any cost defrayed by the levy of assessments, unless theretofore the municipality elects to void the contract or agreement in its entirety and to recover any such payment from the party to whom made.

11. The governing body, except as expressly limited in this section, may, in the letting of contracts, impose such conditions upon bidders with regard to bonds and securities, and such guaranties of good and faithful performance and completion of any work and the keeping of the work in repair, and providing for any further matter or thing in connection therewith, as may be considered by the governing body to be advantageous to the municipality and to all interested.

12. The provisions of subsections 3 through 11, inclusive, do not apply to work performed by an association pursuant to a contract entered into pursuant to section 5 of this act.

Sec. 23. Sections 12, 14, 15 and 19 of this act become effective at 12:01 a.m. on October 1, 1999.".

Amend the title of the bill to read as follows:

"AN ACT relating to local improvements; authorizing a municipality to form a local improvement district for a commercial area vitalization project; authorizing a municipality who forms a local improvement district for a commercial area vitalization project to enter into contracts with certain nonprofit associations for certain purposes; authorizing a municipality to dissolve a local improvement district formed for such purposes under certain circumstances; and providing other matter properly relating thereto.".

Amend the summary of the bill to read as follows:

(b) Be filed with the public body at or after the time at which the contractor submitted the bid or proposal to the public body and before the time at which the public body awards the contract for which the bid or proposal was submitted.

If the public body determines that the objection is not accompanied by the required proof or substantiating evidence, the public body shall dismiss the objection and may proceed immediately to award the contract. If the public body determines that the objection is accompanied by the required proof or substantiating evidence, the public body shall determine whether the contractor qualifies for the certificate pursuant to the provisions of this section and may proceed to award the contract accordingly.

Sec. 35.6. Sections 8, 11, 12 and 21 of Assembly Bill No. 298 of this session are hereby amended to read as follows:

Sec. 8. *1. Except as otherwise provided in subsection 7 and NRS 338.1906 and 338.1907, this state, or a local government that awards a contract for the construction, alteration or repair of a public work in accordance with paragraph (a) of subsection 1 of section 2 of this act, or a public officer, public employee or other person responsible for awarding a contract for the construction, alteration or repair of a public work who represents the state or the local government, shall not:*

(a) Commence such a project for which the estimated cost exceeds $100,000 unless it advertises in a newspaper of general circulation in this state for bids for the project; or

(b) Divide such a project into separate portions to avoid the requirements of paragraph (a).

2. Except as otherwise provided in subsection 7, a public body that maintains a list of properly licensed contractors who are interested in receiving offers to bid on public works projects for which the estimated cost is more than $25,000 but less than $100,000 shall solicit bids from not more than three of the contractors on the list for a contract of that value for the

construction, alteration or repair of a public work. The public body shall select contractors from the list in such a manner as to afford each contractor an equal opportunity to bid on a public works project. A properly licensed contractor must submit a written request annually to the public body to remain on the list. Offers for bids which are made pursuant to this subsection must be sent by certified mail.

3. Each advertisement for bids must include a provision that sets forth:

(a) The requirement that a contractor must be qualified pursuant to section 5 of this act to bid on the contract or must be exempt from meeting such qualifications pursuant to section 6 of this act; and

(b) The period during which an application to qualify as a bidder on the contract must be submitted.

4. Approved plans and specifications for the bids must be on file at a place and time stated in the advertisement for the inspection of all persons desiring to bid thereon and for other interested persons. Contracts for the project must be awarded on the basis of bids received.

5. Any bids received in response to an advertisement for bids may be rejected if the person responsible for awarding the contract determines that:

(a) The bidder is not a qualified bidder pursuant to section 5 of this act, unless the bidder is exempt from meeting such qualifications pursuant to section 6 of this act;

(b) The bidder is not responsive;

(c) The quality of the services, materials, equipment or labor offered does not conform to the approved plan or specifications; or

(d) The public interest would be served by such a rejection.

6. Before the state or a local government may commence a project subject to the provisions of this section, based upon a determination that the public interest would be served by rejecting any bids received in response to an advertisement for bids, it shall prepare and make available for public inspection a written statement containing:

(a) A list of all persons, including supervisors, whom the state or the local government intends to assign to the project, together with their classifications and an estimate of the direct and indirect costs of their labor;

(b) A list of all equipment that the state or the local government intends to use on the project, together with an estimate of the number of hours each item of equipment will be used and the hourly cost to use each item of equipment;

(c) An estimate of the cost of administrative support for the persons assigned to the project;

(d) An estimate of the total cost of the project; and

(e) An estimate of the amount of money the state or the local government expects to save by rejecting the bids and performing the project itself.

7. This section does not apply to:

(a) Any utility subject to the provisions of chapter 318 or 710 of NRS;

(b) Any work of construction, reconstruction, improvement and maintenance of highways subject to NRS 408.323 or 408.327;

(c) Normal maintenance of the property of a school district;

(d) The Las Vegas Valley water district created pursuant to chapter 167, Statutes of Nevada 1947, the Moapa Valley water district created pursuant to chapter 477, Statutes of Nevada 1983 or the Virgin Valley water district created pursuant to chapter 100, Statutes of Nevada 1993; or

(e) The design and construction of a public work for which a public body contracts with a design-build team pursuant to sections 2 to 9, inclusive, of Senate Bill No. 475 of this session.

Sec. 11. *1. Except as otherwise provided in section 8 of this act and sections 2 to 9, inclusive, of Senate Bill No. 475 of this session, a public body shall award a contract for a public work to the contractor who submits the best bid.*

2. Except as otherwise provided in subsection 8 or limited by subsection 9, for the purposes of this section, a contractor who:

(a) Has been determined by the public body to be a qualified bidder pursuant to section 5 of this act or is exempt from meeting such requirements pursuant to section 6 of this act; and

(b) At the time he submits his bid, provides to the public body a copy of a certificate of eligibility to receive a preference in bidding on public works issued to him by the state contractors' board pursuant to subsection 3,

shall be deemed to have submitted a better bid than a competing contractor who has not provided a copy of such a valid certificate of eligibility if the amount of his bid is not more than 5 percent higher than the amount bid by the competing contractor.

3. The state contractors' board shall issue a certificate of eligibility to receive a preference in bidding on public works to a general contractor who is licensed pursuant to the provisions of chapter 624 of NRS and submits to the board an affidavit from a certified public accountant setting forth that the general contractor has:

(a) Paid:

(1) The sales and use taxes imposed pursuant to chapters 372, 374 and 377 of NRS on materials used for construction in this state, including, without limitation, construction that is undertaken or carried out on land within the boundaries of this state that is managed by the Federal Government or is on an Indian reservation or Indian colony, of not less than $5,000 for each consecutive 12-month period for 60 months immediately preceding the submission of the affidavit from the certified public accountant;

(2) The motor vehicle privilege tax imposed pursuant to chapter 371 of NRS on the vehicles used in the operation of his business in this state of not less than $5,000 for each consecutive 12-month period for 60 months immediately preceding the submission of the affidavit from the certified public accountant; or

(3) Any combination of such sales and use taxes and motor vehicle privilege tax; or

(b) Acquired, by inheritance, gift or transfer through a stock option plan for employees, all the assets and liabilities of a viable, operating construction firm that possesses a:

(1) License as a general contractor pursuant to the provisions of chapter 624 of NRS; and

(2) Certificate of eligibility to receive a preference in bidding on public works.

4. For the purposes of complying with the requirements set forth in paragraph (a) of subsection 3, a general contractor shall be deemed to have paid:

(a) Sales and use taxes and motor vehicle privilege taxes paid in this state by an affiliate or parent company of the contractor, if the affiliate or parent company is also a general contractor; and

(b) Sales and use taxes paid in this state by a joint venture in which the contractor is a participant, in proportion to the amount of interest the contractor has in the joint venture.

5. A contractor who has received a certificate of eligibility to receive a preference in bidding on public works from the state contractors' board pursuant to subsection 3 shall, at the time for the annual renewal of his contractors' license pursuant to NRS 624.283, submit to the board an affidavit from a certified public accountant setting forth that the contractor has, during the immediately preceding 12 months, paid the taxes required pursuant to paragraph (a) of subsection 3 to maintain his eligibility to hold such a certificate.

6. A contractor who fails to submit an affidavit to the board pursuant to subsection 5 ceases to be eligible to receive a preference in bidding on public works unless he reapplies for and receives a certificate of eligibility pursuant to subsection 3.

7. If a contractor who applies to the state contractors' board for a certificate of eligibility to receive a preference in bidding on public works submits false information to the board regarding the required payment of taxes, the contractor is not eligible to receive a preference in bidding on public works for a period of 5 years after the date on which the board becomes aware of the submission of the false information.

8. If any federal statute or regulation precludes the granting of federal assistance or reduces the amount of that assistance for a particular public work because of the provisions of subsection 2, those provisions do not apply insofar as their application would preclude or reduce federal assistance for that work. The provisions of subsection 2 do not apply to any contract for a public work which is expected to cost less than $250,000.

9. Except as otherwise provided in subsection 2 of section 8 of Senate Bill No. 475 of this session, if a bid is submitted by two or more contractors as a joint venture or by one of them as a joint venturer, the provisions of

subsection 2 apply only if both or all of the joint venturers separately meet the requirements of that subsection.

10. The state contractors' board shall adopt regulations and may assess reasonable fees relating to the certification of contractors for a preference in bidding on public works.

11. A person or entity who believes that a contractor wrongfully holds a certificate of eligibility to receive a preference in bidding on public works may challenge the validity of the certificate by filing a written objection with the public body to which the contractor has submitted a bid or proposal on a contract for the construction of a public work. A written objection authorized pursuant to this subsection must:

(a) Set forth proof or substantiating evidence to support the belief of the person or entity that the contractor wrongfully holds a certificate of eligibility to receive a preference in bidding on public works; and

(b) Be filed with the public body at or after the time at which the contractor submitted the bid or proposal to the public body and before the time at which the public body awards the contract for which the bid or proposal was submitted.

12. If a public body receives a written objection pursuant to subsection 11, the public body shall determine whether the objection is accompanied by the proof or substantiating evidence required pursuant to paragraph (a) of that subsection. If the public body determines that the objection is not accompanied by the required proof or substantiating evidence, the public body shall dismiss the objection and may proceed immediately to award the contract. If the public body determines that the objection is accompanied by the required proof or substantiating evidence, the public body shall determine whether the contractor qualifies for the certificate pursuant to the provisions of this section and may proceed to award the contract accordingly.

REMARKS FROM THE FLOOR

Assemblywoman Buckley requested that the following remarks be entered in the Journal.

ASSEMBLYMAN NOLAN:

I wanted to share some good news with the Body. We had passed out of this House a bill that, two days ago, the Governor signed into law: AB 239. As some of you might recall, this was a bill which created an account in the Central Repository which could receive contributions and donations. Non-profit organizations that work with kids can access this, so they won't have to absorb the entire cost of doing background checks on the volunteers that work with kids. Those who had problems initially supporting background checks because of the cost involved now have a viable mechanism by which to do that.

Word got out about the fact that we were creating this account. The first check had already come in and I have a copy of that check. It came in from Wells Fargo, for $1000, to seed the account. Shortly after that, several other businesses got online and many of the business leaders in the House here also started coming up and also matching some contributions. I just want to provide some names and some companies that helped contribute to that particular fund: Howard Hughes Corporation, White Pharmaceuticals, Sprint, Greg Ferraro, Union Pacific Railroad, Barrick Gold Mines, AT&T, Mr. Pappageorge, Wells Fargo, Mr. Vassiliadis, ATC VanCom, and Marilyn Mann. They've seeded that account now with $25,000. I would like to offer all those companies and individuals a hand for helping out in this project.

