BULLETIN NO. 99-14

JANUARY 1999

## TABLE OF CONTENTS

SUMMARY OF RECOMMENDATIONS

## LEGISLATIVE COMMITTEE ON WORKERS' COMPENSATION (NRS 218.5375)

This summary presents the recommendations approved by the Legislative Committee on Workers' Compensation. The Committee submits these proposals to the 70th Session of the Nevada Legislature.

## THREE-WAY WORKERS' COMPENSATION INSURANCE

1. **Enact legislation to expand the types of employer groups who can pool and allow private carriers to offer fully insured workers' compensation coverage to employer pools or groups. (S.B. 38/BDR 53–379)**

2. **Amend *Nevada Revised Statutes* (NRS) 616A.485 to provide that the books, records, and payrolls of an employer insured by a private carrier must be open to inspection by the private carrier providing workers' compensation insurance to that employer. Pursuant to NRS 616A.485, the Employers Insurance Company of Nevada (EICON) and the Division of Industrial Relations (DIR) currently have access to the books, records, and payroll of the employers. (S.B. 38/BDR 53–379)**

3. **Amend NRS 616B.460 to change the requirement for an insurer to notify DIR of changes in the insurance status of employers from the current 24 hours to 15 days. (S.B. 38/BDR 53–379)**

4. **Amend NRS 686B.1779 to clarify that the effective date of the competitive rating schedule is July 1, 2003, and not July 1, 1999. (BDR 57–381)**

5. **Amend subsection 6 of NRS 616B.012 to state the Administrator of DIR shall provide lists containing the names and addresses of employers or any other records he maintains (or the division is required by law to maintain) and the total wages paid by each employer to the Department of Taxation, upon request, for its use in verifying returns for the business tax. The Administrator may charge a reasonable fee to cover any related administrative expenses. (S.B. 54/BDR 53–694)**

6. **For the information system being developed for three-way insurance, enact legislation to allow DIR to collect only basic claims information from associations of self-insured employers, EICON, private carriers, and self-insured employers. Specify that in carrying out its general responsibilities and regulatory activities,**

DIR may at a maximum collect only that information which is currently collected by DIR or EICON. The frequency of the requirement to report this information must be the same for associations of self-insured employers, EICON, private carriers, and self-insured employers. (S.B. 53/BDR 53–696)

7. Amend subsection 1(b) of NRS 616C.175 by deleting the phrase "which aggravates, precipitates or accelerates his preexisting condition," and changing the term "primary cause" to "preponderant cause." Also amend subsection 2(b) of NRS 617.366 by changing the term "primary cause" to "preponderant cause." (S.B. 95/BDR 53–386)

## REGULATION OF EMPLOYERS INSURANCE COMPANY OF NEVADA AND PRIVATE CARRIERS UNDER THREE-WAY INSURANCE

Application of Certain Provisions of the *Insurance Code*

8. Make the following provisions of NRS specifically applicable to EICON (S.B. 95/BDR 53–396):

   a. Provisions of Chapter 686A of NRS regarding fair trade practices;

   b. NRS 616B.472 which provides that the Commissioner of Insurance may suspend the authority of an insurer to provide industrial insurance;

   c. Provisions of Chapter 683A of NRS which require the use of licensed insurance agents to market and sell workers' compensation insurance; and

   d. NRS 679B.158 for the portion of the assessment which supports investigations and examinations to investigate fraud and ensure compliance with the fair trade practices act.

9. Specify that Chapter 686A of *Nevada Revised Statutes* is the exclusive jurisdiction of the Commissioner of Insurance, except to the extent it may affect DIR's responsibility to regulate the payment of workers' compensation benefits to claimants. Clarify that the authority of DIR in the area of claims practices specifically relates to the responsibility of insurers to pay benefits to injured workers. (S.B. 43/BDR 53–396)

Confidentiality of Information

10. Amend NRS regarding the confidentiality of information of EICON (S.B. 37/BDR 53-382):

    a. Make applicable to EICON the portions of Title 57 of NRS (the *Insurance Code*) relating to the confidentiality of information so that EICON and private carriers are subject to the same standards of confidentiality under three-way insurance; and

    b. Enact legislation requiring EICON to open its records to the same extent as any other insurer. An exception would be provided to make information available to the Legislature.

Exemption from Certain Provisions of the *Insurance Code*

11. Specifically exempt all insurers who provide workers' compensation, including EICON, from NRS 680A.140 which requires an insurer to deposit cash or securities in order to be authorized to transact insurance in Nevada. This exemption would specifically relate to the provision of workers' compensation insurance and not other lines of insurance. (S.B. 43/BDR 53-396)

12. Specifically exempt EICON from the following provisions of Title 57 of NRS (S.B. 43/BDR 53-396):

    a. NRS 680A.060 stating that an insurer must have a certificate of authority to transact insurance in Nevada;

    b. Subsection 1(a) of NRS 680A.180 and subsection 1(c) of NRS 680B.010 requiring an insurer to pay an annual continuation fee;

    c. Subsection 1 of NRS 680A.250 stating that an insurer must appoint the Commissioner as its attorney to receive service of legal process before the Commissioner may authorize that insurer to transact insurance in Nevada; and

    d. NRS 692C.260 and NRS 692C.270 requiring each insurer which is a member of an insurance holding company system to register with the Commissioner.

Exemption of EICON from the State Personnel Act

13. Enact legislation to exempt EICON from the State Personnel Act effective no later than July 1, 1999. Employees of EICON would have the option to remain in the State Personnel System or to select to become subject to a new comprehensive personnel system developed by EICON. (S.B. 37/BDR 53–382)

Ability of EICON to Offer Other Lines of Insurance

14. Clarify NRS to allow EICON to form alliances with private carriers for the purpose of marketing other lines of insurance, so long as EICON does not take on the financial liability for any line of insurance other than workers' compensation. (S.B. 37/BDR 53–382)

Review of EICON Claims by the Commissioner of Insurance and the Legislature

15. Amend subsection 2(a) of NRS 616B.083 to require EICON to report to the Commissioner of Insurance its financial statement and results of operations for the account for current claims in accordance with those accounting principles that are prescribed by the Commissioner and applied to other insurers providing coverage for workers' compensation and report to the Commissioner its financial statement and results of operations for the account for current claims and the account for extended claims in accordance with generally accepted accounting principles in a fiscal year basis. (S.B. 37/BDR 53–382)

16. Enact legislation to require EICON to report annually to the Legislative Committee on Workers' Compensation on the status of the $650 million account for extended claims. Require that the report include the financial status of the account, the payments made for claims against the account, investment income, and projections of the adequacy of the account to cover claims incurred prior to July 1, 1995. (S.B. 37/BDR 53–382)

Board of Directors

17. Enact legislation to create a board of directors for EICON, structured as follows (S.B. 93/BDR 53–393):

    a. Employers Insurance Company of Nevada shall be under the direct supervision of a board of directors composed of nine members, each of which shall be a policyholder or an employee of a policyholder of EICON. The members of the board may not hold legislative or judicial positions in government. The board of directors shall consist of three members appointed by the Majority Leader of the Senate in consultation with the Minority Leader

of the Senate, three members appointed by the Speaker of the Assembly in consultation with the Minority Leader of the Assembly, and three members appointed by the Governor.

b. Board members shall serve for a term of four years and shall not be permitted to serve for more than two successive terms of appointment, except in the first year of the enactment of this law in which case one member from each class of appointments shall serve for two years and one member shall serve for six years. The original terms of appointment should be staggered with no board member serving less than two years. After the stagger is accomplished, no term should be for less than four years.

c. The term of each regular appointment shall commence on July 1 of the appointment year and expire on June 30 following four years of service.

d. Vacancies on the board amongst members appointed by the Legislature shall be filled by the Legislative Commission. Such appointments shall be for the remaining term of the vacancies, thereby preserving the staggered terms of the board members.

e. Service as a member of the board appointed by the Legislative Commission shall not be considered a term of appointment for the purposes of the limitation of two terms.

f. The board shall meet at least quarterly.

g. The duties of the board shall be those prescribed in Chapters 616A through 616D, inclusive, and 617 of NRS. The board may adopt rules and procedures, not inconsistent with the law, as required for the conduct of its business. Any regulations adopted by the board shall be in compliance with Chapter 233B of NRS.

h. Board members shall be compensated by EICON for meetings at a rate of not less than $80 per meeting day plus travel and per diem expenses. The board may set a rate of compensation for its members greater than $80 per meeting day.

i. The board shall elect a chairman from amongst its members. The chairman shall serve for a term of one year and shall not be permitted to serve more than two successive one-year terms. The chairman shall be responsible for the conducting and scheduling of all meetings.

18. **If a board is established, amend NRS 616B.062 regarding the appointment and function of the manager of EICON to read as follows (S.B. 93/BDR 53–393):**

    a. **The board shall appoint a manager to be in charge of the operation of the system;**

    b. **The manager is the chief executive officer of the system and is responsible in consultation with the board for all duties of the system; and**

    c. **The manager shall serve at the pleasure of the board.**

19. **If a board is established, amend NRS 616B.065 regarding the selection and classification of assistant managers of EICON to read as follows (S.B. 93—BDR 53–393):**

    a. **The manager shall select assistant managers whose appointments are effective upon the confirmation by the board of directors. Assistant managers are in the unclassified service of the state and are entitled to receive annual salaries fixed by the board.**

    b. **The assistant managers shall serve at the pleasure of the manager, subject to the review of the board.**

OWNER-CONTROLLED INSURANCE PROGRAMS (OCIPs)

20. **Appoint a voluntary working group to develop specific recommendations to the Committee regarding the regulation of OCIPs. The working group would consider several topics, including the coverage, operations, and regulation of OCIPs. The working group would report back to the Committee by September 30, 1998, and would include at a minimum representatives of the Associated General Contractors, the insurance industry, insurance agents, labor, and the Commissioner of Insurance.**

21. **Amend NRS 686A.200 and NRS 686A. 220 to allow private carriers to write OCIP and contractor-controlled insurance program (CCIP) coverage. (S.B. 133/BDR 53–384)**

22. **Enact a provision in NRS to require that a contract for an OCIP or CCIP to include the following specific requirements (S.B. 133/BDR 53–384):**

    a. **The project site must include all operations in the course or scope of the OCIP project, including all related off-site operations;**

b. A description of the on-site safety program shall be required. The owner, general contractor, or insurer must develop and implement a safety program that includes: minimum safety standards; safety meetings; safety training; site inspections; advising subcontractors on special hazards; and investigation of serious injuries. Any and all sites covered by wrap-up coverage must have a qualified safety and claims administrator on-site at all times when construction work is underway. The safety and claims administrator must not be assigned to a particular subcontractor or be, in any way, under the control or oversight of a subcontractor;

c. The owner, construction manager, general contractor, and all subcontractors working on the project must be listed as named insureds (A named insured is specified as the insured in an insurance policy. A business added to a policy, other than the named insured, is considered an additional insured.);

d. The owner or general contractor must be designated as responsible for loss control and claims handling programs, the designated claims administrator of the owner or general contractor shall be responsible for filing the C-1 and C-3 forms, coordinating direction of the injured worker to the appropriate clinic, handling all issues regarding the claim that can be managed at the worksite;

e. Penalties for failing to comply with the safety plan and claims procedures;

f. Duration, terms, and conditions of coverage;

g. Insurance for completed operations and project coverages for a minimum of three years, except for residential projects which would be required to have five years of completed operations and project coverages;

h. A provision specifying that if work activity that has been performed on the site of the project covered by the wrap-up is moved in a manner that requires workers dedicated to the construction of the project covered by wrap-up insurance to work off the site of the project, the subcontractor will keep track of the payroll for those dedicated workers while they perform work off-site. The subcontractor will be reimbursed by the owner for the workers' compensation costs for those dedicated workers moved off-site;

i. A provision specifying that workers dedicated to work on the project covered by the wrap-up who, by the nature of their job, must work off-site (e.g. delivery drivers, fabricators, etc.) will be the responsibility of the subcontractor. The subcontractor will be responsible for all safety, claims

**administration, and loss history as long as the insurance costs initially included in the bid are reimbursed by the owner;**

j. **A provision specifying that all employees who will work only on the site of the project covered by the wrap-up will be the responsibility of the owner. All safety, claims administration, and lost history issues will be the responsibility of the owner of the site;**

k. **The individual or entity responsible for each section of the contract shall be identified; and**

l. **The names and qualifications of persons responsible for safety oversight on the project.**

23. **Prohibit the withholding of periodic payments to subcontractors or members enrolled in an OCIP or CCIP by the owner or general contractor if the subcontractor does not sign the C-3 form. (S.B. 133/BDR 53–384)**

24. **Enact a "file and approve" provision in NRS that would require a contract for an OCIP or CCIP to be filed with the Division of Insurance 60 days prior to the start of the project. The Commissioner of Insurance would have 60 days after submission of the materials to review and approve or disapprove the contract. If no action is taken by the Commissioner within 60 days, the contract would be considered approved. (S.B. 133/BDR 53–384)**

25. **Amend NRS to specifically allow the following entities to participate in or sponsor OCIP or CCIP agreements: (1) private companies, including firms undertaking to construct a project(s) in Nevada; (2) public bodies; and (3) utilities. (S.B. 133/BDR 53–384)**

26. **Clarify in NRS that the insurer for the OCIP or CCIP is liable for all workers' compensation claims related to injuries that arise in the course of employment on the project which are covered by the OCIP or CCIP contract, including future claims filed after the completion of the project. Provide in NRS that a subcontractor or enrolled member of the OCIP or CCIP may not be made liable for payment of claims, including claims filed after the completion of the project, related to the OCIP. An enrolled member is a company that is covered under the OCIP or CCIP agreement under the definition of enrolled member. This provision would apply for the time period of the OCIP or CCIP agreement and after the completion of the project, including situations in which the insurer and/or owner of the project are no longer present or conducting business in the State of Nevada. (S.B. 133/BDR 53–384)**

27. **Amend NRS to include the following educational requirements and notification requirements related to an OCIP or CCIP (S.B. 133/BDR 53–384):**

    a. **The owner or general contractor must clearly notify subcontractors if a project is a proposed OCIP or CCIP. This notification must be made in the document that requests bids in advance of the bid. The purpose of this notification is to allow subcontractors to bid the project with and without insurance costs, as well as with bid fees relating to the costs of loss control and claims administration.**

    b. **The pre-bid conference must at a minimum include the following information: (1) the general concept of an OCIP or CCIP; (2) the requirement for contractors to carry separate workers' compensation coverage for work not performed on the "project site"; (3) the basic safety plan; and (4) claims administration procedures.**

28. **Enact a provision in NRS to specify that a designated on-site safety official has to meet the appropriate qualifications in NRS 618.710 or have three to five years of on-the-job experience. (S.B. 133/BDR 53–384)**

29. **Enact a provision in NRS to require that no designated safety administrator can be qualified for more then one site covered by wrap-up coverage at a time. (S.B. 133/BDR 53–384)**

## BENEFITS AND ADMINISTRATION OF THE WORKERS' COMPENSATION SYSTEM

### Automatic Closure of Claims

30. **Amend NRS 616C.235 to require insurers to notify, by letter, certain claimants of the circumstances under which a claim may be closed automatically (this is in addition to any forms currently used which may notify claimants of the provisions of NRS 616C.235). (S.B. 38/BDR 53–379)**

### PPD Rating Evaluations

31. **Amend subsection 4 of NRS 616C.490 regarding rating evaluations for permanent partial disability (PPD) to clarify that PPD ratings must be done using objective medical findings only. Specify that impairments cannot be rated based solely on subjective pain. (S.B. 95/BDR 53–386)**

Benefits

32. Amend NRS 616C.505 to remove the provision which limits payment for the transport of the body of a deceased employee beyond the continental limits of the United States. (S.B. 95/BDR 53–386)

Hearings and Appeals Process

33. Amend subsection 2 of NRS 616C.340 to clarify that an appeals officer must have not only been licensed to practice in Nevada for two years, but must have experience in workers' compensation claims and proceedings. Each appeals officer must be an attorney who has been licensed to practice law before all the courts of this state and have actively practiced law in actions related to claims for compensation for at least two years. (S.B. 55/BDR 53–387)

34. Amend NRS to require the chief of the Hearings Division to adopt regulations governing the conduct of hearing officers and appeals officers that will include the standards set forth in the *Nevada Code of Judicial Conduct*. (S.B. 55/BDR 53–387)

35. Amend NRS to require that the performance of appeals officers be evaluated based on pertinent information including the criteria of timeliness and consistency. The Department of Administration shall compile the number of hearings on the merits each appeals officer conducts on a monthly basis throughout the appeals officer's term of office. The Department of Administration shall compile on a yearly basis the number of appeals filed with the district court and the Supreme Court from the decisions of each appeals officer during the appeals officer's term of office. The Department shall also compile the number of decisions for each appeals officer that are upheld and reversed at the district court and Supreme Court levels during the appeals officer's term of office. Cases that are pending at the time the data is compiled shall be noted as such. (S.B. 55—BDR 53–387)

36. Enact legislation to make the following changes to the hearings and appeals process (S.B. 55/BDR 53–387):

    a. Clarify that the responsibility of the Senior Appeals Officer over Appeals Officers includes the review and measurement of performance against standards, review of decisions for consistency and precedents, and responsibility for training.

    b. Hearing officers and appeals officers must write their own decisions and may not solicit or use draft decisions or proposed decisions received from parties to a case.

c. **Include a provision in Chapter 616C of NRS that allows any party aggrieved by a decision of an appeals officer pursuant to NRS 616C.360 to appeal to a three-member panel of appeals officers within 15 days after the decision is rendered. The panel shall be appointed by the Senior Appeals Officer. The matter shall be set for hearing before the panel within 45 days of the receipt of the notice of appeal. The appeals officer who renders the original decision shall not serve on the panel. The panel's review shall be limited to whether there was substantial evidence to support the original appeals officer's decision. The panel shall render its decision within 30 days. Any party aggrieved by a decision of the panel may appeal to the district court pursuant to NRS 616C.370.**

<u>Subsequent Injury Funds</u>

37. **Repeal the provisions of NRS related to all subsequent injury funds as of July 1, 1999. (S.B. 42/BDR 53–389)**

## QUALIFICATIONS OF ASSOCIATIONS OF SELF-INSURED EMPLOYERS

38. **Amend NRS 616B.386 to provide that an association of self-insured public or private employers that meets the criteria listed below may adopt internal policies that specify what type of documentation a proposed new member must submit to the association and the Commissioner of Insurance to demonstrate its financial solvency. Such an association must have (S.B. 44/BDR 53–934):**

    a. **Been certified by the Commissioner of Insurance for at least three consecutive years;**

    b. **A combined tangible net worth of all the members of the association of at least $5 million; and**

    c. **At least 15 members.**

39. **Amend NRS 616B.386 to provide that an association of self-insured public or private employers that meets the criteria listed below may adopt internal policies setting the tangible net worth and manual premium for each proposed new member. Such an association must have (S.B. 44/BDR 53–934):**

   a. **Been certified by the Commissioner of Insurance for at least three consecutive years;**

   b. **A combined tangible net worth of all the members of the association of at least $5 million;**

   c. **At least 15 members; and**

   d. **Not had an informal meeting arranged for it by the Commissioner of Insurance pursuant to subsection 1 of NRS 616B.431 due to an issue of the association's solvency or an alleged violation of law within the previous 18 months or, if such a meeting has been arranged by the Commissioner within the last 18 months, there must have been a satisfactory resolution of the concerns which made the meeting necessary, as evidenced by a letter from the Commissioner.**

## COVERAGE FOR HEART AND LUNG DISEASE FOR RETIRED POLICE OFFICERS AND FIREFIGHTERS

40. **Amend NRS to limit the compensation for heart and lung disease of firefighters and police officers that occurs after the employees have retired or are no longer working as firefighters or police officers (S.B. 132/BDR 53–925):**

   a. **Amend NRS 617.455 and NRS 617.457 to provide that the presumption in subsection 1 of each section applies to disabling heart or lung disease diagnosed after the termination of the person's employment if the diagnosis occurs within a period which begins with the last date the employee actually worked in the qualifying capacity and extends for a period calculated by multiplying four months by the number of full years of his employment. For example, an employee with 30 years of service would have continued eligibility for compensation of heart and lung disease for 120 months (10 years) after the employee retires. Nevada law currently provides that diseases of the heart and lung of certain persons who have been employed as firefighters or police officers are presumed to arise out of and in the course of employment.**

b. **Amend subsection 6 NRS 617.455 and subsection 6 of 617.457 to add the following provision. These subsections currently state that failure to correct predisposing conditions which lead to heart or lung disease as ordered by a physician in the annual examination excludes the employee from benefits if the correction is within the ability of the employee.**

> ***Such annual physical examinations shall be required during the periods of extended eligibility provided in section 1. Failure to comply with the requirements for physical examinations shall result in the suspension of eligibility for the benefits provided by this section.***

c. **Amend NRS 617.455 and NRS 617.457 to provide that if a person is entitled to benefits under subsection 1 or 2, the firefighter or police officer shall not be entitled to temporary total disability benefits pursuant to NRS 616C.475. This provision would only apply to cases in which the person is retired or otherwise separated, voluntarily or otherwise, from employment or volunteer status as a police officer or firefighter before the claim is opened.**

d. **Amend NRS 617.455 and NRS 617.457 to provide that the last injurious exposure rule must be used to determine the insurer responsible for payment of benefits to the police officer or fireman who has retired or otherwise separated from employment as a police officer or fireman. The last injurious exposure rule imposes liability on the insurer of the employer that last exposed a person to conditions that could have caused the occupational disease.**

e. **Provide that a retired police officer or firefighter who meets the requirements of subsection 1 of NRS 617.455 or subsection 1 of 617.457 but who is receiving retirement benefits at the time he is diagnosed with heart or lung disease would not be eligible for disability compensation (because his average monthly wage when retired is zero); such retired police officer or firefighter would still be eligible for medical benefits. Provide that a police officer or firefighter who meets the requirements of subsection 1 of NRS 617.455 or subsection 1 of 617.457, who is no longer working for the police department or fire department, but who is not receiving retirement benefits is eligible for disability compensation, as well as medical benefits. Specify that the average monthly wage for such a police officer or firefighter be taken from the last 12 weeks of employment with the police department or fire department who last exposed him to heart or lung disease. Specify that a police officer or firefighter who meets the requirements of subsection 1 of NRS 617.455 or subsection 1 of 617.457, who is eligible for retirement benefits but who has not yet elected to receive retirement benefits, is eligible for disability benefits, as well as medical benefits, but that if he later wants to elect to take his**

retirement benefits, he must choose between retirement benefits and disability benefits; he would remain eligible for medical benefits.

