By Mr. Hilbrecht:

Assembly Joint Resolution No. 5 of the 54th Session—Proposing to amend article 6 of the Constitution of the State of Nevada, relating to the judicial department, by adding a new section providing for the establishment of a commission on the judiciary, an alternate method for the removal of judicial officers, and review of the calendars of the district courts and the salaries of judges and supreme court justices.

Resolved by the Assembly and Senate of the State of Nevada, jointly, That article 6 of the constitution of the State of Nevada be amended by adding thereto a new section to be designated section 19, which shall immediately follow section 18 of article 6, and shall read as follows:

Sec. 19. 1. A justice of the supreme court, a judge of a district court or a judge of a municipal court may, in addition to the provision of article 7 for impeachment, be removed or retired upon recommendation by a commission on the judiciary. Such commission shall be composed of two district judges appointed by the chief justice of the supreme court, two members of the State Bar of Nevada, a public corporation created by statute, who have practiced law at least 10 years in this state, appointed by the board of governors of the State Bar of Nevada, and three electors of the State of Nevada, who shall not be in government service or members of the State Bar of Nevada, or residents of the same county, to be appointed by the governor.

2. A statement of the charges alleged for his removal or the grounds for his retirement shall be served upon the judicial officer whose removal or retirement is proposed. No judicial officer may by virtue of this section be:

(a) Removed except for willful misconduct or willful or persistent failure to perform the duties of his office, or for habitual intemperance which interferes with the performance of his duties; or

(b) Retired except for mental or physical disability which prevents the proper performance of his judicial duties and which is likely to be permanent in nature.

3. The commission shall, after such investigation as it deems necessary, order a hearing to be held before it. If, after hearing, the commission by an affirmative vote of at least five of its members finds good cause therefor, it shall recommend to the supreme court the removal or retirement of such judicial officer. The supreme court shall review the record of the proceedings on the law and facts and shall order removal or retirement, as it finds just and proper, or wholly reject the recommendation. A district judge who is a member of the commission or a justice of the supreme court shall not participate in any proceeding involving his own removal or retirement. The commission in its discretion may suspend a judicial officer from the exercise of his office pending the determination of the proceedings before the commission. The action of the commission shall not extend further than to recommend removal from office or retirement for disability; but any judicial officer whose removal is sought shall be liable to indictment and punishment according to law. A judicial officer retired for disability in accordance with this section shall thereafter receive such compensation as the legislature may provide.

4. The commission shall convene as soon as practicable after the 1st Monday in January, and not later than the 1st Monday in February, following its appointment for the purpose of electing a chairman. Thereafter the chairman may convene the commission upon his own motion, and he shall convene the commission upon written request by the governor, by concurrent resolution of the legislature or by written request of a majority of the district judges or a majority of the board of governors

of the State Bar of Nevada. The appointment of members to serve on the commission must be made within 10 days after the call to convene and members shall serve no longer than 1 year. If more than one call is made within 1 year, the same members may serve to the end of their 1-year term.

5. The commission shall have power:

(a) To designate in each case involving a judicial officer an attorney or attorneys at law to act as counsel to conduct the proceedings;

(b) To summon witnesses to appear and testify under oath and to compel the production of books, papers, documents and records before such counsel in advance of the trial and before the court upon the trial;

(c) To make its own rules and regulations concerning the procedure to be adopted for the investigation and trial of a judicial officer; and

(d) To grant immunity from prosecution or punishment when the commission deems it necessary and proper in order to compel the giving of testimony under oath and the production of books, papers, documents and records.

The comission shall have such further powers as the legislature may from time to time confer upon it.

6. District judges, when serving on the commission, shall serve without additional compensation. The other members of the commission shall serve without compensation but the legislature shall provide moneys by appropriation to meet the expenses of the commission.

7. The commission shall receive and examine, annually, a report of the calendar of each district court, which shall be submitted to the commission by the clerk of each district court on or before January 15 of each year. The report of the calendar shall be in writing, certified by the clerk, and shall state:

(a) The number of criminal, noncriminal, juvenile and divorce complaints filed with the clerk during the preceding year.

(b) The number of criminal or noncriminal trials and jury or nonjury trials.

(c) The total number of cases noted for trial, showing the number of such cases noted within 1 year, 2 years and more than 2 years.

(d) The total number of trials conducted by each judge sitting within the district.

(e) The total number of matters under submission to each judge sitting within the district, showing the number under submission to each judge for more than 1 month.

After studying the reports of the calendars, the commission shall make recommendations to the supreme court and the judges of the district courts concerning the government of the court, the calendar and rules of practice. The failure of any of the judges of the several district courts to implement such recommendations and alleviate the congestion in the calendar of any court are matters which are proper for consideration by the commission in connection with the removal or retirement of a judge.

8. The commission shall review the budgets, salaries, expense accounts and other matters involving the compensation of justices of the supreme court and judges of the district court in relation to the workload of each judge or justice and the average income of attorneys in private practice within each district, and shall make a written report to the legislature or legislative commission, on or before February 15 of each year, of such findings and any recommendations it may have pertaining to such salaries.

Mr. Lowman moved that the resolution be referred to the Committee on Judiciary.

Motion carried.

By Mr. Bryan Hafen:

Assembly Joint Resolution No. 11 of the 54th Session—Proposing to amend sections 2 and 33 of article 4 of the Constitution of the State of Nevada, relating to the sessions of the Legislature and the compensation of Members of the Legislature, by requiring the Legislature to hold annual sessions; limiting the regular sessions held during even-numbered years to matters relating to the budget and other matters brought to the attention of the Legislature by the Governor and limiting the compensation received by legislators during such a session to not more than 30 days; and providing other matters properly relating thereto.

Resolved by the Senate of the State of Nevada, jointly, That sections 2 and 33 of article 4 of the constitution of the State of Nevada be amended to read as follows:

Sec. 2. The sessions of the Legislature shall be [biennial,] *annual,* and shall commence on the 3rd Monday of January, [next ensuing the election of members of the Assembly,] unless the Governor of the State shall, in the interim, convene the Legislature by proclamation. *All regular sessions held in even-numbered years shall be limited to matters relating to the budget and other matters which may be brought to the attention of the legislature by the governor.*

[Sec:] *Sec.* 33. The members of the Legislature shall receive for their services [,] a compensation to be fixed by law and paid out of the public treasury, for not to exceed 60 days during any regular session of the legislature *held during odd-numbered years, not to exceed 30 days during any regular session of the legislature held during even-numbered years,* and not to exceed 20 days during any special session convened by the governor; but no increase of such compensation shall take effect during the term for which the members of either house shall have been elected Provided, that an appropriation may be made for the payment of such actual expenses as members of the Legislature may incur for postage, express charges, newspapers and stationery not exceeding the sum of Sixty dollars for any general or special session to each member; and Furthermore Provided, that the Speaker of the Assembly, and Lieutenant Governor, as President of the Senate, shall each, during the time of their actual attendance as such presiding officers receive an additional allowance of two dollars per diem.

Mr. Lowman moved that the resolution be referred to the Committee on Government Affairs.

Motion carried.

By Messrs. Swackhamer, Bowler, Kean, Wood, Harris, Mrs. Frazzini, Messrs. McKissick, Schouweiler, Torvinen, Wooster, Manning, Prince, Wilson, May, Close, Espinoza, Howard, and Getto:

Assembly Joint Resolution No. 17 of the 54th Session—Proposing to amend section 24 of article 4 of the Nevada Constitution, relating to lotteries, by authorizing the establishment of a state lottery.

Resolved by the Assembly and Senate of the State of Nevada, jointly, That section 24 of article 4 of the constitution of the State of Nevada be amended to read as follows:

[Sec: 24. No lottery shall be authorized by this State, nor shall the sale of lottery tickets be allowed.]

Sec. 24. The legislature may provide by law for the operation of a lottery by this state, but shall not authorize any other lottery, or the sale of tickets of any other lottery, in this state.

Mr. Lowman moved that the resolution be referred to the Committee on Taxation.

Motion carried.

By Mrs. Brookman:

Assembly Joint Resolution No. 23 of the 54th Session—Proposing an amendment to section 1 of article 2 of the Constitution of the State of Nevada, relating to the right to vote and the qualifications of electors, by authorizing the Legislature to determine the conditions under which former electors of other states may vote in presidential elections of this State.

Resolved by the Assembly and Senate of the State of Nevada, jointly, That section 1 of article 2 of the constitution of the State of Nevada be amended to read as follows:

Section 1. All citizens of the United States (not laboring under the disabilities named in this constitution) of the age of twenty-one years and upwards, who shall have actually, and not constructively, resided in the state six months, and in the district or county thirty days next preceding any election, shall be entitled to vote for all officers that now or hereafter may be elected by the people, and upon all questions submitted to the electors at such election; provided, that no person who has

been or may be convicted of treason or felony in any state or territory of the United States, unless restored to civil rights, and no idiot or insane person shall be entitled to the privilege of an elector. There shall be no denial of the elective franchise at any election on account of sex. *The legislature may provide by law the conditions under which a citizen of the United States who does not have the status of an elector in another state and who does not meet the residence requirements of this section may vote in this state for President and Vice President of the United States.*

Mr. Lowman moved that the resolution be referred to the Committee on Elections.

Motion carried.

MOTIONS, RESOLUTIONS, AND NOTICES

Mr. Speaker announced that the Governor will deliver his message Tuesday, January 21, 1969, at 7:30 p.m., in a Joint Session of the Senate and Assembly.

REMARKS FROM THE FLOOR

Mr. Frank Young requested that the names of the students and the program presented to the Nevada State Legislature during recess on the opening day by the Huffaker School be entered in the Journal.

A Message to the Assembly from the Class of Huffaker School:

A legislator who gave his life for his country once said: "Some men see things as they are and say, Why? I dream things that never were and say, Why not?"

Robert Kennedy had a dream. To a certain degree the dream is the same for everyone. All legislators share a part of it.

Robert Kennedy was the spokesman for the people of his state—you speak for us, the people of Nevada. Please see that the dream does not perish because of the acts of a few misguided persons.

Your responsibility is great, your importance to our State is even greater. It is something that can not be measured in dollars and cents. Your seat in this Legislature is given to you in trust by the people whom you serve.

Remember your duties. Remember that every man, woman and child in Nevada will reap what you sow.

The students from Huffaker School have been honored to take part in this Inaugural Ceremony. We realize the importance of the commitment of the men and women gathered here today to pledge their lives to public service. To further honor this day we have prepared a series of speeches written by men and women who maintained that Americans could govern themselves in destiny, harmony and freedom.

FREEDOM SPEECHES—INTRODUCTION TO THOMAS PAINE

A good legislator must be able to express his feelings and desires in two ways. One—through the spoken word, whether it be to a large group of people or simply to an individual. Second—through the written word, through speeches, essays, editorials etc. A good legislator must be able to move the people to action. Such a man was Thomas Paine.

"These are the times that try men's souls. The summer soldier and the sunshine patriot will, in this crisis, shrink from the service of their country; but he that stands it now, deserves the love and thanks of man and woman. Tyranny, like hell, is not easily conquered; yet we have this consolation with us, that the harder the conflict, the more glorious the triumph. What we obtain too cheap, we esteem too lightly; it is dearness only that gives everything its value. Heaven knows how to put a proper price upon its goods; and it would be strange indeed, if so celestial an article as FREEDOM should not be highly rated."

THOMAS PAINE

We live in the greatest of all the periods of time. Man has conquered much of disease, we have transferred hearts to give dying men new breath, we are on the edge of conquering space, possibly the last frontier. As each day passes we find some way to make our lives more enjoyable, more satisfying, more fulfilling.

But even with all the knowledge, all the experience we still find our world torn with strife. People starving in Biafra, student riots in France, and finally the terrible war in Vietnam.

Ours is a democracy and in a democracy the people speak. The people are the driving force. The majority will rule through their votes. The majority has spoken here today. Each of you ladies and gentlemen of the Assembly are here because of their voice. They have placed their faith and trust in you and it is your duty not to betray that faith and trust.

Throughout our long and glorious history it has been the legislators that have made things happen. They have been the voice of the people and have responded

with courage and determination to do their best for their country. Ask yourselves this question, where would we be today if it wasn't for our dedicated legislators, whether they be on a national, state or local level. We at Huffaker School like to think of you as soldiers, soldiers that use words instead of guns, understanding instead of threats, some love instead of hate.

This program then is dedicated to you as once again you enter onto your battlefield. Some of you will be venturing forth for the first time, be of good heart for there are many here to help you. Others are returning again to the scene of earlier battles, some are covered with unseen scars and most are satisfied that they have done their best. We ask only this, remember your weapons, the weapon of wisdom, understanding and words. You are the voice of the people—speak out.

We ask you now to listen to the voices of past legislators and to realize the distinguished group of which you are now a part.

INTRODUCTION TO THE DECLARATION OF INDEPENDENCE

As legislators you have one main goal. To preserve the United States of America, its traditions, its heritage and most of all its freedoms. Legislators wrote the Declaration of Independence, legislators passed it, and legislators have since that time helped to preserve it for all Americans: Ladies and Gentlemen, the Declaration of Independence.

THE DECLARATION OF INDEPENDENCE

July 4, 1776

When in the course of human events, it becomes necessary for one people to dissolve the political bands which have connected them with another, and to assume among the powers of the earth the separate and equal station to which the laws of nature and of nature's God entitle them, a decent respect to the opinions of mankind requires that they should declare the causes which impel them to the separation. We hold these truths to be self evident: That all men are created equal; that they are endowed by their Creator with certain unalienable rights; that among these are life, liberty and the pursuit of happiness. That, to secure these rights, governments are instituted among men, deriving their just powers from the consent of the governed; that, whenever any form of government becomes destructive of these ends, it is the right of the people to alter or to abolish it, and to institute a new government, laying its foundation on such principles, and organizing its powers in such form, as to them shall seem most likely to effect their safety and happiness. And for the support of this declaration with a firm reliance on the protection of Divine Providence, we mutually pledge to each other our lives, our fortunes, and our sacred honor.

The man who wrote the Declaration of Independence was Thomas Jefferson. He was a progressive young man and equally as progressive forty years later. At 73 he still believed that the earth belonged to the living. The true foundation of our Republican government he felt is the right of every citizen in his person and property and in its management. He said the following:

. . . I am certainly not an advocate for frequent and untried changes in laws and constitutions . . . But I know also that laws and institutions must go hand in hand with the progress of the human mind. As that becomes more developed, more enlightened, as new discoveries are made, new truths disclosed, and manners and opinions change with the change of circumstances, institutions must advance also, and keep pace with the times. We might as well require a man to wear still the coat which fitted him when a boy, as civilized society to remain ever under the regimen of their barbarous ancestors.

INTRODUCTION TO WOODROW WILSON

An educator, a college president and finally President of the United States. Woodrow Wilson was a man of vision, a man of dreams—dreams that included a world without war—a man who can best typify the legislator—a man who would always rather use words and common sense than force and destruction.

This is no sentimental duty. The firm basis of government is justice, not pity. These are matters of justice. There can be no equality or opportunity—the first essential of justice in the body politic—if men and women and children be not shielded in their lives, their very vitality, from the consequences of great industrial and social processes which they cannot alter, control, or singly cope with. Society

must see to it that it does not itself crush or weaken or damage its own constituent parts. The first duty of law is to keep sound the society it serves, sanitary laws, pure-food laws, and laws determining conditions of labor which individuals are powerless to determine for themselves are intimate parts of the very business of justice and legal efficiency.

These are some of the things we ought to do, and not leave the others undone, the old-fashioned, never-to-be-neglected, fundamental safeguarding of property and of individual right. This is the high enterprise of the new day: To lift everything that concerns our life as a nation to the light that shines from the heartlife of every man's conscience and vision of the right. It is inconceivable that we should do this as partisans; it is inconceivable we should do it in ignorance of the facts as they are, or in blind haste. We shall restore, not destroy. We shall deal with our economic system as it is and as it may be modified, not as it might be if we had a clean sheet of paper to write upon; and step by step we shall make it what it should be, in the spirit of those who question their own wisdom and seek counsel and knowledge, not shallow self-satisfaction or the excitement of excursions whither they cannot tell. Justice, and only justice, shall always be our motto.

HERBERT HOOVER

These truths came into the universe along with the shooting stars of which worlds are made. They are as inevitable as the existence of the Supreme Being, the forces of gravitation, and the ceaseless struggle of mankind to be free.

I have lived a long life. I have witnessed, and even taken part in, many great and threatening crises. With each time they have been surmounted, the American Dream has become more real.

My faith arises from the genius of our people, their devotion to personal liberty and their sustaining religious beliefs. If the American people are guided aright, there will be no decline and fall in American civilization.

I wish for the guidance of the Almighty Providence in your task. And with deepest sincerity may God bless you.

Herbert Hoover paid tribute to the American Government who led our country to safety in many great crises of freedom. He said "One of the great defenses of free men in our form of government is our system of two major political parties. It is the only method by which change can be made by ballots instead of bullets. It provides the anvil of debate upon which one can hammer out the solutions necessary for progress. To maintain the two party system requires loyalties to certain central ideas and no doubt differences in secondary matters. If you face the truth that we are in a critical battle to safeguard our nation and civilization, which, under God, have brought to us a life of liberty, then you will be guided step by step to restore the foundations of right thinking, of morals and faith throughout the world. America shall safeguard the freedom of men. You are here to generate a spirit which will rekindle in every American a love, not only for his country, but a devotion to its true ideals. You are here to feed the receiving fires of spiritual fervor which once stirred Americans to live and die for human liberty. Great are your problems—they are no greater than those which Americans have met before this time. You are no less able or courageous than they were."

In this regard Herbert Hoover again stated:

Your duties as legislators go far beyond the thoughts and sayings of the men so far presented. Your duties must become a commitment, a commitment to a dream. A dream of the day when everyone will live under a democracy, when no one, anywhere in the world will go hungry, when there will be no wars, no hatred, no prejudice but peace and plenty will abound. Impossible, you say. Maybe so, but every time you meet and with every law you pass this is what deep down you hope is going to come about. Impossible—maybe, but if it is then all of us should become thoroughly committed to the Impossible Dream.

Transcending Speech From Hoover to Kennedy:

From the time of President Hoover to President Kennedy, legislators across the nation were faced with many problems. The Depression, the gangland wars, World War II, a changing economy, Korea, but through all of these our country was preserved and our freedoms grew. With John F. Kennedy we entered into the New Frontier.

KENNEDY'S SPEECH

"This nation is now engaged in a continuing debate about the rights of a portion of its citizens. That debate will go on, and those rights will expand, until the standard forged by the nation's founders has been reached—and all Americans enjoy equal opportunity and liberty under law. But, this nation was not founded solely on the principle of citizens' rights. Equally important—though too infrequently discussed—is the citizens responsibility. For our privileges can be no greater than our obligations. The protection of our rights can endure no longer than the performance of our responsibilities. Each can be neglected only at the peril of the other. All Americans must be responsible citizens, but some must be more responsible than others, by virtue of their public or private position, their role in the family or community, their prospects for the future, or their legacy from the past."

LYNDON JOHNSON

It is part of my own philosophy to regard individuality of political philosophy as a cornerstone of American freedom and, more specifically, as a right expressly implied in our nation's basic law and indispensable to the proper functioning of our system.

Our basic law—the Constitution—is distinctive among the basic law of all nations, even the free nations of the west, in that it prescribes no national dogma: Economic, social or religious.

Free enterprise, for example, is not mentioned. Nor are the parties or the party system. Nor is there any provision to require allegiance to any dogma or doctrine.

Yet government is an expression of philosophy, and active governments are inevitably guided by philosophers. As I see it, the mandate of our system—and, perhaps, the ultimate genius of it—is that the American people should be the true philosophers of the American government within the limits upon governmental powers set by our Constitution.

The true purpose of politics is performance. For there are—after all—two parties in this country—and long will be; just as there are many notions, many prejudices, many interests and long will be. Politics is action. It is not civil war. It is this incapacity to hate—that is the greatest single attribute of a truly good American politician. A good politician possesses an instinct not to carry the attack beyond the point of tolerance and decency no matter how many votes he is after. It is this that has made America the oldest unbroken democracy envied all over the world. Listen to what Lyndon Johnson has to say on this subject.

These, then, are American principles, American policies that have been written down for us all to read. They are the principles and policies for all forward looking men everywhere, of every modern nation, of every enlightened community. These are the principles of mankind and must prevail. To close, let us remind you that

This is not a day of triumph; it is a day of dedication. Here muster, not the forces of party, but the forces of humanity. Men's hearts wait upon us; men's lives hang in the balance; men's hopes call upon us to say what we will do. Who shall live up to the great trust? Who dares fail to try? I summon all honest men, all patriotic, all forward-looking men, to my side. God helping me, I will not fail them, if they will but counsel and sustain me!

CLOSING SPEECH

In closing we of Huffaker School would like to thank you for your dedication, your willingness to work at low pay with many hours away from job and family, your interest in our state and country and to you we make this promise. We will carry on when it becomes time for us to assume the responsibility you now carry. We ask you now to listen to the words of our closing song and to thank God, as we do, that we were all BORN FREE.

The Governor delivered his message as follows:

MESSAGE TO THE LEGISLATURE OF NEVADA FIFTY-FIFTH SESSION, 1969

CARSON CITY, January 21, 1969

Mr. President Fike, Mr. Speaker McKissick, Mr. President pro-Tem Lamb, distinguished Members of the Legislature, My Fellow Nevadans:

As this 55th session of the legislature convenes, I am pleased to greet once again many old friends and extend my welcome to the new faces in the legislative chambers of our great state.

At the outset, permit me to open my message to you with this very comforting yet very challenging observation: As we begin this session, our state is poised on the threshhold of a new era of progress and unparalleled opportunity.

The goal that must be uppermost in the minds of all of us is to see that we provide in the era ahead the best possible way of life for all Nevadans.

With that in mind, I address you tonight less with the intent of dwelling on the accomplishments of the past than to chart with you the course and challenge of the future.

Because the well-being of the people of this state is tied to our economic climate, it is clear that one of the primary responsibilities of the Executive Branch of government is to do all within its means to assure a healthy, vibrant economy.

All signs are "go" for Nevada's economy, and unless there should be unanticipated reverses in the national economic picture, this state is about to enter an era of golden economic opportunity.

The statistics speak for themselves. I won't go into them here. You're already aware of them. Nevada's economy, last year particularly, was fantastically successful. Tourism flourished as never before. Our industrial base was extended substantially.

This was due principally not to government as such, but to the efforts and ingenuity of private enterprise. Private enterprise composed of thousands and thousands of hard working men and women—both in and out of organized labor—and many imaginative and forward looking businessmen and women. Nevadans who have worked hard, asked for little, and contributed much.

All combining to make Nevada's economy one of the most vibrant in the entire country.

What is the role of state government?

First, state government has a direct responsibility in promoting tourism and attracting desirable industry to our state. For this reason, we will ask that you substantially increase the budget of a vastly improved economic development department.

Additionally, because economic development and industrial expansion are so closely linked to the attitudes and stances of state government, and its financial condition, let me outline for you what we are trying to achieve as we enter the new era. . . .

First of all, we want fiscal integrity on the state level. Prospective industry looks at this carefully. The economy reacts to it with great sensitivity.

To me, fiscal integrity means a state government that does not unduly tax its people.

It means a state government ready and willing to spend money on substantive projects for the future—rejecting closed-circuit thinking—but also capable of exercising the fiscal caution to maintain sufficient reserves for unexpected crisis.

It means a state government insisting upon a combination of prudence and imagnation to obtain maximum services for every tax dollar spent. Combining its own

resources with help and assistance from the private citizens of this state, who have been so helpful the past two years.

It means a state government with a basic competence that is attuned to the future to produce practical solutions to practical and very often complex problems. With this criteria of our state government in mind, permit me now to outline for you the directions we recommend for the future.

EDUCATION

As we look to the future it is most appropriate that we first look to education. That, indeed, is what the future is all about.

This year, as in past years, meeting the needs of education will be one of your primary tasks.

We do not resent responsible pleas for more money from educators. In fact, we feel this reflects a vitality of education in our state when demands for greater funds are made each session of the legislature by spokesmen for education.

They certainly have every right to plead that case as they see fit.

Because education touches on the lives of everyone in the state and because the educators plead an articulate case for continuation of quality education with which we are in basic sympathy, it becomes a most trying challenge to decide between what the educators request and what we are able to afford.

Statistics from the Nevada Department of Education indicate the average teacher in Nevada today earns some $8,330 a year as compared to $7,421 some two years ago.

Under our recommendation, additional funds would allow for further increases of more than $500 per teacher, according to Department of Education figures.

In the final analysis, we must ask ourselves whether we are now doing all that we can within our means. I have wrestled with the question for some time.

I sincerely feel that our recommendation reflects what we can do within our means and yet still meet other important obligations.

Somewhere, with all such requests, someone has to draw the line, the buck stops at the Governor's desk.

It's a big family with which the Governor must be concerned. The youngster in the children's home, the patient in the mental hospital, the mentally retarded youngster, the blind person. They all need attention.

It is my serious responsibility to achieve a fair division of our available funds.

I have attempted to do this and enable our school boards to keep teacher salaries competitive. Some educators disagree. You must make the final determination.

However, we must bear one fact in mind. It's a two way street. We on the state level have our responsibility to education. By the same token, education has its responsibility to the taxpayers of this state to operate on a businesslike, efficient, and economical basis. I'm certain that it will.

GENERAL TAXATION

The dramatic improvement in our fiscal picture has enabled us to present to you not only a balanced budget but also one which calls for no new general tax increases.

During the past several months I've travelled throughout our state and talked with thousands of our citizens. One message came through—loud and clear. Nevadans, with few exceptions, have absolutely no appetite for additional general taxes.

I want you and all Nevadans to know that I concur wholeheartedly in this feeling.

There are those who point out that the lot of the Nevada taxpayer is fortunate, perhaps the most fortunate in any of the 50 states.

I think that's true, and I think we all should be proud of this distinction. Let's keep it that way!

My strong feeling in this whole area is that the most feasible way to increase governmental revenue is not always to think in terms of more taxes, but to create and maintain a business climate, free of burdensome taxes, which will generate required funds from existing tax sources.

Certainly, the past year has demonstrated forcefully the truth of this belief, and I hope we can all strive to keep Nevada "One Sound State" with the most favorable tax climate in the country.

Fund Surplus

I am, of course, pleased to report to you that the State treasury is in excellent fiscal condition. As of July 1, 1968, the general fund balance was approximately $5 million. Revenues this year have increased dramatically, and governmental economies have also occurred. As a result, our estimates of the unappropriated surplus as of July 1, 1969, will approach the sum of $15 million. It appears that will be a record surplus in Nevada's history, and Nevadans should be proud of it.

As you well know, this healthy fiscal condition was not easily achieved. It resulted from a combination of factors, including new fiscal policies in state government; forward-looking decisions made by the legislature in your last session; and amazing economic expansion.

Government savings resulted from not filling vacancies unless absolutely necessary.

For this we owe a debt of gratitude to our state employees, who have accepted the new policies with complete cooperation. They have certainly earned the proposed salary raises we have recommended. Also, by refusing to allow ourselves to be carried away with the multitude of matching programs of the federal government which would be of doubtful benefit and could bankrupt our state, we have saved dollars—and our freedom.

Since fiscal health is not easily achieved, neither should we allow it to be easily dissipated. And, I'll tell you why.

As I indicated at the outset, the fiscal condition of state government is one of the factors that prospective new industry looks at when it is deciding where to move. It tells a lot about their own economic and tax future in the state.

But it is not alone for this reason that we seek to preserve a justifiable balance, nor is it merely to help assure us of thoughtful, long-range fiscal planning—as basic as these reasons are to sound government and the future of our state. Rather, it is to safeguard the people of Nevada against any type of "crisis taxation" in the event there is a reversal in the economy or some other unforeseen development.

We therefore view that surplus as a very necessary insurance policy.

We must and will oppose attempts to fritter it away for an additional reason, and I tell you this in all candor.

The fact is that because of our projected growth; the increasing demands made upon state government as a result of a more complex, urbanized society; and the unforeseen problems which are certain to confront us in the near future, this may well be the last opportunity Nevada has to achieve a surplus reserve of this proportion.

It is for these same reasons that we believe that whatever portion of these surpluses we determine can be used without endangering our safe "insurance level of reserves," be allocated to non-recurring capital improvements.

At the same time, of course, we would not ask that an unreasonably high balance be maintained. Thus, we are recommending the most ambitious capital construction program in the history of Nevada—some $20 million.

This will leave a good reserve of some $6 million which we feel is necessary for the reasons stated.

Local Government Financing

As I am sure you are aware, some local sub-divisions in Nevada have expressed concern over their financial plight.

We have evaluated the situation and concluded that in fact there are some local sub-divisions which are in need of additional revenue. The precise method of relief we would leave to you.

If however, you resort to some form of local option taxation, we strongly recommend that the same be limited to a Special tax and that general taxes be left at the state level.

RESOLUTIONS

I would like for a moment to mention certain areas which we are hopeful you will cover by resolution.

First, as you well know, I support lowering of the voting age to 18 in Nevada. The arguments, pro and con are many, and I am sure you have heard them.

If the Legislature approves such a resolution at two regular sessions, the people of the State of Nevada will then have an opportunity to vote on this matter.

Frankly, I feel that it is incumbent upon you to allow the voters to vote on this issue even if you have some personal reservations about it.

Secondly, I would hope that you again pass a resolution which, if approved by the voters of Nevada, will limit a Governor to two consecutive four-year terms.

Personally, I am even more convinced today than two years ago that such a restriction is healthy and necessary.

Also, during the course of this session we intend to present special messages to you relative to consumer protection, election laws and some very badly needed consolidation of the numerous boards and commissions.

Each of the complex areas I have just mentioned warrant study.

University Budget

Turning to needs of higher education, we also find a request for additional monies.

Despite the fact that during the current biennium the largest dollar increase in history—some 56 percent over the previous biennium—was allowed the university, we are again recommending a substantial increase in state aid. Our enrollment on both campuses is rapidly increasing and, as a result, we must keep pace. We must not endanger the quality of instructions in our excellent university system.

Under our proposal to you, the University of Nevada will receive an additional $6.1 million for the coming biennium—an increase of some 25 percent.

This represents the most dramatic increase in aid to the university in history.

Under the proposed increase, we have included funds to meet faculty salary increases as recommended by the regents.

We are also recommending the largest capital construction program ever for the University of Nevada at Las Vegas. We recommend appropriation of $8.3 million for capital improvement at the Las Vegas campus. In addition, we recommend appropriation of $6.7 million for capital construction at the Reno campus.

We also call upon the University to continue to investigate ways to better utilize existing staff, services and facilities to help keep costs down where possible.

We also caution against instituting new programs which could weaken the undergraduate programs.

Finally, I would like to observe that the University of Nevada, at both campuses, is receiving an unquestionably fair share from the money coffers of this state. We in Nevada need apologize to no one for our university system, the advances it has made and the prospects for continued progress, nor need we apologize for its financial support. The state has responded generously to the University's needs.

Thanks to many dedicated persons, our university continues to gain stature in higher education throughout the country.

Business Practices in Government

As we have mentioned, this Administration is dedicated to a business-like approach to government.

To further this concept, we are making several recommendations to you which will help in the overall effort.

Staff Investment Counselor

First, we are asking that you approve our proposal to obtain a state investment counselor.

The concept is simple. For the past several years, the State of Nevada has been losing between $500,000 and a million dollars a year because money has been sitting idle rather than drawing interest. Although substantial funds are always invested, there are many times when vast sums are not.

At times in the past, the State of Nevada has had up to $20 million in a checking account when this money could have been working for us and making money for the state.

The investment counselor would invest idle state funds on a day-to-day basis. Depending on the financial market, the money earned by the state in a year will range upward to a million dollars.

We must remember that a time lag often occurs, for example, between the receipt of cash and its expenditure. These funds may be utilized by investing between the time they are acquired and the time it is necessary to spend them. The interest earned would go into the general fund.

The validity of this concept has been confirmed by a competent certified public accountant in the private sector. His detailed report is available to you.

We can no longer tolerate the present condition. Certainly, business, or individuals for that matter, would not let their money sit idly when they could invest it and gain a handsome return. State government should approach the matter no differently.

Now, to my next recommendation.

Appropriation to Interim Finance Committee

No doubt exists that it has been necessary to have special legislative sessions almost every other year for the past decade. Consideration has been given to off-year sessions since two years is a long time to plan ahead.

For the most part, these off-year sessions deal only with money matters. Therefore, only members of the money committees are fully involved in the business before the session. The remaining legislators have little to do. In addition, the cost of such sessions are extremely high.

We have given serious thought to establishing a method of meeting financial needs between regular biennial sessions and avoiding off-year sessions.

We are therefor asking you to appropriate $1 million to be available to an interim finance committee which can consider money requests in off-years.

To be composed of members of the legislative money committees, this interim committee would meet when necessary to hear requests for additional funds. The committee would have authority to allocate monies up to the million dollar mark.

This concept is not offered at this time as a means to defeat proposals before you regarding annual budget sessions. If you approve the interim concept, however, and it works well, the citizens of Nevada may take this into consideration when deciding on the proposed off-year budget sessions.

Through the diligence of our State Controller, Wilson McGowan, it has become evident that in recent years Nevada has been woefully inadequate in providing means for a proper accounting system for the multi-million dollar business we call state government.

Improvements have been made the past two years which have at least brought our antiquated techniques "into this century," but there is still much to be desired.

Therefore, we are asking you for funds to upgrade and modernize our accounting procedures. We can no longer afford a "horse and buggy" accounting system in the space age.

This will initially cost money. However, in the long haul, it will be far more efficient and save dollars.

And, perhaps just as importantly, we will all but eliminate the chances for error which can be so costly in such a large business as state government.

State Building Authority

Lastly, legislation will be presented to you authorizing a state building authority designed primarily to meet construction needs at the campuses. The legislation has been prepared by the Legislative Counsel to carefully avoid circumventing the vote of the people on proposition 2, and, warrants your serious consideration.

TAXI CAB AUTHORITY

In the course of our growth and development there arise conditions of a very critical nature that affect particular sections of our state, but concerning which the rest of the state is, for all practical purposes, oblivious.

Such a condition exists in Clark County with respect to the taxi cab business there—the number of cabs allowed to operate, labor contracts, jurisdictional conflicts, and other issues.

Because of the sensitivity of the matter, its effect on the resort hotel industry and of thousands of tourists, as well as adverse publicity that it has caused Nevada nationally, we believe it is an area of vital concern to state government.

It has become clear to us, in keeping with various court decisions, that a strong central authority is needed to regulate the taxi cab industry.

The explosive situation we've had there the past few years is a gun poised at Clark County's economic temple. We can no longer afford to play Russian roulette with this problem.

We believe the legislature should create such an authority on a state level, placing it under the wing of the Public Service Commission, but giving it independent status.

Our belief that authority and responsibility in this matter should rest with the state is based on the uniqueness of the Southern Nevada economy, an area with

more than half the state's population. A very key segment of the state's economy can be seriously damaged by difficulties within the taxi cab industry in Clark County.

However, should it be the view of the legislature that such control would more properly be vested at the local level, the state will in turn respect that judgment, and continue to work through existing channels whenever called upon. If you feel, though, that the job can't be done there, let's proceed on the state level. One way or the other—something must be done—now!

RACE RELATIONS

Let me say that in the field of equal rights, Nevada's record has been one of basic harmony and responsibility when compared to the inflammatory situations in other states. This has been due principally to responsible minority leadership—one of whom is a distinguished colleague of yours—Woodrow Wilson.

Nevertheless, conditions here have not been without trial or tribulation for Nevada.

Based on the experiences of this critical period, and looking to the future, it is clear that our equal rights commission must have a substantially increased budget and an enlarged staff.

The minority segment of our population is growing rapidly and the state must face up to its avowed responsibility of assuring its minority citizens their rights.

With this in mind, to avoid the question of open housing legislation on the state level would be less than honest.

It is true that recently rendered decisions of the United States Supreme Court, as well as federally-enacted open housing legislation, assure the rights of all Nevadans in housing and makes almost any legislative action we may take on a state level appear legally unnecessary, but that is really not the case.

Two very strong reasons militate for your enactment of open housing legislation.

First, there is the very practical consideration that state open housing legislation would take precedence over the federal laws. This would enable Nevadans to deal with our own problems rather than facing the heavy hand of federal involvement.

But secondly, and I believe perhaps even more importantly, the time has come for Nevada to serve notice upon one and all that the rights and human dignity of the minorities of this state are believed, protected and supported by heart and by conscience and by law in Nevada.

CONSERVATION AND NATURAL RESOURCES

It undoubtedly comes as no surprise to you that this Administration will continue to support outdoor recreation development. A rather mediocre former sheepherder could do no less.

The value of recreation to physical and mental well-being must be recognized and must be expressed in programs designed to eventually reach our goal of insuring availability and accessibility of adequate recreation for all citizens.

The heritage of scenic lands, natural wonders, coastal areas, inland waters, virgin forests, and unspoiled mountains must be preserved and enriched for future generations.

We are recommending a budget for capital improvement of parks which is over the million dollar mark or nearly three times the amount allocated last biennium.

In addition, we are recommending an increased budget for the Department of Conservation and Natural Resources.

I am pleased to report to you that significant developments have occurred throughout the state in the area of outdoor recreation since the last regular session.

Also, since the last session, a joint Commission, composed of representatives of Nevada and California, has consummated some thirteen years of negotiations on a compact to allocate the water of Lake Tahoe and the Carson, Truckee and Walker Rivers between the two states.

We urge you to approve the compact legislation which will be presented for your consideration.

We also urge you to give favorable consideration to our recommendation that a Statewide Water Plan be developed. The future of Nevada indeed rests to a large extent with water. We must complete this study as quickly as possible to assure that we will get a fair share of water available in the future.

We will ask that you consider creation of interim agency to serve as the Lake

Tahoe Regional Agency pending ratification of the legislation passed by Nevada and California allowing such a Regional Agency.

CRIME

Nevada has always taken pride in its independence and the independence of its people.

But we have always insisted that our freedom be equalled by self-responsibility. We cannot have one without the other.

This brings me to the subject of crime.

Crime, in any proportion, is a serious problem.

Violence and theft, directly or indirectly, touches each one of us.

Government, at all levels, must continue to support crime prevention programs and rehabilitation programs.

Government must also deal strongly with the offender.

However, as is often the case, government by itself cannot even begin to do the job.

Crime cannot be controlled without the interest and participation of schools, business, social agencies, private groups and private individuals.

As a society, we must deal fairly but strongly with the criminal.

We must make it clear that violence, death, theft, and the hundreds of other crimes which take place daily in this nation *will not be condoned by wishy-washy permissiveness but that they will be dealt with strongly.*

Specifically, this evening I would urge that you approve our recommendation creating a State Narcotics Bureau.

Arrests for narcotic violations rose some 82 percent nationally in the past few years. It is a fact that use of dangerous drugs, particularly among our young people, is increasing in Nevada.

We are not pressing the panic button by any means because we frankly find the vast majority of our young people have the wisdom not to tamper with these dangerous drugs which could indeed blow their lives into oblivion.

Nevertheless, a problem exists and it is growing. It is, thankfully, still manageable, but may not be much longer. Believing strongly in preventive medicine, we believe the time has come for the state to establish a strong State Narcotics Bureau.

It would serve to compile data on the use of dangerous drugs so that the problem can be attacked with more efficiency and more directly.

Of equal importance, the bureau would be available to assist local agencies in investigations whenever asked.

And finally, and perhaps most importantly, the bureau would serve as an information and educational agency to inform Nevadans, young and old, of the risks they are taking by use of dangerous drugs.

I would also like to commend our state's law enforcement agencies for doing such a fine job. I assure them of our continued support.

GAMING

For today, tomorrow and long years to come the substance of much of what we do in Nevada—our daily lives, our economy, our capability of building for the future, our stature nationally—will revolve around and largely be dependent upon the course we take with our legalized gambling industry.

The evolution of legalized gambling to a modern, sophisticated business, one operated at the insistence of Nevada's citizens at the highest ethical level and accepted as such by countless millions of Americans, has been a long time in coming.

I am pleased to report to you tonight that we enter the new era with legalized gambling healthier, more responsible, and more widely accepted nationally than at any time in our history.

The great transition which you, the legislature, initiated in 1967 through the passage of corporate licensing legislation has "opened the door" for what we believe will be unparalleled change and progress in the future.

It has been expected that a great deal of attention will be focused upon the gaming industry in this legislative session. There should be.

As you know, the Gaming Commission, during the past year, passed a strict regulation setting forth the criteria by which the thorny question of monopoly could be answered. As an additional safeguard, we have asked Speaker McKissick,

"The Father of the Gaming Act", to prepare legislation to strengthen the regulation with legislative consideration and approval.

Likewise, there are amendments needed in the framework of our corporate licensing system which we have discovered in working with the act since the last session.

We will ask, too, for additional funding to engage experts in corporate matters to advise us as the expected complex corporate applications come before us. We should settle for nothing but the best advice in passing upon these multi-million dollar transactions.

But I urge that in all of your deliberations you not limit your thinking about legalized gambling to the here and now. Last year we witnessed the beginning of a revolution in legalized gambling in Nevada. It will continue in the years ahead. There are going to be dramatic changes within the industry, and I foresee an industry years from now that we would not recognize today.

I believe very sincerely that the day will come when our casinos will be owned by thousands of corporate stockholders across the nation, including many Nevadans.

That day—however far off it may be—will represent the ultimate evolution of legalized gambling in Nevada. But that day can only come about if we move with extreme care and responsibility today.

PUBLIC EMPLOYEES NEGOTIATIONS

Undoubtedly during this session, you will be presented with numerous bills relative to the creation of legislation authorizing public employees to negotiate.

We have no objection to such legislation and, indeed, feel that in some areas it may be most appropriate.

The bills presented to you will vary. All public employees may not desire such legislation.

I might caution, however, that while supporting the concept of negotiation, I will veto any such legislation if it carries with it the right for such public employees to strike.

Nowhere in this country have public employees been given the right to strike. We must not allow it here.

It is recognized that in the ultimate such a strike is not a strike against government or one of its agencies but against the people.

We need not go into great detail to illustrate the dangers of such strikes. We can imagine a city without policemen. A raging fire but no firemen could mean the overnight destruction of a city, and so on down the line.

The public employee serves all the people, regardless of his line of work. He is sworn as a public employee to support his government and any effort on his part to violate that trust by attempting to disrupt the operations of government or paralyze it, cannot be condoned.

We realize this is a heavy responsibility on public employees. We are attempting continually to upgrade their salaries as much as is feasible.

I would like to compliment Nevada's public employees for their performance in the past and I am sure they will continue to do a fine job.

My remarks relative to strikes are not prompted because we lack faith in our public employees. However, I feel it necessary to make our position clear in the interest of all Nevadans.

Also, in this same general area, legislation will be proposed establishing for the first time in Nevada collective bargaining procedures, on a state level, for disputes of an intra-state nature between labor and management. This legislation is needed and has our general approval.

COMMUNITY COLLEGE

As you well know, this Administration has been somewhat interested in a Community College System in Nevada. How do you like that for the understatement of the year?

During the past two years, and I would like to make this clear, our support of a community college concept has not lessened one iota. On the contrary, we now feel even more strongly than ever that Nevada needs to support this concept in education.

The A. D. Little Report we recently received confirmed what many of us had

long suspected. A Community College System is desperately needed in Nevada. We are the only state—*the only State*—not providing this type of educational opportunity for as many as 60 percent of our high school graduates.

Too many are unable to meet admission requirements at the University, or if they can, too many simply aren't ready for University work. And yet, off they go—either to the Las Vegas or Reno campuses.

And by the end of the first year 40 percent either drop-out or flunk out.

And at what price?

First, thousands and thousands of badly needed tax dollars to train them.

And worse than that, unnecessary emotional and social scars—deep and permanent—for these youngsters to bear the rest of their lives.

These young Nevadans would be far better served by going to a two year community college to try out their "educational wings," then, if they can successfully complete "university courses," they simply move on to the University to complete their college education.

If they can't, they then have an option. Rather than simply dropping out, they can go into the vocational-technical division of the community college.

Clearly these youngsters need our help.

Additionally, many of our youth simply do not want to go to the University at all—and shouldn't. Their talents lie in practical pursuits. Rather than become teachers, doctors, or lawyers, they prefer to become good electronic technicians, programmers, auto mechanics, cosmetologists, draftsmen and an endless list of other vocations that keep our world moving. These Thousands of youngsters, in my opinion, deserve more from Nevada than we've given them. They should be given every opportunity to attend a Community College, to equip themselves to a desired level, and at the end of two years, go into life with a "College Degree"—a Degree just as important in today's society as a degree from any University.

How do we go about getting started? Clearly, we can't go in the direction recommended by the Little Report, as desirable as that might be. I wish we could. Realistically, though, we can't. The recommended 100 million dollar, ten year program for operating funds and facilities is simply out of our reach. We should move slowly and make certain we don't jeopardize existing programs, both at the University and at the public schools.

But start we must, and fortunately, that start has already been made here in Nevada.

In 1967 a small group of residents in Elko decided they would take the matter "in their own hands." Through private donations, they started the first Community College in Nevada—a splendid example of what "local self-help" can do.

To be sure, the road for them has been a rocky one. Fortunately, despite setback after setback, this school is still "very much alive" and functioning.

To me, this is the logical place to start our State Community College System. Accordingly, I'm recommending that you appropriate $1000 for each fulltime student working toward a degree at Elko, to a maximum of 250 students per year. Cost of part-time students will be self-sustaining by student fees.

This will enable us to launch a meaningful program on a modest "first step" basis.

Bear in mind that this recommendation contemplates that the local area will provide the facilities, at their expense, to carry out the program. As we visualize the program, the State will provide the operating funds and the local entity will provide the facilities. The result will be a true joint venture aimed at a most desirable educational result.

I solicit your help and cooperation in this proposal. I know of none more important this session.

To do less than this would, in my opinion, break faith with too many of our young people.

Description of Program

This, then, represents our course for the future. We would describe it as being progressively conservative—contradiction in terms? I think not. Conservative in the sense that we must ever be vigilant to protect and preserve that of Nevada which makes her what we all love and cherish.

Progressive in the sense that the program is responsive to the needs of a fast growing, dynamic state.

