Notes:

- * The sum of each column may be different than the unique count of referrals received in the month because a referral can have more than one source.
- ¹ This category includes sources of Friend, Neighbor, Parent, Other Relative, and Caretaker/Guardian.
- ² This category includes sources of Other, Anonymous, and Alleged Victim.
- ³ This category includes other mandated reporters such as Social Services Personnel, Mental Health Personnel, Clergy, Coroner, Child Care Provider, and Court/Legal Personnel.
- ⁴ This category indicates the referral source was left blank.
- ^ Each week in this table represents a seven day week from Sunday to Saturday.

Notes:

* The sum of each column may be different than the unique count of referrals received in the month because a referral can have more than one source.

¹ This category includes sources of Friend, Neighbor, Parent, Other Relative, and Caretaker/Guardian.

² This category includes sources of Other, Anonymous, and Alleged Victim.

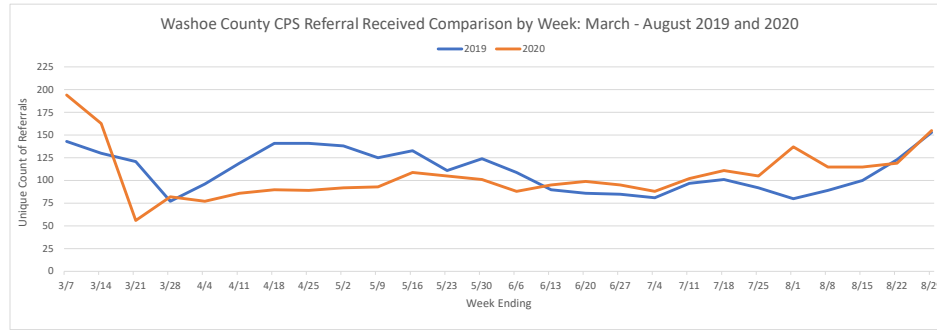

³ This category includes other mandated reporters such as Social Services Personnel, Mental Health Personnel, Clergy, Coroner, Child Care Provider, and Court/Legal Personnel.

⁴ This category indicates the referral source was left blank.

^ Each week in this table represents a seven day week from Sunday to Saturday.

Prepared: September 8, 2020
Washoe County Child Protective Services (CPS) Referrals Received
Period Under Review: 26 week period, approximately March - August 2019 compared to March - August 2020
Source: UNITY database, SQL query
Prepared by: Office of Analytics - DCFS Branch

Comparison of Washoe County CPS Referrals Received in March - August 2019 and March -August 2020 by Referral Source
