WHEREAS, The combined result of the Inmate Management Plan and the Highly Intensive Supervision Training & Education Program so boldly instituted by Sheriff Kirkland and carried out by the employees of the Washoe County Consolidated Jail is an opportunity for a sense of appreciation and increased self-worth by participating inmates that increases the likelihood that the inmates will leave the Jail well-equipped to be productive members of society, thereby resulting in a reduction in the rate of criminal recidivism; now, therefore, be it

COMMUNICATIONS

MESSAGES FROM THE GOVERNOR

OFFICE OF THE GOVERNOR

CARSON CITY, NEVADA , April 2, 1999

THE HONORABLE SENATOR WILLIAM J. RAGGIO, *Majority Leader*, THE HONORABLE JOSEPH E. DINI, JR., *Speaker*

Nevada Legislature, Legislative Building, Carson City, Nevada 89701

DEAR MAJORITY LEADER RAGGIO AND SPEAKER DINI:

In the message that accompanied the return of Assembly Bill 105 of this session, I stated that I would not approve new taxes or fees that inure to the benefit of the general fund or support the general government of the state. Although this statement captures my overall position, I have been asked by various legislators to provide additional guidelines concerning which bills are subject to gubernatorial veto as a fee or tax increase. I respectfully submit to you the following criteria that I will use in making that determination:

Bills that would *not* automatically be subject to veto as a fee or tax increase would include voluntary fees (for example, for a special license plate); fees requested or supported by the group subject to the fee; fees or taxes that have been previously approved by the state legislature and are included in the state budget; or local fees or taxes that have been approved by the people or their representatives. In addition, a fee that is actually a penalty for breaking a law would not be subject to veto as a fee increase.

Please understand that these are guidelines only; there may be taxes or fees whose pertinence in a particular category may not be readily apparent. Accordingly, I invite you to contact me or my staff regarding any bill about which you have concerns or would like to know my position.

Respectfully yours,
Kenny C. Guinn
Governor

There being no objections, the Speaker and Chief Clerk signed Assembly Concurrent Resolutions Nos. 42, 43.

REMARKS FROM THE FLOOR

Assemblyman Perkins requested that the following remarks be entered into the Journal.

SPEAKER DINI:

I have a very special young man and his father here today visiting the Legislature as my guests.

Justin Thran, the 15-year old son of Bob Thran, of Wellington, has given away more money than most of his peers have ever seen. Justin is a sixth generation Nevadan on his grandmother's side and fifth generation Nevadan on his grandfather's side. Justin is in ninth grade and has been chosen as one of five Jefferson Award recipients for Nevada. The late Jacqueline Kennedy Onassis and the Honorable Robert Taft, Jr. to honor the highest ideals and achievements in public service in the United States, founded the Jefferson Awards in 1972. The Jefferson Awards honor the unique dedication, sacrifices, and accomplishments of individuals serving the American people whose acts largely have gone unrecognized and strives to attract new leadership into public service. Justin was honored for earning the Jefferson Award on KTVN Channel 2 out of Reno, on Saturday, March 27.

The latest exciting news is Justin was recently chosen to represent the State of Nevada at the national ceremonies in Washington, D.C. in June. He will be among more than 40 other nominees from around the country eligible for the Jacqueline Kennedy Onassis Award for Public Service. Of the 40 nominees, five will receive the final award, which includes a medal from the Franklin mint and $1,000.

Justin was featured in the March edition of Reader's Digest, selecting him as one of five "Heroes for Today." Just what has this young man done to receive all this recognition? Over the past five years, Justin has raised more than $20,000 for the Food Bank of Northern Nevada and other nonprofit organizations from the sale of his custom birdhouses and feeders. Justin has brought several of these special birdhouses with him today, and I know that you will be joining me today in purchasing all of them on behalf of a great cause. Justin also has a newsletter and is working on a Web site. Whew, what a busy young man.

When asked why he gives so much away, Justin answers, "I give so much money away because I have had a roof over my head, food on the table, and a caring family. I think all children should have what I have. If we don't feed these children, what will become of them in the future?"

Justin, good luck in Washington, D.C., I hear the ceremony will take place during your 16th birthday, so have a great time. I just want you to know, that you are indeed a special young man.

Please help me welcome Justin and his father, Bob, here today.

Remarks by Assemblywoman Evans.

Assemblyman Perkins requested that the following remarks be entered in the Journal.

ASSEMBLYWOMAN EVANS:

ACR 45 recognizes and congratulates the Reno Chamber Orchestra as it concludes 25 years of performing outstanding chamber music.

We who live in Nevada accept many forms of entertainment as a way of life. We sometimes take for granted the kaleidoscope of performing arts activities. Although Broadway and Hollywood music often dominate the billboards and marquees of hotels and nightspots, we dare not overlook the array of music and musical talent that reside in our communities.

In speaking about Nevada's quality of life, we acknowledge the enriching experiences of the opera, a philharmonic orchestra, and yes, a superlative chamber orchestra.

From 17th century French salons to modern times, chamber music has delighted generations of music lovers. In celebration of the silver anniversary of the Reno Chamber Orchestra, we pay tribute to the musicians who had a dream and courageously started the orchestra. We salute those who followed, giving their time and talent, and to the many volunteers and benefactors who provide resources and support services necessary to make the chamber orchestra a great success.

Clearly, leadership is an essential ingredient for success and the Reno Chamber Orchestra has had the good fortune to have the superior artistry of Maestro Vahe Khochayan.

It is altogether fitting and proper for the Nevada Legislature to pause this day and pay special tribute to the men and women of the Reno Chamber Orchestra.

Thank you for sharing your talent and for bringing joy to your listening audiences.

MESSAGES FROM THE SENATE

SENATE CHAMBER, Carson City, April 7, 1999

To the Honorable the Assembly:

I have the honor to inform your honorable body that the Senate on this day adopted Senate Concurrent Resolution No. 29.

MARY JO MONGELLI
Assistant Secretary of the Senate

MOTIONS, RESOLUTIONS AND NOTICES

Senate Concurrent Resolution No. 29.

Assemblywoman Giunchigliani moved the adoption of the resolution.

Remarks by Assemblymen Giunchigliani, Evans, Gibbons, Ohrenschall, Segerblom, Buckley, Leslie, Carpenter, Price and Mr. Speaker.

Assemblyman Perkins requested that the following remarks be entered in the Journal.

ASSEMBLYWOMAN GIUNCHIGLIANI:

Thank you, Mr. Speaker. In my mind, though I didn't have the privilege of serving with her, there are few words that could sum up Jean Ford. However, I still remember stories from my former assemblywoman, Eileen Brookman. She told me stories about working these halls with Jean and Flora Duncan and others. I think Jean was always a lady with grace and class and she was very progressive. I have to say, as a woman, to have captured what she did through women's studies and the women's history that she compiled—about what has come from this state and how progressive Nevada is regarding inclusion of gender within many of our activities—was just remarkable. None of us, as women, would be where we are today if it hadn't of been for the likes of Sue Wagner, Jean Ford, Flora Duncan, and Eileen Brookman—because they all paved the way so that we have the access we now have.

So, with few words, I would just say I support this. I don't think it goes far enough in saying what types of contributions she made, but she was a woman of broad breadth. There was no such thing as just a "woman's issue" for her. It was air quality; or it was libraries; or it was quality of life issues that affected every single family. By opening up that broad breadth, it allowed people to think that women could chair Transportation—they weren't just going to be on the Education Committee or Health Committee. That is one of the contributions Jean has left us. I would urge our body to support this resolution. Thank you, Mr. Speaker.

ASSEMBLYWOMAN EVANS:

Thank you, Mr. Speaker. I, too, rise in support of the resolution. The first time I met Jean Ford was by telephone. I did so at the behest and instruction of Sue Wagner, her colleague in the Senate, because we were working on the original domestic violence funding bill. When the first draft was finished, Senator Wagner said, "You better run this past Jean Ford, because if there is anything wrong with the bill, Jean will find it." Well, it was a very discouraging experience, because she picked the bill apart like I never anticipated. She found all kinds of faults and flaws. But, we did come out with a better piece of legislation because of her ability to spot things all the rest of us have a tendency to overlook. Indeed, she had a very keen and analytic mind. She was always willing to be helpful.

Yes, Jean was an environmentalist before the word "environmentalist" became very well known. Her work with the state parks and with our historical and cultural heritage in the state is almost unparalleled. Today, we are working with our universities, especially with women's athletics on something called "gender equity." I like to think that Jean would be proud of the efforts that are being made on that topic. Secondly, I would also think she would be pleased because Nevada, as you may have noticed, is ranked #2 in the nation in the number of women elected to its legislature.

Jean was very thoughtful and generous in helping other people. She ran campaign schools. I had the privilege of attending one of those. She did them for free, just to help others learn the ropes—what to do and how to get there. Jean, for those of us who follow in your footsteps, thank you.

ASSEMBLYWOMAN GIBBONS:

Thank you, Mr. Speaker. I rise in support of SCR 29. I knew Jean Ford. I am very thankful for Jean, for paving the way for women, like many of my colleagues who are sitting here today. I think that Jean Ford and Sue Wagner are the reasons that our legislative body looks like it does today, because they were leaders and took risks. They were risk takers. I am very thankful for women like this. I will always remember Jean Ford and very I'm very happy I still have Sue Wagner.

ASSEMBLYWOMAN OHRENSCHALL:

Thank you, Mr. Speaker. In addition to everything else that has been said about Jean Ford, I would like to add that I knew her when she was an ordinary housewife. And also when she became a displaced homemaker, when the phrase "displaced homemaker" didn't exist. She turned her life around to public service, and to setting such a wonderful example for all of us. I think it befits us to remember this, for those women still today struggling with issues of being displaced homemakers. They can take her example to heart and follow suit. Thank you.

ASSEMBLYWOMAN SEGERBLOM:

Thank you, Mr. Speaker. I rise in support of SCR 29. We toured the state parks many times with Jean, when my husband was on the State Park Commission with her in the '70s. We were very active with her when she started studying prominent Nevada women. Of course, my mother served in the legislature and she was interested in that. I rise in support of this and think we certainly miss people like Jean Ford. Thank you.

ASSEMBLYWOMAN BUCKLEY:

Thank you, Mr. Speaker. I, too, rise in support of SCR 29. It is very easy in these busy days of 120-day sessions to fail to remember people who blazed the trail for so many of us, as women legislators and as just legislators. I think it is also easy to forget the work that Jean did to preserve Nevada's history and Nevada's women's history. When I first was elected and served, I had the opportunity to go to an reenactment at the old Assembly Chambers and to view some of her work in recording and preserving Nevada history. It was excellent work that no one else seems to have the time for. If we don't take time to remember history, we are bound to repeat the mistakes that we made. So, I applaud Jean Ford for her life's work in these halls and in the state. Nevada will miss Jean Ford.

ASSEMBLYWOMAN LESLIE:

Thank you, Mr. Speaker. I, too, rise in support of this resolution. I, too, am part of the Jean Ford legacy. After the election, someone gave me a copy of her oral history, which I read page to page—all 500 pages of it. After I had read that and digested the information that was in there, about her time here during previous sessions, I almost called Mr. Perkins and said, "Can you find someone else? I don't think I can do this."

Jean Ford was a role-model and will continue to be a role-model for me and for many, many other women. About nine months before she died, she called me and asked me to facilitate a meeting of the Nevada Women's History Project—one she knew would be a very contentious meeting. I didn't want to do it, but I said yes—no one ever said no to Jean Ford. I hope to continue that legacy here and throughout my life. To her daughters, I would just like to send my condolences. She will always be remembered. Thank you.

ASSEMBLYMAN CARPENTER:

Thank you, Mr. Speaker. I, too, rise in support of SCR 29. I'd known Jean Ford for many years. She was a great supporter of rural Nevada. She was my kind of environmentalist. She wanted to preserve things but not to lock them up. I really appreciated her when I came to the Assembly because she was kind of my mentor, also. I just want to say I think her leadership is really going to be missed. Thank you.

ASSEMBLYMAN PRICE:

Thank you, Mr. Speaker. To you and through you, to our body. I am very proud to be able to stand in favor of SCR 29. I, too, was here. My first legislative session was in 1975 and Jean was here a little before I was. I had the pleasure of also serving with Jean. I can tell you that that she was as fine a legislator as we've had come through this house, in my opinion, in the 26 years I've been here, because of her forward thinking and her abilities and her love for this state and her love for this body. It was self-evident. I was also thinking about the changing of parties, as the Speaker mentioned. Again, this shows how forward thinking she was. Jean was a wonderful person, a wonderful legislator and I'm very proud to be able to be remembering and recognizing her for everything.

Mr. Speaker requested the privilege of the Chair for the purpose of making the following remarks:

I was here in 1973 when she first came to the legislature. In the 1973 through 1974 interim, I chaired a subcommittee on Legislative Reorganization and Ethics. Jean Ford was so far ahead of us all on that committee it wasn't even funny. If you knew the Assembly in 1973, you knew it was "rednecked," with a male chauvinistic attitude. A woman had trouble serving here. But she made her mark in that subcommittee report. We adopted that report in 1975, which was a prospect for greatness. It only has taken 25 years to adopt all those things which were in that report. She was really responsible for most of the progressive things that were in that report. She did a fine job.

I think she changed party and went to the Senate because, in 1977, there were 35 Democrats and 5 Republicans in the Assembly and Republicans had trouble getting their bills passed. I think she took the alternative. She left an impression in my life and my attitude towards her. She was a wonderful woman.

Resolution adopted unanimously.

The following amendment was proposed by the Committee on Judiciary:

Amendment No. 296.

Amend the bill as a whole by renumbering sections 8 and 9 as sections 9 and 10 and adding a new section designated sec. 8, following sec. 7, to read as follows:

"Sec. 8. NRS 31A.350 is hereby amended to read as follows:

31A.350 1. If a court orders a parent to obtain health insurance for his child and the parent fails to comply with the order, the enforcing authority shall mail to the parent's employer or labor organization by ~~[certified]~~ *first-class* mail, a notice requiring the employer or organization to enroll the child in the plan of health insurance provided for his employees or its members. The notice must include:

(a) The parent's name and social security number;

(b) A statement that the parent has been required by an order of the court to obtain and maintain health insurance for his child;

(c) The name, date of birth and social security number for the child; and

(d) A statement that any assistance needed to complete the enrollment of the child in a plan of health insurance may be obtained from the parents of the child and the enforcing authority.

2. Except as otherwise provided in subsection 6, no enforcing authority may mail or cause to be mailed a notice to enroll pursuant to subsection 1 unless:

(a) The enforcing authority first notifies the parent by certified mail at his last known address of:

(1) Its intent to seek enrollment of the child; and

(2) The provisions of subsection 6; and

(b) The parent fails, within 15 days after the notice is mailed, to provide written proof to the enforcing authority that:

(1) The parent has enrolled the child in a plan of health insurance required by the order of the court; or

(2) The coverage required by the order of the court was not available at a reasonable cost for more than 30 days before the date on which the notice was mailed.

