From the President's Desk

9/16/20

Honorable Members of the Energy Committee:

We write to you today in opposition to Agenda Item #5 and in concurrence with the Nevada State AFL-CIO. On behalf of our 32 affiliates and 9000 members, we urge you strongly not to redirect our state's Highway Trust Fund moneys for any other purpose. We are in unanimous agreement, as our members voted on a resolution opposing reduced Highway Funding at our 64th Constitutional Convention last month.

As the Nevada State AFL-CIO has included this resolution in their exhibit, we will simply second their submittal and encourage you to review it in its entirety.

We stand shoulder to shoulder with the working families of our great State and urge you to do the same.

In Solidarity,

Mike Pilcher
President, Northern Nevada Central Labor Council
Nevada State AFL-CIO Executive Board
