The following information is provided pursuant to the requirements of NRS 233B.0603:

**1. The need for and the purpose of the proposed regulation or amendment:**

The proposed regulation is needed to enhance fisheries management, improve public safety, and ensure consistency in recreational fishing rules across Nevada.

**2. Either the terms or the substance of the regulations to be adopted, amended or repealed, or a description of the subjects and issues involved:**

The proposed amendments address public concerns by restricting gas-powered motors at Battle Born Pond, update scientific names of fish species for taxonomic accuracy, and strengthen control measures for invasive Northern Pike by requiring mandatory catch-and-kill upon capture. Additionally, the regulation aims to modernize and clarify bait fishing rules to prevent unintentional violations, allow the use of widely available commercial baits, and remove outdated provisions. An exception to current ice fishing hole size limits is also proposed to facilitate more effective spear and bowfishing of Northern Pike at Comins Lake, supporting ongoing suppression efforts to maintain a healthy sport fishery.

3. **The estimated economic effect of the regulation on the business which it is to regulate and on the public. These must be stated separately and in each case must include:**

**a. Both adverse and beneficial effects on businesses; and**

There will be no direct or indirect economic effects from the proposed regulation on small business because it does not regulate the operation of any small business.

**b. Both immediate and long-term effects on businesses:**

There will be no immediate or long-term economic effects from the proposed regulation on small businesses because it does not regulate the operation of any small business.

**c. Both adverse and beneficial effects on the public; and**

This regulation does not have an anticipated beneficial or adverse economic effect on the public.

**d. Both immediate and long-term effects on the public:**

This regulation does not have an anticipated immediate or long-term economic effect on the public.

4. **The estimated cost to the agency for enforcement of the proposed regulation:**

The enforcement of the regulation falls within current operations of the Department; therefore, there will be no additional cost to the agency above the current legislatively approved budget.

5. **A description of and citation to any regulations of other state or local governmental agencies which the proposed regulation overlaps or duplicates and a statement explaining why the duplication or overlapping is necessary. If the proposed regulation overlaps or duplicates a federal regulation, the notice must include the name of the regulating federal agency:**

This regulation does not overlap or duplicate any other state, local, or federal laws or regulations.

6. **If the regulation is required pursuant to federal law, a citation and description of the federal law:**

This regulation is not required pursuant to federal law.

7. **If the regulation includes provisions which are more stringent than a federal regulation that regulates the same activity, a summary of such provisions:**

This regulation does not include provisions that are more stringent than federal regulations.

**8. Whether the proposed regulation establishes a new fee or increases an existing fee:**

This regulation does not establish a new fee or increase an existing fee.

The regulation dates and language are subject to change following the discussions and deliberations of the Commission.

Persons wishing to comment upon the proposed action of the Nevada Board of Wildlife Commission may appear at the scheduled public hearing, submit their comments with appropriate times to the following email address: [wildlifecommission@ndow.org](mailto:wildlifecommission@ndow.org), or provide their comments in written form to the Secretary of the Nevada Board of Wildlife Commission at 6980 Sierra Center Parkway, Suite 120, Reno, Nevada 89511. Written submissions must be received at least five days before the scheduled public hearing.

This Notice of Intent and the regulation language to be adopted will be on file at the State Library, 100 N. Stewart Street, Carson City, Nevada, 89701 for inspection by members of the public during business hours. Additional copies will be available at the Nevada Department of Wildlife, Director's Office, 6980 Sierra Center Parkway, Suite 120, Reno, Nevada, 89511 for inspection and copying by members of the public during business hours. This notice and the text of the proposed regulation are also available in the State of Nevada Register of Administrative Regulations, which is prepared and published monthly by the Legislative Counsel Bureau pursuant to NRS 233B.0653, and on the Internet at <http://www.leg.state.nv.us>. Copies of this notice and the proposed regulation will also be mailed to members of the public upon request. A reasonable fee may be charged for copies if it is deemed necessary.

Upon adoption of any regulation, the agency, if requested to do so by an interested person, either before adoption or within 30 days thereafter, will issue a concise statement of the principal reasons for and against its adoption and incorporate therein its reason for overruling the consideration urged against its adoption.

This notice of hearing has been posted at the following Nevada Department of Wildlife offices:

**PROPOSED REGULATION OF THE  
BOARD OF WILDLIFE COMMISSIONERS**

**LCB File No. R053-25**

October 14, 2025

EXPLANATION – Matter in *italics* is new; matter in brackets ~~[omitted material]~~ is material to be omitted.

AUTHORITY: § 1, NRS 488.045, 488.059, 501.181 and 501.243; §§ 2 and 3, NRS 501.105, 501.110 and 501.181; § 4, NRS 501.105, 501.181, 503.597 and 504.295; §§ 5-10, NRS 501.105, 501.181, 503.300 and 503.310; § 11, NRS 501.105 and 501.181.

A REGULATION relating to the Board of Wildlife Commissioners; revising provisions relating to the operation of vessels on certain waters in this State; making various changes to certain classifications of fish; revising provisions relating to northern pike fish; revising provisions governing the use of certain fish, or parts of certain fish, as bait; revising the circumstances under which live bait fish and other forms of aquatic life and animal life may be used as bait; revising provisions governing the capture, offering for sale, holding and transportation of aquatic bait and live bait fish by a person who is permitted to sell live bait; establishing provisions governing spearfishing or bowfishing for northern pike fish at Comins Lake; and providing other matters properly relating thereto.

**Legislative Counsel's Digest:**

Existing law requires the Board of Wildlife Commissioners to establish policies to promote the safety of persons using vessels on the waters of this State. (NRS 501.181) Existing regulations provide that only a vessel without a motor or powered by an electric motor is allowed to be operated on certain waters in this State. (NAC 488.470) **Section 1** of this regulation provides that only a vessel without a motor or powered by an electric motor is allowed to be operated on the waters of the Battle Born Pond in Washoe County.

Existing law requires the Commission to, by regulation, classify fish as either game fish, protected fish or unprotected fish and authorizes the Commission to further classify protected fish as sensitive, threatened or endangered. (NRS 501.110) Existing regulations establish these classifications. (NAC 503.060, 503.065, 503.070) **Sections 2 and 3** of this regulation revise the scientific names for certain species of classified fish.

Existing law authorizes the Commission to prohibit the importation, transportation or possession of any species of wildlife that the Commission deems detrimental to the wildlife or the habitat of the wildlife in this State. (NRS 503.597) With certain exceptions, existing regulations prohibit a person from importing, transporting or possessing certain species of live wildlife, including, without limitation, northern pike. (NAC 503.110) **Section 4** of this

regulation: (1) prohibits a person who from releasing a northern pike into any body of water in this State; and (2) requires any person who catches a northern pike while fishing to immediately kill the northern pike.

Existing law authorizes the Commission to: (1) prescribe by regulation the types of bait and methods by which it may or may not be used in any designated water; (2) regulate or prohibit the use of live bait in fishing; and (3) prescribe the species which may be held or sold by a person who holds a permit to sell live bait. (NRS 503.300, 503.310) Existing regulations authorize a person who has a fishing license or short-term permit to fish, or a person who is not required to obtain such a license or permit, to capture, transport and use bait for fishing or personal consumption, subject to certain exceptions. (NAC 503.502) **Section 5** of this regulation defines the term “animal life” to mean live insects, worms and other terrestrial invertebrates.

**Section 6** of this regulation: (1) prohibits the use of parts of any game fish or protected species of fish as bait; (2) authorizes the use of any unprotected species of freshwater bait fish or parts which are commercially prepared or preserved as bait in waters where the use of aquatic bait is authorized; (3) removes the authorization to transport aquatic bait from one area of this State to another; and (4) authorizes the use of any fresh, dead or frozen saltwater fish or parts thereof as bait in waters where the use of saltwater fish is authorized.

Existing regulations establish requirements for the use of bait in: (1) the Western Region, which consists of all waters within Carson City and Churchill, Douglas, Humboldt, Lyon, Mineral, Storey, Pershing and Washoe Counties; (2) the Eastern Region, which consists of all waters in Elko, Eureka, Lander and White Pine Counties; and (3) the Southern Region, which consists of all waters in Clark, Esmeralda, Lincoln and Nye Counties. (NAC 503.504-503.507) **Sections 7-9** of this regulation authorize the use of certain forms of aquatic and animal life as bait in the Western, Eastern and Southern Regions. **Section 7** prohibits the capture, possession while fishing or use of fish as bait in certain waters of the Western Region.

Existing regulations authorize a person who is permitted to sell live bait to capture, offer for sale, hold or transport aquatic bait and certain species of live bait. (NAC 503.510) **Section 10** of this regulation removes the limitation on the species of live bait which may be captured, offered for sale, held or transported in the Western, Eastern and Southern Region by a person who is permitted to sell live bait, thereby authorizing such a person to capture, offer for sale, hold or transport any live bait fish in these Regions.

