**APPROVED REGULATION OF THE
STATE BOARD OF EDUCATION**

LCB File No. R063-22

Filed September 28, 2022

EXPLANATION – Matter in *italics* is new; matter in brackets [~~omitted material~~] is material to be omitted.

AUTHORITY: §§ 1-4, NRS 388G.590.

A REGULATION relating to education; requiring a large school district to provide annual training on certain topics; requiring a large school district and a local school precinct to develop and follow certain procedures relating to the selection of teachers; revising provisions relating to the dispute resolution process of a large school district; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law requires the reorganization of any school district which has more than 100,000 pupils enrolled in its public schools. (NRS 388G.500-388G.810) Existing law requires the State Board of Education to adopt such regulations as it deems necessary and appropriate to carry out the provisions relating to the reorganization of large school districts. (NRS 388G.590)

Section 2 of this regulation requires a large school district to provide annual, mandatory training to certain parties on existing law and regulations relating to the reorganization of such a district. **Section 2** requires that such training be approved by the Superintendent of Public Instruction or his or her designee and that any training materials be made available on the Internet website of the large school district.

Existing law designates each school within a large school district as a local school precinct. (NRS 388G.600) Existing law requires the superintendent of schools of a large school district to transfer to each local school precinct the authority to carry out certain responsibilities, including the authority to select teachers for the precinct, to direct supervision of precinct staff and to take certain necessary disciplinary actions. (NRS 388G.610)

Section 3 of this regulation establishes when a teacher is considered to be “in good standing” for the purposes of selection for a local school precinct. A teacher is in good standing if he or she holds a valid license, has received a certain performance rating under the statewide performance evaluation system established by the Board, has no active discipline in his or her personnel file, has had fewer than 10 absences for reasons other than documented medical reasons during the last school year and is not prohibited by law from being so employed.

Section 3 requires a large school district to provide each principal of a local school precinct access to the electronic human resources system of the school district which allows each principal seeking to fill a vacant position to create and view a list of all licensed teachers who are employed by the school district and eligible to fill the vacant position. The list must include,

without limitation, the contact information of each teacher and a designation of whether each teacher is in good standing.

Section 3 establishes when a teacher is considered to be a “substitute teacher” for the purposes of that section. A teacher is considered a substitute teacher if he or she: (1) holds an endorsement as a substitute teacher in early childhood education through grade 12 on a special license or a provisional special license issued after he or she completes at least 60 semester hours of credit from an accredited college or university or possesses an associate’s degree or higher degree from an accredited college or university; and (2) does not hold any additional valid license to teach elementary or secondary education, pupils in a program of early childhood education, special education or middle school or junior high school education.

Section 3 requires the principal of a local school precinct to select teachers who meet the needs of the precinct according to its plan of operation and pursuant to existing law and authorizes a principal to select for the precinct: (1) teachers who are not in good standing if the principal determines the selection is necessary to carry out the plan of operation for the local school precinct; and (2) substitute teachers for the precinct only if the principal determines the selection is necessary to carry out the plan of operation for the local school precinct, complies with all provisions of the plan of operation relating to staffing, does not engage in discrimination when making the selection and complies with certain procedures established by the large school district.

Section 3 requires a large school district to establish procedures for the selection of a substitute teacher by the principal of a local school precinct. Such procedures must include, without limitation, requirements that each principal: (1) demonstrate and retain records documenting that the principal has selected teachers in good standing to the greatest extent possible; (2) demonstrate and retain records documenting all reasons, pursuant to the plan of operation for the local school precinct, that a teacher in good standing was not selected, if such a teacher was available, excluding financial savings as a reason; (3) actively monitor each substitute teacher who has been selected to fill a vacancy at the precinct; and (4) ensure that a person holding a special license as an emergency substitute teacher fills a vacancy only if a licensed teacher or substitute teacher is not available.

Section 3 permits a large school district to place a teacher in good standing at a local school precinct in a position which is vacant or for which a substitute teacher was selected only if the principal of the precinct fails to demonstrate that teachers in good standing have been selected at the precinct to the greatest extent possible.

