## Product Characterization Information

Information about your product and its intended uses is required to allow DPR to correctly process and prepare notices for this application.

### 1. Type of pesticide - Check one or more of the following boxes:

- |  |   |  |   |
|--|---|--|---|
| <input type="checkbox"/> Adjuvant (inc. water modifiers) | <input type="checkbox"/> Defoliant              | <input type="checkbox"/> Herbicide               | <input type="checkbox"/> Pheromone              |
| <input type="checkbox"/> Algacide                        | <input type="checkbox"/> Desiccant              | <input type="checkbox"/> Insect Growth Regulator | <input type="checkbox"/> Repellent              |
| <input type="checkbox"/> Anti-foulant                    | <input type="checkbox"/> Disinfectant/Sanitizer | <input type="checkbox"/> Insecticide             | <input type="checkbox"/> Slimicide              |
| <input type="checkbox"/> Antimicrobial                   | <input type="checkbox"/> Fertilizer             | <input type="checkbox"/> Miticide/Acaricide      | <input type="checkbox"/> Vertebrate Control     |
| <input type="checkbox"/> Avicide                         | <input type="checkbox"/> Fungicide              | <input type="checkbox"/> Molluscicide            | <input type="checkbox"/> Virucide               |
| <input type="checkbox"/> Bactericide/Bacteriostat        | <input type="checkbox"/> Plant Growth Regulator | <input type="checkbox"/> Nematicide              | <input type="checkbox"/> Other (specify): _____ |

This pesticide is a ☐ Microbial (product itself is composed of microbes) ☐ Biochemical ☐ Chemical

### 2. Application methods - Check one or more of the following boxes:

- |  |  |  |   |
|--|--|--|---|
| <input type="checkbox"/> Ant/Wasp/Rodent Mound         | <input type="checkbox"/> Dust                        | <input type="checkbox"/> Smoke   | <input type="checkbox"/> Wash, Soak, Dip or Mop |
| <input type="checkbox"/> Additive                      | <input type="checkbox"/> Evaporating Solid           | <input type="checkbox"/> Soil Applied (inject, shank, chisel, or work into soil) | <input type="checkbox"/> Water Application      |
| <input type="checkbox"/> Attached (e.g. collar/eartag) | <input type="checkbox"/> Filtration System           | <input type="checkbox"/> Spray   | <input type="checkbox"/> Wick Applicator        |
| <input type="checkbox"/> Bait                          | <input type="checkbox"/> Fog                         | <input type="checkbox"/> Topically Applied (rub on)                              | <input type="checkbox"/> Other (specify): _____ |
| <input type="checkbox"/> Broadcast                     | <input type="checkbox"/> Fumigation                  | <input type="checkbox"/> Trap/Device   |   |
| <input type="checkbox"/> Chemigation or Drip           | <input type="checkbox"/> Injection (other than soil) | <input type="checkbox"/> Turf Treatment or Drench                                |   |
| <input type="checkbox"/> Coating (i.e. Seed)           | <input type="checkbox"/> Paint or Coating            |  |   |

### 3. Type of Formulation - Check the one box which best describes the product formulation.

#### Solids

- |   |  |   |                                       |
|---|--|---|---------------------------------------|
| <input type="checkbox"/> Dust/Powder    | <input type="checkbox"/> Impregnated Material            | <input type="checkbox"/> Pressurized Dust | <input type="checkbox"/> Dry Flowable |
| <input type="checkbox"/> Granular/Flake | <input type="checkbox"/> Microencapsulated               | <input type="checkbox"/> Soluble Powder   | <input type="checkbox"/> Other, Dry   |
|   | <input type="checkbox"/> Pellet, Tablet, Cake or Briquet | <input type="checkbox"/> Wettable Powder  |                                       |

