Sections 2 and 3 of this bill require the Director of the Office of Energy to adopt a system for rating buildings based upon the Leadership in Energy and Environmental Design Green Building Rating System, and authorize the Director to grant, under certain conditions, a partial abatement of property taxes for certain buildings based upon the rating of the building.

Existing law authorizes the Commission on Economic Development to approve, under certain conditions, a partial abatement of certain taxes for a person who intends to locate or expand a business in this State. (NRS 360.750) Existing law prescribes the terms of such a partial abatement of property taxes for certain businesses that conserve energy or fossil sources of energy through recycling, for certain facilities that generate electrical energy from renewable energy and for facilities that produce certain devices for the storage of electrical energy. Existing law provides an exemption from property taxes for any value added to the assessed value of a building by certain qualified systems that provide heating, cooling or electricity. (NRS 361.079) Sections 6 and 16 of this bill repeal that exemption and provide a substantially similar exemption.

Existing law prescribes the terms of a partial abatement of certain sales and use taxes, if approved by the Commission on Economic Development, for certain facilities that generate electricity from renewable energy or produce certain devices for the storage of electrical energy. (NRS 374.357) Sections 7 and 11 of this bill repeal those terms and prescribe substantially identical terms.

Sections 12 and 16 of this bill repeal certain energy requirements for public buildings which otherwise would have become effective on July 1, 2007.

Existing law requires an analysis of the cost of operating and maintaining certain public buildings prior to their construction or renovation. (NRS 338.190) Section 16 of this bill repeals those requirements.

Existing law requires the Director of the Office of Energy to adopt a system for rating buildings for the purposes of certain tax exemptions and the construction of certain public buildings. (NRS 701.217) Section 16 of this bill repeals those requirements.

Existing law authorizes the Commission on Economic Development to grant a partial abatement of property taxes for certain structures that use resources efficiently. (NRS 361.0775) Section 16 of this bill repeals that authority.
