Informational Statement Form for LCB File R015-25, Adopted by the Nevada State Board of Education
The following statement is submitted for adopted amendments to Nevada Administrative Code (NAC)
Chapter 388:

1. A clear and concise explanation of the need for the adopted regulation:

Pursuant to requirements in SB267 (2019) and NRS 388.900, the Department is required to adopt regulations pertaining to the social and environmental factors impacting the student experience.

2. A description of how public comment was solicited, a summary of public response, and an explanation of how other interested people may obtain a copy of the summary.

Public comment was solicited through both the regulatory workshop and public hearing. The attached workshop agenda and notice was posted 15 days prior to the workshop; the attached public hearing agenda and notice was posted 30 days prior to the public hearing. These notices were then circulated through the Department's mailing list, forwarded by programmatic leads to subject matter experts across the State, as applicable, and posted with State Library and Archives and within the Department of Education in both Las Vegas and Carson City. A description of how members of the public could provide public comments was included in both items, and at least two periods of public comment were made available during the course of the meetings. The public response can be summarized as no persons provided testimony. A copy of the summary may be obtained by contacting Amelia Thibault at acthibault@doe.nv.gov. Minutes of the public hearing and/or workshop may be obtained by visiting <https://doe.nv.gov/boards-commissions-councils/regulation-workshops-and-public-hearings>.

5. A description of how comments were solicited from affected businesses, a summary of their response, and an explanation of how other interested people may obtain a copy of the summary.

This regulation regulates public education and does not have authority over private industry or small

businesses. No impact on small businesses and/or private industry was identified. A small business impact letter was drafted and published along with the regulatory workshop agenda and notice 15 days prior to the workshop. There is no summary as no responses were received, and minutes are available at <https://doe.nv.gov/boards-commissions-councils/regulation-workshops-and-public-hearings>.

6. If the regulation was adopted without changing any part of the proposed regulation, a summary of the reasons for adopting the regulation without change.

The State Board of Education adopted the proposed regulation at the public hearing held on April 22, 2026. No changes were required as engagements prior to the hearing (i.e., public comment, amendments, etc.) supported a quality end product requiring no further revisions.

7. The estimated economic effect of the adopted regulation on the business which it regulates and/or on the public. These must be stated separately and, in each case, include both adverse and beneficial effects, and both immediate and long-term effects.

There will be no economic effect of the regulation on the business it regulates. There is no estimated economic effect on the public. There is no adverse or beneficial effect nor immediate or long-term effect on the business that it regulates nor the public.

8. The estimated cost to the agency for enforcement of the adopted regulation.

This regulation does not provide for a new fee or increase an existing fee.