Mr. Speaker announced that if there were no objections, the Assembly would recess subject to the call of the Chair.

Except as otherwise provided in subsection 6, the hearing must be held as expeditiously as possible, but not later than 15 days after the receipt of the request for the opinion.

2. Such a request must be accompanied by all evidence and arguments to be offered by the requester concerning the issues related to the request. Except as otherwise provided in this subsection, if such evidence and arguments are not submitted with the request, the commission may:

(a) Draw any conclusions it deems appropriate from the failure of the person or group of persons requesting the opinion to submit the evidence and arguments, other than a conclusion that a person alleged to have violated NRS 294A.345 acted with actual malice; and

(b) Decline to render an opinion.

The provisions of this subsection do not prohibit the commission from considering evidence or arguments presented by the requester after submission of the request for an opinion if the commission determines that consideration of such evidence or arguments is in the interest of justice.

3. The commission shall immediately notify any person alleged to have violated NRS 294A.345 or 294A.346 that such an opinion has been requested by the most expedient means possible. If notice is given orally by telephone or in any other manner, a second notice must be given in writing no later than the next calendar day by facsimile machine or overnight mail. The notice must include the time and place of the commission's hearing on the matter.

4. A person notified pursuant to subsection 3 shall submit a response to the commission no later than at the close of business on the second business day following the receipt of the notice. The response must be accompanied by any evidence concerning the issues related to the request that the person has in his possession or may obtain without undue financial hardship. Except as otherwise provided in this subsection, if such evidence is not submitted within that time, the commission may:

(a) Draw any conclusions it deems appropriate from the failure of that person to submit the evidence and argument; and

(b) Prohibit that person from responding and presenting evidence at the hearing.

The provisions of this subsection do not prohibit the commission from allowing that person to respond and present evidence or arguments, or both, after the close of business on the second business day if the commission determines that consideration of such evidence or arguments is in the interest of justice.

5. Except as otherwise provided in subsection 4, the commission shall allow any person alleged to have violated NRS 294A.345 or 294A.346 to:

(a) Be represented by counsel; and

(b) Hear the evidence presented to the commission and respond and present evidence on his own behalf.

6. At the request of:

(b) The person alleged to have violated the provisions of NRS 294A.345 or 294A.346,

the commission may grant a continuance of a hearing held pursuant to the provisions of this section upon a showing of the existence of extraordinary circumstances that would prohibit the commission from rendering a fair and impartial opinion. A continuance may be granted for not more than 15 days. Not more than one continuance may be granted by the commission pursuant to this subsection.

7. The person or group of persons that filed the request for the opinion pursuant to NRS 294A.345 or 294A.346 has the burden of proving the elements of the offense, including that a person alleged to have violated NRS 294A.345 acted with actual malice. The existence of actual malice may not be presumed. A final opinion of the commission rendered pursuant to this section must be supported by clear and convincing evidence. *In addition to the other requirements for issuing an opinion pursuant to this subsection, the commission shall not render a final opinion determining that a person has violated NRS 294A.345 or 294A.346 unless a finding that each of the elements of the offense has been proven receives the affirmative vote of two-thirds of the commission.*

8. The commission shall render its opinion, or decline to render an opinion, as expeditiously as possible, but not later than 3 days after the date of the hearing. If additional time is required to determine the state of mind or the intent of the person alleged to have violated the provisions of NRS 294A.345 or 294A.346 or to determine the amount of any civil penalty that may be imposed pursuant to NRS 281.551, the commission may continue its jurisdiction to investigate those issues but shall render its opinion as to the truth or falsity of the statement made concerning the candidate or the ballot question or its opinion as to whether the person impeded the success of the campaign or induced another person to impede the success of the campaign. If the commission continues its jurisdiction pursuant to this subsection, it may render a final opinion after the time set forth in this subsection.

9. A final opinion of the commission rendered pursuant to this section is subject to judicial review pursuant to NRS 233B.130. The district court shall give a petition for judicial review of a final opinion of the commission priority over other civil matters that are not expressly given priority by law. Notwithstanding the provisions of NRS 233B.130, the court may provide for such expedited review of the final opinion, including shortened periods for filing documents, as it deems appropriate for the circumstances.

10. Each request for an opinion filed pursuant to NRS 294A.345 or 294A.346, each opinion rendered by the commission pursuant thereto and any motion, evidence or record of a hearing relating to the request are public and must be open to inspection pursuant to NRS 239.010.

11. For the purposes of NRS 41.032, the members of the commission and its employees shall be deemed to be exercising or performing a discretionary function or duty when taking any action related to the rendering of an opinion pursuant to this section.

(5) The count of children detained in detention homes, alternative programs and juvenile forestry camps receiving instruction pursuant to the provisions of NRS 388.550, 388.560 and 388.570 on the last day of the first school month of the school *district for the school* year.

(6) The count of pupils who are enrolled in classes for at least one semester pursuant to subsection 4 of NRS 386.560 or subsection 3 of NRS 392.070, expressed as a percentage of the total time services are provided to those pupils per school day in proportion to the total time services are provided during a school day to pupils who are counted pursuant to subparagraph (2).

(b) Multiplying the number of special education program units maintained and operated by the amount per program established for that school year.

(c) Adding the amounts computed in paragraphs (a) and (b).

2. If the enrollment of pupils *in a school district or a charter school that is located within the school district* on the last day of the first school month of the school *district for the school* year ~~[in a school district or a charter school]~~ is less than the enrollment of pupils in the same school district or charter school on the last day of the first school month *of the school district* for the immediately preceding school year, the larger number must be used for purposes of apportioning money from the state distributive school account to that school district or charter school pursuant to NRS 387.124.

3. Pupils who are excused from attendance at examinations or have completed their work in accordance with the rules of the board of trustees must be credited with attendance during that period.

4. Pupils who are incarcerated in a facility or institution operated by the department of prisons must not be counted for the purpose of computing basic support pursuant to this section. The average daily attendance for such pupils must be reported to the department of education.

Sec. 28. NRS 387.124 is hereby amended to read as follows:

387.124 Except as otherwise provided in NRS 387.528:

1. On or before August 1, November 1, February 1 and May 1 of each year, the superintendent *of public instruction* shall *, except as otherwise provided in subsections 2 and 3,* apportion the state distributive school account in the state general fund among the several county school districts and charter schools in amounts approximating one-fourth of their respective yearly apportionments less any amount set aside as a reserve. The apportionment to a school district, computed on a yearly basis, equals the difference between the basic support and the local funds available pursuant to NRS 387.1235, minus all the funds attributable to pupils who reside in the county but attend a charter school. No apportionment may be made to a school district if the amount of the local funds exceeds the amount of basic support. The apportionment to a charter school, computed on a yearly basis, is equal to the sum of the basic support per pupil in the county in which the pupil resides plus the amount of local funds available per pupil pursuant to NRS 387.1235 and all other funds available for public schools in the county in which the pupil resides. If the apportionment per pupil to a charter school is more than the amount to be apportioned to the school district in which a pupil who is enrolled in the charter school resides, the school district in which the pupil resides shall pay the difference directly to the charter school.

2. *The governing body of a charter school may submit a written request to the superintendent of public instruction to receive, in the first year of operation of the charter school, an apportionment 30 days before the apportionment is required to be made pursuant to subsection 1. Upon receipt of such a request, the superintendent of public instruction may make the apportionment 30 days before the apportionment is required to be made. A charter school may receive all four apportionments in advance in its first year of operation.*

3. If the state controller finds that such an action is needed to maintain the balance in the state general fund at a level sufficient to pay the other appropriations from it, he may pay out the apportionments monthly, each approximately one-twelfth of the yearly apportionment less any amount set aside as a reserve. If such action is needed, the state controller shall submit a report to the department of administration and the fiscal analysis division of the legislative counsel bureau documenting reasons for the action.

Sec. 29. NRS 387.1243 is hereby amended to read as follows:

387.1243 1. The first apportionment based on an estimated number of pupils and special education program units and succeeding apportionments are subject to adjustment from time to time as the need therefor may appear.

2. The apportionments to a school district may be adjusted during a fiscal year by the department of education, upon approval by the board of examiners and the interim finance committee, if the department of taxation and the county assessor in the county in which the school district is located certify to the department of education that the school district will not receive

the tax levied pursuant to subsection 1 of NRS 387.195 on property of the Federal Government located within the county if:

(a) The leasehold interest, possessory interest, beneficial interest or beneficial use of the property is subject to taxation pursuant to NRS 361.157 and 361.159 and one or more lessees or users of the property are delinquent in paying the tax; and

(b) The total amount of tax owed but not paid for the fiscal year by any such lessees and users is at least 5 percent of the proceeds that the school district would have received from the tax levied pursuant to subsection 1 of NRS 387.195.

If a lessee or user pays the tax owed after the school district's apportionment has been increased in accordance with the provisions of this subsection to compensate for the tax owed, the school district shall repay to the distributive school account in the state general fund an amount equal to the tax received from the lessee or user for the year in which the school district received an increased apportionment, not to exceed the increase in apportionments made to the school district pursuant to this subsection.

3. *On or before August 1 of each year, the board of trustees of a school district shall provide to the department, in a format prescribed by the department, the count of pupils calculated pursuant to subparagraph (6) of paragraph (a) of subsection 1 of NRS 387.1233 who completed at least one semester during the immediately preceding school year. The count of pupils submitted to the department must be included in the final adjustment computed pursuant to subsection 4.*

4. A final adjustment *for each school district and charter school* must be computed as soon as practicable following the close of the school year, but not later than August 25. The final computation must be based upon the actual counts of pupils required to be made for the computation of basic support and the limits upon the support of special education programs, except that for any year when the total enrollment of pupils and children *in a school district or a charter school located within the school district* described in paragraphs (a), (b), (c) and (d) of subsection 1 of NRS 387.123 is greater on the last day of any school month *of the school district* after the second school month *of the school district* and the increase in enrollment shows at least:

(a) A 3 percent gain, basic support as computed from first month enrollment *for the school district or charter school* must be increased by 2 percent.

(b) A 6 percent gain, basic support as computed from first month enrollment *for the school district or charter school* must be increased by an additional 2 percent.

~~[4.]~~ *5.* If the final computation of apportionment for any school district or charter school exceeds the actual amount paid to the school district or charter school during the school year, the additional amount due must be paid before September 1. If the final computation of apportionment for any school district or charter school is less than the actual amount paid to the school

district or charter school during the school year, the difference must be repaid to the state distributive school account in the state general fund by the school district or charter school before September 25.

2. The commission shall:

(a) Collect the tax annually on or before June 30, as a condition precedent to the issuance of a state gaming license to operate any slot machine for the ensuing fiscal year beginning July 1, from a licensee whose operation is continuing.

(b) Collect the tax in advance from a licensee who begins operation or puts additional slot machines into play during the fiscal year, prorated monthly after July 31.

(c) Include the proceeds of the tax in its reports of state gaming taxes collected.

3. Any other person, including, without limitation, an operator of an inter-casino linked system, who is authorized to receive a share of the revenue from any slot machine that is operated on the premises of a licensee is liable to the licensee for that person's proportionate share of the license fees paid by the licensee pursuant to this section and shall remit or credit the full proportionate share to the licensee on or before the dates set forth in subsection 2. A licensee is not liable to any other person authorized to receive a share of the licensee's revenue from any slot machine that is operated on the premises of a licensee for that person's proportionate share of the license fees to be remitted or credited to the licensee by that person pursuant to this section.

