Legislative Counsel’s Digest:

Assembly Bill No. 147 (A.B. 147) of the 2023 Legislative Session enacted provisions to: (1) regulate the practice of teledentistry by dentists, dental hygienists and dental therapists; and (2) provide for the issuance of a special endorsement for a dentist, dental hygienist or dental therapist to administer immunizations. (Assembly Bill No. 147, chapter 513, Statutes of Nevada 2023, at page 3319) A.B. 147 requires the Board of Dental Examiners of Nevada to adopt regulations governing teledentistry. (Section 13 of Assembly Bill No. 147, chapter 513, Statutes of Nevada 2023, at page 3325 (NRS 631.34586))

A.B. 147 requires a licensee of the Board to establish a bona fide relationship, as defined by regulation of the Board, with a patient before providing services to the patient through teledentistry. (Section 10 of Assembly Bill No. 147, chapter 513, Statutes of Nevada 2023, at page 3323 (NRS 631.34583)) **Section 2** of this regulation defines the term “bona fide relationship” for that purpose. **Section 3** of this regulation prescribes: (1) the services that a dentist is authorized to provide through teledentistry; and (2) the requirements governing the issuance of a prescription through teledentistry. **Section 3** also requires a dentist who provides services through teledentistry to maintain a list of dental providers to whom the dentist may refer a patient when in-person care is necessary.

A.B. 147 requires a licensee to obtain the informed verbal or written consent of a patient or the informed written consent of the parent or guardian of a patient, as applicable, before providing services through teledentistry. A.B. 147: (1) requires a licensee who is seeking such informed consent to provide certain information to the patient; and (2) authorizes the Board to prescribe by regulation additional information that the licensee is required to provide to the patient. (Section 10 of Assembly Bill No. 147, chapter 513, Statutes of Nevada 2023, at page 3323 (NRS 631.34583)) **Section 4** of this regulation requires a dentist who is seeking informed consent to the provision of services through teledentistry to provide to the patient: (1) his or her business contact information; and (2) certain information concerning the actions that will be taken in an emergency. Further, **section 4** authorizes such a dentist to provide to the patient certain information relating to the services that may be provided to the patient and a copy of the license issued to the licensee by the Board. **Section 4** also requires a dentist to obtain from a patient: (1) a signed acknowledgment that the patient received a notice of privacy practices required by federal law; and (2) certain information relating to the medical history of the patient and the manner in which the dentist will be compensated for the services.

Section 5 of this regulation prescribes the purposes for which a licensee may use teledentistry to collaborate with: (1) a physician, physician assistant or advanced practice registered nurse; or (2) a dentist who practices in a different specialty area. **Section 5** also prescribes certain requirements to ensure communication between multiple licensees who are providing care to the same patient through teledentistry.

Section 6 of this regulation prohibits a dental hygienist who holds a special endorsement to practice public health dental hygiene from providing services to a patient through teledentistry. However, **section 6** authorizes such a dental hygienist to consult with other providers of health care through teledentistry for certain purposes.

Existing law requires a dental therapist to enter into a written practice agreement with his or her authorizing dentist. Existing law prohibits a dental therapist from providing services outside the direct supervision of his or her authorizing dentist until he or she has obtained a certain number of hours of clinical practice as a dental therapist. (NRS 631.3122) **Section 7** of this regulation requires a written practice agreement between an authorizing dentist and a dental therapist who has not obtained those hours of clinical practice to contain certain provisions concerning supervision of the dental therapist through teledentistry.

A.B. 147 provides for the issuance of special endorsements to authorize a dentist, dental hygienist or dental therapist to administer immunizations. (Section 15 of Assembly Bill No. 147, chapter 513, Statutes of Nevada 2023, at page 3325 (NRS 631.285)) **Section 8** of this regulation defines the term “special endorsement” to refer to such a special endorsement. **Section 9** of this regulation requires that an application for such a special endorsement include copies of certain

policies, procedures and plans required by existing law relating to the administration of immunizations. (NRS 631.2851)

A.B. 147 requires an applicant for a special endorsement to administer immunizations to have completed a course of training in the administration of immunizations. (Section 15 of Assembly Bill No. 147, chapter 513, Statutes of Nevada 2023, at page 3325 (NRS 631.285)) **Section 9** requires that such a course completed by a dentist, dental therapist or dental hygienist include at least 20 hours of instruction.