TRIBUTE TO HISTORY

In closing we can't overlook that this evening we are participating in an unescapable drama of historic significance. This will be the last time a governor or legislature will ever participate in a session like this in this fine, historic capitol.

On this occasion, I would like to offer a litany to the many legislators and governors who over the years have served their people in these very halls. Men and women who have helped forge Nevada as we know and love it today.

The list of names is too long to recite. But, that is not necessary. Each one of us here this evening was inspired by one or more of these people to come here and to serve our state the best we know how. Thus these men and women will never be forgotten. They leave an indelible legacy upon the beautiful face of Nevada.

If you will excuse a personal reference, this is a particularly moving experience for me. My memories of this chamber, of this fine old capitol building, go back to when I was "knee high" to a small grasshopper, a youngster growing up here in our capital city, trying to slip into the gallery without being detected, of hearing the spirited debates, of listening in complete awe to Governors Fred Balzar, Dick Kirman, Ted Carville deliver their messages.

Never, never in my wildest moments of imagination, did I ever dream that one day I would follow them to this rostrum and participate as Governor in this closing page of a wonderful chapter of Nevada History.

Tonight we who have followed these distinguished men and women can only hope that this last session will be a memorable one—one in which they would have been proud. We're so fortunate being Nevadans. Never for a moment should any of us forget it.

With God's help, blessed with the ability and strength He will give us, we will be equal to the task ahead.

The hour of 9 a.m. having arrived, vetoed Assembly Bill No. 450 of the 54th Session was considered.
Vetoed Assembly Bill No. 450 of the 54th Session.
Bill read.
Governor's message stating his objections read.

STATE OF NEVADA
EXECUTIVE CHAMBER

CARSON CITY, NEVADA, April 20, 1967

THE SPEAKER, *Nevada State Assembly, Assembly Chambers, Carson City, Nevada*

DEAR MR. SPEAKER: The net effect of this legislation is to prohibit hunting from any aircraft, helicopter, motorboat or sailboat. Probably by inadvertence, the most essential prohibition, hunting from an automobile, was deleted.

While the extension of prohibition was desirable, in the interest of good sportsmanship, the "baby" (automobiles) was thrown out with the "bath water."

For these reasons, I must reluctantly veto A. B. 450.

Respectfully submitted,

PAUL LAXALT,
Governor of Nevada

The question was put: "Shall the bill pass, notwithstanding the objections of the Governor?"
Remarks by Mr. Homer.
The roll was called, and the Assembly sustained the veto of the Governor by the following vote:

MESSAGES FROM THE SENATE

SENATE CHAMBER, Carson City, January 22, 1969

To the Honorable the Assembly:

I have the honor to inform your honorable body that the Senate on this day adopted Assembly Concurrent Resolution No. 2.

JEAN HANNA
Assistant Secretary of the Senate

MOTIONS, RESOLUTIONS, AND NOTICES

Mr. Smith moved that Assembly Bill No. 50 be placed on the Second Reading File.

Remarks by Mr. Smith.

Motion carried.

By Mr. Hilbrecht:

Assembly Joint Resolution No. 4—Proposes to amend section 1 of article 10 of the Constitution of the State of Nevada, relating to taxation, by authorizing the Legislature to provide for a reduced tax on certain improvements to real property.

Resolved by the Assembly and Senate of the State of Nevada, jointly, That section 1 of article 10 of the constitution of the State of Nevada be amended to read as follows:

Section 1. The legislature shall provide by law for a uniform and equal rate of assessment and taxation, and shall prescribe such regulations as shall secure a just valuation for taxation of all property, real, personal and possessory, except mines and mining claims, when not patented, the proceeds alone of which shall be assessed and taxed, and when patented, each patented mine shall be assessed at not less than five hundred dollars ($500), except when one hundred dollars ($100) in labor has been actually performed on such patented mine during the year, in addition to the tax upon the net proceeds; shares of stock (except shares of stock in banking corporations), bonds, mortgages, notes, bank deposits, book accounts and credits, and securities and choses in action of like character are deemed to represent interest in property already assessed and taxed, either in Nevada or elsewhere, and shall be exempt. Personal property which is moving in interstate commerce through or over the territory of the State of Nevada, or which was consigned to a warehouse, public or private, within the State of Nevada from outside the State of Nevada for storage in transit to a final destination outside the State of Nevada, whether specified when transportation begins or afterward, shall be deemed to have acquired no situs in Nevada for purposes of taxation and shall be exempt from taxation. Such property shall not be deprived of such exemption because while in the warehouse the property is assembled, bound, joined, processed, disassembled, divided, cut, broken in bulk, relabeled or repackaged. The legislature may exempt motor vehicles from the provisions of the tax required by this section, and in lieu thereof, if such exemption is granted, shall provide for a uniform and equal rate of assessment and taxation of motor vehicles, which rate shall not exceed five cents on one dollar of assessed valuation. No inheritance or estate tax shall ever be levied, and there shall also be excepted such property as may be exempted by law for municipal, educational, literary, scientific or other charitable purposes. *The legislature may provide that improvements made to real property be assessed and taxed at a rate less than the uniform and equal rate otherwise prescribed by law. Any such reduction shall be limited to the first 4 years of the useful life of any such improvement.*

Mr. Hilbrecht moved that the resolution be referred to the Committee on Taxation.

Motion carried.

Mr. Speaker pro Tempore instructed the Chief Clerk to read the following communications:

STATE OF NEVADA
LEGISLATIVE COUNSEL BUREAU
Room 45, Capitol Building

CARSON CITY, NEVADA, January 20, 1969

To the Members of the Senate and Assembly of the 55th Legislative Session:

Chapter 352, Statutes of Nevada 1967, restricted the length of vehicles to be used on public highways within this State and required the Department of Highways, not later than January 20, 1969, to file with the Legislature the standards promulgated by the Department of Highways under the 1967 act and to make

appropriate recommendations to assist the Legislature in making determinations as to future operations of vehicles under the law.

The State Highway Engineer on January 15, 1969, pursuant to law, filed with me three copies of the standards as promulgated by the Department of Highways and the department's recommendations.

Two copies are on file in my office and can be made available to the standing committee on transportation of the respective houses, or any other appropriate standing committee.

Sincerely yours,

RUSSELL W. MCDONALD
Legislative Counsel

STATE OF NEVADA
LEGISLATIVE COUNSEL BUREAU
Room 45, Capitol Building

CARSON CITY, NEVADA, January 20, 1969

To the Senate and Assembly of the 55th Legislative Session:

On November 19, 1968, the Governor transmitted the attached letter and enclosures from the Honorable Willard Wirtz, Secretary of the United States Department of Labor, to me for submission to you for your information and any consideration that you might deem it desirable to give to Convention No. 127 (maximum permissible weight to be carried by one worker); Recommendation No. 128 (maximum permissible weight to be carried by one worker); Recommendation No. 129 (communications between management and workers); and Recommendation No. 130 (examination of grievances), all adopted by the International Labor Conference at its 51st Session in Geneva, Switzerland, in June, 1967.

It is suggested that this letter and its enclosures be referred to the standing committee on labor of each house for any action deemed desirable.

If legislation is contemplated by the committees we make the following observations concerning the convention and recommendations:

I. Maximum weight (Convention No. 127 and Recommendation No. 128)

1. Amend chapter 608 of NRS to establish 122 lbs. as maximum which one man may lift, carry or put down.
2. Decide on suitable maxima for:
(a) Adult women ("substantially less" than 122 lbs.)
(b) Young men ("substantially less" than 122 lbs.)
(c) Young women ("substantially less" than (a).)
3. Amend chapter 609 of NRS to establish:
(a) Maxima fixed under Item 2.
(b) Eighteen years as minimum age for regular lifting, carrying or putting down of loads.
(c) Prohibition of lifting, carrying or putting down loads by pregnant women.
4. Consider regulation of:
(a) Training and medical examination of workers engaged in lifting.
(b) Packaging and other techniques to facilitate handling of loads.

II. Labor-management communication (Recommendation No. 129)

Requires no legislation applicable to private employers. Chapter 285 of NRS tends to carry out this recommendation as to public employers.

III. Examination of grievances (Recommendation No. 130)

Appears to require no specific state legislation. Nevada has no laws which stand in the way of accomplishing this in private or public employment. The legislation could prohibit an employer from discriminating against an employee who presents an individual grievance, but such a statute would be practically unenforcible.

Sincerely yours,

RUSSELL W. MCDONALD
Legislative Counsel

To the Senate and Assembly of the 1969 Session of the Nevada Legislature:

On October 22, 1968, the following telegram, addressed to the Nevada legislature, was received by me:

The Executive Council of the Lutheran Church in America at its October 18–19, 1968 meeting voted that the following resolution adopted by the 1968 convention of the LCA be forwarded to the state legislatures as indicating the position of our church for their benefit in framing such legislation:

Because of widespread violence and the high incidence of maiming and killing in the United States, be it resolved that the 1968 convention of the Lutheran Church in America:

(1) Urge Congress to pass strong and meaningful gun control legislation;

(2) Instruct the Board of Social Ministry to prepare study materials on violence and law enforcement for distribution to the congregations of the Church.

STATE OF NEVADA
LEGISLATIVE COUNSEL BUREAU
Room 45, Capitol Building

CARSON CITY, NEVADA, January 27, 1969

To the Members of the Senate and Assembly of the 55th Legislative Session:

Enclosed is a letter, dated January 22, 1969, addressed to me by Mr. William E. Hancock, Manager of the State Planning Board, concerning the construction of cottages for mentally retarded children in Washoe and Clark Counties. I am certain that its contents may be of interest to one or more standing committees of your respective houses.

Sincerely yours,
RUSSELL W. MCDONALD
Legislative Counsel

STATE OF NEVADA
PLANNING BOARD
Nye Building, Room 225

CARSON CITY, NEVADA, January 22, 1969

MR. RUSSELL W. MCDONALD, *Director, Legislative Counsel Bureau*

DEAR RUSS: On January 15th, the State Planning Board rejected all bids on the construction of the Retarded Children's Cottages at the Nevada State Hospital, and, simultaneously, instructed its staff to advise the architect for the Southern Nevada Retarded Children's Cottages to stop all work on that project. The Board's action was to hold both projects in abeyance until the cottage concept can be reviewed by the Legislature in light of the recommendations from the Department of Health, Welfare and Rehabilitation.

At the January 15th meeting, Mr. Karl Harris, Dr. McAllister and Dr. Linde recommended that the cottage concept be abandoned in favor of the construction of a single structure, housing 25 to 30 children, one such facility to be located at the Nevada State Hospital, Sparks, Nevada, and the other on the site of the Comprehensive Mental Health Center in Las Vegas. These Doctors advised the Board that they had serious reservations about the practicality and workability of the cottage concept as envisioned and established by the previous State Director of the Division of Mental Retardation.

Simultaneously with this action, the Board recommended the appropriation of $330,000 to supplement the 1967 appropriation for the construction of retarded facilities. This additional fund is necessary to develop the single-structure schemes now envisioned by the Department of Health, Welfare and Rehabilitation. The Board's recommendation on this matter will be contained in the 1969 Capital Improvement Program.

To date, the State has expended approximately $18,500 for architectural-engineering services in developing the cottage concept. An additional $7,677 has been spent on the construction, in cooperation with the City of Sparks, of a joint sewer line serving the Retarded Children's facility site at the Nevada State Hospital. This sewer line will be useable under either concept for retarded facilities and for future hospital construction. Mr. Harris has advised that this change in concept should in no way endanger the availability of Federal funds of approximately $200,000 to assist in the design and construction of these two facilities.

If the Legislature desires to pursue the construction of the cottages, new bids can be solicited for the Washoe facilities within 45 calendar days, and the Las Vegas project bid documents completed with no significant delay. If the single-structure concept, recommended by the Department of Health, Welfare and Rehabilitation, is acceptable to the Legislature, 4 to 5 months will be required for design, 2 months for approval and award, and approximately 7 months for construction. In this regard and in consideration of the Special Session's directive that the Board attempt to expedite construction of these facilities, it is to be noted that the Board was delayed by the unavailability of appropriated funds from proceeding with this project for approximately 6 months, and an additional 5 months was involved in obtaining the approvals of the Federal Government of the project to insure the availability of their matching funds. I do not feel that on subsequent work the Federal delay should be as extensive since their procedures and requirements have now been finalized on this relatively new program.

Very truly yours,

WILLIAM E. HANCOCK, AIA, *Manager*

MESSAGES FROM THE SENATE

SENATE CHAMBER, Carson City, January 29, 1969

To the Honorable the Assembly:

I have the honor to inform your honorable body that the Senate on this day adopted Senate Concurrent Resolution No. 4.

JEAN HANNA
Assistant Secretary of the Senate

MOTIONS, RESOLUTIONS, AND NOTICES

By the Committee on Taxation:

Assembly Joint Resolution No. 9—Proposing to amend section 1 of article 10 of the Constitution of the State of Nevada, relating to taxation, by authorizing the imposition of an estate tax not to exceed the credit allowable for such a tax against the federal estate tax, reduced by the amount paid to any other state.

Resolved by the Assembly and Senate of the State of Nevada, jointly, That section 1 of article 10 of the constitution of the State of Nevada be amended to read as follows:

Section 1. The legislature shall provide by law for a uniform and equal rate of assessment and taxation, and shall prescribe such regulations as shall secure a just valuation for taxation of all property, real, personal and possessory, except mines and mining claims, when not patented, the proceeds alone of which shall be assessed and taxed, and when patented, each patented mine shall be assessed at not less than five hundred dollars ($500), except when one hundred dollars ($100) in labor has been actually performed on such patented mine during the year, in addition to the tax upon the net proceeds; shares of stock (except shares of stock in banking corporations), bonds, mortgages, notes, bank deposits, book accounts and credits, and securities and choses in action of like character are deemed to represent interest in property already assessed and taxed, either in Nevada or elsewhere, and shall be exempt. Personal property which is moving in interstate commerce through or over the territory of the State of Nevada, or which was consigned to a warehouse, public or private, within the State of Nevada from outside the State of Nevada for storage in transit to a final destination outside the State of Nevada, whether specified when transportation begins or afterward, shall be deemed to have acquired no situs in Nevada for purposes of taxation and shall be exempt from taxation. Such property shall not be deprived of such exemption because while in the warehouse the property is assembled, bound, joined, processed, disassembled, divided, cut, broken in bulk, relabeled or repackaged. The legislature may exempt motor vehicles from the provisions of the tax required by this section, and in lieu thereof, if such exemption is granted, shall provide for a uniform and equal rate of assessment and taxation of motor vehicles, which rate shall not exceed five cents on one dollar of assessed valuation. No inheritance [or estate] tax shall ever be levied, and there shall also be excepted such property as may be exempted by law for municipal, educational, literary, scientific or other charitable purposes. *The legislature may provide by law for the taxation of estates taxed by the United States, but only to the extent of any credit allowed by federal law for the payment of such a state tax. The combined amount of such federal and state taxes shall not exceed the estate tax which would*

be imposed by federal law alone. If another state of the United States imposes and collects death taxes against an estate which is taxable by the State of Nevada under this section, the amount of estate tax to be collected by the State of Nevada shall be reduced by the amount of death taxes collected by such other state.

Mr. Frank Young moved that the resolution be referred to the Committee on Taxation.

Motion carried.

By Messrs. Frank Young, Wilson, Swallow, Smith, Schouweiler, Bowler, Webb, and Lowman:

Assembly Joint Resolution No. 10—Proposing an amendment to section 7 of article 1 of the Constitution of the State of Nevada, relating to bail, by limiting the right to bail in felony narcotic cases.

Resolved by the Assembly and Senate of the State of Nevada, jointly, That section 7 of article 1 of the constitution of the State of Nevada be amended to read as follows:

[Sec:] *Section* 7. All persons shall be bailable by sufficient sureties [; unless for Capital Offenses when the proof is evident, or the presumption great.] *unless:*

1. The proof is evident or the presumption great; and

2. The accusation is for a capital offense or for a felony in violation of a law regulating the use or transfer of narcotic drugs.

Mr. Frank Young moved that the resolution be referred to the Committee on Judiciary.

Motion carried.

Assembly Concurrent Resolution No. 6.

Mr. Wood moved the adoption of the resolution.

Remarks by Messrs. Wood and May.

Messrs. May, Branch, and Mrs. Frazzini requested a roll call on Mr. Wood's motion:

Remarks by Messrs. Hilbrecht, Wood, Close, Kean, and Mrs. Tyson.

Mr. Hilbrecht requested that his remarks be entered in the Journal:

"I must rise in opposition to this measure. I have represented several taxicab companies in the course of my private practice, but I earnestly feel that the selfish conflicting claims of competing businesses are properly the business of litigants in the courts, at their private expense and not at the expense of the people in these halls. For that reason, although I have received many requests for legislation and believing that the entire industry might find agreement on some legislation, I have requested drafts—but although I've had them I have declined to introduce these, since there was no apparent accord.

While I don't feel that it is the place of former attorneys to introduce bills to get from the Legislature things they couldn't get in court, fortunately I am not in that position; conversely, I don't feel it is the place of law-makers to attempt to pass special laws to second-guess the courts of this State when they are not pleased with results. Particularly is this the case when litigation is still in process before the courts. It is the latter situation which A.C.R. 6 exemplifies. The Honorable John Mendoza, in the Eighth Judicial District Court, ruled on the 27th of March, 1968 that A.B. 103 was in law only what is called a 'grandfather clause.' By this resolution you would, in effect, be reversing the judge—an authority vested by our court only in the Supreme Court.

Legally, I question how this 55th Session can tell the courts what the 53rd Session intended when it passed a bill? I am a new-comer, . . . but I am not willing to take the memory of the drafter of this resolution over the determination of a district judge who interpreted the legal significance of those words in a court of law.

It is obvious someone is angry with certain so-called 'one-man cab companies' which refused to stay one man! Clearly, the energies of these small companies have rocked the boat of competition, and certain big operators—one of which I have represented—would be served by doing here on this floor what they have failed to

do in the courts! But I believe it is in the courts of law that the conflicting selfish claims of these competitors must be resolved, and not by either side using this Legislature to their advantage.

In any event, that is where these claims were heard and where they were decided or are in the process of being decided. Whatever rights have been declared to belong to these various competitors, in my opinion, cannot under the Constitution of this State and of the United States be taken away by this Legislature."

Also, Mr. Hilbrecht requested that A.B. 103 of the 53d Session be entered in the Journal:

Assembly Bill No. 103—Clark County Delegation

CHAPTER.....

AN ACT to amend the title of and to amend an act entitled "An Act placing taxicabs in cities under the jurisdiction of the public service commission of Nevada; to amend NRS sections 266.355, 704.030, 706.120 and 706.430, relating to the licensing and regulation of lawful trades and businesses by cities incorporated under the general law by deleting the power of the city to regulate charges of public vehicles; to include taxicabs within the definition of "public utility"; to increase the number of passengers from five to six in the redefinition of "taxicab motor carrier"; to require taxicabs to obtain certificates of public convenience and necessity; to repeal NRS sections 706.470 and 706.610, relating to the substitutions and additions of facilities of contract carriers and the waiver of licensing of standby equipment; to amend chapter 268 of NRS, relating to powers and duties common to cities incorporated under general or special laws, by adding a new section providing that governing bodies of incorporated cities have no jurisdiction relating to supervision and regulation of taxicab motor carriers within cities which are under the supervision of the public service commission of Nevada; and providing other matters properly relating thereto," approved April 5, 1963, as amended by chapter 420, Statutes of Nevada 1963, at page 1107.

WHEREAS, The legislature is informed that as a result of the adoption by the public service commission of Nevada of a certain regulation requiring taxicabs and other passenger carriers operating outside city limits to hold a certificate of public convenience and necessity, prior to the existence of statutory authority for such adoption, and as a result of further proceedings had subsequent to the effective date of chapter 237, Statutes of Nevada 1963, which prospectively provided such statutory authority, certain persons formerly licensed to operate taxicabs outside city limits in Clark County, Nevada, have been and still are unable to continue in that business; and

WHEREAS, It was not the intent of the legislature in enacting chapter 237, Statutes of Nevada 1963, or chapter 420, Statutes of Nevada 1963, amendatory thereof, to interfere with the existing lawful occupation of any person; now, therefore,

The People of the State of Nevada, represented in Senate and Assembly, do enact as follows:

Section 1. The above-entitled act, being chapter 237, Statutes of Nevada 1963, as amended by chapter 420, Statutes of Nevada 1963, is hereby amended by adding thereto a new section designated section 7, which shall immediately follow section 6 and shall read as follows:

Section 7. Any person who, between July 1, 1962, and July 1, 1963, was operating as a taxicab motor carrier under the provisions of chapter 706 of NRS as they existed during that period shall be granted a certificate of public convenience and necessity if application is made to the public service commission of Nevada within 90 days after the effective date of this amendatory act, and such application contains satisfactory evidence of the lawful nature and scope of the applicant's operations. Such certificate, when granted, shall authorize the recipient to operate as a taxicab motor carrier to the extent, and only to the extent, of the nature and scope of such lawful operation existing at that time.

Sec. 2. The title of the above-entitled act, being chapter 237, Statutes of Nevada

1963, as amended by chapter 420, Statutes of Nevada 1963, is hereby amended to read as follows:

An act placing taxicabs in cities under the jurisdiction of the public service commission of Nevada; to amend NRS sections 266.355, 704.030, 706.120 and 706.430, relating to the licensing and regulation of lawful trades and businesses by cities incorporated under the general law by deleting the power of the city to regulate charges of public vehicles; to include taxicabs within the definition of "public utility"; to increase the number of passengers from five to six in the redefinition of "taxicab motor carrier"; to require taxicabs to obtain certificates of public convenience and necessity; to repeal NRS sections 706.470 and 706.610, relating to the substitutions and additions of facilities of contract carriers and the waiver of licensing of standby equipment; to amend chapter 268 of NRS, relating to powers and duties common to cities incorporated under general or special laws, by adding a new section providing that governing bodies of incorporated cities have no jurisdiction relating to supervision and regulation of taxicab motor carriers within cities which are under the supervision of the public service commission of Nevada; *providing for the issuance of certificates of public convenience and necessity to certain persons who operated as taxicab motor carriers between certain dates prior to the effective date of the act;* and providing other matters properly relating thereto.

Sec. 3. This act shall become effective upon passage and approval.

1965

Mr. Wood requested that his remarks be entered in the Journal:

In order to attempt to convey to those who would say that they were not here during the 53d Session, that as you are here today, you should rely upon your fellow legislators and your committees to properly digest legislation; and to bring it before this body and the public for a decision certainly is healthy. I have no issue with Mr. Hilbrecht that this is proper procedure for legislators. If you are not prepared to come to your Legislature to believe what you hear on this floor, then there are wheels of machinery available to expel those who are dishonorable in any way. Myself and many other legislators violently opposed A.B. 103 at the 53d Session. I stood on this floor, where I am standing today, and said your passage of this bill will create the biggest taxicab war west of the Mississippi River. It was a personal observation and I don't expect legislators to follow personal observation; but, realize the issue, because those people's lives and livelihood in Clark County are at stake —not just a piece of paper. Who has borne the expenses? Not the taxicab industry but the people of the State of Nevada. The people have a right to have this issue defined. To accomplish this and bring the matter to a close, we intend that this Legislature should redefine a position that the Legislature took during the 53d Session. Tell me, somebody, what is wrong with reaffirmation of intent? The court has issued its mandate. This is true. It is not in the process. It has laid the problem squarely in the lap of the Public Service Commission and they and their staff are right now in Las Vegas to correct this situation. They expect to be there eleven weeks in an attempt to resolve a dirty, nasty and outrageous situation. The court has acted. Legislative intent is a matter of record that stands for all time until such time as the Legislature repeals it. The court may interpret, but legislative intent stands until changed or repealed. This situation should never have been brought to this Legislature in the first place. Before it ever came to the 53d Session, the Public Service Commission said, in effect, you are not fit to operate. They were denied by the Public Service Commission, yet they came to this Legislature. They came and circumvented to a certain degree the rules and regulations, and even the law insofar as the certificate is concerned. The real scope and intent of this A.B. 103 have gone far beyond the intent of the Legislature. They said, "we just want a 'Mama and Papa' taxicab operation. We don't want to get into a great big business. We just want to live in our little business and let the rest of the world go on." Therefore, Ladies and Gentlemen, I respectfully request your support of Assembly Concurrent Resolution No. 6.

Mr. Espinoza moved that the Assembly recess until 2:47 p.m.

Motion carried.

Assembly in recess at 2:42 p.m.

MOTIONS, RESOLUTIONS, AND NOTICES

By Messrs. May, Branch, and Mello:

Assembly Joint Resolution No. 11—Proposing to amend section 1 of article 10 of the Constitution of the State of Nevada, relating to taxation, by prohibiting a personal income tax.

Resolved by the Assembly and Senate of the State of Nevada, jointly, That section 1 of article 10 of the constitution of the State of Nevada be amended to read as follows:

Section 1. The legislature shall provide by law for a uniform and equal rate of assessment and taxation, and shall prescribe such regulations as shall secure a just valuation for taxation of all property, real, personal and possessory, except mines and mining claims, when not patented, the proceeds alone of which shall be assessed and taxed, and when patented, each patented mine shall be assessed at not less than five hundred dollars ($500), except when one hundred dollars ($100) in labor has been actually performed on such patented mine during the year, in addition to the tax upon the net proceeds; shares of stock (except shares of stock in banking corporations), bonds, mortgages, notes, bank deposits, book accounts and credits, and securities and choses in action of like character are deemed to represent interest in property already assessed and taxed, either in Nevada or elsewhere, and shall be exempt. Personal property which is moving in interstate commerce through or over the territory of the State of Nevada, or which was consigned to a warehouse, public or private, within the State of Nevada from outside the State of Nevada for storage in transit to a final destination outside the State of Nevada, whether specified when transportation begins or afterward, shall be deemed to have acquired no situs in Nevada for purposes of taxation and shall be exempt from taxation. Such property shall not be deprived of such exemption because while in the warehouse the property is assembled, bound, joined, processed, disassembled, divided, cut, broken in bulk, relabeled or repackaged. The legislature may exempt motor vehicles from the provisions of the tax required by this section, and in lieu thereof, if such exemption is granted, shall provide for a uniform and equal rate of assessment and taxation of motor vehicles, which rate shall not exceed five cents on one dollar of assessed valuation. No inheritance, [or] estate *or personal income* tax shall ever be levied, and there shall also be excepted such property as may be exempted by law for municipal, educational, literary, scientific or other charitable purposes.

Mr. May moved that the resolution be referred to the Committee on Taxation.

Motion carried.

The following amendment was proposed by Messrs. Swackhamer and Frank Young:

Amendment No. 1335.

Amend sec. 2, page 1, by deleting line 5 and inserting:

"Sec. 2. NRS 584.178 is hereby amended to read as follows:

584.178 1. No operator, owner or proprietor of any place of business which sells prepared food for consumption either on or off the premises may serve any substitute dairy product unless:

(a) There is displayed in a prominent place in each room a sign in black letters not less than 4 inches high upon a white background bearing the words, "..... served here instead of .....";

(Name of substitute) (Genuine dairy product)

or

(b) There is contained in each menu used in such place of business a statement printed in lot less than 8-point type containing the words, "..... served here instead of ....."

(Name of substitute) (Genuine dairy product)

2. This section does not apply to [schools,]:

(a) Schools, hospitals, orphanages, licensed rest homes, foster homes, licensed day nurseries or any charitable institution which serves such food free of charge.

(b) Retail grocery stores not operating lunch counters, cafes or restaurants in connection with such grocery stores.

(c) Any facility maintained by an employer primarily for the benefit of employees.

Sec. 3. This act shall become effective upon passage and approval."

Amend the title of the bill by deleting the last line and inserting: "labeling of substitute dairy products; exempting certain retail grocery stores and employer-maintained facilities from required notices concerning the service of substitute dairy products; and providing other matters properly relating thereto."

Mr. Swackhamer moved the adoption of the amendment.

Assembly Joint Resolution No. 14—Proposing an amendment to section 1 of article 10 of the Constitution of the State of Nevada, relating to taxation, by requiring the Legislature to exempt inventories of merchants and household property from the ad valorem property tax.

Resolved by the Assembly and the Senate of the State of Nevada, jointly, That section 1 of article 10 of the constitution of the State of Nevada be amended to read as follows:

Section 1. The legislature shall provide by law for a uniform and equal rate of assessment and taxation, and shall prescribe such regulations as shall secure a just valuation for taxation of all property, real, personal and possessory, except mines and mining claims, when not patented, the proceeds alone of which shall be assessed and taxed, and when patented, each patented mine shall be assessed at not less than five hundred dollars ($500), except when one hundred dollars ($100) in labor has been actually performed on such patented mine during the year, in addition to the tax upon the net proceeds; shares of stock (except shares of stock in banking corporations), bonds, mortgages, notes, bank deposits, book accounts and credits, and securities and choses in action of like character are deemed to represent interest in property already assessed and taxed, either in Nevada or elsewhere, and shall be exempt. Personal property which is moving in interstate commerce through or over the territory of the State of Nevada, or which was consigned to a warehouse, public or private, within the State of Nevada from outside the State of Nevada for storage in transit to a final destination outside the State of Nevada, whether specified when transportation begins or afterward, shall be deemed to have acquired no situs in Nevada for purposes of taxation and shall be exempt from taxation. Such property shall not be deprived of such exemption because while in the warehouse the property is assembled, bound, joined, processed, disassembled, divided, cut, broken in bulk, relabeled or repackaged. The legislature may exempt motor vehicles from the provisions of the tax required by this section, and in lieu thereof, if such exemption is granted, shall provide for a uniform and equal rate of assessment and taxation of motor vehicles, which rate shall not exceed five cents on one dollar of assessed valuation. *The legislature shall exempt inventory of merchants and household goods from the provisions of the tax required by this section.* No inheritance or estate tax shall ever be levied, and there shall also be excepted such property as may be exempted by law for municipal, educational, literary, scientific or other charitable purposes.

MOTIONS, RESOLUTIONS, AND NOTICES

By Messrs. Glaser and Getto:

Assembly Joint Resolution No. 15—Proposing to amend section 1 of article 10 of the Constitution of the State of Nevada, relating to property taxation, by exempting from taxation household furniture and the tangible personal property of retailers, wholesalers, manufacturers, farmers and livestock raisers which is inventory held for sale in the ordinary course of business.

Resolved by the Assembly and Senate of the State of Nevada, jointly, That section 1 of article 10 of the constitution of the State of Nevada be amended to read as follows:

Section 1. The legislature shall provide by law for a uniform and equal rate of assessment and taxation, and shall prescribe such regulations as shall secure a just valuation for taxation of all property, real, personal and possessory, except mines and mining claims, when not patented, the proceeds alone of which shall be assessed and taxed, and when patented, each patented mine shall be assessed at not less than five hundred dollars ($500), except when one hundred dollars ($100) in labor has been actually performed on such patented mine during the year, in addition to the tax upon the net proceeds; shares of stock (except shares of stock in banking corporations), bonds, mortgages, notes, bank deposits, book accounts and credits, and securities and choses in action of like character are deemed to represent interest in property already assessed and taxed, either in Nevada or elsewhere, and shall be exempt. Personal property which is moving in interstate commerce through or over the territory of the State of Nevada, or which was consigned to a warehouse, public or private, within the State of Nevada from outside the State of Nevada for storage in transit to a final destination outside the State of Nevada, whether specified when transportation begins or afterward, shall be deemed to have acquired no situs in Nevada for purposes of taxation and shall be exempt from taxation. Such property shall not be deprived of such exemption because while in the warehouse the property is assembled, bound, joined, processed, disassembled, divided, cut, broken in bulk, relabeled or repackaged. The legislature may exempt motor vehicles from the provisions of the tax required by this section, and in lieu thereof, if such exemption is granted, shall provide for a uniform and equal rate of assessment and taxation of motor vehicles, which rate shall not exceed five cents on one dollar of assessed valuation. *Household furniture and the tangible personal property of any retailer, wholesaler, manufacturer, farmer or livestock raiser, which is inventory held for sale in the ordinary course of business, is exempt from the provisions of the tax required by this section.* No inheritance or estate tax shall ever be levied, and there shall also be excepted such property as may be exempted by law for municipal, educational, literary, scientific or other charitable purposes.

All present.
Prayer by the Chaplain, Reverend John H. Emerson.
Pledge of allegiance to the Flag.

Mr. Lowman moved that further reading of the Journal be dispensed with, and the Speaker and Chief Clerk be authorized to make the necessary corrections and additions.
Motion carried.

MOTIONS, RESOLUTIONS, AND NOTICES

Mr. Speaker requested that Reverend John H. Emerson's invocation be entered in the Journal:

O God of the universe and of the human spirit when we stop to ponder upon our responsibilities and our own limitations, we are prompted to pause in our deliberations to seek Your Divine guidance and support. We do so this morning.

We offer thanks for these public servants gathered in this historic chamber. Teach them well the art of compromise without which political decisions cannot be made.

Teach well the citizenry to understand the many pressures and conflicts under which these legislators work: the pressure of wanting the approval and acceptance of the public and of their colleagues, the pressure of desiring to remain in office and render effective public service, the pressure of special interest groups, the pressure of individual conscience—pressures which often create agonizing conflicts between ideals, party loyalty, constituents and practical, workable solutions. Give these Assemblymen the resourcefulness necessary to be equal to the political pressures and conflicts with which they must live. May the satisfaction of serving others and charting a destiny for Nevada compensate for the rigors and obstacles of their office.

Amen.

MOTIONS, RESOLUTIONS, AND NOTICES

By Messrs. Glaser and Getto:

Assembly Joint Resolution No. 20—Proposing to amend section 1 of article 10 of the Constitution of the State of Nevada, relating to taxation, by providing that agricultural land may be assessed according to its value for agricultural purposes without regard to its value for other purposes.

Resolved by the Assembly and Senate of the State of Nevada, jointly, That section 1 of article 10 of the constitution of the State of Nevada be amended to read as follows:

Section 1. The legislature shall provide by law for a uniform and equal rate of assessment and taxation, and shall prescribe such regulations as shall secure a just valuation for taxation of all property, real, personal and possessory, except mines and mining claims, when not patented, the proceeds alone of which shall be assessed and taxed, and when patented, each patented mine shall be assessed at not less than five hundred dollars ($500), except when one hundred dollars ($100) in labor has been actually performed on such patented mine during the year, in addition to the tax upon the net proceeds; shares of stock (except shares of stock in banking corporations), bonds, mortgages, notes, bank deposits, book accounts and credits, and securities and choses in action of like character are deemed to represent interest in property already assessed and taxed, either in Nevada or elsewhere, and shall be exempt. *Land used for agricultural purposes may, as the legislature prescribes, be assessed according to its value for agricultural use without regard to the value it may have for other purposes.* Personal property which is moving in interstate commerce through or over the territory of the State of Nevada, or which was consigned to a warehouse, public or private, within the State of Nevada from outside the State of Nevada for storage in transit to a final destination outside the State of Nevada, whether specified when transportation begins or afterward, shall be deemed to have acquired no situs in Nevada for purposes of taxation and shall be exempt from taxation. Such property shall not be deprived of such exemption because while in the warehouse the property is assembled, bound, joined, processed, disassembled, divided, cut, broken in bulk, relabeled or repackaged. The legislature may exempt motor vehicles from the provisions of the tax required by this section, and in lieu thereof, if such exemption is granted, shall provide for a uniform and equal rate of assessment and taxation of motor vehicles, which rate shall not exceed five cents on one dollar of assessed valuation. No inheritance or estate tax shall ever be levied, and there shall also be excepted such property as may be exempted by law for municipal, educational, literary, scientific or other charitable purposes.

Mr. Glaser moved that the resolution be referred to the Committee on Taxation.

Motion carried.

STATE LEGISLATURE, *Capitol Building, Carson City, Nevada*

GENTLEMEN: The Nevada State Multiple Use Advisory Board met February 5 and 6 in its annual meeting to select officers and conduct other business. From this meeting several resolutions were developed, one of which I feel will be of particular interest to you. A copy of this resolution is attached.

Sincerely yours,
NOLAN F. KEIL
State Director, Nevada

RESOLUTION

MINING CLAIM LOCATION

WHEREAS, rejuvenated mining exploration has caused excessive and unnecessary land disturbance due to the requirement under Nevada law that each new claim location be perfected by a location expenditure of $100 or 240 cubic feet of ground removal; most frequently done with bulldozers and not usually contributing to development of the mineral deposit, and

WHEREAS, Federal mining law does not require location work as such, claim validity being based upon a discovery, and

WHEREAS, the law does not now require a description of location on the ground that can be identified from the recording in County records.

Now therefore be it resolved that Nevada Statutes pertaining to a mining claim location should be altered to eliminate the requirement of location work as such and to provide for County recordings that adequately describe the position of the claim on the ground.

REMARKS FROM THE FLOOR

Mr. Mello requested that the following be entered in the Journal:

MINORITY REPORT

DONALD R. MELLO, *Assemblyman*
Committee on Government Affairs
Assembly Bill No. 60

Assembly Bill No. 60 would ratify the California-Nevada Interstate Water Compact. It was given a "Do pass" on February 11. I voted against the bill because in my opinion it could and probably would destroy Pyramid Lake. This would be a blow to the recreation industry of Northern Nevada. Pyramid Lake is particularly important not only to its Indian owners, but to the City of Sparks which advertises itself as the "Gateway to Pyramid Lake."

Reports on the tremendous economic potential of Pyramid Lake and its economic importance to Nevada have been prepared by two private research organizations (International Services, Inc. and Wilsey and Ham) and the Bureau of Outdoor Recreation. These reports are unanimous in stating that Pyramid Lake will contribute millions of dollars to the economy of Nevada if it is allowed an adequate water supply.

The compact would divide up the water of Lake Tahoe and the Truckee, Carson, and Walker rivers between California and Nevada. However, the compact does more than this. It specifies in many sections how, when, and for what purpose these waters are to be used. The proponents of this bill say it is simply an agreement between the states to divide up the water between them. This is not so.

I hesitated before voting against this water compact which I understand took 13 years to negotiate. It deserves more than a couple of hours' consideration because it is a very complex document. It will have the force of federal law if we and California approve it and Congress adopts it.

Article VI is the most dangerous one in the compact and it relates to the Truckee River and Pyramid Lake. The Truckee River feeds Pyramid Lake. If this flow is cut off or cut down, Pyramid Lake shrinks and could be destroyed. The compact gives to Nevada for use on the Pyramid Lake Reservation about 30,000 acre-feet of water per year *for agricultural uses only* as provided in the 1944 Orr *Ditch* decree. The government may ask to change this specific use but not the quantity. It takes at least 350,000 acre-feet of water per year to maintain Pyramid Lake. Under new water regulations enforced by the Department of Interior for the past two years, the lake is getting about 275,000 acre-feet of water from the Truckee per year. There is a good chance more water can go to Pyramid Lake in the future after federal money is spent to repair and improve its Newland Project. These regulations have not and will not deprive any farmer (or any Nevadan) of any water of water rights. But article VI of this compact gives the water now going to a Nevada lake to the State of California.

The worst thing about the compact is what it does to Pyramid Lake under section (a) of the provisions giving California the right and authority to develop these so-called surplus or unused waters for use in California (1s. 43–59, p. 8, 1s. 1–4, p. 9):

"(a) All existing beneficial uses of water in Nevada as determined by Nevada law as of that time together with the yield of Stampede Reservoir in excess of 6,000 acre-feet shall be recognized and not impaired by the development of such additional yield; provided however, that *the maximum amount of water to be recognized as an existing beneficial use of water in Nevada for the Pyramid Lake Indian Reservation shall be as allocated by Section A* [30,000 acre-feet] *of this Article* together with any additional water used for domestic or municipal purposes on said reservation; provided further however, that the water allocated in Section A of this Article must first be put to beneficial use *before any credit* will be given for said additional waters to be used for domestic or municipal purposes."

The meaning of this is clear. Maximum means maximum—the most. What the words of the compact say is that Nevada can never claim that water to preserve Pyramid Lake is a beneficial use, except for the "maximum" 30,000 acre-feet Pyramid Lake may get under the federal order of 1944 plus, when this is used up, a small amount for "drinking" water. That this is the obvious meaning of the provision is made doubly clear by the fact, as I stated, that *there is no other Truckee River water for California to develop except the water that now goes to Pyramid Lake.*

After giving Pyramid Lake what it could not take away, the 30,000 acre-feet decreed by federal court order in 1944, the compact gives to California the power and authority to take the water now going to Pyramid Lake and use it in California —*in addition to* 23,000 acre-feet per year for its Lake Tahoe area *plus* another 10,000 acre-feet out of the Truckee River, *plus* about 25,000 acre-feet under a California Federal court decree, *plus* 6,000 acre-feet of water out of Stampede Dam, * * * *plus* the right to 30,000 acre-feet in Prosser Creek Reservoir under a California water permit. * * *

The bill (1s. 38–42, p.8) *gives California* (after it uses 16,000 acre-feet of water already allocated) the further right to *"develop additional yields of water for use in California"* out of the Truckee River (1s. 40 & 41, p.8). This is the water now going to Pyramid Lake. There is no other water for California to develop because all the "other water" has been allocated, appropriated, or is subject to court decrees.

The compact commissioners call this water going to Pyramid Lake "surplus" or "unused" water.

The compact allows Nevada to "share" in the water development by California if Nevada pays the development costs. It is common knowledge that the federal government usually pays the major part of these costs. The compact does not require California to pay the development costs, but the compact requires Nevada to pay them if it is to get any of the water (p. 9, 1s. 6 & 7).

The Pyramid Lake development report prepared by the Bureau of Outdoor Recreation is the most recent and detailed study available (December, 1968). It states that the lake is now receiving 293,000 acre-feet of water. The reason Pyramid Lake is now getting the water it does receive is because California has not yet developed facilities to hold these flows and use them for other purposes:

"If and when the storage facilities do go in, the 'unusable' water, which Pyramid Lake is now getting over and above their legal entitlements of 30,000 feet, will become usable and interested parties will be able to file for water rights entitling them to its exclusive use. Siphoning off this excess water for upstream uses will significantly shorten the life of the lake. At an average annual inflow of 30,000 acre feet from the Truckee River, the lake would drop three times faster than under its current inflow conditions thus prohibiting any development on its shores."

Attorneys and hydrologists for the Department of Interior, former Secretary of Interior Stewart Udall, a former Attorney General of the State of Nevada and a candidate for Governor, a nationally known water lawyer from Arizona who represented that state in its water fight against California, a professor of water law and the attorney for the State of California in the famous *California-Arizona* water suit that went to the United States Supreme Court, and the Sierra Club and its attorney—all of them and many more believe this compact could and would kill Pyramid Lake because by its plain language it allows California to use up these waters and prohibits Nevada from ever claiming the water for Pyramid Lake.

Everyone seems to realize what California is doing under the compact to Pyramid Lake and to Nevada except the lawyer for the Nevada Compact Commission.

When California takes the water now going to Pyramid Lake, the lake's main source of supply will be cut off. It could then dry up at the rate of 3½ feet per year. Its present average rate of decline is less than one foot per year and regulations have been adopted by the Department of Interior to cut this to less than six inches per year. If inflow to the lake is cut off, the salinity rate increases. Pyramid Lake is the country's greatest trout fishery now. If its Truckee River water is cut off the lake will become too saline to support fish life. If we allow California to take the water now going to Pyramid Lake, Nevada and the nation will lose one of their greatest physical assets, and Nevada businessmen now dependent on the booming recreation industry will suffer where it hurts—in the pocketbook.

One of the compact's purposes is to "protect and enhance *existing* economies" (p. 1, ls. 17-18). The word "existing" is defined to mean *1964* (p. 2, l. 23). Why cannot the compact be amended to enhance future business as well as old businesses. The greatest developing state-wide industry in Nevada is recreation.

The Bureau of Outdoor Recreation reported on the money that could be generated for Nevada if Pyramid Lake continues to get the water it now receives:

> "The total number of visits to Pyramid Lake for recreation purposes in 1967 was estimated to be 200,000. By 1980, initial visitation after the installation of adequate recreation facilities is expected to be 683,000 annually. By the year 2000, the lake will have become nationally recognized as a recreation-tourist area and annual visitation will swell to 2,375,000. * * * Lake Mead National Recreation Area, which would be comparable to a fully developed Pyramid Lake, was used by over four million recreators last year."

The Bureau recommends a federal grant of $5,300,000 for Pyramid Lake at no cost to Nevada *if Pyramid Lake continues to receive the water it is now getting* (p.114). Based on studies made by the University of Nevada, and a $250,000 tourism study made by a California firm, the report states:

> "Under these conditions, total visitor expenditures would accumulate to a total of $202,380,000 between 1968 and the year 2000. * * * *This estimate is a conservative one* since the daily expenditure for day-users was based on a three year old study and since the totals were computed using existing 1965 dollar values and visitor expenditure patterns which will inevitably increase by the year 2000. * * * Thus, direct and indirect tangible economic benefits from recreation at Pyramid Lake could total $1,425,000 in general admission fees, $15,482,625 in visitor expenditures at the lake, and one-half million dollars in jobs *each year* by the year 2000. In the 32-year interim between today and the turn of century, the gross income from admission fees, visitor expenditures and job payrolls generated by a developed Pyramid Lake will total an impressive $232,825,000."

Practically everyone knows that *it will have an adverse effect on the lake.* At the very least it is obvious that it *may* have the effect I think it will have. This bill should be sent back to committee and amended to remove the doubt. Its proponents, and the California people who want us to adopt this bill, can have no valid objection to clarification since they say the compact "is not intended" to affect Pyramid Lake. The compact has not yet been approved by California.

My principal objection to the compact is it can and will hasten the destruction of Pyramid Lake and thus hurt the now rapidly growing Nevada recreation industry.

Remarks by Mr. Smith, Mrs. Brookman, Miss Foote, Messrs. Lingenfelter, Roy Young, Dini, and Mello.