Existing regulations prohibit a hole cut in the ice for purposes of ice fishing from exceeding 10 inches in diameter. (NAC 503.583) **Section 11** of this regulation authorizes a person to cut a hole in the ice for purposes of ice fishing by spear or by bow and arrow for northern pike at Comins Lake which must not exceed 12 inches in width and 24 inches in length. **Section 11** requires a person to: (1) return the block of ice to the hole after fishing; and (2) for a hole that exceeds 10 inches in diameter, mark the location of the hole with natural vegetation or a marker which is painted brightly, not less than 36 inches in height and visible from a minimum distance of 100 feet.

**Section 1.** NAC 488.470 is hereby amended to read as follows:

2. The headquarters of the Department and each regional office of the Department will maintain a physical description and picture of each species listed in this section when reasonably available.

3. The Department may issue a scientific permit for the collection or possession of wildlife or a commercial license for the possession of live wildlife, whichever is applicable, for the importation, transportation or possession of a species listed in this section only to:

- (a) A zoo or aquarium which is an accredited institutional member of the Zoological Association of America, the Association of Zoos and Aquariums or their successors.
  - (b) A college, university or governmental agency, for scientific or public health research.
  - (c) Any other scientific institution, as determined by the Department, for research or medical necessity.
  - (d) Any person engaged in commercial aquaculture, upon application and proof to the Department that the activity will not be detrimental to aquatic life, other wildlife or recreational uses. As a condition of the issuance to such a person of a commercial license for the possession of a species listed in this section, a bond may be required to provide for the removal of any species to which the license applies that may escape or be released from captivity for any reason. The amount of the bond will be determined by the Department after considering the degree of potential hazard to wildlife.
  - (e) A tax-exempt nonprofit organization that exhibits wildlife solely for educational or scientific purposes.
4. An interstate shipment of a species listed in this section may be transported through this State, without a permit or license issued by the Department, if:
- (a) The shipper or transporter has evidence of lawful possession of the species issued by the state or country where the species originated;
  - (b) Mammals, birds or fish are accompanied by a health certificate issued by the state or country where the species originated that indicates the destination, origin and proof of ownership of the species being transported;
  - (c) The species is in this State for less than 48 hours; and

(d) The species is not unloaded or otherwise released while being transported through this State.

5. *No person shall release a northern pike into a body of water in this State. If a person catches a northern pike while fishing, the northern pike must be killed immediately.*

6. This section does not apply to the Department when it is conducting authorized introductions or transplantations of a native species of big game mammal listed in this section.

**Sec. 5.** NAC 503.500 is hereby amended to read as follows:

503.500 As used in NAC 503.500 to 503.575, inclusive, unless the context otherwise requires:

1. *“Animal life” means live insects (such as grasshoppers), worms (such as earthworms and leeches) and all other terrestrial invertebrates.*

2. “Aquatic bait” means live, unprotected amphibians (such as salamanders, waterdogs and ~~frogs~~ *bullfrogs*), crustaceans (such as crayfish) and mollusks (such as clams and snails).

~~2.~~ 3. “Aquatic life” means live amphibians, crustaceans, mollusks, fish and all other animals which grow in, live in or frequent water.

~~3.~~ 4. “Artificial lures” means any device with a hook or hooks attached which is made partly or entirely of rubber, wood, metal, glass, plastic or feathers.

~~4.~~ 5. “Live bait fish” means live, unprotected species of freshwater fish.

~~5.~~ 6. “Minimum size” means the minimum total length a fish must measure to be possessed legally.

~~6.~~ 7. “Region” means one of the three administrative regions established by the Department.

~~[7.]~~ 8. “Single barbless hook” means a fish hook having one point which is manufactured without barbs or on which the barbs have been closed completely or filed off. The term does not include a fish hook which shares a common shank with one or more other fish hooks, regardless of whether the barbs have been closed completely or filed off.

~~[8.]~~ 9. “Total length” means the length of a fish measured from the tip of the nose to the tip of the tail fin.

**Sec. 6.** NAC 503.502 is hereby amended to read as follows:

503.502 1. A person who has a fishing license or short-term permit to fish, or who is not required to obtain such a license or permit pursuant to NRS 502.010 and NAC 502.285, may capture, transport and use bait for fishing or personal consumption except that:

(a) The use of any game fish or protected species of fish *or parts thereof* for bait is prohibited.