#### Liquids

- |   |  |   |   |
|---|--|---|---|
| <input type="checkbox"/> Emulsifiable Concentrate | <input type="checkbox"/> Paint or Coatings                 | <input type="checkbox"/> Suspension                   | <input type="checkbox"/> Pressurized Gas        |
| <input type="checkbox"/> Flowable Concentrate     | <input type="checkbox"/> Pressurized Liquid/Sprays/Foggers | <input type="checkbox"/> Aqueous (Liquid) Concentrate | <input type="checkbox"/> Other (specify): _____ |
| <input type="checkbox"/> Gel, Paste, Cream        | <input type="checkbox"/> Solution/liquid (ready-to-use)    | <input type="checkbox"/> Other Liquid                 |   |
| <input type="checkbox"/> Oil                      |  |   |   |

### 4. Use of Pesticide - Check all that apply:

- |                                       |   |   |   |
|---------------------------------------|---|---|---|
| <input type="checkbox"/> Agricultural | <input type="checkbox"/> Household/Home Garden            | <input type="checkbox"/> Institutional - hospitals, schools, etc. | <input type="checkbox"/> Industrial End Use |
| <input type="checkbox"/> Structural   | <input type="checkbox"/> Manufacturing/Reformulation Only | <input type="checkbox"/> Other:                                   |   |

### 5. Label Signal Word

- |  |                                  |                                  |                               |
|--|----------------------------------|----------------------------------|-------------------------------|
| <input type="checkbox"/> Danger        | <input type="checkbox"/> Warning | <input type="checkbox"/> Caution | <input type="checkbox"/> None |
| <input type="checkbox"/> Poison/Danger |                                  |                                  |                               |

## Instructions for APPLICATION FOR PESTICIDE REGISTRATION

DEPARTMENT OF PESTICIDE REGULATION  
PESTICIDE REGISTRATION BRANCH  
(916) 445-4400

### INCOMPLETE FORMS WILL NOT BE PROCESSED.

If any section does not apply to your product, please mark it N/A. A separate application form must be completed for each product, each product brand name, each alternate formula and each revised formula. If you need further assistance to complete this form, contact the Pesticide Registration Branch at (916) 445-4400.

### PRODUCT INFORMATION

1. **Firm Name:** This must be the same as on file with U.S. EPA.
2. **Firm Mailing Address:** Correspondence, licenses, notices, etc. will be sent to this address.
4. **Name of Authorized Official Representative:** The person who is authorized to answer any questions about your application for registration. Generally, this is the person who prepares the application. A letter of authorization is required for consultants.
8. **Product Brand Name:** This must be **EXACTLY** the same as the brand name registered (or, if applicable, received) by U.S. EPA and the same as on the product. The product brand name cannot be the same as another product with a different formulation. Do not include symbols used in place of words that are part of the brand name (e.g. @, TM, \*, (R), etc.).
9. **U.S. EPA Registration Number:** Required unless the product is exempt from, or does not require, registration under the Federal Insecticide Fungicide and Rodenticide Act (FIFRA) such as spray adjuvants or Section 25(b) exempt pesticides, or the product is being submitted concurrent with submission to U.S. EPA under the Department's current policy.
11. **Type of California Registration Action Requested:**
  - \* **New Product:** Product is not yet registered in California.
  - \* **Additional Brand Name:** For a product already registered in California.
  - \* **Change of Company Ownership:** Applications submitted to register products under the new company ownership.
  - \* **Change of Company Name Only:** There is no change in ownership.
  - \* **Alternate Formula:** Another U.S. EPA accepted formulation for a currently registered product.
  - \* **Revised Formula:** Replacing the existing formula on file for a currently registered product.
  - \* **Interim Registration:** Under certain circumstances (FAC 13161), provides deferral of certain groundwater and efficacy data.
  - \* **Section 24c Stand-Alone:** This is a Section 24c which is not using a product registered in California. Needs license issued.
  - \* **Other:** Please attach a cover letter explaining the type of registration action requested.
13. **Container Type(s), Composition(s) and Size(s):** Describe the actual container(s) which hold the formulated product. For example: 16oz. plastic bottle, 1, 2 and 5 gallon plastic buckets, 55 gallon steel drum.
14. **Density: Liquid Products:** The pound weight of one gallon of the formulated product.  
**Solid Products:** Total weight per cubic foot of the formulated product.