## COVERAGE FOR CORRECTIONAL OFFICERS WHO ARE EXPOSED TO CONTAGIOUS DISEASE

41. Amend NRS to cover correctional officers who are exposed to contagious disease (S.B. 132/BDR 53–925):

    a. Amend subsection 2 of NRS 616A.035, which defines the term "accident benefits," to include medical benefits as defined by NRS 617.130, and preventive care. Preventive treatment administered as a precaution to an employee who is exposed to a contagious disease while providing medical services, including emergency medical care, in the course and scope of his employment, and preventive treatment administered as a precaution to an employee of the Department of Prisons (DOP) or the Mental Hygiene and Mental Retardation Division (MH/MR) of the Department of Human Resources at facilities for mentally disordered offenders.

    b. Add a new subsection 4 to NRS 616A.035 to specify that "preventive treatment" includes tests to determine if an employee has contracted the disease to which he was exposed.

    c. Amend subsection 2 of NRS 616A.265, which provides what does and does not constitute an "injury by accident arising out of and in the course of employment."

    d. Create a new section in Chapter 616C concerning an employee of the DOP who qualifies as a police officer pursuant to subsection 7 of NRS 617.135 or an employee of MH/MR who qualifies as a police officer pursuant to subsection 9 of NRS 617.135 who is exposed to a contagious disease when battered by an offender or when responding to a physical altercation between offenders at an institution or facility of the DOP or MH/MR in the course and scope of his employment and the battery or employee's response to the altercation is documented by the creation and maintenance of a report by DOP or MH/MR. If after retiring the employee develops a contagious disease, the employee's entitlement to workers' compensation would be limited to a certain period of time determined by the following formula (also adopted by the Committee on Workers' Compensation for determining retired firemen and police officers' entitlement to workers' compensation): after the diagnosis occurs within a period which begins with the last date the employee

actually worked in the qualifying capacity and extends for a period calculated by multiplying four months by the number of full years of his employment.

## PERMANENT TOTAL DISABILITY

42. Amend NRS 616C.435 by adding a new subsection to include the following concept (S.B. 95/BDR 53–386):

> Except as provided in subsection 1, in no case may an insurer make a determination that an injured employee is permanently and totally disabled unless a physician has indicated in writing to the insurer that the preponderant cause of the injured employee's inability to effectively compete in the labor market is an industrial injury or an occupational disease.

## SUBROGATION OF INSURER TO RIGHTS OF INJURED EMPLOYEES

43. Amend NRS 616C.215 to provide that if the insurer has not intervened and the parties cannot otherwise agree, any recovery obtained by an injured employee from a third party must be distributed according to the following formula: Attorney's fees and costs are to be paid first pursuant to the agreement between the injured worker and his attorney. From the remaining amount, the injured worker is guaranteed one-third, and the insurer receives the remaining amount or the amount of lien, whichever is less. Any amount remaining beyond the amount of the insurer's lien goes to the injured worker in addition to his guaranteed one-third share. (S.B. 94/BDR 53–1076)

44. Revise provisions in NRS concerning notification to the insurer of action taken by an injured worker against a third party, and require full disclosure to the injured worker of anticipated settlement costs by the injured worker's attorney. (S.B. 64/BDR 53–1077)

## WORKERS' COMPENSATION FRAUD

45. Amend NRS 616D.300 to add a reference to Chapter 617. In addition, enact a provision in NRS to specify that the penalty for an injured worker falsely certifying that he has been continually disabled for the 14 days prior to the date of the check extends to injured workers receiving benefits pursuant to Chapter 617 of NRS. The new provision shall state (S.B. 95/BDR 53–386):

**Every check issued by an insurer for workers' compensation benefits shall include the following restrictive endorsement:**

> ***By signing this check for temporary disability, permanent total disability or rehabilitation maintenance benefits, I hereby certify under penalty of perjury that I have been continuously disabled and unable to work in any occupation for the 14 days prior to the date of this check. I understand that any false statement to obtain benefits is a crime, punishable by up to a category D felony pursuant to NRS 616D.300.***

**Once such a check is issued, endorsed, and/or negotiated, it creates a rebuttable presumption that the named claimant received, endorsed, and/or negotiated the check.**

## APPLICABILITY OF CHAPTER 617 OF NRS

46. **Amend provisions of Chapters 616A to 616D, inclusive, of NRS and other provisions of NRS to ensure that references to Chapter 617 ("Occupational Diseases") are included in all appropriate provisions. The addition of references to Chapter 617 would be made to clarify existing provisions, and only where it appears to be the original intent of the provision. Such references should not create a substantive change or expansion of a provision. (S.B. 92—BDR 53–1078)**

# REPORT TO THE 70TH SESSION OF THE NEVADA LEGISLATURE BY THE LEGISLATIVE COMMITTEE ON WORKERS' COMPENSATION

## I. INTRODUCTION

The 68th Session of the Nevada Legislature created a Legislative Committee on Workers' Compensation with the enactment of Senate Bill 458 (Sections 119 through 123 of Chapter 587, *Statutes of Nevada 1995,* at pages 2162-2164).[1] This legislation, as amended by Assembly Bill 609 (Section 61 of Chapter 410, *Statutes of Nevada 1997*, at page 1449) provides that the Committee:

1. May review issues related to workers' compensation.

2. May study the desirability of establishing a preferred employee program which provides exemptions from the payment of premiums and other financial incentives for employers who provide suitable employment for injured employees and any other program for returning injured employees to work.

3. May review the manner used by the Division of Industrial Relations of the Department of Business and Industry to rate physical impairments of injured employees.

4. Shall, to ensure the solvency of the State Industrial Insurance System (SIIS):

   a. Review and study the financial condition of SIIS; and

   b. Determine the extent of any apparent insolvency of the system.

5. May conduct investigations and hold hearings in connection with carrying out its duties pursuant to this section.

6. May direct the Legislative Counsel Bureau to assist in its research, investigations, hearings and reviews.

Eight legislators were appointed as members of the committee. Four members were appointed by the Senate Majority Floor Leader in consultation with the Minority Floor Leader of the Senate from members of the Senate Committee on Commerce and Labor. Four members were appointed by the Speaker of the Assembly from the Assembly Committee on Labor and Management. The committee members selected their chairman and vice chairman from among their members.

During the 1997-1998 interim, the following legislators served on the Legislative Committee on Workers' Compensation:

Senator Ann O'Connell, Chair
Assemblyman Lynn C. Hettrick, Vice Chair
Senator Kathy Augustine
Senator Raymond C. Shaffer
Senator Randolph J. Townsend
Assemblywoman Saundra Krenzer
Assemblyman Dennis Nolan
Assemblyman David R. Parks

In December 1998, Senator Dean A. Rhoads and Assemblyman David E. Goldwater were appointed to replace former Senator Kathy Augustine and former Assemblywoman Saundra Krenzer, respectively.[2]

Legislative Counsel Bureau (LCB) staff services for the Committee were provided by Crystal M. Lesbo, Senior Research Analyst, Research Division; Vance A. Hughey, Principal Research Analyst, Research Division; Scott Young, Principal Research Analyst, Research Division; Melissa Stafford Jones, Senior Research Analyst, Research Division; Jan K. Needham, Principal Deputy Legislative Counsel, Legal Division; Kim Marsh Guinasso, Principal Deputy Legislative Counsel, Legal Division; Sue S. Matuska, Deputy Legislative Counsel, Legal Division; Susan Furlong-Reil, Senior Research Secretary, and Terrie Williams, Research Secretary, Research Division.

Beginning in September 1997 and concluding in November 1998, the Committee held ten meetings to obtain expert and public testimony. Following are the dates of each meeting of the Committee:

- September 24, 1997;
- November 18, 1997;
- February 20, 1998;
- April 7, 1998;
- May 28, 1998;
- June 24, 1998;
- August 10, 1998;
- September 30, 1998;
- October 28, 1998; and
- November 30, 1998

[2]During the 1998 General Election, Kathy Augustine ran for and was elected State Controller. Saundra Krenzer chose not to re-run for State Assembly.

All of the meetings were held in Las Vegas. All meetings, except the November 30, 1998, meeting, were video conferenced to Carson City.

During the course of this study, the Committee reviewed existing laws and implementation of the workers' compensation legislation enacted by the 1997 Legislature. It received comments and recommendations from employers, injured employees, medical providers, vocational rehabilitation specialists, claimants' attorneys, third-party administrators, State agency executives, local government officials, and representatives of various self-insured employers, business groups, and labor organizations.

At its work session, the Committee adopted 46 recommendations on the following topics:

- Three-way workers' compensation insurance;
- Regulation of the Employers Insurance Company of Nevada and private carriers under three-way insurance;
- Owner-controlled insurance programs;
- Benefits and administration;
- Qualifications of associations of self-insured employers;
- Coverage for heart and lung disease for retired police officers and firefighters;
- Coverage for correctional officers who are exposed to contagious disease;
- Permanent total disability; and
- Subrogation of insurer to rights of injured employees.

In this document, the Committee has attempted to present its findings and recommendations in a concise form. A great amount of information was gathered during the course of this study, and much of it was provided in exhibits that became a part of the minutes of the Committee's meetings. All supporting documents and minutes are on file with the LCB Research Library. This report also contains background information on Nevada's workers' compensation program and outlines recent legislation.

The Committee wishes to thank the many individuals who contributed to this study through their correspondence or testimony at the public hearings. The Committee members also recognize the cooperation and assistance provided by the staffs of the Hearings Division, Department of Administration; the Workers' Compensation Fraud Unit, Office of the Attorney General; Division of Industrial Relations; the Division of Insurance; the Nevada Attorney for Injured Workers; and EICON.

## II. OVERVIEW OF WORKERS' COMPENSATION

Following is historical and other background information on the development of workers' compensation in the United States and Nevada. Included is a summary of major legislative reforms enacted in the 1995 and 1997 Legislative Sessions.

### A. Background Information

Workers' compensation insurance is specialized insurance purchased by employers to provide medical care, disability compensation (indemnity) payments, and rehabilitation services for workers who are injured on the job or who contract occupational diseases in the course of their employment. Workers' compensation was the first social insurance system in the United States. It developed as a consequence of the high rate of industrial accidents in the 19th and early 20th centuries.

Under common law, 19th century employers were required to provide a reasonably safe place for their employees to work. If an injury occurred, however, and the employer did not voluntarily pay compensation, then the employee had to take his case to court. The litigation which arose out of this situation proved to be an unsatisfactory means of caring for injured workers. Uncertainty of outcome and the costs associated with the delay in compensating injured workers under a common law system were instrumental in the formation of the workers' compensation system.

Even if the employee could afford legal assistance, the employer had several defenses that made it difficult for the employee to collect damages. The employer might plead contributory negligence, suggesting that the employee was at fault to some degree. The employer might attempt to prove that the real fault was lodged with a fellow worker—the so-called fellow-servant doctrine. An employer also might apply what is called the "doctrine of assumption of risk." Under this doctrine, the employee was assumed to have had knowledge that he was engaged in a dangerous occupation and, therefore, if he still chose to work in that occupation, he had to assume the known risks of being injured.

American policymakers looked to Europe where the idea of workers' compensation had originated in Germany in the 1800s and later was adopted in France, Great Britain, and other countries. Under a workers' compensation insurance program, the right to bring legal action against an employer on the grounds of negligence was exchanged for a system whereby benefits were paid for all injuries arising out of and in the course of employment. The costs of the work-related injuries were allocated to the employer, not because of any presumption that he was to blame for every individual injury, but because the inherent hazards of employment were considered to be a cost of production.

This "no-fault" approach to insuring employers soon became popular throughout the United States. Between 1911 and 1920, all but six states passed universal workers' compensation statutes. Eventually, the remaining states also enacted such laws.

## B. Workers' Compensation in Nevada

Nevada was one of the first states to enact a compulsory workers' compensation law. The original Industrial Insurance Act was adopted in 1913, and a complete revision was drafted in 1947. The State's industrial insurance laws have been amended during every regular legislative session since 1913.

Recent legislative sessions have brought major changes to the statutes relating to workers' compensation. During the 1979 Session, self-insurance was authorized for qualified employers. The self-insurance option became effective on January 1, 1980. Prior to that time, the Nevada Industrial Commission (NIC) had been the only provider of workers' compensation insurance in the State.

The 1979 Legislature removed the hearings process for contested claims from NIC and placed it in a new Hearings Division within the Department of Administration. The Hearings Division is responsible for the hearings and appeals process.

In 1981, the Legislature completely revised the NIC structure. Effective July 1, 1982, NIC ceased to exist and the State Industrial Insurance System (SIIS) began operation as the state-run workers' compensation insurance carrier.[3] Also on that date, the Department of Industrial Relations (DIR) began operation as the primary regulator of the State's workers' compensation program.[4]

The Commissioner of Insurance reviews and approves premium rates and is responsible for certifying self-insured employers who meet certain statutory qualifications. The Division of Insurance also regulates third-party administrators of self-insured programs and managed care organizations.

The Nevada Attorney for Injured Workers (NAIW),[5] a state agency separate from EICON, represents claimants free of charge at the Hearings Division's appeals level, in the State's district courts, and before Nevada's Supreme Court.

---

[3]In July 1998, SIIS changed its name to Employers Insurance Company of Nevada (EICON).

[4]The Commissioner of Insurance retained authority to approve premium rates charged by EICON. In 1993, both the Department of Insurance and DIR were made divisions of the new Department of Business and Industry.

[5]Originally created in 1977 as the State Industrial Claimants' Attorney, in 1991, the Legislature changed the agency's name to the Nevada Attorney for Injured Workers.

## C. Emerging Problems in Nevada's Workers' Compensation Program and Early Legislative Responses

During the early- and mid-1980s, workers' compensation did not generate an inordinate amount of legislative interest in Nevada. Available information seemed to suggest that there were no major problems within the workers' compensation program. From 1984 through 1988, SIIS paid over $50 million in dividends to policyholders.[6] Additionally, from 1985 through 1988, SIIS did not request approval for any increases in premium rates charged to its policyholders.[7] During the 1980s and early-1990s, Nevada's compensation benefits were among the best in the Western States and premium rates were among the lowest.[8]

Beginning in 1988, SIIS instituted the first in a series of premium rate increases. Also at about that time, injured workers began to express more concerns about the manner in which their claims were being handled by SIIS and self-insured employers. In 1989, the Legislature enacted Assembly Bill 1 (Chapter 856, *Statutes of Nevada 1989*). This bill directed the Legislative Auditor to conduct a performance audit of Nevada's workers' compensation program. The audit covered five aspects of the program:

- Medical Benefits to Injured Workers;
- Compensation and Other Benefits to Injured Workers;
- Hearings and Appeals Process;
- State Industrial Insurance System; and
- Department of Industrial Relations.

In 1991, the Legislature enacted S.B. 7 (Chapter 723, *Statutes of Nevada 1991*) to resolve many of the issues identified by the legislative audit. This measure reflected the Legislature's intent to reform the workers' compensation system in the following ways:

1. Lower Nevada's high rate of industrial injuries by promoting safety on the job;

2. Serve Nevada's injured employees by streamlining the process for filing, hearing, and appealing claims. The object was to make certain that injured employees and their health care providers received compensation as soon as possible. In addition, the injured employees were to receive appropriate medical care and rehabilitation to allow them to return to work as soon as possible; and

3. Serve employers by protecting against fraudulent claims and by returning injured employees to work as soon as possible.

This bill also established an interim Legislative Committee on Industrial Insurance. The purpose of this Committee was to study Nevada's laws concerning industrial insurance and to prepare a report for submission to the Governor and the 1993 Legislature. Eight legislators were appointed as members of the Committee. The Committee held eight meetings, including a two-day work session, to obtain expert and public testimony. The Committee considered 188 proposed recommendations. It adopted 62 of them covering a variety of topics including:

- Determination and payment of benefits;
- Medical care, compensation, and other benefits to injured workers;
- Fraud in workers' compensation;
- The organization of SIIS;
- Employer options for industrial insurance;
- Hearings and appeals of contested claims;
- Occupational safety and health; and
- Legislative oversight concerning industrial insurance.

Many of those 62 recommendations were subsequently adopted with the enactment of Senate Bill 316 (Chapter 265, *Statutes of Nevada 1993*).

## D. 1995 Legislative Reforms

Workers' compensation reform was a major topic of discussion during the 1995 Legislative Session, as it was in 1993. However, unlike the 1993 Session, the threatened financial collapse of SIIS, while still a concern, did not dictate the focus of legislative attention in 1995. Instead, a variety of topics were addressed that resulted in the enactment of the following bills:

**Senate Bill 458** (Chapter 587, *Statutes of Nevada 1995*)—While the reforms enacted in 1993 helped to improve the financial condition of SIIS, the Legislature determined that additional reforms were necessary. With S.B. 458, the Legislature clarified provisions regarding exclusive remedy, created separate boards to administer subsequent injury programs of self-insured employers, revised provisions regarding confidentiality of records, clarified the definition of an employee leasing company, and exempted real estate brokers and salesmen from the mandatory coverage requirements of the Nevada Industrial Insurance Act. The Legislature also clarified provisions regarding eligibility for more than one program for vocational rehabilitation, created a legislative committee on workers' compensation, and authorized collection of a solvency surcharge from certain employers if SIIS is declared insolvent by the Commissioner of Insurance.

**Assembly Bill 57** (Chapter 194, *Statutes of Nevada 1995*)—This bill extends workers' compensation benefits for heart and lung disorders to forensic specialists and correctional officers employed by the State's Mental Hygiene and Mental Retardation Division at facilities

for mentally disordered offenders. This measure also provides these benefits to forensic specialists employed by the Department of Prisons.

**Assembly Bill 59** (Chapter 127, *Statutes of Nevada 1995*)—This bill allows the Attorney General to determine the propriety of submitted evidence concerning an employer taking money out of an employee's paycheck to pay workers' compensation premiums. In addition, the measure provides that, if the amount of a benefit obtained or sought in a fraudulent manner is less than $250, a person convicted of such an offense is guilty of a misdemeanor. The bill also allows the Attorney General, in workers' compensation fraud cases, to subpoena records from a financial institution without notifying the pertinent customer.

**Assembly Bill 61** (Chapter 497, *Statutes of Nevada 1995*)—Further adjustments to the penalty provisions of the workers' compensation statutes were made with A.B. 61, including a new provision to allow certain fines to be paid directly to an injured worker, and more severe penalties to be assessed on insurers that violate prohibitions against certain claims management practices.

**Assembly Bill 498** (Chapter 578, *Statutes of Nevada 1995*)—During the 1995 Session, the Legislature enacted several measures that provide employers with industrial insurance options. Group self-insurance was authorized in 1993, effective July 1, 1995. However, the Legislature reviewed existing statutes and concluded that changes were necessary to clarify the types of businesses that would be allowed to join insurance groups. In addition, the Legislature clarified provisions regarding financial requirements of groups and their members, provided for regulation of solicitors, and made other changes to help ensure that self-insurance groups will be financially viable. These provisions are included in A.B. 498.

**Assembly Bill 552** (Chapter 580, *Statutes of Nevada 1995*)—The Legislature also passed A.B. 552 to allow private carriers to offer workers' compensation insurance beginning July 1, 1999 (so-called three-way insurance). The four-year delay in establishing three-way insurance will give SIIS an opportunity to further improve its financial condition so that it can effectively operate in a competitive market. The delay also will give the Commissioner of Insurance time to implement any necessary regulatory controls.

**Assembly Bill 587** (Chapter 544, *Statutes of Nevada 1995*)—Assembly Bill 587 was enacted to enhance the ability of the Workers' Compensation Fraud Unit to investigate and prosecute employees, medical providers, and employers who engage in fraudulent activities. The bill also increases penalties for committing certain violations. In addition, A.B. 587 revises provisions relating to payment of an award for permanent partial disability in a lump sum to an employee who is the subject of a criminal action.

## E. 1997 Legislative Reforms

During the 1997 Session, the Nevada Legislature continued its efforts to reform the workers' compensation program. It enacted a number of bills including several measures designed to help the transition to a competitive market:

**Senate Bill 105** (Chapter 645, *Statutes of Nevada 1997*) requires workers' compensation insurers, other than self-insurers, to provide each insured employer with a certificate of insurance that must contain certain specified information. The bill also requires an insured employer, including a self-insured employer, to post a certificate indicating that the employer has the required industrial insurance coverage. In addition, the bill provides that the workers' compensation fraud control unit of the Office of the Attorney General must have access to the index of compensation claims maintained by the Administrator of DIR. Furthermore, S.B. 105 authorizes the administrator to impose certain fines on an employer who intentionally fails to provide information for use in the index. The bill also requires certain information to be contained in a certificate of self-insurance issued by the Commissioner of Insurance.

The measure also provides that the Administrator of the DIR may impose certain fines if the fraud control unit does not prosecute a person for specified violations. In addition, S.B. 105 authorizes the Administrator of DIR to impose certain penalties if an employer fails to provide and secure or maintain industrial insurance coverage. Finally, the bill amends certain provisions of the Industrial Insurance Act that will be effective upon the commencement of "three-way insurance" on July 1, 1999.

Sections of S.B. 105 that transfer authority to impose certain penalties against an employer who fails to maintain industrial insurance coverage were effective January 1, 1998. Sections of the bill that require insurers, other than self-insurers, to provide each insured employer with a certificate of insurance are effective on July 1, 1999. Other sections of the bill were effective on July 1, 1997.

**Senate Bill 125** (Chapter 84, *Statutes of Nevada 1997*) clarifies that the term "product" used in the unemployment security provisions relating to direct sellers includes an intangible service as well as a tangible good. In addition, the bill exempts certain direct sellers from the mandatory provisions regarding industrial insurance.

According to testimony, the exemption in the unemployment statutes for direct sellers was patterned after federal law. The Internal Revenue Service (IRS) interpreted the term "product" in the federal statute to exclude intangible services. Nevada's Employment Security Division (ESD) adopted the same interpretation of the provision in state law. After several court decisions held that an intangible service is a "product," the IRS changed its interpretation. Senate Bill 125 clarifies the definition of "product" and conforms state law to the interpretation now used under the federal statute.

In addition, S.B. 125 authorizes an exemption from mandatory workers' compensation coverage for certain direct sellers, such as individuals who sell Tupperware, Avon, Shaklee, and similar products. Testimony indicated that these individuals generally work for themselves out of their own homes and have small operations.

**Senate Bill 372** (Chapter 674, *Statutes of Nevada 1997*) provides that an offender confined in a county jail or other local detention facility may receive coverage under the modified program of industrial insurance while engaged in a work program directed by the administrator of the detention facility. An offender is limited to the rights and remedies established by the modified program established by the DIR and is not entitled to the rights and remedies of the Nevada Industrial Insurance Act and the Nevada Occupational Diseases Act.