Mr. Smith requested that his remarks be entered in the Journal:

Water rights and use have been apparent as a major conflict throughout our history. During the early 30's the Lake Tahoe Interstate Water Conference Committee was created by the Governors of Nevada and California, and it became evident that the conflicts in the uses of the waters of the Carson, Truckee, and Walker River systems would require an interstate compact, but it was not until 1955 that legislation was obtained by California and Nevada directing negotiation for the compact along with federal legislation authorizing the negotiations and providing for the appointment and participation of a federal representative. It has taken 13 years of negotiation and in excess of $1,000,000 to arrive at the provisions of this compact which are summarized as follows:

1. Existing rights and beneficial uses are recognized as having the highest priority of use of *available* waters.
2. Waters not needed to satisfy these existing, recognized existing rights and beneficial uses are to be divided in proportion to the needs of the two states.
3. Uses of water made under federal claims of right in each state are to be considered as benefiting the state in which the use is made and hence are to be charged against the allocation of that state.

This compact equitably divides the water between the states and as provided in Article XXII, the compact cannot be construed as affecting the obligations of the United States to the Indians and Indian tribes as any right held by or for the Indians or Indian tribes subject to the jurisdiction of the United States.

Men of stature and intelligence and recognized defenders of Nevada's resources for Nevadans such as Fred Settlemeyer, Ray Knisley, Bolton Minister, and Robert Leighton, and many others have worked hard for and endorse this compact as being the best possible to protect the water rights for all Nevada people.

It is the opinion of James Johnson, Counsel for the Nevada Compact Commission and our own Legislative Counsel that the rights of the Indians and Indian tribes are fully protected by the compact. In the course of the hearings it became evident that there was great concern as to what constituted a beneficial use and it was therefore felt wise to request a bill that would outline recreational uses as beneficial uses of water in the State of Nevada. This bill has been introduced as A.B. 278.

Your committee of Government Affairs urges your support.

Mrs. Brookman requested that her remarks be entered in the Journal:

Mr. Speaker and Members of the Assembly:

I rise in opposition to this bill, Assembly Bill No. 60. May I call to your attention the resolution, placed upon your desk yesterday, by the Intertribal Council of the State of Nevada from the Indians of the Sate of Nevada.

This bill is an act relating to the interstate water. For thousands of years the Indians roamed the land in the State of Nevada. They were here before any white man. The Northern Paiute held an area covering approximately 25 million acres. Of these 25 million acres, about 15 million of them were located in Western Nevada, 6½ million acres in the southwestern margin, and 3½ million acres in the eastern part of California. The Washoes occupied land adjacent to the Paiutes in Washoe Valley and also the entire Lake Tahoe basin in addition to the Nevada Pine Nut ranges. The Southern Paiutes generally occupied an area on the southern tip of the Great Basin. Nearly all remaining lands of the State were occupied by the Western Shoshones. For tens of thousands of years, the Indians recognized that, although they occupied and held the land, they customarily did not divide the land into parcels for individual ownership.

Because of this exclusive use and occupancy of the land, the Indian had complete sovereign rights over the lands within the State of Nevada. Before non-Indians entered Nevada, the eastern areas of the Continenal United States were setting U.S. precedence in dealing with American Indians. This precedence amounted to taking over or replacing the sovereign powers of the various Indian tribes. They set up treaties with the Indians throughout the United States and especially in the State of Nevada. I might add that of the 400 treaties promised the Indians in the west, not one part of any of the sections ever was kept.

In 1934 the Indian Reorganization Act was passed. It gave the right of self government to all Indians. It included no only power of organization, a local council to govern internal affairs, but also extended into the areas of law and order. The Indians then organized their own separate police force and tribal court of Indian offenses utilizing federal funds. Since that time, the Indians have organized in many ways. The white man did not organize and come forth and help the Indian but they told the Indian to stay on the reservation. They said we shall be "O Great White Father" and will take care of you. Why? The Indian was a savage to them. He smelled different; he wore buckskin. The white man promised the Indian everything and gave him nothing.

In this pact we are doing the same thing. It hurts me as a citizen of the State of Nevada that the greed of the white man is still going strong and is responsible for trying, still, to take away the rights of the Indian. As late as 1929 the Indians in this State got their first class citizenship. When you talk about putting the Indian away, there is no place for an Indian to go but right here. This is his land. This was his land. He didn't understand; he was an ignorant person compared with the white man. The Indian remembers these three things introduced to him by the white man: the white man's forked or split tongue, fire water, and learning the way to use ammunition. It is 1969! I would wish that you would reach into your hearts and help to stop man's inhumanities to man. I oppose this bill—Assembly Bill No. 60.

Mr. Dini requested that his remarks be entered in the Journal:

Mr. Speaker, Members of the Assembly:

I find myself in a unique position in referring to A.B. 60 as all three rivers flow in the area that I represent and all three rivers are vital to the future existence of all of Western Nevada.

The compact is the conclusion of 13 years of hard negotiating which has finally climaxed into this agreement between the two states.

In developing the compact the authors had many obstacles to overcome:

First, the attitude between the states that one would steal the waters of the other;

Second, to convince the Nevadans that it could be done no matter how long or hard it took to agree; and

Third, to satisfy all the groups involved.

You will find that they have, in effect, satisfied most of the water users, that it is fair and equitable as to the allocations between the two states, and that it assures Nevada of continued benefits from its Sierra snowshed.

As we look into the future we can point with pride that by adopting the compact we have assured Western Nevada an adequate supply of water for recreational, municipal, industrial and agricultural use.

Certainly no one can predict what is in store for us in the future, but it won't be too many years before you, as citizens of Nevada, can point to the Nevada-California Water Compact as the 1969 Nevada act for the continued preservation of our water resources. The 1969 act will assure that Western Nevada will grow and take its proper position in the State as a recreational, industrial and agricultural center.

Mr. Speaker instructed the Chief Clerk to read the following communication:

STATE OF NEVADA
LEGISLATIVE COUNSEL BUREAU
Room 45, Capitol Building
CARSON CITY, NEVADA, February 17, 1969

To Members of the Senate and Assembly of the 55th Session of the Nevada Legislature:

Enclosed is a copy of a letter from Senator Alan Bible in reply to Assembly Joint Resolution No. 3, the contents of which are self-explanatory.

Sincerely yours,
RUSSELL W. MCDONALD
Legislative Counsel

UNITED STATES SENATE
COMMITTEE ON APPROPRIATIONS
WASHINGTON, D.C., February 11, 1969

MR. RUSSELL W. MCDONALD, *Legislative Counsel, Room 45, Capitol Building, Carson City, Nevada*

DEAR RUSS: I have your letter of February 6, received here February 10, 1969, with the attached Assembly Joint Resolution No. 3 of the Nevada legislature opposing any grazing fee increase.

As you know I have vigorously opposed this activity on the part of BLM for the past ten years and have already indicated to Secretary Hickel my continuing position.

Hearings have been scheduled by the Public Lands Subcommittee of the Senate Interior Committee on the grazing fee issue for February 27–28. I intend to take an active part in the questioning of Department witnesses and will have the resolution you forwarded made a part of the hearing record.

Cordially,
ALAN BIBLE

By Messrs. Branch, Mello, Jacobsen, Dini, Bowler, Prince, Espinoza, Close, Glaser, Bryan, Capurro, May, Howard, Getto, Mrs. Frazzini, Messrs. Lingenfelter, Webb, Viani, Bryan Hafen, Fry, and Wilson:

Assembly Joint Resolution No. 25—Proposing to amend section 1 of article 10 of the Constitution, relating to taxation, by permitting temporary exemptions for improvements to real property.

Resolved by the Assembly and Senate of the State of Nevada, jointly, That section 1 of article 10 of the constitution of the State of Nevada be amended to read as follows:

Section 1. *1.* The legislature shall provide by law for*:* [a]

(a) A uniform and equal rate of assessment and taxation, and shall prescribe such regulations as shall secure a just valuation for taxation of all property, real, personal and possessory, except mines and mining claims, when not patented, the proceeds alone of which shall be assessed and taxed, and when patented, each patented mine shall be assessed at not less than five hundred dollars ($500), except when one hundred dollars ($100) in labor has been actually performed on such patented mine during the year, in addition to the tax upon the net proceeds; shares of stock (except shares of stock in banking corporations), bonds, mortgages, notes, bank deposits, book accounts and credits, and securities and choses in action of like character are deemed to represent interest in property already assessed and taxed, either in Nevada or elsewhere, and shall be exempt.

(b) Temporary exemptions from taxation for improvements or additions made to existing structures on real property. Until otherwise provided by the legislature, such exemptions shall be as follows:

(1) Five-year exemption on valuations of improvements to residences.

(2) Four-year exemption on valuations of improvements of less than $250,000 to commercial or rental property.

(3) Three-year exemption on valuations of improvements of $250,000 to $1,000,000 to commercial or rental property.

(4) Two-year exemption on valuations of improvements exceeding $1,000,000 to commercial or rental property.

2. Personal property which is moving in interstate commerce through or over the territory of the State of Nevada, or which was consigned to a warehouse, public or private, within the State of Nevada from outside the State of Nevada for storage in transit to a final destination outside the State of Nevada, whether specified when transportation begins or afterward, shall be deemed to have acquired no situs in Nevada for purposes of taxation and shall be exempt from taxation. Such property shall not be deprived of such exemption because while in the warehouse the property is assembled, bound, joined, processed, disassembled, divided, cut, broken in bulk, relabeled or repackaged.

3. The legislature may exempt motor vehicles from the provisions of the tax required by this section, and in lieu thereof, if such exemption is granted, shall provide for a uniform and equal rate of assessment and taxation of motor vehicles, which rate shall not exceed five cents on one dollar of assessed valuation.

4. No inheritance or estate tax shall ever be levied, and there shall also be excepted such property as may be exempted by law for municipal, educational, literary, scientific or other charitable purposes.

Mr. Branch moved that the resolution be referred to the Committee on Taxation.

Motion carried.

By the Committee on Taxation:

Assembly Joint Resolution No. 26—Proposing to amend section 3 of article 9 of the Constitution of the State of Nevada, relating to state indebtedness, by increasing the maximum allowance for the state public debt to 3 percent of the State's assessed valuation, by providing a flexible method of determining such valuation, and by restricting the contracts permissible outside the debt limit.

Resolved by the Assembly and Senate of the State of Nevada, jointly, That section 3 of article 9 of the constitution of the State of Nevada be amended to read as follows:

Sec. 3. The state may contract public debts; but such debts shall never, in the aggregate, exclusive of interest, exceed the sum of [one] *three* per cent of the assessed valuation of the state, as [shown by the reports of the county assessors to the state controller,] *determined by the state controller in the manner provided by law,* except for the purpose of defraying extraordinary expenses, as hereinafter mentioned. Every such debt shall be authorized by law for some purpose or purposes, to be distinctly specified therein; and every such law shall provide for levying an annual tax sufficient to pay the interest semiannually, and the principal within twenty years from the passage of such law, and shall specially appropriate the proceeds of said taxes to the payment of said principal and interest; and such appropriation shall not be repealed nor the taxes postponed or diminished until the principal and interest of said debts shall have been wholly paid. Every contract of indebtedness entered into or assumed by or on behalf of the state, when all its debts and liabilities amount to said sum before mentioned, shall be void and of no effect, except in cases of money borrowed to repel invasion, suppress insurrection, defend the state in time of war, or, if hostilities be threatened, provide for the public defense.

The state, notwithstanding the foregoing limitations, may, pursuant to authority of the legislature, make and enter into any and all contracts necessary, expedient or advisable for the protection and preservation of any of its property [or natural resources,] or for the purposes of obtaining the benefits thereof, however arising and whether arising by or through any undertaking or project of the United States or by or through any treaty or compact between the states, or otherwise. The legislature may from time to time make such appropriations as may be necessary to carry out the obligations of the state under such contracts, and shall levy such tax as may be necessary to pay the same or carry them into effect. *All contracts made under former provisions of this section shall remain valid and enforcible.*

Mr. Tim Hafen moved that the resolution be referred to the Committee on Taxation.

Motion carried.

By Messrs. Dini, Prince, Getto, Smith, and Hilbrecht:

Assembly Joint Resolution No. 27—Proposing to amend sections 20 and 32 of article 4 of the Constitution of the State of Nevada, relating to compensation of county officers, by providing that such compensation shall be fixed by the governing bodies of the respective counties.

Resolved by the Assembly and Senate of the State of Nevada, jointly, That sections 20 and 32 of article 4 of the constitution of the State of Nevada be amended to read as follows:

[Section] *Sec.* 20. The legislature shall not pass local or special laws in any of the following enumerated cases—that is to say:

Regulating the jurisdiction and duties of justices of the peace and of constables, and fixing their compensation;

For the punishment of crimes and misdemeanors;

Regulating the practice of courts of justice;

Providing for changing the venue in civil and criminal cases;

Granting divorces;

Changing the names of persons;

Vacating roads, town plots, streets, alleys, and public squares;

Summoning and impaneling grand and petit juries, and providing for their compensation;

Regulating county and township business;

Regulating the election of county and township officers;

For the assessment and collection of taxes for state, county, and township purposes;

Providing for opening and conducting elections of state, county, or township officers, and designating the places of voting;

Providing for the sale of real estate belonging to minors or other persons laboring under legal disabilities;

Giving effect to invalid deeds, wills, or other instruments;

Refunding money paid into the state treasury, or into the treasury of any county;

Releasing the indebtedness, liability, or obligation of any corporation, association, or person to the state, or to any county, town, or city of this state; but nothing in this section shall be construed to deny or restrict the power of the legislature [to establish and regulate the compensation and fees of county officers,] to authorize and empower the boards of county commissioners of the various counties of the state to establish and regulate the compensation and fees of township officers in their respective counties, to establish and regulate the rates of freight, passage, toll, and charges of railroads, tollroads, ditch, flume, and tunnel companies incorporated under the laws of this state or doing business therein.

[Section thirty-two.] *Sec. 32. 1.* The Legislature shall have power to increase, diminish, consolidate or abolish the following county officers: County Clerks, County Recorders, Auditors, Sheriffs, District Attorneys, County Surveyors, Public Administrators and Superintendents of Schools. The Legislature shall provide for their election by the people, and fix by law their duties. [and compensation.] County Clerks shall be ex-officio Clerks of the Courts of Record and of the Boards of County Commissioners in and for their respective counties.

2. The boards of county commissioners or other governing body of the respective counties shall fix the compensation of all county officers.

THE THIRTY-SECOND DAY

CARSON CITY (Thursday), February 20, 1969

Assembly called to order at 9 a.m.
Mr. Speaker pro Tempore presiding.
Roll called.
All present except Mr. Speaker, who was excused.
Prayer by the Chaplain, Father Thomas J. Connolly.
Pledge of allegiance to the Flag.

Mr. Lowman moved that further reading of the Journal be dispensed with, and the Speaker and Chief Clerk be authorized to make the necessary corrections and additions.

Motion carried.

REMARKS FROM THE FLOOR

Mr. Homer requested that Father Thomas J. Connolly's invocation be entered in the Journal:

Lord, do you hear me?
I'm suffering dreadfully,
Locked in myself,
Prisoner of myself.
I hear nothing but my own voice,
I see nothing but myself,
And behind me there is nothing but suffering.
Lord, do you hear me?
Deliver me from my body; it is all hunger, and everything it sees, everything its thousands of outstretched tenacles touch, is only something to be seized to satisfy its insatiable appetite.
Lord, do you hear me?
Deliver me from my heart; it is bursting with love; but then, just when I think that I love to the point of madness, I angrily perceive that it is still myself I am loving through the other one.
Lord, do you hear me?
Deliver me from my mind; it is full of itself, of its ideas, its opinions; it cannot carry on a dialogue, as no words reach it but its own.
Alone, I am bored,
I am weary,
I hate myself,
I am disgusted with myself.
For ages I have been tossing and turning in my foul flesh like a man burning with fever in his sickbed.
Everything seems dark, ugly, horrid.
It's that I can look only through myself.
I feel ready to hate men and the whole world.
It's because I'm disappointed that I cannot love them.
I would like to get away,
Walk, run, to another land.
I know that joy exists; I have seen it on singing faces.
I know that light exists; I have seen it in radiant eyes.
But, Lord, I cannot get away, for I love my prison even while I hate it,
For my prison is myself,
And I love myself, Lord.
I both love and loathe myself.
Lord, do you hear me?

REMARKS FROM THE FLOOR

Mr. Prince requested that Senator Cannon's message be entered in the Journal:

Mr. Speaker, Mr. President, distinguished Members of the Nevada Assembly and the Nevada State Senate, Ladies and Gentlemen:

It is indeed a special occasion for me to be invited to address the 1969 Legislature on a few of the programs and problems in which we have a mutual interest and responsibility. When I spoke to you two years ago, I sought to identify some of the problem areas which we have in common in our efforts to serve a constituency which is increasing faster than any other state in the union.

Certainly the pace of our advance has not slackened since that time, and I welcome this opportunity to meet with you once more in the furtherance of an effective liaison which can serve the needs of our growing State.

I believe a great many things will have to be re-learned, not only at the federal level but at the state level as well. We have in recent years grown to rely too heavily on the ability of the federal government to solve all difficulties and problems. Perhaps it would not be unfair to say that we in Nevada recognized many years ago that Washington did not have all of the answers. Now we find an increasing willingness on the part of federal officials to listen to state officials, and, of equal importance, our state officials throughout the country are not waiting to be asked, but are making their views known.

The dilemma facing legislators—and I include all of us—in the 1970's is how we are going to deal effectively with the forces of social, economic, and technological change, and at the same time conserve those values which we as a State and nation traditionally have cherished.

These pressures of change are moving at an ever-accelerating speed. We know that man must master these transformations through enlightened law making or we will have chaos and ungovernmentable forces which will succeed in mastering us.

Trying to "make sense" of change has come to be a major concern of government at every level. It is coming home with shocking impact at our universities and too many industries. It is difficult to understand.

When we look at our campuses—and I refer principally to those campuses in surrounding states—we find students who are more intent on burning than learning; some seem to be majoring in rebellion. I was interested in the views of one observer who said recently that today's students are deprived: they are deprived of the right to struggle and suffer. They are deprived of the need, in many cases, to support themselves.

Five years ago these young people were fighting for integration; today the struggle seems to be for the right to remain apart.

What it all adds up to is that they are confused about their role in society, they are questioning where they fit into our public and civic life, where their opportunities and challenges truly lie, and what they can do to find a meaningful role in our free society.

Perhaps this is just one area where we as legislators have failed to deal with the forces of change until they assume crisis proportions. We have followed, perhaps, an old approach of seeking crash programs which are tremendously expensive, often wasteful, and too frequently can be undertaken by the federal government only, because of the enormous cost involved.

I recall that in the 1930's the nation faced a similar crisis in soil erosion. Today the national resources crisis is water and air pollution. Tomorrow it may be some totally new and unanticipated challenge.

But the important thing is that we too frequently fail to anticipate problems, to evaluate alternatives, and to make intelligent choices in the control of our growing technological power.

It is interesting to speculate, for example, on how simple the pollution problem would be today if reasonable and effective preventative measures had been taken thirty years ago.

Similarly, who can say today that nuclear power will not unlock the door to a new era of prosperity in Nevada in the 1970's. I believe that we should be planning today for the application of nuclear power in this State in the 1970's.

This challenge of recognizing that public policy in the future will be determined more by unforeseen scientific and technological developments than by present doctrines, is one of the persistent facts confronting us. Somehow we must reach out for the new idea.

I spoke a moment ago of the problem of pollution. When I appeared before you in 1967 I pointed out that we in Nevada had the economic opportunity in the field of clean air and water, because as we look around us in the great southwest we see that Nevada stands as an oasis in a region which has more pollution than good health and well being can tolerate.

And what is Washington doing about this? There are federal programs set up in eleven major executive departments and sixteen independent agencies. The problems of coordination and control are obvious. It is clear that new approaches are required for the management of our future natural environment. There is a danger of "trading off" one form of pollution for another. For example, in many cities, in an effort to reduce transportation costs in handling solid wastes, incinerators have been used. To reduce high land accession costs, we build roads where state parks and open spaces should be.

It is clear that our total environment is emerging as a new focus for public policy, and the old cosmetic approach of "clean up, paint up, and fix up" only hides the problem for a short time.

At this moment the executive and legislative branches at the federal level are seeking to evolve new plans for airports, for roads, for recreation, and for other expanding categories.

I believe we in Nevada should be making our own plans, not just on a state basis but on a regional basis. The resolution of the problems of Mississippi or North Dakota may be no help at all to our efforts to continue to build up our air transport facilities, but we must be ready to zero in on a plan which will make it possible for our aviation industry to continue to progress.

The national leadership seems to be ready to break away from the old concepts of massive grants to build up airports, in favor of fuel taxes, bond issues, and other areas of raising revenue.

I am not sure that this development will be altogether welcome in Nevada. It may be a crippling blow. But we ought to be thinking now about the type of program which will enable us to continue the development of our aviation industry. I invite your contributions to the problem. I intend, too, to solicit the suggestions of the 3,200 licensed pilots in our State. All of which would be of great assistance to my senate aviation subcommittee.

Similarly, I hope to secure hearings in the State this year designed to explore methods of how we can best plan for and include the development of Highway 50 as part of the interstate highway program.

The federal government is growing increasingly aware of the need for cooperation and planning. It is one subject on which both liberals and conservatives agree.

One of the most promising areas for Nevada is the regional concept of stimulating and generating business, industry, and general prosperity in the rural areas, such as are found in the eastern and northern sections of our State. I am supporting legislation to permit the implementation of projects that have been developed by regional commissions—projects which could be fully implemented under existing authorizations.

I find that the regional approach can offer real hope for new and exciting ideas which will meet the demands of our rural areas. I refer to parts of our own State and of the whole southwest which, through the accident of geography and changing

industrial requirements, have been isolated from full participation in our national life.

There are readily identifiable areas found in Lincoln, White Pine, Esmeralda, Nye, and other counties in our State.

These areas, many of them, once were prosperous beyond description, but today have fallen behind in income, education, health facilities, and mobility. But the unique thing about these areas is that they are largely inhabited by proud and independent citizens, who do not beg for charity. They are hard-working, vigorous men and women, who struggle for a decent life for themselves and their families.

But to overcome the natural disadvantages of their environmental resources—to aid them in their efforts to escape from the crowded, problem-ridden cities—they need our help in opening up their economic and geographic isolation.

Perhaps in this spirit of regional cooperation, with a helping hand from the federal government, we can make new progress, even in the distribution of our water resources. Surely it makes no sense at all for neighboring jurisdictions which share common problems to push separate and often contradictory solutions.

These general steps which I have only briefly outlined, I believe are essential for broadening our opportunities to develop programs which will give individual pride to all of our citizens. This is the direction in which Nevada should go. This should be our vision for the 1970's—our hope for the future of our State.

My remarks would not be complete without a capsule outline of what the national budget holds for our State in the coming fiscal year.

It is proposed that Nevada's role in national defense will continue at the high level it has attained in recent years. Expenditures totaling $97 million are contemplated for military and civilian pay, reserve and National Guard operations, military construction, and related spending.

The activities of the Department of the Interior again will be substantial for the future. The Senate Interior Committee now has under study requests totaling more than $57 million in projects for our State—an increase of nearly $12 million. The lion's share of this effort will be under the direction of the Bureau of Reclamation, and includes $22 million for the Southern Nevada water supply project, primarily for pumping and pipeline facilities.

Also contemplated is nearly $5 million for the geological survey and the Bureau of Mines. This high figure is in keeping with the up-surge in mining activity in our State. New advances in technology aided by these two agencies have given Nevada mining a new optimism and a new dimension. Properties which were deemed valueless only a few years ago now give promise of exploitation of nearly bonanza proportions. I am sure that everyone in this room feels cheered by the revival of hope, heightened interest, and excitement which surrounds this mining revival.

Additional millions are contemplated by the Interior Department in land Management, water pollution, and park service operations.

In addition, an estimated $200 million is budgeted by the Atomic Energy Commission at the Nevada Test Site to continue the important weapons testing program. Firm decisions have not yet been made on the development of a nuclear rocket, but it is hoped that the important progress that has been made over more than a decade will continue and enable our scientists to point their objectives toward a grand tour of the planets in the 1970's.

The prospects for education assistance are somewhat disappointing this year, with the threat by the administration to drastically cut federal aid to impacted areas. A determined effort will have to be made in the Congress to restore these funds which our educational system in this State has come to depend on. I believe that if the federal government is to adopt an on-again-off-again system of federal assistance in this critical and delicate field of education, there might well be established more harm than good. They propose a reduction of $4 million to Nevada at a time when we desperately need more funds for educational purposes.

I will mention briefly projections for spending by the General Services Administration of approximately $4.5 million for maintenance of government buildings and construction of a new federal building here in Carson City. Work should get underway here on the latter project before very many weeks have passed.

I have touched previously on the importance of the Department of Transportation operations as they affect Nevada, and while the interstate federal aid highway program is going ahead more or less on schedule, I believe we must heed a warning that airport funds may be down somewhat from levels of past support. This, as I have said, is an area that Nevada, with all its dependency on tourism, cannot afford.

Finally, I am pleased that the budget continues its steady support for small business and for manpower training programs, which have been among the least controversial and the most generally recognized beneficial programs we have had in this State.

I have outlined some specific programs of mutual concern, and listed federal programs and expenditures planned for our State. Sometimes a listing of dollar amounts is hard to follow and becomes meaningless. To avoid this problem, let me summarize the federal commitment to Nevada in 1968:

Last year the total federal expenditure in our State was $558,680,919 and Nevada paid to the federal government $308,093,300. We received approximately $1.81 in federal outlays for every one dollar paid in federal taxes.

I trust that this information will serve to assist you in the important work which remains for you to do in this session. I am well aware of the critical issues which face you—I am confident of your ability to meet them—and I look forward to being of assistance to you wherever possible for the benefit of Nevada.

Thank you,

HOWARD W. CANNON

GENERAL FILE AND THIRD READING

Assembly Bill No. 77.

Bill read third time.

Remarks by Messrs. Homer, Swallow, and Mrs. Brookman.

Mrs. Brookman requested that her remarks be entered in the Journal:

Mr. Speaker:

I have not been impressed or swayed by an obviously well-organized campaign against A. B. 77 and I rise today to support it because to me it is in the best interests of those who are ailing and must seek professional help.

I am certainly not opposed to the practice of chiropractic, but that practice, I believe should be confined to those areas in which the practitioner is trained and that certainly does not include the performance of surgical operations or the prescribing of drugs.

I recognize that some chiropractors may have completed the special studies required to make them proficient in the field of pharmacology, the diagnosis of the total illness and other skills required of the physician, but they are rare and not in Nevada and we must write laws to cover the entire profession, even those vastly less skilled than the most proficient.

We make the same distinctions that this bill imposes upon chiropractors in other areas. Psychologists attend college for a minimum of six years, yet they cannot practice medicine because their course of training includes not sufficient instruction in the healing arts.

Pharmacists are required to know intimately the characteristics of drugs and their effects upon the human body, yet they cannot prescribe because the prescribing of drugs must relate to the entire human body, not just the disease which is being treated.

No, Mr. Speaker, this bill is not aimed at chiropractors. It is designed to protect the public from harm at the hands of those who may damage them, no matter how good their intentions.

I note also that this bill has the support of the entire structure of the state board of chiropractic examiners and many of those who practice this healing art.

They want to clean their own house and it is our duty as legislators to help them do so.

Bill read second time, ordered engrossed, and to third reading.

Assembly Bill No. 184.

Bill read second time.

The following amendment was proposed by the Committee on Judiciary:

Amendment No. 1466.

Amend section 1, page 1, line 2, by deleting "9," and inserting "10,".

Amend sec. 2, page 1, by deleting line 4 and inserting: "*chief parole and probation officer and the warden, shall establish and administer a work*".

Amend sec. 3, page 1, by deleting lines 19 through 25.

Amend sec. 3, page 2, by deleting lines 1 and 2 and inserting:

"Sec. 3. *1. The warden shall, by appropriate means of classification and selection, determine which of the prisoners who have not been sentenced to a life term are eligible for the work release program.*

2. The warden shall then submit to the state board of parole commissioners the names of those prisoners he determines to be eligible for the work release program, and such board shall select from such names the prisoners they consider to be suitable for the program.

3. Before work release privileges are granted to any prisoner so selected, the sentencing court shall be notified of the intent to take such action. If such court does not object within 10 days of such notice, the state board of parole commissioners may proceed to enroll such prisoner in the work release program.

4. In enrolling a prisoner in the work release program, the state board of parole commissioners shall delegate full authority to the chief parole and probation officer to take all necessary action to assure compliance by such prisoner with the general procedures and objectives of the program."

Amend sec. 4, page 2, by deleting lines 5 and 6 and inserting: "*sonnel as he considers necessary. In addition to the other duties assigned*".

Amend sec. 4, page 2, by deleting lines 11 and 12.

Amend sec. 5, page 2, by deleting lines 21 through 30 and inserting:

"Sec. 5. *1. Each prisoner enrolled in the work release program shall surrender to the warden all of his earnings as he receives them, except those amounts withheld by the employer as regular payroll deductions.*

2. The warden shall collect, account for and make disbursements from earnings of prisoners under the work release program.

3. The warden shall deposit all moneys so received in the prisoner's work release fund account, which is hereby created in the state treasury.

4. Disbursements from such account shall be authorized by the chief parole and probation officer, subject to the approval of the state board of parole commissioners, for the purposes prescribed in section 6 of this act, upon warrants drawn upon the state treasurer."

Amend sec. 6, page 2, line 32, by deleting "*9,*" and inserting "*10,*".

Amend sec. 8, page 3, line 13, by deleting "*9,*" and inserting "*10,*".

Amend sec. 9, page 3, by deleting lines 15 through 23 and inserting:

"Sec. 9. *1. The chief parole and probation officer may immediately terminate any prisoner's enrollment in the work release program and transfer him to the Nevada state prison if, in his judgment, the best interests of the state or the prisoner require such action.*

2. If a prisoner enrolled in the work release program is absent without a reason acceptable to the state board of parole commissioners from his place of employment or his designated quarters, such absence:".

Amend sec. 10, page 3, by deleting line 27 and inserting:

"Sec. 10. *1. There is hereby created in the state treasury the prisoner's work release revolving loan fund in the sum of $5,000.*

2. The fund shall be used to make loans to prisoners to pay their expenses for food, quarters and clothing while participating in the work release program. Such loans may be made at a rate of interest not to exceed 4 percent.

3. To the extent that the total cash balance of the fund exceeds $5,000 at the end of each fiscal year the excess cash shall revert to the general fund in the state treasury.

Sec. 11. NRS 209.350 is hereby amended to read as follows:".

Amend sec. 10, page 3, line 33, by deleting "*9,*" and inserting "*10,*".

Amend sec. 10, page 3, line 37, by deleting "*9,*" and inserting "*10,*".

Amend the bill as a whole by adding a new section designated section 12, following section 11, to read as follows:

"Sec. 12. There is hereby appropriated from the general fund in the state treasury:

1. To be used by the chief parole and probation officer for the purposes of sections 2 to 10, inclusive, of this act, the sum of $12,000.

2. To the prisoner's work release revolving loan fund, the sum of $5,000."

Amend the title by deleting the second line and inserting: "work release program; creating a prisoner's work release fund account and a prisoner's work release revolving loan fund; imposing certain duties on the chief parole and probation officer; making appropriations; and providing other matters properly relating thereto."

UNITED STATES SENATE
COMMITTEE ON APPROPRIATIONS
WASHINGTON, D.C., February 24, 1969

MR. RUSSELL W. MCDONALD, *Legislative Counsel, State of Nevada Legislative Counsel Bureau, Room 45, Capitol Building, Carson City, Nevada*

DEAR RUSS: I have your letter of February 17, received here February 20, 1969, along with the attached copy of Senate Joint Resolution No. 4, urging early action by the Congress on the Tahoe Regional Planning Compact.

My bill giving the consent of Congress to the Compact is now pending before the Judiciary Committee. My information is that because of the change in administration there has been a delay in the Executive Agencies commenting on the proposal. As soon as the reports are received, I have been assured that the bill will move forward without delay.

Cordially,
ALAN BIBLE

Also, I have the honor to inform your honorable body that the Senate on this day passed, as amended, Senate Bills Nos. 93, 201.

Also, I have the honor to inform your honorable body that the Senate on this day passed Senate Joint Resolution No. 14.

JEAN HANNA
Assistant Secretary of the Senate

MOTIONS, RESOLUTIONS, AND NOTICES

By the Committee on Taxation:

Assembly Joint Resolution No. 39—Proposing to amend section 3 of article 9 of the Constitution of the State of Nevada, relating to state indebtedness, by clarifying the several methods by which the State may contract public debt and by providing for the contraction of additional debt upon approval by vote of the people.

Resolved by the Assembly and Senate of the State of Nevada, jointly, That section 3 of article 9 of the constitution of the State of Nevada be amended to read as follows:

Sec. 3. [The state may contract public debts; but such debts shall never, in the

aggregate, exclusive of interest, exceed the sum of one per cent of the assessed valuation of the state, as shown by the reports of the county assessors to the state controller, except for the purpose of defraying extraordinary expenses, as hereinafter mentioned. Every such debt shall be authorized by law for some purpose or purposes, to be distinctly specified therein; and every such law shall provide for levying an annual tax sufficient to pay the interest semiannually, and the principal within twenty years from the passage of such law, and shall specially appropriate the proceeds of said taxes to the payment of said principal and interest; and such appropriation shall not be repealed nor the taxes postponed or diminished until the principal and interest of said debts shall have been wholly paid. Every contract of indebtedness entered into or assumed by or on behalf of the state, when all its debts and liabilities amount to said sum before mentioned, shall be void and of no effect, except in cases of money borrowed to repel invasion, suppress insurrection, defend the state in time of war, or, if hostilities be threatened, provide for the public defense.

The state, notwithstanding the foregoing limitations, may, pursuant to authority of the legislature, make and enter into any and all contracts necessary, expedient or advisable for the protection and preservation of any of its property or natural resources, or for the purposes of obtaining the benefits thereof, however arising and whether arising by or through any undertaking or project of the United States or by or through any treaty or compact between the states, or otherwise. The legislature may from time to time make such appropriations as may be necessary to carry out the obligations of the state under such contracts, and shall levy such tax as may be necessary to pay the same or carry them into effect.]

1. The state may contract public debts only in the manner provided in this section.

2. The legislature may borrow money to repel invasion, suppress insurrection, defend the state in time of war, or provide for the public defense if hostilities are threatened, without limitation of manner, amount or time of repayment.

3. The legislature may borrow money or obligate the state by contract for the purpose of protecting any of its property or natural resources or obtaining the benefits thereof, without limitation as to amount or duration of the obligation. The legislature shall provide specially by law for each such borrowing or contract, and shall initially or from time to time levy such taxes as are necessary to discharge the obligation.

4. The legislature may borrow money, pledging the full faith and credit of the state for its repayment, for any purpose in an amount which does not exceed 1 percent of the assessed valuation of taxable property in the state, determined by the state controller in a manner provided by law, in addition to any debt contracted pursuant to subsection 2 or 3. Every such debt shall be authorized by law for some purpose or purposes distinctly specified, and every such law shall provide, for the payment from tax revenues, of the interest currently and the principal within 20 years. Any tax whose proceeds are pledged to the payment of any such debt shall not be repealed or diminished until the debt is fully paid, unless the law so repealing or diminishing it provides and similarly pledges another source of tax revenue adequate for the payment of the debt.

5. The legislature may cause bonds or other securities to be issued, and the proceeds to be used for any purpose, without limitation of amount, if:

(a) Only revenues derived from the use of the proceeds are pledged to the repayment of the debt.

(b) Such revenues will suffice for the payment of the interest and principal of the debt within 50 years.

The faith, credit or any tax revenue of the state shall not be pledged to the repayment of any such debt. The amount of any such debt shall not be counted against the limit provided in subsection 4.

6. The state may borrow money, pledging the full faith and credit of the state for its repayment, for any purpose without limitation of amount if:

(a) The legislature provides by law for the creation of a debt pursuant to this subsection; and

(b) The people, by the affirmative vote of a majority of the registered voters voting on the question at a general or special election, approve the creation of such debt.

Every law for the creation of such a debt shall distinctly specify its purpose and

provide for the payment from tax revenues of the interest currently and the principal within 20 years. Any tax whose proceeds are pledged to the payment of any such debt shall not be repealed or diminished until the debt is fully paid, unless the law so repealing or diminishing it provides and similarly pledges another source of tax revenue adequate for the payment of the debt. The amount of any such debt shall not be counted against the limit provided in subsection 4.

7. All contracts made and debts incurred under former provisions of this section remain valid and enforcible according to their terms, but shall be classified according to this section in determining their effect on future borrowing.

MOTIONS, RESOLUTIONS, AND NOTICES

Mr. Speaker pro Tempore instructed the Chief Clerk to read the following communication:

STATE OF NEVADA
LEGISLATIVE COUNSEL BUREAU
Room 45, Capitol Building

CARSON CITY, NEVADA, March 4, 1969

To Members of the Senate and Assembly of the 55th Session of the Nevada Legislature:

Enclosed is a copy of a letter which I have received from John W. Dregge, Director, Community and Congressional Relations, Civil Aeronautics Board, Washington, D.C., dated February 28, 1969, concerning Assembly Joint Resolution 6, the contents of which are self-explanatory.

Sincerely yours,

RUSSELL W. MCDONALD
Legislative Counsel

CIVIL AERONAUTICS BOARD

WASHINGTON, D.C., February 28, 1969

MR. RUSSELL W. MCDONALD, *Legislative Counsel, State of Nevada, Room 45, Capitol Building, Carson City, Nevada*

DEAR MR. MCDONALD: This is in response to your communication of February 17, 1969, enclosing a joint resolution of the Nevada Legislature.

In its resolution, the Legislature expresses its interest in the plans of the Hughes Tool Company to acquire Air West and urges that the Board give prompt consideration to this matter.

Air West and the Hughes Tool Company have filed a joint application with the Board, in Docket 20665, requesting approval of the transactions which are contemplated by a purchase contract between the two companies. In addition, the two parties have filed a joint motion for an expedited hearing and determination of the application.

By Order 69–2–9, dated February 3, 1969, a copy of which is enclosed, the Board acted to expedite the matter by setting the application for a prehearing conference on February 17, 1969. At the prehearing conference, it was determined that the hearing will begin on March 11, 1969. After the hearing is held the Board will render a decision based on the factual record which is developed, and you will understand that it would be inappropriate for me to comment at this time on the possible courses of action which may be taken.

We appreciate your interest in this matter and will place your communication in the correspondence section of Docket 20665.

Sincerely,

JOHN W. DREGGE, *Director*
Community and Congressional Relations

Attest: THERESA LOY
Chief Clerk of the Assembly

THE FORTY-SIXTH DAY

CARSON CITY (Thursday), March 6, 1969

Assembly called to order at 9:15 a.m.
Mr. Speaker presiding.
Roll called.
All present except Mr. Mello, who was excused.
Prayer by the Chaplain, Reverend John H. Emerson.
Pledge of allegiance to the Flag.

Mr. Lowman moved that further reading of the journal be dispensed with, and the Speaker and Chief Clerk be authorized to make the necessary corrections and additions.
Motion carried.

REMARKS FROM THE FLOOR

Mr. Webb requested that Reverend John H. Emerson's invocation be entered in the Journal:

Eternal God, our Father, as we ponder the weighty matters that clamor for our attention and the frequent hectic pace in which we are trapped, we find the prayerful words of John Oxenham meaningful to us:

"Mid all the traffic of the ways,
Turmoils without, within,
Make in my heart a quiet place,
And come and dwell therein:
A little shrine of quietness,
All sacred to thyself,
Where thou shalt all my soul possess,
And I may find myself;
A little shelter from life's stress,
Where I may lay me prone,
And bare my soul in loneliness,
And know as I am known;
A little place of mystic grace,
Of self and sin swept bare,
Where I may look upon thy face,
And talk with thee in prayer."

Amen.

Also, I have the honor to inform your honorable body that the Senate on this day passed Senate Bills Nos. 101, 128, 175, 189, 191, 237, 238, 262, 278, 282, 308, 309.

Also, I have the honor to inform your honorable body that the Senate on this day passed, as amended, Senate Bill No. 250.

JEAN HANNA
Assistant Secretary of the Senate

MOTIONS, RESOLUTIONS, AND NOTICES

By Mr. Reid:

Assembly Joint Resolution No. 40—Proposing to amend section 14 of article 5 of the Nevada Constitution, relating to commutations of sentences, by prohibiting commutations of life sentences without possibility of parole.

Resolved by the Assembly and Senate of the State of Nevada, jointly, That section 14 of article 5 of the constitution of the State of Nevada be amended to read as follows:

Sec. 14. The governor, justices of the supreme court, and attorney general, or a major part of them, of whom the governor shall be one, may, upon such conditions and with such limitations and restrictions as they may think proper, remit fines and forfeitures, commute punishments, *except sentences of life imprisonment without possibility of parole,* and grant pardons, after convictions, in all cases, except treason and impeachments, subject to such regulations as may be provided by law relative to the manner of applying for pardons. The legislature is authorized

to pass laws conferring upon the district courts authority to suspend the execution of sentences, fix the conditions for, and to grant probation, and within the minimum and maximum periods authorized by law, fix the sentence to be served by the person convicted of crime in said courts.

Mr. Reid moved that the resolution be referred to the Committee on Judiciary.

By Messrs. Glaser, Lingenfelter, and Wilson:

Assembly Joint Resolution No. 41—Proposing to amend section 7 of article 11 of the Constitution of the State of Nevada, relating to the Board of Regents of the University by repealing provisions relating to the election of the board and providing for the Governor to appoint the members of the board of regents as may be provided by law; and providing other matters properly relating thereto.

Resolved by the Assembly and Senate of the State of Nevada, jointly, That section 7 of article 11 of the constitution of the State of Nevada be amended to read as follows:

[Sec:] *Sec.* 7. [The Governor, Secretary of State, and Superintendent of Public Instruction, shall for the first Four Years and until their successors are elected and qualified constitute a Board of Regents to control and manage the affairs of the University and the funds of the same under such regulations as may be provided by law. But the Legislature shall at its regular session next preceding the expiration of the term of Office of said Board of Regents provide for the election of a new Board of Regents and define their duties.]

1. After the effective date of this section as amended, the governor shall make all appointments to the board of regents of the state university as may be provided by law. No more than a majority of the members of the board of regents may be appointed from the same political party. The legislature shall provide for staggered terms of the members not to exceed 6 years.

2. The terms of the present elected members of the board of regents shall expire on the day of the general election in the year in which their respective positions would otherwise be on the ballot for election.

3. Pending legislative action, the governor shall fill all vacancies on the board of regents as they occur pursuant to subsection 2 or otherwise.

UNITED STATES DEPARTMENT OF AGRICULTURE
FOREST SERVICE
WASHINGTON, D. C., March 3, 1969

MR. RUSSELL W. MCDONALD, *Legislative Counsel, State of Nevada Legislative Counsel Bureau, Room 45, Capitol Building, Carson City, Nevada*

DEAR MR. MCDONALD: Secretary Hardin asked us to thank you for sending us a copy of Senate Joint Resolution No. 4 of the Nevada Legislature relating to the Tahoe Regional Planning Compact.

As you may know, legislation to approve the Interstate Compact has been introduced in the 91st Congress. The Department of Agriculture has been asked to report on this legislation. The memorial you sent us will be helpful as we develop our report.

Sincerely,
JOHN R. MCGUIRE
Acting Chief

EXECUTIVE OFFICE OF THE PRESIDENT
BUREAU OF THE BUDGET
WASHINGTON, D. C., March 3, 1969

MR. RUSSELL W. MCDONALD, *Legislative Counsel, Legislative Counsel Bureau, State of Nevada, Room 45, Capitol Building, Carson City, Nevada*

DEAR MR. MCDONALD: This will acknowledge receipt of your letter of February 17, 1969 enclosing a copy of Senate Joint Resolution No. 4, "Memorializing the Congress promptly to ratify the Tahoe Regional Planning Compact." We appreciate receiving these documents which set forth the views of the Senate and Assembly of the State of Nevada.

The views expressed by the Nevada Legislature will be given consideration during review of the consent legislation.

Sincerely yours,
CARL H. SCHWARTZ, JR., *Director*
Natural Resources Programs Division

STATE OF NEVADA

ROGER M. MURRAY
31 Lagunitas Drive
SAN FRANCISCO, CALIFORNIA, March 4, 1969

STATE OF NEVADA, *Legislative Counsel Bureau, Room 45, Capitol Building, Carson City, Nevada*

ATTENTION: MR. RUSSELL W. MCDONALD:

DEAR MR. MCDONALD: A little note of sincere thanks for your thoughtfulness in forwarding to me with your letter of February 10th, a copy of the Assembly Resolution No. 11 adopted by the 55th Session of the Nevada Legislature, memorializing our beloved late uncle William O'Brien. We will always be grateful to the Legislature for it's action in this regard.

Aside from being a very kind and loving Uncle, he was a very loyal citizen of the State of Nevada and of the United States of America. He always had the interests of the State and the federal government at heart.

My children and their families join me in extending our thanks to you and to the Legislature of the State of Nevada.

Sincerely yours,
ROGER M. MURRAY

Amend sec. 5, page 1, by deleting line 24 and inserting:

"Sec. 5. NRS 205.274 is hereby amended to read as follows:

205.274 1. Any person who shall individually or in association with

one or more other persons willfully break, injure, tamper with or remove any part or parts of any vehicle for the purpose of injuring, defacing or destroying such vehicle, or temporarily or permanently preventing its useful operation, or for any purpose against the will or without the consent of the owner of such vehicle, or who shall in any manner willfully or maliciously interfere with or prevent the running or operation of such vehicle, [shall be guilty of a public offense proportionate to the value of the loss resulting therefrom.] *is guilty of a misdemeanor.*

2. Any person who shall without the consent of the owner or person in charge of a vehicle climb into or upon such vehicle with the intent to commit any crime, malicious mischief, or injury thereto, or who while a vehicle is at rest and unattended shall attempt to manipulate any of the levers, starting crank or other starting device, brakes or other mechanism thereof, or to set such vehicle in motion, shall be guilty of a misdemeanor; but the foregoing provisions shall not apply when any such act is done in an emergency in furtherance of public safety or convenience or by or under the direction of an officer in the regulation of traffic or performance of any other official duty.

Sec. 6. Chapter 205 of NRS is hereby amended by adding thereto a new section which shall read as follows:

1. Any person who drives or takes a vehicle as defined in NRS 482.135, not his own, without the consent of the owner of such vehicle, and with intent temporarily to deprive the owner of his possession of such vehicle, without intent to steal the same, is guilty of a misdemeanor.