### The Application Package should contain the following:

- |   |   |
|---|---|
| <ul style="list-style-type: none"><li><input type="checkbox"/> A cover letter describing the type of registration action requested and what is being submitted to DPR.</li><li><input type="checkbox"/> The completed application form pages 1 through 3. Make sure your application form is complete and signed. Keep a photocopy for your records.</li><li><input type="checkbox"/> The application fee of \$750.00 is required for new products and additional brand name. Make check or money order payable to the Department of Pesticide Regulation.</li><li><input type="checkbox"/> Six (6) copies of the product labeling. Typescript labeling may be submitted if printed labels are not yet available; printer's proofs or final printed labels are required prior to issuance of a Certificate of Registration.</li></ul> | <ul style="list-style-type: none"><li><input type="checkbox"/> Copy of U.S. EPA - stamped accepted label, if applicable, and one copy of the U.S.EPA Notice of Registration.</li><li><input type="checkbox"/> One copy of all data submitted by the applicant to U.S.EPA to support this product.</li><li><input type="checkbox"/> One copy of the data required by California regulations (Title 3 CCR Section 6170).</li><li><input type="checkbox"/> In lieu of submitting data, applicants may reference appropriate data previously submitted to this office. If the referenced data were submitted by someone other than the applicant, a letter of authorization from the data owner must be submitted.</li><li><input type="checkbox"/> Interim registration applications (FAC 13161), require an additional \$5,000 fee.</li></ul> |
|---|---|

Applications should be mailed to:

**For correspondence only:**  
Department of Pesticide Regulation  
Pesticide Registration Branch  
P.O. Box 4015  
Sacramento, California 95812-4015

**For package deliveries, Fed Ex, etc:**  
Department of Pesticide Regulation  
Pesticide Registration Branch  
1001 I Street  
Sacramento, California 95814-2828

**NOTICE:** The Department of Pesticide Regulation has established time periods for the processing of permit applications in compliance with Government Code Sections 15374 - 15378. Failure to comply with these time periods may be appealed to the Secretary of Environmental Protection, California Environmental Protection Agency, 555 Capitol Mall, Suite 525, Sacramento, California 95814, pursuant to regulations set forth in Title 3, California Code of Regulations, Section 306. Under certain circumstances, the Secretary may order that the applicant receive a reimbursement of filing fees.

## Additional Registration Information

### Certificate of Registration/ Acceptance

If your product is registered, a Certificate of Registration (license) will be issued to you, authorizing sales for the remainder of the calendar year. Pesticide products may not be offered for sale until a Certificate of Registration has been issued.

If revised labeling is accepted for a registered product, the applicant will receive a letter of acceptance and a copy of the product labeling stamped "Labeling Acceptable". All labeling to be used in connection with the sale of a product must be accepted by the Department of Pesticide Regulation, Pesticide Registration Branch, prior to sale or use of the product.

### Renewal of Registration:

In October of each year, you will be sent an Application for Renewal of Pesticide Registration, listing all currently registered products. To apply for renewal of these products, registrants must sign and return the form with the appropriate fee (\$750 per product). A penalty is assessed on all renewal requests received after February 1. The renewal is not retroactive to January 1.

### EXTRACTS:

Copies of extracts from the Food and Agricultural Code and the California Code of Regulations dealing with pesticide registration may be obtained by writing to:

#### For correspondence only:

Department of Pesticide Regulation  
Pesticide Registration Branch  
P.O. Box 4015  
Sacramento, California 95812-4015

#### For package deliveries, Fed Ex, etc:

Department of Pesticide Regulation  
Pesticide Registration Branch  
1001 I Street  
Sacramento, California 95814-2828

### Information Available on the Internet

Information about the California laws and regulations governing pesticide registration, as well as Department notices, policies and procedures, is available on the internet at <http://www.cdpr.ca.gov>. Information on currently registered products, registrants, telephone numbers for Department staff, and other information is also available at this site.

# APPLICATION FOR PESTICIDE REGISTRATION - PRODUCT FORMULATION INFORMATION

You can submit either page three of the California application Form 39-030 or a copy of your U.S.EPA Confidential Statement of Formula Form. Applications with incomplete product formulation information cannot be processed, and the first page will be returned.

5. **Active Ingredient:** List each active ingredient in this formulation as it appears on the label. Please list all active ingredients from one source product together for ease of calculation of percentages.

6. **CAS No.:** The CAS Number may be obtained from the Chemical Abstract Service of the American Chemical Society, P.O. Box 3012, Columbus, Ohio, 43210. Microorganisms should be identified by ATCC (American Type Culture Collection) or other recognized type culture collection number.

7. **Name of Source Product:** The name of the product which provides that active ingredient in the formulation.

9. **Percent By Weight of Source Product in Formulated Product:** Each source product listed in Column #7 must have a value in Column #9. For example, if active ingredient A and active ingredient B are both from the same source product which makes up 50% of the formulated product, the single entry in Column 9 is 50%.

10. **Percent By Weight of Active Ingredient in Formulated Product:** This percentage should be identical to that given on the labeling.

11. **Inert Ingredient:** List each inert ingredient component in this formulation. **NOTE:** If you do not know the identity of an inert ingredient in your product, have your supplier submit the chemical name of each inert ingredient, source product name, purpose in formulated product and percent by weight of the source product in the formulated product directly to this office, with reference to your firm name, your product brand name and EPA Reg. No.

13. **Brand Name of Source Product:** The name of the product which is the source of the inert ingredient listed in Column #11.

15. **Percent by Weight of Source Product in Formulated Product:** Give the percentage by weight of each **SOURCE PRODUCT** in the formulated product. If the percent of a source product is already listed in column #9, do not list the same figure again in column #15.

16. **Percent by Weight of Inert Ingredient in the Formulated Product:** The percentage by weight of the inert ingredient in column #11 in the formulated product.

5. Active Ingredient Give common chemical name for each active ingredient listed on the label. Microbials should show genus, species, and strain.	6. Chemical Abstracts Service (CAS) (or ATCC) No.	7. Brand name of source product for active ingredient	8. EPA Reg. No. of source product	9. Percent by weight of source product in the formulated product.	10. Percent by weight of active ingredient in formulated product.
pyrethrins	121-21-1	Pyrotech Concentrate	123-123	50.000%	0.010%
piperonyl butoxide	51-03-6				0.005%
11. Inert Ingredient (common chemical name)	12. Chemical Abstracts Service (CAS) No.	13. Brand name of source product for inert ingredient.	14. Purpose in formulation.	15. Percent by weight of source product in the formulated product.	16. Percent by weight of inert ingredient in the formulated product.
inerts from Pyro Tech Concentrate	-	Pyrotech Concentrate	inerts from technical	-	49.985 %
petroleum distillate	8002-05-9	SoluSolv	diluent	50.000%	50.000%
				<b>TOTAL Columns 9 + 15 =100.00%</b>	<b>TOTAL Columns 10+16=100.00%</b>

**U.S.EPA Confidential Statement of Formula Form:** If you submit a copy of the U.S. EPA Confidential Statement of Formula, you should ensure that source products are adequately identified. Sources of active ingredient must be identified by U.S. EPA registration number. If an active ingredient source product is not separately registered in California, information concerning the composition of this product will be required.

