SENATE PROCEEDINGS ........................................................................... 723
Senate called to order at 10:43 a.m.
President Krolicki presiding.
Roll called.
All present.
Prayer by the Chaplain, Pastor Peggy Locke.
Mathew 21:8-9 (New King James)
And a very great multitude spread their clothes on the road; others cut down branches from
the trees and spread them on the road. Then the multitudes who went before and those who
followed cried out saying: "Hosanna to the Son of David! Blessed is He who comes in the Name
of the Lord!" Hosanna in the highest"

O most high God, we give You praise as we commit this day into Your hands. We ask for
guidance and direction, for wisdom and for discernment. May all that is accomplished in these
days be according to Your will and purposes.

We pray for our troops in harms way – protect and give them great success. May they look to
You for faith and courage. We also ask for Your comfort and strength for all those touched by
the recent loss of our two beloved Carson High Students, Stephen and Keegen.

O Lord give us help from trouble, for the help of man is useless. But through God we will do
valiantly, it is He who shall tread down our enemies. You are the resurrection and the life! And it
is in Your most holy and precious Name we pray.

AMEN.

Pledge of Allegiance to the Flag.

Senator Horsford moved that further reading of the Journal be dispensed
with, and the President and Assistant Secretary of the Senate be authorized to
make the necessary corrections and additions.

Motion carried.

SECOND READING AND AMENDMENT

Senate Bill No. 26.
Bill read second time.
The following amendment was proposed by the Committee on Judiciary:
Amendment No. 7.
"SUMMARY—Revises various provisions relating to judicial administration. (BDR 14-323)"

"AN ACT relating to judicial administration; revising provisions governing the appointment of an attorney in criminal and juvenile court proceedings; revising provisions governing the collection of delinquent fines, administrative assessments, fees, restitution and other payments imposed in criminal and juvenile court proceedings; revising provisions concerning the approval or rejection of the recommendations of a master of the juvenile court; authorizing a juvenile court to establish a restitution contribution fund; authorizing the waiver of all or part of any fine or community service imposed by the juvenile court in exchange for a monetary contribution to a restitution contribution fund; and providing other matters properly relating thereto."

Legislative Counsel's Digest:
Existing law requires a court to appoint the public defender to represent a criminal defendant if: (1) the defendant has requested the appointment of an attorney to represent him or her; and (2) the court finds that the defendant is without means of employing an attorney and that representation of the defendant is required. (NRS 171.188) In addition, existing law requires a juvenile court to appoint an attorney to represent a child who is alleged to be delinquent or in need of supervision under certain circumstances. If the parent or guardian of a child for whom the juvenile court has appointed an attorney is not indigent, the parent or guardian is required to pay the reasonable fees and expenses of the attorney. If the parent or guardian of the child is indigent, the juvenile court may order the parent or guardian to reimburse the county or State in accordance with the parent or guardian's ability to pay. (NRS 62D.030)

Section 1 of this bill provides standards for determining whether a criminal defendant is entitled to have a public defender appointed to represent him or her. Under section 1, the court is required to appoint the public defender to represent a criminal defendant if: (1) receives public assistance, resides in public housing, has an income that is less than 200 percent of the federally designated poverty standard, is incarcerated or is housed in a public or private mental health facility; or (2) is financially unable, without substantial hardship to the defendant or his or her dependents, to obtain qualified and competent legal counsel. Section 7 of this bill provides similar standards for determining whether the parent or guardian of a child for whom the juvenile court has appointed an attorney is required to pay for such legal representation or reimburse the county or State for such legal representation. Under section 7, the juvenile court is
required to find that the parent or guardian of a child is indigent if the
parent or guardian: (1) receives public assistance, resides in public
housing, has an income that is less than 200 percent of the federally
designated poverty standard, is incarcerated or is housed in a public or
private mental health facility; or (2) is financially unable, without
substantial hardship to the parent or guardian or his or her dependents,
to obtain qualified and competent legal counsel.

Existing law authorizes a court to impose a collection fee for certain
delinquent fines, administrative assessments, fees and restitution and
authorizes the court to take certain actions to collect such delinquent
payments. (NRS 176.064) Section 2 of this bill authorizes the court to enter a
civil judgment for the amount of any unpaid fines, administrative
assessments, fees and restitution imposed against a criminal defendant.
Under section 2, the civil judgment may be enforced and renewed in the
same manner as a judgment for money rendered in a civil action, and a
person who is not indigent and who has not satisfied the civil judgment
within a certain period may be punished for contempt. Section 5 of this bill
authorizes a juvenile court to enter a civil judgment against a person who is not a minor
child or the parent or guardian of the child for any delinquent fines,
administrative assessments, fees, restitution or other payments required in a
juvenile court proceeding and authorizes certain collection activities if the
juvenile court has entered such a civil judgment. Moreover, if the juvenile
court has entered a civil judgment against a person who is not indigent and the
juvenile court determines that the person has failed to make reasonable efforts to
satisfy the civil judgment, section 5 authorizes the juvenile court to punish
the person for contempt. Section 5 also authorizes the court to which the
juvenile court has transferred or certified a case to include satisfaction of a
civil judgment entered by the juvenile court in any sentence imposed by that
court.

Section 5.5 of this bill revises the procedure by which a judge of the
juvenile court approves or rejects the recommendations of a master of
the juvenile court or directs a hearing de novo before the juvenile court.

Section 9 of this bill authorizes a juvenile court to establish a restitution
contribution fund. Under section 9, all expenditures from the restitution
contribution fund: (1) must be authorized by the juvenile court; and (2) must
provide restitution to victims of unlawful acts committed by children or, if
the source of the money is a grant, gift, donation, bequest or devise, must be
made in accordance with the terms of the grant, gift, donation, bequest or
devise. Section 10 of this bill authorizes the juvenile court to waive all or
part of any fine or community service imposed against a child by the
juvenile court in exchange for a monetary contribution to the restitution
contribution fund and requires the juvenile court to set forth in an administrative order that is available for public inspection a formula for determining the amount of a contribution to the fund and the manner in which the contribution must be made. **Section 6** of this bill authorizes an agreement for the informal supervision of a child to require the child to make a monetary contribution to a restitution contribution fund.

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

**Section 1.** NRS 171.188 is hereby amended to read as follows:

(b) Otherwise determines that representation is required,

hardship to the defendant or his or her dependents, to obtain qualified and competent legal counsel.

5. The county or State Public Defender must be reimbursed by the city for costs incurred in appearing in municipal court. The county shall reimburse the State Public Defender for costs incurred in appearing in Justice Court. If a private attorney is appointed as provided in this section, the private attorney must be reimbursed by the county for appearance in Justice Court or the city for appearance in municipal court in an amount not to exceed $75 per case. Senator Wiener moved the adoption of the amendment.
Remarks by Senator Wiener.
Senator Wiener requested that her remarks be entered in the Journal.
The amendment deletes Section 1, which would have defined an indigency standard for criminal cases, and instead requires the juvenile court to make certain findings that a parent or guardian of a child is indigent. It changes Section 10 concerning the restitution contribution fund by removing the reference to waiving a fine and leaving only the reference to waiving community service. The amendment adds a new section that alters the procedure for a juvenile court judge to approve or reject the findings and recommendations of a master, and clarifies the applicability and procedures relating to the civil judgment that can be imposed by the juvenile court.

The following amendment was proposed by the Committee on Judiciary:
Amendment No. 8.
"SUMMARY—Expands the circumstances pursuant to which a court is authorized to issue certain warrants. (BDR 11-289)"
"AN ACT relating to children; expanding the circumstances pursuant to which a court is authorized to issue a warrant to take physical custody of a child; [requiring an agency which provides child welfare services to place such a child in certain shelters;] and providing other matters properly relating thereto."

Legislative Counsel's Digest:
Existing law as set forth in the Uniform Child Custody Jurisdiction and Enforcement Act (chapter 125A of NRS) authorizes a court in a proceeding
to enforce a child custody determination to issue a warrant to take physical custody of a child in an emergency situation if the court finds that the child is immediately likely to suffer serious physical harm or to be removed from this State. Before issuing the warrant, the court is required to hold a hearing at which the party alleging the need for the warrant is present but not the party who has physical custody of the child. (NRS 125A.525) The Uniform Child Custody Jurisdiction and Enforcement Act also authorizes a court in this State, to enforce a child custody determination issued by a court in another state, to issue an order to take physical custody of a child in a nonemergency situation after holding a hearing at which both parties, the petitioner and the respondent, are given an opportunity to be heard. (NRS 125A.495)

Existing law as set forth in the Uniform Child Abduction Prevention Act (chapter 125D of NRS) authorizes a court, pursuant to a petition filed either before or after a child custody determination has been made, to issue a warrant to take physical custody of a child in an emergency situation if the court finds that there is a credible risk that the child is imminently likely to be wrongfully removed. The court may issue the warrant without providing prior notice and an opportunity to be heard to the party who has physical custody of the child. (NRS 125D.200)

Existing law also authorizes the court in divorce or other dissolution of marriage proceedings to enter an order allowing a party, under certain circumstances and with the assistance of a law enforcement agency, to obtain physical custody of a child from the party having physical custody of the child if the court finds that it would be in the best interest of the child to do so. (NRS 125.470) Section 1 of this bill deletes this provision regarding divorce and other dissolution of marriage proceedings, and section 2 of this bill sets forth a new procedure.

Section 2 expands the circumstances in which a court is authorized to issue a warrant to take physical custody of a child. Specifically, section 2 authorizes a court, upon a petition submitted during a proceeding to establish custody of a child or to enforce or modify a child custody determination, to issue a warrant to take physical custody of the child where there is probable cause to believe that the child has been abducted. If the court determines that the child has been abducted and that an emergency situation exists, including, without limitation, a situation in which the child is in imminent danger of being removed from this State or in imminent danger of serious physical harm, the court is authorized to issue a warrant. Before issuing the warrant in an emergency situation, the court must hold a hearing at which the party alleging the need for the warrant is present but not the party alleged to have committed the act of abduction. If the court determines that the situation is not an emergency situation, before issuing the warrant, the court must hold a hearing at which both parties, the party alleging the need for the warrant and the party alleged to have committed the act of abduction, are given an opportunity to be heard. Section 2 defines the term "abduction" to include kidnapping, aiding and abetting kidnapping and the willful detaining,
concealing or removing of a child from a person having lawful custody or a right of visitation of the child by a person who has a limited right of custody to the child by operation of law or pursuant to a court order, judgment or decree or who has no right of custody to the child.

Section 2 differs from the similar provisions of the Uniform Child Custody Jurisdiction and Enforcement Act and the Uniform Child Abduction Prevention Act in various ways, including, without limitation, with regard to the types of cases to which it applies. For example, section 2 applies to: (1) a broader category of emergency situations; (2) emergency situations which occur before a child custody determination has been made and in which the child is in imminent danger of serious physical harm; (3) nonemergency situations for child custody determinations that are issued by courts in this State; and (4) children who are willfully detained or concealed from persons having lawful custody or a right of visitation of the child, in addition to children who are removed from such persons.

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

Section 1. NRS 125.470 is hereby amended to read as follows:

125.470 1. If, during any proceeding brought under this chapter, either before or after the entry of a final order concerning the custody of a minor child, it appears to the court that any minor child of either party has been, or is likely to be, taken or removed out of this State or concealed within this State, the court shall forthwith order such child to be produced before it and make such disposition of the child's custody as appears most advantageous to and in the best interest of the child and most likely to secure to him or her the benefit of the final order or the modification or termination of the final order to be made in his or her behalf.

2. If, during any proceeding brought under this chapter, either before or after the entry of a final order concerning the custody of a minor child, the court finds that it would be in the best interest of the minor child, the court may enter an order providing that a party may, with the assistance of the appropriate law enforcement agency, obtain physical custody of the child from the party having physical custody of the child. The order must provide that if the party obtains physical custody of the child, the child must be produced before the court as soon as practicable to allow the court to make such disposition of the child's custody as appears most advantageous to and in the best interest of the child and most likely to secure to him or her the benefit of the final order or the modification or termination of the final order to be made in his or her behalf.

3. If the court enters an order pursuant to subsection 2 providing that a party may obtain physical custody of a child, the court shall order that party to give the party having physical custody of the child notice at least 24 hours before the time at which he or she intends to obtain physical custody of the child, unless the court deems that requiring the notice would likely defeat the purpose of the order.
All orders for a party to appear with a child issued pursuant to this section may be enforced by issuing a warrant of arrest against that party to secure his or her appearance with the child.

A proceeding under this section must be given priority on the court calendar.

Sec. 2. Chapter 125C of NRS is hereby amended by adding thereto a new section to read as follows:

1. If, during any proceeding to establish custody of a child or enforce or modify a child custody determination, brought pursuant to this chapter or chapter 125 or 125A of NRS, it appears to the court upon a petition submitted by an aggrieved party or any other person having knowledge of the relevant facts that there is probable cause to believe that an act of abduction has been committed against the child and that the act of abduction was committed without just cause, the court may issue a warrant to take physical custody of the child. A copy of a petition submitted pursuant to this subsection must be served upon the Children's Advocate appointed pursuant to NRS 432.157 before any hearing is held by the court pursuant to this section.

2. The petition must include, without limitation:
   (a) An affidavit or other sworn declaration, signed by the petitioner under penalty of perjury, attesting to the truth and accuracy of the petition;
   (b) A copy of the most recent child custody determination, if any, of the child;
   (c) The name of the person or persons having legal custody of the child;
   (d) A statement of the facts and circumstances pertaining to the abduction of the child;
   (e) A statement indicating whether the child, the person alleged to have committed the act of abduction or the petitioner has been:
      (1) The subject of an investigation of alleged abuse or neglect of a child or domestic violence;
      (2) A party to a proceeding concerning the alleged abuse or neglect of a child, an act of abduction of a child or domestic violence; or
      (3) A party against whom an order for protection against domestic violence was issued; and
   (f) A statement indicating whether any other court has exercised jurisdiction over the custody or welfare of the child.

3. The court may, in its discretion, supplement the allegations in the petition with the sworn testimony of the petitioner at a hearing before the court. Any such testimony must be recorded and preserved in the records of the court.

4. If the court determines that exigent circumstances exist in relation to the issuance of the warrant, including, without limitation, that the child is in imminent danger of being removed from this State or in imminent danger of serious physical harm, the court may issue the warrant described
in subsection 6 after an ex parte hearing. If the court issues the warrant after an ex parte hearing, the court:

(a) Shall afford the party alleged to have committed the act of abduction an opportunity to be heard at the earliest possible time after the warrant is executed, but not later than the next judicial day unless a hearing on that date is impossible. If a hearing on the next judicial day is impossible, the court shall hold the hearing on the first judicial day possible.

(b) Shall provide, or cause the petitioner to provide, notice of the hearing to be held pursuant to paragraph (a) to the party alleged to have committed the act of abduction and all other interested parties.

5. If the court determines that no exigent circumstances exist in relation to the issuance of the warrant, the court:

(a) Shall hold a hearing before it issues the warrant described in subsection 6;

(b) Shall provide, or cause the petitioner to provide, notice of the hearing to all interested parties;

(c) If the party alleged to have committed the act of abduction is present at the hearing, may order the party to return the child [to the petitioner or other person or agency specified by the court] in accordance with the placement of the child pursuant to subsection 7 and may issue the warrant described in subsection 6; and

(d) If the party alleged to have committed the act of abduction received notice but is not present at the hearing, may issue the warrant described in subsection 6.

6. A warrant issued by the court pursuant to this section:

(a) Must set forth findings of fact that establish probable cause for believing that an act of abduction occurred and that the act of abduction was without just cause;

(b) Must direct law enforcement officers to take physical custody of the child and deliver the child [to the person or agency determined by the court] in accordance with the placement of the child pursuant to subsection 7;

(c) Must specify the property that may be searched and the child that may be seized pursuant to the warrant;

(d) May authorize law enforcement officers to enter private property as described in paragraph (c) to take physical custody of the child; and

(e) Is enforceable throughout this State.

7. Based on the statements in the petition and the testimony provided at any hearing held by the court, the court shall [determine and set forth in the warrant whether it is in the best interests of the child to:

(a) Return the child to or place the child in the custody and care of the petitioner;

(b) Place the child in the custody and care of another person, as permitted by specific statute; or

(c) Deliver the child to an agency which provides child welfare services.
The child must remain in the custody of the person or agency determined by the court pursuant to subsection 7 until further order of the court.

As soon as reasonably practicable but not later than 24 hours after executing a warrant issued pursuant to this section, the law enforcement officer who or the law enforcement agency which executed the warrant shall inform the court of the execution of the warrant.

After the hearing required by subsection 4 or 5 to afford all interested parties an opportunity to be heard, the court shall enter an order for temporary or permanent custody of the child.

If the court finds, after a hearing, that a petitioner sought a warrant pursuant to this section for the purpose of harassment or in bad faith, the court may:

(a) Award the other party reasonable attorney's fees, costs and expenses; and

(b) Impose a civil penalty of not more than $1,000 on the petitioner.

The remedies available pursuant to this section are in addition to the remedies available pursuant to any other applicable provision of law, including, without limitation, NRS 125.470.

As used in this section:

(a) "Abduction" means the commission of an act described in NRS 200.310 to 200.340, inclusive, or 200.359.
(b) "Abuse or neglect of a child" has the meaning ascribed to it in NRS 432B.020.
(c) "Agency which provides child welfare services" has the meaning ascribed to it in NRS 432B.030.

Chapter 432B of NRS is hereby amended by adding thereto a new section to read as follows:

Such a child must not be placed in a jail or other place for detention, incarceration or residential care of persons convicted of a crime or children charged with delinquent acts. Senate Bill No. 81.
Bill read second time.
The following amendment was proposed by the Committee on Government Affairs:
Amendment No. 189.
"SUMMARY—Makes various changes relating to state financial administration. (BDR 31-396)"

"AN ACT relating to state financial administration; [requiring professional and occupational licensing agencies to deny the issuance or renewal of licenses possessed by certain persons who owe debts to the State; requiring the State Controller to develop and operate with financial institutions a data match system for the collection of certain debts owed to state agencies;] revising the statutes of limitation for the State Controller to take action regarding the collection of certain debts owed to state agencies; providing for the electronic payment of certain payments; and providing other matters properly relating thereto."

Legislative Counsel's Digest:

Existing law authorizes an agency of this State to refuse to conduct a transaction with a person who owes a debt to an agency until the debt is paid or the person enters into an agreement to pay the debt in installments. (NRS 353C.128) Section 2 of this bill: (1) requires the State Controller to establish a list to notify all professional and occupation licensing authorities in this State that a person who is applying for the issuance or renewal of a license, certification, registration, permit or other similar authorization which grants the person authority to engage in a profession or occupation has failed to pay a debt owed to the State; and (2) provides that a licensing authority shall not issue or renew such a license, certification, registration, permit or authorization to a person whose name is included on the list.

Section 3 of this bill requires the State Controller to develop and operate a system for matching data to collect outstanding debts. The State Controller and financial institutions located in this State may use the system developed for the collection of child support to fulfill the requirements of section 3. Financial institutions must provide to the State Controller information on persons who maintain accounts at the financial institution and are identified by the State Controller as owing an outstanding debt to the State. Financial institutions are then required to encumber assets held in the financial institution by the debtors to pay their debts."
Existing law sets forth statutes of limitation for when the State Controller may take certain action to collect debts owed to the State. (NRS 353C.140, 353C.170, 353C.180, 353C.210) Sections 4-7 of this bill amend the statutes of limitation for when the State Controller may take certain action to collect debts owed to the State.

Section 8 of this bill requires the State Controller to pay accounts payable electronically unless doing so would cause undue hardship to the payee.

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

Section 1. Chapter 353C of NRS is hereby amended by adding thereto the provisions set forth as sections 2 and 3 of this act. (Deleted by amendment.)

Sec. 2. 1. The State Controller shall:
   (a) Establish and maintain a list of persons who owe a debt to an agency; and
   (b) Make the list available to all licensing agencies.

   2. A licensing agency shall not issue a license to any person or renew the license of any person unless and until the licensing agency confirms that the name of the person is not included on the list established by the State Controller pursuant to subsection 1.

   3. The State Controller shall adopt such regulations as are necessary or advisable to carry out the provisions of this section.

   4. As used in this section:

Sec. 3. 1. The State Controller shall enter into agreements with financial institutions doing business in this State to coordinate the development and operation of a system for matching data, using automated exchanges of data to the maximum extent feasible. If a financial institution has developed and operated a system for matching data pursuant to NRS 425.460, and such a system is approved by the State Controller, the system satisfies the requirements of this section.

   2. In addition to any other remedy provided for in this chapter, the State Controller may use the system for matching data developed and operated pursuant to subsection 1 to collect a debt, plus any applicable penalties and interest.

   3. A financial institution in this State shall:
      (a) Cooperate with the State Controller in carrying out the provisions of subsection 1.
      (b) Use the system to provide to the State Controller for each calendar quarter the name, address of record, social security number or other number assigned for taxpayer identification of each person who maintains an
account at the financial institution, as identified by the State Controller by name and social security number or other number assigned for taxpayer identification.

(c) In response to the receipt from the State Controller of notification of debt that a person owes the State, encumber all assets of the person held by the financial institution on behalf of the State Controller and surrender those assets to the State Controller. A financial institution is not required to encumber or surrender any assets received by the financial institution on behalf of the person after the financial institution received the notice of the debt from the State Controller.

4. A financial institution may not be held liable in any civil or criminal action for:
   (a) Any disclosure of information to the State Controller pursuant to this section.
   (b) Encumbering or surrendering any assets held by the financial institution pursuant to this section.
   (c) Any other action taken in good faith to comply with the requirements of this section.

5. If a court issues an order to return to a person any assets surrendered by a financial institution pursuant to subsection 3, the State Controller is not liable to the person for any of those assets that have been provided to the State Controller in accordance with the order for the payment of a debt.

6. All information provided to the State Controller by a financial institution pursuant to this section is confidential and may only be used by the State Controller for use in the collection of a debt owed to the State.

7. As used in this section, "financial institution" has the meaning ascribed to it in NRS 239A.030.

Sec. 4. NRS 353C.140 is hereby amended to read as follows:

353C.140 If a person has not paid a debt that the person owes to an agency, the Attorney General, upon the request of the State Controller:

1. Except as otherwise provided in this section, shall bring an action in a court of competent jurisdiction; or

2. If the action is a small claim subject to chapter 73 of NRS, may bring an action in a court of competent jurisdiction, on behalf of this state to collect the debt, plus any applicable penalties and interest. The action must be brought not later than 4 years after the date on which the debt became due or within 5 years after the date on which a certificate of liability was last recorded pursuant to NRS 353C.180, as appropriate.

Sec. 5. NRS 353C.170 is hereby amended to read as follows:

353C.170 1. An abstract of the judgment entered pursuant to NRS 353C.160, or a copy thereof, may be recorded in the office of the county recorder of any county.

2. From the time of its recordation, the judgment becomes a lien upon all real and personal property situated in the county that is owned by the
judgment debtor, or which the debtor may afterward acquire, until the lien expires. The lien has the force, effect and priority of a judgment lien and continues for 5 years after the date of the judgment so entered by the court clerk unless sooner released or otherwise discharged.

3. Within 5 years after the date of the recording of the judgment or within 5 years after the date of the last extension of the lien pursuant to this subsection, the lien may extend by recording an affidavit of renewal in the office of the county recorder. From the date of recording, the lien is extended for 5 years to all real and personal property situated in the county that is owned by the judgment debtor or acquired by the judgment debtor afterwards, unless the lien is sooner released or otherwise discharged.

Sec. 6. NRS 353C.180 is hereby amended to read as follows:

353C.180 1. In addition to any other remedy provided for in this chapter, the State Controller may, within 4 years after the date that a debt becomes due, record a certificate of liability in the office of a county recorder which states:

(a) The amount of the debt, together with any interest or penalties due thereon;
(b) The name and address of the debtor, as the name and address of the debtor appear on the records of the State Controller;
(c) That the State Controller has complied with all procedures required by law for determining the amount of the debt; and
(d) That the State Controller has notified the debtor in accordance with subsection 2.

2. The State Controller shall, not less than 15 days before the date on which he or she intends to file the certificate, notify the debtor of the State Controller's intention to file the certificate. The notification must be sent by certified mail to the last known address of the debtor and must include the name of the agency to which the debt is owed, the amount sought to be recovered and the date on which the certificate will be filed with the county recorder.

3. From the time of the recording of the certificate, the amount of the debt, including interest which accrues on the debt after the recording of the certificate, constitutes a lien upon all real and personal property situated in the county in which the certificate was recorded that is owned by the debtor or acquired by the debtor afterwards and before the lien expires. The lien has the force, effect and priority of a judgment lien on all real and personal property situated in the county in which the certificate was recorded and continues for 5 years after the date of recording unless sooner released or otherwise discharged.

4. Within 5 years after the date of the recording of the certificate or within 5 years after the date of the last extension of the lien pursuant to this subsection, the lien may be extended by recording a new certificate in the office of the county recorder. From the date of recording,
the lien is extended for 4 years to all real and personal property situated in the county that is owned by the debtor or acquired by the debtor afterwards, unless the lien is sooner released or otherwise discharged.

Sec. 7. NRS 353C.210 is hereby amended to read as follows:

353C.210 1. Notwithstanding any specific statute to the contrary, the State Controller may, in addition to any other remedy provided for in this chapter, give notice of the amount of a debt owed to this State and a demand to transmit to any person, including, without limitation, any officer, agency or political subdivision of this state, who has in his or her possession or under his or her control any credits or other personal property belonging to the debtor or who owes any debts to the debtor that remain unpaid. The notice and demand to transmit must be delivered personally or by certified or registered mail:

(a) Not later than 4 years after the debt became due; or

(b) Not later than 4 years after the last recording of an abstract of judgment pursuant to NRS 353C.170 or a certificate of liability pursuant to NRS 353C.180.

2. If such notice is given to an officer or agency of this state, the notice must be delivered before the State Controller may file a claim pursuant to NRS 353C.190 on behalf of the debtor.

3. An agency that receives a notice and demand to transmit pursuant to this section may satisfy any debt owed to it by the debtor before it honors the notice and demand to transmit. If the agency is holding a bond or other property of the debtor as security for debts owed or that may become due and owing by the debtor, the agency is not required to transmit the amount of the bond or other property unless the agency determines that holding the bond or other property of the debtor as security is no longer required.

4. Except as otherwise provided by specific statute, a person who receives a demand to transmit pursuant to this section shall not thereafter transfer or otherwise dispose of the credits or other personal property of, or debts owed to, the person who is the subject of the demand to transmit without the consent of the State Controller.

5. Except as otherwise provided by specific statute, a person who receives a demand to transmit pursuant to this section shall, within 10 days thereafter, inform the State Controller of, and transmit to the State Controller within the time and in the manner requested by the State Controller, all credits or other personal property in his or her possession or control that belong to, and all debts that he or she owes to, the person who is the subject of the demand to transmit. Except as otherwise provided in subsection 6, no further notice is required to be served on such persons.

6. Except as otherwise provided by specific statute, if the property of the debtor consists of a series of payments owed to the debtor, the person who owes or controls the payments shall transmit the payments to the State Controller until otherwise notified by the State Controller. If the debt of the
debtor is not paid within 1 year after the date on which the State Controller issued the original demand to transmit, the State Controller shall:

(a) Issue another demand to transmit to the person responsible for making the payments that informs the person to continue transmitting payments to the State Controller; or 

(b) Notify the person that his or her duty to transmit the payments to the State Controller has ceased.

7. If the notice and demand to transmit is intended to prevent the transfer or other disposition of a deposit in a bank or other depository institution, or of any other credit or personal property in the possession or under the control of the bank or depository institution, the notice must be delivered or mailed to any branch or office of the bank or depository institution at which the deposit is carried or the credit or personal property is held.

8. If any person to whom the State Controller delivers a notice and demand to transmit transfers or otherwise disposes of any property or debts required by this chapter to be transmitted to the State Controller, the person is, to the extent of the value of the property or the amount of the debts so transferred or disposed of, liable to the State Controller for any portion of the debt that the State Controller is unable to collect from the debtor solely by reason of the transfer or other disposition of the property or debt.

9. A debtor who owes a debt to an agency for which the State Controller delivers a notice and demand to transmit concerning the debtor pursuant to this section is entitled to an administrative hearing before that agency to challenge the collection of the debt pursuant to the demand to transmit. Each agency may adopt such regulations as are necessary to provide an administrative hearing for the purposes of this subsection.

Sec. 8. Chapter 227 of NRS is hereby amended by adding thereto a new section to read as follows:

1. Except as otherwise provided in subsection 2, the State Controller shall pay an account payable electronically.

2. Upon application of a payee or the payee's representative, the State Controller may waive the requirements of subsection 1 if the State Controller determines that the electronic payment of an account payable would cause the payee to suffer undue hardship or extreme inconvenience.

3. The State Controller may adopt such regulations as are necessary or advisable to carry out the provisions of this section.

Sec. 9. NRS 227.200 is hereby amended to read as follows:

227.200 The State Controller shall:

1. Draw a warrant in favor of any person or governmental payee certified by an agency of state government to receive money from the treasury and deliver or mail the warrant to the State Treasurer who shall sign the warrant and:

(a) Deliver or mail the countersigned warrant, Except as otherwise provided in section 8 of this act, if it is for payment of an account payable, directly to electronically pay the payee or the payee's representative;
(b) If it is for payment of an employee:

(1) Deliver or mail the warrant to the employee or to the appropriate state agency for distribution; or

(2) Deposit the warrant to the credit of the employee by direct deposit at a bank or credit union in which the employee has an account, if the employee has authorized the direct deposit; or

(c) Deposit the warrant to the credit of the payee through a funds transfer.

2. Keep a warrant register, in which the State Controller shall enter all warrants drawn by him or her. The arrangement of this book must be such as to show the bill and warrant number, the amount, out of which fund the warrants are payable, and a distribution of the warrants under the various appropriations.

3. Credit the State Treasurer with all warrants paid.

Sec. 10. NRS 239A.070 is hereby amended to read as follows:

239A.070  This chapter does not apply to any subpoena issued pursuant to title 14 or chapters 616A to 617, inclusive, of NRS or prohibit:

1. Dissemination of any financial information which is not identified with or identifiable as being derived from the financial records of a particular customer.

Amendment No. 189 to Senate Bill No. 81 deletes Sections 2 and 3 in their entirety. It changes the statute of limitations for when the State Controller may take certain action to collect debts owed to the State from six years (as originally proposed in the bill) to four years. This change will conform Senate Bill No. 81 with Senate Bill No. 31, which was approved by the Senate on March 18, 2011.

The following amendment was proposed by the Committee on Government Affairs:

Amendment No. 47.

"SUMMARY—Requires the establishment of a centralized licensing office for business licenses to engage in contracting in certain counties and cities in this State. (BDR 20-820)"

"AN ACT relating to businesses; requiring a board of county commissioners to establish a centralized licensing office to issue business
licenses in the county; requiring each city and town to cooperate with the board of county commissioners in operating the centralized licensing office and to assign certain proceeds of the city's or town's license taxes to the operating costs of the office; and the governing bodies of certain incorporated cities to enter into an agreement to establish a business license to allow a licensed contractor to engage in the business of contracting in the county and cities under certain circumstances; and providing other matters properly relating thereto."

Legislative Counsel's Digest:
Existing law authorizes counties, cities and towns to issue business licenses and permits to operate a business within the limits of the county, city or town and to collect taxes on those licenses. (NRS 244.335, 266.355, 268.095, 269.170) Sections 1 and 2 of this bill require the board of county commissioners in a county whose population is 700,000 or more (currently Clark County) and the governing body of each incorporated city whose population is 150,000 or more located in such a county (currently Henderson, Las Vegas and North Las Vegas) to establish a centralized licensing office within the county where a person may apply for and obtain all the business licenses and permits required by the county, city or town in which the business will operate. Section 2 of this bill requires each city council or other governing body of a city to cooperate with the board of county commissioners of the county in which the city is located in operating the centralized licensing office and further requires the city, if requested by the board of county commissioners, to contribute money to defray a portion of the operating and maintenance costs of the office.

Existing law provides several uses to which a city may put the license taxes it collects on business licenses. (NRS 268.095) Section 3 of this bill expands that list to include supporting the operating and maintenance costs of the centralized licensing office. Section 4 of this bill requires each town board of an unincorporated town to cooperate with the board of county commissioners of the county in which the town is located in operating the centralized licensing office and further requires the town, if requested by the board of county commissioners, to contribute money to defray a portion of the operating and maintenance costs of the office. Enter into an agreement with each other for the establishment of a business license to allow a licensed contractor to engage in the business of contracting in the county and cities if the contractor: (1) has a place of business in an unincorporated area of the county; or (2) does not have a place of business in the county. Sections 1 and 2 further require the board of county commissioners and governing body of each incorporated city to establish by ordinance a system for issuing the business license which sets forth the requirements for obtaining the license and the fees for the issuance and renewal of the license.

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:
Section 1. Chapter 244 of NRS is hereby amended by adding thereto a new section to read as follows:

1. The board of county commissioners in each county whose population is 700,000 or more shall establish a centralized licensing office where a person may apply for and obtain a business license and any other permit required by the county license board, a city licensing agency or any other licensing authority in the county, city or town in which the business will operate.

2. The centralized licensing office must meet the standards and requirements established by the Secretary of State pursuant to NRS 75.100 as necessary to participate in the state business portal.

3. The centralized licensing office shall provide upon request an application for a state business license pursuant to chapter 76 of NRS.

2. The agreement required pursuant to subsection 1 must set forth the purposes, powers, rights, obligations and responsibilities, financial and otherwise, of the county and each city that enters into the agreement.

3. Upon entering into the agreement required pursuant to subsection 1, the board of county commissioners shall establish by ordinance a system for issuing such a business license that authorizes a person who is licensed as a contractor pursuant to chapter 624 of NRS to engage in the business of contracting within the county and each city that entered into the agreement.

4. An ordinance adopted pursuant to the provisions of subsection 3 must include, without limitation:
   (a) The requirements for obtaining the business license;
   (b) The fees for the issuance and renewal of the business license; and
   (c) Any other requirements necessary to establish the system for issuing the business license.

5. A person who is licensed as a contractor pursuant to chapter 624 of NRS is eligible to obtain from the county a business license that authorizes the person to engage in the business of contracting within the county and each city located in the county which enters into an agreement pursuant to subsection 1 if the person meets the requirements set forth in the ordinance to qualify for the license and:
   (a) The person maintains only one place of business within the county and the place of business is located within the unincorporated area of the county;
(b) The person maintains more than one place of business within the county and each of those places of business is located within the unincorporated area of the county; or
(c) The person does not maintain any place of business within the county.

6. A person who obtains a business license described in this section is subject to all other licensing and permitting requirements of the State and any other counties and cities in which the person does business.

Sec. 1.5. NRS 244.335 is hereby amended to read as follows:

244.335 1. Except as otherwise provided in subsections 2, 3 and 4, and section 1 of this act, a board of county commissioners may:

(a) Except as otherwise provided in NRS 244.331 to 244.3345, inclusive, 598D.150 and 640C.100, regulate all character of lawful trades, callings, industries, occupations, professions and business conducted in its county outside of the limits of incorporated cities and towns.
(b) Except as otherwise provided in NRS 244.3359 and 576.128, fix, impose and collect a license tax for revenue or for regulation, or for both revenue and regulation, on such trades, callings, industries, occupations, professions and business.

2. The county license boards have the exclusive power in their respective counties to regulate entertainers employed by an entertainment by referral service and the business of conducting a dancing hall, escort service, entertainment by referral service or gambling game or device permitted by law, outside of an incorporated city. The county license boards may fix, impose and collect license taxes for revenue or for regulation, or for both revenue and regulation, on such employment and businesses.

3. A board of county commissioners shall not require that a person who is licensed as a contractor pursuant to chapter 624 of NRS obtain more than one license to engage in the business of contracting or pay more than one license tax related to engaging in the business of contracting, regardless of the number of classifications or subclassifications of licensing for which the person is licensed pursuant to chapter 624 of NRS.

4. The board of county commissioners or county license board shall not require a person to obtain a license or pay a license tax on the sole basis that the person is a professional. No license to engage in any type of business may be granted unless the applicant for the license signs an affidavit affirming that the business has complied with the provisions of chapter 76 of NRS. The county license board shall provide upon request an application for a business license pursuant to chapter 76 of NRS. As used in this subsection, "professional" means a person who:

(a) Holds a license, certificate, registration, permit or similar type of authorization issued by a regulatory body as defined in NRS 622.060, or who is regulated pursuant to the Nevada Supreme Court Rules; and
(b) Practices his or her profession for any type of compensation as an employee.
5. No license to engage in business as a seller of tangible personal property may be granted unless the applicant for the license presents written evidence that:

(a) The Department of Taxation has issued or will issue a permit for this activity, and this evidence clearly identifies the business by name; or

(b) Another regulatory agency of the State has issued or will issue a license required for this activity.

6. Any license tax levied for the purposes of NRS 244.3358 or 244A.597 to 244A.655, inclusive, constitutes a lien upon the real and personal property of the business upon which the tax was levied until the tax is paid. The lien has the same priority as a lien for general taxes. The lien must be enforced:

(a) By recording in the office of the county recorder, within 6 months after the date on which the tax became delinquent or was otherwise determined to be due and owing, a notice of the tax lien containing the following:

(1) The amount of tax due and the appropriate year;

(2) The name of the record owner of the property;

(3) A description of the property sufficient for identification; and

(4) A verification by the oath of any member of the board of county commissioners or the county fair and recreation board; and

(b) By an action for foreclosure against the property in the same manner as an action for foreclosure of any other lien, commenced within 2 years after the date of recording of the notice of the tax lien, and accompanied by appropriate notice to other lienholders.

7. The board of county commissioners may delegate the authority to enforce liens from taxes levied for the purposes of NRS 244A.597 to 244A.655, inclusive, to the county fair and recreation board. If the authority is so delegated, the board of county commissioners shall revoke or suspend the license of a business upon certification by the county fair and recreation board that the license tax has become delinquent, and shall not reinstate the license until the tax is paid. Except as otherwise provided in NRS 239.0115 and 244.3357, all information concerning license taxes levied by an ordinance authorized by this section or other information concerning the business affairs or operation of any licensee obtained as a result of the payment of such license taxes or as the result of any audit or examination of the books by any authorized employee of a county fair and recreation board of the county for any license tax levied for the purpose of NRS 244A.597 to 244A.655, inclusive, is confidential and must not be disclosed by any member, officer or employee of the county fair and recreation board or the county imposing the license tax unless the disclosure is authorized by the affirmative action of a majority of the members of the appropriate county fair and recreation board. Continuing disclosure may be so authorized under an agreement with the Department of Taxation or Secretary of State for the exchange of information concerning taxpayers.

Sec. 2. Chapter 268 of NRS is hereby amended by adding thereto a new section to read as follows:
1. The [city council or other] governing body of each incorporated city [in this State,] whose population is 150,000 or more and which is located in a county whose population is 700,000 or more, whether organized under general law or special charter, shall

1. Cooperate with the board of county commissioners of the county within which the city is situated in operating the centralized licensing office established in that county pursuant to section 1 of this act; and

2. If requested by that board of county commissioners, contribute money to assist the board of county commissioners in defraying a portion of the costs of operating and maintaining the centralized licensing office from the proceeds of license taxes collected by the city pursuant to NRS 268.095, enter into an agreement in accordance with the provisions of NRS 277.080 to 277.180, inclusive, with the board of county commissioners of the county in which the city is located and the governing body of every other city located within the county whose population is 150,000 or more for the establishment of a business license to authorize a person who is licensed as a contractor pursuant to chapter 624 of NRS to engage in the business of contracting within the county and each of those cities.

2. The agreement required pursuant to subsection 1 must set forth the purposes, powers, rights, obligations and responsibilities, financial and otherwise, of the county and each city that enters into the agreement.

3. Upon entering into the agreement required pursuant to subsection 1, the governing body of the city shall establish by ordinance a system for issuing such a business license that authorizes a person who is licensed as a contractor pursuant to chapter 624 of NRS to engage in the business of contracting within the county and cities that entered into the agreement pursuant to subsection 1.

4. An ordinance adopted pursuant to the provisions of subsection 3 must include, without limitation:
   (a) The requirements for obtaining the business license;
   (b) The fees for the issuance and renewal of the business license; and
   (c) Any other requirements necessary to establish the system for issuing the business license.

5. A person who is licensed as a contractor pursuant to chapter 624 of NRS is eligible to obtain from the city a business license that authorizes the person to engage in the business of contracting within the county and each city located in the county which enters into an agreement pursuant to subsection 1 if the person meets the requirements set forth in the ordinance to qualify for the license and:
   (a) The person maintains only one place of business within the county and the place of business is located within the jurisdiction of the city;
   (b) The person maintains more than one place of business within the county and each of those places of business is located within the jurisdiction of the city; or
(c) The person does not maintain any place of business within the county.

6. A person who obtains a business license described in this section is subject to all other licensing and permitting requirements of the State and any other counties and cities in which the person does business.

Sec. 3. NRS 268.095 is hereby amended to read as follows:

268.095 1. Except as otherwise provided in subsection 4 and section 2 of this act, the city council or other governing body of each incorporated city in this State, whether organized under general law or special charter, may:

(a) Except as otherwise provided in subsection 2 and NRS 268.0968 and 576.128, fix, impose and collect for revenues or for regulation, or both, a license tax on all character of lawful trades, callings, industries, occupations, professions and businesses conducted within its corporate limits.

(b) Assign the proceeds of any one or more of such license taxes to the county within which the city is situated for the purpose or purposes of making the proceeds available to the county:

(1) As a pledge as additional security for the payment of any general obligation bonds issued pursuant to NRS 244A.597 to 244A.655, inclusive;

(2) For redeeming any general obligation bonds issued pursuant to NRS 244A.597 to 244A.655, inclusive;

(3) For defraying the costs of collecting or otherwise administering any such license tax so assigned, of the county fair and recreation board and of officers, agents and employees hired thereby, and of incidentals incurred thereby;

(4) For operating and maintaining recreational facilities under the jurisdiction of the county fair and recreation board;

(5) For improving, extending and bettering recreational facilities authorized by NRS 244A.597 to 244A.655, inclusive; and

(6) For constructing, purchasing or otherwise acquiring such recreational facilities.

(c) Pledge the proceeds of any tax imposed on the revenues from the rental of transient lodging pursuant to this section for the payment of any general or special obligations issued by the city for a purpose authorized by the laws of this State.

(d) Use the proceeds of any tax imposed pursuant to this section on the revenues from the rental of transient lodging:

(1) To pay the principal, interest or any other indebtedness on any general or special obligations issued by the city pursuant to the laws of this State;

(2) For the expense of operating or maintaining, or both, any facilities of the city; and
(3) For any other purpose for which other money of the city may be used.

2. The city council or other governing body of an incorporated city shall not require that a person who is licensed as a contractor pursuant to chapter 624 of NRS obtain more than one license to engage in the business of contracting or pay more than one license tax related to engaging in the business of contracting, regardless of the number of classifications or subclassifications of licensing for which the person is licensed pursuant to chapter 624 of NRS.

3. The proceeds of any tax imposed pursuant to this section that are pledged for the repayment of general obligations may be treated as "pledged revenues" for the purposes of NRS 350.020.

4. The city council or other governing body of an incorporated city shall not require a person to obtain a license or pay a license tax on the sole basis that the person is a professional. No license to engage in any type of business may be granted unless the applicant for the license signs an affidavit affirming that the business has complied with the provisions of chapter 76 of NRS. The city licensing agency shall provide upon request an application for a business license pursuant to chapter 76 of NRS. As used in this subsection, "professional" means a person who:
   (a) Holds a license, certificate, registration, permit or similar type of authorization issued by a regulatory body as defined in NRS 622.060, or who is regulated pursuant to the Nevada Supreme Court Rules; and
   (b) Practices his or her profession for any type of compensation as an employee.

5. No license to engage in business as a seller of tangible personal property may be granted unless the applicant for the license presents written evidence that:
   (a) The Department of Taxation has issued or will issue a permit for this activity, and this evidence clearly identifies the business by name; or
   (b) Another regulatory agency of the State has issued or will issue a license required for this activity.

6. Any license tax levied under the provisions of this section constitutes a lien upon the real and personal property of the business upon which the tax was levied until the tax is paid. The lien has the same priority as a lien for general taxes. The lien must be enforced:
   (a) By recording in the office of the county recorder, within 6 months following the date on which the tax became delinquent or was otherwise determined to be due and owing, a notice of the tax lien containing the following:
      (1) The amount of tax due and the appropriate year;
      (2) The name of the record owner of the property;
      (3) A description of the property sufficient for identification; and
      (4) A verification by the oath of any member of the board of county commissioners or the county fair and recreation board; and
(b) By an action for foreclosure against such property in the same manner as an action for foreclosure of any other lien, commenced within 2 years after the date of recording of the notice of the tax lien, and accompanied by appropriate notice to other lienholders.

7. The city council or other governing body of each incorporated city may delegate the power and authority to enforce such liens to the county fair and recreation board. If the authority is so delegated, the governing body shall revoke or suspend the license of a business upon certification by the board that the license tax has become delinquent, and shall not reinstate the license until the tax is paid. Except as otherwise provided in NRS 239.0115 and 268.0966, all information concerning license taxes levied by an ordinance authorized by this section or other information concerning the business affairs or operation of any licensee obtained as a result of the payment of those license taxes or as the result of any audit or examination of the books of the city by any authorized employee of a county fair and recreation board for any license tax levied for the purpose of NRS 244A.597 to 244A.655, inclusive, is confidential and must not be disclosed by any member, official or employee of the county fair and recreation board or the city imposing the license tax unless the disclosure is authorized by the affirmative action of a majority of the members of the appropriate county fair and recreation board. Continuing disclosure may be so authorized under an agreement with the Department of Taxation or the Secretary of State for the exchange of information concerning taxpayers.

8. The powers conferred by this section are in addition and supplemental to, and not in substitution for, and the limitations imposed by this section do not affect the powers conferred by, any other law. No part of this section repeals or affects any other law or any part thereof, it being intended that this section provide a separate method of accomplishing its objectives, and not an exclusive one.

Sec. 4. [Chapter 269 of NRS is hereby amended by adding thereto a new section to read as follows:]

In an unincorporated town with a town board form of government, the town board shall:

1. Cooperate with the board of county commissioners of the county within which the town is situated in operating the centralized licensing office established in that county pursuant to section 1 of this act; and

Remarks by Senator Lee.
Senator Lee requested that his remarks be entered in the Journal.

Amendment No. 47 to Senate Bill No. 110 requires the Board of County Commissioners in Clark County and the governing bodies of those cities in Clark County whose populations are 150,000 or more to enter into an interlocal agreement for the establishment of a business license specific to contractors operating their business in the county and in those cities. It provides that, upon entering into the interlocal agreement, the county and the affected cities must establish ordinances that authorize a contractor to engage in business in the county and those cities.

The amendment specifies that in order for a person to be eligible to obtain the business license, he or she must meet whatever requirements are set forth in the ordinance and satisfy other requirements relating to the maintenance of the business location in one place, either the city or the unincorporated county, and specifies that a person who obtains the business license be subject to all other licensing and permitting requirements of the State, counties, and cities in which the licensee does business.

The following amendment was proposed by the Committee on Judiciary:
Amendment No. 161.
"SUMMARY—Urges the Nevada Supreme Court to amend the Nevada Rules of Civil Procedure to require certain disclosures in class action lawsuits. (BDR S-563)"

"AN ACT relating to civil practice; urging the Nevada Supreme Court to amend the Nevada Rules of Civil Procedure to require an attorney in certain class actions to provide [a disclosure] certain disclosures under certain circumstances; and providing other matters properly relating thereto."

Legislative Counsel's Digest:
Under the existing Nevada Rules of Civil Procedure, an attorney in certain class actions is required to make certain disclosures to certain members of the class. Specifically, those disclosures provide that: (1) the court will exclude a member of the class if the member requests such an exclusion, or "opts out" of the class by a specified date; (2) the judgment in the action will include all members of the class who do not opt out of the class; and (3) any member of the class who does not opt out of the class may enter an appearance with the court through the member's attorney. (N.R.C.P. 23) Under the existing Federal Rules of Civil Procedure, such an attorney is also required to make other disclosures not specifically required pursuant to
N.R.C.P. 23, including: (1) the nature of the action; (2) the definition of the class certified; (3) the class claims, issues or defenses; and (4) the time and manner for requesting exclusion from the class. (F.R.C.P. 23)

This bill urges the Nevada Supreme Court to amend the Nevada Rules of Civil Procedure to require an attorney in such class actions to make an additional disclosure, all the disclosures required pursuant to F.R.C.P. 23 to each member of the class. (concerning possible consequences that the member of the class may face if the member does not opt out of the class.)

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

Section 1. The Legislature finds and declares that:

1. A class action is an efficient use of judicial resources which provides a method of resolving many similar claims in one lawsuit rather than litigating each of the claims in separate lawsuits.

2. A person may be included in a class action without realizing that he or she is included in the lawsuit or may not be adequately informed of the ramifications of being included in the lawsuit.

3. A benefit greatly from remaining a member of a class and participating in a class action.

3. However, a person may also suffer negative consequences as a result of being included in a class action and may not understand that he or she has the ability to opt out of the lawsuit.

4. Thus, it is important that each person who is included in a class action make an informed decision regarding whether to remain a member of the class and participate in the lawsuit or to opt out of the lawsuit.

5. For a person to make such an informed decision, it is necessary to provide the person with sufficient information regarding the lawsuit and how to opt out of the lawsuit.

6. Under the existing Nevada Rules of Civil Procedure, specifically N.R.C.P. 23, an attorney in certain class actions is required to make certain disclosures to certain members of the class.

5. Having an additional disclosure to each member of the class which is clear and noticeable and which sets forth the possible consequences that the member of the class may face if the member does not request to be excluded from the class is in the public interest.

7. Under the existing Federal Rules of Civil Procedure, specifically F.R.C.P. 23, such an attorney is also required to make other disclosures not specifically required pursuant to N.R.C.P. 23, including the nature of the action, the definition of the class certified, the class claims, issues or defenses, and the time and manner for requesting exclusion from the class.

8. Providing these additional disclosures would help a member of a class to understand and appreciate more fully his or her decision to remain in the lawsuit or to opt out of the lawsuit.
9. Therefore, the Legislature urges the Nevada Supreme Court to amend the Nevada Rules of Civil Procedure to require all the disclosures required pursuant to F.R.C.P. 23.

Senator Wiener moved the adoption of the amendment.
Remarks by Senator Wiener.
Senator Wiener requested that her remarks be entered in the Journal.
This amendment, brought to us by our colleague from Boulder City, urges the Supreme Court, through its rules and procedures, to address concerns about people's knowledge of class action lawsuits.
It would expand the public's awareness about their options related to being included in class action lawsuits.

Senate Bill No. 256.

Bill read second time.

The following amendment was proposed by the Committee on Health and Human Services:

Amendment No. 211.

"SUMMARY—Revises provisions relating to controlled substances.

"AN ACT relating to controlled substances; prohibiting certain acts relating to the cultivation of marijuana; requiring the State Board of Pharmacy to include on the list of schedule I controlled substances certain substances which are known as synthetic marijuana; revising provisions relating to the medical use of marijuana; providing civil and criminal penalties; and providing other matters properly relating thereto."

Legislative Counsel's Digest:

Section 1 of this bill prohibits a person from knowingly or intentionally manufacturing, growing, planting, cultivating, harvesting, drying, propagating or processing marijuana, except as specifically authorized for the medical use of marijuana. The severity of the punishment for a violation of section 1 depends upon the number of marijuana plants involved in the violation. A person convicted of a violation of section 1 is also required to pay all costs associated with any necessary cleanup and disposal.

Sections 5 and 6 of this bill include internal references to section 1 of this bill to indicate that section 1 will be: (1) codified in chapter 453 of NRS in proximity to similar offenses involving controlled substances, but section 1 will not be; and (2) treated in the same manner as those offenses for other purposes in NRS, such as being included in the list of crimes related to racketeering and being included in the definition of "immorality" for the purposes of certain provisions related to educational personnel.

Existing law provides that the limited and regulated use of marijuana by persons who suffer from certain medical conditions and who obtain a registry identification card through a program governed by the Health Division of the Department of Health and Human Services is exempt from prosecution under the laws of this State. (Chapter 453A of NRS) Under existing law, the Health Division may deny a registry identification card to, or revoke a card issued to, a person who has been convicted of knowingly or intentionally selling a controlled substance. (NRS 453A.210, 453A.225) Sections 2 and 4 of this bill authorize the Health Division to deny a registry identification card to, or revoke a card issued to, a person who: (1) has been convicted of any felony; (2) has been convicted of a violent crime; (3) has been convicted of certain sexual offenses; or (4) is on probation or parole. Section 7 of this bill
provides that these requirements: (1) apply to applications for registry identification cards submitted on or after October 1, 2011, or designations of persons as primary caregivers submitted on or after that date; and (2) do not revoke a registry identification card issued before that date unless, on or after October 1, 2011, the person who holds the card is convicted of an offense which prohibits the issuance of a card to that person.

Existing law authorizes the State Board of Pharmacy to adopt regulations that add or delete substances from the schedules of controlled substances. (NRS 453.146) Existing law also provides that a person convicted of the unauthorized manufacturing, importing, transporting, selling or dispensing of a schedule I controlled substance is guilty of a category B felony and that the punishment depends on the number of prior offenses committed by the person. (NRS 453.321, 453.322) In addition, existing law provides that a person convicted of the unauthorized possession of a schedule I controlled substance is guilty of a category E felony if it is the person’s first or second offense and a category D felony if it is the person’s third or subsequent offense. (NRS 453.326) Section 2 of this bill requires the Board to classify certain substances which are similar to marijuana as controlled substances included in schedule I.

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

Section 1. Chapter 453 of NRS is hereby amended by adding thereto a new section to read as follows:

1. A person shall not knowingly or intentionally manufacture, grow, plant, cultivate, harvest, dry, propagate or process marijuana, except as specifically authorized by the provisions of this chapter and chapter 453A of NRS.

2. Unless a greater penalty is provided in NRS 453.339, a person who violates subsection 1 shall be punished, if the quantity involved:

   (a) Is 8 to 75 marijuana plants, for a category E felony as provided in NRS 193.130.

   (b) Is 76 to 100 marijuana plants, for a category D felony as provided in NRS 193.130.

   (c) Is more than 100 marijuana plants, for a category C felony as provided in NRS 193.130.

3. In addition to the punishment imposed pursuant to subsection 2, the court shall order a person convicted of a violation of subsection 1 to pay all costs associated with any necessary cleanup and disposal related to the manufacturing, growing, planting, cultivation, harvesting, drying, propagation or processing of the marijuana.

Sec. 2. NRS 453.146 is hereby amended to read as follows:
453.146  1. The Board shall administer the provisions of NRS 453.011 to 453.552, inclusive, and may add substances to or delete or reschedule all substances enumerated in schedules I, II, III, IV and V by regulation.

2. In making a determination regarding a substance, the Board shall consider the following:

(a) The actual or relative potential for abuse;
(b) The scientific evidence of its pharmacological effect, if known;
(c) The state of current scientific knowledge regarding the substance;
(d) The history and current pattern of abuse;
(e) The scope, duration and significance of abuse;
(f) The risk to the public health;
(g) The potential of the substance to produce psychic or physiological dependence liability; and
(h) Whether the substance is an immediate precursor of a controlled substance.

3. The Board may consider findings of the federal Food and Drug Administration or the Drug Enforcement Administration as prima facie evidence relating to one or more of the determinative factors.

4. After considering the factors enumerated in subsection 2, the Board shall make findings with respect thereto and adopt a regulation controlling the substance if it finds the substance has a potential for abuse.

5. The Board shall designate as a controlled substance a steroid or other product which is used to enhance athletic performance, muscle mass, strength or weight without medical necessity. The Board may not designate as a controlled substance an anabolic steroid which is:

(a) Expressly intended to be administered through an implant to cattle, poultry or other animals; and
(b) Approved by the Food and Drug Administration for such use.

6. The Board shall designate as a controlled substance included in schedule I any material, compound, mixture or preparation which contains any quantity of the following substances or their salts, isomers or salts of isomers, whenever the existence of such salts, isomers and salts of isomers is possible within the specific chemical designation:

(a) 1-pentyl-3-(1-naphthoyl)indole, which is also known as JWH-018.
(b) 1-butyl-3-(1-naphthoyl)indole, which is also known as JWH-073.
(c) 1-[2-(4-morpholinyl)ethyl]-3-(1-naphthoyl)indole, which is also known as JWH-200.
(d) 5-(1,1-dimethylheptyl)-2-[(1R,3S)-3-hydroxycyclohexyl]-phenol, which is also known as CP-47,497.
(e) 5-(1,1-dimethyloctyl)-2-[(1R,3S)-3-hydroxycyclohexyl]-phenol, which is also known as cannabicyclohexanol or CP-47,497 C8 homologue.  (Deleted by amendment.)

Senator Hardy moved the adoption of the amendment.

Remarks by Senator Hardy

Senator Hardy requested that his remarks be entered in the Journal.

Amendment No. 190 to Senate Bill No. 262 provides that the report required in Section 4 of the bill include determinations regarding the allocation of Laughlin Township revenues including, but not limited to, the consolidated tax and other revenues currently received by the County and the Township.

It sets forth the circumstances under which the report must be submitted to and reviewed by the Legislative Commission.

The amendment adds language clarifying the timing of actions that can be taken by the City Council before the incorporation becomes effective. Such actions would include the preparation of a budget, ordinances, agreements, and certain contracts.

It deletes provisions in the proposed Charter to ensure that existing franchise agreements with utilities will remain unchanged as a result of the incorporation of Laughlin, and provides in the proposed Charter that future annexations of property must not occur unless a majority of owners of the real property to be annexed petition the City Council for annexation into the city.

Amendment adopted.

Bill ordered reprinted, engrossed and to third reading.

Senate Bill No. 268.

Bill read second time.
The following amendment was proposed by the Committee on
Government Affairs:
Amendment No. 188.
"SUMMARY—Revises provisions relating to competing for public works
by design professionals. (BDR 28-740)"
"AN ACT relating to public works; revising provisions relating to
preferences when competing for contracts for certain public works projects;
and providing other matters properly relating thereto."

**Legislative Counsel's Digest:**

Under existing law, a contract for a public work involving a design-build
team is awarded by a public body based on the application of certain criteria.
A design-build team may qualify for a preference in bidding on such a
contract if the contractor on the design-build team has submitted proof to the
State Contractors' Board that the contractor has paid certain taxes to the State
for the past 5 years. (NRS 338.1389, 338.147, 338.1727, 408.3886)

**Section 1** of this bill allows a person who holds a certificate of registration
to engage in the practice of architecture or landscape architecture or who
holds a license as a professional engineer or professional land surveyor to
qualify for a preference when competing for public works if the person has
submitted proof to the appropriate licensing board that the person has paid
certain taxes to the State for the past 5 years. **Sections 4 and 7** of this bill
allow a design-build team to receive a preference in selection as a finalist for
a public work or a project for the construction, reconstruction or
improvement of a highway if both the contractor and the design professionals
on the design-build team possess a certificate of eligibility to receive their
respective preferences. **Sections 5 and 8** of this bill allow a design-build
team that has been selected as a finalist for a public work or a project for the
construction, reconstruction or improvement of a highway to receive a
preference in selection for a contract only if both the contractor and the
design professionals on the design-build team possess a certificate of
eligibility to receive their respective preferences. **Section 9** of this bill allows
an architect, professional engineer or professional land surveyor to receive a
preference in selection for certain public works if the architect, professional
engineer or professional land surveyor possesses a certificate of eligibility to
receive a preference when competing for public works.

Existing law provides that a public body which selects a design-build team
as a finalist in the selection process for a contract for a public work must
make public specified information concerning the design-build team and its
selection. (NRS 338.1725) **Section 7** of this bill adds a similar requirement
for the Department of Transportation to make public specified information
concerning a design-build team and the selection of that design-build team as
a finalist in the selection process for a contract for a project for the
construction, reconstruction or improvement of a highway. **Section 3** of this
bill requires that a public body must, after selecting but before entering into a
contract with a design professional who is not a member of a design-build
team, transmit certain information concerning the selection of the design profession to the licensing board that regulates the design professional. That licensing board must post the information on its Internet website.

the negligence, errors, omissions, recklessness or intentional misconduct of the employees, officers or agents of the public body.

If the insurer by which the design professional is insured against professional liability does not so defend the public body and the employees, officers and agents of the public body and the design professional is adjudicated to be liable by a trier of fact, the trier of fact shall award reasonable attorney's fees and costs to be paid to the public body by the design professional in an amount which is proportionate to the liability of the design professional.

A licensing board shall post any information received pursuant to this subsection within 1 business day after receiving such information.

4. As used in this section, "agents" means those persons who are directly involved in and acting on behalf of the public body or the design professional, as applicable, in furtherance of the contract or the public work to which the contract pertains.

Sec. 4. NRS 338.1725 is hereby amended to read as follows:

If the public body does not receive at least two preliminary proposals from design-build teams that the public body determines to be qualified pursuant to this section and NRS 338.1721, the public body may not contract with a design-build team for the design and construction of the public work.
2. The public body shall select finalists pursuant to subsection 1 by:
   (a) Verifying that each design-build team which submitted a preliminary proposal satisfies the requirements of NRS 338.1721; and
   (b) Conducting an evaluation of the qualifications of each design-build team that submitted a preliminary proposal, including, without limitation, an evaluation of:
      (1) The professional qualifications and experience of the members of the design-build team;
      (2) The performance history of the members of the design-build team concerning other recent, similar projects completed by those members, if any;
      (3) The safety programs established and the safety records accumulated by the members of the design-build team; and
      (4) The proposed plan of the design-build team to manage the design and construction of the public work that sets forth in detail the ability of the design-build team to design and construct the public work.
   (c) Except as otherwise provided in this paragraph, assigning, without limitation, a relative weight of 5 percent to the possession of both a certificate of eligibility to receive a preference in bidding on public works by all contractors on the design-build team and a certificate of eligibility to receive a preference when competing for public works by all design professionals on the design-build team. If any federal statute or regulation precludes the granting of federal assistance or reduces the amount of that assistance for a particular public work because of the provisions of this paragraph relating to a preference in bidding on public works or a preference when competing for public works, those provisions of this paragraph do not apply insofar as their application would preclude or reduce federal assistance for that public work.

3. After the selection of finalists pursuant to this section, the public body shall make available to the public the results of the evaluations of preliminary proposals conducted pursuant to paragraph (b) of subsection 2 and identify which of the finalists, if any, received an assignment of 5 percent pursuant to paragraph (c) of subsection 2.

Sec. 5. NRS 338.1727 is hereby amended to read as follows:

338.1727 1. After selecting the finalists pursuant to NRS 338.1725, the public body shall provide to each finalist a request for final proposals for the public work. The request for final proposals must:
   (a) Set forth the factors that the public body will use to select a design-build team to design and construct the public work, including the relative weight to be assigned to each factor; and
   (b) Set forth the date by which final proposals must be submitted to the public body.
2. If one or more of the finalists selected pursuant to NRS 338.1725 is disqualified or withdraws, the public body may select a design-build team from the remaining finalist or finalists.

3. Except as otherwise provided in this subsection, in assigning the relative weight to each factor for selecting a design-build team pursuant to subsection 1, the public body shall assign, without limitation, a relative weight of 5 percent to the possession of both a certificate of eligibility to receive a preference in bidding on public works by all contractors on the design-build team and a certificate of eligibility to receive a preference when competing for public works by all design professionals on the design-build team, and a relative weight of at least 30 percent to the proposed cost of design and construction of the public work. If any federal statute or regulation precludes the granting of federal assistance or reduces the amount of that assistance for a particular public work because of the provisions of this subsection relating to a preference in bidding on public works or a preference when competing for public works, those provisions of this subsection do not apply insofar as their application would preclude or reduce federal assistance for that public work.

4. A final proposal submitted by a design-build team pursuant to this section must be prepared thoroughly and be responsive to the criteria that the public body will use to select a design-build team to design and construct the public work described in subsection 1. A design-build team that submits a final proposal which is not responsive shall not be awarded the contract and shall not be eligible for the partial reimbursement of costs provided for in subsection 7.

5. A final proposal is exempt from the requirements of NRS 338.141.

6. After receiving and evaluating the final proposals for the public work, the public body, at a regularly scheduled meeting, shall:
   (a) Select the final proposal, using the criteria set forth pursuant to subsections 1 and 3, and award the design-build contract to the design-build team whose proposal is selected; or
   (b) Reject all the final proposals.

7. If a public body selects a final proposal and awards a design-build contract pursuant to paragraph (a) of subsection 6, the public body shall:
   (a) Partially reimburse the unsuccessful finalists if partial reimbursement was provided for in the request for preliminary proposals pursuant to paragraph (j) of subsection 2 of NRS 338.1723. The amount of reimbursement must not exceed, for each unsuccessful finalist, 3 percent of the total amount to be paid to the design-build team as set forth in the design-build contract.
   (b) Make available to the public the results of the evaluation of final proposals that was conducted and the ranking of the design-build teams who submitted final proposals. The public body shall not release to a third party, or otherwise make public, financial or proprietary information submitted by a design-build team.
8. A contract awarded pursuant to this section:
   (a) Must comply with the provisions of NRS 338.020 to 338.090, inclusive.
   (b) Must specify:
      (1) An amount that is the maximum amount that the public body will pay for the performance of all the work required by the contract, excluding any amount related to costs that may be incurred as a result of unexpected conditions or occurrences as authorized by the contract;
      (2) An amount that is the maximum amount that the public body will pay for the performance of the professional services required by the contract; and
      (3) A date by which performance of the work required by the contract must be completed.
   (c) May set forth the terms by which the design-build team agrees to name the public body, at the cost of the public body, as an additional insured in an insurance policy held by the design-build team.
   (d) Except as otherwise provided in paragraph (e), must not require the design professional to defend, indemnify or hold harmless the public body or the employees, officers or agents of that public body from any liability, damage, loss, claim, action or proceeding caused by the negligence, errors, omissions, recklessness or intentional misconduct of the employees, officers and agents of the public body.
   (e) May require the design-build team to defend, indemnify and hold harmless the public body, and the employees, officers and agents of the public body from any liabilities, damages, losses, claims, actions or proceedings, including, without limitation, reasonable attorneys' fees, that are caused by the negligence, errors, omissions, recklessness or intentional misconduct of the design-build team or the employees or agents of the design-build team in the performance of the contract.
   (f) Must require that the design-build team to whom a contract is awarded assume overall responsibility for ensuring that the design and construction of the public work is completed in a satisfactory manner.

9. Upon award of the design-build contract, the public body shall make available to the public copies of all preliminary and final proposals received.

Sec. 6. NRS 408.3883 is hereby amended to read as follows:

408.3883 1. The Department shall advertise for preliminary proposals for the design and construction of a project by a design-build team in a newspaper of general circulation in this State.

2. A request for preliminary proposals published pursuant to subsection 1 must include, without limitation:

(e) A statement setting forth the place and time in which a design-build team desiring to submit a proposal for the project may obtain the information necessary to submit a proposal, including, without limitation, the information set forth in subsection 3.

3. The Department shall maintain at the time and place set forth in the request for preliminary proposals the following information for inspection by a design-build team desiring to submit a proposal for the project:

(a) The extent to which designs must be completed for both preliminary and final proposals and any other requirements for the design and construction of the project that the Department determines to be necessary;

(b) A list of the requirements set forth in NRS 408.3884;

(c) A list of the factors that the Department will use to evaluate design-build teams who submit a proposal for the project, including, without limitation:

(1) The relative weight to be assigned to each factor pursuant to NRS 408.3886; and

(2) A disclosure of whether the factors that are not related to cost are, when considered as a group, more or less important in the process of evaluation than the factor of cost;

(d) Notice that a design-build team desiring to submit a proposal for the project must include with its proposal the information used by the Department to determine finalists among the design-build teams submitting proposals pursuant to subsection 2 of NRS 408.3885 and a description of that information;

(e) A statement that a design-build team whose prime contractor holds a certificate of eligibility to receive a preference in bidding on public works issued pursuant to NRS 338.1389 or 338.147 and whose members who hold a certificate of registration to practice architecture or a license as a professional engineer and who hold a certificate of eligibility to receive a preference when competing for public works issued pursuant to section 1 of this act should submit a copy of each certificate of eligibility with its proposal; and

(f) A statement as to whether a design-build team that is selected as a finalist pursuant to NRS 408.3885 but is not awarded the design-build contract pursuant to NRS 408.3886 will be partially reimbursed for the cost of preparing a final proposal or best and final offer, or both, and, if so, an estimate of the amount of the partial reimbursement.

Sec. 7. NRS 408.3885 is hereby amended to read as follows:

408.3885 1. The Department shall select at least three but not more than five finalists from among the design-build teams that submitted preliminary proposals. If the Department does not receive at least three
preliminary proposals from design-build teams that the Department determines to be qualified pursuant to this section and NRS 408.3884, the Department may not contract with a design-build team for the design and construction of the project.

2. The Department shall select finalists pursuant to subsection 1 by:
   (a) Verifying that each design-build team which submitted a preliminary proposal satisfies the requirements of NRS 408.3884;
   (b) Conducting an evaluation of the qualifications of each design-build team that submitted a preliminary proposal, including, without limitation, an evaluation of:
      (1) The professional qualifications and experience of the members of the design-build team;
      (2) The performance history of the members of the design-build team concerning other recent, similar projects completed by those members, if any;
      (3) The safety programs established and the safety records accumulated by the members of the design-build team;
      (4) The proposed plan of the design-build team to manage the design and construction of the project that sets forth in detail the ability of the design-build team to design and construct the project; and
      (5) The degree to which the preliminary proposal is responsive to the requirements of the Department for the submittal of a preliminary proposal;
   (c) Except as otherwise provided in this paragraph, assigning, without limitation, a relative weight of 5 percent to the possession of both a certificate of eligibility to receive a preference in bidding on public works by the prime contractor on the design-build team and a certificate of eligibility to receive a preference when competing for public works by all persons who hold a certificate of registration to practice architecture or a license as a professional engineer on the design-build team. If any federal statute or regulation precludes the granting of federal assistance or reduces the amount of that assistance for a particular public work because of the provisions of this paragraph relating to a preference in bidding on public works or a preference when competing for public works, those provisions of this paragraph do not apply insofar as their application would preclude or reduce federal assistance for that public work.

3. After the selection of finalists pursuant to this section, the Department shall make available to the public the results of the evaluations of preliminary proposals conducted pursuant to paragraph (b) of subsection 2 and identify which of the finalists, if any, received an assignment of 5 percent pursuant to paragraph (c) of subsection 2.

Sec. 8. NRS 408.3886 is hereby amended to read as follows:
1. After selecting the finalists pursuant to NRS 408.3885, the Department shall provide to each finalist a request for final proposals for the project. The request for final proposals must:
   (a) Set forth the factors that the Department will use to select a design-build team to design and construct the project, including the relative weight to be assigned to each factor; and
   (b) Set forth the date by which final proposals must be submitted to the Department.

2. Except as otherwise provided in this subsection, in assigning the relative weight to each factor for selecting a design-build team pursuant to subsection 1, the Department shall assign, without limitation, a relative weight of 5 percent to the possession of both a certificate of eligibility to receive a preference in bidding on public works by the prime contractor on the design-build team and a certificate of eligibility to receive a preference when competing for public works by all persons who hold a certificate of registration to practice architecture or a license as a professional engineer on the design-build team, and a relative weight of at least 30 percent for the proposed cost of design and construction of the project. If any federal statute or regulation precludes the granting of federal assistance or reduces the amount of that assistance for a particular project because of the provisions of this subsection relating to a preference in bidding on public works or a preference when competing for public works, those provisions of this subsection do not apply insofar as their application would preclude or reduce federal assistance for that project.

3. A final proposal submitted by a design-build team pursuant to this section must be prepared thoroughly, be responsive to the criteria that the Department will use to select a design-build team to design and construct the project described in subsection 1 and comply with the provisions of NRS 338.141.

4. After receiving the final proposals for the project, the Department shall:
   (a) Select the most cost-effective and responsive final proposal, using the criteria set forth pursuant to subsections 1 and 2;
   (b) Reject all the final proposals; or
   (c) Request best and final offers from all finalists in accordance with subsection 5.

5. If the Department determines that no final proposal received is cost-effective or responsive and the Department further determines that requesting best and final offers pursuant to this subsection will likely result in the submission of a satisfactory offer, the Department may prepare and provide to each finalist a request for best and final offers for the project. In conjunction with preparing a request for best and final offers pursuant to this subsection, the Department may alter the scope of the project, revise the estimates of the costs of designing and constructing the project, and revise the selection factors and relative weights described in paragraph (a) of
subsection 1. A request for best and final offers prepared pursuant to this subsection must set forth the date by which best and final offers must be submitted to the Department. After receiving the best and final offers, the Department shall:

(a) Select the most cost-effective and responsive best and final offer, using the criteria set forth in the request for best and final offers; or
(b) Reject all the best and final offers.

6. If the Department selects a final proposal pursuant to paragraph (a) of subsection 4 or selects a best and final offer pursuant to paragraph (a) of subsection 5, the Department shall hold a public meeting to:

(a) Review and ratify the selection.
(b) Partially reimburse the unsuccessful finalists if partial reimbursement was provided for in the request for preliminary proposals pursuant to paragraph (f) of subsection 3 of NRS 408.3883. The amount of reimbursement must not exceed, for each unsuccessful finalist, 3 percent of the total amount to be paid to the design-build team as set forth in the design-build contract.
(c) Make available to the public a summary setting forth the factors used by the Department to select the successful design-build team and the ranking of the design-build teams who submitted final proposals and, if applicable, best and final offers. The Department shall not release to a third party, or otherwise make public, financial or proprietary information submitted by a design-build team.

7. A contract awarded pursuant to this section:

(a) Must comply with the provisions of NRS 338.020 to 338.090, inclusive; and
(b) Must specify:

(1) An amount that is the maximum amount that the Department will pay for the performance of all the work required by the contract, excluding any amount related to costs that may be incurred as a result of unexpected conditions or occurrences as authorized by the contract;
(2) An amount that is the maximum amount that the Department will pay for the performance of the professional services required by the contract; and
(3) A date by which performance of the work required by the contract must be completed.

8. A design-build team to whom a contract is awarded pursuant to this section shall:

(a) Assume overall responsibility for ensuring that the design and construction of the project is completed in a satisfactory manner; and
(b) Use the workforce of the prime contractor on the design-build team to construct at least 15 percent of the project.

Sec. 9. NRS 625.530 is hereby amended to read as follows:

625.530 Except as otherwise provided in NRS 338.1711 to 338.1727, inclusive, and section 1 of this act and 408.3875 to 408.3887, inclusive:
1. The State of Nevada or any of its political subdivisions, including a county, city or town, shall not engage in any public work requiring the practice of professional engineering or land surveying, unless the maps, plans, specifications, reports and estimates have been prepared by, and the work executed under the supervision of, a professional engineer, professional land surveyor or registered architect.

2. The provisions of this section do not:
   (a) Apply to any public work wherein the expenditure for the complete project of which the work is a part does not exceed $35,000.
   (b) Include any maintenance work undertaken by the State of Nevada or its political subdivisions.
   (c) Authorize a professional engineer, registered architect or professional land surveyor to practice in violation of any of the provisions of this chapter or chapter 623 of NRS.
   (d) Require the services of an architect registered pursuant to the provisions of chapter 623 of NRS for the erection of buildings or structures manufactured in an industrial plant, if those buildings or structures meet the requirements of local building codes of the jurisdiction in which they are being erected.

3. The selection of a professional engineer, professional land surveyor or registered architect to perform services pursuant to subsection 1 must be made on the basis of the competence and qualifications of the engineer, land surveyor or architect for the type of services to be performed and not on the basis of competitive fees. If, after selection of the engineer, land surveyor or architect, an agreement upon a fair and reasonable fee cannot be reached with him or her, the public agency may terminate negotiations and select another engineer, land surveyor or architect. Except as otherwise provided in this subsection, in assigning the relative weight to each factor for selecting a professional engineer, professional land surveyor or registered architect pursuant to this subsection, the public agency shall assign, without limitation, a relative weight of 5 percent to the possession of a certificate of eligibility to receive a preference when competing for public works. If any federal statute or regulation precludes the granting of federal assistance or reduces the amount of that assistance for a particular public work because of the provisions of this subsection relating to a preference when competing for public works, those provisions of this subsection do not apply insofar as their application would preclude or reduce federal assistance for that public work.

Sec. 10. The State Board of Architecture, Interior Design and Residential Design, the State Board of Landscape Architecture and the State Board of Professional Engineers and Land Surveyors shall, before October 1, 2011, adopt any regulations which are required by or necessary to carry out the provisions of this act.

Sec. 11. This act becomes effective:
1. Upon passage and approval for the purposes of adopting regulations and performing any other preparatory administrative tasks that are necessary to carry out the provisions of this act; and
2. On October 1, 2011, for all other purposes.

Senator Lee requested that his remarks be entered in the Journal.

Amendment No. 188 to Senate Bill No. 268 partially changes the eligibility criteria for the preference to specify that the design professional must have paid an excise tax, which is based on the sum of all wages, of not less than $1,500 annually for five consecutive years, and deletes language that would have required the rankings of the design-build teams who submitted preliminary proposals be made public and instead requires that the identity of the finalists who received a preference in bidding or competing for the public work be made public.

Senate Bill No. 277.
Bill read second time.
The following amendment was proposed by the Committee on Judiciary:
Amendment No. 229.
"SUMMARY—Revises provisions governing certain acts by juveniles relating to the possession, transmission and distribution of certain sexual images. (BDR 15-10)"
"AN ACT relating to juveniles; prohibiting, under certain circumstances, a minor from using an electronic communication device to possess, transmit or distribute certain sexual images of a minor; clarifying the definition of "cyber-bullying" for the purposes of certain provisions relating to education; and providing other matters properly relating thereto."

Legislative Counsel's Digest:
Existing law prohibits a person, under certain circumstances, from distributing to a minor material that is harmful to minors. Such material includes certain nude pictures of a person. If an adult violates these provisions, the adult is generally guilty of a misdemeanor. (NRS 201.265) If a minor violates these provisions, the minor may be adjudicated delinquent. (NRS 62B.330) Existing law also prohibits a person from committing certain acts regarding pornography involving minors. (NRS 200.700-200.760) If an adult violates these provisions, the adult is guilty of a felony and is subject to registration and community notification as a sex offender. (NRS 179D.010-179D.550) If a minor violates these provisions, the minor may be adjudicated delinquent and subject to registration and community notification as a juvenile sex offender. (Chapter 62F of NRS) This bill provides an alternative prohibition with alternative penalties for violating that alternative prohibition which can be applied to certain minors instead of the penalties in existing law. Thus, this bill preserves prosecutorial discretion in addressing this issue.
Section 1 of this bill prohibits, under certain circumstances, a minor from using an electronic communication device, such as a cell phone, to possess, transmit or distribute a sexual image of himself or herself or of another minor. A minor who uses an electronic communication device to transmit or distribute a sexual image of himself or herself is considered a child in need of supervision for the purposes of the laws governing juvenile justice for the first violation, and is considered to have committed a delinquent act for a second or subsequent violation. A minor who uses an electronic communication device to possess a sexual image of another minor is considered a child in need of supervision, while a minor who uses an electronic communication device to transmit or distribute a sexual image of another minor is considered to have committed a delinquent act. Section 1 also provides that a minor who violates the provisions of section 1 is not considered a sex offender and is not subject to registration or community notification as a juvenile sex offender or as a sex offender.

Existing law requires the Department of Education to prescribe a policy for all school districts and public schools to provide a safe and respectful learning environment that is free of bullying, cyber-bullying, harassment and intimidation, including the provision of training to school personnel and requirements for reporting violations of the policy. (NRS 388.121-388.139) Section 4 of this bill revises the definition of "cyber-bullying" to clarify that the term includes the use of electronic communication to transmit or distribute a sexual image of a minor.

This revised definition of "cyber-bullying" also applies to certain other provisions related to education. Specifically, the term applies to existing law which requires the Council to Establish Academic Standards for Public Schools to establish the standards of content and performance for courses of study in computer education and technology. (NRS 389.520) Those standards must include a policy for the ethical, safe and secure use of computers and other electronic devices which includes methods to ensure the prevention of cyber-bullying. Further, the revised definition applies to existing law which prohibits a person from using any means of oral, written or electronic communication, including the use of cyber-bullying, to knowingly threaten to cause bodily harm or death to a pupil or school employee with the intent to: (1) intimidate, frighten, alarm or distress the pupil or school employee; (2) cause panic or civil unrest; or (3) interfere with the operation of a public school. (NRS 392.915)

WHEREAS, The Legislature has taken a strong stance with regard to protecting children from the harmful effects of child pornography and in doing so has enacted several statutes which impose severe penalties for persons who violate Nevada's child pornography laws; and

WHEREAS, Existing law provides that if an adult violates those child pornography laws, the adult is guilty of a felony and subject to registration and community notification as a sex offender; and
WHEREAS, Existing law also provides that if a child violates those child pornography laws, the child may be adjudicated delinquent and subject to registration and community notification as a juvenile sex offender; and

WHEREAS, The rapid advancement of new technology, such as cell phones with cameras, has created the unintended consequence of making it easy for children to violate these child pornography laws; and

WHEREAS, A significant number of children regularly use cellular phones and computers to communicate with their peers, and the act of sending such communications can be completed in a matter of seconds; and

WHEREAS, Some elements of popular culture aimed at children and young adults glamorize and urge others to engage in the act commonly referred to as "sexting," the act of sending or posting sexual images of oneself or another via a computer, cellular phone or other electronic device; and

WHEREAS, An increasing number of children use such technology to engage in the act of sexting; and

WHEREAS, Children often act without fully contemplating the potential grave consequences of their actions, including, without limitation, the serious penalties imposed for violating child pornography laws, the requirement to register as a sex offender for violating such laws, the negative effect on relationships, the loss of educational and employment opportunities, the use of such materials in bullying and cyber-bullying, and the distribution of such materials on the Internet to a worldwide audience; and

WHEREAS, It is important to educate children about the serious consequences of engaging in sexting and to provide an effective and measured response to children who engage in such behavior without imposing penalties on these children which will severely, negatively and, in many cases, permanently alter these children's lives; now, therefore,

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

Sec. 4. NRS 388.123 is hereby amended to read as follows:
"Cyber-bullying" means bullying through the use of electronic communication. The term includes the use of electronic communication to transmit or distribute a sexual image of a minor. As used in this section, "sexual image" has the meaning ascribed to it in section 1 of this act.

Sec. 5. This act becomes effective on July 1, 2011.

Senator Wiener moved the adoption of the amendment.

Remarks by Senator Wiener.

Senator Wiener requested that her remarks be entered in the Journal.

The amendment provides that a minor who transmits an image of himself or herself is a minor in need of supervision for the first offense and is considered a delinquent for a second or subsequent offense. Additionally, a minor who possesses a sexual image of another minor is considered a child in need of supervision, but if that image is transmitted or distributed, the minor commits a delinquent act.

The amendment also adds "school official" as an authority to whom a minor may report such an image.

Amendment No. 187.

"SUMMARY—Authorizes the issuance of a temporary permit to appropriate water to establish fire-resistant vegetative cover in certain areas. (BDR 48-285)"

"AN ACT relating to water; authorizing the issuance of a temporary permit to appropriate water to establish fire-resistant vegetative cover in certain areas; and providing other matters properly relating thereto."

Legislative Counsel's Digest:

Section 1 of this bill authorizes a person to apply to the State Engineer for the issuance of a temporary permit to appropriate water to establish vegetative cover that is resistant to fire in an area that has been burned by a wildfire or to prevent or reduce the impact of a wildfire in an area. Unless extended by the State Engineer, the duration of such a temporary permit is limited to [one growing season of the vegetative cover] 1 year. Section 2 of this bill declares the use of water to prevent or reduce the impact of wildfires or to rehabilitate areas burned by wildfires as a policy of the State.

Sections 3-7 of this bill exempt an application for such a temporary permit from several requirements in existing law for applications for permits concerning water rights, including publication of notice of the application in a newspaper and authorization for the filing of protests against the granting of the application. This expedited process is similar to the process for the
issuance of environmental permits by the State Engineer. (NRS 533.437-533.4377)

Section 8 of this bill requires the State Forester Firewarden, upon the request of the State Engineer, to review the plan for establishing the vegetative cover that is required to be submitted by the applicant for the temporary permit.

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

Section 1. Chapter 533 of NRS is hereby amended by adding thereto a new section to read as follows:

1. A person may apply for a temporary permit to appropriate water to establish vegetative cover that is resistant to fire in an area that has been burned by a wildfire or to prevent or reduce the impact of a wildfire in an area.

2. In addition to the information required by NRS 533.335, an applicant for a temporary permit shall submit to the State Engineer:
   (a) A plan for establishing vegetative cover that is resistant to fire in the area;
   (b) Any other information which is necessary for a full understanding of the necessity of the appropriation; and
   (c) For:
      (1) Examining and filing the application for the temporary permit, $150.
      (2) Issuing and recording the temporary permit, $200.

3. The State Engineer may forward a plan submitted pursuant to subsection 2 to the State Forester Firewarden for his or her review and comments.

4. The State Engineer shall approve an application for a temporary permit if:
   (a) The application is accompanied by the prescribed fees;
   (b) The appropriation is in the public interest; and
   (c) The appropriation does not impair water rights held by other persons.

5. A temporary permit issued pursuant to this section must not exceed 1 year in duration, but may be extended by the State Engineer in increments not to exceed 1 year in duration.

Sec. 2. NRS 533.024 is hereby amended to read as follows:

333.024 The Legislature declares that:

1. It is the policy of this State:
   (a) To encourage and promote the use of effluent, where that use is not contrary to the public health, safety or welfare, and where that use does not interfere with federal obligations to deliver water of the Colorado River.
   (b) To recognize the importance of domestic wells as appurtenances to private homes, to create a protectable interest in such wells and to protect
their supply of water from unreasonable adverse effects which are caused by municipal, quasi-municipal or industrial uses and which cannot reasonably be mitigated.

(c) To encourage the State Engineer to consider the best available science in rendering decisions concerning the available surface and underground sources of water in Nevada.

(d) To encourage and promote the use of water to prevent or reduce the spread of wildfire or to rehabilitate areas burned by wildfire, including, without limitation, through the establishment of vegetative cover that is resistant to fire.