2. The consent of the owner of a vehicle to its taking or driving shall not be presumed or implied because of such owner's consent on a previous occasion to the taking or driving of such vehicle by the same or a different person.

3. Any person who assists in, or is a party to or an accomplice in, any such unauthorized taking or driving is also guilty of a misdemeanor.

4. Any person who is convicted for a second offense under subsections 1 or 3 shall be punished by imprisonment in the county jail for not more than 1 year, or by a fine of not more than $1,000, or by both fine and imprisonment.

5. Any person who is convicted for a third and subsequent offenses under subsections 1 or 3 shall be punished by imprisonment in the state prison for not less than 1 year nor more than 6 years, or by a fine not to exceed $5,000, or by both fine and imprisonment.

Sec. 7. This act shall become effective upon passage and approval."

Amend the title on the third line by inserting following the semicolon: "changing the penalty for injuring or tampering with a vehicle; providing a penalty for temporarily depriving an owner of his possession of a vehicle;".

At 9:20 a.m.

Mr. Speaker presiding.

Quorum present.

REMARKS FROM THE FLOOR

Mr. Speaker requested that Senator Lamb's remarks be entered in the Journal:

Ladies and Gentlemen of the Assembly:

Yesterday we saw fit to draft a resolution encouraging our Governor to hold firm on his vote on the Morford case and I would like this body, if they saw fit, to join the Senate in adopting this resolution before this weekend passes. I have a copy of it here and would like the Chief Clerk to read it. We will introduce it at 11 a.m. today and if you see fit to join us, we ask your support to get it through today.

SUMMARY—Extends legislative support to Governor in upholding law of this State regarding death penalty.

SENATE CONCURRENT RESOLUTION—Offering moral support to the Governor of this State in upholding the laws of this State regarding the death penalty.

WHEREAS, In recent weeks our governor has been under considerable pressure as governor and as a member of the state board of pardons commissioners to cast

his vote for the commutation of the death sentence of one Lester Morford who was convicted and condemned to death for a most vicious and brutal murder; and

WHEREAS, Our governor has courageously cast a deciding vote to deny the commutation of such death sentence and in so doing cast a vote for upholding the very foundation of justice and the laws of this state; and

WHEREAS, We hope our moral support can in some way lighten the burden our governor may be experiencing in deciding such unpleasant cases; now, therefore, be it

Resolved by the Senate of the State of Nevada, the Assembly concurring, That this legislature hereby extends its moral support to Governor Paul Laxalt in making and standing by his decision in the Morford case and in the continued proper execution of the laws of this state.

Thank you. I am sorry to have interrupted your procedure this morning and I thank you for your time.

MESSAGES FROM THE SENATE

SENATE CHAMBER, Carson City, March 14, 1969

To the Honorable the Assembly:

I have the honor to inform your honorable body that the Senate on this day adopted Senate Concurrent Resolution No. 23.

JEAN HANNA
Assistant Secretary of the Senate

MOTIONS, RESOLUTIONS, AND NOTICES

By the Committee on Ways and Means:

Assembly Concurrent Resolution No. 40—Directing the Legislative Commission to study the various state-supported radio communications systems.

Mr. Roy Young moved that the resolution be referred to the Committee on Legislative Functions.

Motion carried.

Senate Concurrent Resolution No. 23.

Mr. Lowman moved the adoption of the resolution.

Remarks by Messrs. Lowman and Fry.

Mr. Fry requested that his remarks be entered in the Journal:

MR. SPEAKER: I rise to state my personal situation and do not wish to be placed on the record, as standing in favor or opposed to this resolution. I respectfully request that I be permitted to be recorded as abstaining from voting on this resolution by reason of what I consider to be a conflict of interest. At the order of our state Supreme Court, I presently represent two persons, now residing on "death row", and I have represented others presently there, and I feel that any stand taken by me would be inappropriate at this time. I do not mean this stand to be taken as a commendation or condemnation of the Governor's stand in the Morford case.

Resolution adopted.

MOTIONS, RESOLUTIONS, AND NOTICES

By the Committee on Judiciary:
Assembly Joint Resolution No. 46—Proposing to amend section 14 of article 5 of the Constitution of the State of Nevada, relating to the State Board of Pardons, by altering the composition of the board.

Resolved by the Assembly and Senate of the State of Nevada, jointly, That section 14 of article 5 of the constitution of the State of Nevada be amended to read as follows:

Sec. 14. The governor, [justices of the supreme court, and] attorney general [, or a major part of them, of whom the governor shall be one,] *and three residents of the State of Nevada, appointed by the governor, who are not members of the judiciary and whose qualifications shall be fixed by law* may, upon such conditions and with such limitations and restrictions as they may think proper, remit fines and forfeitures, commute punishments, and grant pardons, after convictions, in all cases, except treason and impeachments, subject to such regulations as may be provided by law relative to the manner of applying for pardons. *Any such action*

may be taken only with the concurrence of the governor. The legislature is authorized to pass laws conferring upon the district courts authority to suspend the execution of sentences, fix the conditions for, and to grant probation, and within the minimum and maximum periods authorized by law, fix the sentence to be served by the person convicted of crime in said courts.

CONSIDERATION OF SENATE AMENDMENTS

Assembly Bill No. 408.

The following Senate amendment was read:

Amendment No. 1680.

Amend section 1, page 1, by deleting line 1 and inserting:

"Section 1. NRS 612.585 is hereby amended to read as follows:

612.585 1. There is hereby established as a special fund, separate and apart from all public moneys or funds of this state, an unemployment compensation fund, which shall be administered by the executive director exclusively for the purposes of this chapter.

2. This fund shall consist of:

(a) All contributions collected under this chapter.

(b) Interest earned upon any moneys in the fund.

(c) Any property or securities acquired through the use of moneys belonging to the fund.

(d) All earnings of such property or securities.

(e) *All money credited to the account of the State of Nevada in the unemployment trust fund pursuant to section 903 of the Social Security Act, as amended (42 U.S.C. § 1103).*

(f) All other moneys received for the fund from any other source.

3. All moneys in the fund shall be mingled and undivided.

4. All fines and penalties collected pursuant to the criminal provisions of this chapter shall be paid to the state permanent school fund.

Sec. 2. NRS 612.595 is hereby amended to read as follows:

612.595 1. Moneys shall be requisitioned from this state's account in the unemployment trust fund solely for the payment of benefits and refunds in accordance with regulations prescribed by the executive director [.] *, except that moneys credited to the account of the State of Nevada pursuant to section 903 of the Social Security Act, as amended (42 U.S.C. § 1103), shall be used exclusively as provided in section 4 of this act.*

2. The executive director shall from time to time requisition from the unemployment trust fund such amounts, not exceeding the amounts standing to this state's account therein, as he deems necessary for the payment of benefits for a reasonable future period.

3. Upon receipt thereof the state treasurer shall deposit such moneys

in the benefit account and the state treasurer shall issue his warrants for the payment of benefits solely from such benefit account.

4. Expenditures of such moneys in the benefit account and refunds from the clearing account shall not be subject to any provisions of law requiring specific appropriations or other formal release by state officers of money in their custody.

5. All warrants issued by the state treasurer for the payment of benefits and refunds shall bear the signature of the state treasurer and the countersignature of the executive director, or his duly authorized agent for that purpose.

6. Any balance of moneys requisitioned from the unemployment trust fund which remains unclaimed or unpaid in the benefit account after the expiration of the period for which such sums were requisitioned shall be either deducted from estimates for, and may be utilized for the payment of, benefits during succeeding periods, or in the discretion of the executive director shall be redeposited with the Secretary of the Treasury to the credit of this state's account in the unemployment trust fund, as provided in NRS 612.590.

Sec. 3. NRS 612.605 is hereby amended to read as follows:

612.605 1. There is hereby created in the state treasury a special fund to be known as the unemployment compensation administration fund.

2. All moneys which are deposited or paid into this fund are hereby appropriated and made available to the executive director.

3. All moneys in this fund shall be expended solely for the purpose of defraying the cost of the administration of this chapter, and for no other purpose whatever.

4. All moneys received from the Department of Labor for the fund pursuant to Section 302 of the Social Security Act (42 U.S.C. § 502) shall be expended solely for the purposes and in the amounts found necessary by the Department of Labor for the proper and efficient administration of this chapter.

5. [The] *In addition to moneys deposited pursuant to section 4 of this act, the* fund shall consist of:

(a) All moneys appropriated by this state.

(b) All moneys received from the United States of America or any agency thereof, including the Department of Labor, the Railroad Retirement Board, and the United States Employment Service.

(c) All moneys received from any other source, for such purpose.

6. Moneys received from the Railroad Retirement Board as compensation for services or facilities supplied to the board shall be paid into this fund.

7. All moneys in this fund shall be deposited, administered and disbursed in the same manner and under the same conditions and requirements as are provided by law for other special funds in the state treasury.

8. Any balances in this fund shall not lapse at any time, but shall be continuously available to the executive director for expenditure consistent with this chapter.

9. Moneys in this fund shall not be commingled with other state funds, but shall be maintained in a separate account on the books of the depositary. Such moneys shall be secured by the depositary in which they

are held to the same extent and in the same manner as required by the general depositary laws of the state, and collateral pledged shall be maintained in a separate custody account.

10. All sums recovered on any official bond for losses sustained by the unemployment compensation administration fund shall be deposited in the unemployment compensation administration fund.

11. All moneys requisitioned and deposited in this fund pursuant to section 4 of this act shall be used in accordance with the conditions specified in section 4 of this act.

Sec. 4. Chapter 612 of NRS is hereby amended by adding thereto a new section which shall read as follows:

1. Money credited to the account of this state in the unemployment trust fund by the Secretary of the Treasury of the United States of America pursuant to section 903 of the Social Security Act, as amended (42 U.S.C. § 1103), may be requisitioned and used for the payment of expenses incurred for the administration of this chapter, pursuant to a specific appropriation by the legislature, if the expenses are incurred and the money is requisitioned after the enactment of an appropriation law which:

(a) Specifies the purposes for which such money is appropriated and the amounts appropriated therefor;

(b) Limits the period within which such money may be expended to a period ending not more than 2 years after the date of the enactment of the appropriation law; and

(c) Limits the amount which may be used during a 12-month period beginning on July 1 and ending on June 30 of the following year to an amount which does not exceed the amount by which the aggregate of the amounts credited to the account of this state pursuant to section 903 of the Social Security Act, as amended (42 U.S.C. § 1103), during the same 12-month period and the 14 preceding 12-month periods, exceeds the aggregate of the amounts used pursuant to this section and charged against the amounts credited to the account of this state during any of such 15 12-month periods.

2. For the purposes of subsection 1, amounts used during any such 12-month period shall be charged against equivalent amounts which were first credited and which are not already so charged, except that no amount used during any such 12-month period for the administration of this chapter may be charged against any amount credited during such a 12-month period earlier than the 14th preceding period.

3. Money credited to the account of this state pursuant to section 903 of the Social Security Act, as amended (42 U.S.C. § 1103), may not be withdrawn or used except for:

(a) The payment of benefits; and

(b) The payment of expenses for the administration of this chapter pursuant to this section.

4. Money requisitioned for the payment of expenses of administration pursuant to this section shall be deposited in the unemployment compensation administration fund and until expended shall remain a part of the unemployment compensation fund. The executive director shall maintain a separate record of the deposit, obligation, expenditure and return of funds so deposited.

5. If any money so deposited pursuant to subsection 4 is, for any reason, not expended for the purpose for which it was appropriated, or if it remains unexpended at the end of the period specified by the law appropriating such money, it shall be withdrawn and returned to the Secretary of the Treasury of the United States for credit to this state's account in the unemployment trust fund.

Sec. 5. The executive director of the employment security".

Amend section 1, page 1, line 5, by deleting the period and inserting: "for the use of the employment security department in the administration of chapter 612 of NRS."

Amend section 1, page 1, line 7, by deleting the period and inserting: "for the use of the employment security department in the administration of chapter 612 of NRS."

Amend sec. 2, page 1, line 8, by deleting "2." and inserting "6."

Amend sec. 2, page 1, line 11, by deleting the period and inserting: "for the use of the employment security department in the administration of chapter 612 of NRS."

Amend sec. 3, page 1, by deleting lines 12 through 14 and inserting:

"Sec. 7. No part of the money authorized to be expended by section 5 of this act may be obligated after the expiration of the 2-year period beginning on the date of enactment of this act."

Amend sec. 4, page 1, by deleting line 15 and inserting:

"Sec. 8. The amount obligated pursuant to section 5 of this act during".

Amend the title by deleting the first line and inserting: "An Act relating to unemployment compensation; providing for deposit and use of moneys credited to Nevada under the Social Security Act; authorizing the expendi-".

GENERAL FILE AND THIRD READING

Assembly Bill No. 353.

Bill read third time.

Remarks by Messrs. Wilson, Lingenfelter, and Mrs. Brookman.

Mrs. Brookman requested that her remarks be entered in the Journal:

My dear Mr. Speaker pro Tempore and Fellow Colleagues:

It was the great dream of all our forefathers who came to this United States to flee from whence they came because of being oppressed, not having their right of practicing their freedom of religion, being subservient to other men, and only because they had the foresight to come here to these great United States. I might remind each and every one of my colleagues—*that is why we are here*—all except the great American Indian who was here first. It is most unfortunate that the dream did not actually work out. As our great Constitution says, "All Men Are Created Equal." We have unfortunately not granted this right to every citizen in the land.

Again, I use the word "unfortunate"; it takes legislation like this on open housing to make things right in the United States of America. President Nixon addressing diplomats at a White House reception said, "We have an obligation, each of you and all of us in the American government, to find ways to settle our differences peacefully."

I urge the passage of Assembly Bill No. 353. I hope that the State of Nevada will lead the field with its open housing laws.

Assembly Bill No. 267.

Bill read second time.

The following amendment was proposed by the Committee on Transportation:

Amendment No. 1776.

Amend section 1, page 1, line 2, by deleting "4," and inserting "7,".

Amend sec. 4, page 2, line 15, by inserting "*or*" after "*labor*".

Amend sec. 5, page 2, line 27, by deleting line 27 and inserting:

"Sec. 5. *Any person who is injured in his business or property by a violation of any provision in sections 2 to 7, inclusive, of this act, or any person so injured because he refuses to accede to a proposal for an arrangement which, if consummated, would be in violation of sections 2 to 7, inclusive, of this act, may bring a civil action in the district court in which the dealer's place of business is located to enjoin further violations and to recover the actual damages sustained by him together with the costs of the suit, including a reasonable attorney's fee.*

Sec. 6. *1. The director shall revoke or refuse to issue a dealer's*

license for a franchise replacing a canceled or terminated franchise if a civil action pursuant to section 5 of this act is pending and was filed within 60 days following the written notification of the cancellation or nonrenewal of an existing franchise and a certified copy of such complaint alleging the date of such notification is filed with the department within 60 days by the complaining dealer.

2. The court in which such action was filed may, however, in order to maintain adequate and competitive service in the area or upon a showing of good cause by the manufacturer, distributor or factory branch order the director to issue such dealer's license if the dealer complies with sections 2 to 7, inclusive, of this act.

Sec. 7. *1. Upon the filing of a complaint pursuant to section 5 of this act by a complaining dealer within 60 days following the written notification of the cancellation or nonrenewal of the existing franchise, any canceled or nonrenewed franchise of the complaining dealer shall stay in full force and effect until the complaint has been expeditiously disposed of, unless the court, pursuant to section 6 of this act, has ordered the director to issue a dealer's license to a new franchisee.*

2. If a new franchise is given by a manufacturer, distributor or factory branch for the sale of the same make of vehicle in the same area of responsibility as that covered in the canceled or terminated franchise, such act shall be prima facie evidence that the new franchise replaced the canceled or terminated franchise.

Sec. 8. This act shall become effective upon passage and approval."

Amend the title on the last line by inserting "providing certain remedies;" after "penalties;".

Mr. Bryan Hafen moved the adoption of the amendment.

SECOND READING AND AMENDMENT

Assembly Bill No. 197.

Bill read second time.

The following amendment was proposed by the Committee on Elections:

Amendment No. 1627.

Amend section 1, page 1, by deleting lines 1 through 21 and inserting:

"Section 1. NRS 386.170 is hereby amended to read as follows:

386.170 1. [At the general election in 1956, in a county school district where 1,000 or more pupils were enrolled during the preceding school year, seven trustees shall be elected at large within the county school district, as follows:

(a) Two persons who reside at the county seat shall be elected for terms of 2 years.

(b) One person who resides at the county seat shall be elected for a term of 4 years.

(c) One person who resides in the county but not at the county seat shall be elected for a term of 2 years.

(d) One person who resides in the county but not at the county seat shall be elected for a term of 4 years.

(e) One person who resides in the county but resides neither at the county seat nor in any incorporated city within the county shall be elected for a term of 4 years.

(f) One person who resides in the county shall be elected for a term of 2 years.

2.] *At the general election in 1970, in a county school district where 1,000 or more pupils were enrolled during the preceding school year, four trustees shall be elected at large within the county school district, as follows:*

(a) One person who resides at the county seat shall be elected for a term of 4 years.

(b) One person who resides in the county but not at the county seat shall be elected for a term of 4 years.

(c) Two persons who reside in the county shall be elected for terms of 4 years.

2. At the general election in 1972, three trustees shall be elected at large within the county school district, as follows:

(a) One person who resides at the county seat shall be elected for a term of 4 years.

(b) One person who resides in the county but not at the county seat shall be elected for a term of 4 years.

(c) One person who resides in the county but neither at the county seat nor in any incorporated city within the county shall be elected for a term of 4 years.

3. Thereafter, at each general election, the offices of school trustees shall be filled for terms of 4 years in the order in which the terms of office expire.

Sec. 2. NRS 386.180 is hereby amended to read as follows:

386.180 1. At the general election in [1958,] *1970 and any even-numbered year thereafter,* if the certificate of the superintendent of public instruction filed with the county clerk states that the pupil enrollment during the preceding school year in a county school district was less than 1,000, and the board of trustees of the county school district is composed of seven elected members based upon a previous pupil enrollment of 1,000 or more, then [one of the offices of trustee provided for in paragraph (a) of subsection 1 of NRS 386.170 and the office of trustee provided for in paragraph (c) of subsection 1 of NRS 386.170 shall not be filled by election or appointment, and the candidate for the office of trustee provided for in paragraph (f) of subsection 1 of NRS 386.170 shall have the qualifications required by paragraph (e) of subsection 1 of NRS 386.160.] *the offices of trustee provided for in paragraph (c) of subsection 1 of NRS 386.170 shall not be filled by election or appointment.*

2. Thereafter, while continued pupil enrollment in the county school district is less than 1,000, the offices of school trustees shall be filled as provided in NRS 386.160.

Sec. 3. NRS 386.190 is hereby amended to read as follows:

386.190 1. At the general election in [1958,] *1970 and any even-numbered year thereafter,* if the certificate of the superintendent of public instruction filed with the county clerk states that the pupil enrollment during the preceding school year in a county school district was 1,000 or more, and the board of trustees of the county school district is composed of five elected members based upon a previous pupil enrollment of less than 1,000, then [one additional trustee who resides at the county seat shall be elected for a term of 4 years, and one additional trustee who resides in the county shall be elected for a term of 4 years.] *two additional trustees who reside in the county shall be elected for terms of 4 years.*

2. Thereafter, while continued pupil enrollment in the county school district is 1,000 or more, the offices of school trustees shall be filled as provided in NRS 386.170.

Sec. 4. This act shall become effective July 1, 1969, for the purpose of nomination and election of school trustees at the general election in 1970. For all other purposes, this section shall become effective on the 1st Monday in January 1971."

Amend the title by deleting the second and third lines and inserting: "reducing the number required to be elected from the county seat in certain counties; and providing".

Mr. Jacobsen moved the adoption of the amendment.

REPORTS OF COMMITTEES

Mr. Speaker:

Your Select Committee consisting of the Assembly Commerce Committee members appointed pursuant to Senate Concurrent Resolution No. 6, has met to consider Senate Bill No. 39, and begs leave to report back the recommendation: Do pass; and submits the attached report with the recommendation that it be accepted.

JAMES E. WOOD, *Vice-Chairman*

REPORT OF JOINT COMMITTEE APPOINTED TO CONDUCT HEARINGS AND TO CONSIDER SENATE BILL NO 39 (NEVADA INSURANCE CODE)

Pursuant to the provisions of Senate Concurrent Resolution No. 6, the undersigned members of this house represented on the joint committee make the following required report concerning the joint committee's duties with respect to Senate Bill No. 39. Senator Marvin L. White was selected as chairman of the joint committee.

The chairman appointed three subcommittees composed of four members each of the joint committee to study various chapters of the proposed insurance code. Meetings of the joint committee were held on February 4, 10, 11, 14, 17 and 26, and on March 12, 1969, and several public hearings were held by the joint committee. In addition to interested individuals and organizations, representatives of the following organizations gave testimony, either orally or in writing, to the joint committee:

Nevada Independent Insurance Agents
Life Insurance Company of America
Surplus Line Brokers of Nevada
Nevada Association of Life Underwriters
American Reciprocal Insurance Association
Nevada Land Title Association
Reno Claims Association
Las Vegas Claims Association
Nevada State Claims Association
The American Automobile Association.

As a result of the testimony given to the joint committee and its own independent labors, it is recommended that:

1. Because of its size Senate Bill No. 39 be enacted without amendment and transmitted to the Governor for his signature.

2. A bill be introduced proposing various amendments to the Nevada Insurance Code (S. B. 39), amending in particular the following sections thereof: 79, 85, 86, 90, 92, 113, 155, 197, 222, 255, 264.5, 278, 281, 351, 412, 444, 453, 455, 493, 494, 512, 514, 550, 752, 796, and 797.

Adoption of this recommended procedure by both houses will effect a saving of time (which would be involved in the mechanics of reprinting the large bill) of approximately two weeks of the present legislature and the expenditure of a large amount of money, all of which would be required to reprint Senate Bill No. 39. The introduction, referral and examination of the recommended amendatory bill will save both money and time and will not foreclose any individual legislator from offering amendments to S. B. 39, for such amendments can be proposed to the second or companion bill.

The adoption of the above recommended procedures will not, however, obviate the necessity of the possible preparation, introduction and enactment of a third bill because of the number of bills presently in the legislature proposing to amend Title 57 of NRS, being the present Nevada Insurance Code. The substance of these bills, if enacted into law, will have to be incorporated into the new Nevada Insurance Code prior to adjournment sine die, and this can be done either by amending the individual bills before they pass or by the drafting of the above-mentioned third bill in the form of an omnibus correction bill.

Because of the time required for printing the enrolled bills and particularly the

enrolled copy of S. B. 39, as well as the preparation of necessary housecleaning measures, it is suggested that the houses act with expedition in their consideration and action upon S. B. 39 and its companion bill or bills.

Respectfully submitted,

JAMES E. WOOD
DONALD R. MELLO
AUSTIN H. BOWLER

REPORTS OF COMMITTEES

Mr. Speaker:

Your Committee on Government Affairs, to which was referred Assembly Bill No. 362, has had the same under consideration, and begs leave to report the same back with the recommendation: Do pass.

R. HAL SMITH, *Chairman*

SECOND READING AND AMENDMENT

Assembly Bill No. 569.

Bill read second time, ordered engrossed, and to third reading.

Assembly Bill No. 571.

Bill read second time, ordered engrossed, and to third reading.

Assembly Bill No. 579.

Bill read second time.

The following amendment was proposed by the Committee on Labor and Management:

Amendment No. 1656.

Amend the bill as a whole by adding a new section following section 4 on page 5, designated section 5, to read as follows:

"Sec. 5. NRS 616.615 is hereby amended to read as follows:

616.615 If an injury by accident arising out of and in the course of employment causes the death of an employee in the employ of an employer, within the provisions of this chapter, the compensation shall be known as a death benefit, and shall be payable in the amount to and for the benefit of the following:

1. Burial expenses. In addition to the compensation payable under this chapter, burial expenses not to exceed $650. When the remains of the deceased employee and the person accompanying the remains are to be transported to a mortuary or mortuaries, the charge of transportation shall be borne by the commission, subject to its approval, provided, such transportation shall not be beyond the continental limits of the United States.

2. Widow without children. To the widow, if there is no child, 50 percent of the average monthly wage of the deceased. This compensation shall be paid until her death or remarriage, with 2 years' compensation in one sum upon remarriage.

3. Widower without children. To the widower, if there is no child, 40 percent of the average monthly wage of the deceased employee, if wholly dependent for support upon the deceased employee at the time of her death. This compensation shall be paid until his death or remarriage, with 2 years' compensation in one sum upon remarriage.

4. Widow or widower with children.

(a) To the widow or widower, if there is a child or children, the compensation payable under subsection 1 and subsection 2, and the additional amount of 15 percent of such wage for each child until the child reaches the age of 18 years.

(b) In case of the subsequent death of the surviving wife (or dependent husband) any surviving child or children of the deceased employee shall have his or their compensation increased to the extent of the compensation theretofore paid to the surviving wife (or dependent husband) but not in excess thereof, and the same shall be payable until he or they shall reach the age of 18 years; but the total amount payable shall in no case exceed 80 percent of such wage.

(c) If the children have a guardian other than the surviving widow or widower, the compensation on account of such children may be paid to the guardian.

(d) The compensation payable on account of any child shall cease when he dies, marries or reaches the age of 18 years, or if over 18 years and incapable of self-support, when he becomes capable of self-support.

5. Surviving children but no surviving wife or dependent husband. If there be a surviving child or children of the deceased employee under the age of 18 years, but no surviving wife (or dependent husband), then for the support of each child until he reaches the age of 18 years, 30 percent of the average monthly wage of the deceased employee; but the aggregate shall in no case exceed 90 percent of such wage.

6. Dependent parents, brothers and sisters. If there be no surviving wife (or dependent husband) or child under the age of 18 years, there shall be paid:

(a) To a parent, if wholly dependent for support upon the deceased employee at the time of injury causing his death, 30 percent of the average monthly wage of the deceased employee during dependency.

(b) To both parents, if wholly dependent for support upon the deceased employee at the time of injury causing his death, 50 percent of the average monthly wage of the deceased employee during dependency.

(c) To each brother or sister until he or she reaches the age of 18 years, if wholly dependent for support upon the deceased employee at the time of injury causing his death, 30 percent of the average monthly wage of the deceased employee during dependency.

(d) The aggregate compensation payable pursuant to paragraphs (a), (b) and (c) of subsection 6 shall in no case exceed 80 percent of the average monthly wage of the deceased employee during dependency.

7. Questions of total or partial dependency.

(a) In all other cases, a question of total or partial dependency shall be determined in accordance with the facts as the facts may be at the time of the injury.

(b) If the deceased employee leaves dependents only partially dependent upon his earnings for support at the time of the injury causing his death, the monthly compensation to be paid shall be equal to the same proportion of the monthly payments for the benefit of persons totally dependent as the amount contributed by the deceased employee to such partial dependents bears to the average monthly wage of the deceased employee at the time of the injury resulting in his death.

(c) The duration of compensation to partial dependents shall be fixed by the commission in accordance with the facts shown, but in no case shall exceed compensation for 100 months.

8. Apportionment of death benefit between dependents. Compensation to the widow or widower shall be for the use and benefit of the widow or widower, and of the dependent children, and the commission may, from time to time, apportion such compensation between them in such a way as it deems best for the interest of all dependents.

9. Nonresident alien dependents. If a dependent to whom a death benefit is to be paid is an alien not residing in the United States, the compensation shall be only 50 percent of the amount or amounts specified in this section.

10. Excess of wage not considered in computing death benefit. Any excess of wages over [$305] *$335* a month shall not be taken into account in computing compensation for death benefits.

11. Lump sum settlements not allowed. In cases where compensation is awarded to the widow, dependent children, or persons wholly dependent, no lump sum settlement shall be allowed.

12. Funeral expenses of dependent dying before expiration of award. In case of the death of any dependent specified in this section before the expiration of the time named in the award, funeral expenses not to exceed $500 shall be paid."

Amend the title on the second line by inserting "death benefits and for" after "Act for".

MESSAGES FROM THE SENATE

SENATE CHAMBER, Carson City, March 26, 1969

To the Honorable the Assembly:

I have the honor to inform your honorable body that the Senate on this day passed Assembly Bills Nos. 59, 77, 117, 176, 211, 249, 252, 260, 261, 364, 468.

Also, I have the honor to inform your honorable body that the Senate amended, and on this day passed, as amended, Assembly Bill No. 52, and respectfully requests your honorable body to concur in said amendment.

JEAN HANNA
Assistant Secretary of the Senate

MOTIONS, RESOLUTIONS, AND NOTICES

Mr. Speaker instructed the Chief Clerk to read the following communication:

STATE OF NEVADA
LEGISLATIVE COUNSEL BUREAU
Room 45, Capitol Building

CARSON CITY, NEVADA, March 26, 1969

To the Senate and Assembly of the 55th Session of the Nevada Legislature:

Enclosed is a copy of a letter from Mr. M. M. Nelson, Deputy Chief, United States Forest Service, dated March 21, 1969, concerning A. J. R. 3, the contents of which are self-explanatory.

Sincerely yours,
RUSSELL W. MCDONALD
Legislative Counsel

UNITED STATES DEPARTMENT OF AGRICULTURE
FOREST SERVICE

WASHINGTON, D.C., March 21, 1969

MR. RUSSELL W. MCDONALD, *Legislative Counsel, Room 45, Capitol Building, Carson City, Nevada*

DEAR MR. MCDONALD: Secretary of Agriculture Clifford M. Hardin has asked us to respond to your February 6, 1969 letter with its enclosed resolution about grazing fees.

On February 18, 1969, Secretary Hardin announced that the Forest Service will proceed with grazing permit billings using the higher grazing fees set out in regulations published by the Department, January 14, 1969.

The grazing fees decision announcement on January 14, 1969, was made after considering, among other issues, that of the timing of any recommendations or reports by the Public Land Law Review Commission. It is not our understanding that work underway by contractors of the Commission will provide the data needed to make a decision about grazing fees.

The task of managing the National Forest System commands continued review of existing programs and decision making as and when deemed best suited to enable this agency to redeem its responsibilities under existing law. All facets of the exhaustive, 10-year long fee studies and the alternative actions available were carefully considered by the Office of the President, and the Departments of Agriculture and Interior. The consensus was that a moratorium on decision until the Public Land Law Review Commission completes its studies and makes its recommendations would prevent proper redemption of agency responsibility in the public interest under existing laws.

The Subcommittee on Public Lands of the Senate Interior and Insular Affairs Committee held hearings on February 27 and 28 on the grazing fees issue. Similar hearings were held by the Subcommittee on Public Lands of the House Committee on Interior and Insular Affairs March 4 and 5, 1969. Interested parties were given an opportunity to testify at these hearings.

We believe the recent Congressional hearings provided a good cross-section expression of opinion on all of the important aspects of the grazing fees issue, including that of the Public Land Law Review Commission work as it relates to grazing fees.

Sincerely,

M. M. NELSON
Deputy Chief

The following amendment was proposed by the Committee on Transportation:

Amendment No. 1880.

Amend the bill as a whole by adding a new section between lines 5 and 6 on page 1, designated section 2.5, to read as follows:

"Sec. 2.5. *"Driveaway-towaway operation" means any operation in which any motor vehicle, trailer or semitrailer, singly or in combination, new or used, constitutes the commodity being transported, when one set or more of wheels of any such vehicle are on the highway during the course of transportation, whether or not any such vehicle furnishes the motive power.*"

Amend sec. 8, page 2, by inserting between lines 25 and 26:

"*3. This section does not prohibit an authorized emergency vehicle from being equipped with and displaying flashing lights which do not indicate a right or left turn.*"

Amend sec. 11, page 2, line 47, by deleting "*passenger cars*" and inserting "*any vehicle*".

Amend sec. 11, page 3, by deleting line 1 and inserting:

"*2. Except as otherwise provided by law, such stop lamp or lamps shall be on the rear of the vehicle, and*".

Amend sec. 12, page 3, line 11, by deleting "*passenger cars and trucks*" and inserting "*vehicles*".

Amend sec. 12, page 3, line 13, by inserting "*and*" after "*signal lamps*".

Amend the bill as a whole by adding a new section on page 3 between lines 25 and 26, designated section 12.5, to read as follows:

"Sec. 12.5. *The requirements of this chapter with respect to reflectors, stop lamps, turn signal lamps and taillamps for pole trailers may be*

met by displaying such reflectors or lamps on the rearmost portion of the load."

Amend sec. 15, pages 4 and 5, by deleting lines 30 through 49 on page 4 and lines 1 through 3 on page 5 and inserting:

"Sec. 15. *1. Every farm tractor and every self-propelled unit of farm equipment or implement of husbandry manufactured after January 1, 1970, shall be equipped with vehicular hazard-warning lamps of a type described in section 16 of this act, visible from a distance of not less than 1,000 feet to the front and rear in normal sunlight, which shall be displayed whenever any such vehicle is operated upon a highway.*

2. Every farm tractor and every self-propelled unit of farm equipment or implement of husbandry manufactured after January 1, 1970, shall at all times, and every other such vehicle shall, during the times mentioned in NRS 484.290, be equipped with lamps and reflectors as follows:

(a) At least two headlamps meeting the requirements of NRS 484.400.

(b) At least one red lamp visible when lighted from a distance of not less than 1,000 feet to the rear, mounted as far to the left of the center of the vehicle as practicable.

(c) At least two red reflectors visible from all distances within 600 feet to 100 feet to the rear when directly in front of lawful lower beams of headlamps.

3. Every combination of farm tractor and towed farm equipment or implement of husbandry shall at all times mentioned in NRS 484.290 be equipped with lamps and reflectors as follows:

(a) The farm tractor shall be equipped as required in subsections 1 and 2.

(b) If the towed unit extends more than 4 feet to the rear of the tractor or obscures any lamp on the tractor, such unit shall be equipped on the rear with at least two red reflectors visible from all distances within 600 feet to 100 feet to the rear when directly in front of lawful lower beams of headlamps.

(c) If the towed unit extends more than 4 feet to the left of the centerline of the tractor, such unit shall be equipped on the front with an amber reflector visible from all distances within 600 feet to 100 feet to the front when directly in front of lawful beams of headlamps. Such reflector shall be so positioned as to indicate, as nearly as practicable, the extreme left projected of the towed unit.

4. The two red reflectors required by subsection 3 shall be so positioned as to show from the rear, as nearly as practicable, the extreme width of the vehicle or combination carrying them."

Amend sec. 16, page 5, line 28, by inserting after "*condition.*": "*These warning lamps shall be visible from a distance of not less than 500 feet in normal sunlight.*"

Amend sec. 16, page 5, by inserting between lines 40 and 41:

"*8. After January 1, 1970, every motor vehicle, trailer, semitrailer and pole trailer 80 inches or more in overall width or 30 feet or more in overall length shall be equipped with hazardous warning lamps meeting the requirements of subsection 5.*"

Amend the bill as a whole by adding a new section on page 6 between lines 10 and 11, designated section 19.5, to read as follows:

"Sec. 19.5. *1. A person shall not drive any motor vehicle equipped*

with television-type receiving equipment so located that the viewer or screen is visible from the driver's seat.

2. This section shall not prohibit the use of television-type receiving equipment used exclusively for traffic safety or law enforcement purposes."

Amend the bill as a whole by adding two new sections on page 6 between lines 14 and 15, designated sections 20.3 and 20.5, respectively, to read as follows:

"Sec. 20.3. *1. It is unlawful for any person to sell, offer for sale or drive any motor vehicle manufactured after January 1, 1970, unless such vehicle is equipped with safety glazing material wherever glazing materials are used in such vehicle for partitions, doors, windows, windshields or wind deflectors.*

2. It is unlawful for any person to sell or offer for sale any camper manufactured after January 1, 1970, and it is unlawful for any person to drive such a motor vehicle registered in this state which is equipped with a camper, unless such camper is equipped with safety glazing materials wherever glazing materials are used in outside windows and doors. As used in this subsection, "camper" means any structure designed to be loaded onto, or affixed to, a motor vehicle to provide temporary living quarters for recreation, travel or other use.

3. As used in this section, "safety glazing materials" means glazing materials so constructed, treated or combined with other materials as to reduce substantially, in comparison with ordinary sheet glass, the likelihood of injury to persons by objects from exterior sources or by such safety glazing materials when they may be cracked or broken.

4. The department of motor vehicles shall establish specifications or requirements for approved safety glazing material which shall not be lower in standard than those specifications or requirements for safety glazing material established by the United States of America Standards Institute Safety Code Z26.1—1950, and shall maintain a list of approved safety glazing material.

Sec. 20.5. *It is unlawful for any person to replace glazing materials used in partitions, doors, windows, windshields or wind deflectors in any motor vehicle, or in the outside windows or doors of any camper, as defined in section 20.3 of this act, with any glazing material other than safety glazing material, as defined in section 20.3 of this act.*"

Amend sec. 22, page 6, by deleting line 27 and inserting:

"Sec. 21.5. *1. It is unlawful to drive a passenger car manufactured after January 1, 1968, on a highway unless it is equipped with at least two lap-type safety belt assemblies for use in the front seat positions.*

2. It is unlawful to drive a passenger car manufactured after January 1, 1970, on a highway, unless it is equipped with a lap-type safety belt assembly for each permanent passenger-seating position. This requirement shall not apply to the rear seats of vehicles operated by a police department or sheriff's office.

3. It is unlawful to drive a passenger car manufactured after January 1, 1970, unless it is equipped with at least two shoulder-harness-type safety belt assemblies for use in the front seating positions.

4. The department of motor vehicles shall except such types of motor

vehicles or seating positions from the requirements of this section when compliance would be impractical.

5. It is unlawful for any person to distribute, have for sale, offer for sale or sell any safety belt or shoulder harness assembly for use in a motor vehicle unless it meets current minimum standards and specifications of the United States Department of Transportation.

Sec. 22. *1. Every towing vehicle,*".

Amend sec. 22, page 6, by deleting line 41 and inserting:

"*2. Every towing vehicle used to*".

Amend sec. 23, page 7, by deleting line 1 and inserting:

"Sec. 23. *Every motor vehicle,*".

Amend sec. 23, page 7, line 5, by inserting after "*brakes.*": "*The braking system on the towed vehicle may be surge actuated brakes.*"

"Sec. 26. (Deleted by amendment.)"

Amend sec. 27, page 8, by deleting lines 10 through 12 and inserting:

"Sec. 27. (Deleted by amendment.)"

Amend sec. 28, page 8, line 19, by deleting "500" and inserting "[500] *1,000*".

Amend sec. 30, page 8, line 48, by deleting "*passenger cars*" and inserting "*vehicles*".

Amend sec. 31, page 10, line 18, by inserting after "*width*": "*manufactured after January 1, 1970,*".

Amend sec. 31, page 10, lines 19 and 20, by deleting "*after January 1, 1970,*".

Amend sec. 31, page 10, lines 22 and 23, by deleting "*after January 1, 1970,*".

Amend sec. 31, page 10, line 32, by deleting "*after January 1, 1970,*".

Amend sec. 31, page 11, line 8, by inserting after "*rearmost*": "*part of the load or the rearmost*".

Amend sec. 31, page 11, by inserting between lines 17 and 18:

"*9. On trailers designed to carry boats, front and rear clearance lamps may be located on each side of the trailer at or near the midpoint of the trailer between the front and rear of the trailer to indicate the extreme width of the trailer.*"

Amend sec. 33, page 12, by deleting lines 3 and 4.

Amend sec. 35, page 12, lines 37 and 38, by deleting "*and vehicles referred to in subsection 2 of section 7 of this act,*".

Amend sec. 39, page 14, by deleting lines 47 and 48 and inserting:

"*2. Every such vehicle and combination of vehicles, except:*

(a) Special mobile equipment towed by a motor vehicle at a speed of 20 miles per hour or less;

(b) Trailers, semitrailers and house trailers under 1,500 pounds gross weight, except as provided in subsection 6; and

(c) Pole dollies when used in the transportation of poles at a speed of 20 miles per hour or less by a public utility or agency engaged in the business of supplying electricity or telephone service, when such transportation is between storage yards or between a storage yard and a job location where such poles are to be used,

shall be equipped with service brakes complying with".

Amend sec. 39, page 15, line 5, by inserting after "*vehicle*": "*or combination of vehicles*".

Amend sec. 39, sec. 15, by deleting lines 25 through 32 and inserting: "*(a) Trailers, semitrailers, house trailers or pole trailers.*"

Amend sec. 39, page 16, by deleting line 4 and inserting:

"*6. Every trailer, semitrailer, house trailer or pole trailer of 1,500 pounds or more gross weight or equaling more than 40 percent of the towing vehicle shall be equipped with brakes on at least two wheels.*

7. Except as otherwise provided by law, every motor vehicle used to".

Amend sec. 39, page 16, line 9, by deleting "7." and inserting "*8.*"

Amend the bill as a whole by adding a new section on page 17 between lines 43 and 44, designated section 40.5, to read as follows:

"Sec. 40.5. NRS 484.660 is hereby amended to read as follows:

484.660 The department of motor vehicles may [, after reasonable notice and hearing,] make and publish reasonable rules and regulations providing for*:* [minimum]

1. Minimum binder requirements to secure loads on vehicles against dangerous displacement and governing the loading and securement of loads for transportation over public highways by vehicles.

The following amendment was proposed by the Committee on Judiciary:

Amendment No. 1820.

Amend section 1, page 1, by deleting lines 2 through 4 and inserting: "12.080 [The father and mother jointly, or the father or the mother, without preference to either, may".

Amend section 1, page 1, by deleting line 13 and inserting: "person.] *When a minor child who has not been emancipated by marriage is injured by the wrongful act or neglect of another, an action may be brought against the person causing such injury and, if such person is employed by another person who is responsible for his conduct, also against such other person. Only one such action may be brought for any wrongful injury, by both parents, either parent, or a guardian, and if any competent person who is entitled to bring the action refuses to join therein as a plaintiff, such person shall be joined as a defendant.*

Sec. 2. NRS 12.090 is hereby amended to read as follows:

12.090 [When the death of a person not a minor is caused by the wrongful act or neglect of another, his heirs, or his personal representatives for the benefit of his heirs, may maintain an action for damages against the person causing the death, or, if such person be employed by another person who is responsible for his conduct, then also against such other person. If such adult person have a guardian at the time of his death, only one action can be maintained for the injury to or death of such person, and such action may be brought by either the personal representatives of such adult person deceased for the benefit of his heirs, or by such guardian for the benefit of his heirs.] *When the death of any person, whether or not a minor, is caused by the wrongful act or neglect of another, an action may be brought against the person causing such death and, if such person is employed by another person who is responsible for his conduct, also against such other person. Only one action may*

be brought for any wrongful death, by the heirs of the deceased or by his personal representative or guardian for the benefit of his heirs, and if any competent person who is entitled to bring the action fails to join therein as a plaintiff, such person shall be joined as a defendant."

Amend the title by deleting the title and inserting: "An Act relating to civil actions; clarifying the parties entitled to bring an action for the wrongful death of any person and for a wrongful injury to a minor child; and providing other matters properly relating thereto."

Amend the bill as a whole by adding new sections designated sections 5 through 9, following section 4, to read as follows:

"Sec. 5. NRS 62.125 is hereby amended to read as follows:

62.125 The director of [court] *juvenile* services shall have the full power and authority of a peace officer in his judicial district.

Sec. 6. Chapter 62 of NRS is hereby amended by adding thereto the provisions set forth as sections 7 to 9, inclusive, of this act.

Sec. 7. *1. The judge or judges of the court in each district which includes a county having a population of 120,000 or more as determined by the last preceding national census of the Bureau of the Census of the United States Department of Commerce shall, by an order entered in the minutes of the court, appoint five representative citizens of good moral character to be known as the probation committee, and the judge or judges shall fill all vacancies occurring in such committee within 30 days after the occurrence of the vacancy. The clerk of the court shall immediately notify each person appointed to the committee. The person appointed shall appear before the appointing judge or judges within 10 days after notification, which shall specify the time in which to appear, and shall qualify by taking an oath, which shall be entered in the records, faithfully to perform the duties of a member of the committee. The members of the committee shall hold office for 3 years, provided that of those first appointed, 1 shall be appointed for a term of 1 year, 2 for terms of 2 years, and 2 for terms of 3 years. Thereafter, all appointments shall be for a term of 3 years. Appointment to vacancies occurring other than by expiration of the term of office shall be filled for the remainder of that term. Members of the probation comimttee shall serve without compensation and shall choose from among their members a chairman and secretary. Any member of the probation committee may be removed for cause at any time by the judge or judges.*

2. The duties of the probation committee shall be the following:

(a) The probation committee shall advise with the director of juvenile services and probation officer on matters having to do with the control and management of any facility for the temporary detention of children or other commitment facilities administered or financed by the county for the detention of children now or hereafter established by boards of county commissioners.

(b) Upon the request of the director of juvenile services, the probation committee shall investigate and report in writing concerning the facilities,

resources and management of all individuals, societies, associations, organizations, agencies and corporations (except state institutions or agencies) applying for or receiving children under this chapter. The committee shall also have the power to initiate an investigation thereof if it deems such investigation proper or necessary, and must thereafter report its findings, conclusions and recommendations to the director of juvenile services.

(c) The probation committee shall prepare an annual report of its activities, investigations, findings and recommendations in connection therewith. The reports shall be submitted to the court and filed as public documents with the clerk of the court.

(d) The director shall, in cooperation with the probation committee, set policies and procedures, establish standards for the proper performance of duties and responsibilities of probation officers and all employees of any detention home or other commitment facilities administered or financed by the county, except as hereinafter provided.

(e) The probation committee shall provide for the giving of competitive examinations for the selection of persons suitable for appointment as probation officers and employees of any detention home or other commitment facilities administered or financed by the county. The examinations shall have reference to the necessary ability, education and special aptitudes for the work to which they are to be assigned.

(f) The probation committee shall approve or disapprove the appointment of such employees as it deems necessary for the operation and management of the detention home or other commitment facilities administered or financed by the county. Any employees are subject to discharge by the director of juvenile services.

(g) The probation committee may, upon the majority vote of its members, remove or discharge any probation officer.

