**PROPOSED TEMPORARY REGULATION OF THE  
HUMAN RESOURCES COMMISSION**

**LCB FILE NO. T006-25P**

**The following document is a proposed temporary regulation submitted  
by the agency on 02/19/2025**

**Explanation of Proposed Change:** This amendment, proposed by the Division of Human Resource Management for temporary adoption, adds clarifying language to the specific position and duties as well as removes an outdated form name from the regulation and includes language that is flexible for any changes in the future.

**NAC 284.126 Creation of new class, reclassification of position or reallocation of existing class. (NRS 284.065, 284.155)**

1. For the purposes of this section:

(a) “Agency personnel officer” means the Director of Personnel within the Nevada System of Higher Education or any person holding a position in the classified service with the title of Personnel Officer.

(b) “Significant change” means a change in the duties and responsibilities assigned to a position in a class that:

(1) Is outside of the scope of the class as described by the class specification;

(2) Is not part of the scope of responsibility of the position; and

(3) Results in the ~~preponderance~~ *majority* of duties and responsibilities being allocated to a different class.

2. If an appointing authority or an employee proposes the creation of a new class, a reclassification of a position to a different class or the reallocation of an existing class based upon a gradual accumulation of duties and responsibilities which results in a significant change and is intended to be permanent, the Division of Human Resource Management or agency personnel officer must be notified on the appropriate form. If the creation, reclassification or reallocation is approved, the Division of Human Resource Management will allocate the position to one of the existing classes in the classification plan or to a new, revised or reallocated class as appropriate.

3. The effective date of the classification decision will be the date on which ~~form NPD-19~~ *the prescribed classification form* is received by the Division of Human Resource Management or agency personnel officer unless information that substantially affects the decision concerning the creation, reclassification or reallocation is received after this date. In that case, the effective date will be the date on which the appropriate information necessary to make the decision is received. However, the subsequent receipt of an application or examination score that confirms the qualifications of an incumbent will not have a bearing on the effective date. If the form was prepared but delayed due to an administrative or clerical error, the effective date must be determined by the appointing authority and must be based upon the date on which the form should reasonably have been submitted to the Division of Human Resource Management or agency personnel officer. In no case, however, may a retroactive adjustment because of an administrative or clerical error exceed 6 months after the date of receipt.

4. If an agency makes or anticipates making a significant change in the duties for a position or the agency anticipates a reorganization which will require the reclassification of an existing position, the reallocation of an existing class or the creation of a new class, it shall advise the Budget Division of the Department of Administration or, in the case of the Nevada System of Higher Education, the budget division of the applicable institution. The proposed change may not be required of an employee nor be submitted to the Division of Human Resource Management until funding for it is approved. If the change is approved by the Division of Human Resource Management, the effective date will be determined by the Budget Division.

5. In effecting a reclassification pursuant to subsection 2 or 4, the appointing authority must review and take into consideration the organizational structure and the qualifications of the incumbent before assigning new duties to a position which are intended to be permanent. No position will be reclassified to a higher grade through the individual classification process if the incumbent does not meet the minimum qualifications for the higher level position. If an employee does not meet the minimum qualifications to reclassify his or her position, the employee is not eligible for promotion, but may be eligible for a special adjustment to his or her pay pursuant to NAC 284.206.

6. The establishment of a new class or reallocation of a class in an occupational study which results in a fiscal cost becomes effective when the funding is provided by the Legislature in the biennial operating budget for this State.

7. From the date on which the Division of Human Resource Management formally announces the beginning of an occupational study until the date on which the occupational study becomes effective:

(a) An existing position in the occupational study that has a significant change may only be reclassified to an existing class.

(b) An existing class in the occupational study must not be reallocated to a different grade.

(c) A new position may be allocated to an existing class or a new class as determined by the Division of Human Resource Management.

## **Regulation Small Business Impact Statement**

Section 15 of Article 15 of the Nevada Constitution requires the Legislature to provide for a State merit system governing the employment of employees in the Executive Branch of State government and in 1969 the Legislature provided for such in NRS 284. Additionally, NRS 284.013 provides limitations to which employees of the Executive Branch are covered by NRS 284. NRS 284.065 authorizes the Human Resources Commission to adopt regulations to carry out the provisions of this chapter.

Due to the limitations of the Nevada State Constitution and NRS 284, the Division of Human Resource Management staff has determined that the adoption of this proposed regulation does not affect small businesses, impose a significant economic burden on small businesses, nor will it restrict the formation, operation or expansion of small business. This regulation only impacts employees moving into the nonclassified, classified, or unclassified service of the Executive Branch.

A concerted effort was made to determine any economic burden. The Department has relied on the expert knowledge of Department staff. The regulation solely addresses pay for government employees so the impact is solely on government employees and agencies and no small business will be affected.

*I certify that to the best of my knowledge or belief, a concerted effort was made to determine the impact of the proposed regulation on small business and that the information contained in this statement was prepared properly and is accurate.*
