The rights of Nevada electric, gas, water, and telephone utility consumers are codified in the Nevada Administrative Code ("NAC") at [NAC 704.302-421](#). These provisions are commonly referred to as the Consumer's Bill of Rights. The Consumer's Bill of Rights is designed to make it easy to get and maintain utility services. The Consumer's Bill of Rights recognizes that utilities provide vital services that must be made available to all utility customers on just and reasonable terms.
