

**PROPOSED REGULATION OF THE
STATE BOARD OF HEALTH**

LCB FILE NO. R062-26I

**The following document is the initial draft regulation proposed
by the agency submitted on 03/23/2026**

Creation of new code to NAC 450B

Permitting of a service: Late renewal.

1. If a service fails to renew its permit when required, the service must, if the service wishes to renew the permit, the service shall submit a request for a late permit renewal on a form provided by the Division.

2. Upon approval by the Division of a request for a late renewal, the applicant shall submit evidence satisfactory to the Division that includes all information required for an original application for a permit to operate a service, including, without limitation:

(a) The name and address of the owner of each unit to be used in providing the service.

(b) A description of each unit or aircraft to be used in providing the service, including the manufacturer, model, year, serial number, color and identifying marks of those units or aircraft.

(c) The base location of each unit.

(d) A list of the names of attendants staffing each unit.

(e) A schedule of the proposed fees to be charged patients for:

(1) Response and transportation;

(2) Administering medication, oxygen or other such treatment;

(3) Use of an electrocardiograph monitor or defibrillator; and

(4) Any other supplies, equipment and procedures provided by the service.

(f) Except as otherwise provided in paragraph (h), the name, address of the person designated by the applicant to manage the operations of the service providing emergency care. The designated person shall submit one set of fingerprints in accordance with the current fingerprint submission process established by the Division

(g) The name, address of the applicant. The applicant shall submit one set of fingerprints in accordance with the current fingerprint submission process established by the Division.

(h) In the case of a service, if the applicant is a corporation, partnership or sole proprietor engaged in the business to provide ambulance services of any type:

(1) The names and addresses of all the corporate directors and officers or the partners or the sole proprietor and the managing agents and all their businesses. Each person so listed is, for the purposes of this section, an applicant.

(2) A statement of the applicant's financial worth.

(i) If the application is for a permit to operate a volunteer service, proof of the applicant's volunteer status verified by the local board of county commissioners.

(j) The level of service to be provided under the permit which may be basic, intermediate or advanced emergency care.

3. The Division shall not approve a late renewal of a permit unless:

(a) All the information required by subsection 2 is submitted;

(b) The Division is satisfied that all attendants who will operate or serve any unit or aircraft under the permit are licensed or in the process of being licensed in the appropriate category; and

(c) The service has appointed a medical director as required by NAC 450B.505.

4. A permit renewed pursuant to this section is subject to the same requirements, limitations, terms and conditions applicable to the issuance of an original initial permit.

5. The Division shall deny an application for late renewal of a permit if more than 1 year has elapsed since the date of expiration of the permit.