3. Except as otherwise provided in this subsection, upon receipt of a notice to enroll, mailed pursuant to subsection 1, the employer or labor organization shall enroll the child named in the notice in the plan of health insurance provided for his employees or its members. The child must be enrolled without regard to any restrictions upon periods for enrollment. If more than one plan is offered by the employer or labor organization, and each plan may be extended to cover the child, the child must be enrolled in the parent's plan. If the parent's plan cannot be extended to cover the child, the child must be enrolled in the plan with the least expensive option for providing coverage for a dependent that is otherwise available to the parent, subject to the eligibility requirements of that plan. An employer, labor organization, health maintenance organization or other insurer is not required to enroll the child in a plan of health insurance if the child is not otherwise eligible to be enrolled in that plan. If the child is not eligible to be enrolled in the parent's plan of health insurance, the employer or labor organization shall notify the enforcing authority.

4. After the child is enrolled in a plan of health insurance, the premiums required to be paid by the parent for the child's coverage may be deducted from the parent's wages. If the parent's wages are not sufficient to pay for those premiums, the employer or labor organization shall notify the enforcing authority.

5. A notice to enroll sent pursuant to subsection 1 has the same effect as an enrollment application signed by the parent. No employer or labor organization may refuse to enroll a child because a parent has not signed an enrollment application.

6. If the enforcing authority:

(a) Has complied with the requirements of subsection 2 regarding a parent; and

(b) Subsequently determines that the parent:

(1) Has another employer or belongs to another labor organization; and

(2) Does not have the child enrolled in a plan of health insurance as required by the order of the court,

the enforcing authority shall, without again complying with the requirements of subsection 2, mail pursuant to subsection 1 a subsequent notice to enroll to the other employer or labor organization. Any employer or labor organization receiving such a notice shall notify the parent immediately of the receipt of that notice and comply with the provisions of this section unless, within 20 days after the notice was mailed to the employer or labor organization, the enforcing authority notifies the employer or labor organization that the parent has provided the enforcing authority with written proof that the parent has enrolled the child in a plan of health insurance required by the order of the court.

7. An employer or labor organization shall, without liability to the parent, provide to the enforcing authority, upon request, information about the name of the insurer and the number of the parent's policy of health insurance.

8. The enforcing authority may withhold wages or other income and require withholding of state tax refunds whenever the responsible parent has received payment from the third party and not used the payment to reimburse the other parent or provider to the extent necessary to reimburse the Medicaid agency.

9. The remedy provided by this section is in addition to, and is not a substitute for, any other remedy available for the enforcement of such an order.".

Amend the title of the bill, sixth line, after "disbursement;" by inserting: "revising the procedure for notifying an employer of his duty to enroll a child of his employee in a plan of health insurance as ordered by a court;".

Amend the summary of the bill to read as follows:

"SUMMARY—Revises provisions governing obligations for support of children. (BDR 3-636)".

MESSAGES FROM THE SENATE

SENATE CHAMBER, Carson City, April 7, 1999

To the Honorable the Assembly:

I have the honor to inform your honorable body that the Senate amended, and on this day passed, as amended, Assembly Bill No. 275, Amendments Nos. 183, 407, and respectfully requests your honorable body to concur in said amendments.

MARY JO MONGELLI
Assistant Secretary of the Senate

UNFINISHED BUSINESS

CONSIDERATION OF SENATE AMENDMENTS

Assembly Bill No. 275.

The following Senate amendment was read:

Amendment No. 183.

Amend section 1, page 1, by deleting lines 8 through 15 and inserting:

"*2. Before dissolving a hospital district pursuant to subsection 1, the board of county commissioners shall determine whether the proceeds from the taxes currently being levied in the district, if any, for the operation of the*

hospital and the repayment of debt are sufficient to repay any outstanding obligations of the hospital district within a reasonable period after the dissolution of the district. If there are no taxes currently being levied for the hospital district or the taxes being levied are not sufficient to repay the outstanding obligations of the hospital district within a reasonable period after the dissolution of the district, before dissolving the district pursuant to subsection 1 the board of county commissioners may levy a property tax on all of the taxable property in the district that is sufficient, when combined with any revenue from taxes currently being levied in the district, to repay the outstanding obligations of the hospital district within a reasonable period after the dissolution of the district. The allowed revenue from taxes ad valorem determined pursuant to NRS 354.59811 does not apply to any additional property tax levied pursuant to this subsection. If the hospital district is being managed by the department of taxation pursuant to NRS 354.685 to 354.725, inclusive, at the time of dissolution, the rate levied pursuant to this subsection must not be included in the total ad valorem tax levy for the purposes of the application of the limitation in NRS 361.453 but the rate levied when combined with all other overlapping rates levied in the state must not exceed $4.50 on each $100 of assessed valuation. The board of county commissioners shall discontinue any rate levied pursuant to this subsection on a date that will ensure that no taxes are collected for this purpose after the outstanding obligations of the hospital district have been paid in full.

3. If, at the time of the dissolution of the hospital district, there are any outstanding loans, bonded indebtedness or other obligations of the hospital district, including, without limitation, unpaid obligations to organizations such as the public employees' retirement system, unpaid salaries or unpaid loans made to the hospital district by the county, the taxes being levied in the district at the time of dissolution must continue to be levied and collected in the same manner as if the hospital district had not been dissolved until all outstanding obligations of the district have been paid in full, but for all other purposes the hospital district shall be deemed dissolved from the time the resolution is filed pursuant to subsection 1.

4. If the hospital district is being managed by the department of taxation pursuant to NRS 354.685 to 354.725, inclusive, at the time of dissolution, the management ceases upon dissolution but the board of county commissioners shall continue to make such financial reports to the department of taxation as the department deems necessary until all outstanding obligations of the hospital district have been paid in full.".

Amend section 1, page 2, line 1, by deleting "*3.*" and inserting "*5.*".

Amend section 1, page 2, lines 4 and 5, by deleting:

"*must be used*" and inserting:

"*and any proceeds from taxes which had been levied and received by the hospital district before dissolution, whether levied for operating purposes or*

for the repayment of debt, must be used by the board of county commissioners".

Amend the bill as a whole by renumbering sec. 2 as sec. 5 and adding new sections designated sections 2 through 4, following section 1, to read as follows:

"Sec. 2. NRS 354.59811 is hereby amended to read as follows:

354.59811 Except as otherwise provided in NRS 350.087, 354.59813, 354.59815, 354.5982, 354.5987, 354.59871, 354.705, 450.425, 540A.265 and 543.600 ~~,~~ *and section 1 of this act,* for each fiscal year beginning on or after July 1, 1989, the maximum amount of money that a local government, except a school district, a district to provide a telephone number for emergencies, or a redevelopment agency, may receive from taxes ad valorem, other than those attributable to the net proceeds of minerals or those levied for the payment of bonded indebtedness and interest thereon incurred as a general or medium-term obligation of the issuer, or for the payment of obligations issued to pay the cost of a water project pursuant to NRS 349.950, or for the payment of obligations under a capital lease executed before April 30, 1981, must be calculated as follows:

1. The rate must be set so that when applied to the current fiscal year's assessed valuation of all property which was on the preceding fiscal year's assessment roll, together with the assessed valuation of property on the central assessment roll which was allocated to the local government, but excluding any assessed valuation attributable to the net proceeds of minerals, assessed valuation attributable to a redevelopment area and assessed valuation of a fire protection district attributable to real property which is transferred from private ownership to public ownership for the purpose of conservation, it will produce 106 percent of the maximum revenue allowable from taxes ad valorem for the preceding fiscal year, except that the rate so determined must not be less than the rate allowed for the previous fiscal year, except for any decrease attributable to the imposition of a tax pursuant to NRS 354.59813 in the previous year.

2. This rate must then be applied to the total assessed valuation, excluding the assessed valuation attributable to the net proceeds of minerals and the assessed valuation of a fire protection district attributable to real property which is transferred from private ownership to public ownership for the purpose of conservation but including new real property, possessory interests and mobile homes, for the current fiscal year to determine the allowed revenue from taxes ad valorem for the local government.

Sec. 3. NRS 354.695 is hereby amended to read as follows:

354.695 1. As soon as practicable after taking over the management of a local government, the department shall, with the approval of the committee:

(l) Discharge any of the outstanding debts and obligations of the local government; and

(m) Take any other actions necessary to ensure that the local government provides the basic services for which it was created in the most economical and efficient manner possible.

2. The department may provide for reimbursement from the local government for the expenses it incurs in managing the local government. If such reimbursement is not possible, the department may request an allocation by the interim finance committee from the contingency fund pursuant to NRS 353.266, 353.268 and 353.269.

3. The governing body of a local government which is being managed by the department pursuant to this section may make recommendations to the department or the financial manager concerning the management of the local government.

4. Each state agency, board, department, commission, committee or other entity of the state shall provide such technical assistance concerning the management of the local government as is requested by the department.

5. The department may delegate any of the powers and duties imposed by this section to the financial manager appointed pursuant to paragraph (b) of subsection 1.

6. ~~[Once]~~ *Except as otherwise provided in section 1 of this act, once* the department has taken over the management of a local government pursuant to the provisions of subsection 1, that management may only be terminated pursuant to NRS 354.725.

Sec. 4. NRS 361.453 is hereby amended to read as follows:

361.453 Except as otherwise provided in NRS 354.705 ~~[,]~~ *and section 1 of this act,* the total ad valorem tax levy for all public purposes must not exceed $3.64 on each $100 of assessed valuation, or a lesser or greater amount fixed by the state board of examiners if the state board of examiners is directed by law to fix a lesser or greater amount for that fiscal year.".

"*1. The priority of a water right acquired by a person for use in a federal reclamation project is determined according to the date on which the United States appropriated water for initiation of the project. water rights vested under the law in this state before the time the United States first appropriated or otherwise acquired the water for initiation of the project. If the water right vested under the law in this state before appropriation or acquisition by the United States, the date of initiation of the water right is determined according to the date on which the water was first diverted under that appropriation or acquisition by the United States.

"Sec. 6. 1. The legislature hereby finds and declares that:

(a) Esmeralda, Lincoln and Nye counties contain species and subspecies of wildlife that have been or are likely to be declared endangered or threatened pursuant to the federal Endangered Species Act of 1973, as amended;

(b) These counties are not authorized currently to carry out programs for the preservation of endangered or threatened species or subspecies of wildlife;

(c) The declaration of species and subspecies of wildlife in Esmeralda, Lincoln and Nye counties as endangered or threatened will have a serious adverse effect on the economy of those counties and on the lifestyles of their residents; and

(d) Because a general law cannot be made applicable because of the economic and geographical diversity of these rural counties, it is necessary by special act to provide a means by which Esmeralda, Lincoln and Nye counties may promote the protection of their natural resources while simultaneously protecting their human and financial resources.

2. The board of county commissioners of Esmeralda, Lincoln or Nye County, individually or jointly by interlocal agreement, may by ordinance establish, control, manage and operate or provide money for the establishment, control, management and operation of an area or zone for the preservation of a species or subspecies of wildlife that has been declared endangered or threatened pursuant to the federal Endangered Species Act of

1973, as amended. In addition, the board of county commissioners, in cooperation with the responsible state and federal agencies, may encourage in any other manner the preservation of those species or subspecies or any species or subspecies of wildlife in the county which have been determined by the board of county commissioners to be likely to have a significant impact upon the economy and lifestyles of the residents of the county if listed as endangered or threatened, including, without limitation, the expenditure for this purpose of money collected pursuant to subsection 3 or the participation in an agreement made pursuant to NRS 503.589. The board of county commissioners may purchase, sell, exchange or lease real property, personal property, water rights, grazing permits and other interests in such property for this purpose, pursuant to such reasonable regulations as the board of county commissioners may establish. If any such property, rights or other interests are purchased from a nonprofit organization, the board of county commissioners may reimburse the organization for its cost of acquisition, not to exceed its appraised value, and any interest, carrying costs, direct expenses and reasonable overhead charges.

3. The board of county commissioners may, by ordinance, impose a reasonable fee of not more than $550 per acre on the construction of a structure or the grading of land in the unincorporated areas of the county for the expense of carrying out the provisions of subsection 2. Except as otherwise provided in this subsection, the fee must be collected at the same time and in the same manner as the fee for the issuance of a building permit collected pursuant to NRS 278.580. If a county does not issue building permits in all areas of the county, the fee must be collected before the construction of a structure or the grading of land in an area of the county in which the county does not issue building permits.

4. If a fee is imposed pursuant to subsection 3, the board of county commissioners shall create an enterprise fund exclusively for fees collected pursuant to subsection 3. Any interest or other income earned on the money in the fund, after deducting any applicable charges, must be credited to the fund. The money in the fund may only be used to pay the actual direct costs of the program or programs established pursuant to subsection 2.".

Amend the title of the bill, fourth line, after "instrumentalities" by inserting:

Assembly Bill No. 347.

Bill read third time.

Remarks by Assemblymen Bache, Von Tobel and Goldwater.

Assemblywoman Von Tobel requested that her remarks be entered in the Journal.

AB 347 does not change state water law, nor was it intended to. AB 347 represents two years of discussion and debate among well owners over how best to manage groundwater in the Las Vegas Valley. It is one more step in an ongoing process in which well owners are being asked to participate and contribute to addressing this important issue.

AB 347 addresses the two major concerns heard from well owners—declining water levels and the concern over the high cost of hooking up to a municipal system. Southern Nevada Water Authority will be allowed to perform permanent artificial recharge into the aquifer to benefit well users. The bill would also allow the Water Authority to establish a low-interest payment program to help well owners pay for the cost of connecting to a municipal water system, should they ever have to hook up. The low interest payment program is voluntary.

The issue of connection costs is a difficult one and was never intended to be resolved by this bill. I share the concerns of my constituents over these issues, particularly the issue of high connection costs and the rules governing when you do or do not have to hook up. This bill is not the place to handle those issues.

The NWOA proposed an amendment that was not acceptable to our Government Affairs Committee. Their amendment had a different purpose than the bill before us. The amendment wanted to add definitions of certain well types to statute, using this bill as a vehicle for their own purposes. The amendment also wanted to place constraints on how or when the state engineer could require someone to hook up. This also would have placed a $200 cap on the cost of connecting from a well to municipal water for any well owner, regardless of which jurisdiction they may live in. All of these amendments attempted to change state water law, but in the wrong place.

I understand and am very sympathetic to the concerns of the well owners. That is why I have been—and will continue—working with the Water Authority, the Las Vegas Water District and the NWOA to try and address the cost of hook ups. I am optimistic that we can find ways to bring the cost of hooking up closer to that of redrilling a well. If your well fails and if you are required by the state engineer to hook up, the cost of the hook up will be as close to the cost of a new well as possible. That is one goal I am working towards. It will take some time but I am committed to seeing it through and to provide some reasonable relief to any well owners who might find themselves in this position in the future. I strongly feel that AB 347 gives well owners in my district some options they would not have otherwise. None of these provisions are mandatory—they simply give well owners some options and flexibility. I ask for your support of AB 347.