2. The procedures in this chapter for changing the place of diversion, manner of use or place of use of water, and for confirming a report of conveyance, are not intended to have the effect of quieting title to or changing ownership of a water right and that only a court of competent jurisdiction has the power to determine conflicting claims to ownership of a water right.

Sec. 3. NRS 533.360 is hereby amended to read as follows:

533.360 1. Except as otherwise provided in subsection 4, NRS 533.345 and subsection 5 of NRS 533.370, when an application is filed in compliance with this chapter, the State Engineer shall, within 30 days, publish or cause to be published once a week for 4 consecutive weeks in a newspaper of general circulation and printed and published in the county where the water is sought to be appropriated, a notice of the application which sets forth:

(a) That the application has been filed.
(b) The date of the filing.
(c) The name and address of the applicant.
(d) The name of the source from which the appropriation is to be made.
(e) The location of the place of diversion, described by legal subdivision or metes and bounds and by a physical description of that place of diversion.
(f) The purpose for which the water is to be appropriated.

The publisher shall add thereto the date of the first publication and the date of the last publication.

2. Except as otherwise provided in subsection 4, proof of publication must be filed within 30 days after the final day of publication. The State Engineer shall pay for the publication from the application fee. If the application is cancelled for any reason before publication, the State Engineer shall return to the applicant that portion of the application fee collected for publication.

3. If the application is for a proposed well:
   (a) For municipal, quasi-municipal or industrial use; and
   (b) Whose reasonably expected rate of diversion is one-half cubic foot per second or more,

the applicant shall mail a copy of the notice of application to each owner of real property containing a domestic well that is within 2,500 feet of the proposed well, to the owner's address as shown in the latest records of the
county assessor. If there are not more than six such wells, notices must be
to each owner by certified mail, return receipt requested. If there are
more than six such wells, at least six notices must be sent to owners by
certified mail, return receipt requested. The return receipts from these notices
must be filed with the State Engineer before the State Engineer may consider
the application.

4. The provisions of this section do not apply to an environmental permit
or a temporary permit issued pursuant to section 1 of this act.

Sec. 4. NRS 533.363 is hereby amended to read as follows:

533.363 1. Except as otherwise provided in subsection 2, if water for
which a permit is requested is to be used in a county other than that county in
which it is to be appropriated, or is to be diverted from or used in a different
county than that in which it is currently being diverted or used, then the State
Engineer shall give notice of the receipt of the request for the permit to:

(a) The board of county commissioners of the county in which the water
for which the permit is requested will be appropriated or is currently being
diverted or used; and

(b) The board of county commissioners of the county in which the water
will be diverted or used.

2. The provisions of subsection 1 do not apply:

(a) To an environmental permit
or a temporary permit issued pursuant
to section 1 of this act.

(b) If:

(1) The water is to be appropriated and used; or
(2) Both the current and requested place of diversion or use of the water
are,
within a single, contiguous parcel of real property.

3. A person who requests a permit to which the provisions of
subsection 1 apply shall submit to each appropriate board of county
commissioners a copy of the application and any information relevant to the
request.

4. Each board of county commissioners which is notified of a request for
a permit pursuant to this section shall consider the request at the next regular
or special meeting of the board held not earlier than 3 weeks after the notice
is received. The board shall provide public notice of the meeting for
3 consecutive weeks in a newspaper of general circulation in its county. The
notice must state the time, place and purpose of the meeting. At the
conclusion of the meeting the board may recommend a course of action to
the State Engineer, but the recommendation is not binding on the State
Engineer.

Sec. 5. NRS 533.370 is hereby amended to read as follows:

533.370 1. Except as otherwise provided in this section and
NRS 533.345, 533.371, 533.372 and 533.503, the State Engineer shall
approve an application submitted in proper form which contemplates the
application of water to beneficial use if:
(a) The application is accompanied by the prescribed fees;
(b) The proposed use or change, if within an irrigation district, does not adversely affect the cost of water for other holders of water rights in the district or lessen the efficiency of the district in its delivery or use of water; and
(c) The applicant provides proof satisfactory to the State Engineer of the applicant's:
   (1) Intention in good faith to construct any work necessary to apply the water to the intended beneficial use with reasonable diligence; and
   (2) Financial ability and reasonable expectation actually to construct the work and apply the water to the intended beneficial use with reasonable diligence.

2. Except as otherwise provided in this subsection and subsections 3 and 11 and NRS 533.365, the State Engineer shall approve or reject each application within 1 year after the final date for filing a protest. The State Engineer may:
   (a) Postpone action upon written authorization to do so by the applicant or, if an application is protested, by the protestant and the applicant.
   (b) Postpone action if the purpose for which the application was made is municipal use.
   (c) In areas where studies of water supplies have been determined to be necessary by the State Engineer pursuant to NRS 533.368 or where court actions are pending, withhold action until it is determined there is unappropriated water or the court action becomes final.

3. Except as otherwise provided in subsection 11, the State Engineer shall approve or reject, within 6 months after the final date for filing a protest, an application filed to change the point of diversion of water already appropriated when the existing and proposed points of diversion are on the same property for which the water has already been appropriated under the existing water right or the proposed point of diversion is on real property that is proven to be owned by the applicant and is contiguous to the place of use of the existing water right. The State Engineer may:
   (a) Postpone action upon written authorization to do so by the applicant or, if the application is protested, by the protestant and the applicant.
   (b) In areas where studies of water supplies have been determined to be necessary by the State Engineer pursuant to NRS 533.368 or where court actions are pending, withhold action until it is determined there is unappropriated water or the court action becomes final.

4. If the State Engineer does not act upon an application within 1 year after the final date for filing a protest, the application remains active until acted upon by the State Engineer.

5. Except as otherwise provided in subsection 11, where there is no unappropriated water in the proposed source of supply, or where its proposed use or change conflicts with existing rights or with protectable interests in existing domestic wells as set forth in NRS 533.024, or threatens to prove
detrimental to the public interest, the State Engineer shall reject the application and refuse to issue the requested permit. If a previous application for a similar use of water within the same basin has been rejected on those grounds, the new application may be denied without publication.

6. In determining whether an application for an interbasin transfer of groundwater must be rejected pursuant to this section, the State Engineer shall consider:
   (a) Whether the applicant has justified the need to import the water from another basin;
   (b) If the State Engineer determines that a plan for conservation of water is advisable for the basin into which the water is to be imported, whether the applicant has demonstrated that such a plan has been adopted and is being effectively carried out;
   (c) Whether the proposed action is environmentally sound as it relates to the basin from which the water is exported;
   (d) Whether the proposed action is an appropriate long-term use which will not unduly limit the future growth and development in the basin from which the water is exported; and
   (e) Any other factor the State Engineer determines to be relevant.

7. If a hearing is held regarding an application, the decision of the State Engineer must be in writing and include findings of fact, conclusions of law and a statement of the underlying facts supporting the findings of fact. The written decision may take the form of a transcription of an oral ruling. The rejection or approval of an application must be endorsed on a copy of the original application, and a record must be made of the endorsement in the records of the State Engineer. The copy of the application so endorsed must be returned to the applicant. Except as otherwise provided in subsection 12, if the application is approved, the applicant may, on receipt thereof, proceed with the construction of the necessary works and take all steps required to apply the water to beneficial use and to perfect the proposed appropriation. If the application is rejected, the applicant may take no steps toward the prosecution of the proposed work or the diversion and use of the public water while the rejection continues in force.

8. If:
   (a) The State Engineer receives an application to appropriate any of the public waters, or to change the point of diversion, manner of use or place of use of water already appropriated;
   (b) The application involves an amount of water exceeding 250 acre-feet per annum;
   (c) The application involves an interbasin transfer of groundwater; and
   (d) Within 7 years after the date of last publication of the notice of application, the State Engineer has not granted the application, denied the application, held an administrative hearing on the application or issued a permit in response to the application,
9. Except as otherwise provided in subsection 10, a person who is a successor in interest to a protestant or an affected water right owner who wishes to protest an application in accordance with a new period of protest noticed pursuant to subsection 8 shall, within 45 days after the date on which the notification was entered and mailed, file with the State Engineer a written protest that complies with the provisions of this chapter and with the regulations adopted by the State Engineer, including, without limitation, any regulations prescribing the use of particular forms or requiring the payment of certain fees.

10. If a person is the successor in interest of an owner of a water right or an owner of real property upon which a domestic well is located and if the former owner of the water right or real property on which a domestic well is located had previously filed a written protest against the granting of an application, the successor in interest must be allowed to pursue that protest in the same manner as if the successor in interest were the former owner whose interest he or she succeeded. If the successor in interest wishes to pursue the protest, the successor in interest must notify the State Engineer on a form provided by the State Engineer.

11. The provisions of subsections 1 to 6, inclusive, do not apply to an application for an environmental permit or a temporary permit issued pursuant to section 1 of this act.

12. The provisions of subsection 7 do not authorize the recipient of an approved application to use any state land administered by the Division of State Lands of the State Department of Conservation and Natural Resources without the appropriate authorization for that use from the State Land Registrar.

13. As used in this section:
   (a) "County of origin" means the county from which groundwater is transferred or proposed to be transferred.
   (b) "Domestic well" has the meaning ascribed to it in NRS 534.350.

Sec. 6. NRS 533.380 is hereby amended to read as follows:

533.380 1. Except as otherwise provided in subsection 5, in an endorsement of approval upon any application, the State Engineer shall:
   (a) Set a time before which the construction of the work must be completed, which must be within 5 years after the date of approval.
   (b) Except as otherwise provided in this paragraph, set a time before which the complete application of water to a beneficial use must be made, which must not exceed 10 years after the date of the approval. The time set
under this paragraph respecting an application for a permit to apply water to a municipal or quasi-municipal use on any land:

1. For which a final subdivision map has been recorded pursuant to chapter 278 of NRS;

2. For which a plan for the development of a project has been approved by the local government pursuant to NRS 278.010 to 278.460, inclusive; or

3. On any land for which a plan for the development of a planned unit development has been recorded pursuant to chapter 278A of NRS, must not be less than 5 years.

2. The State Engineer may limit the applicant to a smaller quantity of water, to a shorter time for the completion of work, and, except as otherwise provided in paragraph (b) of subsection 1, to a shorter time for the perfecting of the application than named in the application.

3. Except as otherwise provided in subsection 4 and NRS 533.395 and 533.4377, the State Engineer may, for good cause shown, grant any number of extensions of time within which construction work must be completed, or water must be applied to a beneficial use under any permit therefor issued by the State Engineer, but a single extension of time for a municipal or quasi-municipal use for a public water system, as defined in NRS 445A.235, must not exceed 5 years, and any other single extension of time must not exceed 1 year. An application for the extension must in all cases be:

   (a) Made within 30 days following notice by registered or certified mail that proof of the work is due as provided for in NRS 533.390 and 533.410; and

   (b) Accompanied by proof and evidence of the reasonable diligence with which the applicant is pursuing the perfection of the application.

The State Engineer shall not grant an extension of time unless the State Engineer determines from the proof and evidence so submitted that the applicant is proceeding in good faith and with reasonable diligence to perfect the application. The failure to provide the proof and evidence required pursuant to this subsection is prima facie evidence that the holder is not proceeding in good faith and with reasonable diligence to perfect the application.

4. Except as otherwise provided in subsection 5 and NRS 533.395, whenever the holder of a permit issued for any municipal or quasi-municipal use of water on any land referred to in paragraph (b) of subsection 1, or for any use which may be served by a county, city, town, public water district or public water company, requests an extension of time to apply the water to a beneficial use, the State Engineer shall, in determining whether to grant or deny the extension, consider, among other factors:

   (a) Whether the holder has shown good cause for not having made a complete application of the water to a beneficial use;

   (b) The number of parcels and commercial or residential units which are contained in or planned for the land being developed or the area being served by the county, city, town, public water district or public water company;
(c) Any economic conditions which affect the ability of the holder to make a complete application of the water to a beneficial use;

(d) Any delays in the development of the land or the area being served by the county, city, town, public water district or public water company which were caused by unanticipated natural conditions; and

(e) The period contemplated in the:

(1) Plan for the development of a project approved by the local government pursuant to NRS 278.010 to 278.460, inclusive; or

(2) Plan for the development of a planned unit development recorded pursuant to chapter 278A of NRS,

if any, for completing the development of the land.

5. The provisions of subsections 1 and 4 do not apply to an environmental permit or a temporary permit issued pursuant to section 1 of this act.

6. For the purposes of this section, the measure of reasonable diligence is the steady application of effort to perfect the application in a reasonably expedient and efficient manner under all the facts and circumstances. When a project or integrated system is composed of several features, work on one feature of the project or system may be considered in finding that reasonable diligence has been shown in the development of water rights for all features of the entire project or system.

Sec. 7. NRS 533.400 is hereby amended to read as follows:

533.400 1. Except as otherwise provided in subsection 2, on or before the date set in the endorsement of a permit for the application of water to beneficial use, or on the date set by the State Engineer under a proper application for extension therefor, any person holding a permit from the State Engineer to appropriate the public waters of the State of Nevada, to change the place of diversion or the manner or place of use, shall file with the State Engineer a statement under oath, on a form prescribed by the State Engineer. The statement must include:

(a) The name and post office address of the person making the proof.

(b) The number and date of the permit for which proof is made.

(c) The source of the water supply.

(d) The name of the canal or other works by which the water is conducted to the place of use.

(e) The name of the original person to whom the permit was issued.

(f) The purpose for which the water is used.

(g) If for irrigation, the actual number of acres of land upon which the water granted in the permit has been beneficially used, giving the same by 40-acre legal subdivisions when possible.

(h) An actual measurement taken by a licensed state water right surveyor or an official or employee of the Office of the State Engineer of the water diverted for beneficial use.

(i) The capacity of the works of diversion.
(j) If for power, the dimensions and capacity of the flume, pipe, ditch or other conduit.

(k) The average grade and difference in elevation between the termini of any conduit.

(l) The number of months, naming them, in which water has been beneficially used.

(m) The amount of water beneficially used, taken from actual measurements, together with such other data as the State Engineer may require to become acquainted with the amount of the appropriation for which the proof is filed.

2. The provisions of subsection 1 do not apply to a person holding an environmental permit or a temporary permit issued pursuant to section 1 of this act.

Sec. 8. NRS 472.040 is hereby amended to read as follows:

472.040 1. The State Forester Firewarden shall:

(a) Supervise or coordinate all forestry and watershed work on state-owned and privately owned lands, including fire control, in Nevada, working with federal agencies, private associations, counties, towns, cities or private persons.

(b) Administer all fire control laws and all forestry laws in Nevada outside of townsite boundaries, and perform any other duties designated by the Director of the State Department of Conservation and Natural Resources or by state law.

(c) Assist and encourage county or local fire protection districts to create legally constituted fire protection districts where they are needed and offer guidance and advice in their operation.

(d) Designate the boundaries of each area of the State where the construction of buildings on forested lands creates such a fire hazard as to require the regulation of roofing materials.

(e) Adopt and enforce regulations relating to standards for fire retardant roofing materials to be used in the construction, alteration, change or repair of buildings located within the boundaries of fire hazardous forested areas.

(f) Purchase communication equipment which can use the microwave channels of the state communications system and store this equipment in regional locations for use in emergencies.

(g) Administer money appropriated and grants awarded for fire prevention, fire control and the education of firefighters and award grants of money for those purposes to fire departments and educational institutions in this State.

(h) Determine the amount of wages that must be paid to offenders who participate in conservation camps and who perform work relating to fire fighting and other work projects of conservation camps.

(i) Cooperate with the State Fire Marshal in the enforcement of all laws and the adoption of regulations relating to the prevention of fire through the
management of vegetation in counties located within or partially within the Lake Tahoe Basin and the Lake Mead Basin.

(j) Assess the codes, rules and regulations which are adopted by other agencies that have specific regulatory authority within the Lake Tahoe Basin and the Lake Mead Basin, and which are not subject to the authority of a state or local fire agency, for consistency with fire codes, rules and regulations.

(k) Ensure that any adopted regulations are consistent with those of fire protection districts created pursuant to chapter 318, 473 or 474 of NRS.

(l) Upon the request of the State Engineer, review a plan submitted with an application for the issuance of a temporary permit pursuant to section 1 of this act.

2. The State Forester Firewarden in carrying out the provisions of this chapter may:

(a) Appoint paid foresters and firewardens to enforce the provisions of the laws of this State respecting forest and watershed management or the protection of forests and other lands from fire, subject to the approval of the board of county commissioners of each county concerned.

(b) Appoint suitable citizen-wardens. Citizen-wardens serve voluntarily except that they may receive compensation when an emergency is declared by the State Forester Firewarden.

(c) Appoint, upon the recommendation of the appropriate federal officials, resident officers of the United States Forest Service and the United States Bureau of Land Management as voluntary firewardens. Voluntary firewardens are not entitled to compensation for their services.

(d) Appoint certain paid foresters or firewardens to be arson investigators.

(e) Employ, with the consent of the Director of the State Department of Conservation and Natural Resources, clerical assistance, county and district coordinators, patrol officers, firefighters, and other employees as needed, and expend such sums as may be necessarily incurred for this purpose.

(f) Purchase, or acquire by donation, supplies, material, equipment and improvements necessary to fire protection and forest and watershed management.

(g) With the approval of the Director of the State Department of Conservation and Natural Resources and the State Board of Examiners, purchase or accept the donation of real property to be used for lookout sites and for other administrative, experimental or demonstration purposes. No real property may be purchased or accepted unless an examination of the title shows the property to be free from encumbrances, with title vested in the grantor. The title to the real property must be examined and approved by the Attorney General.

(h) Expend any money appropriated by the State to the Division of Forestry of the State Department of Conservation and Natural Resources for paying expenses incurred in fighting fires or in emergencies which threaten human life.
3. The State Forester Firewarden, in carrying out the powers and duties granted in this section, is subject to administrative supervision by the Director of the State Department of Conservation and Natural Resources.

This bill increases the penalty for engaging in such acts from a misdemeanor to a category E felony which is punishable by imprisonment in the state prison for a minimum term of not less than 1 year and a maximum term of not more than 4 years and the court may also impose a fine of not more than $5,000. For this category of felony, the court is required to grant probation except in certain circumstances.

Amendment No. 203.
"SUMMARY—Revises provisions relating to annexation of territory by certain unincorporated towns. (BDR 20-228)"
"AN ACT relating to unincorporated towns; providing for the extension of the debts, laws, ordinances, regulations and municipal taxes of an unincorporated town to any territory annexed by the unincorporated town; and providing other matters properly relating thereto."

Legislative Counsel's Digest:
Under existing law, when a city in a county whose population is [400,000] 700,000 or more (currently Clark County) annexes territory, that territory and its inhabitants and property become subject to the debts, laws, ordinances and regulations of the city and are entitled to the same privileges and benefits as other parts of the city. Additionally, the territory is subject to the municipal
taxes of the city levied for the fiscal year following the date of annexation. (NRS 268.598)

This bill establishes the same provisions for an unincorporated town that annexes territory in a county whose population is 700,000 or more.

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN
SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

Section 1. Chapter 269 of NRS is hereby amended by adding thereto a new section to read as follows:

In a county whose population is 700,000 or more, from and after the effective date of the annexation of territory by an unincorporated town, the territory annexed and its inhabitants and property are subject to all debts, laws, ordinances and regulations in force in the annexing unincorporated town and are entitled to the same privileges and benefits as other parts of the annexing unincorporated town. The newly annexed territory is subject to municipal taxes levied by the annexing unincorporated town for the fiscal year following the effective date of annexation.

Sec. 2. This act becomes effective on July 1, 2011.

Senator Lee moved the adoption of the amendment.
Remarks by Senator Lee.
Senator Lee requested that his remarks be entered in the Journal.
Amendment No. 203 to Senate Bill No. 393 clarifies that the "municipal taxes" referred to in Senate Bill No. 393 are those associated only with the annexing unincorporated town. It makes the standard technical correction to the new population threshold for Clark County which in the future, on new legislation, will not be 400,000; it will now be a 700,000 population threshold.

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

Section 1. NRS 107.030 is hereby amended to read as follows:

107.030 Every deed of trust made after March 29, 1927, may adopt by reference all or any of the following covenants, agreements, obligations, rights and remedies:

1. COVENANT NO. 1. That grantor agrees to pay and discharge at maturity all taxes and assessments and all other charges and encumbrances which now are or shall hereafter be, or appear to be, a lien upon the trust premises, or any part thereof; and that grantor will pay all interest or installments due on any prior encumbrance, and that in default thereof, beneficiary may, without demand or notice, pay the same, and beneficiary shall be sole judge of the legality or validity of such taxes, assessments, charges or encumbrances, and the amount necessary to be paid in satisfaction or discharge thereof.

2. COVENANT NO. 2. That the grantor will at all times keep the buildings and improvements which are now or shall hereafter be erected upon the premises insured against loss or damage by fire, to the amount of at least $...., by some insurance company or companies approved by beneficiary, the policies for which insurance shall be made payable, in case of loss, to beneficiary, and shall be delivered to and held by the beneficiary as further security; and that in default thereof, beneficiary may procure such insurance, not exceeding the amount aforesaid, to be effected either upon the interest of trustee or upon the interest of grantor, or his or her assigns, and in their names, loss, if any, being made payable to beneficiary, and may pay and expend for premiums for such insurance such sums of money as the beneficiary may deem necessary.

3. COVENANT NO. 3. That if, during the existence of the trust, there be commenced or pending any suit or action affecting the conveyed premises, or any part thereof, or the title thereto, or if any adverse claim for or against the
premises, or any part thereof, be made or asserted, the trustee or beneficiary may appear or intervene in the suit or action and retain counsel therein and defend same, or otherwise take such action therein as they may be advised, and may settle or compromise same or the adverse claim; and in that behalf and for any of the purposes may pay and expend such sums of money as the trustee or beneficiary may deem to be necessary.

4. COVENANT NO. 4. That the grantor will pay to trustee and to beneficiary respectively, on demand, the amounts of all sums of money which they shall respectively pay or expend pursuant to the provisions of the implied covenants of this section, or any of them, together with interest upon each of the amounts, until paid, from the time of payment thereof, at the rate of ........ percent per annum.

5. COVENANT NO. 5. That in case grantor shall well and truly perform the obligation or pay or cause to be paid at maturity the debt or promissory note, and all moneys agreed to be paid, and interest thereon for the security of which the transfer is made, and also the reasonable expenses of the trust in this section specified, then the trustee, its successors or assigns, shall reconvey to the grantor all the estate in the premises conveyed to the trustee by the grantor. Any part of the trust property may be reconveyed at the request of the beneficiary.

6. COVENANT NO. 6. That if default be made in the performance of the obligation, or in the payment of the debt, or interest thereon, or any part thereof, or in the payment of any of the other moneys agreed to be paid, or of any interest thereon, or if any of the conditions or covenants in this section adopted by reference be violated, and if the notice of breach and election to sell, required by this chapter, be first recorded, then trustee, its successors or assigns, shall sell the above-granted premises, or such part thereof as in its discretion it shall find necessary to sell, in order to accomplish the objects of these trusts, in the manner following, namely:

The trustees shall first give notice of the time and place of such sale, in the manner provided in NRS 107.080 and may postpone such sale not more than three times by proclamation made to the persons assembled at the time and place previously appointed and advertised for such sale, and on the day of sale so advertised, or to which such sale may have been postponed, the trustee may sell the property so advertised, or any portion thereof, at public auction, at the time and place specified in the notice, at a public location in the county in which the property, or any part thereof, to be sold, is situated, to the highest cash bidder. The beneficiary, obligee, creditor, or the holder or holders of the promissory note or notes secured thereby may bid and purchase at such sale. The beneficiary may, after recording the notice of breach and election, waive or withdraw the same or any proceedings thereunder, and shall thereupon be restored to the beneficiary's former position and have and enjoy the same rights as though such notice had not been recorded.
7. COVENANT NO. 7. That the trustee, upon such sale, shall make (without warranty), execute and, after due payment made, deliver to purchaser or purchasers, his, her or their heirs or assigns, a deed or deeds of the premises so sold which shall convey to the purchaser all the title of the grantor in the trust premises, and shall apply the proceeds of the sale thereof in payment, firstly, of the expenses of such sale, together with the reasonable expenses of the trust, including counsel fees, in an amount equal to .......... percent of the amount secured thereby and remaining unpaid or reasonable counsel fees and costs actually incurred, which shall become due upon any default made by grantor in any of the payments aforesaid; and also such sums, if any, as trustee or beneficiary shall have paid, for procuring a search of the title to the premises, or any part thereof, subsequent to the execution of the deed of trust; and in payment, secondly, of the obligation or debts secured, and interest thereon then remaining unpaid, and the amount of all other moneys with interest thereon herein agreed or provided to be paid by grantor; and the balance or surplus of such proceeds of sale it shall pay to grantor, his or her heirs, executors, administrators or assigns.

8. COVENANT NO. 8. That in the event of a sale of the premises conveyed or transferred in trust, or any part thereof, and the execution of a deed or deeds therefor under such trust, the recital therein of default, and of recording notice of breach and election of sale, and of the elapsing of the 3-month period, and of the giving of notice of sale, and of a demand by beneficiary, his or her heirs or assigns, that such sale should be made, shall be conclusive proof of such default, recording, election, elapsing of time, and of the due giving of such notice, and that the sale was regularly and validly made on due and proper demand by beneficiary, his or her heirs and assigns; and any such deed or deeds with such recitals therein shall be effectual and conclusive against grantor, his or her heirs and assigns, and all other persons; and the receipt for the purchase money recited or contained in any deed executed to the purchaser as aforesaid shall be sufficient discharge to such purchaser from all obligation to see to the proper application of the purchase money, according to the trusts aforesaid.

9. COVENANT NO. 9. That the beneficiary or his or her assigns may, from time to time, appoint another trustee, or trustees, to execute the trust created by the deed of trust or other conveyance in trust. A copy of a resolution of the board of directors of beneficiary (if beneficiary be a corporation), certified by the secretary thereof, under its corporate seal, or an instrument executed and acknowledged by the beneficiary (if the beneficiary be a natural person), shall be conclusive proof of the proper appointment of such substituted trustee. Upon the recording of such certified copy or executed and acknowledged instrument, the new trustee or trustees shall be vested with all the title, interest, powers, duties and trusts in the premises vested in or conferred upon the original trustee. If there be more than one trustee, either may act alone and execute the trusts upon the request of the beneficiary, and all of the trustee's acts thereunder shall be deemed to be the acts of all
trustees, and the recital in any conveyance executed by such sole trustee of
such request shall be conclusive evidence thereof, and of the authority of
such sole trustee to act.

Sec. 2. NRS 107.040 is hereby amended to read as follows:

107.040 1. In order to adopt by reference any of the covenants,
agreements, obligations, rights and remedies in NRS 107.030, it shall only be

3. In order to fix the rate of interest under Covenant No. 4 of
NRS 107.030, it shall only be necessary to state in such trust deed or other
conveyance in trust, "Covenant No. 4," and set out thereafter the rate of
interest to be charged thereunder.

No. 7 of NRS 107.030, it shall only be necessary to state in such deed of
trust, or other conveyance in trust, the following: "Covenant No. 7," and set

percentage to be allowed, reasonable counsel fees and costs actually
incurred.

Sec. 3. NRS 107.055 is hereby amended to read as follows:

107.055 If a party to a deed of trust, executed after July 1, 1971, desires
to charge an assumption fee for a change in parties, the amount of such
charge must be clearly set forth in the deed of trust at the time of execution.\nWithout limiting or prohibiting any other method by which the amount of
the charge may be clearly set forth in the deed of trust, the charge may be
set forth as:

1. A fixed sum;

2. A percentage of the amount secured by the deed of trust and
remaining unpaid at the time of assumption; or

3. The lesser of, the greater of or some combination of the amounts

(b) Unless money in the account is insufficient, pay in a timely manner the obligations as they become due.
(c) At least annually, analyze the account. monthly contributions to the account to be credited to the account before the
dates items are due on the account, exceed the amount of money required to
pay the items when due, the lender shall, [at the option of] not later than
30 days after completion of its annual review of the account, notify the
borrower:

(a) Of the amount by which the contributions and interest earned
pursuant to subsection 3 exceed the amount reasonably necessary to pay
the annual obligations due from the account; and

balance; or [retain]

(3) Retain the excess money and interest in the account.

5. If the borrower fails to specify the disposition of the excess money
and interest as provided in paragraph (b) of subsection 4, the lender shall
maintain the excess money and interest in the account.

6. If any payment on the loan is delinquent at the time of the analysis, the
lender shall retain any excess money and interest in the account and apply
the excess money and interest in the account toward payment of the
delinquency.

7. A lender who violates any provision of subsections 4, 5 and 6 is
liable to the borrower for a civil penalty of not more than $1,000.

8. The provisions of this section apply exclusively to:

(a) A loan secured by a single family residence, as that term is defined in
NRS 107.080; and

      (1) Of the amount by which the contributions exceed the amount reasonably necessary to pay the annual obligations due from the account; and
      (2) That the borrower may specify the disposition of the excess money within 20 days after receipt of the notice. If the borrower fails to specify such a disposition within that time, the lender shall maintain the excess money in the account.

Prayer by the Chaplain, Pastor Ron Torkelson.
Dear God,
I pray this morning for the country we represent and the State of Nevada that these men and women govern. I recognize that it is no simple task given to these people.
Our times are filled with economic challenges, job loss, a multitude of homeless families and no simple solutions to the dilemmas. Therefore, my prayer this morning is that You will give each Senator here the wisdom to know what is best for the people of Nevada and the courage to stand for what is right.
I pray that they may look beyond personal preference and together work toward strengthening this state we call home.
Thank You, God, that we live in a nation of the free. I pray that these freedoms will be the motivation for the business of this day.

AMEN.
Pledge of Allegiance to the Flag.

SECOND READING AND AMENDMENT

Senate Bill No. 187.

Bill read second time.

The following amendment was proposed by the Committee on Judiciary:

Amendment No. 117.

"SUMMARY
Revises provisions governing parole. (BDR 16-640)"

"AN ACT relating to parole; replacing the requirement for prisoners convicted of certain sexual offenses to be certified by a panel before being released on parole with a process to evaluate such prisoners before their parole is granted or continued; authorizing the State Board of Parole Commissioners to request an evaluation of certain sex offenders; revising provisions relating to immunity from liability based upon certain actions of a panel; providing that certain meetings of a panel are subject to the provisions of the Open Meeting Law; requiring the adoption of regulations; and providing other matters properly relating thereto."

Legislative Counsel's Digest:

Existing law prohibits the State Board of Parole Commissioners from releasing on parole a prisoner convicted of certain sexual offenses unless a panel certifies that the prisoner does not represent a high risk to reoffend. (NRS 213.1214) The Nevada Supreme Court has held that: (1) certification by a panel is necessary only when parole will lead to a prisoner's release from prison; (2) the statutory immunity from liability does not prohibit a cause of action regarding the process of conducting a panel hearing or the validity of the statute; and (3) when the panel considers new allegations, the panel must comply with the requirements of the Open Meeting Law. (Stockmeier v. Psychol. Rev. Panel, 122 Nev. 385 (2006))

This bill: (1) removes the requirement that a prisoner convicted of certain sexual offenses be certified by a panel and instead requires that before being granted or continued on parole, such a prisoner be evaluated by a panel as to his or her risk to reoffend in a sexual manner; (2) authorizes the State Board of Parole Commissioners to require an evaluation of a sex offender if the evaluation may assist the Board in certain decisions related to parole; (3) clarifies that a prisoner does not have a right to be evaluated or
reevaluated by a panel and that the actions of a panel in evaluating, not evaluating or considering or relying on an evaluation do not give rise to a cause of action; and (4) provides that certain meetings of a panel are subject to the requirements of the Open Meeting Law.

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

Section 1. NRS 213.1214 is hereby amended to read as follows:

213.1214  1. The Board shall not release on parole to or continue the parole of a prisoner who has served, is serving or has yet to serve a sentence on his or her current term of imprisonment for being convicted of an offense listed in subsection 5 unless a panel consisting of:

(a) The Administrator of the Division of Mental Health and Developmental Services of the Department of Health and Human Services or his or her designee;

(b) The Director of the Department of Corrections or his or her designee;

(c) A psychologist licensed to practice in this State or a psychiatrist licensed to practice medicine in this State, certifies that evaluates the prisoner was under observation while confined in an institution of the Department of Corrections and does not represent a high risk to reoffend based upon, within 120 days before a hearing to consider granting or continuing his or her parole, using a currently accepted standard of assessment to determine the prisoner's likelihood to reoffend in a sexual manner. The panel shall provide a report of its evaluation to the Board before the hearing.

2. A prisoner who has been certified pursuant to subsection 1 and who returns for any reason to the custody of the Department of Corrections may not be paroled unless a panel recertifies the prisoner in the manner set forth in subsection 1. The Board may require the panel to conduct an evaluation of a prisoner who is a sex offender, as defined in NRS 179D.095, if an evaluation may assist the Board in determining whether parole should be granted or continued. The panel shall provide a report of its evaluation to the Board before the hearing to consider granting or continuing the prisoner's parole.

3. The panel may revoke the certification of a prisoner certified pursuant to subsection 1 at any time.

This section does not create a right in any prisoner to be certified or to continue to be certified. No prisoner may bring an action for evaluation or reevaluation more frequently than the prisoner's regularly scheduled parole hearings or under a current or previous standard of assessment and does not restrict the panel from conducting additional evaluations of a prisoner if such evaluations may assist the Board in determining whether parole should be granted or continued. No cause of action may be brought against the State, its political subdivisions, or
the agencies, boards, commissions, departments, officers or employees of the 
State or its political subdivisions for not certifying, evaluating, not 
evaluating or considering or relying on an evaluation of a prisoner 
[pursuant to], if such decisions or actions are made or conducted in 
compliance with the procedures set forth in this section, for for refusing to 
place a prisoner before a panel for certification pursuant to this section.

5. The panel shall adopt regulations pertaining to the evaluation of 
prisoners subject to the provisions of this section to determine a prisoner's 
risk to reoffend in a sexual manner. The regulations must be adopted in 
accordance with the provisions of chapter 233B of NRS and must be 
codified in the Nevada Administrative Code.

5. The regulations adopted pursuant to subsection 4 must require that:
(a) The evaluation be based on currently accepted standards of 
assessment designed to determine the risk of an offender to reoffend in a 
sexual manner;
(b) The report of the evaluation contain a statement by the panel as to the 
validity of the evaluation based on other information known about the 
prisoner that may mitigate or aggravate the results of the evaluation; and
(c) The report of the evaluation contain a statement rating the prisoner 
as a low, moderate or high risk to reoffend in a sexual manner; and
(c) If the report of the evaluation varies from the standard of 
assessment, the panel include a written statement of any mitigating or 
aggravating factors which justified such deviation.

6. The panel shall:
(a) Review the standards of assessment and procedures adopted by 
regulation at least once every 3 years; and
(b) Make a finding regarding the validity of the use of any standard of 
assessment.

7. If the panel finds that a standard of assessment is ineffective, or 
another standard of assessment is more effective, in predicting whether a 
prisoner may reoffend in a sexual manner, the panel may discontinue the 
use of the current standard of assessment and adopt a new standard of 
assessment that is determined to be more effective.

8. The provisions of this section apply to a prisoner convicted of any of 
the following offenses:
(a) Sexual assault pursuant to NRS 200.366.
(b) Statutory sexual seduction pursuant to NRS 200.368.
(c) Battery with intent to commit sexual assault pursuant to NRS 200.400.
(d) Abuse or neglect of a child pursuant to NRS 200.508, if the abuse 
involved sexual abuse or sexual exploitation and is punished as a felony.

(k) Sexual penetration of a dead human body pursuant to NRS 201.450.
(l) Luring a child or a person with mental illness pursuant to NRS 201.560, if punished as a felony.

(o) Coercion or attempted coercion that is determined to be sexually motivated pursuant to NRS 207.193.

9. The Board may adopt by regulation the manner in which the Board will consider an evaluation prepared pursuant to this section in conjunction with the standards adopted by the Board pursuant to NRS 213.10885.

Senator Wiener moved the adoption of the amendment.
Remarks by Senator Wiener.
Senator Wiener requested that her remarks be entered in the Journal.
The amendment makes two specific clarifications to the bill. It states that a prisoner does not have the right to be evaluated more frequently than the regularly scheduled parole hearings, but may be evaluated more frequently if it will assist the panel in determining whether parole should be granted or continued.
The amendment also states that the actions of the panel do not give rise to a cause of action provided that the decisions or actions made are consistent with the procedures outlined in the measure.
Finally, the amendment provides regulations adopted by the panel must require written findings under certain circumstances.

Amendment No. 180.
"SUMMARY—Revises provisions relating to the information which must be provided by a unit's owner in a resale transaction. (BDR 10-1126)"
"AN ACT relating to common-interest communities; revising provisions relating to the information which must be provided by a unit's owner in a resale transaction; and providing other matters properly relating thereto."

Legislative Counsel's Digest:
This bill revises provisions relating to the information which must be provided in a resale package by a unit's owner for the benefit of a purchaser in a resale transaction.

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

Section 1. NRS 116.4109 is hereby amended to read as follows:
116.4109 1. Except in the case of a sale in which delivery of a public offering statement is required, or unless exempt under subsection 2 of NRS 116.4101, a unit's owner or his or her authorized agent shall, at the
expense of the unit's owner, furnish to a purchaser a resale package containing all of the following:

(a) A copy of the declaration, other than any plats, the bylaws, the rules or regulations of the association and the information statement required by NRS 116.41095.

(b) A statement from the association setting forth the amount of the monthly assessment for common expenses and any unpaid assessment of any kind, including, without limitation, management fees, transfer fees, fines, penalties, interest, collection costs, foreclosure fees and attorney's fees currently due from the selling unit's owner. The statement remains effective for the period specified in the statement, which must not be less than 15 working days from the date of delivery by the association to the unit's owner or his or her agent. If the association becomes aware of an error in the statement before the consummation of the resale, the association must deliver a replacement statement to the unit's owner or his or her agent and obtain an acknowledgment in writing by the unit's owner or his or her agent before that consummation. Unless the unit's owner or his or her agent receives a replacement statement, the unit's owner or his or her agent may rely upon the accuracy of the information set forth in a statement provided by the association for the resale.

(c) A copy of the current operating budget of the association and current year-to-date financial statement for the association, which must include a summary of the reserves of the association required by NRS 116.31152 and which must include, without limitation, a summary of the information described in paragraphs (a) to (e), inclusive, of subsection 3 of NRS 116.31152.

(d) A statement of any unsatisfied judgments or pending legal actions against the association and the status of any pending legal actions relating to the common-interest community of which the unit's owner has actual knowledge.

(e) A statement of any transfer fees, transaction fees or any other fees associated with the resale of a unit.

(f) In addition to any other document, a statement describing all current and expected fees or charges for each unit, including, without limitation, association fees, fines, assessments, late charges or penalties, interest rates on delinquent assessments, additional costs for collecting past due fines and charges for opening or closing any file for each unit.

2. The purchaser may, by written notice, cancel the contract of purchase until midnight of the fifth calendar day following the date of receipt of the resale package described in subsection 1, and the contract for purchase must contain a provision to that effect. If the purchaser elects to cancel a contract pursuant to this subsection, the purchaser must hand deliver the notice of cancellation to the unit's owner or his or her authorized agent or mail the notice of cancellation by prepaid United States mail to the unit's owner or his or her authorized agent. Cancellation is without penalty, and all payments
made by the purchaser before cancellation must be refunded promptly. If the purchaser has accepted a conveyance of the unit, the purchaser is not entitled to:

(a) Cancel the contract pursuant to this subsection; or

(b) Damages, rescission or other relief based solely on the ground that the unit's owner or his or her authorized agent failed to furnish the resale package, or any portion thereof, as required by this section.

3. Within 10 days after receipt of a written request by a unit's owner or his or her authorized agent, the association shall furnish all of the following to the unit's owner or his or her authorized agent for inclusion in the resale package:

(a) Copies of the documents required pursuant to paragraphs (a) and (c) of subsection 1; and

(b) A certificate containing the information necessary to enable the unit's owner to comply with paragraphs (b), (d) and (e) of subsection 1.

4. If the association furnishes the documents and certificate pursuant to subsection 3:

(a) The unit's owner or his or her authorized agent shall include the documents and certificate in the resale package provided to the purchaser, and neither the unit's owner nor his or her authorized agent is liable to the purchaser for any erroneous information provided by the association and included in the documents and certificate.

(b) The association may charge the unit's owner a reasonable fee to cover the cost of preparing the certificate furnished pursuant to subsection 3. Such a fee must be based on the actual cost the association incurs to fulfill the requirements of this section in preparing the certificate. The Commission shall adopt regulations establishing the maximum amount of the fee that an association may charge for preparing the certificate.

(c) The association may charge the unit's owner a reasonable fee, not to exceed 25 cents per page, to cover the cost of copying the other documents furnished pursuant to subsection 3.

(d) Except for the fees allowed pursuant to paragraphs (b) and (c), the association may not charge the unit's owner any other fees for preparing or furnishing the documents and certificate pursuant to subsection 3.

5. Neither a purchaser nor the purchaser's interest in a unit is liable for any unpaid assessment or fee greater than the amount set forth in the documents and certificate prepared by the association. If the association fails to furnish the documents and certificate within the 10 days allowed by this section, the seller is not liable for the delinquent assessment.

6. Upon the request of a unit's owner or his or her authorized agent, or upon the request of a purchaser to whom the unit's owner has provided a resale package pursuant to this section or his or her authorized agent, the association shall make the entire study of the reserves of the association which is required by NRS 116.31152 reasonably available for the unit's owner, purchaser or authorized agent to inspect, examine, photocopy and
audit. The study must be made available at the business office of the association or some other suitable location within the county where the common-interest community is situated or, if it is situated in more than one county, within one of those counties.

"SUMMARY—Urges Congress to enact legislation or take other appropriate action to expedite and streamline the requirements for conducting mining operations in this State. (BDR R-1035)"

SENATE JOINT RESOLUTION—Urging Congress to enact legislation or take other appropriate action to expedite and streamline the requirements for conducting mining operations in this State.

WHEREAS, Since the earliest days of statehood, the State of Nevada has been known for containing vast deposits of minerals located throughout the State, including copper, gold, silver, lithium, molybdenum, barite and other minerals essential to the security, economy, technological innovation, conventional and renewable energy infrastructure and daily life of the United States; and

WHEREAS, Because of the availability of those mineral deposits, mining is an important industry in the State of Nevada and has traditionally provided many high-paying jobs for
whereas, mining operations in the state of nevada are highly regulated by numerous governmental entities at the state and federal levels, including, without limitation, regulation by congress, the secretary of agriculture, the secretary of the interior, the bureau of land management, the united states forest service and the division of environmental protection of the state department of conservation and natural resources; the reliance of the united states on foreign sources of many important minerals impedes economic recovery, limits economic growth and creates vulnerabilities in the chain of supply that potentially threatens the national security of the united states; and

whereas, because of that regulation, to conduct a mining operation in the state of nevada, an owner or operator of a mine must comply with numerous requirements, including, without limitation, preparing and filing a notice or plan of operation, obtaining the appropriate air quality and water quality permits, obtaining a permit to appropriate water for use in the mining operation, obtaining rights of way for access to and the transmission of electricity for the mining operation and obtaining a local business license; increasing the amount of production of nevada’s minerals, including, without limitation, copper, gold and silver, that are exported worldwide would aid in the reduction of the trade deficit of the united states and would thus be highly beneficial to the national economy; and

whereas, complying with those requirements is often burdensome and expensive, sometimes requiring up to 10 years and more than $1 billion before a mining operation is able to produce any minerals; mining supports a significant portion of the local economies of rural nevada and creates jobs that pay employees an average of $81,800 per year; and

whereas, in recent years, the need for developing energy from geothermal, solar, wind and other sources has become increasingly important; exploration for minerals is a source of capital investment in nevada, supports the discovery of new mineral deposits that may become future or expanded mines, contributes significantly to state and local tax revenues and provides other economic benefits to nevada and local economies in nevada; and

whereas, to meet that need, the procedure for obtaining permits and rights of way and complying with other requirements to develop those sources of energy have recently been expedited and streamlined; because approximately 87 percent of the land in nevada is managed and controlled by the federal government, most mineral exploration and mining activities occur entirely or partially on federal land and permits must be secured for those activities from the bureau of land management and the united states forest service; and

whereas, the expeditious development of mineral deposits in this state is also essential for the creation of jobs, the payment of taxes and the
continued contribution of infrastructure and services to local communities by the mining industry in this State; permitting processes of the Bureau of Land Management and the United States Forest Service for mineral exploration and mine development are the source of significant and problematic delays that cost jobs, injure Nevada's economy and impede national economic interests; and

WHEREAS, An estimated 2,500 high-paying mining jobs are currently being delayed for an unspecified and unreasonable period because those permitting processes often require 3 years or longer to complete; and

WHEREAS, Delays in the permitting process for mineral exploration projects are creating a significant delay in the rate of discovery of new mineral deposits that may be developed into new or expanded mines; and

WHEREAS, Delays in the permitting process and the resulting reduction in the rate of discovery of new mineral deposits are significant reasons that gold and silver production from mines in Nevada has declined dramatically in the last decade, which has resulted in unrealized jobs and tax revenues that would otherwise be generated from those mines; and

WHEREAS, The process of the Bureau of Land Management for the review and publication of notices in the Federal Register announcing the intent of the Bureau of Land Management to prepare an environmental impact statement and the availability of draft and final environmental impact statements often add up to 1 year to the mine permitting process; and

WHEREAS, Expediting the permitting processes of the Bureau of Land Management and the United States Forest Service to materially diminish the time required to approve mineral exploration and mine development projects would make a significant contribution to Nevada's economy and the national economic interests by increasing mining and mineral exploration jobs and increasing tax revenues from mining, including, without limitation, revenues from sales and use taxes, net proceeds taxes, modified business taxes and property taxes; and

WHEREAS, Implementing procedures to expedite the permitting of mineral exploration and mine development projects is of equal importance to the economy of Nevada and the United States as the similarly expedited permitting schemes already endorsed for renewable energy projects; now, therefore, be it

RESOLVED BY THE SENATE AND ASSEMBLY OF THE STATE OF NEVADA, JOINTLY, That the Federal Government and each governmental entity in this State which regulates the activities of mining operations in this State are hereby urged to expedite and streamline the procedure for obtaining permits and complying with any other requirement for conducting those mining operations; the members of the 76th Session of
the Nevada Legislature hereby urge Congress to enact legislation or take other appropriate action directing the Secretary of Agriculture, the Secretary of the Interior, the Chief of the United States Forest Service, the Director of the Bureau of Land Management, the Director of the Nevada State Office of the Bureau of Land Management and the Forest Supervisor for the Humboldt-Toiyabe National Forest to pursue, together with the appropriate governmental entities in this State, methods and procedures that expedite or may expedite the permitting processes for mineral exploration and development of mines in this State; and be it further

RESOLVED, That the Secretary of the Interior and the Director of the Bureau of Land Management are hereby urged to eliminate any burdensome and unreasonable delays associated with the process of the Bureau of Land Management for the review and publication of notices in the Federal Register; and be it further

RESOLVED, That, cooperatively with the appropriate governmental entities in this State, the Secretary of Agriculture, the Secretary of the Interior, the Chief of the United States Forest Service, the Director of the Bureau of Land Management, the Director of the Nevada State Office of the Bureau of Land Management and the Forest Supervisor for the Humboldt-Toiyabe National Forest are hereby urged to establish streamlined permitting time frames consistent with the goals of this State for economic recovery and with national economic interests; and be it further

RESOLVED, That such a streamlined permitting process must include the following requirements:

1. The Bureau of Land Management should approve or deny any project that requires a notice within 15 calendar days after the date of submittal of a complete notice application;
2. The United States Forest Service should approve or deny any small exploration project that may be evaluated with a categorical exclusion within 4 months after the date of submittal of a complete application for the small exploration project;
3. The Bureau of Land Management and the United States Forest Service should approve or deny any project that requires an exploration plan of operation within 4 months after the date of submittal of a complete application for the plan of operation;
4. The Bureau of Land Management's process for review and publication of notices in the Federal Register announcing the intent of the Bureau of Land Management to prepare an environmental impact statement or announcing the availability of a draft and final environmental impact statement should be completed in 2 weeks; and
5. The Bureau of Land Management and the United States Forest Service should approve or deny a plan of operation for a mining project...
within 12 months after the date of submittal of a complete plan of operation for that mining project; and be it further

RESOLVED, That Congress is hereby urged to enact legislation or take other appropriate action directing the Secretary of Agriculture, the Secretary of the Interior, the Chief of the United States Forest Service, the Director of the Bureau of Land Management, the Director of the Nevada Office of the Bureau of Land Management and the Forest Supervisor for the Humboldt-Toiyabe National Forest to provide quarterly progress reports to Congress, the Speaker of the Nevada Assembly, the Majority Leader of the Nevada Senate and the Governor of Nevada setting forth the following information:

1. A list specifying each proposed mineral exploration and mining project that the Bureau of Land Management and the United States Forest Service are reviewing and the date that the Bureau of Land Management and the United States Forest Service began reviewing each of those projects;

2. The anticipated target date on which each proposed mineral exploration and mining project permit will be approved or denied;

All present.
Prayer by the Chaplain, Pastor Ron Torkelson.

Dear God,
Your Scripture encourages people to "worry about nothing, pray about everything, and rejoice." The promise is that You can bring good from what appears to be chaos. The amazing truth is that You have chosen these people standing here to do just that. The evening news has reported the challenges and the decisions this body of people have been dealing with and it is no simple task.
Therefore, I pray once again for the wisdom You have promised to give. Use these people today to do that which is best for this State and the people who live here.
Thank You for the success You have promised.

AMEN.

Pledge of Allegiance to the Flag.

Senator Horsford moved that further reading of the Journal be dispensed with, and the President and Secretary be authorized to make the necessary corrections and additions.

COMMUNICATIONS
The Secretary of the Senate read a letter to former Senator Raggio from former Secretary of the Senate Janice L. Thomas.

Dear Senator Raggio:
I was honored to have been serving under your esteemed leadership when you created this wonderful tribute, initially, for a gentleman with impeccable honor, Senator James I. Gibson, who had served as the Senate Democratic Majority Leader for many years. You continued this tradition throughout your tenure by honoring many other past Senators who were also recognized for their outstanding service to the Senate of the Nevada Legislature. And, now, the tribute is paid to you for which you so richly deserve.
While I am unable to be there to witness this wonderful celebration, my family and I send our sincere congratulations on your Induction into the Senate Hall of Fame. We will forever be grateful and blessed by your awesome dedication and service to the Senate and to the people of the State of Nevada, but, most especially, for your special friendship.

With my warmest regards,
Janice L. Thomas
(Former Secretary of the Senate, 1981-2000)

Senator Horsford moved the adoption of the resolution.

Remarks by Senators Horsford, McGinness, Cegavske, Leslie, Denis, Breeden, Hardy, Brower, Parks, Wiener, Schneider, Settelmeyer, Lee and President Krolicki.

Senator Horsford requested that the following remarks be entered in the Journal.

SENATOR HORSFORD:
I rise in support of this resolution inducting Senator Bill Raggio into the Senate Hall of Fame. Senator Bill Raggio represented Washoe County in the Senate for over 38 years, the longest Senate service in the history of the great State of Nevada. Most of us in the Senate today served as members of the Legislature with former Senator Raggio. I had the privilege to serve in this Chamber with Senator Raggio for three regular sessions and six special sessions. Senator Raggio, as the resolution has indicated, is a fourth generation Nevadan. He is a native and resident of Reno. His long career in public service is unparalleled.

On a personal note, Mr. President, Senator Raggio has always been one of the greatest figures in political life for many of us coming up in Nevada politics. I can recall coming to this
legislative process as an intern. I was afraid of Senator Raggio and avoided coming into the Senate Chamber because in many ways I was awestruck by his presence, his knowledge, and command of the process and his ability to get $20 out of everyone he met. Over the years, I have had the profound opportunity to get to know the man, Bill Raggio, not just the State Senator or public servant. He has been a loving father and parent. He has been a phenomenal community leader in many respects, not only to the community of Reno or Washoe County but as a community leader to the State of Nevada and our country. He has been a great spouse and a wonderful partner. He adores his wife.

I had the pleasure many years ago in a previous role of helping to honor Senator Raggio. It was during that process when I had the opportunity to interview people who worked with Senator Raggio, not just in his Senate capacity, but in his role as a lawyer, as a community leader and as a resident of our great State. Without question, the people that I spoke to and asked about, the essence of Senator Bill Raggio, it all came back to the same word: Statesman.

He is a true statesman. He loves his party, but he puts the State of Nevada before his party. He is a true statesman in that he has always looked out for the future of our State, providing great vision and leadership during difficult times. He is a great statesman because he has been an example for those of us who now stand on your shoulders, Senator, to carry the torch of what it truly means to be a statesman in the State of Nevada.

Today is one small way for us, as a body, to honor Senator Raggio in inducting him into the Senate Hall of Fame. I wish there were some greater honor, some larger recognition that we could bestow upon you because of everything you have bestowed upon the great State of Nevada. On behalf of this Chamber, on behalf of myself and my family and on behalf of the citizens of the State of Nevada, it is my honor to support Senate Resolution No. 4 and your induction into the Hall of Fame. You are truly Nevada's statesman.

PRESIDENT KROLICKI:
One of the great privileges of my public service life has been to be Lieutenant Governor, being a part of this legislative process and to serve with you.

SENATOR MCGINNESS:
I rise today to honor a Nevadan and a colleague who has dedicated his life to improving the lives of all Nevadans.

The words in this resolution can never capture all of Senator Raggio's public service. He has always been an advocate for public education, public safety, and making certain that our State provided the services to those who needed it most.

The 38 years he has spent serving in the Senate is not the extent of Senator Raggio's public service. He started out as the Washoe County District Attorney for 18 years fighting crime and corruption with burning passion, ultimately making northern Nevada a safer place.

Senator Raggio's unique knowledge of the State budget and the legislative process in Carson City will never again be equaled. I congratulate Senator Raggio on his induction into the Senate Hall of Fame and I thank you for your devotion to the great State of Nevada. Thank you, very much.

SENATOR CEGAVSKE:
Thank you, Mr. President. It is so nice to see Senator Raggio here, today. I remember the first time I went to dinner with you in Washington D.C. It was when you got my $20. The trip was just before the terrorist attacks on the Twin Towers, we were there for a meeting with your daughter and granddaughter. We had a wonderful time and it will always be a fond memory for me. I will remind you about the three blondes and am sorry the other two are not here today. All the stories are kept behind the caucus doors.

It is a privilege to honor you, today.

SENATOR LESLIE:
Thank you, Mr. President. I wish to offer my thanks to Senator Raggio for terrifying me during my 12 years in the Assembly. We often had bills in the Assembly that Senator Raggio did not like very much. We would take turns fighting over who would take a bill to the Senate Committee on Finance for hearing. Several times, I lost that fight and the Speaker would tell me
it was my turn to go to the Committee. That was the worst assignment you could draw in the Assembly. He yelled at me a few times, but I never took it personally, because I knew he did not take it personally. Outside of the meeting, Senator Raggio was the most gracious legislator and he taught us so much. Because of term limits, I am the senior Washoe County Legislator. I am in my first term in the Senate. We have a tradition in the Washoe County delegation, that the senior member calls the meetings. Senator Raggio would have someone call the office saying there was a meeting at 12:00 and be there. There were no excuses; you went. If you did not show up, he would send the Legislative Police to find you to escort you to the meeting. I am nicer, but people do not show up to my meetings the way they did for his.

The first time I got a handwritten note from Senator Raggio, it was in his distinctive handwriting. It was addressed to "Shelia." Though I opened his note with trepidation, I knew it was because he wanted me to do something. He always signed it in that beautiful, flourishing handwriting that said "Bill." We used to discuss that in the Assembly. "I got a note from "Bill" today." We just could not think of him as "Bill." He will always be Senator Raggio. As a member of the Washoe County delegation, I want to thank Senator Raggio for representing our interests so well for so long. We truly admire his work, and we admire his family for putting up with him. There is no one who has represented Washoe County the way Senator Raggio has. I am grateful for his service on a deeply personal level.

SENATOR DENIS:
Thank you, Mr. President. Thank you, Senator Raggio for your service. I did not know that we shared the honor of being Eagle Scouts. I knew there was something special about him. I remember my first Interim Finance Committee meeting as a freshman. Senator Raggio asked me for that $20. I was just a new kid. I was trying to be helpful and gave it to him even though I think it was all I had. It was an honor serving with him.

SENATOR BREEDEN:
Thank you, Mr. President. I am honored to spend this special day with you. Congratulations.

SENATOR HARDY:
Having never been asked, I feel left out, so Senator Raggio, I have your $20. Please pass that to him, thank you.

If I could describe Bill with one word, it would be gracious. He accepted that $20 graciously. I appreciate all of the wisdom he has shared with me and with us.

SENATOR BROWER:
Thank you, Mr. President. I am humbled beyond words to be sitting in this seat. I think Senator Raggio knows how I feel. Your presence is felt in this Chamber every day. We are better for it.

SENATOR PARKS:
Thank you, Mr. President. I wish to express my appreciation to Senator Raggio to congratulate him on being inducted into the Senate Hall of Fame. Long before I came to the Legislature, I served in a number of positions that required me to come to the Legislature to testify on bills. Several of the bills were presented before the Senate Committee on Finance. I was shaking in my boots as I presented my testimony. I also wish to give Senator Raggio my $20. Please pass it down. Once he asked for that $20 then withdrew his request. Now I want him to have it. Congratulations on this wonderful award.

SENATOR WIENER:
Thank you, Mr. President. As I listen to the stories today, I remember my first day in the building. As I passed one of the Legislative Police, he said, "Good morning, Senator." I told him to call me Valerie. He told me, "Not in this building." That was the respect we have for each other.

Senator Raggio came to my very small closet of an office, the first few weeks of Session, and told me it was a tough campaign, now it is over, now we work together. I will never forget that, because that is what this is about. When we came into the first session to be sworn in, none of my supporters were able to attend because the weather was bad. I sat in the third row by myself,
but just before we started, they were able to arrive on time led by my aunt. Senator Raggio used to work with my aunt and my dad and Senator Raggio were law partners. Before I knew you, I knew of you. When he stood to welcome me to the Floor, he spoke to my aunt first because of their friendship. When I saw the love of the years they shared, it spilled over to me too. I appreciate the relationship you had with my family. I appreciate all the love you have shared with your Nevada family and what it is you have brought to the Senate, what it is you have left with the Senate that can never be matched and never be replaced for it like you and the work you have done, is permanent and we are better for it.

Thank you for being a part of it and for leading us for all of these years, for stamping that Raggio mark on the history and the future. I appreciate you and I thank you.

Senator Schneider:
Thank you, Mr. President. I am the only one in this building Senator Raggio did not shake the $20 out of. I am proud of that. I served with him for 20 years and refused to give him the $20. I knew he would not pass my bills anyway.

Years ago when I was a young Senator who just moved here from the Assembly, I had a bill on construction defects. I received a letter from the Ethics Commission. Someone made an ethics complaint against me because I introduced a bill on construction defects. On Monday morning, I told Senator Townsend who was Chair of the Senate Committee on Commerce and Labor what had happened. An hour later, Senator Raggio requested I come to his office. I thought I was in trouble. He called in Brenda Erdoes and Jan Needham and insisted they prepare a case for me. He said if you need to hire outside counsel, then hire them. He said that we would defend this all of the way. He stated that this would chill the legislative process if we allow this to continue. I was thankful he would stand up for a minority member like me. He stood up for the body of the Senate. Thank you.

Senator Settelmeyer:
Thank you, Mr. President. It is an honor to say some kind words about such a kind man. His service to the State and to the nation can never be overlooked. Mr. Hettrick said once to me that it is about honoring this institution, to leave the fights at the door when you walk through and to have thoughtful discussions and to try to do what is best for the State overall. The first time I ran, we talked at Senator Jacobsen's funeral. I remember what you said to me then. You said, "The man who showed me around the first time was Senator Settelmeyer." He was my great uncle, Fred. It is such an honor to be here today. I would like to give you an 1865 dollar. It might be worth something someday soon.

Senator Lee:
Thank you, Mr. President. I understand that the highest honor you received was the Eagle Scout Award and I feel the same way. To do a good deed daily, that is what we learn from scouting. When I was a freshman, I was following Dina Titus' leadership. We were getting ready for a bill and Senator Raggio walked in and looked at me and he said, "I am not fooling around, you get your caucus in order right now." He walked away and I thought, "What do I do?" I had no idea how to respond to that. When I told Dina, she said, "Oh, do not listen to him."

But I am mindful that I am now sitting at the desk that you sat at last session. I think we should put a brass plate on this desk, recognizing this desk as your desk. In the future, anyone who sits here will remember Bill Raggio. Thank you, Senator Raggio.

Senator Horsford requested that the remarks of former Senator William J. Raggio be entered in the Journal.

Former Senator William J. Raggio:
Thank you, you know I am not used to using these microphones. I would like to say I am overwhelmed. At first, I did not know how to dress for this occasion, so asked former Senator Townsend and he suggested one of his suits, then former Senator Coffin offered one of his sport coats, so I opted for Senator Townsend's suit.

I am overwhelmed by what you have said and what is in this resolution. If I had known you were going to say all of these nice things, I would have retired earlier. This is a significant honor
that I truly appreciate. I want to thank my family for all of the years they have supported me during this process. When I first came to the Senate in 1972, I never thought I would serve this long in this body. I never thought I would serve ten consecutive terms as a Senator in this Chamber. Looking back, I realize almost half of my life has been spent as a member of the Senate. I have appreciated the privilege and opportunity that I have had during those years to work with so many distinguished colleagues, some of you here, some who no longer serve here, and many who have passed on. There are wonderful memories. There were good times, tough times and fun times. I have always appreciated that we have such a wonderful staff to work with in this legislative process, dedicated individuals who cannot be thanked enough for making all of us who serve as legislators look good through this difficult process. We had tough times, serious issues that we have had to deal with. Obviously, we have often disagreed, but in the end, I always felt that the final result was in the best interest of the State of Nevada. I was privileged to be part of that process.

I do not have the words to express how much I appreciate this honor. The memories will still go on and on. I have always respected the dignity and the decorum of this Senate Chamber and I will continue to do so. I thank all of you for this recognition and the honor you have bestowed upon me. I have received many plaques and many honors over the years. I have often said that earning my Eagle Scout Badge as a Boy Scout was my highest honor, but this ranks right up there. I am grateful to you all for honoring me in this way.

Thank you, so much.

Resolution adopted unanimously.

Mr. President announced that if there were no objections, the Senate would recess subject to the call of the Chair.

GENERAL FILE AND THIRD READING
Assembly Bill No. 565.
Bill read third time.
Remarks by Senator Horsford.

Senator Horsford requested that his remarks be entered in the Journal.
For the current fiscal year, Assembly Bill No. 565 delays the statutory deadline for school districts to notify employees concerning reemployment status for the 2011-12 school year from the current date of May 1, 2011 to no later than May 16, 2011. The legislation also extends the date by which the employee must notify the district of acceptance of the 2011-12 contract from the current date of May 10, 2011, to May 25, 2011. The failure of an employee to notify the school district which employs him of the employee's acceptance of the 2011-12 contract on or before May 25, 2011, is conclusive evidence of the employee's rejection of the contract.

This act becomes effective upon passage and approval and expires on July 1, 2011.

SECOND READING AND AMENDMENT
Senate Bill No. 15.
Bill read second time.
The following amendment was proposed by the Committee on Transportation:
Amendment No. 11.
"SUMMARY—Requires the Department of Motor Vehicles to cancel the driver's license of a person convicted of driving under the influence of intoxicating liquor or a controlled substance under certain circumstances. (BDR 43-487)"

"AN ACT relating to the Department of Motor Vehicles; requiring the Department to cancel the driver's license of a person convicted of driving under the influence of intoxicating liquor or a controlled substance under certain circumstances; and providing other matters properly relating thereto."

Legislative Counsel's Digest:
Under existing law, in addition to any other penalty provided by law, a person convicted of driving under the influence of intoxicating liquor or a controlled substance is liable to the State for a civil penalty of $35, payable to the Department of Motor Vehicles. The Department is prohibited from issuing any license to drive a motor vehicle to a person convicted of such a violation until the civil penalty is paid. (NRS 484C.500) This bill requires the Department to cancel the license of a person whose license to drive a motor
vehicle has already been reinstated, if the Department receives notice after reinstating the license that the person has been convicted of driving under the influence of intoxicating liquor or a controlled substance, unless the civil penalty is paid within 30 days after the receipt of such notice. The Department provides notice to the person that the license will be cancelled unless the civil penalty is paid.

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

Section 1. NRS 484C.500 is hereby amended to read as follows:

484C.500 1. In addition to any other penalty provided by law, a person convicted of a violation of NRS 484C.110 or 484C.120 is liable to the State for a civil penalty of $35, payable to the Department.

2. The Department shall not issue any license to drive a motor vehicle to a person convicted of a violation of NRS 484C.110 or 484C.120 until the civil penalty is paid.

3. If the Department receives notice that a person whose license to drive a motor vehicle has already been reinstated has been subsequently convicted of a violation of NRS 484C.110 or 484C.120, the Department shall cancel the license unless the civil penalty is paid within 30 days after the date on which the Department provides notice to the person that the license will be cancelled unless the civil penalty is paid.

4. Any money received by the Department pursuant to subsection 1 must be deposited with the State Treasurer for credit to the Fund for the Compensation of Victims of Crime.

Sec. 2. This act becomes effective on July 1, 2011.
the quarterly apportionments paid to a school district, charter school or university school for profoundly gifted pupils under certain circumstances; revising provisions governing the calculation of apportionments which take into account the effect of the declining enrollment of pupils in a school district or charter school; and providing other matters properly relating thereto."

**Legislative Counsel's Digest:**

Under existing law, the Superintendent of Public Instruction apportions, on a quarterly basis, the State Distributive School Account in the State General Fund among the school districts, charter schools and university schools for profoundly gifted pupils. (NRS 387.124) **Section 2** of this bill authorizes the Superintendent to deduct from a quarterly apportionment if a school district, charter school or university school for profoundly gifted pupils fails to repay certain amounts due the Department of Education or pays a claim determined to be unearned, illegal or unreasonably excessive. The amount deducted must correspond to the amount due or the amount of the claim. **Section 2** also authorizes the Superintendent to withhold the full amount of a quarterly apportionment or a portion thereof if a school district, charter school or university school for profoundly gifted pupils fails to submit a report or other information that is required to be submitted to the Superintendent, State Board of Education or Department pursuant to a statute or regulation. If the required report or information is subsequently provided, the amount withheld must be immediately paid.

Under existing law, the sponsor of a charter school may submit a request to the charter school for reimbursement of the administrative costs associated with the sponsorship for each school quarter. (NRS 386.570) If the charter school does not pay the reimbursement, **section 2** of this bill authorizes the Superintendent to withhold the amount due from the quarterly apportionment of the charter school and transfer that amount to the sponsor as payment on the claim. Finally, **section 2** authorizes an appeal to the State Board of a decision of the Superintendent to deduct or withhold from a quarterly apportionment.

Under existing law, the amount of the quarterly apportionments paid to a school district or charter school is based upon the enrollment of pupils. If a school district or charter school experiences declining enrollment in the current school year, the higher enrollment number from a preceding school year is used to calculate the quarterly apportionment, which is commonly referred to as the "hold harmless" provision. (NRS 387.1233) **Section 3** of this bill provides that the enrollment number from the current school year must be used if the Department determines that a school district or charter school deliberately causes a decline in the enrollment of pupils to receive the higher apportionment.

**Section 5** of this bill allows for adjustments to the quarterly apportionments if the Department determines as a result of an audit that a pupil is not properly enrolled in or attending a public school.
THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN
SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

Section 1. NRS 386.570 is hereby amended to read as follows:

386.570 1. Each pupil who is enrolled in a charter school, including,
without limitation, a pupil who is enrolled in a program of special education
in a charter school, must be included in the count of pupils in the school
district for the purposes of apportionments and allowances from the State
Distributive School Account pursuant to NRS 387.121 to 387.126, inclusive,
unless the pupil is exempt from compulsory attendance pursuant to
NRS 392.070. A charter school is entitled to receive its proportionate share
of any other money available from federal, state or local sources that the
school or the pupils who are enrolled in the school are eligible to receive. If a
charter school receives special education program units directly from this
State, the amount of money for special education that the school district pays
to the charter school may be reduced proportionately by the amount of
money the charter school received from this State for that purpose.

2. All money received by the charter school from this State or from the
board of trustees of a school district must be deposited in an account with a
bank, credit union or other financial institution in this State. The governing
body of a charter school may negotiate with the board of trustees of the
school district and the State Board for additional money to pay for services
which the governing body wishes to offer.

3. Upon completion of each school quarter, the sponsor of a charter
school may request reimbursement from the governing body of the charter
school for the administrative costs associated with sponsorship for that
school quarter if the sponsor provided administrative services during that
school quarter. The request must include an itemized list of those costs.
Unless a delay is granted pursuant to subsection 10, upon receipt of such
a request, the governing body shall pay the reimbursement to the board of
trustees of the school district if the board of trustees sponsors the charter
school, to the Department if the State Board sponsors the charter school or to
the college or university within the Nevada System of Higher Education if
that institution sponsors the charter school. If a governing body fails to pay
the reimbursement pursuant to this subsection or pursuant to a plan
approved by the Superintendent of Public Instruction in accordance with
subsection 10:

(a) The charter school shall be deemed to have violated its written charter
and the sponsor may take such action to revoke the written charter pursuant
to NRS 386.535 as it deems necessary; and

(b) The Superintendent of Public Instruction may, pursuant to section 2
of this act, deduct the amount due the sponsor from the quarterly
apportionment otherwise payable to the charter school pursuant to
NRS 387.124 and transfer that amount to the sponsor.

4. If the board of trustees of a school district is the sponsor of a charter
school, the amount of money that may be paid to the sponsor pursuant to
subsection 3 for administrative expenses in 1 school year must not exceed:

(a) For the first year of operation of the charter school, 2 percent of the total amount of money apportioned to the charter school during the year pursuant to NRS 387.124, as adjusted by the final computation of apportionment pursuant to subsection 4 of NRS 387.1243.

(b) For any year after the first year of operation of the charter school, 1 percent of the total amount of money apportioned to the charter school during the year pursuant to NRS 387.124, as adjusted by the final computation of apportionment pursuant to subsection 4 of NRS 387.1243.

§4. 5. If the State Board or a college or university within the Nevada System of Higher Education is the sponsor of a charter school, the amount of money that may be paid to the Department or to the institution, as applicable, pursuant to subsection 3 for administrative expenses in 1 school year must not exceed:

(a) For the first year of operation of the charter school, 2 percent of the total amount of money apportioned to the charter school during the year pursuant to NRS 387.124, as adjusted by the final computation of apportionment pursuant to subsection 4 of NRS 387.1243.

(b) For any year after the first year of operation of the charter school, 1.5 percent of the total amount of money apportioned to the charter school during the year pursuant to NRS 387.124, as adjusted by the final computation of apportionment pursuant to subsection 4 of NRS 387.1243.

§5. 6. To determine the amount of money for distribution to a charter school in its first year of operation, the count of pupils who are enrolled in the charter school must initially be determined 30 days before the beginning of the school year of the school district, based on the number of pupils whose applications for enrollment have been approved by the charter school. The count of pupils who are enrolled in the charter school must be revised on the last day of the first school month of the school district in which the charter school is located for the school year, based on the actual number of pupils who are enrolled in the charter school. Pursuant to subsection 5 of NRS 387.124, the governing body of a charter school may request that the apportionments made to the charter school in its first year of operation be paid to the charter school 30 days before the apportionments are otherwise required to be made.

§6. 7. If a charter school ceases to operate as a charter school during a school year, the remaining apportionments that would have been made to the charter school pursuant to NRS 387.124 for that year must be paid on a proportionate basis to the school districts where the pupils who were enrolled in the charter school reside.

§7. 8. The governing body of a charter school may solicit and accept donations, money, grants, property, loans, personal services or other assistance for purposes relating to education from members of the general public, corporations or agencies. The governing body may comply with
applicable federal laws and regulations governing the provision of federal
grants for charter schools. The State Board may assist a charter school that
operates exclusively for the enrollment of pupils who receive special
education in identifying sources of money that may be available from the
Federal Government or this State for the provision of educational programs
and services to such pupils.

9. If a charter school uses money received from this State to
purchase real property, buildings, equipment or facilities, the governing body
of the charter school shall assign a security interest in the property, buildings,
equipment and facilities to the State of Nevada.

10. The governing body of a charter school may submit to the
Superintendent of Public Instruction a written request to delay a quarterly
payment of a reimbursement for the administrative costs that a charter school
owes pursuant to this section. The written request must be in the form
prescribed by the Superintendent and must include, without limitation,
documentation that a financial hardship exists for the charter school and a
plan for the payment of the reimbursement. The Superintendent may approve
or deny the request and shall notify the governing body and the sponsor of
the charter school of the approval or denial of the request.

Sec. 2. Chapter 387 of NRS is hereby amended by adding thereto a new
section to read as follows:

1. The Superintendent of Public Instruction may deduct from an
apportionment otherwise payable to a school district, charter school or
university school for profoundly gifted pupils pursuant to NRS 387.124 if
the school district, charter school or university school:

(a) Fails to repay an amount due pursuant to subsection 5 of
NRS 387.124. The amount of the deduction from the quarterly
apportionment must correspond to the amount due.

(b) Fails to repay an amount due the Department as a result of a
determination that an expenditure was made which violates the terms of a
grant administered by the Department. The amount of the deduction from
the quarterly apportionment must correspond to the amount due.

(c) Pays a claim determined to be unearned, illegal or unreasonably
excessive as a result of an investigation conducted pursuant to
NRS 385.315. The amount of the deduction from the quarterly
apportionment must correspond to the amount of the claim which is
determined to be unearned, illegal or unreasonably excessive.

More than one deduction from a quarterly apportionment otherwise
payable to a school district, charter school or university school for
profoundly gifted pupils may be made pursuant to this subsection if
grounds exist for each such deduction.

2. In addition to a deduction from an apportionment to a charter
school authorized by subsection 1, the Superintendent of Public Instruction
may deduct from an apportionment otherwise payable to the charter school
pursuant to NRS 387.124 if the charter school fails to pay an amount due
the sponsor of the charter school for the administrative costs associated with sponsorship, as required by NRS 386.570, including, without limitation, failure to make delayed payments approved by the Superintendent pursuant to subsection 10 of NRS 386.570. The amount of the deduction from the quarterly apportionment must correspond to the amount of the administrative costs which have not been paid. The Department shall transfer the amount deducted to the sponsor of the charter school as payment on the claim.

3. The Superintendent of Public Instruction may authorize the withholding of the entire amount of an apportionment otherwise payable to a school district, charter school or university school for profoundly gifted pupils pursuant to NRS 387.124, or a portion thereof, if the school district, charter school or university school for profoundly gifted pupils fails to submit a report or other information that is required to be submitted to the Superintendent, State Board or Department pursuant to a statute or regulation. If a charter school fails to submit a report or other information that is required to be submitted to the Superintendent, State Board or Department through the sponsor of the charter school pursuant to a statute, the Superintendent may only authorize the withholding of the apportionment otherwise payable to the charter school and may not authorize the withholding of the apportionment otherwise payable to the sponsor of the charter school. Before authorizing such a withholding pursuant to this subsection, the Superintendent of Public Instruction shall provide notice to the school district, charter school or university school for profoundly gifted pupils of the report or other information that is due and provide the school district, charter school or university school with an opportunity to comply with the statute or regulation. Any amount withheld pursuant to this subsection must be accounted for separately in the State Distributive School Account, does not revert to the State General Fund at the end of a fiscal year and must be carried forward to the next fiscal year.

4. If, after an amount is withheld pursuant to subsection 3, the school district, charter school or university school for profoundly gifted pupils subsequently submits the report or other information required by a statute or regulation for which the withholding was made, the Superintendent of Public Instruction shall immediately authorize the payment of the amount withheld to the school district, charter school or university school for profoundly gifted pupils.

5. A school district, charter school or university school for profoundly gifted pupils may appeal to the State Board a decision of the Superintendent of Public Instruction to deduct or withhold from a quarterly apportionment pursuant to this section. The Secretary of the State Board shall place the subject of the appeal on the agenda of the next meeting for consideration by the State Board.

Sec. 3. NRS 387.1233 is hereby amended to read as follows:
387.1233 1. Except as otherwise provided in subsection 2, basic support of each school district must be computed by:

(a) Multiplying the basic support guarantee per pupil established for that school district for that school year by the sum of:

(1) Six-tenths the count of pupils enrolled in the kindergarten department on the last day of the first school month of the school district for the school year, including, without limitation, the count of pupils who reside in the county and are enrolled in any charter school on the last day of the first school month of the school district for the school year.

(2) The count of pupils enrolled in grades 1 to 12, inclusive, on the last day of the first school month of the school district for the school year, including, without limitation, the count of pupils who reside in the county and are enrolled in any charter school on the last day of the first school month of the school district for the school year and the count of pupils who are enrolled in a university school for profoundly gifted pupils located in the county.

(3) The count of pupils not included under subparagraph (1) or (2) who are enrolled full-time in a program of distance education provided by that school district or a charter school located within that school district on the last day of the first school month of the school district for the school year.

(4) The count of pupils who reside in the county and are enrolled:

(I) In a public school of the school district and are concurrently enrolled part-time in a program of distance education provided by another school district or a charter school on the last day of the first school month of the school district for the school year, expressed as a percentage of the total time services are provided to those pupils per school day in proportion to the total time services are provided during a school day to pupils who are counted pursuant to subparagraph (2).

(II) In a charter school and are concurrently enrolled part-time in a program of distance education provided by a school district or another charter school on the last day of the first school month of the school district for the school year, expressed as a percentage of the total time services are provided to those pupils per school day in proportion to the total time services are provided during a school day to pupils who are counted pursuant to subparagraph (2).

(5) The count of pupils not included under subparagraph (1), (2), (3) or (4), who are receiving special education pursuant to the provisions of NRS 388.440 to 388.520, inclusive, on the last day of the first school month of the school district for the school year, excluding the count of pupils who have not attained the age of 5 years and who are receiving special education pursuant to subsection 1 of NRS 388.490 on that day.

(6) Six-tenths the count of pupils who have not attained the age of 5 years and who are receiving special education pursuant to subsection 1 of NRS 388.490 on the last day of the first school month of the school district for the school year.
(7) The count of children detained in facilities for the detention of children, alternative programs and juvenile forestry camps receiving instruction pursuant to the provisions of NRS 388.550, 388.560 and 388.570 on the last day of the first school month of the school district for the school year.

(8) The count of pupils who are enrolled in classes for at least one semester pursuant to subsection 4 of NRS 386.560, subsection 5 of NRS 386.580 or subsection 3 of NRS 392.070, expressed as a percentage of the total time services are provided to those pupils per school day in proportion to the total time services are provided during a school day to pupils who are counted pursuant to subparagraph (2).

(b) Multiplying the number of special education program units maintained and operated by the amount per program established for that school year.

(c) Adding the amounts computed in paragraphs (a) and (b).

2. Except as otherwise provided in subsection 4, if the enrollment of pupils in a school district or a charter school that is located within the school district on the last day of the first school month of the school district for the school year is less than or equal to 95 percent of the enrollment of pupils in the same school district or charter school on the last day of the first school month of the school district for the immediately preceding school year, the largest number from among the immediately preceding 2 school years must be used for purposes of apportioning money from the State Distributive School Account to that school district or charter school pursuant to NRS 387.124.

3. Except as otherwise provided in subsection 4, if the enrollment of pupils in a school district or a charter school that is located within the school district on the last day of the first school month of the school district for the school year is more than 95 percent of the enrollment of pupils in the same school district or charter school on the last day of the first school month of the school district for the immediately preceding school year, the larger enrollment number from the current year or the immediately preceding school year must be used for purposes of apportioning money from the State Distributive School Account to that school district or charter school pursuant to NRS 387.124.

4. If the Department determines that a school district or charter school deliberately causes a decline in the enrollment of pupils in the school district or charter school to receive a higher apportionment pursuant to subsection 2 or 3, including, without limitation, by eliminating grades or moving into smaller facilities, the enrollment number from the current school year must be used for purposes of apportioning money from the State Distributive School Account to that school district or charter school pursuant to NRS 387.124.

5. Pupils who are excused from attendance at examinations or have completed their work in accordance with the rules of the board of trustees must be credited with attendance during that period.
6. Pupils who are incarcerated in a facility or institution operated by the Department of Corrections must not be counted for the purpose of computing basic support pursuant to this section. The average daily attendance for such pupils must be reported to the Department of Education.

7. Pupils who are enrolled in courses which are approved by the Department as meeting the requirements for an adult to earn a high school diploma must not be counted for the purpose of computing basic support pursuant to this section.

Sec. 4. NRS 387.124 is hereby amended to read as follows:

387.124 Except as otherwise provided in this section and NRS 387.528:

1. On or before August 1, November 1, February 1 and May 1 of each year, the Superintendent of Public Instruction shall apportion the State Distributive School Account in the State General Fund among the several county school districts, charter schools and university schools for profoundly gifted pupils in amounts approximating one-fourth of their respective yearly apportionments less any amount set aside as a reserve. Except as otherwise provided in section 2 of this act, the apportionment to a school district, computed on a yearly basis, equals the difference between the basic support and the local funds available pursuant to NRS 387.1235, minus all the funds attributable to pupils who reside in the county but attend a charter school, all the funds attributable to pupils who reside in the county and are enrolled full-time or part-time in a program of distance education provided by another school district or a charter school and all the funds attributable to pupils who are enrolled in a university school for profoundly gifted pupils located in the county. No apportionment may be made to a school district if the amount of the local funds exceeds the amount of basic support.

2. Except as otherwise provided in subsection 3 and section 2 of this act, the apportionment to a charter school, computed on a yearly basis, is equal to the sum of the basic support per pupil in the county in which the pupil resides plus the amount of local funds available per pupil pursuant to NRS 387.1235 and all other funds available for public schools in the county in which the pupil resides minus all the funds attributable to pupils who are enrolled in the charter school but are concurrently enrolled part-time in a program of distance education provided by a school district or another charter school. If the apportionment per pupil to a charter school is more than the amount to be apportioned to the school district in which a pupil who is enrolled in the charter school resides, the school district in which the pupil resides shall pay the difference directly to the charter school.

3. Except as otherwise provided in section 2 of this act, the apportionment to a charter school that is sponsored by the State Board or by a college or university within the Nevada System of Higher Education, computed on a yearly basis, is equal to the sum of the basic support per pupil in the county in which the pupil resides plus the amount of local funds available per pupil pursuant to NRS 387.1235 and all other funds available for public schools in the county in which the pupil resides, minus all funds
attributable to pupils who are enrolled in the charter school but are concurrently enrolled part-time in a program of distance education provided by a school district or another charter school.

4. Except as otherwise provided in section 2 of this act, in addition to the apportionments made pursuant to this section, an apportionment must be made to a school district or charter school that provides a program of distance education for each pupil who is enrolled part-time in the program. The amount of the apportionment must be equal to the percentage of the total time services are provided to the pupil through the program of distance education per school day in proportion to the total time services are provided during a school day to pupils who are counted pursuant to subparagraph (2) of paragraph (a) of subsection 1 of NRS 387.1233 for the school district in which the pupil resides.

5. The governing body of a charter school may submit a written request to the Superintendent of Public Instruction to receive, in the first year of operation of the charter school, an apportionment 30 days before the apportionment is required to be made pursuant to subsection 1. Upon receipt of such a request, the Superintendent of Public Instruction may make the apportionment 30 days before the apportionment is required to be made. A charter school may receive all four apportionments in advance in its first year of operation.

6. Except as otherwise provided in section 2 of this act, the apportionment to a university school for profoundly gifted pupils, computed on a yearly basis, is equal to the sum of the basic support per pupil in the county in which the university school is located plus the amount of local funds available per pupil pursuant to NRS 387.1235 and all other funds available for public schools in the county in which the university school is located. If the apportionment per pupil to a university school for profoundly gifted pupils is more than the amount to be apportioned to the school district in which the university school is located, the school district shall pay the difference directly to the university school. The governing body of a university school for profoundly gifted pupils may submit a written request to the Superintendent of Public Instruction to receive, in the first year of operation of the university school, an apportionment 30 days before the apportionment is required to be made pursuant to subsection 1. Upon receipt of such a request, the Superintendent of Public Instruction may make the apportionment 30 days before the apportionment is required to be made. A university school for profoundly gifted pupils may receive all four apportionments in advance in its first year of operation.

7. The Superintendent of Public Instruction shall apportion, on or before August 1 of each year, the money designated as the "Nutrition State Match" pursuant to NRS 387.105 to those school districts that participate in the National School Lunch Program, 42 U.S.C. §§ 1751 et seq. The apportionment to a school district must be directly related to the district's reimbursements for the Program as compared with the total amount of
reimbursements for all school districts in this State that participate in the Program.

8. If the State Controller finds that such an action is needed to maintain the balance in the State General Fund at a level sufficient to pay the other appropriations from it, the State Controller may pay out the apportionments monthly, each approximately one-twelfth of the yearly apportionment less any amount set aside as a reserve. If such action is needed, the State Controller shall submit a report to the Department of Administration and the Fiscal Analysis Division of the Legislative Counsel Bureau documenting reasons for the action.

Sec. 5. NRS 387.1243 is hereby amended to read as follows:

387.1243 1. The first apportionment based on an estimated number of pupils and special education program units and succeeding apportionments are subject to adjustment from time to time as the need therefor may appear, including, without limitation, an adjustment made for a pupil who is not properly enrolled in or attending a public school, as determined through an independent audit or other examination conducted pursuant to NRS 387.126 or through an annual audit of the count of pupils conducted pursuant to subsection 1 of NRS 387.304.

2. The apportionments to a school district may be adjusted during a fiscal year by the Department of Education, upon approval by the State Board of Examiners and the Interim Finance Committee, if the Department of Taxation and the county assessor in the county in which the school district is located certify to the Department of Education that the school district will not receive the tax levied pursuant to subsection 1 of NRS 387.195 on property of the Federal Government located within the county if:

(a) The leasehold interest, possessory interest, beneficial interest or beneficial use of the property is subject to taxation pursuant to NRS 361.157 and 361.159 and one or more lessees or users of the property are delinquent in paying the tax; and

(b) The total amount of tax owed but not paid for the fiscal year by any such lessees and users is at least 5 percent of the proceeds that the school district would have received from the tax levied pursuant to subsection 1 of NRS 387.195.

If a lessee or user pays the tax owed after the school district's apportionment has been increased in accordance with the provisions of this subsection to compensate for the tax owed, the school district shall repay to the State Distributive School Account in the State General Fund an amount equal to the tax received from the lessee or user for the year in which the school district received an increased apportionment, not to exceed the increase in apportionments made to the school district pursuant to this subsection.

3. On or before August 1 of each year, the board of trustees of a school district shall provide to the Department, in a format prescribed by the Department, the count of pupils calculated pursuant to subparagraph (8) of
paragraph (a) of subsection 1 of NRS 387.1233 who completed at least one
semester during the immediately preceding school year. The count of pupils
submitted to the Department must be included in the final adjustment
computed pursuant to subsection 4.

4. A final adjustment for each school district, charter school and
university school for profoundly gifted pupils must be computed as soon as
practicable following the close of the school year, but not later than
August 25. The final computation must be based upon the actual counts of
pupils required to be made for the computation of basic support and the
limits upon the support of special education programs, except that for any
year when the total enrollment of pupils and children in a school district, a
charter school located within the school district or a university school for
profoundly gifted pupils located within the school district described in
paragraphs (a), (b), (c) and (e) of subsection 1 of NRS 387.123 is greater on
the last day of any school month of the school district after the second school
month of the school district and the increase in enrollment shows at least:

(a) A 3-percent gain, basic support as computed from first-month
enrollment for the school district, charter school or university school for
profoundly gifted pupils must be increased by 2 percent.

(b) A 6-percent gain, basic support as computed from first-month
enrollment for the school district, charter school or university school for
profoundly gifted pupils must be increased by an additional 2 percent.

5. If the final computation of apportionment for any school district,
charter school or university school for profoundly gifted pupils exceeds the
actual amount paid to the school district, charter school or university school
for profoundly gifted pupils during the school year, the additional amount
due must be paid before September 1. If the final computation of
apportionment for any school district, charter school or university school for
profoundly gifted pupils is less than the actual amount paid to the school
district, charter school or university school for profoundly gifted pupils
during the school year, the difference must be repaid to the State Distributive
School Account in the State General Fund by the school district, charter
school or university school for profoundly gifted pupils before September 25.

Sec. 6.  NRS 387.185 is hereby amended to read as follows:

387.185 1. Except as otherwise provided in subsection 2 and
NRS 387.528, unless the Superintendent of Public Instruction authorizes a
withholding pursuant to section 2 of this act, all school money due each
county school district must be paid over by the State Treasurer to the county
treasurer on August 1, November 1, February 1 and May 1 of each year or as
soon thereafter as the county treasurer may apply for it, upon the warrant of
the State Controller drawn in conformity with the apportionment of the
Superintendent of Public Instruction as provided in NRS 387.124.

2. Except as otherwise provided in NRS 387.528, unless the
Superintendent of Public Instruction authorizes a withholding pursuant to
section 2 of this act, if the board of trustees of a school district establishes
and administers a separate account pursuant to the provisions of NRS 354.603, all school money due that school district must be paid over by the State Treasurer to the school district on August 1, November 1, February 1 and May 1 of each year or as soon thereafter as the school district may apply for it, upon the warrant of the State Controller drawn in conformity with the apportionment of the Superintendent of Public Instruction as provided in NRS 387.124.

3. No county school district may receive any portion of the public school money unless that school district has complied with the provisions of this title and regulations adopted pursuant thereto.

4. Except as otherwise provided in this subsection, unless the Superintendent of Public Instruction authorizes a withholding pursuant to section 2 of this act, all school money due each charter school must be paid over by the State Treasurer to the governing body of the charter school on August 1, November 1, February 1 and May 1 of each year or as soon thereafter as the governing body may apply for it, upon the warrant of the State Controller drawn in conformity with the apportionment of the Superintendent of Public Instruction as provided in NRS 387.124. If the Superintendent of Public Instruction has approved, pursuant to subsection 5 of NRS 387.124, a request for payment of an apportionment 30 days before the apportionment is otherwise required to be made, the money due to the charter school must be paid by the State Treasurer to the governing body of the charter school on July 1, October 1, January 1 or April 1, as applicable.

5. Except as otherwise provided in this subsection, unless the Superintendent of Public Instruction authorizes a withholding pursuant to section 2 of this act, all school money due each university school for profoundly gifted pupils must be paid over by the State Treasurer to the governing body of the university school on August 1, November 1, February 1 and May 1 of each year or as soon thereafter as the governing body may apply for it, upon the warrant of the State Controller drawn in conformity with the apportionment of the Superintendent of Public Instruction as provided in NRS 387.124. If the Superintendent of Public Instruction has approved, pursuant to subsection 6 of NRS 387.124, a request for payment of an apportionment 30 days before the apportionment is otherwise required to be made, the money due to the university school must be paid by the State Treasurer to the governing body of the university school on July 1, October 1, January 1 or April 1, as applicable.

Sec. 7. This act becomes effective on July 1, 2011.

Senator Denis requested that his remarks be entered in the Journal.
Amendment No. 292 to Senate Bill No. 38 clarifies that any withholding of an apportionment authorized under the provisions of the bill that are the result of a charter school failing to submit a report through the sponsor, would not apply to regulatory matters and would only be for the amount due the charter school itself, not that due to the sponsor of the charter school.

The following amendment was proposed by the Committee on Transportation:
Amendment No. 98.

"SUMMARY—Revises certain provisions governing the titling and registration of off-highway vehicles. (BDR S-210)"

"AN ACT relating to off-highway vehicles; authorizing the Department of Motor Vehicles to release certain personal information relating to off-highway vehicles; revising the prospective terms of the members of the Commission on Off-Highway Vehicles; revising the effective date of certain other provisions governing the titling and registration of off-highway vehicles; repealing the prospective transfer of authority to approve the designation of portions of state highways for off-highway vehicle use from the Department of Transportation to the Department of Motor Vehicles; and providing other matters properly relating thereto."

Legislative Counsel's Digest:
Existing law authorizes the Department of Motor Vehicles to release certain personal information relating to the driver's license, identification card, or title or registration of a vehicle of a person and to charge and collect a fee from a person who makes use of files and records of the Department or its various divisions for a private purpose. (NRS 481.063) Section 1 of this bill authorizes the Department to release such personal information relating to off-highway vehicles by clarifying that for purposes of those actions, the term "vehicle" includes an off-highway vehicle.

In 2009, the provisions of Senate Bill No. 394 were enacted, which provide for the issuance of a certificate of title and registration for an off-highway vehicle by the Department of Motor Vehicles. (Chapter 504, Statutes of Nevada 2009, pp. 3076-3106) Those provisions also: (1) create the Revolving Account for the Assistance of the Department, into which must be deposited all money received by the Department from the Federal Government or any other source to assist the Department in carrying out the provisions of that bill relating to the titling and registration of off-highway vehicles; (2) create the Commission on Off-Highway Vehicles, consisting of 11 members appointed by the Governor; (3) transfer responsibility from the Department of Transportation to the Department of Motor Vehicles to approve the designation of any portion of a state highway as permissible for off-highway vehicle use; and (4) require the Interim Finance Committee, after determining that at least $500,000 is available in
the Revolving Account for the Assistance of the Department, to notify the Department of that fact. (Chapter 504, Statutes of Nevada 2009, pp. 3082-85, 3105) The following provisions of that bill became effective upon passage and approval: (1) the provisions creating the Revolving Account for the Assistance of the Department; (2) the provisions governing the appointment of the members of the Commission on Off-Highway Vehicles by the Governor; and (3) the provisions authorizing the Department to adopt regulations to carry out that bill. The remaining provisions of that bill will become effective on July 1, 2011, or 1 year after the date the Interim Finance Committee issues the notice concerning the Revolving Account for the Assistance of the Department, whichever occurs first. If the Interim Finance Committee fails to issue that notice before July 1, 2011, the provisions of that bill expire by limitation on that date. (Chapter 504, Statutes of Nevada 2009, p. 3105)

Section 1 of this bill requires the Governor, as soon as practicable after July 1, 2011, to appoint: (1) four members of the Commission on Off-Highway Vehicles to terms that expire on January 1, 2013; (2) four members of the Commission to terms that expire on January 1, 2014; and (3) three members of the Commission to terms that expire on January 1, 2015. Section 2 of this bill extends the effective date for most of the remaining provisions of Senate Bill No. 394 by changing July 1, 2011, to making those provisions effective on July 1, 2012, or 30 days after the Department of Motor Vehicles publishes on its website a statement indicating that it has completed the preparatory administrative tasks that are necessary to carry out the provisions of that bill, whichever occurs first.

Section 4 of this bill repeals the provision transferring authority to approve designation of any portion of a state highway as permissible for off-highway vehicle use from the Department of Transportation to the Department of Motor Vehicles, and thus returns the authority to approve such designations to the Department of Transportation.

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

Section 1. NRS 481.063 is hereby amended to read as follows:

481.063. 1. Senate Bill No. 142.
Bill read second time.
The following amendment was proposed by the Committee on Commerce, Labor and Energy:
Amendment No. 209.
"SUMMARY—Makes various changes concerning the towing and storage of motor vehicles. (BDR 58-924)"
"AN ACT relating to motor vehicles; prohibiting operators of tow cars from imposing certain fees under certain circumstances; [requiring the use of competitive bidding for local government contracts for towing services;] authorizing an insurer to [tow and store] take possession of a motor vehicle upon [notification to its] obtaining the consent of the owner [that] of the motor vehicle [has been declared a total loss;] or the authorized agent of the owner under certain circumstances; and providing other matters properly relating thereto."

Legislative Counsel’s Digest:
Existing law prohibits a tow car operator who stores a motor vehicle that was towed at the request of a law enforcement officer following an accident involving the vehicle from charging the owner of the vehicle a fee for the towing and storage of the vehicle for more than 21 days after placing the vehicle in storage. (NRS 706.4479) Section 1.5 of this bill also prohibits a tow car operator who tows and stores such a vehicle from imposing any administrative or processing fee, or any fee relating to the auction of the vehicle, for the first 14 business days after the date on which the vehicle was placed in storage, but provides no limitation on the period during which those fees may be imposed.

Under existing law, local governments are required to use competitive bidding when contracting for the purchase of certain goods and services. (Chapter 332 of NRS) Section 2 of this bill requires local governments to use competitive bidding when contracting with tow car operators for towing services."
Section 3 of this bill provides that the owner of a motor vehicle who makes a claim under an insurance policy for damages to the vehicle [is deemed to have given permission] or the authorized agent of the owner may give consent for the insurer: (1) to tow and store the vehicle at the insurer's expense if the insurer provides notice to the owner that it has declared the vehicle a total loss; or (2) to tow the vehicle to a repair shop designated by the owner if the vehicle is a repairable vehicle. Section 1 of this bill provides that an insurer may obtain possession of a motor vehicle from a tow car operator if the insurer provides the operator with a form which indicates that the owner of the motor vehicle or his or her agent has consented to the release of the motor vehicle. Section 1 requires the Commissioner of Insurance to adopt a standard consent form, which must include: (1) the name of the owner of the motor vehicle or his or her agent from whom the insurer obtained consent; (2) the name of the insurer or his or her agent who obtained the consent and the date on which the consent was obtained; (3) a statement that the insurer obtained the consent of the owner or his or her agent pursuant to section 3; (4) the policy number of the policy of motor vehicle insurance applicable to the motor vehicle; (5) the vehicle identification number of the motor vehicle; (6) the model year and make of the motor vehicle; (7) a statement that the insurer will indemnify the operator for any liability relating to the release of the motor vehicle to the insurer; and (8) any other information required by the Commissioner. Section 1 also provides that a tow car operator who releases a motor vehicle to an insurer upon receipt of a consent form which complies with the requirements established by the Commissioner is not liable in any civil or criminal action for any act related to the release of the motor vehicle to the insurer.

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

Section 1. Chapter 706 of NRS is hereby amended by adding thereto a new section to read as follows:

1. If a motor vehicle is towed at the request of someone other than the owner or an authorized agent of the owner, an insurer may obtain possession of the motor vehicle from the operator of the tow car if the insurer:

Senator Settelmeyer moved the adoption of the amendment.

Remarks by Senator Settelmeyer.

Senator Settelmeyer requested that his remarks be entered in the Journal.

Amendment No. 195 to Senate Bill No. 182 removes the references to specific categories of acceptable State Contractors' Board licenses for performing solar thermal system installations. Instead, the amendment simply provides that an installer shall use "an appropriate" license as determined by the Board. This approach provides flexibility for possible future license category changes but still leaves the determination of the correct license to the Board.

The amendment makes similar changes in regard to the proper performance certification required for the solar thermal systems themselves. The Public Utilities Commission is given authority to specify the most appropriate certification.

Finally, the amendment deletes the provisions relating to the expansion and extension of the wind and waterpower energy systems rebate programs; those programs will be addressed in a different bill.

"AN ACT relating to motor vehicles; increasing the membership and revising the duties of the Advisory Board on Automotive Affairs; establishing certain qualifications for membership on the Board; and providing other matters properly relating thereto."

**Legislative Counsel's Digest:**

The Advisory Board on Automotive Affairs consists of seven members appointed by the Governor. One member represents the Department of Motor Vehicles, the general public is represented by two members, and body shops, automobile wreckers, garages and salvage pools are each represented by one member. The Board's duties include: (1) studying the regulation of the businesses and industries that are represented on the Board; (2) analyzing and advising the Department with respect to consumer complaints relating to those businesses and industries; and (3) making recommendations to the Department for regulations or legislation concerning those businesses and industries. Before each regular session of the Legislature, the Board prepares a report of its activities and recommendations for submission to the Governor and the Legislature. (NRS 487.002)

The number of members representing the general public is reduced from two to one, and three new members are added, one to represent each of the following businesses or industries: (1) authorized emissions stations; (2) insurers of motor vehicles; and (3) new or used motor vehicle dealers. This bill also establishes certain qualifications for membership on the Board. Every member must have been a resident of this state for at least 5 years immediately preceding his or her appointment. "AN ACT relating to licensed family trust companies; revising provisions governing the management of a trust by a family trust company or licensed family trust company; specifying the applicability of the Uniform Prudent Investor Act to a trust managed by a family trust company or licensed family trust company; requiring a licensed family trust company to administer a trust in this State except under certain circumstances; authorizing a family trust company or licensed family trust company to engage in certain transactions involving the assets of the trust or take certain actions if the transaction or action is in the interest of the beneficiaries and complies with certain other requirements; authorizing a family trust company or licensed family trust company and an interested person to enter into a nonjudicial settlement agreement to resolve any matter related to the management, administration or interpretation of a trust; requiring a family trust company and licensed family trust company to provide an annual report or certain information in lieu of an annual report to certain persons concerning the management of a trust; and providing other matters properly relating thereto."  
Legislative Counsel's Digest:  
Existing law requires a trust company that has been appointed as the fiduciary of a trust to invest and manage the assets of the trust according to the Uniform Prudent Investor Act. (NRS 164.700-164.775) The prudent investor rule requires, among other things, that a fiduciary of a trust diversify the assets of the trust through various investments. (NRS 164.750) Existing law places further restrictions on the types of transactions that a trust company may engage in with the assets of a trust for which it is a fiduciary.
(NRS 669A.230) Existing law also requires a trust company to obtain a court order to transfer the principal place of administration of the trust to a jurisdiction outside of this State. (NRS 164.130)

Sections 4 and 15 of this bill provide that a trust that is managed by a licensed family trust company is subject only to certain [Section 15 of this bill provides an exception to the provisions of the Uniform Prudent Investor Act as it applies to the management of] a trust and those provisions of the Uniform Prudent Investor Act which are specifically incorporated by a term of the trust by a family trust company or licensed family trust company. Section 7 of this bill authorizes a family trust company or licensed family trust company to engage in activities and transactions involving the assets of a trust, including the acquisition of concentrated holdings of stocks, bonds, securities or other assets, which might otherwise be prohibited by the Uniform Prudent Investor Act. Section 7 requires that such transactions or actions by a family trust company or licensed family trust company be for a fair price, if applicable, be in the interest of the beneficiaries and comply with the terms of the trust, a written consent agreement or a court order. Furthermore, the transactions authorized by section 7 are not prohibited by a conflict of interest between the parties to the transaction.

Section 8 of this bill authorizes a family trust company or licensed family trust company and an interested person to enter into a nonjudicial settlement agreement with respect to any matter related to the management, administration or interpretation of a trust. Section 8 also authorizes a family trust company or licensed family trust company or an interested person to petition a court to approve a nonjudicial settlement agreement or to make certain other determinations related to the nonjudicial settlement agreement. Section 9 of this bill requires a family trust company or licensed family trust company that intends to execute a nonjudicial settlement agreement to meet certain notice requirements before executing the nonjudicial settlement agreement and also requires an interested person who receives such notice to object within a certain period to preserve the right to bring certain actions relating to the nonjudicial settlement agreement. Section 9 also authorizes a family trust company or licensed family trust company or an interested person who timely objects to petition the court to approve, disapprove, enforce or modify the nonjudicial settlement agreement. Section 10 of this bill authorizes a family trust company or licensed family trust company to refrain from taking an action that is authorized by a nonjudicial settlement agreement under certain circumstances.

Section 6 of this bill requires that a trust managed by a licensed family trust company be administered in this State and pursuant to any applicable laws of this State except under certain circumstances. Section 11 of this bill requires a family trust company and licensed family trust company to provide annual reports to certain persons outlining any transactions taken by the family trust company or licensed family trust company while acting as

Amendment No. 193 to Senate Bill No. 259 adds family trust companies to the provisions of the bill regarding licensed family trust companies.

The amendment deletes provisions that exempt licensed family trusts from compliance with certain statutory requirements. It also deletes provisions authorizing a licensed family trust that is the fiduciary of trust from administering the trust in a jurisdiction outside of this state.

The amendment authorizes a trustee to provide certain accounting information to an interested person in lieu of providing an annual report.

Finally, the amendment defines certain terms relating to securities and investments.

Amendment No. 208.
"SUMMARY—Revises provisions governing renewable energy. (BDR 58-1026)"
"AN ACT relating to energy; revising the capacity goal and prospective expiration of the Waterpower Energy Systems Demonstration Program; expanding the Program to include Indian tribes and tribal organizations that are customers of a utility; revising provisions governing net metering systems that use waterpower to generate electricity; and providing other matters properly relating thereto."

Legislative Counsel's Digest:

Section 1 of this bill expands the Waterpower Energy Systems Demonstration Program to include Indian tribes and tribal organizations that are customers of a utility. Sections 4-5, 9-11 of this bill extend the prospective expiration of the Waterpower Energy Systems Demonstration Program. Section 2 also expands the capacity goal of the Program from 500 kilowatts to 5 megawatts.

Net metering measures the difference between the electricity supplied by a utility to a customer-generator and the electricity generated by a renewable energy system of the customer-generator which is fed back to the utility. Under existing law, an electric utility is required to offer net metering to customer-generators until the cumulative capacity of all net metering systems within the service area of the utility is equal to 1 percent of the utility's peak capacity. Existing law also requires that a net metering system be located on the premises of the customer-generator. (NRS 704.771, 704.773) Section 6 of this bill removes the requirement that a net metering system be located on the premises of the customer-generator, if the system uses waterpower as its primary source of energy to generate electricity intended primarily to offset part or all of the customer-generator's requirements for electricity on the property of the customer-generator on which the net metering system is located or on contiguous property owned by the customer-generator.

Senator Breeden requested that her remarks be entered in the Journal.

Amendment No. 452 to Senate Bill No. 294 clarifies that an advanced practitioner of nursing (APN) may inject a patient with a chemotherapeutic agent classified as a prescription drug since an APN is both licensed to perform medical services of this nature and the administration of the injection is within the scope of an APN's license. An APN does not have to perform such an injection under the supervision of a physician or physician assistant.

Before such a person begins teaching, he or she must comply with the requirements for a criminal background investigation as required by other employees of the school district.

Under existing law, the Commission is required to adopt regulations providing for the reciprocal licensure of educational personnel from other states. (NRS 391.032) Section 5 of this bill requires the regulations governing reciprocal licensure to include reciprocal licensure of persons who obtained a license pursuant to an alternative route to licensure.

Amendment No. 197.
"SUMMARY—Revises provisions relating to unlawful discrimination in places of public accommodation. (BDR 54-799)"
"AN ACT relating to public accommodations; revising provisions relating to unlawful discrimination based on sex and gender identity or expression in places of public accommodation; providing that certain promotions or marketing of places of public accommodation are not unlawful or grounds for a civil action; providing a penalty; and providing other matters properly relating thereto."

Legislative Counsel's Digest:

Nevada has declared as its public policy the right of all people to have access to places of public accommodation without discrimination based on race, religious creed, color, age, sex, disability, sexual orientation, national origin or ancestry, and section 4 of this bill extends that public policy to discrimination based on gender identity or expression. Existing law provides that all persons have the right to full and equal enjoyment of the goods, services, facilities, privileges, advantages and accommodations of any place of public accommodation without discrimination or segregation based on race, color, religion, national origin, disability or sexual orientation. (NRS 651.070) Section 3 of this bill provides the same protection from discrimination or segregation based on sex or gender identity or expression in
places of public accommodation. A person who withholds, denies or deprives any other person of this right, intimidates, threatens or coerces any other person for the purpose of interfering with this right or punishes any other person for exercising this right is guilty of a misdemeanor. (NRS 651.080)

Section 1 of this bill provides that it is not unlawful or a ground for a civil action for any place of public accommodation to offer differential pricing, discounted pricing or special offers based on sex to promote or market the place of public accommodation.

Existing law authorizes the Nevada Equal Rights Commission to investigate practices of discrimination in places of public accommodation and authorizes a person who believes he or she has been discriminated against based on race, color, religion, national origin, disability or sexual orientation to file a complaint with the Commission. (NRS 233.150, 651.110)

Section 4 of this bill authorizes the Commission additionally to investigate practices of discrimination based on gender identity or expression. Section 4 of this bill authorizes a person who believes he or she has been discriminated against based on sex or gender identity or expression to file a complaint with the Commission. Section 5 of this bill provides that it is not an unlawful discriminatory practice in public accommodations for any place of public accommodation to offer differential pricing, discounted pricing or special offers based on sex to promote or market the place of public accommodation.

The following amendment was proposed by the Committee on Government Affairs:

Amendment No. 340.

"SUMMARY—Revises provisions governing redevelopment agencies. (BDR 22-937)"

"AN ACT relating to redevelopment of communities; revising requirements for the submission of an employment plan; requiring a redevelopment agency to withhold a portion of any incentive provided to a developer unless the developer satisfies certain conditions; requiring the reporting of certain information relating to the redevelopment project by
certain developers; requiring an employment plan to include information relating to preferences for hiring persons from the redevelopment area; and providing other matters properly relating thereto."

Legislative Counsel's Digest:
Under existing law, if a redevelopment agency provides property for development for less than the fair market value of the property or provides financial incentives of more than $100,000 to a developer, the developer must comply with certain laws relating to the payment of a prevailing wage. (NRS 279.500) Additionally, a proposal for a redevelopment project must include an employment plan, if appropriate. (NRS 279.482)

Sections 2-9 of this bill only apply to a developer for a redevelopment project if part of the redevelopment area is within an enterprise community. Section 6 of this bill exempts public agencies who use redevelopment funds for a public work and private developers who do not construct a redevelopment project for a known owner from the requirement to submit an employment plan. Section 7 of this bill requires an agency that proposes to provide an incentive to a developer to withhold payment of 10 percent of the incentive unless: (1) 15 percent of the employees of contractors, subcontractors, vendors and suppliers of the developer are residents of the redevelopment area; (2) 15 percent of the jobs created by employers as a result of the redevelopment project are filled by residents of the redevelopment area; (3) the developer or build-to-suit owner or lessee complies with the requirements in the employment plan; and (4) the developer satisfies the reporting required by section 8 of this bill. Section 9 of this bill allows a developer to appeal a refusal to pay the amount provided for in section 7 to the legislative body of the community.

Section 8 requires a developer that receives an incentive of more than $100,000 to report to the redevelopment agency certain information relating to the redevelopment project. Section 8 also requires a developer that receives $100,000 or less in incentives to use its best efforts to report such information. Finally, section 8 allows the redevelopment agency to refuse to pay all or a portion of the incentive or to require repayment of any incentive already paid if a developer fails to comply.

Section 11 of this bill requires the employment plan to include information about the preference for hiring persons living within the redevelopment area used by the developer and each employer who will be relocating a business into the area as a result of the redevelopment.

Section 12 of this bill makes an appropriation for a study of the feasibility of a renewable energy sustainability center in the Southern Nevada Enterprise Community.

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

Section 1. Chapter 279 of NRS is hereby amended by adding thereto the provisions set forth as sections 2 to 9, inclusive, of this act.
Sec. 2. "Build-to-suit developer" means a private developer who constructs a redevelopment project in accordance with the customized specifications of a known owner or lessee to whom the developer will convey or lease the property upon completion of the project.

Sec. 3. "Build-to-suit owner or lessee" means the owner or lessee of a redevelopment project that has been constructed by a build-to-suit developer to the customized specifications of the owner or lessee.

Sec. 4. "Developer" means a person or entity that proposes to construct a redevelopment project which will receive financial assistance from an agency.

Sec. 5. "Southern Nevada Enterprise Community" means the area designated as the Southern Nevada Enterprise Community in section 5 of chapter 407, Statutes of Nevada 2007.

Sec. 5.5. The provisions of sections 2 to 9, inclusive, of this act do not apply to a developer for a redevelopment project unless a portion of the redevelopment area of the redevelopment project is within an enterprise community which is currently or was previously established pursuant to 24 C.F.R. Part 597, including without limitation, the Southern Nevada Enterprise Community.

Sec. 6. 1. A public agency that uses redevelopment funds for the design or construction of a redevelopment project being built as a public work pursuant to chapter 338 of NRS is not required to submit an employment plan pursuant to NRS 279.482.

2. A developer who constructs a redevelopment project for the purpose of conveying or leasing the property to an unknown owner or lessee is not required to submit an employment plan pursuant to NRS 279.482 but may submit an employment plan voluntarily.

Sec. 7. 1. Except as otherwise provided in subsection 2, if an agency proposes to provide an incentive to a developer for a redevelopment project, 10 percent of the amount of the proposed incentive must be withheld by the agency and must not be paid to the developer unless:

(a) At least 15 percent of all employees of contractors, subcontractors, vendors and suppliers of the developer are bona fide residents of the redevelopment area and, among such persons, preference in hiring and contracting is given to residents of the Southern Nevada Enterprise Community;

(b) At least 15 percent of all jobs created by employers who relocate to the redevelopment area are filled by bona fide residents of the redevelopment area and, among such persons, preference in hiring is given to residents of the Southern Nevada Enterprise Community;

(c) The developer or build-to-suit owner or lessee complies with any requirements imposed by the agency relating to the employment plan in the agreement for the redevelopment project; and

(d) The developer satisfies all reporting requirements as described in section 8 of this act.
2. If an agency provides nonmonetary incentives to a developer for a redevelopment project, the developer shall deposit an amount of money with the agency equal to 10 percent of the value of the nonmonetary incentives as agreed upon between the agency and the developer. If the developer satisfies the requirements of paragraphs (a) to (d), inclusive, of subsection 1, the agency shall return the deposit required by this subsection to the developer.

Sec. 8. 1. Except as otherwise provided in subsection 2, a developer that receives incentives from an agency for a redevelopment project shall, upon completion of the project and upon request of the agency, report, in a form prescribed by the agency, information relating to:

(a) Outreach efforts that the developer has utilized, including, without limitation, information relating to job fairs, advertisements in publications that reach residents of the redevelopment area and utilization of employment referral agencies;

(b) Training conducted for persons hired by the developer and contractors, subcontractors, vendors and suppliers of the developer and the employers within the development project; and

(c) The execution of the redevelopment, including, without limitation, plans and the scope of services.

2. If a developer receives incentives from an agency for a redevelopment project with a value of $100,000 or less, the developer shall use its best efforts to satisfy the reporting requirements described in subsection 1.

3. If the developer fails to comply with the requirements of this section:

(a) The agency may refuse to pay all or any portion of an incentive; and

(b) The agency may require the developer to repay any incentive already paid to the developer.

Sec. 9. 1. A developer may appeal the refusal by an agency to pay the amount provided for in section 7 of this act to the legislative body of the community.

2. In an appeal, the developer has the burden of demonstrating that:

(a) Specific actions were taken to substantially fulfill the requirements of section 7 of this act;

(b) An insufficient number of significant opportunities for appropriate contractors, subcontractors, vendors or suppliers to perform a commercially useful function in the project existed; and

(c) Use of appropriate contractors, subcontractors, vendors or suppliers as required by section 7 of this act would have significantly and adversely affected the overall cost of the project.

3. If the legislative body finds that the developer's appeal has satisfied the requirements of subsection 2, the agency shall pay the developer the amount provided for in section 7 of this act.

Sec. 10. NRS 279.384 is hereby amended to read as follows:
As used in NRS 279.382 to 279.685, inclusive, and sections 2 to 9, inclusive, of this act, unless the context otherwise requires, the words and terms defined in NRS 279.386 to 279.414, inclusive, and sections 2 to 5, inclusive, of this act have the meanings ascribed to them in those sections.

Sec. 11. NRS 279.482 is hereby amended to read as follows:

1. An agency may obligate lessees or purchasers of property acquired in a redevelopment project to:
   (a) Use the property for the purpose designated in the redevelopment plans.
   (b) Begin the redevelopment of the area within a period of time which the agency fixes as reasonable.
   (c) Comply with other conditions which the agency deems necessary to carry out the purposes of NRS 279.382 to 279.685, inclusive, including, without limitation, the provisions of an employment plan or a contract approved for a redevelopment project.

2. Except as otherwise provided in section 6 of this act, as appropriate for the particular project, each proposal for a redevelopment project must also include an employment plan. The employment plan must include:
   (a) A description of the existing opportunities for employment within the area;
   (b) A projection of the effect that the redevelopment project will have on opportunities for employment within the area;
   (c) A description of the manner in which an employer relocating a business into the area plans to employ persons living within the area of operation who:

Legislative Counsel's Digest:
Under existing law, the Superintendent of Public Instruction is required to prepare a memorandum that includes a description of each statute newly enacted by the Legislature and other bills pertaining to public education. Under existing federal law, a school which is served under Title I and which is identified as needing improvement pursuant to the federal law is required to develop and implement a school improvement plan. (20 U.S.C. § 6316(b)(3)) Also under existing federal law, a school district which is served under Title I and which is identified as needing improvement pursuant to the federal law is required to develop and implement a plan for improvement for the school district. Senator Denis moved the adoption of the amendment.
Remarks by Senators Denis and McGinness.
Senator Denis requested that the following remarks be entered in the Journal.

SENATOR DENIS:
Amendment No. 289 to Senate Bill No. 365 removes the requirement that a number of statutory provisions within the public education code be repealed. Instead, the amendment requires Nevada's school district boards of trustees to review the sections recommended for repeal and provide a report of their recommendations to the interim Legislative Committee on Education and the Director of the Legislative Counsel Bureau prior to the 2013 Legislative Session.

The amendment specifies the content of the report that includes the name and description of each required plan, policy, program, and procedure; the actual cost to the district; and the impact of each requirement on student achievement.

SENATOR MCGINNESS:
Thank you Mr. Chairman. This is my bill which had about 32 mandates that we are trying to remove. If you look at the digest, the amendment now requires the board of trustees of each school district to review these mandates and make a report. So it keeps all the mandates and puts another mandate in, so we are sliding backwards with this amendment.

I oppose this amendment and hope you will vote against this amendment.

Mr. President announced that if there were no objections, the Senate would recess subject to the call of the Chair.

God Almighty,
In the Bible a promise is given that You are able to do immeasurably more than all we ask or imagine according to Your power that is at work within us. As we look and listen at our surroundings we can see an incredible task before us.
The people of Nevada are concerned about the future, their jobs, their homes and their children's well being. These neighbors of ours are looking to this Senate with hope that the government may be able to help stem the pain and worry of these circumstances. And yet this is no simple task.
Therefore, I pray for these men and women again today. I pray that their insight, wisdom and compassion will be part of the solution to the pain, hurt and hopelessness of so many they represent.
The task may not be simple but then Your promise is to do more than we can possibly imagine. May Your wisdom be ours. I pray that the decisions made here today will be those. You can bless tomorrow.

AMEN.
Pledge of Allegiance to the Flag.

WHEREAS, Born in Memphis, Tennessee, in 1937, Dr. Glick grew up in Rock Island, Illinois, and it soon became apparent that education was to be his passion, as he graduated with a bachelor's degree in chemistry from Augustana College in Rock Island and earned his doctorate at the University of Wisconsin in Madison, followed by postdoctoral studies at Cornell University in Ithaca, New York; and

It is in the minds of Nevadans," thereby signaling to all Nevadans that he had the leadership and commitment to take the University to new heights and national recognition; and

WHEREAS, As the heart and soul of the University of Nevada, Reno, Dr. Glick always put the students' needs first, whether it was by participating in a walk-a-thon, rooting for the Wolf Pack, or telling a story he always had a twinkle in his eye and optimism for the future of Nevada through education; and

WHEREAS, The absence of this beloved figure with his trademark hat and ever-present sense of humor will forever alter the aura of the campus of the University of Nevada, Reno; now, therefore, be it

Thank you, Mr. President. The loss of President Milton Glick hit the State of Nevada and the University of Nevada, Reno, in particular, very hard.

President Glick dedicated his life to improving education across the country and was an asset to the University of Nevada, Reno. We were fortunate and blessed to have him in our State. His dedication to improving the lives of students was unmatched. Throughout his career, from Iowa to Arizona to Nevada, universities under President Glick's watch saw increases in enrollment, improvements in student retention and boosts in research funding. His legacy in education will live on, but his warm and friendly presence truly will be missed.

Our thoughts and prayers are with President Glick's wife, Peggy, his entire family and the students, faculty and staff of the University of Nevada, Reno. I encourage the body to adopt Senate Concurrent Resolution No. 7 in memory of the late President Milton D. Glick.

SENATOR HORSFORD:
The Committee of the Whole is called to order.

Good morning. I would like to start our Committee of the Whole Session, today, with a few remarks. I would like to put this session in the proper context, one that is serious and substantive. Some in the Legislature have characterized these Committee of the Whole proceedings as a "dog and pony show," or a farce intended to politically embarrass members of this body. Nothing could be further from the truth. The Committee of the Whole in the Senate is about serious business of the State of Nevada that must be resolved. It must be resolved through
compromise and consensus among the 21 members of this body, the other House and the Governor. It is time for us to come together, to work together and to find the common ground to fund the budget responsibly. It will mean acting like adults and having a grown-up conversation. It will mean putting our ideological views and positions aside and doing what is necessary for the best interests of the State under these difficult and trying circumstances.

I believe that dismantling our social safety net will not position Nevada for success or improve our quality of life. Shuffling money from one account to another rather than solving our long-term fiscal issues responsibly does not position Nevada for success or secure Nevada's future. Reform to our schools without adequate funding does not position our children for success or the future economic success of our State. Ultimately, we will have to make decisions on the budget that the Governor has proposed. This body and our counterparts down the hall will have to arrive at a budget solution that is accepted by at least a majority in both Houses. That is a fact. We all have mandates from our constituents. Those of us who ran on protecting funding for education and vital public services have promises to keep as well. That is why we have to be responsible and take a balanced approach to this budget.

As one Legislator in this body, I cannot support the Governor's budget as proposed, primarily because of the deep and devastating cuts it makes to public education in this State. I know that some of you are not prepared to support alternatives. I have not put a line in the sand. I have said that some cuts will be necessary and that we will have to accept some of the proposals by the Governor. Consensus on this budget will take compromise on all of our parts. I am prepared to stay here as long as it takes, but I would prefer that we meet our constitutional deadline of passing a budget by June 6, 2011. That means we must begin working together now to find the common ground and the compromises that will allow that to happen, putting aside our ideological differences and passing a responsible budget that serves the citizens of our great State. That is what these Committee of the Whole proceedings are about. They are about helping us make informed decisions on issues like education, social services, public safety and many others. This is the first time I am aware of that our entire body in the Senate and the Assembly have had the opportunity to be this involved in the budget decision process. We have committed to the most open and transparent process that I have ever seen. It is necessary because of these difficult decisions for all 21 of us in this body, and in the other House, and so that the public will be able to understand every major decision that must be made. The decisions are not easy. Our constituents need to know how difficult those decisions are. There will not be many good outcomes. There will be reduced spending levels even in those areas that matter to us most. For those reasons, we all together have agreed to do this Committee of the Whole process. I thank those members here and I ask all of us to be professional to one another, to respect each other's views and opinions even when we disagree and to be engaged on these issues together so that as we deliberate, as we find that common ground, building that consensus, we do it together as one body working together for the best interest of one State.

SENATOR LEE:

Thank you, Mr. Chair. As a senior member of this body, with 12 years of service in the Legislature, this is the first time I have ever been involved with the budget process. I have never served on the Committee on Finance and I have never served on the Committee on Education. I see this as a wonderful opportunity for someone with my lack of skills in this area to get a better education on what I am voting on. I would like to thank the Minority Leader for agreeing to meet with the Majority Leader to bring these discussions out into the open. Most of the time, people who serve in this body get a huge book, which is the budget bill on the last day of session of all of the decisions that have been made. I have looked at that book many times and wondered how I can tell people I read all of the bills when I have one hour to read the book. I see this as a wonderful opportunity. I have constituents who call me on both sides of this issue. They are passionate. They understand their side of the issue well, but I am stuck in the middle acting as the arbitrator between those decisions. Stating, "I don't know the answer," does not go very far for them. I am interested in being able to answer those questions. This is a wonderful learning process, not only for us in the Legislature but also for the people that we represent. Mr. Chair, I needed this at this time. I want to thank you and the Minority Leader for having these debates in public so that I may understand and learn.
SENATOR HORSFORD:
Let me outline the plan for this Committee of the Whole. We will hear a budget overview for K-12 education from our Fiscal Analysis Division Staff. That will be followed by remarks from the school district representatives who are here. Then we will hear from representatives of the Executive Branch, including the Chief of Staff and the Budget Director; the Superintendent of Schools for State Public Instruction; then remarks from representatives in Las Vegas through video conferencing, who will discuss the capital reserve proposal. We will hear from representatives who will explain some of the implications of that budget decision.

MARK KRMPOTIC (Senate Fiscal Analyst, Fiscal Analysis Division):
I will begin by discussing The Senate Committee of the Whole Work Session on Governor's Budget Proposal for K-12 Education (Exhibit C.) Three weeks ago, I had an opportunity to provide an overview of K-12 education along with other key budgetary matters based on the Governor's recommended budget. The information we will be providing today will include the Governor's recommended budget with budget amendments that have been submitted since that previous presentation.

JULIE WALLER (Program Analyst, Fiscal Analysis Division):
The budget account for K-12 education includes six accounts; the Distributive School Account (DSA); the School Remediation Trust Fund; Incentives for Licensed Educational Personnel; Other State Education Programs; the Educational Trust Fund; and the State Supplemental School Support Fund.

The first table compares State K-12 education funding approved during the 2009 75th Legislative Session and as adjusted during the Twenty-sixth Special Session, with the Governor's recommended K-12 education funding for the upcoming biennium, prior to the submission of budget amendments. The State funding recommended in the Governor's budget is 15 percent less than the funding level approved during the 2009 Session and 11 percent less than the K-12 funding approved during the Twenty-sixth Special Session. Seven budget amendments have been submitted by the administration that affect K-12 education funding resulting in a General Fund of $42.4 million in FY 2012 and $29.5 million in FY 2013. The table entitled Summary of Budget Amendments K-12 Education 2011-13 Biennium (Attachment A) provides more detail for these amendments. Distributive School Account-Summary for 2011-13 Biennium (Attachment B) is a summary of the DSA that incorporates the applicable budget amendments.

Major Reduction Recommendations for K-12 Education Governor Recommends-Amended 2011-13 Biennium (Attachment C) is a table that outlines major K-12 funding reductions recommended in the Executive Budget.

The DSA is the budget through which the State distributes direct financial aid to local school districts. Each session the Legislature determines the level of State aid for schools or the guaranteed basic support per pupil thorough a formula known as the "Nevada Plan," which allows for differences across districts and the cost of providing education as well as in local wealth. The DSA does not include all of the funding for K-12 education, but includes only the State's portion of school district and charter school operating funds.

Each district's guaranteed level of State aid is determined by multiplying the basic support per pupil by weighted enrollment. The Governor's budget includes a slight increase in projected enrollment for the upcoming biennium from 422,570 students to 423,192 students in FY 2012 with a slight increase to 424,460 students in FY 2013. The level of basic support per pupil approved during the 2009 75th Legislative Session was $5,251 for FY 2010 and $5,395 for FY 2011. Those figures were later adjusted during the Twenty-sixth Special Session to a reduced level of $5,186 per student in FY 2010 and $5,192 per student in FY 2011 as a result of the budget reductions. The funding reductions recommended by the Governor as amended resulted in an average basic support per pupil of $4,877 per pupil and $4,878 per pupil for FY 2012 and FY 2013 respectively. A decrease of approximately $518 from the basic support per pupil first approved during the 2009 75th Legislative Session of $5,395 for FY 2011 and a decrease of $315 compared to the Twenty-sixth Special Session level of $5,192 per pupil.

There are some recommendations included in the Executive Budget that impact the basic support per pupil. The Governor recommends a 5 percent reduction in salaries for all State and school personnel effective July 1, 2011. This recommendation, inclusive of the budget
amendments, results in General Fund reduction of approximately $256.5 million over the biennium. The school district and charter school salaries are not determined by the Legislature but are determined by each school district and charter school through collective bargaining. If the Governor's recommendation to reduce salaries for school personnel is approved by the Legislature, but school districts and charter schools are unable to reduce salaries through collective bargaining, school districts would be required to reduce other expenditures in other areas to compensate for this.

The Governor recommends suspending funding for merit salary increases over the 2011-2013 biennium. This recommendation results in General Fund savings totaling $142.6 million over the biennium. School district and charter school personnel are eligible for merit salary increases based on years of service as well as the attainment of additional educational experience. For the current biennium, the Governor has also recommended the suspension of funding for merit salary increases for all State and school personnel. The 2009 75th Legislative Session approved this recommendation for all State employees except that the Legislature restored funding for merit salary increases for licensed educational personnel for the attainment of additional educational experience. This recommendation in the Governor's budget is also subject to collective bargaining.

The third recommendation is the Public Employees' Retirement System (PERS) equalization. The Executive Budget, as amended, recommends a reduction in funding totaling $200.7 million over the upcoming biennium representing an employee contribution of 5.3075 percent to Public Employee's Retirement System (PERS). By comparison, State employees who elect the employer paid PERS option receive a salary reduction of 10.615 percent of their contribution, with the State paying the full contribution. Presently, the school district and charter school employees participate in this same employer-PERS option, and funding for salaries in the DSA is not reduced for the employee contribution. Like the two other recommendations, this PERS equalization recommendation would be subject to collective bargaining.

Finally, the last recommendation impacting basic support is a general budget reduction totaling $238.2 million over the biennium. Based on projected enrollment, it equates to a per pupil reduction of $286 in FY 2012 and $276 per pupil in FY 2013.

The Executive Budget also includes a recommendation to utilize excess school district debt service reserves as local revenues for operating purposes. The Governor's budget originally proposed $425 million over the biennium be used for this purpose. The administration submitted a budget amendment on March 28 that reduces the recommended excess debt service reserve transfer from this $425 million to $301.9 million over the biennium. This is a reduction of $123.1 million. Based on this amendment the projected debt service reserve available for transfer from rural districts would total $27.8 million over the biennium, while the projected amounts for both Clark County and Washoe County districts would total $220.3 million and $53.8 million respectively.

Fiscal staff, in collaboration with school district representatives, is working to analyze the information provided regarding the debt service reserves available for transfer and verifying the level of funding that would be available should the Legislature decide to approve the Governor's recommendation.

The next sections included in the Executive Budget that are also included in the DSA budget account are not part of the basic support guarantee, but represent categorical funding.

Nevada provides State funding for special education based on the special education program units. The Governor's budget includes 3,049 units each fiscal year at a cost of $39,768 for each unit. This funding level remains flat compared to the current biennium at $121.25 million each fiscal year. These units do not cover the entire cost of a special education teacher, but cover a portion of the cost with the remaining costs funded through the per pupil funding provided in the DSA as well as federal funding earmarked for special education.

The State provides funding for class size reduction. Over the 21 years that the State has done so, over $1.7 billion has been approved to support additional funding to reduce class size. The Executive Budget, as amended, and inclusive of the reductions related to salaries, recommends funding $135.3 million for class size reduction in FY 2012 and $136.3 million in FY 2013 representing decreases of 6.2 percent and 6.6 percent for each fiscal year. One of the budget amendments that was submitted affected class size reduction. It was needed to make a technical
correction to the funding originally proposed. The Executive Budget also recommends the transfer of the class size reduction to a new program known as the Student Achievement Block Grant Program (SABG). With the transfer, this would eliminate the requirement for class size reduction, thereby making the program an option for school districts to implement under the block grant program.

Each session the Legislature determines the level of funding for Adult High School Diploma (AHSD) programs for the general public and for inmates within prison facilities. The Executive Budget as amended recommends $16.3 million in FY 2012 and $16.7 million in FY 2013 to support these programs. One of the budget amendments submitted updated enrollment growth projections based on actual enrollment, resulting in a funding decrease from Governor's original proposed budget. The Governor does not recommend transferring this line item to the student achievement block grant so it would remain a line item in the DSA budget.

The Governor recommends $6.7 million over the biennium to continue early childhood education programs and recommends transferring this funding to the proposed student achievement block grant where the program could become optional rather than a required program based on school district needs.

The Executive Budget continues funding for the regional professional development programs of approximately $14.8 million as adjusted by an amendment to reflect the reductions to the salary recommendations for all other budget accounts.

The Governor has two new programs he is recommending for the School Remediation Trust Fund. The first is the SABG program, which would combine the majority of categorical funding in four main K-12 budget accounts: DSA, the Remediation Trust Fund, Incentives for Licensed Educational Personnel, and Other State Education Programs into the SABG, with a goal of providing flexibility as well as increasing student achievement.

The Governor had originally included a 5.4 percent budget reduction to the funding transferred into the SABG, but submitted an amendment that eliminated the $11 million budget reduction proposed for FY 2012. The amendment also postpones the implementation of the SABG program until FY 2013. The total funding recommended for transfer to the SABG is recommended at $161.6 million for FY 2013.

The Governor recommends reductions to the all-day kindergarten program. This program has been funded through the State since FY 2007 and provides funding for approximately 465 full-day kindergarten positions in 128 schools statewide. The schools are selected based on a free and reduced lunch percentage of 55.1 percent of the student enrollment. Budget reductions recommended for full-day kindergarten total $4.5 million over the biennium and include the salary related budget reductions, which total $6.7 million. Net of these proposed reductions, the funding recommended is approximately $41.7 million over the upcoming biennium to continue the full-day kindergarten program. The Governor recommends $20 million in FY 2013 to support a new teacher performance pay program. The 2007 74th Legislature had appropriated funding of $10 million over the biennium to support a performance pay program as outlined in A.B. 3 of the 74th Legislative Session. That funding was subsequently cut due to budget reductions. During the Work Session of the K-12 and Higher Education Joint Subcommittee on March 31, subcommittee members had expressed general support for the Teacher Performance Pay program, although several members did express concern that this may not be the appropriate time to implement such a program. Some members suggested that the $20 million of recommended General Fund could be used to offset other K-12 budget reductions.

The Governor has one recommendation in the State Supplemental School Support Fund budget account. He recommends continuing to defer the funding from Initiative Petition No. 1 (I.P.1) of the 75th Legislative Session room tax to the General Fund. The State Supplemental School Support Fund was created by I.P.1 of the 75th Legislative Session that became law in 2009. According to that legislation, for the current biennium, the funding was directed to the General Fund, but beginning on July 1, 2011, that funding was to be directed to the State Supplemental School Support Fund to support the academic achievement of students and to retain qualified educational personnel and non-administrative employees. There had been discussion in earlier budget hearings regarding the I.P.1 of the 75th Legislative Session room tax. Because the 2009 Legislature enacted I.P.1 of the 75th Legislative Session, rather than by a vote of the people, there is no restriction on the Legislature subsequently amending an Initiative
Petition. If the Legislature had not approved I.P.1 of the 75th Legislative Session, and it was approved by the voters, then there would have been a three-year waiting period before an amendment could have been imposed. The funding for the room tax directed to the General Fund is estimated to be $221.5 million over the upcoming biennium. On May 2, the Economic Forum will reforecast these revenues. Those figures will then be updated.

The Incentives for Licensed Educational Personnel is also in the K-12 budget. This is the budget account that funds the one-fifth retirement credit program as well as the incentive pay for licensed educational personnel. The grandfathered provisions of the retirement credit will conclude in FY 2013. The Governor reduces funding for the incentive grant awards in FY 2012 by $1.9 million and eliminates the funding for the incentive grant awards in the second year of the biennium resulting in General Fund savings of $6.1 million.

Other State Education Programs is a budget that provides pass-through funding for various programs to school districts for the Apprenticeship program, Educational Technology, Library Database, Career and Technical Education, National Board Certification program for teachers, etc. The Executive Budget recommends a budget reduction in this account, totaling $2.1 million over the biennium. This is prorated among all programs. This budget reduction would occur in this account prior to recommending the transfer of all funding to the new SABG program. The total funding that would be transferred is $7.56 million in FY 2013 the second year of the biennium.

SENATOR CEGAVSKE:
I am glad that you emphasized that the DSA is State funding only for the per pupil that we have. We do not have the per pupil funding that is under the Local School Support Tax (LSST) property tax, and others. Do we have a total of what the local taxes are?

MS. WALLER:
Are you referring to the total expenditure per pupil including local and federal funding? The State does not have that figure. We are not provided with that information. The school districts provide that information in their financial statements. Various organizations such as the National Center on Educational Statistics provide that information. There is a time lag. The latest information they have presented goes back to 2008. At that time the level of funding was approximately $8,200 per pupil for total student expenditure as compared to the per pupil expenditure provided through the DSA during that period, which was approximately $5,212. There is between $2,000 and $3,000 more per pupil provided by the local funding as well as federal funding.

SENATOR CEGAVSKE:
With that funding, is there any local construction funding included in any of those figures that you are aware of?

MS. WALLER:
That $8,200 does not include a breakout of capital construction or debt service funding.

SENATOR CEGAVSKE:
Do we have an estimate of what that would be per pupil, if we included that?

MS. WALLER:
The Governor's recommendation to utilize the excess debt service reserves as local funding is a funding source to fund the per pupil in the DSA. There are multiple sources of revenues that are used to fund that $4,877 that he is recommending per pupil. The use of the debt service reserves, if the Governor had not included that in the recommended budget, would have increased the General Fund requirement.

SENATOR CEGAVSKE:
I was not indicating the debt refund. The bond money we received from the different counties, for instance, Clark County, has bond reserve money, not the fund we are talking about. I am talking about overall construction, when we build a school. There is so much per pupil that
you divide for per pupil funding. How much in building construction costs do you add to per-pupil funding?

**Ms. Waller:**
We do not have that information available. We can try to find that information for you.

**Senator Cegavske:**
Thank you.

**Senator Horsford:**
Could that information be broken out by State support, the local level support, LSST property tax? In the rural counties, there is the Net Proceeds of Minerals funding separate and apart from federal money which is restricted. There are many federal dollars, but some of those dollars are restricted. For instance, special education is not on a per pupil basis, it is on a per unit basis based on those children eligible in that category of funding. It would not be fair to take the whole federal allocation and apply it across every child because not every child receives that allocation. Separate from that would be the capital related allocation. If we could see those broken out in sections, then we might be able to evaluate more in an apples to apples comparison, which is what Senator Cegavske would like see.

**Senator Wiener:**
Could we also have an accounting of how much federal money is being brought into the State for meals programs in the classrooms? Is there a way to find out how much money we are leaving behind in Washington?

**Senator Cegavske:**
What did we do in 2007 and 2009? How much of the general bond did we take? We did not take anything from the reserve, but to balance our budget we used funding from the 2007 and 2009 sessions. Can you get us those numbers?

**Ms. Waller:**
That was for the 2009-2011 biennium. The Legislature approved $10 million each year from funding provided in the Capital Construction Fund for Clark County. During the Twenty-sixth Special Session, there was an additional $25 million added leading to a total of $45 million for the 2009-2011 biennium which was used as local funding available for operating purposes.

**Senator Kieckhefer:**
What is the total General Fund reduction to K-12 contained in the budget? According to the chart on page 1 of *The Senate Committee of the Whole Work Session on Governor's Budget Proposal for K-12 Education*, in terms of the DSA, it is a $596 million reduction based on what is currently allocated after the special session. Is that accurate? What would be on top of that when you consider all other budget accounts?

**Ms. Waller:**
Under attachment C, *Major Reduction Recommendations for K-12 Education Governor Recommends-amended 2011-13 Biennium*, K-12 General Fund budget reductions are summarized. The total, including the excess debt service reserve transfer, which reduces the General Fund required to fund the DSA, shows a total of K-12 reductions at over $1.37 billion over the biennium.

**Senator Kieckhefer:**
For the DSA, this is versus Legislature approved. Is that accurate?

**Ms. Waller:**
These are reductions included in the Governor's recommended budget as amended. Attachment C is not comparing with 2009 and the Twenty-sixth Special Session. These are actual dollar reductions recommended in the Governor's budget.
SENATOR KIECKHEFER:
So what is listed as General Fund portion would be the $221 million, that is in I.P. 1 of the 75th Legislative Session, is not a General Fund cut. Correct?

MS. WALLER:
You are correct. That would be a reduction to the K-12 education for that funding. It would have been directed to that account outside of the Governor's recommendation to continue the deferral to the General Fund.

SENATOR KIECKHEFER:
So would the excess debt reserves. Correct?

MS. WALLER:
The excess debt service reserves is a directive to have the school districts transfer funds from their capital project or their debt service and utilize those as operating expenditures. If this recommendation were not included in the Governor's recommended budget, then the funding from the General Fund that the State would be required to provide would increase by that amount.

SENATOR KIECKHEFER:
It is a way to offset. Therefore, I should back out the $302 million from the debt reserves and the $221 million from the I.P. 1 of the 75th Legislative Session money from the $1.37 billion. In the end, the General Fund portion on this chart would add up to about $850 million. Is that fair?

MS. WALLER:
I would clarify that the debt service reserve transfer, if that recommendation was not included, that the General Fund would be $302 million higher over the biennium.

SENATOR KIECKHEFER:
I understand, but that is not General Fund money currently that we are reducing the level on.

MS. WALLER:
If the Legislature does not approve that, then that would be a required General Fund add back.

SENATOR KIECKHEFER:
So transferring that money offsets the need for $302 million additional in the General Fund?

MS. WALLER:
That is correct.

SENATOR HORSFORD:
We will now hear from school district representatives. The Committee would like to hear what the plans are for our district leaders based on the scenario as presented in the Governor's recommended budget and what the impacts of those decisions would be for the local school districts. If they would share with us the discussions conducted by their elected school boards on how they would approach these budget reductions to K-12, that would be appreciated.

Dwight Jones (Superintendent of Schools, Clark County School District):
On behalf of the trustees, the staff, students and the community of Clark County, we appreciate the opportunity to have a discussion and address the impact of the proposed budget and what impact it would have on our school system. We are working hard to redesign our system to obtain better results. We are clear on the mission. Even though we are dealing with a challenging budget, we want to stay focused on the results and the mission of the school district. In that effort, we are trying to find the right balance.

We understand that the State is in a crisis and everyone is being asked to make certain sacrifices. We understand that the Clark County School District, equally, will be in a position to make sacrifices. The difficulty for us is trying to find what is the right level of sacrifice, which I know is a difficulty for you, individually, as well as a body.

The magnitude of the expected reductions for us will be for $400 million out of a budget of $2.1 billion. That is about a 19 percent reduction. The reductions will require us to think
differently about how we go about doing our work. We think there could be some benefit from
the downturn in the economy, providing us with the opportunity to think differently about our
work. We expect to see changes across the school district.

The Clark County trustees have already declared a reduction in force. This means that some
of the administrators, teachers and support staff will be dismissed. It will mean significant
change to nearly every aspect of the district operations. Understanding that change is inevitable.
Based on what is being proposed, it will require serious change. We will be rethinking our
school environment, questioning some of our practices, examining some of our assumptions and
looking to innovation as a critically important component of this transition. There is no better
time to have this analysis of how we do our business. We want to start with the end goal that all
students will be ready by exit.

We have had clear conversations about the investment the taxpayers make to our system and
the outcome they should expect at the end of the day. The outcome should be that students
should exit our system prepared for whatever is the next opportunity and that they would be able
to do that without remediation.

We think there are some consistent issues to look at in our redesign to create the expectation
of students being ready by exit. We think an investment in our teachers and leaders is going to
be required as we make that investment. Our effort will be to have an effective teacher in every
classroom and an effective leader in every school. We know, in making that investment, that we
have to deal with those who would not be able to perform their duties and we will exit them
from the classroom or from the school. We think we have increased flexibility to obtain a greater
return. That means giving more autonomy to our schools and equally, not making that a blank
check, but holding our schools accountable for results.

The school level is where education actually takes place. It is important for us to empower
our schools and the leaders in our schools, including the teachers, staff personnel and the
administrative leaders, and for them to have some autonomy over people, resources, as well as a
budget, with the outcome being that we will have better results for all students. We know to do
this will cause a decentralization of the central office. We think there has to be a clear alignment
to what matters.

Though many people do not clearly understand standards, the common core standards that
will be implemented are necessary. I have been supportive of Nevada's decision to adopt the
common core standards. It will raise the bar and create a challenge to help teachers to teach at a
higher level.

Literacy matters. To have some form of social promotion has not worked in the best interest
of the students, staff or the parents who have entrusted us with their young people. Starting with
the first grade, we will make certain that students read at grade level. Their failure to be on target
to read at grade level will mean that we will intervene at the earliest possible level. Our chances
to intervene will be less expensive and our chances for success will be higher when we intervene
early. We will reinvest our scarce resources in our early childhood efforts. We will check again
in third grade, allowing us to intervene early while the students are still formative readers. We
will check again at the fifth or sixth grade level. These are the main pieces of the curriculum and
standards changes.

There needs to be useful information and research as a platform for learning and
improvement. We need to improve the metrics that guide our system.

We are supportive of the Governor's support to move to a growth model system, but with
Dr. Rheault's support and his excellent decision to adopt the Colorado Growth Model as the
growth model, we will implement the model in this State. Those optics will allow us to look at
how we are creating targets for students along the achievement spectrum. It will also allow us to
make some critical decisions for students who need to catch up. We will be able to look at an
apples-to-apples comparison of how they are doing and compare ourselves, so that we may make
decisions for the majority of our students who are somewhere in the middle. We need to make
certain they can keep up, and then focus on those students who are keeping up and afford them
an opportunity to move up. We know that our higher achieving students have not competed at
the same level as other higher achieving students across other states. We must focus on students
no matter at what level they are in the system.
We think the impeded growth model provides the opportunity for performance framework that defines teacher success in terms of student success. We have been supportive of conversations you have had to attach achievement to the ultimate effectiveness of a teacher as well as for that achievement to be attached to the ultimate effectiveness of administrators and the superintendent as well. The whole system should be more accountable to the achievement of the youngsters.

We want to continue to focus on choice and innovation. We think that is important whether looking at on-line learning or blended learning. We think the opportunity for parents to make a choice on where they would send their children is important to the system and important to the necessary buy-in that we need from parents. Choice and innovation will continue to be part of our conversation.

This is a brief outline of some ideas we are considering. With so much change occurring, some things will never change. One of the constants is that leadership really matters. That is leadership from our trustees, myself, and at the building level, whether it is principals or teachers. The best leaders rising to meet these challenges soak up uncertainty and help others to remain focused on what matters most. Even though we are dealing with a challenging budget and constraints, our focus has to stay on the young people who we are serving. We have much work to do. We have to continue to partner with the teachers and administrators and the whole staff within our school district to yield better results.

The proposed budget will have a major effect on the Clark County School District. We have posted a tentative budget that cuts 20 percent out of central office administration and 50 percent of the textbook and supply budget. The tentative budget decreases the level of support, whether coaching support from special education facilitators or support from English language learners and facilitators and Educator's Certification System (ECS,) literacy facilitators. We would cut those who are outside of the classroom by about 25 percent.

We have asked for union and staff to make certain concessions. These will have to be negotiated. It is a difficult balance. We have to get better results for students, but at the same time, we are asking our employees to make substantial sacrifices. We understand that this combination is not the best mechanism to obtain the results we want, but it is necessary based on the crisis we are in. We are asking employees to look at their health insurance and assume approximately 20 percent of the cost. We are asking employees to look at furlough days. The number of furlough days we have proposed for negotiation would be approximately 8 furlough days for 9-month employees, 10 furlough days for 10-month employees, 11 furlough days for 11-month employees and 12 furlough days for 12-month employees. This is a substantial sacrifice of the employees of the school district. We have proposed staffing counselors and school support staff by 97 percent in the budget.

The most dramatic effect on us is the proposed increase in class size in a district where the class size is already too large. In our secondary schools, the average class size is 33 students. We are struggling in some areas to find space if the class size increases to house, much less try to educate, all the students. We have recommended a three student class size increase for elementary schools and a three student class size increase for secondary schools. At our last trustee meeting, it was proposed using the remainder of about $19 million that we have in Edujob funds to offset the class size by one student at the secondary level. This means for a middle school and high school, a two student increase versus a three student increase.

It is important to note that as we are trying to work our way through this difficult balance, wanting to reform our system, we have a clear vision of how we can do that. We must do it. The difficult balance is to make certain there are sufficient resources. I believe I can align some of the current resources toward the greatest need. It will take some time to do that, but I have committed to the trustees that this will immediately be part of my work in the school district. Some of the things being proposed will take holding the line, or in some cases, I may not have sufficient resources to align to some of those greatest needs.

We continue to welcome and appreciate the opportunity to have this conversation with you. We remain optimistic that even with the difficult request we are making of our employees, that employees will consider certain concessions. We understand we will have to go to the bargaining table to make those decisions, but if we do not get certain concessions, it will mean
more substantial job losses, which not only affects the school district, but also affects the city of Las Vegas and Clark County.

I appreciate the opportunity to have this dialogue. The trustees appreciate that you are continuing, as a body, to consider the impact it will have on children and staff in the school district and, ultimately, the outcome we all want for our children. I have been on this job since December 15, and have learned a great deal. We want to be responsive to any questions you may have for us. Thank you, Mr. Chair.

Senator Horsford:
You referenced between 8-12 furloughs depending upon the contract period. Which classification of workers are those for? Are they teachers, paraprofessionals, education support staff, or administration? How does that apply?

Mr. Jones:
That would apply to all employees, all classifications within the school district.

Senator Horsford:
We know what a 12-furlough process looks like, because that is what our State workers have been under during the last biennium. This is a range of between 3-5 percent reduced take-home pay?

Mr. Jones:
It would be approximately 5 percent.

Senator Horsford:
Are any of those furlough days intended to be instructional days out of the 180 days in the school year? Districts vary a little, but Clark County is under a 180-day instructional year.

Mr. Jones:
We are trying to stay away from instructional days and do not have the liberty to affect instructional days. The focus of what is being proposed for teaching staff and others that directly support our schools are days that are outside the instructional day. The trustees would appreciate the option to say we have to look at everything, but that is not a starting place for us to focus on instructional days.

Senator Horsford:
Can you address the impact of the capital reserve proposal and how that impacts your district and explain the scenario whereby your revenues do not come in as projected. What happens? What will you be forced to do? What could be the impact on the constituents of Clark County?

Mr. Jones:
I will ask Mr. Weiler to give a detailed description as he has done for the trustees and in many community meetings held throughout the Clark County School District. The trustees voted unanimously to oppose the effort to take the debt service funds believing strongly on a few key fronts that the trust of the voters is very important. We know we continue to have significant facility challenges and understand clearly that it will not be too long before we will have to go back to the voters because we continue to have roofs that are leaking, overcrowding, and to have substantial facility challenges. Part of their concern is that if the trustees or the school district do not take those funds, it will be a hard sell to the voters that they can trust that what they approved on the ballot, and whether it will be used as was intended.

It creates a challenge as to how we will pay our debt. The trustees will have to make that decision. If this becomes a temporary fix, if those debt service funds are removed and the economy does not improve, we will be right back where we are today.

Jeff Weiler (Chief Financial Officer, Clark County School District):
The Debt Service Reserve requirement was set up in 1997 when the 69th Legislative Session enabled us to have a multi-year capital program. We call it the 1998 program. It went to the voters in 1998 in Clark County. Other things have happened in other districts and some of the specifics for some of the other districts are a little different. We have something they do not, and
they have things we do not. There are three primary sources of revenue in Clark County that support our capital program. One is the property tax, which in Clark County is .5534, the rollover rate. The other two sources include the portion of the room tax and the real property transfer tax. Property tax is about 76 percent of the funding. It is going up because the other two sources, room tax and real property transfer tax, have gone down significantly during the past few years. Property taxes have gone down as well.

The Legislature set up a reserve requirement, which stated we have to have a year's worth of debt service. Our next year's mortgage payment in the bank, as a reserve is used to insulate the property tax. Without a reserve, if property tax revenues or those other two pledged revenues do not come in sufficient enough to cover the debt service of principal and interest, then the reserve is there. It is the only thing we can use it for. We cannot use the reserve for construction. Without additional authority, we cannot do anything else with it. It is there as an account to insulate the property tax. We had a balance at the beginning of this year of $480 million and our debt service reserve will continue to go down because, starting next year, our principal and interest payments on our outstanding bonds will exceed what we project the property tax, the room tax and the real property transfer tax to be.

We have been working with staff at the Governor's level and with your staff on the numbers we are using. You will receive additional information from your staff as they analyze the numbers and reconcile issues. We had a balance at the beginning of this year of $475 million. The issue is to look at it over a multi-year span. As we project in the next six years, that without anything, without what has been proposed here, our debt service reserve will be down to zero. That is because the underlying revenues are less than what our mortgage payment is now. The reserve is working as it was intended when it was set up. Under our projections without any of the reserve being taken, we will get through the next five to six years and will bottom out with no reserve balance. The mortgage payment should start going down as bonds mature. The property tax rate, unless we extend the rollover through voter authority, the property tax rate will start going down. If any of the debt service reserve is taken as is proposed, then we believe that within a year or two, without the debt service reserve and the property tax rate still at .5534, then we will have to increase it or we will have to restructure our bonds. That is called a non-economic refunding. It will extend our mortgage, pushing out maturities into the future so that the principal and interest payments are within the available revenues.

This is a simplified overview of the process. Your staff is working on reconciling for us as well as the other 12 districts that have a rollover issue.

**Senator Horsford:**
If the revenue projections under the Governor's plan do not come in as anticipated, the impact in Clark County will be, in a year to two, directed under your convenience to implement the property tax increase either through the extension of the bond or by raising the property tax rate. Is that correct?

**Mr. Jones:**
Yes, sir.

**Senator Horsford:**
We will hear from the administration later. Our staff, the budget office, and the districts are all analyzing these numbers together. At some point, they have to come to a consensus as to which revenue projections we can depend on. That is a big part of this decision. I am not comfortable making a decision that could impose a property tax increase on the constituents of Clark County a year or two from now because of the decision we will make in this Legislature. There are those who are against any new taxes. This could be considered a tax increase on our constituents. The decision we make could impose that. We all need to be cognizant of that.

**Senator Hardy:**
Thank you, Mr. Chair. As I look at the Major Reduction Recommendations for K-12 Education Governor Recommends-Amended 2011-13 Biennium (Attachment C) given to us, the DSA has subheadings of 5 percent salary reduction, merit increases suspension and PERS equalization. Below that is the general budget reduction in basic support. Recognizing that the
general budget reduction in basic support is probably how much is going to be cut out of the base budget of the schools, how will that affect how many people are losing their jobs? We are interested in how many positions will be lost. I understand that 57 percent are teachers, 43 percent are staff. At an $80,000 average teacher salary, with 3,000 people out of the estimated $238 million, half of which would be teachers. That is 1,500 teachers who could lose their jobs.

In the Clark County School District, there are about 800 permanent substitutes or substitutes of some kind. We are always short of people to hire leaving us with unfilled positions. How many people are getting out of the school district or are retiring? If there are 400-600 leaving, then we are down to 700-800 teachers losing their jobs due to lack of basic school support. Is that accurate?

MR. JONES:
Some of your numbers are somewhat accurate. The average teacher's salary is about $53,000 in Clark County versus the $80,000 you stated. You are in the range of estimating how many teachers could lose their jobs. We have some unfilled positions. Some of those were by design. We saw the difficult budget coming. There was a decision made not to do a total freeze on positions because we struggle to get math and science teachers and some categories of special education teachers. We stopped filling most positions. There were some critical positions that we still try to fill. There are approximately 400-500 potential vacancies that could be slots for teachers who be cut through the RIF process that could be filtered into. The Clark County School District has had a retirement range of approximately 900-1100 employees. We have not had those numbers come in. Using past data we could make a projection of about 1,000 potential positions. Not all would be teaching positions, but the majority would be. There would be 800 to 1,000 that could still be cut. This is a perfect storm. The Edujobs money is about to run out. We are reallocating those dollars to support the class-size increases in the secondary schools.

The ARRA funding runs out on June 30. We are asking for substantial sacrifices from our employees. They have to be negotiated. If certain concessions are not realized during negotiation, those numbers could double or triple, because of the number of jobs that could be potentially saved if employees make a decision and the bargaining groups agree that there would be certain sacrifices. Some assumptions are built into our budget that could have those numbers continue to increase.

SENATOR HARDY:
Does the $53,000 average salary include benefits?

MR. JONES:
It is about $70,000 average, including benefits.

SENATOR HORSFORD:
How many employees would you have to lay off if the concessions were not realized?

MR. JONES:
That number would be between 2,500 and 3,000 employees if, during negotiations, some of what we have asked employees to consider is not realized.

SENATOR HORSFORD:
Has there been an analysis of what the economic impact to the economy would be for the loss of those employees?

MR. JONES:
We have done some analysis, working with Jeremy Aguero. I do not have the information with me.

MR. WEILER:
We have done some analysis. The total positions lost could be as high, without concessions, as 5,600 total jobs lost. The estimated annual impact to our economy would be about $889 million. That takes the 2,400 positions we are proposing to cut, using the economic numbers we received from Mr. Aguero. There is about a 2.25 multiplier. For every position we
cut, the ripple effect throughout the economy is at about 2.25 additional people in the services industries.

SENATOR HORSFORD:
For a $400 million reduction there is an $880 million overall negative impact to the local economy. Even if you do not lay off those workers, instead, reducing their wages through these attacks on the middle class, that means less spending they have available to multiply into the economy.

MR. WEILER:
That is a fair assessment.

SENATOR SETTELMeyer:
Thank you, Mr. Chair. I am shocked that a collective bargaining unit would have 5,600 people fired rather than make a concession. I say that as an employer who took a 33 percent pay cut. My employee makes more than I do.

How many non-teaching workdays, collaboration days are there? I have constituents who are teachers who are torn on this subject of the collaboration days. Half of them love them, half of them hate them. We have four or five in Douglas County. How many are there in Clark County? Those are parent-teacher conference days and other days that are non-teaching days.

MR. JONES:
We have four days that would fit the category of what you are stating.

SENATOR DENIS:
I have heard the number, 33 students, as an average class size. Is that in secondary or is that overall for the district?

MR. JONES:
It is in secondary schools, approximately 33 students is our average class size.

SENATOR DENIS:
The recommendation, under the proposed budget, would be to increase that by three.

MR. JONES:
Our proposed budget was to increase that by three. We used some left over Edujobs money to decrease that by one. As being proposed, now, that would increase by two.

SENATOR DENIS:
In secondary, you are including middle school and high school. My concern is that in the high school, some of those classes are already large. What does that translate to when you are looking at the high school classes? I have been in some of the classes where students are sitting on the floor. These conditions exist under the current budget. So does the three translate to higher in high school and less in middle school? How will that be determined?

MR. JONES:
It will be determined by giving principals and their staff autonomy at the building site to make some decisions about what they would propose as a reduction based on the class-size increase. We agree with your assessment that we think 33 is a high number. Some of our principals would say that in some of our AP classes, that is not 33 students, but 40 students per class. Some will make the assessment that increasing class size as long as you have an effective teacher, it does not matter. I do not agree, based on experience. We can all find research that will support our positions. The research I have looked at states that when you get above 30 students, regardless of how effective the teacher is, it has an impact, especially for students who might be struggling because of the potential lack of individualized attention. In fairness to our teaching staff, we are already in a crisis mode as we are trying to increase and get better results. What is being proposed, in some cases, would put us over the top. If you spoke with teachers or principals, they would agree that it is going to create a significant challenge.
SENATOR DENIS:
How does that impact your projections as far as teachers who are retiring? Is that a higher number than normal? My concern is that we are going to lose some very good teachers because of the uncertainty of what is going on.

MR. JONES:
It would be similar to the past two years. Before the last two years, the number of retirements had been around 2,000. Over the last two years that has decreased by about 50 percent of those who have proposed to retire. We have not studied what has made a difference causing that number to go down. We think there will be about 1,000 employees retiring, with a high percentage of those being teachers. It will have an impact as we move forward. We want good, effective teachers. Seniority in many cases, becomes a value add. We will lose some of that seniority and expertise out of the classroom. I am not saying that all teachers with seniority are effective, but we find that, with experience, teachers typically improve and perfect their practice.

SENATOR DENIS:
If we are losing teachers to other states, are other states in a better situation than we are? Are they hiring?

MR. JONES:
Just having recently left the post as Commissioner of Education for the state of Colorado, the majority of states are in a similar position. They may not be at the same level as Nevada, but all states are dealing with the crisis of budget. The downturn in the economy has left no one untouched. If you are in a position to hire, there are a number of quality candidates available from state to state. Based on our RIF process, we are not in a position to hire new employees. Seniority trumps in our RIF process. We will be, like many states, letting go some of the teachers who were last hired. Many states are in a similar position.

SENATOR GUSTAVSON:
Thank you, Mr. Chair. Thank you for the job you are doing in Clark County. I like your ideas about fixing the problem of social promotion and giving parents a choice in education.
You stated there are 33 students in classes. Is this with team teaching like in Washoe County?

MR. JONES:
The projection of the average of 33 is based on one teacher with 33 students.

SENATOR GUSTAVSON:
Thank you.

SENATOR KIECKHEFER:
I am frustrated by what I heard at first. As a state, we implemented 12-day furloughs, once a month for our employees. That is 4.2 percent in terms of salary savings. You have asked for a concession that is lower than the Governor requested. If I was going to go into a negotiation knowing what my target was, I would ask for something higher than that and would try to negotiate down, instead of starting below it. If that is what you are asking for, I am concerned why you did that considering the Governor has put almost $600 million in concessions. You asked for less and I find that troubling.

SENATOR HORSFORD:
I would like to clarify that it is 4.6 percent for the State workers. It is my understanding that the school district is in negotiations, and there may be a limitation on how much Mr. Jones can explain based on the rules of the National Labor Relations Board on contracting. Superintendent, please try to answer the Senator's question to the best of your ability.

MR. JONES:
Essentially, it is based on number of days. We are asking employees to make concessions including an increase of 20 percent in their health insurance and picking up a portion of their PERS equaling 8-plus percent, which exceeds what the Governor has proposed. We are asking for tremendous concessions even beyond what the Governor has proposed.
SENATOR KIECKHEFER:
That is not what I heard. I am glad to hear that. When it comes to a reduction in force, based on our current system of last in, first out, you call seniority a value-add. I would agree with that, but it is not the basis of value. Do you believe that within this system, you will be able to retain your best teachers? Are you at the mercy of State law in terms of how we allow that reduction to take place?

MR. JONES:
I want to clearly state for the record, that I do think experience counts. I think we have some experienced teachers who may not be our most effective teachers, just as we have some teachers who have been hired over the past two years who show promise. Based on the RIF process, it deals only with seniority. We would like to have conversations with our bargaining group to see how we might include other ways in looking at the RIF not just basing it on seniority. I think our bargaining agencies are willing to have that conversation. That will be part of the conversation during negotiations. We are monitoring any changes from here as well.

SENATOR KIECKHEFER:
When we talk about how these reductions would be implemented by a district, there is a difference in how they would be implemented within our current system with some of the reforms being discussed by this Legislature. We need to look at the entire situation that we are giving school districts and school superintendents to implement these cuts.

SENATOR MANENDO:
For those of us not on the money committees, this discussion is beneficial. I had an e-mail from a woman who is a teacher-librarian at Sandy Valley, Good Springs and Blue Diamond Schools. She is a librarian for all three of the schools. She is doing the job of three. Last Tuesday, her job was eliminated. Have we gone to the point of eliminating positions?

MR. JONES:
That assignment has been consistent for that employee. Those are small schools. We standardize the capacity of a single librarian to how many students. That is how we allocate. She would fit within that standard.

SENATOR MANENDO:
That position has been eliminated or is on the chopping block to be eliminated?

MR. JONES:
We have proposed that buildings work with their staffs to make proposals as to what they would ultimately cut. I am not certain I am in a position to accurately answer your question because I am not certain if in those buildings, if that has been proposed to be eliminated or not. I would have to follow up on that individually because our buildings and their recommended cuts are just starting to come in. I am not familiar whether that position has been recommended to be excised or not.

SENATOR MANENDO:
I was not certain as to whether this was already occurring or how widespread this is. This is not the first e-mail I have received from an educator or librarian who has said their position has been eliminated. She spent $24,000 getting her master's degree and now she is looking to move out of state. She has her house up for sale. She has to go. I am concerned about that.

SENATOR CEGAVSKE:
Thank you, Mr. Chair. I asked staff for the local support funding. I would hope you will be able to give us that in a timely manner. We have a difficult time, not only from Clark County, but from the other school districts in obtaining information in a timely manner. I know you are working on the issue for me about the $800,000 in iPads that were purchased and where that money came from. It has been several weeks since we have heard anything on this issue.

Based on the comments you made about the debt service, you said the school board voted unanimously against using that money for anything. Was that either one of the bills? Mrs. Smith
had a bill from the Assembly and we have the Governor's proposal for that money. Did they support either one of those?

MR. JONES:
The vote that was taken by the school board was that they did not feel that the debt service funds should be used for either bill.

SENATOR CEGAVSKE:
When the Capital Construction Funds and the Redevelopment Agency Funds were used, did the Board take a vote on that usage for the last session? Did they weigh in on that? Was there any objection to that money being used?

MR. JONES:
I will yield to Mr. Weiler who was here during that time.

MR. WEILER:
I do not believe they had a formal motion opposing it. There was concern about it.

SENATOR CEGAVSKE:
Along those same lines, if the money keeps flowing in and you are able to continue making payments, that fund stays there, what would you or could you use that funding for?

MR. WEILER:
Under current law, all it can be used for is debt service. We cannot use it for construction, operations or anything else. That can be changed, but we cannot change that.

SENATOR CEGAVSKE:
Let us address the construction bond money used for remodeling old schools and building new schools. There has been a lot of talk about the usage of that money for computers. Is that strictly for rehabilitation and new schools? We have a fenced off budget for technology and textbooks. We have used those reserves not used to offset budgets before. We might not need that reserve for the technology because it is not used as much as it was in the beginning. Are you using both the construction money and the reserve we have fenced off for technology and computers?

MR. WEILER:
Are you talking about the debt service reserve?

SENATOR CEGAVSKE:
No, I am not talking about that. I am asking about construction?

MR. WEILER:
In 2001, the 71st Legislative Session amended the law to allow us to purchase computers out of capital funds, bond funds and other two pledge revenue sources that are capital. We do it for new schools. We equip new schools with computers. As we do renovations and modernizations of schools, we include replacement of computers and upgrades of computers and other technologies in schools.

SENATOR CEGAVSKE:
Do you have a plan to submit to let us see what you have for renovations and what those issues are and how the funding that is left is going to be utilized?

MR. JONES:
We do, and we can.

SENATOR HORSFORD:
On the issue of the previous actions by the Legislature on any of the reserve accounts, it is my recollection that the last time it was about $25 million that was swept. How much of the $302 million proposed to be swept by the Governor is from Clark County?
MR. WEILER:
That is $220 million for Clark County.

SENATOR HORSFORD:
The Governor is proposing taking $220 million out of the capital reserve, which could impose a property tax increase on the residents of Clark County versus an action, which I know the district was very concerned about when we swept the $25 million in 2009. The body needs to understand why this is at the level it is compared to the previous action.
The Clark County School District's bond rating has been high in the past. What impact on that rating is occurring now?

MR. WEILER:
Our bond ratings from two of the agencies have been downgraded over the past several months. There are three agencies: Fitch, Moody's, Standard and Poor's. You can see their interpretation as to why. It is in the rationale we provided. One of the factors is the potential for the debt service reserve to go away. When it has been there, they look at it as a shock absorber to say there is money there should the other money sources not come in. If it is not there, it significantly affects things. There are other factors as well. You can read the report.

SENATOR HORSFORD:
The report is on NELIS for those members who want to review it. It is the Fitch rating. They downgraded the school district's bond rating. What does that do to other local and State bond ratings when such a large entity as the Clark County School District's bond rating is downgraded? Does that mean increased interest if we borrow?

MR. WEILER:
I cannot speak for the other districts. The bond rating is like your individual credit rating. If your rating goes down, then the interest you pay on future bonds or refinancing will be higher. If ratings continue to go down, it becomes harder to issue bonds. We are still in the AA category. When bond ratings drop below AA, the number of investors looking at these bonds, significantly decreases. They are looking for higher quality credit ratings.

SENATOR ROBERSON:
Superintendent Jones, I am grateful you took this job. We need great leaders in this State. It is obvious that you are a great leader. If you get the opportunity to do the job the way you want to do it, I believe you are going to turn the Clark County School District around.
Do you believe that it is a fair statement that your employee recruitment efforts, your personnel decisions and your discretion in putting available education dollars where you believe they can be most effective are all being handcuffed or constrained by the current collective bargaining system?

MR. JONES:
That is a hard determination to make because we have had good relationships with our bargaining groups. We are all dealing with difficult times. As you are wrestling with it here, we are wrestling with it within the district.
Let me give you an example of the administrators' bargaining group. I made a decision in support of grants we submitted to the State about school improvement. We turned over half of the staff. We turned over three of the principals at the high schools being considered. Those were difficult decisions to make and difficult for employees. They were important decisions for us to make to be certain we turned those schools around. It was necessary for us to be in a position to have those funds awarded by the State. There are incentives to recruit. There is pay for performance going into those five schools that are being turned around. We asked that when considered in the RIF process, that the administrative team hired would not be RIFed. If we turn over the staff, and then hire new staff, then if the RIF process comes in and that staff intentionally hired to help turn that school around is moved out, we did not think that would be beneficial for the school. The cooperation of the administrators' bargaining group was very helpful.
We continue to have good dialogue with our bargaining agreements. You may not think I am giving you a straight answer because it is difficult to give you a straight answer. I have not sat at the table yet and negotiated, but as I look at the history, looking at empowerment, it was our teachers' union who stepped up and collaborated with us in the relationship to empowerment. They looked at it in a different way and looked at it in a different way of autonomy. I remain optimistic about the bargaining table on the tough concessions we are asking for and about things, we are talking about in redesigning our system. These will also take cooperation from our bargaining groups just like the school improvement grant I just illustrated. I remain optimistic that they get it. We are all in this together. We will be successful in doing this, but it will be difficult because we are asking them to make some difficult choices.

SENATOR HALSETH:
Thank you, Superintendent Jones for being here today. Will you provide me with a line-item list of what exactly Clark County School District is spending money on? How much money for each item? And by the end of next week.

MR. JONES:
Thank you, Senator. I can provide you with our budget. Our budget would have a line-item list. That is already public. We can send that to you. There is an explanation that goes into different line items that may take some work on our part. I appreciate the question, because, since being appointed superintendent, one of the things we want to be is transparent on a lot of fronts. Budget is one of those fronts. We are working with our technology staff to take what you are requesting, though, perhaps not at the detail you are requesting, to have that posted so that the public can clearly see what resources are being spent and what they are being spent on. I want to take that a step further to have a category that says what has been the return on the investment. To show what kind of a result we have gotten for that expenditure. It will take a while to do that, but that is part of the goal.

MR. WEILER:
We submitted, on April 15, our tentative budget to the Department of Taxation, which includes a fair amount of detail. It is the prescribed detail we are required to submit. We will do an additional submission after we do the final budget in May. We have to submit that by June 8. I do not know how that might make its way to this body, or in what form you might see that. That is a prescribed method we already do. That might be adequate. I do not know beyond that, what detail you might want to see.

SENATOR HORSFORD:
If you could provide that link to our staff, we can make it available to all the members.

SENATOR HALSETH:
That is a great point. But I would like to state it is important for us to look at the budgets. We are having a Committee of the Whole and want to discuss the budgets. I think it is very important to look at each line item especially since the districts have chosen to spend over $800,000 on iPads instead of employing teachers. I would like to see that in your budget line item, as well. Since you say you have it ready, I think it would be okay to ask for by the end of next week.

SENATOR LESLIE:
Thank you, Mr. Chair. Superintendent, I would also like to thank you for your leadership. There is $20 million in the Executive Budget for teacher pay for performance. I was here in 2007 when we appropriated $10 million for the same purpose. That was swept due to budget reductions. Since I do not sit on the budget subcommittee for education, I have not heard the discussion. Have the superintendents talked about whether this $20 million should be spent in this way. Given all the other cuts, do you have a preference for us to reallocate that money?

MR. JONES:
We have had some discussions as a whole and Dr. Morrison, the Superintendent of Washoe County Schools, and I continue to discuss this. We know that between the two districts we
represent about 90 percent of the students in the State. We are supportive. We understand we have difficult decisions to make. We are supportive of the Governor's signal that we want to invest in determining how we reward some of our brightest that are also beating the odds to get results. It is a hard decision to make because there are so many things on the table and jobs are being lost. Those are tough decisions. Even making tough decisions, you have to keep your eye on the prize. We have been supportive of the Governor's initiative to say, "Let us figure out how we invest," and this may be a good way to either do a pilot project or take a look. We currently have empowerment schools. There are 30 of them in the Clark County School District that are under a pay for performance model. We are concerned about how we sustain that. With all things being considered, we like the signal the Governor is sending.