PLEASE PRINT

Signature \_\_\_\_\_ Date \_\_\_\_\_

### ONLY COMPLETE FOR NEW PRODUCT REGISTRATION. IF MORE THAN 4 PRODUCTS, CONTINUE ON FORM 630-4250

DEPT. USE ONLY	DEPT. USE ONLY	PRODUCT NAME (AS SHOWN ON LABEL)	EPA / STATE REG. NO.	DEPT. USE ONLY	LABEL I.D./ REVISION DATE

### DEPARTMENT USE ONLY

**All pesticide registrations expire on the last day of your company's registration cycle (RCW 15.58.070)**

*Checks returned by the bank will be charged a handling fee of \$25.00 (RCW 62A.3.515(a) and 62A.3.520).*

## APPLICATION FOR REGISTRATION OF PESTICIDES (Please read carefully before applying for registration)

All pesticide products must be registered by WSDA prior to distribution in Washington. The registration of renewal products is continued when a complete application (including fees) is received by WSDA, unless you are notified otherwise. All products must be registered for a 2 year period. Any subsequent product registrations must be for the same 2 year period. We recommend that **discontinued products** be registered for 2 years to allow products to clear distribution channels. Discontinued products do not need to be renewed when there are no remaining products being distributed.

### ☐ FORMS

Return all copies of the application for registration of pesticides form (and the new product registration form, if applicable) with your application fees. Upon approval, a copy will be returned to you.

### ☐ COMPUTER PRINTOUT (FOR REGISTRATION RENEWAL ONLY)

If there were no changes to product labeling since your last submission, please check the box on the renewal printout.

- **To Renew:** Circle the "+" sign in the left column for products, federal supplemental labels and 24(c) labels. Add any products you wish to renew that were omitted from the printout. Verify that federal supplemental labels and 24(c) labels have not expired.
- **To Cancel:** Line out products you will not be renewing. To cancel a 24(c) registration we require a letter or e-mail notifying the department of the cancellation.
- **Correct and Return:** Make any corrections to company name, contact, phone numbers, product name, ingredients and label ID (for revised labels). Return all copies of the printout with the application for registration. Upon approval, a copy will be returned to you.

### ☐ APPLICATION FEE AND LATE FEE

The application fee is \$290.00 per product. If you are registering a product during the second year of the cycle, submit \$145 per product. All late renewals (after January 1) are assessed a late fee of \$50.00 per product. Make checks payable to **WSDA**.

### ☐ LABELS (FOR NEW OR REVISED PRODUCTS ONLY)

Submit two (2) copies of the final printed label (including federal supplemental labels). For label booklets, we also recommend submitting a copy of the label text on 8 1/2 x 11 paper. We do not require submission of additional graphics (e.g. DOT placards) or 2(ee) use recommendations. If the product label has been revised to add uses from federal supplemental labels or 24(c) labels, cancel the superseded labels.

### ☐ CONFIDENTIAL STATEMENT OF FORMULA (FOR NEW OR REVISED PRODUCTS ONLY)

Products will not be registered until the CSF has been submitted. Mark the CSF as "CONFIDENTIAL" in red. If the product formula has changed submit one (1) copy of the revised CSF.

- **EPA registered products:** Submit one (1) copy of the EPA approved CSF. If the product name and/or registration number are not correct, write the current information on the CSF. The CSF must disclose all active and inert ingredients. Please refer to WAC 16-228-1420 [General Pesticide Rules] and RCW 15.58.060(1)(c) [Washington Pesticide Control Act]. If your CSF is a 100% repack and refers to another company's product, have that company forward a CSF to WSDA.
- **Supplemental distributor products:** Submit a letter of authorization from the basic registrant. The letter should include your company name, your product name, and the EPA distributor registration number. A copy of the EPA approved CSF must be on file with WSDA, or be submitted to WSDA.
- **Spray adjuvants:** Complete and submit the WSDA Spray Adjuvant CSF form (AGR 630-4325). If your CSF is a 100% repack and refers to another company's product, have the company forward a CSF to WSDA.
- **25(b) products:** Submit the complete formula (all ingredients) by chemical name and percentage.

