DIVISION OF PUBLIC AND BEHAVIORAL HEALTH OF THE  
DEPARTMENT OF HEALTH AND HUMAN SERVICES**

**LCB File No. R073-24**

EXPLANATION – Matter in *italics* is new; matter in brackets ~~[omitted material]~~ is material to be omitted.

AUTHORITY: §§ 1-10, NRS 439.258.

A REGULATION relating to domestic violence; clarifying that certain organizations are not prohibited from providing treatment relating to domestic violence to persons who have not been ordered by a court to participate in a certified program for the treatment of persons who commit domestic violence; requiring an applicant for the issuance or renewal of a certificate for a program to submit certain information relating to the curriculum and instructional materials of the program; requiring the Division of Public and Behavioral Health of the Department of Health and Human Services to notify an applicant of an incomplete application for a certificate; revising the qualifications for supervisors of treatment at certified programs; eliminating the requirement that certain information be recorded in a form approved by the Division; revising provisions relating to the renewal of a certificate for a program; revising provisions relating to a written plan of treatment for certain persons who have been convicted of an offense that constitutes domestic violence; revising provisions relating to continuing education; repealing obsolete provisions relating to the Committee on Domestic Violence; and providing other matters properly relating thereto.

**Legislative Counsel's Digest:**

Existing law requires the Division of Public and Behavioral Health of the Department of Health and Human Services to: (1) evaluate, certify and monitor programs for the treatment of persons who commit domestic violence; and (2) adopt regulations governing the evaluation, certification and monitoring of such programs. (NRS 439.258) Existing law provides that a court shall require certain persons who are convicted of a battery which constitutes domestic violence to participate in such a program that has been certified by the Division. (NRS 200.485)

**Section 1** of this regulation clarifies that the provisions of the Nevada Administrative Code relating to programs for the treatment of persons who commit domestic violence do not prohibit: (1) an organization that has not obtained a certificate for a program from providing treatment relating to domestic violence to persons who have not been ordered by a court to participate in a program; and (2) an organization that operates a program from, in addition to providing treatment to offenders, providing treatment relating to domestic violence to persons who have not been ordered by a court to participate in a program.

Existing regulations set forth the requirements for an organization to apply for a certificate for a program, including that the applicant include a copy of the curriculum and the instructional materials that will be used in the program. (NAC 228.100) **Section 2** of this regulation requires that an applicant also submit proof that the applicant has permission to use the curriculum and instructional materials for the entire period during which the certificate will be valid. **Section 6** of this regulation adds the same requirement for an application for the renewal of a certificate. **Section 2** also requires the Division to notify an applicant if additional information to complete the application is required, similar to a requirement in existing regulations relating to applications for the renewal of a certificate. (NAC 228.130)

Existing regulations set forth the qualifications for supervisors of treatment at a certified program, including that a person: (1) possess a master's or doctorate degree in a field of clinical human services; and (2) be licensed in good standing in this State as certain professionals. (NAC 228.110) **Section 4** of this regulation defines the term "field of clinical human services." **Section 4** further provides that certain persons may also serve as a supervisor of treatment, including a person who is licensed: (1) as an alcohol and drug counselor; (2) as a clinical alcohol and drug counselor; or (3) as an advanced practice registered nurse and who practices psychiatry. **Section 4** eliminates certain exceptions to the qualifications to be a person who was employed or retained as an independent contractor in the position of a supervisor of treatment or provider of treatment on the effective date of LCB File No. R071-20 (July 28, 2021).

Existing regulations require that each supervisor of treatment in a certified program record certain information in a form approved by the Division. (NAC 228.115) **Section 5** of this regulation eliminates the requirement that the information be recorded in a form approved by the Division.

Existing regulations provide that the Division will renew a certificate for a program if the Division determines that the organization which operates the program has submitted: (1) proof of completion of certain hours of continuing education by supervisors of treatment and providers of treatment; (2) a copy of certain attestations; and (3) certain annual reports. (NAC 228.130) **Section 6** of this regulation eliminates these requirements.

Existing regulations require a provider of treatment to develop a written plan of treatment for certain persons who have been convicted of an offense that constitutes domestic violence that includes individual counseling, group counseling or a combination of individual and group counseling. (NAC 228.170) **Section 7** of this regulation requires instead that the written plan of treatment include group counseling or a combination of individual and group counseling.

Existing regulations: (1) require, with certain exceptions, a person who wishes to offer or teach a course of continuing education or formal training in domestic violence to apply to and obtain the approval of the Division; and (2) prescribe the subjects that may be approved by the Division for such courses or training. (NAC 228.215, 228.218) **Section 8** of this regulation authorizes the Division to also approve without an application continuing education or formal training that is: (1) in one of the prescribed subjects; and (2) approved or accepted as continuing education or training by the Board of Examiners for Marriage and Family Therapists and Clinical Professional Counselors, the Board of Examiners for Social Workers, the Board of Psychological Examiners or the State Board of Nursing. **Section 8** also clarifies that the Division is authorized to review for approval a course of continuing education or formal training without an application pursuant to such an exception or certain other exceptions upon the request of any person or entity or otherwise at the discretion of the Division.

Existing regulations require a provider of treatment or supervisor of treatment who wishes to obtain credit for attending a course of continuing education or formal training in domestic violence that has not been approved by the Division to apply to and obtain the approval of the Division. (NAC 228.220) **Section 9** of this regulation creates an exception to this requirement if a provider of treatment or supervisor of treatment attends a course of continuing education or formal training in domestic violence that the Division determines meets certain requirements.

Existing regulations provide that: (1) the Division will provide to the Committee on Domestic Violence certain information relating to an application for the certificate of a program; and (2) the Committee is required to provide to the Division a written recommendation as to whether the program should be certified. (NAC 228.101) **Section 10** of this regulation repeals these obsolete provisions, as the Committee no longer has the authority to certify such programs. **Section 3** of this regulation makes a conforming change to eliminate an internal reference to the provision that is repealed by **section 10**.

**Section 1.** Chapter 228 of NAC is hereby amended by adding thereto a new section to read as follows:
