A. Amendment of Nevada Administrative Code (NAC) 639.7102 Use of computer system for issuance and transmission of prescription The regulation currently allows the Board to approve a computer system for issuance and transmission of a prescription to a pharmacy only if the computer system limits access to the prescribing practitioner. The proposed amendment would allow the Board to approve computer systems that allow prescribers to designate delegates who have the authority to access the system to perform prescription–related functions on the practitioner’s behalf.

B. Amendment of Nevada Administrative Code (NAC) 639.7105 Electronic transmission of prescription The regulation currently requires that only a practitioner may access a computer system used for issuance and transmission of a prescription to a pharmacy. The proposed amendment would allow a practitioner to authorize delegates to access such a computer system to perform prescription–related functions on the practitioner’s behalf.

C. Amendment of Nevada Administrative Code (NAC) 453C.NEW LANGUAGE Additional new language to be added to NAC Chapter 639 and NAC Chapter 453C, pursuant to the Good Samaritan Drug Overdose Act, SB 459 (2015), establishing standardized procedures or protocols for the furnishing of opioid antagonists by pharmacists and other appropriate entities to persons at risk of experiencing and opioid-related overdose or to a family member, friend or other person in a position to assist persons at risk of experiencing an opioid-related drug.
