If the regulation was adopted without changing any part of the proposed regulation, a summary of the reasons for adopting the regulation without change.

The permanent regulation was adopted March 29th, 2016;

The estimated economic effect of the adopted regulation on the businesses which it is to regulate and on the public. These must be stated separately, and each case must include:

There will be minimal economic impacts to the businesses regulated. The cost of vaccination is minimal when compared to the economic benefit of continuing to have a brucellosis free status for import/export purposes of livestock. There will be continued free trade between neighboring states and internationally as a result of continued disease protection resulting from this adopted regulation.

The effects will be immediate and will continue long term.

The estimated cost to the agency for enforcement of the adopted regulation.

There is no additional cost to the agency for enforcement of this regulation.

A description of any regulations of other state or government agencies which the proposed regulation overlaps or duplicates and a statement explaining why the duplication or overlapping is necessary. If the regulation overlaps or duplicates a federal regulation, the name of the regulating federal agency.

There are no other state or government agency regulations that the proposed regulation duplicates.

If the regulation includes provisions that are more stringent than a federal regulation which regulates the same activity, a summary of such provisions.

There are no federal regulations that apply.

If the regulation provides a new fee or increases an existing fee, the total annual amount the agency expects to collect and the manner in which the money will be used.

This regulation does not provide a new fee or increase an existing fee.