I would like to inform this body of the passing April 3, 1999, of Fred Olson. Fred was a lifelong member of the Merchant Marines—a veteran Merchant Marine sailor. He and his wife Lois were very instrumental in helping all senior citizen causes; all causes dealing with residents of manufactured housing and manufactured housing parks. He was a member of the Paradise Democratic Club. He was a selfless, selfless volunteer. Our society in Las Vegas will be greatly lessened by his loss. 3. A vacancy occurring in a nonpartisan nomination after a primary election and before the second Tuesday in September must be filled by the person who received the next highest vote for the nomination in the primary.

4. The following amendment was proposed by the Committee on Taxation:

Amendment No. 659.

Amend the bill as a whole by renumbering section 1 as sec. 5 and adding new sections designated sections 1 through 4, following the enacting clause, to read as follows:

"Section 1. Chapter 463 of NRS is hereby amended by adding thereto a new section to read as follows:

1. A person who has:

(a) Been denied a license by the commission;

(b) Been found unsuitable by the commission; or

(c) Had a license or finding of suitability revoked by the commission,

shall not enter or attempt to enter into any contract or agreement with a licensee, either directly or indirectly, through any business organization under such a person's control, that involves the operations of a licensee without the prior approval of the commission. This provision does not prohibit any person from purchasing any goods or services for personal use from a licensee at retail prices that are available to the general public.

2. Every contract or agreement with a person that is subject to the provisions of subsection 1 shall be deemed to include a provision for its termination without liability on the part of the licensee. Failure to expressly include that condition in the contract or agreement is not a defense in any action brought pursuant to this section to terminate the agreement.

3. Any person, contract or agreement subject to the provisions of subsection 1 is subject to being enjoined pursuant to and in accordance with the provisions of NRS 463.346.

Sec. 2. NRS 463.165 is hereby amended to read as follows:

463.165 1. Except for persons associated with licensed corporations, limited partnerships or limited-liability companies and required to be licensed pursuant to NRS 463.530, 463.569 or 463.5735, each employee, agent, guardian, personal representative, lender or holder of indebtedness of a gaming licensee who, in the opinion of the commission, has the power to exercise a significant influence over the licensee's operation of a gaming establishment may be required to apply for a license.

2. A person required to be licensed pursuant to subsection 1 shall apply for a license within 30 days after the commission requests that he do so.

3. If an employee required to be licensed under subsection 1:

(a) Does not apply for a license within 30 days after being requested to do so by the commission, and the commission makes a finding of unsuitability for that reason;

(b) Is denied a license; or

(c) Has his license revoked by the commission,

the licensee by whom he is employed shall terminate his employment in any capacity in which he is required to be licensed and shall not permit him to exercise a significant influence over the operation of the gaming establishment upon being notified by registered or certified mail of that action.

4. A gaming licensee or an affiliate of the licensee shall not pay to a person whose employment has been terminated pursuant to subsection 3 any remuneration for any service performed in any capacity in which he is required to be licensed, except for amounts due for services rendered before the date of receipt of notice of the action by the commission. Any contract or agreement for personal services or for the conduct of any activity at the licensed gaming establishment between a gaming licensee or an affiliate of the licensee and a person terminated pursuant to subsection 3 is subject to termination. Every such agreement shall be deemed to include a provision for

its termination without liability on the part of the licensee or ~~[registered holding company]~~ *affiliate* upon a finding by the commission that the person is unsuitable to be associated with a gaming enterprise. Failure expressly to include that condition in the agreement is not a defense in any action brought pursuant to this section to terminate the agreement.

5. A gaming licensee or an affiliate of the licensee shall not, without the prior approval of the commission, enter into any contract or agreement with a person who is found unsuitable or who is denied a license or whose license is revoked by the commission , *and whose name has been placed on the list maintained pursuant to subsection 8,* or with any business enterprise *that the licensee knows or under the circumstances reasonably should know is* under the control of that person after the date of receipt of notice of the action by the commission. Every contract or agreement for personal services to a gaming licensee or an affiliate or for the conduct of any activity at a licensed gaming establishment shall be deemed to include a provision for its termination without liability on the part of the licensee or ~~[registered holding company]~~ *affiliate* upon a finding by the commission that the person is unsuitable to be associated with a gaming enterprise. Failure expressly to include such a condition in the agreement is not a defense in any action brought pursuant to this section to terminate the agreement.

6. A gaming licensee or an affiliate of the licensee shall not , *without the prior approval of the commission,* employ any person in a capacity for which he is required to be licensed, if he has been found unsuitable or denied a license, or whose license has been revoked by the commission, *and whose name has been placed on the list maintained pursuant to subsection 8,* after the date of receipt of notice of the action by the commission . ~~[, without prior approval of the commission.]~~ *Every contract or agreement for employment with a gaming licensee or an affiliate shall be deemed to include a provision for its termination without liability on the part of the licensee or affiliate upon a finding by the commission that the person is unsuitable to be associated with a gaming enterprise. Failure to expressly include such a condition in the agreement is not a defense in any action brought pursuant to this section to terminate the agreement.*

7. As used in this section, "affiliate" means a person who, directly or indirectly through one or more intermediaries, controls, is controlled by or is under common control with a licensee.

8. The board shall maintain and make available to every licensee a complete and current list containing the names of every person the commission has denied a license, who has been found unsuitable or who has had a license or finding of suitability revoked. The list must also contain the names of any business organization under the control of any such person known to the board.

Sec. 3. NRS 463.167 is hereby amended to read as follows:

463.167 1. The commission may determine the suitability, or may require the licensing, of any person who furnishes services or property to a

state gaming licensee under any arrangement pursuant to which the person receives payments based on earnings, profits or receipts from gaming. The commission may require any such person to comply with the requirements of this chapter and with the regulations of the commission. If the commission determines that any such person is unsuitable, it may require the arrangement to be terminated.

2. If the premises of a licensed gaming establishment are directly or indirectly owned or under the control of the licensee therein, or of any person controlling, controlled by, or under common control with the licensee, the commission may, upon recommendation of the board, require the application of any person for a determination of suitability to be associated with a gaming enterprise if the person:

(a) Does business on the premises of the licensed gaming establishment;

(b) Is an independent agent or does business with a licensed gaming establishment as a ticket purveyor, a tour operator, the operator of a bus program, or as the operator of any other type of casino travel program or promotion; or

(c) Provides any goods or services to the licensed gaming establishment for a compensation which the board finds to be grossly disproportionate to the value of the goods or services.

3. If the commission determines that the person is unsuitable to be associated with a gaming enterprise, the association must be terminated. Any agreement which entitles a business other than gaming to be conducted on the premises, or entitles a person other than gaming to conduct business with the licensed gaming establishment as set forth in paragraph (b) or (c) of subsection 2, is subject to termination upon a finding of unsuitability of the person associated therewith. Every such agreement must be deemed to include a provision for its termination without liability on the part of the licensee upon a finding by the commission that the person associated therewith is unsuitable to be associated with a gaming enterprise. Failure expressly to include that condition in the agreement is not a defense in any action brought pursuant to this section to terminate the agreement. If the application is not presented to the board within 30 days following demand or the unsuitable association is not terminated, the commission may pursue any remedy or combination of remedies provided in this chapter.

4. The name of any person determined to be unsuitable pursuant to this section must be included on the list required pursuant to subsection 8 of NRS 463.165.

Sec. 4. NRS 463.387 is hereby amended to read as follows:

463.387 1. State gaming license fees or taxes paid in excess of the amount required to be reported and paid may be refunded, upon the approval of the commission, as other claims against the state are paid.

2. Within 90 days after the mailing of the notice of the commission's action upon a claim for refund filed pursuant to this chapter, the claimant may bring an action against the commission on the grounds set forth in the

claim in any court of competent jurisdiction for the recovery of the whole or any part of the amount with respect to which the claim has been disallowed.

3. Failure to bring an action within the time specified in subsection 2 constitutes a waiver of any demand against the state on account of alleged overpayments.

4. *Within 20 days after the mailing of the notice of the commission's action upon a claim for refund filed pursuant to this chapter, the claimant may file a motion for rehearing with the commission. The commission must take action on the motion for rehearing within 50 days after it has been filed with the commission. If the motion for rehearing is granted, the commission's earlier action upon the claim for refund is rescinded and the 90-day period specified in subsection 2 does not begin until the commission mails notice of its action upon the claim following the rehearing.*

5. If the commission fails to mail its notice of action on a claim within 6 months after the claim is filed ~~[,]~~ *or reheard,* the claimant may consider the claim disallowed and bring an action against the commission on the grounds set forth in the claim for the recovery of the whole or any part of the amount claimed as an overpayment.

~~[5.]~~ *6.* In any case where a refund is granted, interest must be allowed at the rate prescribed in NRS 17.130 upon the amount found to have been erroneously paid from the first day of the first month following the date of overpayment until paid. The commission may in its discretion deny or limit the payment of interest if it finds that the claimant has failed to file a claim for a refund within 90 days after receiving written notification of overpayment from the board or has impeded the board's ability to process the claim in a timely manner.

~~[6.]~~ *7.* Notwithstanding the provisions of NRS 353.115, any claim for refund of state gaming license fees or taxes paid in excess of the amount required to be reported and paid, must be filed with the commission within 5 years after the date of overpayment and not thereafter.

Every such agreement shall be deemed to include a provision for its termination without liability on the part of the licensee upon a finding by the commission that the business or any person associated therewith is unsuitable to be associated with a gaming enterprise. Failure expressly to include such a condition in the agreement is not a defense in any action brought pursuant to this section to terminate the agreement.

3. Upon the receipt of:

(a) A true copy of a written lease or rental agreement pursuant to subsection 2 which evidences that the vehicle impounded by the authority pursuant to NRS 706.476 was under the care, custody or control of a lessee and not the registered owner of the vehicle; and

(b) Of the time set for the hearing; and

(c) Of his right to be represented by counsel during all phases of the proceedings.

2. The authority shall hold the vehicle until the registered owner of the vehicle appears and:

(a) Proves that he is the registered owner of the vehicle;

(b) Proves that he holds a valid certificate of public convenience and necessity;

(c) Proves that the vehicle meets all required standards of the authority; and

(d) Posts a bond in the amount of $20,000 with the ~~[administrator.]~~ *authority.*

The authority shall return the vehicle to its registered owner when the owner meets the requirements of this subsection and pays all costs of impoundment.

3. 5. The nonprofit organization will be created through a cooperative agreement in which Douglas County will participate as a member.

6. A special act is necessary to provide participation in the cooperative agreement creating the nonprofit organization, and that a general law cannot be made applicable because of the need for cooperation between public and private entities and the requirements for the preservation of the quality of water and air that are unique to the Lake Tahoe Basin.

Sec. 2. 1. Douglas County may enter into contracts and agreements with public and private entities for the purposes of creating, operating and dissolving a nonprofit organization to own, operate and maintain a coordinated transit system in the Lake Tahoe Basin.

The following amendment was proposed by the Committee on Education:

Amendment No. 665.

Amend the bill as a whole by deleting sections 1 through 3 and adding new sections designated sections 1 and 2, following the enacting clause, to read as follows:

"Section 1. NRS 386.595 is hereby amended to read as follows:

386.595 1. Except as otherwise provided in this subsection and ~~[subsection 2,]~~ *subsections 2 and 3,* the provisions of the collective bargaining agreement entered into by the board of trustees of the school district in which the charter school is located apply to the terms and conditions of employment of employees of the charter school. If a written charter is renewed, the employees of the charter school may, at the time of renewal, apply for recognition as a bargaining unit pursuant to NRS 288.160.

2. *A charter school is exempt from the specific provisions of the collective bargaining agreement that controls the:*

(a) Times of day that a teacher may work;

(b) Number of hours that a teacher may work in 1 day;

(c) Number of hours and days that a teacher may work in 1 week; and

(d) Number of hours and days that a teacher may work in 1 year.

If a teacher works more than the number of hours or days prescribed in the collective bargaining agreement, the teacher must be compensated for the additional hours or days in an amount calculated by prorating the salary for the teacher that is set forth in the collective bargaining agreement.

3. A teacher or a governing body of a charter school may request that the board of trustees of the school district and other persons who entered into the collective bargaining agreement grant a waiver from specific provisions of the collective bargaining agreement for the teacher or governing body.

~~[3.]~~ *4.* All employees of a charter school shall be deemed public employees.

~~[4.]~~ *5.* The governing body of a charter school may make all employment decisions with regard to its employees pursuant to NRS 391.311 to 391.3197, inclusive, unless the applicable collective bargaining agreement contains separate provisions relating to the discipline of licensed employees of a school.

~~[5.]~~ *6.* If the written charter of a charter school is revoked, the employees of the charter school must be reassigned to employment within the school district in accordance with the collective bargaining agreement.

~~[6.]~~ *7.* The board of trustees of a school district that is a sponsor of a charter school shall grant a leave of absence, not to exceed 6 years, to any employee who is employed by the board of trustees who requests such a leave of absence to accept employment with the charter school. After the first school year in which an employee is on a leave of absence, he may return to his former teaching position with the board of trustees. After the third school

year, an employee who is on a leave of absence may submit a written request to the board of trustees to return to a comparable teaching position with the board of trustees. After the sixth school year, an employee shall either submit a written request to return to a comparable teaching position or resign from the position for which his leave was granted. The board of trustees shall grant a written request to return to a comparable position pursuant to this subsection even if the return of the employee requires the board of trustees to reduce the existing work force of the school district. The board of trustees may require that a request to return to a teaching position submitted pursuant to this subsection be submitted at least 90 days before the employee would otherwise be required to report to duty.

~~[7.]~~ *8.* An employee who is on a leave of absence from a school district pursuant to this section shall contribute to and be eligible for all benefits for which he would otherwise be entitled, including, without limitation, participation in the public employees' retirement system and accrual of time for the purposes of leave and retirement. The time during which such an employee is on leave of absence and employed in a charter school does not count toward the acquisition of permanent status with the school district.

~~[8.]~~ *9.* Upon the return of a teacher to employment in the school district, he is entitled to the same level of retirement, salary and any other benefits to which he would otherwise be entitled if he had not taken a leave of absence to teach in a charter school.

~~[9.]~~ *10.* An employee of a charter school who is not on a leave of absence from a school district is eligible for all benefits for which he would be eligible for employment in a public school, including, without limitation, participation in the public employees' retirement system.

~~[10.]~~ *11.* For all employees of a charter school:

(a) The compensation that a teacher or other school employee would have received if he were employed by the school district must be used to determine the appropriate levels of contribution required of the employee and employer for purposes of the public employees' retirement system.

(b) The compensation that is paid to a teacher or other school employee that exceeds the compensation that he would have received if he were employed by the school district must not be included for the purposes of calculating future retirement benefits of the employee.

Sec. 2. This act becomes effective on July 1, 1999.".

Amend the bill as whole by deleting the preamble.