Section 3 requires a large school district to provide a biannual report to the Board which includes, for each vacancy at a local precinct for which a substitute teacher was selected: (1) the number of teachers in good standing and not in good standing who were available to be selected; (2) the number of teachers in good standing and not in good standing who were interviewed; (3) all reasons that a teacher in good standing was not selected for the vacancy; and (4) all justifications used for selecting a substitute teacher for the vacancy.

Existing law requires the principal of each local school precinct to establish an organizational team which, among other duties, provides assistance and advice to the principal regarding the plan of operation for the precinct. (NRS 388G.700, 388G.720, 388G.740) Existing regulations require the board of trustees of a large school district to establish a dispute resolution process to address certain issues relating to a member of such an organizational team. (NAC 388G.100) **Section 4** of this regulation requires the board of trustees of a large school district to also establish a dispute resolution process for any other disputes arising out of existing law and

regulations governing reorganization. **Section 4** also requires a large school district to bear the actual cost of the dispute resolution process, including, without limitation, the expense of and compensation for hearing officers and any other financial burden related to consequences imposed for noncompliance with existing law and regulations.

Section 1. Chapter 388G of NAC is hereby amended by adding thereto the provisions set forth as sections 2 and 3 of this regulation.

Sec. 2. 1. A large school district shall, at least annually, provide mandatory training on the provisions of this section, NRS 388G.500 to 388G.810, inclusive, NAC 388G.100 to 388G.140, inclusive, and section 3 of this regulation to:

- (a) All voting members of the board of trustees of the large school district;**
- (b) The superintendent of schools of the large school district;**
- (c) All members of the cabinet of the superintendent of schools, if any;**

- (f) Any person who is a member of an organizational team of a local school precinct within the large school district.**

2. The training provided pursuant to subsection 1 must be approved by the Superintendent of Public Instruction or his or her designee before delivery. Upon such approval, any training materials must be made available on the Internet website of the large school district.

Sec. 3. 1. ~~The principal of a local school precinct:~~

~~(a) Shall select teachers for the local school precinct pursuant to subsection 2 of NRS 388G.610 who, as determined by the principal, meet the needs of the local school precinct pursuant to the plan of operation for the local school precinct.~~

~~(b) May select teachers for the local school precinct who are not in good standing if the principal determines that the selection of such a teacher is necessary to carry out the plan of operation for the local school precinct.~~

~~(c) May select substitute teachers for the local school precinct only if the principal:~~

The list must include, without limitation, the contact information of each teacher and a designation of whether each teacher is in good standing.~~

~~3. A large school district shall establish procedures for the selection of a substitute teacher by the principal of a local school precinct. Such procedures must include, without limitation, requirements that each principal:~~

~~(b) Demonstrate and retain records documenting all reasons, pursuant to the plan of operation for the local school precinct, that a teacher in good standing was not selected, if such a teacher was available for selection. For the purposes of this paragraph, a principal may not use financial savings as a reason not to select a teacher in good standing.~~

~~(c) Actively monitor each substitute teacher who was selected to fill a vacancy at the local school precinct.~~

~~(d) Ensure that a person holding a special license as an emergency substitute teacher issued pursuant to NAC 391.0896 fills a vacancy in the local school precinct only if a licensed teacher, including a substitute teacher, is not available to fill the vacancy.~~

~~4. If the principal of the local school precinct fails to demonstrate that teachers in good standing have been selected to fill vacancies at the local school precinct to the greatest extent possible, a large school district may place a teacher in good standing in a position which is vacant or for which a substitute teacher was selected at the local school precinct.~~

~~5. A large school district shall provide a report to the Board on or before June 30 and December 30 of each year which includes, without limitation, for the time period since the previous report, for each vacancy at a local school precinct for which a substitute teacher was selected:~~

~~(a) The number of teachers in good standing and not in good standing who were available to be selected for the vacancy;~~

~~(b) The number of teachers in good standing and not in good standing who were interviewed for the vacancy;~~

~~(c) All reasons that a teacher in good standing was not selected for the vacancy; and~~

~~(d) All justifications used for selecting a substitute teacher for the vacancy.~~

6. As used in this section:

(a) ~~"Active discipline" means a written warning, admonition, suspension or dismissal, including any such action which is subject to a dispute regarding an interpretation, application or alleged violation of any provision of a collective bargaining agreement, which has been made within:~~

