It is 11:30AM & this is just a quick list of things to discuss. What is Mission Statement of this committee? Will it be effective? Will it back its recommendations? How important is this committee?

1. Independent Audit of NDOC;
2. Length of sentences without reason;
3. No recreation, or yard privileges, for most inmates;
4. Why are so many men housed in cells 24/7 with no charges against, or pending—for years;
5. Confiscation of inmate/family, or loved ones money—without due process;
6. Phone rates: Why is NDOC entitled to profit? Just another tax to inmate's families & loved ones;
7. Why are attorneys or legislators required to make an appointment to visit prisons or inmates?;
8. Why do newspapers have to be mailed—not delivered? \$12.00 a month Vs. \$40.00 a month;
9. Specific oversight committee for the approval of NDOC's Administrative Regulations.
10. Requirements for all prison personnel to answer inquiries on incarcerated inmates. No exceptions.
11. Mandate medical & dental audits of inmates that have been denied medical or dental services;
12. Audit mail services to families & legal representatives—for delivery. Lost & late mail to inmates;
13. No schooling, or vocational, and/or rehabilitation classes available to all;
