

PROPOSED REGULATION OF THE BOARD OF MEDICAL EXAMINERS

LCB File No. R103-15

NAC 630.155

Authority: NRS 630.130, NRS 630.253

EXPLANATION – Matter in *italics* is new; matter in brackets ~~omitted material~~ is material to be omitted.

NAC 630.155 Continuing education: Credit for continuing education *course ~~class~~ on geriatrics and gerontology, and credit for continuing education course on the recent developments, research, and treatments of Alzheimer's disease and other forms of dementia.* (NRS 630.130, 630.253)

1. Except as otherwise provided in subsection ~~3~~ ~~2~~, if a holder of a license to practice medicine takes a continuing education *course ~~class~~* on geriatrics and gerontology, the holder is entitled to receive credit towards the continuing medical education required pursuant to NAC 630.153 equal to twice the number of hours the holder of the license actually spends in a continuing education *course ~~class~~* on geriatrics and gerontology.

2. Except as otherwise provided in subsection 3, if a holder of a license to practice medicine takes a continuing education course on the recent developments, research and treatments of Alzheimer's disease and other forms of dementia, the holder is entitled to receive credit towards the continuing medical education required pursuant to NAC 630.153 equal to twice the number of hours the holder of the license actually spends in a continuing education course on the recent developments, research, and treatments of Alzheimer's disease and other forms of dementia.

~~3~~ ~~2~~. During any biennial licensing period, a holder of a license to practice medicine may receive a maximum credit pursuant to subsection 1 of 8 hours of continuing medical education for 4 hours of time spent in a continuing education *course ~~class~~* on geriatrics and gerontology, *or a continuing education course on the recent developments, research, and treatments of Alzheimer's disease and other forms of dementia.*

~~{3. As used in this section, "continuing education class on geriatrics and gerontology" means a class that meets the requirements of:~~

- ~~—(a) For a class of continuing medical education, NAC 630.153; and~~
- ~~—(b) For a continuing education class on geriatrics and gerontology, NRS 630.253.~~