~~(1) The 2 years and 1 day immediately preceding the date on which a determination is made as to whether a teacher is in good standing; or~~

Sec. 4. NAC 388G.100 is hereby amended to read as follows:

388G.100 1. SMALL BUSINESS IMPACT STATEMENT
PURSUANT TO NRS 233B.0608

DATE: January 27, 2026

RE: Workshop to Solicit Comments on Proposed Amendments to NAC Chapter 388.XXX

The proposed regulation regarding the children admitted to residential treatment facilities is not likely to impose a direct or significant economic burden upon a small business, or directly restrict the formation, operation or expansion of a small business. A concerted effort was made to determine any economic burden. All relevant materials were reviewed, and the Department considered its history of implementing similar regulations; the proposed changes are within the scope of the Department's activities and present no significant cost of enforcement. Comment has not been solicited from small businesses, and no summary of their response is provided, because small businesses are not impacted by this regulation and thus no burden or adverse economic impact can be assessed.

I, Victor Wakefield, certify that, to the best of my knowledge or belief, a concerted effort was made to determine the impact of the regulation on small businesses and that the information contained in this statement is accurate.

**SECOND REVISED PROPOSED REGULATION OF THE
STATE BOARD OF EDUCATION**

LCB File No. R131-22

October 30, 2025

EXPLANATION – Matter in *italics* is new; matter in brackets [omitted material] is material to be omitted.

AUTHORITY: §§ 1-8 and 11, NRS 385.080; § 9, NRS 385.080 and 387.1225, as amended by section 4.7 of Senate Bill No. 81, chapter 491, Statutes of Nevada 2025, at page 3208; § 10, NRS 385.080 and 388.419; § 12, NRS 385.080 and 432B.60847.

A REGULATION relating to education; prescribing requirements relating to planning for and monitoring the education of certain children who are admitted to and discharged from a facility which provides residential treatment for mental illness; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law authorizes: (1) certain licensed health care facilities to request reimbursement from the Department of Education for services provided to a child; and (2) the adoption of regulations to facilitate such requests. (NRS 387.1225, as amended by section 4.7 of Senate Bill No. 81, chapter 491, Statutes of Nevada 2025, at page 3208) If a child in the custody of an agency which provides child welfare services is admitted to a psychiatric hospital, existing law requires the psychiatric hospital, in consultation with the school district in which the child was enrolled or which was providing services to the child when he or she was admitted to the psychiatric hospital, the agency which provides child welfare services and any person responsible for the education of the child, to develop a plan for the continued education of the child while the child remains enrolled in the public or private school or the school district yet is admitted to the psychiatric hospital. (NRS 432B.60847) **Sections 2-8** of this regulation define certain terms relevant to the education of children who are admitted to mental health facilities. **Section 9** of this regulation requires a psychiatric hospital that has requested or intends to request reimbursement from the Department for educational services provided to a child who is in the custody of an agency which provides child welfare services to: (1) begin consulting to develop the plan not later than 3 school days after the admission of the child to the psychiatric hospital; and (2) include certain items in the plan.

Before a child who is in the custody of an agency which provides child welfare services is admitted by a court to a facility which provides residential treatment for mental illness, existing law requires the public or private school or school district in which the child was enrolled or which was providing services to the child when the child was admitted to perform certain duties, including convening a meeting to consider the appropriateness of the placement. (NRS 432B.60847) **Section 10** of this regulation requires the inclusion of certain persons at such

a meeting regarding a child who is a pupil with a disability and authorizes the inclusion of certain additional persons at such a meeting. **Section 10** requires the persons who attend such a meeting to provide guidance to the agency which provides child welfare services and the court concerning the placement of the child. When providing such guidance, **section 10** requires those persons to consider: (1) certain factors relating to the ability of the facility to provide an appropriate education for the child; and (2) any measures necessary to facilitate the return of the child to that school following discharge from the facility. **Section 11** of this regulation recommends the inclusion of similar persons, the provision of similar guidance and the consideration of similar factors and measures at such a meeting regarding a child who is not a pupil with a disability.

