Assembly called to order at 11:43 a.m.
Mr. Speaker presiding.
Roll called.
All present.
Prayer by the Chaplain, Pastor Nick Emery.
To all those gathered here, we ask of You, Lord, for strength and wisdom as they conduct the business of our great state, Nevada.
The word of God reminds us that “whatever is true, whatever is honorable, whatever is right, whatever is pure, whatever is lovely, whatever is of good repute, if there is any excellence and if anything worthy of praise, dwell on these things.” (Philippians 4:8) Give us clarity today God. Give us focus today, we pray. And Lord, may we be focused on praising You this day, in every aspect of our lives, we pray, in the mighty name of Jesus Christ.
Amen.

Pledge of allegiance to the Flag.

Legislative Counsel’s Digest:
Recently enacted federal law allows for the creation of tax-advantaged savings accounts for persons who have certain qualifying disabilities. Under the program, any person, including family members, may make a contribution to the account of a person with a qualified disability. Any interest or other growth in the value of the account and distributions taken from the account are tax free. The maximum amount that can be contributed tax free to the account of a qualified person is $14,000 per year. Distributions from the account may only be used to pay expenses related to living a life with a disability and may include such things as education, housing, transportation and employment training and support. Money in the account or distributions from the account do not affect the eligibility of a person for certain public benefits such as Social Security disability payments, Supplemental Nutrition Assistance Program benefits and Medicaid. To qualify for these benefits, the savings account into which contributions are made on behalf of a qualified person must be established and maintained by the qualified person’s state of residence. If a state chooses not to establish its own program, it may contract with another state that has adopted a qualified program. (Achieving a Better Life Experience Act of 2014, 26 U.S.C. § 529A) Sections 2-15 of this bill require the Aging and Disability Services Division of the Department of Health and Human Services, in cooperation with the State Treasurer, to establish the Nevada ABLE Savings Program as a qualified program pursuant to 26 U.S.C. § 529A.
Existing law creates the Aging and Disability Services Division within the Department of Health and Human Services and requires the Division to work with persons with disabilities, persons interested in matters relating to persons with disabilities and state and local governmental agencies to develop and improve policies of this State concerning programs and services
Sections 18 and 19 of this bill authorize the Division to establish a program to provide services of independent living and assistive technology for a person with a disability who needs independent living services.

Existing law creates the Nevada Commission on Services for Persons with Disabilities, which consists of 11 members appointed by the Director of the Department of Health and Human Services. (NRS 427A.1211) Sections 21 and 22 of this bill make revisions to the terms of the members of the Commission to ensure that the terms of the members of the Commission are staggered.

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

GENERAL FILE AND THIRD READING

ASSEMBLYMAN PAUL ANDERSON: Senate Bill 504, as amended, makes various changes to Nevada law concerning bullying and cyber-bullying in public schools. Specifically, it provides for disciplinary and licensure proceedings if someone knowingly and willfully fails to comply with applicable provisions of law. It requires that the parents of a student be allowed to petition a court to compel performance by a school official of any duty imposed. It creates the Office for a Safe and Respectful Learning Environment within the Department of Education and establishes and maintains a 24-hour toll-free hotline and website for public information and incident reporting. It changes the requirements regarding the reporting and investigation of an incident of bullying or cyber-bullying; requires a good faith effort to notify, within one school day, the parents of all students involved in an incident; requires an investigation, including an interview with students and parents, within two school days; requires a principal to meet with any victims within ten days; and allows a parent or guardian to submit a complaint to the Department of Education
within 30 days in response to a decision made by a principal or his or her designee related to the incident.
I imagine that most of us experienced or witnessed bullying in our youth. But just because bullying has been a part of our past does not mean it has to be part of our future. I am proud of this bill; I am proud of what we are doing today. I think we are taking a big step forward in helping Nevada’s children. I will be voting yes, and I encourage all others to do so as well.

Assemblywoman Spiegel:
Senate Bill 504 arose out of some incidents that happened in my Assembly district. Too many kids in my district and throughout our state have been bullied, have been damaged; some have even committed suicide. Senate Bill 504 goes a long way in helping to turn things around so our children will feel safe at school, will be in a position where they will be able to learn, and most importantly, will be in a position where they will be able to live.
Senator David Parks and I have been working with the Governor’s staff on this bill for nearly a year. It is a great bill, and I urge everyone to support it.

