Brief description of action:

The Board Members reviewed the comments from the September 23, 2026, Workshop and approved the adoption of amendments to NAC regulations, 1) 50% fee reduction for active military, veterans, and spoused when applying for reciprocity and renewal of license. 2) 90-day application deadline with executive discretion for extensions, and 3) the repeal of NAC623A..321 through .339 *certificate of eligibility to receive preference when competing for public works.*

Authority citation other than 233B: NRS623A.130.3 Duties 3) Adopt regulations for the administration of this chapter.

Notice date: August 21, 2026

Hearing date: September 23, 2026

Date of Adoption by Agency: September 25, 2026

Small Business Impact Statement

EFFECTIVE DATE OF REGULATION:
Upon filing with the Nevada Secretary of State

1. Background:

After a yearlong review of the current Nevada Administrative Code 623A by the board and staff, two areas were determined to be amended and one area to be repealed. 1) In response to inquiries by reciprocity candidates and reviewing other state boards both in Nevada and other States the reduction of active military, veterans and spouses would align with other boards throughout the state and country. 2) The deadline for application has been used in other states for reciprocity candidates so as to expedite the process to licensure. The deadline would eliminate the current open-ended date of an application for reciprocity. 3) The repeal of NAC623A.3321 through 339 was reviewed to determine if this extra certification was ever used. The non-utilization of these sections by various State agencies that oversee construction projects to determine the feasibility of Nevada Licensed Landscape Architects was redundant as verification of licensure is provided at www.nvbla.org/ Public/ verification or by contacting the board office directly.

2. Description of Solicitation:

Notice of Intent to Act on a Regulation was listed as follows: The Nevada State Board of Landscape Architecture will hold a public hearing at One (1)p.m., on the 23th of September, 2026 at Zoom meeting address: https://us02web.zoom.us/j/6555590472. Copies of the Solicitation was sent via email to 16 libraries through out the state. A copy may be found on the boards website www.nvbla.org/ Board Information/ Board Meetings/ 2026. Also listed on the NV.GOV/ public meetings and Nevada Legislative website/ Administrative Regulation Notices.
For a complete description of the Notice and list of libraries see the attached exhibit A.

3. Does the proposed regulation impose a direct and significant economic burden upon a small business or directly restrict the formation, operation or expansion of a small business? (NRS 233B.0608(1))

1) The reduction of fees for Active Military, veterans and spouses reduces the economic burden.
2) The 90-day deadline limit on application completion may carry an economic impact if the applicant does not meet the deadline and has to reapply without extenuating circumstances or contact with the staff to request and extension.
3) The repeal of Sections 3321 through 339 of NAC 623A eliminates any economic impact.

4. How was that conclusion reached?

An informal poll was taken among Nevada licensed Landscape Architects as to the impact the changes in NAC623A would have. The attendees at the workshop and those polled expressed positive feedback on the changes, especially the reduction in the fees for military. Repeal of the Certificate for Public Works sections, the attendees and a few Landscape Architects that were asked did not know it was in the NAC. As the Public Works Department and Nevada Department of Transportation do not utilize this method of certification, the repeal of this section will not affect the hiring of Landscape Architects by the respective departments. Reviewing the cost to a small business if the provision was to be followed would burden businesses with extra fees, accounting,

paperwork and background checks added on to those already used for the initial licensing.

I, Ellis L. Antunez, Executive Director certify that, to the best of my knowledge or belief, a concerted effort was made to determine the impact of the proposed regulation on small business, and that the information contained in the statement above is accurate. (NRS 233B.0608(3))

Quick recap

The Nevada State Board of Landscape Architecture held a public hearing to discuss proposed amendments to regulations affecting Chapter 623A of the Nevada Administrative Code. The board reviewed three main changes: 1) reducing reciprocity and renewal fees for active military, veterans and their spouses by 50%, 2)implementing a 60-90 day deadline for completing application processes, and 3)repealing sections related to certificates of eligibility for public works projects. Participants provided feedback on the proposed changes, with concerns raised about the short timeline for applications and the potential impact on applicants' ability to gather required documentation from third parties. 90 days was estimated to be the limit with extensions if there are anomalies or circumstances that do not allow the meeting of the deadline, such as being deployed if military or sickness.

