Dear Mr. Hinojosa and Mr. Torres:

Thank you for informing me of your efforts to help natives of Durango, Mexico, who encounter difficulties and hardships. The compassion you exhibit in working to assist the Durango community is truly exemplary.

When I was contemplating running for office, one quote stood out in my mind and ultimately helped me make that decision. It was Chaplain Lloyd John Ogilvie who once said, "You may only make a small difference, but that does not relieve you of the responsibility to make that difference."

You have far surpassed that responsibility with your devotion to the people of Durango. Your efforts will touch those who you are able to help and those who are inspired by your commitment. Thank you for working so hard to make a difference with this project.

Sincerely,

Dear Mr. Hinojosa-Flores:

Thank you for taking the time to write and speak with us at Governor Guinn's office. We appreciate your letter and calls concerning the initiation and creation of a Special Durango License Plate.

We applaud your efforts to engage in humanitarian services with the potential proceeds from the sale of these plates, if approved by the Commission on Special License Plates, who certainly have the authority to grant your request.

Unfortunately, at this time we are unable to suggest to the commission to approve this request, as it would show favoritism to one organization, when there are many other individuals and organizations who request the same support and we hope that you understand that we do not have the resources to do so. Although the Governor's office has no jurisdiction in the decision process on this issue, we will forward a copy of your letter to Director Ginny Lewis at the Nevada Department of Motor Vehicles for her information and records. We are happy to hear that you already know the procedure and process to initiate this request, and we wish you continued success with your organization.

In the future we hope you will keep us informed of matters that are of interest and concern to you. The Governor's office welcomes information from constituents and we truly value your input. Thank you again for contacting our office and best wishes.

Sincerely,

Dear Mr. Hinojosa:

It is my distinct pleasure to acknowledge your efforts to design and implement a license plate which will provide non-profit funding support to so many citizens of Nevada during times of stress. Along with that acknowledgement, I offer you my support.

Approval of the plate designed by your organization will recognize the significant population of Durango, Mexico, natives who now, as residents of Nevada, seek to provide stability for our citizenry in times of personal and community crisis. Your willingness to organize the development of this self-funding program, seek the required signatures for approval, and administer the program if approved, exemplifies the essence of our community's greatest strength – our people's selfless care for others.

I wish you the best as you present your program for approval in Carson City, Nevada, this month.