4. The commission shall pay over the tax as collected to the state treasurer to be deposited to the credit of the state distributive school account in the state general fund, and the capital construction fund for higher education and the special capital construction fund for higher education, which are hereby created in the state treasury as special revenue funds, in the amounts and to be expended only for the purposes specified in this section.

5. During each fiscal year the state treasurer shall deposit the tax paid over to him by the commission as follows:

(a) The first $5,000,000 of the tax in the capital construction fund for higher education;

(b) Twenty percent of the tax in the special capital construction fund for higher education; and

(c) The remainder of the tax in the state distributive school account in the state general fund.

6. There is hereby appropriated from the balance in the special capital construction fund for higher education on July 31 of each year the amount necessary to pay the principal and interest due in that fiscal year on the bonds issued pursuant to section 5 of chapter 679, Statutes of Nevada 1979, as amended by chapter 585, Statutes of Nevada 1981, at page 1251, the bonds authorized to be issued by section 2 of chapter 643, Statutes of Nevada 1987, at page 1503, the bonds authorized to be issued by section 2 of chapter 614, Statutes of Nevada 1989, at page 1377, the bonds authorized to be issued by section 2 of chapter 718, Statutes of Nevada 1991, at page 2382, and the bonds authorized to be issued by section 2 of chapter 629, Statutes of Nevada 1997, at page 3106. If in any year the balance in that fund is not sufficient for this purpose, the remainder necessary is hereby appropriated on July 31 from the capital construction fund for higher education. The balance remaining unappropriated in the capital construction fund for higher education on August 1 of each year and all amounts received thereafter during the fiscal year must be transferred to the state general fund for the support of higher education. If bonds described in this subsection are refunded and if the amount required to pay the principal of and interest on the refunding bonds in any fiscal year during the term of the bonds is less than the amount that would have been required in the same fiscal year to pay the principal of and the interest on the original bonds if they had not been refunded, there is appropriated to the University and Community College System of Nevada an amount sufficient to pay the principal of and interest on the original bonds, as if they had not been refunded. The amount required to pay the principal of and interest on the refunding bonds must be used for that purpose from the amount appropriated. The amount equal to the saving realized in that fiscal year from the refunding must be used by the University and Community College System of Nevada to defray, in whole or in part, the expenses of operation and maintenance of the facilities acquired in part with the proceeds of the original bonds.

7. After the requirements of subsection 6 have been met for each fiscal year, when specific projects are authorized by the legislature, money in the capital construction fund for higher education and the special capital construction fund for higher education must be transferred by the state controller and the state treasurer to the state public works board for the construction of capital improvement projects for the University and Community College System of Nevada, including, but not limited to, capital

improvement projects for the community colleges of the University and Community College System of Nevada. As used in this subsection, "construction" includes, but is not limited to, planning, designing, acquiring and developing a site, construction, reconstruction, furnishing, equipping, replacing, repairing, rehabilitating, expanding and remodeling. Any money remaining in either fund at the end of a fiscal year does not revert to the state general fund but remains in those funds for authorized expenditure.

8. The money deposited in the state distributive school account in the state general fund under this section must be apportioned as provided in NRS 387.030 among the several school districts *and charter schools* of the state at the times and in the manner provided by law.

9. The board of regents of the University of Nevada may use any money in the capital construction fund for higher education and the special capital construction fund for higher education for the payment of interest and amortization of principal on bonds and other securities, whether issued before, on or after July 1, 1979, to defray in whole or in part the costs of any capital project authorized by the legislature.

Assemblyman Williams moved that the Assembly concur in the Senate amendment to Assembly Bill No. 348.

Remarks by Assemblymen Williams, Giunchigliani, Anderson and Bache.

Assemblywoman Buckley requested that the following remarks be entered in the Journal.

ASSEMBLYWOMAN GIUNCHIGLIANI:

Thank you, Mr. Speaker. I do have a couple of questions and then I have a comment, if I might. On page 21, and I apologize, because we just got these, so I'm just trying to get through it. It states that if a board of trustees offers the group insurance plan for its employees, that the trustees must allow them to negotiate, to participate in the same plan.

It is page 33. The question is if it allows for them to negotiate with the Board of Trustees for group insurance. Many of the Boards of Trustees no longer offer the group insurance and I'm wondering if this anticipated the fact that many of the teacher's associations now are the one's who actually authorize that.

ASSEMBLYMAN WILLIAMS:

Thank you, Mr. Speaker. To you and through you, to my colleague from Assembly District 9. This language in section 24 allows the charter school to negotiate with the school district, if the school district manages a group health insurance program and only if they manage an insurance program. If they do not, in fact, they can negotiate with an association.

ASSEMBLYWOMAN GIUNCHIGLIANI:

Thank you, Mr. Speaker. The other question, I believe, and I haven't found a section yet. What percentage of teachers are allowed now to be unlicensed in the school?

ASSEMBLYMAN WILLIAMS:

Thank you, Mr. Speaker. Under current law, in the statutes, in a charter school and other schools, 75 percent of the teachers are licensed as licensed teachers through the state Department of Education. Twenty-five percent are licensed with a license or certificate in the area in which they would attempt to participate in a classroom, under the supervision of a teacher. With this amendment, that ratio goes from 70 to 30, which means if there were 20 teachers in a charter school, 15 of those teachers would be licensed by the state Department of Education. Under this amendment, it would be moved to 14.

ASSEMBLYWOMAN GIUNCHIGLIANI:

Thank you, Mr. Speaker. So, it reduces it by about five percent on either end?

ASSEMBLYMAN WILLIAMS:

Mr. Speaker, to you and through you, the answer is: yes.

ASSEMBLYWOMAN GIUNCHIGLIANI:

Thank you, Mr. Speaker. I believe I just found on page 28, at least 50 percent of the teachers then, in a vocational school, was that new language? That they even deal with the vocational school last time?

ASSEMBLYMAN WILLIAMS:

Thank you, Mr. Speaker. To you and through you, to my colleague from District 9. In reference to upstart of vocational schools, the language now states that vocational schools who are upstart as charter schools, the desire would be to have as many as those teachers licensed as teachers, but to go no lower than 50 percent as licensed teachers. I would say, Mr. Speaker, currently in Nevada, with vocational schools, many of those schools have less than 50 percent of licensed teachers. That is something that is not really new in the statutes.

ASSEMBLYWOMAN GIUNCHIGLIANI:

Thank you, Mr. Speaker. On page 71, there is an appropriation to the Andre Agassi Foundation for the construction of a school. Is that correct?

ASSEMBLYMAN WILLIAMS:

Thank you, Mr. Speaker. That is correct. Under this particular amendment, there is a collaboration of federal, private, and in this case, if this amendment passes, state agreement to upstart this particular school. With the concept in mind, and the new language will be added into the statutes this year, schools that would have the ability to generate this type of collaboration of funding, would probably be conducive to looking at that type of appropriation. We're looking at, in Nevada, a new direction towards reform. And these are public schools, just as we all agree, that additional state funding for public schools in Nevada for construction, is something new that we're looking at. As a matter of fact, the leadership of my colleague from District 9 has led, for the first time, money for construction for public schools, particularly in the rural areas. If our commitment is truly toward reform, for public schools, which this is, then we feel this appropriation is appropriate.

ASSEMBLYWOMAN GIUNCHIGLIANI:

Thank you, Mr. Speaker. I think, maybe, a final question. That is section 56, and it's an amount of $600,000 for the expansion of the Andre Agassi Boys and Girls Club Center. Is that what it is for? Or is it for construction of a school? This is confusing to me.

ASSEMBLYMAN WILLIAMS:

Thank you, Mr. Speaker. Specifically, this particular project is a charter school that exceeds the amount of $4.3 million. This money would be used towards the construction of this particular school. At this particular site, there is a Boys and Girls Club and there is a satellite community college site as well. For this two-story school, the money will be used specifically for that particular purpose.

ASSEMBLYWOMAN GIUNCHIGLIANI:

Thank you, Mr. Speaker. And I appreciate the chair of Education for being patient to get through this in a quick period of time without being able to read through it. I have to rise in opposition to this amendment. For a few reasons. One, I guess I have a concern. We are dealing with standards and increasing standards continually, not only in education but also what we require from our public school teachers. I think it is a bad step forward to lessen the amount of qualifications or license people that would be teaching in a charter school, which this bill does. In addition to that, I have a concern that this started out as the original bill in another piece of legislation. I see the language which solely was to allow for the flexibility of scheduling, in order for the charter schools to have that hiring time and doing a flex schedule for their students. That was what the original intent of the charter legislation was and now we have a 70-page amendment that we are supposed to read in five minutes. Even more importantly, I think the issue is this: school construction. For four years, it took us an opportunity to pass legislation to bring the state into a partnership to begin to deal with public schools, for school construction. The original request in the bill we just approved, in May of 1997, had been for General Fund money, reversion money. And yet, that was told no way will we give General Fund money to public schools. The next thing we know, is this bill comes in with a $600,000 appropriation straight out of the General Fund for a charter school, for school construction.

I am concerned about the precedent that this is taking. I have raised this issue in the halls and I was assured there would be language in this bill that would clarify that this is not prejudicial, otherwise, I think we need to come back next session for General Fund money for current K-12 public schools, not just for rural counties, but for all of our counties that deserve an opportunity to be able to rebuild facilities which are crumbling around us.

Finally, Mr. Speaker, I want to point out that Assembly Bill 348 originally had a signature of the name of every single person in both Houses. That was because we believed in the bill which had gone forward, which was one to deal with deaf children, sponsored by my colleague from Assembly District 15. All of our names are on it, and whether you agree or disagree with this, I think it is unfortunate that our names have to still be out here as if we are in support of this piece

of legislation. Recognizing the time period, we did not go down and request an amendment. But at some point, I wanted to note that many of us did not wish to have our name still associated with this. Thank you, Mr. Speaker.

ASSEMBLYMAN ANDERSON:

Thank you, Mr. Speaker. Many of my concerns about the amendment have been raised. I think there are only two questions that I'd like to hear a response to. The first would be, in light of the amendment, and the opportunity for students to move in to the public school system for particular classes and then out, for other events, other than athletic ones. That is still out of this bill, I believe. I need assurance that this is still out. It's not possible for someone from a charter school to come over and then participate in an athletic event in a public school?

ASSEMBLYMAN WILLIAMS:

Thank you, Mr. Speaker. We must remember that these are public schools. But I am sure my colleague is speaking of traditional public schools. Specifically with sports, if a student was enrolled in a charter school, that is a junior high school, the school that that student would normally be zoned for, in a traditional public school, that student could participate in athletics at that school he is zoned for. That student would not have the ability to selectively hop around any school district to select any place that student could participate. Secondly, if there was a traditional public school, that was in the vicinity of a charter school that he attended, that student would be allowed to participate in athletics as well. The original proposal that was brought to us earlier in the session that would allow students to selectively pick a school and go play sports—that is not in there. If a student, for instance, is attending a charter school in North Las Vegas, and that student lived in Green Valley, and was zoned for Green Valley Junior High School, that student could participate at that school that he was normally zoned for. He could play at Green Valley Junior High School, but he could not select any other school within the school district in Clark County and participate.

ASSEMBLYMAN ANDERSON:

My second question would be, does that still hold that a student would be able to move from a charter school, to take a specialized class that is only offered at a particular school within the district, even if its outside his zone of attendance.

