Any school district may submit a written application to the Department of Education requesting an allocation for gifted and talented pupils. For each fiscal year of the 2011-2013 biennium, the Department will award the gifted and talented amounts based on a review of applications received from school districts.

Sec. 4. 1. There is hereby appropriated from the State General Fund to the State Distributive School Account created by NRS 387.030:

Money may be transferred from one fiscal year to another with the approval of the Governor upon the recommendation of the Chief of the Budget Division of the Department of Administration. If funds appropriated by subsection 1 are transferred to Fiscal Year 2010-2011, any remaining funds in the State Distributive School Account after all obligations have been met that are not subject to reversion to the State General Fund must be transferred back to Fiscal Year 2011-2012. Any amount transferred back to Fiscal Year 2011-2012 must not exceed the amount originally transferred to Fiscal Year 2010-2011.

5. Any remaining balance of the appropriation made by subsection 1 for the 2011-2012 Fiscal Year must be transferred and added to the money appropriated for the 2012-2013 Fiscal Year and may be expended as that money is expended.

6. Any remaining balance of the appropriation made by subsection 1 for the 2012-2013 Fiscal Year, including any money added thereto pursuant to the provisions of subsections 3 and 5, must not be committed for expenditure after June 30, 2013, and must be reverted to the State General Fund on or before September 20, 2013.

The Chief of the Budget Division shall reduce any authorization whenever he or she determines that money to be received will be less than the amount authorized in subsections 1 and 2.

Sec. 6. During each of the Fiscal Years 2011-2012 and 2012-2013, whenever the State Controller finds that current claims against the State Distributive School Account exceed the amount available in the Account to pay those claims, the State Controller may advance temporarily from the State General Fund to the State Distributive School Account the amount required to pay the claims, but not more than the amount expected to be received in the current fiscal year from any source authorized for the State Distributive School Account. No amount may be transferred unless requested by the Chief of the Budget Division of the Department of Administration.

Sec. 7. In each fiscal year of the 2011-2013 biennium, the sum authorized must be allocated among the various school districts in accordance with a plan or formula developed by the Department of Education to ensure that the money is distributed equitably and in a manner that permits accounting for the expenditures of school districts.

Sec. 8. The Department of Education is hereby authorized to provide from the State Distributive School Account the sum of \$50,000 to each of the 17 school districts in each fiscal year of the 2011-2013 biennium to support special counseling services for elementary school pupils at risk of failure.

Sec. 9. The amounts of the guarantees set forth in sections 1 and 2 of this act may be reduced to effectuate a reserve required pursuant to NRS 353.225.

Sec. 10. 1. The Department of Education shall transfer from the State Distributive School Account the following sums for early childhood education:

For the Fiscal Year 2011-2012..... \$3,338,875
For the Fiscal Year 2012-2013..... \$3,338,875

2. The money transferred by subsection 1 must be used by the Department of Education for competitive state grants to school districts and community-based organizations for early childhood education programs.

3. To receive a grant of money pursuant to subsection 2, school districts and community-based organizations must submit a comprehensive plan to the Department of Education that includes, without limitation:

5. The Department of Education shall develop statewide performance and outcome indicators to measure the effectiveness of the early childhood education programs for which grants of money were awarded pursuant to this section. In developing the indicators, the Department shall establish minimum performance levels and increase the expected performance rates on a yearly basis, based upon the performance results of the participants. The indicators must include, without limitation:

8. The sums transferred by subsection 1 are available for either fiscal year. Any remaining balance of those sums must not be committed for expenditure after June 30, 2013, and must be reverted to the State Distributive School Account on or before September 20, 2013.

Sec. 11. The sums transferred in section 10 of this act:

1. Must be accounted for separately from any other money received by the school districts of this State and used only for the purposes specified in section 10 of this act.

2. May not be used to settle or arbitrate disputes between a recognized organization representing employees of a school district and the school district, or to settle any negotiations.

3. May not be used to adjust the district-wide schedules of salaries and benefits of the employees of a school district.

Sec. 12. 1. The Department of Education shall transfer from the State Distributive School Account the following sums for special transportation costs to school districts:

For the 2011-2012 school year.....	\$128,541
For the 2012-2013 school year.....	\$128,541

2. Pursuant to NRS 392.015, the Department of Education shall use the money transferred in subsection 1 to reimburse school districts for the additional costs of transportation for any pupil to a school outside the school district in which his or her residence is located.

