Populations at Risk

State: **NV** - County: **Lincoln**

Reporting Period: **DMC Tracking Data - FY2007**

01/01/2007 through 12/31/2007

The Federal government and all states have adopted statutory designations, based on age, that officially define one's status as a juvenile or adult. The legal age of transition from juvenile to adult has been termed the "upper age of original juvenile court jurisdiction." Although there is some consensus on the upper age of original juvenile court jurisdiction as being 18, some states have chosen an earlier age.

Petitioned/Charge Filing

State: **NV**

County Reporting: **Lincoln**

Reporting Period: **DMC Tracking Data - FY2007**

01/01/2007 through 12/31/2007

Definition: Formally charged (petitioned) delinquency cases are those that appear on a court calendar in response to the filing of a petition, complaint, or other legal instrument requesting the court to adjudicate a youth as a delinquent or status offender, or to waive jurisdiction and transfer a youth to criminal court. Petitioning occurs when a juvenile court intake officer, prosecutor, or other official determines that a case should be handled formally. In contrast, informal handling is voluntary and does not include the filing of charges.

Delinquent Findings

Definition: Youth are judged or found to be delinquent during adjudicatory hearings in juvenile court. Being found (or adjudicated) delinquent is roughly equivalent to being convicted in criminal court. It is a formal legal finding of responsibility. If found to be delinquent, youth normally proceed to disposition hearings where they may be placed on probation, committed to residential facilities, be ordered to perform community service, or various other sanctions.

Confinement in Secure Correctional Facilities

Definition: Confined cases are those in which youth are placed in secure residential or correctional facilities for delinquent offenders following a court disposition. The confinement population should NOT include all youth placed in any form of out-of-home placement. Group homes, shelter homes, and mental health treatment facilities, for example, would usually not be considered confinement. Transferred to Adult Court

State: NV

County Reporting: Lincoln

Reporting Period: DMC Tracking Data - FY2007

01/01/2007 through 12/31/2007

Transferred to Adult Court

Definition: Data reported for criminal court transfer should at least include judicially waived cases. Waived cases are those in which a youth is transferred to criminal court as a result of a judicial finding in juvenile court. A petition is usually filed in juvenile court asking the juvenile judge to waive jurisdiction over the matter. The juvenile judge decides whether a case merits criminal prosecution. When a waiver request is denied, the matter is usually scheduled for an adjudicatory hearing in the juvenile court. If a request is granted, the juvenile is then sent to criminal court for further action. Juveniles may be transferred to criminal court using a variety of other methods, but most of these methods are difficult or impossible to track from within the juvenile justice system, including prosecutor discretion or concurrent jurisdiction, legislative exclusion, and the variety of blended sentencing laws. If a state can include data about other transfer methods in measuring DMC, a complete definition should be entered in the notes page below, and clearly marked as such.