Senator Leslie:

That is the tough decision that is facing us. Save jobs. Do teacher pay for performance. I would be interested in your ongoing opinions as we get close to making a decision.

I appreciate your comments that have been supportive of teachers. Many teachers are feeling attacked. It is refreshing to hear someone support the staff and talk about the sacrifices they have made already, along with the pay reductions, benefits reductions, merit pay being taken away, as you list them. Those teachers who have studied for their graduate degrees are not going to receive what they thought their contract called for. There is the reduction in textbooks, instructional supplies, and adding three more students to their class. It is grim to be a teacher these days.

Looking at the education budget, the superintendents know better than anyone does what the impact will be. Looking forward to the next two years and to the future of K-12 education in our State, what would your recommendation be to us? Is there any hope within the confines of the budget where you would realign something? Is there any advice you can give us on what you would do, or is it simply that there is not enough revenue in the K-12 education budget to make certain that what all of us want is for every child to have a quality education, every teacher to feel safe in their classroom and to have the resources they need to make certain that every child can succeed? I would welcome any closing thoughts you would have.

Mr. Jones:

I have been consistent with my trustees as well as with the Clark County community. I want to be consistent with you. The budget is a tremendous challenge. With that challenge, we have to stay focused on getting better results. If I did not believe that, I would be recommending to the trustees to get a new superintendent. Regardless of the challenge, we have to keep our eye on the prize. We will be graduating thousands of students. We know that our drop out rate is too high. We know that a number of those students are not prepared for a post-secondary or even the workforce at the level you and I want for our children. The task is great. I remain optimistic.

I have asked for a detailed audit. I have asked for the private sector to support it. I do not want to take any dollars out of the general fund budget. I just received word that I think it will be supported. It is not just an audit, it is an analysis that looks at what we are spending our dollars on. Clark County is no different than other large systems. We do a lot; however, we never go back to ask if what we do has the intended result we wanted. You have to look past just an audit. You have to ask what the return is on the investment. I do not know if I have too much money or if I do not have enough money. When we can look at the data, when I can say, "what have we been spending money on and what could I reallocate to spend those resources on," then I will know if I have enough or if there is too much. Until I know, holding the line makes a lot of sense for the school district. That is a difficult thing to ask, because we are in a crisis. We have to have time to focus on what matters most to get the best results. We have to implement the growth model system to look at a new accountability system. Start with me first. I have to be accountable first. If I cannot get it turned around to get better results in the next three to five years, the trustees will not have to ask me for my resignation, I will go to them. I have to create that accountability system across the system. There are some things that we are going to do that will send clear, transparent signals to the community. If I am cut too deep, it will be hard for me to build those systems and to train the staff in the way I need to train them, to get the results we want. It is one of the reasons, without knowing, we have said holding the line makes sense for the school districts.
SENATOR HORSFORD:
You referenced, "holding the line." I want to clarify what that means. Under the Governor's budget, the Clark County School District would be impacted by $400 million. Are you saying, "holding the line" at the reduced level of spending as proposed by the Governor at a $400 million reduction, or are you saying "holding the line" at some restored level of funding beyond the Governor's recommendation, recognizing there will be no increased funding and that there will be some level of reduced spending on K-12 education for the next two years?

MR. JONES:
I am talking about the latter. Clark County was already looking at $186 million deficit. We would look to try to hold the line that would not have the potential $400 million that is being proposed.

SENATOR HORSFORD:
I think this is a fortunate time for the State of Nevada and the students, parents, community and business leaders in our respective districts. We have two of the top rated superintendents leading our two largest school districts during a period where we desperately need their expertise. I do not know everything about Dwight Jones and I do not know everything about Heath Morrison, but what I have heard from them both is a commitment to do things differently, to put students first in every decision and to tackle the real and perceived inefficiencies at the administrative and central level. For far too long, in Clark County, we had a central school district where too many resources went in and not enough went out. Now, that when every dollar is being looked at and when every dollar should be accounted for, there is a commitment to put those resources where they need to matter most, in the classroom. I hope that as we make our decisions, that we will empower you and Mr. Morrison and the other districts to have the resources and the tools to provide that quality education that we want for our own children, for their peers and for the State as a whole. I hold you to your word that you will take the accountability of the funds that the State provides seriously and that you will do everything to ensure that every dollar is spent where it matters most. With that level of commitment from you and the other superintendents, then we can find that consensus to restore funding at an appropriate level.

Next, we will hear from the Washoe County School District.

CRAIG HULSE (Washoe County School District):
It is a pleasure to be in front of this body, again. A year ago during the Special Session, I had the opportunity to discuss the same topic, budget cuts at 6.9 percent. I would like to thank you for hearing this budget in the open. We have had many of these discussions in various subcommittees. I appreciate the Governor and his education reform package elevating the culture of education in Nevada. We have had good dialogue in the education committees on his bills. I appreciate, as a taxpayer, a no new taxes budget as promised.

Representing the Washoe County School District, we are here to respectfully not agree and to not support that budget. To the Washoe County School District, this budget would be a $75 million cut when you count State, local and federal funds. Each year, for the biennium, after already cutting $73 million over the four years, we cut $37 million out of our budget. That was partially from the 6.9 percent cut made in the last Special Session.

In the Washoe County School District, we are holding our people accountable. Our community is holding us accountable. We have developed an aggressive strategic plan with our associations, with our community. Many of you have received an outline of our goals, the accountability measures, and the performance you will have from the Washoe County School District. When the strategic plan was put together, it was not based on additional revenue. It was not an unrealistic strategic plan. It was based on not cutting revenue as was discussed by Dr. Jones. We viewed it as a best-case scenario from our current budget that we have now. This past year, we increased test results. We improved graduation rates by 7 percent. We recognize the need to improve and to get better. It is difficult for us to keep coming back to the Legislature where we are held accountable for increased results at 7 percent last year, and then we are cut an additional $37 million. We will continue to do the best with what we have. We will continue to
strive to meet the strategic plan and to get every child to graduation, which is the goal for our strategic plan.

As the Chair mentioned, Dr. Jones and Dr. Morrison are two outstanding reform-minded superintendents in the State who represent 90 percent of our students. They have the State going in the right direction. They have the infrastructure in place to make education and student achievement better in Nevada. Not supporting this budget is the Washoe County School District's opportunity to show that this could possibly hinder and not improve student achievement regardless of the efforts made by both superintendents.

I will now address what has been proposed by the Governor. There is a 5 percent pay cut for all of our employees. That equals $17 million. There is a 25 percent PERS contribution equaling $14 million. Both items would need to be negotiated. The two amounts equal $31 million. That leaves us $44 million short. Under this budget proposal, jobs will be lost in the Washoe County School District.

There are a few misconceptions about budgets I would like to address. There has been discussion about top-heavy administration. It has been stated that we can always cut more administrators, we can cut administrators' pay, and that we have too many administrators. The National Center for Education Statistics (NCES) says the national average of students to administrators is 221 to 1. In the Washoe County School District, it is 381 to 1. As we lag behind many other states in funding and other categories, we are also behind in the number of administrators in the school district as well. I also hear, constantly, about data. Everyone wants to put out data. When you work in education, you can find almost any data to represent any view you have. There are numerous studies available on anything you can imagine. I hear a lot about how in 1959 we were spending $3,100 per student adjusted for inflation. Now we spend over $8,000, adjusted for inflation, and we do not have any test results or anything to prove that spending matters. The national average in 1959 was $2,800. We were spending over the national average then. As the world of education has evolved over the past 40 to 50 years, and the challenges continue to become greater, we have fallen behind the rest of the country in per pupil funding. I hear a lot about how we keep increasing funding but graduation rates are going down. I see much data thrown at the school districts. As every one knows, during the last six years in Washoe County, costs have gone up to educate a child. Poverty, mobility, English as a second language adds to the costs to educate the children.

These past six years have seen changes. In the last six years, our free and reduced lunch rate has spiked by 33 percent in the Washoe County School District. While this body feels a lot of the economic stress from reduced tax revenues, we see the economic stress in our students every single day. Thirty-three percent is a large number. Six years is not a long time, but it is the challenge we, in the Washoe County School District, face today. In addition, in the past six years, our English as a second language rate has risen 30 percent. As the challenges get larger, and our budgets continue to be cut, these cuts are real, and these students are real with real challenges.

Everyone asks if we spend too much on education. They ask if we do, or if we don't spend enough on education. I ask you, do you ever ask if you spend too much on your 401(k), or if you do not spend enough on your 401(k)? It is an investment. You do not spend money in investments. You invest money. The more you invest the better results you have later on.

The State budget is 40 percent public K-12 education. It is one of the few dollars you can spend for taxpayers that will show an investment and a payoff over the long term.

I understand, and the Washoe County School District understands, the challenges before this body. As we discuss various reforms and various budgets before the Legislature, including taxes, the one thing we can promise from the Washoe County School District, the Board of Trustees and Superintendent Morrison is that with our strategic plan, every dollar invested in the Washoe County School District will be an investment and will be worth the taxpayers' money.

SENATOR SETTLEMeyer:

Thank you, Mr. Chair. Last night Dr. Morrison stated that Washoe County has been working hard with its collective bargaining unit. We had testimony from Clark County earlier today stating what could happen as far as layoffs. Mr. Morrison stated that he has had a good working relationship with those collective bargaining units. In the last year, the State workers took a
4.6 percent pay cut. What percent cut or increase did the individuals in Washoe County receive last year? Was it a cut or increase? At what percent?

GARY KRAEMER (CPA, Chief Financial Officer, Washoe County School District):
A step increase of 2.7 percent was forgone. We did furlough days of between 2, 3, and 5 days, and 10 days for the Superintendent. It was somewhere between 2 and 4 percent.

SENATOR MANENDO:
Thank you, Mr. Chair. I listened to the testimony last night. I heard a story about one of the classrooms in Sun Valley that when it rains, it leaks into the classroom to the point that the school needs to be leveled and rebuilt. Could you elaborate on that? How would this budget affect something in a situation like that?

MR. HULSE:
I believe that was during the discussion of the debt reserve sweep proposed in this budget. The Governor's proposal sweeps $54 million from the Washoe County School District. I do not know what the amount was from Clark County. The majority of the sweep comes from the two largest counties. That proposal removes about $75 million in bonding capacity that we could bond for certain projects to address the problems like Sun Valley Elementary if it needs to be rebuilt. There is a huge community effort that goes into a lot of public meetings to determine the needs for that. That is something that would not be able to happen under this proposal. We have funds available from construction savings. The Governor's proposal leaves $2 million of governmental service tax for emergencies if the roof is leaking or for something like that. At a certain point, it is not economical or fiscally responsible to keep patching up schools that need to be torn down and rebuilt. Under this proposal, we would have to continue to do more with less or eventually close that school if it gets to that point.

SENATOR HORSFORD:
We will now hear from Dr. Roberts on behalf of the Association of Superintendents.

DR. WILLIAM E. ROBERTS (Superintendent, Nye County School District; President, Nevada Association of School Superintendents):
I admire and respect your dedication and devotion to the citizens of Nye County and the rest of Nevada. Senator McGinness, thank you to your service to our students as well.
I have the opportunity of being the President of the Nevada Association of School Superintendents as well as the Superintendent of Nye County. I would like to address some of the issues facing the rural districts in this State.
In a recent Assembly Ways and Means and Senate Finance Joint Subcommittee on K-12 education, the superintendents of Nevada's 17 school districts were asked to provide additional information related to proposed budget cuts. This document we provided is a response to that inquiry.
Superintendents were asked to respond to the following questions, based on the dollars that would be available if the Governor's proposed budget were to be passed by the Legislature. The questions were as follows:
Would school districts' class sizes increase at the elementary, middle and high school levels? If so, what will the class sizes be in the future?
Will staff be reduced? What are the staffing levels before and after reductions if reductions are necessary?
If the Government Service Tax is taken from your district, what will be the dollar impact to your district?
If the Governor's recommended budget is enacted and the budget cuts take place, what cuts will districts make to balance their budgets?
A survey was conducted with all 17 school districts in an attempt to answer the above questions. Please note that the districts were asked to use the following assumptions when answering these questions:
No concessions are given by the bargaining units.
Some discussions regarding the issues had been held with the Board of Trustees.
The Government Service Tax estimates are from the projected revenue for each district for fiscal year 2011-2012 and use the numbers provided by the Administrative Services Division on March 15th, 2011. These numbers include both the school operating and bond portions of the GST.

Please note that the Clark County School District has also provided information about the amount of money their district will lose if the I.P.1 money scheduled to go to the district in FY 2011 is diverted to the State General Fund.

I have included a survey taken of the 17 school districts in March 2011, which reflects the budget reductions school districts have taken since 2008, coupled with the reductions that are currently being proposed.

There are many nuances to the K-12 budgeting and it is a complicated process. Therefore, no survey will be perfect as each district may account for various areas significantly differently. Nevertheless, we hope these surveys will give you a broad picture of the issues facing Nevada's school districts and more importantly to us in the 15 rural school districts. The larger districts have already commented. Thank you for your continued work on our behalf.

The survey (Exhibit D) is available in the NELIS system.

DR. CAROLINE ROSS (Churchill County Superintendent of Schools):

Thank you for the work you do on behalf of our students and our teachers and for giving us the opportunity to participate in this conversation, today, because I am preparing for a Board meeting tonight in Churchill County. Much of the discussions you have had will be continuing. I have been asked to share with you what is available on your computers and that I might have the opportunity to give you some guidance on using this document. This document (Exhibit E) includes each of our enrollments. It includes the class size as well as the size after cuts.

In Churchill County, we, like many of the other districts, are having conversations and are making outreach efforts. Some of you came to Churchill County to work with us and to learn information about our community and our current status. We are in our fifth year of budget cuts in Churchill County. I would like to discuss the Planned Program Cuts item in the chart we have given you. There are some common themes and I would like to discuss how they specifically relate to Churchill County. These are proposed in many cases throughout the State. School boards received information that they could work with their budgets on March 28. In less than a month, we have had some information that could give us some guidance as to how to have these conversations with our school boards.

Should the budget proposals materialize, there is a theme of no textbook adoption in many of the school districts. If we have not cut art, music, computers and P.E. those will be likely to go, as well as implementing pay-to-play. Some of us have already implemented that and to reduce the interventions, we have worked to prevent some of the issues that we currently have with student performance.

In Churchill County, we have the opportunity to serve the Naval Air Station in Fallon, which trains world-class Top Gun pilots. We also serve our Fallon Paiute-Shoshone Reservation students. We have a great deal of diversity and opportunities to serve and to outreach to these students. We understand our mission. This is my eighth year in this school district. For eight years, we have been focusing on student achievement. If you look at our district, we have been improving student achievement over time, even with our budget reductions. We take seriously your direction to become more efficient and more effective. We believe we have evidence that is occurring in the performance of our students.

We are also taking the new direction from the federal government Common Core seriously. Our Board understands the implications for the delivery of students throughout Nevada. Common Core is a major culture change at the same time we are undergoing culture changes here in our State. It will demand that we provide an additional rigor to all students in order to get them to perform proficiently, not keep doing what we have been doing. We have been reforming in our school district. In Churchill County, we do have collaboration time that we use specifically for professional development amongst our teachers. We believe we may have results and a model that has been adopted by others and has been working effectively. We get feedback from our teachers frequently and regularly on many facets of that collaboration. Our school board is continuously looking for best thinking. Not just thinking, but best thinking. How do we
reach out with these various communities that we serve and bring out the very best. In the eight years I have been there, that has been the challenge. As you know in the work you do for us, everything else seems to float to the top and get attention.

We have been involved in town hall meetings, meetings with our staff, meetings with our businesses, our community, our master plan task force and making those efforts.

One thing that has been clear to us, and I see it at the State level, is that it is difficult to remain tough on the issue. In times like this, we want to be tough on people and most of the people in this room are probably much like the people I serve, recognizing that people are probably doing about the best they can with the information they have. Being soft on these people that are in the classrooms, in the hallways, in our buses, and by saying being soft I mean they may be doing the best they can, maybe they need more training, they may need more time, but like you, they do not have all the information. Given the opportunities, they step up to the plate. I can personally attest to that for Churchill County.

We are a county who is looking at a new charter school coming in and taking 180 of our students. We are decreasing about 200 students a year. This prompts difficult decisions for our school board. They are considering many options, including closing our schools and the items I have discussed contained in the information given to you.

We have a graduation rate of 86 percent. We hope that through this, you all keep these things in mind as you go forward to make the best decisions for our students and our staff.

DR. ROBERTS:

Nye County School District is the largest single school district in the United States. It covers 18,000 square miles, 7 towns, and about 6,000 students. We have 18 schools. Our ratio of administrators to students is 1:370. That is one of the highest in the nation.

The economic impact of schools and school districts in Nevada. Clark County School District is the single largest public employer in the State and the largest employer in Clark County, providing over 35,000 jobs. Washoe County School District is the largest employer in Washoe County. There are over 8,000 employees. Humboldt, Lyon, Lincoln and Nye County School Districts are the largest employers in their counties. Carson City, Douglas, Churchill, Eureka, Elko, Esmeralda, Mineral, Pershing and White Pine School Districts are the second or third largest in their counties. Lyon County and Nye County are two very stressed counties in Nevada and nationally ranked. The problems we have when we lay off individuals in rural areas and in the small communities, is that there are not other jobs these people can obtain. As a result, they leave. They leave the State, they leave their houses, and they are no longer able to pay their mortgages. Consequently, they do not pay sales tax and there are other economic factors mentioned earlier, 2.5 jobs for every one we lose. Take that into consideration the teachers we lose now, and those who are leaving. I had a science teacher who taught the highest level of science we had in Pahrump. Over the Christmas holiday, he left for another job, giving ten days notice. He took his wife with him who was a special education teacher from Clark County. They gave the reason that they saw what was happening. They have been a part of the last few RIFs and had enough. We lost two of our best teachers.

Nye County School District has, in preparation for this tsunami coming upon us, closed a school in Pahrump and Mt. Charleston Elementary. It is a long process to do. It is emotional. People are attached to their institutions particularly when their brothers and sisters, mothers and fathers have attended those schools. Our elected board made tough decisions based on dollars and cents. You can save money on power, water, sewer and the staff associated with that school, and then distribute those students across the entire valley to schools who have empty classrooms as a result of 234 fewer students this year compared to last year.

We have tough decisions already. We did not invest in textbook adoption. We are replacing those textbooks we need only to maintain the current level of instruction. Our graduation rate is about 79 percent. Our dropout rate is 0.8 percent. This is an improvement from years ago. We try to do the best we can with every dollar we have. We will continue to do so.

The school in Tonopah was closed last year for that reason. Even with all of that, if the Governor’s budget was implemented we would lose 107 employees in the Nye County School District. That is about 10 percent of our total population. We have 2 district administrators, 2 school principals, 65 teachers and 40 support staff. For those of you who understand rural
communities, when you have a school in Gabbs with a K-12 enrollment of 60 students, you cannot put 40 in a classroom. You have to have highly qualified teachers in those subject areas to ensure those students receive an education. In Duckwater, we have one teacher in a K-8 school for 16 students. In Amargosa, there are 190 students in the K-8 school. In those small schools, you have to do what you have to do to ensure you have the ratio to provide an education. In Pahrump, we might have 30-40 students in a classroom. It is difficult to try to fit them all in there. There is a fire marshal code for the number of square feet per student, let alone the effect on education by increasing the number of students per class. I wish you would consider this.

I would like to address the bond issues of taking the debt service account away from us. We have two major construction projects under way in Pahrump. We have an elementary school, which is a replacement for a trailer park school. It should be open in June. Our high school is going through a $28 million renovation. The school was built for 650 students. We have 1,400 in that school. We will be housing those students in buildings that are more economically suited, efficient, safe and with the latest technology and adding those CTE skills necessary for students.

A big concern is in Tonopah where we have been working a year with the citizens who voted in 2007 for a bond to have a replacement school. That will house a K-8 student load for the entire community. It is an $11 million to $12 million project. We have spent several hundred thousand dollars on engineers and architects to design the school. It is getting ready to go out for bid. If that bond money is taken, we will probably not be able to do that. If this passes, we will not be able to build the school because we will not be able to make our mortgage payments. Two of our communities are already capped at the amount of money that they can be taxed. If a school district does not have the money to pay its mortgage, other governments will have to make up the difference. Those taxes will be modified in those communities. The school district, by law, could be required to pay back that money from the General Fund to those communities to make up the tax loss.

SENIOR HORSFORD:
I appreciate the spreadsheet you prepared for us. Where is the Lund School that is proposed for closure?

DR. ROBERTS:
The Lund School is in White Pine County.

SENIOR HORSFORD:
Why is that school being proposed to be closed?

DR. ROBERTS:
The superintendent from that school will have to address that specific issue. I understand it is a cost savings. We have looked at how much it would save to close the school in Amargosa and bus the students an hour to Beatty. It is strictly an economic decision. If you have the facility. You can reduce the staff at the other facility and save several hundred thousand dollars.

SENIOR HORSFORD:
I have been getting e-mails from the residents in that community who oppose sending their child on a bus an hour each way to school just to hit a budget target. It does not seem to make much sense from a quality of life standpoint.

DR. ROBERTS:
I concur with you in that. If we do not have the budget reduction, then we will not be transporting our students. If the Governor's budget is enacted, if that is what you have to do to provide the education, then that is what they have to do.

SENIOR HORSFORD:
In White Pine, do they have 1,400 students, but only 100 certified teachers? When we were in Fallon we heard from them that a reduction of their work force of 10 percent to 15 percent means 10 to 15 teachers of the 104. Does that mean one math teacher, one science teacher, one person with a credential to do that class, if so, if that position is eliminated, how will those
students be taught the subject matters they are required to meet the standards of the State to graduate?

**DR. ROBERTS:**
I do not have the specifics for their breakdown, but the *Nevada Revised Statutes* (NRS) require that you have highly qualified teachers in the schools to provide the instruction necessary for the students to graduate from school. My assumption would be that they would load up the classes available for students to receive the instructions required. Those classes that are not required would be eliminated.

**SENATOR HORSFORD:**
According to the information provided, in the Pershing County District, they have no ending funding balance?

**DR. ROBERTS:**
If that is what the superintendent stated, then that is what I am told.

**SENATOR HORSFORD:**
Eureka and Lander Counties are the only two counties that receive the net proceeds or are there others?

**DR. ROBERTS:**
There are several other counties that receive net proceeds of mines.

**SENATOR HORSFORD:**
This spreadsheet you provided for us, only shows Eureka and Lander that do not receive DSA allocations based on their local support. Is that true?

**DR. ROBERTS:**
That is correct.

**SENATOR HORSFORD:**
Eureka has 239 students with 32 certified teachers. That county has a huge reserve based on their increase of net proceeds of minerals. I do not understand how certain counties like Clark County and Washoe County are being singled out. There is $220 million coming from Clark County out of their reserve, $54 million out of Washoe County, then a rural county with only 239 students has a reserve and the Governor is not proposing to sweep that. I do not understand that. I will ask the administration.

**SENATOR MCGINNESS:**
Thank you, Mr. Chair. Dr. Roberts, would you explain what you said about the collective bargaining units. Is there any indication as to what the 15 rural counties might do to try to maintain jobs?

**DR. ROBERTS:**
We have met with each of our three collective bargaining units, administrators’, classified and certified. We have asked that they take the concessions that have been proposed in the Governor’s budget of a 5 percent salary reduction, 25 percent reduction in PERS, a freeze on the longevity step increase and a few other items. We have not had any response from the units to date that I would characterize as encouraging. At the last negotiations, there were a number of furlough days by the school administrators and they paid ten percent of their health insurance. At the district level, non-union staff took four-day furloughs. I took a ten-day furlough. The classified and certified, took no reductions.

**SENATOR MCGINNESS:**
You talked about if the Governor's budget is approved you would not be able to build a school. The State does not provide money for capital construction. It is just used for operating. How would that affect your ability to build a school?
DR. ROBERTS:
The capital funds for us come from our government support tax for our daily maintenance and operations of the district as well as buying a school bus or two. The Bond Reserve Fund bond money is what we use to build our construction projects. In 2007, the voters of Nye County approved a bond project that at the time had an estimated value of somewhere around $100 million to $120 million. That was projected based on many things that have changed. You only sell the bonds you need to build the projects you have at the time and your ability to repay that. If our bond money to pay the debt is taken, our bond rating would drop. Currently, we have a rating of AA. The cost to borrow money would be greater if we had the ability to repay it. My concern is for the voters in Nye County, who are now paying the property tax to have these things constructed, and we may not be able to do it.

The school in Tonopah is very old and has a significant amount of work for Americans with Disabilities Act (ADA) compliance that needs to be accomplished. Rather than throw good money into a very old school, it was the decision of the community and the Board of Trustees to replace that school with something students would be proud of and will last for decades.

ANDREW CLINGER (Director, Department of Administration, Chief, Budget Division):
I will present an overview of how we got to this point. Nevada has been hit harder than any other state by the Great Recession. You see that in the numbers you are aware of. We lead the country in foreclosure, in unemployment, in wage declines. All of those indicators have had a tremendous impact on the revenues that we collect to fund the State budget. The Economic Forum forecast a $5.3 billion of funds available to fund the Governor's Executive Budget. Going through the budget process and putting that Executive Budget together, we tried to take a balanced approach in putting together the Governor's Executive Budget. The Executive Budget does include an additional, almost $1 billion in revenue added to that $5.3 billion. That includes the debt reserve sweeps, as well as property tax. It is not just cuts that we have proposed in the Governor's Executive Budget. There are other things that we have put in to help balance this budget. Some of the items we have had to deal with in putting this budget together and the reason we have had to make these provisions in the budget is that we have had to deal with the loss of, not only State revenue, we have also had to deal with the loss of federal funding, caseload growth and loss of local funds to the school districts that we have to make up. In the loss of federal funding, the ARRA funds, the impact from that on the upcoming budget was about $450 million. A good portion of that funding went to higher education in the last legislative session. Part of that went to the Department of Corrections. We also had increased matching funds for our Medicaid program, all of which are gone now. In addition to that, we have had caseload growth that we have had to manage in the Department of Health and Human Services. We have had to put an additional $270 million in the Governor's budget to deal with those caseload increases. In addition to that, the loss of the LSST funding that goes directly to the school districts as well as the loss of property tax revenue to the school districts had to be made up as well. That was an additional $440 million. In addition to that, we are forecasting almost $1 billion will have to be paid back to the federal government for unemployment insurance that we are currently borrowing to provide insurance coverage to those who are unemployed. The cost of that to the State, just in the next two years for the interest, is $66.3 million. That is $1.2 billion of additional requirements put on the State as we put this budget together. The budget we proposed takes a fair and balanced approach not only on the expenditure side, but also on the revenue side.

HEIDI GANSERT (Chief of Staff, Governor Sandoval):
This budget was difficult. I appreciate Andrew's work and the effort that was put into really going through it line by line to make certain we could balance this. Our Governor recognizes it is very important to allow this economy to recover. We recently had the good news that unemployment has dropped a little. It is still very high, but it has dropped. We have some job growth for the first time in 37 months. This is the largest month-to-month job growth since 2005.

I appreciated the comments made by Superintendent Jones. This administration has been focused on reform. It is apparent from his testimony that even though there are budget cuts, that he is focused on reforms as is Washoe County Superintendent Heath Morrison, who was able to
testify last night. We agree on many things. We agree on the accountability, on data analysis, we agree on looking at student growth, on literacy as being important and ending social promotion. We agree that part of the formula has to be the success of the students.

I would like to address the document provided by staff, The Senate Committee of the Whole Work Session on Governor's Budget Proposal for K-12 Education. The document discusses enrollment, growth and the basic support. Even though we have cuts to this budget, if you were to look FY 2011 versus FY 2007, the growth in enrollment versus the growth in basic support, you would find that basic support outpaced enrollment by five times. If you look at the reductions, the proposed numbers for FY 2012 versus FY 2007, our spending, still with these cuts, is outpacing the growth of enrollment. Those may be surprising numbers, but take the numbers and back them out. Even with the cuts we are doing fairly well. We looked at ranking per pupil revenues. We looked at the NCES for the most recent data we could get. There have been questions about different types of funding, basic support versus total support versus total support with capital. The numbers we have actually have Nevada shown as twenty-fourth of fifty-one as far as funding.

It seems there has been some confusion about how we are proposing to adjust salaries for all school district employees. These would be licensed personnel and other personnel. Basically, we are trying to make them closer to equal to a State employee. If you were to take a teacher with an average salary of $54,000 and compare that teacher to a Social Worker II and they are affected by PERS and by the pay cut, they would have the 5 percent salary cut. They do not contribute to their PERS. Their net would be whatever their furloughs may be, but their top number would be $54,000 and their net would be close to $54,000 depending upon whether they took a 1 percent or 2 percent pay cut or if there was a furlough day. If you look at the current State Social Worker II, with the same salary level, they would have a 5 percent cut equal to about $2,699 and they would be contributing half to their retirement contribution. The rates are going to go up to about 23 percent. There is an additional 11 percent off their pay roll that would be deducted. Their net pay would be substantially less.

Given that PERS has been paid for completely by the taxpayers this is an incremental portion. All State employees pay 50 percent. The Governor's proposal is that they pay 25 percent. We recognize that is something new to them. It has been paid on their behalf in the past. The average teacher works 9, 10, or 11 months. Earlier when the furloughs were discussed, it depended on how many months a year the teacher was working versus the Social Worker II at 12 months.

We looked at how our teacher pay ranks on a national level. We looked at an NEA study and found that our teachers were in the middle. We were 23rd out of 51 states. We cannot tell from the data if that includes the PERS contribution being paid on their behalf or not. It may be higher than that. We are not certain. We recognize it is important to pay teachers well. We think the State has done a good job of doing that.

In the Governor's budget, the salary adjustments comprise 70 percent of the total cuts to education. When you look at the total dollars being cut, 70 percent is an effort to make them look more similar to other State employees. If they were to pay the full 50 percent of their PERS, it would be closer to 90 percent of the adjustment. We recognize that all these numbers have to be collectively bargained, but we are trying to pay instructional and non-instructional personnel more like State employees.

We have had many questions on debt reserves. We have asked if we are sweeping them or not sweeping them. School districts who issue bonds have two accounts. They have a capital account where they budget their construction and they have a reserve account. The reserve account is required to have 12 months of interest or 10 percent of the balance of the outstanding bonds. We are not using any money from the Capital Construction Fund. In the past, we have. That was discussed earlier today. In 2009, there was $10 million and $25 million in the Twenty-sixth Special Session taken out of the construction account. The reserve account is money where there is a variety of income streams that go into it. It is fenced off. The money has never been used, to our knowledge. We do not know of any school district that has ever tapped it. It has been used for construction. It has not been used for ongoing operational expenses. We propose that we drop the required reserves down and we allow school districts to use the money for operational needs. We think that is an advantage for them. It stays in the school district of
origin. You will not see Clark County money going to Nye County or Lincoln County or any other county in the State. It stays in the school district of origin. We have it set up to where it would be triggered back. If the Economic Forum comes back saying local LSST, a piece of the sales tax, at a certain level comes in greater than projected, it is our intent to replace that money. This is a bridge. We are facing extremely difficult economic times. We believe it is important to mitigate or reduce the cuts as much as possible because we want to keep the teachers in the classrooms. We want to keep the staff within the school districts. It stays in the school district of origin; the money would be triggered back. None of it is bond proceeds. Some of the confusion is that bonds are issued for construction and other projects. None of this money is bond proceeds. It is the revenue stream. If you were to take bond proceeds there would be tax implications to that. This is all money that is from a variety of revenue streams that we would be using. It would be money the school district would be allowed to use for their operational expenses and we would be triggering back.

Assembly Bill No. 183 was proposed in the Assembly doing the same thing, but stating that the money needed to be used for construction projects versus reducing the cuts to education. The Capital Construction Funds have been used before. We have not contemplated using that money. The balances in those accounts are significant. The Bond Reserve Accounts are not in every school district. They are only in school districts who have bonds. Those bonds are general obligation bonds. There are no covenants that require the bond reserve account to exist. That is a statutory requirement. It is not a covenant on the bonds.

There has been discussion about the block grants. We have taken many of the categorical expenditures and put them in the SABG program so that the school districts can decide where they want to spend the money. If full-day Kindergarten is more important than class size reduction, then they can move money around. Originally, we looked at implementation the first year. We listened to the superintendents of schools and we listened to the interested parties and recognized that they would not be prepared to that the first year. We moved it to the second year. With moving to the second year, the funding increased. There is about $7 million less of a $350 million to $360 million pool for all of those categorical expenses we look at line item by line item.

MR. CLINGER:

I would like to discuss the use of bond reserves. Assembly Bill No. 561 was heard yesterday in Assembly Ways and Means. There are a lot of misconceptions about the bond reserves and what we are actually doing. We have gone through each district and done a cash flow analysis based on what their projected debt service payments are, what the projected revenue streams are. There are a few revenue streams to consider. In most school districts, it is only property tax receipts. What we have done to forecast the property tax receipts is that we have used the same forecast that we use for the State's debt service accounts. We have a core group that works on this. It is the Department of Taxation. It is the Treasurer's Office. It is the legislative staff. We get together and put together the property tax forecast that we use for the State's debt service, the 75-cent operating portion of the school districts. That is the same forecast that we are using to forecast the property tax that we believe will go into the bond debt reserves. We think that is a very conservative forecast. We use it for the State's debt services as well. The other sources of revenue that go into the Clark County School District is the room tax as well as the real property transfer tax and the governmental services tax. On those revenue streams, we are using the Economic Forum's growth numbers for 2012-2013 as the baseline. In the out years, we are using a conservative 2 percent growth rate. When you hear the school districts talk about how this is going to require a property tax increase, that is only true if this forecast we have put together, that we think is conservative, does not come to fruition. It is only if the receipts come in something less than what we are projecting. We think what we are projecting is a conservative forecast.

LUCAS FOлетта (General Counsel, Governor Sandoval):

With the caveat that this institution has its own legal representation, I will give you the Governor's view on why he believes that his proposal relating to the use of the bond reserve accounts satisfies various concerns that have been raised in relation to the proposed use of that money. Three concerns have been raised. One is that the use of the money in the way the
Governor has proposed is inconsistent with the will of the people as expressed through the approval of ballot questions that resulted in the issuance of school bonds in certain counties. Another concern has been that the proposed use of this money somehow is inconsistent with the obligations of the districts as those are reflected in the covenants of the bonds, themselves, and a third concern has been raised as to whether the proposed use of this money would, somehow, negatively implicate the ability of the counties to engage in further bond issues later.

As to the first question whether or not the Governor's proposal respects the will of the people, the operative language is the bond question itself. I will read into the record the language from the ballot question in 1998 in Clark County, which authorized the issuance of school bonds. "Do you approve the issuance of general obligation school bonds so that the Clark County School District can finance new school construction and the expansion and improvement of existing schools." The question goes on to say, "District projects at the time the bonds are issued must indicate that issuance of the bonds will not result in an increase of the existing school bond property tax rate of $0.55 per $100 of assessed value."

It then states, "If approved this authorization will expire June 30, 2008."

A voter reviewing this question is confronted with essentially one question, whether they approve of the issuance of school bonds for a particular purpose. That purpose is the maintenance and construction of schools. The question relates to the use of the proceeds of the bonds themselves, which is the money that an investor in the district's debt gives the district. The question does not limit in any way the use of the revenue stream that repays those bonds which is, essentially, property tax. The question suggests, obviously, that at the time the bonds are issued the projections that the district has must indicate that it is unlikely that a property tax increase will arise over the course of the authorization to issue the bonds, but it does not limit the use of those funds. In this case, the Governor has proposed the use not of bond proceeds but of funds that are used to not even repay the bonds, but that sit in the bond reserve account. As Ms. Gansert described, there are three accounts. There is the Capital Projects Account which the bond proceeds go into. There is a Debt Service Account and within the Debt Service Account, there is a Reserve Account. Those two accounts, the Debt Service Account and the Reserve Account, are filled by property tax money. The Governor has proposed reducing the threshold for the Reserve Account and freeing up that money which is essentially tax revenue for use in operations.

SENATOR HORSFORD:
In the question, it said by law, the funds cannot be used to pay administrators, teachers, or other non-construction related costs. How do you reconcile that part of the question with the part that you read, which was only the first part?

MR. FOLETTA:
My view would be that the funds that it refers to are the proceeds of the bond issue itself, and not the tax revenue that is already coming in to pay the preexisting tax revenues already coming in to repay the bonds over time.

SENATOR HORSFORD:
We will have that discussion. If you make your argument, again, this is not a court, this may end up in court, if the districts or the parents in those districts choose to, but this is not a court. I am not looking for every legal argument. I am trying to understand the Governor's justification for the approach taken. Other people are going to have to review Assembly Bill No. 353, the bonds and this term that says, "The funds cannot be used to pay administrators, teachers or non-construction related costs." It is your contention that the funds provided for in this question are the bond funds not the funds from the revenue that are used to pay the bond back.

MR. FOLETTA:
That is right. The reason I make the argument, Mr. Chair, is that the basis for the Governor's position that the proposed use of this money is consistent with the will of the people. The will of the people as it relates to this question was that the bond proceeds themselves be used for a particular purpose. They did not render a judgment as to the use, generally, of the tax revenue.
SENATOR HORSFORD:

I worked on this bond question in 1998 as a volunteer. I can tell you what my intent and my understanding as a voter was who worked as a volunteer on this initiative. To somehow imply that the voters said the bond monies could not be used, but the revenues for the payment of the bonds can be used, I have a hard time understanding that logic.

MR. FOLETTA:

I will address the other two remaining points; first, the proposed use of the money is inconsistent with the terms of the covenants. It is my understanding with talking with Mr. Clinger that the bond covenants, themselves, do not restrict the use of the tax revenue that the Governor has proposed using for operational expenses. Finally, as it relates to the potential negative implication to the counties' tax ratings, insofar as to their ability to repay these bonds, is concerned. I would like to point out there are provisions in the State's laws that allow counties to apply to the treasurer for the use of permanent school fund dollars to guarantee outstanding debt obligations. There appears to be some mechanism within the law, now, to address at least some of the concerns that have been raised in that regard.

SENATOR HORSFORD:

Can I clarify to you, Mr. Clinger, or Ms. Gansert, is it the Governor's proposal that you will require the use of the RPTT room tax and GST proceeds to be able to implement the excess debt service proposal, at least as it applies to Clark County, which is unique in that they were the ones who had this voter approved bond initiative?

MR. CLINGER:

We do not transfer those funds specifically. I would say, we are projecting what those funds would be in order to determine the amount that is available to, in this case, Clark County, to determine the amount that is available to transfer to operating funds. We are not taking the room tax revenues or the real property transfer tax revenues directly, but that is part of what helps cover the debt reserves.

MS. GANSERT:

Something I learned I did not know when we started looking at the debt reserves, is that the property tax rate continues whether bonds are issued in taking all of that rate or not and that other municipalities have a rate of a half a cent. If that half cent is not used for school bonds, it can be used for other purposes. The revenue stream is a consistent stream that goes along and it can be used to pay off bonds, but it can be paid for other things or even pay-as-you-go projects.

Over the years, there has been a significant accumulation in the Bond Reserve Account and in the Capital Construction Fund. We did not speak to the Capital Construction Fund, but I believe the ending fund balance in FY 2010, after spending about $540 million, is still over $400 million for Clark County. I think there was testimony today in the debt reserve account for Clark County that there was $475 million in there. We were contemplating allowing them to use about $220 million of the $475 million recognizing there is still another account and that that property tax stream and the other streams can be used for pay-as-you-go or to pay off bonds and so forth.

I would like to discuss the final page in the handout entitled The Senate Committee of the Whole Work Session on Governor's Budget Proposal for K-12 Education. That page is entitled, Major Reduction Recommendations for K-12 Education Governor Recommends – Amended 2011-13 Biennium. When we were in the Assembly last night, it was suggested that this list included cuts and that everything on here was a cut to the budget for education. Your document contains the list that talks about the merit increase suspension. There has been confusion about that, too. When you look at instructional personnel, they are paid for time in service as far as years and also for education. Originally, all instructional personnel were supposed to be frozen last session. What was added back, or restored, was the amount of money that was for advanced degrees. The line item merit increase suspension, just freezes everyone where they are now. If you were an instructional personnel and you were making $60,000 a year on June 30, you would be making $60,000 on July 1. If there was someone who finished a master's degree in December of the following year, they would be at that $60,000 level. It is not a pay decrease, it
is freezing them like we have frozen all other State workers. That is an increase that would not be received versus a cut.

At the bottom Major Reduction Recommendations for K-12 Education Governor Recommends – Amended 2011-13 Biennium, speaks to I.P. 1 of the 75th Legislative Session and the continued redirection of the room tax money to General Fund. That is a continuation of what is happening during this current biennium. We do not view that as a cut. We view that as continued redirection. Whenever you redirect something or if you have more money in General Fund it reduces the cuts throughout the budget.

**SENATOR HORSFORD:**
What was the continuation?

**MS. GANSERT:**
On the I.P. 1 of the 75th Legislative Session money is going to the General Fund.

**SENATOR HORSFORD:**
That was provided for specifically in the language that the first two years the money would go to the General Fund. After that point, it would go to the State Supplemental School Account for the purpose of improving student achievement or incentives for teachers. You are arguing that it is a continuation. The first two years the voters and the proponents of the measure said that it should go to the General Fund; thereafter it should go to the State Supplemental School Account. How do you reconcile the language of I.P. 1 of the 75th Legislative Session that says after the first two years that the funding is supposed to go to education?

**MS. GANSERT:**
I.P. 1 of the 75th Legislative Session was a statute. It was an Initiative Petition that went straight to the Legislature. It was done by statute. You can change the statute. There were a couple of advisory questions on the ballot that were around this question, but this question was never put to the voters. It was an Initiative Petition that went straight to the Legislature. We believe that the fiscal concerns that existed two years ago still exist. It looks as if we are starting into a recovery. We want to make certain we are doing everything we can to make certain that continues. We have proposed that that money will be directed to the General Fund as it is right now.

The last piece is the excess debt reserves. It is listed on here as if it is a cut. This is an effort for us to help mitigate the cuts to education. This administration wants to make certain every dollar possible is kept in the classroom. We are freeing this up to allow the school districts of origin to use the money, triggering it to go back. It is more a bridge than anything in an effort to mitigate cuts and to get as many dollars into the classroom as possible.

**SENATOR HORSFORD:**
Mr. Clinger, you started the discussion saying the Governor’s budget is fair and balanced. I am glad to hear those things are starting to take hold. Out of the $2.5 billion shortfall from the Economic Forum projections to the current levels of spending as requested by the agencies, the Governor’s budget reduces spending of $1.4 billion. Is that correct?

**MR. CLINGER:**
That is correct. It is $1.4 billion or 7.95 percent.

**SENATOR HORSFORD:**
It proposes to shift, redirect or apply revenue from other sources including school district capital reserves toward the $1.1 billion worth of revenue enhancements.

**MR. CLINGER:**
That is correct.

**SENATOR HORSFORD:**
The point is, late last year the Governor said he was going to present a budget based on the revenues provided for by the Economic Forum. At that level, it would have been $5.3 billion.
Why did he not submit a budget with the funding at $5.3 billion based on his pledge to submit a budget based on Economic Forum revenues?

MR. CLINGER:
It goes back to what Ms. Gansert discussed. When the new administration came in, we went through all of the agency budget requests and all of the requests they would need to implement in order to reach the targets we had initially set. After going through that process and evaluating all of the potential cuts, the administration realized that there were things we could not cut. We had to put other provisions into the budget to mitigate those.

SENATOR HORSFORD:
I appreciate the honest answer. I know that it is true. I know that the Governor would prefer to be in a different situation to where these cuts, as proposed, even with these revenue enhancements would not have to occur. But, I am still grappling with this question if he recognized that the cuts were too deep in that he as a Governor wanted to preserve those most vital parts, why is the approach with the $1.1 billion short-term takings from other areas, particularly school districts, rather than just offering a long-term solution that addresses the problem?

MS. GANSERT:
I believe that this administration recognizes the difficult situation Nevada is in right now. We also recognize that we have needs and demands. Education is a priority for the Governor. That is why we looked at innovative ways of making certain there was more money available for schools and for different programs. The philosophy is that it is important to allow this economy to recover. He did not increase taxes. He did not look at streams outside of what was within the realm of what was available because he believes that we need to allow this economy to recover. That is what this budget does. We tried to create something that was reasonable, something that was balanced, something that made a strong effort to mitigate cuts and we were careful in how we put the budget together so there was money for health and human services, so that we could mitigate the cuts to education. It was about the economy starting to grow. During the State of the State, the only place where money was added was for economic development. He was been pleased to be able to work with you and with the Majority Leader and the Minority Leaders on a new economic development program, a new board, a new vision, a new way of approaching it.

SENATOR HORSFORD:
I respect that. I respect the Governor's constraints of trying to offer a budget proposal that did not offer new revenues. However, to the point of trying to live within our means, the $1.1 billion in revenue enhancements creates a budget hole for the 2013 Legislature at the very beginning. Is the trigger for the LSST in a bill? I have not seen that. That has to be repaid. If we are going to dedicate future increases in LSST that means that money that would otherwise be used to help offset local support, thereby reducing the State's burden. If you are going to pay that back to the districts by sweeping these dollars, then you are creating a different hole in the LSST support. We have the prepayment of the net proceeds of minerals. That is another hole a future Legislature is going to have to address. I do not know how fiscal conservatives can really defend some of these actions. In being fiscally prudent, those three examples I just pointed out, create holes, they do not solve problems for this Legislature or the next one. How do you respond?

MR. CLINGER:
To address the point on the LSST and where that will end up, we sent some language to your legal counsel. We anticipate that will end up in the DSA whenever that comes out. It is not in the current bill, but the plan is to put that into the DSA bill. The Economic Forum does a forecast on the State's 2 percent sales tax collections. We use that forecast for the basis of developing a forecast for the LSST. That LSST projection will go into the calculations for basic support. What we are talking about on the payback is not using that base-line LSST. We are stating if revenues come in higher than what is projected in the DSA that those excess revenues be used to replenish the debt service reserve account.
SENATOR HORSFORD:
If they do not come in higher than projected beyond what would already go to the local portion of the DSA?

MR. CLINGER:
If the revenue does not come in higher than forecast, then it would not replenish. We are proposing in the language to be included in the DSA is that that language stay in there until those funds are replenished. If it is not in the next two years, it could take four years. It depends on how the revenue comes in compared to the forecast.

SENATOR HORSFORD:
So we could see the LSST paid back if we were to sweep these accounts from the districts being out two, four, six years kicking the can beyond the current biennium to potentially two future biennia of the budget process to repay the districts. Is that what you are saying?

MS. GANSERT:
It is a trigger. It would be money that would have ordinarily reverted. It may take some time to do that, but there is an effort to actually replenish that.

There is a bill, Assembly Bill No. 183, that has no trigger on it. We recognize the money is important to the school districts. It is an effort to help them bridge and to keep more dollars in the classroom. As far as some of the other items in the $1.1 billion, much of it is continuation of what has been going on for the last two years, of what this Legislature has approved as far as the 9-cent property tax. We have it being redirected toward the university system. Right now, it goes to General Fund. The room tax is currently being used in the General Fund, I.P.1 of the 75th Legislative Session. We are looking at changing that statute to continue that. As far as the prepayment of the mining, that is a continuation of the prepayments. Much of this is continuation of what the Legislature decided to do over the last few years and during some of the Special Sessions.

SENATOR HORSFORD:
The problem with that is that the Governor is relying on past actions, not all of those actions were taken by us. We did not do the insurance premium tax securitization, which is $190 million of that portion. The repayment of that takes it over $200 million. Any Governor's job is to prepare a balanced budget. You are saying the Governor's budget is the temporary short-term Special Session actions that Legislatures took under limitations that were placed on us by a Governor that refused to include in the call things that would have allowed us to consider other options. The Governor's plan to balance the budget is based actions taken by the Twenty-sixth Special Session, which were under considerable limitations? That is his plan for the State of Nevada for the next two years?

MS. GANSERT:
No, it is not. Most of those actions were taken during the 2009 Session when we were just starting this economic downturn. There are some small pieces from the Twenty-sixth Special Session. If you would like me to talk about the Insurance Premium Tax, I can do that. The Legislature chose the Local Government Investment Pool (LGIP). They never used it. The Insurance Premium Tax is something we may never use, either. It covers an amount just a little above what is required as far as the ending fund balance. It is something that was an effort to mitigate cuts, but it is small on a relative basis in comparison to this budget. These are things that are a continuation of the decisions made by the 2009 75th Legislature.

SENATOR HALSETH:
Thank you, Mr. Chair. Is it accurate to say that the 2003 72nd Legislature raised taxes by a billion dollars and also in 2009 raised taxes by billion and our schools are continuing to decline as measures by graduation rates?

MR. CLINGER:
That is a correct statement.
SENATOR HORSFORD:

I do know that it is accurate related to our graduation rates. We can get that statistic. They are not good, but I do not know that they have gotten worse. They are not going to get any better under this budget.

SENATOR SETTELMeyer:

Thank you, Mr. Chair. I appreciate the concept of not kicking the can down the road and I eagerly await a hearing on my first PEB bill in Senate Finance so we can quit kicking many cans down the road.

I have a question about the bonds. I am curious on the concept, in my community, that things have changed over time. Things used to be constantly growing and we were constantly building new schools. Lately, it has all been going to rehab existing structures. We closed a middle school at Lake Tahoe this past year. When my father was on the school board, we never thought we would ever have that problem in Douglas County. Are any of the other districts building new schools at this time, or issuing new bonds to do that or not?

MR. CLINGER:

There is very little new construction going on. A few years ago, in Clark County in particular, the saying was that they built a new school every month. The growth in enrollment due to the recession in Nevada has slowed. There is very little growth. There is very little new construction going on. You would have to ask the districts specifically as to what new facilities they are building.

SENATOR CEGAVSKE:

Thank you, Mr. Chair. I wanted to emphasize again, you have addressed this issue, the Chair has reviewed the debt service. I want to make certain everyone understands that the Governor did have a plan to pay it back. I am still concerned people believe that the Governor is eliminating class size reduction, that the Governor is eliminating full-day kindergarten and other programs. I would like you to address this issue.

I give the Governor and his staff a lot of credit. This is a difficult time for all of us. You did the best job you could with the money we have under the circumstances. I think that the statements the Governor and his staff have made to us, Mr. Chair, is that they are willing at any time to take any recommendations or suggestions. I have gone to them with concerns within our caucus. They have addressed them. There has been some funding, $42 million, brought back. Some of the areas we were concerned about, the camps, and autism, have had money put back in. We still have an opportunity in May when the Economic Forum comes, that we may be looking at more funding.

I want to thank you and I know the grilling has not been easy for you. We appreciate all of the efforts that you have put towards this. We look forward to working with you. I know the Chair has said the same, but I want to tell this body that the Governor has said on many occasions that if we have recommendations or suggestions on any budget to present them to him. To my knowledge, nothing has been presented to you as a suggestion or a recommendation. Is that correct?

MR. CLINGER:

To touch on the block grant and class-size reductions, they go together; originally in the Governor's Executive Budget we had recommended a block grant in both years, FY 2012 and in FY 2013. That block grant would take categorical funding like class-size reduction, like full-day kindergarten and put it into a block grant to give control to the school districts on where they spent the funds. After meeting with the school districts and hearing their concerns, we have modified that request and put the block grant only in the second year to give them a year to adapt to the new model. To say that we are eliminating class-size reduction is not true. The school districts can still implement class-size reduction out of the block grant. But it is their choice. If they would rather spend more money on full-day kindergarten, that is allowed under the block grant. Right now, those are categorical items that they cannot move that money between. We are offering them flexibility.
To the point about the add-backs, as we have had changes in revenue, changes in caseload, we have put those into areas of priority. The $41 million went back into Health and Human Services. We have taken what would have been identified through this process as the most critical items and have added money back in those areas. The Economic Forum will meet again on May 2 and provide a new forecast for this body to use when preparing the budget. The Governor has stated that his priority is to put any additional revenue from the Economic Forum into education. We look forward to working with this body and the other house on those priorities and those add-backs.

SENATOR HORSFORD:
Thank you for being here today. We look forward to working with you and with the Governor to reach some consensus and agreement on responsible ways to balance the State Budget. We appreciate you answering the body’s questions.

DR. DOTTIE MERRILL (Nevada Association of School Boards):
My role this afternoon is to pull together some of the pieces you have heard earlier today about one of the Governor's proposals in the State of the State address and now embodied in Assembly Bill No. 561 and to share information with you about sweeping what is called the Debt Reserve Service Fund maintained by school districts having roll over bonds. Thank you for this opportunity, Mr. Chair.

Marty Johnson of JNA Consulting, who serves as the bond advisor for 12 of the school districts excluding Clark, is testifying from Las Vegas. We are a duet on this presentation. With your permission, Mr. Chair, I have some comments then Mr. Johnson has additional information.

You have heard the term "rollover bonds" over and over today. I would like to begin by clarifying what they are.

First, school districts go to the voters in their counties with a plan for improving the educational environment, which may entail school construction, revitalization, and modernization.

The language is specific. This is the language from the Douglas County School District bond question in 2008.

"Shall Douglas County School District be authorized to issue general obligation school bonds to finance the acquisition, construction, improvement, and equipping of school facilities? District projections at the time the bonds are issued must indicate that issuance of the bonds will not result in an increase of the existing school bond property tax rate of 10 cents per $100 of assessed value. That portion of the taxes generated by this tax rate that is not needed for payment of the bonds and purposes related to bonds including the required reserves for bonds in any year may be used for capital projects for the District. If approved, this authorization will expire November 4, 2018."

If the question is approved by the voters, the taxpayers continue paying property taxes based on the same school district debt rate that existed prior to the election. Approval of the question allows the district to issue bonds, and in some cases transfer money for pay-as-you-go, for up to a ten year period. Issuance of bonds is conditioned upon the ability to repay the bonds within the existing tax rate.

Second, what is the Debt Service Reserve Fund? When the rollover bond concept was passed, there were concerns that the taxpayers' interest needed to be protected and that a mechanism should be implemented to ensure that school districts would not require a tax rate increase to repay these bonds.

As a result, the Legislature included in Assembly Bill No. 353 of the 69th Legislative Session the requirement that each district issuing rollover bonds must retain in reserve an amount equal to the principal and interest payment for the following fiscal year. This reserve generally comes from local property taxes and is held in the Debt Service Reserve Fund to ensure that the district can pay its principal and interest payments as required. Some districts have also used and plan to use bond proceeds to meet the reserve requirement. Debt service funds are created to account for the cash flows related to these bonds, which are repaid solely from property taxes. In other words, revenues from the property tax rate levied to support these voter-approved bonds are deposited into the Debt Service Reserve Fund and the payments on the bonds are made from the
Debt Service Reserve Fund. Certain districts have voter approval to transfer monies from the Debt Service Reserve Fund in excess of those required to pay debt service and maintain the reserve for capital projects.

Among Nevada school districts, four have voter approval to only issue bonds under the rollover statute. They are Lyon, Nye, Storey and Washoe.

Six other districts have voter approval to issue bonds and transfer for pay-as-you-go under the rollover statute. They are Carson City, Churchill, Douglas, Humboldt, Pershing and White Pine. Clark County is in a unique position and their representatives have already talked about that.

Third, what is the proposal to sweep? Although this Debt Service Reserve Fund sweep has had several different iterations, the current proposal is contained in Assembly Bill No. 561. It is to sweep all funds from Clark County and Washoe County debt reserve accounts except for 10 percent, thereby taking 90 percent of all funds available on July 1, 2011.

For the remaining counties having rollover bonds, the Governor’s proposal would take 75 percent of the funds available on July 1, leaving only 25 percent for the purpose of repaying the principal and interest. Again, it should be emphasized that this proposal takes money that has been approved by the taxpayers and accumulated for the improvement of school facilities in their district. An example would be, upgrading technology connections so that classrooms can continue to use computers in instruction and enrichment activities or replacing a worn-out HVAC system so the classroom temperature can be maintained at a comfortable level that will enable children to learn and achieve.

In the State of the State address, the Governor proposed to sweep 50 percent of the Debt Service Reserve funds across Nevada’s school districts and stated that these debt service reserve fund sweeps would total $425 million. That has proved, however, to be a higher number than is available from this single source at that percentage. Earlier in the Session, another proposal was presented by the Executive Budget Office which involved taking all debt service reserve funds down to an 8 percent balance and, in addition, taking the Government Services Tax funds from Clark and Washoe school districts. According to this revised proposal, it appeared that approximately $301 million would be collected.

The proposal in Assembly Bill No. 561 has now shifted from maintaining a 50 percent requirement to a 10 percent requirement for Washoe and Clark and 25 percent for remaining counties having rollover bonds. With information that is still uncertain about property tax projections, it is not clear what this sweep of Debt Service Reserve funds would yield.

You might ask, "What is the big deal here?" Many of Nevada school districts have facilities that are 100 years old. In White Pine, there is a school still in use that is 108 years old. Even facilities that are not as old need refurbishments including updated heating and air conditioning systems, repairs to their cement walls and other types of maintenance. If school facilities are not maintained and repaired appropriately, when the Government Services Tax is also swept, there are simply not enough funds available for making even emergency repairs. Please note that we are not talking about what some people might call frills. We are talking about the basics like boilers, emergency repairs to roofs, air conditioning, etc.

What are the consequences of this proposal as we look across Nevada school districts?

First, school districts will have to defer their planned revitalization projects but they cannot defer their debt payments. Some districts may discover that the remaining funds are not enough to pay the principal and interest owed.

Second, such a small remaining balance at either 10 percent or 25 percent leaves a slim margin for error in factors that cannot be controlled by school districts. What if property tax collection rates are less than anticipated? What if there is a further decline in assessed value? What if there are fluctuations in net proceeds?

Third, when school districts defer needed repairs, what may happen is that there are catastrophic system failures that result in higher emergency costs in the future.

How will these funds be repaid? There is no repayment mechanism in Assembly Bill No. 561 although you have heard earlier today about such a proposal. School board members are concerned about the economic conditions that will be required to repay this money in anything short of ten years.

One of the consequences is that voter trust will be impaired which will make it difficult if not impossible to pass school bond questions in the future. During bond campaigns, voters always
ask whether the funds will be used for paying salaries and operations. Up to now, school districts have been able to honestly respond, "No." Now school districts will have to say that the funds are intended for school facilities; however, there is no guarantee that this will be the case.

Most importantly, school facility improvements, extending technology access, improving the physical plant by replacing roofs or boilers, making it possible for children with hearing problems to hear their teachers, and other improvements, all of these will be postponed which means that children will lack the environment they need to learn and achieve.

On behalf of Nevada school boards, we respectfully submit that this is not a good idea and would be a very unfortunate shift in public policy. To use an analogy, this is like buying groceries today with money needed next month to pay your mortgage. This is a one-time fix for the State's budget; however, school districts, schools and the local communities they serve will feel the negative impact of losing these funds long into the future.

To conclude, sweeping these funds will create a hole that will need to be filled in the next budget cycle and will eliminate the ability to utilize these funds to improve school facilities as they were originally intended to do. In the meantime, thousands of boys and girls across Nevada will suffer with the conditions that make instruction more challenging for their teachers and that will make learning less likely for them.

Thank you for your thoughtful consideration of these factors in the big picture of this issue. Thank you also for your service during these difficult economic times.

MARTY JOHNSON (JNA Consulting, Bond Consultant for 12 Nevada School Districts):

There are a number of school districts that have pay-as-you-go options available within their rollover question. One is from the Douglas County School District. That is a provision that was put into law in 2007 during that session. The school districts that have been to the ballot since that time have all included that pay-as-you-go component where the property tax revenues that come in over and above debt service and was needed to maintain that reserve can be used for capital projects on a pay-as-you-go basis. Additionally the reserve fund is funded from property tax revenues that the voters pay as a result of approving a rollover bond question. Occasionally, a school district has bond proceeds used to help meet that reserve requirement. This has happened in Washoe County and Carson City. Bond proceeds are put in there. In February, the Carson City School District issued bonds. We put $1.5 million of the bond proceeds into that reserve account. Provisions will need to be made to make certain those funds are not swept, because that does create a host of federal tax problems.

There was a question raised earlier about the use of the reserve and whether that has happened yet. I cannot speak for Clark County because I do not work with them, but in the other districts, the only one I am aware of where we have hit the reserve to a small extent, is the Storey County School District. That situation is going to be changing over the next few years. As part of issuing the rollover bonds, the school district has to demonstrate that they will be able to repay the bonds from what the projected property tax revenues will be.

In the past few years, we have seen declines in assessed values unforeseen by anyone. We are going to see school districts that will need to draw on the reserve account in terms of being able to repay their bond, as the Clark County School District testified to earlier today. Nye County School District has annual debt service that ranges from about $7.5 million to $8.1 million over the next five to six years. If Assembly Bill No. 561 were to pass, on July 1, 2011, the debt service fund balance for Nye County School District would be taken down to just over $2 million. With the 30 percent drop in assessed value that has been projected for Nye County for 2012 and assuming the advanced payment of net proceeds is continued, property tax revenues are expected to be just under $7 million. It would not take too long before that annual shortfall wiped out that debt service fund balance and Nye County School District would be required to increase their property tax rate in order to repay those bonds.

As Dr. Roberts mentioned earlier today, that creates additional concerns on our part because in NRS 361.457 there is the provision that if it is determined by the Department of Taxation that a school bond has caused the tax rate to go over $3.64 the school may be forced to compensate the local governments that have to lower their rate in order for all of the rates to fit within the $3.64 limit. Currently, Tonopah and Amargosa are at that $3.64 limit. It is possible that at a time
when the school district needs to raise their rate they will have to compensate other local
governments for lowering their rate and do so out of their general fund.

SENATOR HORSFORD:
Can you explain to us the process you just outlined? If the bond rating required the increase
and the county was already at the cap, then the district would have to reimburse the county in
some way?

MR. JOHNSON:
Yes. For instance, in round numbers, Nye County School District levels a tax rate of
58.5 cents to repay their bonds. The tax rate in Tonopah is at the $3.64 limit. Because of where
assessed value goes, Nye County School District has to raise their rate by 10 cents. There is not
10 cents of room in Tonopah. Some local government that overlaps the town of Tonopah will
have to lower their rate by 10 cents. If the provisions of NRS 361.457 are met, and that
$0.10 raises $25,000 in Tonopah, it is possible that the school district, out of their general fund,
would have to pay that local government the $25,000 to make up for them lowering their tax
rate. That would continue until the point in time that the tax rate was no longer a problem in
terms of that $3.64 limit.

SENATOR HORSFORD:
How many counties are at the $3.64 rate?

MR. JOHNSON:
The majority of counties where there are rollover bonds have jurisdictions that are within
$0.10 or $0.15 of the $3.64 limit if not at the $3.64 limit.
I would like to make three more points.
Looking at this proposal on projections, Assembly Bill No. 561, as written, takes the money
out July 1, 2011. If we look at projecting property tax revenues, if the projection is that property
tax revenues will increase by 5 percent or 7 percent, what happens when property tax revenues
because of declines and assessed value come in 5 percent, 6 percent or 10 percent lower than the
year before? These things need to be taken into account.
The payback we heard about this morning will be included in another bill. I believe the goal is
to sweep somewhere between $50 million and $53 million from the Washoe County School
District. LSST, according to the Department of Taxation is projected to generate $110 million in
2012. You can see how long it might take for that $50 million to get repaid to the Washoe
County School District.
I would like to address the impact on the bond ratings. For all of the reasons we have been
mentioning, this could have an adverse impact on the bond ratings, increasing the amount of
interest that school districts will need to pay on bonds going forward. There was a comment
made earlier about the Permanent School Fund Guarantee Program (PSF). It is a fantastic
program. It gives the school districts the AAA rating on the bonds. Some of the districts are at
the $40 million limit as it applies to the PSF guarantee. They cannot guarantee any more bonds
until outstanding bonds are paid off. Bond buyers are looking through the guarantee to the bond
rating of the specific district. A district with an A+ rating with the PSF guarantee on it is going
to get a much better interest rate than a district with a BBB bond rating with a PSF on it. While
the PSF helps and it is wonderful to have that guarantee program, it in of itself does not totally
protect the districts against increased interest cost from a decline in their bond rating.
Thank you for the opportunity to make these comments.

SENATOR HORSFORD:
How long have you been bond counsel for the districts?

MR. JOHNSON:
Actually, financial advisor. Bond counsel is a term we use for the lawyers. I have been
working with school districts for 21 years and have been involved with every rollover bond
election that has happened in this State.
SENATOR HORSFORD:
How many school districts have you been financial advisor to?

MR. JOHNSON:
During those 21 years, I have worked with every school district except Lander.

SENATOR HORSFORD:
Based on your 21 years of experience, would you view this as a fiscally prudent proposal?

MR. JOHNSON:
I understand the dilemma of putting the money in because money is needed in a variety of ways, but my biggest concern is that voters voted to pay property taxes based on this money being used to improve facilities. If we transfer this money and use it for operations, we create a hole for a future budget and we use the money that would otherwise be able to be used to improve the facilities. It seems like the school districts are going to lose on both counts.

DR. KEITH W. RHEAULT, Ph.D. (Superintendent of Public Instruction, Department of Education, State of Nevada):
Last night, Speaker Oceguera started his session with the Assembly Committee of the Whole with the question, "What kind of schools and education do we want to have for our children in Nevada?" My response to his question is short and to the point.

If we are satisfied with overcrowded schools, schools that provide limited access to textbooks, schools that reduce the instruction at the elementary level in art, P.E., music, computers; and at the secondary level that have eliminated electives and reduced the career tech programs that keep students in school, with schools that are poorly maintained, schools without counselors or libraries, then we are headed on the right path.

I am not making this up as a scare tactic. In the survey entitled Planned Program Cuts, which you received from the school districts presented by Dr. Roberts, every one of the 17 school districts and charter schools are discussing these issues right now. The districts have been in the business of reducing their budgets since 2008. They have reduced a lot from their budgets and have cut many programs during that time. The cuts have caused us to scrutinize other issues. Four districts are contemplating either closing or consolidating schools. There are three districts that are looking at reducing their five-day school weeks to four. Two districts are considering reducing transportation for students. All of these are topics that are being discussed as a part of the proposed Governor's recommended budget as it is today.

It can be and has been argued that funding provided by the State does not, in itself, equate to student achievement. In all cases, it could be argued that it does not. But, what you can argue, if you look at the cuts and the planned cuts that are being proposed by the school districts, you cannot say that it does not affect the quality of education in our schools. Students who do not have access to P.E. because the P.E. teacher was laid off, or if the computer teacher is laid off and there is no one to teach the computer classes, all of that affects the quality of life no differently than if the citizens of a city close up their parks and libraries. That, too, affects the quality of life for individuals.

The budgets being discussed today are budgets that the Department of Education receives and 100 percent of the funding is passed down to the school districts. The Department is reliant on the elected school board members of each of the 17 districts and the school administration to make certain they use every dollar to the best of their ability by getting it to the classroom level to improve student achievement. They are doing the best they can with what they are going to receive.

Last night in the Assembly Committee of the Whole there were discussions about whether these were cuts, budget reductions, or transfer of funds. For example, is the money that is not being put in for teachers who earn a master's degree a cut or just a non-budget item? When you cut your finger, it hurts. When you look at all of the cuts being proposed, that hurts.

SENATOR GUSTAVSON:
Thank you, Mr. Chair. Every one of us knows what the problems are and how bad things are going for the school districts in Nevada. I am certain we are not the only state having these
problems. Do you know of any other districts in the country that are having similar problems, and if so, do they have any innovative ideas as to how they are solving their problems?

DR. RHEAULT:
I meet with other superintendents from across the country. There are some in as bad a shape as Nevada is regarding their K-12 budgets. Utah, New Mexico, and Arizona are all running into severe budget problems. Arizona is short billions. They increased their sales tax last session. Others are cutting similar to Nevada by reducing funding going to schools, class sizes are going up and limiting everything, as we are talking about in Nevada. Other states are doing everything from cutting to finding new revenue.

SENATOR CEGAVSKE:
Thank you, Mr. Chair. I have many comments I would like to make, but I will not because we have probably debated them in every Education Committee hearing I have talked in, but I am offended by some of the comments you have made in your opening statement.

To Dr. Rheault, I would like to ask what are the decisions you have made to improve education in the State of Nevada during the years you have been here? What are you specifically going to be doing and what has been the discussion with your Board of how you are going to improve education?

I know that is a broad statement, I know you are working with some groups, but over the years, all I have seen is the same from your Board and from professional standards. I have seen the same ideas coming out and I have seen the same people dictating to the Department of Education and to the Board as to what they want or do not want. I want to find out today. You did not mention anything about what are you looking for. Where are you going to help improve the education for the children, help improve the education the teachers receive in higher education to become excellent teachers? The growth of the students, everything we have talked about today, all of education rests on the Department of Education. I have not seen you step up to the plate for all of it. It is not just you, it is your predecessors. But, we have not given our all through the Department of Education, through professional standards, in all of those areas for what the students, what the teachers, and what the parents need in the State of Nevada. What is your plan?

SENATOR HORSFORD:
With all due respect, that is a very broad question. I want to have the discussion, but we have other business we need to complete this afternoon. I would be happy to invite the Superintendent back to answer your question. I would like to explain that the policy for education is set by the Legislature and the Governor. The implementation of that policy is carried out through regulation by the Department of Education. If we are going to have that discussion about whose responsibility it is to improve student learning, then we have to look at ourselves and not point the finger. Superintendent Rheault has a responsibility and he should be held accountable. I want to give him that opportunity. But, I also want us to talk about what our jobs are as Legislators as well as part of that discussion.

SENATOR CEGAVSKE:
So you are not going to let him answer my question?

SENATOR HORSFORD:
Not at this time, because we need to move on and get back to the body, but I will invite Superintendent Rheault back on Friday for him to answer your question and for us to have a more extensive dialogue about all of our responsibilities as elected and appointed officials on how we improve student learning together.

SECOND READING AND AMENDMENT

Senate Bill No. 449.
Bill read second time.

The following amendment was proposed by the Committee on Education:

Amendment No. 413.

"SUMMARY—Revises provisions governing tuition charges, registration fees and other fees assessed against students in the Nevada System of Higher Education. (BDR 34-932)"

"AN ACT relating to the Nevada System of Higher Education; authorizing the Board of Regents of the University of Nevada to fix tuition charges and assess registration fees and other fees based on the demand for or the costs of providing the academic program or major for which the tuition charges are fixed or the registration fees are assessed; requiring the Board of Regents to establish a program authorizing scholarships for students who are economically disadvantaged under certain circumstances; requiring the Board of Regents to
make certain reports to the Legislature; and providing other matters properly relating thereto."

**Legislative Counsel's Digest:**
Existing law authorizes the Board of Regents of the University of Nevada to fix tuition charges for students at all campuses of the Nevada System of Higher Education. The tuition charges are in addition to any registration fees or other fees assessed against a student. (NRS 396.540) This Section 2 of this bill authorizes the Board of Regents, in fixing tuition charges and assessing registration fees and other fees, to adjust the amount of the tuition charges and registration and other fees based on the demand for or the costs of carrying out the academic program or major for which the tuition charges or registration or other fees are assessed. The adjustment may be based on factors such as the cost of professional instruction, the cost of laboratory resources and ancillary costs. This bill Section 2 also provides that if the Board of Regents adjusts the amount of tuition charges, registration fees or other fees based on the demand for or the cost of an academic program or major, the Board is required to establish a program to authorize scholarships and reduced fees and tuition and forgiveness of student loans for students who are economically disadvantaged and who are enrolled in academic programs or majors which are more costly as a result of the adjustments authorized by this bill.

Finally, section 2 requires the Board of Regents to submit an annual report to the Director of the Legislative Counsel Bureau for transmittal to the Legislature, or to the Legislative Commission if the Legislature is not in session, which identifies the demand for and the costs of each academic program and major and includes a schedule of all tuition charges, registration fees and other fees assessed for each academic program and major.

Section 3 of this bill requires the Board of Regents to submit a biennial report to the Legislature including certain information on: (1) the number and percentage of students who complete academic programs at an institution within the System with a degree or certificate and a comparison with national statistics; (2) initiatives undertaken by the Board of Regents to increase the rate of students who complete academic programs with a degree or certificate; (3) based upon surveys of students, the employment rate of students who complete a degree or certificate program and the average starting salary; and (4) initiatives undertaken by the Board of Regents to align the degree and certificate programs offered by institutions within the System with the economic development goals identified by the Commission on Economic Development.

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:
Section 1. Chapter 396 of NRS is hereby amended by adding thereto a new section to read as follows: the provisions set forth as sections 2 and 3 of this act.

Sec. 2. 1. In fixing a tuition charge for students at any campus of the System as provided by NRS 396.540 and in setting the amount of registration fees and other fees which are assessed against students, the Board of Regents may provide for the adjustment of the amount of the tuition charge or registration fee or other fee based on the demand for or the costs of carrying out the academic program or major for which the tuition charge, registration fee or other fee is assessed, including, without limitation, the costs of professional instruction, laboratory resources and other ancillary support.

2. If the Board of Regents provides for the adjustment of tuition charges, registration fees or other fees in the manner authorized by subsection 1, the Board of Regents shall establish a program to authorize scholarships and reduced fees and tuition and the forgiveness of student loans for students who are economically disadvantaged and who are enrolled in academic programs or majors for which the adjustment of tuition charges, registration fees or other fees in the manner authorized by subsection 1 results in an increase in the costs of enrollment in such programs or majors.

3. If the Board of Regents provides for the adjustment of tuition charges, registration fees or other fees in the manner authorized by subsection 1, the Board of Regents shall, on or before February 1 of each year, submit a written report to the Director of the Legislative Counsel Bureau for transmittal to the Legislature, or to the Legislative Commission if the Legislature is not in session, which must, without limitation:
   (a) Identify the demand for each academic program and major;
   (b) Identify the costs of providing each academic program and major; and
   (c) Include a schedule of all tuition charges, registration fees and other fees assessed for each academic program and major.

4. As used in this section, "tuition charge" has the meaning ascribed to it in NRS 396.540.

Sec. 3. The Board of Regents shall, on or before February 1 of each odd-numbered year submit a written report to the Director of the Legislative Counsel Bureau for transmittal to the next regular session of the Legislature which includes:

1. By institution within the System and by each academic program at the institution:
   (a) The number of students who enter the academic program;
   (b) The percentage of students who complete the academic program; and
   (c) The average length of time for completion of the academic program to obtain a degree or certificate.
2. A comparison of the data which is reported pursuant to subsection 1 with available national metrics measuring how states throughout the country rank in the completion of academic programs leading to a degree or certificate and the average time for completion of those programs.

3. Initiatives undertaken by the Board of Regents to increase the rate of students who complete degree and certificate programs, including initiatives to shorten the time to complete those programs.

4. Based upon surveys of students who have completed an academic program and obtained a degree or certificate, the number and percentage of students who have obtained employment within their field of study, and the average starting salary, which must be reported by institution within the System and by each academic program at the institution. The data must be matched with industries identified in state economic development goals to determine whether students who graduated and obtained a degree or certificate are finding employment in those industries.

5. Initiatives undertaken by the Board of Regents to align the degree and certificate programs offered by the institutions within the System with the economic development goals identified by the Commission on Economic Development.

Sec. 2. Sec. 4. This act becomes effective on July 1, 2011.

Senator Denis moved the adoption of the amendment.

Remarks by Senator Denis.

Senator Denis requested that his remarks be entered in the Journal.

Amendment No. 413 makes two changes to Senate Bill No. 449. First, the amendment deletes the requirement that the Board of Regents of the Nevada System of Higher Education (NSHE) establish a program to forgive tuition and students loans for economically disadvantaged students, if a higher differential fee has been established for an academic program or major, as authorized in the bill as a whole. Other provisions regarding scholarships and reduced fees for such students remain in the measure. Second, the amendment establishes the content of a biennial report to the Legislature concerning NSHE's degree and certificate programs. Among other things, the report must include linkages to the State's economic development goals and the success rate in placing new graduates in targeted industries.

Amendment adopted.

Bill ordered reprinted, engrossed and to third reading.

MOTIONS, RESOLUTIONS AND NOTICES
Senator Denis moved that Senate Bill No. 449 be re-referred to the Committee on Finance upon return from reprint.

Motion carried.

SECOND READING AND AMENDMENT
Senate Bill No. 451.

Bill read second time.

The following amendment was proposed by the Committee on Education:

Amendment No. 473.
"SUMMARY—Revises provisions governing tuition charges, registration fees and other fees assessed against students enrolled in institutions of the Nevada System of Higher Education. (BDR 34-933)"

"AN ACT relating to the Nevada System of Higher Education; providing that any increase in any tuition charge, registration fee or miscellaneous student fee assessed against a student by a university, state college or community college within the System must be retained by that institution and used to support academic programs and other services, activities and uses which advance the educational needs of the students enrolled at the institution and the educational goals of the institution or which otherwise benefit such students; requiring the Board of Regents of the University of Nevada to submit an annual report to the Director of the Legislative Counsel Bureau for transmittal to the Legislature or the Legislative Commission concerning the use of money collected from tuition charges, registration fees and other fees; and providing other matters properly relating thereto."

Legislative Counsel's Digest:
Existing law authorizes the Board of Regents of the University of Nevada to fix a tuition charge for certain students at all campuses of the Nevada System of Higher Education. Tuition charges are in addition to registration fees and other charges assessed against students. (NRS 396.540) This bill provides that any increase in any tuition charge, registration fee or miscellaneous student fee assessed against a student over the amount that would have been assessed on January 1, 2011, must be retained by the university, state college or community college at which the student is enrolled. This bill further provides that money collected from increases in tuition charges, registration fees and miscellaneous student fees must be used to support academic programs and other services, activities and uses which advance the educational needs of the students enrolled at the institution and the educational goals of the institution or which otherwise benefit such students.

This bill requires the Board of Regents to submit an annual report to the Director of the Legislative Counsel Bureau for transmittal to the Legislature, or to the Legislative Commission if the Legislature is not in session, which must include for each university, state college and community college information concerning: (1) the allocation of money collected from tuition charges, registration fees and other charges to each academic program; (2) progress in advancing the educational goals of the institution; (3) whether the expenditure of money collected from tuition charges, registration fees and other charges aligns with the economic development goals identified by the Commission on Economic Development or any regional economic development authority or local redevelopment agency for the region of this State in which the institution is located; and (4) the number of students entering each academic program or major and the number of certificates and degrees awarded by each academic program and major.
THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN
SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

Section 1. Chapter 396 of NRS is hereby amended by adding thereto a new section to read as follows:

1. The amount of any tuition charge, registration fee or miscellaneous student fee assessed against a resident or non-resident student in excess of the amount that would have been assessed as of January 1, 2011, must be retained by the university, state college or community college at which the student is enrolled. Money retained pursuant to this subsection must be used by the university, state college or community college to support academic programs and other services, activities and uses which advance the educational needs of the students enrolled at the institution and the educational goals of the institution or which otherwise benefit such students.

2. The Board of Regents shall, not later than February 1 of each year, submit to the Director of the Legislative Counsel Bureau for transmittal to the Legislature in odd-numbered years or the Legislative Commission in even-numbered years, a written report concerning the use of money collected from tuition charges, registration fees and other fees by each university, state college or community college within the System. The report must include, without limitation, for each university, state college or community college within the System information concerning:

(a) The allocation of money collected from tuition charges, registration fees and other fees to each academic program offered by the university, state college or community college;

(b) Progress in advancing the educational goals of the institution;

(c) Whether the expenditure by the institution of the money collected from tuition charges, registration fees and other fees aligns with the economic development goals identified by the Commission on Economic Development or any regional economic development authority or local redevelopment agency for the region of this State in which the institution is located; and

(d) The number of students entering each academic program and major offered by the institution, and the number of certificates and degrees awarded by each academic program and major.

3. As used in this section:

(a) "Miscellaneous student fee" means any fee other than a tuition charge or registration fee that, as of January 1, 2011, was not being retained by the university, state college or community college at which the student is enrolled. The term does not include a special course fee, laboratory fee or differential program fee.

(b) "Tuition charge" has the meaning ascribed to it in NRS 396.540.

Sec. 2. This act becomes effective on July 1, 2011.
Senator Denis moved the adoption of the amendment.  
Remarks by Senator Denis.  
Senator Denis requested that his remarks be entered in the Journal.  
Amendment No. 473 to Senate Bill No. 451 clarifies that the provisions of the bill relating to the retention of registration fees and tuition charges at the institution where the fee is assessed applies prospectively to tuition and fee increases assessed as of January 1, 2011. Further, the amendment specifies that special course fees, laboratory fees, and differential program fees, are not subject to the provisions of the bill as a whole since those charges are already retained by each institution through current policies of the Board of Regents. Miscellaneous fees that would be included within the provisions of the bill are those charges that are currently not retained by the institution.  
Amendment adopted.  
Bill ordered reprinted, engrossed and to third reading.

MOTIONS, RESOLUTIONS AND NOTICES

Senator Denis moved that upon return from reprint, Senate Bill No. 451 be re-referred to the Committee on Finance.  
Motion carried.

SECOND READING AND AMENDMENT

Senate Bill No. 53.  
Bill read second time.  
The following amendment was proposed by the Committee on Health and Human Services:  
Amendment No. 201.  
"SUMMARY—Excludes certain programs that supervise children from certain licensing requirements. (BDR 38-242)"

"AN ACT relating to child care facilities; excluding a location where a program is operated by a local government to supervise children during certain seasonal or temporary recreation programs and out-of-school recreation programs from certain licensing requirements; requiring certain out-of-school recreation programs to obtain a permit; establishing certain requirements for the operation of an out-of-school recreation program; and providing other matters properly relating thereto."  
Legislative Counsel's Digest:  
Existing law requires a child care facility to be licensed by an agency created by a city or county for the licensing of child care facilities or by the Bureau of Services for Child Care of the Division of Child and Family Services of the Department of Health and Human Services. (NRS 432A.131, 432A.141) Section 12 of this bill revises the definition of "child care facility" to exclude from the term a location where a program is operated by a local government to provide supervision of children before or after school, during the summer or other seasonal breaks in the school calendar or between sessions, certain seasonal or temporary recreation programs and certain out-of-school recreation programs so that such programs are not required to be licensed. Sections 13-15 of this bill revise provisions
that apply the same definition of "child care facility" for other purposes so that the definition does not change in those provisions.

Section 5 of the bill requires a local government to obtain a permit to operate an out-of-school recreation program. To obtain a permit, the local government must complete an application, pay a fee and meet certain requirements. Section 6 of this bill requires a local government that operates an out-of-school recreation program to comply with certain health and safety standards and to comply with other requirements relating to the safety of participants. Section 7 of this bill provides certain requirements for the staff of an out-of-school recreation program. Section 7 also limits the number of participants in a program and establishes certain components that must be included in such a program. Section 8 of this bill requires an out-of-school recreation program to maintain certain records about participants in the program. Section 9 of this bill requires a local government that operates an out-of-school recreation program to provide copies of certain inspections of the facility where the program is conducted according to a schedule established by the Bureau. If the local government submits such records, section 9 prohibits the Bureau from conducting any additional on-site inspections of the facility. Section 10 of this bill authorizes the Bureau to adopt any regulations necessary to provide for the permits to operate an out-of-school recreation program.

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

Section 1. Chapter 432A of NRS is hereby amended by adding thereto the provisions set forth as sections 2 to 10, inclusive, of this act.

Sec. 2. "Local government" means any political subdivision of this State, including, without limitation, a city, county, town, school district or other district.

Sec. 3. 1. "Out-of-school recreation program" means a recreation program operated or sponsored by a local government in a facility which is owned, operated or leased by the local government and which provides enrichment activities to children of school age:

(a) Before or after school;

(b) During the summer or other seasonal breaks in the school calendar;

or

(c) Between sessions for children who attend a school which operates on a year-round calendar.

2. The term does not include a seasonal or temporary recreation program.

Sec. 4. "Seasonal or temporary recreation program" means a recreation program that is offered to children for a limited time or duration and may include, without limitation:
1. A special sports event, which may include, without limitation, a camp, clinic, demonstration or workshop which focuses on a particular sport;
2. A therapeutic program for children with disabilities, which may include, without limitation, social activities, outings and other inclusion activities;
3. An athletic training program, which may include, without limitation, a baseball or other sports league and exercise instruction; and
4. Other special interest programs, which may include, without limitation, an arts and crafts workshop, a theater camp and dance competition.

Sec. 5. 1. To operate an out-of-school recreation program a local government must obtain a permit. The local government may apply for the issuance or renewal of a permit by submitting an application on a form prescribed by the Bureau. The Bureau shall issue a permit to operate an out-of-school recreation program to the local government upon payment of the fee prescribed in subsection 2 and upon satisfaction that the program complies with the requirements set forth in sections 2 to 10, inclusive, of this act, and any regulations adopted pursuant thereto.

2. The Bureau shall charge a fee for a permit to operate an out-of-school recreation program based upon the number of locations operated by the out-of-school recreation program. If the out-of-school recreation program has:
   (a) At least 1 but not more than 5 locations, the Bureau shall charge a fee of $100.
   (b) At least 6 but not more than 20 sites, the Bureau shall charge a fee of $250.
   (c) At least 21 but not more than 40 sites, the Bureau shall charge a fee of $500.
   (d) At least 41 but not more than 60 sites, the Bureau shall charge a fee of $750.
   (e) At least 61 but not more than 80 sites, the Bureau shall charge a fee of $1000.

Senator Copening moved the adoption of the amendment.

Remarks by Senators Copening, McGinness and Kieckhefer.

Senator Copening requested that the following remarks be entered in the Journal.

Senator Copening:
Amendment No. 201 revises Senate Bill No. 53 by revising the definition of "child care facility" to exclude from the term certain seasonal or temporary recreation programs and certain out-of-school recreation programs so that such programs are not required to be licensed, requiring local government to obtain a permit to operate an out-of-school recreation program. To obtain a permit, the local government must complete an application, pay a fee, and meet certain requirements mandating that these programs comply with certain health and safety standards, and other requirements relating to the safety of participants. The amendment establishes requirements related to staff, limits on enrollment, record keeping, and inspections.

Senator McGinness:
Does this require the local government operation to follow the same regulations and permits as a private operation would?

Senator Copening:
I do not know the answer to that. I do not know if there was a particular sponsor for this bill. It may have been a committee bill.