ASSEMBLYMAN WILLIAMS:

Mr. Speaker, to you and through you, to my colleague from Sparks. Because of the technicality of having both amendments, which had nothing with this body's doing, it was something that happened in the other House, but even so, we can still deal with the information that members need for this particular amendment. We have two amendments. The larger amendment is of the first reprint. There are clarifications and there are things in the first amendment that was not acceptable to members of the other House and members of the educational community. Those things are clarified in the second amendment. If the first amendment, because we have to still discuss the first amendment, brings about confusion, we'll still take the time to clarify those things in the second amendment and take the time on the floor to do so. But to specifically answer the question, any type of extra-curricular class, like athletics or anything else, if that class is offered at a school the student would normally be zoned for, that student in the charter school will have the opportunity to take that particular class. The student would not have the ability to hop around from place to place within a particular school district, they would only be able to take advantage of opportunities that he would normally have to anyway, because of where he lives. Keep in mind, these schools, whether they are traditional public schools or a charter school in Nevada, they are still public schools.

ASSEMBLYMAN ANDERSON:

Two questions in closing. The first deals with the student in the charter school does nor does not have to take the state Standard Proficiency Test. Is that recorded as part of the overall school district or not?

ASSEMBLYMAN WILLIAMS:

Mr. Speaker, to you and through you, to my colleague from Sparks. The answer is in the affirmative. These students who are enrolled in charter schools will have to take the same classes for graduation, which includes 22.5 credits. Those students will also have to take the High School Proficiency Test for completion of graduation in getting their diploma. There is no difference. And as well, Mr. Speaker, if I might, this question may come up, teachers who are teaching in traditional schools or charter schools: their evaluations will also be handled in the same way. They will have the same requirements as teachers, the parameters within their evaluations will be of the same as any particular teacher in a public school.

ASSEMBLYMAN ANDERSON:

The point of my concern here rests with the fact that the student, whether he is in the charter school, which is a public school, or the traditional public school, will still have to meet the criteria of the state Reference Proficiency Test. Those will still be reported as part of the overall average and whether they are in traditional classrooms or at the charter school sight, or back and forth, they will still be held accountable for the same level of degree.

ASSEMBLYMAN WILLIAMS:

Thank you, Mr. Speaker. To you and through you to my colleague from Sparks, the answer is yes. We must keep in mind that even though a student will have enrolled in a charter school, that student and their families may opt to take those students out before graduation and place them in a traditional public school. We must be assured, and this particular language assures that, those students will still have the opportunities and classes to graduate, if they move back to a traditional public school. It is unfair, illogical, and unreasonable to have a different standard in these schools because these students have no guarantee that they'll stay in a school four years. They may go back and forth between the charter school and the public school. This assures that they lose nothing in reference to attaining the core classes and electives that they need to graduate from a Nevada high school.

ASSEMBLYMAN BACHE:

Thank you, Mr. Speaker. Following up on my colleague, the chair from Judiciary, on section 18, subsection 4 and 5, not specifically, can they take the classes, but the money that I assume follows the student wherever they are. How will the school know where they're going to do these extracurricular activities or take this additional class? How is that school district going to receive the money for taking on that responsibility of providing these services to those students?

ASSEMBLYMAN WILLIAMS:

Mr. Speaker, to you and through you, to my colleague from Assembly District 11. The money for these particular classes, if that would happen in one of these schools, would follow that particular student. The schools would not lose any money. The school district would still get that particular money. The individual school district, regardless of which of the seventeen counties that might be, would still have the responsibility, obligation, and right to receive those dollars for that student that takes that particular class.

ASSEMBLYMAN BACHE:

Thank you, Mr. Speaker. To you and through you to the chair of Education, what is the mechanism for that occurring? How exactly does that happen?

ASSEMBLYMAN WILLIAMS:

Thank you, Mr. Speaker. In that particular case, those particular funds would be pro-rated, counted into the fund and the percentage of that particular time spent in class would be duly appropriated in the appropriate manner to assure that the school district received the allotted and appropriate money in those particular cases.

Assemblyman Williams moved that the Assembly concur in the Senate amendment to Assembly Bill No. 348.

Remarks by Assemblymen Williams and Freeman.

Assemblywoman Buckley requested that the following remarks be entered in the Journal.

ASSEMBLYMAN WILLIAMS:

Thank you, Mr. Speaker. Now that we've gone through the other amendment I will try to explain this one. I would apologize to the members of the body that the first amendment we adopted was quite lengthy and that is why I think it is appropriate to take ample time and as much time to explain that. But now that it has been adopted, it's more appropriate and easier for members to understand what has happened with changes and technical provisions in the law through this particular amendment. So, Mr. Speaker, if I might, I would like to go through this amendment and if there are questions specifically dealing with sections of the bill, I will try to answer those.

Section 1 provides definitions for charter schools. Also, this amendment tightens up provisions in the law in dealing with approval of charter schools. The laws that we passed in 1997 not only brought about quite a bit of confusion for the state Board of Education, but also for local school boards. Prior to this amendment, any charter application that was complete was approved. This amendment takes care of that problem and also inserts in the law that the charter school application, not only must be complete, but also must be in compliance with our law. This amendment also deals with the definition of teachers. The current law that is in Nevada did not clearly define teachers. This particular amendment clarifies what a teacher is, when it comes to allowing three teachers as well as community people and parents, who would like to form a charter school. It clearly identifies that.

Also, section 6 of the bill, which is in the amendment, designates one of the questions I think that was somewhat near the question that my colleague from Assembly District 11 asked in reference to dollars. This designates the person to handle the funds of a charter school. This amendment also describes when a student shall be retained for another year for academic performance. And again, these particular schools, and in this particular legislation, allows for students to take the classes that are appropriate for him or her to graduate, regardless of what type of school they are in, in Nevada. They still have to meet those standards.

It also deals with the transfer of credits from traditional public schools to charters schools and vice versa. The amendment deals with the ongoing statute that deals with the population and the number of charter schools that can exist. There are provisions in this amendment as well that deals with the plan that must be submitted and specifically how transportation will be handled by the charter school application. Also, the amendment deals with waivers. If charter schools would like to see waivers, this amendment would take care and clean up the language on how those should be done. One of the proposals that was submitted to us in the other House dealt with the donation of surplus property, how that could be done, what would happen if a charter school would close, file bankruptcy, or run into some other problem.

The zoning question, which has already been answered in this amendment, is also dealt with, in reference to students who are able to transfer to participate in academic endeavors which will enhance their ability to graduate. The amendment also deals with the DSA allotment, which was one of the questions that was asked. The other parts of the amendment are basically technical amendments. It also clarifies that charter schools follow the federal law when it comes to special education opportunities for those students who have special needs. The law clearly clarifies the fact that no school can be converted to a charter school that is an existing public school. Any private school in Nevada can't be converted to a charter school as well. If there is a charter school that closes and someone would like to open that as a charter school, they would have to close that school down and apply as any other applicant, to open as a charter school.

Finally, Mr. Speaker, for some reason when you are calculated, as I have been as chairman of Education, in addressing reform and education in charter schools, sometimes people become critical to the point that they believe we are not open to reform in education. I believe that home schooling, private schools, charter schools and traditional public schools are all good for the families of Nevada. We're one of the states that have recently entered into the territory of charter schools. For those reasons, Mr. Speaker, I think we should be very calculated and deliberate. I think we should not be so defensive of reform but be part of reform. I think this particular amendment goes far to bring Nevada into the realities of what is happening in the new

millenium, when it comes to educational reform. I think we still should be deliberate and calculated but I think this particular measure takes us in a direction that will be positive, that not only will our traditional schools get the support they need, both academically, financially and with their infrastructure, but I think charter schools deserve that as well. I think this amendment brings about legislation that will move us in that direction. I would urge my colleagues to adopt.

ASSEMBLYWOMAN FREEMAN:

Thank you, Mr. Speaker. To the chair of Education, I would like to ask a question in regards to the bottom of page 3, where it talks about the audit and the financing. How often are those done? What kind of oversight will there be from the school district on financial conditions?

ASSEMBLYMAN WILLIAMS:

Thank you, Mr. Speaker. To you and through you, to my colleague from Reno. These audits will be done annually. I need to say, as well, Mr. Speaker, that with this particular new legislation, the state Board of Education, for the first time will have a subcommittee within its membership, that will specifically deal with charter schools, how charter schools operate, how their budgets operate, how their curriculum is operating and how the facilities operate over all. I think there are parts of this whole endeavor that lead one to be suspicious and somewhat, again, calculating. I still think we are moving in a positive direction. Specifically, to my colleague from Reno, these will be done annually.

Assemblyman Bache requested that his remarks in opposition to Amendment No. 1209 to Assembly Bill No. 348 be entered in the Journal.

Thank you, Mr. Speaker. I would like to record my "no" vote on both Amendments 1226 and 1209. As indicated, my name is on the bill and I do not support either amendment. I wish it posted.

Assemblywoman Giunchigliani requested that her remarks in opposition to Amendment No. 1209 to Assembly Bill No. 348 be entered in the Journal.

I also wish my "no" vote recorded as well, for both amendments.

Motion carried.

Bill ordered enrolled.

The notice must include the time and place of the commission's hearing on the matter.

4. A person notified pursuant to subsection 3 shall submit a response to the commission no later than at the close of business on the second business day following the receipt of the notice. The response must be accompanied by any evidence concerning the issues related to the request that the person has in his possession or may obtain without undue financial hardship. Except as otherwise provided in this subsection, if such evidence is not submitted within that time, the commission may:

(a) Draw any conclusions it deems appropriate from the failure of that person to submit the evidence and argument; and

(b) Prohibit that person from responding and presenting evidence at the hearing.

The provisions of this subsection do not prohibit the commission from allowing that person to respond and present evidence or arguments, or both, after the close of business on the second business day if the commission determines that consideration of such evidence or arguments is in the interest of justice.

5. Except as otherwise provided in subsection 4, the commission shall allow any person alleged to have violated NRS 294A.345 or 294A.346 to:

(a) Be represented by counsel; and

(b) Hear the evidence presented to the commission and respond and present evidence on his own behalf.

6. At the request of:

(a) The person or group of persons that filed the request for the opinion pursuant to NRS 294A.345 or 294A.346; or

(b) The person alleged to have violated the provisions of NRS 294A.345 or 294A.346,

the commission may grant a continuance of a hearing held pursuant to the provisions of this section upon a showing of the existence of extraordinary circumstances that would prohibit the commission from rendering a fair and impartial opinion. A continuance may be granted for not more than 15 days. Not more than one continuance may be granted by the commission pursuant to this subsection.

7. The person or group of persons that filed the request for the opinion pursuant to NRS 294A.345 or 294A.346 has the burden of proving the elements of the offense, including that a person alleged to have violated NRS 294A.345 acted with actual malice. The existence of actual malice may not be presumed. A final opinion of the commission rendered pursuant to this

section must be supported by clear and convincing evidence. *In addition to the other requirements for issuing an opinion pursuant to this subsection, the commission shall not render a final opinion determining that a person has violated NRS 294A.345 or 294A.346 unless a finding that each of the elements of the offense has been proven receives the affirmative vote of two-thirds of the commission.*

8. The commission shall render its opinion, or decline to render an opinion, as expeditiously as possible, but not later than 3 days after the date of the hearing. If additional time is required to determine the state of mind or the intent of the person alleged to have violated the provisions of NRS 294A.345 or 294A.346 or to determine the amount of any civil penalty that may be imposed pursuant to NRS 281.551, the commission may continue its jurisdiction to investigate those issues but shall render its opinion as to the truth or falsity of the statement made concerning the candidate or the ballot question or its opinion as to whether the person impeded the success of the campaign or induced another person to impede the success of the campaign. If the commission continues its jurisdiction pursuant to this subsection, it may render a final opinion after the time set forth in this subsection.