Sec. 8. *1. The director of juvenile services shall appoint one or more probation officers and such other employees as may be required to carry on the work of the probation department and detention home. If more than one probation officer is appointed, one of them shall be designated as chief probation officer. All probation officers and detention personnel shall be appointed from lists of eligible persons established through competitive examinations conducted by the probation committee. Probation officers and employees may be removed, discharged or reduced in position only for cause after having been given the reasons therefor in writing and being afforded an opportunity to be heard before the director of juvenile services in answer thereto.*

2. Whenever the director of juvenile services serves two or more counties, probation officers may be appointed to serve the counties jointly, and the salaries and expenses of the probation officers shall be allocated between the counties by the director of juvenile services.

3. The salaries of the probation officers, detention home personnel and other employees shall be fixed by the director of juvenile services with the advice of the probation committee and consent of the board or boards of county commissioners.

Sec. 9. *1. The probation officer under the general supervision of the director of juvenile services and with the advice of the probation committee shall organize, direct and develop the administrative work of the*

probation department and detention home, including the social, financial and clerical work, and he shall perform such other duties as the director of juvenile services may direct. All information obtained in discharge of official duty by an officer or other employee of the court shall be privileged and shall not be disclosed to anyone other than the director of juvenile services and others entitled under this chapter to receive such information, unless and until otherwise permitted by the director of juvenile services.

2. Probation officers and assistant probation officers shall have the same powers as peace officers."

The following amendment was proposed by the Committee on Government Affairs:
Amendment No. 1773.
Amend sec. 2, page 1, by deleting line 13 and inserting:
"Sec. 2. NRS 354.440 is hereby amended to read as follows:
354.440 1. Whenever any governing board of any local government is authorized to make an emergency loan as provided in NRS 354.430, the governing body may issue, as evidence thereof, negotiable notes or short-time negotiable bonds.
2. The negotiable notes or bonds shall:
(a) Mature not later than [3] *5* years from the date of issuance.
(b) Bear interest not to exceed 8 percent per annum.
(c) Be redeemable at the option of such local government at any time when money is available in the emergency tax fund provided for in NRS 354.460.
Sec. 3. NRS 354.622 is hereby amended to read as follows:
354.622 *1.* The business of every local government, *except those enumerated in subsection 2,* shall be transacted upon a cash, accrual or modified accrual basis as defined in NRS 354.470 to 354.626, inclusive, at the option of the local governing body, with the approval of the Nevada tax commission. [, which option shall first be exercised by resolution of the governing body prior to July 1, 1965. After July 1, 1965, change]

Change from one system of accounting to another shall require the approval of the Nevada tax commission.

2. Business of those districts organized pursuant to NRS 318.140 and 318.144 shall be transacted upon a accrual basis as defined in NRS 354.470 to 354,626, inclusive.

Sec. 4. NRS 354.624 is hereby amended to read as follows:

354.624 1. Each local government shall provide for an annual audit of all funds and accounts of that local government, and may provide for more frequent audits as it deems necessary. Each annual audit shall be concluded and the audit report filed as provided in subsection 4 not later than 6 months from the close of the fiscal year for which the audit is conducted. An extension of this time may be granted by the Nevada tax commission to any local government which makes application for such extension. If the local government fails to provide for an audit in accordance with the provisions of this section, the Nevada tax commission shall cause such audit to be made at the expense of the local government. All audits shall be made by a public accountant certified or registered or by a partnership registered under the provisions of chapter 628 of NRS.

2. The governing body may, without requiring competitive bids, designate such accountant or firm annually. The accountant or firm shall be designated not later than 3 months prior to the close of the fiscal year for which the audit is to be made.

3. Each annual audit shall cover the business of the local government during the full fiscal year. It shall be a comprehensive audit of the affairs of the local government, including comment on the balance sheets accounts, results of operations, compliance with statutes and regulations, recommendations for improvements, and any other comments deemed pertinent by the auditor, and including his expression of opinion as to the adequacy of the financial presentation. The form of the financial statements shall be prescribed by the Nevada tax commission, and the chart of accounts shall be as nearly as possible the same as that used in the preparation and publication of the annual budget. The audit shall compare operations of the local government with the approved budget. Included shall be a statement from the auditor that previously noted deficiencies in operations and previously made recommendations for improvements contained in previous audit reports have been acted upon by adoption as recommended, adoption with modifications, or rejection.

4. The recommendation and the summary of the narrative comments of the audit report shall be read in full at a meeting of the governing body held not more than 30 days after the report is filed. Immediately thereafter, the entire audit report shall be filed as a public record with:

(a) The clerk or secretary of the governing body;

(b) The county clerk;

(c) The Nevada tax commission; [and]

(d) In the case of school districts, the state department of education [.] *; and*

(a) In the case of general improvement districts subject to the jurisdiction of the public service commission of Nevada pursuant to NRS 318.140 and 318.144, to the commission.

Sec. 5. NRS 354.626 is hereby amended to read as follows:

354.626 1. No governing body or member thereof, officer, office, department or agency shall, during any fiscal year, expend or contract to expend any money or incur any liability, or enter into any contract which by its terms involves the expenditure of money, in excess of the amounts appropriated for that function, other than bond repayments, temporary emergency loan repayments, and any other long-term contract expressly authorized by law. Any officer or employee of a local government who willfully violates NRS 354.470 to 354.626, inclusive, is guilty of a misdemeanor, and upon conviction thereof shall cease to hold his office or employment. Prosecution for any violation of this section may be conducted by the attorney general, or, in the case of incorporated cities or towns, school districts or special districts, by the district attorney.

2. Without limiting the generality of the exceptions contained in subsection 1, the provisions of this section specifically do not apply to:

(a) Purchase of comprehensive general liability policies of insurance which require an audit at the end of the term thereof.

(b) Long-term cooperative agreements as authorized by chapter 277 of NRS.

(c) Long-term contracts in connection with planning and zoning as authorized by chapter 278 of NRS.

(d) Long-term contracts for the purchase of utility service such as, but not limited to, heat, light, sewerage, power, water and telephone service.

(e) Contracts between a local government and an employee covering professional services to be performed within 18 months following the date of such contract.

(f) Contracts between a local government and any person, firm or corporation for the construction or completion of public works [.] , *funds for which have been provided by the proceeds of a sale of bonds or an emergency loan. Unappropriated surplus funds shall not be used unless appropriated in a manner provided by law.*

Sec. 6. NRS 355.130 is hereby amended to read as follows:

355.130 1. By unanimous vote of its members and with the approval of the state board of examiners, the state board of finance is empowered to lend any available moneys in the state treasury, other than those in the state permanent school fund and those in the state insurance fund, to local governments situated within the boundaries of the State of Nevada. Such loans shall be made only to local governments that have observed the regulations and followed the procedure for obtaining [temporary] *emergency* loans set forth in chapter 354 of NRS. Such loans shall be made for a period of not longer than [3] *5* years and shall bear interest at the rate of not to exceed 8 percent per annum.

2. In making loans to local governments, the state board of finance shall follow the procedure for making other loans set forth in this chapter.

Sec. 7. This act shall become effective upon passage and approval."

SECOND READING AND AMENDMENT

Assembly Bill No. 229.

Bill read second time.

The following amendment was proposed by a Joint Committee of Judiciary and Health and Welfare:

Amendment No. 1759.

Amend section 1, page 1, by deleting lines 1 through 12 and inserting:

"Section 1. Chapter 201 of NRS is hereby amended by adding thereto the provisions set forth as sections 2 and 3 of this act.

Sec. 2. *A physician who is licensed to practice medicine or surgery in this state may perform an abortion at any time prior to the 12th week of pregnancy if all of the following conditions are met:*

1. The abortion is performed in a hospital licensed by this state and accredited by the Joint Commission on Accreditation of Hospitals of the

American College of Physicians, the American College of Surgeons, the American Hospital Association and the American Medical Association.

2. The physician determines, and two other physicians who are members of the staff of the hospital concur in writing, that:

(a) Continuation of the pregnancy may threaten the life of the woman or seriously impair her health;

(b) Continuation of the pregnancy may result in the birth of a child with grave physical deformities or with mental retardation; or

(c) The pregnancy was the result of rape or incest.

3. The woman has resided in this state for at least 6 months prior to the date of the abortion.

4. Consent is obtained:

(a) From the husband of the woman, if she is married unless the husband has abandoned the woman or has departed from the state, or cannot, after due diligence, be found within the state.

(b) From a parent or the legal guardian of the woman, if she is unmarried, and under the age of 18 and has not been emancipated pursuant to NRS 129.030.

Sec. 3. *1. The facilities of a hospital shall not be used for the performance of any abortion without the consent of the administrator.*

2. No physician, nurse or other person may be required to participate in performing any abortion."

Amend sec. 2, page 1, by deleting lines 13 through 15 and inserting:

"Sec. 4. NRS 200.210 is hereby amended to read as follows:

200.210 [Any] *Except as provided in section 2 of this act, any* person who willfully kills an unborn [quick child,] *child after the 20th week of pregnancy,* by any injury com-".

Amend sec. 3, page 1, line 19, by deleting "3." and inserting "5."

Amend sec. 3, page 1, line 21, by deleting "*1*" and inserting "*2*".

Amend sec. 3, page 1, line 24, by inserting an open bracket before "unless".

Amend sec. 3, page 1, line 25, by inserting a closed bracket after "pregnant," and an open bracket before "the death".

Amend sec. 3, page 2, by deleting line 1 and inserting: "such child,] *her own miscarriage,* commits manslaughter and shall be punished by imprison-".

Amend sec. 4, page 2, line 3, by deleting "4." and inserting "6."

Amend sec. 4, page 2, line 4, by deleting "*1*" and inserting "*2*".

The following amendment was proposed by the Committee on Judiciary:

Amendment No. 2022.

Amend section 1, page 1, line 4, by inserting an open bracket after "(a)" and before "Chairs,".

Amend section 1, page 2, line 24, by deleting the open bracket.

Amend section 1, page 2, by deleting lines 32 and 33 and inserting: "in the legitimate practice of his profession or business."

Amend section 1, page 2, lines 35 and 36, by deleting "*, in the amount of $600 or less,*".

Amend section 1, page 2, line 38, by deleting the open bracket.

Amend section 1, pages 2 and 3, by deleting lines 45 through 49 on page 2, and lines 1 and 2 on page 3, and inserting: "nishment or attachment to safety debts so incurred."

Amend section 1, page 3, by deleting line 41 and inserting: "not owned by him.] *Private libraries not to exceed $500 in value, and all family pictures and keepsakes.*

(b) Necessary household goods, appliances, furniture, home and yard equipment, not to exceed $1,000 in value, belonging to the judgment debtor to be selected by him.

(c) Farm trucks, farm stock, farm tools, farm equipment supplies and seed not to exceed $1,500 in value, belonging to the judgment debtor to be selected by him.

(d) Professional libraries, office equipment, office equipment and supplies not to exceed $1,500 in value, and the tools, instruments and materials used to carry on the trade of the judgment debtor for the support of himself and his family not to exceed $1,500 in value.

(e) The cabin or dwelling of a miner or prospector, not to exceed $500 in value; also, his cars, implements and appliances necessary for carrying on any mining operations not to exceed $500 in value; also, his mining claim actually worked by him, not exceeding $1,000 in value.

(f) One vehicle not exceeding in value $1,000.

(g) Poultry not exceeding in value $75.

(h) For any pay period, 25 percent of the disposable earnings of a judgment debtor during such period, or the amount by which his disposable earnings for such period exceed 30 times the minimum hourly wage prescribed by section 6(a)(1) of the federal Fair Labor Standards Act of 1938 and in effect at the time the earnings are payable, whichever is less. The exemption provided in this paragraph does not apply in the case of any order of a court of competent jurisdiction for the support of any person, any order of a court of bankruptcy or of any debt due for any state or federal tax. As used in this paragraph, "disposable earnings" means that part of the earnings of a judgment debtor remaining after the deduction from those earnings of any amounts required by law, to be withheld.

(i) All fire engines, hooks and ladders, with the carts, trucks and carriages, hose, buckets, implements and apparatus thereunto appertaining, and all furniture and uniforms of any fire company or department organized under the laws of this state.

(j) All arms, uniforms and accouterments required by law to be kept by any person, and also 1 gun, to be selected by the debtor.

(k) All courthouses, jails, public offices and buildings, lots, grounds and personal property, the fixtures, furniture, books, papers and appurtenances belonging and pertaining to the courthouse, jail and public offices belonging to any county of this state, and all cemeteries, public squares, parks and places, public buildings, town halls, markets, buildings for the use of fire departments and military organizations, and the lots and grounds thereto belonging and appertaining, owned or held by any town or incorporated city, or dedicated by such town or city to health, ornament or public use, or for the use of any fire or military company organized under the laws of this state.

(l) All moneys, benefits, privileges or immunities accruing or in any manner growing out of any life insurance, if the annual premium paid does not exceed $500, and if they exceed that sum a like exemption shall exist which shall bear the same proportion to the moneys, benefits, privileges and immunities so accruing or growing out of such insurance that the $500 bears to the whole annual premium paid.

(m) The homestead as provided for by law.

(n) The dwelling of the judgment debtor occupied as a home for himself and family, where the dwelling is situate upon lands not owned by him."

REMARKS FROM THE FLOOR

Mr. Close requested that the essays of the winners of the contest be entered in the Journal:

THE IMPORTANCE OF THE TWO PARTY SYSTEM

BY VICKI ARMAS

Ours is a history of men united in an effort to remain free. Therefore, in a nation whose survival depends on unity, is a two party political system dangerous to our welfare? The answer is no, for the two party system is essential to our form of government. It has been proved repeatedly throughout the years that united in purpose, we the United States stand; but if the question is carefully examined it is evident that united in thought, we would fall. The value of the two party system goes far beyond merely preventing one political party from gaining too much power. It represents the spirit of America; a unity of purpose through a diversity of thought. This need for a diversity of ideas is present in all phases of American life, including politics.

Throughout the years, the two party system has given Americans the choice of political policies to advocate. It may be asked why we have only two parties and not several. Although there are many minor political parties in addition to the two major ones, it seems that a two party system satisfies the needs of the majority of our citizens. History records many times when the two party system provided just the change needed at just the right time. A government without competition, without change, and without a variety of thought cannot hope to be effective, cannot hope to progress.

The two party system effective in the United States is evidence of a diversity of thought without the presence of bitterness and hatred. It is proof of America's strength and our ability to overlook differences of opinion and belief in order to work together, not as Democrats and Republicans, but as Americans for the good of our country.

THE IMPORTANCE OF A TWO-PARTY SYSTEM

BY GAYLE GRISWOLD

When the forefathers of this United States decided to form a new government almost two hundred years ago, no one dreamed that it would come to be based on a two-party system. Yet, almost before the Constitution had been written, two distinct factions of the populace had been formed in argument over the ratification and worth of this document. The Federalists were among the original supporters of the Constitution; while the Anti-Federalists or Republicans opposed it. From this beginning our present two-party system has evolved, a system which has proved to be a very strong and powerful ally of democracy. It has come to have five important functions.

Its first function is that of being a watchdog. While one party is in power, the other party continually watches every move of the other and pounces on its every mistake; for only in this way can the under-dog party gain the favor of the voters and once again become the party in power.

The second function the two-party system performs is that of giving the people a choice. If the voter does not feel that the candidate of one party expresses his sentiments or is qualified to hold that office, he may find the opponent is.

Third, the two-party system helps keep the populace informed and interested in current issues. Only by continuously disseminating information and letting its actions be known can a political party hope to stay in office or get in office.

Fourth, the two-party system helps prod the government forward and get problems solved.

Finally, a two-party system is better than a multi-party system because it requires a candidate to have the backing of the majority of the people.

The two-party system has become firmly engraved in our form of democracy; such a system will probably prevail as long as people disagree and hold definite opinions on any subject. And as long as people are not afraid to disagree and hold opinions, democracy will endure: one institution—the two-party system—supports and fully augments the other—democracy.

THE IMPORTANCE OF A TWO PARTY SYSTEM

BY STEVEN JONES

With reference to the two parties, a political party may be defined as a voluntary association of voters which seeks to control government by winning elections. A more specific definition was given by the famous English statesman Edmund Burke who defined it as being "an organization of voters joined together on the basis of certain common principles for the purpose of controlling government and securing the adaption of the parties' program." This definition, however, is not an accurate description of the two party system in America. It is true that members of each party are united behind the basic concepts of democracy, but the two parties are also united with one another in support of them, thus giving democracy the strength it has today.

The two major parties in America fulfill many purposes. Parties nominate candidates, inform voters of current events, and stimulate interest in public affairs. More important, they act as bonding agents to insure good performance of their candidates, act as watchdogs over public business, and provide a basis for the conduct of government.

A major criticism of our two party system arises from the fact that the parties are so similar that it is difficult to distinguish between them. Actually, this is the key to the strength and importance of the system. We Americans are a homogeneous people not plagued by sharp differences in economy, geography, religion, or nationality. Since these are the very factors which would encourage distinction between the parties, it is obvious why they are tied so closely together. Adlai Stevenson realized this when he congratulated Dwight Eisenhower on his victory in 1952 saying, "It is traditional for Americans to fight hard before an election. It is tradition also to close ranks after an election. We vote as many, but we pray as one."

Section 1. Chapter 159 of NRS is hereby amended by adding thereto a new section which shall read as follows:
1. Any competent adult person residing in this state may be appointed as the temporary [legal] guardian of the person of a minor child residing in this state, without the approval of a court, by an instrument in writing providing for such appointment, executed by both parents if living, not divorced and in legal custody of such minor, otherwise by the parent having legal custody, and acknowledged in the same manner as deeds are acknowledged in this state.
2. Such instrument shall contain a provision for its expiration on a date not more than 6 months after the date of execution unless renewed by an acknowledged writing prior to its expiration date. If such provision is not expressed in such instrument, the instrument shall expire by operation of law 6 months after the date of its execution.
3. The appointment of a temporary [legal] guardian under this section:
(a) May be terminated by an instrument in writing signed by either parent if such parent has not been deprived of the legal custody of the minor; and
(b) Is terminated by any order of a court of competent jurisdiction which appoints a [legal] guardian.

Assembly Bill No. 721.

Bill read third time.

Remarks by Messrs. Wood, Homer, Torvinen, and Bryan.

Mr. Homer requested that his remarks be entered in the Journal:

A. B. 721 is one of a package of bills asked for and testified in favor of, by our Public Service Commission. I have done some research with the Legislative Counsel on these bills and I consider A. B. 721 the trigger bill of this package. We have heard much, lately, about abortion bills and rape of the small county bills, but I brand this package of bills as the rape of John Q. Public compact.

Take a look at Section 1, page 1, of A. B. 721, lines 9 and 10: $200 for applications, $200 for petitions. In this package of bills you will find it all boils down to this simple fact. If you or I, as an individual, so much as send in a protest on what you consider an unfair billing, and the Public Service Commission in the process of investigating this complaint decides on a hearing—I am stuck for $200 as a complainant—see page 6, line 39, Section 9 of A. B. 720; see page 7 of A. B. 720 lines 7–9, and lines 27–30 of page 7.

You will find that the provisions of A. B. 721, carried out in A. B. 720, place the entire cost of the recording and the cost of the transcription of the hearings on the complainant or applicants for relief. The Public Service Commission, at its discretion, may apportion these costs to all or any one of said complainants.

I maintain this package of bills, triggered by A. B. 721, the others being due on the General File tomorrow, are a most despicable attempt to gag the public by charging them for their right to even protest or ask for justice.

Members of this Assembly, even the Army grants the freedom to gripe, short of treason.

This attempt should make us keenly aware of the urgent need of A. B. 510. I'm not so sure we should have limited the bill to the first six words of the summary.

It is increasingly evident in this package of bills that the Public Service Commission is doing a much better job for the utilities and the others under its jurisdiction than it is for the people of this State whose job it is to protect.

This bill does not deny the individual his right—Oh No! It just uses this economical subterfuge to discourage him from exercising his right.

The taxpaying individual cannot exert any economic pressure on these outfits because they have no competition.

I don't know why we are fighting for freedom in Vietnam—we are sure legislating against it in bills like these.

Assembly Bill No. 437.

Bill read second time.

The following amendment was proposed by the Committee on Government Affairs:

Amendment No. 1920.

Amend section 1, page 1, by deleting line 1 and inserting:

"Section 1. Chapter 268 of NRS is hereby amended by adding thereto a new section which shall read as follows:

Whenever any city which has adopted a charter pursuant to chapter 267 of NRS or which has been chartered by special act of the legislature desires to establish a special assessment or local improvement district or to issue bonds for special assessments or local improvements, it shall obtain the approval of the bond commission in the manner provided by Chapter 271 of NRS.

Sec. 2. NRS 271.280 is hereby amended to read as follows:

271.280 1. Whenever the governing body shall be of the opinion that the interest of the municipality requires any project, the governing body, by resolution, shall direct the engineer to prepare:

(a) Preliminary plans showing:

(1) A typical section of the contemplated improvement.

(2) The type or types of material, approximate thickness and wideness.

(3) A preliminary estimate of the cost of the project, including incidental costs.

(b) An assessment plat showing:

(1) The area to be assessed.

(2) The amount of maximum benefits estimated to be assessed against each tract in the assessment area.

2. The resolution may provide for one or more types of construction, and the engineer shall separately estimate the cost of each type of construction. The estimate may be made in a lump sum or by unit prices, as to such engineer may seem most desirable for the improvement complete in place.

3. The resolution shall describe the project in general terms.

4. The resolution shall state:

(a) What part or portion of the expense thereof is of special benefit and therefore shall be paid by assessments.

(b) What part, if any, has been or is proposed to be defrayed with moneys derived from other than the levy of assessments.

(c) The basis by which the cost will be apportioned and assessments levied.

5. In case the assessment is not to be made according to front feet, the resolution shall:

(a) By apt description designate the improvement district, including the tracts to be assessed.

(b) Described definitely the location of the project.

(c) State that the assessment is to be made upon all the tracts benefited by the project proportionately to the benefits received.

6. In case the assessment is to be upon the abutting property upon a frontage basis, it shall be sufficient for the resolution so to state and to define the location of the project to be made.

7. It shall not be necessary in any case to describe minutely in the resolution each particular tract to be assessed, but simply to designate the property, improvement district or the location, so that the various parts to be assessed can be ascertained and determined to be within or without the proposed improvement district.

8. The engineer shall forthwith prepare and file with the clerk:

(a) The preliminary plans; and

(b) The assessment plat.

9. Upon the filing of the plans and plat, the governing body shall examine the same; and if the plans and plat be found to be satisfactory, the governing body shall make a provisional order by resolution to the effect that such project shall be acquired or improved, or both acquired and improved.

10. The governing body shall submit the provisional order, in the

manner provided by NRS 350.001 to 350.006, inclusive, for approval of the bond commission.

Sec. 3. NRS 271.290 is hereby amended to read as follows:

271.290 Upon the filing of such a petition, the governing body shall *submit the proposal, in the manner provided by NRS 350.001 to 350.-006, inclusive, for approval of the bond commission and shall* proceed in the same manner as is provided for hereby where proceedings are initiated by the governing body, except as otherwise expressly provided or necessarily implied in NRS 271.285.

Sec. 4. NRS 271.305 is hereby amended to read as follows:

271.305 1. [In the provisional order] *After receiving approval of the bond commission as provided in NRS 271.280,* the governing body shall set a time at least 20 days thereafter and place at which the owners of the tracts to be assessed, or any other persons interested therein, may appear before the governing body and be heard as to the propriety and advisability of acquiring or improving, or acquiring and improving, the project or projects provisionally ordered.

2. Notice shall be given:

(a) By publication.

(b) By mail.

(c) By posting.

3. Proof of publication shall be by affidavit of the publisher.

4. Proof of mailing and proof of posting shall be by affidavit of the engineer, clerk, or any deputy mailing the notice and posting the notice, respectively.

5. Proof of publication, proof of mailing and proof of posting shall be maintained in the records of the municipality until all the assessments appertaining thereto shall have been paid in full, principal, interest, any penalties, and any collection costs.

6. The notice shall describe:

(a) The kind of project or projects proposed (without mentioning minor details or incidentals).

(b) The estimated cost of the projects, or the estimated total amount of projects, and the part or portion, if any, to be paid from sources other than assessments.

(c) The basis for apportioning the assessments, which assessments shall be in proportion to the special benefits derived to each of the several tracts comprising the assessable property and on a front foot, area, zone or other equitable basis.

(d) The number of installments and time in which the assessments will be payable.

(e) The maximum rate of interest on unpaid installments of assessments.

(f) The extent of the improvement district to be assessed (by boundaries or other brief description).

(g) The time and place when and where the governing body will consider the ordering of the proposed projects and hear all complaints, protests and objections that may be made in writing and filed with the clerk of the municipality at least 3 days prior thereto, or verbally at the hearing, concerning the same, by the owner of any tract to be assessed or any person interested.

(h) The fact that the description of the tracts to be assessed, the maximum amount of benefits estimated to be conferred on each such tract and all proceedings in the premises are on file and can be seen and examined at the office of the clerk during business hours, at any time, by any person so interested.

(i) The fact, in general terms, that unless there be no substantial change, a substantial change in certain existing street elevations or grades will result from the project or projects proposed, without necessarily including any statement in detail of the extent or location of any such change.

7. The notice shall also state:

(a) That regardless of the basis used for apportioning assessments, in cases of wedge or V or any other irregularly shaped tracts, an amount apportioned thereto shall be in proportion to the special benefits thereby derived.

(b) That if, within the time specified in the notice, complaints, protests and objections in writing, i.e., all written remonstrances, against acquiring or improving the project proposed by initiation of the governing body shall be filed with the clerk, signed by the owners of tracts constituting a majority of the frontage, of the area, of the zone, or of the other basis for the computation of assessments, as the case may be, of the tracts to be assessed in the improvement district or in the assessment unit if the improvement district is divided into assessment units, the project therein shall not be acquired or improved:

(1) Except in case the municipality shall pay one-half or more of the total cost of any project other than a park project as defined in NRS 271.160 with funds derived from other than the levy of assessments; or

(2) Except in the case of any project authorized hereunder constituting not more than 1,320 feet (including intersections) remaining unimproved in any street (including an alley) between improvements already made to the same street, in which case the governing body may on its own motion cause the intervening and unimproved part of the street to be improved and the improvements shall not be stayed or defeated or prevented by written complaints, protests and objections thereto, unless the governing body in its sole discretion, shall deem such written complaints, protests and objections proper to cause the improvement to be stayed or prevented; provided, that at least 50 percent of the total number of tracts of property to be assessed for the improvements to the unimproved part of the street shall contain a permanent structure or building, or any other type of improvement of a permanent nature.

8. Nothing herein contained shall be construed as requiring the notice to state either or both exceptions stated subparagraphs (1) and (2) of paragraph (b) of subsection 7 unless either or both exceptions are determined by the governing body to be relevant to the proposed improvement district to which the notice appertains.

9. All proceedings may be modified or rescinded wholly or in part by resolution adopted by the governing body at any time prior to the passage of the ordinance adopted pursuant to NRS 271.325, creating the improvement district, and authorizing the project.

10. No substantial change in the improvement district, details, preliminary plans or specifications or estimates shall be made after the first

publication, posting or mailing of notice to property owners, whichever occurs first, except for the deletion of a portion of a project and property from the proposed program and improvement district or any assessment unit.

11. The engineer, however, shall have the right to make minor changes in time, plans and materials entering into the work at any time before its completion.

Sec. 5. NRS 271.475 is hereby amended to read as follows:

271.475 The governing body [shall likewise have power to] *may, after receiving approval of the bond commission as provided in NRS 350.001 to 350.006, inclusive,* issue negotiable coupon bonds in an amount not exceeding the total unpaid assessments levied to pay the cost of any project, howsoever acquired, as hereinafter provided.

Assembly Bill No. 462.

Bill read third time.

The following amendment was proposed by Mr. Close:

Amendment No. 2062.

Amend sec. 3, page 2, by deleting lines 23 through 25 and inserting:

"2. *"Unconscionable contract" means a contract which a person of common sense, who was not under a delusion, would not execute and which a fair and honest man would not accept. The fact that one provision of a contract or the entire contract is more favorable to one party than another does not in itself render a contract unconscionable.*"

Mr. Close moved the adoption of the amendment.

Remarks by Messrs. Close, Getto, and McKissick.

Amendment adopted.

Amend sec. 10, page 3, line 6, by deleting "*requestor.*" and inserting "*requester.*"

Amend sec. 12, page 3, by deleting lines 14 through 22 and inserting:

"Sec. 12. *1. If a required fiscal note does not accompany the request of an agency for the drafting of a bill, the legislative counsel may proceed to draft the bill, but shall in any case inform the agency that a fiscal note is required.*"

Amend sec. 13, page 3, by deleting lines 26 and 27 and inserting: "*the legislative counsel shall submit a copy of the note to the legislator who requests the bill for introduction. If the legislator desires to introduce the bill, the legislative counsel shall*".

Amend the bill as a whole by adding a new section to follow section 16 on page 3, designated section 17, and to read as follows:

"Sec. 17. *The requirement of sections 4 to 16, inclusive, that a fiscal note be obtained before a bill is considered in committee apply only to bills whose preparation is requested of the legislative counsel by an agency or officer of the executive branch of the state government, but any legislator may request the preparation of a fiscal note for a bill whose fiscal effect is $2,000 or more which he has introduced or is about to introduce, and*

the provisions of sections 4 to 16, inclusive, of this act concerning the form, preparation and printing of fiscal notes apply also to such requests."

Amend the title of the bill be deleting "all" on the first line and inserting "certain".

REMARKS FROM THE FLOOR

Mr. Frank Young requested that the following telegram be entered in the Journal:

WESTERN UNION

TELEGRAM

ASSEMBLYMAN FRANK YOUNG, *State Capitol, Carson City, Nevada:*

Thank you for sending me text of Assembly Concurrent Resolution No. 50. Because of prior commitments, we must respectfully decline the Nevada Legislature's invitation.

During the coming week, many of the experts of private industry and government agencies who would participate in such a discussion as mentioned in the resolution are committed to the symposium on safety in the Plowshare Program sponsored by the U.S. Public Health Service in Las Vegas, and following that to the meeting of the American Geophysical Union to be held in Washington, D.C. Because of these prior commitments, the AEC will not be able to appear at Carson City as invited.

It is assumed that the current legislative session will be concluded before time will permit the discussion you seek. Therefore, we invite all or any of the legislators to attend briefings in Las Vegas or at the Nevada Test Site, or to tour the Test

Site, at any future time that is mutually convenient so the government's underground test program, including its necessity and its public safety program, can be explained in detail.

ROBERT E. MILLER, *Manager, AEC*

SECOND READING AND AMENDMENT

Assembly Bill No. 601.

Bill read second time.

The following amendment was proposed by the Committee on Government Affairs:

Amendment No. 2097.

Amend the bill as a whole by deleting sections 1 through 21 and inserting:

"Section 1. Chapter 267 of NRS is hereby amended by adding thereto the provisions set forth as sections 2 to 26, inclusive, of this act.

Sec. 2. *As used in sections 2 to 26, inclusive, of this act, "designated area" means the area described in a petition filed or resolution adopted pursuant to section 3 of this act.*

Sec. 3. *1. Proceedings to establish a commission form of government for a city comprising a designated area within any county may be commenced:*

(a) By the adoption of a resolution by the board of county commissioners calling an election as provided in section 11 of this act.

(b) By the filing of a petition with the county clerk, requesting the establishment of a commission form of government and bearing the signatures of voters registered on the date of filing the petition as residing within the area described in the petition equal in number to:

(1) Two percent or more of the number of persons who voted in such county at the most recent general election; or

(2) One hundred and fifty persons,

whichever is greater.

2. Before circulating a petition pursuant to subsection 1, the proponents shall file a notice of intention so to do with the county clerk. The notice shall:

(a) Contain the names, addresses and signatures of not less than 25 nor more than 50 voters registered as residing in the area described, as proponents intending to circulate the petition;

(b) Contain a description of the area proposed to be described in the petition; and

(c) Designate the name and address of the person to act as chairman of the proponents for the purpose of receiving notices, process and other communications regarding such proceedings.

3. Notice of receipt of the notice of intention to circulate shall be given by the county clerk to the governing bodies of all incorporated cities and unincorporated cities and towns described in the notice of intention or any of whose territory lies within 3 miles of any of the area described in the notice of intention. Such notice shall be given by mail and shall in general terms indicate the area proposed to be described in the petition.

Sec. 4. *The resolution or notice of intention and petition shall describe the territory for which a commission form of government is to be established:*

1. By naming each incorporated city or unincorporated city or town to be included. The designated area may include all, but not a portion only, of any incorporated city or unincorporated city or town.

2. By stating the boundaries of any unincorporated area to be included, other than an unincorporated town, in terms of:

(a) Highways, railroads or other natural boundaries;

(b) Federal Government survey lines;

(c) A description sufficient for identification; or

(d) Any combination of these.

3. The designated area shall contain only contiguous territory. Within 3 days after the filing of a notice of intention pursuant to subsection 2 of section 3 of this act, the county clerk shall submit the notice to the county engineer for a determination of compliance with this subsection. The county engineer shall report his determination to the county clerk within 5 days thereafter. If such notice does not so comply, the county clerk shall immediately notify the chairman of the proponents in writing of such failure to comply. The proponents shall have 15 days from the receipt of notice from the county clerk in which to correct the notice of intention. If the notice is not timely corrected, the provisions of subsection 3 of section 3 of this act and the provisions of section 5 of this act do not apply to that notice.

Sec. 5. *For a period of 4 months after the date of filing of such notice of intention:*

1. No other notice of intention may be filed pursuant to this section describing any of the area described in the filed notice;

2. No resolution may be adopted pursuant to section 3 of this act describing any of the area described in the filed notice;

3. No petition may be filed with, and no proceedings may be initiated by, the governing body of any incorporated city or unincorporated city or town described in the notice of intention for the annexation or detachment of any territory or by any incorporated city or unincorporated city or town for the annexation of any unincorporated area described in the notice of intention; and

4. No petition shall be filed and no proceedings initiated pursuant to any other provisions of law for the formation of any incorporated city or unincorporated city or town within any unincorporated area described in the notice of intention.

Sec. 6. *When proceedings have commenced by either of the methods provided in section 3 of this act and until it has been determined that proceedings for adoption of a charter within the designated area have been defeated by the electors:*

1. No notice of intention to circulate a petition describing any of the area described in the resolution or petition may be filed;

2. No resolution may be adopted pursuant to section 3 of this act describing any of the designated area;

3. No petition may be filed with, and no proceedings may be initiated by, the governing body of any incorporated city or unincorporated city or town in the area designated for the annexation or detachment of any territory or by any incorporated city or unincorporated city or town for the annexation of any unincorporated portion of the designated area; and

4. No petition may be filed and no proceedings initiated pursuant to any other provisions of law for the formation of any incorporated city or unincorporated city or town within any of the designated area.

Sec. 7. *1. A petition filed pursuant to section 3 of this act may consist of two or more counterparts.*

2. The petition may contain the names of one or more qualified electors as nominees for the board of electors provided for in section 11 of this act.

Sec. 8. *1. Each registered voter signing a petition shall sign his name as it appears on the registration rolls of the county, and shall set forth his residence address, precinct name or number and the date signed.*

2. A signature on a petition shall not be counted unless it was secured:

(a) Within 6 months next preceding the date on which the petition is filed; and

(b) Subsequent to the date of filing of the notice of intention to circulate the petition.

3. No signature may be withdrawn after the petition is filed.

Sec. 9. *A petition filed pursuant to section 3 of this act is not valid unless it is filed within 6 months after the date of filing the notice of intention to circulate the petition.*

Sec. 10. *1. If a petition is filed as provided in section 3 of this act,*

the county clerk shall proceed forthwith to examine the petition to determine whether such petition bears the requisite number of signatures. Within 10 days after the date of filing the petition, the county clerk shall complete his examination and shall attach to the petition his certificate showing the result of his examination. If the county clerk determines the petition to be insufficient, he shall certify in what particular the petition is insufficient.

2. If the petition is insufficient for failure to secure a sufficient number of signatures, he shall state the number of additional signatures required and shall, immediately, notify the chairman of the proponents in writing that the petition is insufficient and shall state the number of additional signatures required. A petition bearing additional signatures may be filed with the county clerk within 20 days of the date of the chairman's receipt of written notice of insufficiency from the county clerk, which supplemental petition the county clerk shall examine and certify in the same manner as the initial petition.

3. In the absence of fraud, the county clerk's determination of sufficiency or insufficiency of the petition shall be conclusive.

4. If the petition, including as a part thereof any supplemental petition, is determined to be sufficient, the county clerk shall present it to the board of county commissioners at the regular meeting of the board next following the date of certification of sufficiency.

5. If a petition, including as a part thereof any supplemental petition, is determined to be insufficient, it shall remain on file in the office of the county clerk as a public record.

Sec. 11. *1. Within 20 days after the date of the presentation of a petition by the county clerk to the board of county commissioners as provided in section 10 of this act, the board shall adopt a resolution calling an election to be held on a date to be determined in the following manner and in the following order of priority:*

(a) In conjunction with a primary or general election if any is to be held not less than 90 nor more than 140 days after the adoption of the resolution.

(b) In conjunction with any municipal election in an incorporated city within the designated area to be held not less than 90 nor more than 140 days after the adoption of the resolution (or with more than one such election if held on the same date within the time prescribed), and simultaneously as a special election in the remainder of the designated area; or

(c) As a special election on the same day throughout the designated area not less than 90 nor more than 140 days after the adoption of the resolution.

2. The purposes of the election shall be:

(a) To ascertain whether the registered voters of the designated area desire the framing of a charter for a commission form of government; and

(b) To select a board of 15 qualified electors, each of whom has resided within the designated area for at least 2 years, to prepare such charter if so desired. An elected or appointed officer or a full-time employee of the county, or of any incorporated city or unincorporated city or town within the designated area, is ineligible to serve as a member of the board of electors for this purpose, but any such officer or employee may assist the board of electors in an advisory capacity.

3. The resolution shall provide all necessary details for the holding of the election, including notice thereof and registration therefor, and any details not so provided shall be governed by the general election laws of this state.

Sec. 12. *1. In addition to the method provided by section 7 of this act, nominations of the electors may be made by petition bearing the signatures of voters registered as residing in the designated area equal in number to:*

(a) One percent or more of the number of persons who voted in the designated area at the most recent general election; or

(b) Fifty persons,

whichever is the greater.

2. The provisions of sections 7 and 8 of this act apply to any petition filed pursuant to this section.

3. Petitions shall be filed with the county clerk at least 45 days before the day of election. The name of each candidate who is nominated by a petition certified as sufficient by the county clerk, whether filed under this section or under section 7 of this act, shall be placed on the official ballots to be voted at the election, unless pursuant to subsection 4 no names are so placed.

4. If fewer than 15 persons are entitled to have their names placed on the ballot, the county clerk shall place no names on the ballot.

5. Within 10 days after adoption of the resolution provided for in section 11 of this act, the county clerk shall publish at least once in a newspaper of general circulation published within the county a notice of the time within which nomination petitions will be received.

Sec. 13. *1. Within 10 days after the date of the election, the board of county commissioners shall meet, canvass the returns of the election, and declare the result thereof.*

2. If a majority of all votes cast on the proposition whether to frame a charter are in favor of framing a charter, the board of county commissioners shall issue certificates of election to the 15 nominees who received the highest number of votes. Any tie vote shall be resolved as provided in NRS 293.400. If no names were placed on the ballot, the board of county commissioners shall issue a certificate of election to each elector nominated by sufficient petition, and shall at its next regular meeting appoint to the board of electors a sufficient number of qualified electors to constitute a total of 15 members.

3. If a majority of all votes cast on the proposition whether to frame a charter are against framing a charter, no certificates shall be issued and no further proceedings had or any new proceeding commenced within 1 year after the date of the election which affects substantially the same designated area.

Sec. 14. *1. The persons elected as provided for in section 13 of this act shall convene within 10 days and commence to prepare a charter for the city; and within 14 months thereafter they, or a majority of them, shall sign and submit such charter to the board of county commissioners.*

2. Within 10 days thereafter, the board of county commissioners shall:

(a) Cause the proposed charter to be published once in a newspaper of general circulation published in the county; and

(b) Cause copies of the proposed charter to be posted in three public places of the designated area for a period of 30 days.

3. The affidavits of the publisher and of the person posting the copies of the charter shall be made and filed with the county clerk immediately after publication and immediately after completion of the period of the posting.

Sec. 15. *1. In addition to the powers otherwise provided in the charter and by law, the governing body of the city shall have the powers provided in this section as to any district which lies wholly or partly within the designated area, whether created before or after the adoption of the charter, and which is:*

(a) Organized or reorganized pursuant to chapter 309 or 318 of NRS;

(b) Created pursuant to chapter 271 of NRS or other general law or pursuant to any charter or other local or special law which authorizes the creation of an improvement district formed for the sole purpose of designating an area which is to bear a special tax or assessment for an improvement benefiting that area;

(c) Created pursuant to any local or special law for the provision of water, sewerage or public utility service.

2. Until the governing body of the city takes action pursuant to this section, any such district shall continue to exist and its governing body and other officers shall continue in office and their successors shall be elected and may continue to exercise any or all of the powers provided by law for each such district; but the district shall not proceed toward the incurring of any bonded indebtedness or levying of any special assessment without the consent of such city expressed by resolution of its governing body.

3. If more than 60 percent of the area of any such district lies within the city, the governing body of the city may declare by ordinance:

(a) That such district shall continue to exist but that the members of the governing body of the city shall be ex officio the governing body of such district. In such event, the governing body of the district shall forthwith transfer to the city clerk all funds, assets, books, records and documents of such district and shall thereupon vacate their offices and cease to function therein, excepting only for such trust purposes as may be required fully and effectively to carry out the provisions of this subsection.

(b) That the portion within the city shall be withdrawn and the district shall continue to exist as to the areas thereof outside the city. In such event the governing body of such district may continue to exercise all of the powers provided by law for such district and shall no longer have any powers within the area thereof so withdrawn, except for the levy and collection of taxes or other charges to pay any bonded or funded indebtedness and for the levy and collection of installments of outstanding special assessments.

4. If the governing body of the city elects to act as the governing body of a district, it shall have and may exercise all of the powers and shall perform all of the duties provided by law for such district, including the power to incur bonded indebtednesses and the conduct of special assessment proceedings within the district, but in any new proceeding any supplemental tax obligation shall be that of the city.

5. Territory withdrawn from a district shall continue to be liable for

the payment of principal, interest and any other amounts which become due on account of any bonds, including revenue bonds, or other contracts or obligations of the district and any improvement district within which the withdrawn territory was situated which are outstanding on the effective date of withdrawal, and except as otherwise provided in subsection 6 shall be subject to the levying or fixing and collection of any:

(a) Taxes or assessments;

(b) Service charges, rentals or rates; or

(c) Combination of taxes, assessments, service charges, rentals or rates,

which may may be necessary to provide for such payment.

6. If the governing body of the city elects to have the portion within the city excluded from a district that lies both within and without the city, the governing body of the city may elect that the area so withdrawn shall no longer be subject to such taxes, service charges, rentals or rates to pay the outstanding bonded indebtedness of such district, if:

(a) A portion of the improvements acquired with the proceeds of a bonded indebtedness lies within the city and the governing body of the city enters into a written agreement with the governing body of such district to pay such district an annual equitable proportion of such indebtedness;

(b) No part of the improvements acquired with the proceeds of the bonded indebtedness lies within the city; or

(c) The city otherwise acquires the improvements located within it that were acquired with the proceeds of the bonded indebtedness.

The governing body shall not exercise any power conferred by this subsection without the consent of the holders of any outstanding bonds.

7. The governing body of the city may declare that a district which lies wholly within the city shall merge, in which event all of its property and all of its obligations and indebtedness shall be the property, obligations and indebtedness of the city.

8. If the governing body of the city declares merged a district which lies wholly within it, and such district has outstanding special assessments or special assessment bonds as to which there exists any tax obligation of the issuing district to secure the prompt payment thereof to bondholders, such tax obligation shall become that of the city and the further obligation of the issuing entity to levy such taxes shall terminate.

Sec. 16. *1. Upon the affidavits of the publisher and of the person posting copies of the charter being filed with the county clerk, showing that the proposed charter has been published once and posted for a period of 30 days, the board of county commissioners shall, within 20 days thereafter, provide by resolution for the submission thereof to the qualified voters of the designated area.*

2. The election required by this section shall be held on a date to be determined in the following manner and in the following order of priority:

(a) In conjunction with a primary or general election if any is to be held not less than 90 nor more than 140 days after the adoption of the resolution.

(b) In conjunction with any municipal election in an incorporated city within the designated area, if any is to be held not less than 90 nor more than 140 days after the adoption of the resolution (or with more than one

such election if held on the same date within the time prescribed), and simultaneously as a special election in the remainder of the designated area; or

(c) As a special election on the same day throughout the designated area not less than 90 nor more than 140 days after the adoption of the resolution.

3. The resolution shall provide all necessary details for the holding of the election, including notice thereof and registration therefor, and any details not so provided shall be governed by the general election laws of this state.

4. The form of ballot at the election shall be: "For the proposed charter," "Against the proposed charter."

5. In submitting the proposed charter alternative conflicting articles may be presented as a separate proposition for the choice of the voters and any such proposition may be voted on separately without prejudice to the vote on whether to frame the charter or as to other propositions. The form of proposition appearing on the ballot shall be "Alternative conflicting articles—vote for one, but not both (follow with complete text of each conflicting article and appropriate blanks for marking a vote)." The article receiving the most votes shall be the article deemed approved.

6. In submitting the proposed charter, any alternative nonconflicting article may be presented as a separate proposition for the choice of the voters and may be voted on separately without prejudice to the vote on whether to adopt the charter or as to other propositions. In submitting such article, the form of the ballot shall be: "For Article No. ..... of the charter," "Against Article No. ..... of the charter." If a majority of the votes cast for such proposition are in favor of the article, it shall be deemed approved.

7. In submitting the proposed charter, alternative names for the new city may be presented for the choice of the voters and the name receiving a plurality of the votes cast shall be the name of the new city.

