

Permanent Regulation – Informational Statement

A Regulation Relating to the Bureau of Corrective Actions

Legislative Review of Adopted Regulations as Required
by Administrative Procedures Act, NRS 233B.066

State Environmental Commission (SEC)
LCB File No: R063-15

Regulation R063-15:

Nevada Administrative Code (NAC) 445A.3475 establishes the means of notifying the Director of a release of a hazardous substance pursuant to NAC 445A.347 or 445A.3473.

SPECIFIC CHANGES:

Amend NAC 445A – WATER CONTROLS to allow notification of incidents or releases of hazardous substances not applicable to NAC 445A.3473 by an online reporting system at www.ndep.nv.gov or by facsimile at (775) 687-8335.

Currently, all spill reporting must be completed by telephone, only. This amendment allows for interactive online reporting for releases that are not significant.

1. Need for Regulation:

Online reporting of non-significant incidents and releases provides a more streamlined, efficient, and effective reporting system for the Division and for Users. The Division identified **less than 10%** of the 514 reported incidents or releases of regulated substances as significant in 2014. Online submission is extremely efficient: once the User completes and submits the online report form, it is automatically emailed directly to the Duty Officer and Program Manager who will be able to route it to the appropriate agency and directly upload the information into the current database. This system allows for first person reporting which will result in more accurate spill reports.

This adopted regulation also fulfills the online reporting requirement set forth in Senate Bill No. 236:

AN ACT relating to governmental administration; requiring a state agency to make available on an Internet website maintained by the state agency certain forms of the state agency in a format which allows the form to be completed, downloaded and saved electronically and submitted securely to the state agency via the Internet; authorizing a state agency to provide a copy of certain records to any other state agency upon request; and providing other matters properly relating thereto.

Additionally, online submission may increase the amount of spill reports by creating a more convenient means of reporting for Users and increasing reporter anonymity.

2. A description of how public comment was solicited, a summary of public response and an explanation of how other interested persons may obtain a copy of the summary.

On October 8, 2015 NDEP conducted a public workshop on proposed draft Regulation R063-15. The workshop was held in Carson and video conferenced to Las Vegas. The Carson City workshop was located at the Bryan Building located at 901 S. Stewart Street.

Five (5) members of the public attended the workshop in Carson City.

Questions from the public presented at the workshop were addressed by NDEP staff; summary minutes of the workshop are posted on the SEC website at:
http://www.sec.nv.gov/main/hearing_1015.htm .

Following the workshop, the SEC held a formal regulatory hearing on October 14, 2015 at the Nevada Legislative Building located at 401 South Carson Street, Room 2135. A public notice for the regulatory meeting was posted at the meeting location, at the State Library in Carson City, at the Office of the Division of Environmental Protection in Las Vegas, at the Division of Minerals in Carson City, at the Department of Wildlife, on the LCB website, on the Division of Administration website and on the SEC website.

Copies of the agenda, the public notice, and the proposed permanent regulation R063-15 were also made available at all public libraries throughout the state as well as to individuals on the SEC mailing list.

The public notice for the proposed regulation was published in the Las Vegas Review Journal and Reno Gazette Journal newspapers once a week for three consecutive weeks prior to the SEC regulatory meeting. Other information about this regulation was made available on the SEC website at: http://www.sec.nv.gov/main/hearing_1015.htm .