9. A final opinion of the commission rendered pursuant to this section is subject to judicial review pursuant to NRS 233B.130. The district court shall give a petition for judicial review of a final opinion of the commission priority over other civil matters that are not expressly given priority by law. Notwithstanding the provisions of NRS 233B.130, the court may provide for such expedited review of the final opinion, including shortened periods for filing documents, as it deems appropriate for the circumstances.

10. Each request for an opinion filed pursuant to NRS 294A.345 or 294A.346, each opinion rendered by the commission pursuant thereto and any motion, evidence or record of a hearing relating to the request are public and must be open to inspection pursuant to NRS 239.010.

11. For the purposes of NRS 41.032, the members of the commission and its employees shall be deemed to be exercising or performing a discretionary function or duty when taking any action related to the rendering of an opinion pursuant to this section.

12. Except as otherwise provided in this section, a meeting or hearing held by the commission to carry out the provisions of this section and the commission's deliberations on the information or evidence are not subject to any provision of chapter 241 of NRS.".

Amend sec. 15, page 11, after line 41, by inserting:

CONSIDERATION OF SENATE AMENDMENTS

Assembly Bill No. 521.

The following Senate amendment was read:

Amendment No. 1229.

Amend the bill as a whole by deleting sections 1 through 17 and adding new sections designated sections 1 through 12, following the enacting clause, to read as follows:

"Section 1. Chapter 392 of NRS is hereby amended by adding thereto the provisions set forth as sections 2 to 8, inclusive, of this act.

Sec. 2. *As used in sections 2 to 8, inclusive, of this act, unless the context otherwise requires, "principal" means the principal of a school or his designee.*

Sec. 3. *The principal of each public school shall establish a plan to provide for the progressive discipline of pupils and on-site review of disciplinary decisions. The plan must:*

1. Be developed with the input and participation of teachers and parents of pupils who are enrolled in the school.

2. Be consistent with the written rules of behavior prescribed in accordance with NRS 392.463.

3. Include, without limitation, provisions designed to address the specific disciplinary needs and concerns of the school.

4. Provide for the temporary removal of a pupil from a classroom in accordance with section 4 of this act.

Sec. 4. *1. The plan established pursuant to section 3 of this act must provide for the temporary removal of a pupil from a classroom if, in the judgment of the teacher, the pupil has engaged in behavior that seriously interferes with the ability of the teacher to teach the other pupils in the classroom and with the ability of the other pupils to learn. The plan must provide that, upon the removal of a pupil from a classroom pursuant to this section, the principal of the school shall provide an explanation of the reason for the removal of the pupil to the pupil and offer the pupil an opportunity to respond to the explanation. Within 24 hours after the removal of a pupil pursuant to this section, the principal of the school shall notify the parent or legal guardian of the pupil of the removal.*

2. Except as otherwise provided in subsection 3, a pupil who is removed from a classroom pursuant to this section must be assigned to a temporary alternative placement pursuant to which the pupil:

(a) Is separated, to the extent practicable, from pupils who are not assigned to a temporary alternative placement;

(b) Studies under the supervision of appropriate personnel of the school district; and

(c) Is prohibited from engaging in any extracurricular activity sponsored by the school.

3. The principal shall not assign a pupil to a temporary alternative placement if the suspension or expulsion of a pupil who is removed from the classroom pursuant to this section is:

(a) Required by NRS 392.466; or

(b) Authorized by NRS 392.467 and the principal decides to proceed in accordance with that section.

If the principal proceeds in accordance with NRS 392.466 or 392.467, the pupil must be removed from school in accordance with those sections and the provisions of sections 2 to 8, inclusive, of this act do not apply to the pupil.

Sec. 5. *1. Except as otherwise provided in this section, not later than 3 school days after a pupil is removed from a classroom pursuant to section 4 of this act, a conference must be held with:*

(a) The pupil;

(b) A parent or legal guardian of the pupil;

(c) The principal of the school; and

(d) The teacher who removed the pupil.

The principal shall give an oral or written notice of the conference, as appropriate, to each person who is required to participate.

2. After receipt of the notice required pursuant to subsection 1, the parent or legal guardian of the pupil may, not later than 3 school days after the removal of the pupil, request that the date of the conference be postponed. The principal shall accommodate such a request. If the date of the conference is postponed pursuant to this subsection, the principal shall send written notice to the parent or legal guardian confirming that the conference has been postponed at the request of the parent or legal guardian.

3. If a parent or legal guardian of a pupil refuses to attend a conference, the principal of the school shall send a written notice to the parent or legal guardian confirming that the parent or legal guardian has waived the right to a conference provided by this section and authorized the principal to recommend the placement of the pupil pursuant to subsection 6.

4. Except as otherwise provided in this subsection, a pupil must not return to the classroom from which he was removed before the conference is held. If the conference is not held within 3 school days after the removal of the pupil, the pupil must be allowed to return to the classroom unless:

(a) The parent or legal guardian of the pupil refuses to attend the conference;

(b) The failure to hold a conference is attributed to the action or inaction of the pupil or the parent or legal guardian of the pupil; or

(c) The parent or legal guardian requested that the date of the conference be postponed.

5. During the conference, the teacher who removed the pupil from the classroom or the principal shall provide the pupil and his parent or legal guardian with an explanation of the reason for the removal of the pupil from the classroom. The pupil and his parent or legal guardian must be granted an opportunity to respond to the explanation of the pupil's behavior and to indicate whether the removal of the pupil from the classroom was appropriate in their opinion based upon the behavior of the pupil.

6. Upon conclusion of the conference or, if a conference is not held pursuant to subsection 3 not later than 3 school days after the removal of a pupil from a classroom, the principal shall recommend whether to return the pupil to the classroom or continue the temporary alternative placement of the pupil.

Sec. 6. *1. The principal of each public school shall establish at least one committee to review the temporary alternative placement of pupils. A committee established pursuant to this section must consist of the principal and two regular members who are teachers selected for membership by a majority of the teachers who are employed at the school. One additional teacher must be selected in the same manner to serve as an alternate member.*

2. If a pupil is removed from the classroom pursuant to section 4 of this act by a teacher who is a member of a committee established pursuant to this section, the teacher shall not participate in the review of the placement of the pupil and the alternate member shall serve on the committee for that review.

Sec. 7. *If, in accordance with subsection 6 of section 5 of this act, the principal recommends that a pupil be returned to the classroom from which he was removed and the teacher who removed the pupil does not agree with the recommendation, the principal shall continue the temporary alternative placement of the pupil and shall immediately convene a meeting of the committee created pursuant to section 6 of this act. The principal shall inform the parent or legal guardian of the pupil that the committee will be conducting a meeting. The committee shall review the circumstances of the pupil's removal from the classroom and the pupil's behavior that caused him to be removed from the classroom. Based upon its review, the committee shall assess the best placement available for the pupil and shall, without limitation:*

1. Direct that the pupil be returned to the classroom from which he was removed;

2. Assign the pupil to another appropriate classroom;

3. Assign the pupil to an alternative program of education, if available;

4. Recommend the suspension or expulsion of the pupil in accordance with NRS 392.467; or

5. Take any other appropriate disciplinary action against the pupil that the committee deems necessary.

Sec. 8. *An action must not be taken pursuant to the provisions of sections 2 to 8, inclusive, of this act against a pupil with a disability who is participating in a program of special education pursuant to NRS 388.440 to 388.520, inclusive, unless the action complies with:*

(b) To assist Nevada residents in obtaining and maintaining good health.

2. To further these priorities, the legislature hereby declares that it is in the best interest of the residents of this state that all money received by the State of Nevada pursuant to any settlement entered into by the State of Nevada and a manufacturer of tobacco products and all money recovered by the State of Nevada from a judgment in a civil action against a manufacturer of tobacco products be dedicated solely toward the achievement of the following goals:

2. The state treasurer shall administer the fund. As administrator of the fund, the state treasurer:

4. Not more than 2 percent of the money in the fund may be used to pay the costs of administering the fund.

5. The money in the fund remains in the fund and does not revert to the state general fund at the end of any fiscal year.

ASSEMBLYMAN ARBERRY:

Thank you, Mr. Speaker. Senate Bill 558 is a bill that will create a study, to study the feasibility to see if we really need to go into a highway that is located in the adjacent state, which is the State of California. There is a need of a road that is going into Laughlin and that road needs to be studied, to see if that feasibility will be possible, to make sure we really need to do just that.

There is a letter of intent, to say that 65 percent, after the feasibility study is done, will go to the highway between Barstow and Las Vegas. The other 35 percent will go to the other road that is leading into Laughlin.

REMARKS FROM THE FLOOR

Assemblywoman Buckley requested that the following remarks be entered in the Journal.

ASSEMBLYMAN PERKINS:

It's always the prerogative, as we wait for things to come to a close and as the paperwork moves back and forth, as we recognize our colleagues for the fine work we have done, to do that during this period of time. It looks like we are a hour and a half short of our deadline.

Mr. Speaker, sometime tonight on the eve of the last day of the last six months of mankind's greatest century, and indeed this millenium, we will bring to a close the 70th Session of the Nevada Legislature and finish writing the final chapter of Nevada's last 100 years.

During those 10 decades, 50 legislative bodies, made up of men and women, just like you and me, have met in this chamber and before that, across the courtyard in the capitol, to deliberate the issues of the day and to honorably debate the issues of tomorrow.

It is the result of those countless discussions that has enabled us to write the history book on Nevada. A book replete with chapters explaining how and why we are a world leader in tourism and mining; a chapter on how we've been able to build a first-rate university system from the humble beginnings of the University of Nevada; a chapter on our Nevada Plan, which has been held up as the standard across the country for distributing school monies in the most equitable manner; a chapter on voting rights; and a chapter on our state's strong position against racial and sexual bigotry.

Scanning the pages of Nevada's history, I am struck by one recurring theme—Nevada's quality of life. Why, I ask myself, is that commitment so profound? I suspect the secret lies in the fact that we are bound with our past by a labor of love. Pat McCarran, Grant Sawyer, Maude Frazier, Paul Laxalt, Mike O'Callaghan, Sue Wagner, Marvin Sedway, Jim Gibson, Jean Ford and others before them, made up their minds to be different. That difference was a superior commitment to a quality of life unlike anywhere else.

I am also struck by another remarkable thing. The author of the last 30 years of this history book sits, here, among us. Just think for a moment of all the changes in our state that Joe Dini has had a hand in. Mr. Speaker, thank you for everything you have done for our parents, for our families, and our children's families to follow.

As we stand upon the threshold of the 21st Century, we begin to write Volume 2 of Nevada's history. Mr. Speaker, the first chapter of Volume 2 is blank. Many of the authors who will fill the pages of our 21st Century are sitting right here, proudly serving our state, our communities and our families by fulfilling dreams we share—the dreams of building quality schools, with dedicated teachers, teaching and inspiring bright young minds, brought to school, nurtured and nourished, by parents who are deeply involved in their lives.

We dream of communities where parks are plentiful and filled with children playing safely and fearlessly; where they attend school without concern for danger; of communities where our air is clear and our water is clean; communities where businesses prosper and where jobs are plentiful; and communities where our parents and grandparents can enjoy their twilight years, honored and respected for all they have done.

I hope, Mr. Speaker, we can set a course, so it can be written that Majority Leader Buckley, in about the year 2030, announces that we are tearing down prisons because our commitment to schools and to our children has succeeded, as his mother Barbara, proudly looks on.

I hope this next volume, started by us, will be completed by our children who view serving as an obligation, and public office as an honorable pursuit. If they're searching for a role model, one who is the embodiment of public service, they need look no further than our colleague, Jan Evans.

I pray, Mr. Speaker, that there will be nothing written in this next chapter about laws to protect the disadvantaged, the disabled or the disenfranchised—we won't need them.

You know I would be remiss if I didn't thank each and every one of you for your help in making history. I know many of us will share the responsibility for crafting the first chapters of the next volume, as we will do it with the same sacrifices of family and income.

I've told the personal story before, but, Mr. Speaker, I think it bears repeating. As I have said often in the past, I was talking with my family about whether or not "We" should run for office again. As you all know, the sacrifices involved require this to be a family decision. When I posed the question, my daughter asked, "Daddy, if you don't do it, who will?" It is the trust of my daughter and others that compels me and makes participation important to me. In one way or another, I know the 62 others in this building serve for the same reason.

Mr. Speaker, thank you for a memorable 70th Session and to everyone here, good night and God bless.

ASSEMBLYMAN HETTRICK:

Thank you, Mr. Speaker. I guess it would be appropriate now to make a few remarks. Hopefully, we're going to get out of here at midnight, so there is probably time. The first thing I want to say is "thanks" to the staff. Everyone sitting down there, you are just awesome. We've said it before, but we can't say it often enough. I don't know how many people—all of the folks standing in here—realize that this staff comes in here an hour or two before we show up, many times more than that, and they're here and hour or two after we leave. It's kind of invisible. No one knows it. No one really thanks them for it. So, I want you to know that everybody out here truly appreciates what you do and how good you make us look. I want to thank you.

Next, Mr. Speaker pro Tempore, for the moment at least, there are a lot of secretaries I know up there. I know I see mine and others, and I think we should give them the same thanks. They do a job where they're relatively invisible to everyone and do just a tremendous job, make us look good, handle all the mail, do everything that makes the job easy enough that we can come down here and do our work. So, I think it is appropriate for our body to thank them as well.

Finally, I want to thank everybody here—my colleagues, on both sides of the aisle. I think the Houses have become very much more blended. It becomes more the Assembly and the Senate, than it does the Assembly—one side of the aisle and the other. I like that. I think it is appropriate. I think we do that pretty well overall. I want to thank my Republican caucus members. They were great, great to work with. Good people. It's hard when you are in a

minority to feel like you can get things done, but with the cooperation of the majority and the people in leadership there, I think we did a lot and did some good things.

I thank each and every one of you. I think you all do great things. I consider you all my friends and I thank you for a great session.

Mr. Speaker announced that pursuant to Assembly Standing Rule No. 1, section 2, subsection (d), Assemblyman Perkins would act as presiding officer.

REMARKS FROM THE FLOOR

Assemblywoman Buckley requested that the following remarks be entered in the Journal.

ASSEMBLYMAN DINI:

Thank you, Mr. Majority Leader and Speaker pro Tempore. I can't let the night go by without saying a few words. I can't match the eloquence you did in your wonderful words here tonight, nor those of Mr. Hettrick. I have to give my thanks, though. This is my 17th session. That goes a long way—some of you weren't even born when I served my first session here, so, I've seen a lot of things happen here. But I see something this year that really impressed me because we have a widely

diversified group. We have a lot of different people that came into our chambers the last few years. Most of the old folks are gone. We never know when that time is that we have to say goodbye to this process. I hope I never have to say that. You know, I felt we really came together as a cohesive group and worked together, and did the best thing for our people in this state. That's what this is all about. I think our House exemplifies what democracy is in our country. Where you can come here from diversified backgrounds and discuss the issues and work on these great programs that have come out of this House. I am extremely proud of this House for the bills we have handled.

Healthcare. Senate Bill 37, which restored worker's rights. The electric restructuring. I am extremely proud of my committee chairmen. I think I had excellent committee chairmen. We did a lot of work. We handled a lot of bills in a hurry. Remember that first segment? Working those 12 and 14-hour days? That is because the chairmen stayed on top and did their jobs. We had a challenge to meet this 120 days. It had its ups and its downs. I have tell you, though, that the last time we had a short session like this, was in 1977, my first term as Speaker. It was 117 days. We didn't have 1700 bills. We probably had 900. It was a lot easier in those days. Everybody had to buckle down this session and do their job. But you represented democracy. Everybody buckled down and heard the testimony, and worked on the amendments, and worked on the bills, and tried to put the budget together.

The budget gets bigger and bigger. You know, it wasn't $14 billion when I started. It was less than $3 billion. Let's face it: we met the challenge. I am extremely proud of this House. They refer to us as the Lower House. There is no Upper House or a Lower House in these two Houses. There is the "House of the People." The one which does the job for the people of our state. That is why I am part of this House, because we are the "House of the People." Thank you for all your help, thank you for all your support.

Assemblyman Perkins announced that if there were no objections, the Assembly would recess subject to the call of the Chair.

Assembly in recess at 11:05 p.m.

MESSAGES FROM THE SENATE

SENATE CHAMBER, Carson City, May 31, 1999

To the Honorable the Assembly:

I have the honor to inform your honorable body that the Senate on this day passed Assembly Bill No. 474.

MARY JO MONGELLI
Assistant Secretary of the Senate

GENERAL FILE AND THIRD READING

Senate Bill No. 496.

Bill read third time.

Remarks by Assemblymen Giunchigliani and Goldwater.

Assemblywoman Buckley requested that the following remarks be entered in the Journal.

ASSEMBLYWOMAN GIUNCHIGLIANI:

Thank you, Mr. Speaker. Senate Bill 496 is the second piece of the legislation that my colleague explained earlier. This is the Senate's version of the other component of the plan. This is the millenium scholarship and what it does is provide the 40 percent of scholarship monies for the students in the Millenium Scholarship program. It goes into a trust fund. It is for Nevada students, to encourage those who in the past have not thought about attending either the four-year college or community college. It is a very good piece of legislation. We would also like to commend the governor's staff and the governor for bringing this forward because it is something that will be landmark legislation for the future. I think it is something that we can all be proud of when we all go home. Thank you, Mr. Speaker.

ASSEMBLYMAN GOLDWATER:

Thank you, Mr. Speaker. This is a historic piece of legislation. I, too, would like to commend this governor, who I have grown to admire and respect, and actually like a great deal. I do like him, I think he's a great guy. This bill, as it is before us, is not perfect. It's got some ins, some outs, some good things, some bad things. Over time, it's going to need some modification, it's going to need some perfecting. This is a great, great start. My vision for this program is: it's only going to grow. It's only going to grow and get better. Every legislature, there is going to be somebody new, somebody bringing forth another program to serve an interest group, to serve somebody special, using this base, this base model. That is why, Mr. Speaker, it is important that we recognize section 6, and paragraph 7 of this bill. We notice that all the money that is left over, in this fund, stays in this fund and it grows. It is a fund. So, we must be judicious with the taxpayer's money. The people's money. We cannot be frivolous with this money and we cannot be thoughtless. That is why the Board of Regents must take the intent of this legislature seriously in section 7, paragraph 2, number B: that "they shall put together a program that serves the neediest students in this state." The state should award this money to students who not only want it and qualify for it, but who also need it, so that all the future legislatures and future programs and expansions of this great program can be funded. This is a great bill and I'm anxious to vote for it.

Roll call on Senate Bill No. 496:

YEAS—40.

NAYS—None.

EXCUSED—Carpenter, Evans—2.

Senate Bill No. 496 having received a constitutional majority, Mr. Speaker declared it passed.

ASSEMBLY STANDING RULES

I. OFFICERS AND EMPLOYEES

DUTIES OF OFFICERS

Rule No. 1. Speaker of the Assembly.

1. All officers of the Assembly are subordinate to the Speaker in all that relates to the prompt, efficient and correct discharge of their official duties under the Speaker's supervision.

2. Possessing the powers and performing the duties described in this rule, the Speaker shall:

(a) Take the chair at the hour to which the Assembly stands adjourned, call the members to order, and upon the appearance of a quorum, proceed to business.

(b) Preserve order and decorum and have general direction of the chamber of the Assembly and the approaches thereto. In the event of any disturbance or disorderly conduct therein, order the same to be cleared.

(c) Decide all questions of order, subject to a member's right to appeal to the Assembly. On appeal from such decisions, the Speaker has the right, in the Speaker's place, to assign the reason for the decision.

(d) Have the right to name any member to perform the duties of the chair, but such substitution must not extend beyond one legislative day.

(e) When the Assembly resolves itself into Committee of the Whole, name a chairman to preside thereover and call him to the chair.

(f) Have the power to accredit the persons who act as representatives of the news media and assign them seats.

(g) Sign all bills and resolutions passed by the Legislature as provided by law.

(h) Sign all subpoenas issued by the Assembly or any committee thereof.

(i) Receive all messages and communications from other departments of the government and announce them to the Assembly.

(j) Represent the Assembly, declare its will and in all things obey its commands.

(k) Vote on final passage of a bill or resolution, but the Speaker shall not be required to vote in ordinary legislative proceedings except where the Speaker's vote would be decisive. In all yea and nay votes, the Speaker's name must be called last.

3. If a vacancy occurs in the office of Speaker, through death, resignation or disability of the Speaker, the Speaker pro Tempore shall

temporarily and for the period of vacancy or disability conduct the necessary business of the Assembly.

4. If a permanent vacancy occurs in the office of Speaker, the Assembly shall select a new Speaker.

III. DECORUM AND DEBATE

Rule No. 20. Points of Order.

If any member, in speaking or otherwise, transgresses the rules of the Assembly, the Speaker shall, or any member may, call to order, in which case the member so called to order shall immediately sit down, unless

permitted to explain; and if called to order by a member, such member shall immediately state the point of order. If the point of order be sustained by the presiding officer, the member shall not be allowed to proceed; but if it be not sustained, then he shall be permitted to go on. Every such decision from the presiding officer shall be subject to an appeal to the House; but no discussion of the question of order shall be allowed unless an appeal be taken from the decision of the presiding officer.

[Statutes of Nevada 1973, 1886; A 1993, 2913; 1995, 2847; 1997, 3540]

Rule No. 21. Reserved.

Rule No. 22. Reserved.

Rule No. 23. Committee on Ethics; Legislative Ethics.

1. The Committee on Ethics consists of:

(a) Two members of the Assembly appointed by the Speaker from the majority political party;

(b) One member of the Assembly appointed by the Minority Leader from the minority political party; and

(c) Two qualified electors of the state chosen by the members of the committee who are appointed pursuant to paragraphs (a) and (b), neither of whom is a present or former member of the Legislature or employed by the State of Nevada.

2. The Speaker shall appoint two members of the Assembly, one from the majority political party and one from the minority political party to serve as alternate members of the committee. If a member is disqualified, the alternate appointed from the same political party shall serve as a member of the committee during the consideration of a specific question.

3. A member is disqualified if he is the requester of advice concerning a question of ethics or conflict of interest, or if the advice is requested by another member of the Assembly and a reasonable person in his situation could not exercise independent judgment on the matter in question.

4. The committee shall hear complaints on alleged breaches of ethics and conflicts of interest, brought by Legislators and others, and it may advise Legislators on questions of breaches of ethics and conflicts of interest. All proceedings held to consider the character, alleged misconduct, professional competence or physical or mental health of any person by the committee on matters of ethics or conflicts of interest are confidential unless a Legislator:

(a) Against whom a complaint is brought requests a public hearing;

(b) Discloses the opinion of the committee at any time after his hearing; or

(c) Discloses the content of an advisory opinion issued to him by the committee.