Amend the title of the bill to read as follows:

"AN ACT relating to charter schools; revising provisions governing the compensation of certain employees of charter schools; and providing other matters properly relating thereto.".

Amend the summary of the bill to read as follows:

Assembly Bill No. 667.

Bill read second time.

The following amendment was proposed by the Committee on Taxation:

Amendment No. 396.

Amend the bill as a whole by deleting sections 1 through 18 and adding new sections designated sections 1 through 19, following the enacting clause, to read as follows:

"Section 1. 1. Cigarette smoking presents serious public health concerns to the state and to the citizens of the state. The Surgeon General has determined that smoking causes lung cancer, heart disease and other serious diseases, and that there are hundreds of thousands of tobacco-related deaths in the United States each year. These diseases most often do not appear until many years after the person in question begins smoking.

2. Cigarette smoking also presents serious financial concerns for the state. Under certain health-care programs, the state may have a legal obligation to provide medical assistance to eligible persons for health conditions associated with cigarette smoking, and those persons may have a legal entitlement to receive such medical assistance.

3. Under these programs, the state pays millions of dollars each year to provide medical assistance for these persons for health conditions associated with cigarette smoking.

4. It is the policy of the state that financial burdens imposed on the state by cigarette smoking be borne by tobacco product manufacturers rather than by the state to the extent that such manufacturers either determine to enter into a settlement with the state or are found culpable by the courts.

5. On November 23, 1998, leading United States tobacco product manufacturers entered into a settlement agreement, entitled the "Master Settlement Agreement," with the state. The Master Settlement Agreement obligates these manufacturers, in return for a release of past, present and certain future claims against them as described therein, to pay substantial sums to the state (tied in part to their volume of sales); to fund a national foundation devoted to the interests of public health; and to make substantial changes in their advertising and marketing practices and corporate culture, with the intention of reducing underage smoking.

6. It would be contrary to the policy of the state if tobacco product manufacturers who determine not to enter into such a settlement could use a resulting cost advantage to derive large, short-term profits in the years before liability may arise without ensuring that the state will have an eventual source of recovery from them if they are proven to have acted culpably. It is thus in the interest of the state to require that such manufacturers establish a reserve fund to guarantee a source of compensation and to prevent such manufacturers from deriving large, short-term profits and then becoming judgment-proof before liability may arise.

Sec. 2. Title 32 of NRS is hereby amended by adding thereto a new chapter to consist of the provisions set forth as sections 3 to 18, inclusive, of this act.

Sec. 3. *As used in sections 3 to 18, inclusive, of this act, the words and terms defined in sections 4 to 14, inclusive, of this act have the meanings ascribed to them in those sections.*

Sec. 4. *"Adjusted for inflation" means increased in accordance with the formula for inflation adjustment set forth in Exhibit C to the Master Settlement Agreement.*

Sec. 5. *"Affiliate" means a person who directly or indirectly owns or controls, is owned or controlled by, or is under common ownership or control with, another person. Solely for the purposes of this definition, the terms "owns," "is owned" and "ownership" mean ownership of an equity interest, or the equivalent thereof, of ten percent or more, and the term "person" means an individual, partnership, committee, association, corporation or any other organization or group of persons.*

Sec. 6. *"Allocable share" has the meaning ascribed to it in section II(f) of the Master Settlement Agreement.*

Sec. 7. *"Cigarette" means any product that contains nicotine, is intended to be burned or heated under ordinary conditions of use, and consists of or contains:*

1. Any roll of tobacco wrapped in paper or in any other substance not containing tobacco;

2. Tobacco, in any form, that is functional in the product, which because of its appearance, the type of tobacco used in the filler, or its packaging and labeling, is likely to be offered to or purchased by consumers as a cigarette; or

3. Any roll of tobacco wrapped in any substance containing tobacco which, because of its appearance, the type of tobacco used in the filler, or its packaging and labeling, is likely to be offered to or purchased by consumers as a cigarette described in subsection 1.

The term includes "roll-your-own" tobacco, that is, any tobacco which because of its appearance, type, packaging or labeling is suitable for use and likely to be offered to or purchased by consumers as tobacco for making cigarettes. For the purposes of this section, 0.09 ounces of "roll-your-own" tobacco constitutes one individual cigarette.

Sec. 8. *"Manufacturer of tobacco products" means an entity that, after the effective date of this act, directly, and not exclusively through an affiliate:*

1. Manufactures cigarettes anywhere that such manufacturer intends to be sold in the United States, including cigarettes intended to be sold in the United States through an importer (except where such importer is an original participating manufacturer, as that term is defined in the Master Settlement Agreement, that will be responsible for the payments under the Master Settlement Agreement with respect to such cigarettes as a result of the provisions of subsection II(mm) of the Master Settlement Agreement and that pays the taxes specified in subsection II(z) of the Master Settlement Agreement, and provided that the manufacturer of such cigarettes does not market or advertise such cigarettes in the United States);

2. Is the first purchaser anywhere for resale in the United States of cigarettes manufactured anywhere that the manufacturer does not intend to be sold in the United States; or

3. Becomes a successor of an entity described in subsection 1 or 2.

The term does not include an affiliate of a manufacturer of tobacco products unless the affiliate itself is an entity described in subsection 1, 2 or 3.

Sec. 9. *"Master Settlement Agreement" means the settlement agreement, and related documents, entered into on November 23, 1998, by this state and leading United States manufacturers of tobacco products.*

Sec. 10. *"Participating manufacturer" has the meaning ascribed to it in section II(jj) of the Master Settlement Agreement.*

Sec. 11. *"Qualified escrow fund" means an escrow arrangement with a federally or state-chartered financial institution, that has no affiliation with any manufacturer of tobacco products and has assets of at least $1 billion where the arrangement requires the financial institution to hold the principal*

of the amount deposited in escrow for the benefit of releasing parties and prohibits the manufacturer of tobacco products which deposits the money from using, having access to or directing the use of the principal of the amount deposited except as permitted under section 17 of this act.

Sec. 12. *"Released claims" has the meaning ascribed to it in section II(nn) of the Master Settlement Agreement.*

Sec. 13. *"Releasing parties" has the meaning ascribed to it in section II(pp) of the Master Settlement Agreement.*

Sec. 14. *"Units sold" means, with respect to a particular manufacturer of tobacco products for a particular year, the number of individual cigarettes sold in this state by the manufacturer directly or through a distributor, retailer or similar intermediary or intermediaries during that year, as measured by excise taxes collected by the state on packs, or containers of "roll-your-own" tobacco, bearing the excise stamp of this state.*

Sec. 15. *The department of taxation shall adopt such regulations as are necessary to ascertain the amount of excise tax collected by the state on the cigarettes of each manufacturer of tobacco products for each year.*

Sec. 16. *A manufacturer of tobacco products that sells cigarettes to consumers in this state, directly or through a distributor, retailer or similar intermediary or intermediaries, after the effective date of this act shall do one of the following:*

1. Become a participating manufacturer and generally perform its financial obligations under the Master Settlement Agreement; or

2. Deposit into a qualified escrow fund, on or before April 15 of the year following the year in question, the following amounts as such amounts are adjusted for inflation:

(a) For the year 1999, $0.0094241 for each unit sold after the effective date of this act;

(b) For the year 2000, $0.0104712 for each unit sold;

(c) For each of the years 2001 and 2002, $0.0136125 for each unit sold;

(d) For each of the years 2003 through 2006, $0.0167539 for each unit sold; and

(e) For each of the year 2007 and each year thereafter, $0.0188482 for each unit sold.

Sec. 17. *A manufacturer of tobacco products that deposits money into escrow pursuant to subsection 2 of section 16 of this act shall receive the interest or other appreciation on the deposit as earned. The principal of the deposit may be released from escrow only under the following circumstances:*

1. To pay a judgment or settlement on a released claim brought against that manufacturer by this state or by a releasing party located or residing in this state. Money may be released from escrow under this subsection only in the order in which it was deposited into escrow and only to the extent and at the time necessary to make payments required under the judgment or settlement.

2. To the extent that the manufacturer establishes that the amount it was required to deposit into escrow in a particular year was greater than this state's allocable share of the total payments that the manufacturer would have been required to make in that year under the Master Settlement Agreement if the manufacturer had been a participating manufacturer, as such payments are determined pursuant to section IX(i)(2) of that agreement and before any of the adjustments or offsets described in section IX(i)(3) of that agreement other than the inflation adjustment, the excess must be released from escrow and revert to the manufacturer.

3. To the extent not released from escrow under subsection 1 or 2, deposits must be released from escrow and revert to the manufacturer 25 years after the date on which they were deposited.

Sec. 18. *1. A manufacturer of tobacco products that elects to deposit money into escrow pursuant to subsection 2 of section 16 of this act shall annually certify to the attorney general that it is in compliance with that subsection and with section 17 of this act. If the attorney general does not receive the annual certification, he shall mail a notice to the manufacturer. The attorney general may maintain a civil action of behalf of this state against any manufacturer of tobacco products which fails to deposit into escrow the amount required by section 16 of this act.*

2. A manufacturer of tobacco products that fails in any year to place into escrow the money required under section 16 of this act shall:

(a) Be required within 15 days to place such money into escrow as shall bring it into compliance with section 16 of this act. The court, upon a finding of a violation of subsection 2 of section 16 or section 17 of this act, may impose a civil penalty to be paid to the state general fund in an amount not to exceed 5 percent of the amount improperly withheld from escrow per day of the violation and in a total amount not to exceed 100 percent of the original amount improperly withheld from escrow.

(b) In the case of a knowing violation, be required within 15 days to place such money into escrow as shall bring it into compliance with this section. The court, upon a finding of a knowing violation of subsection 2 of section 16 or section 17 of this act, may impose a civil penalty to be paid to the state general fund in an amount not to exceed 15 percent of the amount improperly withheld from escrow per day of the violation and in a total amount not to exceed 300 percent of the original amount improperly withheld from escrow.

(c) In the case of a second knowing violation, shall be prohibited from selling cigarettes to consumers in this state, directly or through a distributor, retailer or similar intermediary, for a period to be fixed by the court not to exceed 2 years.

3. Each failure to make an annual deposit required by section 16 of this act constitutes a separate violation.

Sec. 19. This act becomes effective upon passage and approval.".

Mr. Stepman:	Who are you? What is this place?
God:	This is Heaven, Mr. Stepman.
Mr. Stepman:	No. I don't think we've ever had a car dealer.
Mr. Stepman:	Do you have any high school athletic teams I can promote and support?
God:	No.
Mr. Stepman:	Do you have a lot of parks and community centers I can support?
God:	No, we don't.
Mr. Stepman:	Do you have a children's parade that I can help develop and support?
God:	Not exactly.
Mr. Stepman:	Do you even have a DMV office?
God:	I don't think so.
Mr. Stepman:	Well tell me, are there people like my beloved wife, Billie, and my beautiful children and grandchildren up here?
God:	Not for a long time to come.
Mr. Stepman:	And what about television? Do you have TV advertising?
God:	Not so far.
Mr. Stepman:	Well, I come from a place that has such wonderful people and wonderful things.
God:	And where is this place, may I ask?
Mr. Stepman:	In Henderson, of course.

GENERAL FILE AND THIRD READING

Assembly Bill No. 380.

Bill read third time.

The following amendment was proposed by Assemblyman de Braga:

Amendment No. 638.

Amend sec. 2, page 2, by deleting lines 23 through 28 and inserting:

"*4. For the purposes of this section, a surface water right acquired by a water user in a federal reclamation project may be considered appurtenant to an entire farm, instead of specifically identifiable land within that farm, upon the granting of a permit for the change of place of use by the state engineer which designates the place of use as the entire farm. The quantity of water available for use on that farm cannot exceed the total amount as designated in the permit granted by the state engineer.*

5. As used in this section, "farm" means a tract of land under the same ownership that is primarily used for raising crops or livestock.".

Amend sec. 3, page 3, line 27, after "*3.*" by inserting:

"*Notwithstanding any specific statute to the contrary, a surface water right is not subject to a determination of abandonment if the surface water right:*

(a) Is appurtenant to land which has been converted from agricultural use to urban use; or

(b) Has been dedicated to or acquired by a water purveyor, public utility or public body.

4.".

Amend sec. 3, page 3, line 34, by deleting "4." and inserting "~~[4.]~~ *5.*".

Amend the bill as a whole by renumbering sec. 4 as sec. 5 and adding a new section designated sec. 4, following sec. 3, to read as follows:

"Sec. 4. The amendatory provisions of section 3 of this act do not apply to water rights that are under challenge in any legal or administrative proceeding on or before April 1, 1999.".

"Sec. 5. NRS 453.580 is hereby amended to read as follows:

453.580 1. A court may establish an appropriate treatment program to which it may assign a person pursuant to *subsection 4 of NRS 453.336,* NRS 453.3363 or 458.300 or it may assign such a person to an appropriate facility for the treatment of abuse of alcohol or drugs which is certified by the bureau of alcohol and drug abuse of the rehabilitation division of the department of employment, training and rehabilitation. The assignment must include the

terms and conditions for successful completion of the program and provide for progress reports at intervals set by the court to ensure that the person is making satisfactory progress towards completion of the program.

2. A program to which a court assigns a person pursuant to subsection 1 must include:

(a) Information and encouragement for the participant to cease abusing alcohol or using controlled substances through educational, counseling and support sessions developed with the cooperation of various community, health, substance abuse, religious, social service and youth organizations;

(b) The opportunity for the participant to understand the medical, psychological and social implications of substance abuse; and

(c) Alternate courses within the program based on the different substances abused and the addictions of participants.

3. If the offense with which the person was charged involved the use or possession of a controlled substance, in addition to the program or as a part of the program the court must also require frequent urinalysis to determine that the person is not using a controlled substance. The court shall specify how frequent such examinations must be and how many must be successfully completed, independently of other requisites for successful completion of the program.

4. Before the court assigns a person to a program pursuant to this section, the person must agree to pay the cost of the program to which he is assigned and the cost of any additional supervision required pursuant to subsection 3, to the extent of his financial resources. If the person does not have the financial resources to pay all of the related costs, the court shall, to the extent practicable, arrange for the person to be assigned to a program at a facility that receives a sufficient amount of federal or state funding to offset the remainder of the costs.

Sec. 6. NRS 62.211 is hereby amended to read as follows:

62.211 1. Except as otherwise provided in NRS 62.212, 62.224 ~~[and 62.2245,]~~ *, 62.2245 and 453.336,* if the court finds that a child is within the purview of this chapter it shall so decree and may:

(a) Place the child under supervision in his own home or in the custody of a suitable person elsewhere, upon such conditions as the court may determine. A program of supervision in the home may include electronic surveillance of the child. The legislature declares that a program of supervision that includes electronic surveillance is intended as an alternative to commitment and not as an alternative to probation, informal supervision or a supervision and consent decree.

