

I see once again our "representatives" don't give a damn about our wishes and completely ignore "the science" they say they follow. Everything the democrats are doing regarding this ineffective dangerous shot violates the Nuremberg code and other laws.

There are going to be numerous lawsuits by people forced to take the dangerous shot and by people injured by it.

The ex CEO of Phifer is on record saying "Don't take it". Let me share with you statements from experts that are against the mandate so you won't be able to say you didn't know and then we will all be able to use these statements in the multiple lawsuits that will ensue against those of you that vote for illegal action.

This is long but I don't want you to say "you didn't realize the danger".

Dr. Matthew Memoli, who runs a clinical studies unit within the National Institutes of Health's National Institute of Allergy and Infectious Diseases—headed by Dr. Anthony Fauci—is scheduled to argue against COVID-19 vaccine mandates

Memoli had told Fauci in a July 30 email that he believes “the way we are using the vaccines is wrong,” adding that mandated vaccines are “extraordinarily problematic,”.

Dr Ryan Cole shares his laboratory findings on what he calls the “clot shot” in his talk at the ‘White Coat Summit’ in Texas. Dr. Cole, a Board Certified Pathologist trained at the Mayo Clinic, is the CEO and Medical Director of Cole Diagnostics, one of the largest independent labs in the State of Idaho.

He lists all the numerous horrible effects they are seeing in people that take the shot

So...why are we injecting something into the human body that *is* the toxin? It is the toxin; *it causes the disease*. This isn't a vaccine.

One of the top clinicians in the world on understanding COVID-19, Dr. Peter McCullough

explained in this interview, the COVID shots are the most dangerous, most lethal drugs ever used — and the U.S. Food and Drug Administration and CDC knew this as early as mid-February, when the deaths reported to the U.S. Vaccine Adverse Events Reporting System (VAERS) hit 182.

86% of youth who develop myocarditis in response to the jab are sick enough to require hospitalization
McCullough says.

These are just a few excerpts from hundreds of doctors, scientists, virologist, and many experts on vaccines.

The word is out. Anyone who can read knows this shot is dangerous and there are safe alternatives.

Dr Fauci is a liar and charlatan. He will eventually be prosecuted.

I'm asking you not to vote for these vaccine mandates!

S. Graham