Sec. 17. *Within 10 days after the date of the election, the board of county commissioners shall meet, canvass the returns of the election and declare the result thereof. If upon the canvass it is found that a majority of the votes cast at the election were cast in favor of the charter:*

1. The board of county commissioners shall adopt a resolution calling an election to elect the first elective officers of the city. Such election shall be held in the time provided and in accordance with the provisions established by the charter. For the purposes of holding this election, the charter shall be deemed adopted and effective as of the date and time of adoption of the resolution calling the election. The first officers elected shall qualify and assume office on the 2nd day of January next succeeding the date of the election provided for in this subsection. Thereupon the old officers shall vacate their respective offices, and all old boards and officers shall be abolished, together with the emoluments thereof, and shall cease to exist.

2. Except as provided in subsection 1, the charter shall be adopted and effective and become the organic law of the city comprising the designated area on the 2nd day of January next succeeding the date of the

election provided for in subsection 1 and shall thereupon supersede any existing charter and all amendments thereto and all special laws inconsistent with the adopted charter.

Sec. 18. *If upon the canvass it is found that a majority of the votes so cast at the election were cast in favor of the ratification of the charter, the chairman of the board of county commissioners shall within 10 days thereafter incorporate into the charter each approved alternative article and the approved name of the new city, and shall attach to the charter a certificate in substance as follows:*

I, ..., chairman of the board of county commissioners of ..... County, do hereby certify that in accordance with the terms and provisions of section 8 of article 8 of the constitution, and the laws of the State of Nevada, the board of county commissioners of ..... County duly caused a ..... election to be held on the ..... day of ....., 19...., for the purpose of deciding whether to frame a charter and electing 15 qualified electors to prepare a charter for the city of ....., comprising a designated area in ..... County; that due notice of such election was given in the manner provided by law; that on the ..... day of ....., 19...., the election was held, and the votes cast thereat were duly canvassed by the board of county commissioners, the framing of the charter was found to have been approved, and the following-named persons were declared duly elected to prepare a charter:

.....

That thereafter, on the ..... day of ....., 19...., the board of electors duly returned a proposed charter for the city of ....., signed by the following members thereof:

.....

That thereafter such proposed charter was duly published once in a newspaper and posted in three public places in the designated area, to wit: For one publication, the publication in a newspaper on the ..... day of ....., 19...., and was posted for a period of 30 days commencing on the ..... day of ....., 19.....

That thereafter, on the ..... day of ....., 19...., at a ..... election duly called by the board of county commissioners, the proposed charter was submitted to the registered voters of the designated area and the returns of the election were duly canvassed by the board of county commissioners at a meeting held on the ..... day of ....., 19...., and the result of the election was found to be as follows: For the proposed charter, ... votes; against the proposed charter, ... votes.

That each approved alternative article is fully, truly and completely set forth in the charter to which this certificate is annexed.

That the name approved for the city is .....

Whereupon the charter was duly adopted by a majority of the registered voters voting at the election.

And I further certify that the foregoing is a full, true and complete copy of the proposed charter so voted upon and adopted as aforesaid.

In testimony whereof, I hereunto set my hand and affix the seal of the county this ..... day of ....., 19.....

....., Chairman of the board of county commissioners of ..... County

Attest: ....., County clerk of ..... County

Sec. 19. *The charter, when submitted by the board of electors to the board of county commissioners pursuant to section 14 of this act, shall contain an accurate legal description of the exterior boundaries of the designated area.*

Sec. 20. *1. The charter, certified as provided in section 18 of this act, shall immediately after the formation of a city government thereunder be recorded by the city clerk in a book to be provided and kept for that purpose and known as the charter book of the city of .....,* and when so recorded shall be attested by the clerk and the mayor of the city under the corporate seal thereof.

2. Thereafter any amendments to the charter shall be in a like manner recorded and attested.

3. When so recorded and attested, all courts in this state shall take judicial notice of the charter and all amendments thereto.

Sec. 21. *The charter, when submitted by the board of electors to the board of county commissioners shall:*

1. Fix the number of members of the governing body, their terms of office, and their duties and compensation.

2. Provide for all necessary appointive and elective officers for the form of government therein provided, and fix their salaries and emoluments, their duties and powers.

3. Fix the time of and establish the procedures for the first and subsequent elections for all elective officers.

4. Establish the procedures for amendment of the charter.

5. Within the restrictions imposed by the general laws of this state, establish the procedures for borrowing money on the credit of the city and for authorizing and issuing bonds.

6. Provide for the adoption of:

(a) Uniform building, plumbing, electrical and other specialized construction codes.

(b) Ordinances concerning air pollution, water pollution, sanitation in the sale and service of food, and other matters affecting public health.

(c) Plans and ordinances concerning land use, zoning, subdivision regulation and traffic circulation.

(d) Ordinances defining and providing for the punishment of public offenses.

(e) Ordinances establishing a merit system for all city employees, which shall not be less favorable to the employees than the merit system of the most populous city, if any, within the designated area.

7. Provide for a municipal court.

8. Provide for the retirement of the indebtedness of every incorporated or unincorporated city or town whose territory is included within the new city or for the assumption by the consolidated city of all indebtedness and contract obligations of every such incorporated or unincorporated city or town.

9. Provide for the election of members of the governing body at large or for the establishment of districts or wards from which members are to be elected and require that such districts or wards if established be seasonably adjusted so that the disparity between the total number of electors electing any one member when compared to the number of electors electing any other member does not exceed 15 percent.

Sec. 22. *1. As used in this section, "expenses of charter preparation" include:*

(a) The compensation of any necessary professional consultants and professional or clerical employees of the board elected to prepare the charter.

(b) The purchase of any necessary supplies and the rental of any necessary space for the board elected to prepare the charter.

(c) The costs attributable to every election held pursuant to sections 2 to 26, inclusive, of this act.

Sec. 23. *Upon the effective date of the charter:*

1. All of the moneys or funds, including cash on hand and moneys due but uncollected, and all property real and personal of any incorporated city and any unincorporated city or town within the area included in the new city shall be vested in the new city.

2. All debts, demands, liabilities and obligations of any kind existing in favor of or against any incorporated city and any unincorporated city or town shall not be affected by the charter and all pending actions and proceedings involving any such debt, demand, liability or obligation brought by or against any such incorporated city and any such unincorporated city or town shall be continued and concluded, by final judgment or otherwise, as if the charter had not been adopted. Except as otherwise provided in sections 2 to 26, inclusive, of this act, all such rights and liabilities become the rights and liabilities of the new city.

3. All ordinances affecting any area within the designated area shall continue in full force and effect as if the charter had not been adopted until expressly repealed and replaced by ordinances adopted by the governing body of the new city.

4. The governing body of the new city shall be subject to the existing budgets of any incorporated city or unincorporated city or town within the area of the new city, but the county and its officers and employees shall continue to provide to any unincorporated city or town and to any unincorporated area within the area of the new city all of those services provided by the county prior to the effective date of the charter which the new city will be required to provide. The county shall continue to provide such services until July 1 next succeeding the effective date of the charter.

Sec. 24. *All officers of any governmental unit abolished or dissolved by the establishment of a city pursuant to sections 2 to 26, inclusive, of this act shall continue in office until the elected or appointed officers designated by the charter of the new city assume their offices.*

Sec. 25. *Any proceeding wherein the validity of the charter of the new city is denied shall be commenced within 90 days of the date of the election adopting the charter; otherwise the charter and all proceedings theretofore had with respect thereto shall be incontestable.*

Sec. 26. *1. Sections 2 to 26, inclusive, of this act, without reference to other statutes of this state, except as otherwise expressly provided in sections 2 to 26, inclusive, of this act, shall constitute full authority for*

the exercise of the powers herein granted and no other act or law with regard to the exercise of any power granted in sections 2 to 26, inclusive, of this act that requires an election or another approval or in any way impedes or restricts the carrying out of the acts authorized in sections 2 to 26, inclusive, of this act to be done applies to any proceedings taken under or acts done pursuant to sections 2 to 26, inclusive, of this act except as otherwise provided in sections 2 to 26, inclusive, of this act or in any act supplemental to such sections.

2. The powers conferred by this act shall be alternative to, and not in substitution for, and the limitations imposed by this act shall not affect the powers conferred by, any other law authorizing the formation of a commission form of government.

Sec. 27. NRS 267.120 is hereby amended to read as follows:

267.120 Any city, town or unincorporated area adopting a charter under the provisions of this chapter shall have [all] *:*

1. All of the powers which are now or may hereafter be conferred upon incorporated cities by the laws of the state, and all such powers as are usually exercised by municipal corporations of like character and degree, whether the same shall be specifically enumerated in this chapter or not.

2. Such other powers necessary and not in conflict with the constitution or general laws of this state to carry out the commission form of government.

Sec. 28. This act shall become effective upon passage and approval."

Mr. Speaker read the following communication:

WESTERN UNION
TELEGRAM

April 8, 1969

HOWARD MCKISSICK, *Speaker, Nevada House of Representatives, Carson City, Nevada:*

Copy went to Mr. Ed Fike, President Nevada State Senate, Carson City, Nev. Sincerely regret that the Nevada Operations Office of the U.S. Atomic Energy Commission cannot meet with the Nevada Legislature during this current session due to our prior commitments to participate in the Symposium on Safety in the Plowshare Program that is now being sponsored by the U.S. Public Health Service in Las Vegas. It is my pleasure, however, to extend an invitation to both the Senate and House to visit the Nevada Operations Office on May 6 and 7, 1969. We will be happy at that time to brief those attending on our activities at the Nevada Test Site and in the Hot Creek Valley area of Central Nevada. The briefing would be on the government's underground nuclear test program, including the necessity for continued testing and the safety program associated with these tests. We will also be prepared to conduct a tour of the Nevada Test Site including the Pahute Mesa area where we have conducted some high yield underground nuclear events.

GENERAL FILE AND THIRD READING

Assembly Bill No. 99.
Bill read third time.
The following amendment was proposed by Mr. Wood:
Amendment No. 2219 (substitute for Amendments Nos. 2113, 2151).
Amend section 1, page 1, by deleting lines 4 through 6 and inserting: "pensation therefore [.] *and who is:*

(a) Related to the owner or driver or person responsible for the operation of the vehicle, within the second degree of consanguinity; or

(b) The spouse of the owner, driver or person so responsible, or the spouse of any person within the second degree of consanguinity."

Amend section 1, page 2, by inserting between lines 7 and 8:

"*4. Any amount of money recovered in a civil action brought against the owner, driver or person responsible for the operation of a vehicle by or on behalf of any person for injury or death caused while riding as a*

guest or passenger in such vehicle, other than a contract or common motor carrier of passengers, shall be reduced by the amount of any payment or benefit paid to such guest or passenger under a medical payment insurance policy furnished by the owner, driver or person responsible for the operation of such vehicle. The provisions of this subsection apply to any amount of money received in settlement of any claim for injury or death against an owner, driver or person responsible for the operation of a vehicle."

Amend sec. 2, page 2, by deleting lines 11 through 13 and inserting: "*pensation therefor and who is:*

(a) Related to the owner or pilot or person responsible for the operation of the aircraft, within the second degree of consanguinity; or

(b) The spouse of the owner, pilot or person so responsible, or the spouse of any person within the second degree of consanguinity."

Amend sec. 2, page 2, by inserting after line 21:

"*3. Any amount of money recovered in a civil action brought against the owner, pilot or person responsible for the operation of an aircraft by or on behalf of any person for injury or death caused while riding as a guest or passenger in such aircraft, other than a common carrier, shall be reduced by the amount of any payment or benefit paid to such guest or passenger under a medical payment or insurance policy furnished by the owner, pilot or person responsible for the operation of such aircraft. The provisions of this subsection apply to any amount of money received in settlement of any claim for injury or death against an owner, pilot or person responsible for the operation of an aircraft.*"

Amend the title on the second and third lines by deleting "persons within the second degree of consanguinity;" and inserting: "certain other persons; reducing the amount of recovery in a civil action by the amount received under an insurance policy;".

Mr. Wood moved the adoption of the amendment.

Remarks by Messrs. Wood, Torvinen, Close, and Swackhamer.

Amendment adopted.

GENERAL FILE AND THIRD READING

Assembly Bill No. 229.

Bill read third time.

Remarks by Mr. Torvinen, Mrs. Frazzini, Messrs. Dini, Fry, Frank Young, Bryan Hafen, Schouweiler, and Wood.

Mr. Dini requested that his remarks be entered in the Journal:

The following cases have held that the denial of public assistance in health and welfare matters based on residency requirements is unconstitutional because it violates the equal protection clause of the 14th Amendment:

(*Green vs Dept. of Public Welfare,* 270 F. S. 178; — *Thompson vs Shapiro,* 270 F. S. 331; — *Ramos vs Baldwin,* 276 F. S. 474; — *Smith vs Reynolds,* 277 F. S. 65; — *Harrell vs Tobriner,* 279 F. S. 22; — *Robertson vs Ott,* 284 F. S. 737)

If the law is unconstitutional, it leaves Nevada without a law prohibiting abortions, since NRS 193.050 provides that—"No conduct constitutes a crime unless prohibited by some statute of this State".

The policy behind the equal protection clause has long been interpreted as that of preventing states from discriminating against particular classes of persons. While it is granted, the State may provide for assistance in preventing births in a limited form with restrictions, but only so long as the restrictions are not arbitrary. If a woman in Nevada needs an abortion to save her life and satisfies all the conditions of A. B. 229 except the residency requirement, the denial of an abortion is a denial of proper medical assistance based on the arbitrary classification of nonresidency. The classification is arbitrary because residency is not relevant to the main purpose of the law—medical assistance.

Mr. Frank Young requested that his remarks be entered in the Journal:

There has been much more discussion of this issue in the six months before this vote than before the vote two years ago. This has provided me with the opportunity to more fully explore the issues involved. I have come to a conclusion for myself only in the last 24 hours. It has not been an easy decision for I have many friends and supporters who feel very strongly on each side of this issue and each group has lobbied its position with me.

I believe that the Health and Welfare and Judiciary Committees of this Assembly have done an outstanding job in amending the original bill. I believe the bill in its current form will provide real safeguards against Nevada's becoming an abortion mill, and *I* believe that is important. I believe the requirement that they be performed only in accredited hospitals will permit the normal policing machinery of the medical profession to work to limit undesirable practices. I doubt that anyone can in good conscience deny an abortion under the best medical conditions to those unfortunate victims of rape or incest. The cruelest torture I can think of is requiring a woman to carry to term a pregnancy she is convinced will produce an abnormal child.

It appears that the major argument against any liberalization of the abortion laws is that it constitutes murder. This position depends upon the philosophical concept that from the moment of conception a new and separate human life exists. This is obviously debatable and unknowable with certainty.

It seems to me to be a better course of action to give greater weight to the known, certain evils which the laws about abortion create than to an unsettled philosophical view. I am therefore casting my vote AYE for A. B. 229.

Mr. Wood requested that the following letter be entered in the Journal:

KIRK V. CAMMACK, M.D., F.A.C.S.
JOHN W. BATDORF, M.D., F.A.C.S.
RICHARD D. COLQUITT, M.D.
3196 South Maryland Parkway

LAS VEGAS, NEVADA, March 24, 1969

DEAR ASSEMBLYMAN: I have often been asked, and indeed at times have asked myself, "What am I doing as the Chairman of a group seeking to modernize the abortion laws of the State of Nevada?"

I am a surgeon and have very little to do with the care of pregnant women. My Quaker background and emotional makeup is such that I personally would never perform abortion.

But just because I personally would not do an abortion, I recognize the desperate need to have these facilities available and could not impose my personal feelings on the unfortunate woman who might feel differently about it.

Cardinal Cushing apparently agrees, he said "Catholics do not need the support of civil law to be faithful to their own religious convictions, and they do not seek to impose by law their moral views on other members of society."

I recognize the fact that there are over 1,000,000 illegal abortions performed a year in this country, most of them under the worst possible circumstances with a death rate and morbidity rate that is disgraceful.

The present laws are forcing American citizens who are otherwise law-abiding to make illegal abortion the 4th major crime in the country. If I may quote from the President's task force report on Administration of Justice:

> "Abortion laws are another instance in which the criminal law, by its failure to define prohibited conduct carefully, has created high costs for society and has placed obstacles in the path of effective enforcement. The demand for abortions, both by married and unmarried women, is widespread. It is often produced by motives and inclinations that manifest no serious dangerousness or deviation from the normal on the part of the people who seek it. These factors produce the spectacle of pervasive violations but few prosecutions."

Dr. Robert Drinan, Dean of the Boston College Law School and a prominent Catholic scholar has said:

> "Criminal abortion laws are generally not enforced and are indeed unenforceable, and when this is the case, it is wise for the law to withdraw rather than have the majesty of the law brought into disrespect by open disobedience and unpunished defiance!"

So much for the general philosophy of the need for modernization of the punitive abortion laws. What about the specific case of the State of Nevada? It has been charged that to make the subject of abortion a medical matter instead of a legal one would besmirch the reputation of the State and make it notorious as an abortion mill.

In 1967 Colorado became the first state to enact a modern abortion law and in the ensuing 12 months only 407 abortions were performed. The indications were decided by people trained and cognizant of the medical problems, not arbitrarily determined by law. This does not sound like an abortion mill.

Statistics from other countries have indicated that the rate of abortions before and after passage of modern laws has remained about the same. *The only difference being that when they were legal they were done in a modern hospital with the best facilities at much less cost with considerably less morbidity, both physical and emotionally, to the unfortunate woman.*

The foundations that are financing the N.C.R.W. are not primarily involved in attempting to change legislation concerning the punitive abortion laws of this land. The great majority of their efforts are guided toward establishment of Well Baby Clinics, Maternal Health Facilities, Planned Parenthood Clinics, Instruction in Painless Childbirth, and last, but not least, Clergy Counseling Services. I anticipate that if the archaic abortion law of Nevada is removed from books we will be able to attract these foundations to this State to finance and guide these facilities for the benefit of the people of Nevada.

As a member of the Clark County Board of Health, and without minimizing the importance of tremendous improvement of the fetal and maternal mortality rate that the Clark County O.B.–GYN Society, the Clark County Board of Health, and Southern Nevada Memorial Hospital have achieved in the last two years, I submit that with the great increase in population expected in this State in the next 10 years, that unless these sort of clinics (which cost a lot of money) are set up, we will experience a return to at least the same mortality rate as before. This reputation for the State of Nevada is much more damaging than the extremely tenuous one which I have already mentioned.

Many states are in the process of abolishing their archaic abortion laws. I submit to you that Nevada should do likewise.

Cordially yours,

KIRK V. CAMMACK, M.D.

Miss Foote, Messrs. Bryan, and Lingenfelter moved the previous question.

Motion lost.

Remarks by Messrs. Lowman, Homer, Swallow, Hilbrecht, and Mrs. Brookman.

Mr. Lowman requested that his remarks be entered in the Journal:

Mr. Speaker, Members of the Assembly:

When I came to the 55th Session of the Nevada Legislature and even during my campaign for election, I responded to those who asked me my position on abortion that I believed the Nevada law should be liberalized so that women with pregnancies under the three conditions listed in A. B. 229, as amended, could have legal abortions, provided some controls were placed on the law, to avoid Nevada's becoming an abortion mill. Since I have said this in many and diverse places, I should like to explain today my reason for opposing the bill now before us.

As you know, we heard considerable testimony, some emotional and some carefully thought out, on both sides of this issue. I am sorry to say that the forces marshalled in support of the bill left the impression with me and with some others who were present at the hearing that external forces to the State of Nevada are highly interested in the passage of this legislation. Without explanation of this interest, but as one who believes money like this is rarely spent without expectation of financial return, it leaves the suspicion in my mind and perhaps the minds of others that these investors have something to gain by the liberalization of our abortion laws. Figures published indicate at least $150,000 spent on this issue by out-of-state interests, and one knowledgeable Las Vegan, a minister who resigned from a proliberalization group in disagreement with the all-out open abortion drive, estimated to me that the figure should be nearer $400,000.

However, even these arguments alone could not have made me change my mind because they are not incontrovertible facts. When combined, however, with testimony against the bill by qualified physicians licensed to do business in Nevada, they convinced me that I should take a second look at the legislation. After a study of the testimony and further searching of my own heart I find it necessary to be in total opposition.

We are all well aware of the extreme difficulty of determining mental health problems. Testimony of the proponents of the bill was that many of the cases in states which have already liberalized abortion laws in the manner proposed by our bill have used the mental health of the mother as the reason for abortion. In California, since 1967, which was when their bill was adopted, 85 percent of the legal abortions were performed under the mental health provision. From having lived with my wife through four pregnancies, I am convinced that there were many times in the early months when her mental state could have been easily construed as an illness.

Dr. John Brophy, Reno physician and surgeon, testified that in diligent research he has found no evidence of pregnancy from rape in Northern Nevada in the past 20 years. Yet, he said, there were 135 rape-pregnancies under the new California law last year—some reported four to six weeks late. When a woman is actually raped, he told us, if she goes promptly to the police, a physician who removes sperm as evidence, uses germicide to kill any remaining and it never causes pregnancy. I believe it is evident, because of the nature of incest, that the reporting of such cases will be negligible and could scarcely justify our proposed action here.

Testimony also informed us that pre-birth deformities cannot be detected in most cases. Even German measles cases result in only 20 percent abnormalties and not all of these are badly deformed. Immunization is nearly perfected for this disease and all other diseases which predict deformities have been conquered.

Many proponents of liberalization who have twisted my arm have used the "quality of life" or the "economics" argument. I find this untenable since, despite what some of my enemies wish, I would never have made it myself had my parents gone this route and I suspect others here today might remember childhood deprivations, too. Nor is this a poor man's bill, since California abortion costs were estimated at $500 average, and I feel disinclined to add more medicaid cost for this purpose.

Dr. Brophy in his research found only one Nevada death from criminal abortion in Nevada in the past five years, so the problem is blown all out of proportion, yet abortions in other countries which removed controls run nearly 1½ times the birth rate.

Mr. Speaker and Members of the Assembly, I wrote the foregoing comments more than a week ago after thorough study of the testimony and after thinking

through the problem. However, there are a couple of new developments since I wrote them, and I believe I should tell you about them.

Thursday evening I had occasion to call my pastor, Dr. J. Whitfield Sloan at Westminster United Presbyterian Church in Las Vegas. He told me at that time that he had had a long distance call asking that he assist in convincing me to vote for the abortion measure. Now, my wife and I have worked in the Presbyterian Church at local, state, regional and national levels, and I resent anyone's using my commitment to this church in lobbying me on any measure, especially one which the church has not even to my knowledge taken a position.

But that is not all. On Easter Sunday afternoon, a person called me by telephone at my apartment in Carson City, having in earlier contact represented herself as a representative of Mr. Sunnen whom the media has identified as a major supplier of the money I mentioned earlier. This time she said that Mr. Sunnen is interested in donating some philanthropic money in Nevada through the Presbyterian Church and she felt that I as an active Presbyterian might be able to tell her the proper procedure.

Ladies and gentlemen of the Assembly, it will be interesting to see after the vote on A. B. 229 whether this "philanthropic" money is available for Presbyterian causes in Nevada. The offer seems to me a thinly-veiled attempt to influence my vote in view of the many years and the varied nature of my work in this church. I consider it highly unethical if not illegal, and I resent this bald attempt to play on emotions to achieve a goal which appears otherwise questionable of achievement.

In summary, I find no proved need for so-called therapeutic abortion and no defensible argument for A. B. 229 as amended nor for the tactics used for rounding up votes for it. I urge that the measure be defeated.

Mr. Swallow requested that his remarks be entered in the Journal:

The dignity of a human individual has never been based on physical surroundings—never. Most of our great leaders tried to prove this—Ghandi, Christ, Washington, Lincoln and so forth. The worth of an individual has never been based on material wealth. Most of our laws pertaining to abortion have been based upon the material or social desires of the individual or the immediate physical needs of the mother. Now, I know many people through my profession who may not wish they were pregnant, but, a few months later, would give their very lives for that little child. I also know many disabled and older people who wish they had more children when they were younger. I know many people who are mighty glad their mothers did not have an abortion. I am mighty glad my mother did not have an abortion. And, I would like to conclude today by asking you if you aren't just a little happy that your mothers did not have abortions?

Mr. Hilbrecht requested that his remarks be entered in the Journal:

I am dissatisfied with A. B. 229 because I feel it does not meet the major problem, to stamp out the butchery of abortions performed by unlicensed persons and the resulting deaths and miseries. It is laughable to believe we know of even 1 percent of these tragedies because of the criminal law we hereby amend. The amended bill is a "middle class" bill. It saves the wife of the lawyer or merchant from taking the trip to Japan or Sweden. But, for many of those who need the protection most, the benefits of the law would still be out of reach, both medically and financially. We have been on legislative dead center too long, so I shall vote for A. B. 229, and urge your support, in the hope that future sessions will then have the courage to enact the law as it should be—simply exempting from the purview of the criminal abortion laws licensed physicians in the practice of the healing arts.

REMARKS FROM THE FLOOR

Mr. Kean requested that the following telegram be entered in the Journal:

April 9, 1969

Assemblymen of 1969:

We, the undersigned feel that it is most regrettable that the 1969 Assembly did not pass a liberalized abortion bill. A tremendous disservice has occurred to the women in our State. The existing law is archaic and worded improperly, and even difficult to intelligently interpret. Modern medicine and modern times demand positive legislation. Laws should be changed accordingly based on merit and intelligence and never being discriminatory. Changes should be evolutionary and not decided by emotions or religious convictions. For those Assemblymen who voted for the bill A. B. 229 we commend you as courageous, and for your insight, intelligence and your attempt for proper legislation.

Why should the women of Nevada be forced to go underground for a dangerous and illegal abortion or go to another state for their medical care? A change of our laws on abortion would not compel anyone to have an abortion; but it would make available good medicine to others, when abortion is medically indicated.

Signed

Amend sec. 8, page 3, by deleting line 25 and inserting:

"Sec. 8. Chapter 122 of NRS is hereby amended by adding thereto the provisions set forth as sections 9 to 16, inclusive, of this act.

Sec. 9. *The provisions of sections 10 to 16, inclusive, of this act shall apply to counties having a population of less than 9,000, as determined by the last preceding national census of the Bureau of the Census of the United States Department of Commerce.*

Sec. 10. *The original certificate and records of marriage made by the judge, justice or minister, as prescribed in this chapter, and the record thereof by the recorder of the county, or a copy of such record duly certified by the recorder, shall be received in all courts and places as presumptive evidence of the fact of the marriage.*

Sec. 11. *1. The clerk shall be entitled to receive as his fee for issuing the license the sum of $1, but if licenses are issued after regular office hours, the board of county commissioners may set an additional fee by county ordinance, a part of which, in counties having a population of less*

than 20,000, the board may allow the clerk to retain as his fee for extra services, and the balance of which shall be deposited in the county general fund.

2. The clerk shall also at the time of issuing the license collect the sum of $1 and pay the same over to the county recorder as his fee for recording the certificate named in section 12 of this act.

3. The clerk shall also at the time of issuing the license collect the additional sum of $4 for the State of Nevada. The fees collected for the state shall be paid over to the county treasurer by the county clerk on or before the 5th day of each month for the preceding calendar month, and shall be placed to the credit of the state fund. The county treasurer shall remit quarterly all such fees deposited by the clerk to the state treasurer; to be placed by the state treasurer in the general fund of the state.

Sec. 12. *1. Every person solemnizing a marriage shall make a record thereof, and within 30 days after the marriage shall make and deliver to the county recorder of the county where the license was issued a certificate under his hand containing the particulars mentioned in NRS 122.-120.*

2. The certificate may be in the following form:

STATE OF NEVADA
COUNTY OF..... } *ss.*

This is to certify that the undersigned, a justice of the peace of..... ..... County (minister of the gospel, judge or justice, as the case may be), did on the ..... day of ....., A.D. 19...., at .....(address or church)....., ...(city)....., join in lawful wedlock A.B. and C.D., with their mutual consent, in the presence of E.F. and G.H., witnesses.

.....
Justice of the Peace

3. All certificates shall be recorded by the county recorder in a book to be kept by him for that purpose. For recording the certificates he shall receive the fees designated in subsection 2 of section 11 of this act.

Sec. 13. *1. Marriages between Indians performed in accordance with tribal customs within closed Indian reservations and Indian colonies shall be of the same validity as marriages performed in any other manner provided for by the laws of this state, provided there is filed in the county in which the marriage takes place, within 30 days after the performance of the tribal marriage, a certificate declaring the marriage to have been performed.*

2. The certificate of declaration required to be filed by subsection 1 shall give the names of the persons married, their ages, tribe, and place and date of marriage. The certificate shall be signed by some official of the tribe, reservation or colony.

3. The certificate shall be filed with the recorder of the county in which the marriage was performed and recorded by him without charge.

Sec. 14. *1. Marriages between Indians heretofore or hereafter consummated in accordance with tribal custom shall be of the same validity as marriages performed in any other manner provided for by the laws of the State of Nevada.*

2. A certificate of any such marriage may be signed by:

(a) An official of the tribe of which at least one of the parties is a member; or

(b) An official of the reservation or colony in or upon which at least one of the parties shall at the time reside; or

(c) The superintendent of an Indian agency legally established in this state by the United States.

3. The certificate may be filed in the office of the recorder of the county where such marriage shall have taken place, and within 30 days thereafter, and such certificate or a certified copy thereof shall be prima facie evidence of the facts therein recited.

4. The certificate shall give the names of the parties married, their ages, tribe, and the place and date of the marriage, and shall show the official status of the person signing the same.

5. Any certificate, affidavit or other type of proof recognized by the United States, or any department thereof, as proof of a valid tribal marriage, regardless of when or where the tribal marriage was entered into shall be proof of the validity of such tribal marriage in the State of Nevada.

Sec. 15. *Every person solemnizing a marriage who fails or neglects to make and deliver to the recorder a certificate thereof, within the time specified in section 12 of this act, is guilty of a misdemeanor.*

Sec. 16. *Every recorder who fails or neglects to record a marriage certificate as required by this chapter is guilty of a misdemeanor.*

Sec. 17. NRS 247.120 is hereby amended to read as follows:".

Amend sec. 8, page 3, by deleting line 35 and inserting:

"(b) Certificates of marriage [and marriage contracts.] , *marriage con-*".

Amend sec. 9, page 4, line 17, by deleting "9." and inserting "18."

Amend sec. 9, page 4, line 18, by deleting the open bracket.

Amend sec. 9, page 4, by deleting line 20 and inserting:

"2. Each county recorder *in counties having a population of less than 9,000 as determined by the last preceding national census of the Bureau of the Census of the United States Department of Commerce* shall on Monday of each week forward to".

Amend sec. 9, page 4, line 23, by deleting the closed bracket.

Amend sec. 9, page 4, by deleting lines 24 through 29 and inserting: "the marriage and the county in which it was performed and, *where necessary,* recorded, the state registrar shall within 5 days after receiving the certificate return it to the county recorder from whom it was received [.] *or, if it was not required to be recorded, he may return the certificate of marriage to the parties or retain the certificate.*

4. All inquiries concerning records of marriages in counties having a population of 9,000 or more, as determined by the last preceding national census of the Bureau of the Census of the United States Department of Commerce, shall be directed to the state registrar."

Amend the title on the first line by inserting "certain" after "relieving".

MOTIONS, RESOLUTIONS, AND NOTICES

Mr. Speaker instructed the Chief Clerk to read the following communications:

STATE OF NEVADA
LEGISLATIVE COUNSEL BUREAU
Room 45, Capitol Building
CARSON CITY, NEVADA, April 12, 1969

To the Senate and Assembly of the 55th Session of the Nevada Legislature:

Enclosed is a copy of a letter addressed to me by Senator Alan Bible, dated April 8, 1969, concerning Assembly Joint Resolution No. 44, the contents of which letter are self-explanatory.

Sincerely yours,
RUSSELL W. McDONALD
Legislative Counsel

UNITED STATES SENATE
COMMITTEE ON APPROPRIATIONS
WASHINGTON, D.C., April 8, 1969

MR. RUSSELL W. McDONALD, *Legislative Counsel, Legislative Counsel Bureau, Room 45, Capitol Building, Carson City, Nevada*

DEAR RUSS: This will acknowledge your letter of April 3, which arrived on the 7th with a copy of Assembly Joint Resolution 44. I enthusiastically support the goal of this resolution and am contacting the proper officials to determine what course would achieve that goal most effectively.

I shall appreciate your advising me of the final status of the companion legislation, A. B. 131, mentioned in the resolution, that would handle the problem at the state level.

Cordially,
ALAN BIBLE

STATE OF NEVADA
LEGISLATIVE COUNSEL BUREAU
Room 45, Capitol Building
CARSON CITY, NEVADA, April 13, 1969

To Members of the Senate and Assembly of the 55th Session of the Nevada Legislature:

Enclosed is a copy of a letter addressed to me by Senator Howard W. Cannon concerning Assembly Joint Resolution No. 2, the contents of which letter are self-explanatory.

Sincerely yours,
RUSSELL W. McDONALD
Legislative Counsel

UNITED STATES SENATE
COMMITTEE ON COMMERCE
WASHINGTON, D.C., April 12, 1969

MR. RUSSELL W. McDONALD, *Legislative Counsel, Room 45, Capitol Building, Carson City, Nevada*

DEAR RUSS: This is in regard to the Nevada Assembly Joint Resolution No. 2 supporting the enactment of legislation which would grant rights-of-way for private ingress and egress across United States public lands.

The right of private ingress and egress across public lands may be acquired under a special land use permit. These are, however, revocable at the discretion of the authorized officer of the BLM if in his judgment the lands should be devoted to another use. They are also subject to the operation of the public lands laws and to the mining and mineral leasing laws. Rental charges are the fair market value of the privileges granted.

Legislation would be required to grant more exclusive use of public lands, and I am exploring with the Senate legislative counsel proposed legislation to deal with the request.

Thank you for informing me of the Assembly's request for such legislation.

Sincerely,

HOWARD W. CANNON

INTRODUCTION, FIRST READING, AND REFERENCE

By the Committee on Ways and Means:

Assembly Bill No. 791—An Act relating to financial support for the public schools; increasing the basic support guarantee per pupil for the school years 1969–70 and 1970–71 and accommodating fluctuating attendance of numbers of physically or mentally handicapped minors; providing guidelines for calculation by the State Board of Education of "average daily attendance"; changing the method of determining the amount of available local funds; requiring school districts to pay employers' contributions to the Public Employees' Retirement Fund; ratifying previous apportionments of the State Distributive School Fund by the State Board of Education; and providing other matters properly relating thereto.

Mr. Roy Young moved that the bill be referred to the Committee on Ways and Means.

Motion carried.

By the Committee on Government Affairs:

Assembly Bill No. 792—An Act requiring the board of county commissioners of Clark County to appoint a special committee to study the problems of local governments in Clark County; and providing other matters properly relating thereto.

Mr. Smith moved that the bill be referred to the Committee on Government Affairs.

Motion carried.

REMARKS FROM THE FLOOR

Mr. Speaker requested the following report be entered in the Journal:

Today the Assembly Ways and Means Committee has introduced a new school money bill, A. B. 791. It provides for a total state aid to education over the next two years of approximately $80,000,000 compared to $63,000,000 in the previous two years. This is an increase of 24 percent in state aid. In addition to the $80,000,000 from the State the school districts will receive approximately $30,000,000 from the local school support tax and $52,000,000 from local property taxes. When these are taken into account, this new plan represents an increase in spending power for education of 10 percent for the second year of the next biennium and 8 percent for the first year.

The committee, after hearing testimony decided to appropriate money beyond the Governor's sizable budget increase of $9,800,000. The committee feels that this package costing $4,000,000 more than the Governor's recommendation can be squeezed out of the budget without additional general taxes. The Assembly Ways and Means Committee must yet convince the other Members of the Assembly and the Senate to go along with this substantial increase.

The Ways and Means Committee noted that the average classroom teacher's salary in Nevada is $8,321, ninth highest in the nation. If the school districts decide to maintain the same relationship of teachers' salaries to total operating expenses, then this increase should allow the districts to increase the average teachers' salary

from $8,321 now to $9,000 the first year and $9,150 the second year. This increase is calculated to maintain or improve Nevada's relative position of ninth among the states in average salaries. The committee noted from evidence presented that very few of the California school districts—second highest in the nation—have a maximum salary that is twice the minimum salary. The schedule in some of the larger school districts in Nevada does provide for this two-to-one ratio. The committee notes that the school districts set teachers' salaries and if they give those at the top of the range a somewhat lower percentage increase than the average, they will be able to quite significantly increase the teachers' starting salaries. This is particularly true inasmuch as there are so many more teachers near the top of the range than there are at or near the bottom.

In its deliberations the committee investigated what other states will probably do this year in the way of increasing support for education. California, number 2 in the nation, will increase their support for education about 5 or 6 percent. New York, number 5, will provide no increased support at the state level. New Jersey, number 8, and Connecticut, number 7, will provide no increased state support. Michigan, number 3, will probably increase something between 2 and 6 percent. Illinois, number 4, is expected to increase their state support very significantly and to fund it by a state income tax.

The committee members have received many letters from educators, some of whom have asked for a $10,500 starting salary, others for $8,000 starting salary. These represent increases of 75 percent and 33 percent respectively, or would represent increases in the average teachers' salary from the present $8,321 to $14,500 or $11,100 respectively. An $11,100 average salary would have made Nevada number one in the nation. These raises could have required the levying of 3 percent increased sales tax or one percent increased sales tax. In addition to the $63,000,000 presently being expended, it would have cost $89,000,000 more to increase their starting salary to $10,500 and $39,000,000 more to increase the starting salary to $8,000.

The state obligation for teachers' retirement is $3,700,000 per year. This sum has not been previously included as a part of the basic support formula. The $3,700,000 has been included in the proposed formula in order to reduce the cost of administering teachers' retirement. It does result in an apparent increase in the basic support formula of $30 per student, but in fact this sum does not represent increased aid to education.

The bill protects school districts against the adverse effect of unexpected decrease in attendance caused by epidemics or economic factors. This is accomplished by distributing basic support money based on the three highest months of average daily attendance during the school year. The practice in the past has been to distribute this money on the highest 6 months of average daily attendance.

In Clark County there are presently 2,800 teachers (excluding administrators) with an average salary of $8,800. Assuming that the Clark County School District maintains the same proportion of its total budget in teachers' salaries, this bill would result in an average salary increase to $9,505 the first year and $9,681 the second year.

In Churchill County there are presently 121 teachers (excluding administrators) with an average salary of $7,987. Assuming that the Churchill County School District maintains the same proportion of its total budget in teachers' salaries, this bill would result in an average salary increase to $8,626 the first year and $8,786 the second year.

In Douglas County there are presently 77 teachers (excluding administrators) with an average salary of $7,696. Assuming that the Douglas County School District maintains the same proportion of its total budget in teachers' salaries, this bill would result in an average salary increase to $8,312 the first year and $8,466 the second year.

In Elko County there are presently 192 teachers (excluding administrators) with an average salary of $7,748. Assuming that the Elko County School District maintains the same proportion of its total budget in teachers' salaries, this bill would result in an average salary increase to $8,368 the first year and $8,523 the second year.

In Esmeralda County there are presently 4 teachers (excluding administrators) with an average salary of $7,088. Assuming that the Esmeralda County School District maintains the same proportion of its total budget in teachers' salaries, this bill

would result in an average salary increase to $7,655 the first year and $7,797 the second year.

In Eureka County there are presently 13 teachers (excluding administrators) with an average salary of $7,835. Assuming that the Eureka County School District maintains the same proportion of its total budget in teachers' salaries, this bill would result in an average salary increase to $8,462 the first year and $8,619 the second year.

In Humboldt County there are presently 87 teachers (excluding administrators) with an average salary of $7,638. Assuming that the Humboldt County School District maintains the same proportion of its total budget in teachers' salaries, this bill would result in an average salary increase to $8,249 the first year and $8,402 the second year.

In Lander County there are presently 38 teachers (excluding administrators) with an average salary of $7,027. Assuming that the Lander County School District maintains the same proportion of its total budget in teachers' salaries, this bill would result in an average salary increase to $7,589 the first year and $7,730 the second year.

In Lincoln County there are presently 43 teachers (excluding administrators) with an average salary of $7,917. Assuming that the Lincoln County School District maintains the same proportion of its total budget in teachers' salaries, this bill would result in an average salary increase to $8,550 the first year and $8,709 the second year.

In Lyon County there are presently 110 teachers (excluding administrators) with an average salary of $7,806. Assuming that the Lyon County School District maintains the same proportion of its total budget in teachers' salaries, this bill would result in an average salary increase to $8,430 the first year and $8,587 the second year.

In Mineral County there are presently 87 teachers (excluding administrators) with an average salary of $8,274. Assuming that the Mineral County School District maintains the same proportion of its total budget in teachers' salaries, this bill would result in an average salary increase to $8,936 the first year and $9,101 the second year.

In Nye County there are presently 60 teachers (excluding administrators) with an average salary of $8,059. Assuming that the Nye County School District maintains the same proportion of its total budget in teachers' salaries, this bill would result in an average salary increase to $8,703 the first year and $8,865 the second year.

In Ormsby County there are presently 161 teachers (excluding administrators) with an average salary of $7,896. Assuming that the Ormsby County School District maintains the same proportion of its total budget in teachers' salaries, this bill would result in an average salary increase to $8,528 the first year and $8,686 the second year.

In Pershing County there are presently 37 teachers (excluding administrators) with an average salary of $7,767. Assuming that the Pershing County School District maintains the same proportion of its total budget in teachers' salaries, this bill would result in an average salary increase to $8,388 the first year and $8,544 the second year.

In Storey County there are presently 7 teachers (excluding administrators) with an average salary of $6,936. Assuming that the Storey County School District maintains the same proportion of its total budget in teachers' salaries, this bill would result in an average salary increase to $7,491 the first year and $7,630 the second year.

In Washoe County there are presently 1,098 teachers (excluding administrators) with an average salary of $8,384. Assuming that the Washoe County School District maintains the same proportion of its total budget in teachers' salaries, this bill would result in an average salary increase to $9,055 the first year and $9,222 the second year.

In White Pine County there are presently 126 teachers (excluding administrators) with an average salary of $7,880. Assuming that the White Pine County School District maintains the same proportion of its total budget in teachers' salaries, this bill would result in an average salary increase to $8,510 the first year and $8,668 the second year.

Remarks by Messrs. Webb, Hilbrecht, Getto, Frank Young, Bryan, and Dini.

The following amendment was proposed by the Committee on Judiciary:

Amendment No. 2331.

Amend section 1, page 1, by deleting lines 2 through 19 and inserting:

"12.080 The father and mother jointly, or the father or the mother, without preference to either, may maintain an action for the [death or] injury of a minor child [,] *who has not been emancipated by marriage,* when such injury or death is caused by the wrongful act or neglect of another; and a guardian may maintain an action for the injury [or death] of his ward, when such injury [or death] is caused by the wrongful act or neglect of another, the action by the guardian to be prosecuted for the benefit of [the heirs of] the ward. Any such action may be maintained against the person causing the injury or death, or, if such person be employed by another person who is responsible for his conduct, also against such other person."

Amend sec. 2, page 2, by deleting lines 11 through 15 and inserting: "*sible for his conduct, also against such other person. The action may be brought by the heirs of the deceased or by his personal representative or guardian for the benefit of his heirs.*"

Mr. Torvinen moved the adoption of the amendment.

GENERAL FILE AND THIRD READING

Senate Bill No. 481.
Bill read third time.
The following amendment was proposed by Mr. Swallow:
Amendment No. 2379.
Amend the bill as a whole by adding a new section, designated section 2, following section 1, to read as follows:
"Sec. 2. For the biennium commencing July 1, 1969, and ending June 30, 1971, there is hereby appropriated from the general fund in the state treasury to the Lincoln County school district buildings and sites fund the sum of $500,000."
Amend sec. 2, page 2, line 8, by deleting "Sec. 2. This" and inserting: "Sec. 3. Section 1 of this".
Amend the preamble on the first page by deleting lines 23 and 24 and inserting: "sold prior to June 30, 1969, because of unattractive interest rates; and
Whereas, The legislature in enacting NRS 387.121 has declared that the proper objective of state financial aid to public education is to insure each Nevada child a reasonably equal educational opportunity; and
Whereas, It has been proposed to consolidate some of the public schools in Lincoln County School District, there being no ideal proposal of consolidation particularly in light of the distances involved and the lack of any major population concentration; and
Whereas, Arrangements are possible, however, which could provide a general improvement of instructional program possibilities as a result of

new construction and consolidation of schools at Panaca, some advantages being a broadened prevocational program for 7th and 8th grade pupils and the availability of special service areas; and

Whereas, Such consolidation of the district's public schools would effect a decrease of the state's basic support per pupil of $51 per year, thus compensating the state by the operation of a more compact and efficient educational unit that could reduce operation and maintenance costs for an indefinite period, but, more importantly, resulting in improved educational opportunities for the children of Lincoln County; and

Whereas, Lincoln County School District has imposed an ad valorem tax for public school operation which is below the average for the total state; now, therefore,".

Amend the title on the second line by deleting "fund," and inserting: "fund and the Lincoln County school district buildings and sites fund;".

Mr. Swallow moved the adoption of the amendment.

Remarks by Messrs. Swallow, Homer, and Jacobsen.

Mr. Swallow requested that his remarks be entered in the Journal:

Tucked away in the hills of Eastern Nevada, almost forgotten in the hustle and bustle of "present day" accelerated life known especially to legislators and the more populous Nevada, lies Lincoln County—almost all of her 3,500 people located in the eastern sector of her 10,000 square "unpopulous" miles. Long forgotten are the days when Pioche and Virginia City were almost the sole source of revenue for this "then in its infancy", glorious State.

For all practical purposes, Lincoln's educational program is divided into two separate areas, Alamo on the southerly end and 50 miles to the north lies Caliente, Panaca, and Pioche within a radius of 25 miles.