While a child who is in the custody of an agency which provides child welfare services is admitted to a facility which provides residential treatment for mental illness, existing law requires the public or private school or school district in which the child was enrolled or which was providing services to the child when he or she was admitted to monitor the child's progress. (NRS 432B.60847) To facilitate such monitoring, **section 10** requires such a school or school district to: (1) revise the individualized education program of the child; and (2) be invited to participate in any meetings to review the individualized education program or services plan established for a child who is a pupil with a disability.

If a child who is in the custody of an agency which provides child welfare services is admitted to a facility which provides residential treatment for mental illness, existing law requires the public or private school or school district in which the child was enrolled or which was providing services to the child when the child was admitted to the facility to participate in discharge planning for transitioning the child into a school or any other educational setting. (NRS 432B.60847) **Section 12** of this regulation requires such a school or school district to prepare a discharge plan for the child and provide the discharge plan to certain persons.

Section 1. Chapter 388 of NAC is hereby amended by adding thereto the provisions set forth as sections 2 to 12, inclusive, of this regulation.

Sec. 2. *As used in sections 2 to 12, inclusive, of this regulation, unless the context otherwise requires, the words and terms defined in sections 3 to 8, inclusive, of this regulation have the meanings ascribed to them in those sections.*

Sec. 3. *“Agency which provides child welfare services” has the meaning ascribed to it in NRS 432B.030.*

Newcomer

Newcomers are English learners who arrived in the U.S. within 12 months of first enrolling in a U.S. school and have been enrolled in U.S. schools for two school years or less. Kindergartners and first graders who arrived in the U.S. within 12 months of first enrolling in a U.S. school and who qualify as English learners are considered newcomers.

For accountability purposes, all students who fit the definition above should be counted as newcomers. For programming purposes, students' WIDA Screener, WIDA Kindergarten Screener, WIDA Alternate Screener, or academic assessment scores can be taken into consideration. For example, a student scoring 3 or higher on the screener may not need the intensive supports of a newcomer program.

Short-term English learner

Short-term English learners are students who qualified as an English learner within the past six years, who have not yet exited English learner status, and who do not fit the description of a Newcomer.

Long-term English learner

Long-term English learners are students who qualified as an English learner six or more years ago and have not yet exited English learner status.

SMALL BUSINESS IMPACT STATEMENT
PURSUANT TO NRS 233B.0608

DATE: January 27, 2026

RE: Workshop to Solicit Comments on Proposed Amendments to NAC Chapter 388.540

The proposed regulation regarding the identification and assessment of English learners is not likely to impose a direct or significant economic burden upon a small business, or directly restrict the formation, operation or expansion of a small business. A concerted effort was made to determine any economic burden. All relevant materials were reviewed, and the Department considered its history of implementing similar regulations; the proposed changes are within the scope of the Department's activities and present no significant cost of enforcement. Comment has not been solicited from small businesses, and no summary of their response is provided, because small businesses are not impacted by this regulation and thus no burden or adverse economic impact can be assessed.

I, Victor Wakefield, certify that, to the best of my knowledge or belief, a concerted effort was made to determine the impact of the regulation on small businesses and that the information contained in this statement is accurate.

**PROPOSED REGULATION OF THE
STATE BOARD OF EDUCATION**

LCB File No. R022-23

August 18, 2023

EXPLANATION – Matter in *italics* is new; matter in brackets [~~omitted material~~] is material to be omitted.

AUTHORITY: §§ 1 and 2, NRS 385.080 and 389.007.

A REGULATION relating to education; revising provisions governing the uniform grading scale for pupils enrolled in high school; prescribing a weighted value for the completion of a dual credit course; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law requires the State Board of Education to adopt regulations that provide a uniform grading scale for all public high schools, including, without limitation, a uniform grading scale for dual credit courses, international baccalaureate courses, advanced placement courses and honors courses. Existing law requires such regulations to assign the same weight to dual credit courses and international baccalaureate courses as that assigned to advanced placement courses if the dual credit course or international baccalaureate course is in a core academic subject or a subject for which an advanced placement course is offered. (NRS 389.007) Existing regulations prescribe a weighted value of 0.050 for the completion of an advanced placement course or international baccalaureate course with a grade of A, B, C or D, which must be added to the value otherwise provided for that letter grade under the uniform grading scale. (NAC 389.6625) **Section 1** of this regulation prescribes a weighted value of 0.050 for the completion of a dual credit course with a grade of A, B, C or D. **Section 2** of this regulation provides that this weighted value applies to a dual credit course completed during or after the 2022-2023 school year. When determining the value to be assigned to a grade of a pupil who transferred from a high school located outside of this State or from a private high school located in this State to a public high school in this State, **section 1** requires this weighted value to be applied to a dual credit course completed with a grade of A, B, C or D by such a student.