Senator McGinness:
Does this require the governmental agency that operates this facility or program to meet the same criteria as a private one?

Senator Kieckhefer:
It does not require the same criteria. The idea behind the bill was that government school districts would be running after school or out of school programs within a school or a recreational facility in which children are already placed throughout the course of the day. This would have some additional oversight requirements that they do not have now, but they would not have to meet the same licensing requirements that are currently met by private childcare providers in terms of facility or infrastructure. This was a compromise that was made between various local government entities and the State regulatory agency.

Amendment No. 307.

"SUMMARY—Establishes a program for the investment of state money in certificates of deposit at a reduced rate of interest to provide lending institutions with money for loans at a reduced rate of interest to certain eligible entities. (BDR 31-522)"

"AN ACT relating to state obligations; establishing a program for the investment of state money in certificates of deposit at a reduced rate of interest to provide qualified lending institutions with money for loans at a
reduced rate of interest to certain eligible entities; and providing other matters properly relating thereto."

**Legislative Counsel's Digest:**

Existing law authorizes the State Treasurer to invest the money of this State in negotiable certificates of deposit issued by commercial banks, insured credit unions or savings and loan associations. (NRS 355.140) Section 9 of this bill requires the State Treasurer to establish the Linked Deposit Program, whereby the State Treasurer may, in an aggregate amount not to exceed $20,000,000, invest in certificates of deposit with commercial banks, insured credit unions or insured savings and loan associations at a reduced rate of interest on the condition that the lending institution link the value of each such certificate of deposit to a loan at a reduced rate of interest to certain small businesses, political subdivisions of this State and institutions of higher education in this State. Section 9 also provides that the rate of interest paid to the State on the deposit is not to be more than 2 percentage points below the market rate for such a deposit, and that the loan rate of interest is to be equal to the rate of interest paid to the State on the deposit. Section 9 further requires the lending institution to sign an agreement with the State Treasurer specifying the terms of such a deposit and its linked loan.

Section 11 of this bill requires a lending institution that participates in the Linked Deposit Program to apply the institution's standard lending criteria to determine the creditworthiness of an eligible applicant seeking a loan. Section 11 also limits such loans to an amount not to exceed $500,000 and to a term of not more than 5 years. Section 12 of this bill requires that, for loans made to certain eligible entities, a preference be given to certain in-state businesses that (1) are owned by a member of a racial or ethnic minority, a woman or an honorably discharged veteran of the Armed Forces of the United States, or (2) engage in the production and sale of fuel or power derived from renewable energy sources. Under sections 16.5, 17.5 and 18 of this bill, upon a determination by the Attorney General that a preference for the granting of linked deposit loans for certain businesses which are at least 51-percent owned by a woman or a member of a racial or ethnic minority is constitutional and the issuance of a proclamation by the Governor to that effect, a preference must be given to certain in-state businesses which are at least 51-percent owned by a member of a racial or ethnic minority, a woman or a person who is a veteran discharged from the Armed Forces of the United States under other than dishonorable conditions. Section 13 of this bill authorizes certain out-of-state businesses to apply for such a loan if they provide certain information, including, without limitation, proof of their intent to open a facility or office in this State and proof that 60 percent of the persons they intend to employ at that facility or office hold a valid Nevada driver's license or identification card. Sections 12, 13 and 16.5 also limit the types of businesses that are eligible to participate in the Linked Deposit Program and require eligible businesses to use the proceeds from the
loan for certain purposes. **Sections 14 and 15** of this bill authorize political subdivisions of this State and institutions of higher education in this State to obtain a loan under the Program and to use the proceeds for certain purposes.

**Section 17** of this bill prohibits the State Treasurer from making any new investments through the Linked Deposit Program after June 30, 2015.

Amendment No. 119.

"SUMMARY—Revises provisions relating to multidisciplinary teams to review the deaths of victims of crimes that constitute domestic violence. (BDR 18-268)"

"AN ACT relating to domestic violence; authorizing the Attorney General to organize or sponsor multidisciplinary teams to review the death of the victim of a crime that constitutes domestic violence under certain circumstances; revising provisions concerning such teams organized or sponsored by a court or an agency of local government; imposing a civil penalty upon members of such teams who disclose confidential information concerning the death of a child; authorizing all such teams to receive data and information from certain reports and investigations and to use certain death certificates; and providing other matters properly relating thereto."
Legislative Counsel's Digest:

Under existing law, certain unlawful acts constitute domestic violence when committed against certain specified persons. (NRS 33.018) Existing law authorizes a court or an agency of a local government to organize or sponsor one or more multidisciplinary teams to review the death of the victim of a crime that constitutes domestic violence. (NRS 217.475) If a court or an agency of a local government does not organize or sponsor such a team or if the court or agency requests the assistance of the Attorney General, section 1 of this bill authorizes the Attorney General to organize or sponsor one or more multidisciplinary teams to review the death of the victim of such a crime. Section 1 also establishes the powers and duties of such teams.

Section 2 of this bill expands the authority of a multidisciplinary team to review the death of the victim of a crime that constitutes domestic violence organized or sponsored by a court or agency of local government under existing law to: (1) obtain relevant information and records concerning the victim and any person who was in contact with the victim; and (2) meet with other teams, persons, agencies and organizations that may have information relevant to the team's review.

Sections 1 and 2 also provide that each member of a multidisciplinary team which is organized or sponsored by the Attorney General or a court or an agency of a local government to review the death of a victim of a crime that constitutes domestic violence who discloses any confidential information concerning the death of a child is liable for a civil penalty of not more than $500. The Attorney General may bring an action to recover such a civil penalty and shall deposit any money received from the civil penalty with the State Treasurer for credit to the State General Fund.

Section 3 of this bill adds multidisciplinary teams organized to review the deaths of victims of crimes that constitute domestic violence to the list of entities that are authorized under existing law to receive data or information from certain reports and investigations concerning the abuse or neglect of children. Under existing law, release to the public of information identifying the suspect of such a report by a person who is authorized to have access to the information is a misdemeanor. (NRS 432B.290)

Section 3.5 of this bill specifies that a multidisciplinary team to review the death of a child may, if appropriate, meet and share information with a multidisciplinary team to review the death of a victim of a crime that constitutes domestic violence which is organized or sponsored by the Attorney General or a court or an agency of a local government.

Section 4 of this bill requires the State Board of Health to allow a multidisciplinary team organized to review the death of the victim of a crime that constitutes domestic violence to use death certificates in the custody of the State Registrar of Vital Statistics in the same manner as the Board allows a multidisciplinary team to review the death of a child under existing law.

The following amendment was proposed by the Committee on Judiciary:

Amendment No. 162.

"SUMMARY—Makes various changes relating to time shares. (BDR 10-217)"

"AN ACT relating to time shares; restricting the disclosure of certain information about owners of time shares; requiring certain mailings to owners of time shares upon request by an owner; allowing a notice of sale on the foreclosure of a time share to be given by posting on an Internet website under certain circumstances; and providing other matters properly relating thereto."

Legislative Counsel's Digest:

Section 2 of this bill requires the manager or board of an association of a time-share plan to maintain a list of owners of time shares in the plan. Section 2 also prohibits the manager or board from disclosing personal information about an owner without the prior written consent of the owner except under certain circumstances.

Section 3 of this bill requires the manager or board of an association of a time-share plan to: (1) mail certain materials to all owners on the list of owners of time shares in the plan upon the request of an owner under certain circumstances; [and] (2) provide an owner with the option to place certain limits on the information that may be provided to other owners; (3) provide an owner with a written disclosure regarding the potential effect of giving consent to publish or furnish information about the owner; and (4) establish procedures for such mailings.
Existing law requires that, among other forms of notice, a sale of a time share to satisfy a lien for unpaid assessments be noticed by publication in a newspaper under certain circumstances. (NRS 119A.560) Section 4 of this bill authorizes, as an alternative to that form of publication, such a notice of sale and a declaration in a form to be prepared by the Real Estate Division of the Department of Business and Industry to be posted on an Internet website if a statement of the Internet address is also published in a newspaper.

Existing law requires that, among other forms of notice, a sale of real property in foreclosure under a deed of trust be noticed by publication in a newspaper under certain circumstances. (NRS 107.080) Section 5 of this bill authorizes, as an alternative to that form of publication, a notice of a time share in foreclosure under a deed of trust to be posted on an Internet website if a statement of the Internet address is also published in a newspaper.

The following amendment was proposed by the Committee on Judiciary:
Amendment No. 183.
"SUMMARY—Revises provisions governing the regulation of gaming. (BDR 41-991)"
"AN ACT relating to gaming; authorizing the Nevada Gaming Commission to provide by regulation for the operation of hosting centers and service providers; revising provisions relating to the transfer of certain ownership interests in a gaming operation; revising provisions relating to the licensing of persons who hold an ownership interest in certain business entities which hold a gaming license; authorizing the State Gaming Control Board to take certain actions regarding its operations without the approval of the Commission; making various other changes relating to the regulation of gaming; prohibiting certain actions relating to gaming; providing a penalty; and providing other matters properly relating thereto."
Legislative Counsel's Digest:
Under existing law, the Nevada Gaming Commission and the State Gaming Control Board are required to administer state gaming licenses and manufacturers', sellers' and distributors' licenses, and to perform various acts relating to the regulation and control of gaming. (NRS 463.140) Section 2 of this bill authorizes the Commission to provide by regulation for the operation and registration of hosting centers, which will serve as centers for the operation of certain gaming systems. Section 3 of this bill authorizes the Commission to provide by regulation for the licensing of service providers, who will generally: (1) perform certain services on behalf of another licensed person who conducts nonrestricted gaming operations or an establishment licensed to operate interactive gaming; or (2) provide services or devices which patrons of licensed establishments use to obtain cash or wagering instruments.
Existing law also provides that if the Commission approves the issuance of a license for gaming operations at the same location, or locations if the

Section 7 of this bill removes the requirement that certain changes in the business entity must occur before the license may be deemed transferred, and instead provides that if the Commission approves such an issuance of a license, the Chair of the Board, in consultation with the Chair of the Commission, may administratively determine that the gaming license is transferred and the newly licensed operation is a continuing operation.

Additionally, existing law requires every limited partner of a limited partnership and every member of a limited-liability company that holds a state gaming license to be licensed individually. (NRS 463.569, 463.5735) Sections 8 and 9 of this bill revise this requirement. Section 8 provides that: (1) only limited partners with more than a 5 percent ownership interest in a limited partnership must be licensed individually; and (2) a limited partner generally must register with the Board if such a limited partner holds a 5 percent or less ownership interest in a limited partnership and holds or applies for a state gaming license. Section 9 applies such requirements to members of a limited-liability company.

Existing law further provides that it is unlawful for a person at a licensed gaming establishment to use or possess with the intent to use a device to assist in projecting the outcome of a game, keeping track of cards played, analyzing the probability of the occurrence of an event relating to a game or analyzing the strategy for playing or betting to be used in a game. (NRS 465.075) A person who performs or attempts to perform any such actions is guilty of a category B felony. (NRS 465.088) Section 12 of this bill describes in more detail the types of devices that are unlawful, and provides that it is also unlawful to assist another person in using or possessing with the intent to use any such device. Section 12 also specifies that the use of any such device is only unlawful when such use provides an advantage to a person participating in or operating a game.

Existing law also provides that it is unlawful for a person to perform certain actions relating to gaming without having first procured, and thereafter maintaining, all required gaming licenses. (NRS 463.160) A person who willfully violates, attempts to violate, or conspires to violate such provisions of law is, with certain exceptions, guilty of a category B felony. (NRS 463.360) Section 5.5 of this bill additionally provides that it is unlawful for a person to operate as a cash access and wagering service provider without having procured and maintained all required gaming licenses.

Finally, existing law authorizes the Commission to adopt regulations governing the licensing and operation of interactive gaming and requires that any such regulations include certain provisions. (NRS 463.750) Section 11.5 of this bill additionally requires that any such regulations
must: (1) establish the investigation fees for a license for a service provider to perform certain actions on behalf of an establishment licensed to operate interactive gaming; (2) provide that a person hold a license for a service provider in order to perform such actions; (3) set forth standards for the suitability of a person to be licensed as a service provider; and (4) set forth provisions governing the licensing requirements for a service provider and certain fees that a service provider may be required to pay.

Section 4 of this bill authorizes the Board to take certain actions without the approval of the Commission with regard to: (1) certain operational activities and functions of the Board; and (2) establishing a plan by regulation concerning certain personnel provisions. Section 5 of this bill requires the Commission to post a notice on its website regarding any meeting at which the adoption, amendment or repeal of a regulation is considered, and section 6 of this bill removes the provision from existing law which requires the Chair of the Board to present a claim to the State Board of Examiners after an expenditure of money from the State Gaming Control Board Revolving Account. Sections 10 and 11 of this bill revise provisions concerning certain documents of a publicly traded corporation that holds a gaming license with which the Commission must be provided a copy under existing law.

Section 13 of this bill clarifies existing law and specifies that service charges which are collected and obtained by certain third parties are subject to the tax on live entertainment. This provision applies retroactively from January 1, 2004, the date on which the imposition of the tax on live entertainment became effective. Section 14 of this bill repeals provisions relating to the Account for Investigating Cash Transactions of Gaming Licensees.

Amendment No. 331.

"SUMMARY—Creates the Statewide Alert System for the Safe Return of Missing Endangered Older Persons. (BDR 38-710)"

"AN ACT relating to older persons; creating the Statewide Alert System for the Safe Return of Missing Endangered Older Persons; requiring the
Department of Public Safety to administer and adopt regulations for the System; prescribing the circumstances under which a law enforcement agency may activate the System; providing immunity from civil liability for certain persons who broadcast or disseminate certain information pursuant to a notification of activation of the System; providing immunity from civil liability for certain persons who enter into agreements with the Department to establish or maintain an Internet website for the System; providing that a person who intentionally makes certain false or misleading statements to cause activation of the System is guilty of a category E felony; providing a penalty; and providing other matters properly relating thereto."

Legislative Counsel's Digest:

Section 7 of this bill creates the Statewide Alert System for the Safe Return of Missing Endangered Older Persons, which is composed of a voluntary partnership among the Department of Public Safety, the Department of Transportation, state and local law enforcement agencies, media outlets and other public and private organizations to assist in the search for and safe return of missing endangered older persons. The System is similar to the existing Statewide Alert System for the Safe Return of Abducted Children (commonly known as the "Amber Alert Program").

Section 7 requires the Department of Public Safety to administer the System. Section 5 of this bill defines the term "missing endangered older person" for the purposes of the System to mean a person who is 60 years of age or older whose whereabouts are unknown and: (1) who has been diagnosed with a medical or mental health condition that places the person in danger of serious physical harm or death; or (2) who is missing under suspicious or unexplained circumstances that place the person in danger of serious physical harm or death. Section 9 of this bill prescribes the circumstances under which a law enforcement agency may activate the System. Section 10 of this bill provides immunity from civil liability for a media outlet or a public or private organization that participates in the System and any person working for the media outlet or public or private organization who disseminates certain information pursuant to a notification of activation of the System and for a person who enters into an agreement with the Department of Public Safety to establish or maintain a website for the System if the agreement provides that only the law enforcement agency activating the System has the authority or ability to place information on the website.
Existing law provides that a person who intentionally makes any false or misleading statement to cause the activation of the "Amber Alert" system is guilty of a category E felony. (NRS 207.285) Section 11 of this bill provides the same penalty for a person who intentionally makes any false or misleading statement to cause the activation of the System created by this bill.

Amendment No. 163.

"SUMMARY—Revises various provisions governing graffiti offenses. (BDR 15-616)"

"AN ACT relating to crimes; revising various provisions governing graffiti offenses; providing a penalty; and providing other matters properly relating thereto."

**Legislative Counsel's Digest:**

Existing law generally provides that a person who unlawfully places graffiti on or otherwise defaces public or private property is guilty of a misdemeanor, gross misdemeanor or felony, depending on the value of the loss of the property. Additionally, if a person commits more than one offense pursuant to a scheme or continuing course of conduct, the value of the loss of all the property must be aggregated for the purposes of determining a penalty
if the value of the loss is $5,000 or more. (NRS 206.330) **Section 1** of this bill revises this provision and requires aggregation when the value of the loss is $250 or $500 or more. **Section 1** also provides that a person who commits an offense on any designated historic [protected] site in this State is guilty of a category C felony.

Existing law also requires a person who unlawfully places graffiti on or otherwise defaces public or private property to pay a monetary fine and perform community service. (NRS 206.330) **Section 1** specifies that in addition to any other fine or penalty imposed, a court may order such a person to pay restitution. **Section 1** also provides that a person convicted of a third offense must perform up to 300 hours of community service for up to a year cleaning up, repairing, replacing or keeping clean of graffiti the property damaged or destroyed by the person or another specified property.

**Section 2** of this bill also authorizes a court to order a person who unlawfully places graffiti on or otherwise defaces public or private property to (1) clean up, repair or replace the damaged property or keep such property or another specified property free of graffiti for up to 1 year; and (2) participate in counseling, and if the person is less than 18 years of age, order the parent or legal guardian of the person to attend or participate in counseling. **Section 2** further authorizes the owner of public or private property that has been damaged by graffiti to bring a civil action against the person who damaged the property. The property owner may be awarded damages in an amount up to three times the cost of restoring the property, in addition to attorney's fees and costs.

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

**Section 1.** NRS 206.330 is hereby amended to read as follows:

206.330  1. Unless a greater criminal penalty is provided by a specific statute, a person who places graffiti on or otherwise defaces the public or private property, real or personal, of another, without the permission of the owner:

(a) Where the value of the loss is less than $250, is guilty of a misdemeanor.

(b) Where the value of the loss is $250 or more but less than $5,000, is guilty of a gross misdemeanor.

(c) Where the value of the loss is $5,000 or more or where the damage results in the impairment of public communication, transportation or police and fire protection, is guilty of a category E felony and shall be punished as provided in NRS 193.130. If the court grants probation to such a person, the court shall require as a condition of probation that the person serve at least 10 days in the county jail.

a person, the court shall require as a condition of probation that the person serve at least 10 days in the county jail.

2. If a person commits more than one offense pursuant to a scheme or continuing course of conduct, the value of all property damaged or destroyed by that person in the commission of those offenses must be aggregated for the purpose of determining the penalty prescribed in subsection 1, but only if the value of the loss when aggregated is \[\$5,000\] or more.

3. A person who violates subsection 1 shall, in addition to any other fine or penalty imposed:
   (a) For the first offense, pay a fine of not less than \$400 but not more than \$1,000 and perform 100 hours of community service.
   (b) For the second offense, pay a fine of not less than \$750 but not more than \$1,000 and perform 200 hours of community service.
   (c) For the third and each subsequent offense:
      (1) Pay a fine of \$1,000; and
      (2) Perform up to 300 hours of community service for up to 1 year, as determined by the court. The court may order the person to repair, replace, clean up or keep free of graffiti the property damaged or destroyed by the person or, if it is not practicable for the person to repair, replace, clean up or keep free of graffiti that specific property, the court may order the person to repair, replace, clean up or keep free of graffiti another specified property.

4. The court may, in addition to any other fine or penalty imposed, order a person who violates subsection 1 to pay restitution.

5. The parent or legal guardian of a person under the age of 18 years of age who violates this section is liable for all fines and penalties imposed against the person. If the parent or legal guardian is unable to pay the fine and penalties resulting from a violation of this section because of financial hardship, the court may require the parent or legal guardian to perform community service.

6. If a person who is 18 years of age or older is found guilty of violating this section, the court shall, in addition to any other penalty imposed, issue an order suspending the driver's license of the person for not less than 6 months but not more than 2 years. The court shall require the person to surrender all driver's licenses then held by the person. If the person does not possess a driver's license, the court shall issue an order prohibiting the person from applying for a driver's license for not less than 6 months but not more than 2 years. The court shall, within 5 days after issuing the order, forward to the Department of Motor Vehicles any licenses together with a copy of the order.

7. The Department of Motor Vehicles:
   (a) Shall not treat a violation of this section in the manner statutorily required for a moving traffic violation.
(b) Shall report the suspension of a driver's license pursuant to this section to an insurance company or its agent inquiring about the person's driving record. An insurance company shall not use any information obtained pursuant to this paragraph for purposes related to establishing premium rates or determining whether to underwrite the insurance.

7. A criminal penalty imposed pursuant to this section is in addition to any civil penalty or other remedy available pursuant to this section or another statute for the same conduct.

(c) "Value of the loss" means the cost of repairing, restoring or replacing the property, including, without limitation, the cost of any materials and labor necessary to repair, restore or replace the item.

Sec. 2. NRS 206.345 is hereby amended to read as follows:

206.345 1. A court may, in addition to any other fine or penalty imposed, order a person who places graffiti on or otherwise defaces public or private property in violation of NRS 206.125 or 206.330 to do any or all of the following:

(a) Clean up, repair or replace the damaged property or keep the damaged property or another specified property in the community free of graffiti for up to 1 year.

(b) Participate in counseling, and if the person is less than 18 years of age, order the parent or legal guardian of the person to attend or participate in counseling pursuant to NRS 62E.290.

2. If a court orders a person who violates the provisions of NRS 206.125 or 206.330 to pay restitution, the person shall pay the restitution to:

1. The owner of the property which was affected by the violation; or

2. (b) If the violation involved the placing of graffiti on any public property, the governmental entity that incurred expenses for removing, covering or cleaning up the graffiti.
3. The owner of public or private property that has been damaged by graffiti may bring a civil action against the person who placed the graffiti on such property. Amendment No. 343.

"SUMMARY—Provides an alternative procedure for the creation of certain local improvement districts. (BDR 21-126)"

"AN ACT relating to local improvements; providing an alternative procedure for the creation of certain local improvement districts that include a renewable energy project or an energy efficiency improvement project; and providing other matters properly relating thereto."

Legislative Counsel's Digest:

Existing law sets forth the procedures for a governing body to acquire, improve, equip, operate and maintain local improvement districts that include various types of projects, including renewable energy projects and energy efficiency improvement projects. (NRS 271.265-271.630) Sections 2-4 of
this bill provide an alternative procedure for the creation of a local improvement district that includes a renewable energy project or an energy efficiency improvement project.

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

Section 1. Chapter 271 of NRS is hereby amended by adding thereto the provisions set forth as sections 2, 3 and 4 of this act.

Sec. 2. 1. A governing body may adopt an ordinance pursuant to NRS 271.325 creating an improvement district and ordering a renewable energy project or an energy efficiency improvement project to be acquired or improved and may contract with a person to construct or improve a renewable energy project or an energy efficiency improvement project, issue bonds or otherwise finance the cost of the renewable energy project or energy efficiency improvement project and levy assessments on assessable property, without complying with the provisions of NRS 271.305 to 271.320, inclusive, 271.380 and 271.385, if the governing body:

(a) Issues a provisional order pursuant to NRS 271.280 to form an improvement district for a renewable energy project or an energy efficiency improvement project; and

(b) Has entered into a written agreement with the owners of all assessable property who applied pursuant to section 4 of this act to have their property included in the improvement district which states that:

(1) The governing body agrees to enter into a contract for the acquisition, construction or improvement of the renewable energy project or energy efficiency improvement project in the improvement district.

(2) The owners of the assessable property agree in writing that the governing body may create the improvement district, levy assessments against their property and, for all other purposes relating to the improvement district, proceed pursuant to the provisions of this section.

2. If an ordinance is adopted and the agreement entered into pursuant to subsection 1 so states:

(a) The governing body may amend the ordinance creating the improvement district, change the assessment roll and redistribute the assessments required pursuant to NRS 271.300 in the same manner in which these actions were originally taken to add additional property to the improvement district. The assessments may be redistributed between the assessable property originally in the improvement district and the additional assessable property if:

(1) The owners of the additional assessable property submit an application pursuant to section 4 of this act and consent in writing to inclusion of their property in the improvement district and to the amount of the assessment against their property; and

(2) The redistribution of the assessments is not prohibited by any covenants made for the benefit of the owners of any bonds or interim warrants issued for the improvement district.
(b) The governing body may amend the ordinance creating the improvement district, change the assessment roll and redistribute the assessments required by NRS 271.390 in the same manner in which these actions were originally taken to remove assessable property from the improvement district. The assessments may be redistributed among the assessable property remaining in the improvement district if:

(1) The owners of the remaining assessable property consent in writing to the amount of the revised assessment on their property; and

(2) The redistribution of the assessments is not prohibited by any covenants made for the benefit of the owners of any bonds or interim warrants issued for the improvement district.

(c) The governing body may adopt any ordinance pertaining to the improvement district including the ordinance creating the improvement district required by NRS 271.325, the ordinance authorizing interim warrants required by NRS 271.355, the ordinance levying assessments required by NRS 271.390, the ordinance authorizing bonds required by NRS 271.475 or any ordinance amending those ordinances after a single reading and without holding a hearing thereon, as if an emergency exists, upon an affirmative vote of not less than two-thirds of all voting members of the governing body, excluding from any computation any vacancy on the governing body and any members thereon who may vote to break a tie vote, and provide that the ordinances become effective at the time an emergency ordinance would have become effective. The provisions of NRS 271.308 do not apply to any such ordinance.

(d) The governing body may provide for a reserve fund, letter of credit, surety bond or other collateral for payment of any interim warrants or bonds issued for the improvement district and include all or any portion of the costs thereof in the amounts assessed against the property in the improvement district and in the amount of bonds issued for the improvement district. The governing body may provide for the disposition of interest earned on the reserve fund and other bond proceeds, for the disposition of unexpended bond proceeds after completion of the renewable energy project or energy efficiency improvement project and for the disposition of the unexpended balance in the reserve fund after payment in full of the bonds for the improvement district.

3. If the governing body of a municipality forms an improvement district pursuant to the provisions of this section, the governing body:

(a) Is not required to adopt the resolutions required pursuant to the provisions of NRS 271.310, 271.360 and 271.390.

(b) Shall be deemed to have adopted the resolution required pursuant to the provisions of NRS 271.325 if the plans and specifications are sufficiently specific to allow a competent contractor with the assistance of a competent engineer to estimate the cost of constructing the renewable energy project or energy efficiency improvement project and to construct the renewable energy project or energy efficiency improvement project.
Sec. 3. 1. Any agreement entered into pursuant to section 2 of this act must:
   (a) Include a description of the property in the improvement district.
   (b) Be signed by the chair of the governing body and the owners of all assessable property within the improvement district. If a tract of assessable property within the improvement district is owned by more than one person, each person who owns the tract must sign the agreement.
   (c) Be accompanied by an acknowledgment of each signature.
   (d) Be recorded in the office of the county recorder.

2. Upon recording pursuant to paragraph (d) of subsection 1, the agreement:
   (a) Is binding on all subsequent owners of assessable property in the improvement district;
   (b) Is not extinguished by the sale of any property on account of nonpayment of general taxes or any other sale of the property; and
   (c) Is prior and superior to all liens, claims, encumbrances and titles other than the liens of assessment and general taxes.

Sec. 4. 1. An owner of a tract that is included in a provisional order to form an improvement district for a renewable energy project or an energy efficiency improvement project who wants to have the tract included in the assessable property of an improvement district for a renewable energy project or an energy efficiency improvement project must submit an application to the governing body on a form prescribed by the governing body.

2. If more than one person owns a tract that is included in a provisional order to form an improvement district for a renewable energy project or an energy efficiency improvement project, each owner of the tract must submit an application to the governing body in order to have the tract included in the assessable property of a renewable energy project or an energy efficiency improvement project.

3. The governing body may not include a tract in the assessable property of an improvement district for a renewable energy project or an energy efficiency improvement project unless the owner or owners of the tract apply pursuant to this section to have the tracts included.

Sec. 5. NRS 271.270 is hereby amended to read as follows:

271.270 The governing body of any municipality, upon behalf of the municipality and in its name, for the purpose of defraying all the cost of acquiring or improving, or acquiring and improving, any project herein authorized, or any portion of the cost thereof not to be defrayed with moneys available therefor from the general fund, any special fund, or otherwise, shall have power hereunder:

1. To levy assessments against assessable property within the municipality and to cause the assessments so levied to be collected.

2. Except as otherwise provided in NRS 271.495, to levy from time to time and cause to be collected taxes against all taxable property within the
municipality, without limitation as to rate or amount, except for the limitation in Section 2 of Article 10 of the Constitution of the State of Nevada, to pay the principal of and interest on bonds to the extent assessments are insufficient therefor.

3. To pledge the proceeds of any assessments and taxes levied hereunder to the payment of special assessment bonds and to create liens on such proceeds to secure such payments.

4. To issue special assessment bonds as herein provided.

5. To make all contracts, execute all instruments and do all things necessary or convenient in the exercise of the powers granted herein, or in the performance of the municipality's covenants or duties or in order to secure the payment of its bonds, provided no encumbrance, mortgage or other pledge of property (excluding any money) of the municipality is created thereby, and provided no property (excluding money) of the municipality is liable to be forfeited or taken in payment of such bonds.

Sec. 6. NRS 271.308 is hereby amended to read as follows:

Except as otherwise provided in NRS 271.475 and paragraph (c) of subsection 2 of section 2 of this act:

1. When expressly authorized by a provision of this chapter and the conditions of paragraph (a) or (b), or both, of subsection 2 of NRS 271.306 are satisfied, an ordinance required by this chapter may be adopted or amended as if an emergency existed.

2. The governing body's declaration, if any, in any ordinance that it is such an ordinance is conclusive in the absence of fraud or gross abuse of discretion.

3. Such an ordinance may become effective at any time when an emergency ordinance of the municipality may go into effect.

4. Such an ordinance may be adopted by an affirmative vote of not less than two-thirds of all the voting members of the governing body, excluding from any such computation any vacancy on the governing body and any member thereon who may vote only to break a tie vote.

Sec. 7. NRS 271.310 is hereby amended to read as follows:

1. On the date and at the place fixed for the hearing any and all property owners interested in the project may present their views in respect to the proposed projects to the governing body. The governing body may adjourn the hearing from time to time.

2. After the hearing has been concluded, after all written complaints, protests and objections have been read and considered, and after all persons desiring to be heard in person have been heard, the governing body shall consider the arguments, if any, and any other relevant material put forth, and shall, except as otherwise provided in paragraph (a) of subsection 3 of section 2 of this act, by resolution or ordinance, as the board determines, pass upon the merits of each such complaint, protest or objection.

3. If the governing body determines that it is not for the public interest that the proposed project, or a part of the project, be made, the governing
body shall, except as otherwise provided in paragraph (a) of subsection 3 of section 2 of this act, make an order by resolution to that effect, and thereupon the proceedings for the project, or the part of the project determined against by the order, must stop and must not be begun again until the adoption of a new resolution.

4. Any complaint, protest or objection to:
(a) The propriety of acquiring or improving or acquiring and improving the project;
(b) The estimated cost of the project;
(c) The determination concerning the portion of the cost of the project to be paid by assessments;
(d) The method used to estimate the special benefits to be derived from the project generally or by any tract in the assessment area;
(e) The basis established for apportionment of the assessments; or
(f) The regularity, validity and correctness of any other proceedings or instruments taken, adopted or made before the date of the hearing, shall be deemed waived unless presented in writing at the time and in the manner provided by NRS 271.305.

Sec. 8. NRS 271.360 is hereby amended to read as follows:

271.360  1. Except as otherwise provided in paragraph (a) of subsection 3 of section 2 of this act, after the making of any construction contract, or after the determination of the net cost to the municipality, but not necessarily after the completion of the project, the governing body, by resolution or by a document prepared by the engineer and ratified by the governing body, shall:
(a) Determine the cost of the project to be paid by the assessable property in the improvement district.
(b) Order the engineer to make out an assessment roll, or ratify his or her roll already made, containing, among other things:
(1) The name of each last known owner of each tract to be assessed, or if not known, that the name is "unknown."
(2) A description of each tract to be assessed, and the amount of the proposed assessment thereon, apportioned upon the basis for assessments stated in the provisional order for the hearing on the project.
(c) Cause a copy of the resolution or ratified document to be furnished by the clerk to the engineer.

2. In fixing the amount or sum of money that may be required to pay the costs of the project, the governing body need not necessarily be governed by the estimates of the costs of such project provided for herein, but the governing body may fix such other sum, within the limits prescribed, as it may deem necessary to cover the cost of such project.

3. Before ordering the engineer to make out an assessment roll or ratifying his or her roll already made, the governing body shall consider all applications for hardship determinations and the recommendations made by the social services agency and make a final decision on each application. The
governing body shall direct the engineer to postpone the assessments on property for which a hardship determination has been finally approved. A property owner whose hardship determination is approved shall pay interest on the unpaid balance of previous and current assessments at the same rate and terms as are established for other assessments in the manner provided by the governing body. The assessment must remain postponed until the earlier of the following occurrences:

(a) The property is sold or transferred to a person other than one to whom a hardship determination has been granted;
(b) The term of the bonds expires;
(c) The property owner's application for renewal of the hardship determination is disapproved;
(d) The property owner fails to pay the interest on the unpaid balance of assessments in a timely manner; or
(e) The property owner pays all previous and current assessments.

4. A property owner may pay all previous and current assessments at any time before they become due without penalty.

5. The governing body shall not sell bonds on the basis of the assessments for which hardship determinations have been approved. A special fund for the payment of the costs of the project assessed against property for which hardship determinations have been made must be created. The fund must be reimbursed when the balance of unpaid assessments are paid, including all interest paid during the period of postponement. The surplus and deficiency fund established pursuant to NRS 271.428 may be used as the special fund.

6. If by mistake or otherwise any person is improperly designated in the assessment roll as the owner of any tract, or if the same is assessed without the name of the owner, or in the name of a person other than the owner, such assessment shall not for that reason be vitiated but shall, in all respects, be as valid upon and against such tract as though assessed in the name of the owner thereof; and when the assessment roll has been confirmed, such assessment shall become a lien on such tract and be collected as provided by law.

Sec. 9. NRS 271.390 is hereby amended to read as follows:

271.390 1. Except as otherwise provided in paragraph (a) of subsection 3 of section 2 of this act, after the assessment roll is in final form and is so confirmed by resolution, the municipality by ordinance shall, by reference to the assessment roll, as modified if modified, and as confirmed by the resolution, levy the assessments in the roll. This ordinance may be adopted or amended as if an emergency existed.

2. Written notice of the levy of assessment must be given by mail to the owners of all the property upon which the assessment was levied.

3. The decision, resolution and ordinance are a final determination of the regularity, validity and correctness of the proceedings, of the assessment roll, of each assessment contained therein, and of the amount thereof levied on each tract and parcel of land.
4. The determination by the governing body is conclusive upon the owners of the property assessed.

5. The roll, when endorsed by the clerk as the roll designated in the assessment ordinance, is prima facie evidence in all courts and tribunals of the regularity of all proceedings preliminary to the making thereof and the validity of the assessments and the assessment roll.

Sec. 10. NRS 271.430 is hereby amended to read as follows:

271.430  {Should}

1. Except as otherwise provided in subsection 2, should any assessment prove insufficient to pay for the project or work for which it is levied and the expense incident thereto, the amount of the deficiency must be paid from the general fund of the municipality to the extent that money is not available for its payment from the surplus and deficiency fund.

2. A municipality may not use any assets in its general fund to pay a deficiency described in subsection 1 that is related to a renewable energy project or an energy efficiency improvement project acquired or improved pursuant to section 2 of this act.

Sec. 11. NRS 271.495 is hereby amended to read as follows:

271.495  1. Except as otherwise provided in subsection 2:

(a) If the special fund created by the proceeds of the assessments is insufficient to pay such bonds and interest thereon as they become due and the amounts in the surplus and deficiency fund are not sufficient for that purpose, the deficiency must be paid out of any assets in the general fund of the municipality, regardless of source, which are otherwise legally available therefor.

2. If the general fund is insufficient to pay any such deficiency promptly, the governing body shall levy general (ad valorem) taxes upon all property in the municipality which is by law taxable for state, county and municipal purposes, without regard to any statutory or charter tax limitation existing on or after May 14, 1965, and without limitation as to rate or amount, fully sufficient, after making due allowance for probable delinquencies, to provide for the prompt payment of such bonds as they become due, both principal and interest, but subject to the limitations set forth in NRS 361.453 and Section 2 of Article 10 of the Nevada Constitution.

2. A municipality may not use any assets in its general fund to pay a deficiency of a special fund created by the proceeds of the assessments for a renewable energy project or an energy efficiency improvement project acquired or improved pursuant to section 2 of this act.

Sec. 12. This act becomes effective on July 1, 2011.

Senator Hardy moved the adoption of the amendment.

Remarks by Senator Hardy.

Senator Hardy requested that his remarks be entered in the Journal.

Amendment No. 343 to Senate Bill No. 260 adds the term "or an energy efficiency improvement project" throughout the bill.
This addition would provide that the Local Improvement District (LID) could be created for "a renewable energy project or an energy efficiency improvement project" and secondly removes provisions in the bill that would have allowed the governing body to amend the ordinance creating the LID to provide for the redistribution of assessments of the LID.

There was some discussion in Committee about properties being able to move in and out of the LID. This amendment would eliminate that possibility.

Amendment adopted.
Bill ordered reprinted, engrossed and to third reading.

Senate Bill No. 261.
Bill read second time.
The following amendment was proposed by the Committee on Government Affairs:
Amendment No. 342.
"SUMMARY—Makes various changes relating to the reorganization or combination and reorganization of certain fire protection districts.

An ACT relating to fire protection districts; setting forth the notice requirements for certain hearings held by certain boards of county commissioners regarding the reorganization or combination and reorganization of certain fire protection districts; requiring, under certain circumstances, the board of county commissioners to submit the question of whether to reorganize or combine and reorganize certain fire protection districts to the electors of the districts; and providing other matters properly relating thereto."

Legislative Counsel's Digest:
Under existing law, a fire protection district may be formed by: (1) an affirmative vote by the electors of the territory included in a proposed district; or (2) an ordinance adopted by the board of county commissioners of the county in which the fire protection district is located. (NRS 474.010-474.120, 474.460) The powers and duties of a fire protection district created by election differ from the powers and duties of a fire protection district created by a board of county commissioners. (NRS 474.160-474.450, 474.460-474.540) Under certain circumstances, a board of county commissioners may reorganize a fire protection district that was created by the board. Upon reorganization, the fire protection district has the same powers and duties as a fire protection district originally created by election. (NRS 474.535)

This bill [requires] provides, in a county whose population is 700,000 or more (currently Clark County), for the reorganization of a fire protection district that has been in existence for at least 2 years or the combination and reorganization of two or more fire protection districts that have been in existence for at least 2 years. For such a reorganization or combination and reorganization, the board of county commissioners [to] must provide notice of the board's hearing to consider the reorganization [of a fire protection district that was created by the board,] or
**Combination and Reorganization.** Such notice must be published in a newspaper of general circulation once a week for 3 weeks. If a board of county commissioners does not adopt an ordinance reorganizing the fire protection district or combining and reorganizing the fire protection districts after the hearing, this bill requires the board to submit the issue of reorganization or combination and reorganization to the electors of the fire protection district or districts at the next primary or general election.

**THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:**

**Section 1.** Chapter 474 of NRS is hereby amended by adding thereto a new section to read as follows:

1. In a county whose population is 700,000 or more:

"AN ACT relating to postconviction relief; revising provisions governing the appointment of requiring counsel appointed for a postconviction petition for habeas corpus in which the petitioner has been sentenced to death to complete certain continuing legal education requirements; and providing other matters properly relating thereto."

Legislative Counsel’s Digest:

Existing law provides that if a person who has been sentenced to death files a postconviction petition for habeas corpus to challenge the validity of the person’s conviction or sentence, and the petition is the first petition for habeas corpus that challenges such validity, the court is required to: (1) appoint counsel to represent the petitioner; and (2) stay execution of the judgment pending the disposition of the petition and appeal. (NRS 34.820)

The Supreme Court of the United States has held that states are not required to provide counsel in postconviction proceedings. (Pennsylvania v. Finley, 481 U.S. 551, 556-57 (1987)) The Court has also specified that this holding applies to both capital and nonecapital cases. (Murray v. Giarratano, 492 U.S. 1, 10 (1989)) This bill provides that when the first postconviction petition for habeas corpus is filed by a petitioner who has been sentenced to death, the court is not required to but may appoint counsel to represent the petitioner.

This bill requires such counsel appointed to represent the petitioner to: (1) have completed, within the previous 2 years preceding the date of appointment, at least 10 hours of continuing legal education specifically regarding postconviction petitions for writs of habeas corpus in capital cases; and (2) complete at least 5 hours of continuing legal education
specifically regarding postconviction petitions for writs of habeas corpus in capital cases for each 12-month period following the date of appointment in which they continue to represent the petitioner pursuant to the appointment.

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

Section 1. NRS 34.820 is hereby amended to read as follows:

34.820  1. If a petitioner has been sentenced to death and the petition is the first one challenging the validity of the petitioner's conviction or sentence, the court shall:
(a) Appoint counsel to represent the petitioner pursuant to NRS 34.750; and
(b) Stay execution of the judgment pending disposition of the petition and the appeal.

2. Counsel appointed to represent the petitioner pursuant to subsection 1:
(a) Must have completed, within the previous 2 years preceding the date of appointment, at least 10 hours of continuing legal education on the specific subject of postconviction petitions for writs of habeas corpus in capital cases; and
(b) Shall complete, in addition to the continuing legal education required pursuant to paragraph (a), at least 5 hours of continuing legal education on the specific subject of postconviction petitions for writs of habeas corpus in capital cases for each 12-month period following the date of appointment in which counsel continues to represent the petitioner pursuant to the appointment.

3. The petition must include the date upon which execution is scheduled, if it has been scheduled. The petitioner is not entitled to an evidentiary hearing unless the petition states that:
(a) Each issue of fact to be considered at the hearing has not been determined in any prior evidentiary hearing in a state or federal court; or
(b) For each issue of fact which has been determined in a prior evidentiary hearing, the hearing was not a full and fair consideration of the issue. The petition must specify all respects in which the hearing was inadequate.

4. If the petitioner has previously filed a petition for relief or for a stay of the execution in the same court, the petition must be assigned to the judge or justice who considered the previous matter.

5. The court shall inform the petitioner and the petitioner's counsel that all claims which challenge the conviction or imposition of the sentence must be joined in a single petition and that any matter not included in the petition will not be considered in a subsequent proceeding.

6. If relief is granted or the execution is stayed, the clerk shall forthwith notify the respondent, the Attorney General and the district attorney of the county in which the petitioner was convicted.
If a district judge conducts an evidentiary hearing, a daily transcript must be prepared for the purpose of appellate review.

The judge or justice who considers a petition filed by a petitioner who has been sentenced to death shall make all reasonable efforts to expedite the matter and shall render a decision within 60 days after submission of the matter for decision.

Sec. 2. The amendatory provisions of this act apply to a petition that is filed on or after October 1, 2011. This act becomes effective on January 1, 2012.

Senator Copening moved the adoption of the amendment.

Remarks by Senator Copening.

Senator Copening requested that her remarks be entered in the Journal.

Amendment No. 348 reinstates the requirement that the court shall appoint counsel to represent the petitioner and stay the execution pending resolution of the petition and appeal.

It instead requires that counsel appointed to represent the petitioner must have educational training specific to writs of habeas corpus and capital cases.

The following amendment was proposed by the Committee on Education:

Amendment No. 415.

"SUMMARY—Establishes provisions governing permissible flammability of certain components in school buses. (BDR 34-781)"

"AN ACT relating to motor vehicles; establishing provisions for new school buses purchased on and after July 1, 2014, governing the permissible flammability of occupant seating and plastic components contained within the engine compartments of the school buses; providing a penalty; and providing other matters properly relating thereto."

Legislative Counsel's Digest:

Existing law establishes safety standards for school buses by setting forth the required condition and equipment of those school buses. Under existing law, it is a misdemeanor to violate a provision of law relating to the safety of school buses. (NRS 392.400, 392.410, 394.190) This bill provides that on and after January 1, 2014, new school buses which are purchased on and after July 1, 2014, must meet certain enumerated standards relating to: (1) the flammability of occupant seating; and (2) the flammability of plastic components contained within the engine compartment.

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

Section 1. Chapter 392 of NRS is hereby amended by adding thereto a new section to read as follows:

On and after January 1, 2014, with respect to any school bus which is purchased by a school district to transport pupils, the school
bus must meet the following standards in addition to being equipped as required by the regulations of the State Board:

1. Occupant seating within the school bus must be tested in accordance with either:
   (b) The School Bus Seat Upholstery Fire Block Test established by the National School Transportation Specifications and Procedures adopted at the most recent National Congress on School Transportation.

2. For the purposes of subsection 1, such testing must be conducted on a complete seat assembly inside a test room or school bus. For the purposes of this subsection, occupant seating shall be deemed to have failed the ASTM E1537 test or Fire Block Test, as applicable, if:
   (a) The seat assembly exhibits a weight loss of 3 pounds or greater during the first 10 minutes of the test; or
   (b) The seat assembly exhibits a heat release rate of 80 kilowatts or greater.

3. Each plastic component contained in the engine compartment of a new school bus which is purchased by a school district on and after July 1, 2014, to transport pupils must meet a V-0 classification when tested in accordance with the Underwriters Laboratories Inc. Standard 94, "the Standard for Safety of Flammability of Plastic Materials for Parts in Devices and Appliances testing."

Sec. 2. NRS 392.400 is hereby amended to read as follows:

392.400 1. All vehicles used in the transportation of pupils must be:
   (a) In good condition and state of repair.
   (b) Well equipped, and must contain sufficient room and seats so that the driver and each pupil being transported have a seat inside the vehicle. Each pupil shall remain seated when the vehicle is in motion.
   (c) Inspected semiannually by the Department of Public Safety to ensure that the vehicles are mechanically safe and meet the minimum specifications established by the State Board. The Department of Public Safety shall make written recommendations to the superintendent of schools of the school district wherein any such vehicle is operating for the correction of any defects discovered thereby.

2. If the superintendent of schools fails or refuses to take appropriate action to have the defects corrected within 10 days after receiving notice of them from the Department of Public Safety, the superintendent is guilty of a misdemeanor, and upon conviction thereof may be removed from office.

3. Except as otherwise provided in subsection 4, all vehicles used for transporting pupils must meet the specifications established by regulation of the State Board.

4. Except as otherwise provided in this subsection, any bus which is purchased and used by a school district to transport pupils to and from extracurricular activities is exempt from the specifications adopted by the
State Board if the bus meets the federal safety standards for motor vehicles which were applicable at the time the bus was manufactured and delivered for introduction in interstate commerce. **On and after January 1, 2014, any new school bus which is purchased by a school district to transport pupils must meet the standards set forth in section 1 of this act.**

5. Any person violating any of the requirements of this section is guilty of a misdemeanor.

**Sec. 3.** NRS 392.410 is hereby amended to read as follows:

392.410 1. Except as otherwise provided in this subsection, every school bus operated for the transportation of pupils to or from school must be equipped with:

(a) A system of flashing red lights of a type approved by the State Board and installed at the expense of the school district or operator. Except as otherwise provided in subsection 2, the driver shall operate this signal:

(1) When the bus is stopped to unload pupils.
(2) When the bus is stopped to load pupils.
(3) In times of emergency or accident, when appropriate.

(b) A mechanical device, attached to the front of the bus which, when extended, causes persons to walk around the device. The device must be approved by the State Board and installed at the expense of the school district or operator. The driver shall operate the device when the bus is stopped to load or unload pupils. The installation of such a mechanical device is not required for a school bus which is used solely to transport pupils with special needs who are individually loaded and unloaded in a manner which does not require them to walk in front of the bus. The provisions of this paragraph do not prohibit a school district from upgrading or replacing such a mechanical device with a more efficient and effective device that is approved by the State Board.

2. A driver may stop to load and unload pupils in a designated area without operating the system of flashing red lights required by subsection 1 if the designated area:

(a) Has been designated by a school district and approved by the Department;

(b) Is of sufficient depth and length to provide space for the bus to park at least 8 feet off the traveled portion of the roadway;

(c) Is not within an intersection of roadways;

(d) Contains ample space between the exit door of the bus and the parking area to allow safe exit from the bus;

(e) Is located so as to allow the bus to reenter the traffic from its parked position without creating a traffic hazard; and

(f) Is located so as to allow pupils to enter and exit the bus without crossing the roadway.

3. In addition to the equipment required by subsection 1 and except as otherwise provided in subsection 4 of NRS 392.400, each school bus must **be**
(a) Be equipped and identified as required by the regulations of the State Board [\textit{\textsuperscript{1}}]; and

(b) \textit{If the bus is a new bus purchased by a school district on and after January 1, 2014, to transport pupils, meet the standards set forth in section 1 of this act.}

4. The agents and employees of the Department of Motor Vehicles shall inspect school buses to determine whether the provisions of this section concerning equipment and identification of the school buses have been complied with, and shall report any violations discovered to the superintendent of schools of the school district wherein the vehicles are operating.

5. If the superintendent of schools fails or refuses to take appropriate action to correct any such violation within 10 days after receiving notice of it from the Department of Motor Vehicles, the superintendent is guilty of a misdemeanor, and upon conviction must be removed from office.

6. Any person who violates any of the provisions of this section is guilty of a misdemeanor.

Sec. 4. NRS 394.190 is hereby amended to read as follows:

394.190 1. The provisions of NRS 392.400 and 392.410 relating to the condition, equipment and identification of vehicles used for the transportation of pupils apply to private schools.

2. \textit{On and after January 1, 2014, with respect to any new school bus purchased to transport pupils, the standards for school buses set forth in section 1 of this act apply to private schools.}

3. All such vehicles are subject to inspection at all times by agents and employees of the Department of Motor Vehicles, who shall report any violations discovered thereby to the executive head of the private school.

4. If the executive head of the private school fails or refuses to take appropriate action to correct any such violation within 10 days after receiving the report from the Department of Motor Vehicles, the executive head is guilty of a misdemeanor.

Sec. 5. This act becomes effective on July 1, 2011.

Senator Denis moved the adoption of the amendment.

Remarks by Senator Denis.

Senator Denis requested that his remarks be entered in the Journal.

Amendment No. 415 limits the provisions of the bill to new school buses purchased after January 1, 2014, deleting requirements that would have required retrofitting buses purchased prior to that date. The amendment also provides that occupant seating fire testing may include either the School Bus Seat Upholstery Fire Block Test from the National Transportation Specifications and Procedures or the ASTM test already specified in the bill.

MESSAGE TO THE LEGISLATURE OF NEVADA
SEVENTY-SIXTH SESSION, 2011

Speaker Oceguera, Majority Leader Horsford, Speaker Pro Tempore Smith, Minority Leader Goicoechea, and Minority Leader Mike McGinness. I thank you very much for giving me the opportunity to speak with you this evening. I know that you are very, very busy right now, and taking time out of your very busy schedules to listen to me is greatly appreciated. I know we have this wonderful tradition of your federal officials coming, one at a time, and speaking to our Legislature. I think it is a lovely tradition, and I hope it continues for many, many years into the future.

I want to acknowledge the guests, in addition to the Assemblymen and State Senators, that are here today. I want to particularly thank the members of our Judiciary for coming over to the Legislative Branch and, of course, the Constitutional Officers. You honor me with your presence tonight. I thank you very much. I would be remiss if I did not personally thank the Governor for taking time from his busy schedule to be here. I appreciate the courtesy very, very much.

Before I begin my remarks, I think it would be very appropriate to acknowledge the men and women from Nevada that are serving in our Armed Forces overseas. I do not believe in a moment of silence or a prayer at this time because everybody acknowledges our fighting men and women in their own way. But I think it is important that the leaders of this great State, since we are here together, acknowledge the extraordinary work that our Armed Forces do every day for the rest of us.
I also would be remiss if I didn't acknowledge the passing of President Glick. It is a most unfortunate loss, not only for University of Nevada Reno, but for higher education, education in general, and for the entire state of Nevada. He will be sorely missed, and I am very sorry that he is gone.

I have been your representative in Congress for 13 years now. I first spoke with you as a member of Congress 13 years ago. It has been 28 years since I served as an Assemblywoman in this body. I sat right over there where Ms. Flores is sitting, and I had my seven-month-old son Max with me. Now, like most people, I tell time by the birth of my children and their ages. Max is now 28 years old, and we are waiting for word that he passed the bar, ladies and gentlemen of the judiciary. I am most anxious to get him off my payroll and on to someone else's.

Because I am a colleague in fashion, because we are all public servants here, and because I have served in this body, I fully appreciate and respect the work that you are doing. These are not easy times, and you are doing amazing work in a very, very short period of time. I understand the challenges that are facing all of us throughout our nation, and particularly here in our beloved State of Nevada.

We have the highest unemployment rate in the country. We have the highest mortgage foreclosure rate in the country. People who never missed a day of work have lost their jobs. People that have never missed a monthly mortgage payment are losing their homes. They are looking to us for help or suggestions or solutions, and as public officials and leaders of this State and this nation, it is our obligation to do exactly that.

For me, the single most important issue right now is jobs, jobs, jobs. There is nothing more important than getting our economy moving and getting our fellow citizens back to work. We need to get our fiscal house in order, and we need to prepare for our nation's future.

There are three issues, in my mind, that are essential to accomplishing these goals: education, infrastructure, energy independence. I would like to spend a couple of minutes on each of those items, if I may.

Education—most of the people in this room know me well, but for those that don't, let me tell you of my own history. My father has a ninth grade education; my mother graduated high school. But in our family, they knew that the difference between success and failure was that their children got a good education. When I was growing up, my parents did not care if I was pretty or popular—I would like to think I was both—but they cared that I got good grades. I am the first person in my family to go to college, and if it was not for the university and community college system here in this great State, I guarantee that I would not be standing here in front of you today. I know that my story is not dissimilar to so many people sitting here as well. I see so many of us that either graduated from University of Nevada Las Vegas, University of Nevada Reno, the community college system, or at the very least took classes at one of our community colleges.

Our Nevada children are no longer competing with students from Missouri and Minnesota and Montana. Our children are competing with the Indians and children from China, who are investing in their future by investing billions of dollars in their education system. Low taxes, which we are very proud of in this State; good weather; and good location in the western United States are no longer enough to attract industry and new business to our State.

If we are going to diversify our economy, which we must—we have been talking about it for 30 years—if we are going to do that, we have to invest in ourselves. Businesses coming to Nevada need and want a well-educated and well-trained workforce. They are not going to come here if we do not deliver that. That is why I fought drastic cuts in Pell Grants and in-job training programs. I could not have gotten through college without grants and scholarships and working on the side, and I suspect that many of the students that go to our universities and community colleges are in the same position today that I was when I was growing up. To take Pell Grants away from students that have all the right abilities to get a good education and make something of themselves, I think, would be a terrible mistake for this country.

Now I am very careful not to criticize the people in this room. I know you spent hours last night—just last night alone—and many, many hours and days and weeks discussing these issues. But in my mind, gutting our education system is shortchanging our children, and almost as important as that, it is undermining our ability to diversify our economy. If we are going to
climb our way out of this economic mess that has not only taken over the State of Nevada in a disproportionately harsh way but the entire country, we are going to need to figure out new ways of doing things.

If I could for a moment wax poetic, our very democracy depends on a well-educated electorate making informed decisions at the ballot box. That well-educated electorate starts with our classrooms, and those classrooms start with adequate funding so that our kids can get the best possible education this state can have.

Infrastructure—this nation has an aging and crumbling infrastructure. It was no accident that the levees did not hold in New Orleans. It was no accident that the bridge collapsed in Minnesota. It was a catastrophic loss of life, and billions and billions of taxpayers' dollars went down the drain and are now being used to fix these infrastructure projects. We are either going to pay now or we are going to pay later, but if we pay now, we actually create an infrastructure that will take this country through the twenty-first century, and we will have something to show for it at the end. In addition to new roads and bridges and dams and levees throughout the United States and here in the State of Nevada, we will also be creating jobs—good paying construction jobs—hundreds of thousands of them so we can get our people back to work. That is the importance of infrastructure.

Renewable energy—we must end our dependence on foreign oil, and there are three reasons why we have to do this. It is an economic necessity. It is an environmental necessity. It is a national security imperative. Nevada has an abundance of sun and wind and geothermal. We could be the epicenter of renewable energy production. We could be a net exporter to the rest of the western United States if we invest our dollars in renewable energy. I believe we can create an entire green economy based on green jobs.

Prior to me serving here in the Nevada Legislature, I was in-house counsel at Southwest Gas Corporation. I know a little bit—about energy. We have to diversify our energy options. I am not foolish enough to suggest that we will never be dependent on oil, but certainly we can harness the sun and wind and geothermal to be part of a more diverse energy portfolio.

So when Congress voted to end loan guarantees for solar power projects, I voted no. And the reason I voted no to end these loan guarantees is because it is bad for Nevada. Our State is home to some of the biggest solar energy projects in the United States. If we end these loan guarantees in Washington, the Tonopah solar project, which is just about to get started, will come to a screeching halt. What does that do? Not only don't we create the solar energy that we could use, but we are also going to be losing 600 jobs. The State of Nevada can not afford to lose one job right now. The idea that we would be losing 600 jobs would be an anathema to me, and that is why I voted against ending that loan guarantee program for solar projects. We need it here in the State of Nevada; it is important for our future.

The Department of Energy is working with private energy companies to develop a battery-powered car that can go 300 miles without a charge. They are being tested and being manufactured right here in the United States. If we pull the plug on research and development funding, they are not going to be tested and they are not going to be manufactured here. Now we keep talking about expanding our manufacturing base. We do not manufacture enough things here in the United States. This is tailor made for us, and I guarantee if we end those research and development dollars—if we take away the funding—that these projects are going to maybe dry up here in the United States. I bet dollars to doughnuts the Chinese and the Koreans are going to develop these batteries. And you know what? We are going to be buying these batteries from them. We should not have to do that. Let us keep these research and development dollars.

The owners of a Nevada company that sells and installs energy-efficient products like solar screens and insulation for water heaters came to my office recently. This is what they told me. They said that their business is going gangbusters. They are selling a lot of product, and they are hiring a lot people. But if we end the tax credits for consumers—for people like you and me that want to put solar screens on our windows so that we lower the cost of energy in our homes or if we want to wrap our heating elements and save hundreds of dollars on a monthly basis—if we end those tax credits, their business is going to dry up. They are going to have to close, and they are going to have to lay off all of these workers that they hired. This is the future and this is the future of our State. That is why I fight so hard to keep these tax credits, to make sure that these projects are built, and to make sure that consumers can lower the cost of their monthly energy
bills and keep these businesses local and keep them open. That is why I think it is so important for us to do that.

Energy independence, in my mind, is a national security imperative. It is incomprehensible to me that a super power like the United States of America is so dependent on the Saudis and the Venezuelans and the Nigerians to have our energy needs met. These countries are not our friends. They do not wish us well, and the longer we remain dependent on the Saudis and the Venezuelans and the Nigerians—and so many other countries that are dictatorial terrorist regimes that happen to be sitting on a lot of oil—the worse off this nation is going to be. The sooner we become energy independent—as soon as we harness the sun, wind, geothermal, biomass, and so many other possibilities that we have now—the sooner our children are not going to have to be holding hands with the Saudi royal family pretending they are friends when the reality is they are the biggest exporters of terrorism and the biggest financiers of terrorism on the planet. We are so desperate for that oil that we pretend they are our friends and allies. Shame on us. Let us start moving toward energy independence.

There are a number of issues that we are addressing in our nation's capital, and I would like to share some of them with you. There is a movement afoot to restart Yucca Mountain. If anybody in this room does not know what that means, I will refresh your memory. That means shipping a minimum of 77,000 tons of radioactive, toxic nuclear waste that has a radioactive shelf life of approximately 300 years across 43 states to be buried in a hole in the Nevada desert where we have groundwater issues, seismic activity, and volcanic activity. Now, that cost of reopening Yucca Mountain and using it as a national repository when we can and we do have an alternative of dry cast storage onsite so it does not have to be moved and it is perfectly safe where it is—the very cost of that is $100 billion. I would suggest to the people in Washington—and we all are interested in lowering our deficit—but if you want to seriously lower the deficit, let us save $100 billion right off the bat and end Yucca Mountain once and for all.

Medicare—the House passed a bill that I voted against that would end Medicare and replace it with a voucher system. Our most vulnerable citizens would be required to purchase insurance from a private insurance company. What would that mean? Our seniors would be dependent on the whims of the insurance companies. How many among us reach the age of 65 without a preexisting condition? What insurance company is going to insure a senior citizen that has a preexisting condition? And what happens when that voucher outpaces the cost of their health care? Do they remove themselves from their dialysis machine and go quietly away to die? The estimated cost per senior of moving to a voucher system is $6,000 a year for that senior. A third of the seniors that we collectively represent in this state—a third of them—are on a fixed income, which means the only income they have is their social security check. From that check, they pay their rent, they pay for their medication, they pay their energy bills and for their food. Where are they going to get $6,000 to pay for additional health care costs? The health and well-being of our seniors cannot and should not be a partisan issue. It does not matter if we are Republicans or Democrats or Independents; we are all getting old, and we are all going to get sick. What we need to do is fix, not destroy, this nation's Medicare system.

The Ryan budget that I just voted against reopened the doughnut hole. For those of you who do not know, we are trying to make prescription medication affordable for our seniors. If the doughnut hole is reopened, if that legislation becomes law today, 26,000 of our Nevada seniors will pay more for their prescription medication just on day one. That number will increase as time goes on. Why would we want to do this to our senior citizens? Are we really that anxious to balance our budget on the backs of the most vulnerable among us? I don't think so. I do not think anybody here in this room would want to do that.

Social security—I believe we have to protect social security, not privatize it. We have so many of our seniors that depend on it, and frankly, I am not about to entrust Wall Street with our seniors' retirement savings so that they can do to social security what they did to the housing market and bring this nation to the brink of financial disaster. I am not going to do it.

Medicaid—I voted against block granting Medicaid funds to the states. Nevada is already facing a huge shortfall in our budget. This proposal could possibly slash $6.9 billion in health benefits over the next ten years. If that happens, we would be forced to remove 136 Nevadans from our Medicaid rolls, and we would be closing our nursing homes. That is unacceptable, and I suspect it is unacceptable to everybody in this room.
Veterans—I am the daughter of a World War II veteran. I am the wife of a Vietnam-era veteran. My father served in the Navy. My husband served nine and a half years in the Army. We have a responsibility and an obligation to those that sacrifice much on behalf of the rest of us. A very small percentage of our fellow citizens stand up and answer the call. For those that do, I think when they return, we have an obligation to provide the services—health services, education services, housing services—that we promised them when they left. When they come back, those things need to be assured—that we are there for them as they were there for us.

I could never support legislation that cuts the housing voucher program for our homeless vets. Six hundred Nevada veterans are off the streets and living in housing because they qualified for a housing voucher from the Veteran’s Administration (VA). I will not cut that program. There are hundreds more of our fellow Nevadans on the streets tonight that should not be, and we need to fund those programs, not eliminate them. It is that important.

Our veterans wait for much, but what they will not be waiting for much longer is the VA medical complex that is being built in North Las Vegas. It is one of the first new constructions of a VA facility in the United States of America. It is on 147 acres; three buildings, a full service hospital, a long-term care facility, and an outpatient clinic. The VA will be hiring, or is in the process of hiring, a thousand employees to staff those three facilities. It is on time, it is on budget, and in the year 2006, it was the single largest earmark in our federal budget. And no, I am not giving it back.

My friends and colleagues, we have been through a lot together. There are people in this room that I have known for a better part of my life, others that I have admired from afar, others that I worked very closely with, and I have the highest regard for everybody serving, particularly at this most challenging time.

Our nation is facing many challenges. This State certainly is. But I believe our best years are ahead of us. There is no doubt in my mind about that. But the challenge is how do we get from here to there, and this is how I think we should do it: By investing in our future; by empowering the middle class by getting people back to work; by keeping our promises to our seniors and our veterans and our children and getting our fiscal house in order; by harnessing technology and the entrepreneurial spirit that has marked the United States of America, particularly an amazing State in the middle of nowhere—the State of Nevada. If we do these simple things, we will remind ourselves and show the world why the United States is the great nation that we are and that we intend to remain a super power and the great nation that we are and a light on to the other nations for many, many, many generations to come.

I thank each and every one of you for your friendship and your service to the people of the State of Nevada. It is a privilege for me to serve, and it is a privilege for me to speak with you this evening. Thank you very much.

RESOLUTION TO ENCOURAGE SUPPORT FOR HIGHER EDUCATION

WHEREAS, the reduction in funding proposed for Higher Education in the 2011 Executive Budget would cause irreparable damage to the universities, colleges and institutions of the State of Nevada; and

WHEREAS, economic recovery, the economic revitalization of Nevada’s economy, and workforce development would be thwarted by implementation of the cuts contemplated by the Executive Budget; and

WHEREAS, the funding shortfall inherent in the Executive Budget cannot be covered by any reasonable increase in tuition and fees or reduction in salaries and wages of Nevada NSHE employees; and

WHEREAS, to avoid irreparable damage to the higher educational institutions of the State of Nevada which would necessarily result as a consequence of the drastic reductions contained in the Executive Budget; now therefore be it
RESOLVED, that on this day, April 8, 2011, by the Board of Regents of the Nevada System of Higher Education, that the Governor and Legislature of the State of Nevada be encouraged to seek additional revenue sources to support our institutions to allow them to fulfill their missions of education, research and public outreach.

The Committee of the Whole was addressed by Senator Horsford; Mark Krmpotic, Senate Fiscal Analyst; Alexander Haartz, Program Analyst; Senator Kieckhefer; Senator Settelmeyer; Senator Hardy; Phillip Satre, Chairman, NV Energy, Chairman, International Gaming Technology, and Director, Nordstrom Incorporated; Kirk V. Gianoli, Washoe County; Constance Brooks, Clark County; Ron Knecht, Board of Regents, Nevada System of Higher Education.

SENATOR HORSFORD:

We will hear the Fiscal Staff overview similar to the Committee of the Whole held for the kindergarten through grade 12 education (K-12) budget. Following that, we will hear from the Chair of the Chancellor's Round Table, the Chancellor, Presidents of the Nevada System of Higher Education (NSHE) institutions, representatives from the student body, and the Board of Regents. I intend to have a discussion from this body based on some of the major topic areas in these budgets.
MARK KRMPOTIC (Senate Fiscal Analyst):

Similar to the K-12 presentation, Fiscal Staff will provide a brief overview of the Governor's recommended budget for NSHE over the upcoming biennium. Each member has been provided a document titled, Senate Committee of the Whole Work Session on Governor's Budget Proposal for Higher Education, otherwise known as the Work Session Document.

This document included updated information from the most recent responses provided by NSHE at the request of the Joint Subcommittee on K-12/Higher Education. The System response is contained in the document titled Budget Hearing Follow-up, Responses to the Legislative Council Bureau (LCB) memo, dated March 22, 2011, otherwise known as the NSHE document. This document is in the Nevada Electronic Legislative Information System (NELIS) computer system. There are sections in the Work Session Document referring to the response from NSHE. Alex Haartz, the Higher Education Budget specialist will present the Governor's recommended budget and summary of the responses by NSHE.

ALEXANDER HAARTZ (Program Analyst):

I will be speaking from the Work Session Document. The document is divided into two sections. The first section provides a brief overview of the funding comparison between actions taken by the 2009 75th Legislature to fund NSHE and the Governor's recommended budget for the 2011-2013 biennium. The second part of the document beginning at the bottom of page 3 provides a summary and overview of the information regarding the budget reduction strategies NSHE has presented to the K-12/Higher Education Joint Subcommittee. It includes the projected preliminary impacts that can be determined as a result of the funding levels contained in the Executive Budget.

Page 1 of the Work Session Document contains a table giving a biennium to biennium funding comparison. It provides information on the General Fund appropriations approved and the non-General Fund monies authorized by the 2009 75th Legislature.

The first column contains funding in the 2009-2011 approved budget. The second column provides information on the funding levels recommended by the Governor in the Executive Budget and the third column indicates the difference between the two.

There has been discussion in the Joint Subcommittee of impact from changes made by the Twenty-sixth Special Session, which is not reflected on page 1 of the Work Session Document. We will discuss those changes in terms of the budget reductions and the impacts. While the first table shows the General Fund appropriation for the 2009 biennium as approximately $1 billion, the action taken by the Twenty-sixth Special Session was a 6.9 percent budget reduction. Therefore, the General Fund appropriation was reduced to approximately $955 million over the biennium. The difference between the $955 million and the $741 million recommended in the 2011-2013 Executive Budget would be approximately $214 million or a decrease of approximately 22 percent.

Staff notes the tables in the Work Session Document shifts to discussions of budget reductions using the Twenty-sixth Special Session-approved funding level for Fiscal Year (FY) 2010-2011 as a starting point. The NSHE has also consistently used those funding levels as the jumping off point for comparisons they provide in their budget reduction strategies.

The next comparison on page 1 is the concept of governmental support. For purposes of an "apples-to-apples" comparison, governmental support is detailed on page 2 of the Work Session Document, Table 2. For 2009-2011, or the current biennium, governmental support can be thought of as comprising a General Fund appropriation, the federal American Recovery and Reinvestment Act of 2009 (ARRA) funds Nevada received for the State Fiscal Stabilization Fund for Education. The total of the two revenue sources was approximately $184.8 million. The General Fund appropriation for the 2011-2013 biennium continues. The ARRA funding has ended. However, for the first time, property tax revenues are being included in the budget. The General Fund and property tax revenues combined form the basis for the term "governmental support." From a governmental support standpoint, there is a decrease in funding of approximately $323 million.
SENATOR HORSFORD:
For clarification, was the ARRA State Fiscal Stabilization Fund for Education money used to replace General Fund support in the 2009 75th Legislative Session? Prior to that session, what was the General Fund or State support for higher education?

MR. HAARTZ:
For what period of time?

SENATOR HORSFORD:
In 2009, NSHE was funded by the legislatively approved governmental basic support. In addition, the one-time ARRA funds were used to replace what would have otherwise been State support. Is that correct?

MR. HAARTZ:
That is correct.

SENATOR HORSFORD:
In the 2009 75th legislatively approved budget, State support was higher than what was approved in 2009 in recognition of the ARRA one-time funding used to help Nevada balance the budget.

MR. HAARTZ:
That is correct. For FY 2008-2009, the 2007 74th Legislature approved approximately $677 million in General Fund support for NSHE in that fiscal year.
The property tax revenues being considered for NSHE funding and included in the Executive Budget represent approximately $60 million in the first year and approximately $61 million in the second year of the biennium.
The source of the property tax revenues comes from two sources. The first is the 4 cents per $100 of assessed valuation operating rate, which is currently being credited to the General Fund. The second source is the 5 cents per $100 of assessed valuation of capital rate currently being deposited in the Highway Fund and the General Fund. The property tax revenue redirects are only proposed from Washoe and Clark Counties. The remaining county property tax revenues are not included in the Governor's recommended budget. If they were, that would be approximately $10 million annually of additional property tax revenue if applied across all 17 counties.
A major distinction related to the property tax monies is that the property tax revenue has the effect of offsetting General Fund appropriations. For every $1 of property tax revenue included in the Executive Budget, $1 of General Fund appropriation is removed. That is different from the ARRA funds which added to the General Fund appropriations approved by the 2009 75th Legislature.

SENATOR HORSFORD:
It has been stated by the Administration that the proposal by the Governor to divert property taxes from Clark and Washoe Counties is being used to replace lost State support funding, not to replace one-time ARRA funding. Is that correct?

MR. HAARTZ:
That is correct. The Twenty-sixth Special Session took two actions related to NSHE budgets. The first was the 6.9 percent General Fund reduction. As approved by the 2009 75th Legislature, the other was replacing ARRA funding. As approved by the 2009 75th Legislature, $92.4 million in the federal funds was budgeted in each year of the biennium. The Twenty-sixth Special Session moved the FY 2009-2010 funds to FY 2010-2011. The entire $184.8 million was expended in FY 2009-2010. By moving FY 2010-2011 federal funds to FY 2009-2010, an equal amount of General Fund was removed from FY 2009-2010 and moved into FY 2010-2011. The net effect was that the FY 2010-2011 budget, under which NSHE is currently operating, is entirely supported by the General Fund.

Page 3 of the Work Session Document contains a lengthy table, which provides information on all 26 NSHE State-supported operating budgets. The table begins by listing universities and
colleges followed by the Desert Research Institute (DRI) and the three professional schools. The remaining lines are the other, non-formula operating budgets. This table provides comparisons to assist in understanding the reductions contained in the Executive Budget and for which the NSHE preliminary budget reduction plans are based.

The first column lists the 2009 75th legislatively approved General Funds adjusted by the actions of the Twenty-sixth Special Session which provided total funding of approximately $557.9 million.

The Governor's recommendation in FY 2011-2012, including General Fund and property tax revenue, is approximately $466 million. The funding for FY 2012-2013 is approximately $395 million.

We will now move to the second part of the Work Session Document which includes the preliminary budget reduction plans as has been presented by NSHE to the K-12/Higher Education Joint Subcommittee and to the Board of Regents.

SENATOR HORSFORD:
Are there any questions from the Committee on the basic facts as presented?

SENATOR KIECKHEFER:
Regarding the $557.9 million in FY 2010-2011, does that adjust for the shifting of the ARRA money between FY 2009-2010 and FY 2010-2011? Testimony seemed to indicate all ARRA funding was moved into FY 2009-2010 and FY 2010-2011 was backfilled with General Funds. Is that a significantly higher number than in FY 2009-2010 because of the ARRA funds?

MR. HAARTZ:
In FY 2010-2011, the General Fund appropriation was approximately $500 million. With the shifting of the General Fund appropriation and the federal funds, the General Fund in FY 2010-2011 was $592 million. Then the 6.9 percent budget reduction was applied, which reduced funding by approximately $35 million, leaving the total funding at approximately $557 million. Therefore, that amount reflects both shifts of the Twenty-sixth Special Session.

SENATOR KIECKHEFER:
Was the General Fund appropriation in 2009 closer to the $500 million than $558 million?

MR. HAARTZ:
Five hundred million dollars was provided in each year of the biennium. An additional $92.4 million in federal ARRA funds was also provided in each year of the biennium. From a governmental support perspective, funding was approximately $592 million in each year of the biennium.

SENATOR KIECKHEFER:
Were those the budgeted figures when the 75th Legislature met in 2009?

MR. HAARTZ:
That is correct.

SENATOR KIECKHEFER:
Did you state that if the 9 cent property tax was spread across the 17 counties it would generate an additional $10 million annually?

MR. HAARTZ:
The information provided by the Department of Administration in response to the request from the K-12/Higher Education Joint Subcommittee indicated the additional funding would be approximately $10 million annually.

SENATOR KIECKHEFER:
Thank you very much for the clarification.
SENATOR SETTELMEYER:
During the Special Session, entities were instructed to consider ARRA funds as one-shot funding to replace General Fund support. Some departments such as engineering have structured their funding in that manner to enable it to move forward through other budget problems. I understand we are decreasing the amount of General Fund revenue potentially appropriated to NSHE due to the current bad economic times. Now a property tax shift is being suggested. On top of that, several students have e-mailed me that they are very upset with the amount of increase proposed for tuition fees. What is the final budget decrease once all categories of funding are combined? It appears the overall decrease is approximately 7 percent based on those theories. Is that correct?

MR. HAARTZ:
I have not made that particular calculation but will be happy to provide it to the members of the Committee of the Whole.

SENATOR SETTELMEYER:
I would appreciate it if you could get that information.

MR. HAARTZ:
I would be happy to do that.

SENATOR SETTELMEYER:
Thank you.

SENATOR HORSFORD:
Could we keep our questions to the material that has been covered by Staff? There is further information to be discussed.

SENATOR HARDY:
When we talked about the $10 million in added property tax revenue if the other 15 counties were included, I understand the 4-cent and 5-cent property tax revenues are not used by the counties. It is directed to the General Fund and the Highway Fund. Please clarify how the funds are currently being used and how they will be used if this budget is approved.

MR. KRMPOTIC:
Currently, the 4-cent property tax assessment redirected from Washoe and Clark Counties for the current biennium was directed to the General Fund. The 5-cent capital rate changes each biennium per statute. Approximately one-half of that is directed to the General Fund as well based on the 2009 75th Legislature's actions. The other one-half is directed to the Highway Fund for use in funding highway construction projects. The Highway Fund rate was last established in 2007.

SENATOR HARDY:
Would this proposal take money being used by the counties and put it into higher education?

MR. KRMPOTIC:
Currently, the money that is recommended to be added to the budgets of the University of Nevada, Reno (UNR) and the University of Nevada, Las Vegas (UNLV) from Clark and Washoe Counties, is being directed to the General Fund and the Highway Fund. The $10 million referenced by Mr. Haartz, regarding the other 15 counties, is currently deposited in the county budgets for those 15 counties.

SENATOR HARDY:
Thank you.

MR. HAARTZ:
The preliminary budget reduction strategies begin on the bottom of page 3 of the Work Session Document. Two scenarios will be discussed. Those are a result of the K-12/Higher Education Joint Subcommittee's request for NSHE to present plans that took two different approaches to reach the budget reduction levels contained in the Executive Budget.
The first scenario relates to most of the remaining information in the Work Session Document. It essentially represents operating reductions. It would reduce expenses in instructional areas, academic support, student services, operation and maintenance of the physical plant and institutional support.

The second scenario requested by the Joint Subcommittee was to consider closures and consolidations. We will touch on that as we go through this presentation. You will see that the information referenced both Scenario No. 1 and Scenario No. 2.

Beginning on page 37 of the NSHE document, you will see the budget reductions and templates the Joint Subcommittee requested that NSHE prepare. Page 4 of the Work Session Document contains a table which provides you information anchored at the Twenty-sixth Special Session funding level. It also contains reductions included in the Executive Budget as well as for each of the State-supported operating budgets, in the Scenario No. 1 template, the main operating reductions and how they will accomplish reducing their budgets transitioning from 2011 to 2012 and 2013.

For example, on the first line of the table, UNR has a starting point of $117.9 million. The Governor's recommended budget is $95.6 million, so the governmental support budget reduction would be $22.3 million. The reduction shown in the table as proposed in the preliminary budget reductions templates would be $18.4 million, which does not quite get them there. As you look at the UNR budgets, at the bottom of the UNR row, they have undercut the total by $1.3 million in the first year and overcut by $1.3 million in their second year. On a biennial basis, they achieve the Governor's recommended reductions.

As a group of budgets and as a university program, UNR is proposing two approaches. As I noted, one is to adjust the cuts over the entire biennium so that by the end of FY 2012-2013, it nets out. In some budget accounts such as their main instructional budget, which is reflected on the first row of the table, they are proposing not to reduce the budget by the full amount or to cut to the full amount as recommended in the Executive Budget, but overcut in other budgets such as the Cooperative Extension row, you will see that the amount being cut is more than what is being recommended in the Executive Budget.

The university is requesting flexibility in how to approach the budget reductions from the UNR budget as a whole; whereas, as you will see in the other accounts, the reductions are on a straight line with the Governor's recommended budget. For FY 2011-2012 and FY 2012-2013, the bottom line amounts of $466 million and the $395 million already take into account the five percent salary reduction recommended by the Governor, the elimination of merit and longevity pay, as well as a general budget reduction in operating expenditures of approximately $56 million and $117 million in the second year. All the reductions recommended by the Governor are included in the bottom line amounts.

Page 5 of the Work Session Document provides limited information regarding the Scenario No. 2 reductions. This was the recommendations for closures and consolidations. The three consolidations considered were Great Basin College (GBC) and Western Nevada College (WNC) into Truckee Meadows Community College (TMCC), consolidating Nevada State College into the College of Southern Nevada (CSN) and UNLV and consolidating DRI into UNR and UNLV.

As you go through the budget reduction templates, you would note large amounts of savings are not identified. There is only $12.41 million in savings. That is primarily through the consolidation of administrative infrastructure and costs. One part of the consolidations and closures not included in the Scenario No. 2 information is for the CSN and WNC; one of the operating reductions contemplated by both of their plans is the closure of satellite and rural locations as a way to meet the operating reductions required by the Executive Budget.

To assist the Joint Subcommittee and this body in summarizing and understanding the primary impacts of the budget reductions as contained in the Executive Budget, I have provided a series of tables that attempt to organize the information into several main areas such as the impact to academic infrastructure, the impact to student access and the capacity to instruct students and a staffing impact.

I will spend a brief moment on Table No. 1 on page 5 of the Work Session Document. This table organizes the reported impacts to the infrastructure of each of the teaching institutions they expect will occur. It is organized in terms of academic colleges, schools, departments or
centers being closed; academic programs being eliminated, academic degrees eliminated and course sections eliminated.

Attachment A, on page 10 of the Work Session Document, contains a series of bulleted information for each institution that provides select information on the types of impacts the institutions have identified in their budget reduction plans. Attachment A provides more context to the numbers reflected in Table No. 1 on page 5 of the Work Session Document.

Table No. 2, on page 6 of the Work Session Document, tabulates the impact the institutions predict will occur to their ability to teach and the number of students they will be able to serve. In FY 2010-2011, the left-hand column, their preliminary total number of student full-time equivalents (SFTE) they are instructing this year is 69,023. For clarification purposes, a SFTE is a student who takes 15 credits per semester and 30 credits per academic year. Obviously, not every student is a full-time student. Therefore, to make an unduplicated head count, information on the table in the last row discusses a student head count. Many more than 69,023 students are currently taking classes at the 7 teaching institutions. As you can see, based on the information provided on the budget reduction templates, NSHE predicts they will be able to serve 4,737 fewer SFTE individuals in FY 2011-2012 which translates to 11,638 unduplicated students for the same time.

In FY 2012-2013, they project a further reduction to 61,132 SFTE. That is 7,891 SFTE less than FY 2010-2011 with the student head count representing slightly more than 19,000 unduplicated students who would not be served.

Additionally, part of the information requested by the Joint Subcommittee was to review the number of instances in which students who attempt to enroll in an institution or sign up for a particular class, were unable to gain access a particular course. Page 158 of the NSHE document provides information for each of the teaching institutions regarding the number of instances in which a student was unable to enroll for a particular class over the last couple of years.

Table No. 3, on page 7 of the Work Session Document looks at the staffing impacts projected by NSHE as a result of the budget reductions. Overall, NSHE, based upon the Board of Regents' approved budgets, which are based on the funding approved by the Legislature, have approved 7,163 full-time employees across the System in the 26 State-supported operating budgets. The projections by NSHE are that employees will need to be reduced by 714 in FY 2011-2012 and by approximately 1,100 employees in FY 2012-2013. These are considered full-time equivalent positions (FTE). When part-time equivalents are included, the position impact would be approximately 1,050 in FY 2011-2012 and approximately 1,500 FTE positions eliminated in FY 2012-2013. Some of those positions as identified by NSHE are vacant. The NSHE has held positions vacant as a budget reduction strategy. Therefore, not every position identified has a person associated with it.

The bottom of Table No. 3 provides information on functional areas. The NSHE budgets are divided into functional areas, whereas executive budgets are typically based upon expenditure categories. The two methods are roughly equivalent.

For example, in the area of instructional function, of the 714 FTE positions that would be eliminated in FY 2011-2012, 386 instructional staff would be eliminated. Of the 1,100 FTE positions being eliminated in FY 2012-2013, 544 positions would be in the instructional area. Other functional areas include research, public service, academic support, student services and operation and maintenance.

The three tables summarize in the most succinct way, the impacts of the reductions identified by NSHE institutions and the non-instructional budgets.

For implementation of the budget reductions contained in the Executive Budget, NSHE has identified two key issues. Absent a declaration of financial exigency, they are required under the professional staff contracts to provide 12 months notice of layoff. As we get further into these budgets, a concept of bridge or transition funding is discussed. That is the mechanism used by some of the institutions to ensure they can provide the 12-month notice.

The second issue NSHE has identified is that of accreditation. The accrediting body requires the institutions to provide a reasonable amount of time for a student who has not yet graduated, but is in a degree program, to either complete their degree or successfully transition to an acceptable alternative. The term "reasonable" is not explicitly defined, but it is generally
considered to be from 1 year and 18 months or even longer, depending on the unique circumstances. These are considerations from an operating or management standpoint of NSHE.

Page 8 of the Work Session Document contains a short table identifying the bridge or transition funding each of the institutions have identified. The amount of funding required in FY 2011-2012 is approximately $19.5 million and approximately $10.7 million in FY 2012-2013. A discussion at the Joint Subcommittee level was the issue of student registration fee increases and fee surcharges. The Board of Regents has not approved either an additional fee increase or a surcharge for either year of the 2011-2013 biennium. The Board has asked the NSHE Chancellor's office to provide information on the amount of additional revenue and the impacts of a 10 percent fee increase, a 13 percent fee increase and a 15 percent fee increase. The information provided in Table 4 on page 8 of the Work Session Document contains the projections for a 13 percent fee increase as requested by the K-12/Higher Education Joint Subcommittee. Several aspects that are predicted by NSHE to occur with imposition of a surcharge including enrollment loss as a result a fee increases is that students would be unable to pay increased registration fees and would no longer continue their education.

The left-hand column of Table 4 lists the 2011-2013, currently approved student registration fees on a per-credit-hour basis for each level of institutions. For example, currently, as included in the Executive Budget and approved by the Board of Regents, a university undergraduate in the next biennium will pay $156.75 per credit hour. However, a student enrolled in a lower division course at a community college will pay $69.25 per credit hour. If a 13 percent surcharge is approved by the Board of Regents and imposed, those undergraduate credit hour fees would increase for the university undergraduate by $20.38 per credit hour; and the community college student fee would increase by $9 per-credit hour. The third column of Table 4 shows the total per credit hour fees students would pay including a 13 percent surcharge would be $170.13 as an undergraduate at a university in FY 2011-2012 and $78.25 at a community college for the same period.

The Board of Regents has also been presented information that includes an additional 13 percent surcharge for FY 2012-2013. That means a further increase in the surcharge in each year of the biennium. You can see the impact between where we are today compared to what is included in the Executive Budget and formally approved by the Board of Regents.

One discussion at the Joint Subcommittee level was how the fees charged by NSHE compare to the western region median and average among the Western Interstate Commission for Higher Education (WICHE) states with the thought being perhaps Nevada's fees were lower than what is charged in other states. If the 13 percent plus 13 percent surcharge was ultimately approved, a student attending UNR or UNLV would pay roughly the median as their peers would in other WICHE states based upon the current academic year. As this body is aware, these budget discussions are occurring in many states. Depending on what other states enact, Nevada may retain its relative position compared to other states. In the alternative, Nevada may in fact, pay slightly more or slightly less. Imposing a surcharge of this amount would make Nevada's fees roughly comparable to the median WICHE state fees.

Page 9 of the Work Session Document shows the impact in terms of dollars of the expectations with a 13 percent surcharge and a further 13 percent surcharge in the second year of the biennium. The tables are self-explanatory. They show adjustments for a 15 percent set aside to assist students requiring financial aid, estimating enrollment losses and adjusting the revenues contained in the Executive Budget to make them consistent with FY 2010-2011 as compared with FY 2009-2010, on which the Executive Budget is based. Approximately $19.3 million in additional fee revenue would be expected as a result of the surcharge in FY 2011-2012 and approximately $40 million in additional fee revenue would be anticipated in FY 2012-2013.

Page 10 of the Work Session Document provides information on the anticipated operating impacts of these budgets.
SENATOR HORSFORD:
A few of our speakers have time constraints so if the body would hold questions until after
the next panel, we will recall the Fiscal Staff to the podium. We will now hear from the Chair
of the Chancellor's Business Round Table, Mr. Phil Satre. In addition, in Las Vegas we have
Mr. Kirk Clausen, Mr. Glenn Christensen and Mr. Michael Saltman to testify at this time.

Thank you for your service on the Chancellor's Round Table, Mr. Satre. I know you have led
a group of business leaders to help advise the Chancellor on a number of issues pertaining to
NSHE including how to better streamline their programs, how to better align them to economic
development efforts and how to address the sustained budget reductions. We want to hear your
perspective as a voice that is intricately involved in these issues, but from whom we do not
always have the opportunity to hear testimony in this body.

PHILLIP SATRE (Chair, NV Energy, International Gaming Technology, Director, Nordstrom
Incorporated):
I am here today to ask for your support for NSHE and to consider alternatives to the
Executive Budget proposed by the Governor. I have lived and worked in northern and southern
Nevada for the better part of 36 years. During that period, it has been clear to me that both UNR
and UNLV have been on a consistent upward trajectory. The proposed budget reductions will
have a long-term, possibly permanent, negative impact on higher education in this State and set
back many years of progress the System has made. Why do I care?

As mentioned by the Majority Leader, I am Chair of the Chancellor's Business Round Table,
so I guess you could say it is my job. Nevertheless, I have other jobs. I currently serve as
Chairman of the Board of two Nevada-based public companies: NV Energy, Inc. and
International Game Technology (IGT). I also serve as a Director of Nordstrom, Inc. which has
substantial retail operations in Las Vegas. Prior to my role at these companies, I spent 25 years
at Harrah’s, now Caesar's Entertainment. For most of those years, I was either the Chairman,
President or Chief Executive Officer (CEO) until retiring in January 2005.

The companies I am involved with have a substantial stake in Nevada's future. We have, in
the aggregate, over 7,000 employees in this State. Our employees send their children to Nevada
schools, both K-12 and postsecondary. These businesses hire many of our employees from
Nevada's high schools, community colleges and universities. Without question, all of these
businesses have a significant stake in this State's future and therefore a stake in NSHE.

Let me give you a few examples: I was CEO of Harrah’s when we made, in conjunction with
Bill Harrah’s widow, Verna, the naming gift of $5 million for the William F. Harrah College of
Hotel Administration at UNLV. This gift was made in 1989. I am very proud that Bill Harrah's
name is on that hotel school, now one of the nation's best. Many of the school's graduates
populate our State's largest industry. Former Chairman Charles Mathewson and IGT provided
$10 million for the naming gift that enabled the construction of the magnificent, state-of-the-art,
Mathewson-IGT Knowledge Center on the campus of UNR.

More recently, NV Energy has made gifts of more than $1 million to both the UNR and
UNLV institutions for renewable energy programs. A gift to the UNR College of Engineering
will support the growth of the renewable energy program, including faculty positions to research
renewable energy and funds for workforce development efforts. We have also made gifts to
TMCC, DRI, and GBC. All of the initiatives funded by the NV Energy gifts are critical to the
future of economic development in Nevada.

Finally, like so many others who have been fortunate to prosper in this State, my wife and I
have personally contributed over $1 million for scholarships and grants to NSHE schools. We
have done that because we have been inspired by the leadership of these institutions, their
mission and by their students.

When gifts of this magnitude are made, I think there is an implicit expectation of continued
government support. Without that implicit promise of sustainable support, it would be difficult,
if not impossible, to attract private support in the future that will be necessary for this State to
continue to prosper.

The companies I have mentioned have been in Nevada for decades. In fact, NV Energy has
been in the State for over 100 years. We are all here for the long term and we are all committed
to this State. We are proud to have been a part of the building of the university system. We have
its graduates in our executive suites, among our managers and supervisors, on our front lines. Our children attend these colleges and universities. We want to help build, as we have over the past 20 years, a university system that will serve Nevada's future.

We are realists. When the financial crisis took root in 2008 and 2009, the businesses I referred to saw their revenues and their profits decline sharply and painful decisions had to be made. Those painful decisions included curtailing programs, eliminating benefits, reducing capital spending and eliminating jobs. However, we believe, just like the businesses that had to meet the challenges of this great recession, that we could not make cuts so deep that we disabled our competitiveness and thwarted rebuilding, renewal and recovery when the economy recovered. Had we and other businesses in the private sector gone too far in cutting jobs, cutting capital investments and eliminating programs, Nevada's economic recovery would be in even greater jeopardy.

That is just what the full impact of these reductions in the Executive Budget will do to NSHE, placing the quality of higher education at too great a risk for our future. It will not make our State stronger; it will not make us more ready to recover. It will make us weaker and extend the period required to recover from the economic downturn in this State.

To use a metaphor from my days at Harrah's, "All of you in this room have been dealt a tough hand" when it comes to the 2011-2013 budget. These years are not going to be easy for this State. I am sure for all of you, for Governor Sandoval and for your colleagues in the Assembly; it feels as if your hands are tied, particularly with the obligation to present a balanced budget. However, rather than allow it to be a foregone conclusion that we cannot afford a vibrant economy, a vibrant educational system and a better Nevada, I ask you to recognize that you have been elected to use your intellect and your resourcefulness to decide what Nevada's future will be. In business, we no doubt have greater latitude to invest in the promise of future revenues, but that does not mean you cannot exercise judgment and creativity. Although I was not a part of the process or the decision-making, I would endorse the position taken by the Las Vegas Chamber of Commerce last week. "Additional tax revenue may be necessary, particularly when linked to significant and meaningful reform that will fix systemic problems in our State."

SENATOR HORSFORD:
I also want to hear from representatives in Las Vegas. I do not know if they are a part of the business round table, but we want to allow them an opportunity to speak. Please come to the table in Las Vegas and identify yourselves.

KIRK V. CLAUSON (Regional President, Wells Fargo, Nevada and Chair, Henderson Chamber of Commerce):
We came out several weeks ago in support of higher education, similar to the Las Vegas Chamber of Commerce action. I would like to lever off the previous speaker in terms of the reason we are here. In general, we are in support of higher education.

Wells Fargo has about 3,700 employees in Nevada right now. Many folks are surprised by that. A very large number of them are graduates of our higher education system, particularly UNR and UNLV. These are tremendous folks who came to us well prepared. We try not to mix them because of the rivalry, but they do a tremendous job for us. Several of these individuals hold key positions in our company. A couple of names you may know include Jay Kornmayer, who runs our gaming division, not only nationally but internationally; Jeff Ardito, our private mortgage manager and Brian Formisano, a UNLV graduate, manages a large district in southern Nevada. There are dozens of others I could mention.

The Las Vegas community continues to grow in spite of what has been going on economically. It is essential that we have a comprehensive research university in this community. Today it is somewhat underserved with only one institution. That is fine, but we need that institution to be healthy, vibrant and growing. The role UNLV plays in the community is critical when it comes to economic recovery and diversification in the future. In fact, I cannot imagine we can come out of the economic downturn faster without the university. Diversification cannot happen without a vibrant university in place.

This past Wednesday, the President of UNLV and his team hosted an on campus meeting for Las Vegas Chamber members and key business leaders. I happened to be invited as well. It was a tremendous experience to tour the facilities, hear students speak, hear about the programs that
are in place and, as someone said, "it is one of Las Vegas' best kept secrets in so many ways." If you think about it, neither Reno nor Las Vegas are thought of as college and university towns. This campus really is a treasure of which we should take better advantage.

In my opinion, higher education is not just a budget item. It is truly an investment in our communities. Speaking from a Wells Fargo perspective, we have made incredible investments in the entire higher education system.

As an example, Wells Fargo provides over $170,000 annually in scholarships. The scholarships often go to first generation low- to moderate-income students. The best part is, once a student has earned that scholarship, it remains with them through graduation. We provide tuition reimbursements of roughly of $100,000 annually for our team members throughout the State. Beyond that, we have underwritten millions of dollars in sponsorships and programs. I would ask you to do everything possible to ensure we can sustain this university system.

GLENN CHRISTENSEN (Chairman, Nevada Development Authority):

The two greatest challenges in our community today are economic development and education. Higher education is inextricably linked to attracting, expanding, retaining and diversifying the economy of southern Nevada.

Those in leadership who came before us had the wisdom to implement a three-tier structure in our State with educational opportunities at the research institutions, teaching universities and community college levels. The structure was created for several reasons, not the least of which is that it is by far the best structure to enhance economic development in our State.

Higher education plays a critical role in southern Nevada's economic recovery and is a critical economic resource to our community through educating the local workforce, fostering innovation and discovery. For example, as a research institution, UNLV generates important grants and outside funding which help attract diversified businesses. I attended the meeting this week mentioned earlier by Mr. Clausen. All the leaders left that meeting with an even greater understanding of and respect for UNLV's impact on southern Nevada. Higher education is not just a budget item. It is an important component to the southern Nevada economy and its recovery. It is my understanding that including multiplier effects, UNLV alone generated $1.15 billion in economic activity for southern Nevada in 2009. For every dollar of State allocated funds, the university demonstrated $5.80 in economic activity in southern Nevada. That is a phenomenal return on investment. The other institutions also have a very strong economic impact.

Given my extensive financial background, I fully comprehend the depth of today's economic challenges. What I do not understand is severely damaging an important lifeline for returning our community to its previous status as an economic powerhouse and the envy of the entire country and further disadvantaging Nevada as we compete in a national and international economy.

I firmly believe in the critical importance of collective economic well-being to the three-tiered system of higher education in this State. I have dedicated both time and money to demonstrate those beliefs. I am Chair of the Nevada State College Foundation. My wife and I currently fund four full-ride scholarships at that institution.

In another setting, I would love to talk to you about the great things we are doing at Nevada State College, where we are educating the next generation of professionals in our State. I have been President's Associate at UNLV since the mid 1980s, an advisor to the business school and I recently participated in a selection committee for the new director of the Center for Business and Economic Research, where I am a long-time sponsor. I am also a member of the Chancellor's Business Round Table.

I know you have a difficult decision to make with respect to the budget. You have many things to consider in arriving at a final conclusion. I hope that at the top of the list is the fact that higher education is directly linked to the economic health and job growth of our community. Our three-tier-system in southern Nevada — UNLV, Nevada State College and our community colleges are imperative to our community today and the one we want in the future. We need these schools now more than ever.
MICHAEL SALTMAN (Vista Group):
I am a long-term resident of Las Vegas. I have been in Las Vegas since February 10, 1975. Like many of my friends, I have adopted UNLV as my university. I am also a member of the Chancellor's Business Round Table, so I am fully on board regarding Mr. Satre's earlier comments.

Thank you for giving me the opportunity to express my views, albeit briefly, regarding higher education in Nevada. There is no question that I am higher education and, to the extent of UNLV—UNLV-centric. For over 25 years, I have been a UNLV Foundation Trustee. I serve on the Executive Committee. My company, the Vista Group, has given the Vista Group award. In fact, April 20, 2011, marked the 26th year for making the award to the outstanding liberal arts graduate at UNLV. Recipients have dispersed worldwide and established themselves as impressive individuals with their UNLV degrees.

I am also on the William S. Boyd School of Law Advisory Board. The Law School is now ranked 71st in the country under the leadership of Dean John White and former Dean Dick Morgan. My wife and I are the founders of the Saltman Center for Conflict Resolution, which is in now ranked ninth in the country. My wife is also a graduate of UNLV and has a master of arts in psychology. Like Mr. Satre, we have given more than $1 million to various portions of the Law School and UNLV.

My first projects in Las Vegas were at and around UNLV. It is my submission that the heart and brain of southern Nevada is UNLV. Thriving cities and economies need strong universities. Every major city in the country and the world sees and understands that. That includes our neighbors in Reno and in Phoenix—where the Mill Avenue Project for Arizona State University was initiated. That is my model for the future of the Midtown Project in Las Vegas around UNLV. Other such cities are Tucson, Salt Lake City, Denver and Albuquerque. The Intermountain States all recognize the absolute significance of a major university in their cities.

UNLV is indeed an economic engine through job creation, diversification and quality of life, all of which can be leveraged from the intellectual capital at and around UNLV. As Mr. Christensen noted previously, more than $1 billion in economic activity was generated in southern Nevada during 2009. Obviously, that was a down year in the economy. We are looking at a future with increased economic activity in southern Nevada through UNLV's significant contributions.

For every dollar of State funds invested in UNLV, and for that matter, NSHE, UNLV is generating more than $5.80 in economic activity in southern Nevada.

Paraphrasing Dr. Smatresk's recent comments, "UNLV and higher education will clearly lead the way into a better and brighter future in economic diversification." I trust you will take these comments and others like mine into consideration as you arrive at your final budget and the funding of and investment in the higher education programs in Nevada, north and south.

SENATOR HORSFORD:
I really appreciate the voice of the business community being a part of this dialogue. We hear from you as representatives individually, but sometimes it is important to understand your perspective as a collective body.

On behalf of the State, I appreciate the contributions each one of you have made as individuals as well as in the capacities in which you serve as management of major Nevada-based business interests. It is because of that private investment that we have been able to build a strong foundation, not only for higher education, but also for other functions in this State.

What I am hearing this morning is that you are asking us to continue our public and private partnership in sustainable ways. The Legislature needs to ensure a basic level of support so that the private sector investment will continue to be offered and can be leveraged in a much larger and impactful way.

SENATOR SCHNEIDER:
I have a question for the panel in the south. What I am hearing is that you are requesting us to keep our investment level the same or greater in secondary education to supply you with an educated workforce for your businesses. Are the businesses of Las Vegas, including Wells Fargo and the other executives, willing to consider corporate or income tax impositions?
MR. CLAUSEN:

It is interesting that you ask me that question because as a banker, in 2003, we certainly stepped up to additional taxes. The industry has demonstrated we are willing to invest in the community. As the Chair of the Henderson Chamber of Commerce, I can provide some valuable feedback.

As I talk to members, depending on how the question is structured, they are almost universally supportive of higher education. When you say to them, "Are you willing to let our university or system of higher education decline or find mediocrity?" They will generally say no, that is not what they want to have happen. If they can be assured the taxes they are already paying to the State are being effectively and efficiently spent, they are willing to come to the table to talk about additional taxes to sustain NSHE.

SENIOR SCHNEIDER:

I have a question for Mr. Satre. When I buy a suit at Nordstrom's in California, the store must pay corporate tax, income tax, inventory tax and others. Their workers' compensation rates are also high. Is Nordstrom's willing to pay similar taxes in Nevada? They currently pay none of those taxes in this State.

MR. SATRE:

I am not speaking on behalf of Nordstrom's because I am not the Chairman or CEO of that company. My position is a director. All of the companies in this State with which I am affiliated, want Nevada to flourish and we understand there is a cost for that, particularly as it tries to recover from this recession. I would say to the Legislature, in general, my position as a board member of those companies and as Chair of two of them, is simple. If we need to resolve the problems created by this recession, we may have to entertain broad-based business taxes to help us fill some of those gaps between what are reasonable changes; reforms I think you have insisted on, reforms to which NSHE has responded and other reforms outside NSHE as well. Many of those are contained in the Nevada Spending and Government Efficiency Commission report which I support. In combination with those reforms, we recognize that there may have to be a broad-based business taxes that brings funding to a level of support to sustain these universities and community colleges on a going-forward basis.

SENIOR SCHNEIDER:

When I was in Denver, Colorado for a conference, the news noted the people who are unemployed are returning to school at colleges and universities. That state is preparing to increase funding to assist students who are trying to better their situations. It is similar to what we are facing. This seems like an inappropriate time to be reducing funding to education.

SENIOR HORSFORD:

I want to thank our panel in Las Vegas. We appreciate their being here and seek to have them continue to participate in the process in the concluding days and weeks of this session. Next, we will hear from a student representative. The Senate Committee on Finance has heard time and again from the presidents and the administration of NSHE and we will continue to hear from those entities. However, the decisions we will make will impact the students most. We have with us a student from UNR. She is from Las Vegas. She has an incredible background story. She exemplifies and represents thousands of other students in similar situations.

BEATRIZ AGUIRRE (Student, UNR):

I am a native of Las Vegas, a social work student at UNR and President of the Undergraduate Social Work Association.

I come from very humble and hardworking beginnings. My parents have worked hard to allow me the opportunity to become educated and study something I am so passionate about and believe in so strongly.

I believe education is the only way for Nevada to progress. It is the only way for us to have a good future in this State. As we talk about jobs and the ability to diversify the economy and bring more businesses into this State, we cannot cut education. Education and jobs go hand in hand in creating an educated workforce.
As social work students, we have had several conversations with many members of this body. We were here one week ago to hand-deliver petitions from every district in the State. Those constituents were asking their representatives to support revenue increases and fund education. Many of our conversations, with Republicans or Democrats, show that education is highly valued in this State. However, the funding is not there right now.

Whether we are from the north or the south; whether we are Wolf Pack alumni or Rebel alumni, we need to work together to fight for this State to have a better future. That will only come through education. As students, we would accept a reasonable tuition increase to share the burden, as long as the funds stayed on the specific campus and directly fund education.

Much of the burden will be on students in the schools as we see many programs being cut and professor positions are being eliminated. If we are going to share that responsibility, we would like to see that business and other community partners stand up and share the responsibility to fund this State.

I have heard several discussions about the budget reductions concerning which programs are retained and which programs are eliminated. As social workers, we believe both the schools of social work at UNLV and UNR must be maintained. There are many different needs throughout the entire State; therefore, both universities are needed. There have been increased needs for many services to Nevadans because of the economic situation. If these programs and services are cut, we will be unable to serve as many individuals.

If we want to see a prosperous Nevada, we must invest in education. I believe the time to do that is now, not holding it off until the next Legislative Session, when we may find ourselves in the same position.

SENATOR HORSFORD:
Thank you for being here and sharing the students' perspective of what these cuts mean and the willingness of students to step forward and share some burden of increased tuition in balance with responsibility of others to do the same.

We will now hear from the Chancellor of NSHE and any of the NSHE presidents who wish to speak. Following that, we will hear from the Administration's Chief of Staff and Budget Director.

DANIEL J. KLAICH (Chancellor, Nevada System of Higher Education):
Thank you for this unique opportunity to address all members of the Senate today. Before I begin, I would like to personally thank you for suspending business yesterday afternoon to enable members to attend the memorial service for Dr. Milton Glick. It meant a lot to Mrs. Glick and to her sons.

I would like to begin by stating the obvious. We understand there is an economic crisis in Nevada, perhaps the worst in our history. We must balance our budget. We understand that will require significant cuts to spending throughout the budget and painful sacrifice that is appropriately shared by all Nevadans.

Having said that, our challenge, and yours, is to navigate these difficult waters in a way to preserve core services including education and to serve our State well in recovery. I am here today to discuss how those of us in higher education intend to do that, with your help. Like most Nevadans in both the public and private sectors, public higher education arrives here today after more than three years of heavy budget reductions. Over that time, while enrollments and fees have increased and salaries have been frozen or reduced by furloughs, NSHE’s General Fund support has been reduced by about 20 percent. Our presidents, working closely with their faculty and students and under the supervision of the Board of Regents, have implemented budget reduction plans aimed at protecting faculty and classes for students. Reductions have been made in capital, equipment, maintenance, support services and administration to protect these critical classroom functions.

In the process of protecting faculty to the best of our ability, we have also worked diligently to protect research. Ironically, one result of these plans aimed at preserving the access and quality of the student experience, is that it has left many, if not most, ordinary Nevadans thinking there has been no impact on our colleges and universities. In fact, with General Fund appropriations reduced about 20 percent, and enrollments increased system wide, we have eliminated nearly 9 percent of the State-funded positions. Like many Nevadans, we are being
forced to do more with less. With less of our star faculty and matching funds required for
research grants, our research and development has decreased in the last two years by 11 percent.
I mention these facts, not to complain, but to emphasize we are not reviewing the reductions in
the proposed Executive Budget on a clean slate. Rather, we are considering this budget from the
vantage point of three and a half years of painful reductions. Against this backdrop of continuing
budget reductions, the Board of Regents, the presidents and I have prepared a strategic plan for
aligning system goals with that of the State in a time of constrained resources. I have distributed
a copy of that plan to all Senators. Therefore, I will not repeat it in detail today.
We must produce more graduates in less time. We must have more sponsored research.
We will move to market-based fees and create differential fees for select programs with
authority to direct the spending of those fees where they are generated. We would like to see a
stabilization fund created for higher education to plan for the inevitable time when we will again
experience a reduced economic cycle. We are involved in a continuous review of all processes
and programs for maximum efficiency, effectiveness, transparency and assuring the taxpayers of
Nevada that we wisely spend every dollar we are allocated.
We will establish structures that will align the goals of the State, higher education and private
business to assist in economic development and diversification. That effort is already well
underway with the bipartisan effort introduced approximately two weeks ago with Senate
Bill No. 449.
We believe we must have more intense and seamless partnerships with public education and
that every element of this plan must be built on recognized and well-communicated metrics for
performance and reporting those to the Governor, the Legislature, the Board of Regents and to
the citizens of Nevada. We are committed to holding ourselves accountable to well-defined and
rigorous goals. Our plan is not a business-as-usual plan. We are committed to significant reform
in academics, in finance and in administration. Students in this State will see significant
differences in how we have operated.
We have called for a legislative and gubernatorial partnership to a complete review of the
funding formula and for the method of State fund allocations. We must recognize the different
missions and fund them appropriately. We must let data indicate if there are inequities or
disparities without reason and correct them. Funding must be based on enrollments and
performance in critical areas such as course completion. Reform and funding must go hand in
hand. Every policy on funding and budgeting should be analyzed to support a more
entrepreneurial structure which recognizes the fact that public higher education must move; and
we will move, to a more self-sustaining model in the future. However, we cannot, at the same
time, disadvantage students by offsetting General Fund monies with fees and out-of-state tuition
while we become more entrepreneurial. In this context of reform and change, to which we have
committed our future, we must discuss whether the budget before you advances that reform and
ultimately the interests of higher education in Nevada. I would submit to you that it does not.
In the Work Session Document and the NSHE document reviewed earlier today, we have
submitted plans for reductions in our budgets as required in the Executive Budget by
$162 million by the end of the current biennium. Let me tell you briefly what those reductions
will mean from an NSHE standpoint and what they will mean to your constituents. It will
supplement the Work Session Document.
The proposed budget reductions will dramatically impact higher education and in particular
access to higher education. It is important for you to understand the cuts to the levels proposed in
the Executive Budget will result in an entirely new model for higher education in Nevada.
We believe it is one not in either the short- or long-term interests of this State. In the short term,
it will lead to greater unemployment and withdraw critical dollars from our economy, worsening
and prolonging Nevada's economic agony; rather than assisting in its recovery. In the long term,
this model will reduce access and opportunity to thousands of Nevadans by either limiting
enrollment or pricing higher education out of their reach. Therefore, it will limit the educated
workforce needed to move our economy forward and to recruit and retain the businesses we
want here in Nevada.
One of the cornerstones for higher education has been our commitment, along with the
commitment of the Governor, to the Complete College America consortium. The consortium is
dedicated to producing more graduates with different methods of academic reform. It is a
combination of states, working together, to use what I have referred to in the Joint Subcommittee
hearings as the "CASE method" — copy and steal everything by looking at best practices
throughout the country and incorporating them in higher education in Nevada. With this budget,
our continued participation in the consortium and our goal to produce more graduates will be in
jeopardy along with the potential loss of a number of grants designed to assist us in this effort.

You know, because you hear from constituents and you let us know, that enrollment in this
system has been effectively capped for a number of years as a reduced number of available
classes have filled and fees have increased. The reductions we are facing will multiply our
enrollment challenges. Our colleges and universities report that faculty and staff reductions will
cap enrollment levels across the State at unprecedented numbers.

Students who are clearly qualified for entrance into any of our institutions will be denied
entrance. They will be turned away in greater numbers than ever before. This will not only be
true at the universities, but at the State college and the community colleges. This will impact the
access mission of those ladder institutions.

We will develop strategies to deal with this change at our colleges while still being sensitive
to our diverse student population. That may include admissions tests and a requirement for high
school diplomas. But, the underlying reality is we will be turning Nevadans away. We simply
cannot serve everyone at this level of reductions with any promise of quality in their educational
experience.

I work with presidents, faculty and students to bring recommendations to the Board of
Regents striving for fundamental fairness in ensuring students will be able to attend higher
education and given the opportunities to whatever extent possible. We will be particularly
mindful of low income and first generation students who are disproportionately students of
color. With this budget, we will no longer pretend that any student who is qualified for
acceptance will have access to the classes, support services, financial aid and ultimately a
degree. We will give priority in registration, to need-based financial aid and the opportunity to
complete a degree or a certificate to full-time attending students.

Unfortunately, we will need to seriously evaluate the transfer mission of our community
colleges in light of this new reality. We can no longer guarantee that every student who qualifies
to transfer from our community colleges to our State college or universities will have the ability
to do so. If our promise to students is the ability to reasonably complete their course of studies
and obtain a degree within a reasonable period, we must avoid upper division bottlenecks that
could result from unlimited transfers. In addition to these limits on student access, we will offer
fewer classes at fewer locations. This could particularly impact rural locations that will suffer as
our colleges focus their limited resources on serving the greatest number of students. We will do
our best with technology to continue providing offerings, but live classes will be significantly
diminished.

As Mr. Haartz indicated, we anticipate a drop in enrollment in excess of 15 percent over this
biennium based on program elimination, faculty layoffs, site closures, fewer classes offered,
increased fees, inadequate tutoring and support services. Until resources improve, this decrease
will represent a cap on enrollment. We anticipate more than 20,000 qualified students, equaling
approximately 8,000 SFTE individuals who wish to take advantage of higher education, will be
turned away. They are either students who will have to leave this State to attend postsecondary
institutions and likely not return, or students who will just never go to college.

Research and workforce grants in this State will in all likelihood continue to decline as
resources for matching funds dry up and as our best and most entrepreneurial faculty are
cherry-picked by other institutions across the nation. We have consistently advised policy
makers that this selective destruction of our best faculty has already begun, and should be
expected to accelerate. The impact will not only limit economic expansion that innovative
research can foster, but will negatively impact our leveraging capability by reducing revenues
that research institutions can generate to help themselves produce budget support.

We pledge our best efforts to work with private businesses and the State economic
development infrastructure but we want to be clear that fully supporting business initiatives
while retrenching across the board is simply not possible. You know that many of the difficult
decisions we are forced to make will bring out constituent voices. They will object to individual,
center, program and institutional closures and consolidations. I am sure you are already hearing
those voices. We are too. Every action is taken with a strong awareness that we are losing or reducing programs valuable to Nevada. We do not believe there are any good or easy choices here.

Throughout this process, I have promised to be honest with you. I have told you we will not say something we do not intend to do, or put something in front of you on which we are not prepared to follow through. I have outlined what our presidents are required to do to make cuts to achieve these levels. Diminishing and cutting higher education is bad for Nevada. I hope that we can work together to significantly mitigate these impacts, however, with the funding that appears to be available today, we believe the steps I have discussed will be essential.

I understand this is a hearing on the NSHE budget and not taxes, but I would like to make a brief comment regarding the potential of new funding, a topic which is consistent with the unanimous resolution of the Board of Regents that Mr. Byerman read into the record at the beginning of this hearing.

Somehow, the discussion of whether or not there should be additional new taxes in Nevada has gotten intertwined with sunsets on existing taxes. I have outlined dramatic and long-term impacts on higher education and I am sure you have heard similar stories from public education, health and human services and other budget areas. We are talking about a budget that is built on giving a tax cut in the upcoming biennium to the largest businesses in this State by allowing the existing tax rates to sunset. To make matters even worse, the businesses now paying those taxes, whose tax bills will be reduced, will lose the ability to deduct those taxes on their federal returns. In short, while we will have huge cuts to critical services in Nevada, we will be giving large tax breaks to Nevada’s biggest companies and sending a portion of those dollars to Washington, D.C., where we will never likely see them again. I cannot see where this is good policy or how it helps ordinary Nevadans secure services, including the education they want and need.

There are revenue solutions available for the future that can forestall some of these cuts to our colleges and universities and we ask that you consider all possibilities as you deliberate in these extremely difficult times. We have been searching for every idea to keep from destroying public higher education in this State.

In that regard, I would like to present to you a four-point plan for funding higher education in the upcoming biennium that I think fairly embodies the shared sacrifice that has been discussed in detail. Implementation of the four-point plan can assist in mitigating the worst impacts of the budget reductions outlined today. It will require the legislature’s action and support.

No. 1: I ask that the dollars allocated to NSHE for the biennium be appropriated equally in each year of the biennium. Averaging or smoothing appropriations in this fashion will not cost the State $1 over the biennium and will change the target of our reduction in FY 2012-2013 from $430 million to $395 million, a net positive change of over 7 percent without costing the taxpayers of Nevada even $1.

No. 2: We will ask that students and their families pay a greater share of the cost for higher education. As Mr. Haartz indicated, most of the institutional plans submitted to the Board of Regents and to your Joint Subcommittee on Higher Education have included recommended increases of student fees by 13 percent each year, netted by a 15 percent set aside for financial aid to ensure access to those most needy. This will include a set aside to ensure the opportunity for higher education is not foreclosed.

No. 3: We commit that our entire system of public education, each institution, will implement permanent operating reductions in an amount at least equal to the contribution we are asking our students to make.

No. 4: We ask the State of Nevada to infuse additional General Fund support into our budget in an amount proportionate to the permanent reductions and the increased student fees. This plan includes the reduction of salaries across the board as indicated in the Executive Budget for all State employees. Taken together, I believe this plan represents a reasonable sharing of the burden of this current situation among students and their families, faculty, our colleges and the State.

If this plan is implemented, we will protect higher education to the greatest extent that can be expected in these times. We will promise academic and financial reform that will produce
greater efficiency in all of our operations resetting the financial and social compact among the State, the Legislature and the students of Nevada.

I will close with these comments. We come to you today and ask that you hear us, that you believe us, and that you partner with us to save our children's and grandchildren's opportunities for college and a brighter future. That is the very same opportunities all of us have enjoyed to this point. I have provided my written comments in a memorandum dated April 5, 2011 from the Board of Regents and the Joint Subcommittee on K-12/Higher Education.

SENATOR HORSFORD:
I appreciate your remarks, particularly the four-point plan. I want to drill down on that further. Is the 13 percent a fee surcharge in tuition? We do not charge tuition to in-State students. How much would a 13 percent surcharge in each year of the biennium represent?

MR. KLAICH:
In dollars?

SENATOR HORSFORD:
Yes.

MR. KLAICH:
Mr. Haartz has indicated that revenue would be approximately $40 million, taking into account a loss of approximately $9 million in tuition due to potential loss of enrollment. We are shooting at a bit of a moving target. On the basis of current enrollment, the revenue would be approximately $50 million. Therefore, the revenue generated would be approximately $40 million to $50 million in the second year of the biennium.

SENATOR HORSFORD:
If I heard you correctly, the tuition increase of 13 percent would generate $40 million to $50 million in additional revenue. The System is prepared to make reductions in its operating expenses of an amount equal to that tuition increase in an amount of approximately $40 to $50 million. Is that correct?

MR. KLAICH:
Close to that.

SENATOR HORSFORD:
In addition to that, is your request to increase State support beyond the Governor's recommendations equal to that impact, or an increase of what amount?

MR. KLAICH:
Approximately $50 million in the second year of the biennium.

SENATOR HORSFORD:
Is that increase in State funding requested only in the second year of the biennium?

MR. KLAICH:
There is money in the first year of the biennium. I am not laying any hard figures on the table. I assume you will all want to discuss the exact funding. I am discussing a partnership.

SENATOR HORSFORD:
How much funding is needed in each year of the biennium in order to better manage the impacts of those reductions? Help us to understand operationally what that means. The Governor's budget calls for a reduction in the second year of the biennium of up to 30 percent. What would averaging the allocations over both years of the biennium enable NSHE to accomplish?

MR. KLAICH:
The General Fund appropriations in the Governor's budget ranged from approximately $558 million to around $460 million in the first year of the biennium and then to approximately $395 million or $396 million in the second year. I would like to acknowledge that that budget
was initially constructed in that fashion after discussions with System representatives. The Governor presented the budget in that fashion because he was trying to provide a safe or soft landing for budget numbers. It did not work out as planned once the budget numbers were presented.

Rather than a budget reduction target in year two of the biennium, if you simply average the reductions over two years, that target will be $430 million. That will require NSHE to accelerate some cuts into year one of the biennium. The NSHE will need to accept approximately $35 million of additional reductions in year one of the biennium, but they will not be cut in year two of the biennium. Our budget will be at a higher level overall on a second year funding basis and on a going forward basis. Some of the deepest reductions will be avoided through that mechanism.

SENATOR HORSFORD:
Attachment A of the Work Session Document provided by our Staff outlines scenario No. 1 which is the reduction of academic programs based on the Governor's recommendations and the impact listed by institution.
Am I to understand Scenario No. 2 contains some of these proposals and administration consolidation that results in about $12 million of basic support savings? A specific list has been provided of what will happen under Scenario No. 1. I am not as clear what happens in Scenario No. 2, which is the consolidation and closure of campuses.

MR. KLAICH:
The Board of Regents and NSHE are planning on multiple tracks, as is the Legislature. One of the initial assignments the Board of Regents gave to me and my staff was to research the potential for savings available by consolidating or merging certain institutions. We provided that information to the Board of Regents and have received input from the institutions potentially impacted. That is the source of the approximately $12.4 million identified by Legislative Counsel Bureau (LCB) Staff. The Board of Regents has taken no action to close any institution at this point.

SENATOR HORSFORD:
What is the situation that would trigger the closure or consolidation of institutions?

MR. KLAICH:
In my opinion, Nevada has a good system of higher education. It recognizes and serves the needs of our communities throughout the State. If a worst-case scenario budget is adopted, the Board of Regents has reserved the potential for making decisions that some of those institutions may not be capable of continuing under certain funding levels. In that case, which I find undesirable, these savings could be reallocated to other institutions in NSHE.

SENATOR HORSFORD:
By "these savings" are you referring to the approximately $12.5 million identified by our Staff?

MR. KLAICH:
That is correct. However, the estimated savings of $12.5 million will not be saved on the first effective date of the new budget. There are notice provisions, accreditation issues and others issues that compound the situation.

SENATOR HORSFORD:
Under the Governor's budget, State support for higher education which, even at the current level of services approved by the 2009 75th Legislature and adjusted through actions of the Twenty-sixth Special Session, was 20 percent. Under the proposed Executive Budget, State basic support for NSHE would be reduced to 12.8 percent. I am aware there has always been a concern regarding the overall percentage of State support reduction because of the message that sends.

From a policy standpoint, what is your opinion of going from a 20 percent level of State basic support to a 12.8 percent level? Is the long-term message that 12.8 percent of State basic support
be the only level of support provided and should the System raise its own money to meet its own needs beyond that level?

MR. KLAICH:
The members of the business community gave a better answer to your question in their testimony than I can. That is, they respect the partnership the State of Nevada has with higher education and they are proud to participate in that with their corporate and private funds. I have no doubt in my mind that, living in a national market, if there were to be a dramatic decrease in the level of State support for higher education, that fact would be used against us in recruiting and retention. It would send a message and the message would not be good. The message is not positive for Nevadans, for Nevada families sitting around their tables saying, "Where should I send our son or daughter for education? Should we send them to Utah or Arizona, or should they stay here?"

Obviously, we would prefer to maintain that partnership at a reasonable and high level. It is important to consider my previous suggestions to implement an interim study regarding NSHE funding. That would be an appropriate time to consider the policy discussion. National metrics could be considered concerning fairness for students and their families; the State, how do we get there; how do we recognize the missions our institutions and fund them properly. If we all had that time and held reasonable discussions resulting in reasonable decisions, we could make determinations that Nevada families would support.

SENATOR KIECKHEFER:
I fully support the idea of an interim study reviewing funding methods for NSHE. Having a funding formula based on the number of bodies in an institution emphasizes enrollment, not excellence.

Have you seen the Work Session Document provided to this body by the LCB Staff?

MR. KLAICH:
I received a copy when I arrived today. Our staff has worked with LCB Staff to compile many of the figures quoted.

SENATOR KIECKHEFER:
Scenario No. 2 discusses the approximately $12.4 million saved by the consolidation and closure of campuses. Table 3 on page 7 of the Work Session Document lists the various FTE staff positions that would be eliminated under Scenario No. 1 and under Scenario No. 2. Does the approximate savings of $12.4 million include elimination of approximately 2,500 FTE positions between the two scenarios?

MR. KLAICH:
I had not seen these charts until today, but I think redirecting of the funds would cause the loss of some positions, particularly in the administrative realm and it would save others. There is not a one-to-one relationship.

SENATOR KIECKHEFER:
Does the four-point plan you presented anticipate maintaining the 9-cent property tax redirect in the Governor's proposal?

MR. KLAICH:
The four-point-plan is built on the maintenance of those funds. There is a significant policy decision as discussed in the Joint Subcommittee about whether those funds should be redirected to the General Fund and then allocated from the General Fund to NSHE or directly earmarked to NSHE. It does anticipate that those funds be maintained within the budget in one form or another.

SENATOR HORSFORD:
Of the reductions in either Scenario No. 1 or Scenario No. 2, which ones constitute administrative reductions and which ones reduce instructional funding?
MR. KLAICH:
We may have that information in our templates or can access it and provide it to your Staff.

SENATOR HORSFORD:
If possible, please provide the information during this Committee meeting to assist in today's discussions.

MR. KLAICH:
We can provide that information today.

SENATOR SETTELMeyer:
What amount of increase in tuition costs for an average resident undergraduate student is represented by the percentage of increase stated today?

MR. KLAICH:
Are you referring to the 13 percent increase in each year of the biennium?

SENATOR SETTELMeyer:
What is the cost increase annually for each student?

MR. KLAICH:
The current undergraduate fees at the two universities are $156.75 per credit hour and they will increase by the end of the biennium to $200, or an increase of $50 per credit hour times 30 credits for a SFTE applicant.

SENATOR SETTELMeyer:
Looking at the WICHE figures, Nevada's fees are approximately 20 percent less than the average of other states. That is probably why an increase in fees is being suggested. I have also heard and seen reports online that the engineering school is expected to increase by 50 percent. Is the same true of nursing, physical therapy and architecture fields as well?

The physical therapy courses had 400 applicants for 30 available seats. With the increased interest in those fields, has there been a large increase in enrollment loss?

MR. KLAICH:
Those fees were just adopted in the fall of 2010 effective for the fall semester of 2011. Therefore, a decline has not yet been seen. The purpose of the differential fees is for high-cost programs or high-demand programs. The NSHE hopes there will not be a decrease in enrollment because we have been selective and cautious about those increases.

SENATOR SETTELMeyer:
Each university has core programs they want to further so I understand raising tuition in those programs.

SENATOR DENIS:
During the presentation, you talked about the potential, under the current scenario, of losing up to 8,000 SFTE enrollments. Some of them may go out-of-state, but others would not seek higher education. How does that change under the four-point plan?

MR. KLAICH:
My rough calculations indicate that under the four-point plan, enrollment losses could be reduced by approximately two-thirds. I would expect there to be a proportionate mitigation of program closures and enrollment losses. That is why I indicated that fee income could be increased between $40 million and $50 million.

SENATOR DENIS:
I am concerned that students are already being impacted with all the proposed budget reductions and having to apply early for classes. Will we have to wait a year before there is any possibility of getting some of those students back to Nevada?
MR. KLAICH:
I had that exact conversation with Dr. Glick within the last month. If you consider the enrollment projections for UNR, you will see no impact on enrollment in year one of the biennium. That was due to Dr. Glick’s belief that for all practical purposes, the enrollment year had already begun. Recruiting and marketing were completed. Students were filing their papers and those students must be served in the first year of the biennium. The major impact would come in year two of the biennium.

SENATOR DENIS:
Even under NSHE’s proposed four-point plan would the registration fees remain what has already been proposed?

MR. KLAICH:
No, under the four-point plan I suggested, there would be an increase of about 13 percent in each year of the upcoming biennium which would include the increase in fees as indicated by Senator Settelmeyer and the increase in revenue to the System of $40 million to $50 million.

SENATOR DENIS:
You were talking about a $215 per credit hour charge for undergraduates in FY 2012-2013. Would that stay the same?

MR. KLAICH:
That fee is not booked. The current fee, approved by the Board of Regents for university undergraduates at UNR and UNLV, is $156.75 per credit hour. That is what a student would see in our course catalogs. My proposal is to increase that fee by approximately $50 per credit hour over the biennium.

SENATOR DENIS:
How does the four-point plan change the number of faculty that would be eliminated under the scenario that positions would be eliminated and processes streamlined? How many good faculty members have we already lost? Are there positions available in other areas of the country for the faculty members who may be eliminated? Will Nevada continue to lose quality faculty to other areas with better offers?

MR. KLAICH:
Erik Herzig, Chair of the Department of Mathematics and Statistics at UNR, gave testimony before the Joint Subcommittee describing faculty losses. One member of his faculty left for a position at the University of Texas in Austin. He stated it was a natural progression and an upgrade for that staff member. He indicated they had just lost another member of their faculty to North Texas State University and he did not feel that was as great an opportunity. His opinion was that UNR and UNLV should be competitive with those institutions and our best faculty should not be cherry-picked by those entities.

Mr. Ted McAleer spoke at the Nevada 2.0 Conference and provided a map showing from where some of the best entrepreneurial faculty was cherry-picked. Reno, Nevada was shown as losing one of its most entrepreneurial faculty in engineering and the institution also lost his grant funding.

Yes, we are losing some of our star faculty. Faculty are always most mobile at the highest levels. Unfortunately, those are the individuals we will lose. I cannot state Nevada is acting in a vacuum. Every state, except a few states with energy industries, has budget problems. They are cutting higher education. Under the scenario I outlined, I would hope we could mitigate the loss by at least two-thirds.

SENATOR DENIS:
Thank you.

SENATOR HORSFORD:
Chancellor, there is much information to be discussed in this meeting and we need to keep all questions and comments as succinct as possible.
SENATOR ROBERSON:
A part of your four-point plan requested additional funding. What amount of additional funding is being requested by NSHE?

MR. KLAICH:
I do not have a specific funding request today. However, as the budget process gets nearer completion we can discuss specifics and come to agreement on additional funding.

SENATOR ROBERSON:
Did you testify there would be an increase in student fees of $40 million to $50 million over the next biennium?

MR. KLAICH:
Yes, I testified, those increases would be implemented by one-third increments.

SENATOR ROBERSON:
What amount of operational fund reductions is proposed under current funding availability?

MR. KLAICH:
Those reductions are approximately $50 million in each year of the next biennium.

SENATOR ROBERSON:
Would that be approximately $100 million for the biennium?

MR. KLAICH:
That is correct.

SENATOR ROBERSON:
What portion of the operational reductions consists of the 5 percent salary reductions?

MR. KLAICH:
None of the salary reductions are included. The plan I outlined assumed the 5 percent salary reduction.

SENATOR ROBERSON:
Would the operational reductions be in addition to the 5 percent salary reductions?

MR. KLAICH:
That is correct.

SENATOR ROBERSON:
What is the aggregate amount of the 5 percent salary reductions?

MR. KLAICH:
Every percent employee salaries are reduced in NSHE reduces budgetary needs by $5 million. Because salary reductions for furlough costs were already removed from the budget in the prior biennium, most of that savings has already been realized. Therefore, the reduction from 4.6 percent of salaries under furloughs to the 5 percent reduction in the Executive Budget does not make a large difference.

SENATOR ROBERSON:
In other words, there is essentially no salary reduction in the 2011-2013 biennium?

MR. KLAICH:
There is no pay cut to a number of employees. There are salary reductions to tenured faculty because their pay could not be reduced in the last biennium.

SENATOR ROBERSON:
If a 10 percent salary reduction were proposed, would that add approximately $25 million to the NSHE budgets?
MR. KLAICH:
That is correct.

SENATOR ROBERSON:
For the sake of argument, to the extent that higher education asks for another $100 million, where do we find that revenue? Alternatively, whose budget do we cut? Do we cut K-12 Education?

MR. KLAICH:
Absolutely not. They are our partners in education in Nevada and there is nothing we can do to enhance the quality of higher education more than to enhance the graduates from our public education system.

SENATOR ROBERSON:
I concur with your conclusion. Where else does NSHE suggest we cut budgets to provide the additional $100 million requested?

MR. KLAICH:
My suggestion is that the Legislature bring additional revenue into the budget. I made the suggestion to allow the taxation sunsets to be extended.

SENATOR ROBERSON:
Mr. Satre called for a broad-based business tax. I am aware the Chancellor's Business Roundtable considers these issues. Are there any representatives of small businesses on the Roundtable? Representatives from big business were here today and recommended a broad-based business tax which impacts small businesses. I am concerned that it is easy to say, "Let's get rid of the sunsets on these taxes." In my mind, that is a tax increase that falls on small businesses.

The private sector is broke. That is a fact. We need to protect higher education for the future, but we also need small businesses in the State. They are the backbone of our economy.

MR. KLAICH:
I agree completely.

SENATOR ROBERSON:
When we talk about who we are going to tax today, we are talking about and burdening small businesses.

MR. KLAICH:
I do not believe we are.

SENATOR HORSFORD:
We are not going to have this debate at this time. I will defer to the Chair of the Senate Committee on Revenue for this discussion. We can have the discussion on who is impacted with a broad-based tax, but to imply that proposals have been made that would burden small business is inaccurate. In 2009, a tax break was passed for the purpose of protecting small businesses. There should probably be a Committee of the Whole scheduled for revenue discussions so that those facts can be made clear. No one has proposed any new revenue streams or broad-based solutions that impact small business.

SENATOR LEE:
As a small businessman, I can tell you we do think about those things. As the father of seven children, I think about the greater need of the family, too.

When looking at the worst case scenario, I would like to see a commitment from NSHE that, if the community college satellite campuses are closed, all of those students will have the ability to transfer to other educational institutions in the State to continue their degree goals. If students miss a year or two, they have to go back and see how classes they have already taken have been changed. We owe it to these students to ensure they can achieve their educational goals. I suggest we allow students already in the System to complete their degrees before we allow new
high school graduates or other new students to enter the System. To sweep the rug out from under current students and destroy their coursework will decimate years of educational strides which would help individuals to change their lifestyles.

MR. KLAICH:
I cannot make that commitment at this time. I do not know how, under the worst-case scenario, we can take $162 million away from the budget, lose the potential for approximately 8,300 SFTE and say we will absolutely serve the currently enrolled students. We have multiple year curricula and to say we would see all current students through to graduation means there would ultimately be no new students in the freshman or sophomore classes. I cannot plan for institutions on that basis. We have committed to the Legislature to do everything we can to get the current students through their course majors or through a major closely aligned with the major in which they started.

SENATOR LEE:
Current students may ask, "Why should we register and pay fees for the next semester, when our ultimate goal may not be available at the end of our studies?" Is that what we are saying to the students in the satellite campuses?

MR. KLAICH:
That was a different question. My concern for students who are attending satellite campuses that may be closed is the distance they will need to travel to continue their studies. I was referring only to the number of students we are prepared to serve. Respectfully, we are talking about a joint commitment to those students already enrolled.

SENATOR LEE:
We talk in the abstract about fees, but these are real people, some of whom will go without a meal to succeed or provide for themselves.

For the record, this Senator believes the people in the System now have first right at all educational opportunities if the State can afford them. We will have to tell people who are upgrading their skills that they will have to wait until we get these people through. High school graduates, we would love to have you come here, but we made a commitment to these people first. Individuals attending community colleges should not have their dreams disregarded.

SENATOR MCGINNESS:
Have any surveys been done on enrollment losses which may result from increases in tuition? Have students continued their education in the past when fees have been increased?

MR. KLAICH:
The System does not believe there has been a significant number of students lost in the past when fees were increased. It could be a factor of some students not continuing but an equal, or similar, number of students enrolling. A survey has not been completed. Past fee increases have not been of the magnitude now being contemplated.

SENATOR HORSFORD:
I have not done surveys, but I have heard from my constituents and some of them cannot afford to pay beyond a reasonable fee increase. Ms. Aguirre testified today that students are willing to accept some fee increases if all of us are willing to share some of the responsibility. Should the entire budget reduction be placed on students? That is not fair. Increasing fees that bring Nevada to the median average of other western states is appropriate. I would rather make the increases over multiple years. However, this budget proposes all of the increases in the 2011-2013 biennium.

Some individuals may not consider a cost of $1,500 per class excessive. Tell that to students who are trying to obtain an education on their own or families who are trying to contribute to the education of their children.
SENATOR HARDY:
What if we consider Scenario No. 2, which has the least impact, and look at the market forces involved with fees and tuition? I have discussed the increases with individuals in the graduate nursing program who say their tuition could be doubled. Some individuals would no longer be able to afford to enroll in the program.

In the physical therapy field, there is a program available at Nevada State College or other institutions versus the private industry which charges as much as four times more in tuition. If there are 30 student slots available and 400 qualified applicants, the market forces would seem to allow the System to charge more for particular programs. Tuition increases should not be made equally across the board.

We must consider other WICHE states who may see budget increases making space for Nevada students to attend.

The bridge or transition funding discusses the need to notify tenured staff of termination of employment. Page 7 of the Work Session Document states, "As identified, bridge funding does not represent General Funds and appears to be non-State, one-time funds or reallocated student fees collected for capital and general improvement purposes. One of the challenges before the Senate is to identify which programs or budgets are funded by the General Fund appropriations and which are funded by other funding sources. What is the nexus for the transition funding requirement? We struggle with the different funding sources included in the System budgets. I am suggesting a mix of market-based system supply and demand with a carve-out for the 15 percent or whatever amount is approved for a set-aside. Has NSHE had these discussions?

MR. KLAICH:
You indicated that Scenario No. 2 appears to less onerous than Scenario No. 1. That depends on where you are sitting. If you live in a community where colleges are merged or closed, it may be much more onerous to you.

With respect to the question on fees, the Board of Regents just adopted a policy with respect to differential fees. Moving slowly into differential fees is a wise policy that should be pursued in the future.

We operate under a Letter of Intent issued by the Legislature that splits student fee revenue approximately two-thirds to the State-supported operating budget and one-third retained by the campus collecting the fees for capital improvements and various other activities on campus.

SENATOR HARDY:
Recognizing there are private institutions that have similar programs which are filled to student capacity and must therefore turn additional individuals away, I see NSHE has the same scenario. It forms a virtual cap on enrollment because there is an insufficient number of slots available for differential fees to be directed to market force instructional areas. It appears to be the current policy at NSHE.

MR. KLAICH:
That is correct.

SENATOR HARDY:
Thank you.

SENATOR HORSFORD:
Seeing no further questions for the Chancellor, we will now seek testimony from the Governor's Chief of Staff and the Budget Director.

HEIDI GANSERT (Chief of Staff, Office of the Governor):
As mentioned yesterday, these economic times are tough. When construction of the current Executive Budget began, the State was already down about $1.2 billion because of the loss of ARRA funding, caseload growth and reduced revenue at local levels. We recognize all of these budget reductions are difficult. We also know that all members of the Senate and everyone in the State supports higher education. The Governor, my husband and I are all graduates of the University of Nevada and therefore have great admiration for and appreciation of NSHE. There is a strong tie between economic development and the University System.
One reason the 9-cent property tax diversion was directed to higher education is because we believe the economy will recover and that the System has an influence on how the State recovers. We believe by applying the property tax diversion to higher education, as it grows once again, NSHE will see a positive benefit of that growth. The Governor's Office received some good news on Monday we wish to share. Unemployment is down, although it is still high. For the first time in more than 37 months, employment has increased.

As far back as when the Governor was a candidate, he had discussions with the Chancellor and members of the Board of Regents. Their request at that time was for autonomy to change tuition fees and to keep tuition funds at the institutions. They also discussed their willingness to provide accountability. They stated they were working on improving graduation and enrollment rates. Great strides are being made. A stabilization account was requested to retain the portion of funding typically reverted to the State at the end of each fiscal year.

Senate Bill 434 was introduced which accomplishes all those requests. With the budget reductions NSHE would be facing, we recognized that it was important to give them autonomy.

During the last two-year period, there was an expectation that ARRA funding or other one-shot funds would be replaced in the 2011-2013 budget. However, some of the colleges within NSHE recognized they might need to help themselves. I am on the advisory board for the College of Engineering at UNR. Therefore, I know they considered their upper unit classes and added a surcharge of approximately 50 percent to their tuition. The School of Architecture and the School of Nursing have added a surcharge to their tuition. The School of Physical Therapy in southern Nevada was able to double its tuition and still had long waiting lists for admittance. There is a sizeable demand for enrollment at these institutions.

Throughout the United States trends are for students paying a larger portion of their tuition. At NSHE, the taxpayers’ portion of the cost of education versus the students’ portion is approximately 73 percent from taxes and 23 percent paid by students. The taxpayer numbers are trending down and student support is trending up. An outstanding group of individuals comprise the Board of Regents and they will be making the final budget decisions regarding how to appropriate cuts and retain the core mission of the overall system.

The Governor's Office considers every institution to be important. We are concerned about the potential of rural campus closures. We trust the Board of Regents will have the judgment to ensure the core mission of NSHE is retained and that there is access to education throughout the State.

Fifteen percent of tuition increases will be set aside for financial aid. That is critical. Institutions must be offered at affordable levels and we must help those who may not have the means to afford tuition increases.

SENATOR HORSFORD:

I understand that allowing the 9-cent property tax revenue to be allocated to NSHE will help, in part, to mitigate the situation. I am unclear as to why only Clark and Washoe Counties were singled out for this diversion. Why are other counties that also benefit from the colleges and universities throughout the System not being asked to share in funding NSHE programs?

MS. GANSERT:

The property tax diversions are to be directed to UNR and UNLV because there is a strong nexus between economic development and education, and those institutions are the hubs of the System. We worked with both parties earlier on a bill to change the economic development model. A knowledge fund is under consideration. The intent is to tie NSHE into economic development at the two major institutions in the State.

SENATOR HORSFORD:

Why are the mining-rich counties such as Eureka and Lander not being asked to contribute as well? Those counties have healthy reserve accounts even in these difficult financial times. The budget impact may cause rural campuses to be closed. Why not allow the rural counties to help support the services of academic programs in their communities?
The Governor's Office considered the entire budget. When looking at the whole picture, other services are being pushed down to the local governments. Higher education, K-12 and Health and Human Services are all a part of those additional costs. We did not want to place undue strain on local governments although we felt certain health and human services programs are best provided at the local level.

The 9-cent property tax diversion is a continuation of a reallocation from the 2009 75th Legislative Session. That reallocation was only taken in Washoe and Clark Counties.

SENATOR LESLIE:
Are these diversions taken permanently through the Executive Budget?

ANDREW CLINGER (Director, Department of Administration):
That is correct. The bill that has been introduced contains a sunset of the provisions but that was not the budgetary intention.

SENATOR LESLIE:
I thought earlier testimony indicated the intent of the diversion was to be in place only until the economy recovers.

MS. GANSERT:
This piece of the budget is a permanent reallocation. The General Fund has been reduced and reallocation of these funds is tied to economic development.

SENATOR LESLIE:
If that is the case, was there any discussion with the counties regarding other ways to reduce their funding? These are capital funds. It seems if the funds will be permanently diverted, this may not be the best choice of a funding source.

SENATOR HORSFORD:
There are two parts to the 9-cent property tax. One part is capital funds and the other is operational funds. I know the counties want to be heard on this as well. Please expound on Senator Leslie's question that this is not just a continuation for the 2011-2013 biennium.

MR. CLINGER:
All I can do is restate what has already been discussed. The 9 cents is a continuation of the current procedure. We feel there is a greater impact from the universities in their respective counties than in other counties. There is an impact in other counties, but not to the same extent as in Washoe and Clark Counties.

SENATOR HORSFORD:
Have those impacts been evaluated? If, for instance, GBC which provides training in mining and other related mining activities is closed, that will have a tremendous economic impact on that region. I do not understand the logic in suggesting there is no economic benefit to those rural communities either by underfunding or funding their programs. The President of Great Basin College has said that the programs they are offering are directly aligned with the industries in that region. If those programs are closed, it would not only impact those students and staff, it would affect the industries that rely on that institution.

MS. GANSERT:
We have never contemplated the closure of any campuses. Those decisions will be made by the Board of Regents. The Governor's Office supports keeping all institutions open because of their criticality. There are two questions: the funding method and whether to keep all campuses open.

SENATOR HORSFORD:
You have answered that question, but you have not answered the question as to why the counties that benefit from those programs are not being asked to contribute to the costs in the same manner as what is asked of Clark and Washoe Counties. Why is that?
MS. GANSERT:
The intent was a continuation of the 2009 75th Legislature's actions with the diversion of the 9-cent property tax in Washoe and Clark Counties. The reallocation does not go to the General Fund. It goes directly to UNR and UNLV.

SENATOR HORSFORD:
Is your position that the diversion should stop at the end of the 2011-2013 biennium, because the continuation would be for two years? That was the intent of the 2009 75th Legislature's actions. Do you intend to make this a permanent diversion, or do you intend to end the diversion at the end of the upcoming biennium?

MS. GANSERT:
No, our recommendation is that the reallocation established by the 2009 75th Legislature become permanent. We believe there is a tie to economic growth. We want the System to receive the upside of that economic growth. The property tax revenue will increase over time and we felt that was a method to help the System in the long run, although it changes the basic funding structure.

SENATOR HORSFORD:
For clarity, if we continue the policy established two years ago, the reallocation would only be extended for two years. You are now proposing the diversion become permanent, a portion of which is from the operating accounts and another portion is from the county capital funding which is used to build police and other public safety facilities.

MS. GANSERT:
That is correct.

SENATOR MCGINNESS:
I hope this discussion is not moving toward a position of pitting urban Nevada against rural Nevada. All Nevadans are making do with less.

SENATOR HORSFORD:
I could not agree with the Minority Leader more. The diversion should be fair and equitable. I am trying to understand why only 2 of the 17 counties are being asked to carry the burden of the entire NSHE, when we know other counties have the ability and have healthy reserve accounts. I am also concerned because when I met with the county manager of Washoe County, I was told of the reductions that have occurred already and the impact of the 9-cent property tax diversion would have on that county and its residents. I am equally concerned about what that means to the communities in southern Nevada. I am not suggesting local governments should not be a part of the solution. However, if they are a part, it should be fair and equitable and certain counties should not be singled out while others are excluded. I cannot get an answer from the Administration as to why certain counties, with the means, were not asked to help fund higher education.

SENATOR DENIS:
Was your testimony that the Administration was trying to follow the actions of the 2009 75th Legislature?

MS. GANSERT:
The 9-cent tax diversion began in the 2009 75th Legislature. It was only a reallocation from Clark and Washoe Counties.

SENATOR DENIS:
Earlier discussions centered on the sunsetting of other taxes. Why was that not also the recommendation for these tax diversions? Why were the other new taxes not continued as well?

MS. GANSERT:
The 9-cent tax diverted in 2009 was not a new tax. It was a part of something that would have sunsetted. Other 2009 taxation contained new revenue streams.
SENATOR HORSFORD:
If the Administration's intent was to adopt the 2009 plan, why was the continuation of other revenue streams not included? I think we already know the answer to that question.

At this time we will ask the county representatives to provide their perspective beyond what we have already heard.

LISA GIANOLI (Washoe County):
I want to clarify how we got to where we are today. There was a crisis in transportation during the 2007 74th Legislative Session,. At that point in time, the diversion of 3 cents of the capital facilities tax was enacted. The original intent was only to divert those funds from Clark County. However, late in the session, Washoe County was included. Those diversions were done in 20 percent increments over a five-year period. Today, Washoe County would be sending 2.8 percent of our 5-cent capital facilities funds to transportation. Late in the Twenty-sixth Special Session, the full 5 cents was diverted plus 4 cents of operating funds that were supposed to sunset at the close of FY 2010-2011. Washoe County recently submitted a tentative budget diverting 2.8 cents of the capital facilities tax with 20 percent remaining for one year of the biennium to the Highway Fund for transportation.

Washoe County is therefore expecting diversions of approximately $11 million. That means dramatic cuts to Washoe County and to services. I understand the economic exigencies faced by the State, but I am sure these diversions are also having a significant impact on Clark County as well.

CONSTANCE BROOKS (Clark County):
Clark County also understands the dire straits the State is facing with regard not only to higher education, but to all vital services. However, in Clark County, the 9-cent diversion is equal to approximately $117 million. The 9-cent diversion from 2009 was devastating. Clark County has experienced several hundred layoffs, we have been taxed with demands for services, and increasing demands in the area of social services and child welfare.

The 4 cent portion of the 9-cent tax is our operating rate dedicated to those services for which demand is increasing. In this economic crisis, the need for social services, including medical assistance, rental assistance and other services for individuals who are facing crisis situations is growing. We would like to continue to provide services and meet the needs of our communities, but it will be very difficult to do so if the 9-cent property tax diversion is continued.

SENATOR HARDY:
Are the funding losses of $11 million and $117 million, respectively, on an annual basis rather than a biennial basis?

MS. GIANOLI:
That is correct. These are annual losses.

SENATOR HORSFORD:
Is that correct for Clark County's losses as well?

MS. BROOKS:
It is the same for Clark County. The impact from the 5-cent diversion is an annual loss of $65 million and the impact from the 4-cent diversion is $54 million annually.

SENATOR LESLIE:
My question is more of a structural issue. The 5-cent tax is directed to capital funding. Therefore, taxpayers expect it to be spent for those purposes. Now we are permanently diverting the funds to economic development. Does that make sense? Are there other options?

MS. GIANOLI:
Washoe County traditionally used the 5-cent tax revenue to service debt for infrastructure. Those funds are distributed to the county. Of the roughly 70 percent retained by the county, 20 percent is redirected to the City of Reno and 10 percent is directed to the City of Sparks. Because the changes in 2007 were made in 20 percent increments, there was some time to react to the reductions. County General Fund dollars have been used to offset those losses. Now, with
the reduction of 4-percent, operating funds which have been used to service debt, major adjustments have been made. The loss of operating funds and the push downs in social services will not leave much room to make further adjustments.

**MS. BROOKS:**

It is also important to note that the capital funds we would use for infrastructure projects provides opportunities for job creation.

**SENATOR HORSFORD:**

We will now invite Regent Ron Knecht to speak and then open the meeting to public testimony.

**RON KNECHT (Member, Board of Regents):**

I am an elected member of the Board of Regents from this district. I am speaking as an individual member of the Board and a private citizen. I am not speaking on behalf of the Board.

I will provide long-term and short-term perspectives of the NSHE budgets. I will also address a couple of policy issues.

I do not envy the Legislature the tasks it faces. Over the last ten years, State spending on higher education and on all matters has grown faster than our economy.

Personal income of Nevadans has grown 65 percent; however, 28 percent of that increase is attributable to inflation. At the same time, all State General Fund spending grew by 116 percent. Public Safety spending grew by 79 percent, higher education by 86 percent, human services, including Medicaid, grew by 118 percent and State spending on K-12 education grew by 128 percent. Over the last three years, the numbers are different but the pattern is the same. State spending grew by 6 percent while Nevadans’ incomes declined by 6 percent. These figures are different than much of the current commentary. We tend to focus too much on budgets and not on actual year-to-year spending. A focus on budget numbers is misleading, somewhat meaningless and greatly overstated.

Using higher education figures, you have probably heard about $45 million to $50 million in budget reductions over the past two to three years at the two universities. That is a phantom budget number that was never spent to today’s spending levels. The actual reductions to the two universities have been between $3 million to $25 million annually. The total all-fund sources are either positive or negative depending on whether the specialty schools such as the medical school, law school or the dental school and other factors are included. If one tried to compare this budget with public spending, the budget data is not comparable. No family says they make $80,000 one year, but due to head count, inflation expanded scope we really make $90,000. If only $83,000 is earned, one could say that family experiences a $7,000 budget reduction. Families do not compute their budget or progress that way.

I will abbreviate my comments and submit my written testimony for the record.

Over the last three or four years during the economic depression, Nevada families have suffered far worse than the public sector.

The Governor has suggested to NSHE that we could take greater responsibility for our own funding. In the last ten years, our total General Fund support has grown 8 percent relative to the economy. Our tuition and fee revenue has grown at the rate of the economy, our self-supported funding has grown 45 percent faster than the economy and our grants and contracts have grown 15 percent faster than the economy. That equals an overall increase of 18 percent which is a good track record of self-help. It is reasonable to ask for continuation along that track going forward.

There are four things that would help us to accomplish that goal. The first would be a nine-line budget with each line representing one institution and one line for the System instead of the 27 line budget currently in place. It would give us the flexibility desired by the Governor. Secondly, cancellation of the Letter of Intent would allow the System to pull back increases in tuition and fees into education. Third, would be the authority to carry forward the cost savings realized from one budget year to another. Fourth is application of additional State revenues that may be realized in the next biennium to mitigate NSHE’s second year budget reductions.
The vote taken by the Board of Regents did not indicate whether we support a tax increase. That is not in our purview. The motion we supported requests more revenue for higher education than proposed by the Governor.

Regarding institution closures, consolidations, mergers and so forth; the Chancellor detailed the effects on access at our community institutions and on the System as a whole within the parameters of the Governor's proposed budget reductions. The record of our April 8, 2011, hearing indicates each of those effects would be exacerbated if, instead of using the tier 1 plans from the institutions, we moved to closures. Essentially, the $12.5 million alleged savings from the first year of the biennium is a gross figure that ignores the transition costs. The transition costs would be substantial and would occur in the 2011-2013 biennium. They would reduce the $12.5 million to approximately zero. Further in the future, there may be some savings. At the same time, it would take funding from the institutions with the highest faculty to class loads, the lowest faculty pay rates and the largest classes. In short, institutions that pay the least would be moved to institutions with the lowest faculty class loads, the smallest class sizes, the highest faculty pay rate and therefore, the highest student costs.

The total student count in institutions would be reduced, faculty counts would be reduced and there would be a decrease in class and degree offerings.

I urge the Legislature not to consider any of the unnecessary tier 2 reductions. The necessary reductions can be made through tier 1 funding.

SENATOR HORSFORD:

All options are still under consideration and we are evaluating all means of budget reductions before any decisions are made. That is prudent for both the Legislature and the Board of Regents. Unfortunately, all the decisions we make have implications for this biennium as well as future Legislatures.

SENATOR MCGINNESS:

Mr. Knecht, did you indicate that if the regents are given the ability to do so, NSHE could be self-supporting?

MR. KNECHT:

Self-supporting might be a long-term goal. It is not something I am recommending or something that can be transitioned to immediately. It is reasonable to continue our track record of self-support going forward. I am not advocating no longer funding remaining public institutions. It is reasonable to look to the Board of Regents to seek self-support in the area of fees and tuitions and the grants and contract funding.

SENATOR HORSFORD:

I think that is appropriate. However, the testimony we just heard from the business community is that their investments in NSHE are, in part, contingent on the level of public sector support and the existing partnership. If the partnership is reduced, that may affect the private sector investment as well. That is part of the policy decision before this body.

SENATOR ROBERSON:

I am reviewing information that has been provided. Are you are telling this body that during the worst recession seen in this State, between FY 2007-2008 and FY 2009-2010, revenue from all sources for NSHE increased by 4 percent?

MR. KNECHT:

When all four primary sources are considered that statement is true. However, there is a serious fungibility problem with grants and contracts. The real reason for the increased spending has been our outstanding record of self-support.

SENATOR ROBERSON:

In the same time period, State spending from the General Fund only decreased by one percent. We do not hear this information from many sources. It also appears that since FY 1999-2000, State support for NSHE has increased 86 percent and support from all sources
has increased by 107 percent. Based on this information, I do not believe the problem is as severe as is being portrayed.

MR. KNECHT:
The 86 percent figure includes both General Fund and tuition and fees which are considered as other funding from the State. These are the worst times we have faced, but we will get through these difficulties.

SENATOR HORSFORD:
Does the 86 percent figure include the $184 million in federal ARRA funds that was one-time funding in the last two years? Yes or no?

MR. KNECHT:
Not exactly.

SENATOR HORSFORD:
Do the figures Senator Roberson cited include the ARRA funding as part of the non-general fund support that was provided for in the last two years? Yes or no, it is a simple question.

MR. KNECHT:
Those figures do not exactly reflect it, if I may.

SENATOR HORSFORD:
If you do not know the answer, I can ask our Fiscal Staff.

MR. KNECHT:
I can answer it.

SENATOR HORSFORD:
This is a yes or no answer.

MR. KNECHT:
Yes, but, may I explain?

SENATOR HORSFORD:
No. That was my question.

SENATOR ROBERSON:
Why can Mr. Knecht not explain his answer?

SENATOR HORSFORD:
I asked for a yes or no answer to the question.

SENATOR ROBERSON:
Can I ask him a follow-up question?

SENATOR HORSFORD:
Senator Settelmeyer has the Floor.

SENATOR SETTELMeyer:
I have talked to my community college constituents and they indicated the Governor's budget was extremely difficult but they could persevere. I am aware initial meetings have been held and that closures were no longer under consideration. What information has come forward to change the discussions to once again include closures? Community colleges are such an important aspect of these communities.

MR. KNECHT:
It is difficult for me to say that any information has changed. The Board received more information on the tier 1 institution reductions of 31 percent or 32 percent of General Funds. You would need to poll the regents who changed their votes, when the information was received before the March 11, 2011, meeting having those options under discussion. At that time, the
regents concluded by a vote of 8 to 5 that the information on the tier 1 reductions indicated we did not need to consider tier 2 reductions. Subsequently, the Majority Leader requested we rescind that decision and a vote was taken on April 8, 2011, to rescind the earlier vote. Not much in the way of substantive changes occurred.

**Senator Settelmeyer:**
I would like an explanation of the ARRA funding.

**Mr. Knecht:**
The simple explanation is that the ARRA funding for NSHE was all placed into FY 2008-2009. Therefore, in FY 2009-2010, our General Fund spending included no ARRA funding. The Legislature, for its purposes, moved other revenue into FY 2009-2010. When the FY 2009-2010 figures are divided by the FY 1999-2000 General Funds, ARRA funds are not included in either of those fiscal years. The ARRA funds were received and they were spent.

**Senator Horsford:**
It was not a part of the basic support provided by the State and is not now included in the Governor's budget. As referenced earlier by Director Clinger and our Fiscal Staff, the funds being replaced with property taxes will replace basic support funding separate and apart from the additional $184 million reduction due to loss of ARRA funds. Those funds are shown as non-State support in the budgets.

**Senator McGinness:**
I appreciate this open discussion. However, I am concerned there is a chilling effect if some of the members are not allowed to ask questions. I recognize Regent Knecht is incapable of giving a short answer, but the members should be allowed to ask questions.

**Senator Horsford:**
I agree. That was my question to which I requested a yes or no answer.

**Senator Roberson:**
What I am hearing is that if the ARRA funds had never existed, we would still see a 107 percent increase in all sources of NSHE funding from FY 1999-2000 to FY 2009-2010.

**Mr. Knecht:**
I cannot say that. If the ARRA funds had never existed, we would not have been able to move the allocation of FY 2009-2010 ARRA funds for higher education into the FY 2008-2009 spending and move the FY 2008-2009 General Funds into FY 2009-2010. The ARRA funds are reflected as a technical matter.

**Senator Horsford:**
Please provide a copy of those figures for our Staff.

**Mr. Knecht:**
I will provide that information for this body.

**Senator Horsford:**
What was the population growth between 2000 and 2010?

**Mr. Knecht:**
The population growth was approximately 40 percent. I have normalized the figures for population and head count.

**Senator Hardy:**
What is the per-student count in that calculation?

**Mr. Knecht:**
I have the gross figures and the per capita figures for both spending of the various categories and the economy in my workbook. I have normalized the figures for student counts and for population. The figures I quoted today are based on the per capita figures.
SENATOR SCHNEIDER:
The numbers appear to be adjusted to fit the story. Are universities and colleges based on the elite faculty who can be acquired?

MR. KNECHT:
They are based on the elite faculty and on the work-a-day faculty.

SENATOR SCHNEIDER:
When numbers are compiled for an institution, the system is trying to grow and improve so that perhaps it could be considered a Harvard of the West, the numbers provided do not reflect where the State and Legislature wish to go. Over the past two years, there have been faculty members who have fled this State because of the lack of commitment on the part of the Legislature and the Board of Regents. I reported those facts to this body two years ago. Why was the Board of Regents not reporting that same information? Why did the Board of Regents not testify that we are losing our great faculty? They are putting themselves on the market. They are leaving and in two weeks they get jobs as committee chairmen at elite schools. We are dismantling what we are doing here.

It is incumbent upon the Board of Regents to report to the Legislature. I am tired of operating the university and college system in this manner.

You, personally, are contributing to the tearing down the institutions by not appearing before this body and demanding that we do better. It is easy to make cuts and easy to come with stories about spending a little more money. Do we not want to get a better system? Do you want a better system or do you want to continue to make cuts and chase away the good faculty?

I know students who have gone to Stanford or Pepperdine University because of their faculty members. Those institutions score fantastic faculty members and they pay good money for them. Nevada tends to chase good faculty off. We build the system up, but then a recession hits and we wipe out the good faculty.

SENATOR HORSFORD:
Before we recess, I wish to make a few statements.

Every member of this body can ask questions. The question I asked of Mr. Knecht was my question. I was only looking for a simple answer.

Closures and consolidations must be considered. I do not understand why a campus would remain open if it no longer has programs to offer students. It costs money to run facilities. If there are no students and no teachers and no programs, why do we maintain a building? That is why this must be a part of the discussion. I, like many of you, hope the decades of investments that have been made to build up these institutions are not whittled away in one budget decision that will have long-term negative consequences. I also hope we do not keep buildings open for the sake of keeping them open.

SECOND READING AND AMENDMENT

Senate Bill No. 21.
Bill read second time.
The following amendment was proposed by the Committee on Commerce, Labor and Energy:
Amendment No. 406.
"SUMMARY—Revises [the requirements for reopening a claim of compensation for a permanent partial disability.] certain provisions concerning catastrophic injuries. (BDR 53-479)"

"AN ACT relating to industrial insurance; revising [the requirements for reopening a claim of compensation for a permanent partial disability;] certain provisions concerning catastrophic injuries; specifying additional injuries that constitute a catastrophic injury; revising the qualifications of a certified vocational rehabilitation counselor; revising provisions governing claims for catastrophic injuries; revising the requirements of a life care plan developed by an insurer for an injured employee; revising the qualifications of an adjuster who administers a claim for a catastrophic injury; and providing other matters properly relating thereto."
Legislative Counsel's Digest:

Existing law requires an insurer to reopen a claim of compensation for a permanent partial disability if the claimant proves three conditions are met: (1) the claim was closed and the claimant was not evaluated as required; (2) at the time of closing, the claimant met the qualifications for an evaluation; and (3) the insurer violated NRS 616D.120 with regard to the claim. (NRS 616C.392) NRS 616D.120 lists prohibited acts for which the Administrator of the Division of Industrial Relations of the Department of Business and Industry may seek penalties from an insurer, such as failure to pay, inducing a claimant to settle, refusing to process a claim, or intentionally failing to follow a statute or regulation, but does not refer to evaluations for a permanent partial disability.

This bill removes the third condition concerning a violation of NRS 616D.120, so a claimant, in order to reopen a claim, would be required to show that at the time his or her case was closed he or she was qualified to receive an evaluation and no evaluation was scheduled. Section 1.1 of this bill expands the definition of "catastrophic injury" for the purposes of industrial insurance to include an injury sustained from an accident and resulting in: (1) a coma or vegetative state; (2) the loss or significant impairment of function of one or more vital internal organs or organ systems; (3) the mangling, crushing or amputation of a major portion of an extremity; (4) an injury which the insurer and the injured employee agree should be administered as a catastrophic injury; or (5) an injury determined by the insurer to be a catastrophic injury.

Section 1.2 of this bill revises the qualifications for certification as a certified vocational rehabilitation counselor. Section 1.7 of this bill revises the qualifications for an adjuster who administers a claim for a catastrophic injury.

Section 1.4 of this bill provides that an injured employee may submit a request to an insurer for a determination that an injury should be administered as a claim for a catastrophic injury. Section 1.4 further provides that an insurer must issue a written determination concerning such a request within 30 days after receipt of the request. Section 1.5 of this bill provides that an injury which is not originally determined to be a catastrophic injury may at any time be classified as a catastrophic injury if a change in the nature of the injury brings it within the definition of "catastrophic injury."

Under existing law, an insurer is required to develop a life care plan for an injured employee who suffers a catastrophic injury within 90 days after the insurer accepts the injured employee's claim. (NRS 616C.700) Section 1.6 of this bill requires the insurer to develop a life care plan within 120 days after the treating physician determines that the injured employee's injury has stabilized and that the injured employee requires a life care plan. Section 1.6 also sets forth specific requirements for the development and implementation of the life care plan.

Senator Schneider moved the adoption of the amendment.

Remarks by Senator Schneider.

Senator Schneider requested that his remarks be entered in the Journal.

Senate Bill No. 21 is one of the negotiated bills on worker compensation. This addresses catastrophic injuries. If someone has a catastrophic injury in worker's compensation, this certifies that we license vocational rehabilitation people. We move a person with a catastrophic injury into a separate category where there is a life plan drawn up for them. They do not have to navigate the system as a less severely injured person would. They are taken out of the system
and moved forward. This is a good bill. We have been working on this for four years. It is supported by all business entities and labor groups.

Amendment adopted.
Bill ordered reprinted, engrossed and to third reading.

Senate Bill No. 99.
Bill read second time.
The following amendment was proposed by the Committee on Commerce, Labor and Energy:
Amendment No. 305.
"SUMMARY—Makes various changes concerning consumer protection. (BDR 52-127)"
"AN ACT relating to consumer protection; requiring the Consumer Affairs Division of the Department of Business and Industry to regulate the activities of grant writing services that do business in this State; requiring certain grant writing services to register and deposit security with the Director of the Department of Business and Industry; requiring the Director to publish a list of registered grant writing services on an Internet website maintained by the Director; requiring a grant writing service to provide certain statements to a buyer before the execution of a contract for grant writing services; prescribing certain mandatory terms of a contract for grant writing services; revising the definition of "goods and services" as that term relates to solicitations by telephone; revising criminal penalties for violations of provisions relating to solicitations by telephone; providing penalties; and providing other matters properly relating thereto."
Legislative Counsel's Digest:
Assembly Bill No. 561 of the 2009 Legislative Session temporarily eliminated the Commissioner of Consumer Affairs and the Consumer Affairs Division of the Department of Business and Industry for the 2009-2011 biennium. (Sections 3 and 4 of chapter 475, Statutes of Nevada 2009, pp. 2696-97) As a result, the Attorney General assumed sole responsibility for the enforcement of the provisions of chapter 598 of NRS governing deceptive trade practices and the provisions of chapter 599B of NRS governing solicitations by telephone. Effective July 1, 2011, the Commissioner of Consumer Affairs and the Consumer Affairs Division will be restored and will again share responsibility for the enforcement of these provisions with the Attorney General.

Section 24 of this bill revises the definition of "goods or services" for the purpose of the provisions governing solicitations by telephone to clarify that the term includes, without limitation, any service, loan or any other extension of credit, insurance or any investment or opportunity for investment.
Existing law provides for graduated penalties for willful violations of the provisions governing solicitations by telephone. A person who willfully violates such provisions is guilty of a misdemeanor for the first offense
within 10 years. For the second offense within 10 years, the person is guilty of a gross misdemeanor. For the third and all subsequent offenses within 10 years, such a person is guilty of a category D felony and is subject to imprisonment, a fine of not more than $50,000, or both imprisonment and a fine. (NRS 599B.255) Section 25 of this bill makes any willful violation of the provisions governing solicitations by telephone a category B felony, punishable by imprisonment, a fine of not less than the amount lost by all buyers who are injured by the violation plus an additional amount of not less than $10,000 and not more than $50,000, or by both imprisonment and a fine.

Sections 2-23 of this bill create provisions governing grant writing services in this State and vest the Director of the Department of Business and Industry with authority to enforce these provisions. Section 7 defines "grant writing service." Sections 9-12 and 14 establish registration requirements for grant writing services, including the payment of a registration fee, and requirements concerning the deposit of security with the Division. Section 9 requires certain grant writing services to register with the Director, but exempts from the provisions of sections 2-23 certain grant writing services that offer services relating to affordable housing and community development projects. Section 9 also requires the Director to publish a list of registered grant writing services on an Internet website maintained by the Director.

Section 13 prohibits a grant writing service from engaging in certain activities. Section 15 requires a grant writing service to provide certain written statements to a buyer before the execution of a contract or before the receipt of any payment by the grant writing service. Section 16 establishes certain requirements for a contract for grant writing services. Section 17 sets forth the circumstances which create an irrefutable presumption that a person intends to do business and is regularly conducting business in Nevada. Section 20 provides a remedy for any buyer injured by a grant writing service, and section 21 provides that a person who violates sections 2-23 is guilty of a category B felony. Section 22 authorizes the Director to take certain actions if a person violates the provisions of sections 2-23 and provides that such a violation is a deceptive trade practice. Section 23 requires the Division Director to adopt regulations to carry out the provisions of sections 2-23.

Remarks by Senator Halseth.

Senator Halseth requested that her remarks be entered in the Journal.

Amendment No. 305 to Senate Bill No. 99 deletes the references to the Division of Consumer Affairs and assigns the responsibilities under the bill to the Director of the Department of Business and Industry.

The amendment deletes many of the provisions in the original bill and establishes a more focused regulatory apparatus for grant writing services. For example, the amendment provides that the bill does not apply to a consultant for certain affordable housing and community development projects. It also leaves the existing statutory definition of the term "goods and services" unchanged.

It establishes a registration process for grant writers with the Director and provides remedies and penalties the Director may impose for noncompliance.

The amendment also changes the effective dates of the bill.

Amendment No. 99.
SUMMARY—Prohibits the use of a cellular telephone or other handheld wireless communications device while operating a motor vehicle in certain circumstances. (BDR 43-45)

AN ACT relating to traffic laws; prohibiting a person from using a cellular telephone or other handheld wireless communications device while operating a motor vehicle in certain circumstances; providing penalties; and providing other matters properly relating thereto.

Legislative Counsel's Digest:
Under existing traffic laws of this State, it is a crime to engage in various activities while operating a motor vehicle or to operate a motor vehicle in a reckless or unsafe manner. (Chapters 484A-484E of NRS) Section 1 of this bill makes it a crime for a person to manually type or enter text into a cellular telephone or other similar device, or to send or read data using any such device, while operating a motor vehicle. Section 1 further prohibits a person from using such a device for voice communications unless the device is used with an accessory which allows the person to communicate without using his or her hands, with certain limited exceptions. Section 1 provides an exception to the prohibitions when the cellular telephone or other device is used by law enforcement officers and other certain emergency personnel and persons designated by a sheriff or chief of police or the Director of the Department of Public Safety who are acting within the course and scope of their employment. Additional exceptions apply if the person is using the cellular telephone or other device to report or request assistance relating to a medical emergency, a safety hazard or criminal activity, or if the person is responding to a situation requiring immediate action and stopping the vehicle would be inadvisable, impractical or dangerous. A violation of the provisions added by section 1 is a misdemeanor and punishable by a fine of $250 for a first offense within the immediately preceding 7 years, $500 for a second offense within the immediately preceding 7 years and $1,000 for a third or subsequent offense within the immediately preceding 7 years. However, section 4 of this bill provides that until January 1, 2012, a law enforcement officer must not issue a citation to a person for violating section 1 but must give the person a verbal or written warning. Section 1 further provides that a first offense will not be treated as a moving traffic violation. Additionally, if a person is convicted of a third or subsequent offense, in addition to the fine, the driver's license of the person will be suspended for 6 months. Section 2 of this bill makes the enhanced penalty for certain traffic violations that occur in a temporary traffic control zone applicable to violations of these new crimes.

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

Section 1. Chapter 484B of NRS is hereby amended by adding thereto a new section to read as follows:

1. Except as otherwise provided in this section, a person shall not, while operating a motor vehicle on a highway in this State:
(a) Manually type or enter text into a cellular telephone or other handheld wireless communications device, or send or read data using any such device to access or search the Internet or to engage in nonvoice communications with another person, including, without limitation, texting, electronic messaging and instant messaging.

(b) Use a cellular telephone or other handheld wireless communications device to engage in voice communications with the another person, unless the device is used with an accessory which allows the person to communicate without using his or her hands, other than to activate, deactivate or initiate a feature or function on the device.

2. The provisions of this section do not apply to:

(a) A paid or volunteer firefighter, [law enforcement officer,] emergency medical technician, ambulance attendant or other person trained to provide emergency medical services who is acting within the course and scope of his or her employment.

(d) A person who is responding to a situation requiring immediate action to protect the health, welfare or safety of the driver or another person and stopping the vehicle would be inadvisable, impractical or dangerous.

3. The provisions of this section do not prohibit the use of a voice-activated global positioning or navigation system that is affixed to the vehicle.

4. A person who violates any provision of subsection 1 is guilty of a misdemeanor and:

(a) For the first offense within the immediately preceding 7 years, shall pay a fine of $250.

(b) For the second offense within the immediately preceding 7 years, shall pay a fine of $500.

(c) For the third or subsequent offense within the immediately preceding 7 years, shall pay a fine of $1,000.

5. A person who violates any provision subsection 1 may be subject to the additional penalty set forth in NRS 484B.130.

6. If a person is found guilty of a third or subsequent offense of subsection 1, the court shall, in addition to any other penalty imposed, issue an order suspending the driver's license of the person for 6 months. The court shall require the person to surrender all driver's licenses then held by the person. If the person does not possess a driver's license, the court shall issue an order prohibiting the person from applying for a driver's license for 6 months. The court shall, within 5 days after issuing the order, forward to
the Department of Motor Vehicles any licenses, together with a copy of the
order.