Assemblyman Hansen:
I rise in opposition to Senate Bill 504. The primary reason I have objections to it is because I have not had a chance to read it. This is not an emergency, and I resent the fact that I am being forced into a vote today when most of the people in our caucus have not even had a chance to read the bill. I am certainly no proponent of bullying, but I am also not a proponent of phony emergency measures that are not emergencies.
On the issue of bullying, I have a teacher who teaches in Clark County, and they have endless lectures, classes, and rules on bullying right now. So the idea that this is some new thing, that they do not already have programs in place to deal with these kind of things, is just not the case.
This is another one of those deals where there certainly should be an element of local control. There was a bill that we tried dealing with on bathrooms, and that ended up being defeated because at least a few members of our caucus felt it was something the local people should control. In the whopping five minutes I have had a chance to read this thing, local control is something we should consider.
My objection today and the reason I am voting no is not because of bullying. It is this phony emergency rush to try and get this thing done before we have an opportunity to fully vet it. That is why I am in strong opposition. One or two days would make no difference in the big scheme of things, yet somehow it has to be done in such short order without reasonable opportunities for all of us to thoroughly go through it and see what we like and do not like and have opportunities to perhaps amend sections of it.
I am not a proponent of bullying, but I am a proponent of thoroughly vetting things before we pass laws that affect 400,000 kids in the public schools, every teacher in the public schools, and all the parents in the public schools, without proper vetting of these issues. I would urge a no vote simply on that basis.

Assemblywoman Fiore:
I am a proponent of not bullying, but I have stood here before and said I would not vote on something I did not read, because I do not think this body is full of Pelosis who vote on something and then find out what is in the bill. I am standing in opposition because I do not want to vote no on this bill. I want a chance to read the bill. This emergency measure—what do we do? I do not want to vote on this bill today because I have not read it. I do not want to vote no and I do not want to vote yes. I do not want to vote on this bill today. I need an answer.

Assemblyman Elliot Anderson:
I rise in support of Senate Bill 504. I want to explain to the body more about what we heard during the interim, what was happening with these bullying incidents. A lot of times what is happening is parents are not getting notification about what is happening with their children at
school. This bill is intended to ensure that those parents get notification, so they can get engaged and so they can fix these problems before they turn into kids committing suicide.

I respect my colleague from District 32. There has been an issue with getting that notification from the school district, and so this bill sets up an office to ensure that there is a place where kids can go if they are feeling under pressure. The hope is to ensure that we get them some help, whether it is through parental notification measures or that 1-800 number for those kids to call when they are in trouble. I urge this body to support S.B. 504.

Assemblyman Gardner:
I have a question for the Majority Leader regarding the intent of the bill. This is in section 6, part 2, subsection f. I just read this and want to get the intent of the bill in this section. It says “(f) Blocking access to any property or facility of a school” I am just wondering what is the intent behind that in considering that bullying.

Assemblyman Paul Anderson:
I can happily defer to the Chair if they have further clarification. I think intent for the record is good, and this is an important part of it. When I picture that phrase in my mind, it is somebody blocking me from exiting a door or going on to campus. I believe the intent is pure and is to protect those who are being bullied. I do not think there is any other intent with that particular section.

Assemblyman Hickey:
I rise in support of Senate Bill 504. This bill was vetted and heard in a five-hour joint hearing of Education Committee members between ourselves and the Senate. It was passed unanimously by our Assembly Education Committee, and it has been deeply discussed. With respect to my colleague’s concerns about this being an emergency measure, folks, we are 20 days away from trying to close this building down successfully. We are going to be pressured to make decisions. I speak for myself, but I rely upon the members of other committees who have discussed, vetted, debated, and brought their conclusions to us.

Having served on the committee, and in conjunction with my colleagues who were in support, I urge us to go forward with this bill. It sets the stage for dealing with problems that parents democratically brought to this process, and we are acting upon it with our vote and support today.

Assemblyman Ellison:
I would like to ask a question of the Majority Leader if I may. I think everyone in this body wants to understand and vote in favor of this bill. I do, too. There were questions that were brought up in caucus a few minutes ago. The savings are a great deal to this body. I think how much money we will save. One question I have is can we take a recess until about five o’clock and then come back and vote as a whole? I think you will get 100 percent or 90 percent of this body to vote this out. That is all I ask for is a recess to come back tonight and vote on this measure.

