A REGULATION relating to charter schools; making various changes relating to the process for applying to sponsor or form a charter school; making various changes to the requirements for operating a charter school; making various other changes relating to charter schools; and providing other matters properly relating thereto.

Legislative Counsel’s Digest:

Existing law requires the Department of Education to adopt regulations that prescribe requirements for becoming a sponsor of charter schools, sponsoring charter schools, forming charter schools and the operation of charter schools. (NRS 386.540)

Before 2013, a charter school operated pursuant to a written charter that was issued by the sponsor of the charter school. In 2013, the Legislature required instead that a charter school operate pursuant to a charter contract executed between the sponsor and the governing body of the charter school. (Chapter 484, Statutes of Nevada 2013, pp. 2905-39) The Legislature authorized existing charter schools to continue operating pursuant to their written charters until the expiration of those charters. (Section 20 of chapter 484, Statutes of Nevada 2013, p. 2938) Upon the expiration of a written charter, the sponsor and governing body of the charter school must execute a charter contract for the charter school to continue operation. **Sections 19, 22, 30, 38, 40, 42, 44, 46, 53, 58, 60, 62 and 64** of this regulation add references to charter contracts in existing regulations, where appropriate. On or before December 31, 2019, all written charters will expire. **Sections 20, 31, 39, 41, 43, 45, 47, 54, 59, 61, 63, 65, 71, 73-77 and 79** of this regulation eliminate references to written charters, effective January 1, 2020.

Existing law provides that the term of a charter contract is 6 years and begins on the first day of operation of the charter school after the charter contract has been executed. (NRS 386.527) **Section 2** of this regulation interprets the term “first day of operation of the charter school after the charter contract has been executed.”

Existing law requires the Department to conduct a comprehensive review of sponsors of charter schools at least once every 3 years. (NRS 386.540) **Section 3** of this regulation sets forth certain procedures the Department will follow in conducting such a review.

Existing law authorizes an applicant to form a charter school to resubmit an application that the proposed sponsor of the charter school has denied in order to correct any deficiencies in the original application that are identified by the proposed sponsor. (NRS 386.525) **Section 4** of this regulation requires the proposed sponsor of a charter school to consider a resubmitted application at a public meeting.

Section 6 of this regulation requires the governing body of a charter school to obtain approval from the sponsor of the charter school for certain amendments to a written charter or charter contract, as applicable.

Existing law requires the governing body of a charter school to submit a written request to the sponsor of the charter school if the governing body wants to expand the instruction and other educational services to pupils who are enrolled in grade levels other than the grade levels currently approved for enrollment in the charter school. (NRS 386.527) **Section 7** of this regulation requires the governing body of a charter school to submit a written request to the sponsor of the charter school if the governing body wants to eliminate a grade level to which the charter school provides instruction or other educational services.

Section 8 of this regulation: (1) requires the governing body of a charter school that wishes to acquire a new or additional facility to submit a written request for approval of the acquisition to the sponsor of the charter school; and (2) authorizes the sponsor of the charter school to deny the request if the charter school was not rated in the first, second or third highest tier during the last rating of the charter school pursuant to the statewide system of accountability for public schools.

Section 9 of this regulation requires, under certain circumstances, the governing body of a charter school to submit a written request to the sponsor of the charter school for a determination of whether a proposed amendment to a written charter or charter contract, as applicable, is material. **Section 9** also provides that if the sponsor of a charter school determines that a proposed amendment is material, the governing body of the charter school must obtain approval from the sponsor before the amendment becomes effective.

Existing law imposes certain limitations on a contract between the governing body of a charter school and an educational management organization. (NRS 386.562) **Section 10** of this regulation requires the governing body of a charter school to hold a public meeting for the purpose of deciding whether to approve, amend, renew or terminate any such contract. **Section 10** also requires the governing body to obtain approval from the sponsor of the charter school before entering into or terminating such a contract.

Section 11 of this regulation requires the governing body of a charter school to notify the sponsor of the charter school not later than 10 days after the charter school changes its mailing address, telephone number, facsimile number, articles of incorporation or bylaws. **Section 11** also requires the governing body to hold a public meeting for the purpose of approving any such change.

Existing law authorizes a sponsor to terminate a charter contract if the charter school has persistently underperformed. (NRS 386.535) **Section 12** of this regulation interprets the term “persistently underperformed.”

Section 13 of this regulation requires a charter school that intends to use a building or other facility to provide tutoring or other services to a pupil enrolled in the charter school’s program of distance education to obtain the proper health and safety inspections before any pupil obtains tutoring or other services in the building or facility.

Existing regulations authorize both a committee to form a charter school and the governing body of a charter school to select a person to function as the administrative head of the charter school. (NAC 386.100) **Section 19** of this regulation clarifies that if the committee to form a charter school does not appoint an administrative head, the governing body of the charter school is required to do so.

Section 22 of this regulation: (1) revises the requirements for a board of trustees of a school district to apply to the Department for authorization to sponsor charter schools; and (2) applies the same requirements to a college or university within the Nevada System of Higher Education that applies to the Department for such an authorization. **Section 22** also: (1) sets forth a deadline for applications to become sponsors; and (2) provides that the Department will approve or deny an application not later than 30 days after receipt of the application.

