Assistant Chief Clerk of the Assembly

MOTIONS, RESOLUTIONS AND NOTICES
Senate Concurrent Resolution No. 19—Commending Dean Richard Morgan and the William S. Boyd School of Law for the success of the law school and contributions to the betterment of the State of Nevada.

WHEREAS, Dean Richard Morgan has served with distinction in the United States legal education community for more than 24 years, including service as Dean of the Arizona State University College of Law and Dean of the University of Wyoming College of Law, service on behalf of the American Bar Association and the Association of American Law Schools and a career that has been marked by awards for excellence and leadership; and

WHEREAS, Dean Richard Morgan was selected in 1997 to be the founding Dean of the William S. Boyd School of Law at the University of Nevada, Las Vegas, the first public law school in the State of Nevada; and
WHEREAS, Dean Richard Morgan, by virtue of his experience, talent, commitment and vision, planned the creation of the William S. Boyd School of Law, recruited an outstanding faculty of leading legal educators from throughout the country and led the school, following its opening in August of 1998, to provisional and full accreditation by the American Bar Association and membership in the Association of American Law Schools in record time; and

WHEREAS, Due in large measure to the leadership of Dean Richard Morgan, the William S. Boyd School of Law has become an outstanding center for legal education and scholarship as well as faculty and student involvement in programs designed to enhance the understanding and practice of law and service to the State of Nevada; and

WHEREAS, In 2003, in its first ranking as an accredited law school, the William S. Boyd School of Law was ranked 82nd out of 187 accredited law schools in the United States by U.S. News & World Report, which is an unprecedented ranking for a new law school; and

RESOLVED BY THE SENATE OF THE STATE OF NEVADA, THE ASSEMBLY CONCURRING, That Dean Richard Morgan and the administrators, faculty, students and supporters of the William S. Boyd School of Law are to be commended for the school’s success and contributions to the betterment of the State of Nevada; and be it further

RESOLVED, That the Secretary of the Senate prepare and transmit a copy of this resolution to Dean Richard Morgan and the William S. Boyd School of Law.

Senator Amodei moved the adoption of the resolution.

Senator Amodei requested that the following remarks be entered in the Journal.

SENATOR AMODEI:
Thank you. When I attended law school, I did not have the option of attending in state. I have watched this endeavor of the University and Community College System of the State of Nevada progress. I was requested to play a small part in helping to bring this resolution about and was happy to do so. Year after year, the William S. Boyd School of Law has produced results. During its short tenure, the school has been accredited and ranked. I have seen the quality of teachers and students brought to this school and know that they are excellent. Nevada went for too long without a public law school. When we finally decided to have a law school, we did it in a first-class way. That could not have been done without the leadership provided by Dean Morgan. I recommend support of this resolution.

SENATOR RAGGIO:
Thank you. I would like to recognize Dean Richard Morgan who we honor today. Dean Morgan is an experienced legal educator having served as Dean at both the Arizona State University College of Law and the University of Wyoming College of Law. He earned his B.A. in Political Science at the University of California, Berkeley, in 1967. In 1971, he received his JD from the University of California at Los Angeles (UCLA). He was editor of the UCLA Law Review. Those of us in the legal profession recognize it as one of the more prestigious positions attainable as a law student. He practiced with the Los Angeles law firm of Nossaman, Kreuger and Marsh in the corporate/securities areas from 1971 to 1980. He was a professor of law at the Arizona State University College of Law from 1980 to 1987 and served as Associate Dean from 1983 to 1987. He was chosen to be Dean at the University of Wyoming College of Law from 1987 to 1990 and returned to the Arizona State University College of Law in 1990 where he served as Dean and Professor of law until 1997. We were fortunate to lure him away to become our Dean of the William S. Boyd School of Law.
Taking on the task of Dean of a new law school was a challenge. In a short period of time, it has become nationally recognized and has attained a high level of acceptance throughout the Nation. It is one of the better law schools in this Country. This was achieved through the dedication of the faculty and the Dean. We are fortunate. We are adopting this resolution in admiration and recognition of those efforts.

SENATOR COFFIN:
I rise to recognize the importance of the resolution and to point out the significance of the presence of Robert Faiss. Mr. Faiss has been around Nevada government for a long time. He worked in the administration of Governor Sawyer from 1959 to 1967. Without a law school in this State, people like Bob Faiss would be lost to our community forever. Because Bob Faiss had a work ethic that is so great, after his time with Governor Sawyer, he went to work in Washington, and while there, he attended law school at night. That is a rigorous ordeal. His work ethic was outstanding in the daytime and continued so that he could complete night school. I first met him in the early 1970s. He had not been practicing long. He was about 40-years old when he started practicing. I was able to relate to him immediately.
Now we have school that is overdue in coming to this State. Hardworking citizens of this State can attend without having to leave Nevada.