WHEREAS: The expense of maintaining three separate facilities in the communities of Pioche, Panaca, and Caliente has been excessive, constant badgering of the State Superintendent of Schools and the Nevada State Legislature being necessary for special funding for operational expenses, and

WHEREAS: The present structures in Caliente and Pioche are of the early 1900's "vintage", and will need replacement in the very near future, and

WHEREAS: Clark County doesn't especially desire consolidation with Lincoln County and Lincoln County prefers to remain independent—at this time—and

WHEREAS: Considerable saving could be effected if Pioche, Panaca, and Caliente combined their educational plant into one single construction package—offering pre-kindergarten through post-college community type concept. The savings in general would be "eight" less teachers, one heating plant, lunch program, custodial services, less maintenance, etc., instead of three. Transportation increase would be minimal as the high school and kindergarten already are transported and additional transportation would be grade school only, and

WHEREAS: A greatly enhanced program of education for the children of Lincoln County could be offered at a greatly reduced ($51) per pupil cost, and

WHEREAS: The Lincoln County School Board, the Nevada State Superintendent's Office and the majority of the people in Lincoln County and some legislators supported this measure, believing after careful study that eventual savings to the State of Nevada could be effected and that immediate and substantial educational benefits could be derived by the 700 plus students of Lincoln County—thereby was drafted A. B. 714.

A. B. 714 in effect would have granted $500,000 from the State General Fund to Lincoln County for building the necessary physical plant at Panaca—Lincoln's per pupil allotment would in turn have been cut back $51 per pupil. Lincoln County also would have floated a bond for $150,000 within the county thus completing the funding necessary to complete the proposed project. No state moneys were to be available until said bonding was effected. Said moneys would revert back to the State within two years from enactment.

A. B. 714 came out of Assembly Ways and Means with a do pass and passed the floor of the Assembly without a dissenting vote. A. B. 714 was "*killed*" in the Senate Finance Committee two days later with the following "*uncorrelated*" reasoning being given by various members of said committee:

"You voted the wrong way on the medical school," said one leader of both the Senate and the Senate Finance Committee (formerly of the Lincoln area!).

"It sets a precedence for a type funding we'd rather not get involved in," said another member and yet—this type funding has been done several times before, repetitiously with one county in particular.

"Lincoln isn't at it's maximum educational bonding capacity," said another member. "They are at their $5 limit, and all the mines are closed in the area, however, and since education is getting most of the funding already it seems impossible to bond higher than the approximately $600,000 we would be bonded for if A. B. 714 had passed—$400,000 plus already existing on outstanding educational bonds in a county worth less than $9,000,000."

"The older or long time residents of the county are against it," said the legislator (formerly of the Lincoln area), who incidentally is pushing for the consolidation of all Clark County major cities, whether the "older residents" like it or not.

One fine Senate finance member, who according to his vote on A. B. 714 opposes this type of legislation, has introduced S. B. 481 as an emergency measure and is on General File.

S. B. 481 is designed to allow Ormsby County an "extended grace" period from June 30, 1969 when the appropriation bill *A. B. 540* of the 54th Session of the Legislature, granting Ormsby County $279,000 from the General Fund, reaches its expiration date, to June 30, 1970. A. B. 540 essentially is very similar to A. B. 714 except that Ormsby County isn't required to undergo a cutback in its "per pupil ratio" as Lincoln County would in A. B. 714. The purpose for extension of A. B. 540 as expressed in S. B. 481 is that Ormsby County officials were unable to sell the local participation bonds at a sufficiently low interest rate and hope to do so within the next year.

While I have no objection to the State of Nevada giving to Ormsby County, without interest or payback requirements, grants of this type, as they do have a number of state buildings not on the tax rolls and this in effect could be classified as a manner of reimbursement for aforesaid tax deficiency, I do contend, however, that Lincoln County, a severely depressed entity in the State of Nevada, deserves the "equal opportunity for every student in the State of Nevada," status that Ormsby County or any county enjoys. I contend that she shows considerable initiative, both in her willingness to cut back on her per pupil allotment and in her willingness to increase her bonded indebtedness for the sake of some of "*Nevada's most precious children.*"

Therefore: I respectfully solicit the support of this legislative body on amendment No. 2379 to S. B. 481.

Amendment adopted.

Bill ordered reprinted, re-engrossed, and to third reading.

MOTIONS, RESOLUTIONS, AND NOTICES

Mr. Smith moved that Assembly Bill No. 767 be taken from the General File and placed on the General File for the next legislative day.

UNFINISHED BUSINESS

CONSIDERATION OF SENATE AMENDMENTS

Assembly Bill No. 91.

The following Senate amendment was read:

Amendment No. 2140.

Amend sec. 4, page 1, by deleting lines 9 through 16 and inserting:

"Sec. 4. 1. "Nursing home" means any proprietary or nonprofit institution or facility defined as a nursing home for licensing purposes by Nevada Revised Statutes or rules and regulations adopted by the health division of the department of health, welfare and rehabilitation, which is maintained and operated primarily to provide convalescent or long-term nursing care to one or more ill persons."

Amend sec. 7, page 2, by deleting lines 1 through 7 and inserting:

"Sec. 7. The board shall be composed of:

1. The director of the department of health, welfare and rehabilitation or his designee; and

2. Four members appointed by the governor. Three of the appointed members shall be nursing home administrators and the fourth appointed member shall be an administrator of a general hospital or a member of the medical profession or para-medical professions."

Amend sec. 8, page 2, by deleting lines 8 through 16 and inserting:

"Sec. 8. 1. The term of the director of the department of health, welfare and rehabilitation shall be coincident with the term of his office.

2. The first appointed members of the board shall be appointed for the following terms:

(a) One member shall be appointed for a term of 1 year.

(b) One member shall be appointed for a term of 2 years.

(c) Two members shall be appointed for terms of 3 years.

3. After the expiration of the terms designated in subsection 2, the terms of all appointive members shall be 3 years."

Amend sec. 9, page 2, by deleting lines 20 through 27 and inserting:

"2. A vacancy occurring in the office of an appointive member of the board shall, as appropriate, be filled by the governor for the unexpired portion of the term or for a new term."

Amend sec. 12, pages 2 and 3, by deleting lines 43 through 50 on page 2 and lines 1 through 3 on page 3 and inserting:

"(a) Develop, impose and enforce standards which must be met by individuals in order to receive licenses as nursing home administrators. Such standards shall be designed to insure that nursing home administrators will be individuals who are of good character and are otherwise suitable, and who, by training or experience in the field of institutional administration, are qualified to serve as nursing home administrators.

(b) Develop and apply appropriate techniques, including examinations and investigations, for determining whether an individual meets such standards.

(c) Issue licenses to individuals determined, after the application of such techniques, to meet such standards.

(d) Revoke or suspend licenses previously issued by the board in any case when the individual holding such license is determined substantially to have failed to conform to the requirements of such standards.

(e) Establish and carry out procedures designed to insure that individuals licensed as nursing home administrators will, during any period they serve as such, comply with the requirements of such standards.

(f) Receive, investigate and take appropriate action with respect to any charge or complaint filed with the board to the effect that any individual licensed as a nursing home administrator has failed to comply with the requirements of such standards.

(g) Conduct a continuing study in investigation of nursing homes and administrators of nursing homes within the state with a view to the improvement of the standards imposed for the licensing of such administrators and of procedures and methods for the enforcement of such standards with respect to administrators of nursing homes who have been licensed as such.

(h) Conduct a program of training and instruction designed to enable all individuals to obtain the qualifications necessary to meet the standards set by the board for qualification as a nursing home administrator."

Amend sec. 12, page 3, line 4, by deleting "3." and inserting "2."

Amend sec. 22, page 5, by deleting line 6 and inserting: "directing and controlling of such institutions."

The following amendment was proposed by the Committee on Elections:

Amendment No. 2316.

Amend sec. 2, page 1, by deleting line 18 and inserting:

"Sec. 2. NRS 295.115 is hereby amended to read as follows:

295.115 1. When an initiative or referendum petition has been finally determined sufficient, the board shall promptly consider the proposed initiative ordinance in the manner provided by law for the consideration of ordinances generally or reconsider the referred ordinance by voting its repeal. If the board fails to adopt a proposed initiative ordinance without any change in substance within 60 days or fails to repeal the referred ordinance within 30 days after the date the petition was finally determined sufficient, it shall submit the proposed or referred ordinance to the registered voters of the county.

2. The vote of the county on a proposed or referred ordinance shall be held not less than 30 days and not later than 1 year from the date of the final board vote thereon. If no primary or general election is to be held within the period prescribed in this subsection, *or if the deadline for placing questions on the ballot has passed when the time for action by the board expires,* the board shall provide for a special election; otherwise, the vote shall be held at the same time as such primary or general election, except that the board may in its discretion provide for a special election at an earlier date within the prescribed period. Copies of the proposed or referred ordinance shall be made available at the polls.

3. An initiative or referendum petition may be withdrawn at any time prior to the 30th day preceding the day scheduled for a vote of the county *or the deadline for placing questions on the ballot, whichever is earlier,* by filing with the county clerk a request for withdrawal signed by at least four members of the petitioners' original committee. Upon the filing of such request the petition shall have no further force or effect and all proceedings thereon shall be terminated.

Sec. 3. NRS 295.215 is hereby amended to read as follows:

295.215 1. When an initiative or referendum petition has been finally determined sufficient, the council shall promptly consider the proposed initiative ordinance in the manner provided by law for the consideration of ordinances generally or reconsider the referred ordinance by voting its repeal. If the council fails to adopt a proposed initiative ordinance without any change in substance within 60 days or fails to repeal the referred ordinance within 30 days after the date the petition was finally determined sufficient, it shall submit the proposed or referred ordinance to the registered voters of the city.

2. The vote of the city on a proposed or referred ordinance shall be held not less than 30 days and not later than 1 year from the date of the final council vote thereon. If no regular municipal election is to be held within the period prescribed in this subsection, *or if the deadline for placing questions on the ballot has passed when the time for action by the board expires,* the council shall provide for a special election; otherwise, the vote shall be held at the same time as such primary or general municipal election, except that the council may in its discretion provide for a special election at an earlier date within the prescribed period. Copies of the proposed or referred ordinance shall be made available at the polls.

3. An initiative or referendum petition may be withdrawn at any time prior to the 30th day preceding the day scheduled for a vote of the city *or the deadline for placing questions on the ballot, whichever is earlier,* by filing with the city clerk a request for withdrawal signed by at least four members of the petitioners' original committee. Upon the filing of such request the petition shall have no further force or effect and all proceedings thereon shall be terminated.

Sec. 4. This act shall become effective upon passage and approval."

MOTIONS, RESOLUTIONS, AND NOTICES

Mr. Speaker appointed Miss Foote, Messrs. Swallow, and Espinoza as a first Committee on Conference to meet with a like committee of the Senate for the further consideration of Assembly Bill No. 478.

Mr. Smith moved that Assembly Bills Nos. 792 and 790 be placed at the top of the General File.

Remarks by Mr. Smith.

Motion carried.

Mr. Roy Young moved that Senate Bill No. 520 be taken from its position on the General File and placed at the top of the General File.

Remarks by Mr. Roy Young.

Motion carried.

By Messrs. Lowman and Smith:

Assembly Concurrent Resolution No. 58—Expressing gratitude to the Americans who have died in the Vietnam War and extending sympathies to their immediate families.

Mr. Lowman moved the adoption of the resolution.

Remarks by Messrs. Lowman and Smith.

Mr. Lowman requested that his remarks be entered in the Journal:

MR. SPEAKER AND MEMBERS OF THE ASSEMBLY: Probably every one of you has known some family in Nevada which has lost a member in the war in which we are

bogged down, in Southeast Asia, a war which we cannot afford to lose and which we refuse to win. In the meantime the flower of American manhood is being drained away by senselessness.

As Mr. Frank Young pointed out this morning, we should have introduced a resolution of this type at the beginning of this session and sent it to the families of all Nevadans bereaved by the Vietnam War. The incident which triggered the request by Mr. Smith and myself for Assembly Concurrent Resolution No. 58 was the death Saturday of Lieutenant Robert Christian of Boulder City, a young man very dear to both of us. I had him as a boy scout in Troop 120 in Las Vegas in 1959. His father, the Superintendent of Civilian Personnel at Lake Mead Base, is a close and dear friend of both Assemblyman Smith and myself. As many of you know, we have spent 26 years on active and inactive duty in naval service ourselves and it is a bitter blow to see young men of this type be a victim of misguided thinking at the national level.

Our sympathies go out to the Christian family as well as to those in like circumstances. We urge your approval of the resolution.

Resolution adopted unanimously.

The following amendment was proposed by Mrs. Frazzini:

Amendment No. 2377.

Amend the bill as a whole by adding a new section on page 1 between lines 13 and 14, designated section 1.5, to read as follows:

"Sec. 1.5. NRS 624.220 is hereby amended to read as follows:

624.220 1. The board [may] *shall* adopt rules and regulations necessary to effect the classification and subclassification of contractors in a manner consistent with established usage and procedure as found in the construction business, and [may] *shall* limit the field and scope of the operations of a licensed contractor to those in which he is classified and qualified to engage as defined by NRS 624.215 and the rules and regulations of the board.

2. The board [may] *shall* limit the field and scope of the operations of a licensed contractor by establishing a monetary limit on a contractor's license, and such limit shall be the maximum contract a licensed contractor shall undertake under a specific contract on a single construction site or subdivision site for a single client. *The limit shall be the greater of:*

(a) Ten times the amount of the contractor's liquid assets; or

(b) Four times the amount of the contractor's net assets,

as shown by the financial statement filed pursuant to NRS 624.263.

The board may take such other action designed to limit the field and scope of the operations of a contractor as may be necessary to protect the health, safety and general welfare of the public. [The limit, if any, shall be determined after consideration of the factors set forth in subsection 1 of NRS 624.260.]

3. Nothing contained in this section shall prohibit a specialty contractor from taking and executing a contract involving the use of two or more crafts or trades, if the performance of the work in the crafts or trades, other than in which he is licensed, is incidental and supplemental to the performance of work in the craft for which the specialty contractor is licensed."

Amend the bill as a whole by adding a new section on page 2 between lines 3 and 4, designated section 2.5, to read as follows:

"Sec. 2.5. NRS 624.260 is hereby amended to read as follows:

624.260 1. The board shall require an applicant to show such a degree of experience [, financial responsibility] and such general knowledge of the building, safety, health and lien laws of the State of Nevada and the rudimentary principles of the contracting business as the board shall deem necessary for the safety and protection of the public.

2. An applicant may qualify in regard to his experience and knowledge in the following ways:

(a) If an individual, he may qualify by personal appearance or by the appearance of his responsible managing employee.

(b) If a copartnership, a corporation or any other combination or organization, it may qualify by the appearance of the responsible managing officer or member of the personnel of such applicant firm.

3. The individual qualifying on behalf of an individual or firm under paragraphs (a) and (b) of subsection 2 shall allege and prove that he is a bona fide member or employee of such individual or firm and at all times, when his principal or employer is actively engaged as a contractor, shall exercise and be in a position to exercise authority in connection with his principal or employer's contracting business in the following manner:

(a) To make technical and administrative decisions.

(b) To hire, superintend, promote, transfer, lay off, discipline or discharge other employees and to direct them, either by himself or through others, or effectively recommend such action on behalf of his principal or employer."

Amend sec. 3, page 2, line 5, by inserting an open bracket before "1."

Amend sec. 3, page 2, line 26, by deleting the open bracket.

Amend sec. 3, page 2, by deleting lines 27 through 33 and inserting: "ing."

Amend sec. 3, page 2, line 38, by inserting a closed bracket after the period and inserting: "*The board shall require each applicant for an original license or renewal to file a financial statement, showing his assets, liabilities and net worth in accordance with generally accepted accounting principles and prepared by an accountant certified or registered pursuant to chapter 628 of NRS.*"

Amend the bill as a whole by adding two new sections between lines 38 and 39 on page 2, designated sections 3.5 and 3.7, to read as follows:

"Sec. 3.5. NRS 624.270 is hereby amended to read as follows:

624.270 1. Before granting an original contractor's license to any applicant, the board shall require that the applicant:

(a) File with the board a surety bond in a form acceptable to the board executed by the contractor as principal with a corporation authorized to transact surety business in the State of Nevada as surety; or

(b) In lieu of such bond, establish with the board a cash deposit as provided in this section.

2. Before granting renewal of a contractor's license to any applicant, the board shall require that the applicant file with the board satisfactory evidence that his surety bond or cash deposit is in full force and effect. [, unless the applicant has been relieved of such requirement as provided in this section.]

3. Failure of an applicant or licensee to file or maintain in full force and effect the required bond or to establish the required cash deposit constitutes cause for the board to deny, revoke, or refuse to renew a license.

4. The amount of each bond or cash deposit required by this section shall be [fixed by the board with reference to the contractor's financial and professional responsibility and the magnitude of his operations, but shall be not less than $500 or more than $20,000.] *equal to the monetary limit on the contractor's license.* The bond shall be continuous in form and shall be conditioned that the total aggregate liability of the surety for all claims shall be limited to the face amount of the bond irrespective of the number of years the bond is in force. [The board may increase or reduce the amount of any bond or cash deposit if evidence supporting such a change in the amount is presented to the board at the time application is made for renewal of a license or at any hearing conducted pursuant to NRS 624.310.] Any cash deposit may be withdrawn 2 years after termination of the license in connection with which it was established, or 2 years after completion of all work authorized by the board subsequent to termination of the license, whichever occurs later, if there is no outstanding claim against it.

[5. After a licensee has acted in the capacity of a licensed contractor in the State of Nevada for not less than 2 consecutive years, the board may relieve the licensee of the requirement of filing a bond or establishing a cash deposit if evidence supporting such relief is presented to the board, but the board may at any time thereafter require such licensee to file a new bond or establish a new cash deposit as provided in subsection 4 if evidence is presented to the board supporting such requirement.]

Sec. 3.7. NRS 624.273 is hereby amended to read as follows:

624.273 1. Each bond or deposit required by NRS 624.270 shall be in favor of the State of Nevada for the benefit of any person who:

(a) [As owner of the property to be improved entered into a construction contract with the contractor and is damaged by failure of the contractor to perform such contract or to remove liens filed against such property;

(b)] As an employee of the contractor performed labor on or about the site of the construction contract [; or

(c) Is injured by any unlawful act or omission of the contractor in the performance of a contract.] *, to the extent of one-half the face amount of the bond.*

(b) Furnished materials or rented equipment for the performance of the construction contract, to the extent of one-half the face amount of the bond.

2. Any such person claiming against the bond or cash deposit may bring an action in a court of competent jurisdiction on the bond or against the board on the cash deposit for the amount of damage he has suffered to the extent covered by the bond or cash deposit. No action may be commenced on the bond or deposit after the expiration of 2 years following the commission of the act on which the action is based.

3. If a surety desires to make payment without awaiting court action, the amount of the bond shall be reduced to the extent of any payment made by the surety in good faith under the bond. Any such payment shall be based on priority of written claims received by the surety prior to court action and in accordance with any priority granted by statute.

4. [A claim of any employee of the contractor for labor shall be a preferred claim against such bond or cash deposit. If any bond or cash deposit is insufficient to pay all claims for labor in full, the sum recovered shall be distributed among all claimants for labor in proportion to the amounts of their respective claims.] Partial payment of [such] claims shall not be considered as full payment, and the claimants may bring actions against the contractor for the unpaid balances."

Amend sec. 4, page 2, line 40, by deleting "*1.*"

Amend sec. 4, page 3, by deleting lines 9 through 17.

Amend sec. 10, page 4, by deleting lines 33 through 38 and inserting:

"*3. Failure to keep in force the bond or cash deposit required by NRS 624.270.*

4. Failure in any material respect to comply with the provisions of".

Amend sec. 16, page 6, line 11, by deleting "*may*" and inserting "*shall*".

Amend the title on the first line by inserting after the semicolon: "requiring the limitation of licenses;".

CONSIDERATION OF SENATE AMENDMENTS

Assembly Bill No. 33.

The following Senate amendments were read:

Amendment No. 1789.

Amend section 1, page 1, by inserting following line 10:

"*3. If the superintendent of public instruction finds that it is impossible for the board of trustees of a school district to comply with the mandatory requirements of this section because the number of physically or*

mentally handicapped minors within the school district is so small, the distance to another public school where such instruction is offered is so great or the services of a qualified teacher cannot be obtained, the provisions of subsections 1 and 2 shall not apply to such school district. If the superintendent of public instruction makes such a finding the state board of education shall, in making the final adjustment in the August apportionment of the suceeding year of the state distributive school fund, reduce the basic support guarantee for such school district by the amount computed by multiplying $600 times the difference between 2½ percent of the total average daily attendance and the average daily attendance of such physically or mentally handicapped minors."

Amend the title by deleting the last line and inserting: "capped minors; relieving certain school districts from the mandatory provisions of the act; and providing other matters properly relating thereto."

Amendment No. 2155.

Amend section 1, page 1, by deleting line 2 and inserting:

"388.450 1. *The legislature declares that the basic support guarantee per pupil as expressed in NRS 387.122 establishes financial resources sufficient to insure a reasonably equal educational opportunity to physically or mentally handicapped minors residing in Nevada.*

2. Subject to the provisions of NRS 388.440 to 388.540,".

Amend section 1, page 1, line 6, by deleting "2." and inserting: "[2.] *3.*"

Amend section 1, page 1, line 11, by deleting "*3.*" and inserting "*4.*"

Amend section 1, page 1, by deleting lines 17 through 24 and inserting: "*visions of subsections 2 and 3 shall not apply to such school district.*

5. Nothing in this section shall be construed to require a board of trustees of a school district, in any school year, to make special provisions for the education of physically or mentally handicapped minors in excess of the number determined to be 2½ percent of the total pupil enrollment of the school district."

SPECIAL ORDERS OF THE DAY

The hour of 3 p.m. having arrived, Senate Bill No. 140 was considered.

GENERAL FILE AND THIRD READING

Senate Bill No. 140.

Bill read third time.

Remarks by Messrs. Smith, Lowman, Wood, Bowler, Espinoza, and Reid.

Mr. Reid requested that his remarks be entered in the Journal:

MR. SPEAKER: I can truthfully say to you and the other Members of the Legislature that this is the hardest vote I have been called upon to cast this session. I lived in the City of Henderson for the first time in 1941 when I was two years old. Since then I have graduated from high school there, as have three of my brothers. I've played football and baseball there and I have more friends in the City of Henderson than any other place in the State of Nevada. Henderson initiated me in

politics and I was fortunate in receiving an appointment as city attorney there in which capacity I served for two years. There are many who consider me, and rightfully so, as Henderson's third Assemblyman, serving with Hal Smith and Art Espinoza.

We, as legislators, have heard, during the past week to 10 days, rumors about what is happening on Senate Bill No. 140. We have heard rumors of people receiving bribes and bribes being offered. We have heard talk of pressure being exerted by one side and the other. I believe, knowing the 39 other Assemblymen as I do, that not one of these persons would accept any amount of money to vote a certain way. I believe this and I hope my faith in this is justified.

Keep in mind that this track is being built, for those of you who are familiar with Southern Nevada, between Palm Mortuary on the outskirts of Henderson and the railroad pass between Henderson and Boulder City, Nevada. We have heard testimony and read records of the investment reaching the sum of $3,500,000. Coincidentally, if we look halfway between the railroad pass and Palm Mortuary on the opposite side of the highway there is a parcel of land of 25 acres. It is owned by my mother-in-law who is 65 years of age. Her only living heir and relative is my wife. We can say that in this instance I need look no further because the property is not held in my name; but, I really cannot, because I have drafted the will and know where this property is going. I also have to say that it is not just coincidence that, since this interest in the track, I have received several telephone calls from my mother-in-law asking my advice as to whether or not she should sell the land. I can say the value of the land has doubled in the past six months. I have to say that this is because of the race track being proposed there. I don't think that in my particular instance of explaining my vote to this body that coincidence stops here, because if we look right near Palm Mortuary there is a two and a half acre parcel of land held in the name of Faith Investment Company. I can say that it, too, does not mention the name, Harry Reid. However, I am the major stockholder of this group.

Whether we want to believe it or not, Senate Bill No. 140 is one of the most controversial issues we have heard in this Assembly this year. We have read editorials in every newspaper in every major city of the State; the Reno newspapers have run editorials; the Las Vegas newspapers have run editorials; as, naturally, has Mr. Zenoff's paper in Henderson. The words, "conflict of interest" are words often heard, but seldom is the meaning known. Conflict of interest is developed in the law and is not directed initially to those who actually do something wrong. It is directed toward those who are placed in an official position and because of the position to which they were elected are able to use it to their own gain.

Now, this has been a very difficult thing for me and I have thought much about it and slept very little last night. How am I going to look at people like Selma Bartlett and Hal Smith and Art Espinoza, and I could go on and on, but, I have to look one step further. I have to see these people very rarely but I have to look at myself in the mirror every morning. It is for these reasons that I shall cast my vote as "not voting". It is an obvious conflict of interest and I can vote no other way.

GENERAL FILE AND THIRD READING

Senate Bill No. 152.

Bill read third time.

The following amendments were proposed by the Committee on Government Affairs:

Amendment No. 2450.

Amend sec. 30, page 13, line 44, by deleting "affidavit," and inserting "[an affidavit,] *statement under penalty of perjury,*".

Amend sec. 30, page 13, line 48, by deleting "an affidavit," and inserting "[an affidavit,] *a statement under penalty of perjury,*".

Amend sec. 123, page 62, line 13, by inserting "1." before "NRS".

Amend sec. 123, page 62, by inserting between lines 30 and 31:

"2. Section 1 of chapter 436, Statutes of Nevada 1969, is hereby repealed."

Amendment No. 2435.

Amend sec. 100, page 47, by deleting lines 14 through 17 and inserting:

"12. To lay out, establish, open, alter, widen, extend, narrow and vacate, either on its own motion or as prescribed by the general law of the state, the streets, alleys, avenues, public ways, sidewalks, parks and public grounds, or improve the same by macadamizing, remacadamizing, concreting, reconcreting, oiling, reoiling, curbing, recurbing, grading, regrading, graveling, regraveling, paving, repaving, draining, parking, reparking, cleaning, repairing, lighting, relighting, surfacing, resurfacing or in any other way improve the same, and by ordinance, resolution or order require and provide for such improvements. To install, reinstall, construct, reconstruct, acquire and repair sewers, storm sewers, drains, storm drains, disposal plants and waste mains therefrom, and otherwise improve the same; to require the occupant or owner of improved property to connect his premises to the municipal sewage disposal system and to provide for the punishment of such owner or occupant for failure to make such connection; to fix, impose and collect a charge and fee to be paid in advance by the occupant or owner of the premises served by or through such sewage disposal system, such charge and fee to become and be a lien on the lot and premises so served, and, in addition to all other

remedies allowed by law for the collection of such charge and fee, the lien therefor may be enforced in the manner provided by law and the sewer connection may be disconnected and service discontinued until the delinquent charge and fee together with the cost for disconnection and reconnection is paid, and a license for the conduct of any business in such premises may be refused unless such charge and fee is paid."

Amend sec. 100, page 47, by deleting lines 28 and 29, and inserting:

"18. To regulate or prohibit traffic and sales upon the streets and sidewalks, and in public places, including the power to acquire, install, maintain, operate and regulate parking meters at the curbs of the city streets and upon any other property acquired for the purpose of establishing off-street public parking facilities for vehicles. The parking fees to be charged for the use of the parking facilities regulated by such meters shall be fixed by ordinance. The board of supervisors shall have the power to acquire property within the city by any lawful means, including eminent domain, for the purpose of establishing off-street public parking facilities for vehicles. The board of supervisors may issue revenue bonds for the purpose of acquiring such property and erecting such improvements thereon as may be proper, and the board of supervisors may in such bonds pledge the general credit of the city to secure the payment of the principal thereof and interest thereon."

Amend sec. 100, page 47, by inserting between lines 36, 37:

"20.5. To provide for the collection, removal, hauling, conveying, transporting or disposal of garbage, rubbish, dirt, ashes, offal, refuse, wrecked, dismantled or discarded vehicles or vehicle bodies and machinery, dead animals and any offensive matter from public or private property by contract or otherwise. To regulate the collection, removal, hauling, conveying, transporting, disposal or burning of the same, and to prohibit such collection, removal, hauling, conveying, transporting, disposal or burning by any person or persons other than the city or its duly authorized contractor and his or its agents, servants and employees. To fix, impose and collect a charge and fee to be paid by the occupants or owners of premises from which such collection, removal, hauling, conveying, transporting and disposal is made."

Amend sec. 100, page 50, by inserting between lines 23 and 24:

"52.5. To require by ordinance the owners of real property to remove therefrom insecure or unsafe buildings, walls, chimneys, stacks or other structures, also all filth, garbage, offal, ashes, shavings, weeds, grass, leaves, manure, papers, boards, partially burned structures, debris resulting from fires, wrecked, dismantled or discarded vehicles and machinery and the bodies, parts and pieces of wrecked, dismantled or discarded vehicles and machinery, and all dangerous, nauseous, inflammable and unhealthful matter, to fill unenclosed or dangerous excavations and to drain all cesspools and standing water, within such times as may be provided in such ordinance. In the event of the failure of any property owner to comply with the provisions of such ordinance, the city may perform or cause to be performed the work required by the ordinance, at the expense of such owner, and the city shall have a lien therefor upon the property chargeable therewith until paid, and, if the board of supervisors so directs, the assessor shall levy the cost of such work as fixed by the board of

supervisors as a tax against such property and the same shall be included in the next assessment roll thereafter made and be enforced and collected in the same manner and at the same time as other taxes. The board of supervisors may, however, foreclose such lien by appropriate legal proceedings, or may collect the cost of such work from the owner of the property or other person or persons liable therefor through a civil action, or may pursue any other remedy authorized by law or the ordinances of the city."

Amend sec. 100, page 52, by deleting lines 37 through 43 and inserting:

"70. To regulate or prohibit the running at large in the city of poultry, hogs, horses, mules, cattle, swine, sheep, goats, dogs and other animals; to establish and maintain a pound and to authorize the impounding, sale or disposal of any animals found running at large, and to authorize the destruction of all fowls or poultry running at large. The proceeds arising from the sale of such animals, after the payment of all costs, shall go to the city treasurer to be disposed of according to law."

Amend sec. 100, page 53, by deleting line 46 and inserting:

"81. To condemn any property, real or personal, necessary or required for the public use of the city, in the manner prescribed by general law. All rights of eminent domain may be exercised by the city in relation thereto, including, but not limited to, the right to condemn, appropriate and use real and personal property either alone or jointly with any other incorporated city, the county of Elko, the State of Nevada, or any of its political subdivisions, the Federal Government or any agency or instrumentality thereof, corporate or otherwise, beyond the corporate limits for water facilities, pumping plants, waterlines, water-distribution systems, sewer plants, sewer effluent, sewage disposal lines, water drainage, storage and control facilities and systems and appurtenances thereto.

82. To authorize, by ordinance, officers of the city police department to direct all traffic in accordance with the provisions of the traffic ordinances of the city, except in times of emergency, at which times such officers may, by such ordinance, direct the traffic as public safety or public convenience may require.

83. To institute and maintain any suit or suits, civil or criminal, in the name of the city, in the proper court, whenever necessary in the judgment of the board of supervisors to enforce or maintain any right of the city and they may, in like manner, defend all actions against the city; to institute and maintain any suit to foreclose liens or otherwise against any property owner refusing or neglecting to pay, as assessed by the board of supervisors, his ratable proportion of the cost of paving, grading or otherwise improving any street or building or any sidewalk or other improvement which benefits the property of the owner thereof.

84. To regulate and control the construction and maintenance of any tubes, pipes or pipelines, conduits, ditches, signal bells, warning signs, cables, wires and other electrical, telegraph and mechanical appliances in, along, over, under and across the streets, alleys and public places; but no such appliances shall be placed so as to interfere with the fire alarm system, or the extinguishment of fires, or permanently with the free use of the streets, sidewalks, alleys or public places.

85. To provide punishment for and suppress the unlawful sale, storage or keeping, offering or exposing for sale or barter, manufacture, storage or keeping, or other disposal of intoxicating liquors within the city or within 1 mile outside of the city limits.

86. To require the construction and repair of sidewalks, curbs and gutters by the owners of abutting lots, and to construct and repair the same at city expense. If the expense thereof is paid by the city, the same shall constitute a lien upon the property and shall be paid by direct payment, special assessment, or as other city taxes are levied and collected, and the lien shall be completed by the filing of a statement of the cost thereof with a description of the property in the office of the county recorder of Elko County, Nevada.

87. To adopt and enforce by ordinance all such regulations, in case no express provision is made, in this charter, as the board of supervisors may from time to time deem expedient and necessary for the promotion and protection of health, comfort, safety, life, welfare and property of the inhabitants of the city, the preservation of peace and good order, the promotion of public morals and the suppression and prevention of vice in the city, and to pass and enact ordinances of any other subject of municipal control or to carry into force or effect any further powers of the city, and to do and perform any, every and all acts and things necessary or required for the execution of the powers conferred or which may be necessary fully to carry out the purpose or intent thereof."

Amend sec. 118, pages 60 and 61, by deleting lines 32 through 50 on page 60 and lines 1 through 16 on page 61 and inserting:

"Sec. 118. (Deleted by amendment.)"

MOTIONS, RESOLUTIONS, AND NOTICES

Mr. Speaker instructed the Chief Clerk to read the following communication:

WESTERN UNION
TELEGRAM

April 18, 1969

MR. HOWARD F. MCKISSICK, JR., *Speaker, Nevada State Assembly, Carson City, Nevada:*

This message supplements and updates my wire to you of April 9, 1969. A nearer look at scheduling and other matters make it apparent that the U.S. Atomic Energy Commission's invitation to Members of the Nevada Legislature to attend a briefing on underground nuclear test safety and to visit the Nevada Test Site should be extended for May 20–21, 1969, and our earlier invitation is changed to meet those dates.

It also now is possible to provide government aircraft transportation from Reno, Winnemucca, and Elko to Las Vegas and return for those Members of the Senate and Assembly who live in those areas if there is enough interest. F–27 aircraft bearing the AEC insignia will pick up pre-designated legislators at Reno at 10 a.m., Tuesday, May 20, at gate O at the municipal airport at Winnemucca at 10:45 a.m. and at Elko at 11:30 a.m. The route will be directly from Elko to Las Vegas with arrival scheduled at approximately 1 p.m. Times are estimates but should be reasonably good.

On May 20 we would hold a briefing in our building at 2753 South Highland Drive at 3 p.m. to continue for about two and a half hours. The following day would be fully taken up with a visit to the Nevada Test Site on May 21. The aircraft would leave Las Vegas about 10 a.m. and arrive at Reno at about 11:45 a.m., Winnemucca at about 12:20 p.m., and Elko at about 1 p.m.

I would appreciate a response as soon as possible giving the approximate number of Members of the Legislature who would wish to take advantage of such a flight and of other Members who wish to attend the briefing and NTS visit but not fly on the government aircraft, then at least by May 12 we will need the full names of all those who intend being at the briefing and site tour and dates of birth statements of citizenship and social security numbers.

This information is needed for badging purposes.

I am most happy to extend this invitation so Members of the Legislature can become better acquainted with us and with our programs' end.

ROBERT E. MILLER, *Manager, AEC*

By the Committee on Ways and Means:

Assembly Bill No. 798—An Act authorizing expenditures by various officers, departments, boards, agencies, commissions, and institutions of the state government for the fiscal years commencing July 1, 1969, and ending June 30, 1970, and beginning July 1, 1970, and ending June 30, 1971; and providing other matters properly relating thereto.

Mr. Roy Young moved that the bill be referred to the Committee on Ways and Means.

Motion carried.

REMARKS FROM THE FLOOR

Mr. Lowman requested that the following telegram be entered in the Journal:

WESTERN UNION
TELEGRAM

April 19, 1969

GEORGE WILKINSON, *President, Board of Trustees, Clark County School District, 1123 Audrey, Las Vegas, Nevada:*

I have been much disturbed this week as I read and heard of the intransigent attitude of certain educators around the State. As the news of a teacher strike came to us out of Clark County I have become more and more alarmed that a minority among our professional group has taken the bit in its teeth and decided the way to their financial goal is by force.

For my 15 years in the Las Vegas business community, I have been widely known as a friend of education and educators. I am exceptionally proud of my 1967 Meritorius Service Award of the Clark County Classroom Teachers Association, the Secondary School Administrators and the Elementary Principals Association for outstanding service to education.

My baccalaureate degree is in education as is that of my wife, and I have an unusually high regard for those among them who devote their life and give to the education of our youth a dedication surpassed by those in no other profession. I believe with the ancient philosopher that no one goes about a more godly business than training his own and other people's children.

Conversely, I can think of only one thing worse than failure of individual teachers to exercise the responsibility allowed them in America to mold the lives of children. That worse thing is to set an example of indifference and outright contempt of the American system of representative government in which changes are made decently and in order. Refusing to work on a job under a contract which they have signed ignores this responsibility for orderly change.

The greatest sufferers are our Nevada school children in Clark County and other districts where we have seen walkouts and demonstrations this week. I am urging the Ways and Means Committee of this House and the Finance Committee of the Senate to stand firm in a position of fiscal responsibility. I hope they will do as much as they can for education within the funds available, but none of us will do our duty to voters and taxpayers if we cave in to pressure from irresponsibles.

I realize that we may in Clark County have no more school this school year if we hold firm. If news reports are true, we may have no more anyhow since I doubt that we can find anywhere the money for an immediate $8,000 starting salary. In any case, I am willing to face that possibility, especially since I am concerned about

the amount and quality of teaching available after this walkout from the minority participating in it.

For this reason I urge the Board of Trustees of Clark County School District to terminate immediately the contracts of all certified personnel who are participating in the present illegal and unethical strike against the welfare of the children of Nevada and have already broken faith and gone back on their agreements and to replace them as soon as possible with teachers who want to work. Clark County students deserve better examples and better treatment than these nonprofessionals can offer after having abrogated their positions of trust and responsibility. Strikes against the public interest cannot be tolerated.

STATE OF NEVADA
LEGISLATIVE COUNSEL BUREAU
Room 45, Capitol Building

CARSON CITY, NEVADA, April 20, 1969

To the Senate and Assembly of the 55th Session of the Nevada Legislature:

Enclosed are copies of:

1. A letter to me from Senator Alan Bible, dated April 14, 1969, concerning A. J. R. 33 relating to the Federal Wholesome Meat Act. The remarks referred

to by Senator Bible in his letter are on file in my office and are available for perusal by any legislator upon request.

2. A letter from Senator Bible, dated April 18, 1969, concerning S. J. R. 11, which requests the establishment of a Las Vegas Veterans' Administration field office.

Sincerely yours,

RUSSELL W. MCDONALD
Legislative Counsel

UNITED STATES SENATE
COMMITTEE ON APPROPRIATIONS

WASHINGTON, D.C., April 18, 1969

MR. RUSSELL W. MCDONALD, *Legislative Counsel Bureau, Room 45, Capitol Building, Carson City, Nevada*

DEAR RUSS: This will acknowledge your letter of April 14, which reached me on the 18th, enclosing a copy of Senate Joint Resolution No. 11, in which the Legislature requests the establishment of a Las Vegas Veterans' Administration field office.

I have long supported such a move and have repeatedly been in touch with the Veterans' Administration in this regard. Unfortunately, Las Vegas does not meet the criteria for the establishment of such an office but I intend to continue seeking approval for one.

Cordially,

ALAN BIBLE

UNITED STATES SENATE
COMMITTEE ON APPROPRIATIONS

WASHINGTON, D.C., April 14, 1969

MR. RUSSELL W. MCDONALD, *Legislative Counsel Bureau, Room 45, Capitol Building, Carson City, Nevada*

DEAR RUSS: This will acknowledge your letter of April 10, received on the 14th, enclosing a copy of Assembly Joint Resolution 33 regarding compliance with the Federal Wholesome Meat Act.

I am enclosing a copy of remarks I made on the floor of the Senate when I introduced two pieces of legislation designed to assist small meat processors in complying with this Act. I urge you to call it to the attention of all interested legislators.

Best personal regards.

Cordially,

ALAN BIBLE

GENERAL FILE AND THIRD READING

Senate Bill No. 87.

Bill read third time.

The following amendment was proposed by Messrs. Lowman and Close:

Amendment No. 2471.

Amend sec. 28, page 8, by deleting line 17 and inserting:

"Sec. 28. Chapter 281 of NRS is hereby amended by adding thereto a new section which shall read as follows:

When any person employed under written contract by this state or by any political subdivision of this state is absent from duty without leave, granted before or after such absence, for 5 days cumulatively within the term of such contract, the fact of such absence automatically terminates such contract.

Sec. 29. There are hereby appropriated from the general fund in".

Amend the bill as a whole by renumbering section 29 as section 30.

Mr. Close moved the adoption of the amendment.

Remarks by Messrs. Close, May, Smith, Lowman, Getto, Branch, and Hilbrecht.

Messrs. Mello, Jacobsen, and Capurro moved the previous question.

The question being on the motion to adopt Amendment No. 2471 to Senate Bill No. 87.

Messrs. Lowman, Branch, and Jacobsen requested a roll call on Mr. Close's motion.

Roll call on Mr. Close's motion:

YEAS—17.

NAYS—Branch, Brookman, Bryan, Dini, Foote, Fry, Getto, Hilbrecht, Homer, Howard, Kean, Lingenfelter, May, Mello, Prince, Reid, Schouweiler, Smith, Swallow, Viani, Wilson—21.

Absent—Espinoza, Wood—2.

The amendment having failed to receive a majority, Mr. Speaker declared it lost.

Remarks by Messrs. Hilbrecht, Close, and Frank Young.

Mr. Hilbrecht requested that his remarks be entered in the Journal:

Mr. Speaker and Members of the Legislature:

Senate Bill No. 87 may well be the most important legislation of this session. It is the so-called public employees negotiation bill.

In my opinion, the effect of Senate Bill No. 87 will be to allow our cities, school districts and other entities to negotiate under force of law their position with their employees rather than being forced to referendum petition as happened so disasterously recently in Las Vegas. The net result, had Senate Bill No. 87 type legislation been in effect, would have been a saving of up to 50 percent.

Finally, Senate Bill No. 87 provides for the first time in statute law that public employees may not strike. We now have only an Attorney General's Opinion—one which has also frustrated attempts to negotiate in the local government labor market. I simply ask you to look at the school houses of Nevada if you believe we do not need this legislation. I believe we would be in a much different position in the current teacher protest had we Senate Bill No. 87 as law. The bill substitutes arbitration for the strike sanction.

The public employees and local governments have been heard and the measure has been considerably amended. In its present form, the measure has the support of a majority of those concerned. It is vital legislation. I urge your support.

MESSAGES FROM THE SENATE

SENATE CHAMBER, Carson City, April 20, 1969

To the Honorable the Assembly:

I have the honor to inform your honorable body that the Senate on this day passed Assembly Bills Nos. 138, 503, 769, 793.

Also, I have the honor to inform your honorable body that the Senate amended, and on this day passed, as amended, Assembly Bills Nos. 400, 713, 762, 732, and respectfully requests your honorable body to concur in said amendments.

Also, I have the honor to inform your honorable body that the Senate on this day passed Senate Bill No. 539.

Also, I have the honor to inform your honorable body that the Senate on this day passed, as amended, Senate Bills Nos. 530, 532.

Also, I have the honor to inform your honorable body that the Senate on this day passed, as amended, Senate Bill No. 191, returned from enrollment to the Senate for a technical amendment.

Also, I have the honor to inform your honorable body that the Senate on this day adopted Senate Concurrent Resolution No. 32.

Also, I have the honor to inform your honorable body that the Senate on this day concurred in the Assembly amendments to Senate Bills Nos. 365, 459, 495.

LEOLA H. ARMSTRONG
Secretary of the Senate

SENATE CHAMBER, Carson City, April 21, 1969

To the Honorable the Assembly:

I have the honor to inform your honorable body that the Senate on this day adopted Senate Concurrent Resolution No. 33.

JEAN HANNA
Assistant Secretary of the Senate

MOTIONS, RESOLUTIONS, AND NOTICES

Senate Concurrent Resolution No. 32.

Mr. Lowman moved that the resolution be referred to the Committee on Legislative Functions.

Motion carried.

Senate Concurrent Resolution No. 33.

Mr. Lowman moved the adoption of the resolution.

Remarks by Messrs. Lowman and Jacobsen.

Mr. Jacobsen requested that his remarks be entered in the Journal:

Mr. Speaker and Members of the Assembly:

I urge the adoption of this resolution memorializing Captain George Whittell. We take many things for granted today, never realizing that many of our beautiful assets in Nevada are because of someone's gratitude or graciousness. Lake Tahoe's beauty and grandeur has been maintained over the years because of people like Mr. and Mrs. Whittell. I know that another such monument, George Whittell High School, will always stand to his memory. I am certain Mr. Whittell will always be remembered as a blessing to this State of Nevada.

Resolution adopted unanimously.

GENERAL FILE AND THIRD READING

Assembly Bill No. 797.

Bill read third time.

The following amendment was proposed by Mr. Hilbrecht:

Amendment No. 2573.

Amend sec. 29, page 4, by deleting line 40 and inserting:

"tion..... 3,742,934 4,953,320".

Amend sec. 29, page 4, by deleting line 44 and inserting:

"library books..... 754,905 754,905".

Mr. Hilbrecht moved that the Chief Clerk be authorized to make the following typographical correction in Amendment No. 2573 by changing the figure "4,953.320" to "4,953,320".

Motion carried.

Mr. Hilbrecht moved the adoption of the amendment.

Remarks by Messrs. Hilbrecht, Roy Young, Glaser, Frank Young, and Ashworth.

Mr. Hilbrecht requested that his remarks be entered in the Journal:

Mr. Speaker and Members of the Assembly:

Amendment No. 2573 to the appropriation bill restores to the appropriation requested by the administration of the University of Nevada at Las Vegas in two areas. This is done on my part only after long study and discussion of the agency requests with the University people.

At the outset, I believe it appropriate to commend the University System for its responsible approach to funding. I believe whatever credibility gap may have existed in past years has now vanished.

The two areas covered in the amendment are the general instructional budget and the library budget. With respect to the instructional budget, I would only point out that the 1970–71 appropriation in this area for the Reno campus is $8,037,969 to support a projected enrollment of 5,315, whereas the Las Vegas campus appropriation is only $3,740,354 for 4,600 students. The amendment would increase this latter amount to the $4,953,320 requested.

