*Rescuing America's children from prostitution*

AB 380

Ladies and Gentlemen,

I am Dr. Lois Lee, the founder & President of Children of the Night in Los Angeles. Children of the Night is a privately funded 24 bed home featuring an on-site school for children ages 11-17 who are victimized by prostitution.

New York provides 9 beds for girls and young women trying to escape prostitution and Atlanta provided 6 beds through their Department of Probation.

Just last week a Christian organization opened a home for 5 girls in North Carolina.

Nevada embarrassingly lacks programs for girls of any situation or age. Nevada is the only state in the Union without a YWCA – a foundation for girls programs.

Prostitution has risen to be the most prominent characteristic of Las Vegas, even more prominent than gambling. In fact, most Americans believe prostitution is legal in Las Vegas.

AB 380 is an obvious step in the right direction to begin to address the plight of young women and children victimized by prostitution with no where to turn for help.

*Rescuing America's children from prostitution*

The library at the Clark County Juvenile Detention Center for Girls is in desperate need of GED testing, college preparation and national college directory books.

The passage of AB380 is a step in the right direction to provide funds and opportunities for girls who find themselves trapped in prostitution here in the state of Nevada. Listed below are the books needed to further the education and opportunities of Las Vegas girls detained in Juvenile Detention for purposes of prostitution.

Children of the Night has already donated 2 large boxes of girls' novels as well as 2 large boxes of videos and CDs for entertainment purposes. **For \$555.40, Nevada could equip the Girl's Clark County Juvenile Detention Center library with the materials needed for high school and college prep.**