A modified program of industrial insurance coverage for state prison inmates was enacted in 1989. According to testimony, the state program has functioned well, and representatives of local authorities indicated that a similar program for offenders confined in county jails and local detention facilities would be useful.

**Assembly Bill 114** (Chapter 133, *Statutes of Nevada 1997*) eliminates the duty of DIR to certify or authorize insurers to provide industrial insurance, and places that duty with the Commissioner of Insurance. The bill also clarifies existing statutory provisions that prohibit unauthorized insurers from providing workers' compensation insurance in Nevada.

Beginning July 1, 1999, private insurance companies will be allowed to provide workers' compensation insurance to Nevada's employers. *Nevada Revised Statutes* 616A.465 gives the Commissioner of Insurance responsibility for certifying or authorizing insurers. The statute also requires DIR to authorize whether an insurer meets requirements of the workers' compensation laws. According to testimony, the Commissioner of Insurance testified that the Commissioner should be solely responsible for certifying or authorizing insurers to provide industrial insurance.

**Assembly Bill 147** (Chapter 474, *Statutes of Nevada 1997*) limits the circumstances under which an insurer, an employer, an organization for managed care, a third-party administrator, the representative of any of those persons, or the representative of an injured employee may communicate with a physician or chiropractor regarding the medical disposition of a claim for workers' compensation benefits. The bill requires that a log that includes the date, time, and subject matter of the communications be maintained by the party that initiates an oral communication. The log must be maintained in a written form or in a form from which a written record may be produced, and it must be made available to the injured employee or his representative, or his employer, upon request.

The measure also requires that a copy of a written communication that relates to the medical disposition of a claim be provided to the employee or his representative in a timely manner. A person who violates the provisions of this bill is subject to an administrative penalty.

**Assembly Bill 184** (Chapter 487, *Statutes of Nevada 1997*) authorizes the establishment of a program by an employer in which a police officer or fireman who suffers a catastrophe resulting in temporary total disability may elect payment of his normal salary rather than workers' compensation benefits. "Police officers" are defined as those covered under heart-lung workers' compensation provisions. A "catastrophe" is defined as an illness or accident arising out of, or in the course of, employment, which is life threatening or will require convalescence in excess of 30 days.

If an employer elects to establish such a program, an eligible employee may collect normal salary for not more than one year and accrue sick leave, annual leave, and retirement benefits. Further, the program may allow a police officer or fireman to return to light-duty employment modified according to his physical restrictions or limitations. Finally, the measure applies to self-employed insurers as well as state employers of police officers and firemen.

**Assembly Bill 466** (Chapter 399, *Statutes of Nevada 1997*) stipulates that, in a county with a population of 100,000 or more, a test of an injured worker for the use of alcohol or a controlled substance must be performed by a laboratory certified by the College of American Pathologists or by the Federal Department of Health and Human Services. This bill requires that testing of breath for alcohol be performed pursuant to regulations of the Federal Department of Transportation. This measure also provides that, in addition to an insurer, an appeals officer, a hearing officer, or an employer may request that an injured employee submit himself for a medical examination.

Testimony indicated that A.B. 466 is intended to ensure that a test of an injured worker for the use of alcohol or a controlled substance is performed by a certified laboratory to minimize the chance of incorrect results being used in workers' compensation cases. The bill was made effective on July 1, 1999, to provide sufficient time for laboratories that want to perform these tests to obtain the required certifications.

**Assembly Bill 548** (Chapter 285, *Statutes of Nevada 1997*) provides that workers' compensation premium rates paid by employers under the assigned risk plan be actuarially determined to ensure that the plan is financially self-sustaining. This bill also eliminates a requirement that a private carrier provide industrial insurance for the same classes of risk in this state for which the insurer provides industrial insurance outside this state.

Testimony indicated that this bill will ensure that employers who are not in the assigned risk plan are not required to subsidize premiums of employers who are in the assigned risk plan.

In addition, testimony indicated that the requirement to provide industrial insurance for the same classes of risk in this state for which a private carrier provides industrial insurance outside this state is not necessary because another provision in the workers' compensation law allows a private carrier to refuse to provide coverage for any particular risk. Employers who cannot obtain industrial insurance in the voluntary market will receive coverage in the assigned risk plan.

**Assembly Bill 609** (Chapter 410, *Statutes of Nevada 1997*) makes various changes to Nevada's workers' compensation laws. The bill creates in the State Insurance Fund an account for "extended claims" and an account for "current claims." The bill requires the State Industrial Insurance System (SIIS) to allocate to the account for extended claims $650 million in invested assets to be used to pay liabilities of the State Insurance Fund for workers' compensation claims incurred prior to July 1, 1995. Money and assets credited to the account for current claims must be used to pay liabilities of the State Insurance Fund for claims incurred on or after July 1, 1995.

The measure also repeals provisions authorizing the imposition of a surcharge to ensure the solvency of SIIS; provides that imposition of any assessment to fund the account for extended claims requires legislative approval; authorizes the manager of SIIS to establish a plan for designating small employers for the purpose of establishing their premiums; and restricts, for a limited period, the manner in which private carriers may determine premiums for insured employers.

In addition, A.B. 609 amends a provision regarding automatic closure of an injured employee's claim. If the medical benefits required to be paid for a claim are less than $500, the claim closes automatically if the claimant does not receive medical treatment for the injury for at least 12 months, instead of the current six months.

The bill allows for the electronic transmission of certain documents related to claims; clarifies the authority of insurers to purchase annuities for the payment of claims; and transfers, from the Governor to the manager of SIIS, the authority to hire and set the salaries of assistant managers.

Assembly Bill 609 also transfers, from SIIS to the Division of Industrial Relations, the authority to perform certain regulatory functions, including adoption of regulations regarding the manner in which otherwise confidential information may be made available to certain state and federal agencies. The bill establishes procedures relating to filing of a claim against the uninsured employers' claim fund and provides authority to impose a penalty for failure to secure and maintain workers' compensation insurance. The bill also specifies which records of SIIS are confidential.

Many sections of the bill were effective on July 1, 1997, including sections that create separate accounts for extended and current claims; allow SIIS to establish a plan for designating small employers for the purposes of establishing their premiums; affect automatic closure of certain claims; allow insurers to purchase annuities; and specify which records of SIIS are confidential. Sections of the bill relating to regulation of confidential records, electronic transmission of information, and transfer of certain regulatory functions are effective on January 1, 1998. Other sections of the bill are effective on July 1, 1999, and July 1, 2003.

## III. DISCUSSION OF RECOMMENDATIONS

### A. Three-Way Workers' Compensation Insurance

The Legislative Committee on Workers' Compensation heard extensive testimony during the interim related to "leveling the playing field" among providers of workers' compensation insurance. These providers include EICON, self-insured employers, associations of self-insured employers, and beginning July 1, 1999, private insurance carriers. In an effort to "level the playing field," the Committee made several recommendations to the 1999 Session of the Nevada State Legislature, including the following recommendation regarding pooling. A pool is a purchasing group that obtains economies of scale not otherwise available to individual members. Group and association programs that pool to purchase workers' compensation insurance provide a means for small businesses to access comprehensive safety and loss control programs.

1. **Enact legislation to expand the types of employer groups who can pool and allow private carriers to offer fully insured workers' compensation coverage to employer pools or groups. (S.B. 38/BDR 53–379)**

Pursuant to NRS 616A.485, access to employer records may be used to determine the accuracy of payroll, the number of persons employed, and any other information necessary for the administration of Chapters 616A through 617 of NRS. Regarding access to employer records, the Committee made the following recommendation:

2. **Amend NRS 616A.485 to provide that the books, records, and payrolls of an employer insured by a private carrier must be open to inspection by the private carrier providing workers' compensation insurance to that employer. Pursuant to NRS 616A.485, EICON and the DIR currently have access to the books, records, and payroll of the employers. (S.B. 38/BDR 53–379)**

Pursuant to NRS 616B.460 insurers are required to notify DIR if an employer has changed his insurance carrier or if coverage has lapsed within 24 hours or by the end of the next working day. According to testimony, the purpose of the 24-hour provision is to ensure that there are no lapses in coverage. However, testimony further indicated that the length of the notification requirement is of no consequence to DIR as its enforcement efforts will be based on information it received from the advisory organization, the National Council on Compensation Insurance (NCCI). The Committee made the following recommendation:

3. **Amend NRS 616B.460 to change the requirement for an insurer to notify DIR of changes in the insurance status of employers from the current 24 hours to 15 days. (S.B. 38/BDR 53–379)**

Section 686B.1779 of NRS identifies the basis on which the Commissioner of Insurance may disapprove the rates filed by an insurer. Effective July 1, 1999, until July 1, 2003, the rates filed by an insurer must comply with the administrative rating schedule provided in NRS 686B.177. To clarify, the Committee made the following recommendation:

4. **Amend NRS 686B.1779 to clarify that the effective date of the competitive rating schedule is July 1, 2003, and not July 1, 1999. (BDR 57–381)**

Members of the Committee agreed that statutes which encourage the sharing of information among state agencies are critical to Nevada's efforts to ensure compliance with business and tax laws. Specifically, Nevada's Department of Taxation requires the name and address of an employer and the number of employees for enforcement of tax laws. Pursuant to subsection 6 of NRS 616B.012, the Administrator of DIR shall provide lists containing the names and addresses of employers, the number of persons employed by each employer, and the total wages paid by each employer to the Department of Taxation, upon request, for its use in verifying returns for the business tax. Based on testimony, the Committee adopted the following recommendation changing the information DIR shall provide to the Department of Taxation:

5. **Amend subsection 6 of NRS 616B.012 to state the Administrator of DIR shall provide lists containing the names and addresses of employers or any other records he maintains (or the division is required by law to maintain) and the total wages paid by each employer to the Department of Taxation, upon request, for its use in verifying returns for the business tax. The Administrator may charge a reasonable fee to cover any related administrative expenses. (S.B. 54/BDR 53–694)**

The Commissioner of Insurance has appointed NCCI to be the statistical agent to collect data for rate making. Testimony indicated that NCCI is costly and requires an excessive amount of information. The Committee discussed the alternative of DIR collecting claims data rather than NCCI. In accordance, the Committee made the following recommendation:

6. **For the information system being developed for three-way insurance, enact legislation to allow DIR to collect only basic claims information from associations of self-insured employers, EICON, private carriers, and self-insured employers. Specify that in carrying out its general responsibilities and regulatory activities, DIR may at a maximum collect only that information which is currently collected by DIR or EICON. The frequency of the requirement to report this information must be the same for associations of self-insured employers, EICON, private carriers, and self-insured employers. (S.B. 53/BDR 53–696)**

According to testimony heard by the Committee, primary cause is the most frequently litigated issue in workers' compensation. Primary cause deals with the situation where there is a preexisting disability that is aggravated or accelerated as a result of an industrial injury. In

many cases there is a substantial disagreement between attorneys as well as physicians as to what primary cause is. For example, an individual with severe diabetes had stubbed his toe during his employment. His injury resulted in a serious medical condition in which he ultimately lost his leg just below the knee. There was a disagreement as to the primary cause of the injury. Pursuant to NRS 616C.175 the industrial injury has to aggravate, accelerate, or precipitate the pre-existing condition. In this example, the argument was that the diabetes made the injury worse; the injury did not make the diabetes worse. Therefore, NRS 616C.175 did not apply. The Committee discussed an alternative approach where the most prevalent cause of the condition can be identified, substituting the phrase "preponderant cause" for primary cause." A preponderance of evidence denotes evidence which is of greater weight or more convincing than the evidence which is offered in opposition to it. However, the word "preponderant" means more than weight. It denotes a superiority of weight or outweighing. Therefore, the Committee made the following recommendation:

7. **Amend subsection 1(b) of NRS 616C.175 by deleting the phrase "which aggravates, precipitates or accelerates his preexisting condition," and changing the term "primary cause" to "preponderant cause." Also amend subsection 2(b) of NRS 617.366 by changing the term "primary cause" to "preponderant cause." (S.B. 95/BDR 53–386)**

## B. Regulation of Employers Insurance Company of Nevada and Private Carriers Under Three-Way Insurance

During the course of its study, the Committee heard considerable testimony on the role and regulation of EICON under the three-way insurance system. In anticipation of a three-way environment, the Committee asked representatives from Colorado and Utah to discuss their experiences as quasi-public entities operating in a competitive environment.[9]

At the April 7, 1998, meeting the Committee reviewed a letter to Senator Ann O'Connell, committee chair, dated March 31, 1998, from the Legal Division, Legislative Counsel Bureau, indicating where and in what manner the *Nevada Revised Statutes* treat EICON differently than private insurance carriers.[10]

The following recommendations address the application of specific provisions of the Insurance Code to EICON. With respect to subparagraph (d.) of the recommendation, the assessment paid by an insurer, including EICON, would be based on the lines of insurance written by the insurer. The assessment is currently used to fund the fraud unit in the office of the Commissioner of Insurance; and investigations and examinations.

[9]Handouts titled "WCF History and Status" and "Colorado Compensation Insurance Authority" are included in this report as Exhibits B and C, respectively.

[10]Letter from the Legal Division, Legislative Counsel Bureau, is included in this report as Exhibit D.

8. **Make the following provisions of NRS specifically applicable to EICON (S.B. 43/BDR 53–396):**

   a. **Provisions of Chapter 686A of NRS regarding fair trade practices;**

   b. **NRS 616B.472 which provides that the Commissioner of Insurance may suspend the authority of an insurer to provide industrial insurance;**

   c. **Provisions of Chapter 683A of NRS which require the use of licensed insurance agents to market and sell workers' compensation insurance; and**

   d. **NRS 679B.158 for the portion of the assessment which supports investigations and examinations to investigate fraud and ensure compliance with the fair trade practices act.**

Chapter 686A of NRS, commonly referred to as the Unfair Trade Practices Act, pertains to trade practices, fraud, and financing of premiums as applicable to providers of workers' compensation coverage in Nevada. The Committee made the following recommendation:

9. **Specify that Chapter 686A of *Nevada Revised Statutes* is the exclusive jurisdiction of the Commissioner of Insurance, except to the extent it may affect DIR's responsibility to regulate the payment of workers' compensation benefits to claimants. Clarify that the authority of DIR in the area of claims practices specifically relates to the responsibility of insurers to pay benefits to injured workers. (S.B. 43/BDR 53–396)**

For private carriers, pursuant to NRS 679B.190, all documents in possession of the Division of Insurance are considered public information unless deemed confidential by another statutory provision or they fall under one of the exceptions in NRS 679B.190. The exceptions include records relating to investigations or examinations that are ongoing or have not been finalized, other documents the Commissioner of Insurance classifies as confidential because they were obtained from another governmental agency or from sources upon the express condition that they remain confidential, and medical records. Section 616B.014 of NRS currently governs the types of information held by EICON that are considered proprietary and confidential. The Committee made the following recommendation regarding confidentiality of information:

10. **Amend NRS regarding the confidentiality of information of EICON (S.B. 37/BDR 53–382):**

    a. **Make applicable to EICON the portions of Title 57 of NRS (the *Insurance Code*) relating to the confidentiality of information so that EICON and private carriers are subject to the same standards of confidentiality under three-way insurance; and**

b. **Enact legislation requiring EICON to open its records to the same extent as any other insurer. An exception would be provided to make information available to the Legislature.**

According to the Commissioner of Insurance, the average deposit for a new certificate of authority is approximately $200,000. A formula to determine the deposit for insurers providing workers' compensation coverage has not yet been established. It is expected that an insurer that already has a certificate of authority would be required to have an additional $100,000 deposit in order to provide workers' compensation insurance. Currently, EICON is not required to deposit cash or securities in order to transact workers' compensation insurance in Nevada. Rather, EICON is authorized by statute to write workers' compensation insurance. An industry representative indicated to the Committee that the Commissioner concurred with the recommendation that measures required of EICON should also be required of other insurers. Therefore, the following recommendation was approved by the Committee:

11. **Specifically exempt all insurers who provide workers' compensation, including EICON, from NRS 680A.140 which requires an insurer to deposit cash or securities in order to be authorized to transact insurance in Nevada. This exemption would specifically relate to the provision of workers' compensation insurance and not other lines of insurance. (S.B. 43/BDR 53–396)**

Pursuant to NRS 680A.060 a person shall not act as an insurer and transact insurance in the State of Nevada without authorization by a certificate of authority. Pursuant to NRS 680B.010, insurers must pay the following fees for a certificate of authority to the Commissioner of Insurance: a fee of $2,450 for filing the initial application for a certificate of authority; a fee of $283 for issuance of a certificate for one kind of insurance; and a fee of $578 for issuance of a certificate for two or more kinds of insurance. Pursuant to NRS 680B.010 related to fees, insurers must pay to the Commissioner of Insurance a fee of $2,450 for each annual continuation of a certificate of authority. It was unanimously agreed that EICON should not be required to purchase a certificate of authority and that exempting EICON from this requirement would not result in a competitive disadvantage to other carriers of such a magnitude that it would require a legislative adjustment. The Committee approved the following recommendation:

12. **Specifically exempt EICON from the following provisions of Title 57 of NRS (S.B. 43/BDR 53–396):**

    a. **NRS 680A.060 stating that an insurer must have a certificate of authority to transact insurance in Nevada;**

    b. **Subsection 1(a) of NRS 680A.180 and subsection 1(c) of NRS 680B.010 requiring an insurer to pay an annual continuation fee;**

c. **Subsection 1 of NRS 680A.250 stating that an insurer must appoint the Commissioner as its attorney to receive service of legal process before the Commissioner may authorize that insurer to transact insurance in Nevada; and**

d. **NRS 692C.260 and NRS 692C.270 requiring each insurer which is a member of an insurance holding company system to register with the Commissioner.**

The Committee heard testimony addressing the State Personnel Act and EICON's ability to successfully compete in a competitive environment. According to testimony, the State Personnel Act does not provide EICON sufficient flexibility with respect to human resource policies when dealing with its employees in a competitive environment. For example, if a classified employee of EICON is offered a 10 percent pay increase to work for a competitor, EICON does not have the ability to match that offer, making it difficult for EICON to retain its best employees. The Committee and representatives from EICON conceded that EICON must first develop a comprehensive personnel plan before it can to be exempted from the State Personnel Act. In accordance, the Committee made the following recommendation:

13. **Enact legislation to exempt EICON from the State Personnel Act effective no later than July 1, 1999. Employees of EICON would have the option to remain in the State Personnel System or to select to become subject to a new comprehensive personnel system developed by EICON. (S.B. 37/BDR 53–382)**

The Committee heard testimony addressing EICON's ability to underwrite other lines of insurance. It was indicated by testimony that prohibiting EICON to underwrite other lines of insurance could give private carriers a competitive advantage. It was recommended during testimony that the statute should clarify that EICON's ability to sell other lines of insurance should not become the obligation of Nevada's State General Fund at some later date. In response, the Committee made the following recommendation:

14. **Clarify NRS to allow EICON to form alliances with private carriers for the purpose of marketing other lines of insurance, so long as EICON does not take on the financial liability for any line of insurance other than workers' compensation. (S.B. 37/BDR 53–382)**

Subsection 2(a) of NRS 616B.083 provides that EICON shall report to the Commissioner of Insurance only its financial statement and results of operations for the account for current claims in accordance with those account principals that are prescribed by the Commissioner and applied to other insurers providing coverage for workers' compensation. When EICON was experiencing financial difficulties, the Legislature passed reform legislation to bifurcate EICON's account into an "old account" and a "new account." It is unlawful for a licensed insurance carrier to sell insurance if operating from an insolvent fund. The bifurcation of EICON's account enabled EICON to continue to serve the workers' compensation insurance needs of Nevada businesses while it addressed its financial issues. The Committee received

testimony expressing concern that EICON may be accumulating a deficit on its old claims. Testimony suggested that if EICON's old claims are underfunded, it will put at risk the funds of private insurers entering Nevada's workers' compensation market. To address this concern, the Committee made the following recommendations:

15. **Amend subsection 2(a) of NRS 616B.083 to require EICON to report to the Commissioner of Insurance its financial statement and results of operations for the account for current claims in accordance with those accounting principles that are prescribed by the Commissioner and applied to other insurers providing coverage for workers' compensation and report to the Commissioner its financial statement and results of operations for the account for current claims and the account for extended claims in accordance with generally accepted accounting principles in a fiscal year basis. (S.B. 37/BDR 53–382)**

16. **Enact legislation to require EICON to report annually to the Legislative Committee on Workers' Compensation on the status of the $650 million account for extended claims. Require that the report include the financial status of the account, the payments made for claims against the account, investment income, and projections of the adequacy of the account to cover claims incurred prior to July 1, 1995. (S.B. 37/BDR 53–382)**

Testimony was heard by the Committee addressing the need for a board of directors for EICON. It was generally agreed upon by individuals testifying and members of the Committee that a new section should be added to NRS creating a board of directors to assist the manager of EICON with policy development and planning the future direction of the agency under three-way insurance. The Committee adopted the following recommendations regarding a board of directions:

17. **Enact legislation to create a board of directors for EICON, structured as follows (S.B. 93/BDR 53–393):**

    a. **Employers Insurance Company of Nevada shall be under the direct supervision of a board of directors composed of nine members, each of which shall be a policyholder or an employee of a policyholder of EICON. The members of the board may not hold legislative or judicial positions in government. The board of directors shall consist of three members appointed by the Majority Leader of the Senate in consultation with the Minority Leader of the Senate, three members appointed by the Speaker of the Assembly in consultation with the Minority Leader of the Assembly, and three members appointed by the Governor.**

    b. **Board members shall serve for a term of four years and shall not be permitted to serve for more than two successive terms of appointment, except in the**

first year of the enactment of this law in which case one member from each class of appointments shall serve for two years and one member shall serve for six years. The original terms of appointment should be staggered with no board member serving less than two years. After the stagger is accomplished, no term should be for less than four years.

c. The term of each regular appointment shall commence on July 1 of the appointment year and expire on June 30 following four years of service.

d. Vacancies on the board amongst members appointed by the Legislature shall be filled by the Legislative Commission. Such appointments shall be for the remaining term of the vacancies, thereby preserving the staggered terms of the board members.

e. Service as a member of the board appointed by the Legislative Commission shall not be considered a term of appointment for the purposes of the limitation of two terms.

f. The board shall meet at least quarterly.

g. The duties of the board shall be those prescribed in Chapters 616A through 616D, inclusive, and 617 of NRS. The board may adopt rules and procedures, not inconsistent with the law, as required for the conduct of its business. Any regulations adopted by the board shall be in compliance with Chapter 233B of NRS.

h. Board members shall be compensated by EICON for meetings at a rate of not less than $80 per meeting day plus travel and per diem expenses. The board may set a rate of compensation for its members greater than $80 per meeting day.

i. The board shall elect a chairman from amongst its members. The chairman shall serve for a term of one year and shall not be permitted to serve more than two successive one-year terms. The chairman shall be responsible for the conducting and scheduling of all meetings.

18. If a board is established, amend NRS 616B.062 regarding the appointment and function of the manager of EICON to read as follows (S.B. 93/BDR 53–393):

a. The board shall appoint a manager to be in charge of the operation of the system;

**b. The manager is the chief executive officer of the system and is responsible in consultation with the board for all duties of the system; and**

**c. The manager shall serve at the pleasure of the board.**

**19. If a board is established, amend NRS 616B.065 regarding the selection and classification of assistant managers of EICON to read as follows (S.B. 93/BDR 53–393):**

**a. The manager shall select assistant managers whose appointments are effective upon the confirmation by the board of directors. Assistant managers are in the unclassified service of the state and are entitled to receive annual salaries fixed by the board.**

**b. The assistant managers shall serve at the pleasure of the manager, subject to the review of the board.**

## C. Owner-Controlled Insurance Programs (OCIPs)

An OCIP is a specialized insurance agreement for a large construction project. Under an OCIP, the owner purchases insurance on behalf of the general contractor and subcontractors that will perform work at the construction site. A typical OCIP covers a specific construction site for the duration of the project.[11]

On several different occasions, the Committee heard testimony regarding OCIPs. According to testimony heard on April 7, 1998, these programs are utilized for several different reasons including: (1) they centralize the purchasing power of the owner; (2) they reduce red tape; (3) they provide a unified loss control safety program for the job site, resulting in a safer work environment; and (4) they streamline project management.

The Committee adopted the following recommendation, appointing a voluntary working group to develop recommendations regarding OCIPs:[12]

**20. Appoint a voluntary working group to develop specific recommendations to the Committee regarding the regulation of OCIPs. The working group would consider several topics, including the coverage, operations, and regulation of OCIPs. The**

**working group would report back to the Committee by September 30, 1998, and would include at a minimum representatives of the Associated General Contractors, the insurance industry, insurance agents, labor, and the Commissioner of Insurance.**

21. **Amend NRS 686A.200 and NRS 686A. 220 to allow private carriers to write OCIP and contractor-controlled insurance program (CCIP) coverage. (S.B. 133/BDR 53–384)**

After considering public testimony, and receiving recommendations from the Working Group on OCIPs, the Committee adopted the following recommendations:

22. **Enact a provision in NRS to require that a contract for an OCIP or CCIP include the following specific requirements (S.B. 133/BDR 53–384):**

    a. **The project site must include all operations in the course or scope of the OCIP project, including all related off-site operations;**

    b. **A description of the on-site safety program shall be required. The owner, general contractor, or insurer must develop and implement a safety program that includes: minimum safety standards; safety meetings; safety training; site inspections; advising subcontractors on special hazards; and investigation of serious injuries. Any and all sites covered by wrap-up coverage must have a qualified safety and claims administrator on-site at all times when construction work is underway. The safety and claims administrator must not be assigned to a particular subcontractor or be, in any way, under the control or oversight of a subcontractor;**

    c. **The owner, construction manager, general contractor, and all subcontractors working on the project must be listed as named insureds (A named insured is specified as the insured in an insurance policy. A business added to a policy, other than the named insured, is considered an additional insured.);**

    d. **The owner or general contractor must be designated as responsible for loss control and claims handling programs, the designated claims administrator of the owner or general contractor shall be responsible for filing the C-1 and C-3 forms, coordinating direction of the injured worker to the appropriate clinic, handling all issues regarding the claim that can be managed at the worksite;**

    e. **Penalties for failing to comply with the safety plan and claims procedures;**

    f. **Duration, terms, and conditions of coverage;**

g. **Insurance for completed operations and project coverages for a minimum of three years, except for residential projects which would be required to have five years of completed operations and project coverages;**

h. **A provision specifying that if work activity that has been performed on the site of the project covered by the wrap-up is moved in a manner that requires workers dedicated to the construction of the project covered by wrap-up insurance to work off the site of the project, the subcontractor will keep track of the payroll for those dedicated workers while they perform work off-site. The subcontractor will be reimbursed by the owner for the workers' compensation costs for those dedicated workers moved off-site;**

i. **A provision specifying that workers dedicated to work on the project covered by the wrap-up who, by the nature of their job, must work off-site (e.g. delivery drivers, fabricators, etc.) will be the responsibility of the subcontractor. The subcontractor will be responsible for all safety, claims administration, and loss history as long as the insurance costs initially included in the bid are reimbursed by the owner;**

j. **A provision specifying that all employees who will work only on the site of the project covered by the wrap-up will be the responsibility of the owner. All safety, claims administration, and lost history issues will be the responsibility of the owner of the site;**

k. **The individual or entity responsible for each section of the contract shall be identified; and**

l. **The names and qualifications of persons responsible for safety oversight on the project.**

23. **Prohibit the withholding of periodic payments to subcontractors or members enrolled in an OCIP or CCIP by the owner or general contractor if the subcontractor does not sign the C-3 form. (S.B. 133/BDR 53–384)**

24. **Enact a "file and approve" provision in NRS that would require a contract for an OCIP or CCIP to be filed with the Division of Insurance 60 days prior to the start of the project. The Commissioner of Insurance would have 60 days after submission of the materials to review and approve or disapprove the contract. If no action is taken by the Commissioner within 60 days, the contract would be considered approved. (S.B. 133/BDR 53–384)**

25. Amend NRS to specifically allow the following entities to participate in or sponsor OCIP or CCIP agreements: (1) private companies, including firms undertaking to construct a project(s) in Nevada; (2) public bodies; and (3) utilities. (S.B. 133/BDR 53–384)

26. Clarify in NRS that the insurer for the OCIP or CCIP is liable for all workers' compensation claims related to injuries that arise in the course of employment on the project which are covered by the OCIP or CCIP contract, including future claims filed after the completion of the project. Provide in NRS that a subcontractor or enrolled member of the OCIP or CCIP may not be made liable for payment of claims, including claims filed after the completion of the project, related to the OCIP. An enrolled member is a company that is covered under the OCIP or CCIP agreement under the definition of enrolled member. This provision would apply for the time period of the wrap-up, OCIP, or CCIP agreement and after the completion of the project, including situations in which the insurer and/or owner of the project are no longer present or conducting business in the State of Nevada. (S.B. 133/BDR 53–384)

27. Amend NRS to include the following educational requirements and notification requirements related to an OCIP or CCIP (S.B. 133/BDR 53–384):

    a. The owner or general contractor must clearly notify subcontractors if a project is a proposed OCIP or CCIP. This notification must be made in the document that requests bids in advance of the bid. The purpose of this notification is to allow subcontractors to bid the project with and without insurance costs, as well as with bid fees relating to the costs of loss control and claims administration.

    b. The pre-bid conference must at a minimum include the following information: (1) the general concept of an OCIP or CCIP; (2) the requirement for contractors to carry separate workers' compensation coverage for work not performed on the "project site"; (3) the basic safety plan; and (4) claims administration procedures.

28. Enact a provision in NRS to specify that a designated on-site safety official has to meet the appropriate qualifications in NRS 618.710 or have three to five years of on-the-job experience. (S.B. 133/BDR 53–384)

29. Enact a provision in NRS to require that no designated safety administrator can be qualified for more then one site covered by wrap-up coverage at a time. (S.B. 133/BDR 53–384)

## D. Benefits and Administration of the Workers' Compensation System

The Committee received testimony addressing the possible inadequacy of existing notices regarding automatic closure of claims under certain circumstances. Pursuant to subsection 2 of NRS 616C.235, if the medical benefits required to be paid for a claim are less than $500, the claim closes automatically if the claimant does not receive medical treatment for the injury for at least 12 months. While a notice of the circumstances under which a claim can be automatically closed is provided on the back of the Report of Initial Treatment (form C-4), the Committee adopted the following recommendation to provide that each injured employee receive a separate notice regarding automatic closure of his or her claim.

**30. Amend NRS 616C.235 to require insurers to notify, by letter, claimants of the circumstances under which a claim may be closed automatically (this is in addition to any forms currently used which may notify claimants of the provisions of NRS 616C.235). (S.B. 38/BDR 53–379)**

Subsection 4 of NRS 616C.490 provides that unless the regulations adopted pursuant to NRS 616C.110 (adoption of American Medical Association's *Guides to the Evaluation of Permanent Impairment*) provide otherwise, a rating evaluation must include an evaluation of the loss of motion, sensation and strength of an injured employee if the injury is of a type that might have caused such a loss. No factors other than the degree of physical impairment of the whole man may be considered in calculating the entitlement to compensation for a permanent partial disability. However, the Committee heard testimony indicating that rateable impairments currently can be rated based on subjective pain only. Based on testimony, the Committee made the following recommendation:

**31. Amend subsection 4 of NRS 616C.490 regarding rating evaluations for permanent partial disability (PPD) to clarify that PPD ratings must be done using objective medical findings only. Specify that impairments cannot be rated based solely on subjective pain. (S.B. 95/BDR 53–386)**

Subsection 1 of NRS 616C.505 provides that the cost of transportation of the remains of a deceased employee shall be borne by the insurer if the transportation is not beyond the continental limits of the United States. The Committee heard testimony citing the explosion at the Sierra Chemical Company which killed four employees. Two of the four bodies were returned to Mexico, the employees' country of origin. The families of the two men whose remains were returned to Mexico were advised that they would need to make arrangements to have the remains collected at the border. The Committee made the following recommendation:

**32. Amend NRS 616C.505 to remove the provision which limits payment for the transport of the body of a deceased employee beyond the continental limits of the United States. (S.B. 95/BDR 53–386)**

The Committee heard testimony indicating that there is a need for the appeals officers to have certain qualifying experience. The following recommendation was adopted by the Committee:

33. **Amend subsection 2 of NRS 616C.340 to clarify that an appeals officer must have not only been licensed to practice in Nevada for two years, but must have experience in workers' compensation claims and proceedings. Each appeals officer must be an attorney who has been licensed to practice law before all the courts of this state and have actively practiced law in actions related to claims for compensation for at least two years. (S.B. 55/BDR 53–387)**

34. **Amend NRS to require the Chief of the Hearings Division to adopt regulations governing the conduct of hearing officers and appeals officers that will include the standards set forth in the *Nevada Code of Judicial Conduct*. (S.B. 55/BDR 53–387)**

The following recommendation made by the Committee is designed to provide information regarding the work load of appeals officers (AO) and the correctness of decisions made at the AO level of appeal.

35. **Amend NRS to require that the performance of appeals officers be evaluated based on pertinent information including the criteria of timeliness and consistency. The Department of Administration shall compile the number of hearings on the merits each appeals officer conducts on a monthly basis throughout the appeals officer's term of office. The Department of Administration shall compile on a yearly basis the number of appeals filed with the district court and the Supreme Court from the decisions of each appeals officer during the appeals officer's term of office. The Department shall also compile the number of decisions for each Appeals Officer that are upheld and reversed at the district court and Supreme Court levels during the appeals officer's term of office. Cases that are pending at the time the data is compiled shall be noted as such. (S.B. 55/BDR 53–387)**

The Committee heard testimony proposing that hearings and appeals officers should be required to author their own decisions to ensure that they are thoroughly familiar with each case. Testimony also indicated that appeals officers currently prepare decision letters wherein they explain their decisions and the rationale for the decisions and direct one of the attorneys of record to draft the formal findings of fact, conclusions of law, and order. Also proposed was a review panel that would provide an additional, optional level of review before a case is appealed to the district court. The following recommendation specifying changes to the hearings and appeals process was adopted by the Committee:

36. **Enact legislation to make the following changes to the hearings and appeals process (S.B. 55/BDR 53-387):**

    a. **Clarify that the responsibility of the Senior Appeals Officer over appeals officers includes the review and measurement of performance against standards, review of decisions for consistency and precedents, and responsibility for training.**

    b. **Hearing officers and appeals officers must write their own decisions and may not solicit or use draft decisions or proposed decisions received from parties to a case.**

    c. **Include a provision in Chapter 616C of NRS that allows any party aggrieved by a decision of an appeals officer pursuant to NRS 616C.360 to appeal to a three-member panel of appeals officers within 15 days after the decision is rendered. The panel shall be appointed by the Senior Appeals Officer. The matter shall be set for hearing before the panel within 45 days of the receipt of the notice of appeal. The appeals officer who renders the original decision shall not serve on the panel. The panel's review shall be limited to whether there was substantial evidence to support the original appeals officer's decision. The panel shall render its decision within 30 days. Any party aggrieved by a decision of the panel may appeal to the district court pursuant to NRS 616C.370.**

Subsequent injury funds are established in statute for EICON, self-insured employers, associates of self-insured employers, and private carriers. Subsequent injury funds were established to enhance employment opportunities for disabled workers and to protect employers from expensive claims resulting from additional injuries to workers with disabilities. The Subsequent Injury Fund for Self-Insured Employers provides monetary relief to employers who retain disabled employees; however, it is not a benefit to injured workers. The American Insurance Association recommended that all states should abolish second injury funds, because many of the funds: (1) deviate from the principal that an employer's costs should be internalized; (2) have not met their objective of promoting the hiring of disabled workers; (3) have accumulated large unfunded deficits; and (4) create administrative costs and disputes, and promote attorney involvement.[13] The Committee made the following recommendation:

37. **Repeal the provisions of NRS related to all subsequent injury funds as of July 1, 1999. (S.B. 42/BDR 53-389)**

## E. Qualifications of Associations of Self-Insured Employers

Section 616B.386 of NRS provides that an employer have a tangible net worth of at least $500,000 or a manual premium of at least $15,000 in order to qualify for membership in a self-insurance group. Representatives of self-insured groups testified that this requirement creates an artificial barrier which would inhibit the ability of self-insured groups to successfully compete under three-way insurance. Testimony further indicated that with the advent of three-way insurance, there is a need to allow for additional flexibility in the groups that have met certain requirements for certification, tangible net worth, and membership. Groups that maintain these conditions, may use their own business underwriting and financial practices to qualify new members. The Committee made the following recommendations:

38. **Amend NRS 616B.386 to provide that an association of self-insured public or private employers that meets the criteria listed below may adopt internal policies that specify what type of documentation a proposed new member must submit to the association and the Commissioner of Insurance to demonstrate its financial solvency. Such an association must have (S.B. 44/BDR 53–934):**

    a. **Been certified by the Commissioner of Insurance for at least three consecutive years;**

    b. **A combined tangible net worth of all the members of the association of at least $5 million; and**

    c. **At least 15 members.**

39. **Amend NRS 616B.386 to provide that an association of self-insured public or private employers that meets the criteria listed below may adopt internal policies setting the tangible net worth and manual premium for each proposed new member. Such an association must have (S.B. 44/BDR 53–934):**

    a. **Been certified by the Commissioner of Insurance for at least three consecutive years;**

    b. **A combined tangible net worth of all the members of the association of at least $5 million;**

    c. **At least 15 members; and**

    d. **Not had an informal meeting arranged for it by the Commissioner of Insurance pursuant to subsection 1 of NRS 616B.431 due to an issue of the association's solvency or an alleged violation of law within the previous 18 months or, if such a meeting has been arranged by the Commissioner**

**within the last 18 months, there must have been a satisfactory resolution of the concerns which made the meeting necessary, as evidenced by a letter from the Commissioner.**

## F. Coverage for Heart and Lung Disease for Retired Police Officers and Firefighters

Testimony heard by the Committee revealed that due to the unique function performed by police officers and firefighters, they are exposed to conditions that normal workers are not. The heart and lung problems incurred by police officers and firefighters do not develop overnight. Prolonged exposure to hazardous elements contribute to the development of heart or lung disease in the latter years of life. Considerable discussion was also devoted to the issue of determining if the occurrence of heart or lung disease could be attributed to factors other then occupational exposure, such as obesity or consumption of tobacco products. Members of the Committee agreed that police and firemen should be compensated for the higher risk experienced on the job, but issues of fairness and overall costs need to be considered as well. With the following recommendation, the Committee aimed to set some standards for coverage for police officers and firefighters during retirement:

**40. Amend NRS to limit the compensation for heart and lung disease of firefighters and police officers that occurs after the employees have retired or are no longer working as firefighters or police officers (S.B. 132/BDR 53–925):**

**a. Amend NRS 617.455 and NRS 617.457 to provide that the presumption in subsection 1 of each section applies to disabling heart or lung disease diagnosed after the termination of the person's employment if the diagnosis occurs within a period which begins with the last date the employee actually worked in the qualifying capacity and extends for a period calculated by multiplying four months by the number of full years of his employment. For example, an employee with 30 years of service would have continued eligibility for compensation of heart and lung disease for 120 months (10 years) after the employee retires. Nevada law currently provides that diseases of the heart and lung of certain persons who have been employed as firefighters or police officers are presumed to arise out of and in the course of employment.**

**b. Amend subsection 6 NRS 617.455 and subsection 6 of 617.457 to add the following provision. These subsections currently state that failure to correct predisposing conditions which lead to heart or lung disease as ordered by a physician in the annual examination excludes the employee from benefits if the correction is within the ability of the employee.**

***Such annual physical examinations shall be required during the periods of extended eligibility provided in section 1. Failure to comply with the***

*requirements for physical examinations shall result in the suspension of eligibility for the benefits provided by this section.*

c. **Amend NRS 617.455 and NRS 617.457 to provide that if a person is entitled to benefits under subsection 1 or 2, the firefighter or police officer shall not be entitled to temporary total disability benefits pursuant to NRS 616C.475. This provision would only apply to cases in which the person is retired or otherwise separated, voluntarily or otherwise, from employment or volunteer status as a police officer or firefighter before the claim is opened.**

d. **Amend NRS 617.455 and NRS 617.457 to provide that the last injurious exposure rule must be used to determine the insurer responsible for payment of benefits to the police officer or fireman who has retired or otherwise separated from employment as a police officer or fireman. The last injurious exposure rule imposes liability on the insurer of the employer that last exposed a person to conditions that could have caused the occupational disease.**

e. **Provide that a retired police officer or firefighter who meets the requirements of subsection 1 of NRS 617.455 or subsection 1 of 617.457 but who is receiving retirement benefits at the time he is diagnosed with heart or lung disease would not be eligible for disability compensation (because his average monthly wage when retired is zero); such retired police officer or firefighter would still be eligible for medical benefits. Provide that a police officer or firefighter who meets the requirements of subsection 1 of NRS 617.455 or subsection 1 of 617.457, who is no longer working for the police department or fire department, but who is not receiving retirement benefits is eligible for disability compensation, as well as medical benefits. Specify that the average monthly wage for such a police officer or firefighter be taken from the last 12 weeks of employment with the police department or fire department who last exposed him to heart or lung disease. Specify that a police officer or firefighter who meets the requirements of subsection 1 of NRS 617.455 or subsection 1 of 617.457, who is eligible for retirement benefits but who has not yet elected to receive retirement benefits, is eligible for disability benefits, as well as medical benefits, but that if he later wants to elect to take his retirement benefits, he must choose between retirement benefits and disability benefits; he would remain eligible for medical benefits.**

## G. Coverage for Correctional Officers Who are Exposed to Contagious Disease

Testimony presented to the Committee indicated that workers' compensation claims for exposure to Hepatitis, Human Immunodeficiency Virus (HIV), or the development of positive antibodies for tuberculosis (TB) are generally denied by insurers unless an employee actually

develops the disease.[14] A representative of the Risk Management Division testified that claims involving a correctional officer's exposure to Hepatitis or HIV in the course and scope of employment, absent a physical injury, are not covered by workers' compensation insurance in Nevada. Denial of coverage was also reported in cases where police officers tested positive for TB antibodies during their routine screening. Again coverage is denied unless the employee actually contracts the disease. In response, the Committee made the following recommendation:

41. **Amend NRS to cover correctional officers who are exposed to contagious disease (S.B. 132/BDR 53-925):**

    a. **Amend subsection 2 of NRS 616A.035, which defines the term "accident benefits," to include medical benefits as defined by NRS 617.130, and preventive care. Preventive treatment administered as a precaution to an employee who is exposed to a contagious disease while providing medical services, including emergency medical care, in the course and scope of his employment, and preventive treatment administered as a precaution to an employee of the Department of Prisons or the Mental Hygiene and Mental Retardation Division of the Department of Human Resources at facilities for mentally disordered offenders.**

    b. **Add a new subsection 4 to NRS 616A.035 to specify that "preventive treatment" includes tests to determine if an employee has contracted the disease to which he was exposed.**

    c. **Amend subsection 2 of NRS 616A.265, which provides what does and does not constitute an "injury by accident arising out of and in the course of employment."**

    d. **Create a new section in Chapter 616C concerning an employee of the Department of Prisons (DOP) who qualifies as a police officer pursuant to subsection 7 of NRS 617.135 or an employee of the Mental Hygiene and Mental Retardation Division (MH/MR) of the Department of Human Resources who qualifies as a police officer pursuant to subsection 9 of NRS 617.135 who is exposed to a contagious disease when battered by an offender or when responding to a physical altercation between offenders at an institution or facility of the DOP or MH/MR in the course and scope of his employment and the battery or employee's response to the altercation is documented by the creation and maintenance of a report by DOP or MH/MR.**

---

[14]Letter from Susan Dunt, Risk Management Division, Department of Administration, dated November 18, 1998, detailing the experiences of the Risk Management Division when dealing with exposures to blood borne pathogens is included in this report as Exhibit H.

**If after retiring the employee develops a contagious disease, the employee's entitlement to workers' compensation would be limited to a certain period of time determined by the following formula (also adopted by the Committee on Workers' Compensation for determining retired firemen and police officers' entitlement to workers' compensation): after the diagnosis occurs within a period which begins with the last date the employee actually worked in the qualifying capacity and extends for a period calculated by multiplying four months by the number of full years of his employment.**

## H. Permanent Total Disability

The Committee heard testimony indicating that many of Permanent Total Disability cases are older injured workers who due to age, lack of education, lack of other employable skills, or other factors unrelated to the physical impairment are virtually unemployable in a competitive labor market. Hence, the injury itself may only account for a small percentage of the reason the individual is unemployable. Testimony supported making the industrial injury the primary cause as to why an injured employee is determined to be permanently and totally disabled. In response, the Committee made the following recommendation:

**42. Amend NRS 616C.435 by adding a new subsection to include the following concept (S.B. 95/BDR 53-386):**

**Except as provided in subsection 1, in no case may an insurer make a determination that an injured employee is permanently and totally disabled unless a physician has indicated in writing to the insurer that the preponderant cause of the injured employee's inability to effectively compete in the labor market is an industrial injury or an occupational disease.**

## I. Subrogation of Insurer to Rights of Injured Employees

In the past subrogration cases have involved use of the *Breen* formula when distributing any recovery an injured worker obtained from a third-party.[15] The *Breen* formula was used by the Nevada Supreme Court in the case of *Breen v. Caesar's Palace*, 102 Nev. 79, 715 P.2d 1070 (1986). It was designed to determine how much money the insurer is entitled to receive from the third party recovery, as reimbursement for the workers' compensation expenditures made by the insurer.

---

[15]The *Breen* Formula: Insurer's Lien / Settlement - (Attorney's fees + Costs) = Percent of Attorney's fees and Costs Insurer bears.

Testimony heard by the Committee indicated several problems with the *Breen* formula. For example, no other jurisdiction in the United States uses the *Breen* formula, and mistakes in calculating the formula are common because of the difficult and confusing nature of the formula. Some employers have indicated that the formula does not adequately reimburse the insurer's lien for medical and compensation expenditures. Others noted that in some instances, the *Breen* formula operates unfavorably with respect to the injured worker. The outcome depends on several factors including the amount of the insurer's lien, the amount recovered from the third party, and the total costs and attorney's fees.

The proposed formula, first introduced in 1993 by Riley M. Beckett, attorney, Carson City, would provide the payment of attorney contingency fees, and allow for a guaranteed payment to the injured worker of one-third of the remainder of the settlement. The insurer would recover its lien amount, and any remaining funds would be paid to the injured worker. In a majority of cases, the involved parties (the injured worker, the insurer, and the injured worker's attorney) will each receive a portion of the settlement. Therefore, the Committee concluded that the proposed formula ensures a more equitable distribution of the recovery than the *Breen* formula allowed. Testimony indicated there are two circumstances when the proposed formula would not be used: (1) in cases where a pre-negotiated settlement has been reached; and (2) in cases where an employer has intervened in the action in order to protect his rights. Based on the testimony heard, the Committee made the following recommendation:

43. **Amend NRS 616C.215 to provide that if the insurer has not intervened and the parties cannot otherwise agree, any recovery obtained by an injured employee from a third party must be distributed according to the following formula: Attorney's fees and costs are to be paid first pursuant to the agreement between the injured worker and his attorney. From the remaining amount, the injured worker is guaranteed one-third, and the insurer receives the remaining amount or the amount of lien, whichever is less. Any amount remaining beyond the amount of the insurer's lien goes to the injured worker in addition to his guaranteed one-third share. (S.B. 94/BDR 53–1076)**

Testimony regarding subrogation also indicated that currently there is no requirement for notification to the insurer of an action taken by an injured worker against a third party, and therefore the insurer often is not notified of a pending lawsuit. There is currently no penalty for those who settle without notifying the insurer, and there is no statutory mandate that states a plaintiff's attorney must notify the insurer and request a copy of the lien amount. The Committee addressed this situation with the following recommendation:

44. **Revise provisions in NRS concerning notification to the insurer of action taken by an injured worker against a third party, and require full disclosure to the injured worker of anticipated settlement costs by the injured worker's attorney. (S.B. 64/BDR 53–1077)**

## J. Workers' Compensation Fraud

Testimony heard by the Committee cited instances where claimants have argued that they did not certify their disability because a spouse or supervisor endorsed the benefit checks, leaving the state with the burden of proving that claimants had signed the checks. The Committee made the following recommendation to aid in the prevention and prosecution of workers' compensation fraud:

45. **Amend NRS 616D.300 to add a reference to Chapter 617. In addition, enact a provision in NRS to specify that the penalty for an injured worker falsely certifying that he has been continually disabled for the 14 days prior to the date of the check extends to injured workers receiving benefits pursuant to Chapter 617 of NRS. The new provision shall state (S.B. 95/BDR 53–386):**

> **Every check issued by an insurer for workers' compensation benefits shall include the following restrictive endorsement:**
>
> > ***By signing this check for temporary disability, permanent total disability or rehabilitation maintenance benefits, I hereby certify under penalty of perjury that I have been continuously disabled and unable to work in any occupation for the 14 days prior to the date of this check. I understand that any false statement to obtain benefits is a crime, punishable by up to a category D felony pursuant to NRS 616D.300.***
>
> **Once such a check is issued, endorsed, and/or negotiated, it creates a rebuttable presumption that the named claimant received, endorsed, and/or negotiated the check.**

## K. Applicability of Chapter 617 of NRS

The Committee discussed the language inconsistencies between Chapters 616 and 617 of NRS. In the past when wording changes have been made in one chapter, the required changes have not been carried through to other affected chapters. An example was noted by the Committee regarding inconsistences between "entity," "governmental entity," and "public entity," within Chapters 616 and 617 of NRS. The Committee expressed a preference to standardize those terms by using "governmental entity" throughout, and made the following recommendation:

46. **Amend provisions of Chapters 616A to 616D, inclusive, of NRS and other provisions of NRS to ensure that references to Chapter 617 ("Occupational Diseases") are included in all appropriate provisions. The addition of references to Chapter 617 would be made to clarify existing provisions, and only where it appears to be the original intent of the provision. Such references should not create a substantive change or expansion of a provision. (S.B. 92/BDR 53–1078)**

## IV. CONCLUSION

The Nevada Legislature is faced with the difficult task of preparing Nevada's marketplace for industrial insurance for the entrance of private carriers on July 1, 1999. Considerable work has been done by the Legislative Committee on Workers' Compensation and by individuals throughout the State to ensure the success of three-way insurance in Nevada, and to ensure that Nevada's market of industrial insurance is equitable to employers and injured employees alike.

This report presents a summary of the deliberations of the Committee presented to the 70th Session of the Nevada Legislature. The recommendations contained in this report are designed to "level the playing field" among competitors in Nevada's workers' compensation market, enhance and clarify existing statutes, and prepare EICON, self-insured employers, associations of self-insured employers, and private carriers for three-way insurance.

The members of the Committee take this opportunity to thank all of the individuals and organizations who participated in the interim hearings. The Committee's meetings were significantly enhanced by the assistance provided by all of the individuals who willingly contributed their expertise in testimony and written correspondence.

Dear Senator O'Connell:

You have asked this office to produce a table that indicates where and in what manner the Nevada Revised Statutes treat the State Industrial Insurance System ("SIIS") differently than private insurance carriers. This table is set forth separately and attached for your consideration. In compiling the table that you requested, we have provided citations to sections of the Nevada Revised Statutes that would be affected if the Legislature desires to change the manner in which SIIS is authorized to conduct business. It should be noted that because SIIS is not an "insurer" as that term is used throughout most of the insurance code, which is codified as Title 57 of NRS (*see* footnote 1 of the table), most of the insurance code does not apply to SIIS. The necessary result of this arrangement is that SIIS is "treated differently" than private carriers of insurance in the chapters of Title 57. Because Title 57 of NRS is comprised of 46 separate chapters, it would not be possible to cover each of these differences. Thus, in compiling this table, we have highlighted those sections of NRS that are concerned with the relative authorities and responsibilities of SIIS and private carriers of insurance and the way in which SIIS and private carriers are subject to the regulatory authority of the Commissioner of Insurance.

If you have any further questions regarding this matter, please do not hesitate to contact this office.

Very truly yours,

In Title 57 of NRS, "insurer" does not include SIIS. |

1. In Title 57 of NRS (the Nevada Insurance Code), SIIS is not considered to be an "insurer." For Title 57, an "insurer" is defined as "every person engaged as principal and as indemnitor, surety or contractor in the business of entering into contracts of insurance." NRS 679A.100. The preliminary chapter of NRS makes clear that the term "person" does not include a "governmental agency." NRS 0.039. Because SIIS is a public agency (*see* NRS 616B.050), SIIS is not a "person" and therefore is not an "insurer" for the provisions of Title 57. Note, however, that beginning July 1, 1999, SIIS will be an "insurer" for the purposes of some provisions of Title 57, but not for any of the provisions of Title 57 that are set forth in this table. *See, e.g.*, NRS 680B.027. In addition, NAC 616B.015 sets forth certain sections of Title 57 with which SIIS must comply.

| Requirement or Authority | Private Carriers | SIIS | NRS §§ Involved | Footnotes (to explain reason for different treatment) |
|---|---|---|---|---|
| Each insurer that holds a certificate of authority must pay an annual assessment "for the investigation of fraudulent claims." (NRS 679B.158(3); NAC 679B.157) | Required to pay fee. | Not required to pay fee. | 0.039; 616B.050; 679A.100; 679B.158; and NAC 679B.157 | Same as footnote #1. In Title 57 of NRS, "insurer" does not include SIIS. |
| Each insurer must appoint the commissioner as its attorney to receive service of legal process before the commissioner may authorize that insurer to transact insurance in this state. (NRS 680A.250(1)) | Required to make appointment if they desire to transact insurance in this state. | Not required to make appointment. | 0.039; 616B.050; 679A.100; and 680A.250 | Same as footnote #1. In Title 57 of NRS, "insurer" does not include SIIS. |
| Each insurer "which is authorized to do business in this state and which is a member of an insurance holding company system" is required to register with the commissioner by filing a registration statement. (NRS 692C.260; 692C.270) | Required to file statement if: (a) authorized to do business in this state; and (b) a member of an insurance holding company system. | Not required to file statement. | 0.039; 616B.050; 679A.100; 692C.260; and 692C.270 | Same as footnote #1. In Title 57 of NRS, "insurer" does not include SIIS. |
| To be authorized to transact insurance in this state, an insurer must deposit cash or securities to protect its policyholders and/or creditors. (NRS 680A.140) | Required to deposit cash or securities. | Not required to deposit cash or securities. | 0.039; 616B.050; 679A.100; and 680A.140 | Same as footnote #1. In Title 57 of NRS, "insurer" does not include SIIS. |
| The authority to make a "jeopardy assessment," which is an immediate assessment of accrued premiums, penalties and interest, the collection of which will be jeopardized by delay. (NRS 616B.248) | NRS does not set forth an equivalent authority for private carriers. | The manager of SIIS is empowered to make such an assessment pursuant to NRS 616B.248. | 616B.248 | NRS does not provide such authority to private carriers of insurance. |

| Requirement or Authority | Private Carriers | SIIS | NRS §§ Involved | Footnotes (to explain reason for different treatment) |
|---|---|---|---|---|
| Authority to use services provided by state agencies. (NRS 616B.050) | NRS does not provide this authority to private carriers of insurance. | NRS 616B.050(3) states that SIIS is entitled, but not required, to "use any services provided to state agencies." | 616B.050 | |
| Records of private insurance carrier or SIIS to be kept confidential. | No specific section devoted to confidentiality of records of private carrier, but some confidentiality is afforded. *See* footnote #2. | NRS 616B.014 specifically sets out that certain of SIIS's records, including proprietary information, is confidential. | 616B.014; 679B.190; and 679B.285 | Footnote #2 |
| A person may not hold himself out as an insurance "agent" unless licensed as such. (NRS 683A.090) An "agent" is "an individual, firm or corporation appointed by an insurer to solicit applications for insurance or annuity contracts or to negotiate for such contracts on its behalf . . . ." (NRS 683A.030) | Applies to private insurance carriers. | No equivalent provision of NRS requires those who solicit business for SIIS to be licensed as "agents." | 683A.030; and 683A.090 | Same as footnote #1. In Title 57 of NRS, "insurer" does not include SIIS. |

2. Although there is no section in NRS specifically devoted to the confidentiality of records of private insurance carriers, as there is for SIIS (*see* NRS 616B.014), two sections afford some measure of confidentiality. First, NRS 679B.190 states that during the period in which the commissioner is investigating or examining an insurer, the information and documents possessed by the commissioner that relate to the investigation or examination are confidential. Second, NRS 679B.285 states that when the commissioner examines an insurer (pursuant to NRS 679B.230), the commissioner may disclose the contents of final and preliminary reports of the examination, but the underlying information that is the "work product" of the examination remains confidential.

| Requirement or Authority | Private Carriers | SIIS | NRS §§ Involved | Footnotes (to explain reason for different treatment) |
|---|---|---|---|---|
| Commissioner may suspend authority to provide industrial insurance. | Applies to private carriers if such carriers intentionally or repeatedly fail to comply with chapters of NRS that are concerned with industrial insurance. (NRS 616B.472) | The commissioner does not appear to have this same level of authority to punish SIIS for violations of industrial insurance chapters of NRS. | 616B.472 (effective July 1, 1999) | This difference does not exist at present, but will exist beginning July 1, 1999, when private carriers are allowed to begin providing industrial insurance. |
| Ability of private carrier or SIIS to have open access to records of employer to whom it provides industrial insurance. | If an employer is insured by a private carrier, the administrator of the division of industrial relations of the dept. of bus. and industry or the administrator's auditor or agent is allowed open access to the books, records and payroll of the employer. | If an employer is insured by SIIS, the books, records and payrolls of the employer are open to SIIS in addition to the administrator and dept. of taxation. | 616A.485 eff. July 1, 1999 | This discrepancy appears to give SIIS access to certain records of an employer to whom it provides industrial insurance that a private carrier would not have. |
| Political ties of Chief Executive Officer of private insurance carrier or SIIS. | NRS does not create any ties between the CEO of an insurer and the State of Nevada. | The manager of SIIS (its CEO) "serves at the pleasure of the governor" and the manager's salary is fixed by the governor. This arrangement continues even after July 1, 1999. | 616B.062; and 616B.068 | |

| Requirement or Authority | Private Carriers | SIIS | NRS §§ Involved | Footnotes (to explain reason for different treatment) |
|---|---|---|---|---|
| Requirement to pay general tax on premiums and effect of failure to pay taxes on premiums. (NRS 680A.190 and 680B.027) | Pursuant to NRS 680A.190(e), the commissioner is required to "refuse to continue, suspend or revoke" an insurer's certificate of authority if the insurer fails to pay taxes on its premiums. | Beginning on July 1, 1999, SIIS is required to pay the general tax on premiums (*see* NRS 680B.027). | 680A.190; and 680B.027 eff. July 1, 1999 | Commissioner does not appear to have authority to remove SIIS's ability to provide industrial insurance for failure to pay premium taxes. |
| Liability for engaging in unfair methods of competition or unfair or deceptive acts or practices. (NRS 686A.010 to 686A.280, inclusive) | Chapter 686A of NRS prohibits insurers from engaging in certain acts constituting unfair methods of competition or unfair or deceptive acts or practices. | Because most of these provisions prohibit a "person" from doing certain acts, the provisions do not prohibit SIIS from engaging in such acts. *See* footnote #1. | 0.039; 616B.050; 679A.100; and 686A.010 to 686A.280, inclusive | Same as footnote #1. In Title 57 of NRS, "insurer" does not include SIIS. |
| Commissioner may hold hearing to determine whether an insurer or an employee of an insurer has engaged in "unsuitable conduct." (NRS 679B.310 to 679B.370, inclusive) | Applies to private carriers. | No equivalent provision of NRS authorizes the Commissioner of Insurance to hold such a hearing with respect to SIIS. | 0.039; 616B.050; 679A.100; and 679B.310 to 679B.370, inclusive | Same as footnote #1. In Title 57 of NRS, "insurer" does not include SIIS. |

# MEMORANDUM

DATE: April 1, 1998

TO: Members of the Legislative Committee on Workers' Compensation (*Nevada Revised Statutes* 218.5375)

FROM: Senator Ann O'Connell, Chairwoman

SUBJECT: **Brief Review of Information on Owner-Controlled Insurance Programs (OCIPs), also Known as Wrap-Ups**

An OCIP is a specialized insurance agreement for a large construction project. OCIP coverage is typically for a time-specific building project and usually includes several lines of insurance in addition to workers' compensation.

*Summary of States*

Information regarding wrap-up agreements was obtained from 18 states with competitive state funds which responded to a recent survey. State funds that compete in the marketplace with private carriers to provide workers' compensation insurance to employers are considered competitive state funds.

- Six states allow the competitive state fund to participate in wrap-ups.
- Three states prohibit wrap-ups altogether; and therefore, the competitive state funds are also prohibited from participating in wrap-up agreements;
- Six competitive state funds have not provided coverage under a wrap-up agreement, although nothing in statute specifically prohibits their participation in wrap-ups.
- Three competitive state funds have not addressed the issue of whether they may participate in a wrap-up agreement.

*Statutory Provisions Relating to OCIPs*

The Commissioner of Insurance has indicated that *Nevada Revised Statutes* 686A.200 and NRS 686A.220 would apply to private carriers using an OCIP. It is important to keep in mind, however, that SIIS currently does not for the most part fall under Nevada's Insurance Code, which includes NRS Chapter 686A.

NRS 686A.200 **Favored agent or insurer.**

1. No person shall require, directly or indirectly, or through any trustee, director, officer, agent or employee or affiliate, as a condition, agreement or understanding to selling or furnishing any other person any loan, or extension thereof, credit, sale, goods, property, contract, lease or service, that such other person shall place, continue (other than as to life insurance) or renew any policy of insurance of any kind through any particular agent, broker or insurer. No agent, broker or insurer shall knowingly participate in any such prohibited plan or transaction. No person shall fix a price charged for such thing or service, or discount from or rebate upon price, on the condition, agreement or understanding that any insurance is to be obtained through a particular agent, broker or insurer.

2. Subsection 1 does not prevent:

(a) The exercise by any such person upon a reasonable basis of any right to approve or disapprove of the insurer and representative to underwrite the insurance. Such basis shall relate only to the adequacy and terms of the coverage with respect to the interest of the vendor, lender, lessor or provider of service to be insured thereunder, the financial standards to be met by the insurer, and the ability of the insurer or representative to service the policy.

(b) The exercise by the vendor, lender, lessor or provider of service of the right to furnish or renew the insurance, and to charge the account of the other person with the costs thereof, if such other person fails to deliver such insurance to the lender, vendor, lessor or provider of service, where otherwise called for and in order, at least 15 days prior to expiration of the existing policy.

NRS 686A.220 **Favored agent or surety for bonds under public building or construction contract.**

1. No officer or employee of this state, or of any public agency, public authority or public corporation (except a public corporation or public authority created pursuant to agreement or compact with another state), and no person acting or purporting to act on behalf of such officer or employee, or public agency or public authority or public corporation, shall, with respect to any public building or construction contract which is about to be or which has been competitively bid, require the bidder to make application or furnish financial data to, or to obtain or

procure any of the surety bonds or contracts of insurance specified in connection with such contracts or by any law from, a particular insurer or agent or broker.

2. No such officer or employee or any person acting or purporting to act on behalf of such officer or employee shall negotiate, make application for, obtain or procure any of such surety bonds or contracts of insurance (except contracts of insurance for builder's risk or owner's protective liability) which can be obtained or procured by the bidder, contractor or subcontractor.

3.This section does not, however, prevent the exercise by such officer or employee on behalf of the state or such public agency, public authority or public corporation of its right to approve the form, sufficiency or manner of execution of the surety bonds or contracts of insurance furnished by the insurer selected by the bidder to underwrite such bonds or contracts of insurance.

4. Any provisions in any invitation for bids or in any of the contract documents in conflict with this section are declared to be contrary to the public policy of this state.

5. A violation of this section is subject to the penalties provided by NRS 679A.180 (general penalty).

*Arguments For and Against OCIPs*

The following arguments have been made in support of OCIP agreements:

- OCIPs provide coordinated insurance to address injuries and claims related to the project;
- OCIPs allow better management of safety and prevention;
- Employees working on the project have uniform workers' compensation coverage; and
- Premiums are significantly reduced for the owner of a project.

The following arguments have been made against OCIPs:

- They are a monopoly in that they prohibit the sale of insurance to individual contractors (or subcontractors) who are involved in an OCIP;
- Since the coverage is under the owner, the owner realizes the savings as opposed to the subcontractor, who is really paying for the coverage;
- The subcontractors no longer manage their own safety programs or the impact on their experience modification factor; and
- The owner may not have the legal authority to provide workers' compensation coverage under an OCIP for all the employees on the project.

## QUESTIONS NEEDING ANSWERS

The Committee will need to consider the following questions regarding OCIPs:

1. The private sector would be prohibited from taking part in an OCIP under NRS 686A.200 and NRS 686A.220. However, the Commissioner of Insurance has not applied these provisions of the Insurance Code to SIIS. Should the unfair trade practices law in NRS Chapter 686A also apply to SIIS?

2. Since retrospective plans and OCIPs (which have a similar structure to retro plans) deal with workers' compensation rates, should they be considered a rate filing and therefore subject to the review of the Commissioner of Insurance?

3. Should SIIS have the authority to determine whether a member of a self-insured association is prohibited from participating in an OCIP?

4. What requirements should OCIPs have regarding claims and coverage issues? What happens to workers' compensation coverage if an employee is injured not actually on the job site but at a shop where he is doing work related to the project covered by the OCIP?

5. How should the experience rating be tracked for each contractor? Should individual experience rating of subcontractors working under the OCIP contract be required? Should there be a sharing of any rebate to the project owner with the subcontractors?

6. Under NRS 679B.230, the Commissioner can review the reserves of an insurance company. Should this provision apply to SIIS?

7. Does the Commissioner of Insurance have the authority to review the reserves for an OCIP agreement under SIIS? If not, should the Commissioner have this authority?

8. Should SIIS be held accountable and possibly penalized for having inadequate reserves related to an OCIP without negatively affecting the other SIIS policyholders?

9. Should there be a threshold project value in order to qualify for an OCIP?

10. Since we are in uncharted waters, should the private sector be allowed to bid on an OCIP?

# APPENDIX F

Document provided by the Voluntary Working Group
on OCIPs and Wrap-Ups, dated November 30, 1998,
detailing final recommendations

Submitted by Scott Craigie on behalf of the Task Force on Wrap-Up coverage issues. November 30, 1998.

At the direction of Chairwoman Ann O'Connell, a series of meetings was held with Gary Milliken, Tom Czehowski, Sam McMullen, Jan Rhodes, Phil Heyde and Scott Craigie. Agreement was reached among all those representatives.

All have agreed that the OCIP program should be built on the principles set forth below.

The next two years should be viewed as a transition period when we build the wrap-up market within our state. This trial period for OCIPs is necessary to make sure that owner / prime contractor / insurance carriers all perform well in this important new market area. Some considerations regarding the two year trial:

- ✓ One of the most important features of wrap-ups is the improved safety benefit it brings to the workplace. Another important benefit is that at a work site that has numerous sub-contractors, it is most efficient to have a single claims management system that quickly delivers benefits to an injured worker. To ensure these goals are met by the program we create in Nevada, our laws must ensure that any and all sites covered by wrap-up coverage have qualified safety and claims administration on-site at all times when construction work is underway. (The safety and claims administration must not be assigned to the sub-contractor or be, in any way, under the control or oversight of the sub-contractor.)

- ✓ The legislation should include a specific list of qualifications for the designated on-site safety official. (To take advantage of the experienced professionals serving in this capacity in Nevada today, the Task Force agreed we should allow those with 3 or 5 years safety oversight experience to be covered by our qualifications. We liked the language on this issue contained at the end of this summary that comes from the Michigan plan.)

- ✓ The designated claims administrator will be responsible for filing the C-1 and C-3 forms; coordinating direction of the injured worker to the right clinic; handling all issues regarding the claim that can be managed at the worksite.

- ✓ During this first two years, rolling wraps will not be allowed.

Wrap-up coverage will insure workers only while they perform work on-site. The site will be defined in the contract, but must be contained in a reasonably contiguous area. Some issues that need attention include the following:

- ✓ If work activity that has been performed on-site is moved in a manner that requires workers dedicated to the construction of the project covered by wrap-up insurance, the sub contractor will keep track of the payroll for those dedicated workers while they perform work off site. The sub contractor will be reimbursed by the owner for the workers' comp costs for those dedicated workers moved off-site.

- ✓ Off-site employees dedicated to site work (e.g. Delivery drivers, fabricators, etc.) will fall under the sub-contractor. Given these workers fall under the sub-contractor, the sub- will be responsible for all safety, claims administration and loss history as long as the insurance costs initially included in the bid are reimbursed by the owner.

- ✓ As indicated above, all on-site employees will be the responsibility of the owner. All safety, claims administration and lost history issues will reside with the owner of the site.

Caps or minimums are not necessary so long as regulatory language specifies safety requirements, proper claims management procedures, claims handling by the owner-prime contractor or private insurance carrier in all contracts. In addition, all these conditions must be subject to review and approval of the Commissioner of Insurance.

Each and every wrap-up contract must include the following:

- ✓ A clearly defined work site.

- ✓ Definition of the individual of entity that is responsible for each section of the contract.

- ✓ A description of the on-site safety program.

- ✓ Definition of the duration of the coverage.

- ✓ Definition of the specific project to be completed and covered by the coverage.

- ✓ A clearly defined protocol spelling out who is responsible for the claims administration and safety program.

---

Our group discussed in detail how we felt these Wrap-Up insurance programs should operate. We found some language in material supplied to the Committee at a previous meeting. You have a copy of the September 8, 1997 letter from Bruno Czyrka, Deputy Director, Department of Consumer & Industry Services that contains this and other information.

Our group thought it would be instructive to re-submit this information to the Committee as you consider individual operational components for the Wrap-Ups. There are some excellent operational / definitional components here:

- ✓ Each construction site shall have an appointed construction safety and health director employed by the owner, construction manager, general contractor of the construction site, or insurance carrier for the project.
- ✓ The safety and health director shall have experience in the field of construction safety and health. The construction safety and health director shall be a full-time director with job duties limited to occupational safety and health-related issues.
- ✓ The safety and health director shall be located at and work from the construction site, whenever construction activity takes place on the site.

- ✓ The owner, construction manager, or general contractor shall designate an alternate construction safety and health director with experience in the field of construction safety and health during multiple shifts and temporary absences of the construction safety and health director.
- ✓ The alternate construction safety and health director shall exercise the same responsibilities and authority as the construction safety and health director and report to the safety and health director on the activities at the site during the safety and health director's absence.
- ✓ The safety and health director shall be responsible for coordination among all employers at the construction site to provide a safe and healthful worksite.
- ✓ The construction safety and health director shall be the final authority for resolution of all disputes related to construction safety and health at the worksite.

Hope this was helpful.

Document dated April 1997, from the
American Insurance Association,
titled "Second Injury Funds
Should be Abolished"

## SECOND INJURY FUNDS SHOULD BE ABOLISHED

States should abolish workers' compensation second injury funds, because second injury funds (1) deviate from the principle that an employer's costs should be internalized; (2) have not met their objective of promoting the hiring of disabled workers; (3) have accumulated large unfunded deficits; and (4) create administrative costs and dispute, and promote attorney involvement.

(1) Second injury funds deviate from the principle that an employer's costs should be internalized. An employer with no responsibility for injuries occurring in another employer's workplace should not subsidize that employer's losses. It is inequitable to shift costs to another employer who had no responsibility for the injury. Workers' compensation costs should be allocated to employers in accordance with the costs of injuries to their own employees. This assures that costs are distributed fairly, and encourages safety, prompt reemployment and prevention of fraud.

Second injury funds are especially unfair to small employers. Larger employers have more opportunity to benefit from second injury funds, because they experience considerably more claims. Nonetheless, small employers are assessed to cover these losses, although they may never have a loss qualifying for second injury fund coverage.

Furthermore, eliminating second injury funds will not adversely effect an employer's loss experience. Small business is not experience-rated; and experience is only partially predictive for other than the largest employers with significantly higher premiums (the higher the premium, the more actuarially predictive is experience and the greater weight that is given to such experience). Even for employers whose premium is sufficiently large so as to be fully experience-rated, second injury fund recoveries have little impact on experience. This is because the experience rating formula weights *frequency* (which SIF recoveries do not affect) more than *severity;* and *severity* (the net dollar cost of the injury) is unaffected by a second injury fund recovery.

(2) Second injury funds have not met their stated objective of promoting the hiring of disabled workers. In the decades since their creation, there is no demonstrable evidence that second injury funds have significantly influenced hiring decisions, nor influenced them to the degree that would justify retaining the funds, given

their well-documented problems. They *have* been successful in spreading losses among all employers, but without more than a theoretical justification for second injury funds, socializing losses has become an end in itself.

AIA believes the ADA is a more direct, and thus certain, remedy for promoting employment of disabled workers, because it prohibits certain improper inquiries about the existence or nature of a disability prior to an employment offer. Even following an offer of employment, when an inquiry would not violate the ADA, a second injury fund gives an employer the incentive to inquire about a preexisting disability. This is so, because, some states require an employer to ascertain at time of hire whether an employee has a preexisting injury in order to qualify for second injury fund coverage of a subsequent injury. Even without a prior knowledge requirement, a second injury fund gives an employer at time of injury a powerful incentive to inquire into a claimant's medical history in order to hunt down a qualifying preexisting injury and spread the losses of any subsequent injury to other employers. Therefore, second injury funds can give an unscrupulous employer a pretext to inquiring into preexisting disabilities. Thus, in a perverse way, second injury funds may operate to *call attention* to disabilities.

Although the ADA does not cover employers with fewer than 15 employees, it is doubtful abolition of a second injury fund would have an effect on small employers' incentives to hire disabled individuals. This is because there is little, if any, demonstrable evidence the funds have had any impact on hiring decisions in the decades following their creation.

(3) Second injury funds have accumulated large unfunded deficits. Second injury funds are financed on a pay-as-you-go basis (generally through assessments on self-insured and insured employers). Many funds have expanded and become financial monsters, when rapidly rising workers' compensation costs have increased incentives to dump cases into the fund and raised the ultimate value of those cases. Connecticut's second injury fund was estimated to have $6 billion in unfunded liabilities when it was repealed several years ago; Kentucky, over $2 billion when repealed last year. Florida's is estimated to have over a $4 billion deficit. For employers, the assessments required to pay these ever-rising liabilities will last for decades and constitute for all employers -- insured and self-insured -- an additional cost of workers' compensation simply to pay the future cost of injuries that have already occurred. Furthermore, in some states assessments have risen so high to meet cash flow obligations that states have limited the assessments on insured employers to fund current obligations (e.g, Florida, Massachusetts), forcing insurers to settle for amounts less than due and raising additional questions about the efficacy of second injury funds in preventing discrimination.

Furthermore, these unfunded liabilities have prompted the American Institute of Certified Public Accountants (AICPA) to propose that insurers and self-insured employers be required to accrue immediately for second injury fund liabilities, where assessments are based on paid losses. This proposal recognizes that payment for second injury fund losses is an unavoidable future obligation of all employers and cannot be avoided even if an insurer or employer ceases operations in the state. For these reasons, AIA recommends that assessments on insured employers be based on premium and collected outside the rate base (i.e., surcharge).

(4) Second injury funds generate transaction costs and disputes. Second injury funds typically are administered by state workers' compensation agencies. They require staff and other resources necessary to evaluate coverage, track payments and assessments, and provide for defense of the fund. These unavoidable costs are part of each employer's assessment.

Second injury funds also generate disputes, attorney involvement, and litigation. They introduce another party to the determination (the fund), adding another layer of dispute. In some states (e.g., Missouri, Oklahoma), the injured worker is required to file a separate claim for benefits through the fund, guaranteeing a separate proceeding and potential dispute (along with attorney involvement) on each second injury fund claim. Finally, incentives to "hunt" for a pre-existing injury to minimize an employer's *direct* financial obligation (while it shifts costs to other employers) encourage case-dumping at the expense of other employers and raise legal costs.

RE: Coverage of Correctional Officers exposed to contagious diseases
BDR 53-637 / BDR 925

FROM: Susan Dunt, Workers' Comp and Safety Manager

Dear Senator O'Connell and Members of the Committee,

This is a request to be included on the agenda for the next Committee Hearing to discuss input in regard to BDR 53-637 and 925 as it applies to State of Nevada employees.

The Risk Management Division is the designated representative for workers' compensation issues for all Central Payroll Agencies, as per a contractual agreement between Doug Dirks and John Comeaux. Our Division pays workers compensation premiums on behalf of all agencies. Our Legislative performance indicators are related to the ability to minimize and control these costs. My title is Workers' Compensation and Safety Manager. I am responsible to oversee and manage the workers' comp program for State employees within the Central Payroll agencies. I plan to present the following information regarding the proposed language to amend Subsection 2 of Nevada Revised Statutes 616A.035

Overview
We support the theory of this amendment. However, as written, it may be too broad in regard to the diseases it is intended to cover. We believe that the specific diseases that are intended to be included are Tuberculosis, Hepatitis, and HIV (Aids). These diseases are defined in medical dictionaries and OSHA regulations as **"infectious diseases"**. These diseases have known preventative medication that can be provided that will hinder the probability that the full-blown disease will be contracted. If there are other specific diseases that can be identified and for which preventative medication is available, they can be included as necessary and justified.

Secondly we suggest that the preventative care not be limited to an employee of the department of prisons, but to all State of Nevada employees who qualify as a police officer pursuant to subsections 2-7 of Nevada Revised Statutes 617.135.

Thirdly we suggest that the language not be limited to altercations or attacks (battering). It should also include exposures incurred during transport, processing of offenders, response to emergencies such as suicides or attempted suicides, general custody of an offender with a suspected or confirmed disease or any other situation which occurs during the course of a police or correctional officer's duties. This should also include situations in which an unknown substance is thrown onto an officer, which in turn gets in their eyes, mouth or open wound, but does not otherwise involve a physical injury.

Discussion:
As an employer, we would prefer to see immediate preventative care provided for these specific diseases, in lieu of bearing the expense of a full-blown disease if it develops. **An ounce of prevention is worth a pound of cure.** It is also the appropriate moral approach to take on behalf of our employees. Statistics show that offenders have a higher than average incidence of these diseases. Therefore the rate of exposure is higher than average. The State of Nevada has had employees from various protective agencies, not just Prisons, who report exposure to infectious diseases (bloodborne pathogens) or T.B. during the course of their employment. The total numbers are not that high. To my knowledge, we average between 10 and 20 such exposures each year.

Claims for an exposure to Hepatitis or HIV or for the development of positive antibodies for TB are generally denied unless the employee actually develops the disease. In the case of T.B., it is often difficult to be able to identify a confirmed source if the offender is not in the Prison system. Currently, if an employee has an actual physical injury (i.e. cut, stab, needle stick, etc.) related to exposure to a confirmed source, the physical injury is accepted. The employee is then provided screening under medical investigation for up to one year for the infectious disease. IT DOES NOT INCLUDE PREVENTATIVE CARE.

We must keep in mind that offenders first must be detained and processed before a determination can even be made as to whether or not they are contagious. In addition, offenders can be carriers and turn active and contagious once in the system. Someone has to transport offenders to medical care or to provide custody services while the care is provided.

**Hepatitis and HIV**
In the Prison settings, the gray area that often occurs (and which we would like to see the amendment addressed) is when either blood or an unknown liquid is propelled into an officer's eyes, mouth or broken area in the skin or if the source cannot be immediately be confirmed. As noted above, if there is not a physical injury, a claim generally cannot be accepted. It has been reported that HIV tainted blood is a valuable weapon within prisons. It can be and reportedly has been distributed to other offenders, who are not active carriers, to use to throw at officers when the opportunity arises. In this case the source or the substance may not be able to be confirmed. Officers must also respond to suicides or attempted suicides, during which an exposure could occur. Under these circumstances it is not reasonable to only have employees providing medical care afforded the benefit of preventative medications. Often other employees have also been exposed.

**Tuberculosis**
In the case of T.B., an exposure can occur through coughing or other methods in which a physical injury does not occur. When a known active T.B. carrier is identified we currently must tell employees:

> "Yes, Offender A has been confirmed to have active T.B. We realize you had to transport this offender to medical care while he was coughing in a close proximity to you. However, the law only allows us to provide preventative care to those who actually provide medical care-so sorry you are out of luck and on your own, unless you actually get the disease."

Once again, under these circumstances it is not reasonable to only have employees providing medical care afforded the benefit of preventative medications.

Another scenario that occurs is that an employee's T.B. skin test converts from negative to positive from one year to the next. Police and correctional officers are tested annually for T.B. Employees submit a claim and it is denied, because they do not have active T.B., they have only developed the antibodies. Preventative care is not offered. It would seem reasonable to accept this as a claim for the provision of preventative care as long as the employee did not have any other identified risk factors that could have contributed to this conversion (i.e. travel out of the country, family member with T.B., etc.)

**OSHA Requirements**
OSHA regulations (1910.1030-Bloodborne Pathogens) require an employer to provide a medical consultation and post exposure prophylaxis medication to employees who have an Post Exposure Incident-This is defined as:

> "a specific eye, mouth, other mucous membrane, non-intact skin or parenteral contact with blood or other potentially infectious materials that results from the performance of an employee's duties".

Most State of Nevada agencies cannot adequately project these types of exposures and do not budget funds or have funds available to pay the costs of these medical evaluations and the provision of preventative medication. They are subject to OSHA fines if they do not comply. It is generally expected that these issues will be covered by workers' comp. These programs are often confused. In reality, since the workers' comp program cannot pay these expenses, it presents a legal and financial problem. If the funds are not available, an employee cannot be forced to use their own health plan benefits to obtain the preventative care. Some employees simply cannot afford the care and do not feel that they should be responsible to pay it. They feel that because of the potentially fatal results of such an exposure and the increased risk that is present within the offender populations, that this care should be provided for them.

**Costs for Preventative Care:**
**HIV**
The cost of the preventative medicine for a significant exposure incident to HIV (as determined by the physician) is approximately $1,500. It must be provided within two hours of exposure for maximum effectiveness and be administered for 30 days.

The screening tests are conducted at 6 weeks, 3 months, 6 months and one year. These costs generally do not exceed $250. If a physical injury is not involved, it will not be covered under workers' compensation.

To my knowledge we have only had several recent instances of this situation -primarily at the Ely State Prison, when an employee is exposed to a known HIV carrier. We have really had to scramble to determine how to find funds to pay for the preventative care. To my knowledge, the State of Nevada has not had an employee who has contracted HIV or T.B. from a confirmed carrier. The actual risk is small, but the fear and disruption that occurs when an employee is exposed is great. It is my position that we need to support these employees by providing any and all care that is available. To have this situation occur and than have a claim denied not only infuriates an employee, it also creates feelings of abandonment and betrayal. I know this from my experience in dealing with employees when this situation occurs.

**Hepatitis**
The cost of preventative care for Hepatitis A and Hepatitis C is approximately $50 and involves a one-time injection of immune serum globulin. Although it's effectiveness is questionable, it is at least worth a try.

Preventative care for Hepatitis B could require between one and four immunizations for a maximum cost of $200. This is dependent on whether or not the employee chose to accept the HBV inoculations and if those inoculations were sufficient to produce immunity.

The most important benefit of providing preventative care in this case is the counseling and accurate medical information that can be provided to the employee.

**T.B.**
The cost of preventative care for exposure to T.B. is approximately $500, as recently quoted to me by an Occupational Health Clinic. This includes Isoniazad pills for 6 months-(one pill a day), plus a vitamin B-6 supplement, liver function tests and initial chest X-rays. (Thereafter, annual chest X-rays are provided as part of the annual physical exam required of all police officers.)

The fiscal impact to the State of Nevada is not expected to exceed $5,000 per year. The Department of Prisons reports 7 incidents of T.B. conversions and 11 Hepatitis/HIV exposures that did not involve a physical injury within the past year. Other police agencies including Nevada Highway Patrol and Parole and Probation have experienced between 3 and 5 exposures or T.B conversions within the past year.

I submit modifications to the proposed amendment as noted on the Attachment A for your consideration. Please note that this is proposed only for State of Nevada employees and does not include employees defined as police officers under subsection 1 of Nevada Revised Statutes 617.135.

Thank you for your consideration of this issue.

4. Any provisions in any invitation for bids or in any of the contract documents in conflict with this section are declared to be contrary to the public policy of this state.

2. An employee is not entitled to compensation pursuant to the provisions of chapters 616A to 616D, inclusive, of NRS if:

(a) He sustains an injury by accident arising out of and in the course of his employment; and

An insurer shall not determine that a disability of an injured employee is a permanent total disability unless information submitted by a physician or chiropractor establishes to the satisfaction of the insurer that the industrial injury or occupational disease contributed more to the impairment of his earning capacity or ability to retain or obtain employment than all other conditions or characteristics of the injured employee.***

**Sec. 4.** NRS 616C.490 is hereby amended to read as follows:

616C.490 1. Except as otherwise provided in NRS 616C.175, every employee, in the employ of an employer within the provisions of chapters 616A to 616D, inclusive, of NRS, who is injured by an accident arising out of and in the course of employment is entitled to receive the compensation provided for permanent partial disability. As used in this section, "disability" and "impairment of the whole man" are equivalent terms.

2. Within 30 days after receiving from a physician or chiropractor a report indicating that the injured employee may have suffered a permanent disability and is stable and ratable, the insurer shall schedule an appointment with a rating physician or chiropractor to determine the extent of the employee's disability. The insurer shall select

a physician or chiropractor from a group of rating physicians and chiropractors designated by the administrator, to determine the percentage of disability in accordance with the American Medical Association's Guides to the Evaluation of Permanent Impairment as adopted and supplemented by the division pursuant to NRS 616C.110. Rating physicians and chiropractors must be selected in rotation from the list of qualified physicians and chiropractors designated by the administrator, according to their area of specialization and the order in which their names appear on the list.

3. At the request of the insurer, the injured employee shall, before an evaluation by a rating physician or chiropractor is performed, notify the insurer of:

(a) Any previous evaluations performed to determine the extent of any of the employee's disabilities; and

(b) Any previous injury, disease or condition sustained by the employee which is relevant to the evaluation performed pursuant to this section.

FLUSH The notice must be on a form approved by the administrator and provided to the injured employee by the insurer at the time of the insurer's request.

4. Unless the regulations adopted pursuant to NRS 616C.110 provide otherwise, a rating evaluation must include an evaluation of the loss of motion, sensation and strength of an injured employee if the injury is of a type that might have caused such a loss. *A rating evaluation conducted pursuant to this section:*

***(a) Must be based upon objective medical findings; and***

***(b) Must not be based upon subjective pain.***

No factors other than the degree of physical impairment of the whole man may be considered in calculating the entitlement to compensation for a permanent partial disability.

5. The rating physician or chiropractor shall provide the insurer with his evaluation of the injured employee. After receiving the evaluation, the insurer shall, within 14 days, provide the employee with a copy of the evaluation and notify the employee:

(a) Of the compensation to which he is entitled pursuant to this section; or

(b) That he is not entitled to benefits for permanent partial disability.

6. Each 1 percent of impairment of the whole man must be compensated by a monthly payment:

(a) Of 0.5 percent of the claimant's average monthly wage for injuries sustained before July 1, 1981;

(b) Of 0.6 percent of the claimant's average monthly wage for injuries sustained on or after July 1, 1981, and before June 18, 1993; and

(c) Of 0.54 percent of the claimant's average monthly wage for injuries sustained on or after June 18, 1993.

Compensation must commence on the date of the injury or the day following the termination of temporary disability compensation, if any, whichever is later, and must continue on a monthly basis for 5 years or until the claimant is 70 years of age, whichever is later.

7. Compensation benefits may be paid annually to claimants who will be receiving less than $100 a month.

8. Where there is a previous disability, as the loss of one eye, one hand, one foot, or any other previous permanent disability, the percentage of disability for a subsequent injury must be determined by computing the percentage of the entire disability and deducting therefrom the percentage of the previous disability as it existed at the time of the subsequent injury.

9. The division may adopt schedules for rating permanent disabilities resulting from injuries sustained before July 1, 1973, and reasonable regulations to carry out the provisions of this section.

10. The increase in compensation and benefits effected by the amendment of this section is not retroactive for accidents which occurred before July 1, 1973.

11. This section does not entitle any person to double payments for the death of an employee and a continuation of payments for a permanent partial disability, or to a greater sum in the aggregate than if the injury had been fatal.

**Sec. 5.** NRS 616C.505 is hereby amended to read as follows:

616C.505 If an injury by accident arising out of and in the course of employment causes the death of an employee in the employ of an employer, within the provisions of chapters 616A to 616D, inclusive, of NRS, the compensation is known as a death benefit, and is payable as follows:

1. In addition to any other compensation payable pursuant to chapters 616A to 616D, inclusive, of NRS, burial expenses are payable in an amount not to exceed $5,000. When the remains of the deceased employee and the person accompanying the remains are to be transported to a mortuary or mortuaries, the charge of transportation must be borne by the insurer . ~~[if the transportation is not beyond the continental limits of the United States.]~~

2. To the surviving spouse of the deceased employee, 66 2/3 percent of the average monthly wage is payable until his death or remarriage, with 2 years' compensation payable in one lump sum upon remarriage.

3. In the event of the subsequent death of the surviving spouse:

(a) Each surviving child of the deceased employee must share equally the compensation theretofore paid to the surviving spouse but not in excess thereof, and it is payable until the youngest child reaches the age of 18 years.

(b) Except as otherwise provided in subsection 11, if the children have a guardian, the compensation they are entitled to receive may be paid to the guardian.

4. Upon the remarriage of a surviving spouse with children:

(a) The surviving spouse must be paid 2 years' compensation in one lump sum and further benefits must cease; and

(b) Each child must be paid 15 percent of the average monthly wage, up to a maximum family benefit of 66 2/3 percent of the average monthly wage.