SENATOR TITUS:
There are many things in this resolution of which to be proud, but one aspect of the school is missing. What I like about the law school is its culture of public service. Many programs at the law school give back to the community. There are studies in immigration and human rights and social services. There is much pro-bono work done. It is not just an ivory-tower institution. The law school plays a large role in the public-policy debate in this State. I commend the Dean and faculty for that commitment.

SENATOR CEGAVSKE:
I rise in support of Senate Concurrent Resolution No. 19. I wish to thank Dean Morgan. It has been a pleasure over the years to get to know and to see the facilities and to watch the progress at the University of Nevada Las Vegas (UNLV). It is an outstanding program. My son wants to go to law school. I think the UNLV Law School is one of the finest in the Country because of your leadership. I thank you very much.

SENATOR TIFFANY:
Thank you, I often tease Dean Morgan that the law school should have been called the Sandra Tiffany-Marilyn Gubler School of Law. The community became galvanized when there was one-half million dollars given to a study as to whether we should have a law school or not. Marilyn Gubler and I got a private contract with a company that has a private law school in California. We talked to the Supreme Court about getting an exception for getting the American Bar Administration accreditation. During that lobbying process, the Clark County board galvanized; the local attorneys became interested, creating an interesting time for us. This brought the community together to galvanize the support for the law school.
I appreciate, Dean Morgan, what you have done for our community. The quality of the law school is excellent. Although, I did want the funding to come from the private sector, you have done an outstanding job. I could not be more proud of our law school. It has not broken the bank, and I am pleased.
There have been many beneficial programs for our community. Pro-bono work has been done for the juvenile justice system. If I have legal questions, I call the constitutional professors, and they are always helpful. I want to thank you for all you have done.

SENATOR WIENER:
I rise in support of this resolution. I want to say thank you to someone who has included our family into the school in a special way. When the school was first being considered, Dean Morgan, Jim Rogers and I discussed that my father's name might be placed on the library. Dean Morgan spent a great deal of time with me encouraging me to spend time to raise money to that effort, and I will. The love of reading, the love of books and the love of research and having my father's name attached to that building is a significant legacy for our entire family.
When I first met Dean Morgan early on when he first came to Las Vegas, I was a first-year participant in the Nevada Senior Olympics. I learned he was athletic too, and I encouraged him to participate in one of the sports. On the day of competition in my event of fitness and weight lifting, he showed up. I watched him warm up for the push-ups. I said to myself, "I think I can outdo him because I have been training for months." However, he was just warming up because when he competed, the speed of the camera could not keep up with him. I was told he had been a Marine. I learned later that he had participated in track and field. He ran with an injured heal, running on his toes, and still medaled in the event.

He is dedicated when he sets his mind on something. His dedication has set the pace for me to want to work with him, with the law school. Nevada is a better place for what he has given of himself to our law school. Thank you, Dean Morgan, for coming to Nevada and calling this State your home. You have given your heart and soul to the wonderful law school in southern Nevada.

SENATOR SCHNEIDER:
I, too, stand in support of this resolution. My friend, Bob Faiss, reminded me that I was one of the first students he had at UNLV. He failed me quite a bit.

Dean Morgan has been so generous with his time. My son is considering law school. We visited with the Dean, and he was good enough to show us around the school. My intern has just been accepted to the Boyd School of Law at UNLV. She will turn out much better than I.

SENATOR WASHINGTON:
I stand in support of this resolution. I applaud Dean Morgan for his leadership in the college. I applaud him for being a man who is willing to create some diversity within the law school. Congratulations.

Assembly Concurrent Resolution No. 22—Commemorating the 85th anniversary of the League of Women Voters as a national organization.

WHEREAS, The League of Women Voters was established as a national organization in 1920; and

Senator Wiener moved the adoption of the resolution.
Remarks by Senator Wiener.

Senator Wiener requested that her remarks be entered in the Journal.
I rise in support of Assembly Concurrent Resolution No. 22. The League of Women Voters was established as a national organization in 1920. This was only six months before the ratification of the 19th Amendment to the United States Constitution which granted women the right to vote. Of course, Nevada, being a progressive state, had already granted women the right to vote in 1914.

For more than 85 years, the League has worked to enact laws to improve the quality of life for all Americans. Many of our laws today are the result of the tireless efforts of the League of Women Voters.

In the 1970s, when the Equal Rights Amendment was heard as a cry for change, the League of Women Voters changed its own bylaws. In 1974, the National League voted to admit men into its organization.

During that time, my attaché, Jeanne Baret, was the president of the League's Carson City chapter. She admitted Nevada's first male member to the League. That inaugural member was Harold Jacobsen, soon to be Mayor of Carson City. I, too, have a connection to Harold Jacobsen. He was a classmate and good friend of my father, Louis Wiener Jr., when they attended the University of Nevada in Reno in the 1930s.

Now, in its ninth decade, the League remains committed to educating our citizens and connecting people to their government as well as enhancing voter participation.

On your desks, the Sergeant at Arms has placed a bookmark. This bookmark commemorated the continuing efforts of the League of Women Voters—to educate and encourage our citizens to become involved in affecting governmental change.

5. A permit may not be granted or renewed if the Director determines that granting or renewing the permit is inconsistent with any regulation of the Commission relating to hazardous waste or with the plan for management of hazardous waste developed pursuant to NRS 459.485. The provisions of this subsection do not apply to a permit granted or under review before July 1, 1987.
6. The Department may suspend or revoke a permit pursuant to the Commission’s regulations if the holder of the permit fails or refuses to comply with the terms of the permit or a regulation of the Commission relating to hazardous waste."
7. A permit may not be granted, renewed or modified for a facility for the disposal of hazardous waste that proposes to construct or operate a landfill unless the Director determines that the landfill is or will be constructed to include at least one liner and a leachate collection and removal system designed to prevent the migration of waste or leachate to the adjacent subsurface soils, groundwater and surface water.

8. As used in this section:
   (a) "Landfill" means a disposal facility or part of a facility where hazardous waste is placed in or on land and which is not a pile, a land-treatment facility, a surface impoundment, an underground-injection well, a salt-dome formation, a salt-bed formation, an underground mine or a cave.
   (b) "Liner" means a continuous layer of man-made material installed beneath and on the sides of a landfill which restricts the downward or lateral escape of hazardous waste, hazardous waste constituents or leachate, and prevents the migration of waste to the adjacent subsurface soils, groundwater and surface water.
   (c) "Leachate" means any liquid, including any suspended components in the liquid, that has percolated through or drained from a landfill.
   (d) "Leachate collection and removal system" means a layer of granular or synthetic materials installed above a liner and operated in conjunction with drains, pipes, sumps and pumps or other means designed to collect and remove leachate from a landfill.

Sec. 10. NRS 459.545 is hereby amended to read as follows:
459.545 1. [The] Except as otherwise provided in subsection 3, the Commission may by regulation adopt a procedure under which an applicant or holder of a permit may demonstrate that a standard he proposes would offer protection of human health, public safety and the environment which is equivalent to a standard of the Commission.

2. [The] Except as otherwise provided in subsection 3, the Commission may specify certain standards which may be considered for substitution pursuant to this section.

3. The Commission may not by regulation adopt a procedure or specify a standard which would allow a facility for the disposal of hazardous waste to construct or operate a landfill in a manner that fails to comply with the requirements of subsection 7 of NRS 459.520.

Sec. 11. NRS 459.546 is hereby amended to read as follows:
459.546 1. [The] Except as otherwise provided in subsection 4, the owner or operator of a facility for the treatment, storage or disposal of hazardous waste or a person who wishes to construct such a facility may apply to the Commission for a variance from its applicable regulations. The Commission may grant a variance only if, after a public hearing on due notice, it finds from a preponderance of the evidence that:
(a) The facility or proposed facility, under the worst adverse conditions, does not or will not endanger or tend to endanger the environment and human health or safety; and

(b) Compliance with the regulations would produce serious hardship without equal or greater benefits to the environment or public.

2. The Commission shall not grant a variance unless it has considered in the following order of priority the interests of:

(a) The public;

(b) Other owners of property likely to be affected by the emissions or discharge; and

(c) The applicant.

3. The Commission may:

(a) Upon granting a variance, impose certain conditions upon the applicant; or

(b) Revoke the variance if the applicant fails to comply with those conditions.

4. The Commission shall not grant a variance from its applicable regulations that would allow a facility for the disposal of hazardous waste to construct or operate a landfill in a manner that fails to comply with the requirements of subsection 7 of NRS 459.320."

Senator Hardy moved the adoption of the amendment.

Remarks by Senators Hardy and Care.
Senator Hardy requested that his remarks be entered in the Journal.

We did work hard on that piece of legislation. The legislation Senator Care sponsored years ago has worked phenomenally well. I would say Senate Bill No. 434 “fine tunes” the previous legislation. It does relieve some contractor obligations such as permitting them, after five years, to opt out of the bonding process. That part could be considered less permissive. Most of the participants in this legislation, especially the Nevada State Contractors Board, felt enough progress had been achieved, and they agreed to the bonding opt-out section of the legislation.

I commend the work of the Senator from North Las Vegas, District 1, for the phenomenal piece of work he did on this legislation. The Senator from District 7 will recall the difficulty we had a few years ago while trying to get this through.