### ☐ MATERIAL SAFETY DATA SHEET (FOR NEW OR REVISED SPRAY ADJUVANTS AND 25(b) PRODUCTS ONLY)

### ☐ SUPPLEMENTAL INFORMATION FORM AGR 630-4119 (FOR NEW OR REVISED SPRAY ADJUVANTS ONLY)

LABEL REQUIREMENTS AND STATUTORY AUTHORITYPESTICIDES - Section 35-7-350 through 35-7-374

- Name and address of applicant
- Name and address of person or company whose name will appear on the label if other than applicant
- Name of pesticide or device
- EPA Registration Number
- Ingredients statement
- Net Weight
- Caution statement
- Directions for use

FERTILIZERS - Section 11-14-101 through 11-14-116

- Brand, grade and net weight
- Guaranteed analysis
- Name and address of distributor
- Sources of nitrogen, phosphorous and potassium
- Additional plant nutrients plus percentage guaranteed and source

SOIL CONDITIONERS AND AMENDMENTS - Section 11-14-101 through 11-14-116

- Brand name and weight
- Name and address of distributor

LIVESTOCK REMEDIES - Section 11-17-101 through 11-17-108

- Name and address of manufacturer
- Name, brand or trademark
- Minimum net contents
- English name of ingredient when used in manufacture
- Ingredient statement and percentages of each

COMMERCIAL FEEDS - Section 11-13-101 through 11-13-110 *AAFCO Labels Acceptable*

- Product name and brand name, if any
- Purpose statement for which the feed is intended
- Guaranteed analysis as follows:
  - Minimum percent of crude protein;
  - Percent of added approved synthetic nitrogen sources reported as protein, for ruminant feeding only;
  - Minimum percent of crude fat;
  - Maximum percent of crude fiber;
  - Vitamin content as listed;
  - Month and year of preparation or lot number;
  - Maximum percent of water in the case of liquid feeds;
  - Other substances or elements, determinable by laboratory methods, guaranteed by permission of the director.
- Common or usual name of each ingredient, or one approved by the director or the use of collective terms
- Direction for use and any warning or precaution statements;
- Name and principal address of the manufacturer or distributor;
- Net Weight

MEDICATED FEEDS - Section 11-13-101 through 11-13-110 *AAFCO Labels Acceptable*

- All label requirements as listed under commercial feeds;
- The word "Medicated" should appear directly below the product name;
- Guaranteed analysis of the drug or medication used;
- Claims statement shall be included in the label.

CUSTOM FORMULA FEEDS - Section 11-13-101 through 11-13-110 *AAFCO Labels Acceptable*

- Labeled by invoice;
- Product name and brand name, if any;
- Net weight;
- Name and address of the manufacturer;
- Name and address of purchaser;
- Date of sale;
- Custom formula feed name, product name and brand name if any, and number of pounds of each registered commercial feed used in the manufacture;
- Directions for use and any warning or precautionary statement for custom feed containing drugs, and the guaranteed analysis of the drug or medication.

MINERAL MIXTURES - Section 11-13-101 through 11-13-110 *AAFCO Labels Acceptable*

- Product name and brand name, if any;
- Common or usual name of each ingredient, or one approved by the director;
- Net weight;
- Name and principal address of the manufacturer or distributor;
- Minimum and maximum percent of calcium:
  - Maximum shall not exceed minimum by more than 20 percent unless minimum is 5 percent or less in which the maximum calcium can exceed the minimum by 1 percent
- Minimum percent of phosphorus;
- Minimum percent of iodine;
- Maximum percent of sodium chloride.

3-351. Registration; fee; confidential information

A. Every pesticide which is distributed, sold or offered for sale within the state or delivered for transportation or transported in intrastate commerce or between points within this state through any point outside the state shall be registered with the division. Through 1998, the registration expires on December 31 of the year in which the registration was made and shall be renewed annually. Beginning in 1999, the director may provide by rule for registration having a term of one or more years and may prescribe the date on which registrations expire.

