

Jordan, I understand that the Legislature has a vote today regarding the mandatory Vaccine for State workers , College students and professors.

I believe the mandatory vaccine is wrong and violate Constitutional rights of US citizens for the freedom to choose.

There is so much data showing the negative effects of the vaccine to hundreds of thousands people world wide and especially younger individuals.

The long term effects to humans that take this Vaccine will far out way any positive (if any) that this Vaccine can produce.

Please take a few minute and read this article.