7. The Department of Motor Vehicles shall not treat a first violation of this section in the manner statutorily required for a moving traffic violation.

8. For the purposes of this section, a person shall be deemed not to be operating a motor vehicle if the motor vehicle is driven autonomously through the use of artificial-intelligence software and the autonomous operation of the motor vehicle is authorized by law.

As used in this section, "handheld wireless communications device" means a handheld device for the transfer of information without the use of electrical conductors or wires and includes, without limitation, a cellular telephone, a personal digital assistant, a pager and a text messaging device. The term does not include a device used for two-way radio communications if:

(a) The person using the device has a license to operate the device, if required; and

(b) All the controls for operating the device, other than the microphone and a control to speak into the microphone, are located on a unit which is used to transmit and receive communications and which is separate from the microphone and is not intended to be held.

Sec. 2. NRS 484B.130 is hereby amended to read as follows:

484B.130 1. Except as otherwise provided in subsections 2 and 6, a person who is convicted of a violation of a speed limit, or of NRS 484B.150, 484B.163, 484B.200 to 484B.217, inclusive, 484B.223, 484B.227, 484B.300, 484B.303, 484B.317, 484B.320, 484B.327, 484B.330, 484B.403, 484B.587, 484B.600, 484B.603, 484B.610, 484B.613, 484B.650, 484B.653, 484B.657, 484C.110 or 484C.120, or section 1 of this act, that occurred:

(a) In an area designated as a temporary traffic control zone; and

(b) At a time when the workers who are performing construction, maintenance or repair of the highway or other work are present, or when the effects of the act may be aggravated because of the condition of the highway caused by construction, maintenance or repair, including, without limitation, reduction in lane width, reduction in the number of lanes, shifting of lanes from the designated alignment and uneven or temporary surfaces, including, without limitation, modifications to road beds, cement-treated bases, chip seals and other similar conditions,

shall be punished by imprisonment or by a fine, or both, for a term or an amount equal to and in addition to the term of imprisonment or amount of the fine, or both, that the court imposes for the primary offense. Any term of imprisonment imposed pursuant to this subsection runs consecutively with the sentence prescribed by the court for the crime. This subsection does not
create a separate offense, but provides an additional penalty for the primary
offense, whose imposition is contingent upon the finding of the prescribed
fact.

2. The additional penalty imposed pursuant to subsection 1 must not
exceed a total of $1,000, 6 months of imprisonment or 120 hours of
community service.

3. Except as otherwise provided in subsection 5, a governmental entity
that designates an area or authorizes the designation of an area as a
temporary traffic control zone in which construction, maintenance or repair
of a highway or other work is conducted, or the person with whom the
governmental entity contracts to provide such service, shall cause to be
erected:

(a) A sign located before the beginning of such an area stating "DOUBLE
PENALTIES IN WORK ZONES" to indicate a double penalty may be
imposed pursuant to this section;

(b) A sign to mark the beginning of the temporary traffic control zone; and

(c) A sign to mark the end of the temporary traffic control zone.

4. A person who otherwise would be subject to an additional penalty
pursuant to this section is not relieved of any criminal liability because signs
are not erected as required by subsection 3 if the violation results in injury to
any person performing highway construction or maintenance or other work in
the temporary traffic control zone or in damage to property in an amount
equal to $1,000 or more.

5. The requirements of subsection 3 do not apply to an area designated as
a temporary traffic control zone:

(a) Pursuant to an emergency which results from a natural or other disaster
and which threatens the health, safety or welfare of the public; or

(b) On a public highway where the posted speed limit is 25 miles per hour
or less and that provides access to or is appurtenant to a residential area.

6. A person who would otherwise be subject to an additional penalty
pursuant to this section is not subject to an additional penalty if the violation
occurred in a temporary traffic control zone for which signs are not erected
pursuant to subsection 5, unless the violation results in injury to any person
performing highway construction or maintenance or other work in the
temporary traffic control zone or in damage to property in an amount equal to
$1,000 or more.

Sec. 3. NRS 707.375 is hereby amended to read as follows:

agency, board, commission or political subdivision of this State, including
without limitation, any agency, board, commission or governing body of a local government, shall not regulate the use of a telephonic device
by a person who is operating a motor vehicle.

satellite phone, portable phone or any other similar electronic device that is
handheld and designed or used to communicate with another person.

Senator Breeden moved the adoption of the amendment. Remarks by Senators Breeden and Denis.

Senator Breeden requested that the following remarks be entered in the Journal.

SENATOR BREEDEN:
Amendment No. 99 to Senate Bill No. 140 expands the list of law enforcement personnel exempted from the provisions of the bill. The amendment reduces the fines for violations and stipulates that law enforcement will not issue citations for a violation until January 1, 2012. Any violations that occur between October 1, 2011, the bill's effective date, and December 31, 2011, would result in a verbal or written warning. Amendment No. 99 also excludes certain two-way communication devices from the definition of a "handheld wireless communications device."

SENATOR DENIS:
I would like clarification on the last statement where you said it excludes additional wireless devices.

SENATOR BREEDEN:
The intent of the bill was not to disrupt industries such as the trucking industry, the cab industry or the use of CB radios. We defined the actual device in the bill for the "push to talk" radios.

SENATOR DENIS:
Does that include short-wave radios?

SENATOR BREEDEN:
That will be dealt with in the next amendment.

Amendment adopted.
The following amendment was proposed by Senator Breeden:
Amendment No. 483.
"SUMMARY—Prohibits the use of a cellular telephone or other handheld wireless communications device while operating a motor vehicle in certain circumstances. (BDR 43-45)"

"AN ACT relating to traffic laws; prohibiting a person from using a cellular telephone or other handheld wireless communications device while operating a motor vehicle in certain circumstances; providing penalties; and providing other matters properly relating thereto."

(Chapters 484A-484E of NRS) Section 1 of this bill makes it a crime for a person to manually type or enter text into a cellular telephone or other similar device, or to send or read data using any such
device, while operating a motor vehicle. **Section 1** further prohibits a person from using such a device for voice communications unless the device is used with an accessory which allows the person to communicate without using his or her hands, with certain limited exceptions. **Section 1** provides an exception to the prohibitions when the cellular telephone or other device is used by law enforcement officers and other emergency personnel who are acting within the course and scope of their employment. the temporary traffic control zone or in damage to property in an amount equal to $1,000 or more.

5. The requirements of subsection 3 do not apply to an area designated as a temporary traffic control zone:
   (a) Pursuant to an emergency which results from a natural or other disaster and which threatens the health, safety or welfare of the public; or
   (b) On a public highway where the posted speed limit is 25 miles per hour or less and that provides access to or is appurtenant to a residential area.

6. A person who would otherwise be subject to an additional penalty pursuant to this section is not subject to an additional penalty if the violation occurred in a temporary traffic control zone for which signs are not erected pursuant to subsection 5, unless the violation results in injury to any person performing highway construction or maintenance or other work in the temporary traffic control zone or in damage to property in an amount equal to $1,000 or more.

Senator Breeden moved the adoption of the amendment.

Remarks by Senators Breeden and Denis.

Senator Breeden requested that the following remarks be entered in the Journal.

**Senator Breeden:**
Amendment No. 483 to Senate Bill No. 140 allows a person who is licensed as an amateur radio operator and who is providing communications services in connection with a disaster or emergency, participating in a drill, test or other exercise in preparation for a disaster or emergency or otherwise communicating public information to be exempt from the provisions of the bill that prohibit use of a handheld wireless communication device while driving.

This amendment also extends the same exemptions that we adopted in the Committee's amendment for members of search and rescue operations to the amateur radio operators.

**Senator Denis:**
Is this the one where the short-wave radios used in emergencies are excluded?

**Senator Breeden:**
Yes, they are excluded, however, only when they are performing their essential duties.

**Senator Denis:**
It includes drills also, not just an actual emergency?

**Senator Breeden:**
Correct.
Senator Denis:
It does not include if they use their short-wave radio for other reasons.

Senator Breeden:
Correct.

Bill read second time.
The following amendment was proposed by the Committee on Commerce, Labor and Energy:
Amendment No. 269.
"SUMMARY—Makes various changes concerning public health. (BDR 54-837)"
"AN ACT relating to public health; revising provisions governing access to certain medical records; requiring a physician or an osteopathic physician who performs an autopsy to submit a written report of the findings of the autopsy to the Board of Medical Examiners or the State Board of Osteopathic Medicine in certain circumstances; revising provisions governing the submission of certain reports concerning surgeries requiring conscious sedation, deep sedation or general anesthesia; revising provisions governing reports to the Board of Medical Examiners and the State Board of Osteopathic Medicine of a change in the privileges of [a physician, perfusionist, physician assistant or practitioner of respiratory] certain providers of health care; revising provisions governing the standard of proof in any disciplinary hearing before the Board [ ]; revising provisions governing access to and the data collected by the computerized program to track prescriptions of controlled substances developed by the State Board of Pharmacy and the Investigation Division of the Department of Public Safety; increasing certain fees of Medical Examiners; and providing other matters properly relating thereto."

Legislative Counsel's Digest:
Section 1 of this bill provides that if the health care records of a patient are located within this State, a provider of health care must make the records available for physical inspection within 5 working days after they are requested.

Section 2 of this bill requires a physician who performs an autopsy and who determines that the death of the decedent is the result of an overdose of a controlled substance or dangerous drug to submit a written report of such findings to the Board of Medical Examiners. Section 2 also requires the Board, upon receipt of such a report, to investigate the death of the decedent to determine whether the conduct of any physician contributed to the death. Section 18 of this bill imposes similar requirements concerning an autopsy performed by an osteopathic physician.
Existing law requires any hospital, clinic or other medical facility or medical society to report to the Board of Medical Examiners any change in the privileges of a physician, perfusionist, physician assistant or practitioner of respiratory care while the person is under investigation and the outcome of any disciplinary action taken within 30 days after the change in privileges is made or disciplinary action is taken. A hospital, clinic or other medical facility or medical society is also required to report such information to the State Board of Osteopathic Medicine concerning a change in the privileges of an osteopathic physician who is under investigation. (NRS 630.307, 633.533) Section 8 of this bill requires that such a report concerning a change in the privileges of a physician, perfusionist, physician assistant or practitioner of respiratory care be made within 5 days after the change in privileges is made if the change in privileges is based on an investigation of the mental, medical or psychological competency of the person or suspected or alleged substance abuse by the person. Section 21 of this bill imposes similar reporting requirements concerning a change in the privileges of a physician assistant who is under investigation and a change in the privileges of an osteopathic physician or physician assistant if the change in privileges is based on an investigation of the mental, medical or psychological competency of the osteopathic physician or physician assistant or suspected or alleged substance abuse by the osteopathic physician or physician assistant.

Section 10 of this bill provides that in any disciplinary hearing before the Board of Medical Examiners, a finding of the Board must be supported by a preponderance of the evidence.

Section 17 of this bill requires that the computerized program to track prescriptions of controlled substances developed by the State Board of Pharmacy and the Investigation Division of the Department of Public Safety be designed to provide information regarding data relating to the prescribing of controlled substances that is specific to a particular patient. Section 17 also requires the Board and the Division to monitor the prescription activity of prescribing practitioners and further provides that access to the information concerning particular patients must be restricted only to certain persons for the purpose of confirming the accuracy of the information after notice from the Board to a prescribing practitioner concerning the number of prescriptions written by the practitioner.

Existing law requires persons who are licensed to practice medicine by the Board of Medical Examiners and persons who are licensed to practice osteopathic medicine by the State Board of Osteopathic Medicine to make certain reports concerning surgeries requiring conscious sedation, deep sedation or general anesthesia performed by the holder of the license and the occurrence of any sentinel events arising from those surgeries. Persons who are licensed to practice medicine are required to submit the reports to the Board of Medical Examiners and persons who are licensed to practice osteopathic medicine are required to submit the reports to the State Board of
Osteopathic Medicine. The boards are required to submit the reports to the Health Division of the Department of Health and Human Services which then reviews the reports. (NRS 449.447, 630.30665, 633.524) Section 18 of this bill repeals the provision which requires the Board of Medical Examiners to collect and submit the reports, and section 12 of this bill instead requires persons who are licensed to practice medicine to submit the reports directly to the Health Division.

Section 5 of this bill increases the maximum amount of the fee that may be charged for the renewal of a limited, restricted, authorized facility or special license from $400 to $800. Section 7.5 of this bill revises these reporting requirements as they pertain to a physician and requires a physician to report the occurrence of any sentinel event arising from a surgery requiring conscious sedation, deep sedation or general anesthesia within 14 days after the occurrence of the sentinel event. Section 20 of this bill imposes a similar reporting requirement on an osteopathic physician.

Remarks by Senator Schneider.

Senator Schneider requested that his remarks be entered in the Journal.

Amendment No. 269 to Senate Bill No. 168 limits the manner in which a physician may offer a patient a service of general anesthesia, conscious sedation or deep sedation.

It also requires practitioners to submit a report to the licensing board regarding any sentinel event involving certain types of sedation within 14 days of the occurrence and when the licensee biennially renews their license.

It deletes a provision increasing the fee for certain special licenses. It also deletes the sections requiring reporting to the Health Division regarding surgeries involving sedation or sentinel events.

If the proposed sponsor of a charter school requested that the Department review the application pursuant to NRS 386.520 and the Department determined that the application was not complete pursuant to that section, the application must not be submitted to the proposed sponsor for review pursuant to this section. If an application proposes to convert an existing public school, homeschool or other program of home study into a charter school, the proposed sponsor shall deny the application.

mutually agreed upon by the committee to form the charter school and the
board of trustees of the school district or the institution, as applicable, and
ensure that notice of the meeting has been provided pursuant to chapter 241
of NRS. **If the proposed sponsor requested that the Department review the

trustees, the college or the university, as applicable, shall provide written
notice to the applicant of its approval or denial of the application.

4. If the board of trustees, the college or the university, as applicable, denies an application, it shall include in the written notice the
reasons for the denial and the deficiencies in the application. The applicant
must be granted 30 days after receipt of the written notice to correct any
deficiencies identified in the written notice and resubmit the application.

5. If the board of trustees, the college or the university, as applicable, denies an application after it has been resubmitted pursuant to
subsection **4,** the applicant may submit a written request for sponsorship
by the State [Board,]
[State Board of Charter Schools,]
[Subcommittee on Charter Schools created pursuant to NRS 386.507,]
[Public Charter School Authority,]
not more than 30 days after receipt of the written notice of denial. Any request that is submitted pursuant to this subsection must be
accompanied by the application to form the charter school.

6. If the [Subcommittee on State Board of Charter Schools,]
[Public Charter School Authority,]
receives an application pursuant to subsection 1 or
4, it shall hold a meeting to consider the application. **If the State Public
Charter School Authority requested that the Department review the
application pursuant to NRS 386.520, the State Public Charter School
Authority shall be deemed to receive the application pursuant to this
subsection upon transmittal of the application from the Department.**

The [Subcommittee] State Public Charter School Authority shall review the application in accordance with the factors set forth in paragraphs (a) and (b) of subsection 1. The Subcommittee may approve an application if it satisfies the requirements of paragraphs (a) and (b) of subsection 1.

6. The Subcommittee on Charter Schools shall transmit the application and the recommendation of the Subcommittee for approval or denial of the application to the State Board. Not more than 14 days after the date of the meeting of the Subcommittee pursuant to subsection 5, the State Board shall hold a meeting to consider the recommendation of the Subcommittee. 8. If the State Public Charter School Authority denies an application after it has been resubmitted pursuant to subsection 7, the applicant may, not more than 30 days after the receipt of the written notice from the State Public Charter School Authority, appeal the final determination to the district court of the county in which the proposed charter school will be located.

9. On or before January 1 of each odd-numbered year, the Superintendent of Public Instruction shall submit a written report to the Director of the Legislative Counsel Bureau for transmission to the next regular session of the Legislature. The report must include:

(a) A list of each application to form a charter school that was submitted to the board of trustees of a school district, the State Public Charter School Authority, a college or a university during the immediately preceding biennium;

(b) The educational focus of each charter school for which an application was submitted;

(c) The current status of the application; and

(d) If the application was denied, the reasons for the denial.

Sec. 41. NRS 386.527 is hereby amended to read as follows:
1. If the State Board of Charter Schools, the board of trustees of a school district or a college or university within the Nevada System of Higher Education approves an application to form a charter school, it shall grant a written charter to the applicant. The State Board of Charter Schools, the board of trustees, the college or the university, as applicable, shall, not later than 10 days after the approval of the application, provide written notice to the Department of the approval and the date of the approval. If the board of trustees approves the application, the board of trustees shall be deemed the sponsor of the charter school.

2. If the State Board of Charter Schools approves the application:
   (a) The State Board of Charter Schools shall be deemed the sponsor of the charter school.
   (b) Neither the State of Nevada, the State Board of Education, nor the Department is an employer of the members of the governing body of the charter school or any of the employees of the charter school.

3. If a college or university within the Nevada System of Higher Education approves the application:
   (a) That institution shall be deemed the sponsor of the charter school.
   (b) Neither the State of Nevada, the State Board of Charter Schools nor the Department is an employer of the members of the governing body of the charter school or any of the employees of the charter school.

4. The governing body of a charter school may request, at any time, a change in the sponsorship of the charter school to an entity that is authorized to sponsor charter schools pursuant to NRS 386.515. The State Board of Charter Schools shall adopt:
   (a) A process for a charter school that requests a change in the sponsorship of the charter school, which must not require the charter school to undergo all the requirements of an initial application to form a charter school; and
   (b) Objective criteria for the conditions under which such a request may be granted. If the request is for sponsorship by the State Board of Charter Schools, the governing body must not be required to submit an application and the State Board of Charter Schools shall accept the transfer of the charter school to the State Board of Charter Schools.

5. Except as otherwise provided in subsection 7, a written charter must be for a term of 6 years unless the governing body of a charter school renews its initial charter after 3 years of operation pursuant to subsection 2 of NRS 386.530. A written charter must include all conditions of operation set forth in subsection 2 of NRS 386.520 and include the kind of school, as defined in subsections 1 to 4, inclusive, of NRS 388.020 for which the charter school is authorized to operate. If the State Board of Charter Schools...
The governing body of a charter school may submit to the sponsor of the charter school a written request for an amendment of the written charter of the charter school. Such an amendment may include, without limitation, the expansion of instruction and other educational services to pupils who are enrolled in grade levels other than the grade levels of pupils currently approved for enrollment in the charter school if the expansion of grade levels does not change the kind of school, as defined in NRS 388.020, for which the charter school is authorized to operate. If the proposed amendment complies with the provisions of this section, NRS 386.500 to 386.610, inclusive, and sections 26 to 35.5, inclusive, of this act, any other statute or regulation applicable to charter schools, the sponsor may amend the written charter in accordance with the proposed amendment. If a charter school wishes to expand the instruction and other educational services offered by the charter school to pupils who are enrolled in grade levels other than the grade levels of pupils currently approved for enrollment in the charter school and the expansion of grade levels changes the kind of school, as defined in NRS 388.020, for which the charter school is authorized to operate, the governing body of the charter school must submit a new application to form a charter school. If such an application is approved, the charter school may continue to operate under the same governing body and an additional governing body does not need to be selected to operate the charter school with the expanded grade levels.

7. The State Board of Charter Schools shall adopt objective criteria for the issuance of a written charter to an applicant who is not prepared to commence operation on the date of issuance of the written charter. The criteria must include, without limitation, the:
   (a) Period for which such a written charter is valid; and
   (b) Timelines by which the applicant must satisfy certain requirements demonstrating its progress in preparing to commence operation.

A holder of such a written charter may apply for grants of money to prepare the charter school for operation. A written charter issued pursuant to this subsection must not be designated as a conditional charter or a provisional charter or otherwise contain any other designation that would indicate the charter is issued for a temporary period.
8. The holder of a written charter that is issued pursuant to subsection 7 shall not commence operation of the charter school and is not eligible to receive apportionments pursuant to NRS 387.124 until the sponsor has determined that the requirements adopted by the State Board of Charter Schools pursuant to subsection 7 have been satisfied and that the facility the charter school will occupy has been inspected and meets the requirements of any applicable building codes, codes for the prevention of fire, and codes pertaining to safety, health and sanitation. Except as otherwise provided in this subsection, the sponsor shall make such a determination 30 days before the first day of school for the:

(a) Schools of the school district in which the charter school is located that operate on a traditional school schedule and not a year-round school schedule; or

(b) Charter school,

whichever date the sponsor selects. The sponsor shall not require a charter school to demonstrate compliance with the requirements of this subsection more than 30 days before the date selected. However, it may authorize a charter school to demonstrate compliance less than 30 days before the date selected.

Sec. 42. NRS 386.530 is hereby amended to read as follows:

386.530 1. Except as otherwise provided in subsection 2, an application for renewal of a written charter may be submitted to the sponsor of the charter school not less than 120 days before the expiration of the charter. The application must include the information prescribed by the regulations of the State Board of Charter Schools. The sponsor shall conduct an intensive review and evaluation of the charter school in accordance with the regulations of the State Board of Charter Schools. The sponsor shall renew the charter unless it finds the existence of any ground for revocation set forth in NRS 386.535. The sponsor shall provide written notice of its determination not fewer than 30 days before the expiration of the charter. If the sponsor intends not to renew the charter, the written notice must:

(a) Include a statement of the deficiencies or reasons upon which the action of the sponsor is based; and

(b) Prescribe a period of not less than 30 days during which the charter school may correct any such deficiencies.

If the charter school corrects the deficiencies to the satisfaction of the sponsor within the time prescribed in paragraph (b), the sponsor shall renew the charter of the charter school.

2. A charter school may submit an application for renewal of its initial charter after 3 years of operation of the charter school. The application must include the information prescribed by the regulations of the State Board of Charter Schools. The sponsor shall conduct an intensive review and evaluation of the charter
school in accordance with the regulations of the State Board of Charter Schools. The sponsor shall renew the charter unless it finds the existence of any ground for revocation set forth in NRS 386.535. The sponsor shall provide written notice of its determination. If the sponsor intends not to renew the charter, the written notice must:

(a) Include a statement of the deficiencies or reasons upon which the action of the sponsor is based; and

(b) Prescribe a period of not less than 30 days during which the charter school may correct any such deficiencies.

If the charter school corrects the deficiencies to the satisfaction of the sponsor within the time prescribed in paragraph (b), the sponsor shall renew the charter of the charter school.

Sec. 43. NRS 386.540 is hereby amended to read as follows:

386.540 1. [The Department] Subject to the provisions of subsections 3 and 4, the State Board of Charter Schools Public Charter School Authority shall adopt regulations that prescribe:

(a) The process for submission of an application by the board of trustees of a school district to the Department for authorization to sponsor charter schools and the contents of the application;

(b) The process for submission of an application to form a charter school to the [Department, the] board of trustees of a school district, the Subcommittee on [State Board of Charter Schools] Public Charter School Authority and a college or university within the Nevada System of Higher Education, and the contents of the application;

(c) The process for submission of an application to renew a written charter; and

(d) The criteria and type of investigation that must be applied by the board of trustees, [the Subcommittee on Charter Schools,] the State Board of Charter Schools Public Charter School Authority and a college or university within the Nevada System of Higher Education in determining whether to approve an application to form a charter school or an application to renew a written charter.

2. Subject to the provisions of subsections 3 and 4, the State Board of Charter Schools Public Charter School Authority may adopt regulations as it determines are necessary to carry out the provisions of NRS 386.500 to 386.610, inclusive, and sections 26 to 35.5, inclusive, of this act, including, without limitation, regulations that prescribe the:

(a) Requirements for performance audits of charter schools on an annual basis for charter schools that do not satisfy the requirements of subsection 1 of NRS 386.5515; and

(b) Requirements for performance audits every 3 years for charter schools that satisfy the requirements of subsection 1 of NRS 386.5515.

3. The Department may adopt regulations relating to the finances and budgets of charter schools as it determines are necessary to carry out the
provisions of NRS 386.500 to 386.610, inclusive, and sections 26 to 35.5, inclusive, of this act, including, without limitation, regulations that prescribe the:

(a) Procedures for accounting and budgeting;

(b) Requirements for performance audits and financial audits of charter schools on an annual basis for charter schools that do not satisfy the requirements of subsection 1 of NRS 386.5515; and

(c) Requirements for performance audits every 3 years and financial audits on an annual basis for charter schools that satisfy the requirements of subsection 1 of NRS 386.5515.

4. The State Board of Education may disapprove any regulation adopted by the State [Board of Charter Schools] Public Charter School Authority if the regulation:

(a) Threatens the efficient operation of the public schools in this State; or

(b) Creates an undue financial hardship for any charter school in this State.

A regulation shall be deemed approved if the State Board of Education does not disapprove the regulation within 45 days after it is adopted by the State [Board of Charter Schools] Public Charter School Authority.

Sec. 44. NRS 386.547 is hereby amended to read as follows:

386.547 The State [Board of Charter Schools] Public Charter School Authority shall:

1. Review all statutes and regulations from which charter schools are exempt and determine whether such exemption assisted or impeded the charter schools in achieving their educational goals and objectives.

2. Make available information concerning the formation and operation of charter schools in this State to pupils, parents and legal guardians of pupils, teachers and other educational personnel and members of the general public.

Sec. 45. NRS 386.5515 is hereby amended to read as follows:

386.5515 1. To the extent money is available from legislative appropriation or otherwise, a charter school may apply to the Department for money for facilities if:

(a) The charter school has been operating in this State for at least 5 consecutive years and is in good financial standing;

(b) Each financial audit and each performance audit of the charter school required by the Department pursuant to NRS 386.540 contains no major notations, corrections or errors concerning the charter school for at least 5 consecutive years;

(c) The charter school has met or exceeded adequate yearly progress as determined pursuant to NRS 385.3613 or has demonstrated improvement in the achievement of pupils enrolled in the charter school, as indicated by annual measurable objectives determined by the State Board of Charter Schools for the majority of the years of its operation; and
(d) The charter school offers instruction on a daily basis during the school week of the charter school on the campus of the charter school; and

(e) At least 75 percent of the pupils enrolled in the charter school who are required to take the high school proficiency examination have passed that examination, if the charter school enrolls pupils at a high school grade level.

2. A charter school that satisfies the requirements of subsection 1 shall submit to a performance audit as required by the [Department State Board of Charter Schools, Public Charter School Authority] one time every 3 years. The sponsor of the charter school and the [Department regulations of the State Board of Charter Schools, Public Charter School Authority] shall not [request require] a performance audit of the charter school more frequently than every 3 years without reasonable evidence of noncompliance in achieving the educational goals and objectives of the charter school based upon the annual report submitted to the [State Board of Charter Schools, Department] pursuant to NRS 386.610. If the charter school no longer satisfies the requirements of subsection 1 or if reasonable evidence of noncompliance in achieving the educational goals and objectives of the charter school exists based upon the annual report, the charter school shall, upon written notice from the sponsor, submit to an annual performance audit. Notwithstanding the provisions of paragraph (b) of subsection 1, such a charter school:

(a) May, after undergoing the annual performance audit, reapply to the sponsor to determine whether the charter school satisfies the requirements of paragraphs (a), (c) [and (d) [and (e)]] of subsection 1.

(b) Is not eligible for any available money pursuant to subsection 1 until the sponsor determines that the charter school satisfies the requirements of that subsection.

3. A charter school that does not satisfy the requirements of subsection 1 shall submit a quarterly report of the financial status of the charter school if requested by the sponsor of the charter school.

Sec. 45.5. NRS 386.560 is hereby amended to read as follows:

386.560 1. The governing body of a charter school may contract with the board of trustees of the school district in which the charter school is located or the Nevada System of Higher Education for the provision of facilities to operate the charter school or to perform any service relating to the operation of the charter school, including, without limitation, transportation, the provision of health services for the pupils who are enrolled in the charter school and the provision of school police officers. If the board of trustees of a school district or a college or university within the Nevada System of Higher Education is the sponsor of the charter school, the governing body and the sponsor must enter into a service agreement pursuant to section 35.3 of this act before the provision of such services.

2. A charter school may use any public facility located within the school district in which the charter school is located. A charter school may use school buildings owned by the school district only upon approval of the
board of trustees of the school district and during times that are not regular school hours.

3. The board of trustees of a school district may donate surplus personal property of the school district to a charter school that is located within the school district.

4. Except as otherwise provided in this subsection, upon the request of a parent or legal guardian of a pupil who is enrolled in a charter school, the board of trustees of the school district in which the pupil resides shall authorize the pupil to participate in a class that is not available to the pupil at the charter school or participate in an extracurricular activity, excluding sports, at a public school within the school district if:
   (a) Space for the pupil in the class or extracurricular activity is available; and
   (b) The parent or legal guardian demonstrates to the satisfaction of the board of trustees that the pupil is qualified to participate in the class or extracurricular activity.

If the board of trustees of a school district authorizes a pupil to participate in a class or extracurricular activity, excluding sports, pursuant to this subsection, the board of trustees is not required to provide transportation for the pupil to attend the class or activity. The provisions of this subsection do not apply to a pupil who is enrolled in a charter school and who desires to participate on a part-time basis in a program of distance education provided by the board of trustees of a school district pursuant to NRS 388.820 to 388.874, inclusive. Such a pupil must comply with NRS 388.858.

5. Upon the request of a parent or legal guardian of a pupil who is enrolled in a charter school, the board of trustees of the school district in which the pupil resides shall authorize the pupil to participate in sports at the public school that he or she would otherwise be required to attend within the school district, or upon approval of the board of trustees, any public school within the same zone of attendance as the charter school if:
   (a) Space is available for the pupil to participate; and
   (b) The parent or legal guardian demonstrates to the satisfaction of the board of trustees that the pupil is qualified to participate.

If the board of trustees of a school district authorizes a pupil to participate in sports pursuant to this subsection, the board of trustees is not required to provide transportation for the pupil to participate.

6. The board of trustees of a school district may revoke its approval for a pupil to participate in a class, extracurricular activity or sports at a public school pursuant to subsections 4 and 5 if the board of trustees or the public school determines that the pupil has failed to comply with applicable statutes, or applicable rules and regulations of the board of trustees, the public school or the Nevada Interscholastic Activities Association. If the board of trustees so revokes its approval, neither the board of trustees nor the public school is liable for any damages relating to the denial of services to the pupil.

Sec. 46. NRS 386.570 is hereby amended to read as follows:
1. Each pupil who is enrolled in a charter school, including, without limitation, a pupil who is enrolled in a program of special education in a charter school, must be included in the count of pupils in the school district for the purposes of apportionments and allowances from the State Distributive School Account pursuant to NRS 387.121 to 387.126, inclusive, unless the pupil is exempt from compulsory attendance pursuant to NRS 392.070. A charter school is entitled to receive its proportionate share of any other money available from federal, state or local sources that the school or the pupils who are enrolled in the school are eligible to receive. If a charter school receives special education program units directly from this State, the amount of money for special education that the school district pays to the charter school may be reduced proportionately by the amount of money the charter school received from this State for that purpose.

2. All money received by the charter school from this State or from the board of trustees of a school district must be deposited in an account with a bank, credit union or other financial institution in this State. The governing body of a charter school may negotiate with the board of trustees of the school district and the State Board for additional money to pay for services which the governing body wishes to offer.

3. Upon completion of each school quarter, the sponsor of a charter school may request reimbursement from the governing body of the charter school. The Superintendent of Public Instruction shall pay to the sponsor of a charter school one-quarter of the yearly sponsorship fee for the administrative costs associated with sponsorship for that school quarter if the sponsor provided administrative services during that school quarter. The request must include an itemized list of those costs. Unless a delay is granted pursuant to subsection 9, upon receipt of such a request, the governing body shall pay the reimbursement to the board of trustees of the school district if the board of trustees sponsors the charter school, to the Department if the State Board sponsors the charter school or to the college or university within the Nevada System of Higher Education if that institution sponsors the charter school. If a governing body fails to pay the reimbursement pursuant to this subsection or pursuant to a plan approved by the Superintendent of Public Instruction in accordance with subsection 9, the charter school shall be deemed to have violated its written charter and the sponsor may take such action to revoke the written charter pursuant to NRS 386.535 as it deems necessary. If the board of trustees of a school district is the sponsor of a charter school, the amount of money that may be paid to the sponsor pursuant to this subsection for administrative expenses in 1 school year must not exceed:

(a) For the first year of operation of the charter school, 2 percent of the total amount of money apportioned to the charter school during the year pursuant to NRS 387.124, as adjusted by the final computation of apportionment pursuant to subsection 4 of NRS 387.1243.
(b) For any year after the first year of operation of the charter school, 1 percent of the total amount of money apportioned to the charter school during the year pursuant to NRS 387.124, as adjusted by the final computation of apportionment pursuant to subsection 4 of NRS 387.1243.

4. If the State Board or a college or university within the Nevada System of Higher Education is the sponsor of a charter school, the amount of money that may be paid to the Department or to the institution, as applicable, pursuant to subsection 3 for administrative expenses in 1 school year must not exceed:

(a) For the first year of operation of the charter school, 2 percent of the total amount of money apportioned to the charter school during the year pursuant to NRS 387.124, as adjusted by the final computation of apportionment pursuant to subsection 4 of NRS 387.1243.

(b) For any year after the first year of operation of the charter school, 1.5 percent of the total amount of money apportioned to the charter school during the year pursuant to NRS 387.124, as adjusted by the final computation of apportionment pursuant to subsection 4 of NRS 387.1243.

5. 2 percent of the total amount of money apportioned to the charter school during the year pursuant to NRS 387.124, which must be deducted from the quarterly apportionment to the charter school made pursuant to NRS 387.124. Except as otherwise provided in this subsection, the yearly sponsorship fee for the sponsor of a charter school must be in an amount of money not to exceed 2 percent of the total amount of money apportioned to the charter school during the school year pursuant to NRS 387.124. If the governing body of a charter school satisfies the requirements of this subsection, the governing body may submit a request to the sponsor of the charter school for transmittal to the Superintendent of Public Instruction for approval of a sponsorship fee in an amount that is less than 2 percent but at least 1 percent of the total amount of money apportioned to the charter school during the school year pursuant to NRS 387.124. The Superintendent of Public Instruction shall approve such a request if the Superintendent determines that the charter school satisfies the requirements of this subsection. If the Superintendent of Public Instruction approves such a request, the Superintendent shall provide notice of his or her decision to the governing body of the charter school and the sponsor of the charter school. The governing body of a charter school may submit a request for a reduction of the sponsorship fee if:

(a) The charter school has been operating in this State for at least 3 consecutive years and is in good financial standing;

(b) Each financial audit and each performance audit of the charter school required pursuant to NRS 386.540 contains no major notations, corrections or errors concerning the charter school for at least 3 consecutive years;

(c) The charter school has met or exceeded adequate yearly progress as determined pursuant to NRS 385.3613 or has demonstrated improvement
in the achievement of pupils enrolled in the charter school, as indicated by annual measurable objectives determined by the State Board, for the majority of the years of its operation; and

(d) At least 75 percent of the pupils enrolled in the charter school who are required to take the high school proficiency examination have passed that examination, if the charter school enrolls pupils at the high school grade level.

4. To determine the amount of money for distribution to a charter school in its first year of operation, the count of pupils who are enrolled in the charter school must initially be determined 30 days before the beginning of the school year of the school district, based on the number of pupils whose applications for enrollment have been approved by the charter school. The count of pupils who are enrolled in the charter school must be revised on the last day of the first school month of the school district in which the charter school is located for the school year, based on the actual number of pupils who are enrolled in the charter school. Pursuant to subsection 5 of NRS 387.124, the governing body of a charter school may request that the apportionments made to the charter school in its first year of operation be paid to the charter school 30 days before the apportionments are otherwise required to be made.

5. If a charter school ceases to operate as a charter school during a school year, the remaining apportionments that would have been made to the charter school pursuant to NRS 387.124 for that year must be paid on a proportionate basis to the school districts where the pupils who were enrolled in the charter school reside.

6. The governing body of a charter school may solicit and accept donations, money, grants, property, loans, personal services or other assistance for purposes relating to education from members of the general public, corporations or agencies. The governing body may comply with applicable federal laws and regulations governing the provision of federal grants for charter schools. The State Board of Charter Schools may assist a charter school that operates exclusively for the enrollment of pupils who receive special education in identifying sources of money that may be available from the Federal Government or this State for the provision of educational programs and services to such pupils.

7. If a charter school uses money received from this State to purchase real property, buildings, equipment or facilities, the governing body of the charter school shall assign a security interest in the property, buildings, equipment and facilities to the State of Nevada.

8. The governing body of a charter school may submit to the Superintendent of Public Instruction a written request to delay a quarterly payment of a reimbursement for the administrative costs that a charter school owes pursuant to this section. The written request must be in the form prescribed by the Superintendent and must include, without limitation,
documentation that a financial hardship exists for the charter school and a plan for the payment of the reimbursement. The Superintendent may approve or deny the request and shall notify the governing body and the sponsor of the charter school of the approval or denial of the request.

Sec. 47. NRS 386.576 is hereby amended to read as follows:
386.576  1. The Fund for Charter Schools is hereby created in the State Treasury as a revolving loan fund, to be administered by the [Department.] State [Board of Charter Schools] Public Charter School Authority.
   2. The money in the revolving fund must be invested as other state funds are invested. All interest and income earned on the money in the revolving fund must be credited to the revolving fund. Any money remaining in the revolving fund at the end of a fiscal year does not revert to the State General Fund, and the balance in the Fund must be carried forward.
   3. All payments of principal and interest on all the loans made to a charter school from the revolving fund must be deposited in the State Treasury for credit to the revolving fund.
   4. Claims against the revolving fund must be paid as other claims against the State are paid.
   5. The [Department] State [Board of Charter Schools] Public Charter School Authority may accept gifts, grants, bequests and donations from any source for deposit in the revolving fund.

Sec. 48. NRS 386.577 is hereby amended to read as follows:
386.577  1. Sec. 53. NRS 387.124 is hereby amended to read as follows:
387.124 Except as otherwise provided in this section and NRS 387.528:

1. On or before August 1, November 1, February 1 and May 1 of each year, the Superintendent of Public Instruction shall apportion the State Distributive School Account in the State General Fund among the several county school districts, charter schools and university schools for profoundly gifted pupils in amounts approximating one-fourth of their respective yearly apportionments less any amount set aside as a reserve. The apportionment to a school district, computed on a yearly basis, equals the difference between the basic support and the local funds available pursuant to NRS 387.1235, minus all the funds attributable to pupils who reside in the county but attend a charter school, all the funds attributable to pupils who reside in the county and are enrolled full-time or part-time in a program of distance education provided by another school district or a charter school and all the funds attributable to pupils who are enrolled in a university school for profoundly gifted pupils located in the county. No apportionment may be made to a school district if the amount of the local funds exceeds the amount of basic support.

2. Except as otherwise provided in subsection 3, the apportionment to a charter school, computed on a yearly basis, is equal to the sum of the basic support per pupil in the county in which the pupil resides plus the amount of local funds available per pupil pursuant to NRS 387.1235 and all other funds available for public schools in the county in which the pupil resides minus the sponsorship fee prescribed by NRS 386.570 and minus all the funds attributable to pupils who are enrolled in the charter school but are concurrently enrolled part-time in a program of distance education provided by a school district or another charter school. If the apportionment per pupil to a charter school is more than the amount to be apportioned to the school district in which a pupil who is enrolled in the charter school resides, the school district in which the pupil resides shall pay the difference directly to the charter school.

3. The apportionment to a charter school that is sponsored by the State [Board of Charter Schools] Public Charter School Authority or by a college or university within the Nevada System of Higher Education, computed on a yearly basis, is equal to the sum of the basic support per pupil in the county in which the pupil resides plus the amount of local funds available per pupil pursuant to NRS 387.1235 and all other funds available for public schools in the county in which the pupil resides, minus the sponsorship fee prescribed by NRS 386.570 and minus all funds attributable to pupils who are enrolled in the charter school but are concurrently enrolled part-time in a program of distance education provided by a school district or another charter school.

4. In addition to the apportionments made pursuant to this section, an apportionment must be made to a school district or charter school that provides a program of distance education for each pupil who is enrolled part-time in the program. The amount of the apportionment must be equal to the percentage of the total time services are provided to the pupil through the
program of distance education per school day in proportion to the total time services are provided during a school day to pupils who are counted pursuant to subparagraph (2) of paragraph (a) of subsection 1 of NRS 387.1233 for the school district in which the pupil resides.

5. The governing body of a charter school may submit a written request to the Superintendent of Public Instruction to receive, in the first year of operation of the charter school, an apportionment 30 days before the apportionment is required to be made pursuant to subsection 1. Upon receipt of such a request, the Superintendent of Public Instruction may make the apportionment 30 days before the apportionment is required to be made. A charter school may receive all four apportionments in advance in its first year of operation.

6. The apportionment to a university school for profoundly gifted pupils, computed on a yearly basis, is equal to the sum of the basic support per pupil in the county in which the university school is located plus the amount of local funds available per pupil pursuant to NRS 387.1235 and all other funds available for public schools in the county in which the university school is located. If the apportionment per pupil to a university school for profoundly gifted pupils is more than the amount to be apportioned to the school district in which the university school is located, the school district shall pay the difference directly to the university school. The governing body of a university school for profoundly gifted pupils may submit a written request to the Superintendent of Public Instruction to receive, in the first year of operation of the university school, an apportionment 30 days before the apportionment is required to be made pursuant to subsection 1. Upon receipt of such a request, the Superintendent of Public Instruction may make the apportionment 30 days before the apportionment is required to be made. A university school for profoundly gifted pupils may receive all four apportionments in advance in its first year of operation.

7. The Superintendent of Public Instruction shall apportion, on or before August 1 of each year, the money designated as the "Nutrition State Match" pursuant to NRS 387.105 to those school districts that participate in the National School Lunch Program, 42 U.S.C. §§ 1751 et seq. The apportionment to a school district must be directly related to the district's reimbursements for the Program as compared with the total amount of reimbursements for all school districts in this State that participate in the Program.

8. If the State Controller finds that such an action is needed to maintain the balance in the State General Fund at a level sufficient to pay the other appropriations from it, the State Controller may pay out the apportionments monthly, each approximately one-twelfth of the yearly apportionment less any amount set aside as a reserve. If such action is needed, the State Controller shall submit a report to the Department of Administration and the Fiscal Analysis Division of the Legislative Counsel Bureau documenting reasons for the action.

Amendment No. 303.
"SUMMARY—Revises provisions governing the possession of pets by tenants of a manufactured home park. (BDR 10-960)"

"AN ACT relating to property; revising provisions governing the possession of pets by tenants of a manufactured home park; and providing other matters properly relating thereto."

Legislative Counsel's Digest:

Existing law generally prohibits a landlord of a manufactured home park or his or her agent or employee from: (1) charging a fee for pets kept by tenants in the park; or (2) including in a rental agreement the requirement to pay an additional fee for keeping a pet. (NRS 118B.050, 118B.140) This bill additionally prohibits a landlord or his or her agent or employee from requiring a tenant to pay a deposit as a prerequisite to keeping a pet in the park. This bill also provides that a landlord [for his or her agent or employee shall not prohibit a tenant from keeping a dog or cat as a pet unless the dog or cat poses a threat to the safety of others in the park] cannot prohibit a tenant from keeping at least one dog or cat as a pet, but authorizes a landlord to adopt reasonable restrictions: (1) prohibiting a tenant from keeping a vicious or dangerous animal; (2) concerning the size of a pet kept by a tenant; and (3) concerning the number of pets kept by a tenant.

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

Section 1. NRS 118B.140 is hereby amended to read as follows:

118B.140 1. Except as otherwise provided in subsection 2, the landlord or his or her agent or employee shall not:

(b) Charge or receive:

(1) Any entrance or exit fee for assuming or leaving occupancy of a manufactured home lot.

(2) Any transfer or selling fee or commission as a condition to permitting a tenant to sell his or her manufactured home or recreational vehicle within the manufactured home park, even if the manufactured home or recreational vehicle is to remain within the park, unless the landlord is licensed as a dealer of manufactured homes pursuant to NRS 489.311 and has acted as the tenant's agent in the sale pursuant to a written contract.

(3) Any fee for the tenant's spouse or children.

(4) Any fee for pets kept by a tenant in the park. If special facilities or services are provided, the landlord may also charge a fee reasonably related to the cost of maintenance of the facility or service and the number of pets kept in the facility.
Any additional service fee unless the landlord provides an additional service which is needed to protect the health and welfare of the tenants, and written notice advising each tenant of the additional fee is sent to the tenant 90 days in advance of the first payment to be made, and written notice of the additional fee is given to prospective tenants on or before commencement of their tenancy. A tenant may only be required to pay the additional service fee for the duration of the additional service.

Any fee for a late monthly rental payment within 4 days after the date the rental payment is due or which exceeds $5 for each day, excluding Saturdays, Sundays and legal holidays, which the payment is overdue, beginning on the day after the payment was due. Any fee for late payment of charges for utilities must be in accordance with the requirements prescribed by the Public Utilities Commission of Nevada.

Any fee, surcharge or rent increase to recover from his or her tenants the costs resulting from converting from a master-metered water system to individual water meters for each manufactured home lot.

Any fee, surcharge or rent increase to recover from his or her tenants any amount that exceeds the amount of the cost for a governmentally mandated service or tax that was paid by the landlord.

(c) Require a tenant to pay a deposit as a prerequisite to keeping a pet in the manufactured home park or prohibit a tenant from keeping at least one dog or cat as a pet, unless the dog or cat poses a threat to the safety of others in the park. The landlord may adopt reasonable restrictions:

Legislative Counsel's Digest:

Section 4 of this bill requires a business entity or a data collector to ensure that any personal information which is stored on the data storage device of a copier, facsimile machine or multifunction device in the possession of the business entity or data collector is securely encrypted or destroyed by certain approved methods before the business entity or data collector relinquishes ownership, physical control or custody of the copier, facsimile machine or multifunction device to another person. Section 4 also requires the owner or lessor of a copier, facsimile machine or multifunction device that is leased or rented to a business entity or data collector to ensure that any personal information which is stored on the copier, facsimile machine or multifunction device is destroyed by certain approved methods as soon as practicable after the termination or cancellation of the lease agreement or rental contract, or upon assuming physical custody or control of the copier, facsimile machine or multifunction device. Existing law prohibits a data collector from moving any data storage device containing personal information beyond the control of the data collector or its data storage contractor unless the data collector uses encryption to ensure the security of the information. (NRS 603A.215) Section 6 of this bill additionally prohibits a data collector from moving a data storage device which is used by or is a component of a multifunctional device beyond the control of the data collector, its data storage contractor or a person who assumes the obligation of the data collector to protect personal information unless the data collector uses encryption to ensure the security of the information.

Remarks by Senators Halseth and Schneider.
Senator Halseth requested that the following remarks be entered in the Journal.

SENATOR HALSETH:
Amendment No. 304 to Senate Bill No. 267 revises the bill as a whole.
Instead, the amendment provides that a data collector doing business in Nevada who is not subject to the Payment Card Industry Data Security Standard shall take certain steps to ensure that personal information stored on certain machines is secure.
The amendment requires that a data collector shall not move any data storage device containing personal information beyond the logical or physical controls of a service provider that assumes the obligation of the data collector to protect the personal information, if the data storage device is used by, or as a component of, a multifunctional device, unless the data collector uses encryption to ensure the security of the information.
The amendment also defines the term, "multifunctional device."

SENATOR SCHNEIDER:
Thank you, Mr. President. This is probably one of the most important bills of the session. I did not know anything about this until it was presented. People and businesses have copier machines. The information for any copy that has been made is stored on the hard drive of the copier. Attorneys' offices, doctors' offices and all other offices that use copiers trade their old
machines in for newer models. All of the copies they have made are stored on the hard drive and can be accessed by anyone. This is a great bill and I want to commend my fellow Senator for bringing this bill to us.

The task force must consist of the Commissioner, the Director of the Department of Health and Human Services, and three other members with knowledge and experience concerning health insurance or health care in this State who are appointed by the Commissioner. Sections 8-12, 14 and 15 of this bill require written notice of a contract modification between certain insurers and a provider of health care which involves the insurer's schedule of payments to be sent to the provider at least 90 days before the proposed modification will take effect, and require such insurers, upon request, to submit to a provider of health care with whom they contract any changes to the fee schedule applicable to the provider's practice. Section 14.5 of this bill imposes similar requirements with respect to contracts between an organization for dental care and a dentist and, consistent with similar provisions of law, provides that such a contract may be modified at any time pursuant to a written agreement executed by both parties.

Section 16 of this bill requires the Department of Health and Human Services, with respect to the State Plan for Medicaid and the Children's Health Insurance Program, to include in each state plan which provides medical assistance a rate for reimbursing providers of health care which is not lower than the rate offered by Medicare in 2002 and report every rate of reimbursement for physicians which is provided on a fee-for-service basis and which is lower than the rate provided on the current Medicare fee schedule for care and services provided by physicians. Section 16 also requires the Director of the Department to publish a schedule of such rates of reimbursement on an Internet website maintained by the Department and to submit an annual report concerning such rates to the Legislature.
Section 17.5 of this bill provides that certain requirements concerning health insurance that are enacted after January 1, 2011, shall be deemed not to apply to certain nonprofit entities.

Existing law requires the Commissioner of Insurance to prescribe a single, standardized form for use by insurers, carriers, societies, corporations, health maintenance organizations and managed care organizations to obtain any information relating to the credentials of a provider of health care. (NRS 629.095) Section 21 of this bill requires the Commissioner to prescribe that form for use by hospitals, medical facilities and other facilities that provide health care.

Section 24.5 of this bill requires the Department of Health and Human Services to conduct a study concerning medical homes and to submit certain reports concerning the study to the Legislature. Section 24.7 of this bill imposes similar reporting requirements on the Department with respect to its study of electronic identification cards that contain information relating to health insurance.

3. Each instance in which an owner or operator allows a person who is less than 18 years of age to use the tanning equipment of the tanning establishment without identifying and obtaining the consent of a parent or guardian of the person in the manner prescribed by subsection 1 of section 5 of this act constitutes a separate occurrence.

4. The owner or operator of a tanning establishment who, in good faith, complies with the requirements of subsection 1 of section 5 of this act is not liable in an action brought pursuant to this section.

Sec. 7. This act becomes effective on July 1, 2011.
Senator Halseth moved the adoption of the amendment.
Remarks by Senators Halseth, Lee and Copening.
Senator Halseth requested that the following remarks be entered in the Journal.

SENATOR HALSETH:
Amendment No. 301 to Senate Bill No. 291 imposes certain requirements on an operator of a tanning establishment before the operator may allow a person under the age of 18 to use tanning equipment.
A parent or guardian must physically appear at the tanning establishment and produce suitable identification. The parent or guardian must also sign a written consent verifying that the person signing is the parent or guardian of the minor and expressly authorizing the minor to use tanning equipment at the establishment.
An operator who does not identify a parent or guardian is subject to a civil action with specified damages, in addition to costs and attorney's fees.
An owner or operator who complies in good faith with the identification and consent provisions of the bill is not liable in a civil action.

SENATOR LEE:
Is the $2,000 fine for the first occurrence a mandatory fine or can it be waived?

SENATOR HALSETH:
I would like to refer all questions regarding this bill to my colleague from Senate District No. 6.

SENATOR COPENING:
If that is a concern to you, I have no problem putting that language in there. It allows a parent to take a civil action against a tanning facility. If they did not want to take a civil action against the facility, they would not have to. It is their choice. If the court wanted to waive the judgment, they could do it.

SENATOR LEE:
Thank you, I appreciate it.

2. An employee or authorized representative of a vendor who sells or offers coverage under a policy of portable electronics insurance pursuant to this section shall not advertise, represent or otherwise hold himself or herself out as a licensed producer of insurance [or engage in any other conduct for which a license or certificate is required pursuant to this title] unless the person is licensed as a producer of insurance.

Sec. 12.

1. An authorized insurer may deliver or issue for delivery in this State a policy of portable electronics insurance as a group or master inland marine policy issued to a vendor. A vendor may provide coverage for portable electronics under the policy to customers who elect to enroll under the policy. The policy may be offered on a month-to-month or other periodic basis. Sec. 13. 1. A vendor shall make available to a prospective customer, at each location where the vendor sells or offers coverage under a policy of portable electronics insurance, a printed brochure or other written material concerning the coverage available under the policy of portable electronics insurance. A policy of portable electronics insurance, including the certificate of coverage of the policy, must be filed with the Commissioner not later than 15 days after the effective date of the policy.

Sec. 14. 1. If a customer purchases a policy of portable electronics insurance from a vendor or elects to enroll in coverage under the vendor's policy of portable electronics insurance, the vendor may bill and collect the charges for the portable electronics insurance coverage.

All money collected by a vendor from an enrolled customer for the sale of portable electronics insurance shall be deemed to be held in trust by the vendor in a fiduciary capacity for the benefit of the insurer. A vendor is entitled to receive compensation for billing and collection services.

Sec. 15. Notwithstanding any other provision of law:

1. Except as otherwise provided in this section, an insurer that issues a policy of portable electronics insurance may not terminate the
policy before the expiration of the agreed term of the policy; or otherwise change any term or condition of the policy if, unless, not less than 30 days before the effective date of the [cancellation or changed term or condition,] termination, the insurer provides notice to:

(a) The holder of the policy of portable electronics insurance; and

(b) If the policy is a group policy issued to a vendor under which individual customers may elect to enroll for coverage, each [covered] enrolled customer.

2. An insurer shall not change any term or condition of a policy of portable electronics insurance more than once in any 6-month period. If the insurer changes a term or condition of a policy of portable electronics insurance [pursuant to subsection 1], the insurer shall, not less than 30 days before the effective date of the change, provide:

(a) The policyholder with a revised policy or endorsement; and

(b) Each [covered] enrolled customer with a revised certificate of coverage, endorsement, brochure or other evidence of coverage which:

(2) Provides a summary of the material changes.

3. An insurer may terminate [a covered] an enrolled customer's coverage under a vendor's policy of portable electronics insurance upon the discovery of fraud or material misrepresentation by the [covered] enrolled customer in obtaining the coverage or in presenting a claim thereunder if the insurer provides notice of the termination to the vendor and the [covered] enrolled customer within 15 days after discovery of the fraud or material misrepresentation.

4. An insurer may terminate an enrolled customer's coverage under a vendor's policy of portable electronics insurance if the enrolled customer fails to pay a premium and the insurer gives the enrolled customer not less than 10 days' notice of his or her failure to pay the premium.

5. An insurer may immediately terminate [a covered] an enrolled customer's coverage under a vendor's policy of portable electronics insurance:

(a) [For the enrolled customer's failure to pay a premium when due;]

(b) If the [covered] enrolled customer ceases to have an active service with the vendor; or

(c) [If the enrolled customer exhausts the aggregate limit of liability, if any, under the terms of the policy of portable electronics insurance and the insurer provides notice of termination to the customer within 30 calendar days after exhaustion of the limit. If the insurer fails to provide timely notice as required by this paragraph, the enrolled customer's coverage under the policy continues until the insurer provides notice of termination to the enrolled customer notwithstanding the exhaustion of the aggregate limit of liability.]
6. A vendor or other holder of a group policy of portable electronics insurance shall not terminate an enrolled customer's coverage under the policy unless, not less than 30 days before the effective date of the termination, the insurer provides notice to the enrolled customer of the termination of the policy and the effective date of termination. An insurer may authorize a vendor to provide notice to an enrolled customer on behalf of the insurer pursuant to this subsection.

7. Any notice that is required pursuant to this section must be in writing and be:
   (a) Mailed or delivered to the enrolled customer, vendor or other policyholder at his or her last known address; or
   (b) Sent by electronic mail or other electronic means in accordance with regulations adopted by the Commissioner to the enrolled customer, vendor or other policyholder at the electronic mail address of the enrolled customer, vendor or other policyholder last known by the insurer.

An insurer or vendor who provides notice pursuant to this subsection must maintain proof of mailing or delivery in a form authorized or accepted by the United States Postal Service or other commercial mail delivery service or an electronic record or other proof that the notice was sent.

Sec. 16. If a vendor or an employee or authorized representative of a vendor violates any provision of this chapter or an order or regulation of the Commissioner issued or adopted pursuant thereto, the Commissioner may, after notice and an opportunity for a hearing:
   1. Impose an administrative fine pursuant to NRS 683A.461 for each violation, which must not exceed $50,000 in the aggregate;
   2. Suspend a vendor's privilege of engaging in the sale or offering of coverage under a policy of portable electronics insurance at a particular location where the vendor does business;
   3. Suspend or revoke the privilege of an employee or authorized representative of a vendor to sell or offer coverage under a policy of portable electronics insurance; or
   4. Suspend or revoke the license issued by the Commissioner to the vendor as a licensed producer of insurance.

Sec. 17. The Commissioner may adopt such regulations as necessary to carry out the provisions of this chapter.

Sec. 18. NRS 683A.261 is hereby amended to read as follows:

1. Unless the Commissioner refuses to issue the license under NRS 683A.451, the Commissioner shall issue a license as a producer of insurance to a person who has satisfied the requirements of NRS 683A.241 and 683A.251. A producer of insurance may qualify for a

A producer of insurance may submit a request for a renewal of his or her license within 30 days after the date specified on the license for the renewal if the producer of insurance otherwise complies with the provisions of this subsection and pays, in addition to any fee paid pursuant to this subsection, a penalty of 50 percent of all applicable renewal fees, except for any fee required

3. A natural person who allows his or her license as a producer of insurance to expire may reapply for the same license within 12 months after the date specified on the license for a renewal without passing a written examination or completing a course of study required by paragraph (c) of subsection 1 of NRS 683A.251, but a penalty of twice all applicable renewal fees, except for any fee required pursuant to NRS 680C.110, is required for any request for a renewal of the license that is received after the date specified on the license for the renewal.

4. A licensed producer of insurance who is unable to renew his or her license because of military service, extended medical disability or other extenuating circumstance may request a waiver of the time limit and of any fine or sanction otherwise required or imposed because of the failure to renew.

5. A license must state the licensee's name, address, personal identification number, the date of issuance, the lines of authority and the date of expiration and must contain any other information the Commissioner considers necessary. A resident producer of insurance shall maintain a place of business in this State which is accessible to the public and where the resident producer of insurance principally conducts transactions under his or her license. The place of business may be in his or her residence. The license must be conspicuously displayed in an area of the place of business which is open to the public.

6. A licensee shall inform the Commissioner of each change of location from which the licensee conducts business as a producer of insurance and each change of business or residence address, in writing or by other means acceptable to the Commissioner, within 30 days after the change. If a licensee changes the location from which the licensee conducts business as a producer of insurance or his or her business or residence address without giving written notice and the Commissioner is unable to locate the licensee after diligent effort, the Commissioner may revoke the license without a hearing. The mailing of a letter by certified mail, return receipt requested, addressed to the licensee at his or her last mailing address appearing on the records of the Division, and the return of the letter undelivered, constitutes a diligent effort by the Commissioner.

Sec. 19. NRS 683A.291 is hereby amended to read as follows:

683A.291 1. An applicant for licensing in this state as a producer of insurance who was previously licensed for the same lines of authority in another state need not complete any education or examination if the applicant is currently licensed in that state or, if the application is received within 90 days after the cancellation of the license, the other state certifies that the applicant was in good standing at the time of cancellation. Alternatively, the
exemption is available if the records of the National Association of Insurance Commissioners show that the applicant is or was licensed and in good standing for the lines of authority requested.

2. An examination is not required for a producer of insurance who confines his or her activity to insurance categorized as limited line, credit, travel, portable electronics, baggage or fixed annuity, or covering vehicles leased for a short term.

3. A person licensed in another state who moves to this state and desires to become licensed as a resident producer of insurance with the benefit of the exemption provided in subsection 1 must apply for licensing within 90 days after establishing legal residence.

Sec. 20. Notwithstanding the provisions of sections 2 to 17, inclusive, of this act, a vendor is not required to be licensed as a producer of insurance limited to portable electronics insurance to sell or offer coverage under a policy of portable electronics insurance until 90 days after the Commissioner of Insurance makes available an application for such a license or October 1, 2011, whichever is later.

Sec. 21. This act becomes effective:

1. Upon passage and approval for the purposes of adopting regulations and performing any other preparatory administrative tasks that are necessary to carry out the provisions of this act; and

2. On October 1, 2011, for all other purposes.

The following amendment was proposed by the Committee on Commerce, Labor and Energy:
Amendment No. 302.
"SUMMARY—Revises certain provisions relating to energy. (BDR 58-236)"
"AN ACT relating to energy; requiring the Nevada Energy Commissioner to prescribe minimum standards of energy efficiency for certain electrical devices; authorizing the Commissioner to charge and collect a fee from manufacturers of certain electrical devices for the costs of any tests to confirm that such electrical devices comply with the minimum standards of energy efficiency prescribed by the Commissioner; authorizing the Commissioner to impose administrative fines; requiring the Public Utilities Commission of Nevada, in evaluating a 3-year plan submitted by an electric utility, to give preference to certain measures and sources of electricity; requiring an electric utility to include in its 3-year plan at least one scenario of supply and demand which maximizes the achievable net benefits from energy efficiency and conservation measures and programs; requiring the Commission to adopt regulations which include the opportunity for an electric utility to earn a return on investment from the implementation of energy efficiency and conservation programs equal to the return on investment earned by the utility from investment in alternative supply-side resources; and providing other matters properly relating thereto."

Legislative Counsel's Digest:

Existing law requires the Nevada Energy Commissioner to prepare a comprehensive state energy plan which includes the promotion of the use of measures which conserve or reduce the demand for energy or which result in more efficient use of energy. (NRS 701.190) Existing law also requires the Commissioner to adopt regulations for the conservation of energy in buildings and to adopt regulations establishing a minimum standard of energy efficiency for general purposes lights. (NRS 701.220, 701.260)

Section 1 of this bill requires the Commissioner to adopt regulations prescribing a minimum standard of energy efficiency for portable light fixtures and televisions and authorizes the Commissioner to prescribe a minimum standard of energy efficiency for any other electrical devices. In addition, section 1 requires the Commissioner to adopt regulations establishing the procedures by which a manufacturer of an electrical device is required to: (1) demonstrate that the electrical device complies with the minimum standard of energy efficiency; (2) identify that the device complies with the minimum standard of energy efficiency; and (3) make available to the Commissioner samples of the device for the purpose of conducting tests to confirm that the device complies with the minimum standard of energy efficiency. Section 1 authorizes the Commissioner to charge and collect a fee from the manufacturer of an electrical device for the cost of conducting tests to confirm that the device complies with the minimum standard of energy efficiency. Section 1 also authorizes the Commissioner to impose an administrative fine on any manufacturer of an electrical device who does not comply with section 1 or the regulations adopted pursuant thereto. Finally, section 1 requires the Commissioner to make available to the public information concerning the minimum standards of energy efficiency prescribed by the Commissioner. Section 5 of this bill requires the
Commissioner to adopt the regulations prescribing the minimum standards of energy efficiency on or before October 1, 2012.

Section 2 of this bill requires an electric utility to include as part of its 3-year plan submitted to the Public Utilities Commission of Nevada a comparison of scenarios of the best combinations of supply to meet demands or the best methods to reduce demands, at least one of which must be a scenario in which the achievable net benefits from energy efficiency and energy conservation measures and programs are maximized.] Section 3 of this bill requires, rather than authorizes, the Commission, in evaluating the adequacy of a 3-year plan submitted by an electric utility, to give preference to those energy efficiency measures, purchasing decisions and sources of energy identified in the plan which provide the greatest economic and environmental benefits to the State and which provide levels of service that are adequate and reliable. [Section 4 of this bill requires that the regulations adopted by the Commission relating to energy efficiency and conservation programs include an opportunity for the electric utility to earn a return on investment from the implementation of such programs that is equal to the return on investment the electric utility could otherwise earn from investing in alternative supply-side resources. Section 4 provides that the return on investment which may be earned by the electric utility must be based upon the performance of the energy efficiency and conservation programs.]

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

3. A regulation adopted pursuant to subsection 1 which establishes or amends a minimum standard of energy efficiency for an electrical device must not become effective until 1 year after the date on which the regulation is adopted.

4. The Commissioner shall adopt regulations establishing the procedures by which a manufacturer of an electrical device for which the

Legislative Counsel's Digest:

Existing law provides for the licensure or registration and regulation of various professions in this State. (Title 54 of NRS) This bill provides for the registration, permitting and regulation of asset management companies and their employees and agents by the Real Estate Division of the Department of Business and Industry. Asset management companies provide management services for real property which is in foreclosure and which is owned by a bank, mortgage broker, mortgage banker, credit union, thrift company or savings and loan association, or any subsidiary thereof or a governmental entity. Such companies manage the property, performing services such as securing the property by changing locks, removing trash and debris, cleaning the home and surrounding property, performing maintenance and repairs of homes and disposing of the personal property of homeowners left in homes which are in foreclosure and which the legal owner has deemed abandoned.

Section 23 of this bill sets forth the requirements an asset management company must meet to be registered in this State, including criminal background checks on all principals, partners, directors and officers of the company. Section 24 of this bill requires asset management companies to carry sufficient insurance to cover any damage to [a home,] real property, any wrongful evictions [of homeowners] or any wrongful disposal of the personal property of a homeowner. Section 28 of this bill imposes a $2,000 application fee for registration as an asset management company, as well as a $500 fee for the issuance of a certificate of registration and an annual fee of $500 to renew the certificate of registration. or a tenant of a homeowner. Section 29 of this bill requires all employees or independent contractors of an asset management company to obtain a permit from the Division [and undergo a criminal background check] and pay a one-time fee of $75, at the expense of the employee or independent contractor.

Section 31 of this bill specifies the services an asset management company may provide and the steps an asset management company must take before it may dispose of the personal property of a homeowner [or a tenant of a homeowner,] including storage of the property for 30 days in a secure location and notifying the homeowner or the tenant in writing of the disposal and where the property may be reclaimed. Section 32 of this bill makes it a misdemeanor for a person to operate an asset management company in this State without being registered with the Division or for an
Section 33 of this bill makes it a misdemeanor for an asset management company or its agents to: (1) evict a homeowner without a court order while the homeowner still has time to redeem his or her property; (2) dispose of any personal property of a homeowner or a tenant of a homeowner except as provided in section 31; (3) seize a residence that is not in foreclosure; (4) allow any work to be done in a residence on real property by a person who is not licensed to do that type of work or allow any work to be done in a residence on real property which requires a permit or an inspection unless the permit is obtained or inspection completed; (5) conduct any activities for which a real estate license is required without such a license; or (6) fail to provide the real property disclosure to any purchaser of a residence for which the asset management company has provided services.

Existing law requires a seller to complete and serve a purchaser of residential property with a disclosure form regarding the property, but allows a purchaser to waive his or her right to receive such a form. (NRS 113.130) Section 34 of this bill prohibits a purchaser from waiving, or a seller from requiring a purchaser to waive, the purchaser's right to the disclosure form.

Senator Wiener moved the adoption of the amendment.
Remarks by Senators Wiener and Kieckhefer.
Senator Wiener requested that the following remarks be entered in the Journal.

SENATOR WIENER:
The amendment deletes the provisions in the bill regarding administrative subpoenas. Instead, it confers certain powers of a category II peace officer—including the ability to seek a warrant—upon employees of the Aging and Disability Services Division.
Such employees must be designated by the Administrator of the Division, and their powers are expressly for the purposes of performing investigations into reports of abuse, neglect, and exploitation of older and vulnerable persons.

SENATOR KIECKHEFER:
Thank you, Mr. President. I am trying to understand exactly what the powers of a peace officer are. I know you were trying to take out subpoena powers. I am concerned that this might be a powerful authority for a person to have.

SENATOR WIENER:
The bill addresses the problem of social workers who find what they believe is financial abuse or violation of seniors and vulnerable people. They are frustrated because, when they take their records to law enforcement, law enforcement often does not feel compelled to obtain a warrant from a judge. The State social workers would like to use administrative subpoena powers to go into the financial records to prove abuse. However, the Committee was concerned about Constitutional questions because these State workers would be using subpoena powers to conduct a search rather than a warrant. There was a suggestion that if the Division had a peace officer, then that peace officer would have the authority to do what law enforcement has not been doing for them. If this peace officer were able to present the case regarding abuse of seniors and the vulnerable to a judge, then this person would be able to access the records with a warrant.

SENATOR KIECKHEFER:
Are there other powers besides the ability to get a warrant that a peace officer would have?

SENATOR WIENER:
I do not know what the scope of authority is for a Peace Officer 2, but I know the intention of this is that the designation of Peace Officer 2 was for the express purpose of obtaining warrants to get information to prove their cases.

The following amendment was proposed by the Committee on Commerce, Labor and Energy:
Amendment No. 496.
"SUMMARY—Revises provisions governing disciplinary action against contractors. (BDR 54-225)"
"AN ACT relating to contractors; authorizing the State Contractors' Board to take disciplinary action against a contractor for nonpayment of taxes, fees or unemployment compensation contributions under certain circumstances; and providing other matters properly relating thereto."
Legislative Counsel's Digest:
Existing law provides for the licensing and regulation of contractors by the State Contractors' Board. (Chapter 624 of NRS) **Section 1** of this bill authorizes the Board to take certain actions against a contractor if the Board receives written notice from the Department of Taxation or the Department of Employment, Training and Rehabilitation regarding the contractor and of the existence of a lien against the contractor for nonpayment of taxes or fees or nonpayment of unemployment compensation contributions. Specifically, the Board, after notice and hearing, may: (1) suspend the license of the contractor until the lien expires, is released or is otherwise discharged; (2) require the contractor to file a bond with the Board; (3) require the contractor to obtain a performance bond and a payment bond; (4) take certain other disciplinary action against the contractor; and (5) recover all costs of the hearing from the contractor. **Section 1** also provides that such written notice creates a rebuttable presumption of the validity of the lien described in the notice. **Sections 4 and 6** of this bill require the Executive Director of the Department of Taxation and the Administrator of the Employment Security Division of the Department of Employment, Training and Rehabilitation, respectively, within 5 business days after receiving written notice of the recording of specified documentation and the acquisition of a lien against a contractor, to notify the Board of the name and license number of the contractor and the amount of the lien and also to notify the Board when the lien has expired, has been released or has been otherwise discharged.

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

**Section 1.** Chapter 624 of NRS is hereby amended by adding thereto a new section to read as follows:

   (a) Suspend the license of the contractor until the lien expires, is released or is otherwise discharged;

   (b) Require the contractor to file a bond or establish a cash deposit, subject to the terms and conditions applicable to other such bonds or cash deposits that may be required by the Board pursuant to subsection 6 of NRS 624.270;

   (c) Require the contractor, before commencing work on any construction project, to obtain a performance bond and a payment bond, subject to the terms and conditions applicable to other such bonds that may be required by the Board pursuant to subsection 8 of NRS 624.270;

   (e) Recover all costs of the hearing from the contractor.

3. It is unlawful for a person to receive money for the purpose of obtaining or paying for services, labor, materials or equipment if the person:

the provisions of NRS 624.300 to 624.305, inclusive \footnote{1}, and section 1 of this act.

The written notice provided to the State Contractors' Board must include a copy of the certificate that was recorded by the county recorder \footnote{if the county recorder returned a copy of the recorded certificate to the Department}.

Sec. 5. NRS 375A.305 is hereby amended to read as follows:

2. If the tax is not paid when due, the person who had possession of the property of the gross estate on the date of death of the decedent is personally liable for the tax. If the person who is liable for the tax transfers property of the gross estate to a bona fide purchaser or holder of a security interest, the lien imposed by subsection 1 attaches at the moment of the transfer to all of the property of the person who is liable for the tax including property the person acquires after the transfer, except the property which is transferred to a bona fide purchaser or a holder of a security interest. The lien does not attach to any property transferred to a bona fide purchaser or a holder of a security interest but it attaches to the consideration received for the property by the person who is liable for the tax.

The written notice provided to the State Contractors' Board must include a copy of the abstract of judgment that was filed with and returned by the county recorder if the county recorder returned a copy of the recorded abstract of judgment to the Administrator.

2. The Administrator shall notify the State Contractors' Board in writing within 5 business days after receiving any written notice from the county recorder that the lien has expired, has been released or has been otherwise discharged.
3. As used in this section, "contractor" has the meaning ascribed to it in NRS 624.020.

Sec. 7. NRS 612.645 is hereby amended to read as follows:

612.645 1. In all proceedings under NRS 612.625 to 612.640, inclusive, and section 6 of this act, the Unemployment Compensation Service shall be authorized to act in its name on behalf of the State of Nevada.

2. No costs or filing fees shall be charged to the State of Nevada in any proceedings brought under any provision of NRS 612.625 to 612.640, inclusive, and section 6 of this act nor shall any bond or undertaking be required of the State of Nevada, either in proceedings in the district court or on appeal to the Supreme Court.

Sec. 8. This act becomes effective on July 1, 2011.

Senator Roberson moved the adoption of the amendment.

Remarks by Senator Roberson.

Senator Roberson requested that his remarks be entered in the Journal.

Amendment No. 496 to Senate Bill No. 351 requires the State Contractors' Board to take certain action against a licensed contractor when the Board receives written notice specifying the license number of the contractor and the amount of a lien placed against the contractor by the Department of Taxation or the Employment Security Division.

A written notice received by the Board from the Department of Taxation creates a rebuttable presumption of the validity of the lien.

The Board may, after notice and hearing, recover all costs of a hearing held by the Board in connection with any action based on the lien.

Amendment No. 346.

"SUMMARY—Establishes the crime of stolen valor. (BDR 15-999)"

"AN ACT relating to crimes; establishing the crime of stolen valor; providing a penalty; and providing other matters properly relating thereto."

Legislative Counsel's Digest:

The federal Stolen Valor Act of 2005 prohibits a person from falsely representing himself or herself, verbally or in writing, to have been awarded certain military decorations or awards. A person who violates this provision may be fined, imprisoned for not more than 6 months or both fined and imprisoned. (18 U.S.C. § 704(b)) The United States Court of Appeals for the Ninth Circuit recently held that the Stolen Valor Act is facially invalid pursuant to the First Amendment to the Constitution of the United States and is therefore unconstitutional. The Ninth Circuit Court found that the Act as currently drafted restricts free speech rights, but the Court suggested that the statute could be modified into a constitutional anti-fraud statute. (United States v. Alvarez, 617 F.3d 1198, 1212, 1217 (9th Cir. 2010)) The
Court noted that to prove that a person is liable for fraud, it must be shown that the person knowingly made a false representation of fact to intentionally mislead another person and successfully misled the other person through such false representation. (United States v. Alvarez, 617 F.3d 1198, 1211 (9th Cir. 2010) (citing Ill. ex rel. Madigan v. Telemarketing Assocs., Inc., 538 U.S. 600, 620 (2003)))

Existing Nevada law prohibits a person from willfully wearing the badge, button, insignie or rosette of any military order or of any secret order or society, or from using any such item to obtain aid, assistance or any other benefit or advantage, if the person is not entitled to wear or use any such items. (NRS 205.410) This bill repeals existing Nevada law and provides that a person commits the crime of stolen valor if the person knowingly, with the intent to mislead or defraud and with the intent to obtain some benefit or something of monetary value, misleads or defrauds another person by committing various acts concerning the false representation of himself or herself with relation to military service.

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

Section 1. Chapter 205 of NRS is hereby amended by adding thereto a new section to read as follows:

1. A person shall not knowingly, with the intent to mislead or defraud:

(b) Make such false claims with the intent to obtain something of monetary value; and

(c) Mislead or defraud another person through such false claims and obtain something of monetary value.

5. A person shall not knowingly, with the intent to mislead or defraud:

(c) Mislead or defraud another person through the use of any such false document and obtain something of monetary value.

(b) Subsection 2, except as otherwise provided in subsection 7 or 8, is guilty of a misdemeanor.

(c) Subsection 3, except as otherwise provided in subsection 7 or 8, is guilty of a misdemeanor.

(d) Subsection 4 is guilty of a misdemeanor.

8. A person who violates subsection 2 or 3 by wearing or falsely representing himself or herself to have been awarded a Medal of Honor is guilty of a category E felony and shall be punished as provided in NRS 193.130.

Amendment No. 215.
"SUMMARY—Requires certain health care practitioners to communicate certain information to the public. (BDR 54-625)"
"AN ACT relating to health care practitioners; requiring that advertisements for health care services include certain information; requiring certain health care practitioners to communicate certain information to the public; and providing other matters properly relating thereto."

Legislative Counsel's Digest:
This bill, which is patterned after legislation recently enacted in California, requires certain health care practitioners to communicate the practitioner's name, type of state-granted practitioner license and highest level of academic degree to each of the practitioner's patients by:
(1) providing such information in writing at a patient's initial office visit;
(2) prominently displaying such information in an area of the practitioner's office that is visible to patients; or
(3) both providing such information in writing and prominently displaying such information. If a health care practitioner chooses to disclose such required information by providing the information in writing at a patient's initial office visit, the information must conform to a certain format. Additionally, a health care practitioner who provides information regarding health care services on an Internet website that is directly controlled or administered by the practitioner or his or her office personnel must prominently display the required information regarding the practitioner's name, license and degree on the Internet website. It requires that advertisements for health care services include certain information regarding the qualifications of certain health care practitioners to whom
the advertisement pertains, including information regarding any applicable licensure or board certification held by a health care practitioner. Such advertisements also must not include any deceptive or misleading information regarding a health care practitioner. This bill further requires certain health care practitioners who provide health care services in this State to: (1) communicate their specific licensure to all current and prospective patients; and (2) display in their office a writing that clearly identifies the type of license they hold, in a size that is visible and apparent to all current and prospective patients. A health care practitioner must comply with such advertising and patient disclosure requirements in each office in which the health care practitioner practices. This bill also exempts certain health care practitioners from disclosing such required information to patients.

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

A health care practitioner who provides health care services in this State must conspicuously post and affirmatively communicate his or her specific licensure to all current and prospective patients. The health care practitioner shall display in his or her office a writing that clearly identifies the type of license held by the health care practitioner. The writing must be of sufficient size to be visible and apparent to all current and prospective patients.

A health care practitioner who practices in more than one office shall comply with the requirements set forth in this section in each office in which he or she practices.

The provisions of this section do not apply to the following health care practitioners:

"SUMMARY—Establishes provisions authorizing public-private partnerships for certain projects. (BDR 22-297)"

"AN ACT relating to public-private partnerships; authorizing a public agency to enter into a public-private partnership for certain projects; setting forth requirements for such public-private partnerships; and providing other matters properly relating thereto."

Legislative Counsel's Digest:
Existing law sets forth standards and requirements for the public procurement of goods and services and for public works projects. (Chapters 332, 333, 334 and 338 of NRS) Section 8 of this bill provides an alternative to current standards and requirements by authorizing the State and certain local governments to enter into public-private partnerships. Sections 7 and 9 of this bill provide that a public-private partnership is a contract entered into by a private partner and the State or a local government under which the private partner assumes responsibility for: (1) planning, designing, financing, constructing, equipping, improving, maintaining or operating related to a museum, or any portion thereof, but where the State or local government retains ownership of the project; or (2) providing services that a public agency is authorized to provide. Sections 9-15 of this bill set forth the requirements for entering into a public-private partnership, including the solicitation and consideration of proposals, requirements for and authority of private partners, and the financing of the public-private partnership, and provide authority to carry out certain activities relating to the public-private partnership.

The following amendment was proposed by the Committee on Government Affairs:
   Amendment No. 338.
"SUMMARY—Grants power to local governments to perform certain acts or duties which are not prohibited or limited by statute. (BDR 20-170)"
"AN ACT relating to local government; authorizing counties and cities, with limited exceptions, to exercise the powers necessary for the effective operation of county and city government; and providing other matters properly relating thereto."

Legislative Counsel's Digest:
In 1868, Judge John F. Dillon of the Iowa Supreme Court established a common-law rule of statutory interpretation known as Dillon's Rule, which limits the powers of local governments. (Merriam v. Moody's Ex'rs, 25 Iowa 163 (Iowa 1868)) Under Dillon's Rule, a local government is authorized to exercise only those powers which are: (1) expressly granted; (2) necessarily or fairly implied in or incident to the powers expressly granted; or
(3) essential to the accomplishment of the declared purposes of the local government.

Under existing law, county commissioners are authorized to exercise only those powers which are expressly granted and powers that are necessarily implied to carry out express powers. (Sadler v. Board of County Comm’rs, 15 Nev. 39, 42 (1880)) Sections 1-7 of this bill authorize a board of county commissioners, with limited exceptions, to exercise all powers needed for the effective operation of county government, even if the power to perform these acts is neither express nor implied, so long as the power is not expressly prohibited or limited by constitutional or statutory provisions or granted to another entity.

Under existing law, a city government is authorized to exercise only those powers expressly granted by the charter or laws creating the city, and the necessary means of employing those powers. (Tucker v. Mayor of Virginia City, 4 Nev. 20, 26 (1868)) Sections 8-21 of this bill authorize city governments, whether created by general law or charter, to exercise all powers needed for the effective operation of city government, with limited exceptions, even if the power to perform these acts is neither express nor implied, so long as the power is not expressly prohibited or limited by constitutional or statutory provisions or granted to another entity.

Under existing law, the corporation is prohibited from engaging in such a transaction with the stockholder for 3 years after the stockholder acquired the specified amount of stock, unless certain actions are taken by the board of directors of the corporation before the stockholder acquires the stock. (NRS 78.438) After the 3-year period, any such merger or transaction between the corporation and the stockholder is prohibited unless: (1) certain actions are taken by the board of directors or other stockholders; or (2) certain requirements concerning the consideration received by the other stockholders are satisfied. (NRS 78.439-78.443) Sections 14, 16 and 30-48 of this bill: (1) decrease the applicable period from 3 years to 2 years; (2) amend provisions governing the type of corporation to which the restrictions apply; (3) amend the requirements for the merger or other transaction between the corporation and the stockholder; (4) allow the articles of incorporation of the corporation to impose stricter requirements on such transactions; and (5) specify that the board of directors of a corporation to which the existing law is applicable may take certain actions to protect the interests of the corporation and its stockholders.

Existing law provides for an effective date of certain documents filed with the Secretary of State. (NRS 78.1955, 78.209, 78.380, 78.390, 78.403, 78.580, 78A.180, 82.346, 82.356, 82.371, 82.451, 86.201, 86.216, 86.221, 86.226, 86.541, 86.547, 87.460, 87A.240, 87A.605, 87A.630, 88.355, 88.360, 88.380, 88.595, 88A.250, 88A.420, 88A.740, 92A.240) Sections 20, 21, 27-29, 49, 55, 59-62, 65-68, 70, 71, 73, 74, 76, 77, 79-81, 83, 87, 90, 91 and 98 of this bill provide for a time at which these documents become effective.

Existing law provides that a change in the authorized number of shares of a class or series of stock is not effective until the filing of a certificate of change in the Office of the Secretary of State. (NRS 78.209) Section 21 of this bill provides that the information concerning the shares which is included in the certificate must be only the information regarding the affected series or class of shares.

Section 22 of this bill revises provisions governing permissible restrictions on the transfer of stock of a corporation or on the amount of stock that may be owned by a person or group of persons by clarifying and specifically...
Authorizing delineating certain additional restrictions on these transfers of stock.

Section 23 of this bill specifically authorizes a stockholder to designate a proxy to act for the stockholder in granting written consent or expressing written dissent to a corporate action.

Section 25 of this bill: (1) removes the requirement that the notice of a meeting of stockholders be signed by a corporate officer or certain other persons designated by the directors of the corporation; and (2) removes the requirement that notice of the annual meeting of stockholders state the purpose for which the meeting is called.

Existing law provides procedures for the dissolution of a corporation and provides that, upon dissolution, the board of directors become trustees with the power to take certain actions to wind up the business and affairs of the corporation. (NRS 78.575-78.595) Section 49 of this bill: (1) authorizes the board of directors to condition the submission of the proposal for dissolution on any lawful basis; and (2) revises the requirements for providing notice to stockholders of the proposed dissolution by requiring such notice to be provided to all stockholders rather than only stockholders entitled to vote on the dissolution. Section 51 of this bill provides that, in acting as trustees to wind up the affairs of the dissolved corporation, the directors have the same duties, and are entitled to the benefit of the same presumptions regarding the performance of those duties, as directors of a corporation. Sections 63 and 102 repeal a provision of existing law which provides that lawsuits for debts owed by dissolved corporations must be filed in the name of the trustees and that those trustees are jointly and severally responsible for satisfying such debts from the property of the corporation in their possession. Section 15 of this bill enacts a provision based on Delaware law which governs the liability of the stockholders of a dissolved corporation.

Existing law authorizes a corporation to indemnify and advance expenses to directors, officers, employees or agents of the corporation under certain circumstances. (NRS 78.7502, 78.751) This authority to indemnify and advance expenses does not affect other rights to which a person seeking indemnification or advancement of expenses is entitled under the articles or incorporation or the bylaws. (NRS 78.751) Section 53 of this bill enacts a provision based on Delaware law which provides that a right to indemnification or the advancement of expenses under the articles of incorporation or the bylaws may not be eliminated or impaired by an amendment to the provision after the act or omission for which indemnification or advancement of expenses is sought, unless such elimination or impairment is authorized by the provision in effect at the time of the act or omission.

Existing law provides that the amount of the fee for filing articles of incorporation with the Secretary of State is based on the dollar amount of the total number of shares provided for in the articles of incorporation. (NRS 78.760) When a corporation increases the number of authorized shares,
the fee for filing that information with the Secretary of State is determined by subtracting the amount of the fee based on the increased number of shares from the amount of the fee based on the number of authorized shares excluding the increase. (NRS 78.765) The maximum amount of the fee for filing with the Secretary of State articles of incorporation or an instrument authorizing an increase in stock is: (1) $35,000 for filing the original articles of incorporation; and (2) $35,000 for filing an instrument authorizing an increase in stock. (NRS 78.760) **Section 54** of this bill reduces to $34,925 the maximum amount of the fee for filing an instrument authorizing an increase in stock.

Existing law requires a corporation organized under the laws of another jurisdiction to register with the Secretary of State before commencing or doing any business in this State. (NRS 80.010) Under existing law, certain activities are defined as not doing business in this State, thus exempting corporations engaging in those activities from the requirement to register with the Secretary of State or comply with certain other laws of this State. (NRS 80.015) However, notwithstanding this provision, a person who solicits business for the activities of a mortgage broker or a mortgage banker is deemed to be doing business in this State and required to register with the Secretary of State and comply with other existing laws. Section 56 of this bill provides that a person who engages in such activities in relation to a mortgage loan secured by commercial real property is exempt from these requirements.