(b) Commit the child to the custody of a public or private institution or agency authorized to care for children, or place him in a home with a family. In committing a child to a private institution or agency the court shall select one that is required to be licensed by the department of human resources to care for such children, or, if the institution or agency is in another state, by the analogous department of that state. The court shall not commit a female

child to a private institution without prior approval of the superintendent of the Caliente youth center, and shall not commit a male child to a private institution without prior approval of the superintendent of the Nevada youth training center.

(c) Order such medical, psychiatric, psychological or other care and treatment as the court deems to be for the best interests of the child, except as otherwise provided in this section.

(d) Order the parent, guardian, custodian or any other person to refrain from continuing the conduct which, in the opinion of the court, has caused or tended to cause the child to come within or remain under the provisions of this chapter.

(e) If the child is less than 18 years of age, order:

(1) The parent, guardian or custodian of the child; and

(2) Any brother, sister or other person who is living in the same household as the child over whom the court has jurisdiction,

to attend or participate in counseling, with or without the child, including, but not limited to, counseling regarding parenting skills, alcohol or substance abuse, or techniques of dispute resolution.

(f) Order the parent or guardian of the child to participate in a program designed to provide restitution to the victim of an act committed by the child or to perform public service.

(g) Order the parent or guardian of the child to pay all or part of the cost of the proceedings, including, but not limited to, reasonable attorney's fees, any costs incurred by the court and any costs incurred in the investigation of an act committed by the child and the taking into custody of the child.

(h) Order the suspension of the child's driver's license for at least 90 days but not more than 2 years. If the child does not possess a driver's license, the court may prohibit the child from receiving a driver's license for at least 90 days but not more than 2 years:

(1) Immediately following the date of the order, if the child is eligible to receive a driver's license.

(2) After the date he becomes eligible to apply for a driver's license, if the child is not eligible to receive a license on the date of the order.

If the court issues an order suspending the driver's license of a child pursuant to this paragraph, the judge shall require the child to surrender to the court all driver's licenses then held by the child. The court shall, within 5 days after issuing the order, forward to the department of motor vehicles and public safety the licenses, together with a copy of the order. If, pursuant to this paragraph, the court issues an order delaying the ability of a child to receive a driver's license, the court shall, within 5 days after issuing the order, forward to the department of motor vehicles and public safety a copy of the order. The department of motor vehicles and public safety shall report a suspension pursuant to this paragraph to an insurance company or its agent inquiring about the child's driving record, but such a suspension must not be considered for the purpose of rating or underwriting. The department of

motor vehicles and public safety shall not require the child to submit to the tests and other requirements which are adopted by regulation pursuant to subsection 1 of NRS 483.495 as a condition of reinstatement or reissuance after a suspension of his license pursuant to this paragraph, unless the suspension resulted from his poor performance as a driver.

(i) Place the child, when he is not in school, under the supervision of:

(1) A public organization to work on public projects;

(2) A public agency to work on projects to eradicate graffiti; or

(3) A private nonprofit organization to perform other public service.

The person under whose supervision the child is placed shall keep the child busy and well supervised and shall make such reports to the court as it may require. As a condition of such a placement, the court may require the child or his parent or guardian to deposit with the court a reasonable sum of money to pay for the cost of policies of insurance against liability for personal injury and damage to property or for industrial insurance, or both, during those periods in which he performs the work, unless, in the case of industrial insurance, it is provided by the organization or agency for which he performs the work.

(j) Permit the child to reside in a residence without the immediate supervision of an adult, or exempt the child from mandatory attendance at school so that the child may be employed full time, or both, if the child is at least 16 years of age, has demonstrated the capacity to benefit from this placement or exemption and is under the strict supervision of the juvenile division.

(k) Require the child to provide restitution to the victim of the crime which the child has committed.

(l) Impose a fine on the child. If a fine is imposed, the court shall impose an administrative assessment pursuant to NRS 62.223.

(m) If the child has not previously been found to be within the purview of this chapter and if the act for which the child is found to be within the purview of this chapter did not involve the use or threatened use of force or violence, order the child to participate in a publicly or privately operated program of sports or physical fitness that is adequately supervised or a publicly or privately operated program for the arts that is adequately supervised. A program for the arts may include, but is not limited to, drawing, painting, photography or other visual arts, musical, dance or theatrical performance, writing or any other structured activity that involves creative or artistic expression. If the court orders the child to participate in a program of sports or physical fitness or a program for the arts, the court may order any or all of the following, in the following order of priority if practicable:

(1) The parent or guardian of the child, to the extent of his financial ability, to pay the costs associated with the participation of the child in the program, including, but not limited to, a reasonable sum of money to pay for the cost of policies of insurance against liability for personal injury and

damage to property during those periods in which the child participates in the program;

(2) The child to work on projects or perform public service pursuant to paragraph (i) for a period that reflects the costs associated with the participation of the child in the program; or

(3) The county in which the petition alleging the child to be delinquent or in need of supervision is filed to pay the costs associated with the participation of the child in the program.

2. If the court finds that a child who is less than 17 years of age has committed a delinquent act, the court may order the parent or guardian of the child to pay any fines and penalties imposed for the delinquent act. If the parent or guardian is unable to pay the fines and penalties imposed because of financial hardship, the court may require the parent or guardian to perform community service.

3. In determining the appropriate disposition of a case concerning a child found to be within the purview of this chapter, the court shall consider whether the act committed by the child involved the use of a firearm or the use or threatened use of force or violence against the victim of the act and whether the child is a serious or chronic offender. If the court finds that the act committed by the child involved the use of a firearm or the use or threatened use of force or violence against the victim or that the child is a serious or chronic offender, the court shall include the finding in its order and may, in addition to the options set forth in subsections 1 and 2 of this section and NRS 62.213:

(a) Commit the child for confinement in a secure facility, including a facility which is secured by its staff.

(b) Impose any other punitive measures the court determines to be in the best interests of the public or the child.

4. Except as otherwise provided in NRS 62.455 and 62.570, at any time, either on its own volition or for good cause shown, the court may terminate its jurisdiction concerning the child.

5. Whenever the court commits a child to any institution or agency pursuant to this section or NRS 62.213, it shall transmit a summary of its information concerning the child and order the administrator of the school that the child last attended to transmit a copy of the child's educational records to the institution or agency. The institution or agency shall give to the court any information concerning the child that the court may require.

6. In determining whether to place a child pursuant to this section in the custody of a person other than his parent, guardian or custodian, preference must be given to any person related within the third degree of consanguinity to the child whom the court finds suitable and able to provide proper care and guidance for the child.".

2. The board ~~[may]~~ *shall* limit the field and scope of the operations of a licensed contractor by establishing a monetary limit on a contractor's license, and the limit must be the maximum contract a licensed contractor may undertake on one or more construction contracts on a single construction site or subdivision site for a single client. The board may take any other action designed to limit the field and scope of the operations of a contractor as may be necessary to protect the health, safety and general welfare of the public. The limit ~~[, if any,]~~ must be determined after consideration of the factors set forth in NRS 624.260, 624.263 and 624.265 ~~[.]~~ *and any other factors that the board determines are necessary to assess or project the future financial solvency of the contractor.*

3. *A licensed contractor may request that the board increase the monetary limit on his license, either on a permanent basis or for a single construction project. A request submitted to the board pursuant to this subsection must be in writing on a form prescribed by the board and accompanied by such supporting documentation as the board may require. If*

Sec. 7. NRS 624.260 is hereby amended to read as follows:

624.260 1. The board shall require an applicant *or licensed contractor* to show such a degree of experience, financial responsibility and such general knowledge of the building, safety, health and lien laws of the State of Nevada and the ~~[rudimentary]~~ *administrative* principles of the contracting business as the board deems necessary for the safety and protection of the public.

Training received in a program offered at an accredited college or university or an equivalent program approved by the board may be used to satisfy not more than 3 years of experience required pursuant to this subsection.

Assemblyman Williams moved the adoption of the resolution.

Remarks by Assemblymen Williams, Giunchigliani, Ohrenschall and Price.

Assemblyman Perkins requested that the following remarks be entered in the Journal.

ASSEMBLYMAN WILLIAMS:

Thank you, Mr. Speaker. I had the opportunity, which was one of the highlights of my life, to meet Dr. James B. McMillan some time ago, upon moving to Las Vegas. One of the things he said to me that I remember is, "For every man who lives without freedom, the rest of us must face that guilt." Dr. McMillan had such an unrelentless drive to make people's lives better. He had undaunted courage to stand up and strive for the under-served and those who were ignored in American society.

If you look at some of the negative aspects and experiences which confronted Dr. McMillan during his life, you would almost have to wonder why he dedicated his entire life to do so much for others. As a small boy growing up in Mississippi, he witnessed his mother being taken away from their home, taken into town, stripped down to her waist and beaten by the KKK. After deciding to attend the University of Michigan on a football scholarship, he left because he was assigned living quarters that were inferior to those that were assigned to the white athletes. While in the United States military, after making the rank of lieutenant, Dr. McMillan saw that the German prisoners of war were treated better than his fellow black soldiers—just another obstacle he and other black soldiers had to confront.

After moving to Las Vegas and finishing dental school, in 1954, he experienced a long delay before he was issued his license. This was after he had scored one of the highest marks on a dental exam by the Nevada Board of Dental Examiners. He was later told by Dr. Quannah McCall that the reason his license was delayed for so long was because if they issued the license he would be the first black to receive a license in dentistry in Nevada. Although he went through these things in life he still strived to help other people. In 1971, former Governor Michael O'Callaghan appointed Dr. McMillan to the Board of Dental Examiners—the same board that delayed his license some 20 years previously. One of the highlights I think we have to remember in Nevada, is that Dr. McMillan teamed up with Grant Sawyer, Hank Greenspun and others, and brokered a deal inside the Moulin Rouge Hotel in Las Vegas that desegregated the living quarters and the Strip in Las Vegas. This led to the prospering that we see in Las Vegas today.

Mr. Speaker, I have no doubt that had it not been for the courage of Dr. James B. McMillan, I would not be standing here today in these honorable Chambers. Had it not been for Dr. McMillan, this great Nevadan, life in this great state might not be as enjoyable for many people as it is today. It is with honor and pleasure that I urge my colleagues to adopt this resolution.

ASSEMBLYWOMAN GIUNCHIGLIANI:

Thank you, Mr. Speaker. I, too, rise in support of ACR 49. If I may, "Doc", how I fondly knew him, was a gentleman, always a gentleman. He had a quiet, very forceful strength, one that I wish I could adopt from time to time. As Mr. Williams said, I think he had an absolute commitment and belief in people, freedom, and civil rights. It was never what was right for him, but what was right for everybody. He taught me so much. I had the privilege of working with him as a teacher, partially during his wonderful years as a school board member, which I think he enjoyed immensely. He contributed so much to our community. Thank you for sharing him with us. Over the years, I know what kind of commitment public service takes. He was a wonderful human being and I appreciate having known him.

ASSEMBLYWOMAN OHRENSCHALL:

Thank you, Mr. Speaker. I, too, rise in support of this resolution. I represented Dr. McMillan when, as president of the NAACP, he joined in a class action suit against the Clark County Commissioners who were attempting to change the method of election of commissioners back to the old "at large" method. Had that succeeded, the African-American community would have been effectively deprived of a seat on the Clark County Commission. Even though, by that time, Dr. McMillan was established in the community and there were obviously many subtle business reprisals which could have been feared, and in fact, did occur, he did not hesitate to lead the fight. He was truly an inspiration. Thank you.

ASSEMBLYMAN PRICE:

Thank you, Mr. Speaker. I had the pleasure and honor of working with Jim, or I should say Dr. McMillan, over the years on a number of projects. I think citizens, who come to Las Vegas today and over the last few years, would never imagine how bad it really was back in the '50s when Dr. McMillan started his wonderful work. He did work for years and years, continuously. I was fortunate enough to serve on several committees and operations, including the Democratic Party, with him. He was a wonderful, wonderful person. I can tell you that our city is a lot better today than it was then. I would not say everything is perfect, but it is 99 percent better than it was when he first started his work. I am so pleased that we are honoring him today, although it is for a sad occasion. He was a wonderful Nevadan and a great Las Vegan. I am so glad we are doing this resolution in his memory.

Resolution adopted unanimously.

Assemblyman Williams moved that all rules be suspended and that Assembly Concurrent Resolution No. 49 be immediately transmitted to the Senate.

Motion carried unanimously.

By Assemblymen Giunchigliani, Anderson, Angle, Arberry, Bache, Beers, Berman, Brower, Buckley, Carpenter, Cegavske, Chowning, Claborn, Collins, de Braga, Dini, Evans, Freeman, Gibbons, Goldwater, Gustavson, Hettrick, Humke, Koivisto, Lee, Leslie, Manendo, Marvel, McClain, Mortenson, Neighbors, Nolan, Ohrenschall, Parks, Parnell, Perkins, Price, Segerblom, Thomas, Tiffany, Von Tobel and Williams; Senators Wiener, Amodei, Care, Carlton, Coffin, Jacobsen, James, Mathews, McGinness, Neal, O'Connell, O'Donnell, Porter, Raggio, Rawson, Rhoads, Schneider, Shaffer, Titus, Townsend and Washington:

Assembly Concurrent Resolution No. 50—Memorializing former Speaker of the Assembly, Berkeley L. Bunker.

WHEREAS, The members of the Nevada Legislature note with profound sorrow the passing of native Nevadan and former Assemblyman Berkeley L. Bunker on January 21, 1999; and

WHEREAS, The story of this native Nevadan began on August 12, 1906, on a farm in the Moapa Valley hamlet of St. Thomas, where Berkeley Bunker was born one of the 10 children of Martin and Helen Bunker, pioneers who settled in St. Thomas in 1877; and

WHEREAS, In the 1920s, the Bunker family relocated to Las Vegas, a railroad town with a population of just a few thousand whose future excited Berkeley Bunker as he envisioned the possibilities which he would spend most of his life helping to make reality; and

WHEREAS, After graduation from Las Vegas High School and time spent as a missionary for his church, Berkeley Bunker married his high school sweetheart, Lucille Whitehead, who was his partner for the next 55 years until her death in 1988; and

WHEREAS, Berkeley Bunker later married Della Lee, a long-time friend and native of Panaca; and

WHEREAS, Berkeley Bunker was elected to the Nevada Assembly in 1936, 1938 and 1940, serving as Speaker of the Assembly during his second term and also as Chairman of the Ways and Means Committee; and

WHEREAS, Before serving his third term as Assemblyman, Berkeley Bunker was appointed by Governor E. P. Carville to complete the term of United States Senator Key Pittman; and

WHEREAS, In 1944, Berkeley Bunker won the only Nevada seat in the United States House of Representatives; and

WHEREAS, After his career in politics, Berkeley Bunker, who did not believe in retirement, continued as co-owner of Bunker Brothers Mortuary and then as a bankruptcy trustee; and

WHEREAS, Berkeley Bunker's commitment to the community is evidenced by his membership and service in numerous organizations such as the Kiwanas Club, Rotary Club, Boy Scouts of America, American Red Cross and American Cancer Society, as well as being past President of the Las Vegas YMCA and national President of the Order of the Golden Rule; and

WHEREAS, Berkeley Bunker is survived by his beloved wife Della, his daughters, Loretta Derrick and Ann Harris, his stepson, Dr. James Lee Richards, his stepdaughter, Sharla Humphrey, his sister, Ann Shipley, as well as 22 grandchildren and 24 great-grandchildren; now, therefore, be it

RESOLVED BY THE ASSEMBLY OF THE STATE OF NEVADA, THE SENATE CONCURRING, That the members of the 70th Session of the Nevada Legislature express their heartfelt sympathy and sincere condolences to the family and friends of former Assemblyman Berkeley Bunker; and be it further

RESOLVED, That Berkeley Bunker will long be remembered with the highest regard for his integrity, sense of humor and positive outlook as well as the rich legacy of his service to the community of Las Vegas and to the State of Nevada; and be it further

RESOLVED, That the Chief Clerk of the Assembly prepare and transmit a copy of this resolution to Berkeley Bunker's family.

