BY ADMINISTRATIVE PROCEDURES ACT, NRS 233B.066**

LCB File No. R121-22

Amendments to NAC 391– School Audiologists, Nurses, Social Workers

INFORMATIONAL STATEMENT

The following statement is submitted for adopted amendments to Nevada Administrative Code 391:

1. A clear and concise explanation of the need for the adopted regulation.

The Commission of Professional Standards determined this regulation was needed to remove an exam barrier for school audiologists, nurses and social workers. The removal of this barrier will allow for greater retention of current school audiologists, nurses and social workers and allow additional applicants in the profession to fill current vacancies. This change will expand mental and physical health professionals in Nevada's schools.

The response from affected businesses can be summarized as non-existent as no businesses testified at the workshop or the hearing and none provided written statements regarding this regulatory change. A copy of the summary and/or minutes of the public hearing may be obtained by contacting Geri Mendiola, Assistant to the Commission on Professional Standards in Education, Nevada Department of Education, 702-668-4317, or by writing to the Nevada Department of Education at 700 E. Fifth St. Suite 100, Carson City, NV 89701.

6. If the regulation was adopted with or without change to any part of the proposed regulation, a summary of the reasons for adopting.

The Commission on Professional Standards adopted the proposed regulation language at the public hearing held on **September 21, 2022**, as written. The regulations were adopted without change because there was no public comment requesting changes at the hearing. During the workshop, the public comment included a request to add school psychologists to the list of professionals that would be exempt from the Praxis competence exams; however, school psychologists and school counselors do not hold clinical licenses and are only licensed through the Nevada Department of Education, not the Board of Examiners, thus they do not have competency testing through that board. Therefore, school psychologists and school counselors were not added to the group of educators who would be exempt from this exam.

7. The estimated economic effect of the adopted regulation on the business that it is to regulate and on the public. These must be stated separately and each case must include:

There will be no economic effect of the regulation on the business that it regulates.
There is no estimated economic effect on the public.

8. The estimated cost to the agency for enforcement of the adopted regulation.

There is no additional cost to the agency for enforcement of this regulation.

9. A description of any regulations of other state or governmental agencies which the regulation overlaps or duplicates and a statement explaining why the duplication or overlapping is

necessary. If the regulation overlaps or duplicates a federal regulation, the name of the regulating federal agency.

No other state or governmental agency regulations will be overlapped or duplicated by the above noted regulation. There is no duplication or overlap of federal regulations.

- 10. If the regulation includes provisions which are more stringent than a federal regulation that regulates the same activity, a summary of such provisions.**

There are none.

- 11. If the regulation provides a new fee or increases an existing fee, the total annual amount the agency expects to collect and the manner in which the money will be used.**

This regulation does not provide for a new fee or increase an existing fee.