I have already discussed the sorry plight of both libraries in opposing the medical school program. The substantial reductions in both library budgets is, in my judgment, the most pernicious type of false economy. The library is the soul of a university. If there is an area in which both our campuses suffer, it is in library. While a well established library can, from time to time, endure a little austerity and still survive, a new major collection such as that at Las Vegas cannot. I urge your serious consideration of these amendments to Assembly Bill No. 797.

Amendment lost.

GENERAL FILE AND THIRD READING

Senate Bill No. 480.

Bill read third time.

The following amendment was proposed by the Committee on Government Affairs:

Amendment No. 2475.

Amend the bill as a whole by deleting section 1 through 14 and inserting:

"Section 1. The legislature finds as facts that:

1. There are but four cities in this state, including the City of Winnemucca, which are incorporated pursuant to chapter 266 of NRS;

2. The situation of each such city with respect to its supply of electric power is different; and

3. A general law cannot therefore be made applicable to the acquisition of a suitable source of electric power for the City of Winnemucca.

Sec. 2. Except as otherwise provided in this act, terms used or referred to in this act are as defined in the Local Government Securities Law; but the definitions in sections 3 to 8, inclusive, of this act, except where the context otherwise requires, govern the construction of this act.

Sec. 3. "City" means the city of Winnemucca, Nevada.

Sec. 4. "City council" means the city council of the City of Winnemucca, Nevada.

Sec. 5. "Electric power distribution system" means facilities pertaining to a municipal electric heat, light and power system for the transportation and distribution of electrical energy, including without limitation towers, conduits, transmission lines, meters, poles, resistors, transformers, apparatus, tools, equipment, fixtures, structures, buildings and other electric energy transmission and distribution facilities (or any combination thereof). An electric power distribution system may consist of any kinds of property, including without limitation grounds and other real property as a site or sites for any capital improvements or otherwise pertaining to a system.

Sec. 6. "Equipment" or "equip" means the furnishing of all necessary, desirable, useful, related or appurtenant furniture, fixtures and other facilities (or any combination thereof) pertaining to an electric power distribution system, or any interest therein, and includes the acquisition of passenger cars, pickups, other trucks and other motor vehicles for use by the city in connection with such electric power distribution system.

Sec. 7. "Property" means real property, personal property, mixed property or any other property (or any combination thereof).

Sec. 8. "Real property" means:

1. Land, including land under water.
2. Buildings, structures, fixtures and improvements on land.
3. Any property appurtenant to or used in connection with land.
4. Every estate, interest, privilege, easement, franchise and right in land, legal or equitable, including without limitation rights-of-way, terms for years, and liens, charges or encumbrances by way of judgment, mortgage or otherwise, and the indebtedness secured by such liens.

Sec. 9. 1. Notwithstanding the provisions of NRS 266.290 or any other statute, the city council, upon the behalf of the city and in its name, without any election, may at any time or from time to time acquire, improve, equip, operate and maintain, within or without or both within and without the city, an electric power distribution system.

2. The furnishing of electric current for use within and without the incorporated limits is expressly authorized.

Sec. 10. For the purpose of defraying wholly or in part the cost of the acquisition, improvement and equipment (or any combination thereof) of an electric power distribution system, the city council, at any time or from time to time, in the name and on the behalf of the city, may issue, in the manner provided in NRS 350.001 to 350.006, inclusive, and 350.010 to 350.070, inclusive, as from time to time amended:

1. General obligation bonds, payable from taxes; and
2. General obligation bonds, payable from taxes, which payment is additionally secured by a pledge of gross or net revenues derived from the operation of such electric power distribution system, and if so determined by the city council further secured by a pledge of such other gross or net revenues as may be derived from any other income-producing project of the city or from any license or other excise taxes levied by the city for revenue, as may be legally made available for their payment.

Sec. 11. Subject to the provisions of section 10 of this act, in connection with any electric power distribution system the city council, as the city council may determine from time to time, may, on the behalf and in the name of the city, borrow money, otherwise become obligated, and

evidence such obligations by the issuance of general obligation bonds and other general obligation securities, and in connection with such undertaking or electric power distribution system, the city council may otherwise proceed as provided in the Local Government Securities Law, as from time to time amended.

Sec. 12. The city issuing securities under the provisions of this act which constitute the incurrence of an additional indebtedness of the city shall not by the issuance of such securities contravene the debt limitation pertaining to the city and fixed by NRS 266.600.

Sec. 13. In order to insure the payment, wholly or in part, of the general obligation securities of the city the payment of which bonds is additionally secured by a pledge of the revenues derived from any such electric power distribution system and from any such excise taxes, the city council may establish and maintain, and the city council may from time to time revise, a schedule or schedules of fees, rates and charges for services or facilities, or both services and facilities, rendered by or through the electric power distribution system and a schedule or schedules of license or other excise taxes, in an amount sufficient for that purpose and also sufficient to discharge any convenant in the proceedings of the city council authorizing the issuance of any of such bonds, including any covenant for the establishment of reasonable reserve funds.

Sec. 14. 1. No other act or law with regard to the authorization or issuance of bonds that requires an approval, or in any way impedes or restricts the carrying out of the acts authorized to be done in this act, shall be construed as applying to any proceedings taken under this act or acts done pursuant thereto, except as otherwise provided in this act.

2. The powers conferred by this act shall be in addition and supplemental to, and not in substitution for, and the limitations imposed by this act shall not affect the powers conferred by, any other law.

3. No part of this act shall repeal or affect any other law or part thereof, it being intended that this act shall provide a separate method of accomplishing its objectives, and not an exclusive one; and this act shall not be construed as repealing, amending or changing any such other law.

Sec. 15. This act shall become effective upon passage and approval."

Amend the title of the bill by deleting the title and inserting: "An Act relating to the City of Winnemucca, Nevada; authorizing the city to acquire, improve, equip, operate and maintain an electric power distribution system and the issuance of bonds therefor; providing for the payment of such bonds and additionally securing their payment by a pledge of municipal revenues; concerning other securities pertaining to such distribution system; otherwise concerning powers, duties, rights, privileges, immunities, liabilities, disabilities, limitations and other details in connection therewith; and providing other matters properly relating thereto."

Assembly Resolution No. 31.

Resolution read.

The following amendment was proposed by Mr. Roy Young:

Amendment No. 2487.

Amend page 1, by deleting lines 1 through 12 and inserting:

"*Resolved by the Assembly of the State of Nevada, the Senate concurring,* That the Joint Rules of the Senate and Assembly be amended by the addition of a new rule to be designated Joint Rule 11, which shall immediately follow Standing Rule 10 of the Joint Rules of the Senate and Assembly, and which shall read as follows:

11

LEGISLATIVE COMMISSION

No assemblyman or senator who is a member of the interim finance committee may serve as a member of the legislative commission while he is a member of the interim finance committee."

Amend the title by deleting the first two lines and inserting: "Assembly Concurrent Resolution—Amending the Joint Rules of the Senate and Assembly to prohibit a legislator who is a member of the interim finance committee from serv-".

Mr. Roy Young moved the adoption of the amendment.

Remarks by Messrs. Roy Young, Wood, and Close.

Amendment adopted on a division of the house.

Mr. Speaker declared that in compliance with the provisions of Amendment No. 2487 to Assembly Resolution No. 31, that the Chief Clerk assign an Assembly Concurrent Resolution number to the amended Assembly Resolution No. 31.

The number so assigned was Assembly Concurrent Resolution No. 60.

Assembly Concurrent Resolution No. 60—Amending the Joint Rules of the Senate and Assembly to prohibit a legislator who is a Member of the Interim Finance Committee from serving as a Member of the Legislative Commission.

Mr. Roy Young moved the adoption of the resolution.

Remarks by Messrs. Wood, Hilbrecht, Bowler, and Mrs. Brookman.

Resolution adopted.

Mr. Wood questioned the authority of the Chair whereby it declared that the adoption of Amendment No. 2487 to Assembly Resolution No. 31, that the conversion to an Assembly Concurrent Resolution could be effected.

The Chair ruled that in compliance with the provisions of Amendment No. 2487 to Assembly Resolution No. 31, adopted by the Assembly, whereby the title was amended, this would effect the conversion to an Assembly Concurrent Resolution.

REMARKS FROM THE FLOOR

Mr. Wood requested that his remarks be entered in the Journal:

I was absent from this house Sunday, April 20, at which time S. B. 190 was considered by this body. However, I indicated to several legislators prior to Sunday, April 20, that I was absolutely, irrevocably opposed to passage of S. B. 190. It was my intention yesterday to ask this house to rescind action, but we were in long deliberation. I give notice at this time that before the hour of *sine die,* I will ask this house to rescind action whereby S. B. 190 was passed.

GENERAL FILE AND THIRD READING

Mr. Lowman requested that Mr. Glaser's remarks be entered in the Journal:

SCHOOL FINANCE PROPOSITION

Senate Bill 546 is a new version of the Nevada plan. Its outstanding features are:

1. It establishes a new level of educational funding of $79,000,000 for the biennium. This is $17,000,000 more than the last biennium and increases the spending power to the school districts by 10 percent.

It does this in two increments as is indicated on page 1. Nine percent increase in spending power the first year and 11 percent increase in spending power the second year.

2. It provides for an employer contribution from the school district direct to the retirement board, and this retirement money is over and above the 10 percent increase in spending power and is included in the $79,000,000. This retirement allocation is apportioned to the school district on a per pupil basis.

3. The allocation of money to the school districts, under this bill, will be made

on the highest three months of ADA instead of the highest six months. This will provide a more consistent basis of state support for established school district requirements.

4. Senate Bill 546 removes any consideration of Public Law 874 funds. The benefit of these federal impact funds now accrue directly to the county where the impact has occurred.

5. This bill also provides a minimum percentage of aid which will help Douglas and Eureka Counties.

6. This bill also provides for a handicap assistance program of 2½ percent of the total county school district apportionment to any county that may not at the present time have a handicap program.

On the last page of the bill you will notice a system of ratios designed to compress the salary index into a ratio of 1 to 1.7. This will enable school districts to more nearly raise the beginning salary to the levels that were suggested earlier in the session, without unduly raising on a 2 to 1 ratio the top salaries. This feature will provide a mechanism by which future funding of increased educational programs may more nearly be achieved with higher beginning salaries.

The quantity of funding provided in this bill should allow teachers salaries to be raised over $800 under current schedules. The 1.7 ratio allows flexibility enough for school districts to go to $1,000 increase if they so desire. The 1.7 factor allows flexibility for school districts to negotiate on the basis of starting salary and incremental raises.

In conclusion, I would like to point out that the Finance Committees of both houses feel that this program of state aid to education can be funded within the present tax structure and still maintain the fiscal integrity of the State. While some people might argue that it reduces the General Fund balance below acceptable levels, I would like to submit to you that there are other reserves anticipated which we feel will bring the surplus to $3,000,000 by July 1, 1970 and $4,000,000 plus by July 1, 1971. I would like to point out that the $1,000,000 appropriated to the Interim Finance Committee is in fact, at this time, part of the surplus. Based on current ADA figures and local support taxes, it is anticipated that $1,200,000 will revert to the General Fund from the Distributive School Fund at June 30, 1969. It is reasonable to assume that a reversion will also occur at June 30, 1971.

The total increase in state support exclusive of the change in retirement payments from the 1967–69 biennium to the 1969–71 biennium is $16,900,000. This represents an increase of $3,300 per teacher or $1,650 per teacher each year. ($16,900,000 divided by 5061 equals $3,339.26.)

Mr. Close requested that his remarks be entered in the Journal:

Mr. Speaker and Members of the Assembly:

It is with some misgivings that I shall vote in favor of Senate Bill No. 546. At the present time, out of the $184,000,000 we are going to appropriate this session, $113,000,000 is going to support education; 61 percent of every state dollar is going into education today. This does not include the one cent local sales tax that goes to education and this does not include the ad valorem tax, which also goes to support education. Therefore, substantially more than $113,000,000 is going to support education this biennium.

I am very concerned as is Mr. Webb, and I beg to differ with Mr. Glaser, about our General Fund balance two years from now. We went through the figures in the Ways and Means Committee and I personally am concerned that if the estimate of projected state income drops 1 percent we very well may end up with a General Fund deficit two years from now. We came into this session with a $15,000,000 General Fund surplus and we are going out with what, I think, could be a deficit two years from now. A very small decrease in gambling revenue would result in no money in the General Fund when we return in 1971. It takes $7,500,000 per month to run the State of Nevada; thus we are spending about $2,000,000 per week. All we need to put us into a deficit position, in my opinion, is a strike or something of that nature where we could lose possibly $1,000,000 in tax revenue. We are in a position now where we must take such a gamble, and Nevada is a gambling state, and hope that we are going to have enough money to run the government when we return two years from now. We must also take into consideration that we are going to bond the State of Nevada for $6,500,000 in order to construct needed buildings and things of that nature. We can only add another $600,000 in bonds before we have reached our bonding limit.

Nevada is placing itself in a precarious position for teachers. I hope they realize this and there will be no more of the action we have seen in the past two weeks. I hope they realize, in contradicting some of the words we have heard on this floor, that we are dong a lot for the teachers and that we are going out on a limb for them. They should realize that we are placing ourselves in a precarious position for the benefit of education.

Mr. Capurro requested that the following article from the Nevada State Journal be entered in the Journal:

ODE TO A WALKOUT

(Editor's Note: The following letter to the editor was written early Thursday.)

Editor, Nevada State Journal: Shall I not go to teach today, and join the agitation? And put the pressure on the state for pay-raise legislation?

Everyone holds out his hand and screeches 'til he's blue, that the cost of living's going up. I'd better get mine too. For it's "gimme," "gimme," "gimme" and get it while you may—protest with zest the status quo. It is the only way.

A raise in pay is ala mode, so let us raid the till. Come next frost we'll figure out who will foot the bill.

Who will foot the bill?—let's see. There's you and you and she. There's he and they and don't forget—my country 'tis of me.

No, I shall wear my tennis shoes, and go to teach today. I have a rendezvous to keep, no matter what they say.

MESSAGES FROM THE GOVERNOR

STATE OF NEVADA

EXECUTIVE CHAMBER

CARSON CITY, NEVADA, April 23, 1969

Special Message to the Legislature:

DEAR SPEAKER MCKISSICK: Assembly Bill 200, creating a Presidential Primary in Nevada, has been brought to my attention.

I find no fault whatsoever with the concept of giving the people of Nevada a primary election in which to express their choice of the President of the United States. I have felt for some time that the Convention method of selecting delegates very often does not accurately reflect the will of the people.

However, aspects of this bill are objectionable.

It does not appear to be wise to force the people of this State to make a choice of National leader so far before the election when the issues are far from clear definition that a valid foundation for choice is lacking.

Moreover, it would be unseemly for Nevada to break the long standing traditions involved in the early primaries of other states and precipitate a futile race for the earliest primary solely for the purpose of being first. It is not inconceivable that Nevada, having initiated the first primary would find another state changing its

election to a date prior to ours. New Hampshire, which has had a long tradition of being "first" in National primaries, has already indicated it would change its date.

Therefore, I would advise you that unless the primary date in A. B. 200 is set back to a later date closer to the election to enable our people the opportunity for studying the issues developed, I have no alternative to vetoing this Bill.

It would seem that our primary date should approximate California's. Then national candidates could consolidate campaigns thereby giving Nevada voters a far greater view of the campaign.

Respectfully,

PAUL LAXALT
Governor of Nevada

STATE OF NEVADA
EXECUTIVE CHAMBER

CARSON CITY, NEVADA, April 23, 1969

DEAR HOWARD: A. B. 792 and S. B. 542 both concerning local governments have come to my attention.

I am deeply disturbed that this legislation can result in absorption of local government without the consent of the people involved.

Specifically, I make reference to areas such as North Las Vegas, Boulder City, Henderson, Sparks, etc.

To sacrifice City Halls and Court Houses under the banner of efficiency without the vote of the people directly involved is contrary to our basic belief that the people should have a voice in the destiny of their government.

If one subscribes to the philosophy of the proposal, it is easy to project the swallowing up of less populated counties and, indeed, state houses, by others without the consent of the people directly involved.

I oppose this tendency of removing local government from the people without their consent.

On the other hand, the study aspects of this legislation are quite proper and acceptable, including consolidation of services where warranted.

Unquestionably the possible benefits and/or problems of consolidation should be examined thoroughly and then made known to the people involved.

Some have suggested there is strong feeling in many of the communities involved in favor of consolidation. If this is the case, after the facts are presented, then certainly the people will vote their approval.

I therefore respectfully request that you consider amendments of these bills which would provide for a separate approving vote of each political subdivision involved.

Without these suggested amendments I will be compelled to veto the measures.

I am sending this message before conclusion of the current legislative session in the hope that the necessary changes will be made and thus the beneficial study aspects of this bill will not be lost for two years.

Your consideration of this proposal is respectfully requested.

Sincerely,

PAUL LAXALT
Governor of Nevada

REMARKS FROM THE FLOOR

Mr. Hilbrecht requested that his remarks be entered in the Journal:

Mr. Speaker and Members of the Assembly:

We have just heard a couple of messages from the Governor's Office and I would like to direct a few brief comments to these messages which deal directly with two measures in which I have been actively participating during this session. With respect to Assembly Bill No. 200, the Presidential Primary bill, I believe it important that the Members of the Assembly know that yesterday, at approximately 10:15 a.m., I had a conference with the Governor at which time we discussed this measure. At that time the Governor expressed his only serious concern to be the possibility of a resort oriented state such as ours being unable to withstand the glare of publicity attendant to being the earliest primary in the nation. We discussed this for some time and the Governor expressed that some of the considerations I brought to bear allayed many of his fears. In the afternoon, however, I was summoned to the Governor's Office where I was presented with a telegram signed by Marshall W. Cobleigh, House Speaker of the State of New Hampshire in which he recites that if we should change our presidential primary date (evidently he is under the erroneous impression that we already have a presidential primary), they would also change theirs. I was asked by the Governor to consider this with the Elections Committee which had initially reported out Assembly Bill No. 200. With the help of Mrs. Frazzini, Vice Chairman of the committee, I polled the Members present in this House and their unanimous suggestion was that we do not recede from the date established in Assembly Bill No. 200 which would give this State a primary only one week before New Hampshire's. If the State of New Hampshire desires to make a change, that is certainly their prerogative. When I later reported to the Governor, I stated the committee's feeling that perhaps this would obviate his then only expressed objection to this measure, namely that we would be under the glare of publicity being the earliest primary in the United States, because we now had some tangible indication that ours would not be the earliest primary in the United States.

In all due respect to the Governor's remarks contained in his message to this House, I believe another consideration is very significant to the voters of Nevada: That is giving the people of this State a voice in the procedure by which a president is selected before all the decisions have already been made by the more populous states of this Union. The small states as ours have only an insignificant vote strength in the conventions and later in the actual selection of the president. If they are to have a significant voice, they must have it early, and I am sure the actions of New Hampshire in the past have indicated the significance of this factor.

Voters of America are faced with a two-pronged futility and only one is dealt with in the Governor's message. The frustration of not having any voice in the selection of delegates is only one. For a small and lightly populated area such as this, an even more significant frustration is recognizing that your vote is too small to be heard. This can only be satisfied by the forward steps suggested in Assembly Bill No. 200. I do not say that Nevada must be the first to have its voice heard, but it must be one of the first because of the fact of our sparse population and insignificant voting strength.

Furthermore, I state that retaining the present date in Assembly Bill No. 200 will have a most laudatory effect on the entire western region of the United States by virtue of giving a more precise indication of how western America feels at a far earlier date than could be had by following the Governor's suggestion. This is so because we are a very true indication of what would happen in our sister State of California, for example, with the largest population concentration in America. For these reasons I would have to suggest that the Governor reconsider the statements in his message and I would hope that another message would follow dealing with these additional very significant considerations which have been debated up and down the halls of this Legislature.

Perhaps the most objectionable feature of this bill is its introducer. I have certainly not supported the Governor in all his program, but I have attempted to do my job as a legislator and assisted those portions of the program which I felt deserved help and support. This is tangibly evidenced by the legislation I have helped to sponsor and get through committees of this House. I deeply regret that my political affiliation may have affected the Governor's actions.

I suggest before this House takes any action in connection with this message, I have an opportunity to discuss with the Governor, again, his objections to Assembly Bill No. 200.

The daily or monthly rate for the subsistence and care of committed persons shall be determined by the superintendent, if such persons are committed to the hospital, or the chief, if such persons are committed to the mental health center, and shall be payable monthly in advance. [In determining the rate to be charged the superintendent or the chief shall consider the actual cost of a patient's care and the ability of a patient to pay.] *The rate shall approximate the actual per diem cost per patient, for the class of patient care provided, for the previous fiscal year.*

2. The cost of transportation to the hospital or mental health center shall be payable with the first monthly payment.

3. The assessment of a rate less than the maximum shall not constitute a waiver to a claim for the difference between the actual rate and the maximum rate when the financial ability of responsible relatives or the estate of the committed person warrants the higher rate.

4. Previously determined payments may be decreased or increased by the superintendent or chief if adverse or favorable changes in the financial status of responsible relatives or the estate of the committed person warrant such action.

5. Rates of pay determined by the superintendent or chief may be appealed to and reviewed by the administrator of the division. After review, the administrator may modify the determination of the superintendent or chief.

6. Cost of clothing, personal needs, medical, surgical and related services which have to be purchased outside of the hospital or mental health center shall be additional charges against responsible relatives or the estate of the committed person.

7. The unused portion of advance payments shall be refundable to the source of payment in the event of the committed person's death, parole or discharge from the hospital or mental health center.

REMARKS FROM THE FLOOR

Mr. Smith requested that his remarks be entered in the Journal:

Problems of government coordination and the unnecessary burden on the taxpaying public have been clearly defined by past studies and the information made available to this session of the legislature.

We, as legislators, represent the public at large and where necessary, supply the most workable vehicle to accomplish the task at hand.

Much effort and study have gone into the development of A. B. 792 working through two previous bills, both good but unduly attacked politically.

A. B. 792, as passed by both the Assembly and Senate, is in its most pristine form. Changes, now suggested, would reduce the bill to the same category as present studies and would only further muddy the waters.

The bill provides for a totally representative committee that would have the authority to make recommendations which might include a new charter or charters, and should this occur, acceptance of the charter would be by vote of the people concerned and in the manner established by the committee.

Mr. Speaker pro Tempore announced that if there were no objections, the Assembly would recess subject to the call of the Chair.

Assembly in recess at 4:44 p.m.

MELVIN B. HOWARD, *Chairman*
NORMAN D. GLASER
LAWRENCE E. JACOBSEN
Assembly Committee on Conference

MOTIONS, RESOLUTIONS, AND NOTICES

Mr. Glaser moved that the Assembly adopt the report of the first Committee on Conference concerning Senate Bill No. 538.

Mr. Wilson moved that Mr. Glaser's motion be amended, and that the Assembly refuse to adopt the report of the first Committee on Conference concerning Senate Bill No. 538.

Remarks by Messrs. Howard, Wilson, Roy Young, Glaser, and Mrs. Brookman.

Mrs. Brookman requested that Mr. Wilson's remarks be entered in the Journal:

Mr. Speaker and Members of the Assembly:

The Senate Finance Committee, in their action on the First Conference report on Senate Bill No. 538, showed complete lack of consideration for Mr. Wynn in not concurring with the request of the Assembly Ways and Means Committee. The prior Directors of O.E.O., the late Senator Parks and The Reverend Clyde Matthews, were not cut by this same committee. Therefore, I feel that it is one of the most bigoted acts that I have ever witnessed in my 27 years in the State of Nevada. During this period of time, I have been refused service in El Capitan, the Holiday Hotel in Reno, etc., but I did not expect to ever witness this lack of consideration for any citizen of the State of Nevada.

The Senate Finance Committee has cut this man $3,500 when the cost of living is rising every day. No state employee, classified, unclassified or otherwise, has received a cut during this session. So, what does this action show? $62,107 is a federal grant which, if not used, reverts back to the federal government. Basic downright prejudice is the only reason for this cut. Hope for the Negro community in Nevada is completely lost with this action. We cannot afford the luxury of bigotry that has been perpetrated by the Senate Finance Committee. It is an injustice this state cannot afford. The same person was on the Senate Finance Committee when the other two men who served in the capacity as Director of O.E.O. were being paid and their salaries were not attacked.

I am sure that this committee does not realize the gravity of the situation that exists in our country today. The O.E.O. Director is responsible to the Governor of Nevada, is a member of the Governor's Cabinet and his activities in directing this agency have been satisfactory to the administration. Therefore, the Senate Finance Committee cannot judge the ability of Mr. Wynn in the performance of his duties as Director of O.E.O. Also, I am asking the members of this body to "Not concur" in the recommendation of the Senate Finance Committee, as stipulated in Amendment No. 25C, decreasing Mr. Wynn's salary to $11,502.

Messrs. Wilson, Frank Young, and May requested a roll call on Mr. Wilson's motion.

Remarks by Mr. Frank Young.

Roll call on Mr. Wilson's motion:

YEAS—28.

NAYS—Ashworth, Capurro, Glaser, Bryan Hafen, Howard, Jacobsen, Mello, Swackhamer—8.

Absent—Hilbrecht, Torvinen, Tyson, Webb—4.

The motion having received a majority, Mr. Speaker declared it carried.

Mr. Glaser's motion carried, as amended.

REPORTS OF COMMITTEES

REMARKS FROM THE FLOOR

Miss Foote read the following poem which Mr. Close requested be entered in the Journal:

The Nevada State Legislature in January came to town,
Many Nevadans thought we had come here to clown.

Although there was some clowning, it is true,
It had to be done to keep us from feeling blue.

The 55th session many firsts has had,
Some pretty good, some pretty bad.

I will not here judge which is bad or which is good,
And I wouldn't say now even if I could.

The first of the first in 40 years,
Found Republican leaders over their peers.

An escape artist, Bryan Hafen, we have we now note,
Between pillars, out the window, we may need a moat.

New members to the house Branch, Bryan, Capurro, Fry, Swallow, Reid,
I'm sure have learned much about welfare, school and governmental need.

An honorary member of the house these days we note,
Has been Joe Viani's Julia who has missed hardly a vote.

Lawyers, the eight, sometimes make us feel like Dumbo,
When we try to comprehend that mumbo jumbo.

The delegation from Humboldt has had mention,
Gerry and Bode, who will chair your convention?

Dog racing, medical school, abortion and teacher's salary,
We've had many a picketer sit in the gallery.

We've heard Mr. Wood say, "he's sick and tired,"
Sine die at sixty days had been desired.

We've argued, prayed and pledged the flag daily,
Been lobbied by city officials, citizens, teachers and others including Paley.

A new party-nonsectarian and non-biased political began,
The hosts Branch and Dini pleased guests to a man.

Ty, as he's known, promised remarks so brief,
And if that day comes, it will be beyond belief.

Virgil, a dairy farmer, troubled by a deafening tractor,
Says "don't worry about arsenic, it's only one factor."

Abolishing pornography and the drug problem has been Zel's thing,
This session Doug Webb has led us when we sing.

Tom Kean really, chemical businessman,
In Public Resources now helps to not the red man to ban.

Big Bad Bart leads the Washoe Delegation,
And on occasion with others has enjoyed a libation.

The town of Ely this winter got wet,
Ross Prince had legislated to see their needs were met.

Mr. Mel Close, minority leader has been,
Last time he was speaker when we were in.

Corky used to snarl and at times was mean,
But with his new molding image he can be serene.

Norman Glaser is great when on his feet,
Only by Will Rogers has he been beat.

Taxation chairman Hafen has had many meeting places,
Press table, his desk, the Nugget—just needed 9 spaces.

Dr. Homer, a celebrity, by way of a suit,
They're after him for $2,000,000 loot.

Mary Frazzini, a fine lady indeed,
Treats everyone equal is her creed.

Keith Ashworth's name on the roll comes first,
To have other votes follow, he should be well versed.

Bonding, city problems, negotiations and such,
Have given to Hal problems and hearings much.

Speaker McKissick has turned chair to Larry,
Whenever over 99 or 404 we were to tarry.

Woodrow has learned as Welfare head,
That many committee bills on the floor get killed dead.

Senior Assemblyman from Pershing and Lander, Bill,
Tries to keep spending down and funds in the State till.

Our gal Eileen, as you may know,
Stands a little short, we wish she could grow.

Art, from Henderson, did one day say,
His city needs air freshener spray.

Roy Torvinen finds lawyer bills his committee bag,
As he chairs the meeting, you'll bet it's no gag.

Frank and Roy Young, no relation we contend,
Have worked with others to plan State moneys to spend

Second from the top in Commerce, a fellow
Democrat from Sparks, named Don Mello.

Assemblyman May had bills more than nine,
He wanted introducers to sign on the line.

Austin has round the floor and halls flitted,
On bills he's interested in, he wants you committed.

The Gold Dust twins, Bryan and Reid, have been called,
Great guys, but legislative hopes many times have been stalled.

Capurro and Fry to many parties have been,
It's been said on occasion that's why they've been late getting in.

Branch and Swallow, desks side by side set,
One hates consolidation, the other wants it yet.

I've been reminded these halls are a dignified place,
The words "you got that now, dum dum" don't prove a point in case.

Yes, now, I've come to the end with a sigh,
Au revoir, hasta luego, . . . *sine die.*

Miss Foote was named Poet Laureate of the Assembly of the 55th Session.

Mr. Lowman moved that the Assembly recess until 7:30 p.m.

MOTIONS, RESOLUTIONS, AND NOTICES

Mr. Swackhamer moved that the Assembly adopt the report of the third Committee on Conference concerning Senate Bill No. 538.

Remarks by Messrs. Swackhamer, Wilson, and Fry.

Mr. Wilson requested that his remarks be entered in the Journal:

Mr. Speaker and Members of the Assembly:

I must say here that I have regretfully agreed to concur in the adoption of this amendment. After consulting with the leadership of this body and with the Governor of the State of Nevada, I have been promised that through the private sector Mr. Wynn, whose salary is involved here, will be compensated by means of a fund raising benefit in Reno or Southern Nevada. This will be instituted by myself and supported by the Governor so that this man's salary for the biennium will be subsidized.

I would like to say to this honorable body and to those who supported my stand this morning that I personally appreciate the confidence and consideration given me in this position that you took by standing with me on a principle involving a man I felt was being discriminated against for one reason and one only, that is—having been born black. I think, ladies and gentlemen, those of you that are members of this body and those who live in this fine state of ours must remember that if this type of thing can happen to this man, it can happen to me or you. I have stood on this principle because I know of problems that are confronting Americans today in this area and that we in Nevada have been blessed and yet

trying to persuade bigoted and blind men in a portion of our Legislature here, trying to tell them we do have problems and that Nevada cannot afford to jeopardize the peace that we have had in the area of race relations for many years in our state. I don't know how we are going to change this situation. Not one of the persons involved in this bigoted act has had a legitimate excuse to deny this man a salary that was set by the federal government and the appropriation for this agency, all but 20 percent of it, is a federal grant.

I want to say to you as Nevadans and as citizens of this great country of ours that until we relieve this type of thing that has happened in our body today and the Senate, by a few men on the Finance Committee that are so blind to the fact that an American, regardless of race, creed or color is an American, we are not only jeopardizing Nevada but we are jeopardizing the things that this country stands for throughout the world. In conclusion, Mr. Speaker, I want to say again that those of you of this body, in this Assembly, and the Governor of the State of Nevada have made me proud to be an American.

Motion carried.

MESSAGES FROM THE SENATE

SENATE CHAMBER, Carson City, April 24, 1969

To the Honorable the Assembly:

I have the honor to inform your honorable body that the Senate on this day passed Assembly Bill No. 698.

Also, I have the honor to inform your honorable body that the Senate on this day adopted the report of the third Committee on Conference concerning Senate Bill No. 538.

JEAN HANNA
Assistant Secretary of the Senate

UNFINISHED BUSINESS

There being no objections, the Speaker and Chief Clerk signed Assembly Bills Nos. 31, 94, 200, 269, 365, 400, 410, 465, 574, 683, 694, 720, 721, 732, 764, 777, 796; Senate Bills Nos. 155, 191, 279, 286, 298, 354, 386, 398, 466, 481, 532, 533, 534, 539, 540, 546; Assembly Concurrent Resolution No. 59; Senate Concurrent Resolutions Nos. 26, 29, 31, 32, 33.

GUESTS EXTENDED PRIVILEGE OF ASSEMBLY FLOOR

On request of Mr. Homer, the privilege of the floor of the Assembly Chamber for this day was extended to Mesdames Rita Palazzolo and John H. Homer.

REMARKS FROM THE FLOOR

Mr. Lowman requested that Mr. Speaker's remarks be entered in the Journal:

Ladies and Gentlemen:

Almost 100 years ago, in January 1871, the first session of the Nevada Legislature to meet in the newly constructed Capitol Building convened in Carson City. The excellence of its design, quality of the materials used and the beauty of the finished building attest to the superior workmanship of the craftsmen who built it.

Our stately Capitol and its history remain an inspiration and challenge to tourists and citizens of Carson City. But as the Capitol has matured in beauty, our State and its legislative requirements have also grown and outgrown the Assembly and Senate Chambers in the Capitol that have served us so well for nearly a century.

South of the Capitol, the steel and concrete skeleton of the new Legislative Building is outlined against the clear blue Nevada sky. The original target date for completion in May 1969 will not be met—it might be a little drafty to try to

move in now—but our next regular session of the Legislature in 1971 will convene in the new landmark on Carson Street. We trust the Legislative Building will see us through the next hundred years.

Since we are probably meeting for the last time in this Assembly Chamber, I thought you might be interested in some of its history.

EARLY HISTORY

On March 22, 1861, President Abraham Lincoln commissioned James W. Nye of New York as Governor of the newly created Territory of Nevada, and Orion Clemens of Iowa was appointed Territorial Secretary. Since Nye was strongly against slavery, his selection as the man to guide Nevada into statehood was a shrewd political move on Lincoln's part.

Samuel Clemens accompanied his older brother to Nevada. He remained as a reporter for the Virginia City newspaper "Territorial Enterprise." While routinely recording the often monotonous activities of the territorial legislative sessions for the Enterprise, Sam created his alter ego "Mark Twain." His satirical wisdom teeth were cut by gnawing good-humoredly upon Nevada's pioneer politicians. Mark Twain's immortality was assured when he expanded his genius for satire to poke fun at the world.

The first legislative session of the Territory of Nevada under Governor Nye's interim leadership assembled at Carson City October 1, 1861 and ended November 29, 1861. The session lasted 60 days as provided in the Organization Act of Congress. Among other actions taken at this first session of the Territorial Legislature was "An Act to Prohibit Gambling," later reinforced by "An Act to Prevent Gaming," passed on February 23, 1865 by the first session of the legislature after Nevada became a state.

I don't know who the bill drafters of those edicts were, but fortunately for our state's economic well-being, the gambling prohibition was subsequently repealed and Nevada emerged from the "Dark Ages," when Humboldt County Assemblyman Phil M. Tobin introduced the act legalizing gambling, which was approved by Governor Fred B. Balzar (a former Assemblyman) on March 19, 1931.

"An Act for the Permanent Location of the Seat of Government at Carson City" was approved November 25, 1861.

The First Legislative Assembly of Nevada Territory, in October 1861, was privileged to forward the first telegraphic communication across the continent, which read:

> "Nevada Territory, through her First Legislative Assembly, to the President and People of the United States, Greetings:
>
> "Nevada, for the Union ever true and loyal. The last born of the nation will be the last to desert the flag. Our aid, to the extent of our ability, can be relied upon to crush rebellion."

Today, when there is so much strife at home and abroad, it seems a similar expression of our patriotic loyalty and duty to our great nation would be most welcome.

Nevada is known as the "Battleborn State" since its entry into the union was a result of the Civil War and the accompanying problems. Indeed, Nevada's gold and silver enabled the federal government to maintain sufficient credit to prosecute the War Between the States to a successful conclusion.

CAPITOL

"An Act to Provide for the Erection of a State Capitol" was introduced in the Nevada State Assembly on January 20, 1869 by the Assemblyman from Esmeralda County, John S. Mayhugh. After a stormy passage through legislative waves of protest, it was finally passed by the legislators and approved by Governor H. G. Blasdel, February 23, 1869.

The First Territorial Legislature was held at Abram Curry's Warm Springs Hotel, the site of the present Nevada State Prison. The conservative nature of our early statesmen dictated Curry's Hotel as the logical meeting place, since the rent—nothing—appealed to all. From 1862 to 1869, sessions were held in the Ormsby House on the corner of Carson and 2nd Streets, where Austin's Market now stands, and in the original Ormsby County Courthouse, where the present courthouse is located.

Since 1871, when the new structure was completed, the legislators have met in the Capitol Building. Enlargement of the Capitol to its present size was initiated

March 7, 1913, when Assembly Harry Spore Winslow of Esmeralda County introduced Assembly Bill 240. This bill called for the addition of the present Senate and Assembly chambers to the original building. An appropriation of $60,000 was requested—$50,000 for construction of the two wings, $10,000 for heating and lighting systems and the furnishings. The actual contract price for the additional wings was $41,421. A completion date of July 1914 was set.

Before the additions, the Assembly chamber then encompassed our present vestibule, the meeting rooms on either side, part of the public hall, the bill supply room and the office used by our Assembly Bill Drafter, Dennis Wright.

Although the legislators had to endure cramped quarters, the proposed remodeling was not joyfully received in the Assembly. On its third reading and final passage in the Assembly it was lost 22–24. A motion was made to reconsider, and after several more days of argument and approval, the bill was sent to the Senate, where it passed by a 13–9 vote on the 60th—and last—day of the session. It was approved by Governor Tasker L. Oddie on March 26, 1913.

Mr. George A. Cole, Chief Clerk of the Assembly in 1907 and State Controller from 1915–1926, designed the rostrums that were installed in the new legislative chambers of both houses in 1913. They were constructed by The Wollaeger Mfg. Co. of Milwaukee, Wisconsin and delivered to Donnels & Steinmetz, Inc., a well-known furniture store of that era in Reno. The lower rostrums in the Assembly and Senate were moved December 27, 1966 to make room for the new larger rostrums presently being used. The Nevada State Museum is storing the 1913 rostrums until a final decision is made as to their disposition. We understand that the museum is to have custody of the Senate rostrum, while the Nevada Historical Society is to take care of the Assembly rostrum.

LINCOLN'S PORTRAIT

In 1915, Assemblyman A. L. Scott of the Lincoln County Delegation introduced Assembly Bill 86 entitled "An Act to provide for an oil painting of Abraham Lincoln for the state capitol building, in commemoration of the fiftieth anniversary of Nevada's statehood," and as a fitting memorial to honor the memory of the President who, on October 31, 1864, signed the document making Nevada the 36th state in the union "on an equal footing with the original States." The bill was unanimously passed by the Assembly, and the Senate concurred with the addition of the following amendment: "and frame for such portrait." Thereafter, "Nevada's Lincoln," painted by artist Charles M. Shean was purchased. It has erroneously been referred to as the original of the Lincoln bust on the current 5-dollar bill, but a different picture was used for that purpose.

A Special Committee was appointed in the Assembly to meet with a like committee from the Senate to plan the unveiling ceremonies. The Assembly committee reported: ". . . we recommend that the portrait be unveiled in the Assembly Chamber, March 14, next, at 3:30 p.m.; that the Senate and Assembly meet jointly for such purpose; that the Governor and all other state officers, all federal officers within the State, the ex-Governors of the State, the wives of all federal and state officials and of ex-Governors, the widows of ex-Governors, the members of the Grand Army of the Republic, Union and Confederate veterans of the Civil War, and Women's Relief Corps, be invited to participate in such exercises. . . ." Accordingly, on March 14, 1915, the unveiling took place and our "Nevada Lincoln" has since hung in a place of honor in the Assembly, a constant reminder of the reverence in which the memory of the Great Emancipator is held by the people of Nevada.

When the new Legislative Building is finished, our cherished "Nevada Lincoln" will dominate the decor of the Assembly's private lounge to be located just outside the new Assembly chambers on the first floor of the building.

LEGISLATIVE BUILDING

On April 14, 1967, the 89th day of the session, the Senate Committee on Finance introduced Senate Bill 522, which, among other things, called for an appropriation in excess of $3,000,000 to be allocated to the State Planning Board for the construction of a new Legislative Building. The new building would provide larger, better-appointed Senate and Assembly chambers, more committee rooms, private and public lounges, and offices for the year-round use of the Legislative Counsel Bureau staff. With lightning speed the measure winged its way between the two

houses, the Senate voting 19–0 and the Assembly 33–1 for passage, on the 90th—and last—day of the session. Governor Paul Laxalt approved the bill on April 25, 1967.

Coincidental similarities have attended the passage of the bills concerned with providing meeting facilities for the legislature. An Esmeralda County Assemblyman proposed a State Capitol Building in 1869. Another Esmeralda County Assemblyman introduced the 1913 remodeling bill. Both the 1913 "wing" bill and the 1967 Legislative Building bill were finally passed on the last day of those sessions and approved by the Governor within the legal time allowed after the sessions had ended.

ASSEMBLYMEN OF NOTE

The original State Constitution limited the right to vote to "white, male" citizens. In 1869, Assemblyman C. D. Hillyer of Virginia City introduced two resolutions, one deleting "white," and the other deleting "male." Boldly, he made a magnificent speech for woman suffrage, which was so well received with "round upon round of applause," it was printed in full in the Assembly Journal for that year. But the resolutions were tabled without a recorded vote. Obviously, Hillyer was ahead of his time, but his views were vindicated in 1880 when the voters agreed with the legislators of 1877 and 1879 and deleted the "white" restriction. Later, in 1914, the voters approved the legislative action of 1911 and 1913 granting the vote to women.

Assemblymen who have served our state over the years represent a variety of professions and occupations. Businessmen, attorneys, doctors, teachers, farmers, miners, athletes, actors, statesmen (and even politicians) have been elected to represent the people in the lower house, among them:

Governors Richard Kirman, Fred B. Balzar, Charles H. Russell, and Lt. Governor Ed Fike;

George Russell, State Treasurer and uncle of Governor Charles H. Russell;

U.S. Congressman Walter Baring and U.S. Senator Patrick A. McCarran (for whom McCarran Field, Las Vegas, was named);

Joe Farnsworth, our able State Printer from 1911 to 1942;

Supreme Court Justice Gordon R. Thompson and District Judge Taylor H. Wines;

University of Nevada Regents Archie C. Grant and Harold J. Jacobsen;

Nevada State Prison Warden Jack Fogliani;

Department of Motor Vehicles Director James C. Bailey;

University of Nevada athlete and attorney "Golden Toe" William J. Cashill; and

Four-termer Assemblyman Louis L. Capurro, the father of our freshman Reno Assemblyman Randall Capurro.

The names of some of our distinguished State Senators who learned the legislative ropes in the Assembly are: Ralph Lattin, Walter Cox, Warren L. Monroe, Farrell L. Seevers, James Slattery, Walter Whitacre, Henry Berrum, M. J. Christensen, Archie Pozzi, Helen Herr, Bruce Parks, James I. Gibson, Vernon Bunker, Coe Swobe, Boyd Manning, Marvin White, and Len Harris.

I would like to add to this list the following great legislators:

Keith Ashworth, Democrat, Clark County; Austin H. Bowler, Democrat, Clark County; Dave Branch, Democrat, Clark County; Eileen B. Brookman, Democrat, Clark County; Richard Bryan, Democrat, Clark County; Randall Capurro, Republican, Washoe-Storey Counties; Melvin D. Close, Jr., Democrat, Clark County; Joseph E. Dini, Jr., Democrat, Lyon County; Arthur Espinoza, Democrat, Clark County; Margie Foote, Democrat, Washoe County; Mary Frazzini, Republican, Washoe-Storey Counties; Leslie Fry, Republican, Washoe-Storey Counties; Virgil Getto, Republican, Churchill County; Norman D. Glaser, Democrat, Elko County; Bryan K. Hafen, Republican, Clark County; M. Kent (Tim) Hafen, Republican, Esmeralda-Nye Counties; Norman T. Hilbrecht, Democrat, Clark County; Dr. John H. Homer, Republican, Douglas-Ormsby Counties; Melvin B. Howard, Republican, Humboldt County; Lawrence E. Jacobsen, Republican, Douglas-Ormsby Counties; Thomas M. Kean, Republican, Washoe-Storey Counties; C. W. (Corky) Lingenfelter, Republican, Washoe-Storey Counties; Zelvin D. Lowman, Republican, Clark County; Paul W. May, Democrat, Clark County; Donald R. Mello, Democrat, Washoe County; Rawson M. Prince, Democrat, Lincoln-White Pine Counties; Harry M. Reid, Democrat, Clark County; Bart M. Schouweiler, Republican,

Washoe-Storey Counties; Hal R. Smith, Republican, Clark County; William D. Swackhamer, Democrat, Eureka-Lander-Pershing Counties; Grover Swallow, Republican, Lincoln-White Pine Counties; Roy Torvinen, Republican, Washoe-Storey Counties; Geraldine B. Tyson, Democrat, Clark County; G. Joe Viani, Democrat, Mineral County; Douglas J. Webb, Republican, Washoe County; Woodrow Wilson, Republican, Clark County; James E. Wood, Republican, Washoe-Storey Counties; Frank Young, Republican, Clark County; Roy Young, Republican, Elko County; and Howard F. McKissick, Jr., Speaker, Republican, Washoe-Storey Counties.

CONCLUSION

This resumé does not begin to cover the entire history of our Assembly chambers or of the lives, times and achievements of the men who preceded us here. It is only a humble attempt to remind us that each of us plays a part—no matter how small and insignificant it may seem—in the progress of our cities, counties, state and country. Good government is no accident. It is accomplished in direct proportion to the ability, integrity, responsibility and dedication of the representatives chosen by our people to formulate our laws. It is well that we recall these things at this moment in the history of these hallowed halls when we are perhaps assembled for the last time.

Let us then hold fast to the memory of those who went before us and, grateful that we have had an opportunity to participate in events that have taken place here, let us go forward with confidence to our new duties in our new Assembly chamber in the soon-to-be-completed Legislative Building. Let us take with us the same pioneer spirit of all the Assemblymen of the State of Nevada who have helped to shape our destiny, the willingness to enforce what is just and the courage to change what is wrong. Let us not falter in taking forward steps to insure that our Nevada people, now and in the days to come, may live in peace and contentment with each other and the people of this great United States.

Let's make the 36th star of the Union the brightest in our nation!
