

**ADOPTED REGULATION OF THE
BOARD OF WILDLIFE COMMISSIONERS**

LCB File No. R145-15

Effective September 9, 2016

EXPLANATION – Matter in *italics* is new; matter in brackets ~~[omitted material]~~ is material to be omitted.

AUTHORITY: §1, NRS 501.105, 501.181 and 501.1818; §2, NRS 501.105 and 501.181.

A REGULATION relating to hunting; revising provisions governing the use of aircraft, hot air balloons, unmanned aerial vehicles, satellites or certain other devices to locate or observe, for the purpose of hunting, a big game mammal, game bird or fur-bearing mammal; and providing other matters properly relating thereto.

Legislative Counsel’s Digest:

Existing law requires the Board of Wildlife Commissioners to establish policies and adopt regulations to preserve, protect, propagate, restore, transplant, introduce and manage wildlife in this State. (NRS 501.105, 501.181) Existing regulations prohibit, during the period beginning 48 hours before a big game hunting season opens in a management unit until the close of the season in that management unit, the use of aircraft, hot air balloons, satellites or certain other devices to locate or observe a big game mammal, except for a mountain lion, for the purpose of hunting. (NAC 503.148) **Section 2** of this regulation repeals the existing prohibition concerning big game hunting seasons and instead, for the purpose of hunting in a management unit, prohibits the use of aircraft, hot air balloons, unmanned aerial vehicles, satellites or certain other devices during the period beginning on July 1 and ending on the last day of February of each calendar year. **Section 2** also prohibits a person from using a satellite or any other device that orbits the earth and is equipped to produce real-time images.

Existing regulations set forth a schedule of demerit points to be assessed for conviction of certain wildlife violations. If a person is convicted of unlawfully using an aircraft, balloon or satellite to locate or observe big game for the purpose of hunting, the person must be assessed 12 demerit points. (NAC 501.200) **Section 1** of this regulation expands those provisions to include the unlawful use of an unmanned aerial vehicle to locate or observe a big game mammal, game bird or fur-bearing mammal for the purpose of hunting.

Section 1. NAC 501.200 is hereby amended to read as follows:

501.200 1. A person who is convicted of a wildlife violation will be assessed demerit points pursuant to the following schedule:

2. A person who is convicted of committing a wildlife violation that does not appear in the schedule set forth in subsection 1 will be assessed 3 demerit points.

3. A person who is convicted of committing a wildlife violation within 60 months after a conviction for the same violation will be assessed double the amount of demerit points listed in the schedule set forth in subsection 1.

4. A person who is convicted of committing any four wildlife violations arising out of separate events within a 60-month period will be assessed an extra 12 demerit points.

Sec. 2. NAC 503.148 is hereby amended to read as follows:

503.148 1. Except as otherwise provided in this section, a person shall not, for the purpose of hunting, locate or observe, or assist a person in locating or observing, any big game mammal , *game bird or fur-bearing mammal* in a management unit described in NAC 504.210 during the period beginning ~~[48 hours before a big game hunting season opens until the close of the season in that management unit]~~ *on July 1 and ending on the last day of February of each calendar year* with the use of:

(a) An aircraft, including, without limitation, any device that is used for navigation of, or flight in, the air;

(b) A hot air balloon or any other device that is lighter than air; ~~or~~

(c) *An unmanned aerial vehicle; or*

(d) A satellite or any other device that orbits the earth and is equipped to produce *real-time* images.

2. ~~For the purposes of subsection 1, the season for hunting a mountain lion which is open in a management unit shall be deemed not to be a big game hunting season during the period beginning after the big game hunting season for all other species of big game has closed in that management unit until the period beginning 48 hours before the opening of a big game hunting season established for hunting any other species of big game in that management unit.~~

~~3.~~ Evidence of an act constituting a violation of subsection 1 includes, without limitation:

(a) Flying slowly at low altitudes;

(b) Hovering;

(c) Circling; or

(d) Repeatedly flying,

↪ over a forest, marsh, field, woodland or rangeland where a big game mammal, *game bird or fur-bearing mammal* is likely to be found.

~~4.~~ 3. The provisions of this section do not apply to a person who:

(1) An employee or authorized agent of this State;

(2) An employee of a municipal or county government of this State; or

(3) An employee of the Federal Government;

(b) Holds a scientific permit issued by the Department for the collection of wildlife and who is acting in compliance with the terms and conditions of the permit; or

(c) Holds a permit issued by the Department which authorizes the control of bobcats, coyotes or ravens from an aircraft and who is acting in compliance with the terms and conditions of the permit.

~~15.1~~ 4. The provisions of this section do not authorize any act that is prohibited by NRS 503.010.

5. As used in this section:

(a) “Real-time images” means any images that are transmitted continuously or are otherwise updated more than once per day.

(b) “Unmanned aerial vehicle” has the meaning ascribed to it in NRS 493.020, as amended by section 23 of Assembly Bill No. 239, chapter 327, Statutes of Nevada 2015, at page 1777.

**STATE OF NEVADA
BOARD OF WILDLIFE COMMISSIONERS
NEVADA DEPARTMENT OF WILDLIFE**

**LEGISLATIVE REVIEW OF ADOPTED REGULATIONS AS REQUIRED BY NRS
233B.066**

LCB FILE NO. R145-15

The following statement is submitted for adopted amendments to Nevada Administrative Code (NAC 501.200 and NAC 503.148).

1. A clear and concise explanation of the need for the adopted regulation:

The need and purpose for the proposed regulation amendment is to keep up with technological advances by limiting the use of real time satellite imagery, drones, and other aircraft for the purpose of hunting and locating upland game birds, fur-bearing mammals, and big game mammals.

2. Description of how public comment was solicited, a summary of public response, and an explanation of how other interested persons may obtain a copy of the summary:

A copy of the proposed regulation was noticed and provided to Nevada's 17 County Advisory Boards to Manage Wildlife (CABMW) as part of the Nevada Board of Wildlife Commissioners agenda and support material for the workshops held January 29, 2016 and March 25, 2016, along with the adoption hearing on June 25, 2016. The County Advisory Boards to Manage Wildlife that held public meetings prior to the Nevada Board of Wildlife Commissioners meetings provided opportunity for public comment at their individual meetings. Public comment was solicited at the Nevada Board of Wildlife Commissioners workshop on January 29, 2016 in Las Vegas (teleconferenced to Reno and Elko) and March 25, 2016 in Yerington. The Nevada Board of Wildlife Commissioners adopted the regulation on June 25, 2016 at their meeting in Elko, which was videoconferenced to Reno and Las Vegas. There was little opposition to this regulation and all testimony received was in favor, with the exception of one Commissioner stating that he felt the regulation went beyond what its original intent was. The regulation was adopted in a 7-1 vote with Commissioner Mori opposing. A video recording and minutes from the meetings are available at:

http://www.ndow.org/Public_Meetings/Commission/Archive/

3. The number of persons who:

- (a) Attended each hearing: January 29, 2016 Workshop: 30; March 25, 2016 Workshop: 31; and June 25, 2016 Adoption: 28.
- (b) Testified at each hearing: January 29, 2016 Workshop: 6; March 25, 2016 Workshop: 7; and June 25, 2016 Adoption: 3

5. **A description of how comment was solicited from affected businesses, a summary of their response, and an explanation how other interested persons may obtain a copy of the summary:**

Comment was solicited from affected small businesses by using SurveyMonkey to survey all 100 master guides licensed in Nevada. Of the 100 master guides surveyed, 22 percent responded.

The vast majority (95.45 percent) stated that this regulation would not be an economic burden. One master guide stated that there would be between 11 and 20 percent economic loss to their business.

The analysis showed that over 95 percent of small businesses would not be affected by this regulation; therefore, the agency was able to conclude that there will be little to no impact on small businesses.

A copy of the summary can be obtained through the Nevada Department of Wildlife, 6980 Sierra Center Parkway, Suite 120, Reno, NV 89511.

6. **If the regulation was adopted without changing any part of the proposed regulation, a summary of the reasons for adopting the regulation without change:**

The comments received were incorporated into the regulation and adopted by the Nevada Board of Wildlife Commissioners in the final regulation.

7. **The estimated economic effect of the adopted regulation on the businesses which it is to regulate and on the public. These must be stated separately, and each case must include:**

(a) Both adverse and beneficial effects; and

The vast majority of respondents (95.45 percent) stated there would be no adverse effect on their small business if this regulation were to pass. The remaining participants that responded (4.55 percent) were unsure if there would be an adverse effect on their business.

Conversely, two master guides (9.09 percent) stated there could be a beneficial effect by giving guides a better reputation by following fair chase standards.

The regulation will have neither an adverse, nor a beneficial economic effect on the public.

(b) Both immediate and long-term effects:

All of the master guides surveyed stated there would be no immediate effect on their business if this regulation would pass. Most (81.81 percent) of the master guides stated there would be no long-term effect on their business. A minimal amount (9.09 percent) said there would be a positive long-term effect on their business by giving guides a better reputation and leveling the playing field amongst guides.

The regulation will have neither an immediate nor a long-term economic effect on the public.
