EXPLANATION – Matter in *bolded italics* is new; matter between brackets ~~omitted material~~ is material to be omitted.

AN ACT relating to medical professions; requiring an applicant for a license to practice medicine, licensed physicians and certain licensed osteopathic physicians to submit to a criminal background check; authorizing certain disciplinary action to be taken against those applicants and physicians in certain circumstances; expanding the grounds for initiating disciplinary proceedings against physicians and osteopathic physicians; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

- 1 Existing law provides for the regulation and licensure of medical doctors in this
- 2 State by the Board of Medical Examiners. (Chapter 630 of NRS) As part of that
- 3 regulation, existing law provides specific acts that constitute grounds for initiating
- 4 disciplinary action or denying licensure to a medical doctor and certain related
- 5 professionals. (NRS 630.301)
- 6 This bill requires an applicant for a license to practice medicine to submit to a
- 7 criminal background check. This bill further expands the acts which constitute

8 grounds for initiating disciplinary action or denying licensure to include certain
9 additional crimes. If a criminal background check reveals a conviction of any of the
10 crimes listed, the Board may deny a license to the applicant. To address physicians
11 who are already licensed in this State, this bill also requires all licensed physicians
12 to submit to a criminal background check. If the criminal background check reveals
13 a conviction of an act for which an applicant would be denied licensure, this bill
14 provides that the conviction may be grounds for initiating disciplinary proceedings
15 against the physician.

16 Existing law provides specific acts that constitute grounds for initiating
17 disciplinary action against an osteopathic physician and certain related
18 professionals. (NRS 633.511)

19 This bill expands those acts to include the same crimes added to the similar
20 provision applicable to medical doctors and related professionals.

21 Existing law requires an applicant for a license to practice osteopathic medicine
22 to submit to a criminal background check. (NRS 633.328) That provision was
23 added to law by the Nevada Legislature in 2003 and did not require licensed
24 osteopathic physicians to submit to a criminal background check. (Chapter 210,
25 Statutes of Nevada 2003, at page 1174)

26 This bill requires an osteopathic physician who did not submit to a criminal
27 background check when he applied for licensure to submit to a criminal
28 background check. If the criminal background check reveals a conviction of an act
29 for which an applicant would be denied licensure, this bill provides that the
30 conviction may be grounds for initiating disciplinary proceedings against the
31 osteopathic physician.