5. A complaint which alleges a breach of ethics or a conflict of interest must be in writing and signed by the person making the allegation. The complaint must be filed with the chairman. The chairman shall send a copy of the complaint, within 24 hours after receiving it, to the Legislator against whom the complaint is brought.

6. The criterion to be applied by the committee in determining whether a Legislator has a conflict of interest is whether the independence of judgment of a reasonable person in his position upon the matter in question would be materially affected by:

(a) His acceptance of a gift or loan; or

(b) His private economic interest.

7. A Legislator who determines that he has a conflict of interest may vote upon, advocate or oppose any measure as to which a potential conflict exists if he makes a general disclosure of the conflict. In determining whether to vote upon, advocate or oppose the measure, the Legislator should consider whether:

(a) The conflict impedes his independence of judgment;

(b) His participation will produce a negative effect on the public's confidence in the integrity of the Legislature;

(c) His participation is likely to have any significant effect on the disposition of the measure; and

(d) His interest is greater than the interests of an entire class of persons similarly situated.

[Statutes of Nevada 1977, 1706; A 1987, 2325, 2336; 1995, 2847; 1997, 3540]

IV. QUORUM, VOTING, ELECTIONS

Rule No. 30. Manner of Voting.

1. The presiding officer shall declare all votes, but the yeas and nays must be taken when called for by three members present, and the names of those calling for the yeas and nays must be entered in the Journal by the Chief Clerk.

2. The presiding officer shall call for yeas and nays by a division or by a roll call, either electronic or oral.

3. When taking the yeas and nays on any question, the electronic roll call system may be used, and when so used shall have the force and effect of any roll call under these rules.

4. When taking the yeas and nays by oral roll call, the Chief Clerk shall take the names of members alphabetically, except that the Speaker's name must be called last.

5. The electronic roll call system may be used to determine the presence of a quorum.

6. The yeas and nays must not be taken with the electronic roll call system until all members present are at their desks. The presiding officer may vote at the rostrum.

7. Only a member, certified by the Committee on Credentials or special committee of the Assembly, may cast a vote in the Assembly. A member shall not vote for another member on any roll call, either electronic or oral. Any member who votes for another member may be punished in any manner deemed appropriate by the Assembly.

[Statutes of Nevada 1975, 1879; A 1995, 2848; 1997, 3542, Assembly Resolution No. 3 of the 1999 Session (File No. 6)]

Rule No. 32. Announcement of the Vote.

1. A member may change his vote at any time before the announcement of the vote if the voting is by voice, or at any time before the votes are electronically recorded if the voting is conducted electronically.

2. The announcement of the result of any vote shall not be postponed.

[Statutes of Nevada 1975, 1876]

2. To facilitate the full participation of the members during an adjournment called pursuant to NRS 218.115, the Speaker may temporarily appoint a member to a standing committee that is scheduled to meet during the adjournment if none of the committees to which the member is regularly assigned will be meeting during the adjournment.

2. Motions may be moved, seconded and passed by voice vote by a simple majority of those present.

3. Definite action on a bill or resolution will require a majority of the entire committee.

4. A two-thirds majority of all the committee is required to reconsider action on a bill or resolution.

5. Committee introduction of legislative measures which are not prefiled requires concurrence of two-thirds of the committee and does not imply commitment to support final passage.

6. The chairman shall vote on all final action regarding bills or resolutions.

7. No member of the committee may vote by proxy under any circumstances.

[Statutes of Nevada 1973, 1903; A 1995, 2850; 1997, 3543]

[Statutes of Nevada 1973, 1903; A 1995, 2850; 1997, 3544]

Rule No. 44. Committee on Elections, Procedures, and Ethics.

The Committee on Elections, Procedures, and Ethics has jurisdiction over matters relating to personnel. It shall recommend by resolution the appointment of all attachés and employees of the Assembly not otherwise provided for by law. It may suspend or remove any such attaché or employee for incompetency or dereliction of duty. It shall function as the Committee on Rules and as the Committee on Credentials of the Assembly.

[Statutes of Nevada 1973, 1885; A 1977, 1707; 1981, 2059, 2171; 1985, 2316; 1991, 2480; 1993, 2916; 1997, 3544]

Rule No. 45. Procedure for Election Contests.

1. Upon receipt of a statement of contest from the Secretary of State pursuant to NRS 293.427, the Speaker shall, as soon as practicable, appoint a special committee to hear the contest or refer the contest to the Standing Committee on Elections, Procedures, and Ethics. The committee shall conduct a hearing to consider the contest. The committee shall keep written minutes of the hearing. The contestant has the burden of proving that any irregularities shown were of such a nature as to establish that the result of the election was changed thereby.

2. The contest must be submitted so far as may be possible upon depositions or by written or oral arguments as the Assembly may order. Any party to a contest may take the deposition of any witness at any time after the statement of contest is filed with the Secretary of State and before the contest is finally decided. At least 3 days' notice must be given to the prospective deponent and to the other party. If oral statements are made at any hearing before the Assembly or a committee thereof which purport to establish matters of fact, they must be made under oath. Strict rules of evidence do not apply.

3. The committee shall, not later than 5 calendar days after the contest was referred to the committee, report to the Assembly its findings on whether the contestant has met the burden of proving that any irregularities shown were of such a nature as to establish that the result of the election was changed thereby. The committee shall then report to the Assembly its recommendation on which person should be declared elected or report that it has no recommendation. The Assembly shall, as soon as practicable thereafter but not later than 7 calendar days after the Speaker received the statement of contest, vote whether to accept or reject the committee's recommendation without amendment, if a recommendation is made. If the recommendation is accepted, the Speaker shall declare the recommended person elected. If the recommendation is rejected or the committee did not make a recommendation, the Assembly shall consider immediately which person should be declared elected. The Speaker shall not adjourn the Assembly until it has declared a person to be elected.

4. The Speaker shall inform the Governor of the identity of the person declared to be elected by the Assembly.

[Statutes of Nevada 1973, 1885; R 1987, 2326; Readopted 1989, 2204; A 1991, 2480; 1993, 2917; 1995, 2851; 1997, 3544]

Rule No. 46. Committee Action on Reports.

Committee reports must be adopted at a committee session actually assembled and meeting as a committee with a quorum present. Every committee vote on a matter pertaining to a bill or resolution must be recorded. The vote may be taken by roll call at the discretion of the chairman.

1. The time and place of each meeting;
2. The attendance and absence of members;
3. The names of all persons appearing before the committee, with the names of persons, firms, corporations or associations in whose behalf such appearance is made; and
4. The subjects or measures considered and action taken.

[Statutes of Nevada 1973, 1904, Assembly Resolution No. 3 of the 1999 Session (File No. 6)]

Rule No. 49. Committee Hearings.

The presence of a quorum of the committee is desirable but not required to conduct a public hearing. Public hearings are opened by the chairman who announces the subject under consideration and provides for those wishing to address the committee to be heard. These persons shall rise in an order determined by the chairman, address the chair and furnish their names, addresses and firms or other organizations represented. Committee members may address the chairman for permission to question the witness. When all persons present have been heard, the chairman may declare closed the

portion of the meeting wherein the committee will accept public testimony on the matter before proceeding to other matters.

The notice must be posted conspicuously in the legislative building, appear in the daily history and be made available to the news media. The daily history must include the most current version of the notice that is available at the time the daily history is created and an informational statement informing the public where more current information, if any, regarding such notices may be found.

2. The noticing requirements of this rule may be suspended for emergency situations but only after approval by a two-thirds vote of a committee.

3. Subsection 1 does not apply to:

Rule No. 109. Reading of Bills.

The presiding officer shall announce at each reading of a bill whether it be the first, second or third reading. The first reading of a bill shall be for information. If there is objection, the question shall be, "Shall the bill be rejected?" If the question to reject fails to receive a majority vote by the members present, or if there is no objection, the bill shall take the proper course. No bill shall be referred to a committee until after the first reading, nor amended until after the second reading.

[Statutes of Nevada 1973, 1894; A 1995, 2858]

Rule No. 110. Second Reading and Amendment of Bills.

1. All bills must be read the second time on the first legislative day after which they are reported by committee, unless a different day is designated by motion. Upon second reading, Assembly bills reported without amendments shall be placed on the General File and Senate bills reported without amendments shall be placed on the General File. Committee amendments reported with bills shall be considered upon their second reading, and such amendments may be adopted by a majority vote of the members present. Any amendment which is numbered, copied and made available to all members must be moved and voted upon by number unless any member moves that it be read in full. Assembly bills so amended must be reprinted, engrossed, and placed on the General File. Senate bills so amended must be reprinted, then engrossed or reengrossed, as applicable, and placed on the General File.

2. Any member may move to amend a bill during its second or third reading, and such a motion to amend may be adopted by a majority vote of the members present. Bills so amended on second reading must be treated the same as bills with committee amendments. Any bill so amended upon the General File must be reprinted and then engrossed or reengrossed, as applicable.

3. The reprinting of amended bills may be dispensed with only in accordance with the provisions of law.

Rule No. 111. Consent Calendar.

1. A standing committee may by unanimous vote of the members present report a bill with the recommendation that it be placed on the consent calendar. The question of recommending a bill for the consent calendar may be voted upon in committee only after the bill has been recommended for passage and only if no amendment is recommended.

2. The Chief Clerk shall maintain a list of bills recommended for the consent calendar. The list must be printed in the daily history and must include the summary of each bill, and the date the bill is scheduled for consideration on final passage.

3. At any time before the presiding officer calls for a vote on the passage of the consent calendar, a member may give written notice to the Chief Clerk or state orally from the floor of the Assembly in session that he objects to the inclusion of a particular bill on the consent calendar. If a member so objects, the Chief Clerk shall remove the bill from the consent calendar and transfer it to the second reading file. A bill removed from the consent calendar may not be restored to that calendar.

4. During floor consideration of the consent calendar, members may ask questions and offer explanations relating to the respective bills.

5. When the consent calendar is brought to a vote, the bills remaining on the consent calendar must be read by number and summary and the vote must be taken on their final passage as a group.

Rule No. 113. General File.

All bills reported to the Assembly, by either standing or special committees, after receiving their second readings must be placed upon a General File, to be kept by the Chief Clerk. No bill shall be considered by the Assembly until the regular order of business shall have been gone through. Then bills shall be taken from the General File and acted upon in the order in which they were reported, unless otherwise specially ordered by the Assembly. But engrossed bills shall be placed at the head of the file, in the order in which they are received. The Chief Clerk shall post, in a conspicuous place in the chamber, a daily statement of the bills on the General File, setting forth the order in which they are filed, and specifying the alterations arising from the disposal of business each day. The Chief Clerk shall likewise post notices of special orders as made.

Rule No. 115. Reconsideration of Vote on Bill.

On the first legislative day that the Assembly is in session succeeding that on which a final vote on any bill or resolution has been taken, a vote may be reconsidered on the motion of any member. Notice of intention to move such reconsideration must be given on the day on which the final vote was taken by a member voting with the prevailing party. It is not in order for any member to move a reconsideration on the day on which the final vote was taken, except by unanimous consent. There may be no reconsideration of a vote on a motion to indefinitely postpone. Motions to reconsider a vote upon amendments to any pending question may be made at once.

Rule No. 126. Vetoed Bills.

