The purpose of this form is to provide a framework pursuant to NRS 233B.0608 to determine whether a small business impact statement is required for submittal of a proposed regulation before the Nevada Board of Wildlife Commissioners. Note: Small business is defined as a “business conducted for profit which employs fewer than 150 full-time or part-time employees” (NRS233B.0382).

1. Describe the manner in which comment was solicited from affected small businesses, a summary of their response and an explanation of the manner in which other interested persons may obtain a copy of the summary:

ANSWER:

Comment was not solicited from small businesses. This regulation does not affect small businesses. The changes are associated with individual customers of the Nevada Department of Wildlife.

2. Describe the manner in which the analysis was conducted:

ANSWER:

Agency personnel and members of the Nevada Board of Wildlife Commissioners concluded that there would be no small businesses impact and no need for a small business impact statement.

3. Describe the estimated economic effect of the proposed regulation on the small businesses which it is to regulate, including, without limitation:
 - a.) Both adverse and beneficial effects:
 - b.) Both direct and indirect effects:

ANSWER:

There will be no adverse or beneficial, direct or indirect economic effects from the proposed regulation on small business because it does not regulate the operation of any small business.

4. Describe the methods that the agency considered to reduce the impact of the proposed regulation on small businesses and a statement regarding whether the agency actually used any of those methods:

ANSWER:

The agency concluded that this regulation does not impact any small business; therefore, no methods were considered to reduce the impact.

5. Describe the estimated cost to the agency for enforcement of the proposed regulation:

ANSWER:

The enforcement of the regulation falls within current operations of the Department; therefore, there will be no additional cost to the agency above the current legislatively approved budget.

6. If the proposed regulation provides a new fee or increases an existing fee, the total annual amount the agency expects to collect and the manner in which the money will be used:

ANSWER:

The fee changes proposed are expected to be revenue neutral. The decrease in the proposed processing fee amount will be offset by the implementation of those fees to more transactions. The Department will use the revenue generated by these fees in the same manner as the existing fees.

7. If the proposed regulation includes provisions which duplicate or are more stringent than federal, state or local standards regulating the same activity, an explanation of why such duplicative or more stringent provisions are necessary:

ANSWER:

This regulation does not include provisions that duplicate or are more stringent than federal, state, or local standards.

8. The reasons for the conclusions of the agency regarding the impact of a regulation on small businesses:

ANSWER:

The agency concluded that this regulation does not impact small businesses because the changes are associated with individual customers of the Nevada Department of Wildlife.

I hereby certify that to the best of my knowledge or belief, a concerted effort was made to determine the impact of the proposed regulation on small businesses and that the information contained in this statement was prepared properly and is accurate.