Section 10 of this regulation requires a dentist who holds a special endorsement to administer immunizations and who administers immunizations, or authorizes a dental hygienist or dental therapist to administer immunizations, to adopt written policies and procedures for the storage of immunizations. **Section 14** of this regulation provides that the failure to ensure that each medication or immunization is returned to a safe, appropriate location at the end of each day constitutes unprofessional conduct for which a dentist, dental therapist, dental hygienist or expanded function dental assistant may be disciplined by the Board.

Section 11 of this regulation authorizes the holder of a special endorsement to administer only immunizations for influenza, COVID-19 and human papillomavirus. **Section 11** also requires the holder of a special endorsement to: (1) make a certain report for the administration of certain immunizations to a child, as applicable; and (2) maintain a log of each immunization that the holder administers. **Section 11** additionally requires a dentist who holds a special endorsement to ensure the availability and regular inspection of emergency equipment. **Section 11** clarifies that a dental hygienist or dental therapist is prohibited from issuing a standing order for the administration of an immunization.

A.B. 147 requires the holder of a special endorsement to administer immunizations to complete certain continuing education. (NRS 631.342, as amended by section 24 of Assembly Bill No. 147, chapter 513, Statutes of Nevada 2023, at page 3329) **Section 12** of this regulation prescribes additional requirements governing continuing education for a dentist, dental hygienist or dental therapist who holds such a special endorsement. **Section 13** of this regulation requires: (1) the holder of a special endorsement to administer immunizations who is requesting the renewal or reinstatement of his or her license to certify that he or she has completed the required continuing education; and (2) a dentist who provides services through teledentistry to certify that he or she possesses certain professional liability insurance required by A.B. 147. (NRS 631.34581)

631.230 1. In addition to those specified by statute and subsection 3 of NAC 631.177, the following acts constitute unprofessional conduct:

- (a) The falsification of records of health care or medical records.
- (b) Writing prescriptions for controlled substances in such excessive amounts as to constitute a departure from prevailing standards of acceptable dental practice.
- (c) The acquisition of any controlled substances from any pharmacy or other source by misrepresentation, fraud, deception or subterfuge.
- (d) The failure to report to the Board as required in NAC 631.155.
- (e) Employing any person in violation of NAC 631.260 or failing to make the attestation required by that section.
- (f) The failure of a dentist who is administering or directly supervising the administration of general anesthesia, deep sedation or moderate sedation to be physically present while a patient is under general anesthesia, deep sedation or moderate sedation.
- (g) Administering moderate sedation to more than one patient at a time, unless each patient is directly supervised by a person authorized by the Board to administer moderate sedation.
- (h) Administering general anesthesia or deep sedation to more than one patient at a time.
- (i) The failure to have any patient who is undergoing general anesthesia, deep sedation or moderate sedation monitored with a pulse oximeter or similar equipment required by the Board.
- (j) Allowing a person who is not certified in basic cardiopulmonary resuscitation to care for any patient who is undergoing general anesthesia, deep sedation or moderate sedation.
- (k) The failure to obtain a patient's written, informed consent before administering general anesthesia, deep sedation or moderate sedation to the patient or, if the patient is a minor, the failure to obtain his or her parent's or guardian's consent unless the dentist determines that an

emergency situation exists in which delaying the procedure to obtain the consent would likely cause permanent injury to the patient.

- (l) The failure to maintain a record of all written, informed consents given for the administration of general anesthesia, deep sedation or moderate sedation.
- (m) The failure to report to the Board, in writing, the death or emergency hospitalization of any patient to whom general anesthesia, deep sedation or moderate sedation was administered. The report must be made within 30 days after the event.

- (p) The failure of a dentist who owns a dental practice to verify the license of a dentist, dental therapist, dental hygienist or expanded function dental assistant before offering employment or contracting for services with the dentist, dental therapist, dental hygienist or expanded function dental assistant as an independent contractor. This paragraph must not be construed to provide that it is unprofessional conduct for a dentist who owns a dental practice to offer employment to,

or enter into a contract for services with, a dentist, dental therapist, dental hygienist or expanded function dental assistant who fraudulently misrepresents that he or she is appropriately licensed.

- (q) The failure to record the name of the dentist, dental therapist, dental hygienist or expanded function dental assistant who provided the services in the records of a patient each time the services are rendered.
- (r) The failure of a dentist who is registered to dispense controlled substances with the State Board of Pharmacy pursuant to chapter 453 of NRS to conduct annually a minimum of one self-query regarding the issuance of controlled substances through the Prescription Monitoring Program of the State Board of Pharmacy.
- (s) The failure to provide records of a patient to an investigator when required by NAC 631.250.

2. Conduct relating solely to a dispute over finances does not constitute unprofessional conduct.
