

Hello,

I am reaching out to you today to tell you not to mandate the vaccine for college/university students/staff. I also want to tell you not to mandate the Covid vaccine or any future vaccines in the future for state employees as well. People should have the ability to make their own decision on what they put in their body. The government has no authority on that matter and it is unconstitutional.

I have sons in college and I do not want them to be forced to get vaccinated just to get an education in this state.

Do not vote in favor of mandating vaccines for state employees, students of college/university, or employees in colleges/universities!

Thanks for your time,
Margaret Park