Assemblywoman Giunchigliani moved the adoption of the resolution.

Remarks by Assemblymen Giunchigliani, Perkins and Ohrenschall.

Assemblyman Perkins requested that the following remarks be entered in the Journal.

ASSEMBLYWOMAN GIUNCHIGLIANI:

Thank you, Mr. Speaker. Perhaps the most significant fact of this resolution is that Berkeley Bunker was not, as most of us would be, content to rest after years of his distinguished service. Lesser men would have retired to a life of ease and comfort. Yet, Berkeley Bunker continued to serve as an adviser, mentor and guide to many of us. His counsel was always wise, his advice to the point, and his commitment to his family, his community and to his God was unwaivering.

In a time of sound bites based on polling, Berkeley Bunker never would have bent to the pressure of the moment. He showed throughout his life that public life, public service, could be conducted with reasonable ideas and quiet dignity. For that, and for the guidance he gave, he will be sorely missed by me and by the many who drew from his strength.

Berkeley Bunker happened to have been my neighbor and Della, his wife, asked me to accept this on behalf of the family so that when I go home this weekend I can deliver it to her. Richard Bunker was, unfortunately, not able to be here today.

I would stop by, and seek his counsel from time to time after he suffered, unfortunately, an amputation. He still provided counsel to the members of his church any time they wanted it. He was just a wonderful person and gave a great deal to his community. He was a good family man and I just wanted to give that little background about Berkeley. The family is very, very appreciative and Della wanted me to convey that to the body for having this resolution today. Thank you.

ASSEMBLYMAN PERKINS:

Thank you, Mr. Speaker. I, too, rise in support of ACR 50. It never ceases to amaze me about this pioneer state, particularly during the time Berkeley Bunker served when it truly was a pioneer state. How could all this be accomplished by one person? How could you be elected three times to the State Assembly, serve as Speaker, get appointed to the United States Senate, go on to run successfully for the House of Representatives and still be there for your family, and for your faith? This speaks volumes of who we are as a state.

Every time I see accomplishments and activities like this, it truly humbles me to participate in this process and to think of those who came before us, and through their efforts accomplished much more than I could ever dream of accomplishing. I think we can all be proud of the accomplishments of Berkeley Bunker and be happy for the things we have today, that occurred on behalf of his efforts. Thank you, Mr. Speaker.

ASSEMBLYWOMAN OHRENSCHALL:

Thank you, Mr. Speaker. I, too, rise in support of this resolution. Berkeley Bunker was an acquaintance, but more than an acquaintance—he was a friend. It's unusual, but today we are honoring three giants of Nevada history and I've had the honor and pleasure of working with all three of them, of knowing them and being influenced by them. I met Berkeley Bunker when I was still very new to Las Vegas, many years ago. He was always there to provide help and assistance within the community; to take time to bring my son James up on Nevada history and to take him and show him all the different sites. But more than that, he was a bankruptcy trustee. When you met him in his office you had no idea you were talking to a former United States Senator and Congressman, or Speaker of the Assembly. He was a very simple man. He took the time, even though he wasn't a lawyer. He knew more bankruptcy law than, well, most of the bankruptcy bar in southern Nevada. I truly felt that he was my bankruptcy law mentor. He was always there, he always had a kind word. No question was too small for him to take the time to answer. He brought you the idea, the spirit of what bankruptcy law was about and how it could be used to help people. That, I think, sums it up. Berkeley Bunker spent his life helping people. I know that God will have judged him to be what the Bible calls "a righteous man." Thank you.

ASSEMBLYWOMAN GIUNCHIGLIANI:

Thank you, Mr. Speaker. One point I did forget to make is that when Berkley passed away, it was on the evening that the school was being dedicated in his name and I think that was one of his proudest moments. I forgot that Della had asked me to put that on the record. Quietly,

unbeknownst to him, I'd gone around the neighborhood and got a petition signed to ask the school board to go ahead and consider that. Della wound up giving the remarks that night at the school dedication. I know that it was one of his proudest moments, to have that kind of legacy. He truly was a contributor to the community. Thank you, Mr. Speaker.

Resolution adopted unanimously.

Assemblywoman Giunchigliani moved that all rules be suspended and that Assembly Concurrent Resolution No. 50 be immediately transmitted to the Senate.

Remarks by Assemblywoman Von Tobel.

Assemblyman Perkins requested that the following remarks be entered in the Journal.

ASSEMBLYWOMAN VON TOBEL:

Thank you, Mr. Speaker. Jesse Waite is the son of Herb and Pamela Sue Waite, of Logandale, Nevada. He is 15 years old and a freshman at Moapa Valley High School with a 4.0 grade point average. He's involved in sports programs offered at the high school, mainly football, basketball and baseball. In September of 1997 while attending Nat Cline Middle School he was actively looking for a worthwhile Eagle Scout project. He is a member of the National Junior Honor Society Chapter at the middle school, which encourages those students in doing acts of service for both community, school and churches in this area.

Jesse noted there was a need at the elementary school for something to be done with a vacant lot that sat on school grounds next to the playground area. It was an eyesore to those driving by the school and during those seasons where the wind gusts were heavy, the children would get sand-whipped by the wind. He went to work. He designed and landscaped a lot which measured 80 feet by 60 feet. He recruited various businesses, the Clark County School District, fellow scouts, family and friends in the community to donate supplies, money and time in the project. They dug trenches and laid piping for a watering system; leveled the ground; and planted flowers, trees and lined the lot in decorative rock. He received his honor as Eagle Scout in March of 1998 for his project. While seeing the project take shape, Jesse's Honor Society advisor submitted his project to the National Association of Secondary School Principals and in May of 1998, he was awarded the Prudential Spirit of Community Award at the middle school level and represented the State of Nevada in Washington, D.C.

While talking to the Waite family, I found out that while he was back in Washington D.C., Jesse was able to see Representative Jim Gibbons and was very much honored. My colleague who sits in front of me has given toys from her toyshop to the Waite children, who are here today. It has been a real honor for them to be here today.

Resolution adopted unanimously.

Assemblywoman Von Tobel moved that all rules be suspended and that Assembly Concurrent Resolution No. 51 be immediately transmitted to the Senate.

Motion carried unanimously.

Assemblyman Lee moved the adoption of the resolution.

Remarks by Assemblymen Lee, Chowning, Ohrenschall, Williams and Price.

Assemblyman Perkins requested that the following remarks be entered in the Journal.

ASSEMBLYMAN LEE:

Thank you, Mr. Speaker. About 25 years ago I had the fortunate opportunity to date probably the prettiest girl I had ever met in my life. Being smart enough to realize that she could take something and make something out of me, I decided to hang around and see if she would marry me. The week I turned 19 we got married and started our young family. Through that marriage I became associated with some wonderful people called relatives. On her side of the family I met a gentleman named "Uncle Jim." Jim Seastrand, at that time, had been the mayor of North Las Vegas and city councilman for quite a period of time. His daughter and I had gone to school together. She was a wonderful girl so I knew the man must be a good guy. From that point in time, Uncle Jim became my Uncle Jim. I've been able to stand back and politely clap for all the accomplishments that Jim Seastrand has done in his life. The achievements, the undertakings that almost seemed impossible, the energy this man expended to get things accomplished.

Jim spent six and a half years on the city council and after that he spent 16 years as the mayor of North Las Vegas. I think that's probably near a record. Uncle Jim loved his Father in Heaven very much and served wherever he was asked to serve. He never turned down a calling and was always there to help other people in their responsibilities in my church. His family was the most paramount thing in his life. Working with his boys, building businesses together with them, taking family vacations. I don't think Uncle Jim did anything that did not involve all his children.

Jim loved his community. North Las Vegas, was, for years, kind of a bedroom city of Las Vegas. When Jim Seastrand became mayor, it started to blossom and started to grow. We started to get some pride. North Las Vegas, in his tenure, probably tripled in size. Jim Seastrand worked with a lot of good people on the city council, people that he reached out to in the community and helped to get elected. With them, he built this great community called North Las Vegas. The last thing that Jim Seastrand worried about was himself. I don't ever recall talking to Jim Seastrand about anything he wanted. It was always for his family, his church, or for his community.

Mr. Speaker, there are men like you in this world who love their communities. I don't know if you are aware how much your communities love you. Jim Seastrand was very much admired and loved in his community. The day he decided not to run for mayor, the city didn't know what to do. They had to actually go out and find someone to take his position. It was just assumed that as long as Jim wanted to be mayor, he'd be mayor of North Las Vegas. Jim worked a lot with the Boy Scout organization—I know there are a few Scouts here. Jim was a Silver Beaver recipient and spent hours and hours working with the scouting program.

As a youth I spent a lot of time at the Boys Club. Jim was a supporter of the Boys Club in North Las Vegas. The youth of our town were always remembered when the city council had to make tough decisions. It wasn't "let's send more police out to get these guys," it was "how can we make this a better community for the youth."

Jim was Nevada's Public Official of the Year. I don't know if anyone I've ever met has had that distinction before. I think that is a distinction that is shared by very few people. That just tells you the candor, the openness and the honesty of this man and how approachable he was to good ideas to make Nevada a better place. Thank you, Mr. Speaker.

ASSEMBLYWOMAN CHOWNING:

Thank you, Mr. Speaker. I stand in support of ACR 52. Way back when, quite a few years ago, it was with Mayor Seastrand's recommendation that I was appointed to serve on the City of North Las Vegas' Planning Commission. That was before we had the new North Las Vegas. I proudly served in that capacity and I always, and to this day, appreciate that appointment and I appreciate his commitment to continue to revitalize the original North Las Vegas as well as his

commitment for the development of planned communities. We did not have planned communities in North Las Vegas before that. My heartfelt wishes go out to his lovely, dedicated, gracious wife, Rosel, whom he did cherish so much. Thank you.

ASSEMBLYWOMAN OHRENSCHALL:

Thank you, Mr. Speaker. Jim Seastrand initiated the "Make a Difference Day." He lived it. He made a difference. In addition to all the public enterprises that I had the honor of working on with him, Jim also took the time to advise me and my children in the course of doing genealogical research for the family. My most recent memories of Jim are with his wife Rosel. On many, many campaign trails she was always there with him, the support quietly there to watch over everything—to make sure everything happened as it should. They were a wonderful team together. Rosel also has made a difference. I wish to salute her too, today. Thank you.

ASSEMBLYMAN WILLIAMS:

Thank you, Mr. Speaker. I want to stand in support of ACR 52. I remember the first time I got elected, I got a call from Mayor Seastrand. At that time, I had two blocks of North Las Vegas located in my district—only two blocks. I always joked about that with him. He would always call me in and say, "Let me give you the whole spiel of the North Las Vegas plan and what we are trying to do." I would say, "Mayor, it's only two blocks." He would then say, "Yes, but every block and every person who lives in North Las Vegas is important." From that day on, I had the pleasure of working on a lot of proposals collectively with the mayor that was a collaboration with Las Vegas and North Las Vegas. He was always above board and always pleasing to work with. I would urge my colleagues to adopt this resolution.

ASSEMBLYMAN PRICE:

Thank you, Mr. Speaker. To you and through you, to this Honorable Body. I have to admit that I did not realize we were going to be honoring Jim today. This is wonderful. He was one of the most special people. We were neighbors for many years. As most of you know, I have been in North Las Vegas for about 42 years. When we first met, and Jim got elected to the city council and started working, it was obvious from day one that he was a wonderful business person and honest. I have to tell you, when he opened Vegas Village, which was the first super-store, so to speak, in North Las Vegas or Las Vegas, it was an event. It was the first really big store. I think most of us thought he was out of his mind for building this giant store down there. It turned out to be a wonderful addition to our city. I believe it was successful for the years that he ran it. He brought North Las Vegas, as has been said today, from just a neighborhood to the north, with no reputation of anything, up to a wonderful city of its own and growing. Jim has been sorely missed by many people beyond his loving family. I am so pleased to be able to be participating and voting on a resolution to honor Jim. He was a wonderful, wonderful person. We thank the family for being here.

"God's Dream"—by Thomas Clark
Dreams are they—God's dreams!
Shall we decry them and scorn them?
That men shall love one another,
That white shall call black men brother,
That greed shall pass from the marketplace,
That lust shall yield to love for the race,
That men shall meet with God face-to-face.
Dreams are they all, but shall we despise them? God's dreams!
Dreams are they –to become men's dreams!
Can we say nay as they claim us?
That men should cease from their hating,
That wars shall soon be abating,
That the glory of Kings and Lords shall pale,
That pride of dominion and power shall fail,
That love of humanity shall prevail.
Dreams are they all. But shall we despise them? God's dreams!

Dear Heavenly Father, every day we marvel at the results of Your dreams. The heavens and earth declared Your handiwork and Your creativity. Father, teach us to dream again. Teach us to dream Your dreams again. AMEN.

Pledge of allegiance to the Flag.

Assembly Concurrent Resolution No. 56—Commemorating the 150th anniversary of the first discovery of gold in Nevada and proclaiming July 17 and 18, 1999, as the Nevada Gold Sesquicentennial Celebration.

WHEREAS, The chance discovery of a few shiny metal flakes on a warm summer's day in July of the year 1849, at the mouth of a remote canyon in what is present-day Nevada, played a significant role in changing the course of the history of the American West, founded the mining industries of Nevada and contributed the economic impetus that spurred the formation of the State of Nevada; and

WHEREAS, The site of that discovery of placer gold is the site of the present-day Town of Dayton, County of Lyon, the first permanent non-Indian settlement in Nevada, the linear successor to Hall's Station, McMarlin's Station, Chinatown, Mineral Rapids and Nevada City; and

WHEREAS, The Town of Dayton was the original seat of the County of Lyon from 1861 to 1911; and

WHEREAS, The discovery of placer gold nuggets and the subsequent exploration of the arroyo now known as Gold Canyon led prospectors to the location of the hard-rock claim called, thereafter, the Comstock Lode; and

WHEREAS, Wealth recovered from the aforesaid Comstock Lode helped support the efforts of the Union in the War Between the States; and

WHEREAS, The many technical and engineering advances of the Comstock era and the wealth recovered from the Comstock Lode forever changed the course of the mining industry world-wide, and the expansion and settlement of the western United States; and

WHEREAS, The 150th Anniversary of the first discovery of gold in Nevada has come to hand and the residents of the Town of Dayton have come forth to petition recognition of this momentous event and invite all to participate in a grand celebration; now, therefore, be it

RESOLVED BY THE ASSEMBLY OF THE STATE OF NEVADA, THE SENATE CONCURRING, That the members of the 70th session of the Nevada Legislature do hereby declare that in the County of Lyon, State of Nevada, United States of America, the 17th and 18th days of the month of July in the year 1999 are officially proclaimed as the Nevada Gold Sesquicentennial Celebration; and be it further

RESOLVED, That the Chief Clerk of the Assembly prepare and transmit a copy of this resolution to the Chairman of the Lyon County Commission, the Chairman of the Nevada Gold Sesquicentennial Committee and the President of the Dayton Historical Society.