5. If there are any surviving children of the deceased employee under the age of 18 years, but no surviving spouse, then each such child is entitled to his proportionate share of 66 2/3 percent of the average monthly wage for his support.

6. Except as otherwise provided in subsection 7, if there is no surviving spouse or child under the age of 18 years, there must be paid:

(a) To a parent, if wholly dependent for support upon the deceased employee at the time of the injury causing his death, 33 1/3 percent of the average monthly wage.

(b) To both parents, if wholly dependent for support upon the deceased employee at the time of the injury causing his death, 66 2/3 percent of the average monthly wage.

(c) To each brother or sister until he or she reaches the age of 18 years, if wholly dependent for support upon the deceased employee at the time of the injury causing his death, his proportionate share of 66 2/3 percent of the average monthly wage.

7. The aggregate compensation payable pursuant to subsection 6 must not exceed 66 2/3 percent of the average monthly wage.

8. In all other cases involving a question of total or partial dependency:

(a) The extent of the dependency must be determined in accordance with the facts existing at the time of the injury.

(b) If the deceased employee leaves dependents only partially dependent upon his earnings for support at the time of the injury causing his death, the monthly compensation to be paid must be equal to the same proportion of the monthly payments for the benefit of persons totally dependent as the amount contributed by the deceased employee to the

partial dependents bears to the average monthly wage of the deceased employee at the time of the injury resulting in his death.

(c) The duration of compensation to partial dependents must be fixed in accordance with the facts shown, but may not exceed compensation for 100 months.

9. Compensation payable to a surviving spouse is for the use and benefit of the surviving spouse and the dependent children, and the insurer may, from time to time, apportion such compensation between them in such a way as it deems best for the interest of all dependents.

10. In the event of the death of any dependent specified in this section before the expiration of the time during which compensation is payable to him, funeral expenses are payable in an amount not to exceed $5,000.

11. If a dependent is entitled to receive a death benefit pursuant to this section and is less than 18 years of age or incompetent, the legal representative of the dependent shall petition for a guardian to be appointed for that dependent pursuant to NRS 159.044. An insurer shall not pay any compensation in excess of $3,000, other than burial expenses, to the dependent until a guardian is appointed and legally qualified. Upon receipt of a certified letter of guardianship, the insurer shall make all payments required by this section to the guardian of the dependent until the dependent is emancipated, the guardianship terminates or the dependent reaches the age of 18 ~~[,]~~ *years,* whichever occurs first, unless paragraph (a) of subsection 12 is applicable. The fees and costs related to the guardianship must be paid from the estate of the dependent. A guardianship

established pursuant to this subsection must be administered in accordance with chapter 159 of NRS, except that after the first annual review required pursuant to NRS 159.176, a court may elect not to review the guardianship annually. The court shall review the guardianship at least once every 3 years. As used in this subsection, "incompetent" has the meaning ascribed to it in NRS 159.019.

12. Except as otherwise provided in paragraphs (a) and (b), the entitlement of any child to receive his proportionate share of compensation pursuant to this section ceases when he dies, marries or reaches the age of 18 years. A child is entitled to continue to receive compensation pursuant to this section if he is:

(a) Over 18 years of age and incapable of supporting himself, until such time as he becomes capable of supporting himself; or

(b) Over 18 years of age and enrolled as a full-time student in an accredited vocational or educational institution, until he reaches the age of 22 years.

13. As used in this section, "surviving spouse" means a surviving husband or wife who was married to the employee at the time of the employee's death.

**Sec. 6.** NRS 616D.300 is hereby amended to read as follows:

616D.300 Unless a different penalty is provided pursuant to NRS 616D.370 to 616D.410, inclusive, a person who knowingly makes a false statement or representation, including, but not limited to, a false statement or representation relating to his identity or the identity of another person, or who knowingly conceals a material fact to obtain or attempt to obtain any benefit, including a controlled substance, or payment under the

In addition to any other penalty, the court shall order the person to pay restitution.

Sec. 7. *The senior appeals officer shall:*

*1. At least twice each year, conduct an evaluation of the performance of each of the other appeals officers employed by the hearings division of the department of administration. In conducting an evaluation pursuant to this section, the senior appeals officer shall determine whether the appeals officer being evaluated has:*

*2. Upon the receipt of a notice of appeal filed pursuant to subsection 1, the senior appeals officer shall appoint an appeals panel that consists of three appeals officers, none of whom may be the appeals officer who rendered the decision from which the aggrieved party is appealing.*

*3. Except as otherwise provided in NRS 616C.380, the filing of a notice of appeal does not automatically stay the enforcement of the decision of an appeals officer. The appeals panel may order a stay, when appropriate, upon the application of a party. A determination on the application must be made within 30 days after the filing of the application. The claimant, employer or insurer shall notify the appeals officer of a change of address.*

**Sec. 9.** *1. A stenographic or electronic record must be kept of the hearing before an appeals panel, and the rules of evidence applicable to contested cases pursuant to chapter 233B of NRS apply to the hearing.*

*2. The scope of a hearing before an appeals panel is limited to determining whether substantial evidence existed to support the decision rendered by the appeals officer.*

*3. If necessary to resolve a medical question concerning an injured employee's condition, an appeals panel may refer the employee to a physician or chiropractor chosen by the appeals panel. If the medical question concerns the rating of a permanent disability, the appeals panel may refer the employee to a rating physician or chiropractor. The rating physician or chiropractor must be selected in rotation from the list of qualified physicians or chiropractors maintained by the administrator pursuant to*

*subsection 2 of NRS 616C.490, unless the insurer and the injured employee otherwise agree to a rating physician or chiropractor. The insurer shall pay the costs of any examination requested by the appeals panel.*

*(b) If a transcript has not been ordered, within 30 days after the date of the hearing.*

*6. An appeals panel may affirm, modify or reverse a decision made by the appeals officer and issue any necessary and proper order to give effect to its decision.*

*7. The decision of an appeals panel must be based upon the affirmative vote of at least two of the three appeals officers appointed to the panel.*

*8. The decision of an appeals panel is the final and binding administrative determination of a claim for compensation pursuant to chapters 616A to 616D, inclusive, or chapter 617 of NRS, and the whole record consists of all evidence taken at the hearing before the appeals officer and any findings of fact and conclusions of law based thereon.*

(b) Ordered by an appeals officer , ***an appeals panel*** or a hearing officer,

submit himself for medical examination at a time and from time to time at a place reasonably convenient for the employee, and as may be provided by the regulations of the division.

2. If the insurer has reasonable cause to believe that an injured employee who is receiving compensation for a permanent total disability is no longer disabled, the insurer may request the employee to submit to an annual medical examination to determine whether the disability still exists. The insurer shall pay the costs of the examination.

3. The request or order for an examination must fix a time and place therefor, with due regard for the nature of the medical examination, the convenience of the employee, his physical condition and his ability to attend at the time and place fixed.

4. The employee is entitled to have a physician or chiropractor, provided and paid for by him, present at any such examination.

reasonable basis for believing that the employee knowingly misrepresented or concealed a material fact to obtain any benefit or payment.

3. If an employee elects to receive his award for a permanent partial disability in a lump sum pursuant to NRS 616C.495 and a criminal action is brought against the employee for an alleged violation of NRS 616D.300, the insurer shall, upon receiving notice of the action and until a judgment is entered in the action, pay reasonable portions of the lump-sum award in monthly installments. If the employee is not convicted of the alleged violation, the insurer shall pay the employee the balance of the award in a lump sum. The provisions of subsection 2 do not apply to require any additional payment at the conclusion of a criminal action.

(c) Notwithstanding the provisions of NRS 233B.125, if a hearing is conducted to resolve the dispute, the decision of the hearing officer may be served by first-class mail.

SUMMARY—Provides formula for distribution among injured employee or dependents, attorney and certain other persons of damages recovered by injured employee in tort action against third party. (BDR 53-1076)

FISCAL NOTE: Effect on Local Government: No.

Effect on the State or on Industrial Insurance: No.

AN ACT relating to industrial insurance; providing a formula for the distribution among an injured employee or his dependents, his attorney and certain other persons of damages recovered under certain circumstances from a party other than the employer when that party is legally liable for the industrial injury of the employee; and providing other matters properly relating thereto.

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

**Section 1.** NRS 616C.215 is hereby amended to read as follows:

616C.215 1. If an injured employee or, in the event of his death, his dependents, bring an action in tort against his employer to recover payment for an injury which is compensable ~~[under]~~ ***pursuant to the provisions of*** chapters 616A to 616D, inclusive, or

chapter 617 of NRS and, notwithstanding the provisions of NRS 616A.020, receive payment from the employer for that injury:

(a) The amount of compensation the injured employee or his dependents are entitled to receive pursuant to the provisions of chapters 616A to 616D, inclusive, of NRS, including any future compensation, must be reduced by the amount paid by the employer.

(b) The insurer, or in the case of claims involving the uninsured employer's claim fund or a subsequent injury fund the administrator, has a lien upon the total amount paid by the employer if the injured employee or his dependents receive compensation pursuant to the provisions of chapters 616A to 616D, inclusive, of NRS.

This subsection is applicable whether the money paid to the employee or his dependents by the employer is classified as a gift, a settlement or otherwise. The provisions of this subsection do not grant to an injured employee any right of action in tort to recover damages from his employer for his injury.

2. When an employee receives an injury for which compensation is payable pursuant to the provisions of chapters 616A to 616D, inclusive, of NRS and which was caused under circumstances creating a legal liability in some person, other than the employer or a person in the same employ, to pay damages in respect thereof:

(a) The injured employee, or in case of death his dependents, may take proceedings against that person to recover damages, but the amount of the compensation the injured employee or his dependents are entitled to receive pursuant to the provisions of chapters 616A to 616D, inclusive, of NRS, including any future compensation, must be reduced

by the amount of the damages recovered, notwithstanding any act or omission of the employer or a person in the same employ which was a direct or proximate cause of the employee's injury.

(b) If the injured employee, or in case of death his dependents, receive compensation pursuant to the provisions of chapters 616A to 616D, inclusive, of NRS, the insurer, or in case of claims involving the uninsured employers' claim fund or a subsequent injury fund the administrator, has a right of action against the person so liable to pay damages and is subrogated to the rights of the injured employee or of his dependents to recover therefor.

3. When an injured employee incurs an injury for which compensation is payable pursuant to the provisions of chapters 616A to 616D, inclusive, of NRS and which was caused under circumstances entitling him, or in the case of death his dependents, to receive proceeds under his employer's policy of uninsured or underinsured vehicle coverage:

(a) The injured employee, or in the case of death his dependents, may take proceedings to recover those proceeds, but the amount of compensation the injured employee or his dependents are entitled to receive pursuant to the provisions of chapters 616A to 616D, inclusive, of NRS, including any future compensation, must be reduced by the amount of proceeds received.

(b) If an injured employee, or in the case of death his dependents, receive compensation pursuant to the provisions of chapters 616A to 616D, inclusive, of NRS,

the insurer, or in the case of claims involving the uninsured employers' claim fund or a subsequent injury fund the administrator, is subrogated to the rights of the injured employee or his dependents to recover proceeds under the employer's policy of uninsured or underinsured vehicle coverage. The insurer and the administrator are not subrogated to the rights of an injured employee or his dependents under a policy of uninsured or underinsured vehicle coverage purchased by the employee.

4. In any action or proceedings taken by the insurer or the administrator pursuant to this section, evidence of the amount of compensation, accident benefits and other expenditures which the insurer, the uninsured employers' claim fund or a subsequent injury fund have paid or become obligated to pay by reason of the injury or death of the employee is admissible. If in such action or proceedings the insurer or the administrator recovers more than those amounts, the excess must be paid to the injured employee or his dependents.

5. In any case where the insurer or the administrator is subrogated to the rights of the injured employee or of his dependents as provided in subsection 2 or 3, the insurer or the administrator has a lien upon the total proceeds of any recovery from some person other than the employer, whether the proceeds of such recovery are by way of judgment, settlement or otherwise. The injured employee, or in the case of his death his dependents, are not entitled to double recovery for the same injury, notwithstanding any act or omission of the employer or a person in the same employ which was a direct or proximate cause of the employee's injury.

6. The lien provided for ~~[under]~~ *pursuant to* subsection 1 or 5 includes the total compensation expenditure incurred by the insurer, the uninsured employers' claim fund or a subsequent injury fund for the injured employee and his dependents.

7. *Unless the parties have agreed otherwise, if an injured employee, or in the case of his death his dependents, have initiated a proceeding or action pursuant to subsection 2 or 3 and the insurer, or in the case of claims involving the uninsured employer's claim fund or a subsequent injury fund the administrator, has not intervened in such proceeding or action, out of the damages recovered or the proceeds received:*

*(a) The injured employee is entitled to at least one-third, regardless of the amount of the lien of:*

*(1) The insurer; or*

*(2) In the case of claims involving the uninsured employer's claim fund or a subsequent injury fund, the administrator.*

*(b) The remainder after allocating the amount set forth in paragraph (a) or the amount of the lien of the insurer or the administrator, whichever is less, must be paid to the insurer or the administrator, as applicable.*

*(c) If the lien of the insurer or administrator is for an amount that equals less than two-thirds of the damages recovered or the proceeds received, the injured employee is also entitled to the difference between that amount and the amount of the lien.*

***(d) Costs and attorney's fees must not be apportioned in a manner inconsistent with the provisions of this subsection.***

*8.* An injured employee, or in the case of death his dependents, shall notify the insurer, or in the case of claims involving the uninsured employers' claim fund or a subsequent injury fund the administrator, in writing before initiating a proceeding or action pursuant to this section.

~~[8.]~~ *9.* Within 15 days after the date of recovery by way of actual receipt of the proceeds of the judgment, settlement or otherwise:

(a) The injured employee or his dependents, or the attorney or representative of the injured employee or his dependents; and

(b) The third-party insurer,

shall notify the insurer, or in the case of claims involving the uninsured employers' claim fund or a subsequent injury fund the administrator, of the recovery and pay to the insurer or the administrator, respectively, the amount due ~~[under]~~ ***pursuant to*** this section together with an itemized statement showing the distribution of the total recovery. The attorney or representative of the injured employee or his dependents and the third-party insurer are jointly and severally liable for any amount to which an insurer is entitled pursuant to this section if the attorney, representative or third-party insurer has knowledge of the lien provided for in this section.

~~[9.]~~ *10.* An insurer shall not sell its lien to a third-party insurer unless the injured employee or his dependents, or the attorney or representative of the injured employee or

his dependents, refuses to provide to the insurer information concerning the action against the third party.

~~[10.]~~ *11.* In any trial of an action by the injured employee, or in the case of his death by his dependents, against a person other than the employer or a person in the same employ, the jury must receive proof of the amount of all payments made or to be made by the insurer or the administrator. The court shall instruct the jury substantially as follows:

> Payment of workmen's compensation benefits by the insurer, or in the case of claims involving the uninsured employers' claim fund or a subsequent injury fund the administrator, is based upon the fact that a compensable industrial accident occurred, and does not depend upon blame or fault. If the plaintiff does not obtain a judgment in his favor in this case, he is not required to repay his employer, the insurer or the administrator any amount paid to him or paid on his behalf by his employer, the insurer or the administrator.
>
> If you decide that the plaintiff is entitled to judgment against the defendant, you shall find his damages in accordance with the court's instructions on damages and return your verdict in the plaintiff's favor in the amount so found without deducting the amount of any compensation benefits paid to or for the plaintiff. The law provides a means by which any compensation benefits will be repaid from your award.

~~[11.]~~ *12.* For the purposes of calculating ~~[an employer's premium,]~~ ***the premium of an employer who is insured by the system,*** the employer's account with the system must be credited with an amount equal to that recovered by the system from a third party pursuant to this section, less the system's share of the expenses of litigation incurred in obtaining the recovery, except that the total credit must not exceed the amount of compensation actually paid or reserved by the system on the injured employee's claim.

~~[12.]~~ *13.* As used in this section ~~[, "third-party insurer"]~~ *:*

***(a) "Damages recovered" means the amount of money actually received from the person other than the employer or person in the same employ against whom a proceeding or action is initiated pursuant to subsection 2, less the costs and any attorney's fees incurred in obtaining such money.***

***(b) "Proceeds received" means the amount of money actually received from the employer's policy of uninsured or underinsured vehicle coverage, less the costs and any attorney's fees incurred in obtaining such money.***

***(c) "Third-party insurer"*** means an insurer that issued to a third party who is liable for damages pursuant to subsection 2, a policy of liability insurance the proceeds of which are recoverable pursuant to this section. The term includes an insurer that issued to an employer a policy of uninsured or underinsured vehicle coverage.

The insurer and the administrator are not subrogated to the rights of an injured employee or his dependents under a policy of uninsured or underinsured vehicle coverage purchased by the employee.

4. In any action or proceedings taken by the insurer or the administrator pursuant to this section, evidence of the amount of compensation, accident benefits and other expenditures which the insurer, the uninsured employers' claim fund or a subsequent injury fund have paid or become obligated to pay by reason of the injury or death of the employee is admissible. If in such action or proceedings the insurer or the administrator recovers more than those amounts, the excess must be paid to the injured employee or his dependents.

5. In any case where the insurer or the administrator is subrogated to the rights of the injured employee or of his dependents as provided in subsection 2 or 3, the insurer or the administrator has a lien upon the total proceeds of any recovery from some person other than the employer, whether the proceeds of such recovery are by way of judgment, settlement or otherwise. The injured employee, or in the case of his death his dependents, are not entitled to double recovery for the same injury, notwithstanding any act or omission of the employer or a person in the same employ which was a direct or proximate cause of the employee's injury.

6. The lien provided for ~~[under]~~ ***pursuant to*** subsection 1 or 5 includes the total compensation expenditure incurred by the insurer, the uninsured employers' claim fund or a subsequent injury fund for the injured employee and his dependents.

7. An injured employee, or in the case of death his dependents, ***or the attorney or representative of the injured employee or his dependents,*** shall notify the insurer, or in the case of claims involving the uninsured employers' claim fund or a subsequent injury fund the administrator, in writing before initiating a proceeding or action pursuant to this section.

8. ***Before the attorney or representative of the injured employee or his dependents initiates a proceeding or action pursuant to this section on the behalf of the injured employee or his dependents, he shall notify the injured employee or his dependents in writing of:***

***(a) The right of the insurer, the uninsured employers' claim fund or a subsequent injury fund to recover on its lien;***

***(b) The probable amount of settlement; and***

***(c) The probable amount the injured employee or his dependents is likely to recover after paying attorney's fees, costs and the lien described in paragraph (a).***

***9.*** Within 15 days after the date of recovery by way of actual receipt of the proceeds of the judgment, settlement or otherwise:

(a) The injured employee or his dependents, or the attorney or representative of the injured employee or his dependents; and

(b) The third-party insurer,

shall notify the insurer, or in the case of claims involving the uninsured employers' claim fund or a subsequent injury fund the administrator, of the recovery and pay to the insurer or the administrator, respectively, the amount due ~~[under]~~ ***pursuant to*** this section together with an itemized statement showing the distribution of the total recovery. The attorney or representative of the injured employee or his dependents and the third-party insurer are jointly and severally liable for any amount to which an insurer is entitled pursuant to this section if the attorney, representative or third-party insurer has knowledge of the lien provided for in this section.

~~[9.]~~ ***10.*** An insurer shall not sell its lien to a third-party insurer unless the injured employee or his dependents, or the attorney or representative of the injured employee or his dependents, refuses to provide to the insurer information concerning the action against the third party.

~~[10.]~~ ***11.*** In any trial of an action by the injured employee, or in the case of his death by his dependents, against a person other than the employer or a person in the same employ, the jury must receive proof of the amount of all payments made or to be made by the insurer or the administrator. The court shall instruct the jury substantially as follows:

Payment of workmen's compensation benefits by the insurer, or in the case of claims involving the uninsured employers' claim fund or a subsequent injury fund

the administrator, is based upon the fact that a compensable industrial accident occurred, and does not depend upon blame or fault. If the plaintiff does not obtain a judgment in his favor in this case, he is not required to repay his employer, the insurer or the administrator any amount paid to him or paid on his behalf by his employer, the insurer or the administrator.

If you decide that the plaintiff is entitled to judgment against the defendant, you shall find his damages in accordance with the court's instructions on damages and return your verdict in the plaintiff's favor in the amount so found without deducting the amount of any compensation benefits paid to or for the plaintiff. The law provides a means by which any compensation benefits will be repaid from your award.

~~[11.]~~ *12.* For the purposes of calculating an employer's premium, the employer's account with the system must be credited with an amount equal to that recovered by the system from a third party pursuant to this section, less the system's share of the expenses of litigation incurred in obtaining the recovery, except that the total credit must not exceed the amount of compensation actually paid or reserved by the system on the injured employee's claim.

~~[12.]~~ *13.* As used in this section, "third-party insurer" means an insurer that issued to a third party who is liable for damages pursuant to subsection 2, a policy of liability insurance the proceeds of which are recoverable pursuant to this section. The term

includes an insurer that issued to an employer a policy of uninsured or underinsured vehicle coverage.

The insurer shall notify the administrator of each such rejection.

4. If an audit of the accounts or actual payroll of an employer shows that the actual premium earned exceeds the estimated premium paid in advance, the insurer may require the payment of money sufficient to cover the deficit, together with such amount as in his judgment constitutes an adequate advance premium for the period covered by the estimate.

5. The insurer shall notify any employer or his representative by first-class mail of any failure on his part to comply with the provisions of this section. 2. The division shall adopt regulations specifying the form of the declaration required pursuant to subsection 1.

3. The system, private carrier, self-insured employer or association shall calculate compensation for an employee on the basis of wages paid by the employer plus the amount of tips reported by the employee pursuant to 26 U.S.C. § 6053. 4. An employer shall notify his employees of the requirement to report income from tips ~~[for the purposes of calculating]~~ ***to calculate*** his federal income tax and ~~[for~~

the manager or his authorized representative may bring an action in the courts of this state, or any other state, or of the United States, in the name of the system, to collect the amount delinquent together with penalties and interest.

2. In the action a writ of attachment may issue, and no bond or affidavit previous to the issuing of the attachment is required.

3. In the action, a certificate by the manager showing the delinquency is prima facie evidence of the determination of the premium due, of the delinquency of the amounts set forth, and of the compliance by the manager with all the provisions of chapters 616A to 616D, inclusive, *and chapter 617* of NRS in relation to the computation and determination of the amounts.