Summary

Landscape Architecture Regulation Amendments

The Nevada State Board of Landscape Architecture held a public hearing to discuss proposed amendments to regulations regarding Chapter 623A of the Nevada Administrative Code. The main proposed changes included reducing reciprocity and renewal fees for active military spouses and veterans (by 50%), setting a specific deadline for application completion, and repealing certain certificate requirements. The board explained that approximately 6-8 veterans would benefit from the fee reductions, and the deadline proposal aims to address applications that remain incomplete for over a year. No comments were provided during the discussion portion of the hearing.

Application Deadline Changes Discussion

The group discussed proposed changes to application deadlines, specifically a 60-day requirement for completing applications including references, transcripts, and work verification. Ellis explained that the current 45-day exam completion limit might need adjustment to accommodate the new 60-day timeframe, and that applicants who miss the deadline would need to reapply. The discussion raised concerns about applicants being penalized for delays caused by third parties, Kelli suggesting that requiring proof of requests made to obtain documents might be more fair than imposing strict deadlines.

Application Deadline and NAC Revisions

Two main items: *1)extending the application **deadline from 60 to 90 days** to allow applicants more time to gather required information without incurring reapplication fees, and 2)repeal of sections in*

NAC 623A.3321 to NAC623A.339 related to certificates of eligibility for public works preference. Ellis explained that these sections had not been used since added in 2012 to the NAC by either NDOT or Public Works and would be removed as part of efforts to reduce the size of the NAC. This eliminated a superfluous regulation.

A question was asked if the change to NAC at this time would be listed a permanent or temporary. Ellis noting that the proposed changes are put forward as Permanent, though the Legislative Council Bureau had not provided feedback on the proposal's status.

Financial Statements and Licensing Review

The meeting focused on reviewing financial statements and discussing licensing application processes. ***Marc proposed establishing a 90-day rule*** for licensing applications instead of the previously considered 45-day period, which Ellis agreed to implement and submit to the Legislative Council Bureau for review. Discussion of impact on small firms was determined that the reduction in fees for military, veterans and spouses would provide a good incentive to license in Nevada and show appreciation for their service. The repeal of the NAC sections were not known by those in attendance therefor there was no impact at this time. The 90 day timeline with the ability to extend on extenuating circumstances was agreed to by the attendees.

Board Reciprocity and Website Updates

Minutes for June 25, 2026, meeting was approved with correction Motion by Marc, Second by Laura, Passed Unanimously

The board conducted a meeting where they approved two reciprocity applications from licensees. Motion to approve James Dean for license by Laura, Seconded by Marc and Motion to approve Thomas Hayes for license by Marc Seconded by Laura, both approved for reciprocity licenses, with the motions passing unanimously.

The board also discussed paying the remaining $6,000 for website updates, which will help with language accessibility compliance as required by the Governor's Office. No Motion was presented. The discussion concluded with payment suggested after the preliminary report was received from Albertson Consulting. This will be brought up at the next meeting. The board learned that the website accessibility deliverables would not be completed until the end of the year, and they received notice that the compliance deadline had been extended for another year.

Nevada Exam Committee Formation

The board discussed creating a committee to review and update the Nevada-specific exam based on findings from the Survey and Competency Assessment of the Profession 2027. The committee will be tasked with completing its review and development within approximately six to eight months, with the current exam questions remaining in use during the review process. Motion to form a committee of seven members with diverse representation including both senior practitioners and recent exam takers, with Ron Blakemore serving as chairman due to his extensive work on the project Motion by Marc, Second by Laura Motion passed unanimously.

Policy Changes and Licensing Updates

The Board discussed a state-mandated plan to upgrade website language accessibility, noting that while the state's broader initiative stalled in committee, the Governor's Office of Language Accessibility and Purchasing Department can provide translation services when needed.

A discussion covered recent testimony at the September 23, 2026, Workshop on proposed changes to NAC623A regulations, including a 50% reduction for annual renewal fees and applications for veterans, active military and spouses, as well as the repeal of a certificate-to-work requirement for public works that few people were aware of and setting a deadline for application completion.

The board approved three changes to NAC623A related to licensing applications and veteran reductions. 1) The board adopted a 90-day deadline limit for all applications with an appeal process to be determined by the Executive Director Motion by Marc, Second by Laura, Passed Unanimously. 2)Motion by Laura, Seconded by Marc to approve a 50% reduction for active military, veteran and spouse reciprocity and renewal fees, Passed Unanimously. 3)Repealed NAC 623A.3321 through 623A.339 regarding certificates to work on public works Motion by Marc, Second by Laura, Passed Unanimously. The next step is to provide the Legislative Counsel Bureau will receive the workshop summary.

On the subject of Regulation changes. Ellis reported receiving a call from the governor's office regarding Executive Order 2026-003, which requires stakeholder workshops to determine process changes, and noted that additional reporting would be needed using the governor's template.

A new Bill Draft BDR 18-85 from the Office of Nevada Boards, Commissions, and Council Standards, noting that details about the bill were not yet available despite earlier concerns about potential consolidation efforts.

Nevada Boards Financial Updates

Ellis reported on financial updates, including the hiring of a new bookkeeper Carol Woods who identified some anomalies, and the organization's transition from Bank of America to Western Alliance Bank following a hacking incident.

The discussion covered a credit card processing fee that needed to be properly categorized and verified . Ellis reported that the current budget reflects the actual over the budgeted amount at this time. Reconciliation and forensic review of the accounts in Bank of America and Western Alliance Bank will provide a better look at the actual amount and budget.

Ellis and Melinda discussed the organization's financial status, noting they are ahead of budget with approximately $200,000 in total funds, including money market investments.

Financial and Operational Updates Meeting

Marc Chaplle reported on attending the CLARB Annual Meeting, where key topics included new continuing education classes, a grant scholarship program for qualified individuals, and discussions about licensing and crossover tasks between different professional disciplines.

They agreed to make a payment to Dan Albertson for website compliance work next month and discussed upcoming board term expiration. ???

Executive Director Salary Increase Approval

The board discussed and approved a 5% salary increase for the Executive Director, raising their compensation to $68,000 plus additional fees, effective September 2026, Motion by Laura, Second by Marc, Passed Unanimously . The board reviewed the fiscal year 2027 budget, to include the updated executive director's compensation, and moved to approve the budget Motion by Marc, Second by Laura, Passed Unanimously.

The meeting covered financial operations and budget discussions, with the board acknowledging the increased workload falling on the executive director.

Board Meeting Updates and Planning

The board meeting covered several key topics including enforcement updates, newsletter content, and regulatory matters. The enforcement update showed no current complaints or issues requiring attention.

A discussion of updating the newsletter with new articles about licensing processes and professional standards, with Marc offering to help write content about the state examination committee. It was mentioned that the upcoming legislature starting next year there will be a review of BDRs and Bills that may affect the board, particularly one related to Business and Industry , though details were unclear at this time.

NVASLA Report

The meeting focused on ASLA Fellows nominations with the Nevada ASLA committee to manage nominations, the application process and funding requirements. The group reviewed upcoming ASLA events including a November 14th Pink Flamingo event and discussed national ASLA initiatives regarding land and water conservation grants.

NEXT BOARD MEETING

The conversation ended with discussions about scheduling the next board meeting, which remains tentative for December 4, 2026, 1:00PM via Zoom.