Sec. 13. 1. The Department of Education shall transfer from the State Distributive School Account to the school districts the following sums to pay the increase of salaries of professional school library media specialists required by NRS 391.160:

For the Fiscal Year 2011-2012.....	\$18,798
For the Fiscal Year 2012-2013.....	\$18,798

2. The sums transferred pursuant to subsection 1 are available for either fiscal year. Any remaining balance of those sums must not be committed for expenditure after June 30, 2013, and must be reverted to the State Distributive School Account on or before September 20, 2013.

Sec. 14. Each school district shall expend the revenue made available through this act, as well as other revenue from state, local and federal sources, in a manner which is consistent with NRS 288.150 and which is designed to attain the goals of the Legislature regarding educational reform in this State, especially with regard to assisting pupils in need of remediation and pupils who are not proficient in the English language. Materials and supplies for classrooms are subject to negotiation by employers with recognized employee organizations.

Sec. 15. The Legislature hereby finds and declares that:

1. The intended goal of the Legislature is to achieve a pupil-teacher ratio of not more than 15 pupils per teacher or 30 pupils per two teachers in kindergarten and grades 1, 2 and 3 where core curriculum is taught;

2. Available money is estimated to provide a sufficient number of teachers to achieve in each school district pupil-teacher ratios of 16 pupils per teacher in selected kindergarten classrooms in which pupils are most at risk of failure and in grades 1 and 2 in Fiscal Years 2011-2012 and 2012-2013, and to achieve a pupil-teacher ratio in grade 3 of 19 pupils per teacher in Fiscal Years 2011-2012 and 2012-2013;

3. For the 2011-2012 Fiscal Year and the 2012-2013 Fiscal Year, available money is estimated to achieve the ratios set forth in subsection 2. However, in recognition of the significant downturn in the national and state economies and to allow school districts flexibility in addressing budget shortfalls during this fiscal crisis and notwithstanding the provisions of NRS 388.700, 388.710 and 388.720 to the contrary, a school district may, for the 2011-2012 school year and the 2012-2013 school year, elect to increase the class size by not more than two pupils per teacher to achieve ratios of 18 pupils per teacher in grades 1 and 2, and 21 pupils per teacher in grade 3. If a school district elects to increase class size as authorized by this subsection:

(a) All money that would have otherwise been expended by the school district to achieve the class sizes set forth in subsection 2 must be used to minimize the impact of budget reductions on class sizes in grades 4 to 12, inclusive;

(b) The reduction of class sizes in grades 4 to 12, inclusive, must be fiscally neutral such that the plan to reduce the ratios in those grades will not cost more to carry out than complying with the ratios prescribed by subsection 2; and

(c) All plans and reports concerning class size made by the school district to the Department of Education must include the pupil-teacher ratios achieved for each grade level, including grades 1, 2 and 3 and grades 4 to 12, inclusive;

4. Certain school districts do not have a sufficient number of classrooms available to permit an average class size of 19 pupils per teacher in grade 3;

5. It is unreasonable to assign two teachers to classrooms of 38 pupils to attain a district-wide pupil-teacher ratio of 19 pupils per teacher in grade 3;

6. School districts may, instead, attain the desired pupil-teacher ratio in classes where core curriculum is taught by using alternative methods of reducing the ratio, such as employing teachers to provide remedial instruction;

7. School districts may wish to use money for class-size reduction to carry out programs that have been found to be effective in improving academic achievement;

8. The Legislature has specifically designed the laws relating to class-size reduction to allow the local school districts the necessary discretion to effectuate the reduction in the manner appropriate in their respective districts;

9. School districts are encouraged, to the extent possible, to further reduce the pupil-teacher ratio in each classroom in the district for grades 1, 2 and 3 for which additional funding is provided;

10. The Legislature intends to continue the reduced pupil-teacher ratio for selected kindergarten classrooms in which pupils are most at risk of failure and for grades 1 and 2 throughout the State and to continue reducing the pupil-teacher ratio in grade 3; and

11. Thereafter, the intended goal of the Legislature is to reduce the pupil-teacher ratio per class in grade 3 to not more than 15 pupils per class, thereafter to reduce the pupil-teacher ratio per class in grades 4, 5 and 6 to not more than 22 pupils per class and thereafter to reduce the pupil-teacher ratio per class in grades 7 to 12, inclusive, to not more than 25 pupils per class.

Sec. 16. 1. The Department of Education shall transfer from the State Distributive School Account the sum of \$140,768,048 for distribution by the Superintendent of Public Instruction to the county school districts for Fiscal Year 2011-2012 which must, except as otherwise provided in subsection 3 of section 15 of this act and sections 18 and 19 of this act, be used to employ teachers to comply with the required ratio of pupils to teachers, as set forth in NRS 388.700, in grades 1 and 2 and in selected kindergartens with

pupils who are considered at risk of failure by the Superintendent of Public Instruction and to maintain the current ratio of pupils per teacher in grade 3. Expenditures for the class-size reduction program must be accounted for in a separate category of expenditure in the State Distributive School Account.

