Assembly called to order at 11:18 a.m.
Mr. Speaker presiding.
Roll called.
All present except Assemblywoman Gansert, who was excused.
Prayer by the Chaplain, Pastor Albert Tilstra.

We open our hearts to You, O God, and pray that You may indwell in each one of us and give
us poise and power. We have printed on our paper money, “In God We Trust.” Give us the faith
to not only put it in print but to apply it to our lives. Help us to do our very best this day and be
content with today’s troubles so that we shall not borrow the troubles of tomorrow. Save us from
the sin of worrying, lest stomach ulcers be the badge of our lack of trust in You. These things we
ask from Him who is so trustworthy.

AMEN.

Pledge of Allegiance to the Flag.

Assemblywoman Buckley moved that further reading of the Journal be
dispensed with, and the Speaker and Chief Clerk be authorized to make the
necessary corrections and additions.
Motion carried.

Amend the bill as a whole by renumbering sections 2 and 3 as sections 3 and 4 and adding a new section designated sec. 2, following section 1, to read as follows:

“Sec. 2. NRS 533.438 is hereby amended to read as follows:
533.438 1. Except as otherwise provided in subsection 4, if an appropriation of groundwater pursuant to a permit to appropriate groundwater results in the transfer to and beneficial use of water in a county in this State other than the county in which the water is appropriated or in another state, the county of origin may impose a fee of [§6] $10 per acre-foot per year on the transfer.
2. A county of origin shall not impose a fee pursuant to subsection 1 without the prior approval of the State Engineer. The county of origin shall notify the State Engineer in writing of its intent to impose the fee. The State Engineer shall review the notice of intent to impose the fee to determine:
   (a) Whether the appropriation of groundwater pursuant to the permit specified in subsection 1 results in a transfer to and beneficial use of water in a county in this State other than the county of origin or in another state; and
   (b) The amount of water, if any, that is:

If the State Engineer determines that the appropriation of groundwater pursuant to the permit results in a transfer to and beneficial use of water in a county in this State other than the county of origin or in another state, the State Engineer shall include in the notice the amount of water that is subject to the proposed fee. The county may, upon such a determination, impose the fee on the transfer.
4. A fee may not be imposed pursuant to this section on water that is appropriated and beneficially used pursuant to a permit to appropriate groundwater which is issued for a point of diversion and a place of beneficial use in the county of origin and which, after the water is diverted and
beneficially used, is discharged or migrates into a county in this State other than the county of origin or into another state.

5. All money collected from a fee imposed pursuant to this section must be deposited in a trust fund for the county. The principal and interest of the trust fund may be used by the county only for the purposes of economic development, health care and education.

6. For the purposes of this section, if a basin includes land lying in more than one county, each county any part of whose land is included is a county of origin to the extent of the proportionate amount of water transferred from it. The State Engineer shall determine the respective proportions.

7. As used in this section:
   (a) A “basin” is one designated by the State Engineer for the purposes of chapter 534 of NRS.
   (b) “Origin” means the place where water is taken from underground.”.

Amend sec. 3, page 3, by deleting line 21 and inserting:
“Sec. 4. 1. This section and sections 1 and 3 of this act become effective on July 1, 2005.
