

**PROPOSED REGULATION OF THE
STATE BOARD OF PHARMACY**

LCB File No. R011-17

June 28, 2017

EXPLANATION – Matter in *italics* is new; matter in brackets ~~omitted material~~ is material to be omitted.

AUTHORITY: §1, NRS 453.146 and 639.070.

A REGULATION relating to controlled substances; revising the controlled substances listed in schedule I; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law authorizes the State Board of Pharmacy to adopt regulations to add, delete or reschedule controlled substances listed in schedules I, II, III, IV and V of the Uniform Controlled Substances Act. (NRS 453.146) Existing law also provides that if a substance is designated, rescheduled or deleted as a controlled substance pursuant to federal law, the Board is required, with certain limited exceptions, to similarly treat the substances under the Uniform Controlled Substances Act. (NRS 453.2182) The Drug Enforcement Agency of the United States Department of Justice recently listed certain synthetic cathinones, which are commonly referred to as "bath salts," on Schedule I of the federal Controlled Substances Act. (21 C.F.R. § 1308.11) Accordingly, this regulation adds those substances to Schedule I of the Uniform Controlled Substances Act. (NRS 453.011-453.348) This regulation also revises the list of trade names for certain synthetic cathinones.
