Testimony to Interim Finance Committee  
June 12, 2020

Madame Chair and Members of the Committee:

My name is Anne Cory, I am an employee of Community Health Alliance in Washoe County, and I am speaking on behalf of the Human Services Network.

I understand that you will be facing some very difficult fiscal decisions now and in the days ahead. I hope you will look at all options, including diversifying revenue streams, before making drastic cuts to human services programs. State support for health care services for the underserved, mental health crisis services, rural mental health, early childhood programming, aging services, and employment supports are all essential. Community Health Alliance hears every day from grateful patients who have achieved a healthier life due to the affordable, accessible services we provide. CHA stands together with nonprofit service providers knowing that the safety net is dependent on adequate funding for all health and human service organizations.

Thank you.

*I am working remotely and check email often. You may also reach me on my cell phone at 775-830-4699. CHA is OPEN to patients, but many of our administration functions are now performed remotely to reduce the number of people out in the community. Stay safe and healthy!*
