5. A description of how comments were solicited from affected businesses, a summary of their response, and an explanation of how other interested people may obtain a copy of the summary.

This regulation regulates public education and does not have authority over private industry or small businesses. No impact on small businesses and/or private industry was identified. A small business impact letter was drafted and published along with the regulatory workshop agenda and notice 15 days prior to the workshop. There is no summary as no responses were received, and minutes are available at <https://doe.nv.gov/boards-commissions-councils/regulation-workshops-and-public-hearings>.

6. If the regulation was adopted without changing any part of the proposed regulation a summary of the reasons for adopting the regulation without change.

R131-22 went through multiple rounds of revision in collaboration with impacted public agencies, treatment centers, and school districts. However, opposition remained upon passage of this regulation from the State Board for R131-22 RP3. Summarized below are the primary points of opposition and the reasoning for passage without amendment specific to RP3:

- Opposition regarding responsibility and burden on districts for students with individual education plans
 - Response: Several points of opposition relate to provisions for a free and public education (FAPE) under federal law; the Board does not have the authority to waive federal FAPE requirements and maintained regulatory language in alignment with FAPE.
- Opposition regarding responsibility and burden on districts
 - Response: The provisions in NRS 432B are burdensome, but the regulation must adhere to the requirements and guardrails inherent in the statute. After multiple rounds of revision, and a caseload analysis (only 14 pupils statewide fell under these provisions in SY25-26, 6 of which had an IEP) it was determined that a resolution which serves this population, complies with the law, and reduces the burden on districts is not presently possible under current circumstances. However, as these provisions are implemented, the Board and Department strive to continue to monitor implementation, improve systems, and revise provisions.

7. The estimated economic effect of the adopted regulation on the business which it regulates and/or on the public. These must be stated separately and, in each case, include both adverse and beneficial effects, and both immediate and long-term effects.

There will be no economic effect of the regulation on the business it regulates. There is no estimated economic effect on the public. There is no adverse or beneficial effect nor immediate or long-term effect on the business that it regulates nor the public.

8. The estimated cost to the agency for enforcement of the adopted regulation.

There is no additional cost to the agency for enforcement of this regulation.

9. A description of any regulations of other state or government agencies which the proposed regulation overlaps or duplicates and a statement explaining why the duplication or overlapping is necessary. If the regulation overlaps or duplicates a federal regulation, the name of the regulating federal agency.

No other state or governmental agency regulations will be overlapped or duplicated by this regulation. There is no duplication or overlap of federal regulations.

10. If the regulation includes provisions that are more stringent than a federal regulation which regulates the same activity, and a summary of such provisions.

There are none specific to this provision.

11. If the regulation provides a new fee or increases an existing fee, the total annual amount the agency expects to collect and the manner in which the money will be used.

This regulation does not provide for a new fee or increase an existing fee.

A copy of all materials relating to the proposal may be obtained at the workshop, on the [NDE website](#), or by contacting the Nevada Department of Education via email at NVBoardEd@doe.nv.gov. Persons wishing to comment upon the proposed action of the Department may provide in-person testimony or submit written comment via email at NVBoardEd@doe.nv.gov. Comments may be submitted via email up until the time of the Hearing.