Existing regulations authorize a school district or charter school to apply the uniform grading scale for pupils enrolled in grades 10, 11 and 12 during the 2014-2015 school year or to continue applying the grading scale that was in effect for those pupils before the 2014-2015 school year until the graduation of such pupils. (NAC 389.6625) **Section 1** removes these provisions.

Section 1. NAC 389.6625 is hereby amended to read as follows:

389.6625 1. ~~If Except as otherwise provided in subsection 6, the~~ **The** board of trustees of each school district and the governing body of each charter school shall use the following uniform grading scale for pupils enrolled in the school district or charter school in grades 9 to 12, inclusive:

Course Point Range	Grade	Value
90.0-100	A	4.0
80.0-89.99	B	3.0
70.0-79.99	C	2.0
60.0-69.99	D	1.0
Below 60	F	0.0

2. The grading scale prescribed by subsection 1 must be weighted as follows:

- For completion of an honors course with a grade of A, B, C or D, a value of 0.025 must be added to the value otherwise prescribed by subsection 1.
- For completion of an advanced placement course with a grade of A, B, C or D, a value of 0.050 must be added to the value otherwise prescribed by subsection 1.
- For completion of an international baccalaureate course with a grade of A, B, C or D, a value of 0.050 must be added to the value otherwise prescribed by subsection 1.

(d) For completion of a dual credit course with a grade of A, B, C or D, a value of 0.050 must be added to the value otherwise prescribed by subsection 1.

3. The grade point average of a pupil enrolled in grade 9, 10, 11 or 12 must be computed to the third decimal place. A grade point average that:

- (a) Is less than 0.0005 must be rounded down; and
- (b) Is 0.0005 or higher must be rounded up.

4. If a pupil transfers from a high school located outside this State or from a private high school located in this State and enrolls in high school at a school district or charter school in this State, the pupil's transcript must be reviewed and a value must be assigned for each grade earned by the pupil in the other state or at the private high school as follows:

- (a) If the pupil's transcript contains a letter grade for a course, that letter grade must be assigned a numerical value in accordance with the grading scale prescribed by subsection 1.
- (b) If the pupil's transcript does not contain a letter grade for a course but contains a numerical value for a grade in the course, that numerical value must be assigned in accordance with the grading scale prescribed by subsection 1.
- (c) If the pupil's transcript contains a notation that the pupil has completed an honors course, an advanced placement course , ~~for~~ an international baccalaureate course **or a dual credit course** with a grade of A, B, C or D, the weighted value prescribed by subsection 2 must be applied for that course. If the transcript does not contain such a notation, the grading scale prescribed by subsection 1 must be applied for the course.

5. ~~The uniform grading scale prescribed by this section applies to pupils who are enrolled in grade 9 beginning with the 2014-2015 school year, until graduation of those pupils, including, without limitation, pupils who repeat grade 9 in the 2014-2015 school year.~~

— 6. ~~For pupils who are enrolled in grades 10, 11 and 12 for the 2014-2015 school year, a school district or charter school may, until graduation of those pupils:~~

— (a) ~~Apply the uniform grading scale prescribed by this section; or~~

~~—(b) Continue applying the grading scale in effect for those pupils before the 2014-2015 school year.~~

~~—7.]~~ The board of trustees of each school district and the governing body of each charter school may adopt a policy assigning a plus or minus to the grades set forth in subsection 1. The policy must ensure that the value assigned to each grade earned by a pupil complies with the value set forth in the grading scale prescribed by subsection 1 and, if applicable, the weighted value prescribed by subsection 2.

Sec. 2. The amendatory provisions of section 1 of this regulation prescribing a weighted value to the grading scale for the completion of a dual credit course apply to any dual credit course completed during or after the 2022-2023 school year.