B. The registrant shall file with the division a statement including:

1. The name and address of the registrant and the name and address of the person whose name will appear on the label, if other than the registrant.
2. The name of the pesticide.

3. A complete copy of the labeling accompanying the pesticide and a statement of all claims to be made for it including directions for use.

4. If requested by the division, a full description of the tests made and the results thereof upon which the claims are based.

C. For a renewal of registration, a statement shall be required only with respect to information which is different from that furnished when the pesticide was registered or last reregistered.

D. Any person desiring to register under the provisions of this article shall pay to the division a registration fee of one hundred dollars per year for each pesticide. The monies collected from registration fees shall be allocated as follows:

1. Twenty-five dollars for each year of the registration term shall be allocated pursuant to section 3-350.

2. Seventy-five dollars for each year of the registration term shall be deposited in the water quality assurance revolving fund established by section 49-282.

E. All federal, state and county offices shall register without fee all pesticides sold at cost by them.

F. If the director deems it necessary in the administration of this article, the director may require the submission of the complete formula of any pesticide or the confidential statement of formula and the analytical methods for the analysis of the active ingredients in the formulation. For any product having a federal registration, the director may request, upon reasonable cause, the analytical methods for the analysis of residues of the active ingredients of the pesticide in environmental media provided that this information has been developed by the applicant and submitted to the United States environmental protection agency. Information provided by the applicant pursuant to this section shall be afforded applicable trade secret and confidentiality protections. Other products exempted from federal registration requirements and required to be registered under this section shall be subject to this subsection.

G. If it appears to the director that the composition of the article is such as to warrant the proposed claims for it and if the article and its labeling and other material required to be submitted comply with the requirements of section 3-352, the division shall register the article. If the director finds that the pesticide does not warrant the proposed claims, the director may request a full description of the tests conducted and the results of the tests on which the claims are based. If the pesticide or its labeling and other material that are required to be submitted do not comply with this article, the director shall notify the applicant of the manner in which the pesticide, labeling or other material fails to comply with the law to afford the applicant an opportunity to make the necessary corrections. If the applicant does not make the corrections and cannot support the claim on the label, the director may refuse to register the pesticide.

H. In submitting data required by this article, the applicant shall clearly mark any portions that are trade secrets or commercial or financial information. The applicant shall identify as confidential information any such marked material and submit it separately from other material required to be submitted under this article. The information shall be kept confidential by the department unless written permission to release the information is granted by the registrant or upon order of a court of jurisdiction.

I. In order to protect the public, the associate director may, after a hearing, cancel the registration of a pesticide. The associate director shall cancel the registration of a pesticide on notification by the director of environmental quality pursuant to section 49-306 or 49-309.

J. Notwithstanding any other provision of this article, registration is not required in the case of a pesticide shipped from one plant within the state to another plant within the state operated by the same person.

K. A registrant who discontinues distribution of a pesticide shall continue its registration in this state for three years after the discontinuation to allow the remaining product to move through the channels of trade. The registrant shall notify the appropriate entities within the channels of trade of the effective date of the discontinuation.

R18-6-101. Definitions

In addition to the definitions contained in A.R.S. § 49-301, the words and phrases in this Chapter shall have the following meaning:

1. "Active ingredient" means all of the following:

a. In the case of a pesticide other than a plant regulator, defoliant, or desiccant, an ingredient which will prevent, destroy, repel or mitigate any pest.

b. In the case of a plant regulator, an ingredient which, through physiological action, will accelerate or retard the rate of growth or rate of maturation or otherwise alter the behavior of ornamental or crop plants or the product thereof.

c. In the case of a defoliant, an ingredient which will cause the leaves or foliage to drop from a plant.

d. In the case of a desiccant, an ingredient which will artificially accelerate the drying of plant tissue.

2. "Agricultural use pesticide" means any pesticide intended for use directly in the commercial production of plants and animals. It does not include animal pesticide ear tags, or pesticides intended solely for use within and around confined structures.

49-302. Information submittal

A. Not later than December 1, 1987, except as provided in subsection G of this section, a person that has registered a pesticide in this state for agricultural use shall submit to the director the following information for each active ingredient in each pesticide registered:

1. Water solubility.

2. Vapor pressure.

3. Octanol-water partition coefficient.

4. Soil adsorption coefficient.

5. Henry's law constant.

6. Dissipation studies, including hydrolysis, photolysis, aerobic and anaerobic soil metabolism, and field dissipation, under conditions in this state or similar environmental use conditions, if that information exists in studies and conclusions from other states or the United States government. If that information does not exist, the product shall be placed on the groundwater protection list pursuant to section 49-305 and is subject to monitoring and testing under section 49-307.

7. The director may by rule require such additional information as is required by the United States environmental protection agency for environmental fate parameters necessary to gain full registration under federal law.

RE: 2004 New Pesticide Product Registrations in Idaho

Enclosed is a Pesticide Registration Application for 2004. Please be sure to include the following with your application:

- The registration fee of \$145 per product must accompany the application.
- For each new product, you must include one copy of your current label, plus proof of Federal Registration, if applicable. Such proof can be an EPA stamped label or a letter of acceptance.
- For 25(b) exempted pesticides, a copy of the Confidential Statement of Formula (CSF) must be included.
- Complete and sign the first page of the application.
- Please include the complete product name and EPA registration number on the second page of the application form.

Incomplete registration requests may be returned. If you require additional registration forms, you may copy these forms, or download them from our web site located at [http://www.agri.state.id.us/forms/tech/pest\\_prod.doc](http://www.agri.state.id.us/forms/tech/pest_prod.doc), or contact this office for faxed or mailed copies. Please send all correspondence to:

Idaho State Department of Agriculture  
P O Box 7723  
Boise, ID 83707

Physical Address:  
2270 Old Penitentiary Road  
Boise, ID 83712

Upon approval of your application, an Idaho Certificate of Registration will be returned to you. If you have specific questions about your application, contact me at (208) 332-8593.

## TO REGISTRANTS OF PESTICIDE PRODUCTS IN THE STATE OF UTAH

To assist registrants in completing application forms for the 2004-2005 registration of Pesticide products, the following information is outlined.

- I. What must be registered? All pesticide must be registered prior to distribution within the State.

A Pesticide means any: (a) substance or mixture of substances including a living organism which is intended to prevent, destroy, control, repel, attract, or mitigate any insect, rodent, nematode, snail, slug, fungus, weed, or other form of plant or animal life that is normally considered to be a pest or that the commissioner declares to be a pest; (b) any substance or mixture of substances intended to be used as a plant regulator, defoliant, or desiccant; (c) any spray adjuvant, such as a wetting agent, spreading agent; deposit builder, adhesive, or emulsifying agent with deflocculating properties of its own used with a pesticide to aid its application or effect; and (d) any other substance designed by the commissioner by rule. (Utah Code 4-14-2(21)).

- II. How to apply for registration of Pesticide Products

1. The 2004-2005 registration fee for each pesticide product is **\$90.00.**
2. The fee must accompany the enclosed application and be made payable to the Utah Department of Agriculture and Food.
3. All registrations expire June 30 each year, and renewals not paid by that date shall be subject to a penalty of \$25.00 per registered item.
4. A current label for each new product must be submitted with the application form(s). Also changes in labeling, for each product must be submitted. Electronic forms of labels are accepted and encouraged. Attach CD and email label to [clairallen@utah.gov](mailto:clairallen@utah.gov).
5. **If your product is currently registered and the label has not changed from your 2003 - 2004 label please indicate NO LABEL CHANGES on your application.**

Your cooperation with the above items will expedite the registration of your product(s) and allow the Department to better serve you and the consumer of your products. Please feel free to contact me if I can be of further service.

Registrants Should Mail Applications for Registration To:
