**Legislative Counsel’s Digest:**

1 **Section 2** of this bill provides for the establishment of a hybrid retirement  
2 program for new employees hired by certain public employers on or after July 1,  
3 2014. The program must include a defined benefit plan and a defined contribution  
4 plan, and must be part of the Public Employees’ Retirement System.

5 **Section 3** of this bill sets forth the required provisions of the defined benefit  
6 plan, which include providing for: (1) a cap on annual benefits; (2) a prohibition on  
7 the purchase of additional service credit; (3) a maximum public employer  
8 contribution rate equal to 6 percent of a member’s compensation; (4) an employee  
9 contribution rate equal to the contribution rate that is actuarially determined for the  
10 plan less the public employer contribution rate; (5) a monthly service retirement  
11 allowance that is determined by multiplying a member’s average compensation by  
12 1 percent for each year of service earned by regular members, and by 1.5 percent  
13 for each year of service earned by police officers and firefighters; and (6) a  
14 minimum retirement age to receive an unreduced benefit that is tied to the full  
15 retirement age of the member under the Social Security Act.

16 **Section 4** of this bill sets forth the required provisions of the defined  
17 contribution plan, which include providing for: (1) the accumulation by a member  
18 of retirement savings in an individual trust account; (2) compliance with federal

19 law to be recognized as a qualified government retirement plan; (3) compliance

27 information concerning the defined contribution plan.

28 **Section 6** of this bill requires public employers that are local governments to  
29 make additional contributions to the System to reduce the unfunded liability of the  
30 System under certain circumstances.

31 **Section 7** of this bill provides that any new employee hired by a public  
32 employer on or after July 1, 2014, as a condition of his or her employment, shall be  
33 deemed to have consented to the revision or termination of the provisions of the  
34 hybrid retirement program at any time.

35 **Section 8** of this bill requires the Board annually to determine the amount of  
36 the estimated unfunded liability of the System that is attributable to members who  
37 are employed by the State and by each public employer that is a local government,  
38 respectively, and report the results of its determination to the Governor and the  
39 governing body of each such local government.

40 **Section 9** of this bill provides that certain provisions in collective bargaining  
41 agreements entered into or renewed on or after July 1, 2014, which are inconsistent  
42 with the provisions of the hybrid retirement program are void.

43 **Section 10** of this bill provides for the appointment of an advisory committee to  
44 study and make recommendations concerning the possible effects that the hybrid  
45 retirement program may have on the actuarial assumptions currently used by the  
46 actuary of the System.
