

**APPROVED REGULATION OF THE COMMISSION ON
PROFESSIONAL STANDARDS IN EDUCATION**

LCB File No. R032-25

Filed April 29, 2026

EXPLANATION – Matter in *italics* is new; matter in brackets ~~omitted material~~ is material to be omitted.

AUTHORITY: §§ 1-3, NRS 391.019.

A REGULATION relating to educational personnel; revising the requirements for obtaining and renewing a business and industry endorsement; repealing provisions governing an endorsement to teach automotive service technology; and providing other matters properly relating thereto.

Legislative Counsel’s Digest:

Existing law requires the Commission on Professional Standards in Education to adopt regulations: (1) prescribing the qualifications for licensing teachers and other educational personnel; and (2) setting forth the educational requirements a person must satisfy to qualify for an endorsement in a field of specialization. (NRS 391.019)

Specifically, existing regulations prescribe the requirements for the issuance of a business and industry endorsement and provide for the issuance of such an endorsement for: (1) a program of career and technical education in certain authorized programs of study; (2) a program in ethnic music, ethnic dance or dance performance; or (3) a program in military science. (NAC 389.803, as amended by LCB File No. R145-22, NAC 391.420, 391.425) In relevant part, existing regulations require an applicant for a business and industry endorsement to provide proof that the applicant has been employed for a specified period of time in a position related to the program for which the applicant is applying for the endorsement. Additionally, existing regulations require an applicant for certain programs of study related to agriculture or construction to prove that the work experience was in certain areas. (NAC 389.803, as amended by LCB File No. R145-22, NAC 391.425) **Section 2** of this regulation removes the specific requirements for an applicant to demonstrate that the work experience was in the designated area, and instead requires any applicant for a business or industry endorsement, regardless of the underlying program, to demonstrate that the work experience is in a business or industry position related to the program.

Existing regulations generally require an applicant who wishes to renew a business and industry endorsement for the first time to satisfy certain requirements for professional development. Existing regulations, however, exempt such an applicant who wishes to renew a business and industry endorsement for ethnic dance from these general professional development requirements if the applicant has taken certain courses relating to classroom management or dance. (NAC 391.425) **Section 2** extends this exemption from the general professional

development requirements to an applicant for a renewed business and industry endorsement for dance performance.

Existing regulations contemplate a business and industry endorsement for a program of study in automotive service technology. (NAC 391.425) However, existing regulations do not recognize a program of study for automotive service technology, thereby removing the ability of a person to receive a business and industry endorsement in this program of study. (NAC 389.803, as amended by LCB File No. R145-22, NAC 391.420, 391.425) **Section 2** removes the obsolete provisions for a business and industry endorsement for the program of study in automotive service technology.

Existing regulations prescribe the requirements for an endorsement to teach automotive service technology. (NAC 391.13065) **Section 3** of this regulation repeals the provisions relating to this endorsement.

Section 1 of this regulation makes a conforming change related to the renumbering of the provisions set forth in **section 2**.