Assemblyman Dini moved the adoption of the resolution.

Remarks by Assemblymen Dini and Hettrick.

Assemblyman Perkins requested that the following remarks be entered in the Journal.

ASSEMBLYMAN DINI:

I am very proud to be here today as the Assembly representative for Dayton, Nevada, and to be able to introduce the resolution, "Commemorating the 150th Anniversary of the First

Discovery of Gold in Nevada, and proclaiming July 17 and 18, 1999, Nevada Gold Sesquicentennial."

But first, I want to give all of you fellow assembly members some background information about this resolution. I represent a real historic area in Nevada and I'm very proud of it. You will notice that at each of your desks, a brochure has been given to you with information about the Sesquicentennial and all the events that will be taking place in Dayton on July 17 and 18 to help celebrate.

According to Guy Rocha, the Nevada State Archivist, who helped put together this resolution, Gold Canyon, the precursor of Dayton has the distinction of being the first permanent, non-Indian settlement in the western Utah Territory, now known as Nevada. A few months ago there was a debate by my distinguished colleague from Douglas County and the people of Dayton, on whether Genoa or Dayton was the oldest settlement. That argument will probably go on for perpetuity. According to pioneer John Reese's memoirs, the nearest white man, a man in Gold Canyon who had a trading post, wintered there in 1850 in a kind of small dug-out. The man who lived in Gold Canyon was nick-named Virginia and it was after him that Virginia City was named. This settlement grew and prospered and by the spring of 1851 as many as 200 miners had joined James "Old Virginny" Finney in the pursuit of gold.

By 1856, the community was generally known as "Chinatown" because of the large Chinese population reworking the placer deposits. On November 3, 1861, the town residents voted to rename the community Dayton, in honor of surveyor John Day. Shortly thereafter, the First Nevada Territorial Legislature designated Dayton the county seat of Lyon County. This was until we burned the courthouse down in 1911 and moved it to Yerington. That is still a bone of contention in Dayton.

There were also many successful Italian settlements around Dayton. When news of the gold and silver strikes reached Italy, Italians came to Nevada. Some of them worked in the industries that served the mines such as lumbering, transportation of supplies, and retail trade. However, the most attractive occupation to the Italians was agriculture. They produced vegetables, dairy products, wheat, hay, and grain. Virginia City provided a market that was nearby for their crops. The Italian farmers eventually moved to Mason and Smith Valleys, producing potatoes, alfalfa, and grain; and raising hogs and dairy cattle.

Nevada had a prominent citizen in its early days, who was Mark Twain. He spent 34 months in Nevada which were occupied by mining, writing, and making a name for himself. After about a month spent in Carson City, he went south to the Esmeralda to buy claims for himself and his brother, Orion. On returning to Carson City, he clerked for the Territorial Legislature's first session in October and November. In December he began a prospecting expedition to the Humboldt district to the north. In April, when he went back to Esmeralda and lived at Aurora until September, he made his most serious efforts at mining and began writing his "Josh" letters to the Virginia City "Territorial Enterprise." After this newspaper offered him a position, he walked 130 miles to Virginia City to join the Enterprise staff in late September. And the rest you know. About four months later, he began using "Mark Twain" as his pen name. During his residence in Nevada, he came to know most of the territory's leading journalists, businessmen, and political leaders, building friendships that would help him later.

Now, that we all know a little bit more about the Comstock Mining Era in Nevada, I would hope that you would support us on this resolution. We have a wonderful array of people from Dayton who are putting this celebration together. I wanted everyone to know the great history we have here in western Nevada, especially in my district. Thank you, Madam Speaker pro Tempore.

ASSEMBLYMAN HETTRICK:

Thank you, Madam Speaker pro Tempore. I, too, rise in support of ACR 56. I was pleased to hear the Speaker acknowledge that there is some debate about the oldest settlement. We do agree that that is probably a matter of interpretation. Certainly, we are proud to be in a debate with a community such as Dayton. We are not concerned with who ultimately wins, but recognize that this is a meritorious resolution and we rise in support. Thank you very much.

Motion carried unanimously.

Assemblyman Dini moved that all rules be suspended and that Assembly Concurrent Resolution No. 56 be immediately transmitted to the Senate.

Motion carried unanimously.

By Assemblymen Price, Anderson, Angle, Arberry, Bache, Beers, Berman, Brower, Buckley, Carpenter, Cegavske, Chowning, Claborn, Collins, de Braga, Dini, Evans, Freeman, Gibbons, Giunchigliani, Goldwater, Gustavson, Hettrick, Humke, Koivisto, Lee, Leslie, Manendo, Marvel, McClain, Mortenson, Neighbors, Nolan, Ohrenschall, Parks, Parnell, Perkins, Segerblom, Thomas, Tiffany, Von Tobel and Williams; Senators Raggio, Amodei, Care, Carlton, Coffin, Jacobsen, James, Mathews, McGinness, Neal, O'Connell, O'Donnell, Porter, Rawson, Rhoads, Schneider, Shaffer, Titus, Townsend, Washington and Wiener:

WHEREAS, Richard Kenneth McNeel is survived by his beloved wife, Karen, his sons Richard and James, his daughter, Jennifer Fitzpatrick, his five brothers, James, Charles, Clark, Bill and Bobby, and his three sisters, Shirley Ahlke, Hazel Mabry and Rachel Brandon; now, therefore, be it

Assemblyman Price moved the adoption of the resolution.

Remarks by Assemblymen Price and Dini.

Assemblyman Perkins requested that the following remarks be entered in the Journal.

ASSEMBLYMAN PRICE:

Thank you. It's obviously with some sadness, but I'm honored, to be able to be talking about Richie today. Richie had a lot of firsts in his life. We were neighbors for many years when he first started. I would say that Richard was probably one of the early Republicans that I associated myself with. We were neighbors and as the resolution indicates, Richie came to our local union from Beaumont, Texas. I can tell you, when he came there were not too many Republican electricians. That has changed. He was the very first, starting right out with our union. He was extremely active and an excellent and beloved member.

Then he went on to become the assemblyman from our district, District 17, as the resolution indicates. I forgot about this, but he was the first Republican assemblyman ever elected from that district. He was an excellent legislator and probably would still be here, except he did make the decision to run for the Senate and did happen to lose the Senate race that year. He went on to become our Labor Commissioner, as indicated and was certainly a very good one. He was also Vice-President of the North Las Vegas Republican Club. He helped build the Republican Club to some degree. There weren't too many Republicans when Richie first started.

We were saddened at the loss of Richard. I'm so pleased to have his family with us today, some of whom I haven't seen in a long time. I urge we adopt this resolution.

ASSEMBLYMAN DINI:

Thank you, Madam Speaker pro Tempore. I have to rise in support of the resolution. I had the honor of serving with Richard in the 1979 session. He was a good legislator. He brought a lot of knowledge concerning labor issues, and much to the chagrin of the Republican leadership at that time, did not always vote with the leadership on labor issues. At that time, there was a lot of debate on those issues. I know he did a good job after the Governor appointed him Labor Commissioner. I have fond memories of my association with him in the 1979 session.

Resolution adopted unanimously.

Assemblyman Price moved that all rules be suspended and that Assembly Concurrent Resolution No. 57 be immediately transmitted to the Senate.

Motion carried unanimously.

By Assemblymen Price, Anderson, Angle, Arberry, Bache, Beers, Berman, Brower, Buckley, Carpenter, Cegavske, Chowning, Claborn, Collins, de Braga, Dini, Evans, Freeman, Gibbons, Giunchigliani, Goldwater, Gustavson, Hettrick, Humke, Koivisto, Lee, Leslie, Manendo, Marvel, McClain, Mortenson, Neighbors, Nolan, Ohrenschall, Parks, Parnell, Perkins, Segerblom, Thomas, Tiffany, Von Tobel and Williams; Senators Raggio, Amodei, Care, Carlton, Coffin, Jacobsen, James, Mathews, McGinness, Neal, O'Connell, O'Donnell, Porter, Rawson, Rhoads, Schneider, Shaffer, Titus, Townsend, Washington and Wiener:

Assemblyman Price moved the adoption of the resolution.

Remarks by Assemblymen Price, Perkins, Chowning, Collins and Dini.

Assemblyman Perkins requested that the following remarks be entered in the Journal.

ASSEMBLYMAN PRICE:

Thank you. I'm honored to be speaking on this resolution but, of course, saddened by the passage of our former member. Art and I actually came to southern Nevada at pretty much the same time. He got there a little bit—about a year—before I did. It was a few years later when we first became acquaintances and worked together from time to time when he was with the bank. However, we worked together more frequently during the time period when he was the director of the Las Vegas Water District.

As the resolution indicates, Art was one of the first of Hispanic background who served with us in the Assembly. He kind of led the way. We've had others follow him, from the Henderson area, also, in fact. He did a lot of work, as the resolution indicates—working with the poor, the elderly, and many different organizations.

I will later on be introducing some of his family. I would urge the passage of ACR 58.

ASSEMBLYMAN PERKINS:

Thank you, Madam Speaker pro Tempore. As a native of Henderson, I grew up around the legend of Art Espinoza. There are a number of landmarks there in his memory and honor. His accomplishments are very well spelled out by the resolution. I, too, stand in favor of ACR 58. We've lost a lot of our compatriots and we memorialize them every legislative session; it still never ceases to amaze me the talent we have in this state. I think Art was one of those people that we can emulate and use as a model. Thank you.

ASSEMBLYWOMAN CHOWNING:

Thank you, Madam Speaker pro Tempore. I, too, stand in support of ACR 58. When I was a young girl in Henderson, I knew of Mr. Espinoza. His reputation throughout the years for his commitment for supplying housing to low income members of our state was well recognized and is something we all need to emulate. He was a model citizen and certainly a mentor for whom I am proud to stand and honor today. My condolences go to his family and I thank you.

ASSEMBLYMAN COLLINS:

Thank you, Madam Speaker pro Tempore. I also rise in support of ACR 58. I came to southern Nevada in 1951 and shortly thereafter we wound up in Henderson with my grandparents. This was when Henderson was small enough where I could ride my bicycle all the

way around the whole city, from the triangle in the south to the railroad tracks at the north end of town. My grandpa and grandma, who I lived with, talked very highly of Mr. Espinoza and the good things he was doing for folks there. I wanted to rise in support of this resolution as well, just from the good things I have heard from the folks who raised me and told me about the good things he did for the folks in that community. Thank you.

ASSEMBLYMAN DINI:

Thank you, Madam Speaker pro Tempore. I'd like to rise in support of the resolution. I guess when you get to be an "old timer," you're the only one that remembers having served with a fellow. We did serve two sessions together and he was a very fine legislator. Art served on the Commerce Committee and with his banking experience was a real strong member of that committee as well as the Taxation Committee. We all became friends.

In those days, Henderson was a little city and it was kind of like North Las Vegas—they were orphans in the Clark County picture. Now, they are the second largest city in the state and I can't say that anymore. At that time, they were part of the cow county delegation and sometimes we went out together and had a little chat about government and what we could do to make it better. I enjoyed working with Art all those years. He was a real fine man. We certainly want to send our condolences to the family. We appreciated his service in this Chamber.

Resolution adopted unanimously.

Assemblyman Price moved that all rules be suspended and that Assembly Concurrent Resolution No. 58 be immediately transmitted to the Senate.

Motion carried unanimously.

Madam Speaker pro Tempore announced that if there were no objections, the Assembly would recess subject to the call of the Chair.

MESSAGES FROM THE SENATE

SENATE CHAMBER, Carson City, April 30, 1999

To the Honorable the Assembly:

I have the honor to inform your honorable body that the Senate on this day adopted Senate Concurrent Resolution No. 36.

MARY JO MONGELLI
Assistant Secretary of the Senate

MOTIONS, RESOLUTIONS AND NOTICES

Senate Concurrent Resolution No. 36.

Assemblywoman Parnell moved the adoption of the resolution.

Remarks by Assemblymen Parnell, Gibbons, Segerblom and Mr. Speaker.

Assemblyman Perkins requested that the following remarks be entered in the Journal.

ASSEMBLYMAN PARNELL:

Thank you, Mr. Speaker. Thelma Calhoun was a Carson City mover and shaker. She was one of the major forces behind the establishment of the Nevada Arts Council. I have been told,

though, that probably her greatest legacy is that of the Carson City Brewery Arts Center. Without her leadership, commitment and work, the old brewery building would not have been saved nor would there be an arts center.

Thelma was undoubtedly one of the best artists in the entire state. Her wonderful depictions of Carson City and Virginia City historical buildings are especially memorable. Each of her artworks is a joy to behold. She was always very involved with Carson City community affairs. When I moved here in 1976, I remember reading Thelma Calhoun's name in the paper—daily. She really was everywhere. I've heard her described as a character, but in fact she was really one of the true leaders of Carson City. She was a woman well ahead of her time. I know she is missed by her family; but even those of us who did not have the opportunity to know her personally feel the loss of her dynamic and creative force. Thank you, Mr. Speaker.

ASSEMBLYWOMAN GIBBONS:

Thank you, Mr. Speaker. I rise in support of SCR 36. Thelma Calhoun was the greatest friend anyone could ever have. She was really a character, one of those macho women that I admire and try to be like. Shirley Dale, sitting at my desk as a guest, was also a friend of Thelma's and came to sit with me to honor Thelma. We certainly miss her. She had many accomplishments and paved the road for others. If anyone in the Legislature did anything she didn't like, she would call you and complain. Thank you.

ASSEMBLYWOMAN SEGERBLOM:

Thank you, Mr. Speaker. I rise in support of SCR 36, recognizing Thelma Calhoun. I knew her as a wonderful artist who helped preserve Nevada in art. She was a fine artist and I hope you'll all go over to the Brewery Arts Center and see her art that is there. Thank you, Mr. Speaker.

Mr. Speaker requested the privilege of the Chair for the purpose of making the following remarks:

In 1975, we had an art show here where she presented her paintings. I was very fortunate to have bought a painting of Jobe's Peak that she did. It is a beautiful painting; it's in my dining room and has been there since 1975. It is a great remembrance of her. She was really active around here too, in those days.