Existing regulations require a committee to form a charter school to submit to the Department a letter of intent to form a charter school. (NAC 386.125) **Section 23** of this regulation: (1) requires the letter of intent to be submitted to the proposed sponsor of the charter school; and (2) revises the required contents of the letter of intent.

Existing regulations require the Department to prescribe forms for the use of a committee to form a charter school in applying to form a charter school and sets forth certain requirements for such an application. (NAC 386.130) **Section 24** of this regulation requires each sponsor approved by the Department to prescribe such forms. **Section 24** also revises the deadline for a committee to apply to form a charter school.

Section 25 of this regulation prohibits a charter school from accepting applications for enrollment before the application to form a charter school has been approved by the sponsor of the charter school.

Sections 26-30 of this regulation amend the requirements for an application to form a charter school. **Section 33** of this regulation revises the grounds for denying an application to form a charter school.

Existing regulations require a charter school to submit to the Department a copy of the certificate of occupancy for the facility in which the charter school is located before a written charter is issued. (NAC 386.205) **Section 34** of this regulation instead requires the charter school to submit the certificate to the sponsor of the charter school before the charter school provides instruction to pupils.

Section 35 of this regulation requires the governing body of a charter school to provide written notice to the Department of any changes to the mailing address of the charter school not later than 5 days after the change occurs.

Existing regulations require a committee to form a charter school to obtain insurance coverage for the charter school. If the application to form a charter school is approved, the governing body of the charter school must maintain the insurance coverage. (NAC 386.215) **Section 36** of this regulation requires that any insurer providing insurance to the committee or the governing body have a minimum rating and classification. **Section 5** of this regulation requires that in addition to existing requirements for insurance coverage, the governing body of a charter school is required to maintain one of the following: (1) insurance that includes coverage for the payment of hearing expenses, compensatory damages and fees and costs for legal services that the charter school may be required to pay in relation to certain due process complaints; or (2) a reserve fund that must be used exclusively for the payment of those potential expenses.

Section 38 of this regulation requires the governing body of a charter school to hold a public meeting before submitting to the sponsor of the charter school a written request for an amendment to its written charter or charter contract, as applicable.

Existing regulations authorize the sponsor of a charter school to approve a request for certain amendments to a written charter if the request is compliant and complete. (NAC 386.326, 386.3265) **Sections 40 and 42** of this regulation add a requirement that the charter school must have been rated in the first, second or third highest tiers during the last rating of the charter school pursuant to the statewide system of accountability for public schools in order for the sponsor to approve a request for those amendments.

Existing regulations set forth restrictions on the membership of the governing body of a charter school. (NAC 386.345) **Section 51** of this regulation prohibits, with limited exceptions, a person from being a member of a governing body if the person is related by blood or marriage to: (1) an employee of the governing body or charter school; or (2) another member of the governing body. **Section 51** also requires each sponsor of a charter school to prescribe an application for potential members of the governing body of the charter school.

Section 57 of this regulation requires that a copy of a signed contract between the governing body of a charter school and an educational management organization be submitted to the sponsor of the charter school.

Existing regulations set forth requirements for the budgeting and finance of charter schools. (NAC 387.600-387.780) One such requirement is that the governing body of each charter school must establish and maintain property and equipment records and inventory controls. (NAC 387.770) **Section 69** of this regulation requires that the equipment records and inventory controls identify the source of the money used to purchase the property, equipment or inventory or the name of the person who donated the property, equipment or inventory. **Section 50** of this regulation removes a separate requirement that the governing body of a charter school maintain a written inventory of equipment, supplies and textbooks.

Existing regulations prohibit a charter school from expending money, incurring any liability or entering into a contract which involves the expenditure of money in excess of the amounts appropriated for that function. Existing regulations also provide a limited exception for certain contracts for public works. (NAC 387.740) **Section 68** of this regulation eliminates the exception for public works but adds a new exception for capital projects.

Existing regulation requires the governing body of a charter school to cause the charter school to be audited on an annual basis. (NAC 387.775) **Section 70** of this regulation requires that for charter schools which operate pursuant to a charter contract, the audit must include an analysis and findings on compliance with the performance indicators for finances set forth in the performance framework of the charter school.

In 2011, the Legislature created the State Public Charter School Authority and transferred authority to sponsor charter schools from the State Board of Education to the Authority, commencing on January 1, 2012. (Chapter 381, Statutes of Nevada 2011, p. 2380) **Sections 17, 32, 37, 48, 56 and 72** of this regulation make conforming changes to existing regulations.

Sections 21, 23, 24, 29, 33, 34, 50, 51, 55, 66, 67 and 70 of this regulation require that certain information related to charter schools be submitted to the proposed sponsor or sponsor of the charter school rather than the State Board or Department.

Sections 16, 18, 25, 27, 28, 32, 33, 40, 42 and 51 of this regulation make technical corrections to internal references of NRS.

Section 1. Chapter 386 of NAC is hereby amended by adding thereto the provisions set forth as sections 2 to 13, inclusive, of this regulation.