**Sec. 18.** NRS 616B.248 is hereby amended to read as follows:

616B.248 1. Whenever the manager finds that the collection of any premium computed pursuant to the provisions of chapters 616A to 616D, inclusive, ***or chapter 617*** of NRS will be jeopardized by delay, he may immediately assess the premium and all penalties and interest which may have accrued, whether or not the final date otherwise prescribed for making the premium has arrived. Upon assessment, the premium is immediately due, the premium and all penalties and interest which may have accrued are immediately payable ~~[,]~~ and notice of demand for payment must be made upon the employer. If the employer fails or refuses to pay the assessed premium, penalties and interest, collection of the payment may be enforced according to the provisions of law applicable to the collection of unpaid premiums.

2. When a jeopardy assessment has been made as provided in subsection 1, the employer may stay its collection until such time as the premiums for the period in question would normally become due ~~[,]~~ by filing a bond with the manager which is executed by the employer as principal ~~[,]~~ and by an insurer authorized pursuant to chapter 680A of NRS as surety ~~[,]~~ payable to the system and conditioned on the payment of the premium at the proper time. The amount of the required security must be equal to the amount of the assessment ~~[,]~~ rounded off to the next larger integral multiple of $100.

3. In lieu of a bond, the employer may deposit with the manager a like amount of lawful money of the United States or any other form of security authorized by NRS 100.065. If security is provided in the form of a savings certificate, certificate of deposit

or investment certificate, the certificate must state that the amount is not available for withdrawal except upon order of the manager.

**Sec. 19.** NRS 616B.254 is hereby amended to read as follows:

616B.254 1. As used in this section, "person" includes this state ~~[,]~~ and any county, municipality, district or other political subdivision thereof.

2. If any employer is delinquent in the payment of the amount of any premium, penalty or interest required by chapters 616A to 616D, inclusive, ***or chapter 617*** of NRS or a determination has been made against him which remains unpaid, the manager may, not later than 3 years after the payment became delinquent or within 6 years after the recording of a judgment pursuant to NRS 616B.266, give notice of the amount of the delinquency personally or by registered or certified mail to any person having in his possession or under his control any money, credits or other personal property belonging to the delinquent employer ~~[,]~~ or owing any debts to the delinquent employer at the time of the receipt of the registered or certified notice. In the case of any state officer, department or agency, the notice must be given to the officer, department or agency before it presents the claim of the delinquent employer to the state controller.

3. A state officer, department or agency which receives such a notice may satisfy any debt owed to it by that person before it honors the manager's notice.

4. After receiving the notice, a person so notified may not transfer or otherwise dispose of the money, credits, other personal property ~~[,]~~ or debts in his possession or under his control at the time he received the notice until the manager consents to a

transfer or other disposition in writing, or until 30 days after the receipt of the notice, whichever period expires earlier.

5. A person so notified shall, within 5 days after receipt of the notice, inform the manager of all money, credits, other personal property ~~[,]~~ or debts belonging to the delinquent employer in his possession, under his control or owing by him.

6. If the notice seeks to prevent the transfer or other disposition of a deposit in a bank or other credits or personal property in the possession or under the control of a bank, the notice must be delivered or mailed to the branch or office of the bank at which the deposit is carried or at which the credits or personal property is held.

7. If, during the effective period of the notice to withhold, any person so notified makes any transfer or other disposition of the property or debts required to be withheld, to the extent of the value of the property or the amount of the debts thus transferred or paid, he is liable to the state for any indebtedness due pursuant to chapters 616A to 616D, inclusive, ***or chapter 617*** of NRS from the person with respect to whose obligation the notice was given if solely by reason of the transfer or other disposition the state is unable to recover the indebtedness of the person with respect to whose obligation the notice was given.

8. Upon the demand of the manager, the person shall remit or deliver to the manager the money, credit or other personal property up to the amount owed by the delinquent employer.

**Sec. 20.** NRS 616B.257 is hereby amended to read as follows:

2. If the purchaser of a business, or any portion of a business, or stock of goods fails to withhold from the purchase price the amount required by subsection 1, he becomes

4. The security deposited pursuant to NRS 616B.353 does not relieve an association from responsibility for the administration of claims and payment of compensation under chapters 616A to ~~[616D,]~~ *617,* inclusive, of NRS.

**Sec. 25.** NRS 616B.428 is hereby amended to read as follows:

616B.506 The commissioner shall impose an administrative fine, not to exceed $1,000 for each violation, and may withdraw the certification of any third-party administrator who:

2. Violates any provision of NRS 616B.503 or any regulation adopted by the commissioner or the administrator concerning the administration of the plan of insurance.

**Sec. 28.** NRS 616B.600 is hereby amended to read as follows:

616B.600 1. Except as limited in subsection 3, any employee who has been hired outside of this state and his employer are exempted from the provisions of chapters 616A to 616D, inclusive, *and chapter 617* of NRS while the employee is temporarily within this state doing work for his employer if his employer has furnished industrial insurance pursuant to the ~~[industrial insurance act]~~ *Nevada Industrial Insurance Act* or similar laws of a state other than Nevada so as to cover the employee's employment while in this state ~~[,]~~ if:

The benefits provided in the ~~[industrial insurance act]~~ *Nevada Industrial Insurance Act* or similar laws of the other state are the exclusive remedy against the employer for any injury, whether resulting in death or not, received by the employee while working for the employer in this state.

2. A certificate from the administrator or similar officer of another state certifying that the employer of the other state is insured therein and has provided extraterritorial coverage insuring his employees while working within this state is prima facie evidence that the employer carried the industrial insurance.

3. The exemption provided for in this section does not apply to the employees of a contractor, as defined in NRS 624.020, operating within the scope of his license.

4. An employer is not required to maintain coverage for industrial insurance in this state for an employee who has been hired or is regularly employed in this state, but who is performing work exclusively in another state, if the other state requires the employer to provide coverage for the employee in the other state. If the employee receives personal injury by accident arising out of and in the course of his employment, any claim for compensation must be filed in the state in which the accident occurred, and such compensation is the exclusive remedy of the employee or his dependents. This subsection

does not prevent an employer from maintaining coverage for the employee pursuant to the provisions of chapters 616A to 616D, inclusive, ***and chapter 617*** of NRS.

**Sec. 29.** NRS 616B.662 is hereby amended to read as follows:

616B.662 An employer having come under chapters 616A to 616D, inclusive, ***or chapter 617*** of NRS who thereafter elects to reject the terms, conditions and provisions of those chapters is not relieved from the payment of premiums to the insurer before the time his notice of rejection becomes effective if any are due. The premiums may be recovered in an action at law.

**Sec. 30.** NRS 616C.070 is hereby amended to read as follows:

616C.070 1. A person is conclusively presumed to be totally dependent upon an injured or deceased employee if the person is a natural, posthumous or adopted child, whether legitimate or illegitimate, under the age of 18 years, or over that age if physically or mentally incapacitated from wage earning, and there is no surviving parent. Stepparents may be regarded in chapters 616A to 616D, inclusive, ***or chapter 617*** of NRS as parents if the fact of dependency is shown, and a stepchild or stepchildren may be regarded in chapters 616A to 616D, inclusive, ***or chapter 617*** of NRS as a natural child or children if the existence and fact of dependency are shown.

2. Except as otherwise provided in subsection 13 of NRS 616C.505, questions as to who constitute dependents and the extent of their dependency must be determined as of the date of the accident or injury to the employee, and their right to any benefit becomes fixed at that time, irrespective of any subsequent change in conditions, and the benefits

are directly recoverable by and payable to the dependent or dependents entitled thereto [,] or to their legal guardians or trustees.

3. The presumptions of this section do not apply in favor of aliens who are nonresidents of the United States at the time of the accident, injury to, or death of the employee.

**Sec. 31.** NRS 616C.090 is hereby amended to read as follows:

616C.090 1. The administrator shall establish a panel of physicians and chiropractors who have demonstrated special competence and interest in industrial health to treat injured employees under chapters 616A to 616D, inclusive, ***or chapter 617*** of NRS. Every employer whose insurer has not entered into a contract with an organization for managed care pursuant to NRS 616B.515 shall maintain a list of those physicians and chiropractors on the panel who are reasonably accessible to his employees.

2. An injured employee whose insurer has not entered into a contract with an organization for managed care may choose his treating physician or chiropractor from the panel of physicians and chiropractors. If the injured employee is not satisfied with the first physician or chiropractor he so chooses, he may make an alternative choice of physician or chiropractor from the panel if the choice is made within 90 days after his injury. The insurer shall notify the first physician or chiropractor in writing. The notice must be postmarked within 3 working days after the insurer receives knowledge of the change. The first physician or chiropractor must be reimbursed only for the services he rendered to the injured employee up to and including the date of notification. Any further

change is subject to the approval of the insurer, which must be granted or denied within 10 days after a written request for such a change is received from the injured employee. If no action is taken on the request within 10 days, the request shall be deemed granted. Any request for a change of physician or chiropractor must include the name of the new physician or chiropractor chosen by the injured employee.

3. An injured employee employed or residing in any county in this state whose insurer has entered into a contract with an organization for managed care must choose his treating physician or chiropractor pursuant to the terms of that contract. If the employee, after choosing his treating physician or chiropractor, moves to a county which is not served by the organization for managed care , and the insurer determines that it is impractical for the employee to continue treatment with the physician or chiropractor, the employee must choose a treating physician or chiropractor who has agreed to the terms of that contract unless the insurer authorizes the employee to choose another physician or chiropractor.

4. Except when emergency medical care is required and except as otherwise provided in NRS 616C.055, the insurer is not responsible for any charges for medical treatment or other accident benefits furnished or ordered by any physician, chiropractor or other person selected by the employee in disregard of the provisions of this section or for any compensation for any aggravation of the employee's injury attributable to improper treatments by such physician, chiropractor or other person.

5. The administrator may order necessary changes in a panel of physicians and chiropractors and shall suspend or remove any physician or chiropractor from a panel for good cause shown.

6. An injured employee may receive treatment by more than one physician or chiropractor if the insurer provides written authorization for such treatment.

**Sec. 32.** NRS 616C.095 is hereby amended to read as follows:

616C.095 The physician or chiropractor shall inform the injured employee of his rights under chapters 616A to 616D, inclusive, ***or chapter 617*** of NRS and lend all necessary assistance in making application for compensation and such proof of other matters as required by the rules of the division, without charge to the employee.

**Sec. 33.** NRS 616C.120 is hereby amended to read as follows:

616C.120 ~~[No]~~ ***Any*** provision of this chapter or chapter 616A, 616B , ~~[or]~~ 616D ***or 617*** of NRS ~~[shall]~~ ***must not*** prevent an employee from providing for treatment for his injuries or disease through prayer or other spiritual means in accordance with the tenets and practices of a recognized church, which treatment is recognized in this state in lieu of medical treatment.

**Sec. 34.** NRS 616C.205 is hereby amended to read as follows:

616C.205 Except as otherwise provided in this section and NRS 31A.150 and 31A.330, compensation payable under chapters 616A to 616D, inclusive, ***or chapter 617*** of NRS, whether determined or due, or not, is not, before the issuance and delivery of the check, assignable, is exempt from attachment, garnishment and execution, and does

not pass to any other person by operation of law. In the case of the death of an injured employee covered by chapters 616A to 616D, inclusive, ***or chapter 617*** of NRS from causes independent from the injury for which compensation is payable, any compensation due the employee which was awarded or accrued but for which a check was not issued or delivered at the date of death of the employee is payable to his dependents as defined in NRS 616C.505.

**Sec. 35.** NRS 616C.210 is hereby amended to read as follows:

616C.210 1. The insurer shall notify a dependent of a deceased employee who is residing outside of the United States by certified mail at his last known address if compensation is due the decedent or beneficiary pursuant to chapters 616A to 616D, inclusive, ***or chapter 617*** of NRS. The dependent may request that payment be made directly to him within 90 calendar days after the notice was mailed. The insurer shall pay compensation which is due a beneficiary directly to the beneficiary if the beneficiary requests payment within 90 calendar days after the notice was mailed.

2. If the insurer does not receive a request that payment be made directly to a beneficiary within 90 days after the notice required by subsection 1 is mailed, payments to the consul general, vice consul general, consul or vice consul of the nation of which any dependent of a deceased employee is a resident or subject, or a representative of such consul general, vice consul general, consul or vice consul, of any compensation due under chapters 616A to 616D, inclusive, ***or chapter 617*** of NRS to any dependent residing outside of the United States, any power of attorney to receive or receipt for the

same to the contrary notwithstanding, are as full a discharge of the benefits or compensation payable under those chapters as if payments were made directly to the beneficiary.

**Sec. 36.** NRS 616C.215 is hereby amended to read as follows:

616C.215 1. If an injured employee or, in the event of his death, his dependents, bring an action in tort against his employer to recover payment for an injury which is compensable under chapters 616A to 616D, inclusive, or chapter 617 of NRS and, notwithstanding the provisions of NRS 616A.020, receive payment from the employer for that injury:

(a) The amount of compensation the injured employee or his dependents are entitled to receive pursuant to the provisions of chapters 616A to 616D, inclusive, ***or chapter 617*** of NRS, including any future compensation, must be reduced by the amount paid by the employer.

(b) The insurer, or in the case of claims involving the uninsured employer's claim fund or a subsequent injury fund the administrator, has a lien upon the total amount paid by the employer if the injured employee or his dependents receive compensation pursuant to the provisions of chapters 616A to 616D, inclusive, ***or chapter 617*** of NRS.

This subsection is applicable whether the money paid to the employee or his dependents by the employer is classified as a gift, a settlement or otherwise. The provisions of this subsection do not grant to an injured employee any right of action in tort to recover damages from his employer for his injury.

2. When an employee receives an injury for which compensation is payable pursuant to the provisions of chapters 616A to 616D, inclusive, ***or chapter 617*** of NRS and which was caused under circumstances creating a legal liability in some person, other than the employer or a person in the same employ, to pay damages in respect thereof:

(a) The injured employee, or in case of death his dependents, may take proceedings against that person to recover damages, but the amount of the compensation the injured employee or his dependents are entitled to receive pursuant to the provisions of chapters 616A to 616D, inclusive, ***or chapter 617*** of NRS, including any future compensation, must be reduced by the amount of the damages recovered, notwithstanding any act or omission of the employer or a person in the same employ which was a direct or proximate cause of the employee's injury.

(b) If the injured employee, or in case of death his dependents, receive compensation pursuant to the provisions of chapters 616A to 616D, inclusive, ***or chapter 617*** of NRS, the insurer, or in case of claims involving the uninsured employers' claim fund or a subsequent injury fund the administrator, has a right of action against the person so liable to pay damages and is subrogated to the rights of the injured employee or of his dependents to recover therefor.

3. When an injured employee incurs an injury for which compensation is payable pursuant to the provisions of chapters 616A to 616D, inclusive, ***or chapter 617*** of NRS and which was caused under circumstances entitling him, or in the case of death his

dependents, to receive proceeds under his employer's policy of uninsured or underinsured vehicle coverage:

(a) The injured employee, or in the case of death his dependents, may take proceedings to recover those proceeds, but the amount of compensation the injured employee or his dependents are entitled to receive pursuant to the provisions of chapters 616A to 616D, inclusive, ***or chapter 617*** of NRS, including any future compensation, must be reduced by the amount of proceeds received.

(b) If an injured employee, or in the case of death his dependents, receive compensation pursuant to the provisions of chapters 616A to 616D, inclusive, ***or chapter 617*** of NRS, the insurer, or in the case of claims involving the uninsured employers' claim fund or a subsequent injury fund the administrator, is subrogated to the rights of the injured employee or his dependents to recover proceeds under the employer's policy of uninsured or underinsured vehicle coverage. The insurer and the administrator are not subrogated to the rights of an injured employee or his dependents under a policy of uninsured or underinsured vehicle coverage purchased by the employee.

4. In any action or proceedings taken by the insurer or the administrator pursuant to this section, evidence of the amount of compensation, accident benefits and other expenditures which the insurer, the uninsured employers' claim fund or a subsequent injury fund have paid or become obligated to pay by reason of the injury or death of the employee is admissible. If in such action or proceedings the insurer or the administrator

recovers more than those amounts, the excess must be paid to the injured employee or his dependents.

5. In any case where the insurer or the administrator is subrogated to the rights of the injured employee or of his dependents as provided in subsection 2 or 3, the insurer or the administrator has a lien upon the total proceeds of any recovery from some person other than the employer, whether the proceeds of such recovery are by way of judgment, settlement or otherwise. The injured employee, or in the case of his death his dependents, are not entitled to double recovery for the same injury, notwithstanding any act or omission of the employer or a person in the same employ which was a direct or proximate cause of the employee's injury.

6. The lien provided for under subsection 1 or 5 includes the total compensation expenditure incurred by the insurer, the uninsured employers' claim fund or a subsequent injury fund for the injured employee and his dependents.

7. An injured employee, or in the case of death his dependents, shall notify the insurer, or in the case of claims involving the uninsured employers' claim fund or a subsequent injury fund the administrator, in writing before initiating a proceeding or action pursuant to this section.

8. Within 15 days after the date of recovery by way of actual receipt of the proceeds of the judgment, settlement or otherwise:

(a) The injured employee or his dependents, or the attorney or representative of the injured employee or his dependents; and

(b) The third-party insurer,

shall notify the insurer, or in the case of claims involving the uninsured employers' claim fund or a subsequent injury fund the administrator, of the recovery and pay to the insurer or the administrator, respectively, the amount due under this section together with an itemized statement showing the distribution of the total recovery. The attorney or representative of the injured employee or his dependents and the third-party insurer are jointly and severally liable for any amount to which an insurer is entitled pursuant to this section if the attorney, representative or third-party insurer has knowledge of the lien provided for in this section.

9. An insurer shall not sell its lien to a third-party insurer unless the injured employee or his dependents, or the attorney or representative of the injured employee or his dependents, refuses to provide to the insurer information concerning the action against the third party.

10. In any trial of an action by the injured employee, or in the case of his death by his dependents, against a person other than the employer or a person in the same employ, the jury must receive proof of the amount of all payments made or to be made by the insurer or the administrator. The court shall instruct the jury substantially as follows:

Payment of workmen's compensation benefits by the insurer, or in the case of claims involving the uninsured employers' claim fund or a subsequent injury fund the administrator, is based upon the fact that a compensable industrial accident

occurred, and does not depend upon blame or fault. If the plaintiff does not obtain a judgment in his favor in this case, he is not required to repay his employer, the insurer or the administrator any amount paid to him or paid on his behalf by his employer, the insurer or the administrator.

If you decide that the plaintiff is entitled to judgment against the defendant, you shall find his damages in accordance with the court's instructions on damages and return your verdict in the plaintiff's favor in the amount so found without deducting the amount of any compensation benefits paid to or for the plaintiff. The law provides a means by which any compensation benefits will be repaid from your award.

11. ~~[For the purposes of calculating]~~ ***To calculate*** an employer's premium, the employer's account with the system must be credited with an amount equal to that recovered by the system from a third party pursuant to this section, less the system's share of the expenses of litigation incurred in obtaining the recovery, except that the total credit must not exceed the amount of compensation actually paid or reserved by the system on the injured employee's claim.

12. As used in this section, "third-party insurer" means an insurer that issued to a third party who is liable for damages pursuant to subsection 2, a policy of liability insurance the proceeds of which are recoverable pursuant to this section. The term

includes an insurer that issued to an employer a policy of uninsured or underinsured vehicle coverage.

**Sec. 37.** NRS 616C.230 is hereby amended to read as follows:

616C.230 1. Compensation is not payable pursuant to the provisions of chapters 616A to 616D, inclusive, ***or chapter 617*** of NRS for an injury:

(a) Caused by the employee's willful intention to injure himself.

(b) Caused by the employee's willful intention to injure another.

(c) Proximately caused by the employee's intoxication. If the employee was intoxicated at the time of his injury, intoxication must be presumed to be a proximate cause unless rebutted by evidence to the contrary.

(d) Proximately caused by the employee's use of a controlled substance. If the employee had any amount of a controlled substance in his system at the time of his injury for which the employee did not have a current and lawful prescription issued in his name, the controlled substance must be presumed to be a proximate cause unless rebutted by evidence to the contrary.

2. For the purposes of paragraphs (c) and (d) of subsection 1:

(a) The affidavit or declaration of an expert or other person described in NRS 50.315 is admissible to prove the existence of any alcohol or the existence, quantity or identity of a controlled substance in an employee's system. If the affidavit or declaration is to be so used, it must be submitted in the manner prescribed in NRS 616C.355.

(b) When an examination requested or ordered includes testing for the use of alcohol or a controlled substance:

(1) If the laboratory that conducts the testing is located in a county whose population is 100,000 or more and the testing is of urine, the laboratory must be certified for forensic testing of urine for drugs by the College of American Pathologists or a successor organization or by the federal Department of Health and Human Services; and

(2) Any such testing of breath for alcohol must be performed pursuant to the regulations of the federal Department of Transportation.

3. No compensation is payable for the death, disability or treatment of an employee if his death is caused by, or insofar as his disability is aggravated, caused or continued by, an unreasonable refusal or neglect to submit to or to follow any competent and reasonable surgical treatment or medical aid.

4. If any employee persists in an unsanitary or injurious practice that imperils or retards his recovery, or refuses to submit to such medical or surgical treatment as is necessary to promote his recovery, his compensation may be reduced or suspended.

5. An injured employee's compensation, other than accident benefits, must be suspended if:

(a) A physician or chiropractor determines that the employee is unable to undergo treatment, testing or examination for the industrial injury solely because of a condition or injury that did not arise out of and in the course of his employment; and

(b) It is within the ability of the employee to correct the nonindustrial condition or injury.

The compensation must be suspended until the injured employee is able to resume treatment, testing or examination for the industrial injury. The insurer may elect to pay for the treatment of the nonindustrial condition or injury.

**Sec. 38.** NRS 616C.280 is hereby amended to read as follows:

616C.280 The administrator may withdraw his approval of an employer's providing accident benefits for his employees and require the employer to pay the premium collected pursuant to NRS 616C.255 if the employer intentionally:

1. Determines incorrectly that a claimed injury did not arise out of and in the course of the employee's employment;

2. Fails to advise an injured employee of his rights under chapters 616A to 616D, inclusive, ***or chapter 617*** of NRS;

3. Impedes the determination of disability or benefits by delaying a needed change of an injured employee's physician or chiropractor;

4. Causes an injured employee to file a legal action to recover any compensation or other medical benefits due him from the employer;

5. Violates any of his or the division's regulations regarding the provision of accident benefits by employers; or

6. Discriminates against an employee who claims benefits under chapters 616A to 616D, inclusive, ***or chapter 617*** of NRS.

**Sec. 39.** NRS 616C.325 is hereby amended to read as follows:

616C.325 1. It is unlawful for any person to represent an employee before a hearings officer, or in any negotiations, settlements, hearings or other meetings with an insurer concerning the employee's claim or possible claim, unless he is:

(a) Employed full time by the employee's labor organization;

(b) Admitted to practice law in this state;
