Legislative Counsel's Digest:

Existing regulations require certain applicants for licensure as licensed social workers, licensed independent social workers or licensed clinical social workers to pass an examination concerning their knowledge of the practice of social work. (NAC 641B.105) **Section 1** of this regulation requires an applicant to pass the examination within 1 year after satisfying the Board of Examiners for Social Workers that the applicant possesses certain prerequisites.

Existing regulations set forth the requirements for an application for the restoration of an expired license. (NAC 641B.111) **Section 2** of this regulation requires an application for the restoration of an expired license to include two completed fingerprint cards, an authorization and the fees for the issuance of a report of criminal history. **Section 2** also prohibits the Board from restoring the license of an applicant who owes certain debts to a state agency unless the Board receives notification that the applicant has satisfied the debt, entered into an agreement for payment of the debt or demonstrated that the debt is not valid. Finally, **section 2** provides that the Board may hold a hearing on an application for the restoration of an expired license if the applicant has been the subject of disciplinary action by any licensing agency in this State or another jurisdiction.

Existing regulations set forth a schedule of fees for the application for, and the issuance, renewal and restoration of, certain licenses for social workers. (NAC 641B.115) **Section 3** of this regulation increases some of those fees.

Section 4 of this regulation provides that certain social workers who hold certain licenses in other states may become licensed by endorsement if they have engaged in social work as a clinical or independent social worker for at least 10 years and certain other conditions are met.

Existing regulations require an applicant for licensure as an independent social worker or a clinical social worker to complete an internship. (NAC 641B.140, 641B.150) **Section 4** provides that if a social worker has engaged in social work as a clinical or independent social worker for a time period which does not meet the requirements for licensure by endorsement, such work can be accepted toward the required internship under certain circumstances. **Sections 5 and 6** of this regulation provide that the Board will disallow credit for internship hours if an applicant is not licensed within 3 years after the end of the internship program. **Sections 5 and 6** also allow the Board to withdraw approval of an internship program for good cause and to require a program to include additional settings under certain circumstances. Additionally, **sections 5 and 6** revise the circumstances under which the Board will approve certain supervised, postgraduate social work completed in other states as part of the required internship.

Existing regulations require a supervisor of an intern to submit to the Board certain reports concerning the progress of the intern. (NAC 641B.160) **Section 7** of this regulation sets forth the circumstances under which the Board may reject reports submitted by a supervisor and disallow credit for certain hours of work reported on those reports.

Section 8 of this regulation clarifies the circumstances under which a licensee must notify the Board of being charged or convicted of certain criminal offenses.

Section 9 of this regulation provides that the Board will take disciplinary action against a licensee for unprofessional conduct that occurs between the time when the licensee's license expires and the time that the license is restored.
