

Mr. Haas,

Below you can find my comment for the discussion surrounding the vaccination mandate in NSHE.

My name is Robert Resnik and I am the Director of Legislative Affairs for the Associated Students of the University of Nevada, and more importantly I am a student. Returning to campus this past semester was an excellent experience, one made possible due to our community's efforts to ensure the safety of our members. The vaccination mandate played a huge role in ensuring the majority of our campus was vaccinated, making it a safe enough place for our students, especially those with immunocompromised family members at home, to attend without fear of putting their lives at risk. It has taken sacrifice from thousands of members of our university community to make this possible, and no doubt there will be more to come as there isn't a clear end in sight to the spread of COVID variants. I ask that you ensure the vaccine mandate for our campuses is renewed so that we can continue to learn in person and not risk returning to remote or online learning.

Robert Resnik