Assemblyman Paul Anderson:
Mr. Speaker, certainly it is at your pleasure that we recess or not. My recommendation would be that we do not at this time. With the committee passage deadline and other events we have going on, I think we all recognize the importance of this particular bill along with the companion legislation and budget items that accompany it. I would recommend that we move forward at your discretion.
Assemblywoman Fiore moved that Senate Bill No. 504 be taken from the General File and placed at the top of the General File for the next legislative day.

Having previously announced that all members would have an opportunity to speak on Senate Bill No. 504, Mr. Speaker deferred acceptance of the motion.

**GENERAL FILE AND THIRD READING**

**ASSEMBLYMAN NELSON:**
My position is this: I have the deepest respect for our Majority Leader. He is a very good friend of mine and I trust him, but I agree with what my colleague from Elko said. I do not think we need to kick it a full day, but I would like to have half an hour to read it again and to talk with the committee chairman and other members of the committee. I would echo what my colleague from Elko says; I think we need a little more time to read it. The Majority Leader says we need to vote on it today. Fine, we can vote on it today, but let us have a couple of hours.

**ASSEMBLYWOMAN KIRKPATRICK:**
I rise in support of Senate Bill 504, but more importantly, let us have a real discussion here. This is 19 days from closing down. This is going to happen in so many different ways—last session, the session before that, the session before that. Quite frankly, many folks in this body who trusted me voted on concur/not conurs on the very last day within five minutes of their bills being heard. The members of this body have a responsibility every single day to look at the Daily File, every single day to look at the Second Reading, because we are out of time folks. We have no more time to do this. We have to move bills this quickly or you and I and everybody in this body will lose bills that we care about as a whole. Whether or not you like this bill, that is your choice. But this is a legislative process; we are down to the wire. We have work sessions that we have gotten posted hours before we were asked to vote on them. But I voted on it.

We just spent 40 minutes in a caucus meeting. Honestly, folks could have gone through that bill section by section in that time. That is how long we spent going through it yesterday. My Girl Scouts and I watched the joint hearing in the Senate. Each and every one of us has that responsibility every single day as well.

You can participate in the meetings by watching online, you can participate in your caucus room, you can participate in your office, or you can participate at home for heaven’s sake. We have a responsibility to the folks who are outside of this little vacuum to actually process legislation every single day. There is no down time anymore. Folks think we are going home this weekend to hang out. We are not. There are budgets to be closed, there is staff that is working 23 hours a day to make this all come together. I do not buy the argument that no one got a chance to read it. Everyone has a responsibility. That is the legislative thing you were elected to do—to read every single bill. Everything that is on Second Reading for tomorrow, I have already read it. That is my responsibility to take that vote.

Mr. Speaker, I would ask that we just call for the question and let folks vote how they want. If we start this trend, I am telling you, having been in your spot before, we will not get out of here, there will be a lot of bills that die, and oh by the way, we do not get to make that decision later.

Assemblywoman Kirkpatrick moved the previous question. Sustained by Assemblymen Araujo and Woodbury.

ASSEMBLYWOMAN SPIEGEL:
Senate Bill 3 requires the Department of Motor Vehicles [DMV] to establish and maintain an Internet-based registry of emergency contact information to be known as the Next-of-Kin Registry. Anyone who has a Nevada driver’s license, driver authorization card, or identification card may establish a record within the Registry. In the case of a motor vehicle accident, a law enforcement officer or other authorized employee of a law enforcement agency must search the Registry when practicable and make a reasonable attempt to notify the emergency contact person. In the event of the death of a driver or passenger, law enforcement personnel must coordinate the next-of-kin notification with the coroner or medical examiner and ensure that notification is made only after positive victim identification is confirmed. In the case of an accident or emergency situation other than a motor vehicle accident, the bill allows, but does not require, law enforcement personnel to search the Registry for an emergency contact person.

The bill also contains various privacy provisions, including prohibiting information from the Registry from being released for the purposes of determining legal presence; limiting the circumstances under which the DMV may grant access to the Registry information of a registrant; requiring the DMV to disclose to registrants who will have access to information contained in the Registry, as well as who will be notified in the case of an emergency; and providing that those who have access to the Registry are not exempt from criminal or civil liability for willful misuse of the Registry.

This bill is effective upon passage and approval for the purpose of adopting regulations and performing preparatory administrative tasks, and on the date on which the Director of the DMV notifies the Governor and the Director of the Legislative Counsel Bureau that sufficient resources are available to enable the DMV to carry out the amendatory provisions of this measure.