Resolution adopted unanimously.

WHEREAS, The deep passion R. Guild Gray had for Nevada became apparent to the world in the books he authored, including *The Treble V*, a story containing the history and legends of cattle ranchers in northeastern Nevada, and *Nature Sings*, a collection of Gray's poetry and photographs of the Great Basin filled with his reflections on life and death; and

Are those who sing at daily toil,

With pride in goodly works well done.

Assemblyman Dini moved the adoption of the resolution.

Remarks by Assemblymen Dini, Marvel and Price.

Assemblyman Perkins requested that the following remarks be entered in the Journal.

ASSEMBLYMAN DINI:

Thank you, Madam Speaker pro Tempore. I rise in support of this resolution honoring a man who I consider one of the greatest friends I ever had in my life. He probably was responsible for me being where I am today. I remember in 1936—I was just a little kid, about seven years old—Yerington defeated Las Vegas for the state championship. We only had two divisions then—there was six man football and football. In Yerington, at that time, there were probably 800 people in the whole valley, let alone the city, which only had a couple of hundred people living in it.

They were tough kids in those days. I had a couple of cousins on that team, a couple of Italian boys that made good. We had a really outstanding athlete that Jim coached: John Polish. He was an historical guy in Yerington athletics. He held every record in our school and went to the University of Nevada where he was an outstanding football, track, and basketball player.

Enough of that spirited debate of who won the ball game. I think it was 9 to 0, by the way.

I ran across Jim when he came back to Yerington. Of course, in the meantime, he had married Lola Maionchi, which is an Italian name, too. The Maionchi family is an old family of Yerington farmers. I probably met Lola when I was a young boy going to Catholic church several generations ago.

I met Jim in the 1945-46 school year when he came back as the principal of the high school. That was before we had the Peabody Plan. Each little area had their own school district, so Yerington had its own school district and we had about five or six country schools that operated as independent schools. In 1945 it was war time and Walter Cox was editor of the *Mason Valley News*. He had a policy to send a newspaper free to any serviceman from Lyon County. He needed a sportswriter. I was recruited by Jim to become a sportswriter because I was writing sports for the high school newsletter. Every Wednesday morning he would come to see me in class and if I didn't have my story ready for the *Mason Valley News* he would say, "Maybe you ought to come to the office and take care of this job of yours of getting this story out." I would get the story out and he would edit it and make it so it was grammatically proper; thank God. We had a really close relationship.

A couple of us wanted to take trigonometry and with a small school of only 100 kids, the possibility of having a teacher that could teach trig was slim to none. He said, "If you guys want to take trig, I'll teach it to you." Twice a week we went to his office and he taught us trig. That was the kind of dedicated man he was. He would work with you and he worked to make sure you had a good education. He was a great disciplinarian. You didn't cross Jim Bailey. One thing about it, he would yell at you good and straighten you out.

I graduated from high school and he quit the job in Yerington. He went to the University and became the track coach when I was a freshman. Jake Lawlor needed a manager for the basketball team and I'd been the manager in Yerington for athletics in high school. I had wanted to be an athlete, but wasn't, so I was a manager. He told Jake that I was the best manager around and he ought to hire me. So I went up there and met Jake Lawlor. We made a deal and he hired me as the basketball manager on Jim Bailey's recommendation. So, I was always honored and privileged to know Jim Bailey and how he had thought highly of me.

He was here at the legislature during one of my first sessions in 1967. He came back to the legislature after serving previously. He was dedicated. He was in state government, in business, and had a wonderful career and life. He lived to a old age. I know I missed him this year at our "Old Timer's" Day. He was here two years ago for "Old Timer's" Day and we sat and reminisced. He would ask me about some of the people in Yerington and how they were doing—he remembered them all. It is my privilege to have known Jim Bailey. He was a great man, a great educator, a dedicated Nevadan, and dedicated American. I want to relay my condolences to the family on this great loss. I know it's a great loss. It's a privilege to have them here with me today.

ASSEMBLYMAN MARVEL:

Thank you, Madam Speaker Pro Tempore. It is a pleasure and I'm delighted that the Speaker had this resolution introduced. I probably knew Jim Bailey, maybe, before the Speaker did. We both had roots in the Battle Mountain area when I was growing up. Of course, Jim was a living legend at the University of Nevada. Around the ATO house he was quite a legend. It is such a pleasure, today, to be able to introduce myself and reintroduce myself to members of the family. Jim still has roots in Battle Mountain and it's a pleasure when you see young Jim there, who's a chip off the old block. He even has the same nose that Jim had. Then of course, there is Kathy, who I've met for the first time today.

Jim was the director of the Department of Motor Vehicles. It is just such a pleasure that Nevada had a man like Jim to serve in these hallways and in the legislature, and also to do the job that he did for the State of Nevada with DMV. So, may I say to the family, you can certainly be proud of the legacy that Jim left with us. We certainly offer you our condolences.

ASSEMBLYMAN PRICE:

Thank you, Madam Speaker pro Tempore. I did not have the opportunity to know Jim as well as the previous speakers, but I had had occasion to talk and visit with him over the years. He was one of the legislators who served in our only annual session. When I was going through that list, we visited and he certainly seemed, from my perspective, as fine a gentleman as has been described. I am honored that we are honoring his memory today.

Resolution adopted unanimously.

Assemblyman Dini moved that all rules be suspended and that Assembly Concurrent Resolution No. 62 be immediately transmitted to the Senate.

Motion carried unanimously.

MOTIONS, RESOLUTIONS AND NOTICES

Senate Concurrent Resolution No. 38.

Assemblyman Goldwater moved the adoption of the resolution.

Remarks by Assemblymen Goldwater, Evans, Buckley, Segerblom and Price.

Assemblyman Perkins requested that the following remarks be entered in the Journal.

ASSEMBLYMAN GOLDWATER:

Thank you, Mr. Speaker. It is a pleasure to rise in support of this resolution. We say so many wonderful things about people posthumously that it's a pleasure to recognize the good deeds and the life accomplishments of someone while they are still living with us, and, in fact, sitting at my desk.

Jim Rogers was my first baseball coach when I was little, seven or eight years old. I have to tell you that Coach Rogers was a tough coach. Of course, I was worse at baseball than I am at basketball. I will give you a little anecdote about Coach Rogers. He stuck me in left field. Of course, at that time, the infield was where the action was because eight-year-olds really can't hit the ball into the outfield. There was one kid at bat who could probably get it there, though. Coach Rogers felt this kid was going to hit the ball to me. I didn't want that to happen, but he made me face that grim reality. He walked out on to the field and told me, "David, you better catch this ball." Of course, I was horrified, terrified. My therapist has a number of things to say about that particular incident. But the kid hit me the ball and I shut my eyes and caught it and felt good about myself.

Some of my fondest memories of childhood happen to be from Coach Rogers, who took the time to coach baseball well before he was able to participate philanthropically in this way. He used to take the kids and shove us into the back of his pickup truck and take us down to the Sahara Coffee Shop, which wasn't too far away. He would buy us all ice cream sundaes. That was one of the best things we could do.

He has a wonderful family. His son Perry is a very, very good friend of mine. He has a couple of daughters, very lovely young ladies. Perry is recognized nationally in the area as a sports agent and he's also a television producer.

Coach Rogers additionally has something in common with me. My father's law partner was Louis Wiener. My father and Lou Wiener were very close. In fact, that's what got my father from Reno to Las Vegas. Lou Wiener, of course, is the father of Senator Valerie Wiener. Lou Wiener was incredibly philanthropic. He used to say, "The only reason to make money is to give it away. And to give it away with a warm hand." Unfortunately, my father didn't do the "make it" part, but he did do the "give it away" part. Mr. Rogers did the "make it" part and the "give it away" part. It's probably uncomfortable for him to even be recognized in this way because he has given it away with such a warm hand and it is worthwhile to recognize him for these gestures, for these gifts, for being a great man, a great father, a great coach, a great citizen, a leader in business, a leader in industry, and a leader in his profession. It's worthwhile to make these remarks, it's worthwhile to recognize these things and I hope the Assembly can concur with me in recognizing Coach Jim Rogers.

ASSEMBLYWOMAN EVANS:

Thank you, Mr. Speaker. I, too, rise in support of SCR 38. As some of you know, in my real life I'm affiliated with the University system and the actual work I do there is called "development." This is a fancy way of saying fundraiser. We look for funds to support the institutions, scholarships, research programs, our libraries, and, yes, even capital construction. I feel very lucky because I get to work with many wonderful benefactors. It is one thing to work hard and accumulate wealth. It is quite another to give that wealth away. It requires vision, a certain temper of mind and a generous heart. So, I thank Mr. Rogers for his generosity and his caring spirit. You are not only helping our institutions, you are setting an example for many other benefactors to come, we hope. Thank you for your wonderful legacy.

ASSEMBLYWOMAN BUCKLEY:

Thank you, Mr. Speaker. I, too, rise in support of SCR 38. As a lawyer in the state, I know very well of Jim's reputation as a fine lawyer and a fine entrepreneur and television manager. I graduated from UNLV, as an undergraduate, and the University of Arizona Law School. Since the founding of our own law school at UNLV, I have worked with the dean on public service programs where the first year law students are actually teaching classes in divorce law, housing law, small claims court law, to folks who can't afford attorneys. When I look at work like this, it would not be possible to have our own law school, to offer such great public service programs without benefactors. I think Mr. Goldwater is right. There are plenty of folks who make it but there are few folks that turn around and say, "How can I better improve? How can I give back to folks who have given to me?" I rise in support of this resolution, with special thanks for the commitment to the new law school here and to my alma mater, which I feel gave me a good start which allows me to contribute to this state. Thank you.

ASSEMBLYWOMAN SEGERBLOM:

Thank you, Mr. Speaker. I rise, too, in support of SCR 38. We've never had such a generous Nevadan as Jim Rogers. Because of his long friendship with Louis Wiener and his business association with Louis Wiener, he recently made a great donation to the Boulder Dam Museum, which, of course, I am always talking about. We are very thankful for that. Louis Wiener, Cliff Jones, and Howard Canon briefly owned the Boulder Dam Hotel and Jim Rogers can tell a great story about that. They bought it on a handshake.

Because of Mr. Rogers and his generous donation to us, we were able to finish one of the exhibits. I hope that you all will help us finish another one from our bill, if you remember it. Thank you, Mr. Rogers, for being such a generous donator to us.

ASSEMBLYMAN PRICE:

Thank you, Mr. Speaker. To you and through you, to this Honorable Body. I'm particularly pleased to be talking here today because when I first saw the resolution I thought it was because Jim had left us for the great above. I only realized after reading it a couple of times that we were honoring him as we should on many occasions, while he is still here to appreciate it. I, like others, have the pleasure of knowing about his dedication to the community. I further had the pleasure of working for many years with his father, long before I met Jim. His father was head

of the electrical operations out at the Nevada Test Site for many years and later on at the phone company.

We have all heard of the wonderful deeds and the great community services that Jim has done. If my memory serves me correct, were you the first station to use helicopters? Yes. I remember it was always neat to see a helicopter coming down and landing on top of the studios.

We thank you for every thing that you have done for the State of Nevada and Clark County. Many organizations are indebted to you. Thank you.

Remarks by Assemblymen Ohrenschall, Manendo, Buckley, Price, Chowning, Bache and Segerblom.

Assemblyman Price requested that the following remarks be entered in the Journal.

ASSEMBLYWOMAN OHRENSCHALL:

Thank you, Mr. Speaker. Fred Olson was a 19-year resident of Las Vegas. He, together with his wife Lois, was the example of what you would call an informed, concerned citizen. He understood that all people were his brothers and sisters and that he was responsible in some way for their welfare and benefit. In the time that he lived in Las Vegas, he became—with his wife—a spokesman for mobile home problems for seniors. He was on the advisory committee of the Las Vegas Valley Water District and helped to bring about the legislation which allows mobile home parks to have individual water meters. This allowed for a more just way for people who live in mobile home parks to pay for their water.

He had been at the forefront of the fight against the discrimination seniors and people with limited income face frequently. It is the sort of discrimination you do not see on the surface because it doesn't have a big banner headline. It simply amounts to, "Well, if you can't afford this because you made a bad choice in life when you retired, tough." He recognized that this was discrimination and that it should end for these people. He was out there battling this. He was inspired by his wife, Lois, who was his team captain. Together they were unconquerable. I know his wife will continue the great tradition that they had together. Nevada has lost a great man in losing Fred. Thank you.

ASSEMBLYMAN MANENDO:

Thank you, Mr. Speaker. I, too, rise in support of ACR 64. Fred Olson was a great man. He was a great leader within the community. He was a personal friend of mine. When I first decided to run for office, he said, "You know, we need more young people in there. If this is something you want to do and you want to serve the people, then you have to go for it. Don't look back, and fight." I think if we look back at all the things he did with the Paradise Democratic Club and the seniors and the people who lived in manufactured homes, his leadership will never be forgotten. I am proud to stand in honor of this resolution.

ASSEMBLYWOMAN BUCKLEY:

Thank you, Mr. Speaker. I, too, rise in support of ACR 64. Fred Olson was a great man. It's so difficult in this day and age to continue to be an activist year after year, fighting for something you believe in when sometimes it feels like you aren't getting anywhere. Fred continued to do that until his dying day. There is something special about someone who begins activism at an early age and continues well into their 70s. Fred Olson was one of those activists. Nevada will be worse off by not having him around.

ASSEMBLYMAN PRICE:

Thank you, Mr. Speaker. I am honored to rise to honor Fred Olson. I can't even remember how many years I knew Fred. He was exactly as we've been saying here today: a person who was a real community activist who worked on problems regardless of how tough they looked. He would eventually gain in them. His interests were in the "little people," so to speak. He was a wonderful person, he and his wife both. As I indicated, I am honored for us to be honoring Fred, but I am certainly saddened at his passing. We in the Paradise Democratic Club and many of the other organizations he was a part of will sorely miss Fred.

ASSEMBLYMAN CHOWNING:
Thank you, Mr. Speaker. I, too, rise in support of ACR 64. I was proud to have known Mr. Olson and his wonderful wife, Lois. They both served as role models and I am very honored to stand in support of him and all the activist work he did. I hope that when I am his age I will be remembered as a role model and continue to fight for the right things being done.

ASSEMBLYMAN BACHE:
Thank you, Mr. Speaker. I, too, rise in support of ACR 64. Fred Olson and his wife Lois were friends of mine. He will be sorely missed as far as the various Democratic clubs and various issues he was involved in. I always appreciated the input he gave me on mobile home, senior, and health insurance issues. He truly was concerned about everyone and will be sorely missed. Thank you.

ASSEMBLYWOMAN SEGERBLOM:
Thank you, Mr. Speaker. I rise, too, in support of ACR 64. He was a real friend of senior citizens. We will miss him in Seniors United. He and Lois kept us going much of the time. We miss him dearly. Thank you.