**Sections 52, 69, 75 and 82** of this bill revise provisions governing the satisfaction of a judgment against a stockholder, member of a limited-liability company or partner of a limited partnership from the interest of the stockholder, member or partner in the entity.

Existing law authorizes one or more persons to create a business trust by adopting a governing instrument and signing and filing a certificate of trust with the Secretary of State. (NRS 88A.210) **Sections 84-86, 88 and 89** of this bill revise provisions relating to the status of a business trust as an entity separate from its trustees and beneficial owners, the powers of a business trust with respect to property ownership and the duties and liabilities of trustees of a business trust.

**Section 96** of this bill revises provisions governing mergers for which action is not required by the stockholders of the surviving domestic corporation.

**Section 97** of this bill clarifies the provisions of existing law which are applicable to conversions of domestic entities or domestic general partnerships into foreign entities and to conversions of foreign entities or foreign general partnerships into domestic entities.

**Section 99** of this bill revises provisions relating to the domestication of certain business entities.

Under existing law, certain stockholders may dissent to certain corporate actions that will result in the receipt of money or scrip instead of a fraction of
a share and obtain payment of the fair value of the stockholder's shares. (NRS 78.205-78.207, 92A.380) **Section 100** of this bill clarifies that the right to obtain payment of the fair value of the shares relates only to the fraction of a share rather than all of the stockholder's shares. **Section 101** of this bill clarifies the proper district court in which an action to determine the fair value of the shares must be commenced.

**THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:**

(b) Such inability becomes known to the secretary of the entity sending the electronic transmissions or to the transfer agent or other person responsible for the giving of notice or other communications.

The inadvertent failure to treat any such inability as a revocation does not invalidate any meeting or other action.

   (a) The electronic transmission is otherwise retrievable in perceivable form; and

A certificate of designation signed and filed pursuant to this section must become effective before the issuance of any shares of the class or series.

2. Unless otherwise provided in the articles of incorporation or the certificate of designation, the proposed amendment adopted by the board of directors must be approved by the vote of stockholders holding shares in the corporation entitled them to exercise a majority of the voting power, or such greater proportion of the voting power as may be required by the articles of incorporation or the certificate of designation, of:

(a) The class or series of stock being amended; and

(b) Each class and each series of stock which, before amendment, is senior to the class or series being amended as to the payment of distributions upon
dissolution of the corporation, regardless of any limitations or restrictions on the voting power of that class or series.

4. A certificate of amendment to a certificate of designation must be signed by an officer of the corporation and filed with the Secretary of State and must:

If a certificate filed pursuant to subsection 1 or 4 specifies a later effective date but does not specify an effective time, the certificate is effective at 12:01 a.m. in the Pacific time zone on the specified later date.

6. If shares of a class or series of stock established by a certificate of designation are not outstanding, the corporation may file a certificate which states that no shares of the class or series are outstanding and which contains the resolution of the board of directors authorizing the withdrawal of the certificate of designation establishing the class or series of stock. The provisions in the articles of incorporation of the corporation regarding the authorized number and par value, if any, of the changed class or, if applicable, the changed series, if any, of shares shall be deemed amended as provided in the certificate at the effective date and time of the change.

2. Unless an increase or decrease of the number of authorized shares pursuant to NRS 78.207 is accomplished by an action that otherwise requires an amendment to the articles of incorporation of the corporation, such an amendment is not required by that section.

3. A certificate filed pursuant to subsection 1 is effective upon the filing of the certificate with the Secretary of State or upon a later date and time as specified in the certificate, which date must not be more than 90 days after the date on which the certificate is filed. If a certificate filed pursuant to subsection 1 specifies a later effective date but does not specify an effective time, the certificate is effective at 12:01 a.m. in the Pacific time zone on the specified later date.

4. If a certificate filed pursuant to subsection 1 specifies an a later effective date, the board of directors may terminate the effectiveness of the certificate by resolution. A certificate of termination must:

(a) Be filed with the Secretary of State before the effective date specified in the certificate filed pursuant to subsection 1;

(b) Identify the certificate being terminated;

(c) State that the effectiveness of the certificate has been terminated;

(d) Be signed by an officer of the corporation; and

(e) Be accompanied by the fee required pursuant to NRS 78.765.

Sec. 22. NRS 78.242 is hereby amended to read as follows:

78.242 1. Subject to the limitation imposed by NRS 104.8204, a written restriction on the transfer or registration of transfer of the stock of a corporation, if permitted by this section, may be enforced against the holder of the restricted stock or any successor or transferee of the holder, including an executor, administrator, trustee, guardian or other fiduciary entrusted with like responsibility for the person or estate of the holder.

2. A restriction on the transfer or registration of transfer of the stock of a corporation, or on the amount of a corporation’s stock that may be owned by a person or group of persons, may be imposed by the articles of incorporation or by the bylaws or by an agreement among any number of stockholders or between or among one or more stockholders and the corporation. No restriction so imposed is binding upon any stockholder with
respect to [stocks issued before the adoption of the restriction unless the stockholders are parties to an] the shares of stock owned by such stockholder at the time the restriction is adopted, regardless of any later effective time of such restriction, unless such stockholder is a party to the agreement or voted in favor of the restriction.

3. A restriction on the transfer or the registration of transfer of shares is valid and enforceable against the transferee of the stockholder if the restriction is not prohibited by other law and its existence is noted conspicuously on the front or back of the stock certificate or is contained in the statement of information required by NRS 78.235. Unless so noted, a restriction is not enforceable against a person without knowledge of the restriction.

4. A restriction on the transfer or registration of transfer of the stock of a corporation or on the amount of such stock that may be owned by any person or group of persons is permitted, without limitation by this enumeration, if it:

(a) Obligates the stockholder first to offer to the corporation or to any other stockholder or stockholders of the corporation or to any other person or persons or to any combination of the foregoing a prior opportunity, to be exercised within a reasonable time, to acquire the stock;

(b) Obligates the corporation or any holder of stock of the corporation or any other person or any combination of the foregoing to purchase stock which is the subject of an agreement respecting the purchase and sale of the stock;

(c) Requires the corporation or any stockholder or stockholders to consent:

(1) Consent to any proposed transfer of the stock or to approve;

(2) Approve the proposed transferee of stock;

(3) Approve the amount of stock of the corporation proposed to be acquired by any person or group of persons;

(d) Prohibits or restricts the transfer of the stock to, or the ownership of stock by, designated persons or classes of persons, and such designation is not manifestly unreasonable; or

(e) Prohibits or restricts the transfer or registration of transfer of the stock or the amount of stock of a corporation that may be owned by a person or group of persons, for any of the following purposes:

(1) To maintain the corporation's status when it is dependent on the number or identity of its stockholders, including, without limitation, the corporation's status as an electing small business corporation under subchapter S of chapter 1 of subtitle A of the United States Internal Revenue Code, 26 U.S.C. § 1371 et seq., as amended, or any successor provision;

(2) To maintain or preserve the corporation's status or exemptions under federal or state laws governing taxes or securities, including, without limitation, the qualification of the corporation as a real estate investment trust.
pursuant to 26 U.S.C. §§ 856 et seq., as amended, or any successor provision, and any regulations adopted pursuant thereto; or

(3) To maintain or preserve any other local, state, federal or foreign tax advantage to, or attribute of, the corporation or its stockholders, including, without limitation, net operating losses;

(4) To maintain any statutory or regulatory advantage or to comply with any statutory or regulatory requirements under applicable local, state, federal or foreign law; or

(5) For any other reasonable purpose.

5. For the purposes of this section, "stock" includes a security convertible into or carrying an option or other right to subscribe for or to acquire stock.

Sec. 23. NRS 78.355 is hereby amended to read as follows:

78.355 1. [At any meeting of the stockholders of any corporation any] Each stockholder entitled to vote at a meeting of stockholders or to express consent or dissent to corporate action in writing without a meeting may designate another person or persons to act as stockholder by proxy. If any stockholder designates two or more persons to act as proxies, a majority of those persons present at the meeting, or a majority of those persons granting consent or exercising a right of dissent in writing, or, if only one is present, or consenting or dissenting in writing, then that one has and may exercise all of the powers conferred by the stockholder upon all of the persons so designated unless the stockholder provides otherwise. The proxy may be limited to action on designated matters.

2. Without limiting the manner in which a stockholder may authorize another person or persons to act for him or her as proxy pursuant to subsection 1, the following constitute valid means by which a stockholder may grant such authority:

(a) A stockholder may sign a writing authorizing another person or persons to act for him or her as proxy. The proxy may be limited to action on designated matters.

(b) A stockholder may authorize another person or persons to act for him or her as proxy by transmitting or authorizing the transmission of an electronic record to the person who will be the holder of the proxy or to a firm which solicits proxies or like agent who is authorized by the person who will be the holder of the proxy to receive the transmission. Any such electronic record must either set forth or be submitted with information from which it can be determined that the electronic record was authorized by the stockholder. If it is determined that the electronic record is valid, the persons appointed by the corporation to count the votes of stockholders and determine the validity of proxies and ballots or other persons making those determinations must specify the information upon which they relied.

3. Any copy, communication by electronic transmission or other reliable reproduction of the writing created pursuant to subsection 2 may be
substituted for the original record writing for any purpose for which the original record writing could be used, if the copy, communication by electronic transmission or other reproduction is a complete reproduction of the entire original record writing.

4. Except as otherwise provided in subsection 5, no such proxy is valid after the expiration of 6 months from the date of its creation unless the stockholder specifies in it the length of time for which it is to continue in force, which may not exceed 7 years from the date of its creation. Subject to these restrictions, any proxy properly created is not revoked and continues in full force and effect until:

(a) Another instrument or transmission revoking it or a properly created proxy bearing a later date is filed with or transmitted to the secretary of the corporation or another person or persons appointed by the corporation to count the votes of stockholders and determine the validity of proxies and ballots; or

(b) The stockholder revokes the proxy by attending the meeting and voting the stockholder's shares in person, in which case, any vote cast by the person or persons designated by the stockholder to act as a proxy or proxies must be disregarded by the corporation when the votes are counted.

5. A proxy shall be deemed irrevocable if the written authorization states that the proxy is irrevocable, but is irrevocable only for as long as it is coupled with an interest sufficient in law to support an irrevocable power, including, without limitation, the appointment as proxy of a pledgee, a person who purchased or agreed to purchase the shares, a creditor of the corporation who extended it credit under terms requiring the appointment, an employee of the corporation whose employment contract requires the appointment or a party to a voting agreement created pursuant to subsection 3 of NRS 78.365. Unless otherwise provided in the proxy, a proxy made irrevocable pursuant to this subsection is revoked when the interest with which it is coupled is extinguished, but the corporation may honor the proxy until notice of the extinguishment of the proxy is received by the corporation. A transferee for value of shares subject to an irrevocable proxy may revoke the proxy if the transferee did not know of its existence when the transferee acquired the shares and the existence of the irrevocable appointment was not noted conspicuously on the certificate representing the shares or on the information statement for shares without certificates.

6. If any stockholder subject to a properly created irrevocable proxy attends any meeting of the stockholders or attempts to grant a consent or exercise a right of dissent for which the authorization grants authority to act on the stockholder's behalf at the meeting, or in granting a consent or exercising a right of dissent, as applicable, to a proxy or proxies, unless expressly otherwise provided in the written authorization or electronic record:
(a) Only the proxy or proxies may have and exercise all the powers of the stockholder at the meeting or in granting a consent or exercising a right of dissent, as applicable; and

(b) Only a vote, consent or dissent, as applicable, of the proxy or proxies may be regarded as valid by the corporation when the votes are counted.

Sec. 24. NRS 78.360 is hereby amended to read as follows:

78.360 1. The articles of incorporation of any corporation may provide that at all elections of directors of the corporation each holder of stock possessing voting power is entitled to as many votes as equal the number of his or her shares of stock multiplied by the number of directors to be elected, and that the holder of stock may cast all of his or her votes for a single director or may distribute them among the number to be voted for or any two or more of them, as the holder of stock may see fit. To exercise the right of cumulative voting, one or more of the stockholders requesting cumulative voting must give written notice to the president or secretary of the corporation that the stockholder desires that the voting for the election of directors be cumulative.

2. The notice must be delivered not less than 48 hours before the time fixed for holding the meeting, if notice of the meeting has been delivered at least 10 days before the date of the meeting, and otherwise not less than 24 hours before the meeting. At the meeting, before the commencement of voting for the election of directors, an announcement of the delivery of the notice must be made by the chairman or the secretary of the meeting or by or on behalf of the stockholder delivering the notice. Notice to stockholders of the requirement of this subsection must be contained in the notice calling the meeting or in the proxy material accompanying the notice.

Sec. 25. NRS 78.370 is hereby amended to read as follows:

78.370 1. If under the provisions of this chapter stockholders are required or authorized to take any action at a meeting, the notice of the meeting must be in writing and signed by the president or a vice president, or the secretary or an assistant secretary, or by such other natural person or persons as the bylaws may prescribe or permit or the directors may designate.

2. Except in the case of the annual meeting, the notice must state the purpose or purposes for which the meeting is called. In all instances, the notice must state the time when, and the place, which may be within or without this State, where the meeting is to be held, and the means of electronic communications, if any, by which stockholders and proxies shall be deemed to be present in person and vote.

3. A copy of the notice must be delivered personally, mailed postage prepaid or delivered as provided in section 11 of this act to each stockholder of record entitled to vote at the meeting not less than 10 nor more than 60 days before the meeting. If mailed, it must be directed to the stockholder at his or her address as it appears upon the records of the
corporation. And upon the mailing of any such notice the service thereof is complete, and the time of the notice begins to run from the date upon which the notice is deposited in the mail for transmission to the stockholder. Personal delivery of any such notice to any officer of a corporation or association, to any member of a limited-liability company managed by its members, to any manager of a limited-liability company managed by managers, to any general partner of a partnership or to any trustee of a trust constitutes delivery of the notice to the corporation, association, limited-liability company, partnership or trust.

4. The articles of incorporation or the bylaws may require that the notice be also published in one or more newspapers.

5. Notice delivered or mailed to a stockholder in accordance with the provisions of this section and section 11 of this act and the provisions, if any, of the articles of incorporation or the bylaws is sufficient, and in the event of the transfer of the stockholder's stock after such delivery or mailing and before the holding of the meeting it is not necessary to deliver or mail notice of the meeting to the transferee.

6. Unless otherwise provided in the articles of incorporation or the bylaws, if notice is required to be given, delivered, under any provision of this chapter or the articles of incorporation or bylaws of any corporation, to any stockholder to whom:

(a) Notice of two consecutive annual meetings, and all notices of meetings or of the taking of action by written consent without a meeting to the stockholder during the period between those two consecutive annual meetings; or

(b) All, and at least two, payments sent by first-class mail of dividends or interest on securities during a 12-month period, have been mailed addressed to the stockholder at his or her address as shown on the records of the corporation and have been returned undeliverable, the giving of further notices to the stockholder is not required. Any action or meeting taken or held without notice to such a stockholder has the same effect as if the notice had been given, delivered. If any such stockholder delivers to the corporation a written notice setting forth his or her current address, the requirement that notice be given, delivered to the stockholder is reinstated. If the action taken by the corporation is such as to require the filing of a certificate under any of the other sections of this chapter, the certificate need not state that notice was not given, delivered to persons to whom notice was not required to be given, delivered pursuant to this subsection. The giving of further notices to a stockholder is still required for any notice returned as undeliverable if the notice was given, delivered by electronic transmission.

7. Unless the articles of incorporation or bylaws otherwise require, and except as otherwise provided in this subsection, if a stockholders' meeting is adjourned to another date, time or place, notice need not be given, delivered of the date, time or place of the adjourned meeting if they are announced at
the meeting at which the adjournment is taken. If a new record date is fixed for the adjourned meeting, notice of the adjourned meeting must be \textit{given} \textit{delivered} to each stockholder of record as of the new record date.

8. Any notice to stockholders given by the corporation pursuant to any provision of this chapter, chapter 92A of NRS, the articles of incorporation or the bylaws is effective if given by a form of electronic transmission consented to by the stockholder to whom the notice is given. The consent is revocable by the stockholder by written notice to the corporation. The consent is revoked if:

(a) The corporation is unable to deliver by electronic transmission two consecutive notices given by the corporation in accordance with the consent; and

(b) The inability to deliver by electronic transmission becomes known to the secretary, assistant secretary, transfer agent or other agent of the corporation responsible for the giving of notice. However, the inadvertent failure to treat the inability to deliver a notice by electronic transmission as a revocation does not invalidate any meeting or other action.

9. Notice given pursuant to subsection 8 shall be deemed given if:

(a) By facsimile machine, when directed to a number at which the stockholder has consented to receive notice;

(b) By electronic mail, when directed to an electronic mail address at which the stockholder has consented to receive notice;

(c) By a posting on an electronic network together with separate notice to the stockholder of the specific posting, upon the later of:

(1) Such posting; and
(2) The giving of the separate notice; and

(d) By any other form of electronic transmission, when directed to the stockholder.

In the absence of fraud, an affidavit of the secretary, assistant secretary, transfer agent or other agent of the corporation that the notice has been given by a form of electronic transmission is prima facie evidence of the facts stated in the affidavit.

10. As used in this section, "electronic transmission" means any form of communication not directly involving the physical transmission of paper that:

(a) Creates a record that may be retained, retrieved and reviewed by a recipient of the communication; and

(b) May be directly reproduced in paper form by the recipient through an automated process.

Sec. 26. NRS 78.375 is hereby amended to read as follows:

78.375 Whenever any notice \textit{whatever} \textit{or other communication} is required to be \textit{given} \textit{delivered} under the provisions of this chapter, a waiver thereof in a signed writing \textit{or by transmission of an electronic record} by the person or persons entitled to the notice \textit{or communication}, whether before or after the time stated therein, shall be deemed equivalent thereto.

Sec. 27. NRS 78.380 is hereby amended to read as follows:
78.380 1. At least two-thirds of the incorporators or of the board of directors of any corporation, if no voting stock of the corporation has been issued, may amend the articles of incorporation of the corporation by signing and filing with the Secretary of State a certificate amending, modifying, changing or altering the articles, in whole or in part. The certificate must state that:
   (a) The signers thereof are at least two-thirds of the incorporators or of the board of directors of the corporation, and state the name of the corporation; and
   (b) As of the date of the certificate, no voting stock of the corporation has been issued.

2. A certificate filed pursuant to this section is effective [upon] at the time of the filing of the certificate with the Secretary of State or upon a later date and time as specified in the certificate, which date must not be more than 90 days after the date on which the certificate is filed. If a certificate filed pursuant to this section specifies a later effective date but does not specify an effective time, the certificate is effective at 12:01 a.m. in the Pacific time zone on the specified later date.

3. If a certificate specifies a later effective date and if no voting stock of the corporation has been issued, the board of directors may terminate the effectiveness of a certificate by filing a certificate of termination with the Secretary of State that:
   (a) Is filed before the effective date specified in the certificate filed with the Secretary of State pursuant to subsection 1;
   (b) Identifies the certificate being terminated;
   (c) States that no voting stock of the corporation has been issued;
   (d) States that the effectiveness of the certificate has been terminated;
   (e) Is signed by at least two-thirds of the board of directors of the corporation; and
   (f) Is accompanied by the fee required pursuant to NRS 78.765.

4. This section does not permit the insertion of any matter not in conformity with this chapter.

Sec. 28. NRS 78.390 is hereby amended to read as follows:
78.390 1. Except as otherwise provided in NRS 77.340, every amendment to the articles of incorporation must be made in the following manner:

(a) The board of directors must adopt a resolution setting forth the amendment proposed and either call a special meeting of the stockholders entitled to vote on the amendment or direct that the proposed amendment be considered at the next annual meeting of the stockholders entitled to vote on the amendment.

(b) At the meeting, of which notice must be given to each stockholder entitled to vote pursuant to the provisions of this section, a vote of the stockholders entitled to vote in person or by proxy must be taken for and
against the proposed amendment. If it appears upon the canvassing of the votes that stockholders holding shares in the corporation entitling them to exercise at least a majority of the voting power, or such greater proportion of the voting power as may be required in the case of a vote by classes or series, as provided in subsections 2 and 4, or as may be required by the provisions of the articles of incorporation, have voted in favor of the amendment, an officer of the corporation shall sign a certificate setting forth the amendment, or setting forth the articles of incorporation as amended, and the vote by which the amendment was adopted.

(c) The certificate so signed must be filed with the Secretary of State.

2. Except as otherwise provided in this subsection, if any proposed amendment would adversely alter or change any preference or any relative or other right given to any class or series of outstanding shares, then the amendment must be approved by the vote, in addition to the affirmative vote otherwise required, of the holders of shares representing a majority of the voting power of each class or series adversely affected by the amendment regardless of limitations or restrictions on the voting power thereof. The amendment does not have to be approved by the vote of the holders of shares representing a majority of the voting power of each class or series whose preference or rights are adversely affected by the amendment if the articles of incorporation specifically deny the right to vote on such an amendment.

3. Provision may be made in the articles of incorporation requiring, in the case of any specified amendments, a larger proportion of the voting power of stockholders than that required by this section.

4. Different series of the same class of shares do not constitute different classes of shares for the purpose of voting by classes except when the series is adversely affected by an amendment in a different manner than other series of the same class.

5. The resolution of the stockholders approving the proposed amendment may provide that at any time before the effective date of the amendment, notwithstanding approval of the proposed amendment by the stockholders, the board of directors may, by resolution, abandon the proposed amendment without further action by the stockholders.

6. A certificate filed pursuant to subsection 1 is effective upon the time of the filing of the certificate with the Secretary of State or upon a later date and time as specified in the certificate, which date must not be more than 90 days after the date on which the certificate is filed. If a certificate filed pursuant to subsection 1 specifies a later effective date but does not specify an effective time, the certificate is effective at 12:01 a.m. in the Pacific time zone on the specified later date.

7. If a certificate filed pursuant to subsection 1 specifies a later effective date and if the resolution of the stockholders approving the proposed amendment provides that the board of directors may abandon the proposed amendment pursuant to subsection 5, the board of directors may
terminate the effectiveness of the certificate by resolution and by filing a certificate of termination with the Secretary of State that:

(a) Is filed before the effective date specified in the certificate filed with the Secretary of State pursuant to subsection 1;
(b) Identifies the certificate being terminated;
(c) States that, pursuant to the resolution of the stockholders, the board of directors is authorized to terminate the effectiveness of the certificate;
(d) States that the effectiveness of the certificate has been terminated;
(e) Is signed by an officer of the corporation; and
(f) Is accompanied by a filing fee of $175.

Sec. 29. NRS 78.403 is hereby amended to read as follows:

78.403 1. A corporation may restate, or amend and restate, in a single certificate the entire text of its articles of incorporation as amended by filing with the Secretary of State a certificate in the manner provided in this section. If the certificate alters or amends the articles in any manner, it must comply with the provisions of NRS 78.380, 78.385 and 78.390, as applicable.
2. If the certificate does not alter or amend the articles, it must be signed by an officer of the corporation and state that the officer has been authorized to sign the certificate by resolution of the board of directors adopted on the date stated, and that the certificate correctly sets forth the text of the articles of incorporation as amended to the date of the certificate.
3. The following may be omitted from the restated articles:
   (a) The names, addresses, signatures and acknowledgments of the incorporators;
   (b) The names and addresses of the members of the past and present boards of directors; and
   (c) The information required pursuant to NRS 77.310.
4. Whenever a corporation is required to file a certified copy of its articles, in lieu thereof it may file a certified copy of the most recent certificate restating its articles as amended, subject to the provisions of subsection 2, together with certified copies of all certificates of amendment filed subsequent to the restated articles and certified copies of all certificates supplementary to the original articles.
5. A certificate filed pursuant to this section is effective upon the time of the filing of the certificate with the Secretary of State or upon a later date and time as specified in the certificate, which date must not be more than 90 days after the date on which the certificate is filed. If a certificate filed pursuant to this section specifies a later effective date but does not specify an effective time, the certificate is effective at 12:01 a.m. in the Pacific time zone on the specified later date.

Sec. 30. NRS 78.411 is hereby amended to read as follows:

78.411 As used in NRS 78.411 to 78.444, inclusive, and section 14 of this act, unless the context otherwise requires, the words and terms defined in NRS 78.412 to 78.432, inclusive, and section 14 of this act have the meanings ascribed to them in those sections.
Sec. 31. NRS 78.413 is hereby amended to read as follows:
78.413 "Associate," when used to indicate a relationship with any person, means:
1. Any corporation or organization of which that person is an officer or partner or is, directly or indirectly, the beneficial owner of 10 percent or more of any class of voting shares;
2. Any trust or other estate in which that person has a substantial beneficial interest or as to which that person serves as trustee or in a similar fiduciary capacity; and
3. Any relative or spouse of that person, or any relative of the spouse, who has the same home as a common principal residence with that person.

Sec. 32. NRS 78.414 is hereby amended to read as follows:
78.414 "Beneficial owner," when used with respect to any shares, means a person that:
1. Individually or with or through any of its affiliates or associates, beneficially owns the shares, directly or indirectly:
   (a) Voting power over the shares, including, without limitation, the power to vote, or to direct the voting of, the shares; or
   (b) Investment power over the shares, including, without limitation, the power to dispose, or to direct the disposition, of the shares, under any agreement, arrangement or understanding, whether or not in writing, but a person is not considered the beneficial owner of any shares under this subsection if the power to vote, or to direct the voting of, the shares arises solely from a revocable proxy or consent given in response to a solicitation made in accordance with the applicable regulations under the Securities Exchange Act and is not then reportable on a Schedule 13D under the Securities Exchange Act or any comparable or successor report;
2. Individually or with or through any of its affiliates or associates, has the right to acquire the shares, whether the right is exercisable immediately or only after the passage of time, under any agreement, arrangement or understanding, whether or not in writing, or upon the exercise of rights to convert or exchange, warrants or options, or otherwise, but a person is not considered the beneficial owner of shares tendered under an offer for a tender or exchange made by the person or any of his or her affiliates or associates until the tendered shares are accepted for purchase or exchange; or
3. The right to vote the shares under any agreement, arrangement or understanding, whether or not in writing, but a person is not considered the beneficial owner of any shares under this paragraph if the agreement, arrangement or understanding to vote the shares arises solely from a revocable proxy or consent given in response to a solicitation made in accordance with the applicable regulations under the Securities Exchange Act and is not then reportable on a Schedule 13D under the Securities Exchange Act, or any comparable or successor report; or
3. Has any agreement, arrangement or understanding, whether or not in writing, for the purpose of acquiring, holding, voting, except voting under a revocable proxy or consent as described in paragraph (b) of subsection 1, or disposing of the shares with any other person who beneficially owns, or whose affiliates or associates beneficially own, directly or indirectly, the shares.

Sec. 33. NRS 78.416 is hereby amended to read as follows:

78.416 "Combination," when used in reference to any resident domestic corporation and any interested stockholder of the resident domestic corporation, means any of the following:
1. Any merger or consolidation of the resident domestic corporation or any subsidiary of the resident domestic corporation with:
   (a) The interested stockholder; or
   (b) Any other entity, whether or not itself an interested stockholder of the resident domestic corporation, which is, or after and as a result of the merger or consolidation would be, an affiliate or associate of the interested stockholder.
2. Any sale, lease, exchange, mortgage, pledge, transfer or other disposition, in one transaction or a series of transactions, to or with the interested stockholder or any affiliate or associate of the interested stockholder of assets of the resident domestic corporation or any subsidiary of the resident domestic corporation:

   (b) Having an aggregate market value equal to more than 5 percent of the aggregate market value of all the outstanding voting shares of the resident domestic corporation; or
   (c) Representing more than 10 percent of the earning power or net income, determined on a consolidated basis, of the resident domestic corporation.
3. The issuance or transfer by the resident domestic corporation or any subsidiary of the resident domestic corporation, in one transaction or a series of transactions, of any shares of the resident domestic corporation or any subsidiary of the resident domestic corporation that have an aggregate market value equal to 5 percent or more of the aggregate market value of all the outstanding voting shares of the resident domestic corporation to the interested stockholder or any affiliate or associate of the interested stockholder except under the exercise of warrants or rights to purchase shares offered, or a dividend or distribution paid or made, pro rata to all stockholders of the resident domestic corporation.
4. The adoption of any plan or proposal for the liquidation or dissolution of the resident domestic corporation proposed by, or under any agreement, arrangement or understanding, whether or not in writing, with the interested stockholder or any affiliate or associate of the interested stockholder.
5. Any transaction or series of transactions that would not constitute a combination pursuant to subsection 3, any:
   (a) Reclassification of securities, including, without limitation, any splitting of shares, share dividend, other distribution of shares with respect to other shares, or any issuance of new shares in exchange for a proportionately greater number of old shares;
   (b) Recapitalization of the resident domestic corporation;
   (c) Merger or consolidation of the resident domestic corporation with any subsidiary of the resident domestic corporation; or
   (d) Other transaction, whether or not with or into or otherwise involving the interested stockholder,
   under any agreement, arrangement or understanding, whether or not in writing, with the interested stockholder or any affiliate or associate of the interested stockholder, which has the immediate and proximate effect of increasing the proportionate share of the outstanding shares of any class or series of voting shares or securities convertible into voting shares of the resident domestic corporation or any subsidiary of the resident domestic corporation which is beneficially owned by the interested stockholder or any affiliate or associate of the interested stockholder, except as a result of immaterial changes because of adjustments of fractional shares.

6. Any receipt by the interested stockholder or any affiliate or associate of the interested stockholder of the benefit, directly or indirectly, except proportionately as a stockholder of the resident domestic corporation, of any loan, advance, guarantee, pledge or other financial assistance or any tax credit or other tax advantage provided by or through the resident domestic corporation.

Sec. 34. NRS 78.418 is hereby amended to read as follows:

78.418 1. Except as otherwise provided in subsection 2:
   (a) "Control," used alone or in the terms "controlling," "controlled by" and "under common control with," means the possession, directly or indirectly, of the power to direct or cause the direction of the management and policies of a person, whether through the ownership of voting securities, by contract or otherwise.
   (b) A person's beneficial ownership of 10 percent or more of the voting power of a corporation's outstanding voting shares creates a presumption that the person has control of the corporation:

      (1) In the absence of proof by a preponderance of the evidence to the contrary; or

      (2) Unless any other stockholder of the corporation, other than an affiliate or associate of the person, is the beneficial owner of an equal or greater percentage of the voting power of the corporation's outstanding voting shares.

2. A person is not considered to have control of a corporation if the person holds voting power, in good faith and not for the purpose of
circumventing the provisions of this chapter, as an agent, bank, broker, nominee, custodian or trustee for one or more beneficial owners who do not individually or as a group have control of the corporation.

Sec. 35. NRS 78.423 is hereby amended to read as follows:

78.423 1. "Interested stockholder," when used in reference to any resident domestic corporation, means any person, other than the resident domestic corporation or any subsidiary of the resident domestic corporation, who is:

(a) The beneficial owner, directly or indirectly, of 10 percent or more of the voting power of the outstanding voting shares of the resident domestic corporation; or

4. A certificate of limited partnership may be amended at any time for any other proper purpose the general partners determine.

5. No person has any liability because an amendment to a certificate of limited partnership has not been filed to reflect the occurrence of any event referred to in subsection 2 if the amendment is filed within the 30-day period specified in subsection 2.

6. A certificate of amendment filed pursuant to this section is effective at the time of filing of the certificate with the Secretary of State or upon a later date and time as specified in the certificate, which date must not be more than 90 days after the date on which the certificate is filed. 7. A restated certificate of limited partnership may be signed and filed in the same manner as a certificate of amendment. If the certificate alters or amends the certificate of limited partnership in any manner, it must be accompanied by a form prescribed by the Secretary of State setting forth which provisions of the certificate of limited partnership on file with the Secretary of State are being altered or amended.

determine.

2. If a certificate filed pursuant to this section subsection 1 specifies a
later effective date but does not specify an effective time, the cancellation of
the certificate of limited partnership is effective at 12:01 a.m. in the Pacific
time zone on the specified later date.

Sec. 81. NRS 88.380 is hereby amended to read as follows:

88.380 1. A signed copy of the certificate of limited partnership and of
any certificates of amendment or cancellation or of any judicial decree of

Secretary of State finds that any certificate does not conform to law, upon
receipt of all filing fees required by law the Secretary of State shall file the
certificate.

2. Upon the filing of a certificate of amendment or
judicial decree of amendment with the Secretary of State, upon a later
date and time as specified in the certificate or judicial decree, which date

of the partner with payment of the unsatisfied amount of the judgment with
interest. To the extent so charged, the judgment creditor has only the rights of
an assignee of the partnership interest.

2. This section:
(a) Provides the exclusive remedy by which a judgment creditor of a partner or an assignee of a partner may satisfy a judgment out of the partnership interest of the judgment debtor. No other remedy, including, without limitation, foreclosure on the partner’s partnership interest or a court order for directions, accounts and inquiries that the debtor or partner might have made, is available to the judgment creditor attempting to satisfy the judgment out of the judgment debtor’s interest in the limited partnership, and no other remedy may be ordered by a court.

(b) Does not deprive any partner of the benefit of any exemption laws applicable to the partnership interest of the partner.

(c) Does not supersede any written agreement between a partner and creditor if the written agreement does not conflict with the partnership’s certificate of limited partnership or partnership agreement.

- (d) Any other information deemed necessary by the general partners of the partnership.

A cancellation does not terminate the authority of the Secretary of State to accept service of process on the foreign limited partnership with respect to causes of action arising out of the transactions of business in this State.

2. If a certificate filed pursuant to subsection 1 specifies a later effective date but does not specify an effective time, the cancellation of the registration is effective at 12:01 a.m. in the Pacific time zone on the specified later date.

Sec. 84. NRS 88A.030 is hereby amended to read as follows:

88A.030 "Business trust" means an unincorporated association which:

1. Is created by a [trust] governing instrument under which property is held, administered, managed, controlled, invested, reinvested or operated, or any combination of these, or business or professional activities for profit are carried on, by a trustee or trustees for the benefit of the persons entitled to a beneficial interest in the trust property or as otherwise provided in the governing instrument; and

2. Files a certificate of trust pursuant to NRS 88A.210.

The term includes, without limitation, a trust of the type known at common law as a business trust or Massachusetts trust, a trust qualifying as a real estate investment trust pursuant to 26 U.S.C. §§ 856 et seq., as amended, or any successor provision, or a trust qualifying as a real estate mortgage
investment conduit pursuant to 26 U.S.C. § 860D, as amended, or any successor provision.

Sec. 85. NRS 88A.050 is hereby amended to read as follows:
88A.050 "Governing instrument" means any one or more instruments, whether referred to as a trust instrument, declaration of trust or otherwise, that creates a trust and provides for the governance of its affairs and the conduct of its business.

(c) The information required pursuant to NRS 77.310;
(d) The name and address, either residence or business, of each person signing the certificate of trust; and
(e) Any other information the trustees determine to include.

2. Upon the filing of the certificate of trust with the Secretary of State and the payment to the Secretary of State of the required filing fee, the Secretary of State shall issue to the business trust a certificate that the required records with the required content have been filed. From the date of that filing, the business trust is legally formed pursuant to this chapter.

3. Except as otherwise provided in the governing instrument, a business trust organized on or after October 1, 2011, is deemed to be an entity separate from its trustee or trustees and beneficial owner. Except as otherwise provided in the governing instrument, a business trust may hold or take title to property in its own name, or in the name of a trustee in the trustee's capacity as trustee, whether in an active, passive or custodial capacity. The provisions of this subsection do not change the status of any business trust existing as an entity or aggregation before October 1, 2011.

4. Neither the use of the designation "business trust" nor a statement in a governing instrument or certificate of trust to the effect that the trust formed thereby is or will qualify as a business trust under this chapter creates a presumption or inference that the trust so formed is a business trust for the purposes of Title 11 of the United States Code.

Sec. 87. NRS 88A.250 is hereby amended to read as follows:
88A.250 Upon the filing of a certificate of amendment or restatement filed with the Secretary of State, or upon the future effective date of the certificate or restatement pursuant to this chapter is effective:
(a) At the time of the filing of the certificate or restatement with the Secretary of State;
(b) Upon a later date of such a date and time as specified in the certificate as provided for therein, which date must not be more than 90 days after
the date on which the certificate or restatement is filed with the Secretary of State; or
(c) If the certificate or restatement specifies a later effective date but does not specify an effective time, at 12:01 a.m. in the Pacific time zone on the specified later date.

At the effective time of the certificate or restatement, the certificate of trust is amended or restated as set forth upon the filing of a certificate or restatement.

2. A certificate of cancellation or the articles of merger in which the business trust is not a surviving entity are effective:
(a) At the time of the filing of the certificate or the articles with the Secretary of State, or upon the future effective date; or
(b) Upon a later date of the certificate or articles, which date must not be more than 90 days after the date on which the certificate or articles are filed with the Secretary of State; or
(c) If the certificate or articles specify a later effective date but do not specify an effective time, at 12:01 a.m. in the Pacific time zone on the specified later date.

At the effective time of the certificate or articles, the certificate of trust is cancelled.

Sec. 88. NRS 88A.260 is hereby amended to read as follows:
88A.260 1. Except as otherwise provided in the certificate of trust, the governing instrument or this chapter, a business trust has perpetual existence and may not be terminated or revoked by a beneficial owner or other person except in accordance with the certificate of trust or governing instrument.
2. Except as otherwise provided in the certificate of trust or the governing instrument, the death, incapacity, dissolution, termination or bankruptcy of a beneficial owner does not result in the termination or dissolution of a business trust.
3. An artificial person formed or organized pursuant to the laws of a foreign nation or other foreign jurisdiction or the laws of another state shall not be deemed to be doing business in this State solely because it is a beneficial owner or trustee of a business trust.
4. The provisions of NRS 662.245 do not apply to the appointment of a trustee of a business trust formed pursuant to this chapter.
5. A business trust or any series thereof does not terminate because the same person is the sole trustee and sole beneficial owner.

Sec. 89. NRS 88A.360 is hereby amended to read as follows:
88A.360 To the extent that, at law or in equity,
1. Except as otherwise provided in the governing instrument but subject to the provisions of subsection 3, a trustee has duties, fiduciary or otherwise, and liabilities relating thereto to a trust, shall act in good faith and in a manner the trustee reasonably believes to be in the best interest of the business trust, or beneficial owner.
2. If there is at least one trustee of a series trust that, in discharging its duties, is obligated to consider the interests of the trust and all series thereof, the governing instrument may provide that one or more other trustees, in discharging their duties, may consider only the interest of the trust or one or more series thereof.

3. The governing instrument may expand, restrict or eliminate the duties of the trustee of a business trust, except that a governing instrument may not eliminate the implied contractual covenant of good faith and fair dealing.

4. If the trustee acts pursuant to a governing instrument, the trustee is not liable to the business trust or to a beneficial owner for the trustee’s reliance in good faith on the provisions of the governing instrument.

Sec. 90. NRS 88A.420 is hereby amended to read as follows:

88A.420 1. A certificate of trust must be cancelled upon the completion or winding up of the business trust and its termination. A certificate of cancellation must be signed by a trustee, filed with the Secretary of State, and set forth:

   (c) Any other information the trustee determines to include.

2. If a certificate filed pursuant to subsection 1 specifies a later effective date but does not specify an effective time, the cancellation of the certificate of trust is effective at 12:01 a.m. in the Pacific time zone on the specified later date.

Sec. 91. NRS 88A.740 is hereby amended to read as follows:

88A.740 1. A foreign business trust may cancel its registration by filing with the Secretary of State a certificate of cancellation signed by a trustee. The certificate must set forth:

   (a) The name of the foreign business trust;
   (b) The effective date and time of the cancellation if other than the date time of the filing of the certificate, which date must not be more than 90 days after the date on which the certificate is filed; and
   (c) Any other information deemed necessary by the trustee.

A cancellation does not terminate the authority of the Secretary of State to accept service of process on the foreign business trust with respect to causes of action arising out of the transaction of business in this State.

2. If a certificate filed pursuant to subsection 1 specifies a later effective date but does not specify an effective time, the cancellation of the registration is effective at 12:01 a.m. in the Pacific time zone on the specified later date.

The Secretary of State shall send one of the copies of the process by registered or certified mail to the resulting entity at its specified address, unless the resulting entity has designated in writing to the Secretary of State a different address for that purpose, in which case it must be mailed to the last address so designated.

Sec. 98. NRS 92A.240 is hereby amended to read as follows:

2. A merger, conversion or exchange takes effect:

      (2) The appropriate charter document for the type of domestic entity;
      (3) The information required pursuant to NRS 77.310;
      (4) A certified copy of the charter document, or the equivalent, of the undomesticated organization; and
      (5) A certificate of good standing, or the equivalent, from the jurisdiction where the undomesticated organization was chartered immediately before filing the articles of domestication pursuant to subparagraph (1).

2. The articles of domestication must set forth:
   (a) The date when and the jurisdiction where the undomesticated organization was first formed, incorporated, organized or otherwise created and, if
applicable, any date when and jurisdiction where the undomesticated organization was chartered after its formation;

(b) Name of the undomesticated organization immediately before filing the articles of domestication;

(c) Name and type of domestic entity as set forth in its charter document pursuant to subsection 1; and

(d) Jurisdiction that constituted the principal place of business or central administration of the undomesticated organization, or any other equivalent thereto pursuant to applicable law, immediately before filing the articles of domestication.

3. Upon filing the articles of domestication and the charter document with the Secretary of State, and the payment of the requisite fee for filing the charter document of the domestic entity, the undomesticated organization is domesticated in this State as the domestic entity described in the charter document filed pursuant to subsection 1. The existence of the domestic entity begins on the date the undomesticated organization began its existence in the jurisdiction in which the undomesticated organization was first formed, incorporated, organized or otherwise created.

4. The domestication of any undomesticated organization does not affect any obligations or liabilities of the undomesticated organization incurred before its domestication.

5. The filing of the charter document of the domestic entity pursuant to subsection 1 does not affect the choice of law applicable to the undomesticated organization. From the date the charter document of the domestic entity is filed, the law of this State applies to the domestic entity to the same extent as if the undomesticated organization was organized and created as a domestic entity on that date.

6. Before filing articles of domestication, the domestication must be approved in the manner required by:

(a) The document, instrument, agreement or other writing governing the internal affairs of the undomesticated organization and the conduct of its business; and

The title to any real property vested by deed or otherwise in the undomesticated organization is not reverted or impaired by the domestication. All rights of creditors and all liens upon any property of the undomesticated organization are preserved unimpaired and all debts, liabilities and duties of an undomesticated organization that has been domesticated attach to the domestic entity.
resulting from the domestication and may be enforced against it to the same extent as if the debts, liability and duties had been incurred or contracted by the domestic entity.

8. When an undomesticated organization is domesticated, the domestic entity resulting from the domestication is for all purposes deemed to be the same entity as the undomesticated organization. Unless otherwise agreed by the owners of the undomesticated organization or as required pursuant to applicable foreign law, the domestic entity resulting from the domestication is not required to wind up its affairs, pay its liabilities or distribute its assets. The domestication of an undomesticated organization does not constitute the dissolution of the undomesticated organization. The domestication constitutes a continuation of the existence of the undomesticated organization in the form of a domestic entity. If, following domestication, an undomesticated organization that has become domesticated pursuant to this section continues its existence in the foreign country or foreign jurisdiction in which it was existing immediately before the domestication, the domestic entity and the undomesticated organization are for all purposes a single entity formed, incorporated, organized or otherwise created and existing pursuant to the laws of this State and the laws of the foreign country or other foreign jurisdiction.

9. The owner liability of an undomesticated organization that is domesticated in this State:

(a) Is not discharged, pursuant to the laws of the previous jurisdiction of the organization, to the extent the owner liability arose before the effective date of the articles of domestication;

(b) Does not attach, pursuant to the laws of the previous jurisdiction of the organization, to any debt, obligation or liability of the organization that arises after the effective date of the articles of domestication;

(c) Is governed by the law of the previous jurisdiction of the organization, as if the domestication has not occurred, for the collection or discharge of owner liability not discharged pursuant to paragraph (a);

(d) Is subject to the right of contribution from any other shareholder, member, trustee, partner, limited partner or other owner of the undomesticated organization pursuant to the laws of the previous jurisdiction of the organization, as if the domestication has not occurred, for the collection or discharge of owner liability not discharged pursuant to paragraph (a); and

(e) Applies only to the debts, obligations or liabilities of the organization that arise after the effective date of the articles of domestication if the owner becomes subject to owner liability or some or all of the debts, obligations or liabilities of the undomesticated entity as a result of its domestication in this State.

10. As used in this section:

(a) "Owner liability" means the liability of a shareholder, member, trustee, partner, limited partner or other owner of an organization for debts of the
organization, including the responsibility to make additional capital contributions to cover such debts.

(b) "Undomesticated" organization means any incorporated organization, private law corporation, whether or not organized for business purposes, public law corporation, limited-liability company, general partnership, registered limited liability partnership, limited partnership or registered limited liability limited partnership, proprietorship, joint venture, foundation, business trust, real estate investment trust, common law trust or any other unincorporated business formed, organized, created or the internal affairs of which are governed by the laws of any foreign country or jurisdiction other than this State. [Deleted by amendment.]

Sec. 100. NRS 92A.380 is hereby amended to read as follows:

92A.380 1. Except as otherwise provided in NRS 92A.370 and 92A.390 and subject to the limitation in paragraph (f), any stockholder is entitled to dissent from, and obtain payment of the fair value of the stockholder's shares in the event of any of the following corporate actions:

(a) Consummation of a plan of merger to which the domestic corporation is a constituent entity:

(1) If approval by the stockholders is required for the merger by NRS 92A.120 to 92A.160, inclusive, or the articles of incorporation, regardless of whether the stockholder is entitled to vote on the plan of merger; or

(2) If the domestic corporation is a subsidiary and is merged with its parent pursuant to NRS 92A.180.

(b) Consummation of a plan of conversion to which the domestic corporation is a constituent entity as the corporation whose subject owner's interests will be converted.

(c) Consummation of a plan of exchange to which the domestic corporation is a constituent entity as the corporation whose subject owner's interests will be acquired, if the stockholder's shares are to be acquired in the plan of exchange.

(d) Any corporate action taken pursuant to a vote of the stockholders to the extent that the articles of incorporation, bylaws or a resolution of the board of directors provides that voting or nonvoting stockholders are entitled to dissent and obtain payment for their shares.

(e) Accordance of full voting rights to control shares, as defined in NRS 78.3784, only to the extent provided for pursuant to NRS 78.3793.

(f) Any corporate action not described in this subsection that will result in the stockholder receiving money or scrip instead of fractional shares a fraction of a share except where the stockholder would not be entitled to receive such payment pursuant to NRS 78.205, 78.2055 or 78.207. A dissent pursuant to this paragraph applies only to the fraction of a share, and the
stockholder is entitled only to obtain payment of the fair value of the fraction of a share.

2. A stockholder who is entitled to dissent and obtain payment pursuant to NRS 92A.300 to 92A.500, inclusive, may not challenge the corporate action creating the entitlement unless the action is unlawful or fraudulent with respect to the stockholder or the domestic corporation.

3. From Subject to the limitations in this subsection, from and after the effective date of any corporate action described in subsection 1, no stockholder who has exercised the right to dissent pursuant to NRS 92A.300 to 92A.500, inclusive, is entitled to vote his or her shares for any purpose or to receive payment of dividends or any other distributions on shares. This subsection does not apply to dividends or other distributions payable to stockholders on a date before the effective date of any corporate action from which the stockholder has dissented. If a stockholder exercises the right to dissent with respect to a corporate action described in paragraph (f) of subsection 1, the restrictions of this subsection apply only to the shares to be converted into a fraction of a share and the dividends and distributions to those shares.

Sec. 101. NRS 92A.490 is hereby amended to read as follows:

92A.490 1. If a demand for payment remains unsettled, the subject corporation shall commence a proceeding within 60 days after receiving the demand and petition the court to determine the fair value of the shares and accrued interest. If the subject corporation does not commence the proceeding within the 60-day period, it shall pay each dissenter whose demand remains unsettled the amount demanded by each dissenter pursuant to NRS 92A.480 plus interest.

2. A subject corporation shall commence the proceeding in the district court of the county where its principal office is located in this State. If the principal office of the subject corporation is not located in this State, the right to dissent arose from a merger, conversion or exchange and the principal office of the surviving entity, resulting entity or the entity whose shares were acquired, whichever is applicable, is located in this State, it shall commence the proceeding in the county where the principal office of the surviving entity, resulting entity or the entity whose shares were acquired is located. In all other cases, if the principal office of the subject corporation is not located in this State, the subject corporation shall commence the proceeding in the district court in the county in which the corporation’s registered office is located.

3. The subject corporation shall make all dissenters, whether or not residents of Nevada, whose demands remain unsettled, parties to the proceeding as in an action against their shares. All parties must be served with a copy of the petition. Nonresidents may be served by registered or certified mail or by publication as provided by law.
4. The jurisdiction of the court in which the proceeding is commenced under subsection 2 is plenary and exclusive. The court may appoint one or more persons as appraisers to receive evidence and recommend a decision on the question of fair value. The appraisers have the powers described in the order appointing them, or any amendment thereto. The dissenters are entitled to the same discovery rights as parties in other civil proceedings.

5. Each dissenter who is made a party to the proceeding is entitled to a judgment:
   (a) For the amount, if any, by which the court finds the fair value of the dissenter's shares, plus interest, exceeds the amount paid by the subject corporation; or
   (b) For the fair value, plus accrued interest, of the dissenter's after-acquired shares for which the subject corporation elected to withhold payment pursuant to NRS 92A.470.

Senate Bill No. 414.
Bill read second time.
The following amendment was proposed by the Committee on Commerce, Labor and Energy:
Amendment No. 299.
"SUMMARY—Revises provisions relating to financial institutions. (BDR 55-1107)"

"AN ACT relating to banks; prohibiting a bank from demanding the repayment of the principal of a commercial mortgage loan unless a person
failing to pay the loan as agreed; prohibiting a banking or other financial institution from unreasonably delaying a response to an offer for a short sale on real property secured by a residential mortgage loan; prohibiting a banking or other financial institution from obtaining a deficiency judgment in certain circumstances; providing a penalty; and providing other matters properly relating thereto."

Legislative Counsel's Digest:

Under existing law, a judgment creditor or a beneficiary of a deed of trust may obtain, after a hearing, a deficiency judgment after a foreclosure sale or trustee's sale if it appears from the sheriff's return or the recital of consideration in the trustee's deed that there is a deficiency of the proceeds of the sale and a balance remaining due the judgment creditor or beneficiary of the deed of trust. For an obligation secured by a mortgage or deed of trust on or after October 1, 2009, a court may not award a deficiency judgment to the judgment creditor or the beneficiary of the deed of trust if: (1) the creditor or beneficiary is a financial institution; (2) the real property is a single-family dwelling and the debtor or grantor was the owner of the property; (3) the debtor or grantor used the loan to purchase the property; (4) the debtor or grantor occupied the property continuously after obtaining the loan; and (5) the debtor or grantor did not refinance the loan. (NRS 40.455)

Section 4 of this bill prohibits a court from awarding a deficiency judgment to the judgment creditor or the beneficiary of the deed of trust if: (1) the creditor or beneficiary is a banking or other financial institution; (2) the real property is a single-family dwelling and the debtor or grantor was the owner of the property; (3) the debtor or grantor used the loan to purchase the property; (4) the debtor or grantor occupied the property continuously after obtaining the loan; (5) the debtor or grantor and the banking or other financial institution entered into an agreement, commonly known as a short sale, to sell the real property to a third party for less than the indebtedness; and (6) the agreement does not state the amount of money still owed by the debtor or grantor or does not authorize the banking or other financial institution to recover that money, and contains a statement that the banking or other financial institution has waived its right to recover the amount owed. Section 3 of this bill prohibits a banking or other financial institution or its officers, managers or employees from unreasonably delaying its response to an offer for a short sale on real property secured by a residential mortgage loan.

Section 2 of this bill prohibits a bank from demanding the repayment of all or part of the outstanding principal on a commercial mortgage loan unless the debtor fails to make payments on the loan as agreed. Under existing law, a violation of section 3 constitutes a misdemeanor and, in addition to any criminal penalty, is punishable by an administrative fine of not more than $10,000. (NRS 668.112, 668.115)

Amendment No. 238 revises the provisions to Senate Bill No. 420 by specifying that a resident may return to a facility after being temporarily transferred to another facility for medical reasons only if the facility is suitable for properly caring for the patient.

It requires a facility for intermediate care and a facility for skilled nursing to post the license, information concerning the structure of management, and contact information for the administrator and the representative of the owner or operator of the facility in a conspicuous location. In addition, residential facilities for groups are required to post the same contact information with respect to the facility.

Amendment No. 487.

"SUMMARY—Revises provisions relating to the award of a contract for a public work to a specialty contractor. (BDR 28-394)"

"AN ACT relating to public works; revising provisions relating to the award of a contract for a public work to a specialty contractor; and providing other matters properly relating thereto."

Legislative Counsel's Digest:

Under existing law, a specialty contractor, which is defined as a contractor whose operations consist of the performance of construction work requiring special skill and whose principal contracting business involves the use of specialized building trades or craft, is allowed to take and execute a contract involving the use of two or more crafts or trades if the work performed in the crafts or trades, other than the crafts or trades in which the specialty contractor is licensed, is incidental and supplemental to the performance of the work in the craft for which the specialty contractor is licensed. (NRS 624.215, 624.220) With respect to public works, existing law authorizes the State or a local government to award a contract for a public work to a specialty contractor if: (1) the majority of the work performed under the contract consists of the specialty contracting for which the specialty contractor is licensed; and (2) the public work is not part of a larger public work. However, any work to be performed under such a contract that is outside the scope of the license of the specialty contractor is required to be performed by an appropriate subcontractor. (NRS 338.139, 338.148) This bill limits the applicability of those provisions to public works for which the cost is less than $250,000. This bill also prescribes the circumstances
under which a public body may award a contract to a specialty contractor 
for a public work for which the cost is $250,000 or more and which 
involves the performance of work that is outside the scope of the specialty 
contractor's license. This bill also provides for the certification of specialty 
contractors by the State Contractors' Board with respect to such contracts.

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN 
SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

Section 1. Chapter 338 of NRS is hereby amended by adding thereto the provisions set forth as sections 2 and 3 of this act.

c) The specialty contractor is also licensed as a general building contractor pursuant to chapter 624 of NRS.

3. Upon application by a specialty contractor, the State Contractors' Board may issue to a qualified specialty contractor a certification which allows the specialty contractor to enter into contracts to be awarded pursuant to NRS 338.143 to 338.1475, inclusive, that involve the performance of work which is outside the scope of the specialty contractor's license and which is more than incidental and supplemental to the performance of the work that the specialty contractor is licensed to perform. A specialty contractor is qualified to receive a certification pursuant to this subsection if:

(a) The specialty contractor is licensed for his or her specialty pursuant to chapter 624 of NRS; and

(b) The specialty contractor has successfully completed at least one public work in the State of Nevada pursuant to NRS 338.143 to 338.1475, inclusive, which involved the use of two or more crafts or trades unrelated to his or her specialty.

4. Except as otherwise provided in this section, if a local government or its authorized representative awards a contract to a specialty contractor pursuant to NRS 338.143 to 338.1475, inclusive, all work to be performed on the public work to which the contract pertains that is outside the scope of the license of the specialty contractor must be performed by a subcontractor who is licensed to perform such work.

5. Nothing in this section shall be construed to prohibit a specialty contractor who is also licensed as a general building contractor pursuant to chapter 624 of NRS from entering into a contract for a public work or performing work himself or herself on a public work as allowed by subsection 3 of NRS 624.215.

6. The State Contractors' Board shall adopt regulations prescribing the procedure for the certification of specialty contractors.

3. If a specialty contractor is also licensed as a general building contractor pursuant to chapter 624 of NRS, nothing in this section shall be construed to prohibit the specialty contractor who is acting in the capacity of a prime contractor from performing work himself or herself on the public work that is outside the scope of the specialty contractor's license as otherwise allowed by subsection 3 of NRS 624.215.

Sec. 8. NRS 624.220 is hereby amended to read as follows:

624.220 1. The Board shall adopt regulations necessary to effect the classification and subclassification of contractors in a manner consistent with established usage and procedure as found in the construction business, and may limit the field and scope of the operations of a licensed contractor to
those in which the contractor is classified and qualified to engage as defined by NRS 624.215 and the regulations of the Board.

2. The Board shall limit the field and scope of the operations of a licensed contractor by establishing a monetary limit on a contractor's license, and the limit must be the maximum contract a licensed contractor may undertake on one or more construction contracts on a single construction site or subdivision site for a single client. The Board may take any other action designed to limit the field and scope of the operations of a contractor as may be necessary to protect the health, safety and general welfare of the public. The limit must be determined after consideration of the factors set forth in NRS 624.260 to 624.265, inclusive.

3. A licensed contractor may request that the Board increase the monetary limit on his or her license, either on a permanent basis or for a single construction project. A request submitted to the Board pursuant to this subsection must be in writing on a form prescribed by the Board and accompanied by such supporting documentation as the Board may require. If a request submitted pursuant to this section is for a single construction project, the request must be submitted to the Board at least 2 working days before the date on which the licensed contractor intends to submit a bid for the project.

4. Except as otherwise provided in NRS 338.139 and 338.148 and sections 2 and 3 of this act, and subject to the provisions of regulations adopted pursuant to subsection 5, nothing contained in this section prohibits a specialty contractor from taking and executing a contract involving the use of two or more crafts or trades, if the performance of the work in the crafts or trades, other than in which the specialty contractor is licensed, is incidental and supplemental to the performance of work in the craft for which the specialty contractor is licensed.

5. The Board shall adopt regulations establishing a specific limit on the amount of asbestos that a licensed contractor with a license that is not classified for the abatement or removal of asbestos may abate or remove pursuant to subsection 4.

{Sec. 4} Sec. 9. This act becomes effective upon passage and approval for the purpose of adopting regulations and on January 1, 2012, for all other purposes.
It specifies that a public body or a local government may award a contract for a public works project over $250,000 to a specialty contractor for work outside of his or her specialty if: such work is incidental and supplemental to the project; the specialty contractor has received a certification from the State Contractors’ Board allowing such work; or he or she is also licensed as a general building contractor.

Senate Bill No. 10.

Remarks by Senator Copening.
Senator Copening requested that her remarks be entered in the Journal.

Senate Bill No. 10 requires the State Board of Health to adopt standards for determining whether there are an adequate number of certain types of health care cases in the community to be served to support approving an amendment to the license of certain medical or other related facilities to add such a service. The Health Division must apply these standards in making a determination of whether to approve amending a license to add such a service.

Existing law requires certain licensed medical or other related facilities to obtain the approval of the Health Division to amend their licenses to add certain services to the licenses (NRS 449.087). Those services are for the intensive care of newborn babies; the treatment of burns; the transplant of organs; the performance of open-heart surgery; and a center for the treatment of trauma victims.

This measure is effective on July 1, 2011.

Senate Bill No. 26 pertains to the appointment of public defenders and the collection of fines, fees, and other costs associated with adult and juvenile defendants. The bill provides standards to determine whether the parent or guardian of a child is required to pay for the child's legal representation in juvenile court, if the court has appointed an attorney to represent the child, and
requires the juvenile court to make a finding that a parent or guardian of the child is indigent under certain circumstances.

The measure authorizes the court to enter a civil judgment against a criminal defendant for the amount of any delinquent fines, administrative assessments, fees, and restitution imposed. The juvenile court may enter a similar civil judgment against a parent or child.

In both instances, the civil judgment may be treated the same as a judgment for money in a civil action and a person who fails to satisfy the judgment may be found in contempt. The court may include satisfaction of a civil judgment entered by the juvenile court in any sentence imposed by the court against a defendant transferred from the juvenile court.

The procedure by which a juvenile court judge approves or rejects the recommendation of master or directs a hearing de novo is revised by the bill.

Finally, Senate Bill No. 26 authorizes a juvenile court to establish a restitution contribution fund to provide restitution to victims of unlawful acts committed by children. This measure is effective upon passage and approval.

Senate Bill No. 38 makes several changes with regard to the authority of the Superintendent of Public Instruction to distribute the quarterly apportionment paid to school districts and certain public schools. Under the provisions of the bill, the State Superintendent is authorized to deduct from the apportionment a claim due to the sponsor of a charter school, or to repay a claim by a district, charter school, or university school that was later found to be unearned, illegal, or excessive. In addition, the Superintendent may withhold the entire amount of the apportionment to one of these entities for the failure to submit a report required by statute.

Any withholding of an apportionment that is the result of a charter school failing to submit a report through the sponsor, would only be for the amount due to the charter school. An appeals process is provided should the affected entity wish to challenge such actions. The Superintendent also is authorized to suspend the "hold harmless" provisions for calculating pupil enrollment if the Department determines that the school district or charter school deliberately causes a decline in enrollment in order to receive a higher apportionment.

Finally, the bill authorizes an immediate adjustment to quarterly apportionments if a Department audit determines a pupil is not enrolled in or attending school.

The bill was requested by the State Department of Education to clarify its authority concerning certain acts, whether unintentional or deliberate, that affect quarterly apportionments from the Distributive School Account.

The bill is effective on July 1, 2011.

The measure requires that a local government seeking to operate an out-of-school recreation

application, pay a fee, and meet certain other requirements. Out-of-school recreation programs

Senate Bill No. 57 expands the circumstances in which a court is authorized to issue a warrant to take physical custody of a child in a divorce proceeding. During a proceeding to establish custody of a child or to enforce or modify a child custody determination, a court may issue a warrant to take physical custody of the child if there is probable cause to believe that the child has been abducted. If the court determines that exigent circumstances exist, such as imminent danger of the child's removal from Nevada or serious physical harm, the court must, before issuing the warrant, hold an ex parte hearing at which the party seeking the warrant is present but the party alleged to have committed the abduction is not. If no exigent circumstances exist, both parties must be given the opportunity to be heard.

The warrant issued by the court must determine placement of the child pending final relief.

This measure was brought by the Office of the Attorney General to bring Nevada into conformance with standards of the Fourth Amendment of the United States Constitution concerning probable cause for "pick-up orders" issued by family court judges commanding the return of a child from a non-custodial parent.

Senate Bill No. 66 authorizes the Attorney General to organize or sponsor multidisciplinary teams to review the death of a victim of domestic violence under certain circumstances. The purpose of these teams is to examine trends and patterns of domestic violence deaths in Nevada; determine the number and type of incidents to be reviewed; make policy and other recommendations for prevention of such deaths; educate the public, victim support providers, and policymakers concerning domestic violence crimes; and recommend policies, practices, and services to encourage collaboration and reduce domestic violence deaths. Such teams may also meet and share information with similar teams created to review the death of a child.

The teams created by this measure will include a representative of the Attorney General, law enforcement, the district attorney, the coroner, social service providers, and others as necessary. The results of a team's review are not admissible in any civil action or proceeding.

The measure also expands the authority of a multidisciplinary team created under existing statute by the court or agency of local government to obtain relevant information and records and to meet with others who may have relevant information.

Finally, the measure adds multidisciplinary teams to the list of entities authorized to receive data or information from certain reports and investigations concerning the abuse or neglect of children, and requires the State Board of Health to allow such teams to use death certificates in the same manner as the Board allows a multidisciplinary team to review the death of a child.

Senate Bill No. 110 establishes a new business license category and fee structure in Clark County and those cities within Clark County with populations of 150,000 or more. The measure is specific to contractors licensed pursuant to Chapter 624 of the Nevada Revised Statutes and affords such contractors a single business license to conduct their business throughout the Las Vegas Valley.
The bill requires the county and cities to enter into an interlocal agreement for the establishment of such a business license and the necessary rights, obligations, and
responsibilities associated with the license. Clark County and the affected cities must also adopt ordinances that: prescribe the process for obtaining such a business license; set the appropriate licensing fees; and provide any other requirements necessary to establish the system for issuing the business license. The bill also specifies that in order for a person to be eligible to obtain the business license, he or she must meet whatever requirements are set forth in the ordinance and satisfy other requirements relating to the maintenance of the business in one location within either the unincorporated county or one of the incorporated cities. In addition, a contractor who obtains such a business license is subject to all other licensing and permitting requirements of the State, counties, and cities in which the licensee does business.

Clark County and the those cities in Clark County with populations of 150,000 or more must enter into the required interlocal agreements and enact the required ordinances on or before one year after the effective date of the measure.

owner’s agent, to obtain possession of a motor vehicle from a tow car operator. To obtain
possession, the insurer must provide the tow car operator with a consent form that satisfies the
requirements established by the Commissioner of Insurance, Department of Business and
Industry.

If a motor vehicle is towed and stored at the request of a law enforcement officer after an
accident, a tow car operator shall not satisfy any lien or impose any administrative or processing
fee for four business days after the vehicle is placed in storage. A tow car operator may not
impose any fee relating to the auction of a towed motor vehicle until certain notice requirements
are met.

If a vehicle is a total loss and if the insurer provides notice, a vehicle owner or an agent of an
owner may consent to a vehicle being towed and placed in storage at the insurer’s direction and
expense.

I want to commend my colleague for bringing this bill forward. As a country, we lose sight of the fact that every week some member of our armed forces dies or is wounded in the ongoing conflicts. Unless you read the list in the New York Times every day, you do not understand that it is happening. This is a small reminder, but one way to remind ourselves, as a people, that it is happening. Senate Bill No. 159 revises the information provided by the Department of Corrections (DOC) to inmates upon release, whether the release is by expiration of sentence, pardon, or parole. The bill requires that upon release, inmates must be given information about obtaining employment, including programs and organizations that offer workplace bonds; and acquiring a valid driver's license or identification necessary for obtaining employment.

For those on probation, the measure allows the court to include a requirement that any earnings of the probationer be held in a trust administered by a court-designated trustee. The trust would be used to pay for restitution, child support, and other obligations as ordered by the court.

Finally, the bill expands the list of felons who may be ordered by the court to participate in an alternative sentence program, treatment, or other activity as a condition of probation. Currently, the law allows those found guilty of a category C, D, or E felony to be ordered into such programs. Senate Bill No. 159 would also include allowing those found guilty of a non-violent category B felony into those same programs, at the court's discretion.

Senate Bill No. 187 replaces the requirement that a prisoner convicted of certain sexual offenses may only be released on parole by the Board of Parole Commissioners with certification by a panel that the prisoner does not represent a high risk to reoffend. The panel must adopt regulations to ensure that the evaluations are based on currently accepted standards of assessment, contain a statement about other relevant information known about the prisoner, and rate the prisoner’s risk to reoffend.
The measure also authorizes the Board to require an evaluation of a sex offender to assist in determining parole and clarifies that a prisoner does not have a right to an evaluation or reevaluation more frequently than the prisoner's regularly scheduled parole hearings.

Effective in 2009, the Federal Rules of Civil Procedure require that notices to class members must concisely and clearly state the following seven points: the nature of the action; the definition of the class certified; the class claims, issues, or defenses; that a class member may enter an appearance through counsel if the member desires; that the court will exclude from the class any member who requests exclusion; the time and manner for requesting exclusion; and the binding effect of a class judgment on class members.

Senator Denis requested that his remarks be entered in the Journal.

Senate Bill No. 196 makes various changes concerning empowerment schools. The measure removes the sunset on the empowerment schools' statutes adopted by the 2007 74th Legislature and eliminates the statutory cap limiting the number of empowerment schools to 100 schools statewide.

This measure will provide additional time for the operation of empowerment schools for evaluation purposes, and allows for a possible future expansion of such schools. Due to the economic downturn, funds for the empowerment schools pilot program authorized by the 2007 74th Legislature were reverted prior to the start of the program. Although some school districts have established a limited program, according to testimony, future legislatures may want to provide the necessary resources to operate and evaluate the program statewide. Since the statutes concerning empowerment schools are due to expire on June 30, 2011, the bill will extend the program by removing the sunset provision.

The bill is effective upon passage and approval.

Remarks by Senator Schneider.
Senator Schneider requested that his remarks be entered in the Journal.

Senate Bill No. 198 makes various changes to the regulation of banks and retail trust companies. The bill prohibits a bank that acquires real property through the collection of debts from holding the property for longer than five years. A bank may request, and the Commissioner of Financial Institutions, Department of Business and Industry, may grant, an extension of not more than five additional years. The Commissioner shall not grant more than one extension. The bill also removes the requirement that a bank annually charge off a certain percentage of the value of such real property.

The bill makes certain changes in the allowable investments of stockholders' equity and the minimum capital requirements for a retail trust company.

The Commissioner may approve locating a branch of a retail trust company in another state if the company provides written documentation from an appropriate state agency that the company is authorized to do business in that state.

Senate Bill No. 198 makes certain changes in the procedure for denying an application for licensure as a retail trust company and for removal of an official or employee of such a company.

Senate Bill No. 200 requires the manager or board of an association of a time-share plan to maintain a complete list of the names and addresses of all time-share owners, which must be updated not less than quarterly. Unless the declaration or bylaws of the time-share plan provide otherwise, and notwithstanding any law to the contrary, personal information about the owners may not be published or provided to another person without prior written consent of the owner whose information is requested. Before obtaining consent, the manager or executive board must provide the owner with the option to limit the information published, as well as a written disclosure concerning the effect of publishing personal information.

The manager or board must also mail materials to time-share owners at the request of an owner under certain circumstances and establish procedures for mailings by the owners themselves.

As an alternative to publishing in a newspaper the notice of a sale to satisfy a lien, Senate Bill No. 200 allows for such notices and a specific declaration to be posted on an Internet website for three consecutive weeks, and for a statement to be published in the newspaper informing interested parties that the notice of sale is posted on the Internet website.

The bill includes similar alternative publishing provisions for the sale of real property in foreclosure under a deed of trust.

Senate Bill No. 218 authorizes the Nevada Gaming Commission, with advice and assistance of the State Gaming Control Board, to provide by regulation for the operation and registration of hosting centers not located at a licensed gaming establishment. Similar regulations may be established for the licensing of service providers to perform certain services on behalf of a non-restricted gaming licensee or interactive gaming licensee; or provide services or devices that patrons of licensed establishments use to obtain cash or wagering instruments.

The measure adds definitions of a "cash access and wagering instrument service provider" and an "interactive gaming service provider." A person may not operate as a cash access and wagering service provider without proper gaming licenses, and existing regulations for interactive gaming must also include licensing for service providers based on certain standards.

The bill amends the process and requirements for transferring a license upon certain changes in the business entity, and revises provisions concerning the necessary licensing of partners in a limited partnership and members of a limited-liability company. The bill also clarifies provisions concerning the unlawful use or possession of certain devices, including devices that project the outcome of games or keep track of cards played.

Finally, Senate Bill No. 218 makes various changes to administrative and operational functions of the Commission and the Board, and repeals provisions relating to the Account for investigating Cash Transactions of Gaming Licenses.

Senate Bill No. 230 requires school districts and the governing body of a charter school to adopt a policy that specifies that no food containing industrially produced trans fats be purchased or provided to students. The policy will specify that trans fats will not be used in food preparation by the school district or charter school. This restriction applies to food sold on school grounds during the school days from the school cafeteria, vending machines, or school food establishments, among others. The policy must also include guidelines for parents and others concerning food brought to the school for authorized school activities, such as back-to-school and celebratory events. The policy does not apply to food made available under the federal School Breakfast Program or the National School Lunch Program.

According to testimony, although awareness is growing of the public health concerns regarding the presence of trans fats in foods and beverages, most school districts do not have a policy concerning trans fats in food that is purchased by the district for sale at its schools.

The system is composed of a voluntary partnership among the Department of Public Safety, the Department of Transportation, State and local law enforcement agencies, media outlets, and other public and private organizations to assist in the search for and safe return of missing endangered older persons.

The bill defines the term "missing endangered older person" for the purposes of the system to mean a person who is 60 years of age or older whose whereabouts are unknown and who has been diagnosed with a medical or mental health condition that places the person in danger of serious physical harm or death; or who is missing under suspicious or unexplained circumstances that place the person in danger of serious physical harm or death.

The Department of Public Safety is required to: adopt regulations governing the operation of the system; develop a plan for carrying out the system which sets forth the components of the system; administer the system; supervise and evaluate any training associated with the system; monitor, review, and evaluate the activations of the system for compliance with the provisions of this bill; and conduct periodic tests of the system.

The measure also prescribes the circumstances under which the system may be activated, and provides immunity from civil liability for certain persons and organizations that participate in the system. Senate Bill No. 260 sets forth an alternative procedure for creating a local improvement district that includes a renewable energy project or an energy efficiency improvement project. The bill authorizes a governing body to adopt an ordinance creating an improvement district and ordering such a project to be acquired or improved. The governing body may contract with a person to construct or improve a renewable energy project or an energy efficiency project, issue bonds, or otherwise finance the cost of the project and levy assessments on assessable property. The local government is exempt from the provisions in State law setting forth a hearing procedure on the creation of local improvement districts if the governing body issues a provisional order to form the improvement district for a renewable energy project or an energy efficiency improvement project; and the governing body receives written agreement from the owners of assessable property in the proposed local improvement district.

Finally, the bill specifies that the governing body may not include a tract in the assessable property of such a local improvement district unless the owner or owners of the tract apply to the governing body to have the tracts included.

Nevada Revised Statutes 271.099 defines "energy efficiency improvement project" as "the modification of real property or the facilities or equipment on the real property that is designed to reduce the energy consumption of the real property."

Senate Bill No. 268 allows a properly certified or licensed design professional, which includes a registered professional engineer, architect, landscape architect, or land surveyor, to qualify to receive a 5 percent bidder's preference when competing for a public works project. In order to receive the preference, the design professional must submit proof to the appropriate licensing board for the design professional that he or she has paid an excise tax, based on the sum of all wages, of not less than $1,500 annually for five consecutive years. If this criteria is met, the appropriate licensing board for the design professional shall issue to the design professional a certificate of eligibility for a preference. A design professional may also qualify for the preference if he or she acquires all the assets and liabilities of a viable design professional practice that possesses a certificate of eligibility to receive a preference; and employs in his office or place of business a certified design professional who is a Nevada resident and is regularly working in that office or place of business.

The bill establishes penalties for a design professional who submits false information to the licensing board regarding the payment of the excise taxes and sets forth the timeframe under which a public body may enter into a contract with a design professional who is not a member of a design-build team. Finally, the measure requires the public body or the Nevada Department of Transportation, as the case may be, to publicize certain information regarding the selection of a design-build team that includes design professionals for the public work and transmit such information to the appropriate licensing boards for the design professionals.
Provisions of the bill requiring the various design professional licensing boards to adopt regulations regarding the bidding preferences by October 1, 2011, are effective upon passage and approval. The remainder of the bill is effective on October 1, 2011.

Senator Schneider requested that his remarks be entered in the Journal.

 Senate Bill No. 281 requires the Public Utilities Commission of Nevada (PUCN) to establish the Electric Vehicle Demonstration Program to carry out the legislative intent of registering at least 1,500 electric vehicles in Nevada before January 1, 2016. The Commission shall adopt regulations which, without limitation, establish eligibility qualifications for participants; the type and amount of financial incentives, which must not exceed $3,000 per participant; requirements for a utility's annual plan for administering the Program; and procedures for inspection and verification of a participant's electric vehicle.

 Senate Bill No. 281 provides that a person who owns or operates a charging station that supplies electricity for an electric vehicle is not a public utility and, therefore, is not subject to the jurisdiction of the PUCN.

 The PUCN is required to submit a report to the Director of the Legislative Counsel Bureau on or before July 1, 2012, regarding the criteria used to determine the level and amount of incentives; the anticipated benefits of the Program; and any recommendations concerning the Program.

 This bill is effective on July 1, 2011.

 Senator Denis disclosed that he is an employee of the Public Utility Commission. This will not impact him one way or another. He stated he did not own an electric vehicle but did own a hybrid and would be voting.

 Senate Bill No. 284 prohibits the court from entering a final order modifying the terms of an existing custody or visitation order until after a parent or legal guardian who is a member of the military, and who has sole or joint custody or visitation of a child, returns from deployment. The court may temporarily modify the order to reasonably accommodate the deployment of a parent. However, the bill creates a rebuttable presumption that the temporary order must revert
to the original order unless it is not in the best interests of the child. If the court temporarily modifies the order, it must ensure the ability of the deployed parent to maintain frequent and continuing contact with the child by reasonably available means.

The measure provides that deployment or the potential for future deployment does not constitute a substantial change in circumstances sufficient to warrant a permanent modification of an order, and authorizes delegation of the deployed parent's visitation rights to a family member under certain circumstances.

Finally, the court is required to hold an expedited hearing or allow the parent to present testimony and evidence by electronic means if the parent's ability to appear in person is materially affected by his or her current or pending deployment.

The measure is effective on October 1, 2011.

Senate Bill No. 288 includes Indian tribes and tribal organizations in the Waterpower Energy Systems Demonstration Program, and extends the prospective expiration of the program until June 30, 2016. It also expands the capacity of the program to 5 megawatts. At least 1 megawatt of that amount must be allotted to systems with a capacity of 100 kilowatts or less. Rebates under the program must not exceed 50 percent of the total cost of a system.

The bill amends the net metering program to accommodate certain systems serving contiguous property, including property that is separated by a street, alley, creek, river, or certain rights-of-way.

Senate Bill No. 294 defines a "medical assistant" and authorizes a medical assistant who is supervised by a physician or physician assistant to possess and administer a dangerous drug. A
veterinary assistant may also possess and administer a dangerous drug at the direction of a supervising veterinarian.

The bill provides that a person, other than a physician, shall not inject a patient with any chemotherapeutic agent classified as a dangerous drug except under certain specific circumstances.

The Board of Medical Examiners and the State Board of Osteopathic Medicine may adopt regulations governing the supervision of a medical assistant, including without limitation, regulations that prescribe limitations on the possession and administration of a dangerous drug by a medical assistant. SENATOR DENIS:
Senate Bill No.318 provides that new school buses purchased after January 1, 2014, must meet certain fire safety standards concerning the flammability of occupant seat material and for plastic components within the engine compartment.

According to testimony, most of the "thermal incidents" involving Nevada school buses occurred within the engine compartment due to leaking fuel lines. The plastic components covering electronic devices within the engine compartment will now be required to meet Underwriter Laboratory standards, removing that as an ignition source for a fire.

The bill is effective on July 1, 2011.

SENATOR SETTELMEYER:
I appreciate the bill changing. I think it is no longer requiring a retrofit of seats, because that was about $500 per seat. Now it only applies to when you purchase new equipment. Then you do not have to retrofit. What will the cost be to the school district when buying a new bus?

SENATOR PARKS:
Thank you, Mr. President. The application for this would be for buses that would be acquired after the date January 1, 2014. If put in service after that date, they would have to be constructed with materials that have a flammability resistance. The cost is minimal. My experience goes back 20 years when purchasing transit buses that required fabric seating. The cost difference was minimum. Less than a few dollars per bus overall.

SENATOR KIECKHEFER:
I appreciate the issue of trying to keep children safe on the bus. Do we require them to wear seat belts on the school bus?

SENATOR PARKS:
No.

SENATOR BROWER:
I want to disclose that a member of my law firm testified in support of this bill. After conferring with legal counsel I do not have a conflict. I will vote on this bill.

SENATOR CEGAVSKE:
Thank you, Mr. President. I have been concerned about this. It is another unfunded mandate for the school districts. They did not present a fiscal note to us in the hearing. It is something that
is different. The school districts have a national standard for their buses. This puts an additional mandate on them, not only for the seating that is non-flammable material, but it also requires that there is plastic under the hood. It is a new set of requirements that would go under the hood for the engine. They stated that in the State of Nevada, Clark County had none to report. There were a few engine fires in other parts of the State. I still have concerns that this is an unfunded mandate for the school districts. They all agreed on that. There was some confusion in this, but they still say it is an unfunded mandate.

SENATOR DENIS:

In Committee, one of the things we found out was that there were ten thermal incidents in the State and all of them were in the engine compartments. Currently there is no standard for those. This would put in place a standard for the plastic components that are under the hood. That is where the issues are when there is a fire on a school bus. That would be a minimal cost.

Unless extended by the State Engineer, the duration of such a temporary permit is limited to one year. The bill exempts such an application from several requirements in existing law for applications for permits concerning water rights, including publication of notice of the application in a newspaper and authorization for the filing of protests against the granting of the application.

Finally, Senate Bill No. 361 requires the State Forester Firewarden, upon the request of the State Engineer, to review the plan for establishing the vegetative cover that is required to be submitted by the applicant for the temporary permit.

Senate Bill 392 was a recommendation of the 2009-2010 Legislative Commission's Committee to Study Powers Delegated to Local Governments, which received suggestions and heard testimony from the Interim Technical Advisory Committee on Intergovernmental Relations. The Committee created by this bill shall serve as a forum for the discussion and resolution of intergovernmental challenges and is charged with engaging in numerous activities and conducting studies relating to: (1) local government structure; (2) powers of local government, including various functions and fiscal powers; (3) State and local government relationships; (4) the allocation of resources at the State and local levels; and (5) making recommendations for legislation made to the Chairs of the Senate and Assembly Committees on Government Affairs. The Nevada Advisory Committee on Intergovernmental Relations is also required to prepare and submit to the Nevada Legislature, on or before July 1 of each year, a report setting forth the activities and findings of the Committee during the previous year. Administrative support for the Committee shall be provided by the Nevada Association of Counties and the Nevada League of Cities and Municipalities.

Provisions relating to the appointment of members to the Committee are effective upon passage and approval. The remainder of the bill is effective on July 1, 2011. The measure expires by limitation on June 30, 2015.

The territory and its inhabitants are entitled to the same privileges and benefits as other parts of the annexing unincorporated town.

Senate Bill No. 432 authorizes the Regional Transportation Commission (RTC) in Clark and Washoe Counties to issue revenue bonds and other revenue securities to fund the construction and maintenance of road projects, public transit systems and projects to improve air quality, if the RTC has executed an interlocal agreement with the county.

The bill removes certain requirements for the cessation of the sales tax imposed for infrastructure projects in Clark County and also removes the prohibition on the issuance of bonds, based on a specified date or the amount of proceeds collected from the sales tax.

The bill also extends the period of time for which general obligation bonds may be issued for a water facility or a wastewater facility, from 30 years to 40 years.

SENATOR ROBERSON:
Thank you, Mr. President. Sections 8 through 14 of this bill refer to the Southern Nevada Water Authority. Section 8 removes the sunset date and leaves the imposition of the tax open ended. While the voters approved the 0.25 percent sales tax in 1998, the question did not contain the sunset, the explanation did contain the sunset. I will vote "no" on this bill.

SENATOR HALSETH:
I also rise in opposition to Senate Bill No. 432. In addition to the concerns of my colleague from Clark County District No. 5, section 10 extends the potential life of the GO bonds from 30 to 40 years. There will be a substantial increase in interest that will have to be paid.

SENATOR HARDY:
I will vote in favor of this bill. It continues a current tax opportunity for bonding. I look at this through my "jobs" glasses and recognizing there is a water issue that is critical for my district and all of the projects they need to have, as well as this place called Clark County still needs a drink of water.

SENATOR SCHNEIDER:
Thank you, Mr. President. This is about water for the future. Yes, it costs money. It is not free to build a straw into the lake as deep as they want to go. You cannot put this off. We had a good water year this year, but we have had ten bad years. Next year, we could start 50 years of drought. We do not know, but we must be ready. It is critical for Las Vegas that we have this
straw. I stand in support and urge all Clark County people to keep an open mind on this unless

GENERAL FILE AND THIRD READING

Senate Bill No. 488.
Bill read third time.
Remarks by Senator Schneider.

Senator Schneider requested that his remarks be entered in the Journal.

Senate Bill No. 488 provides that the Public Utilities Commission of Nevada shall require a
utility that supplies electricity in this State to include certain provisions relating to transmission
facilities in its triennial resource plan. The plan must include plans for transmission facilities to
support the construction of renewable energy facilities, without regard to the location of the
purchaser of energy from such renewable energy facilities; provisions to serve the transportation
needs of the utility; and provisions to serve any renewable energy facility that delivers energy
outside the service territory of the utility and that requests interconnection with the utility.

The plan may propose the sighting, permitting, or construction of a transmission facility or
corridor in phases. A utility may recover reasonable expenses for any sighting, development, and
permitting of a corridor that is conducted without inclusion in the statutorily required plan.

each county so that all areas of each county, and all taxpayers within a county, are subject to an
equal rate of sales and use tax.
The bill also establishes that a special district for which a sales and use tax is imposed may not be created in a portion of a county if it would cause the rate of sales and use tax in that portion of the county to be higher than other portions of the county.

Pursuant to Section 2 of Article 19 of the Nevada Constitution, the provisions of Senate Bill No. 495 provide for a competing measure to Initiative Petition No. 1 to be placed on the ballot at the general election held on November 6, 2012.

Assembly Bill No. 144 adds five criteria that must be met to qualify for the 5 percent bidding
preference on State and local public works projects. The applicant must submit a signed affidavit
certifying that the criteria will be met for the duration of the project. The additional criteria are:
- at least 50 percent of the workers must have a Nevada driver's license or identification card;
- vehicles must be registered in Nevada or be partially apportioned to Nevada; at least 50 percent
  of the design professionals working on the project must have a Nevada driver's license or
  identification card; at least 25 percent of the suppliers of the materials used must be located in
  Nevada; and certain payroll records must be maintained and available in Nevada. The bill also
  requires the contractor to maintain, for all workers on the project, a list of the driver's license and
  identification card numbers.

The public works contract must contain the five criteria and provide that failure to comply
with the criteria constitutes a material breach entitling the public body to liquidated damages
equal to 10 percent of the contract's cost. The contract must also contain a provision to apportion
the liability for damages for a material breach between the contractor and subcontractor in
proportion to each party's liability for the breach. A contract not in compliance with this bill
shall be void. A contractor who receives a preference and breaches the contract shall be
penalized as follows: if the cost of the contract exceeds $5 million, the contractor shall lose the
preference certification for five years; or if the contract exceeds $25 million, the contractor shall
be barred from bidding on public works projects for one year.

A person may file a written objection with the public body to a proposed or awarded contract,
along with supporting proof, alleging that the criteria are not being met. The public body must
review the objection and supporting proof and determine whether the criteria are being met. If
the public body determines the criteria are not being met, the contract may be awarded to
another bidder or the public body may seek liquidated damages. Breaches shall be reported to
the State Contractors' Board and the information shall be retained for at least six years.
