In every case of an amendment of a bill, or joint or concurrent resolution, agreed to in one House, dissented from in the other, and not receded from by the one making the amendment, each House shall appoint a committee to confer with a like committee to be appointed by the other; and the committee so appointed shall meet publicly at a convenient hour to be agreed upon by their respective chairmen and announced publicly, and shall confer upon the differences between the two Houses as indicated by the amendments made in one and rejected in the other and report as early as convenient the result of their conference to their respective Houses. The report shall be made available to all members of both Houses. The whole subject matter embraced in the bill or resolution shall be considered by the committee, and it may recommend recession by either House, new amendments, new bills or resolutions, or other changes as it sees fit. The report of a conference committee may be adopted by acclamation, and such action may be considered equivalent to the adoption of amendments embodied therein. The report is not subject to amendment. If either House refuses to adopt the report, or if the first conference committee has so recommended, a second conference committee may be appointed. No member who served on the first committee may be appointed to the second.

There shall be but two conference committees on any bill or resolution. A majority of the members of a conference committee from each House must be members who voted for the passage of the bill or resolution.

These committees are hereby designated as the "redistricting committees" for the purposes of this rule and Joint Standing Rules Nos. 13.1, 13.2, 13.3, 13.4, 13.5 and 13.6.
2. Any request for research concerning the population of proposed districts must be submitted to the Research Division of the Legislative Counsel Bureau through one of these redistricting committees.

1. In order to meet constitutional guidelines for deviations in population among state legislative districts, no plan, or proposed amendment thereto, will be considered that results in an overall range of deviation in excess of 10 percent, or a relative deviation in excess of plus or minus 5 percent from the ideal district population.

2. The population of each of the Nevada congressional districts must be as nearly equal as is practicable. Any population deviation among the congressional districts from the ideal district population must be necessary to achieve some legitimate state objective. Legitimate state objectives, as judicially determined, include making districts compact, respecting municipal boundaries, preserving the cores of prior districts and avoiding contests between incumbent representatives. In order to meet constitutional guidelines for congressional districts, no plan, or proposed amendment thereto, will be considered that results in an overall range of deviation in excess of 1 percent, or a relative deviation in excess of plus or minus one-half percent from the ideal district population.

3. Equality of population in accordance with the standard for state legislative districts is the goal of redistricting for the State Board of Education and the Board of Regents.

Rule No. 13.2. Population Database.
1. The total state population, and the population of defined subunits thereof, as determined by the 2000 federal decennial census must be the exclusive database for redistricting by the Nevada Legislature.

2. Bill draft requests, including bills in skeletal form, setting forth specific boundaries of the state legislative districts, congressional districts, districts for the Board of Regents or districts for the State Board of Education, and amendments affecting a majority of the state legislative districts, may only be requested by the chairmen of the redistricting committees.
3. The chairmen of the redistricting committees are limited to one request each for a bill draft setting forth the specific boundaries of the state legislative districts, one request each for a bill draft setting forth the specific boundaries of the congressional districts, one request each for a bill draft setting forth the specific boundaries of the districts for the Board of Regents and one request each for a bill draft setting forth the specific boundaries of the districts of the State Board of Education. At the direction of the chairman of the redistricting committee, the bill draft requests setting forth the specific boundaries of the state legislative districts, the congressional districts, districts for the Board of Regents and districts for the State Board of Education may be combined in any manner.

Rule No. 13.5. Compliance with the Voting Rights Act.

1. The redistricting committees will not consider a plan that discernibly violates section 2 of the Voting Rights Act, codified as 42 U.S.C. § 1973(a), which prohibits any state from imposing any voting qualification, standard, practice or procedure that results in the denial or abridgment of any United States citizen’s right to vote on account of race, color or status as a member of a language minority group.

2. The redistricting committees will not consider a plan in which the Legislature subordinates traditional districting principles to racial considerations and makes race the dominant and controlling rationale in drawing district lines. For the purposes of this subsection, “traditional districting principles” are those traditional redistricting principles that have been judicially recognized and include compactness of districts, contiguity of districts, preservation of political subdivisions, preservation of communities of interest, preservation of cores of prior districts, protection of incumbents and compliance with section 2 of the Voting Rights Act, 42 U.S.C. § 1973 (2).

3. For the purpose of analyzing the 2000 census data, the redistricting committees shall adopt the method set forth in the Office of Management and Budget (OMB) Bulletin No. 00-02 for aggregating and allocating the 63 categories of race data that will be reported to Nevada by the United States Census Bureau as part of the federal decennial census.

Rule No. 13.6. Public Participation.

1. The redistricting committees shall seek and encourage:
   (a) Public participation in all aspects of the reapportionment and redistricting activities; and
   (b) The widest range of public input into the deliberations relating to those activities.

2. Notices of all meetings of the redistricting committees must be transmitted to any member of the public who so requests, without charge.

3. All interested persons are encouraged to appear before the redistricting committees and to provide their input regarding the reapportionment and redistricting activities. The redistricting committees shall afford a reasonable opportunity to any interested persons to present plans, or amendments to plans for redistricting, unless such plans demonstrably fail to meet the minimally acceptable criteria set forth in

4. Each of the redistricting committees, either jointly or separately, shall hold at least one hearing in the southern portion of this state and at least one hearing in a rural portion of this state to allow residents throughout the state an opportunity to participate in the deliberations relating to the reapportionment and redistricting activities.

2. In accordance with Title VII of the Civil Rights Act, for the purposes of this rule, “sexual harassment” means unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature when:
