WORK SESSION DOCUMENT

Nevada's Commission on Special License Plates
(*Nevada Revised Statutes* 482.367004)

January 22, 2007

The following "Work Session Document" was prepared by the staff of Nevada's Commission on Special License Plates (NRS 482.367004). The document contains applications from organizations requesting a special license plate. The applications were presented in hearings and submitted in writing for the Commission's consideration. The document also may contain supplemental information in addition to the application, which is provided by the applicant organization. If you would like copies of these supporting documents, please contact Marjorie Paslov Thomas, Senior Research Analyst, Research Division, Legislative Counsel Bureau at 775/684-6825.

The organizations applying for special license plates listed in this document do not necessarily have the support or opposition of the Commission. Rather, these applications are compiled and organized so the members may review them to decide if they should be approved, rejected, or further considered. They are not preferentially ordered. Finally, it should be noted that if the Commission approves an application for the design, preparation, and issuance of a special license plate, the Department of Motor Vehicles (DMV), in cooperation with the sponsoring organization, will begin designing the special license plate. All final designs of these plates are subject to the approval of the DMV.
