City of Las Vegas

City of North Las Vegas

PROVISIONS:

Snacks

The Harbor will have snacks available for youth. Typically snacks are reserved for youth who have been at The Harbor for over 2 hours, are homeless, have been on the run or any other circumstances a staff member sees fit.

Hygiene

The Harbor will have basic hygiene products for youth who need them. These items include deodorant, toothbrush/paste, soap, shampoo, sanitizer, feminine products.

Clothing

The Harbor will have clothing for youth in need. Staff will provide clothing to youth who are in need of such items.

CLINICAL AND MENTAL HEALTH SERVICES:

All youth will be screened to identify any mental health and/or therapeutic needs.

The Harbor staff can provide a range of behavioral health services. These services consist of face-to-face interventions (e.g. individual counseling, and psycho-educational programming) service linkage, as well as reducing behavioral health symptoms, substance use and/or abuse, personal distress and stabilizing recipients and/or families to their highest level of functioning. Our services are strength-based and utilize the identified strengths and assets of each youth to address behavioral health symptoms.

When possible, youth are treated in the context of their family. Services are family-centered, taking into account the families' unique system, culture and wishes as to how treatment can best address each youth's concerns. These services are provided in a culturally competent manner with understanding, respect for cultural and ethnic diversity. Services are tailored to the unique needs of each youth and are based on an individualized plan of care. Youth may be referred to community providers when appropriate.