(b) Any unprotected species of freshwater bait fish or parts thereof which are *commercially* prepared ~~[and]~~ *or* preserved ~~[commercially]~~ may be used as bait only in waters where the use of aquatic bait is authorized, unless otherwise provided in the appropriate regional regulation.

(c) Aquatic bait, other than salamanders or saltwater mudsuckers, may be used only in the water from which it is taken.

(d) Aquatic life may be imported into this State only with the prior approval of the Department.

(e) ~~[Aquatic bait and live]~~ *Live* bait fish may be transported from one area of this State to another only as provided in the appropriate regional regulation for the use of live bait fish.

*(f) Any fresh, dead or frozen saltwater fish including, without limitation, sardines, anchovies and shrimp, or parts thereof may be used as bait only in waters where the use of saltwater fish is authorized, unless otherwise provided in the appropriate regional regulation.*

2. A person who possesses bait in accordance with the provisions of this section shall not sell, barter or trade that bait.

3. Any bait obtained from a dealer in live bait fish who is licensed in this State must be accompanied by a currently dated receipt issued by that dealer.

**Sec. 7.** NAC 503.504 is hereby amended to read as follows:

503.504 1. The Western Region consists of all waters within Carson City and Churchill, Douglas, Humboldt, Lyon, Mineral, Storey, Pershing and Washoe Counties.

2. In the Western Region:

(a) Live bait fish may be used only in the river basin from which it is taken and only in the following waters:

**STATE OF NEVADA  
NEVADA BOARD OF WILDLIFE COMMISSION  
NEVADA DEPARTMENT OF WILDLIFE  
SMALL BUSINESS IMPACT STATEMENT PURSUANT TO NRS233B**

**Commission General Regulation 528 – LCB File No. TBD – Motor Restrictions and Revisions Related to Fisheries**

**The purpose of this form is to provide a framework pursuant to NRS 233B.0608 to determine whether a small business impact statement is required for submittal of a proposed regulation before the Nevada Board of Wildlife Commission. Note: Small business is defined as a “business conducted for profit which employs fewer than 150 full-time or part-time employees” (NRS233B.0382).**

1. Describe the manner in which comment was solicited from affected small businesses, a summary of their response and an explanation of the manner in which other interested persons may obtain a copy of the summary:

**ANSWER:**

Comment was not solicited from small businesses. This regulation does not affect small businesses as the changes are associated with a program administered by the Nevada Department of Wildlife.

2. Describe the manner in which the analysis was conducted:

**ANSWER:**

Agency personnel concluded that there would be no small businesses impacted and, therefore, no need for a small business impact analysis.

3. Describe the estimated economic effect of the proposed regulation on the small businesses which it is to regulate, including, without limitation:

- a.) Both adverse and beneficial effects:

**ANSWER:**

There will be no adverse or beneficial effects from the proposed regulation on small business because it does not regulate the operation of any small business.

- b.) Both direct and indirect effects:

**ANSWER:**

There will be no direct or indirect economic effects from the proposed regulation on small business because it does not regulate the operation of any small business.

4. Describe the methods that the agency considered to reduce the impact of the proposed regulation on small businesses and a statement regarding whether the agency actually used any of those methods:

**ANSWER:**

There will be no impact from the proposed regulation on small businesses, therefore no methods were considered or taken by the agency.

5. Describe the estimated cost to the agency for enforcement of the proposed regulation:

**ANSWER:**

The enforcement of the regulation falls within current operations of the Department; therefore, there will be no additional cost to the agency above the current legislatively approved budget.

6. If the proposed regulation provides a new fee or increases an existing fee, the total annual amount the agency expects to collect and the manner in which the money will be used:

**ANSWER:**

The proposed regulation does not provide new or increased fees.

7. If the proposed regulation includes provisions which duplicate or are more stringent than federal, state or local standards regulating the same activity, an explanation of why such duplicative or more stringent provisions are necessary:

**ANSWER:**

This regulation does not include provisions that duplicate or are more stringent than federal, state, or local standards.

8. The reasons for the conclusions of the agency regarding the impact of a regulation on small businesses:

**ANSWER:**

The agency concluded that this regulation does not impact small businesses because the changes are associated with a program administered by the Nevada Department of Wildlife.

I hereby certify that to the best of my knowledge or belief, a concerted effort was made to determine the impact of the proposed regulation on small businesses and that the information contained in this statement was prepared properly and is accurate.
