

**PROPOSED REGULATION OF THE COMMISSION ON
PROFESSIONAL STANDARDS IN EDUCATION**

LCB File No. R069-25

January 26, 2026

EXPLANATION – Matter in *italics* is new; matter in brackets ~~[omitted material]~~ is material to be omitted.

AUTHORITY: §§ 1-8, NRS 391.019, as amended by section 2 of Senate Bill No. 400, chapter 450, Statutes of Nevada 2025, at page 2886.

A REGULATION relating to education; revising provisions governing the qualifications of teachers employed at certain schools to teach art, music, physical education or physical education and health; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law requires the Commission on Professional Standards in Education to adopt regulations that require a teacher to obtain an endorsement from the Department of Education to teach music or art to be eligible to teach music or art, as applicable, at an elementary school, middle school, junior high school or secondary school, except for a teacher at an elementary school: (1) located in a school district in which fewer than 200,000 pupils are enrolled (currently all school districts other than the Clark County School District); or (2) in which fewer than 500 pupils are enrolled. (NRS 391.019, as amended by section 2 of Senate Bill No. 400, chapter 450, Statutes of Nevada 2025, at page 2886) This requirement is subject to certain generally applicable exceptions in existing law relating to a shortage of teachers in a subject area. (NRS 391.125)

Existing regulations provide that a person who is licensed to teach elementary education is authorized to teach all subjects in elementary grades. (NAC 391.090) Existing regulations also establish certain requirements for a person to receive an endorsement to teach: (1) art; (2) music; (3) physical education; or (4) physical education and health. (NAC 391.215, 391.270, 391.280, 391.281) Existing regulations authorize the Superintendent of Public Instruction to grant certain waivers which permit the holder of a secondary license or license to teach middle school or junior high school education to teach outside his or her area of endorsement. (NAC 391.146-391.158)

Sections 3-6 of this regulation make the requirements for a person to receive an endorsement to teach art, music, physical education or physical education and health equally applicable for kindergarten through grade 12. **Section 1** of this regulation requires, with certain exceptions in accordance with existing law and regulations, each teacher who is employed on or after July 1, 2029, at an elementary school, middle school, junior high school or secondary school to teach art, music, physical education or physical education and health to hold the relevant endorsement to teach that subject to pupils in kindergarten through grade 12 as

described in **sections 3-6**. **Section 1** also exempts from these requirements a teacher at an elementary school: (1) located in a school district in which fewer than 200,000 pupils are enrolled (currently all school districts other than the Clark County School District); or (2) in which fewer than 500 pupils are enrolled. **Section 2** of this regulation makes a conforming change which requires a person who is licensed to teach elementary education to meet the requirements of **section 1** in order to teach art, music, physical education or physical education and health in elementary grades.

Existing regulations establish the qualifications for a person to receive a license designated as an elementary and middle school physical education license. (NAC 391.096) **Section 8** of this regulation repeals those regulations, thus eliminating that type of license. **Section 7** of this regulation provides that, on the effective date of this regulation, any person who holds such a license or holds an existing endorsement to teach art, music, physical education or physical education and health at an elementary school shall be deemed to hold the relevant endorsement to teach that subject to pupils in kindergarten through grade 12, as described in **sections 3-6**.

Section 7 also provides that any person who, on the effective date of this regulation, holds an existing license to teach elementary education may receive an endorsement to teach art, music, physical education or physical education and health to pupils in kindergarten through grade 12, as described in **sections 3-6**, by submitting to the Department official documentation that he or she has passed, on or before July 1, 2029, certain examinations.

Section 1. Chapter 391 of NAC is hereby amended by adding thereto a new section to read as follows:

TEXT OF REPEALED SECTION

391.096 Qualifications for elementary and middle school physical education license; authorized employment. (NRS 391.019)

1. To receive a license designated as an elementary and middle school physical education license, a person must hold a bachelor's degree from an accredited college or university and must have completed 58 semester hours of credit in courses in professional studies in physical education for pupils in elementary or middle school or junior high school grades, consisting of:
 - (a) Eighteen semester hours of credit which includes course work in each of the following areas of study:
 - (1) Anatomical kinesiology or mechanical kinesiology, or both;
 - (2) The physiology of exercise;
 - (3) The psychological aspects or social aspects of physical education, or both;
 - (4) Motor development;
 - (5) Testing and measuring skills and abilities in physical education; and
 - (6) Advanced first aid or an equivalent course of study;
 - (b) Eighteen semester hours of credit in teaching elementary physical education, including, without limitation, teaching:
 - (1) Adapted physical education;
 - (2) Rhythmic activities for pupils in elementary grades;

- (3) Movement experiences for pupils in preschool and primary grades; and
- (4) Movement experiences for pupils in intermediate grades; and

(c) Twenty-two semester hours of credit in professional education including:

- (1) Foundations of education;
- (2) Methods of teaching in elementary physical education; and
- (3) Eight semester hours of credit in supervised student teaching of physical education for pupils in elementary or middle school or junior high school grades.

2. An elementary and middle school physical education license issued in accordance with this section authorizes the holder of the license to teach only physical education to pupils in elementary or middle school or junior high school grades.

3. A person is not required to hold an elementary and middle school physical education license to teach physical education to pupils in elementary or middle school or junior high school grades. The provisions of this subsection do not prohibit a school district from requiring an elementary and middle school physical education license as a requirement for employment to teach physical education in that school district.