Bills which have passed both Houses of the Legislature and are transmitted to the Assembly accompanied by a message or statement of the Governor's disapproval or veto of the same, must be taken up and considered immediately upon the coming in of the message transmitting the same, or become the subject of a special order. When the message is received, or (if made a special order) when the special order is called, the said message or statement must be read together with the bill or bills so disapproved or vetoed. The message and bill must be read by the Chief Clerk without interruption, consecutively, one following the other, and not upon separate occasions. No such bill or message may be referred to any committee, or otherwise acted upon save as provided by law and custom; that is to say, that immediately following such reading the only question (except as hereinafter

stated) which may be put by the Speaker is, "Shall the bill pass, notwithstanding the objections of the Governor?" It shall not be in order, at any time, to vote upon such a vetoed bill unless the same shall first have been read, from the first word of its title to and including the last word of its final section. No motion may be entertained after the Speaker has stated the question, save a motion to adjourn or a motion for the previous question, but the merits of the bill itself may be debated. The message or statement containing the objections of the Governor to the bill must be entered upon the Journal of the Assembly. The consideration of a vetoed bill, and the objections of the Governor thereto, shall be a privileged question, and shall take precedence over all others.

JOINT STANDING RULES OF THE SENATE AND ASSEMBLY

CONFERENCE COMMITTEES

1

Procedure Concerning.

In every case of an amendment of a bill, or joint or concurrent resolution, agreed to in one House, dissented from in the other, and not receded from by the one making the amendment, each House shall appoint a committee to confer with a like committee to be appointed by the other; and the committee so appointed shall meet publicly at a convenient hour to be agreed upon by their respective chairmen and announced publicly, and shall confer upon the differences between the two Houses as indicated by the amendments made in one and rejected in the other and report as early as convenient the result of their conference to their respective Houses. The report shall be made available to all members of both Houses. The whole subject matter embraced in the bill or resolution shall be considered by the committee, and it may recommend recession by either House, new amendments, new bills or resolutions, or other changes as it sees fit. New bills or resolutions so reported shall be treated as amendments unless the bills or resolutions are composed entirely of original matter, in which case they shall receive the treatment required in the respective Houses for original bills, or resolutions, as the case may be.

The report of a conference committee may be adopted by acclamation, and such action may be considered equivalent to the adoption of amendments embodied therein. The report is not subject to amendment. If either House refuses to adopt the report, or if the first conference committee has so recommended, a second conference committee may be appointed. No member who served on the first committee may be appointed to the second.

There shall be but two conference committees on any bill or resolution. A majority of the members of a conference committee from each House must be members who voted for the passage of the bill or resolution.

[Statutes of Nevada 1947, 872; A 1977, 1697; 1979, 1964, Assembly Concurrent Resolution No. 1 of the 1999 Session (File No. 7)]

MESSAGES

2

Procedure Concerning.

Proclamations by the Governor convening the Legislature in extra session shall, by direction of the presiding officer of each House, be read

immediately after the convening thereof, filed and entered in full upon the Journal of proceedings.

Whenever a message from the Governor is received, the Sergeant at Arms will announce: "Mr. President, or Mr. Speaker, the Secretary of the Governor is at the bar." The secretary will, upon being recognized by the presiding officer, announce: "Mr. President, or Mr. Speaker, a message from His Excellency, the Governor of Nevada, to the Honorable, the Senate or Assembly," and hand same to the Sergeant at Arms for delivery to the Secretary of the Senate or Chief Clerk of the Assembly. The presiding officer will direct the biennial message of the Governor to be received and read, and all special messages to be received, read and entered in full upon the Journal of proceedings.

Messages from the Senate to the Assembly shall be delivered by the Secretary or Assistant Secretary, and messages from the Assembly to the Senate shall be delivered by the Chief Clerk or Assistant Chief Clerk.

[Statutes of Nevada 1931, 466, Assembly Concurrent Resolution No. 1 of the 1999 Session (File No. 7)]

BILLS AND JOINT RESOLUTIONS

4

Signature.

Each enrolled bill or joint resolution shall be presented to the presiding officers of both Houses for signature. They shall, after an announcement of their intention to do so is made in open session, sign the bill or joint resolution and their signatures shall be followed by those of the Secretary of the Senate and Chief Clerk of the Assembly.

[Statutes of Nevada 1931, 467; A 1977, 1656, Assembly Concurrent Resolution No. 1 of the 1999 Session (File No. 7)]

Joint Sponsorship.

1. A bill or resolution introduced by a standing committee of the Senate or Assembly may, at the direction of the chairman of the committee, set forth the name of a standing committee of the other House as a joint sponsor, if a majority of all members appointed to the committee of the other House votes in favor of becoming a joint sponsor of the bill or resolution. The name of the committee joint sponsor must be set forth on the face of the bill or resolution immediately below the date on which the bill or resolution is introduced.

2. A bill or resolution introduced by one or more legislators elected to one House may, at the direction of the legislator who brings the bill or resolution forward for introduction, set forth the names of one or more legislators who are members elected to the other House and who wish to be primary joint sponsors or non-primary joint sponsors of the bill or resolution. The number of primary joint sponsors must not exceed five per bill or resolution. The names of each primary joint sponsor and non-primary joint sponsor must be set forth on the face of the bill or resolution in the following order immediately below the date on which the bill or resolution is introduced:

(b) The name of each non-primary joint sponsor, in alphabetical order.

3. The Legislative Counsel shall not cause to be printed the name of a standing committee as a joint sponsor on the face of a bill or resolution unless the chairman of the committee has signed his name next to the name of the committee on the colored back of the introductory copy of the bill or resolution that was submitted to the front desk of the House of origin or the statement required by subsection 5. The Legislative Counsel shall not cause to be printed the name of a legislator as a primary joint sponsor or non-primary joint sponsor on the face of a bill or resolution unless the legislator has signed the colored back of the introductory copy of the bill or resolution that was submitted to the front desk of the House of origin or the statement required by subsection 5.

4. Upon introduction, any bill or resolution that sets forth the names of primary joint sponsors or non-primary joint sponsors, or both, must be numbered in the same numerical sequence as other bills and resolutions of the same House of origin are numbered.

5. Once a bill or resolution has been introduced, a primary joint sponsor or non-primary joint sponsor may only be added or removed by amendment of the bill or resolution. An amendment which proposes to add or remove a primary joint sponsor or non-primary joint sponsor must not be considered by the House of origin of the amendment unless a statement requesting the

addition or removal is attached to the copy of the amendment submitted to the front desk of the House of origin of the amendment. If the amendment proposes to add or remove a legislator as a primary joint sponsor or non-primary joint sponsor, the statement must be signed by that legislator. If the amendment proposes to add or remove a standing committee as a joint sponsor, the statement must be signed by the chairman of the committee. A copy of the statement must be transmitted to the Legislative Counsel if the amendment is adopted.

6. An amendment that proposes to add or remove a primary joint sponsor or non-primary joint sponsor may include additional proposals to change the substantive provisions of the bill or resolution or may be limited only to the proposal to add or remove a primary joint sponsor or non-primary joint sponsor.

POLICY AND PROCEDURES REGARDING SEXUAL HARASSMENT

20

Maintenance of Working Environment; Procedure for Filing, Investigating and Taking Remedial Action on Complaints.

1. The Legislature hereby declares its intention to maintain a working environment which is free from sexual harassment. This policy applies to all legislators and lobbyists. Each member and lobbyist is responsible to conduct himself or herself in a manner which will ensure that others are able to work in such an environment.

2. In accordance with Title VII of the Civil Rights Act, for the purposes of this rule, "sexual harassment" means unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature when:

(a) Submission to such conduct is made either explicitly or implicitly a term or condition of a person's employment;

(b) Submission to or rejection of such conduct by a person is used as the basis for employment decisions affecting the person; or

(c) Such conduct has the purpose or effect of unreasonably interfering with a person's work performance or creating an intimidating, hostile or offensive working environment.

3. Each person subject to these rules must exercise his own good judgment to avoid engaging in conduct that may be perceived by others as sexual harassment. The following noninclusive list provides illustrations of conduct that the Legislature deems to be inappropriate:

(a) Verbal conduct such as epithets, derogatory comments, slurs or unwanted sexual advances, invitations or comments;

(b) Visual conduct such as derogatory posters, photography, cartoons, drawings or gestures;

(c) Physical conduct such as unwanted touching, blocking normal movement or interfering with the work directed at a person because of his sex;

(d) Threats and demands to submit to sexual requests to keep a person's job or avoid some other loss, and offers of employment benefits in return for sexual favors; and

(e) Retaliation for opposing, reporting or threatening to report sexual harassment, or for participating in an investigation, proceeding or hearing conducted by the Legislature or the Nevada Equal Rights Commission or the federal Equal Employment Opportunity Commission,

when submission to such conduct is made either explicitly or implicitly a term or condition of a person's employment or submission to or rejection of such conduct by a person is used as the basis for employment decisions affecting the person or such conduct has the purpose or effect of unreasonably interfering with a person's work performance or creating an intimidating, hostile or offensive working environment.

4. A person may have a claim of sexual harassment even if he has not lost a job or some other economic benefit. Conduct that impairs a person's ability to work or his emotional well-being at work constitutes sexual harassment.

5. If a legislator believes he is being sexually harassed on the job, he may file a written complaint with:

(a) The Speaker of the Assembly;

(b) The Majority Leader of the Senate; or

(c) The Director of the Legislative Counsel Bureau, if the complaint involves the conduct of the Speaker of the Assembly or the Majority Leader of the Senate.

The complaint must include the details of the incident or incidents, the names of the persons involved and the names of any witnesses.

6. Except as otherwise provided in subsection 7, the Speaker of the Assembly or the Majority Leader of the Senate, as appropriate, shall refer a complaint received pursuant to subsection 5 to a committee consisting of

legislators of the same House. A complaint against a lobbyist may be referred to a committee in either House.

7. If the complaint involves the conduct of the Speaker of the Assembly or the Majority Leader of the Senate, the Director of the Legislative Counsel Bureau shall refer the complaint to the Committee on Elections, Procedures, and Ethics of the Assembly or the Committee on Legislative Affairs and Operations of the Senate, as appropriate. If the Speaker of the Assembly or the Majority Leader of the Senate is a member of one of these committees, the Speaker or the Majority Leader, as the case may be, shall not participate in the investigation and resolution of the complaint.

8. The committee to which the complaint is referred shall immediately conduct a confidential and discreet investigation of the complaint. As a part of the investigation, the committee shall notify the accused of the allegations. The committee shall facilitate a meeting between the complainant and the accused to allow a discussion of the matter, if both agree. If the parties do not agree to such a meeting, the committee shall request statements regarding the complaint from each of the parties. Either party may request a hearing before the committee. The committee shall make its determination and inform the complainant and the accused of its determination as soon as practicable after it has completed its investigation.

9. If the investigation reveals that sexual harassment has occurred, the Legislature will take appropriate disciplinary or remedial action, or both. The committee shall inform the complainant of any action taken. The Legislature will also take any action necessary to deter any future harassment.

10. The Legislature will not retaliate against a person who files a complaint and will not knowingly permit any retaliation by the person's supervisors or coworkers.

11. The Legislature encourages a person to report any incident of sexual harassment immediately so that the complaint can be quickly and fairly resolved.

12. Action taken by a complainant pursuant to this rule does not prohibit the complainant from also filing a complaint of sexual harassment with the Nevada Equal Rights Commission or the federal Equal Employment Opportunity Commission.

13. All legislators and lobbyists are responsible for adhering to the provisions of this policy. The prohibitions against engaging in sexual harassment and the protections against becoming a victim of sexual harassment set forth in this policy apply to employees, legislators, lobbyists, vendors, contractors, customers and visitors to the Legislature.

14. This policy does not create any enforceable legal rights in any person.
