

I am a gun guy & a 67 year resident of Las Vegas...I have always carried under the Nevada open carry law! Recently I qualified for my CCW and I was pleasantly surprised at how in-depth it was to qualify. They do an intense background check, they check your shooting skills with live gun & ammo & finally they give you an eight hour test that covers almost anything related to fire arms. I must add that even though I am an old gun guy I learned more than I knew in the eight hour test.

In Nevada CCW men & women are 'bullet proof' no pun intended, when it comes to gun ownership & safety....

The U.S. Constitution covers gun ownership, but the states cover how you carry it and Nevada has done a great job & I thank you & I congratulate you for that.

Finally If I was employed in Nevada state government I would want as many 'qualified CCW' carrier's around me as I could. They are trained & tested..The CCW approval by our state is the GOLD SEAL approval....

Please don't try to fix something that isn't broken....