2. Except as otherwise provided in subsection 3 of section 15 of this act and sections 18 and 19 of this act, the money transferred by subsection 1 must be used to pay the salaries and benefits of not less than 2,127 teachers employed by school districts to meet the required pupil-teacher ratios in the 2011-2012 school year.

3. Any remaining balance of the sum transferred by subsection 1 must not be committed for expenditure after June 30, 2012, and must be transferred and added to the money appropriated to the State Distributive School Account pursuant to section 4 of this act for the 2012-2013 Fiscal Year, and may be expended as the money in section 17 of this act is expended.

Sec. 17. 1. The Department of Education shall transfer from the State Distributive School Account the sum of \$144,222,019 for distribution by the Superintendent of Public Instruction to the county school districts for Fiscal Year 2012-2013 which must, except as otherwise provided in subsection 3 of section 15 of this act and sections 18 and 19 of this act, be used to employ teachers to comply with the required ratio of pupils to teachers, as set forth in NRS 388.700, in grades 1 and 2 and in selected kindergartens with pupils who are considered at risk of failure by the Superintendent of Public Instruction and to maintain the current ratio of pupils per teacher in grade 3. Expenditures for the class-size reduction program must be accounted for in a separate category of expenditure in the State Distributive School Account.

2. Except as otherwise provided in subsection 3 of section 15 of this act and sections 18 and 19 of this act, the money transferred by subsection 1 must be used to pay the salaries and benefits of not less than 2,144 teachers employed by school districts to meet the required pupil-teacher ratios in the 2012-2013 school year.

3. Any remaining balance of the sum transferred by subsection 1, including any money added thereto pursuant to section 16 of this act, must not be committed for expenditure after June 30, 2013, and must be reverted to the State General Fund on or before September 20, 2013.

Sec. 18. 1. The board of trustees of each county school district:

(a) Shall file a plan with the Superintendent of Public Instruction describing how the money transferred pursuant to sections 16 and

17 of this act will be used to comply with the required ratio of pupils to teachers in kindergarten and grades 1, 2 and 3 or with the ratio authorized by subsection 3 of section 15 of this act;

(b) May, after receiving approval of the plan from the Superintendent of Public Instruction, use the money appropriated by sections 16 and 17 of this act to carry out:

(1) An alternative program for reducing the ratio of pupils per teacher, including, without limitation, any legislatively approved program of flexibility; or

(2) Programs of remedial education that have been found to be effective in improving pupil achievement in grades 1, 2 and 3, so long as the combined ratio of pupils per teacher in the aggregate of kindergarten and grades 1, 2 and 3 of the school district does not exceed the combined ratio of pupils per teacher in the aggregate of kindergarten and grades 1, 2 and 3 of the school district in the 2004-2005 school year.

↳ The plan approved by the Superintendent of Public Instruction must describe the method to be used by the school district to evaluate the effectiveness of the alternative program or remedial education programs in improving pupil achievement.

2. In no event must the provisions of this section be construed to authorize the board of trustees of a school district in a county whose population is 100,000 or more to develop an alternative plan for the reduction of pupil-teacher ratios pursuant to subsection 2 of NRS 388.720.

Sec. 19. 1. The money transferred for class-size reduction pursuant to sections 16 and 17 of this act:

(a) May be applied first to pupils considered most at risk of failure.

(b) Must not be used to settle or arbitrate disputes between a recognized organization representing employees of a school district and the school district, or to settle any negotiations.

(c) Must not be used to adjust the district-wide schedules of salaries and benefits of the employees of a school district.

2. The money transferred for class-size reduction pursuant to sections 16 and 17 of this act must not be distributed to a school district unless that school district has:

(a) Filed with the Department of Education a plan required by NRS 388.720 for achieving the required ratio set forth in NRS 388.700; and

(b) Demonstrated that, from resources of the school district other than allocations received from the State Distributive School Account for class-size reduction, a sufficient number of classroom

teachers have been employed to maintain the average pupil-teacher ratio that existed for each grade for grades 1, 2 and 3, in that school district for the 3 school years immediately preceding the start of the class-size reduction program in the 1990-1991 school year.

Sec. 20. 1. There is hereby appropriated from the State General Fund to the Other State Education Programs Account in the State General Fund the following sums:
